Counsel for LFUCG

### **Request for Information**

1. Refer to page 23 the testimony of Gregory W. Tillman, at which he proposes that one quarter of any reduction in the revenue requirement increase should be applied to proportionately reduce the Company's proposed increase on the non-lighting classes with a current RROR greater than 100 percent.
  - a. Precisely identify what classes of customers are considered "lighting classes" for the purposes of Mr. Tillman's testimony (e.g., Lighting Energy, Traffic Energy, Lighting Service, Restricted Lighting Service, Outdoor Sports Lighting, etc.).
  - b. Explain the rationale for Mr. Tillman's proposal in which he suggests that twenty-five percent of any reduction in the revenue requirement increase should not be applied to reduce the Company's proposed increase on the non-lighting classes.
