23.8 Exclusion of liability

23.8.1 Neither the Facility Agent nor any Ancillary Lender is liable or responsible to any other Finance Party for any action taken or not taken by it in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct.

23.8.2 The Facility Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Facility Agent, if the Facility Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Facility Agent for that purpose.

23.8.3 No Party (other than the Facility Agent or the Ancillary Lender) may take any proceedings against any officer, employee or agent of the Facility Agent or any Ancillary Lender in respect of any claim it might have against the Facility Agent or any Ancillary Lender or in respect of any act or omission of any kind by that officer, employee or agent in connection with any Finance Document. - (a) either initially or on a continuing basis to provide any Lender with any credit or other information concerning the risks arising under or in connection with the Finance Documents (including any information relating to the financial condition or affairs of the Company or its related entities or the nature or extent of recourse against any Party or its assets) whether coming into its possession before, on or after the date of this Agreement; or
 - (b) unless specifically requested to do so by a Lender in accordance with a Finance Document, to request any certificate or other document from the Company.
- 23.10.4 In acting as the Facility Agent, the agency division of the Facility Agent is treated as a separate entity from its other divisions and departments. Any information acquired by the Facility Agent which, in its opinion, is acquired by it otherwise than in its capacity as the Facility Agent may be treated as confidential by the Facility Agent and will not be treated as information possessed by the Facility Agent in its capacity as such.

 - (b) acting or relying on any notice which the Facility Agent reasonably believes to be genuine, correct and appropriately authorised.

23.12 Compliance

The Facility Agent may refrain from doing anything (including disclosing any information) which might, in its opinion, constitute a breach of any law or regulation or be otherwise actionable at the suit of any person, and may do anything which, in its opinion, is necessary or desirable to comply with any law or regulation.

On giving the notification, the successor Facility Agent will succeed to the position of the Facility Agent and the term "**Facility Agent**" will mean the successor Facility Agent.
- 23.13.6 The retiring Facility Agent must, at its own cost, make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as the Facility Agent under the Finance Documents.
- 23.13.7 Upon its resignation becoming effective, this Clause will continue to benefit the retiring Facility Agent in respect of any action taken or not taken by it in connection with the Finance Documents while it was the Facility Agent, and, subject to sub-clause 23.13.6 above, it will have no further obligations under any Finance Document.

23.14 Replacement of the Facility Agent

- 23.14.1 After consultation with the Company, the Majority Lenders may, by giving 30 days' notice to the Facility Agent (or, at any time the Facility Agent is an Impaired Agent, by giving any shorter notice determined by the Majority Lenders) replace the Facility Agent by appointing a successor Facility Agent (acting through an office in the United Kingdom).
- 23.14.2 The retiring Facility Agent shall (at its own cost if it is an Impaired Agent and otherwise at the expense of the Lenders) make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as Facility Agent under the Finance Documents.

23.14.3 The replacement of the Facility Agent and the appointment of the successor Facility Agent shall take effect on the date specified in the notice from the Majority Lenders to the retiring Facility Agent. As from this date, the retiring Facility Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 23 (and any agency fees for the account of the retiring Facility Agent shall cease to accrue from (and shall be payable on) that date).

23.14.4 Any successor Facility Agent and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

23.15 Relationship with Lenders

23.15.1 Subject to Clause 29.9 (*Pro rata interest settlement*), the Facility Agent may treat each Lender as a Lender, entitled to payments under this Agreement and as acting through its Facility Office(s) until it has received not less than five Business Days' prior notice from that Lender to the contrary.

23.15.2 The Facility Agent may at any time, and must if requested to do so by the Majority Lenders, convene a meeting of the Lenders.

23.15.3 The Facility Agent must keep a register of all the Parties and supply any other Party with a copy of the register on request. The register will include each Lender's Facility Office(s) and contact details for the purposes of this Agreement.

23.16 Facility Agent's management time

If the Facility Agent requires, any amount payable to the Facility Agent by any Party under any indemnity or in respect of any costs or expenses incurred by the Facility Agent under the Finance Documents after the date of this Agreement may include the cost of using its management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Facility Agent may notify to the relevant Party. This is in addition to any amount in respect of fees or expenses paid or payable to the Facility Agent under any other term of the Finance Documents.

23.17 Notice period

Where this Agreement specifies a minimum period of notice to be given to the Facility Agent, the Facility Agent may, at its discretion, accept a shorter notice period.

23.18 Subordination Deed

The Facility Agent will execute any Subordination Deed within two Business Days of receipt of a request (which shall include an execution version of such Subordination Deed) from the Company.

24. EVIDENCE AND CALCULATIONS

24.1 Accounts

Accounts maintained by a Finance Party in connection with this Agreement are prima facie evidence of the matters to which they relate for the purpose of any litigation or arbitration proceedings.

24.2 Certificates and determinations

Any certification or determination by a Finance Party of a rate or amount under the Finance Documents will be, in the absence of manifest error, conclusive evidence of the matters to which it relates.

24.3 **Calculations**

Any interest or fee accruing under this Agreement accrues from day to day and is calculated on the basis of the actual number of days elapsed and a year of 360 or 365 days or otherwise, depending on what the Facility Agent determines is market practice.

25. **FEES**

25.1 **Agency fee**

The Company must pay to the Facility Agent for its own account an annual agency fee in the manner agreed between the Facility Agent and the Company.

25.2 **Arrangement and participation fees**

The Company must pay the upfront fees in the manner agreed between the Arrangers and the Company.

25.3 **Co-ordination fee**

The Company must pay a co-ordination fee in the manner agreed between the Joint Coordinators and the Company.

25.4 **Commitment fee**

25.4.1 The Company must pay a commitment fee computed at the rate of 35 per cent. of the applicable Margin on the undrawn, uncanceled amount of each Lender's Commitment for the Availability Period calculated from the date of this Agreement.

25.4.2 The commitment fee is payable quarterly in arrears during the Availability Period and on the last day of the Availability Period. Accrued commitment fee is also payable to the Facility Agent for a Lender on the date its Commitment is cancelled in full.

25.4.3 No commitment fee is payable to the Facility Agent (for the account of a Lender) on any Available Commitment of that Lender for any day on which that Lender is a Defaulting Lender.

25.5 **Utilisation fee**

25.5.1 The Company must pay to the Facility Agent for each Lender a utilisation fee computed at the rate of 0.20 per cent. per annum on the aggregate principal amount of the Loans for each day on which the aggregate Base Currency Amount of all Loans exceeds 33.3 per cent. of the Total Commitments.

25.5.2 The Company must pay to the Facility Agent for each Lender a utilisation fee computed at the rate of 0.40 per cent. per annum on the aggregate principal amount of the Loans for each day on which the Base Currency Amount of all Loans exceeds 66.6 per cent. of the Total Commitments. For the avoidance of doubt, the fee described in sub-clause 25.5.1 above is not payable in respect of any day for which the fee described in this sub-clause 25.5.2 is payable.

25.5.3 Utilisation fee is payable on the amount of each Lender's share in the Loans.

25.5.4 Accrued utilisation fee is payable quarterly in arrears. Accrued utilisation fee is also payable to the Facility Agent for a Lender on the date its Commitment is cancelled in full.

25.6 **Interest, commission and fees on Ancillary Facilities**

The rate and time of payment of interest, commission, fees and any other remuneration in respect of each Ancillary Facility shall be determined by agreement between the relevant Ancillary Lender and the Company based upon normal market rates and terms.

26. **INDEMNITIES AND BREAK COSTS**

26.1 **Currency indemnity**

26.1.1 The Company must, as an independent obligation, indemnify each Finance Party against any loss or liability which that Finance Party incurs as a consequence of:

- (a) that Finance Party receiving an amount in respect of the Company's liability under the Finance Documents; or
- (b) that liability being converted into a claim, proof, judgment or order,

in a currency other than the currency in which the amount is expressed to be payable under the relevant Finance Document.

26.1.2 Unless otherwise required by law, the Company waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency other than that in which it is expressed to be payable.

26.2 **Other indemnities**

The Company shall within 15 days of demand indemnify the Facility Agent and each Lender against any funding or other cost, loss, expense or liability in an amount certified by it in reasonable detail (together with documentation in support) sustained or incurred by it as a direct result of:

26.2.1 the occurrence of any Event of Default;

26.2.2 (other than by reason of negligence or default by a Finance Party) a Loan not being made after a Request has been delivered for that Loan; or

26.2.3 the receipt or recovery by any party (or the Facility Agent on its behalf) of all or any part of a Loan or overdue sum due from the Company otherwise than on the Final Maturity Date or Maturity Date of that Loan or, in the case of an overdue sum, the last day of an interest period relating to that overdue sum, as the case may be or a Loan or any part thereof not being prepaid in accordance with a notice of prepayment.

26.3 **Break Costs**

26.3.1 The Company must pay to each Lender its Break Costs within three Business Days of demand.

26.3.2 Break Costs are the amount (if any) determined by the relevant Lender by which:

- (a) the interest (excluding Margin) which that Lender would have received for the period from the date of receipt of any part of its share in a Loan or overdue amount to the last day of the applicable Term for that Loan or overdue amount if the principal or overdue amount received had been paid on the last day of that Term;

exceeds

- (b) the amount which that Lender would be able to obtain by placing an amount equal to the amount received by it on deposit with a leading bank in the appropriate interbank market for a period starting on the Business Day following receipt and ending on the last day of the applicable Term.

26.3.3 Each Lender must supply to the Facility Agent for the Company details of the amount of any Break Costs claimed by it under this Clause.

27. **EXPENSES**

27.1 **Initial costs**

The Company must pay to each Administrative Party promptly on demand the amount of all costs and expenses (including legal fees) reasonably incurred by it in connection with the negotiation, preparation, printing, execution and syndication of the Finance Documents.

27.2 **Subsequent costs**

The Company must pay to the Facility Agent promptly on demand the amount of all costs and expenses (including legal fees) reasonably incurred by it in connection with:

27.2.1 the negotiation, preparation, printing and execution of any Finance Document (other than a Transfer Certificate or Increase Confirmation) executed after the date of this Agreement; and

27.2.2 any amendment, waiver or consent requested by or on behalf of the Company or specifically allowed by this Agreement.

27.3 **Enforcement costs**

The Company must pay to each Finance Party the amount of all costs and expenses (including legal fees) incurred by it in connection with the enforcement of, or the preservation of any rights under, any Finance Document.

28. **AMENDMENTS AND WAIVERS**

28.1 **Procedure**

28.1.1 Except as provided in this Clause 28, any term of the Finance Documents (other than the Fee Letters) may be amended or waived with the agreement of the Company and the Majority Lenders. The Facility Agent may effect, on behalf of any Finance Party, an amendment or waiver allowed under this Clause.

28.1.2 The Facility Agent must promptly notify the other Parties of any amendment or waiver effected by it under sub-clause 28.1.1 above. Any such amendment or waiver is binding on all the Parties.

28.2 Exceptions

28.2.1 An amendment or waiver which relates to:

- (a) the definition of Majority Lenders in Clause 1.1 (*Definitions*);
- (b) Clause 2.3 (*Nature of a Finance Party's rights and obligations*);
- (c) an extension of the date of payment of any amount to a Lender under the Finance Documents;
- (d) a reduction in the Margin or a reduction in the amount of any payment of principal, interest, fee or other amount payable to a Lender under the Finance Documents;
- (e) an increase in, or an extension of, a Commitment or the Total Commitments;
- (f) a term of a Finance Document which expressly requires the consent of each Lender;
- (g) the right of a Lender to assign or transfer its rights or obligations under the Finance Documents;
- (h) Clause 10.1 (*Mandatory prepayment – illegality*) or Clause 10.2 (*Mandatory prepayment – change of control*); or
- (i) this Clause,

may only be made with the consent of all the Lenders.

28.2.2 An amendment or waiver which relates to the rights or obligations of an Administrative Party or an Ancillary Lender may only be made with the consent of that Administrative Party or Ancillary Lender.

28.3 Disenfranchisement of Defaulting Lenders

28.3.1 For so long as a Defaulting Lender has any Available Commitment, in ascertaining the Majority Lenders or whether any given percentage (including, for the avoidance of doubt, unanimity) of the Total Commitments has been obtained to approve any request for a consent, waiver, amendment or other vote under the Finance Documents, that Defaulting Lender's Commitments will be reduced by the amount of its Available Commitments.

28.3.2 For the purposes of this Clause 28.3, the Facility Agent may assume that the following Lenders are Defaulting Lenders:

- (a) any Lender which has notified the Facility Agent that it has become a Defaulting Lender;
- (b) any Lender in relation to which it is aware that any of the events or circumstances referred to in paragraphs (a), (b) or (c) of the definition of "Defaulting Lender" has occurred where, in the case of the events or circumstances referred to in paragraph (a), none of the exceptions to that paragraph apply,

unless it has received notice to the contrary from the Lender concerned (together with any supporting evidence reasonably requested by the Facility Agent) or the Facility Agent is otherwise aware that the Lender has ceased to be a Defaulting Lender.

28.4 Replacement of a Defaulting Lender

28.4.1 The Company may, at any time a Lender has become and continues to be a Defaulting Lender, by giving 10 Business Days' prior written notice to the Facility Agent and such Lender:

- (a) replace such Lender by requiring such Lender to (and to the extent permitted by law such Lender shall) transfer pursuant to Clause 29 (*Changes to the Parties*) all (and not part only) of its rights and obligations under this Agreement; or
- (b) require such Lender to (and to the extent permitted by law such Lender shall) transfer pursuant to Clause 29 (*Changes to the Parties*) all (and not part only) of the undrawn Commitment of the Lender.

to a Lender or other bank, financial institution, trust, fund or other entity (a "**Replacement Lender**") selected by the Company, and which is acceptable to the Facility Agent (acting reasonably) (unless the Facility Agent is an Impaired Agent), which confirms its willingness to assume and does assume all the obligations or all the relevant obligations of the transferring Lender (including the assumption of the transferring Lender's participations or unfunded participations (as the case may be) on the same basis as the transferring Lender) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Lender's participation in the outstanding Loans and all accrued interest (to the extent that the Facility Agent has not given a notification under Clause 29.9 (*Pro rata interest settlement*)), Break Costs and other amounts payable in relation thereto under the Finance Documents.

28.4.2 Any transfer of rights and obligations of a Defaulting Lender pursuant to this Clause shall be subject to the following conditions:

- (a) the Company shall have no right to replace the Facility Agent;
- (b) neither the Facility Agent nor the Defaulting Lender shall have any obligation to the Company to find a Replacement Lender;
- (c) the transfer must take place no later than 14 days after the notice referred to in sub-clause 28.4.1 above;
- (d) in no event shall the Defaulting Lender be required to pay or surrender to the Replacement Lender any of the fees received by the Defaulting Lender pursuant to the Finance Documents; and
- (e) the Defaulting Lender shall only be obliged to transfer its rights and obligations pursuant to sub-clause 28.4.1 above once it is satisfied that it has complied with all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to the transfer to the Replacement Lender.

28.5 Excluded Commitments

If a Lender does not accept or reject a request for an amendment, waiver or consent within 15 Business Days of receipt of such request (or such longer period as the Company and the Facility Agent may agree), or abstains from accepting or rejecting a request for an amendment, waiver or consent, its Commitments shall not be included for the purpose of calculating the Total Commitments or participations under the Facility when ascertaining whether any relevant

percentage (including, for the avoidance of doubt, unanimity) of Total Commitments and/or participations has been obtained to approve that request.

28.6 **Change of currency**

If a change in any currency of a country occurs (including where there is more than one currency or currency unit recognised at the same time as the lawful currency of a country), the Finance Documents will be amended to the extent the Facility Agent (acting reasonably and after consultation with the Company) determines is necessary to reflect the change.

28.7 **Waivers and remedies cumulative**

The rights of each Finance Party under the Finance Documents:

28.7.1 may be exercised as often as necessary;

28.7.2 are cumulative and not exclusive of its rights under the general law; and

28.7.3 may be waived only in writing and specifically.

Delay in exercising or non-exercise of any right is not a waiver of that right.

29. **CHANGES TO THE PARTIES**

29.1 **Assignments and transfers by the Company**

The Company may not assign or transfer any of its rights and obligations under the Finance Documents without the prior consent of all the Lenders.

29.2 **Assignments and transfers by Lenders**

29.2.1 A Lender (the **Existing Lender**) may, subject to the following provisions of this Clause 29, at any time assign or transfer (including by way of novation) any of its rights and obligations under this Agreement to any bank, financial institution or trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (the **New Lender**).

29.2.2 Unless the Company and the Facility Agent otherwise agree, an assignment or transfer of part of a Commitment or rights and obligations under this Agreement by the Existing Lender must be in a minimum amount of £5,000,000.

29.2.3 An Existing Lender must consult with the Company for no more than five Business Days before it may make an assignment or transfer unless the New Lender is another Lender or an Affiliate of a Lender or an Event of Default has occurred and is outstanding.

29.2.4 The Facility Agent is not obliged to accept an assignment or execute a Transfer Certificate until it has completed all know your customer requirements to its satisfaction. The Facility Agent must promptly notify the Existing Lender and the New Lender if there are any such requirements.

29.2.5 An assignment of rights or a transfer of rights and obligations will be effective only if either:

- (a) the obligations are novated in accordance with the following provisions of this Clause 29; or

- (b) the New Lender confirms to the Facility Agent and the Company in form and substance satisfactory to the Facility Agent that it is bound by the terms of this Agreement as a Lender. On the assignment or transfer becoming effective in this manner the Existing Lender will be released from its rights and obligations under this Agreement to the extent that they are assigned or transferred to the New Lender.

29.2.6 Unless the Facility Agent otherwise agrees, the New Lender must pay to the Facility Agent for its own account, on or before the date any assignment or transfer occurs, a fee of £2,000.

29.2.7 Any reference in this Agreement to a Lender includes a New Lender but excludes a Lender if no amount is or may be owed to or by it under this Agreement.

29.3 Procedure for transfer by way of novations

29.3.1 In this Clause:

Transfer Date means, for a Transfer Certificate, the later of:

- (a) the proposed Transfer Date specified in that Transfer Certificate; and
- (b) the date on which the Facility Agent executes that Transfer Certificate.

29.3.2 A novation is effected if:

- (a) the Existing Lender and the New Lender deliver to the Facility Agent a duly completed Transfer Certificate; and
- (b) the Facility Agent executes it.

Subject to sub-clause 29.2.4 of Clause 29.2 (*Assignments and transfers by Lenders*), the Facility Agent must execute as soon as reasonably practicable a Transfer Certificate delivered to it and which appears on its face to be in order.

29.3.3 Each Party (other than the Existing Lender and the New Lender) irrevocably authorises the Facility Agent to execute any duly completed Transfer Certificate on its behalf.

29.3.4 Subject to Clause 29.9 (*Pro rata interest settlement*), on the Transfer Date:

- (a) the New Lender will assume the rights and obligations of the Existing Lender expressed to be the subject of the novation in the Transfer Certificate in substitution for the Existing Lender; and
- (b) the Existing Lender will be released from those obligations and cease to have those rights.

29.4 Limitation of responsibility of Existing Lender

29.4.1 Unless expressly agreed to the contrary, an Existing Lender is not responsible to a New Lender for the legality, validity, adequacy, accuracy, completeness or performance of:

- (a) any Finance Document or any other document; or

- (b) any statement or information (whether written or oral) made in or supplied in connection with any Finance Document,

and any representations or warranties implied by law are excluded.

29.4.2 Each New Lender confirms to the Existing Lender and the other Finance Parties that it:

- (a) has made, and will continue to make, its own independent appraisal of all risks arising under or in connection with the Finance Documents (including the financial condition and affairs of the Company and its related entities and the nature and extent of any recourse against any Party or its assets) in connection with its participation in this Agreement; and
- (b) has not relied exclusively on any information supplied to it by the Existing Lender in connection with any Finance Document.

29.4.3 Nothing in any Finance Document requires an Existing Lender to:

- (a) accept a re-transfer or re-assignment from a New Lender of any of the rights and obligations assigned or transferred under this Clause; or
- (b) support any losses incurred by the New Lender by reason of the non-performance by the Company of its obligations under any Finance Document or otherwise.

29.5 Costs resulting from change of Lender or Facility Office

If:

29.5.1 a Lender assigns or transfers any of its rights and obligations under the Finance Documents or changes its Facility Office; and

29.5.2 as a result of circumstances existing at the date the assignment, transfer or change occurs, the Company would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 14 (*Tax gross-up and indemnities*) or Clause 15 (*Increased costs*), then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under those Clauses to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred. This Clause 29.5 shall not apply in relation to Clause 14 (*Tax gross-up and indemnities*), to a Treaty Lender that has included an indication to the effect that it wishes the HMRC DT Treaty Passport scheme to apply to this Agreement in accordance with sub-clause 14.6.1 of Clause 14.6 (*HMRC DT Treaty Passport scheme confirmation*) if the Company making the payment has not complied with its obligations under sub-clause 14.1.2 of Clause 14.6 (*HMRC DT Treaty Passport scheme confirmation*).

29.6 Changes to the Reference Banks

29.6.1 If a Reference Bank (or, if a Reference Bank is not a Lender, the Lender of which it is an Affiliate) ceases to be a Lender, the Facility Agent must (in consultation with the Company) appoint another Lender or an Affiliate of a Lender to replace that Reference Bank.

29.6.2 If a Reference Bank ceases to have a London office or novates or assigns all its rights and obligations under this Agreement or if any Commitments of any Reference Bank are cancelled or if Loans it has advanced are prepaid it shall be replaced as a Reference Bank by such other Lender or an Affiliate of a Lender with an office in London as the

Facility Agent (after consultation with the Company) shall designate by notice to the Company and the Lenders.

