Q9. For each item of benefits listed in Item 8.a. above where an employee is required to pay part of the cost, provide a detailed explanation as to how the employee contribution rate was determined.

A9. District employees share in the cost of health insurance coverage. All regular and temporary full-time employees of the District and their dependents are eligible for health care and dental benefits. Such employees are expected to pay twenty percent (20%) of the difference in cost for a single plan and the applicable three-level coverage the employee has chosen. All employees electing single plan coverage are expected to pay 5% of the cost effective January 1, 2019.

Employees pay 100% of their vision insurance.

The District's dental plan is a self-funded plan, therefore there are no premiums. Effective January 1, 2019, all District employees electing dental coverage will be expected to pay a fixed 5% based on Fully Insured Equivalent rates.

Life and AD&D insurance of one-time annual salary is paid by the District. Short and Long term disability is paid by the District. Voluntary life insurance is paid by the employee.

The District is a participant in CERS. The KRS sets the contribution rate for employees. Employees hired on or before 8/31/2008 contribute 5% of gross wages. Employees hired on or after 9/1/2008 contribute 5% of gross wages, plus 1% of gross wages for health coverage in retirement.

Q10. Provide a listing of all health care plan categories, dental plan categories, and vision plan categories available to employees (i.e., single, married no dependents, single parent with dependents, family, etc.). Include the associated employee contribution rates and employer contribution rates of the total premium cost for each category and each plan's deductible(s) amounts.

A10.

Health Care Plan Categories	Employee Contribution Rates	Employer Contribution Rates	In-Network Deductible Amount	Out-of-Network Deductible Amount
		100% (will change to 95% 1/1/19)		
Single	0% (will change to 5% 1/1/19)		\$0.00	\$300.00

Q11. Provide a listing of all life insurance plan categories available to employees. Include the associated employee contribution rates and employer contribution rates of the total premium cost for each plan category.

A11. The District provides one group life insurance plan that includes accidental death and dismemberment (AD&D). This plan offers three class types.

- Class 1 is Group Life for Executives and provides one times Basic Annual Earnings, rounded to the next higher \$1,000; subject to a maximum of \$250,000. The AD&D provides one times Basic Annual Earnings, rounded to the next higher \$1,000; subject to a maximum of \$250,000.
- Class 2 is Group Life for all other Full-Time Employees excluding Board of Commissioners and provides one times Basic Annual Earnings, rounded to the next higher \$1,000; subject to a maximum of \$100,000. The AD&D provides one times Basic Annual Earnings, rounded to the next higher \$1,000; subject to a maximum of \$100,000.
- Class 3 is Group Life for Board of Commissioners and provides a \$50,000 benefit. The AD&D provides a \$50,000 benefit. The cost of this policy is reimbursed by the Board of Commissioners.

The employer contribution rate is 100% for the group term life insurance and accidental death and dismemberment plan.

The District offers a Voluntary Life and Accidental Death & Dismemberment Insurance plan that is paid 100% by the employee. An employee may elect Employee, Spouse, and Dependent Child Benefit.

Q12a. Identify any employees listed in the response to Item 8.a. who are no longer Northern Kentucky District employees.

A12a. See file NKWD\_PSCDR1\_12ab\_VacatedPositions\_101218 column A.

Q12b. For each employee identified in the response to Item 12.a.:

- (1) If the position has been filled, identify the employee currently in the position, provide the date on which the employee(s) were hired, the actual annualized salary, and the actual benefit information. Identify the salary and employee benefit costs that are included in Northern Kentucky District's pro forma operating expenses.
- (2) If the position is still vacant, state the reason(s) why the position is vacant and whether Northern Kentucky District intends to fill it.
- (3) State the current status of Northern Kentucky District's efforts to fill the position and the anticipated hire date.

