Re: *In the Matter of: Electronic Examination of the Application of The Fuel Adjustment Clause of Big Rivers Electric Corporation from November 1, 2017 Through April 30, 2018.- Case No. 2018-00221*

Dear Mr. Chandler:

It has come to our attention that there was an unintentional issue with the public version of Big Rivers' Responses to Commission Staff's Request for Information dated August 10, 2018, originally filed August 24, 2018, that resulted in the incomplete redaction of confidential information. The issue has been addressed and Big Rivers is electronically filing, with this letter, its Reformatted Responses to Commission Staff's Request for Information dated August 10, 2018.

Consequently, we respectfully request that the public version of the filing be removed from the public record and replaced with this filing of the reformatted file. No party to this matter will be prejudiced by this request.

The undersigned certifies that one paper copy of this electronic filing will be filed with the Public Service Commission within 30 days of the Governor lifting the current state of emergency pursuant to the Commission's Orders in Case No. 2020-00085; that the materials in the electronic filing are a true representation of the materials in paper medium; and that the electronic version of the paper filing is a true and accurate copy of each paper filed in paper medium. There are no parties that the Commission has excused from electronic filing procedures.

Thank you, and please feel free to contact me, if you have any questions with regard to this filing.
Sincerely yours,

/s/ Tyson Kamuf