29.7 Copy of Transfer Certificate or Increase Confirmation to Company

The Facility Agent shall, as soon as reasonably practicable after it has executed a Transfer Certificate or an Increase Confirmation, send to the Company a copy of that Transfer Certificate or Increase Confirmation.

29.8 Security over Lenders' rights

In addition to the other rights provided to Lenders under this Clause 29, each Lender may without consulting with or obtaining consent from the Company, at any time charge, assign or otherwise create security in or over (whether by way of collateral or otherwise) all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

- (a) any charge, assignment or other security to secure obligations to a federal reserve or central bank; and
- (b) in the case of any Lender which is a fund, any charge, assignment or other security granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

except that no such charge, assignment or Security shall:

- (i) release a Lender from any of its obligations under the Finance Documents or substitute the beneficiary of the relevant charge, assignment or other security for the Lender as a party to any of the Finance Documents; or
- (ii) require any payments to be made by the Company or grant to any person any more extensive rights than those required to be made or granted to the relevant Lender under the Finance Documents.

29.9 Pro rata interest settlement

If the Facility Agent has notified the Lenders that it is able to distribute interest payments on a "*pro rata basis*" to Existing Lenders and New Lenders then (in respect of any transfer pursuant to Clause 29.3 (*Procedure for transfer by way of novations*)) the Transfer Date of which, in each case, is after the date of such notification and is not on the last day of a Term):

29.9.1 any interest or fees in respect of the relevant participation which are expressed to accrue by reference to the lapse of time shall continue to accrue in favour of the Existing Lender up to but excluding the Transfer Date ("**Accrued Amounts**") and shall become due and payable to the Existing Lender (without further interest accruing on them) on the last day of the current Term (or, if the Term is longer than six months, on the next of the dates which falls at six monthly intervals after the first day of that Term); and

29.9.2 the rights assigned or transferred by the Existing Lender will not include the right to the Accrued Amounts, so that, for the avoidance of doubt:

- (i) when the Accrued Amounts become payable, those Accrued Amounts will be payable for the account of the Existing Lender; and

- (ii) the amount payable to the New Lender on that date will be the amount which would, but for the application of this Clause 29.9, have been payable to it on that date, but after deduction of the Accrued Amounts.

In this Clause 29.9, references to "Term" shall be construed to include a reference to any other period for accrual of fees.

30. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

30.1 Confidential Information

Each Finance Party agrees to keep all Confidential Information confidential and not to disclose it to anyone, save to the extent permitted by Clause 30.2 (*Disclosure of Confidential Information*) and Clause 30.3 (*Disclosure to numbering service providers*), and to ensure that all Confidential Information is protected with security measures and a degree of care that would apply to its own confidential information.

30.3.2 The Parties acknowledge and agree that each identification number assigned to this Agreement, the Facility and/or the Company by a numbering service provider and the information associated with each such number may be disclosed to users of its services in accordance with the standard terms and conditions of that numbering service provider.

30.3.3 The Company represents that none of the information set out in paragraphs (a) to (m) of sub-clause 30.3.1 above is, nor will at any time be, unpublished price-sensitive information.

30.3.4 The Facility Agent shall notify the Company and the other Finance Parties of:

- (a) the name of any numbering service provider appointed by the Facility Agent in respect of this Agreement, the Facility and/or the Company; and
- (b) the number or, as the case may be, numbers assigned to this Agreement, the Facility and/or the Company by such numbering service provider.

31. CONFIDENTIALITY OF FUNDING RATES AND REFERENCE BANK QUOTATIONS

31.1 Confidentiality and disclosure

31.1.1 The Facility Agent and each Obligor agree to keep each Funding Rate (and, in the case of the Facility Agent, each Reference Bank Quotation) confidential and not to disclose it to anyone, save to the extent permitted by sub-clause 31.1.2, 31.1.3 and 31.1.4 below.

31.1.2 The Facility Agent may disclose:

- (a) any Funding Rate (but not, for the avoidance of doubt, any Reference Bank Quotation) to the Company pursuant to Clause 11.4 (*Notification of rates of interest*); and
- (b) any Funding Rate or any Reference Bank Quotation to any person appointed by it to provide administration services in respect of one or more of the Finance Documents to the extent necessary to enable such service provider to provide those services if the service provider to whom that information is to be given has entered into a Confidentiality Undertaking.

31.1.3 The Facility Agent may disclose any Funding Rate or any Reference Bank Quotation, and each Obligor may disclose any Funding Rate, to:

- (a) any of its Affiliates and any of its or their officers, directors, employees, professional advisers, auditors and partners if any person to whom that Funding Rate or Reference Bank Quotation is to be given pursuant to this paragraph (a) is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of that Funding Rate or Reference Bank Quotation or is otherwise bound by requirements of confidentiality in relation to it;
- (b) any person to whom information is required or requested to be disclosed by any court of competent jurisdiction or any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation if the person to whom that Funding Rate or Reference Bank Quotation is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the relevant Obligor, as the case may be, it is not practicable to do so in the circumstances;
- (c) any person to whom information is required to be disclosed in connection with, and for the purposes of, any litigation, arbitration, administrative or other investigations, proceedings or disputes if the person to whom that Funding Rate or Reference Bank Quotation is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the relevant Obligor, as the case may be, it is not practicable to do so in the circumstances; and
- (d) any person with the consent of the relevant Lender or Reference Bank, as the case may be.

31.1.4 The Facility Agent's obligations in this Clause 31 (*Confidentiality of Funding Rates and Reference Bank Quotations*) relating to Reference Bank Quotations are without prejudice to its obligations to make notifications under Clause 11.4 (*Notification of rates of interest*) provided that (other than pursuant to paragraph (a) of sub-clause 31.1.2 above) the Facility Agent shall not include the details of any individual Reference Bank Quotation as part of any such notification.

31.2 Other obligations

31.2.1 The Facility Agent and each Obligor acknowledge that each Funding Rate (and, in the case of the Facility Agent, each Reference Bank Quotation) is or may be price-sensitive information and that its use may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse and the Facility Agent and each Obligor undertake not to use any Funding Rate or, in the case of the Facility Agent, any Reference Bank Quotation for any unlawful purpose.

31.2.2 The Facility Agent and each Obligor agree (to the extent permitted by law and regulation) to inform the relevant Lender or Reference Bank, as the case may be:

- (a) of the circumstances of any disclosure made pursuant to paragraph (b) of sub-clause 31.1.3 above except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and
- (b) upon becoming aware that any information has been disclosed in breach of this Clause 31 (*Confidentiality of Funding Rates and Reference Bank Quotations*).

32. SET-OFF

32.1.1 A Finance Party may set off any matured obligation owed to it by the Company under the Finance Documents (to the extent beneficially owned by that Finance Party) against any obligation (whether or not matured) owed by that Finance Party to the Company, regardless of the place of payment, booking branch or currency of either obligation. If the obligations are in different currencies, the Finance Party may convert either obligation at a market rate of exchange in its usual course of business for the purpose of the set-off.

32.1.2 Any credit balances taken into account by an Ancillary Lender when operating a net limit in respect of any overdraft under an Ancillary Facility shall on enforcement of the Finance Documents be applied first in reduction of the overdraft provided under that Ancillary Facility in accordance with its terms.

33. PRO RATA SHARING

33.1 Redistribution

33.1.1 If any amount owing by the Company under this Agreement to a Lender (the "**recovering Lender**") is discharged by payment, set-off or any other manner other than through the Facility Agent under this Agreement (a "**recovery**"), then:

- (a) the recovering Lender must, within three Business Days, supply details of the recovery to the Facility Agent;

- (b) the Facility Agent must calculate whether the recovery is in excess of the amount which the recovering Lender would have received if the recovery had been received by the Facility Agent under this Agreement; and
- (c) the recovering Lender must pay to the Facility Agent an amount equal to the excess (the "**redistribution**").

Sub-clause 33.1.1 above shall not apply to any amount received or recovered by an Ancillary Lender in respect of any cash cover provided for the benefit of that Ancillary Lender.

33.2 **Effect of redistribution**

33.2.1 The Facility Agent must treat a redistribution as if it were a payment by the Company under this Agreement and distribute it among the Lenders, other than the recovering Lender, accordingly.

33.2.2 When the Facility Agent makes a distribution under sub-clause 33.2.1 above, the recovering Lender will be subrogated to the rights of the Finance Parties which have shared in that redistribution.

33.2.3 If and to the extent that the recovering Lender is not able to rely on any rights of subrogation under sub-clause 33.2.2 above, the Company will owe the recovering Lender a debt which is equal to the redistribution, immediately payable and of the type originally discharged.

33.2.4 If:

- (a) a recovering Lender must subsequently return a recovery, or an amount measured by reference to a recovery, to the Company; and
- (b) the recovering Lender has paid a redistribution in relation to that recovery,

each Finance Party must reimburse the recovering Lender all or the appropriate portion of the redistribution paid to that Finance Party, together with interest for the period while it held the re-distribution. In this event, the subrogation in sub-clause 33.2.2 above will operate in reverse to the extent of the reimbursement.

33.3 **Exceptions**

Notwithstanding any other term of this Clause 32.1.1, a recovering Lender need not pay a redistribution to the extent that:

33.3.1 it would not, after the payment, have a valid claim against the Company in the amount of the redistribution; or

33.3.2 it would be sharing with another Finance Party any amount which the recovering Lender has received or recovered as a result of legal or arbitration proceedings, where:

- (a) the recovering Lender notified the Facility Agent of those proceedings; and
- (b) the other Finance Party had an opportunity to participate in those proceedings but did not do so or did not take separate legal or arbitration proceedings as soon as reasonably practicable after receiving notice of them.

33.4 **Ancillary Lenders**

33.4.1 This Clause 32 shall not apply to any receipt or recovery by a Lender in its capacity as an Ancillary Lender at any time prior to service of notice under Clause 22.15 (*Acceleration*).

33.4.2 Following service of notice under Clause 22.15 (*Acceleration*), this Clause 32 shall apply to all receipts or recoveries by Ancillary Lenders except to the extent that the receipt or recovery represents a reduction from the Permitted Gross Outstandings of a Multi-account Overdraft to or towards an amount equal to its Designated Net Amount.

34. SEVERABILITY

34.1 If a term of a Finance Document is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect:

34.1.1 the legality, validity or enforceability in that jurisdiction of any other term of the Finance Documents; or

34.1.2 the legality, validity or enforceability in other jurisdictions of that or any other term of the Finance Documents.

35. COUNTERPARTS

Each Finance Document may be executed in any number of counterparts. This has the same effect as if the signatures on the counterparts were on a single copy of the Finance Document.

36. NOTICES

36.1 In writing

36.1.1 Any communication in connection with a Finance Document must be in writing and, unless otherwise stated, may be given:

36.3.3 A communication to the Facility Agent will only be effective on actual receipt by it.

36.4 The Company

All formal communication under the Finance Documents to or from the Company must be sent through the Facility Agent.

36.5 Communication when Facility Agent is Impaired Agent

If the Facility Agent is an Impaired Agent the Parties may, instead of communicating with each other through the Facility Agent, communicate with each other directly and (while the Facility Agent is an Impaired Agent) all the provisions of the Finance Documents which require communications to be made or notices to be given to or by the Facility Agent shall be varied so that communications may be made and notices given to or by the relevant Parties directly. This provision shall not operate after a replacement Facility Agent has been appointed.

37. LANGUAGE

37.1.1 Any notice given in connection with a Finance Document must be in English.

37.1.2 Any other document provided in connection with a Finance Document must be:

- (a) in English; or
- (b) (unless the Facility Agent otherwise agrees) accompanied by a certified English translation. In this case, the English translation prevails unless the document is a statutory or other official document.

38. **GOVERNING LAW**

This Agreement and any non-contractual obligations arising out of or in connection with it are governed by English law.

39. **ENFORCEMENT**

39.1 **Jurisdiction**

39.1.1 The English courts have exclusive jurisdiction to settle any dispute in connection with any Finance Document including a dispute relating to any non-contractual obligation arising out of or in connection with this Agreement.

39.1.2 The English courts are the most appropriate and convenient courts to settle any such dispute and the Company waives objection to those courts on the grounds of inconvenient forum or otherwise in relation to proceedings in connection with any Finance Document.

39.1.3 This Clause is for the benefit of the Finance Parties only. To the extent allowed by law, a Finance Party may take:

- (a) proceedings in any other court; and
- (b) concurrent proceedings in any number of jurisdictions.

This Agreement has been entered into on the date stated at the beginning of this Agreement.

- (b) the Commitments of a Lender in accordance with Clause 7.1 (*Mandatory prepayment – illegality*),

request that the Total Commitments be increased (and the Total Commitments shall be so increased) in an aggregate amount in Sterling of up to the amount of the Available Commitments or Commitments so cancelled as follows:

- (c) the increased Commitments will be assumed by one or more Eligible Institutions (each an "**Increase Lender**") which is acceptable to the Facility Agent (acting reasonably) each of which confirms in writing (whether in the relevant Increase Confirmation or otherwise) its willingness to assume and does assume all the obligations of a Lender corresponding to that part of the increased Commitments which it is to assume, as if it had been an Original Lender in respect of those Commitments;
- (d) the Borrower and any Increase Lender shall assume obligations towards one another and/or acquire rights against one another as the Borrower and the Increase Lender would have assumed and/or acquired had the Increase Lender been an Original Lender in respect of that part of the increased Commitments which it is to assume;
- (e) each Increase Lender shall become a Party as a "Lender" and any Increase Lender and each of the other Finance Parties shall assume obligations towards one another and acquire rights against one another as that Increase Lender and those Finance Parties would have assumed and/or acquired had the Increase Lender been an Original Lender in respect of that part of the increased Commitments which it is to assume;

- (f) the Commitments of the other Lenders shall continue in full force and effect; and
 - (g) any increase in the Total Commitments shall take effect on the date specified by the Borrower in the notice referred to above or any later date on which the Facility Agent executes an otherwise duly completed Increase Confirmation delivered to it by the relevant Increase Lender.
- 2.2.2 The Agent shall, subject to sub-clause 2.2.3 below, as soon as reasonably practicable after receipt by it of a duly completed Increase Confirmation appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Increase Confirmation.
- 2.2.3 The Agent shall only be obliged to execute an Increase Confirmation delivered to it by an Increase Lender once it is satisfied it has complied with all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to the assumption of the increased Commitments by that Increase Lender.
- 2.2.4 Each Increase Lender, by executing the Increase Confirmation, confirms (for the avoidance of doubt) that the Facility Agent has authority to execute on its behalf any amendment or waiver that has been approved by or on behalf of the requisite Lender or Lenders in accordance with this Agreement on or prior to the date on which the increase becomes effective in accordance with this Agreement and that it is bound by that decision to the same extent as it would have been had it been an Original Lender.
- 2.2.5 Unless the Facility Agent otherwise agrees or the increased Commitment is assumed by an existing Lender, the Borrower shall, on the date upon which the increase takes effect, pay to the Facility Agent (for its own account) a fee of £1,750 and the Borrower shall promptly on demand pay the Facility Agent the amount of all costs and expenses (including legal fees) reasonably incurred by it in connection with any increase in Commitments under this Clause 2.2.
- 2.2.6 The Borrower may pay to the Increase Lender a fee in the amount and at the times agreed between the Borrower and the Increase Lender in a letter between the Borrower and the Increase Lender setting out that fee. A reference in this Agreement to a Fee Letter shall include any letter referred to in this paragraph.
- 2.2.7 Neither the Facility Agent nor any Lender shall have any obligation to find an Increase Lender and in no event shall any Lender whose Commitment is replaced by an Increase Lender be required to pay or surrender any of the fees received by such Lender pursuant to the Finance Documents.
- 2.2.8 Clause 27.4 (*Limitation of responsibility of Existing Lender*) shall apply *mutatis mutandis* in this Clause 2.2 in relation to an Increase Lender as if references in that Clause to:
- (a) an "Existing Lender" were references to all the Lenders immediately prior to the relevant increase;
-

- (b) the "New Lender" were references to that "Increase Lender"; and
- (c) a "re-transfer" and "re-assignment" were references to respectively a "**transfer**" and "**assignment**".

2.3 **Finance Party's rights and obligations**

- 2.3.1 The obligations of each Finance Party under the Finance Documents are several. Failure by a Finance Party to perform its obligations under the Finance Documents does not affect the obligations of any other Party under the Finance Documents. No Finance Party is responsible for the obligations of any other Finance Party under the Finance Documents.
- 2.3.2 The rights of each Finance Party under or in connection with the Finance Documents are separate and independent rights and any debt arising under the Finance Documents to a Finance Party from the Borrower is a separate and independent debt in respect of which a Finance Party shall be entitled to enforce its rights in accordance with sub-clause 2.3.3 below. The rights of each Finance Party include any debt owing to that Finance Party under the Finance Documents and, for the avoidance of doubt, any part of a Loan or other amount owed by the Borrower which relates to a Finance Party's participation in the Facility or its role under a Finance Document (including any such amount payable to the Facility Agent on its behalf) is a debt owing to that Finance Party by the Borrower.
- 2.3.3 A Finance Party may, except as specifically provided in the Finance Documents, separately enforce its rights under or in connection with the Finance Documents.

3. **PURPOSE**

3.1 **Purpose**

The Borrower shall apply all amounts borrowed by it under the Facility towards its general corporate purposes.

3.2 **No obligation to monitor**

No Finance Party is bound to monitor or verify any amount borrowed pursuant to this Agreement.

4. **CONDITIONS PRECEDENT**

4.1 **Conditions precedent documents**

- 4.1.1 A Request may not be given until the Facility Agent has notified the Borrower and the Lenders that it has received (or, subject to all Lender consent, waived receipt of) all of the documents and evidence set out in Schedule 2 (*Conditions Precedent*) in form and substance satisfactory to the Facility Agent. The Facility Agent shall give this notification to the Borrower and the Lenders upon being so satisfied.
- 4.1.2 Other than to the extent that the Majority Lenders notify the Facility Agent in writing to the contrary before the Facility Agent gives the notification described

in paragraph 4.1.1 above, the Lenders authorise (but do not require) the Facility Agent to give that notification. The Facility Agent shall not be liable for any damages, costs or losses whatsoever as a result of giving any such notification.

4.2 **Further conditions precedent**

The obligations of each Lender to participate in any Loan are subject to the further conditions precedent that on both the date of the Request and the Drawdown Date for that Loan:

4.2.1 the Repeating Representations are correct in all material respects; and

4.2.2 no Default is outstanding or would result from the Loan.

4.3 **Maximum number**

Unless the Facility Agent agrees, a Request may not be given if, as a result, there would be more than two Loans outstanding.

5. **UTILISATION**

5.1 **Giving of Requests**

5.1.1 The Borrower may borrow a Loan by giving to the Facility Agent a duly completed Request not later than the Specified Time.

5.1.2 Each Request is irrevocable.

5.2 **Completion of Requests**

A Request for a Loan will not be regarded as having been duly completed unless:

5.2.1 the Drawdown Date is a Business Day falling within the Availability Period;

5.2.2 the currency and amount of the proposed Loan comply with Clause 5.3 (*Currency and amount*); and

5.2.3 the proposed Term complies with this Agreement.

Only one Loan may be requested in a Request.

5.3 **Currency and amount**

5.3.1 The currency specified in a Request must be Sterling.

5.3.2 The amount of the proposed Loan must be a minimum of £5,000,000 and an integral multiple of £1,000,000 or, if less, the Available Facility.

5.4 **Advance of Loan**

5.4.1 The Facility Agent must promptly notify each Lender of the details of the requested Loan and the amount of its share in that Loan.

- 5.4.2 The amount of each Lender's share of the Loan will be its Pro Rata Share on the proposed Drawdown Date.
- 5.4.3 No Lender is obliged to participate in a Loan if as a result:
- (a) its share in the aggregate amount of the Loans would exceed its Commitment; or
 - (b) the aggregate amount of the Loans would exceed the Total Commitments.
- 5.4.4 If the conditions set out in this Agreement have been met, each Lender must make its share in the Loan available to the Facility Agent for the Borrower by no later than 2.00 pm on the Drawdown Date.
- 5.4.5 The Facility Agent shall notify each Lender of the amount of each Loan and the amount of its participation in that Loan in each case by the Specified Time.

6. REPAYMENT

6.1 Repayment of Loans

- 6.1.1 The Borrower must repay each Loan in full on the Final Maturity Date.
- 6.1.2 The Borrower may not re-borrow any part of the Facility which is repaid.

7. PREPAYMENT AND CANCELLATION

7.1 Mandatory prepayment - illegality

- 7.1.1 A Lender must notify the Borrower promptly if it becomes aware that it is unlawful in any jurisdiction for that Lender to perform any of its obligations under a Finance Document or to fund or maintain its share in any Loan or it becomes unlawful for any Affiliate of a Lender for that Lender to do so.
- 7.1.2 After notification under sub-clause 7.1.1 above:
- (a) the Borrower must repay or prepay the share of that Lender in each Loan made to it on the date specified in sub-clause 7.1.3 below; and
 - (b) the Available Commitment of that Lender will be immediately cancelled.
- 7.1.3 The date for repayment or prepayment of a Lender's share in a Loan will be:
- (a) the Business Day following receipt by the Borrower of notice from the Lender under sub-clause 7.1.1 above; or
 - (b) if later, the latest date allowed by the relevant law,
- and on such date that Lender's corresponding Commitment shall be cancelled in the amount of the participation repaid.