A12b.(1) See file NKWD\_PSCDR1\_12ab\_VacatedPositions\_101218

A12b.(2) Vacated positions are listed in file NKWD\_PSCDR1\_12ab\_VacatedPositions\_101218. Positions that were still vacant as of June 30, 2018 are identified as "Vacant XX" in the "Employee Currently in the Position – No." column. Any position that was vacated and also lists a position title along with a "(term'd EE No. XXXXX)" in the "Employee Currently in the Position – Title" column means that the position was vacated twice. In response to Q12a., Northern Kentucky District identified any employees listed in the response to Item 8.a. who are no longer Northern Kentucky District employees by including those employees on this report. Employee #30620, 20775, 21075, 20500, 20350, 30550, 30670, 40410, 10150, 60502, 60474, 60375, 21390, 20650, 60543 were filled with Part Time employees and all part time positions were vacated in 2014. Those positions were not filled, and Northern Kentucky District does not intend to fill those positions. Please see response to Q12b.(3) below for the reason why the vacated positions are still vacant.

A12b.(3) The current status of Northern Kentucky District's efforts to fill the position and the anticipated hire date are:

- a. Employee #31050 vacated the Distribution Supervisor role. Position was under review at June 30, 2018. Position posted and filled.
- b. Employee #41305 vacated the Account Services Lead position. There has been consistent turnover in the Account Service Department which has influenced this position to remain under review. Northern Kentucky Water District intends to fill this position. Anticipated hire date in 2019.

- c. Employee #30610 vacated an Inspector position. This position was filled by Employee #60486; however, that employee took an internal promotion leaving this position vacant.
- d. Employee #60519 vacated the Buildings & Grounds Lead position. This position has been under review and is a posted position. Anticipated hire date is November 2018.
- e. Employee #31175 vacated the Lead Mechanic position. This position was under review on June 30, 2018; however, has since been filled by Employee #60461 as a Buildings, Grounds & Fleet Supervisor.
- f. Employee #60489 vacated the Plant Foreman position. This position was under review on June 30, 2018; however, has since been filled as a Distribution Fieldman.
- g. Employee #60580 vacated the Plant Operator position. This position has been posted. Anticipated hire date of December 2018.
- h. Employee #60518 vacated the Instrumentation Technician position. This position posted on 2/5/2018. Anticipated hire date is in 2019.
- i. Employee #30350 vacated as Inspector. This position was under review on June 30, 2018; however, has since been filled with Employee #41320.
- j. Employee #40975 vacated the Account Service Representative position. A temporary employee has been filling this role. The temporary employee will become a full-time employee in October 2018.
- k. Employee #60587 vacated the Plant Operator position. This is a posted position. Anticipated hire date is December 2018.
- l. Employee #40330 vacated the Administrative Assistant position. This position was under review on June 30, 2018; however, has since been filled with Employee #60593.
- m. Employee #60582 vacated the Plant Operator position. This is a posted position. Anticipated hire date is December 2018.
- n. Employee #60588 vacated the Distribution Fieldman position. This position was filled with Employee #60607 who also vacated the position. The position was again posted. Anticipated hire date is October 2018.
- o. Employee #60552 vacated the Distribution Fieldman position. This position was under review on June 30, 2018; however, has since been filled with Employee #60606.

Q12c. State whether the cost of the position is included in the pro forma salaries and wage expense. If the cost is included, state separately the position costs that are included in the test-period operating expenses (e.g., payroll expenses, payroll capitalized, retirement, payroll taxes, insurance benefits) and the accounts to which each amount was charged.

A12c. See file NKWD\_PSCDR1\_12ab\_VacatedPositions\_101218. All proforma wages were coded to 601-3100-001 wage expense. Proforma capitalized labor was estimated in the aggregate and not on the employee level. See response to Q8b. Proforma capitalized labor was coded to 184-4005-000. Proforma health insurance expense was coded to 604-3400-001. Proforma pension expense was coded to 604-4300-001. Proforma payroll taxes were coded to 699-3000-001.

Q13b. State whether the Kentucky Retirement System has notified Northern Kentucky District of the employer retirement contribution rate that will be charged in the fiscal year beginning July 1, 2018.

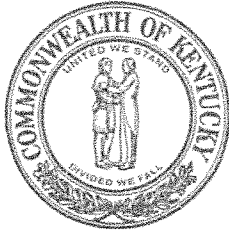

- (1) If Northern Kentucky District has been notified, provide a copy of the notice from the Kentucky Retirement System and the date the rate will become effective.
- (2) If Northern Kentucky District has not been notified, provide a copy of the notice from the Kentucky Retirement System when it is received.

