

**COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION**

In the Matter of:

Electronic Application Of Kentucky Power)
Company For A Certificate Of Public Convenience)
And Necessity To Construct A 161 kV) Case No. 2017-00328
Transmission Line In Perry And Leslie Counties,)
Kentucky And Associated Facilities)
(Hazard-Wooton Line))

**KENTUCKY POWER COMPANY
RESPONSES TO
COMMISSION STAFF'S FIRST SET OF DATA REQUESTS**

May 1, 2018

REQUEST

KPSC_1_002

Refer to the Application, Paragraph 32.

- a. Confirm that each of the 80 landowners has returned permission forms for Kentucky Power to survey their property, and that none of the 80 landowners expressed an objection to the proposed project.
- b. Explain whether any of the 80 landowners affected by the proposed project have expressed an objection to the proposed project by any means other than the permission form.
- c. Confirm that Kentucky Power will file with the Commission written status updates regarding the property acquisition, and state the frequency with which Kentucky Power proposes to file written status updates.

RESPONSE

- a. Kentucky Power cannot confirm that each of the 80 landowners referenced in paragraph 32 of the application has returned a survey permission form. Please see the Company's response to KPSC 1-2(b) for further information. None of the 80 landowners referenced in paragraph 32 have refused to grant permission to survey.

b. In conformity with 807 KAR 5:120, Section 2(3) Kentucky Power relied upon the records of the Leslie County Property Valuation Administrator and the Perry County Property Valuation Administrator to identify the property owners to be notified as well as the boundaries to be illustrated on the maps filed. Subsequent field survey work revealed that the property valuation administrators' records were incomplete or inaccurate and that three previously unidentified parcels lay within the right-of-way of the proposed line. Kentucky Power currently is identifying and notifying the additional landowners. None of the 83 landowners have objected to the proposed project in writing or otherwise.

Fifty-one of the 83 currently identified landowners are located within the Proposed Rebuild right-of-way. As of January 24, 2018, 36 of the 51 total landowners within the Proposed Rebuild right-of-way have signed permission to survey forms. Five additional landowners have given verbal permission to survey.

Boundary survey work is ongoing and additional landowners not reflected in the records of the property valuation administrators may be identified as the process proceeds. Kentucky Power anticipates the property boundary surveys will be completed by the end of March 2018.

- c. Confirmed. Kentucky Power will file written updates regarding its property

acquisition efforts on a monthly basis beginning with this response. Please refer to Attachment KPCO_R_KPSC_1_02_1.xlsx for the first update. Kentucky Power currently estimates that all required easements will be acquired by approximately September 2018.

March 1, 2018 SUPPLEMENTAL RESPONSE

There are no changes to KPCO_R_KPSC_1_02.xlsx as filed on January 29, 2018. Kentucky Power is continuing survey work and to meet with property owners. The Company also continues to identify missing or incorrect property owners from the list compiled from the records of the Perry County and Leslie County property valuation administrators. No additional changes have been confirmed. No right-of-way or easement agreements have been executed.

No opposition to the project or the proposed right-of-way has been received to date.

Kentucky Power will continue to update this response on a monthly basis.

April 2, 2018 SUPPLEMENTAL RESPONSE

Please see KPCO_SR01_KPSC_1_02.pdf for an updated listing of affected property owners and the status of negotiations. The additional property owners, none of who appeared on the records of the Perry County Property Valuation Administrator or the Leslie County Property Valuation Administrator, are highlighted, and were identified and confirmed as the result of the Company's CAD mapping, field work, survey work and talking with landowners.

No opposition to the project or the proposed right-of-way has been received to date.

Kentucky Power will continue to update this response on a monthly basis.

May 1, 2018 SUPPLEMENTAL RESPONSE

Please see KPCO_SR02_KPSC_1_02.pdf for an updated listing of affect property owners and the status of negotiations.

Kentucky Power continues survey work and to meet with property owners. The Company also continues to identify missing or incorrectly-identified property owners from the list compiled from the records of the Perry County and Leslie County property valuation administrators. No further changes have been confirmed.

Two rights-of-way or easement agreements have been executed. Multiple easements are currently being negotiated.

Kentucky Power has determined that the encroaching structures located off Brown Forks Road (Application paragraph 28) may be relocated out of the right-of-way onto other portions of the owners' property. The owners have agreed to be relocated and suitable arrangements are being negotiated.

No opposition to the project or the proposed right-of-way has been received to date.

Kentucky Power will continue to update this response on a monthly basis.