7.2 Mandatory prepayment - change of control

If, except to the extent of a group reorganisation where the Borrower continues to be controlled directly or indirectly by PPL Corporation, the Borrower becomes aware of any person (whether alone or together with any associated person or persons) gaining control of the Borrower (for these purposes "associated person" means, in relation to any person, a person who is (i) "acting in concert" (as defined in the City Code on Takeovers and Mergers) with that person or (ii) a "connected person" (as defined in section 1122 of the CTA 2010) of that person and "control" means the relevant person satisfies any of the criteria set out in paragraphs (1)(a) to (c) of Section 1159 of the Companies Act 2006):

- 7.2.1 within five days of such date, the Borrower shall give notice of such change of control to the Facility Agent;
- 7.2.2 the Lenders and the Borrower shall immediately enter into negotiations for a period of not more than 45 days from the date of the change of control with a view to agreeing whether the Facility shall continue to be made available and on what terms;
- 7.2.3 if no such agreement is reached within the said period of 45 days then:
 - (a) any Lender may on 10 days' notice to the Facility Agent and to the Borrower require the repayment of its share in each Loan and cancel its Commitment; and
 - (b) the Majority Lenders may on 10 days' notice to the Borrower require repayment in full of all outstanding Loans and cancel the Total Commitments; and
- 7.2.4 a Lender shall not be obliged to fund any further loans under the Facility during the negotiation period set out in sub-clause 7.2.2, and if no agreement is reached within such negotiation period, during the 10 day notice period set out in sub-clause 7.2.3.

7.3 Voluntary prepayment

- 7.3.1 The Borrower may, by giving not less than five Business Days' prior written notice to the Facility Agent, prepay any Loan at any time in whole or in part.
- 7.3.2 A prepayment of part of a Loan must be by an amount that reduces the amount of the Loan by a minimum amount of £5,000,000 and an integral multiple of £1,000,000.
- 7.3.3 Any prepayment of a Loan pursuant to this Clause 7.3 shall be applied *pro rata* to each Lender's participation in that Loan.

7.4 Automatic cancellation

The Available Commitments of each Lender will be automatically cancelled at the close of business on the last day of the Availability Period.

7.5 Voluntary cancellation

- 7.5.1 The Borrower may, by giving not less than three Business Days' prior written notice to the Facility Agent, cancel the unutilised amount of the Total Commitments in whole or in part.
- 7.5.2 Partial cancellation of the Total Commitments must be by an amount that reduces the amount of the Loan by a minimum amount of £5,000,000 and an integral multiple of £1,000,000.
- 7.5.3 Any cancellation in part shall be applied against the Commitment of each Lender *pro rata*.

7.6 Involuntary prepayment and cancellation

- 7.6.1 If the Borrower is, or will be, required to pay to a Lender a Tax Payment or an Increased Cost, the Borrower may, while the requirement continues, give notice to the Facility Agent requesting prepayment and cancellation in respect of that Lender.
- 7.6.2 After notification under sub-clause 7.6.1 above:
 - (a) the Available Commitments of that Lender will be immediately cancelled; and
 - (b) the Borrower shall repay or prepay that Lender's participation in each Loan made to it on the last day of the current Term for that Loan or, if earlier, the date specified by the Borrower in its notification and such Lender's Commitment shall be cancelled on the date of such repayment or prepayment.
- 7.6.3 If any Lender becomes a Defaulting Lender, the Borrower may, at any time whilst the Lender continues to be a Defaulting Lender, give the Facility Agent five Business Days' notice of cancellation of the Available Commitment of that Lender.
- 7.6.4 On the notice referred to in sub-clause 7.6.3 above becoming effective, the Available Commitment of the Defaulting Lender shall immediately be reduced to zero.
- 7.6.5 The Facility Agent shall as soon as practicable after receipt of a notice referred to in sub-clause 7.6.3 above, notify all the Lenders.

7.7 No re-borrowing of Loans

The Borrower may not re-borrow any part of the Facility which is prepaid.

7.8 Miscellaneous provisions

- 7.8.1 Any notice of prepayment and/or cancellation under this Agreement is irrevocable and must specify the relevant date(s) and the affected Loans and Commitments. The Facility Agent must notify the Lenders promptly of receipt of any such notice.

- 7.8.2 All prepayments under this Agreement must be made with accrued interest on the amount prepaid. No premium or penalty is payable in respect of any prepayment except for Break Costs.
- 7.8.3 The Majority Lenders may agree a shorter notice period for a voluntary prepayment or a voluntary cancellation.
- 7.8.4 No prepayment or cancellation is allowed except in accordance with the express terms of this Agreement.
- 7.8.5 Subject to Clause 2.2 (*Increase*), no amount of the Total Commitments cancelled under this Agreement may subsequently be reinstated.
- 7.8.6 If all or part of any Lender's participation in a Loan is repaid or prepaid, an amount of that Lender's Commitment (equal to the amount of the participation which is repaid or prepaid) will be deemed to be cancelled on the date of repayment or prepayment.

8. INTEREST

8.1 Calculation of interest

The rate of interest on each Loan for each Term is the percentage rate per annum equal to the aggregate of the applicable:

- 8.1.1 Margin; and
- 8.1.2 LIBOR.

8.2 Payment of interest

Except where it is provided to the contrary in this Agreement, the Borrower must pay accrued interest on each Loan made to it on the last day of each Term and also, if the Term is longer than six months, on the dates falling at six-monthly intervals after the first day of that Term.

8.3 Interest on overdue amounts

- 8.3.1 If the Borrower fails to pay any amount payable by it under the Finance Documents on its due date, it must immediately on demand by the Facility Agent pay interest on the overdue amount from its due date up to the date of actual payment, both before, on and after judgment.
- 8.3.2 Interest on an overdue amount is payable at a rate determined by the Facility Agent to be one per cent. per annum above the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Loan. For this purpose, the Facility Agent may (acting reasonably):
 - (a) select successive Terms of any duration of up to three months; and
 - (b) determine the appropriate Rate Fixing Day for that Term.

8.3.3 Notwithstanding sub-clause 8.3.2 above, if the overdue amount is a principal amount of a Loan and becomes due and payable prior to the last day of its current Term, then:

- (a) the first Term for that overdue amount will be the unexpired portion of that Term; and
- (b) the rate of interest on the overdue amount for that first Term will be one per cent. per annum above the rate then payable on that Loan.

After the expiry of the first Term for that overdue amount, the rate on the overdue amount will be calculated in accordance with sub-clause 8.3.2 above.

8.3.4 Interest (if unpaid) on an overdue amount will be compounded with that overdue amount at the end of each of its Terms but will remain immediately due and payable.

8.4 Notification of rates of interest

8.4.1 The Facility Agent must promptly notify each relevant Party of the determination of a rate of interest under this Agreement.

8.4.2 The Facility Agent shall promptly notify the Borrower of each Funding Rate relating to a Loan.

9. TERMS

9.1 Selection

9.1.1 The Borrower may select the Term for a Loan in the relevant Request or (if the Loan has already been borrowed) in a Selection Notice.

9.1.2 Each Selection Notice for a Loan is irrevocable and must be delivered to the Facility Agent by the Borrower not later than the Specified Time.

9.1.3 If the Borrower fails to deliver a Selection Notice to the Facility Agent in accordance with sub-clause 9.1.2 above, the relevant Term will be one month.

9.1.4 Subject to this Clause, the Borrower may select a Term for each Loan of one, three or six months or any other period agreed between the Borrower and the Lenders in relation to the relevant Loan.

9.1.5 A Term for a Loan shall start on the Drawdown Date for that Loan or (if already made) on the last day of its preceding Term.

9.2 No overrunning the Final Maturity Date

If a Term would otherwise overrun the Final Maturity Date, it will be shortened so that it ends on such Final Maturity Date.

9.3 Other adjustments

- 9.3.1 The Facility Agent and the Borrower may enter into such other arrangements as they may agree for the adjustment of Terms and the consolidation and/or splitting of Loans.
- 9.3.2 Subject to sub-clause 9.3.3 below, if two or more Terms in respect of Loans end on the same date, those Loans will, unless the Borrower specifies to the contrary in the Selection Notice for the next Term, be consolidated into, and treated as, a single Loan on the last day of the Term.
- 9.3.3 Subject to Clause 4.3 (*Maximum Number*) and Clause 5.2 (*Completion of Requests*) if the Borrower requests in a Selection Notice that a Loan be divided into two or more Loans, that Loan will, on the last day of its Term, be so divided into the amounts specified in that Selection Notice, having an aggregate amount equal to the amount of the Loan immediately before its division.

9.4 **Notification**

The Facility Agent must notify the Borrower and the Lenders of the duration of each Term promptly after ascertaining its duration.

10. **CHANGES TO THE CALCULATION OF INTEREST**

10.1 **Unavailability of Screen Rate**

- 10.1.1 *Interpolated Screen Rate*: If no Screen Rate is available for LIBOR for the Term of a Loan, the applicable LIBOR shall be the Interpolated Screen Rate for a period equal in length to the Term of that Loan.

Cost of funds: If no Screen Rate is available for LIBOR for Sterling or for the Term of a Loan and it is not possible to calculate the Interpolated Screen Rate, there shall be no LIBOR for that Loan and Clause 10.3 (*Cost of funds*) shall apply to that Loan for that Term.

10.2 **Market disruption**

If before close of business in London on the Rate Fixing Day for the relevant Term the Facility Agent receives notifications from a Lender or Lenders (whose participations in a Loan exceed 50 per cent. of that Loan) that the cost to it of funding its participation in that Loan from whatever source it may reasonably select would be in excess of LIBOR then Clause 10.3 (*Cost of funds*) shall apply to that Loan for the relevant Term.

10.3 **Cost of funds**

- 10.3.1 If this Clause 10.3 applies, the rate of interest on each Lender's share of the relevant Loan for the relevant Term shall be the percentage rate per annum which is the sum of:
 - (a) the Margin; and
 - (b) the rate notified to the Facility Agent by that Lender as soon as practicable and in any event before interest is due to be paid in respect of that Term,

to be that which expresses as a percentage rate per annum the cost to the relevant Lender of funding its participation in that Loan from whatever source it may reasonably select.

10.3.2 If this Clause 10.3 applies and the Facility Agent or the Borrower so requires, the Facility Agent and the Borrower shall enter into negotiations (for a period of not more than thirty days) with a view to agreeing a substitute basis for determining the rate of interest.

10.3.3 Any alternative basis agreed pursuant to sub-clause 10.3.2 above shall, with the prior consent of all the Lenders and the Borrower, be binding on all Parties.

10.3.4 If this Clause 10.30 applies pursuant to Clause 10.2 (*Market disruption*) and:

(a) a Lender's Funding Rate is less than LIBOR; or

(b) a Lender does not supply a quotation by the time specified in paragraph (b) of sub-clause 10.3.1 above,

the cost to that Lender of funding its participation in that Loan for that Term shall be deemed, for the purposes of paragraph (b) of sub-clause 10.3.1 above, to be LIBOR.

10.4 **Notification to Borrower**

If Clause 10.3 (*Cost of funds*) applies the Facility Agent shall, as soon as is practicable, notify the Borrower.

10.5 **Break Costs**

10.5.1 The Borrower shall, within three Business Days of demand by a Finance Party, pay to that Finance Party its Break Costs attributable to all or any part of a Loan or Unpaid Sum being paid by the Borrower on a day other than the last day of a Term for that Loan or Unpaid Sum.

10.5.2 Each Lender shall, as soon as reasonably practicable after a demand by the Facility Agent, provide a certificate confirming the amount of its Break Costs for any Term in which they accrue.

11. **TAX GROSS-UP AND INDEMNITIES**

11.1 **Definitions**

11.1.1 In this Agreement:

(i) a Lender:

- (A) which is a bank (as defined for the purpose of section 879 of the ITA) making an advance under a Finance Document and which is within the charge to United Kingdom corporation tax as respects any payments of interest made in respect of that advance or would be within such charge as respects such payment apart from section 18A of the CTA 2009; or
 - (B) in respect of an advance made under a Finance Document by a person that was a bank (as defined for the purpose of section 879 of the ITA) at the time that that advance was made, and which is within the charge to United Kingdom corporation tax as respects any payments of interest made in respect of that advance; or
- (ii) a Lender which is:
- (A) a company resident in the United Kingdom for United Kingdom tax purposes;
 - (B) a partnership each member of which is:
 - (1) a company so resident in the United Kingdom; or
 - (2) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account in computing its chargeable profits (within the meaning of section 19 of the CTA 2009) the whole of any share of interest payable in respect of that advance that falls to it by reason of Part 17 of the CTA 2009; or
 - (C) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account interest payable in respect of that advance in computing the chargeable profits (within the meaning of section 19 of the CTA 2009) of that company; or
- (iii) a Treaty Lender; or
- (b) a Lender which is a building society (as defined for the purpose of section 880 of the ITA) making an advance under a Finance Document.

"Tax Confirmation" means a confirmation by a Lender that the person beneficially entitled to interest payable to that Lender in respect of an advance under a Finance Document is either:

- (a) a company resident in the United Kingdom for United Kingdom tax purposes;
- (b) a partnership each member of which is:

 - (ii) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account in computing its chargeable profits (within the meaning of section 19 of the CTA 2009) the whole of any share of interest payable in respect of that advance that falls to it by reason of Part 17 of the CTA 2009; or
- (c) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account interest payable in respect of that advance in computing the chargeable profits (within the meaning of section 19 of the CTA 2009) of that company.

"Tax Credit" means a credit against, relief or remission for, or repayment of any Tax.

"Tax Deduction" means a deduction or withholding for or on account of Tax from a payment under a Finance Document, other than a FATCA Deduction.

"Treaty Lender" means a Lender which:

- (a) is treated as a resident of a Treaty State for the purposes of the Treaty;
- (b) does not carry on a business in the United Kingdom through a permanent establishment with which that Lender's participation in the Loan is effectively connected; and
- (c) meets all other conditions which must be met under the Treaty for residents of such Treaty State to obtain full exemption from tax on interest imposed by the United Kingdom, except that for this purpose it shall be assumed that the following are satisfied:
 - (i) any condition which relates (expressly or by implication) to the amounts or terms of any Loan or the Finance Documents or any condition which relates (expressly or by implication) to there not being a special relationship between the Borrower and the Finance Party or between them both and another person; and
 - (ii) any necessary procedural formality.

"Treaty State" means a jurisdiction having a double taxation agreement (a **"Treaty"**) with the United Kingdom which makes provision for full exemption from tax imposed by the United Kingdom on interest.

"**UK Non-Bank Lender**" means a Lender which is not an Original Lender and which gives a Tax Confirmation in the documentation which it executes on becoming a Party as a Lender.

11.1.2 Unless a contrary indication appears, in this Clause 11 a reference to "determines" or "determined" means a determination made in the absolute discretion of the person making the determination.

11.2 Tax gross-up

11.2.1 The Borrower shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law.

11.2.2 The Borrower shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Facility Agent accordingly. Similarly, a Lender shall notify the Facility Agent on becoming so aware in respect of a payment payable to that Lender. If the Facility Agent receives such notification from a Lender it shall notify the Borrower.

11.2.3 If a Tax Deduction is required by law to be made by the Borrower, the amount of the payment due from the Borrower shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due if no Tax Deduction had been required.

11.2.4 A payment shall not be increased under sub-clause 11.2.3 above by reason of a Tax Deduction on account of Tax imposed by the United Kingdom, if on the date on which the payment falls due:

- (a) the payment could have been made to the relevant Lender without a Tax Deduction if the Lender had been a Qualifying Lender, but on that date that Lender is not or has ceased to be a Qualifying Lender other than as a result of any change after the date it became a Lender under this Agreement in (or in the interpretation, administration, or application of) any law or Treaty, or any published practice or published concession of any relevant taxing authority; or
- (b) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:
 - (i) an officer of HM Revenue & Customs has given (and not revoked) a direction (a "**Direction**") under section 931 of the ITA which relates to the payment and that Lender has received from the Borrower a certified copy of that Direction; and
 - (ii) the payment could have been made to the Lender without any Tax Deduction if that Direction had not been made; or
- (c) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:

- (i) the relevant Lender has not given a Tax Confirmation to the Borrower; and
- (ii) the payment could have been made to the Lender without any Tax Deduction if the Lender had given a Tax Confirmation to the Borrower on the basis that the Tax Confirmation would have enabled the Borrower to have formed a reasonable belief that the payment was an "excepted payment" for the purpose of section 930 of the ITA; or
- (d) the relevant Lender is a Treaty Lender and the Borrower making the payment is able to demonstrate that the payment could have been made to the Lender without the Tax Deduction had that Lender complied with its obligations under sub-clause 11.2.7 below.

11.2.5 If the Borrower is required to make a Tax Deduction, the Borrower shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law.

11.2.6 Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Borrower making that Tax Deduction shall deliver to the Facility Agent for the Finance Party entitled to the payment a statement under Section 975 of the ITA, or other evidence reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

11.2.7

- (a) Subject to paragraph (b) below, a Treaty Lender and the Borrower which makes a payment to which that Treaty Lender is entitled shall co-operate in completing any procedural formalities necessary for that Borrower to obtain authorisation to make that payment without a Tax Deduction.
- (b) Nothing in paragraph (a) above shall require a Treaty Lender to:
 - (i) register under the HMRC DT Treaty Passport scheme;
 - (ii) apply the HMRC DT Treaty Passport scheme to any Loan if it has so registered; or
 - (iii) file Treaty forms if it has included an indication to the effect that it wishes the HMRC DT Treaty Passport scheme to apply to this Agreement in accordance with sub-clause 11.2. below or sub-clause 11.6.1 of Clause 11.6 (*HMRC DT Treaty Passport scheme confirmation*) and the Borrower making that payment has not complied with its obligations under sub-clause 11.2.10 below or sub-clause 11.6.2 of Clause 11.6 (*HMRC DT Treaty Passport scheme confirmation*).

- 11.2.8 A UK Non-Bank Lender shall promptly notify the Borrower and the Facility Agent if there is any change in the position from that set out in the Tax Confirmation.
- 11.2.9 A Treaty Lender which is an Original Lender and that holds a passport under the HMRC DT Treaty Passport scheme, and which wishes that scheme to apply to this Agreement, shall include an indication to that effect (for the benefit of the Facility Agent and without liability to the Borrower) by including its scheme reference number and its jurisdiction of tax residence opposite its name in Schedule 1 (*Original Parties*).
- 11.2.10 Where a Lender includes the indication described in sub-clause 11.2.9 above in Schedule 1 (*Original Parties*), the Borrower shall file a duly completed form DTTP2 in respect of such Lender with HM Revenue & Customs within 30 days of the date of this Agreement and shall promptly provide the Lender with a copy of that filing **provided that** the Borrower shall not be liable in respect of any non-compliance with its obligations under this sub-clause 11.2.10 where such non-compliance is due to circumstances beyond the control of the Borrower (including, without limitation, any delay, failure or omission on the part of the relevant Lender or the Facility Agent to comply with any obligation owed to the Borrower, or to any inaccuracy in any information provided by the relevant Lender or the Facility Agent in connection with the DT Treaty Passport scheme).
- 11.2.11 Any Lender which has confirmed that it is entitled to use its DT Treaty Passport in accordance with sub-clause 11.2.9 or sub-clause 11.6.1 of Clause 11.6. (*HMRC DT Treaty Passport scheme confirmation*) will reasonably promptly notify the Facility Agent and the Borrower if at any time it ceases to hold a passport under the HMRC DT Treaty Passport scheme or if it ceases to be able to use such passport as a Lender.
- 11.2.12 If a Lender has not included an indication to the effect that it wishes the HMRC DT Treaty Passport scheme to apply to this Agreement in accordance with sub-clause 11.2.9 above or sub-clause 11.6.1 of Clause 11.6 (*HMRC DT Treaty Passport scheme confirmation*), the Borrower shall not file any form relating to the HMRC DT Treaty Passport scheme in respect of that Lender's Commitment or its participation in any Loan.

11.3 Tax indemnity

- 11.3.1 Except as provided below, the Borrower must indemnify a Finance Party, within three Business Days of demand, against any loss or liability which that Finance Party (in its absolute discretion) determines will be or has been suffered (directly or indirectly) by that Finance Party for or on account of Tax in relation to a payment received or receivable (or any payment deemed to be received or receivable) under a Finance Document.
- 11.3.2 Sub-clause 11.3.1 above does not apply to any Tax assessed on a Finance Party under the laws of the jurisdiction in which:

(a) that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as resident for tax purposes; or

(b) that Finance Party's Facility Office is located in respect of amounts received or receivable in that jurisdiction,

if that Tax is imposed on or calculated by reference to the net income received or receivable by that Finance Party. However, any payment deemed to be received or receivable, including any amount treated as income but not actually received by the Finance Party, such as a Tax Deduction, will not be treated as net income received or receivable for this purpose.

11.3.3 Sub-clause 11.3.1 above does not apply to any Tax assessed on a Finance Party to the extent the loss or liability:

(a) is compensated for by an increased payment under Clause 11.2 (*Tax gross-up*);

(b) would have been compensated for by an increased payment under Clause 11.2 (*Tax gross-up*) but was not so compensated solely because one of the exclusions in Clause 11.2 (*Tax gross-up*) applied; or

(c) relates to a FATCA Deduction required to be made by a Party.

11.3.4 A Finance Party making, or intending to make, a claim under sub-clause 11.3.1 above must promptly notify the Borrower of the event which will give, or has given, rise to the claim.

