WALMART INC.'S RESPONSES TO STAFF'S INITIAL REQUEST FOR INFORMATION TO WALMART INC.

REQUEST:

1. Refer to the Direct Testimony of Gregory W. Tillman, pages 23-24, addressing the situation should the Commission approve a revenue requirement less than that proposed by Kentucky Utilities Company (KU) and setting forth Walmart's recommended allocation methodology regarding such reduction. Walmart proposes that 25 percent of any reduction in KU's proposed revenue requirement be applied proportionately to the non-lighting classes with a current relative return of greater than 100 percent. Additionally, Walmart proposes the remaining 75 percent of the reduction should be used to proportionately reduce KU's proposed increase to all rate classes.

   a. Explain how the 25/75 allocation was chosen.
   b. Confirm that Walmart's proposal to apply the remaining 75 percent of any revenue reduction proportionately to all rate classes would include the Lighting classes.

RESPONSE:

   a. Walmart considers the 25/75 allocation to be a reasonable and equitable split of any reduction in the proposed revenue requirement because it will allow for the reduction of intra-class subsidies imposed on the major rate classes while also ensuring that all customers benefit from any reduced revenue requirement.
   b. Confirmed.

RESPONDENT: Counsel and Gregory W. Tillman, Senior Manager, Energy Regulatory Analysis
VERIFICATION

STATE OF ARKANSAS
)
COUNTY OF BENTON
)
)
)