A13b. Northern Kentucky District has been notified of the employer retirement contribution rate that will be charged in the fiscal year beginning July 1, 2018.

A13b.(1) See attached notice from the Kentucky Retirement System. Note that the attached memorandum received from Kentucky Retirement Systems dated December 11, 2017 includes a CERS Nonhazardous employer contribution rate of 28.05%. House Bill 362 passed during the 2018 legislative session which caps CERS employer contribution rate increases up to 12% per year over the prior fiscal year for the period of July 1, 2018 to June 30, 2028. The actual CERS nonhazardous employer contribution rate in effect as of July 1, 2018 is 21.48%. No additional memorandum was received from Kentucky Retirement Systems with an update to the employer contribution amount subsequent

to the passing of House Bill 362. See attached website posting which states the 21.48% contribution rate effective July 1, 2018.

### MEMORANDUM

**TO:** Agencies Participating in the County Employees Retirement System (CERS)

**FROM:** David L. Eager  
Interim Executive Director

**DATE:** December 11, 2017

**SUBJECT:** Employer Contribution Rates for Fiscal Year 2018-19

The Kentucky Retirement Systems Board of Trustees establishes the CERS employer contribution rates pursuant to KRS 61.565 and 61.702. The most recent actuarial valuations were performed by the Kentucky Retirement Systems' actuary, GRS Retirement Consulting, for the fiscal year ended June 30, 2017. The CERS employer contribution rates were approved by the Kentucky Retirement Systems Board of Trustees and will be in effect on July 1, 2018. The combined rate (pension and insurance), is listed below.

<b>Fiscal Year 2018-2019:</b>	CERS Nonhazardous	28.05%
	CERS Hazardous	47.86%

Please distribute copies of this memorandum to the individuals responsible for your budget.

# Contribution Rates

**Contribution Rates**

Each employer is required to contribute at the rate determined by the Board of Trustees to be necessary for the actuarial soundness of KRS as required by law. Employer contributions are paid on creditable compensation earned by each employee eligible for membership in KRS.

## Employee Contributions

All employees meeting the requirements for membership are required to contribute a percentage of their gross wages, referred to as creditable compensation, to KRS.

When mandatory employee contributions are deducted from an employee's check, the contributions are exempt from Federal and State Income Tax withholding. Mandatory employee contributions have been exempt from Federal and State Income Tax withholdings since August 1, 1982. These contributions are tax deferred, which means the contributions are withheld from employees' gross pay before Federal and State Income Tax.

From January 1, 1987 through December 31, 2016, Federal Social Security withholdings were also exempt. This changed January 1, 2017 under a Memorandum of Agreement between the Commonwealth of Kentucky and the Internal Revenue Service

(/Employers/Contribution%20Rate%20Memos/2017WithholdingChanges%20with%20Memoradum.pdf). As of January 1, 2017, employee contributions are deducted after Federal Social Security is withheld.

Q14. Concerning employee fringe benefits:

Q14a. Provide a detailed list of all fringe benefits available to Northern Kentucky District's employees and the cost of each benefit in the test period. Indicate any fringe benefits that are limited to management employees.

A14a. All management and full-time employees receive the following fringe benefits:

	Pro Forma Test Period
Health Insurance	\$3,079,785.28
Dental Insurance	\$ 143,545.84
Life Insurance	\$ 23,495.64
AD&D Insurance	\$ 55,312.80
Defined Benefit Retirement	\$1,989,139.77

The President receives a car allowance of \$1,100 per month, which is included in taxable compensation.

Q14b. Provide comparative cost information for the 12 months preceding the test period and the test period. Explain any changes in fringe benefits occurring over this 24-month period.

A14b.