11.4 Tax Credit

If the Borrower makes a Tax Payment and the relevant Finance Party determines that:

11.4.1 a Tax Credit is attributable to an increased payment of which that Tax Payment forms part, to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and

11.4.2 that Finance Party has obtained and utilised that Tax Credit,

then, if in its discretion (acting reasonably) it can do so without any further adverse consequences for it, the Finance Party shall pay an amount to the Borrower which that Finance Party determines will leave it (after that payment) in the same after Tax position as it would have been in had the Tax Payment not been required to be made by the Borrower.

11.5 Lender Status Confirmation

Each Lender which is not an Original Lender shall indicate, in the documentation which it executes on becoming a Party as a Lender, and for the benefit of the Facility Agent and without liability to the Borrower, which of the following categories it falls in:

11.5.1 not a Qualifying Lender;

11.5.2 a Qualifying Lender (other than a Treaty Lender); or

11.5.3 a Treaty Lender.

If such Lender fails to indicate its status in accordance with this Clause 11.5 then that Lender shall be treated for the purposes of this Agreement as if it is not a Qualifying Lender until such time as it notifies the Facility Agent which category applies (and the Facility Agent, upon receipt of such notification, shall inform the Borrower). For the avoidance of doubt, the documentation which a Lender executes on becoming a Party as a Lender shall not be invalidated by any failure of a Lender to comply with this Clause 11.5.

11.6 HMRC DT Treaty Passport scheme confirmation

11.6.1 A Treaty Lender which is not an Original Lender and that holds a passport under the HMRC DT Treaty Passport scheme, and which wishes that scheme to apply to this Agreement, shall include an indication to that effect (for the benefit of the Facility Agent and without liability to the Borrower) in the documentation which it executes on becoming a Party as a Lender by including its scheme reference number and its jurisdiction of tax residence in that documentation.

11.6.2 Where a New Lender or Increase Lender includes the indication described in sub-clause 11.6.1 above in the relevant documentation which it executes on becoming a Party as a Lender, the Borrower shall file a duly completed form DTTP2 in respect of such Lender with HM Revenue & Customs within 30 days of the relevant Transfer Date or the date on which such increase takes effect and shall promptly provide the Lender with a copy of that filing.

11.7 Stamp taxes

The Borrower shall pay and, within three Business Days of demand, indemnify each Finance Party against any cost, loss or liability that Finance Party incurs in relation to all stamp duty, registration and other similar Taxes payable in respect of any Finance Document, except for any such Tax payable in respect of a Transfer Certificate or other transfer or disposal of a Lender's rights or obligations under a Finance Document.

11.8 VAT

11.8.1 All amounts expressed to be payable under a Finance Document by any Party to a Finance Party which (in whole or in part) constitute the consideration for any supply for VAT purposes are deemed to be exclusive of any VAT which is chargeable on that supply and, accordingly, subject to sub-clause 11.8.2 below, if VAT is or becomes chargeable on any supply made by any Finance Party to any Party under a Finance Document and such Finance Party is required to account to the relevant tax authority for the VAT, that Party must pay to such Finance Party (in addition to and at the same time as paying any other consideration for such supply) an amount equal to the amount of the VAT (and such Finance Party must promptly provide an appropriate VAT invoice to that Party).

11.8.2 If VAT is or becomes chargeable on any supply made by any Finance Party (the "**Supplier**") to any other Finance Party (the "**Recipient**") under a Finance

Document, and any Party other than the Recipient (the "**Relevant Party**") is required by the terms of any Finance Document to pay an amount equal to the consideration for that supply to the Supplier (rather than being required to reimburse or indemnify the Recipient in respect of that consideration):

- (a) (where the Supplier is the person required to account to the relevant tax authority for the VAT) the Relevant Party must also pay to the Supplier (at the same time as paying that amount) an additional amount equal to the amount of the VAT. The Recipient must (where this paragraph (a) applies) promptly pay to the Relevant Party an amount equal to any credit or repayment the Recipient receives from the relevant tax authority which the Recipient reasonably determines relates to the VAT chargeable on that supply; and
- (b) (where the Recipient is the person required to account to the relevant tax authority for the VAT) the Relevant Party must promptly, following demand from the Recipient pay to the Recipient an amount equal to the VAT chargeable on that supply but only to the extent that the Recipient reasonably determines that it is not entitled to credit or repayment from the relevant tax authority in respect of that VAT.

11.8.3 Where a Finance Document requires any Party to reimburse or indemnify a Finance Party for any cost or expense, that Party shall reimburse or indemnify (as the case may be) such Finance Party for the full amount of such cost or expense, including such part thereof as represents VAT, save to the extent that such Finance Party reasonably determines that it is entitled to credit or repayment in respect of such VAT from the relevant tax authority.

11.8.4 Any reference in this Clause 11.8 to any Party shall, at any time when such Party is treated as a member of a group for VAT purposes, include (where appropriate and unless the context otherwise requires) a reference to the representative member of such group at such time (the term "representative member" to have the same meaning as in the Value Added Tax Act 1994).

11.8.5 In relation to any supply made by a Finance Party to any Party under a Finance Document if reasonably requested by such Finance Party that Party must promptly provide such Finance Party with details of that Party's VAT registration and such other information as is reasonably requested in connection with such Finance Party's VAT reporting requirements in relation to such supply.

11.9 **FATCA Information**

11.9.1 Subject to sub-clause 11.9.3 below, each Party shall, within ten Business Days of a reasonable request by another Party:

- (a) confirm to that other Party whether it is:
 - (i) a FATCA Exempt Party; or
 - (ii) not a FATCA Exempt Party;

- (b) supply to that other Party such forms, documentation and other information relating to its status under FATCA as that other Party reasonably requests for the purposes of that other Party's compliance with FATCA; and
 - (c) supply to that other Party such forms, documentation and other information relating to its status as that other Party reasonably requests for the purposes of that other Party's compliance with any other law, regulation, or exchange of information regime.
- 11.9.2 If a Party confirms to another Party pursuant to paragraph (a) of sub-clause 11.9.1 above that it is a FATCA Exempt Party and it subsequently becomes aware that it is not or has ceased to be a FATCA Exempt Party, that Party shall notify that other Party reasonably promptly.
- 11.9.3 Sub-clause 11.9.1 above shall not oblige any Finance Party to do anything, and paragraph (c) of sub-clause 11.9.1 above shall not oblige any other Party to do anything, which would or might in its reasonable opinion constitute a breach of:
- (a) any law or regulation;
 - (b) any fiduciary duty; or
 - (c) any duty of confidentiality.
- 11.9.4 If a Party fails to confirm whether or not it is a FATCA Exempt Party or to supply forms, documentation or other information requested in accordance with paragraphs (a) or (b) of sub-clause 11.9.1 above (including, for the avoidance of doubt, where sub-clause 11.9.3 above applies), then such Party shall be treated for the purposes of the Finance Documents (and payments under them) as if it is not a FATCA Exempt Party until such time as the Party in question provides the requested confirmation, forms, documentation or other information.

11.10 FATCA Deduction

- 11.10.1 Each Party may make any FATCA Deduction it is required to make by FATCA, and any payment required in connection with that FATCA Deduction, and no Party shall be required to increase any payment in respect of which it makes such a FATCA Deduction or otherwise compensate the recipient of the payment for that FATCA Deduction.
- 11.10.2 Each Party shall promptly, upon becoming aware that it must make a FATCA Deduction (or that there is any change in the rate or the basis of such FATCA Deduction), notify the Party to whom it is making the payment and, in addition, shall notify the Borrower and the Facility Agent and the Facility Agent shall notify the other Finance Parties.

12. INCREASED COSTS

12.1 Increased Costs

Except as provided below in this Clause, the Borrower must pay to a Finance Party the amount of any Increased Cost incurred by that Finance Party or any of its Affiliates as a result of:

- 12.1.1 the introduction of, or any change in, or any change in the interpretation, administration or application of, any law or regulation;
- 12.1.2 compliance with any law or regulation made after the date of this Agreement;
- 12.1.3 the implementation or application of, or compliance with, Basel III or CRD IV or any law or regulation that implements or applies Basel III or CRD IV to the extent such increased costs were not reasonably capable of being accurately calculated prior to the date of this Agreement; or
- 12.1.4 compliance with the Dodd-Frank Wall Street Reform and Consumer Protection Act or any law or regulation made under, or connected with, that Act.

12.2 Exceptions

The Borrower need not make any payment for an Increased Cost to the extent that the Increased Cost is:

- 12.2.1 compensated for under another Clause or would have been but for an exception to that Clause;
- 12.2.2 attributable to a Tax Deduction required by law to be made by the Borrower;
- 12.2.3 compensated for by Clause 11.3 (*Tax indemnity*) (or would have been compensated for under Clause 11.3 (*Tax indemnity*) but was not so compensated solely because any of the exclusions in sub-clause 11.3.2 or 11.3.3 of Clause 11.3 (*Tax indemnity*) applied);
- 12.2.4 attributable to a FATCA Deduction required to be made by a Party;
- 12.2.5 attributable to a Finance Party or its Affiliate wilfully failing to comply with any law or regulation; or
- 12.2.6 attributable to the implementation or application of or compliance with the "International Convergence of Capital Measurement and Capital Standards, a Revised Framework" published by the Basel Committee on Banking Supervision in June 2004 in the form existing on the date of this Agreement (but excluding any amendment arising out of Basel III) ("**Basel II**") or any other law or regulation which implements Basel II (whether such implementation, application or compliance is by a government, regulator, Finance Party or any of its Affiliates).

12.3 Claims

A Finance Party intending to make a claim for an Increased Cost must notify the Borrower promptly of the circumstances giving rise to, and the amount of, the claim.

13. MITIGATION

13.1 Mitigation

13.1.1 Each Finance Party shall, in consultation with the Borrower (other than upon the occurrence of an event referred to at paragraph (d) below where no such consultation is required), take all reasonable steps to mitigate any circumstances which arise and which result or would result in the Facility ceasing to be available or:

- (a) any Tax Payment or Increased Cost being payable to that Finance Party;
- (b) that Finance Party being able to exercise any right of prepayment and/or cancellation under this Agreement by reason of any illegality;
- (c) that Finance Party incurring any cost of complying with the minimum reserve requirements of the European Central Bank; or
- (d) the occurrence of any market disruption event,

including transferring its rights and obligations under the Finance Documents to an Affiliate or changing its Facility Office.

13.1.2 A Finance Party is not obliged to take any step under this Clause 13 if, in the opinion of that Finance Party (acting reasonably), to do so might be prejudicial to it.

13.1.3 Each Finance Party must promptly notify the Borrower of any circumstances as described in paragraphs (a) to (d) of sub-clause 13.1.1 of this Clause 13.1.

13.1.4 The Borrower must indemnify each Finance Party for all costs and expenses reasonably incurred by it as a result of any step taken under this Clause 13.1.

13.1.5 This Clause does not in any way limit the obligations of the Borrower under the Finance Documents.

13.2 Substitution

Notwithstanding Clause 13.1 (*Mitigation*), if any circumstances arise which result in:

- 13.2.1 any Tax Payment or Increased Cost being payable to that Finance Party;
- 13.2.2 that Finance Party being able to exercise any right of prepayment and/or cancellation under this Agreement by reason of any illegality;
- 13.2.3 that Finance Party incurring any cost of complying with the minimum reserve requirements of the European Central Bank; or
- 13.2.4 the occurrence of any market disruption event,

then the Borrower, at its expense, at any time within 180 days after the occurrence of the relevant event or circumstance, so long as no Default is outstanding, may by notice to the Facility Agent and such Finance Party require it (and, if applicable, its Affiliate) to (and

to the extent permitted by law such Finance Party or, if applicable, its Affiliate shall) novate pursuant to Clause 27 (*Changes to the Parties*) all (and not part only) of its rights and obligations under this Agreement to an Eligible Institution (a "**Replacement Finance Party**") which is acceptable to the Facility Agent (acting reasonably) (unless the Facility Agent is an Impaired Agent), which confirms its willingness to assume and does assume all the obligations of the transferring Finance Party (including the assumption of the transferring Finance Party's participations or unfunded participations (as the case may be) on the same basis as the transferring Finance Party) for a purchase price in cash payable at the time of transfer in an amount equal to the outstanding principal amount of such Finance Party's participation in the outstanding Loans and all accrued interest (to the extent that the Facility Agent has not given a notification under Clause 27.9 (*Pro rata interest settlement*)), Break Costs and other amounts payable to such Finance Party under the Finance Documents **provided that**:

- 13.2.5 the Borrower shall have paid to the Finance Party (or, if applicable, its Affiliate) all amounts accrued and owing to such Finance Party (or, if applicable, its Affiliate) hereunder;
- 13.2.6 the Borrower shall have no right to replace the Facility Agent;
- 13.2.7 neither the Facility Agent nor such Finance Party shall have any obligation to the Borrower to find a Replacement Finance Party;
- 13.2.8 the transfer must take place no later than 14 days after the notice referred to above;
- 13.2.9 in no event shall such Finance Party be required to pay or surrender to the Replacement Finance Party any of the fees received by such Finance Party pursuant to the Finance Documents; and
- 13.2.10 the Finance Party shall only be obligated to transfer its rights and obligations pursuant to this Clause 13.2 once it is satisfied that it has complied with all necessary "know your customer requirements" or other similar checks under all applicable laws and regulations in relation to that transfer to the Replacement Finance Party.

Notwithstanding the above, the Borrower shall not be entitled to require a novation under this Clause 13.2 with respect to any Finance Party if:

- 13.2.11 the relevant Finance Party shall have mitigated the effect of the relevant event or circumstance as provided in sub-clause 13.1.1 of Clause 131 (*Mitigation*), and the novation would have no greater or further mitigating effect; or
- 13.2.12 the relevant event or circumstances are applicable to all Finance Parties.

13.3 **Conduct of business by a Finance Party**

No term of this Agreement will:

- 13.3.1 interfere with the right of any Finance Party to arrange its affairs (Tax or otherwise) in whatever manner it thinks fit or oblige any Finance Party to investigate or claim any Tax Credit; or

13.3.2 oblige any Finance Party to disclose any information relating to its affairs (Tax or otherwise) or any computation in respect of Tax.

14. PAYMENTS

14.1 Place

Unless a Finance Document specifies that payments under it are to be made in another manner, all payments by a Party (other than the Facility Agent) under the Finance Documents must be made to the Facility Agent to its account at such office or bank in the principal financial centre of the country of that currency as it may notify to that Party for this purpose by not less than five Business Days' prior notice.

14.2 Funds

Payments under the Finance Documents to the Facility Agent must be made for value on the due date at such times and in such funds as the Facility Agent may specify to the Party concerned as being customary at the time for the settlement of transactions in the relevant currency in the place of payment.

14.3 Distribution

14.3.1 Each payment received by the Facility Agent under the Finance Documents for another Party must, except as provided below, be made available by the Facility Agent to that Party by payment (as soon as practicable after receipt) to its account with such office or bank in the principal financial centre of the country of that currency, as it may notify to that Party for this purpose by not less than five Business Days' prior notice.

14.3.2 The Facility Agent may apply any amount received by it for the Borrower in or towards payment (as soon as practicable after receipt) of any amount due from the Borrower under the Finance Documents or in or towards the purchase of any amount of any currency to be so applied.

14.3.3 Where a sum is paid to the Facility Agent under this Agreement for another Party, the Facility Agent is not obliged to pay that sum to that Party (or enter into or perform any related exchange contract) until it has established that it has actually received it. However, the Facility Agent may assume that the sum has been paid to it, and, in reliance on that assumption, make available to that Party a corresponding amount. Unless sub-clause 14.3.4 applies, if it transpires that the sum has not been received by the Facility Agent, that Party must immediately on demand by the Facility Agent refund any corresponding amount made available to it together with interest on that amount from the date of payment to the date of receipt by the Facility Agent at a rate calculated by the Facility Agent to reflect its cost of funds.

14.3.4 If the Facility Agent has notified the Lenders that it is willing to make available amounts for the account of the Borrower before receiving funds from the Lenders then if and to the extent that the Facility Agent does so but it proves to be the case

that it does not then receive funds from a Lender in respect of a sum which it paid to the Borrower:

- (a) the Borrower shall on demand refund it to the Facility Agent; and
- (b) the Lender by whom those funds should have been made available or, if that Lender fails to do so, the Borrower shall on demand pay to the Facility Agent the amount (as certified by the Facility Agent) which will indemnify the Facility Agent against any funding cost incurred by it as a result of paying out that sum before receiving those funds from that Lender.

14.4 **Currency of account**

14.4.1 Subject to sub-clauses 14.4.2 and 14.4.3 below, Sterling is the currency of account and payment for any sum due from the Borrower under any Finance Document.

14.4.2 Amounts payable in respect of costs and expenses and Taxes are payable in the currency in which they are incurred.

14.4.3 Any amount expressed to be payable in a currency other than Sterling shall be paid in that other currency.

14.5 **No set-off or counterclaim**

All payments made by the Borrower under the Finance Documents must be made without set-off or counterclaim.

14.6 **Business Days**

14.6.1 If a payment under the Finance Documents is due on a day which is not a Business Day, the due date for that payment will instead be the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not) or whatever day the Facility Agent determines is market practice.

14.6.2 During any extension of the due date for payment of any principal (or overdue amount) under this Agreement interest is payable on that principal (or overdue amount) at the rate payable on the original due date.

14.7 **Impaired Agent**

14.7.1 If, at any time, the Facility Agent becomes an Impaired Agent, the Borrower or a Lender which is required to make a payment under the Finance Documents to the Facility Agent in accordance with Clause 14.1 (*Place*) may instead either pay that amount direct to the required recipient or pay that amount to an interest bearing account held with an Acceptable Bank and in relation to which no Insolvency Event has occurred and is continuing, in the name of the Borrower or the Lender making the payment and designated as a trust account for the benefit of the Party or Parties beneficially entitled to that payment under the Finance Documents. In each case such payments must be made on the due date for payment under the Finance Documents.

- 14.7.2 All interest accrued on the amount standing to the credit of the trust account shall be for the benefit of the beneficiaries of that trust account *pro rata* to their respective entitlements.
- 14.7.3 A Party which has made a payment in accordance with this Clause 14.7 shall be discharged of the relevant payment obligation under the Finance Documents and shall not take any credit risk with respect to the amounts standing to the credit of the trust account.
- 14.7.4 Promptly upon the appointment of a successor Facility Agent in accordance with Clause 20.13 (*Replacement of the Facility Agent*), each Party which has made a payment to a trust account in accordance with this Clause 14.7 shall give all requisite instructions to the bank with whom the trust account is held to transfer the amount (together with any accrued interest) to the successor Facility Agent for distribution in accordance with Clause 14.3 (*Distribution*).
- 14.7.5 For the purposes of this Clause 14.7 only, an Acceptable Bank shall include any bank or financial institution approved by the Facility Agent or, if the Facility Agent is an Impaired Agent, the Majority Lenders.

14.8 Partial payments

- 14.8.1 If any Administrative Party receives a payment insufficient to discharge all the amounts then due and payable by the Borrower under the Finance Documents, the Administrative Party must apply that payment towards the obligations of the Borrower under the Finance Documents in the following order:
- (a) **first**, in or towards payment *pro rata* of any unpaid amounts owing to the Administrative Parties under the Finance Documents;
 - (b) **secondly**, in or towards payment *pro rata* of any accrued interest or fee due but unpaid under this Agreement;
 - (c) **thirdly**, in or towards payment *pro rata* of any principal amount due but unpaid under this Agreement; and
 - (d) **fourthly**, in or towards payment *pro rata* of any other sum due but unpaid under the Finance Documents.
- 14.8.2 The Facility Agent must, if so directed by all the Lenders, vary the order set out in paragraphs (b) to (d) of sub-clause 14.8.1 of this Clause 14.8.
- 14.8.3 This Clause will override any appropriation made by the Borrower.

14.9 Timing of payments

If a Finance Document does not provide for when a particular payment is due, that payment will be due within three Business Days of demand by the relevant Finance Party.

18.19 Anti-corruption law

- 18.19.1 The Borrower shall not (and shall ensure that no other member of the Group will) directly or indirectly use the proceeds of the Facility for any purpose which would breach the Bribery Act 2010, the United States Foreign Corrupt Practices Act of 1977 or other similar legislation in other jurisdictions.
- 18.19.2 The Borrower shall (and shall ensure that each other member of the Group will):
- (a) conduct its business in compliance with applicable anti-corruption laws; and
 - (b) maintain policies and procedures designed to promote and achieve compliance with such laws.

19. DEFAULT

19.1 Events of Default

Each of the events set out in this Clause is an Event of Default.

19.2 Non-payment

The Borrower fails to pay any sum payable under any Finance Document when due unless its failure to pay is caused by:

- 19.2.1 administrative or technical error; or
- 19.2.2 a Disruption Event,

and payment is made within five Business Days of its due date.

19.3 Breach of other obligations

- 19.3.1 The Borrower does not perform or comply with its obligations under Clause 17 (*Financial Covenants*), Clause 18.5 (*Negative pledge*), Clause 18.6 (*Disposals*), Clause 18.11 (*Acquisitions*) or Clause 18.18 (*Sanctions*).

- 19.3.3 The Borrower does not perform or comply with any of its other obligations under any Finance Document (other than those referred to in Clause 19.2 (*Non-payment*) and in sub-clause 19.3.1 above) in any material respect or any representation or warranty by the Borrower in this Agreement (other than that referred to in sub-clause 19.3.2 above) or in any document delivered under this Agreement is or proves to have been incorrect when made or deemed repeated, unless the non-compliance or circumstance giving rise to the misrepresentation, as the case may be, is capable of remedy and is not remedied within 15 Business Days of the earlier of the Facility Agent giving notice requiring the same to be remedied and the Borrower becoming aware of such non-compliance or misrepresentation, as the case may be.

