**Kentucky Power Company’s Response To
The Attorney General’s Motion For Rehearing**

Kentucky Power Company responds to the Attorney General’s November 30, 2018 motion for rehearing as follows:

1. The Attorney General’s November 30, 2018 motion requests that the Commission revise an apparent typographical error in the initial line of ordering paragraph 5 of the Commission’s November 14, 2018 order. The Attorney General otherwise waives his right to rehearing of the Commission’s November 14, 2018 order.

2. Ordering paragraph 5 of the November 14, 2018 order was intended to amend ordering paragraph 3 of the Commission’s March 16, 2018 order to reflect the Commission’s November 14, 2018 grant of a certificate of public convenience and necessity to Kentucky Power to construct the Hazard-Jackson 69 kV Reconfiguration. Ordering paragraph 3 of the March 16, 2018 order otherwise denies without prejudice¹ Kentucky Power’s application for a certificate of

¹ Order, *In the Matter of: Electronic Application Of Kentucky Power Company For Certification of Public Convenience and Necessity to Construct A 161 kV Transmission Line in Perry and Leslie Counties, Kentucky, and Associated Facilities*, Case No. 2017-00328 at 8 (Ky. P.S.C. November 14, 2018) (“The Commission notes that, while we denied the CPCN for the Supplemental Project because Kentucky Power failed to meet its burden of proof by presenting evidence to support its request, we did not foreclose a future proceeding because we did not deny the CPCN with prejudice.”)

public convenience and necessity to construct the Supplemental components described in the Company's application.

3. The Attorney General notes in his motion that the initial line of ordering paragraph 5 of the Commission's November 14, 2018 order erroneously refers to paragraph 2 of the Commission's March 16, 2018 order in lieu of paragraph 3 of that order.

4. Kentucky Power has no objection to the Attorney General's motion for rehearing. The Company further joins the Attorney General in his request that ordering paragraph 5 of the Commission's November 14, 2018 order be amended to correct the apparent erroneous reference to paragraph 2 of the Commission's March 16, 2018 order so that ordering paragraph 5 of the November 14, 2018 reads:

5. Ordering paragraph 3 of the March 16, 2018 Order is amended as follows:

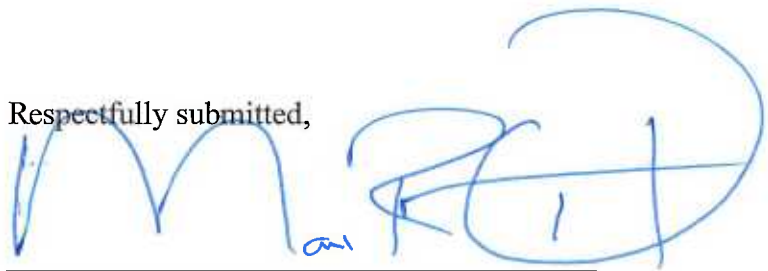

Kentucky Power's request for a CPCN for improvements to the Wooton Substation and the Hazard substation as set forth as a Supplemental Project in the Application is denied, with the exception of the Hazard-Jackson 69 kV reconfiguration for which a CPCN was approved in ordering paragraph 2.

Wherefore, Kentucky Power Company respectfully requests the Commission enter an order:

1. Granting the Attorney General's motion for rehearing to amend the reference in the initial line of ordering paragraph 5 of the Commission's November 14, 2018 order to read "Ordering paragraph 3 of the March 16, 2018 Order is amended as follows....";

2. Granting the Company such further relief to which it might be entitled.

Respectfully submitted,