	Pro Forma Test Period	2017
Health Insurance	\$3,079,785.28	\$2,796,066.30
Dental Insurance	\$ 143,545.84	\$ 154,469.29
Life Insurance	\$ 23,495.64	\$ 19,966.76
AD&D Insurance	\$ 55,312.80	\$ 46,727.73
Defined Benefit Retirement	\$1,989,139.77	\$1,463,685.64

Changes in fringe benefits are due to change in premium rates charged to Northern Kentucky District and change in employee contribution rates.

Q15. Provide the most recent vendor invoice for the following employee insurance coverages:

- a. Health Insurance;
- b. Dental Insurance; and
- c. Life Insurance.

The invoices should list employees individually by name, and state the employee number in the response to Item 8.a.(1). that the employee name corresponds to. If the listing identifies employees by a code number, provide the name for each number.

A15. See attached the most recent health insurance, dental insurance, and life insurance invoices. The names have been redacted for the public version of this application. A confidential version including employee names will be submitted separately with a petition for confidentiality.

### Payments

Your payment is due on the first of the month. If you pay by manual check, be sure to complete the following steps so that your payments are posted automatically to your account.

1. Write your Billing ID on your check.
2. Fill out all information on the remittance stub.
3. Put your check and remittance stub in the envelope provided.

Payments received after the end of your grace period will cause the account to automatically terminate and result in a disruption of coverage for your employees. If your policy terminates, request for reinstatement may be made. Reinstatements are at our discretion. Reinstatement fees may apply.

### Humana's Employer Self-Service Center

You can log in anytime to your Self-Service Center to receive personalized information and tools to help you manage your employees' benefits. To register, go to the "Employers" section on Humana.com, click "Register Today."

Through Humana.com you can:

- View your monthly statement and make a premium payment;
- Complete daily enrollment maintenance tasks like adding a new employee, changing coverage, and terminating an employee's benefits;
- Enjoy features that simplify plan administration, such as links to eligibility information.

### Paper Enrollment Submissions

Please ensure that all paper enrollment submissions are completed thoroughly, including group names and numbers associated with your account. Mail your enrollment forms to the following address:

Humana Inc.  
P.O. Box 14209  
Lexington, Kentucky 40512-4209

There may be a delay in updates on your invoice due to timing and processing. Please continue to pay the "Total Amount Due" to save time and money on reconciliation efforts. Please ensure all adjustments are accurately reflected on your invoice. If not, please contact your Billing Representative.

Q16a. Provide a schedule that details all test-period expenditures related to the current proceeding along with a copy of vendor invoices. The schedule should state the nature and amount of each charge. The invoices should contain detailed description of the services, the amount of time billed for each service, and the hourly billing rate. Identify the account number and title to which each amount was charged.

A16a.

	<b>Total Cost to Date</b>					<b>\$11,287.50</b>

See attached copies of vendor invoices.

Q16b. Provide the anticipated total cost of the case upon completion. The projected amount should be detailed by type of service and vendor, with supporting documentation for each.

A16b. Gannett Fleming (Cost of Service Study) \$25,000  
 John N. Hughes, PSC (Legal Counsel) \$22,000

Cost estimates based on cost per vendor based on the 2015 rate case.

Q16c. Provide a monthly update of the schedule requested in Item 13.a. showing all of the costs incurred as of that date. Include the supporting detailed vendor invoices as requested in Item 13.a.

A16c. NKWD assumes this question should refer to Q16a. given that question 13a. references employer retirement contribution rates that were effective during calendar years 2015, 2016 and 2017 that will not change monthly. NKWD will send monthly updates of the schedule requested in Q16a. no later than the second Friday of each month, beginning with November 9<sup>th</sup> as the next due date of the schedule requested.

### FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS

#### FACTOR 1. ALLOCATION OF COSTS WHICH VARY WITH THE AMOUNT OF WATER CONSUMED.

Factors are based on the pro forma test year average daily consumption for each customer classification.