19.4 Cross-default

- 19.4.1 Any Financial Indebtedness of the Borrower or any Distribution Company is not paid when due nor within any originally applicable grace period.

19.8 **Licence**

Either:

19.8.1 notice is given to revoke or terminate any Licence unless such termination is being contested in good faith and such notice is revoked or cancelled within 14 days of notice being given; or

19.8.2 any Licence is revoked,

in either case, other than in circumstances which permit the Borrower or the relevant Distribution Company to carry on the distribution business of the relevant Distribution Company either without a licence as a result of any change in the Act or regulatory regime or with a new licence, permitting the distribution of electricity in the authorised areas covered by the relevant Licence, issued under the Act or pursuant to the Utilities Act, 2000.

19.9 **Balancing and Settlement Code**

19.9.1 Any Distribution Company ceases to be a party to the Balancing and Settlement Code Framework Agreement other than in circumstances where that Distribution Company is able to carry on its distribution business.

19.14 **Material Adverse Effect**

Any event or circumstance occurs which has or is reasonably likely to have a Material Adverse Effect.

19.15 **Acceleration**

If an Event of Default is outstanding, the Facility Agent may, and must if so instructed by the Majority Lenders, by notice to the Borrower:

19.15.1 cancel the Total Commitments; and/or

Any notice given under this Clause will take effect in accordance with its terms.

20. **ROLE OF THE FACILITY AGENT AND THE ARRANGER**

20.1 **Appointment of the Facility Agent**

20.1.1 Each of the Arranger and the Lenders appoints the Facility Agent to act as its agent under and in connection with the Finance Documents.

20.1.2 Each of the Arranger and the Lenders authorises the Facility Agent to perform the duties, obligations and responsibilities and to exercise the rights, powers, authorities and discretions specifically given to the Facility Agent under or in connection with the Finance Documents together with any other incidental rights, powers, authorities and discretions.

20.2 **Instructions**

20.2.1 The Facility Agent shall:

- (a) unless a contrary indication appears in a Finance Document, exercise or refrain from exercising any right, power, authority or discretion vested in it as Facility Agent in accordance with any instructions given to it by:

- (i) all Lenders if the relevant Finance Document stipulates the matter is an all Lender decision; and
 - (ii) in all other cases, the Majority Lenders; and
 - (b) not be liable for any act (or omission) if it acts (or refrains from acting) in accordance with paragraph (a) above.
- 20.2.2 The Facility Agent shall be entitled to request instructions, or clarification of any instruction, from the Majority Lenders (or, if the relevant Finance Document stipulates the matter is a decision for any other Lender or group of Lenders, from that Lender or group of Lenders) as to whether, and in what manner, it should exercise or refrain from exercising any right, power, authority or discretion. The Facility Agent may refrain from acting unless and until it receives any such instructions or clarification that it has requested.
- 20.2.3 Save in the case of decisions stipulated to be a matter for any other Lender or group of Lenders under the relevant Finance Document and unless a contrary indication appears in a Finance Document, any instructions given to the Facility Agent by the Majority Lenders shall override any conflicting instructions given by any other Parties and will be binding on all Finance Parties.
- 20.2.4 The Facility Agent may refrain from acting in accordance with any instructions of any Lender or group of Lenders until it has received any indemnification and/or security that it may in its discretion require (which may be greater in extent than that contained in the Finance Documents and which may include payment in advance) for any cost, loss or liability which it may incur in complying with those instructions.
- 20.2.5 In the absence of instructions, the Facility Agent may act (or refrain from acting) as it considers to be in the best interest of the Lenders.
- 20.2.6 The Facility Agent is not authorised to act on behalf of a Lender (without first obtaining that Lender's consent) in any legal or arbitration proceedings relating to any Finance Document.

20.3 Duties of the Facility Agent

- 20.3.1 The Facility Agent's duties under the Finance Documents are solely mechanical and administrative in nature.
 - 20.3.2 Subject to sub-clause 20.3.3 below, the Facility Agent shall promptly forward to a Party the original or a copy of any document which is delivered to the Facility Agent for that Party by any other Party.
 - 20.3.3 Without prejudice to Clause 27.7 (*Copy of Transfer Certificate, Assignment Agreement or Increase Confirmation to the Borrower*), sub-clause 20.3.2 above shall not apply to any Transfer Certificate, Assignment Agreement or Increase Confirmation.
-

- 20.3.4 Except where a Finance Document specifically provides otherwise, the Facility Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.
- 20.3.5 If the Facility Agent receives notice from a Party referring to this Agreement, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the other Finance Parties.
- 20.3.6 If the Facility Agent is aware of the non-payment of any principal, interest, commitment fee or other fee payable to a Finance Party (other than the Facility Agent or the Arranger) under this Agreement it shall promptly notify the other Finance Parties.
- 20.3.7 The Facility Agent shall have only those duties, obligations and responsibilities expressly specified in the Finance Documents to which it is expressed to be a party (and no others shall be implied).

20.4 Role of the Arranger

Except as specifically provided in the Finance Documents, the Arranger has no obligation of any kind to any other Party under or in connection with any Finance Document.

20.5 No fiduciary duties

- 20.5.1 Nothing in any Finance Document constitutes the Facility Agent or the Arranger as a trustee or fiduciary of any other person.
- 20.5.2 Neither the Facility Agent nor the Arranger shall be bound to account to any Lender for any sum or the profit element of any sum received by it for its own account.

20.6 Business with the Group

The Facility Agent and the Arranger may accept deposits from, lend money to and generally engage in any kind of banking or other business with any member of the Group.

20.7 Rights and discretions

- 20.7.1 The Facility Agent may:
- (a) rely on any representation, communication, notice or document believed by it to be genuine, correct and appropriately authorised;
 - (b) assume that:
 - (i) any instructions received by it from the Majority Lenders, any Lenders or any group of Lenders are duly given in accordance with the terms of the Finance Documents; and
 - (ii) unless it has received notice of revocation, that those instructions have not been revoked; and

- (c) rely on a certificate from any person:
 - (i) as to any matter of fact or circumstance which might reasonably be expected to be within the knowledge of that person; or
 - (ii) to the effect that such person approves of any particular dealing, transaction, step, action or thing, as sufficient evidence that that is the case and, in the case of paragraph (i) above, may assume the truth and accuracy of that certificate.
 - 20.7.2 The Facility Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Lenders) that:
 - (a) no Default has occurred (unless it has actual knowledge of a Default arising under Clause 19.2 (*Non-payment*)); and
 - (b) any right, power, authority or discretion vested in any Party or any group of Lenders has not been exercised.
 - 20.7.3 The Facility Agent may engage and pay for the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts.
 - 20.7.4 Without prejudice to the generality of sub-clause 20.7.3 above or sub-clause 20.7.5 below, the Facility Agent may at any time engage and pay for the services of any lawyers to act as independent counsel to the Facility Agent (and so separate from any lawyers instructed by the Lenders) if the Facility Agent in its reasonable opinion deems this to be necessary.
 - 20.7.5 The Facility Agent may rely on the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts (whether obtained by the Facility Agent or by any other Party) and shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of its so relying.
 - 20.7.6 The Facility Agent may act in relation to the Finance Documents through its officers, employees and agents.
 - 20.7.7 Unless a Finance Document expressly provides otherwise the Facility Agent may disclose to any other Party any information it reasonably believes it has received as agent under this Agreement.
 - 20.7.8 Notwithstanding any other provision of any Finance Document to the contrary, neither the Facility Agent nor the Arranger is obliged to do or omit to do anything if it would, or might in its reasonable opinion, constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.
 - 20.7.9 Notwithstanding any provision of any Finance Document to the contrary, the Facility Agent is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties, obligations or responsibilities
-

or the exercise of any right, power, authority or discretion if it has grounds for believing the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

20.8 Responsibility for documentation

Neither the Facility Agent nor the Arranger is responsible or liable for:

- 20.8.1 the adequacy, accuracy or completeness of any information (whether oral or written) supplied by the Facility Agent, the Arranger, the Borrower or any other person in or in connection with any Finance Document or the transactions contemplated in the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;
- 20.8.2 the legality, validity, effectiveness, adequacy or enforceability of any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; or
- 20.8.3 any determination as to whether any information provided or to be provided to any Finance Party is non-public information the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise.

20.9 No duty to monitor

The Facility Agent shall not be bound to enquire:

- 20.9.1 whether or not any Default has occurred;
- 20.9.2 as to the performance, default or any breach by any Party of its obligations under any Finance Document; or
- 20.9.3 whether any other event specified in any Finance Document has occurred.

20.10 Exclusion of liability

20.10.1 Without limiting sub-clause 20.10.2 below (and without prejudice to any other provision of any Finance Document excluding or limiting the liability of the Facility Agent), the Facility Agent will not be liable for:

- (a) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct;
- (b) exercising, or not exercising, any right, power, authority or discretion given to it by, or in connection with, any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, any Finance Document, other than by reason of its gross negligence or wilful misconduct; or

(c) without prejudice to the generality of paragraphs (a) and (b) above, any damages, costs or losses to any person, any diminution in value or any liability whatsoever (but not including any claim based on the fraud of the Facility Agent) arising as a result of:

(i) any act, event or circumstance not reasonably within its control; or

(ii) the general risks of investment in, or the holding of assets in, any jurisdiction,

including (in each case and without limitation) such damages, costs, losses, diminution in value or liability arising as a result of: nationalisation, expropriation or other governmental actions; any regulation, currency restriction, devaluation or fluctuation; market conditions affecting the execution or settlement of transactions or the value of assets (including any Disruption Event); breakdown, failure or malfunction of any third party transport, telecommunications, computer services or systems; natural disasters or acts of God; war, terrorism, insurrection or revolution; or strikes or industrial action.

20.10.2 No Party (other than the Facility Agent) may take any proceedings against any officer, employee or agent of the Agent in respect of any claim it might have against the Facility Agent or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document and any officer, employee or agent of the Facility Agent may rely on this Clause subject to Clause 1.3 (*Third party rights*) and the provisions of the Third Parties Act.

20.10.3 The Facility Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Facility Agent if the Facility Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Facility Agent for that purpose.

20.10.4 Nothing in this Agreement shall oblige the Facility Agent or the Arranger to carry out:

(a) any "know your customer requirements" or other checks in relation to any person; or

(b) any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any Lender or for any Affiliate of any Lender,

on behalf of any Lender and each Lender confirms to the Facility Agent and the Arranger that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Facility Agent or the Arranger.

20.10.5 Without prejudice to any provision of any Finance Document excluding or limiting the Facility Agent's liability, any liability of the Facility Agent arising under or in connection with any Finance Document shall be limited to the amount of actual loss which has been suffered (as determined by reference to the date of default of the Facility Agent or, if later, the date on which the loss arises as a result of such default) but without reference to any special conditions or circumstances known to the Facility Agent at any time which increase the amount of that loss. In no event shall the Facility Agent be liable for any loss of profits, goodwill, reputation, business opportunity or anticipated saving, or for special, punitive, indirect or consequential damages, whether or not the Facility Agent has been advised of the possibility of such loss or damages.

20.11 Lenders' indemnity to the Facility Agent

Each Lender shall (in proportion to its share of the Total Commitments or, if the Total Commitments are then zero, to its share of the Total Commitments immediately prior to their reduction to zero) indemnify the Facility Agent, within three Business Days of demand, against any cost, loss or liability incurred by the Facility Agent (otherwise than by reason of the Facility Agent's gross negligence or wilful misconduct), in acting as Facility Agent under the Finance Documents (unless the Facility Agent has been reimbursed by the Borrower pursuant to a Finance Document).

20.12 Resignation of the Facility Agent

20.12.1 The Facility Agent may resign and appoint one of its Affiliates acting through an office in the United Kingdom as successor by giving notice to the Lenders and the Borrower.

20.12.2 Alternatively the Facility Agent may resign by giving 30 days' notice to the Lenders and the Borrower, in which case the Majority Lenders (after consultation with the Borrower) may appoint a successor Facility Agent.

20.12.3 If the Majority Lenders have not appointed a successor Facility Agent in accordance with sub-clause 20.12.2 above within 20 days after notice of resignation was given, the retiring Facility Agent (after consultation with the Borrower) may appoint a successor Facility Agent (acting through an office in the United Kingdom).

20.12.4 If the Facility Agent wishes to resign because (acting reasonably) it has concluded that it is no longer appropriate for it to remain as agent and the Facility Agent is entitled to appoint a successor Facility Agent under sub-clause 20.12.3 above, the Facility Agent may (if it concludes (acting reasonably) that it is necessary to do so in order to persuade the proposed successor Facility Agent to become a party to this Agreement as Facility Agent) agree with the proposed successor Facility Agent amendments to this Clause 20 and any other term of this Agreement dealing with the rights or obligations of the Facility Agent consistent with then current market practice for the appointment and protection of corporate trustees together with any reasonable amendments to the agency fee payable under this Agreement which are consistent with the successor Facility Agent's normal fee rates and those amendments will bind the Parties.

- 20.12.5 The retiring Facility Agent shall, at its own cost, make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as Facility Agent under the Finance Documents.
- 20.12.6 The Facility Agent's resignation notice shall only take effect upon the appointment of a successor.
- 20.12.7 Upon the appointment of a successor, the retiring Facility Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under sub-clause 20.12.5 above) but shall remain entitled to the benefit of Clause 24.2.3 (*Indemnity to the Facility Agent*) and this Clause 20 (and any agency fees for the account of the retiring Facility Agent shall cease to accrue from (and shall be payable on) that date). Any successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.
- 20.12.8 The Facility Agent shall resign in accordance with sub-clause 20.12.2 above (and, to the extent applicable, shall use reasonable endeavours to appoint a successor Facility Agent pursuant to sub-clause 20.12.3 above) if on or after the date which is three months before the earliest FATCA Application Date relating to any payment to the Facility Agent under the Finance Documents, either:
- (a) the Facility Agent fails to respond to a request under Clause 11.9 (*FATCA Information*) and the Borrower or a Lender reasonably believes that the Facility Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;
 - (b) the information supplied by the Facility Agent pursuant to Clause 11.9 (*FATCA Information*) indicates that the Facility Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date; or
 - (c) the Facility Agent notifies the Borrower and the Lenders that the Facility Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;
- and (in each case) the Borrower or a Lender reasonably believes that a Party will be required to make a FATCA Deduction that would not be required if the Facility Agent were a FATCA Exempt Party, and the Borrower or that Lender, by notice to the Facility Agent, requires it to resign.

20.13 Replacement of the Facility Agent

- 20.13.1 After consultation with the Borrower, the Majority Lenders may, by giving 30 days' notice to the Facility Agent (or, at any time the Facility Agent is an Impaired Agent, by giving any shorter notice determined by the Majority Lenders) replace the Facility Agent by appointing a successor Facility Agent (acting through an office in the United Kingdom).

- 20.13.2 The retiring Facility Agent shall (at its own cost if it is an Impaired Agent and otherwise at the expense of the Lenders) make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as Facility Agent under the Finance Documents.
- 20.13.3 The replacement of the Facility Agent and the appointment of the successor Facility Agent shall take effect on the date specified in the notice from the Majority Lenders to the retiring Facility Agent. As from this date, the retiring Facility Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 20.13 (and any agency fees for the account of the retiring Facility Agent shall cease to accrue from (and shall be payable on) that date).
- 20.13.4 Any successor Facility Agent and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

20.14 Confidentiality

- 20.14.1 In acting as agent for the Finance Parties, the Facility Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.
- 20.14.2 If information is received by another division or department of the Facility Agent, it may be treated as confidential to that division or department and the Facility Agent shall not be deemed to have notice of it.

20.15 Relationship with the Lenders

- 20.15.1 The Facility Agent may treat the person shown in its records as Lender at the opening of business (in the place of the Facility Agent's principal office as notified to the Finance Parties from time to time) as the Lender acting through its Facility Office:
- (a) entitled to or liable for any payment due under any Finance Document on that day; and
 - (b) entitled to receive and act upon any notice, request, document or communication or make any decision or determination under any Finance Document made or delivered on that day,
- unless it has received not less than five Business Days' prior notice from that Lender to the contrary in accordance with the terms of this Agreement.
- 20.15.2 Any Lender may by notice to the Facility Agent appoint a person to receive on its behalf all notices, communications, information and documents to be made or despatched to that Lender under the Finance Documents. Such notice shall contain the address, fax number and (where communication by electronic mail or other electronic means is permitted under Clause 34.4 (*Electronic communication*))

electronic mail address and/or any other information required to enable the transmission of information by that means (and, in each case, the department or officer, if any, for whose attention communication is to be made) and be treated as a notification of a substitute address, fax number, electronic mail address (or such other information), department and officer by that Lender for the purposes of Clause 34.2 (*Contact Details*) and paragraph (b) of sub-clause 34.4.1 and the Facility Agent shall be entitled to treat such person as the person entitled to receive all such notices, communications, information and documents as though that person were that Lender.

20.16 Credit appraisal by the Lenders

Without affecting the responsibility of the Borrower for information supplied by it or on its behalf in connection with any Finance Document, each Lender confirms to the Facility Agent and the Arranger that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

- 20.16.1 the financial condition, status and nature of each member of the Group;
- 20.16.2 the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;
- 20.16.3 whether that Lender has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and
- 20.16.4 the adequacy, accuracy or completeness of any information provided by the Facility Agent, any Party or by any other person under or in connection with any Finance Document, the transactions contemplated by any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document.

20.17 Facility Agent's management time

Any amount payable to the Facility Agent under Clause 24.2.3 (*Indemnity to the Facility Agent*), Clause 25 (*Expenses*) and Clause 20.11 (*Lenders' indemnity to the Facility Agent*) shall include the cost of utilising the Facility Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Facility Agent may notify to the Borrower and the Lenders, and is in addition to any fee paid or payable to the Facility Agent under Clause 23 (*Fees*).

20.18 Deduction from amounts payable by the Facility Agent

If any Party owes an amount to the Facility Agent under the Finance Documents the Facility Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Facility Agent would otherwise be obliged to

make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

21. CONDUCT OF BUSINESS BY THE FINANCE PARTIES

No provision of this Agreement will:

- 21.1.1 interfere with the right of any Finance Party to arrange its affairs (tax or otherwise) in whatever manner it thinks fit;
- 21.1.2 oblige any Finance Party to investigate or claim any credit, relief, remission or repayment available to it or the extent, order and manner of any claim; or
- 21.1.3 oblige any Finance Party to disclose any information relating to its affairs (tax or otherwise) or any computations in respect of Tax.

22. EVIDENCE AND CALCULATIONS

22.1 Accounts

Accounts maintained by a Finance Party in connection with this Agreement are *prima facie* evidence of the matters to which they relate for the purpose of any litigation or arbitration proceedings.

22.2 Certificates and determinations

Any certification or determination by a Finance Party of a rate or amount under the Finance Documents will be, in the absence of manifest error, conclusive evidence of the matters to which it relates.

22.3 Calculations

Any interest or fee accruing under this Agreement accrues from day to day and is calculated on the basis of the actual number of days elapsed and a year of 365 days or otherwise, depending on what the Facility Agent determines is market practice.

23. FEES

23.1 Agency fee

The Borrower must pay to the Facility Agent for its own account an annual agency fee in the manner agreed between the Facility Agent and the Borrower.

23.2 Upfront fees

The Borrower must pay the upfront fees in the manner agreed between the relevant Administrative Parties and the Borrower.

23.3 Commitment fee

- 23.3.1 The Borrower must pay a commitment fee computed at the rate of 35 per cent. of the applicable Margin on the undrawn, uncanceled amount of each Lender's Commitment for the Availability Period calculated from the date of this Agreement.
- 23.3.2 The commitment fee is payable quarterly in arrear during the Availability Period and on the last day of the Availability Period. Accrued commitment fee is also payable to the Facility Agent for a Lender on the date its Commitment is cancelled in full.
- 23.3.3 No commitment fee is payable to the Facility Agent (for the account of a Lender) on any Available Commitment of that Lender for any day on which that Lender is a Defaulting Lender.

24. OTHER INDEMNITIES

24.1 Currency indemnity

- 24.1.1 The Borrower must, as an independent obligation, indemnify each Finance Party against any loss or liability which that Finance Party incurs as a consequence of:
- (a) that Finance Party receiving an amount in respect of the Borrower's liability under the Finance Documents; or
 - (b) that liability being converted into a claim, proof, judgment or order,
- in a currency other than the currency in which the amount is expressed to be payable under the relevant Finance Document.
- 24.1.2 Unless otherwise required by law, the Borrower waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency other than that in which it is expressed to be payable.

24.2 Other indemnities

The Borrower shall within 15 days of demand indemnify the Facility Agent and each Lender against any funding or other cost, loss, expense or liability in an amount certified by it in reasonable detail (together with documentation in support) sustained or incurred by it as a direct result of:

- 24.2.1 the occurrence of any Event of Default;
- 24.2.2 (other than by reason of negligence or default by a Finance Party) a Loan not being made after a Request has been delivered for that Loan; or
- 24.2.3 the receipt or recovery by any party (or the Facility Agent on its behalf) of all or any part of a Loan or overdue sum due from the Borrower otherwise than on the Final Maturity Date or, in the case of an overdue sum, the last day of an interest period relating to that overdue sum, as the case may be or a Loan or any part thereof not being prepaid in accordance with a notice of prepayment.

