**February 21, 2019 Response to Supplemental Set of Data Requests of
Kentucky Industrial Utility Customers, Inc.
Dated December 13, 2018**

Case No. 2018-00294

Question No. 8

Responding Witness: Elizabeth J. McFarland

Q.2-8. Refer to the response to KIUC 1-66, 1-67 and AG 1-76a. Provide a calculation of the field services expense and the meter reading expenses using the lowest bid response to the October 2018 RFP. Provide all calculations in electronic spreadsheet live format with all formulas intact.

A.2-8. **Original Response:**

The bids submitted in response to the October 2018 RFP are under negotiation. Once the bids are finalized, the Company will supplement this data response.

February 21, 2019 Supplemental Response:

The bids submitted in response to the October 2018 RFP have been finalized. Contracts have not yet been executed as they are moving through internal approval processes. See attached spreadsheet providing calculations of field services and meter reading expenses using final bids. The company proceeded to final bids only with selected vendors, so any comparison of our final numbers with the preliminary low bidders would necessarily be inaccurate and misleading. The information requested is confidential and proprietary and is being provided under seal pursuant to a Petition for Confidential Protection.