Customer Classification	Average Daily Consumption, CCF	Allocation Factor
(1)	(2)	(3)
Residential	13,688	0.4873
Commercial/Multi-Family	7,713	0.2746
Industrial	3,233	0.1151

Wholesale Customers	1,589	0.0566
Fire Protection	179	0.0064
<b>Total</b>	<b>28,088</b>	<b>1.0000</b>

#### FACTOR 2. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE AND MAXIMUM DAY EXTRA CAPACITY FUNCTIONS.

Factors are based on the weighting of the factors for average daily consumption (Factor 1) and the factors derived from maximum day extra capacity demand for each customer classification, as follows:

Customer Classification	Average Daily Consumption		Maximum Day Extra Capacity		Allocation Factor
	Allocation Factor 1	Weighted Factor	Allocation Factor	Weighted Factor	
(1)	(2)	(3)=(2)x 0.6250	(4)	(5)=(4)x 0.3750	(6)=(3)+(5)

#### FACTOR 3. ALLOCATION OF COSTS ASSOCIATED WITH FACILITIES SERVING BASE, MAXIMUM DAY EXTRA CAPACITY AND FIRE PROTECTION FUNCTIONS, cont.

The weighting of the factors is based on the potential demand of general and fire protection service. The bases for the potential demand of general service are the maximum day ratio of 1.60 and the average daily system sendout for 2017 of 25.3 MGD. The system demand for fire protection is 12,000 Gallons per minute for 10 hours.

The weighting of the factors is based on the ratio of the capacity required for a 3 hour demand of fire flow, as related to total storage capacity. The calculation is shown on the following page.

NORTHERN KENTUCKY WATER DISTRICT

FACTORS FOR ALLOCATING COST OF SERVICE TO CUSTOMER CLASSIFICATIONS, cont.

FACTOR 5. ALLOCATION OF COSTS ASSOCIATED WITH STORAGE FACILITIES, cont.

The weighting of the factors is based on the ratio of the capacity required for a 10 hour demand of fire flow, as related to total storage capacity.

$$\text{Fire Protection Weight} = \frac{12,000 \text{ GPM} \times 60 \text{ Min.} \times 10 \text{ Hrs.}}{26,179,000 \text{ Gallons}} = 0.2750$$

$$\text{General Service Weight} = 1.0000 - 0.2750 = 0.7250$$

The weighting of the average hourly consumption and maximum hour extra demand for general service is based on the maximum hour ratio, as follows:

	Maximum Hour Ratio	Percent	Weight
Average Hour	1.00	41.67	0.3021
Extra Capacity Maximum Hour	<u>1.40</u>	<u>58.33</u>	<u>0.4229</u>

Q21. Provide Northern Kentucky District's current written policies, programs, and procedures to reduce Northern Kentucky District's consumption of electricity if different than that provided in Northern Kentucky District's Response to Commission Staff's Second Information Request in Case No. 2012-00072.

A21. See file NKWD\_PSCDR1\_21\_PumpingPDF\_101218 which outlines the same procedures for off-peak pumping as those filed with the Response to Commission Staff's Second Information Request in Case No. 2012-00072.

## OFF PEAK PUMPING

### 1.0 Purpose:

1.1 To ensure economic operation of river pumps by operating them during off-peak hours, resulting in lower demand charges on the monthly electric bill.

2.0 **No one shall deviate from this off-peak pumping schedule without the prior approval of the Operations Manager or Plant Supervisor.**

### 3.0 Winter pumping hours: (September meter reading – May meter reading)

3.1 River pumps are turned on after **9:00 p.m.**

River pumps are turned off before **9:00 a.m.** Operators should start shutting river pumps down so that there are no pumps running at 8:30 a.m. By making sure all pumps are shut down before 8:30 a.m. this will ensure that there is adequate time to call someone from Pumping (if there is a problem with shutdown) to respond to the river to shut down the pump(s) locally/manually before 9:00 a.m. **The programmed auto pump stop times are to be used as a backup to the operator shutting down the pumps by 8:30 a.m. and should not be relied upon to shut the pumps down.** The Plant Supervisor will determine the programmed auto pump stop times.

Winter pumping hours also allow an afternoon pumping run.