24.3 Indemnity to the Facility Agent

The Borrower shall promptly indemnify the Facility Agent against any cost, loss or liability incurred by the Facility Agent (acting reasonably) as a result of:

24.3.1 investigating any event which it reasonably believes is a Default;

24.3.2 acting or relying on any notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised; or

24.3.3 instructing lawyers, accountants, tax advisers, surveyors or other professional advisers or experts as permitted under this Agreement.

25. **EXPENSES**

25.1 **Initial costs**

The Borrower must pay to each Administrative Party promptly on demand the amount of all costs and expenses (including legal fees) reasonably incurred by it in connection with the negotiation, preparation, printing, execution and syndication of the Finance Documents.

25.2 **Subsequent costs**

The Borrower must pay to the Facility Agent promptly on demand the amount of all costs and expenses (including legal fees) reasonably incurred by it in connection with:

25.2.1 the negotiation, preparation, printing and execution of any Finance Document (other than a Transfer Certificate or Assignment Agreement) executed after the date of this Agreement; and

25.2.2 any amendment, waiver or consent requested by or on behalf of the Borrower or specifically allowed by this Agreement.

25.3 **Enforcement costs**

The Borrower must pay to each Finance Party the amount of all costs and expenses (including legal fees) incurred by it in connection with the enforcement of, or the preservation of any rights under, any Finance Document.

26. **AMENDMENTS AND WAIVERS**

26.1 **Procedure**

26.1.1 Except as provided in this Clause 26, any term of the Finance Documents may be amended or waived with the agreement of the Borrower and the Majority Lenders. The Facility Agent may effect, on behalf of any Finance Party, an amendment or waiver allowed under this Clause.

26.1.2 The Facility Agent must promptly notify the other Parties of any amendment or waiver effected by it under sub-clause 26.1.1 above. Any such amendment or waiver is binding on all the Parties.

26.1.3 Sub-clause 27.9.3 (*Pro rata interest settlement*) shall apply to this Clause 26.

26.2 Exceptions

26.2.1 An amendment or waiver that has the effect of changing or which relates to:

- (a) the definition of Majority Lenders in Clause 1.1 (*Definitions*);
- (b) an extension of the date of payment of any amount to a Lender under the Finance Documents;
- (c) a reduction in the Margin or a reduction in the amount of any payment of principal, interest, fee or other amount payable to a Lender under the Finance Documents;
- (d) an increase in a Commitment or the Total Commitments, an extension of the Availability Period or any requirement that a cancellation of Commitments reduces the Commitments of the Lenders rateably under the Facility;
- (e) a term of a Finance Document which expressly requires the consent of each Lender;
- (f) the right of a Lender to assign or transfer its rights or obligations under the Finance Documents;
- (g) Clause 7.1 (*Mandatory prepayment – illegality*), Clause 7.2 (*Mandatory prepayment – change of control*), sub-clause 7.3.3 of Clause 7.3 (*Voluntary prepayment*) or Clause 31 (*Pro rata sharing*);
- (h) Clause 15.20 (*Sanctions*) or 18.18 (*Sanctions*); or
- (i) this Clause 26 (*Amendments and Waivers*), Clause 36 (*Governing law*) or Clause 37 (*Enforcement*),

may only be made with the consent of all the Lenders.

26.3 Other exceptions

An amendment or waiver which relates to the rights or obligations of the Facility Agent or the Arranger (each in their capacity as such) may not be effected without the consent of the Facility Agent or the Arranger, as the case may be.

26.4 Disenfranchisement of Defaulting Lenders

26.4.1 For so long as a Defaulting Lender has any Available Commitment, in ascertaining the Majority Lenders or whether any given percentage (including, for the avoidance of doubt, unanimity) of the Total Commitments has been obtained to approve any request for a consent, waiver, amendment or other vote under the Finance Documents, that Defaulting Lender's Commitments will be reduced by the amount of its Available Commitment.

26.4.2 For the purposes of this Clause 26.3, the Facility Agent may assume that the following Lenders are Defaulting Lenders:

- (a) any Lender which has notified the Facility Agent that it has become a Defaulting Lender;
- (b) any Lender in relation to which it is aware that any of the events or circumstances referred to in paragraphs (a), (b) or (c) of the definition of "Defaulting Lender" has occurred where, in the case of the events or circumstances referred to in paragraph (a), none of the exceptions to that paragraph apply,

unless it has received notice to the contrary from the Lender concerned (together with any supporting evidence reasonably requested by the Facility Agent) or the Facility Agent is otherwise aware that the Lender has ceased to be a Defaulting Lender.

26.5 Replacement of a Defaulting Lender

26.5.1 The Borrower may, at any time a Lender has become and continues to be a Defaulting Lender, by giving 10 Business Days' prior written notice to the Facility Agent and such Lender, replace such Lender by requiring such Lender to (and to the extent permitted by law such Lender shall) transfer pursuant to Clause 27 (*Changes to the Parties*) all (and not part only) of its rights and obligations under this Agreement to an Eligible Institution (a "**Replacement Lender**") which is acceptable to the Facility Agent (acting reasonably) (unless the Facility Agent is an Impaired Agent), which confirms its willingness to assume and does assume all the obligations or all the relevant obligations of the transferring Lender (including the assumption of the transferring Lender's participations or unfunded participations (as the case may be) on the same basis as the transferring Lender) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Lender's participation in the outstanding Loans and all accrued interest (to the extent that the Facility Agent has not given a notification under Clause 27.9 (*Pro rata interest settlement*)), Break Costs and other amounts payable in relation thereto under the Finance Documents.

26.5.2 Any transfer of rights and obligations of a Defaulting Lender pursuant to this Clause shall be subject to the following conditions:

- (a) the Borrower shall have no right to replace the Facility Agent;
- (b) neither the Facility Agent nor the Defaulting Lender shall have any obligation to the Borrower to find a Replacement Lender;
- (c) the transfer must take place no later than 14 days after the notice referred to in sub-clause 26.5.1 above; and
- (d) in no event shall the Defaulting Lender be required to pay or surrender to the Replacement Lender any of the fees received by the Defaulting Lender pursuant to the Finance Documents.

26.6 Change of currency

If a change in any currency of a country occurs (including where there is more than one currency or currency unit recognised at the same time as the lawful currency of a country), the Finance Documents will be amended to the extent the Facility Agent (acting reasonably and after consultation with the Borrower) determines is necessary to reflect the change.

26.7 Waivers and remedies cumulative

No failure to exercise, nor any delay in exercising, on the part of any Finance Party, any right or remedy under a Finance Document shall operate as a waiver of any such right or remedy or constitute an election to affirm any of the Finance Documents. No election to affirm any Finance Document on the part of any Finance Party shall be effective unless it is in writing. No single or partial exercise of any right or remedy shall prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in each Finance Document are cumulative and not exclusive of any rights or remedies provided by law.

27. CHANGES TO THE PARTIES

27.1 Assignments and transfers by the Borrower

The Borrower may not assign or transfer any of its rights and obligations under the Finance Documents without the prior consent of all the Lenders.

27.2 Assignments and transfers by Lenders

27.2.1 A Lender (the "**Existing Lender**") may, subject to the following provisions of this Clause 27, at any time assign or transfer (including by way of novation) any of its rights and obligations under this Agreement to any bank, financial institution or trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (the "**New Lender**").

27.2.2 Unless the Borrower and the Facility Agent otherwise agree, an assignment or transfer of part of a Commitment or rights and obligations under this Agreement by the Existing Lender must be in a minimum amount of £5,000,000.

27.2.3 An Existing Lender must consult with the Borrower for no more than five Business Days before it may make an assignment or transfer unless:

- (a) the New Lender is another Lender or an Affiliate of a Lender; or
- (b) an Event of Default has occurred and is outstanding.

27.2.4 The Facility Agent is not obliged to execute a Transfer Certificate or Assignment Agreement until it has completed all "know your customer requirements" to its satisfaction. The Facility Agent must promptly notify the Existing Lender and the New Lender if there are any such requirements.

- 27.2.5 An assignment of rights or a transfer of rights and obligations will be effective only if either:
- (a) the obligations are novated in accordance with the following provisions of this Clause 27; or
 - (b) the New Lender confirms to the Facility Agent and the Borrower in form and substance satisfactory to the Facility Agent that it is bound by the terms of this Agreement as a Lender. On the assignment or transfer becoming effective in this manner the Existing Lender will be released from its rights and obligations under this Agreement to the extent that they are transferred to, or assigned to and assumed by, the New Lender.
- 27.2.6 Unless the Facility Agent otherwise agrees, the New Lender must pay to the Facility Agent for its own account, on or before the date any assignment or transfer occurs, a fee of £1,750.
- 27.2.7 Any reference in this Agreement to a Lender includes a New Lender but excludes a Lender if no amount is or may be owed to or by it under this Agreement.

27.3 Procedure for transfer by way of novations

- 27.3.1 A novation is effected if:
- (a) the Existing Lender and the New Lender deliver to the Facility Agent a duly completed Transfer Certificate; and
 - (b) the Facility Agent executes it.

Subject to sub-clause 27.2.4 of Clause 27.2 (*Assignments and transfers by Lenders*), the Facility Agent must execute as soon as reasonably practicable a Transfer Certificate delivered to it and which appears on its face to be in order.

- 27.3.2 Each Party (other than the Existing Lender and the New Lender) irrevocably authorises the Facility Agent to execute any duly completed Transfer Certificate on its behalf.
- 27.3.3 Subject to Clause 27.9 (*Pro rata interest settlement*), on the Transfer Date:
- (a) the New Lender will assume the rights and obligations of the Existing Lender expressed to be the subject of the novation in the Transfer Certificate in substitution for the Existing Lender; and
 - (b) the Existing Lender will be released from those obligations and cease to have those rights.

27.4 Procedure for assignment

- 27.4.1 Subject to the conditions set out in Clause 27.2 (*Assignment and transfers by Lenders*), an assignment may be effected in accordance with sub-clause 27.4.2 below when the Facility Agent executes an otherwise duly completed Assignment

Agreement delivered to it by the Existing Lender and the New Lender. The Facility Agent shall, subject to sub-clause 27.2.4, as soon as reasonably practicable after receipt by it of a duly completed Assignment Agreement appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Assignment Agreement.

27.4.2 Subject to Clause 27.9 (*Pro rata interest settlement*), on the Transfer Date:

- (a) the Existing Lender will assign absolutely to the New Lender the rights under the Finance Documents expressed to be the subject of the assignment in the Assignment Agreement;
- (b) the Existing Lender will be released by the Borrower and the other Finance Parties from the obligations owed by it (the "**Relevant Obligations**") and expressed to be the subject of the release in the Assignment Agreement; and
- (c) the New Lender shall become a Party as a "Lender" and will be bound by obligations equivalent to the Relevant Obligations.

27.4.3 Lenders may utilise procedures other than those set out in this Clause 27.4 to assign their rights under the Finance Documents (but not, without the consent of the Borrower or unless in accordance with Clause 27.4 (*Procedure for transfer by way of novation*), to obtain a release by the Borrower from the obligations owed to the Borrower by the Lenders nor the assumption of equivalent obligations by a New Lender) provided that they comply with the conditions set out in Clause 27.2 (*Assignments and transfers by Lenders*).

27.5 Limitation of responsibility of Existing Lender

27.5.1 Unless expressly agreed to the contrary, an Existing Lender is not responsible to a New Lender for the legality, validity, adequacy, accuracy, completeness or performance of:

- (a) any Finance Document or any other document; or
- (b) any statement or information (whether written or oral) made in or supplied in connection with any Finance Document,

and any representations or warranties implied by law are excluded.

27.5.2 Each New Lender confirms to the Existing Lender and the other Finance Parties that it:

- (a) has made, and will continue to make, its own independent appraisal of all risks arising under or in connection with the Finance Documents (including the financial condition and affairs of the Borrower and its related entities and the nature and extent of any recourse against any Party or its assets) in connection with its participation in this Agreement; and

- (b) has not relied exclusively on any information supplied to it by the Existing Lender in connection with any Finance Document.

27.5.3 Nothing in any Finance Document requires an Existing Lender to:

- (a) accept a re-transfer or re-assignment from a New Lender of any of the rights and obligations assigned or transferred under this Clause; or
- (b) support any losses incurred by the New Lender by reason of the non-performance by the Borrower of its obligations under any Finance Document or otherwise.

27.6 Costs resulting from change of Lender or Facility Office

27.6.1 If:

- (a) a Lender assigns or transfers any of its rights and obligations under the Finance Documents or changes its Facility Office; and
- (b) as a result of circumstances existing at the date the assignment, transfer or change occurs, the Borrower would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 11 (*Tax gross-up and indemnities*) or Clause 12 (*Increased costs*),

then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under those Clauses to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred.

27.6.2 This Clause 27.6 shall not apply in relation to Clause 11.2 (*Tax gross-up*), to a Treaty Lender that has included an indication to the effect that it wishes the HMRC DT Treaty Passport scheme to apply to this Agreement in accordance with sub-clause 11.6.1 of Clause 11.6 (*HMRC DT Treaty Passport scheme confirmation*) if the Borrower making the payment has not complied with its obligations under sub-clause 11.6.2 of Clause 11.6 (*HMRC DT Treaty Passport scheme confirmation*).

27.7 Copy of Transfer Certificate, Assignment Agreement or Increase Confirmation to Borrower

The Facility Agent shall, as soon as reasonably practicable after it has executed a Transfer Certificate, Assignment Agreement or an Increase Confirmation, send to the Borrower a copy of that Transfer Certificate, Assignment Agreement or Increase Confirmation.

27.8 Security over Lenders' rights

In addition to the other rights provided to Lenders under this Clause 27, each Lender may without consulting with or obtaining consent from the Borrower, at any time charge, assign or otherwise create security in or over (whether by way of collateral or otherwise) all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

27.8.1 any charge, assignment or other security to secure obligations to a federal reserve, central bank, governmental authority, agency or department (including Her Majesty's Treasury); and

27.8.2 any charge, assignment or other security granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

except that no such charge, assignment or security shall:

- (a) release a Lender from any of its obligations under the Finance Documents or substitute the beneficiary of the relevant charge, assignment or other security for the Lender as a party to any of the Finance Documents; or
- (b) require any payments to be made by the Borrower or grant to any person any more extensive rights than those required to be made or granted to the relevant Lender under the Finance Documents.

27.9 Pro rata interest settlement

27.9.1 If the Facility Agent has notified the Lenders that it is able to distribute interest payments on a "*pro rata basis*" to Existing Lenders and New Lenders then (in respect of any transfer pursuant to Clause 27.3 (*Procedure for transfer by way of novations*) or any assignment pursuant to Clause 27.4 (*Procedure for assignment*) the Transfer Date of which, in each case, is after the date of such notification and is not on the last day of a Term):

- (a) any interest or fees in respect of the relevant participation which are expressed to accrue by reference to the lapse of time shall continue to accrue in favour of the Existing Lender up to but excluding the Transfer Date ("**Accrued Amounts**") and shall become due and payable to the Existing Lender (without further interest accruing on them) on the last day of the current Term (or, if the Term is longer than six months, on the next of the dates which falls at six monthly intervals after the first day of that Term); and
- (b) the rights transferred by the Existing Lender will not include the right to the Accrued Amounts, so that, for the avoidance of doubt:
 - (i) when the Accrued Amounts become payable, those Accrued Amounts will be payable to the Existing Lender; and
 - (ii) the amount payable to the New Lender on that date will be the amount which would, but for the application of this Clause 27.9, have been payable to it on that date, but after deduction of the Accrued Amounts.

27.9.2 In this Clause 27.9 references to "Term" shall be construed to include a reference to any other period for accrual of fees.

27.9.3 An Existing Lender which retains the right to the Accrued Amounts pursuant to this Clause 27.9 but which does not have a Commitment shall be deemed not to be a Lender for the purposes of ascertaining whether the agreement of any specified group of Lenders has been obtained to approve any request for a consent, waiver, amendment or other vote of Lenders under the Finance Documents.

27.10 Disenfranchisement of Debt Purchase Transactions entered into by Relevant Persons

27.10.1 For so long as a Holding Company of the Borrower or any of such Holding Company's Affiliates other than a member of the Group (a "**Relevant Person**") (i) beneficially owns a Commitment or (ii) has entered into a sub-participation agreement relating to a Commitment or other agreement or arrangement having a substantially similar economic effect and such agreement or arrangement has not been terminated:

- (a) in ascertaining the Majority Lenders or whether any given percentage (including for the avoidance of doubt, unanimity) of the Total Commitments has been obtained to approve any request for a consent, waiver, amendment or other vote under the Finance Documents such Commitment shall be deemed to be zero; and
- (b) for the purposes of Clause 26.2 (*Exceptions*), such Relevant Person or the person with whom it has entered into such sub-participation, other agreement or arrangement shall be deemed not to be a Lender (unless in the case of a person not being a Relevant Person it is a Lender by a virtue otherwise than by beneficially owning the relevant Commitment).

27.10.2 Each Lender shall, unless such Debt Purchase Transaction is an assignment or transfer, promptly notify the Facility Agent in writing if it knowingly enters into a Debt Purchase Transaction with a Relevant Person (a "**Notifiable Debt Purchase Transaction**"), such notification to be substantially in the form set out in Part I of Schedule 9 (*Forms of Notifiable Debt Purchase Transaction Notice*).

27.10.3 A Lender shall promptly notify the Facility Agent if a Notifiable Debt Purchase Transaction to which it is a party:

- (a) is terminated; or
- (b) ceases to be with a Relevant Person,

such notification to be substantially in the form set out in Part II of the Schedule 9 (*Forms of Notifiable Debt Purchase Transaction Notice*).

27.10.4 Each Relevant Person that is a Lender agrees that:

- (a) in relation to any meeting or conference call to which all the Lenders are invited to attend or participate, it shall not attend or participate in the same if so requested by the Facility Agent or, unless the Facility Agent otherwise agrees, be entitled to receive the agenda or any minutes of the same; and

- (b) in its capacity as Lender, unless the Facility Agent otherwise agrees, it shall not be entitled to receive any report or other document prepared at the request of, or on the instructions of, the Facility Agent or one or more of the Lenders.

28. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

28.1 Confidential Information

Each Finance Party agrees to keep all Confidential Information confidential and not to disclose it to anyone, save to the extent permitted by Clause 28.2 (*Disclosure of Confidential Information*) and Clause 28.3 (*Disclosure to numbering service providers*), and to ensure that all Confidential Information is protected with security measures and a degree of care that would apply to its own confidential information.

28.2 Disclosure of Confidential Information

Any Finance Party may disclose:

28.2.1 to any of its Affiliates and Related Funds and any of its or their officers, directors, employees, professional advisers, auditors, partners and Representatives such Confidential Information as that Finance Party shall consider appropriate if any person to whom the Confidential Information is to be given pursuant to this sub-clause 28.2.1 is informed in writing of its confidential nature and that some or all of such Confidential Information may be price-sensitive information except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of the information or is otherwise bound by requirements of confidentiality in relation to the Confidential Information;

28.2.2 to any person:

- (a) to (or through) whom it assigns or transfers (or may potentially assign or transfer) all or any of its rights and/or obligations under one or more Finance Documents or which succeeds (or which may potentially succeed) it as Facility Agent, and in each case to any of that person's Affiliates, Related Funds, Representatives and professional advisers;
- (b) with (or through) whom it enters into (or may potentially enter into), whether directly or indirectly, any sub-participation in relation to, or any other transaction under which payments are to be made or may be made by reference to, one or more Finance Documents and/or the Borrower and to any of that person's Affiliates, Related Funds, Representatives and professional advisers;
- (c) appointed by any Finance Party or by a person to whom paragraphs (a) or (b) of sub-clause 28.2.2 above applies to receive communications, notices, information or documents delivered pursuant to the Finance Documents on its behalf;

- (d) who invests in or otherwise finances (or may potentially invest in or otherwise finance), directly or indirectly, any transaction referred to in paragraphs (a) or (b) of sub-clause 28.2.2 above;
- (e) to whom information is required or requested to be disclosed by any court of competent jurisdiction or any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation;
- (f) to whom or for whose benefit that Finance Party charges, assigns or otherwise creates security (or may do so) pursuant to Clause 27.8 (*Security over Lenders' rights*);
- (g) to whom information is required to be disclosed in connection with, and for the purposes of, any litigation, arbitration, administrative or other investigations, proceedings or disputes;
- (h) who is a Party; or
- (i) with the consent of the Borrower;

in each case, such Confidential Information as that Finance Party shall consider appropriate if:

- (i) in relation to paragraphs (a), (b) and (c) of sub-clause 28.2.2 above, the person to whom the Confidential Information is to be given has entered into a Confidentiality Undertaking except that there shall be no requirement for a Confidentiality Undertaking if the recipient is a professional adviser and is subject to professional obligations to maintain the confidentiality of the Confidential Information;
- (ii) in relation to paragraph (d) of sub-clause 28.2.2 above, the person to whom the Confidential Information is to be given has entered into a Confidentiality Undertaking or is otherwise bound by requirements of confidentiality in relation to the Confidential Information they receive and is informed that some or all of such Confidential Information may be price-sensitive information;
- (iii) in relation to paragraphs (e), (f) and (g) of sub-clause 28.2.2 above, the person to whom the Confidential Information is to be given is informed of its confidential nature and that some or all of such Confidential Information may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of that Finance Party, it is not practicable so to do in the circumstances;

28.2.3 to any person appointed by that Finance Party or by a person to whom paragraph (a) or (b) of sub-clause 28.2.2 above applies to provide administration or settlement services in respect of one or more of the Finance Documents including without limitation, in relation to the trading of participations in respect of the Finance

Documents, such Confidential Information as may be required to be disclosed to enable such service provider to provide any of the services referred to in this sub-clause 28.2.3 if the service provider to whom the Confidential Information is to be given has entered into a confidentiality agreement substantially in the form of the LMA Master Confidentiality Undertaking for Use With Administration/Settlement Service Providers or such other form of confidentiality undertaking agreed between the Borrower and the relevant Finance Party; and

- 28.2.4 to any rating agency (including its professional advisers) such Confidential Information as may be required to be disclosed to enable such rating agency to carry out its normal rating activities in relation to the Finance Documents and/or the Borrower if the rating agency to whom the Confidential Information is to be given is informed of its confidential nature and that some or all of such Confidential Information may be price-sensitive information.

