Thank you for the information. We appreciate the data and estimated impact to the remaining cooperatives. We all knew the possible risks with Amendment 3, but it definitely made it real with the SK request.

All:

Since South Kentucky gave us notice to exercise their rights under the MOU, we have had a number of CEO's contact us. Many have asked questions about the financial impacts to the remaining Owner Members. Mike McNalley and his team have been working on the potential cost implications of losing this 58 MW baseload block of power. Please remember this was done somewhat quickly, and we will continue to refine the data. In addition, please note that we will do everything possible to totally mitigate this loss of load, and will protect our Owner Members should it return at an inopportune time.

Regards,
Anthony "Tony" Campbell