River pumps are turned on after **2:00 p.m.**

River pumps are turned off before **5:00 p.m.** . Operators should start shutting river pumps down so that there are no pumps running at 4:30 p.m. By making sure all pumps are shut pumps down before 4:30 p.m. this will ensure that there is adequate time to call someone from Pumping(if there is a problem with shutdown) to respond to the river to shut down the pump(s) locally/manually before 5:00 p.m. **The programmed auto pump stop times are to be used as a backup to the operator shutting down the pumps by 4:30 p.m. and should not be relied upon to shut the**

**pumps down.** The Plant Supervisor will determine the programmed auto pump stop times.

All day on Saturday and Sunday are considered Off-Peak pumping.

#### 4.0 **Summer pumping hours: (May meter reading – September meter reading)**

##### 4.1 River pumps are turned on after **8:00 p.m.**

River pumps are turned off before **11:00 a.m.** Operators should start shutting river pumps down so that there are no pumps running at 10:30 a.m. By making sure all pumps are shut pumps down before 10:30 a.m. this will ensure that there is adequate time to call someone from Pumping(if there is a problem with shutdown) to respond to the river to shut down the pump(s) locally/manually before 11:00 a.m. **The programmed auto pump stop times are to be used as a backup to the operator shutting down the pumps by 10:30 a.m. and should not be relied upon to shut the pumps down.** The Plant Supervisor will determine the programmed auto pump stop times.

All day on Saturday and Sunday are considered Off-Peak pumping.