28.3 Disclosure to numbering service providers

28.3.1 Any Finance Party may disclose to any national or international numbering service provider appointed by that Finance Party to provide identification numbering services in respect of this Agreement, the Facility and/or the Borrower the following information:

- (a) name of the Borrower;
- (b) country of domicile of the Borrower;

- (m) changes to any of the information previously supplied pursuant to paragraphs (a) to (l) above; and
- (n) such other information agreed between such Finance Party and the Borrower,

to enable such numbering service provider to provide its usual syndicated loan numbering identification services.

28.3.2 The Parties acknowledge and agree that each identification number assigned to this Agreement, the Facility and/or the Borrower by a numbering service provider and the information associated with each such number may be disclosed to users of its services in accordance with the standard terms and conditions of that numbering service provider.

28.3.3 The Borrower represents that none of the information set out in paragraphs (a) to (n) of sub-clause 28.3.1 above is, nor will at any time be, unpublished price-sensitive information.

28.3.4 The Facility Agent shall notify the Borrower and the other Finance Parties of:

- (b) the number or, as the case may be, numbers assigned to this Agreement, the Facility and/or the Borrower by such numbering service provider.

29. CONFIDENTIALITY OF FUNDING RATES

29.1 Confidentiality and disclosure

29.1.1 The Facility Agent and the Borrower agree to keep each Funding Rate confidential and not to disclose it to anyone, save to the extent permitted by sub-clauses 29.1.2 and 29.1.3 below.

29.1.2 The Facility Agent may disclose:

- (a) any Funding Rate to the Borrower pursuant to Clause 8.4 (*Notification of rates of interest*); and
- (b) any Funding Rate to any person appointed by it to provide administration services in respect of one or more of the Finance Documents to the extent necessary to enable such service provider to provide those services if the service provider to whom that information is to be given has entered into a confidentiality agreement substantially in the form of the LMA Master Confidentiality Undertaking for Use With Administration/Settlement Service Providers or such other form of confidentiality undertaking agreed between the Facility Agent and the relevant Lender.

29.1.3 The Facility Agent and the Borrower may disclose any Funding Rate to:

- (a) any of its Affiliates and any of its or their officers, directors, employees, professional advisers, auditors, partners and Representatives if any person to whom that Funding Rate is to be given pursuant to this paragraph (a) is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no such requirement to so

inform if the recipient is subject to professional obligations to maintain the confidentiality of that Funding Rate or is otherwise bound by requirements of confidentiality in relation to it;

- (b) any person to whom information is required or requested to be disclosed by any court of competent jurisdiction or any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation if the person to whom that Funding Rate is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the Borrower it is not practicable to do so in the circumstances;
- (c) any person to whom information is required to be disclosed in connection with, and for the purposes of, any litigation, arbitration, administrative or other investigations, proceedings or disputes if the person to whom that Funding Rate is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the Borrower it is not practicable to do so in the circumstances; and
- (d) any person with the consent of the relevant Lender.

29.2 Related obligations

29.2.1 The Facility Agent and the Borrower acknowledge that each Funding Rate is or may be price-sensitive information and that its use may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse and the Facility Agent and the Borrower undertake not to use any Funding Rate for any unlawful purpose.

29.2.2 The Facility Agent and the Borrower agree (to the extent permitted by law and regulation) to inform the relevant Lender:

- (a) of the circumstances of any disclosure made pursuant to paragraph (b) of sub-clause 29.1.3 except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and
- (b) upon becoming aware that any information has been disclosed in breach of this Clause 29.

29.3 No Event of Default

No Event of Default will occur under Clause 19.3 (*Breach of other obligations*) by reason only of the Borrower's failure to comply with this Clause 29.

30. SET-OFF

A Finance Party may set off any matured obligation owed to it by the Borrower under the Finance Documents (to the extent beneficially owned by that Finance Party) against any obligation (whether or not matured) owed by that Finance Party to the Borrower, regardless of the place of payment, booking branch or currency of either obligation. If the obligations are in different currencies, the Finance Party may convert either obligation at a market rate of exchange in its usual course of business for the purpose of the set-off.

31. PRO RATA SHARING

31.1 Payments to Finance Parties

If a Finance Party (a "**Recovering Finance Party**") receives or recovers any amount from the Borrower other than in accordance with Clause 14 (*Payments*) (a "**Recovery**") and applies that amount to a payment due under the Finance Documents then:

31.1.1 the Recovering Finance Party must, within three Business Days, supply details of the Recovery to the Facility Agent;

31.1.2 the Facility Agent must calculate whether the receipt or recovery is in excess of the amount which the Recovering Finance Party would have received if the receipt or recovery had been received or made by the Facility Agent and distributed in accordance with Clause 14 (*Payments*), without taking account of any Tax which would have been imposed on the Facility Agent in relation to the receipt, recovery or redistribution; and

31.1.3 the Recovering Finance Party shall, within three Business Days of demand by the Facility Agent, pay to the Facility Agent an amount (the "**Redistribution**") equal to such receipt or recovery less any amount which the Facility Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 14.8 (*Partial payments*).

31.2 Redistribution of payments

The Facility Agent shall treat the Redistribution as if it had been paid by the Borrower and distribute it between the Finance Parties (other than the Recovering Finance Party) (the "**Sharing Finance Parties**") in accordance with Clause 14.8 (*Partial payments*) towards the obligations of the Borrower to the Sharing Finance Parties.

31.3 Recovering Finance Party's rights

On a distribution by the Facility Agent under Clause 31.2 (*Redistribution of payments*) of a payment received by a Recovering Finance Party from the Borrower, as between the Borrower and the Recovering Finance Party, an amount of the Recovery equal to the Redistribution will be treated as not having been paid by the Borrower.

31.4 Reversal of Redistribution

If any part of the Redistribution received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

31.4.1 each Sharing Finance Party shall, upon request of the Facility Agent, pay to the Facility Agent for the account of that Recovering Finance Party an amount equal to the appropriate part of its share of the Redistribution (together with an amount as is necessary to reimburse that Recovering Finance Party for its proportion of any interest on the Redistribution which that Recovering Finance Party is required to pay) (the "**Redistributed Amount**"); and

31.4.2 as between the Borrower and each relevant Sharing Finance Party, an amount equal to the relevant Redistributed Amount will be treated as not having been paid by the Borrower.

31.5 **Exceptions**

31.5.1 This Clause 31 shall not apply to the extent that the Recovering Finance Party would not, after making any payment pursuant to this Clause, have a valid and enforceable claim against the Borrower.

31.5.2 A Recovering Finance Party is not obliged to share with any other Finance Party any amount which the Recovering Finance Party has received or recovered as a result of legal or arbitration proceedings, where:

- (a) the Recovering Finance Party notified the Facility Agent of those proceedings; and
- (b) the other Finance Party had an opportunity to participate in those proceedings but did not do so or did not take separate legal or arbitration proceedings as soon as reasonably practicable after receiving notice of them.

32. **SEVERABILITY**

If a term of a Finance Document is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect:

32.1.1 the legality, validity or enforceability in that jurisdiction of any other term of the Finance Documents; or

32.1.2 the legality, validity or enforceability in other jurisdictions of that or any other term of the Finance Documents.

33. **COUNTERPARTS**

Each Finance Document may be executed in any number of counterparts. This has the same effect as if the signatures on the counterparts were on a single copy of the Finance Document.

34. **NOTICES**

34.3 Effectiveness

34.3.1 Except as provided below, any communication in connection with a Finance Document will be deemed to be given as follows:

- (a) if delivered in person, at the time of delivery;

34.3.3 A communication to the Facility Agent will only be effective on actual receipt by it.

34.4 Electronic communication

34.4.1 Any communication to be made between any two Parties under or in connection with the Finance Documents may be made by electronic mail or other electronic means (including, without limitation, by way of posting to a secure website) if those two Parties:

34.4.2 Any such electronic communication as specified in sub-clause 34.4.1 above to be made between the Borrower and a Finance Party may only be made in that way to the extent that those two Parties agree that, unless and until notified to the contrary, this is to be an accepted form of communication.

34.4.3 Any such electronic communication as specified in sub-clause 34.4.1 above made between any two Parties will be effective only when actually received (or made available) in readable form and in the case of any electronic communication made by a Party to the Facility Agent only if it is addressed in such a manner as the Facility Agent shall specify for this purpose.

34.4.4 Any electronic communication which becomes effective, in accordance with sub-clause 34.4.3 above, after 5:00 p.m. in the place in which the Party to whom the relevant communication is sent or made available has its address for the purpose of this Agreement shall be deemed only to become effective on the following day.

34.4.5 Any reference in a Finance Document to a communication being sent or received shall be construed to include that communication being made available in accordance with this Clause 34.4.

34.5 The Borrower

All formal communication under the Finance Documents to or from the Borrower must be sent through the Facility Agent.

34.6 Communication when Facility Agent is Impaired Agent

If the Facility Agent is an Impaired Agent the Parties may, instead of communicating with each other through the Facility Agent, communicate with each other directly and (while the Facility Agent is an Impaired Agent) all the provisions of the Finance Documents which require communications to be made or notices to be given to or by the Facility Agent shall be varied so that communications may be made and notices given to or by the relevant Parties directly. This provision shall not operate after a replacement Facility Agent has been appointed.

35. **LANGUAGE**

35.1.1 Any notice given in connection with a Finance Document must be in English.

35.1.2 Any other document provided in connection with a Finance Document must be:

- (a) in English; or

This Agreement and any non-contractual obligations arising out of or in connection with it are governed by English law.

37. **ENFORCEMENT**

37.1 **Jurisdiction**

37.1.1 The English courts have exclusive jurisdiction to settle any dispute in connection with any Finance Document including a dispute relating to any non-contractual obligation arising out of or in connection with this Agreement.

37.1.2 The English courts are the most appropriate and convenient courts to settle any such dispute and the Borrower waives objection to those courts on the grounds of inconvenient forum or otherwise in relation to proceedings in connection with any Finance Document.

37.1.3 Notwithstanding sub-clause 37.1.1 above, no Finance Party shall be prevented from taking proceedings in any other courts with jurisdiction. To the extent allowed by law, the Finance Parties may take concurrent proceedings in any number of jurisdictions.

This Agreement has been entered into on the date stated at the beginning of this Agreement.

9.1 Repayment of Loans

9.1.1 The Company must repay each Loan in full on its Maturity Date. No Loan may be outstanding after the Final Maturity Date.

9.1.2 Subject to the other terms of this Agreement, any amounts repaid under sub-clause 9.1.1 above may be re-borrowed.

9.2 Cashless Rollover

9.2.1 Without prejudice to the Company's obligation under Clause 9.1 above, if one or more Loans are to be made available to the Company:

- (a) on the same day that a maturing Loan is due to be repaid by the Company;
- (b) in the same currency as the maturing Loan (unless it arose as a result of the operation of Clause 7.2 (*Revocation of currency*)); and
- (c) in whole or in part for the purpose of refinancing the maturing Loan,

the aggregate amount of the new Loans shall be treated as if applied in or towards repayment of the maturing Loan so that:

- (i) if the amount of the maturing Loan exceeds the aggregate amount of the new Loans:
 - (A) the Company will only be required to pay an amount in cash in the relevant currency equal to that excess; and
 - (B) each Lender's participation (if any) in the new Loans shall be treated as having been made available and applied by the Company in or towards repayment of that Lender's participation (if any) in the maturing Loan and that Lender will not be required to make its participation in the new Loans available in cash; and
- (ii) if the amount of the maturing Loan is equal to or less than the aggregate amount of the new Loans:
 - (A) the Company will not be required to make any payment in cash; and
 - (B) each Lender will be required to make its participation in the new Loans available in cash only to the extent that its participation (if any) in the new Loans exceeds that Lender's participation (if any) in the maturing Loan and the remainder of that Lender's participation in the new Loans shall be treated as having been made available and applied by the Company in or towards repayment of that Lender's participation in the maturing Loan.

10. PREPAYMENT AND CANCELLATION

10.1 Mandatory prepayment - illegality

10.1.1 A Lender must notify the Company promptly if it becomes aware that it is unlawful in any jurisdiction for that Lender to perform any of its obligations under a Finance Document or to fund or maintain its share in any Loan.

10.1.2 After notification under clause 10.1.1 above:

- (a) the Company must repay or prepay the share of that Lender in each Loan made to it on the date specified in clause 10.1.3 below; and
- (b) the Commitments of that Lender will be immediately cancelled.

10.1.3 The date for repayment or prepayment of a Lender's share in a Loan will be:

- (a) the Business Day following receipt by the Company of notice from the Lender under sub-clause 10.1.1 above; or
- (b) if later, the latest date allowed by the relevant law.

10.2 Mandatory prepayment - change of control

If, except in the context of a group reorganisation where the Company continues to be controlled directly or indirectly by PPL, the Company becomes aware of any person (whether alone or together with any associated person or persons) gaining control of the Company (for these purposes "associated person" means, in relation to any person, a person who is (i) "acting in concert" (as defined in the City Code on Takeovers and Mergers) with that person or (ii) a "connected person" (as defined in section 839 of the Taxes Act) of that person and "control" means the relevant person satisfies any of the criteria set out in paragraphs (1)(a) to (c) of Section 1159 of the Companies Act 2006):

10.2.1 within five days of such date, the Company shall give notice of such change of control to the Facility Agent;

10.2.2 the Lenders and the Company shall immediately enter into negotiations for a period of not more than 45 days from the date of the change of control with a view to agreeing whether the Facility shall continue to be made available and on what terms;

10.2.3 if no such agreement is reached within the said period of 45 days then:

- (a) any Lender may on 10 days' notice to the Facility Agent and to the Company require the repayment of its share in each Loan and the repayment of its Ancillary Outstandings and cancel its Commitment; and
- (b) the Majority Lenders may on 10 days' notice to the Company require repayment in full of all outstanding Loans and Ancillary Outstandings and cancel the Total Commitments; and

10.2.4 a Lender shall not be obliged to fund any further loans under the Facility (except for a Rollover Loan) during the negotiation period set out in sub-clause 10.2.2,

and if no agreement is reached within such negotiation period, during the 10 day notice period set out in sub-clause 10.2.3.

10.3 Voluntary prepayment

- 10.3.1 The Company may, by giving not less than five Business Days' prior written notice to the Facility Agent, prepay any Loan at any time in whole or in part.

- 10.3.3 A prepayment of part of a Loan drawn in Sterling must be in a minimum amount of £5,000,000 and an integral multiple of £1,000,000.
- 10.3.4 A prepayment of part of a Loan drawn in euros must be in a minimum amount of €5,000,000 and an integral multiple of €1,000,000.

10.4 Automatic cancellation

The Commitments of each Lender will be automatically cancelled at the close of business on the last day of the Availability Period.

10.5 Voluntary cancellation

- 10.5.1 The Company may, by giving not less than three Business Days' prior written notice to the Facility Agent, cancel the unutilised amount of the Total Commitments in whole or in part.
- 10.5.2 Partial cancellation of the Total Commitments must be in a minimum amount of £5,000,000 and an integral multiple of £1,000,000.
- 10.5.3 Any cancellation in part shall be applied against the Commitment of each Lender pro rata.

10.6 Involuntary prepayment and cancellation

- 10.6.1 If the Company is, or will be, required to pay to a Lender a Tax Payment or an Increased Cost, the Company may, while the requirement continues, give notice to the Facility Agent requesting prepayment and cancellation in respect of that Lender.
- 10.6.2 After notification under sub-clause 10.6.1 above:
 - (a) the Company must repay or prepay that Lender's share in each Loan made to it on the date specified in sub-clause 10.6.3 below; and
 - (b) the Commitments of that Lender will be immediately cancelled.
- 10.6.3 The date for repayment or prepayment of a Lender's share in a Loan will be the last day of the current Term for that Loan or, if earlier, the date specified by the Company in its notification.

10.6.4

- (a) If any Lender becomes a Defaulting Lender, the Company may, at any time whilst the Lender continues to be a Defaulting Lender, give the Facility Agent 5 Business Days' notice of cancellation of the Available Commitment of that Lender.
- (b) On the notice referred to in paragraph (a) above becoming effective, the Available Commitment of the Defaulting Lender shall immediately be reduced to zero.
- (c) The Facility Agent shall as soon as practicable after receipt of a notice referred to in paragraph (a) above, notify all the Lenders.

10.7 Re-borrowing of Loans

Any voluntary prepayment of a Loan may be re-borrowed on the terms of this Agreement. Any mandatory or involuntary prepayment of a Loan may not be re-borrowed.

10.8 Miscellaneous provisions

- 10.8.1 Any notice of prepayment and/or cancellation under this Agreement is irrevocable and must specify the relevant date(s) and the affected Loans and Commitments. The Facility Agent must notify the Lenders promptly of receipt of any such notice.
- 10.8.2 All prepayments made under Clause 10.2 (*Mandatory prepayment - change of control*) shall be applied *pro rata* to each Lender's participation in such Loan.
- 10.8.3 All prepayments under this Agreement must be made with accrued interest on the amount prepaid. No premium or penalty is payable in respect of any prepayment except for Break Costs.
- 10.8.4 The Majority Lenders may agree a shorter notice period for a voluntary prepayment or a voluntary cancellation.
- 10.8.5 No prepayment or cancellation is allowed except in accordance with the express terms of this Agreement.
- 10.8.6 Subject to Clause 2.2 (*Increase*), no amount of the Total Commitments cancelled under this Agreement may subsequently be reinstated.

11. INTEREST

11.1 Calculation of interest

The rate of interest on each Loan for each Term is the percentage rate per annum equal to the aggregate of the applicable:

- 11.1.1 Margin; and

11.1.2 LIBOR or, in relation to any Loan in euro, EURIBOR.

11.2 **Payment of interest**

Except where it is provided to the contrary in this Agreement, the Company must pay accrued interest on each Loan made to it on the last day of each Term and also, if the Term is longer than six months, on the dates falling at six-monthly intervals after the first day of that Term.

11.3 **Interest on overdue amounts**

11.3.1 If the Company fails to pay any amount payable by it under the Finance Documents, it must immediately on demand by the Facility Agent pay interest on the overdue amount from its due date up to the date of actual payment, both before, on and after judgment.

11.3.2 Interest on an overdue amount is payable at a rate determined by the Facility Agent to be one per cent. per annum above the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Loan in the currency of the overdue amount. For this purpose, the Facility Agent may (acting reasonably):

- (a) select successive Terms of any duration of up to three months; and
- (b) determine the appropriate Quotation Day for that Term.

11.3.3 Notwithstanding sub-clause 11.3.2 above, if the overdue amount is a principal amount of a Loan and becomes due and payable prior to the last day of its current Term, then:

- (a) the first Term for that overdue amount will be the unexpired portion of that Term; and
- (b) the rate of interest on the overdue amount for that first Term will be one per cent. per annum above the rate then payable on that Loan.

After the expiry of the first Term for that overdue amount, the rate on the overdue amount will be calculated in accordance with sub-clause 11.3.2 above.

11.3.4 Interest (if unpaid) on an overdue amount will be compounded with that overdue amount at the end of each of its Terms but will remain immediately due and payable.

11.4 **Notification of rates of interest**

The Facility Agent must promptly notify each relevant Party of the determination of a rate of interest under this Agreement.

12. **TERMS**

12.1 **Selection**

- 12.1.1 Each Loan has one Term only.
- 12.1.2 The Company must select the Term for a Loan in the relevant Request.
- 12.1.3 Subject to the following provisions of this Clause, each Term for a Loan will be one, two, three or six months or for a period of one to thirty days or any other period agreed between the Company and the Lenders.
- 12.1.4 The Company shall not use its right under paragraph 12.1.3 above to select for a Loan a Term of less than one month's duration more than six times in any calendar year.
- 12.1.5 A Term for a Loan shall start on the Drawdown Date for that Loan.

12.2 **No overrunning the Final Maturity Date**

If a Term would otherwise overrun the Final Maturity Date, it will be shortened so that it ends on the Final Maturity Date.

12.3 **Other adjustments**

- 12.3.1 The Facility Agent and the Company may enter into such other arrangements as they may agree for the adjustment of Terms and the consolidation and/or splitting of Loans.
- 12.3.2 Subject to Clause 12.3.3 below, if two or more Terms end on the same date, those Loans will, unless the Company specifies to the contrary in the Request for the next Term, be consolidated into, and treated as, a single Loan on the last day of the Term.
- 12.3.3 Subject to Clause 4.4 (*Maximum Number*) and Clause 5.2 (*Completion of Requests*) if the Company requests in a Request that a Loan be divided into two or more Loans, that Loan will, on the last day of its Term, be so divided into the Base Currency Amounts specified in that Request, having an aggregate Base Currency Amount equal to the Base Currency Amount of the Loan immediately before its division.

12.4 **Notification**

The Facility Agent must notify the Company and the Lenders of the duration of each Term promptly after ascertaining its duration.