#### 5.0 Holiday Pumping:

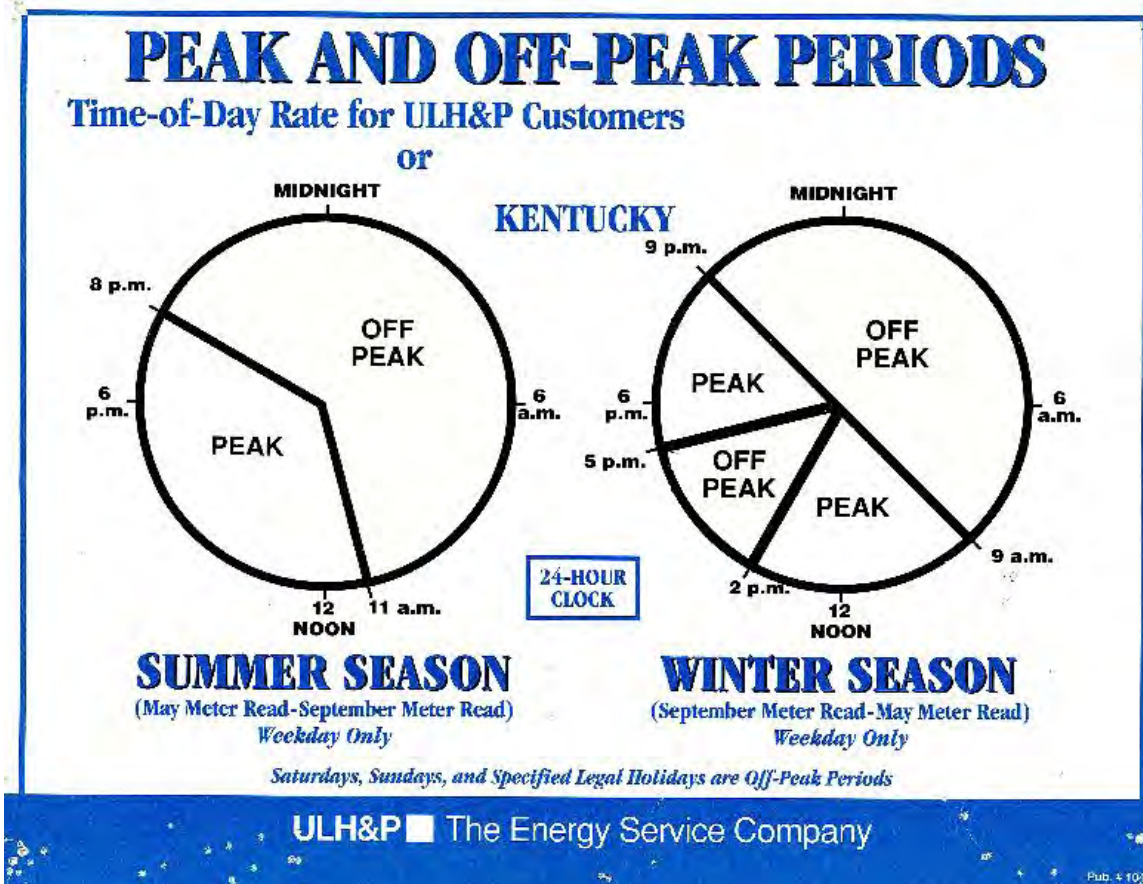

##### 5.1 Most nationally recognized holidays are also considered Off-Peak pumping days.

Off-peak pumping holidays include: **New Year's Day, President's Day, Good Friday, Memorial Day, Fourth of July, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day.** Follow instructions from the Operations Manager before altering pumping schedules on these days. If a holiday is not in this list, operate pumps according to the off-peak schedule for that day.

##### 5.2 There are some Northern Kentucky Water District holidays that **are not** considered off-peak pumping holidays by Duke Energy, including when NKWD observes the 4<sup>th</sup> of July on a different day (like when it falls on a weekend), the day after Thanksgiving, and Christmas Eve.

#### 6.0 Memorial Parkway Pumping:

- 6.1 MPTP generally shuts down at 11:00 p.m. MPTP has an additional button on ORPS2 pump page. This time will stop pumps from running overnight. The time can be changed and enabled and disabled by the Plant Supervisor or Plant Foreman.

Q22. Describe how Northern Kentucky District establishes the level of compensation for its president and senior management. This description should address the role of Northern Kentucky District's Board of Commissioners in the process. Compensation includes salary and all fringe benefits.

A22. Compensation for the President is determined by the Board of Commissioners. On an annual basis, the Board of Commissioners reviews the President & CEO's total compensation. The Board of Commissioners' receive external consulting to evaluate the President & CEO's total compensation and competitiveness in the market.

Compensation for senior management (Vice-President) is included in Northern Kentucky Water District's pay grade structure. Periodically, this structure is reviewed internally and externally by a consultant to ensure competitiveness in the market.

- Q23. Provide a listing with descriptions of all activities, initiatives, or programs undertaken or continued by Northern Kentucky District since its last rate case for the purpose of minimizing costs or improving the efficiency of its operations or maintenance activities.
- A23. The District takes the responsibility of being good stewards of the assets very seriously and strives daily to use the rate payer's revenues to the best of our ability. As such, we continue to promote the following activities to maximize revenue dollars:

Management

- Analyze each position as it comes open due to retirement or other separation to assure it is necessary before filling it.
- Dispose of vacant property that is no longer needed.

Procurement

- Work in collaboration with other agencies to jointly bid materials and services and utilize online reverse auction bidding of chemicals to obtain the best pricing.
- Secure bids for an electronic bill presentment and payment vendor to process customer payments online, which results in significant savings over other processing methods.
- Use state procurement contracts to reduce the cost of telephone and cellular services.
- Coordinate water main replacement with street paving improvements to reduce the cost of pavement restoration.
- Negotiate construction change orders facilitated by project photographic documentation to lower the overall cost of construction.

Operations

- Continue the off peak pumping program described in Question 21 to help control electric costs that are a substantial portion of our operations costs.
- Utilize the granular activated carbon in our water treatment process for the longest period possible per contactor (ranges from 19 to 24 months) instead of the originally expected 12 months per contactor to get the maximum usage while addressing disinfection by-product standards.

- Utilize leak detection vendors in a systematic process through our system to help alleviate non-revenue water through the identification and repair of issues detected. The entire water distribution system was surveyed once between the years of 2015, 2016, 2017, and 2018.
- Replace indoor and outdoor lighting fixtures with new fixtures using significantly lower wattage to reduce power consumption.
- Replace pumps and motors with new equipment that are sized appropriately for current system conditions and install variable frequency drives to reduce power consumption.
- Evaluate chemicals through routine jar testing to determine appropriate chemical dosages and look for ways to lower chemical costs such as buying chemicals in larger volumes.
- Utilize one UV disinfection treatment train at the Fort Thomas plant instead of two UV treatment trains during lower demand winter months to save power and extend bulb life.