13. **MARKET DISRUPTION**

13.1 **Failure of a Reference Bank to supply a rate**

Subject to the other provisions of this Clause, if LIBOR or, if applicable, EURIBOR is to be determined by reference to the Reference Banks but a Reference Bank does not supply a quotation by the Specified Time on the Quotation Day, the applicable LIBOR or EURIBOR will be determined on the basis of the quotations of the remaining Reference Banks.

13.2 Market disruption

13.2.1 In this Clause, each of the following events is a **market disruption event**:

- (a) at or about noon on the Quotation Day for the relevant Term, LIBOR or if applicable EURIBOR is to be determined by reference to the Reference Banks and none or only one of the Reference Banks supplies a rate to the Facility Agent to determine LIBOR or, if applicable, EURIBOR for the relevant currency and Term; or
- (b) before close of business in London on the Quotation Day for the relevant Term, the Facility Agent receives notification from a Lender or Lenders whose participations in the relevant Loan exceed 50% of that Loan that the cost to it (or them) of funding its participation in that Loan from whatever source it may reasonably select would be in excess of LIBOR or, if applicable, EURIBOR for the relevant Term.

13.2.2 The Facility Agent must promptly notify the Company and the Lenders of a market disruption event.

13.2.3 After notification under sub-clause 13.2.1(a) above, the rate of interest on each Lender's share in the affected Loan for the relevant Term will be the aggregate of the applicable:

- (a) Margin; and
- (b) rate notified to the Facility Agent by that Lender as soon as practicable, and in any event before interest is due to be paid in respect of that Term, to be that which expresses as a percentage rate per annum the cost to that Lender of funding its share in that Loan from whatever source it may reasonably select.

13.3 Alternative basis of interest or funding

13.3.1 If a market disruption event occurs and the Facility Agent or the Company so requires, the Company and the Facility Agent must enter into negotiations for a period of not more than 30 days with a view to agreeing an alternative basis for determining the rate of interest and/or funding for the affected Loan and any future Loan.

13.3.2 Any alternative basis agreed will be, with the prior consent of all the Lenders, binding on all the Parties.

"Treaty Lender" means a Lender which:

14.1.2 Unless a contrary indication appears, in this Clause 14 a reference to "determines" or "determined" means a determination made in the absolute discretion of the person making the determination.

14.2 Tax gross-up

14.2.1 The Company shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law.

14.2.2 The Company shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Facility Agent accordingly. Similarly, a Lender shall notify the Facility Agent on becoming so aware in respect of a payment payable to that Lender. If the Facility Agent receives such notification from a Lender it shall notify the Company.

14.2.3 If a Tax Deduction is required by law to be made by the Company, the amount of the payment due from the Company shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due if no Tax Deduction had been required.

14.2.4 A payment shall not be increased under sub-clause 14.2.3 above by reason of a Tax Deduction on account of Tax imposed by the United Kingdom, if on the date on which the payment falls due:

- (a) the payment could have been made to the relevant Lender without a Tax Deduction if the Lender had been a Qualifying Lender, but on that date that Lender is not or has ceased to be a Qualifying Lender other than as a result of any change after the date it became a Lender under this Agreement in (or in the interpretation, administration, or application of) any law or Treaty, or any published practice or published concession of any relevant taxing authority; or
- (b) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:
 - (i) an officer of HM Revenue & Customs has given (and not revoked) a direction (a "**Direction**") under section 931 of the ITA which relates to the payment and that Lender has received from the Company a certified copy of that Direction; and
 - (ii) the payment could have been made to the Lender without any Tax Deduction if that Direction had not been made; or
- (c) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:

- (i) the relevant Lender has not given a Tax Confirmation to the Company; and
- (ii) the payment could have been made to the Lender without any Tax Deduction if the Lender had given a Tax Confirmation to the Company on the basis that the Tax Confirmation would have enabled the Company to have formed a reasonable belief that the payment was an "excepted payment" for the purpose of section 930 of the ITA; or
- (d) the relevant Lender is a Treaty Lender and the Company making the payment is able to demonstrate that the payment could have been made to the Lender without the Tax Deduction had that Lender complied with its obligations under sub-clause 14.2.7 below.

14.2.5 If the Company is required to make a Tax Deduction, the Company shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law.

14.2.6 Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Company making that Tax Deduction shall deliver to the Facility Agent for the Finance Party entitled to the payment a statement under Section 975 of the ITA, or other evidence reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

14.2.7

- (a) Subject to paragraph (b) below, a Treaty Lender and the Company which makes a payment to which that Treaty Lender is entitled shall co-operate in completing any procedural formalities necessary for that Company to obtain authorisation to make that payment without a Tax Deduction.
- (b) Nothing in paragraph (a) above shall require a Treaty Lender to:
 - (i) register under the HMRC DT Treaty Passport scheme;
 - (ii) apply the HMRC DT Treaty Passport scheme to any Loan if it has so registered; or
 - (iii) file Treaty forms if it has included an indication to the effect that it wishes the HMRC DT Treaty Passport scheme to apply to this Agreement in accordance with paragraph 14.2.10 below or paragraph 14.6.1 of Clause 14.6 (*HMRC DT Treaty Passport scheme confirmation*) and the Company making that payment has not complied with its obligations under paragraph 14.2.11 below or paragraph 14.6.2 of Clause 14.6 (*HMRC DT Treaty Passport scheme confirmation*).

- 14.2.8 A UK Non-Bank Lender which becomes a Party on the day on which this Agreement is entered into gives a Tax Confirmation to the Company by entering into this Agreement.
- 14.2.9 A UK Non-Bank Lender shall promptly notify the Company and the Facility Agent if there is any change in the position from that set out in the Tax Confirmation.
- 14.2.10 A Treaty Lender which becomes a Party on the day on which this Agreement is entered into that holds a passport under the HMRC DT Treaty Passport scheme, and which wishes that scheme to apply to this Agreement, shall include an indication to that effect (for the benefit of the Facility Agent and without liability to the Company) by including its scheme reference number and its jurisdiction of tax residence opposite its name in Schedule 1 (*Original Parties*).
- 14.2.11 Where a Lender includes the indication described in paragraph 14.2.10 above in Schedule 1 (*Original Parties*), the Company shall file a duly completed form DTTP2 in respect of such Lender with HM Revenue & Customs within 30 days of the date of this Agreement and shall promptly provide the Lender with a copy of that filing provided that the Company shall not be liable in respect of any non-compliance with its obligations under this Clause 14.2.11 where such non-compliance is due to circumstances beyond the control of the Company (including, without limitation, any delay, failure or omission on the part of the relevant Lender or the Facility Agent to comply with any obligation owed to the Company, or to any inaccuracy in any information provided by the relevant Lender or the Facility Agent in connection with the DT Treaty Passport scheme).
- 14.2.12 Any Lender which has confirmed that it is entitled to use its DT Treaty Passport in accordance with Clause 14.2.10 or Clause 14.6.1 will reasonably promptly notify the Facility Agent and the Company if at any time it ceases to hold a passport under the HMRC DT Treaty Passport scheme or if it ceases to be able to use such passport as a Lender.
- 14.2.13 If a Lender has not included an indication to the effect that it wishes the HMRC DT Treaty Passport scheme to apply to this Agreement in accordance with sub-clause 14.2.10 above or sub-clause 14.6.1 of Clause 14.6 (*HMRC DT Treaty Passport scheme confirmation*), the Company shall not file any form relating to the HMRC DT Treaty Passport scheme in respect of that Lender's Commitment or its participation in any Loan.

14.3 Tax indemnity

- 14.3.1 Except as provided below, the Company must, within three Business Days of demand, indemnify a Finance Party against any loss or liability which that Finance Party (in its absolute discretion) determines will be or has been suffered (directly or indirectly) by that Finance Party for or on account of Tax in relation to a payment received or receivable (or any payment deemed to be received or receivable) under a Finance Document.

14.3.2 Sub-clause 14.3.1 above does not apply to any Tax assessed on a Finance Party under the laws of the jurisdiction in which:

- (a) that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as resident for tax purposes; or
- (b) that Finance Party's Facility Office is located in respect of amounts received or receivable in that jurisdiction,

if that Tax is imposed on or calculated by reference to the net income received or receivable by that Finance Party. However, any payment deemed to be received or receivable, including any amount treated as income but not actually received by the Finance Party, such as a Tax Deduction, will not be treated as net income received or receivable for this purpose.

14.3.3 Sub-clause 14.3.1 above does not apply to any Tax assessed on a Finance Party to the extent the loss or liability:

- (a) is compensated for by an increased payment under Clause 14.2 (*Tax gross-up*);
- (b) would have been compensated for by an increased payment under Clause 14.2 (*Tax gross-up*) but was not so compensated solely because one of the exclusions in Clause 14.2 (*Tax gross-up*) applied; or
- (c) relates to a FATCA Deduction required to be made by a Party.

14.3.4 A Finance Party making, or intending to make, a claim under sub-clause 14.3.1 above must promptly notify the Company of the event which will give, or has given, rise to the claim.

14.4 Tax Credit

If the Company makes a Tax Payment and the relevant Finance Party has obtained, used and retained any Tax Credit that is attributable to that Tax Payment, then, if in its discretion (acting reasonably) it can do so without any further adverse consequences for it, that Finance Party must pay an amount to the Company which that Finance Party determines (in its discretion, acting reasonably) will leave it (after that payment) in the same after-tax position as it would have been in if the Tax Payment had not been required to be made by the Company. The relevant Finance Party shall take those steps it considers in its opinion reasonable to seek and claim any tax credit.

14.5 Lender Status Confirmation

Each Lender which becomes a Party to this Agreement after the date of this Agreement shall indicate, in the Transfer Certificate, assignment agreement or Increase Confirmation which it executes on becoming a Party, and for the benefit of the Facility Agent and without liability to the Company, which of the following categories it falls in:

14.5.1 not a Qualifying Lender;

14.5.2 a Qualifying Lender (other than a Treaty Lender); or

14.5.3 a Treaty Lender.

If a New Lender fails to indicate its status in accordance with this Clause 14.5 then such New Lender shall be treated for the purposes of this Agreement as if it is not a Qualifying Lender until such time as it notifies the Facility Agent which category applies (and the Facility Agent, upon receipt of such notification, shall inform the Company). For the avoidance of doubt, a Transfer Certificate or assignment agreement shall not be invalidated by any failure of a Lender to comply with this Clause 14.5.

14.6 HMRC DT Treaty Passport scheme confirmation

14.6.1 A New Lender that is a Treaty Lender that holds a passport under the HMRC DT Treaty Passport scheme, and which wishes that scheme to apply to this Agreement, shall include an indication to that effect (for the benefit of the Facility Agent and without liability to the Company) in the Transfer Certificate or Increase Confirmation which it executes by including its scheme reference number and its jurisdiction of tax residence in that Transfer Certificate or Increase Confirmation.

14.6.2 Where a New Lender includes the indication described in sub-clause 14.6.1 above in the relevant Transfer Certificate or Increase Confirmation the Company shall file a duly completed form DTTP2 in respect of such Lender with HM Revenue & Customs within 30 days of the relevant Transfer Date and shall promptly provide the Lender with a copy of that filing.

14.7 Stamp taxes

The Company shall pay and, within three Business Days of demand, indemnify each Finance Party against any cost, loss or liability that Finance Party incurs in relation to all stamp duty, registration and other similar Taxes payable in respect of any Finance Document, except for any such Tax payable in respect of a Transfer Certificate or other transfer or disposal of a Lender's rights or obligations under a Finance Document.

14.8 VAT

14.8.1 All amounts set out, or expressed in a Finance Document to be payable by any Party to a Finance Party which (in whole or in part) constitute the consideration for a supply or supplies for VAT purposes shall be deemed to be exclusive of any VAT which is chargeable on such supply or supplies, and accordingly, subject to sub-clause 14.8.2 below, if VAT is or becomes chargeable on any supply made by any Finance Party to any Party under a Finance Document, that Party shall

pay to the Finance Party (in addition to and at the same time as paying any other consideration for such supply) an amount equal to the amount of such VAT (and such Finance Party shall promptly provide an appropriate VAT invoice to such Party).

- 14.8.2 If VAT is or becomes chargeable on any supply made by any Finance Party (the "**Supplier**") to any other Finance Party (the "**Recipient**") under a Finance Document, and any Party other than the Recipient (the "**Subject Party**") is required by the terms of any Finance Document to pay an amount equal to the consideration for such supply to the Supplier (rather than being required to reimburse the Recipient in respect of that consideration), such Party shall also pay to the Supplier (in addition to and at the same time as paying such amount) an amount equal to the amount of such VAT. The Recipient will promptly pay to the Subject Party an amount equal to any credit or repayment obtained by the Recipient from the relevant tax authority which the Recipient reasonably determines is in respect of such VAT.
- 14.8.3 Where a Finance Document requires any Party to reimburse or indemnify a Finance Party for any cost or expense, that Party shall reimburse or indemnify (as the case may be) such Finance Party for the full amount of such cost or expense, including such part thereof as represents VAT, save to the extent that such Finance Party reasonably determines that it is entitled to credit or repayment in respect of such VAT from the relevant tax authority.
- 14.8.4 Any reference in this Clause 14.8 to any Party shall, at any time when such Party is treated as a member of a group for VAT purposes, include (where appropriate and unless the context otherwise requires) a reference to the representative member of such group at such time (the term "representative member" to have the same meaning as in the Value Added Tax Act 1994).

14.9 **FATCA Information**

- (c) that Finance Party incurring any cost of complying with the minimum reserve requirements of the European Central Bank; or

same basis as the transferring Finance Party) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Finance Party's participation in the outstanding Loans and all accrued interest (to the extent that the Facility Agent has not given a notification under Clause 29.9 (*Pro rata interest settlement*)), Break Costs and other amounts payable to such Finance Party under the Finance Documents **provided that**:

16.2.10 the Finance Party shall only be obliged to transfer its rights and obligations pursuant to this Clause 16.2 once it is satisfied that it has complied with all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to that transfer to the Replacement Finance Party.

16.3 **Conduct of business by a Finance Party**

No term of this Agreement will:

16.3.1 interfere with the right of any Finance Party to arrange its affairs (Tax or otherwise) in whatever manner it thinks fit or oblige any Finance Party to investigate or claim any Tax Credit; or

17.1.1 in the principal financial centre of the country of the relevant currency; or

17.1.2 in the case of euro, in the principal financial centre of a Participating Member State or London,

as it may notify to that Party for this purpose by not less than five Business Days' prior notice.

17.3.3 Where a sum is paid to the Facility Agent under this Agreement for another Party, the Facility Agent is not obliged to pay that sum to that Party until it has established that it has actually received it. However, the Facility Agent may assume that the sum has been paid to it, and, in reliance on that assumption, make available to that Party a corresponding amount. If it transpires that the sum has not been received by the Facility Agent, that Party must immediately on demand by the Facility Agent refund any corresponding amount made available to it together with interest on that amount from the date of payment to the date of receipt by the Facility Agent at a rate calculated by the Facility Agent to reflect its cost of funds.

- 23.5.2 rely on any statement made by any person regarding any matters which may reasonably be assumed to be within his knowledge or within his power to verify;
- 23.5.3 engage, pay for and rely on professional advisers selected by it (including those representing a Party other than the Facility Agent); and
- 23.5.4 act under the Finance Documents through its personnel and agents.

23.6 **Majority Lenders' instructions**

- 23.6.1 The Facility Agent is fully protected if it acts on the instructions of the Majority Lenders in the exercise of any right, power or discretion or any matter not expressly provided for in the Finance Documents. Any such instructions given by the Majority Lenders will be binding on all the Lenders. In the absence of instructions, the Facility Agent may act as it considers to be in the best interests of all the Lenders.
- 23.6.2 The Facility Agent is not authorised to act on behalf of a Lender (without first obtaining that Lender's consent) in any legal or arbitration proceedings in connection with any Finance Document.
- 23.6.3 The Facility Agent may require the receipt of security satisfactory to it, whether by way of payment in advance or otherwise, against any liability or loss which it may incur in complying with the instructions of the Majority Lenders.

23.7 **Responsibility**

- 23.7.1 No Administrative Party and no Ancillary Lender is responsible to any other Finance Party for the adequacy, accuracy or completeness of:
 - (a) any Finance Document or any other document; or
 - (b) any statement or information (whether written or oral) made in or supplied in connection with any Finance Document.
- 23.7.2 Without affecting the responsibility of the Company for information supplied by it or on its behalf in connection with any Finance Document, each Lender and each Ancillary Lender confirms that it:
 - (a) has made, and will continue to make, its own independent appraisal of all risks arising under or in connection with the Finance Documents (including the financial condition and affairs of the Company and its related entities and the nature and extent of any recourse against any Party or its assets); and
 - (b) has not relied exclusively on any information provided to it by any Administrative Party in connection with any Finance Document.

23.7.3

- (a) Nothing in this Agreement will oblige the Facility Agent to satisfy any know your customer requirement in relation to the identity of any person on behalf of any Finance Party.
- (b) Each Finance Party confirms to the Facility Agent that it is solely responsible for any know your customer requirements it is required to carry out and that it may not rely on any statement in relation to those requirements made by any other person.

23.8 Exclusion of liability

- 23.8.1 Neither the Facility Agent nor any Ancillary Lender is liable or responsible to any other Finance Party for any action taken or not taken by it in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct.
- 23.8.2 The Facility Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Facility Agent, if the Facility Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Facility Agent for that purpose.
- 23.8.3 No Party (other than the Facility Agent or the Ancillary Lender) may take any proceedings against any officer, employee or agent of the Facility Agent or any Ancillary Lender in respect of any claim it might have against the Facility Agent or any Ancillary Lender or in respect of any act or omission of any kind by that officer, employee or agent in connection with any Finance Document. Any officer, employee or agent of the Facility Agent or any Ancillary Lender may rely on this sub-clause and enforce its terms under the Contracts (Rights of Third Parties) Act 1999.

23.9 Default

- 23.9.1 The Facility Agent is not obliged to monitor or enquire whether a Default has occurred. The Facility Agent is not deemed to have knowledge of the occurrence of a Default.
- 23.9.2 If the Facility Agent:
 - (a) receives notice from a Party referring to this Agreement, describing a Default and stating that the event is a Default; or
 - (b) is aware of the non-payment of any principal or interest or any fee payable to a Lender under this Agreement,it must promptly notify the Lenders.

23.10 Information

- 23.10.1 The Facility Agent must promptly forward to the person concerned the original or a copy of any document which is delivered to the Facility Agent by a Party for that person.
- 23.10.2 Except where a Finance Document specifically provides otherwise, the Facility Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.
- 23.10.3 Except as provided above, the Facility Agent has no duty:
- (a) either initially or on a continuing basis to provide any Lender with any credit or other information concerning the risks arising under or in connection with the Finance Documents (including any information relating to the financial condition or affairs of the Company or its related entities or the nature or extent of recourse against any Party or its assets) whether coming into its possession before, on or after the date of this Agreement; or
 - (b) unless specifically requested to do so by a Lender in accordance with a Finance Document, to request any certificate or other document from the Company.
- 23.10.4 In acting as the Facility Agent, the agency division of the Facility Agent is treated as a separate entity from its other divisions and departments. Any information acquired by the Facility Agent which, in its opinion, is acquired by it otherwise than in its capacity as the Facility Agent may be treated as confidential by the Facility Agent and will not be treated as information possessed by the Facility Agent in its capacity as such.
- 23.10.5 The Facility Agent is not obliged to disclose to any person any confidential information supplied to it by a member of the Group solely for the purpose of evaluating whether any waiver or amendment is required to any term of the Finance Documents.
- 23.10.6 The Company irrevocably authorises the Facility Agent to disclose to the other Finance Parties any information which, in its opinion, is received by it in its capacity as the Facility Agent.
- 23.10.7 Without prejudice to the generality of the foregoing, the Facility Agent may disclose the identity of a Defaulting Lender to the other Finance Parties and the Company and shall disclose the same upon the written request of the Company or the Majority Lenders.

23.11 Indemnities

- 23.11.1 Without limiting the liability of the Company under the Finance Documents, each Lender must indemnify the Facility Agent for that Lender's Pro Rata Share of any loss or liability incurred by the Facility Agent in acting as the Facility Agent, except to the extent that the loss or liability is caused by the Facility

Agent's gross negligence or wilful misconduct or to the extent that the Facility Agent has been reimbursed in full by the Company for such loss or liability.

- 23.11.2 The Facility Agent may deduct from any amount received by it for a Lender any amount due to the Facility Agent from that Lender under a Finance Document but unpaid.
- 23.11.3 The Company must indemnify the Facility Agent against any loss or liability properly incurred by the Facility Agent as a result of:

 - (b) acting or relying on any notice which the Facility Agent reasonably believes to be genuine, correct and appropriately authorised.

23.12 Compliance

The Facility Agent may refrain from doing anything (including disclosing any information) which might, in its opinion, constitute a breach of any law or regulation or be otherwise actionable at the suit of any person, and may do anything which, in its opinion, is necessary or desirable to comply with any law or regulation.

23.13 Resignation of the Facility Agent

- 23.13.1 The Facility Agent may resign and appoint any of its Affiliates as successor Facility Agent by giving notice to the Lenders and the Company.
- 23.13.2 Alternatively, the Facility Agent may resign by giving notice to the Lenders and the Company, in which case the Majority Lenders may appoint a successor Facility Agent.
- 23.13.3 If no successor Facility Agent has been appointed under sub-clause 23.13.2 above within 30 days after notice of resignation was given, the Facility Agent may appoint a successor Facility Agent.
- 23.13.4 The person(s) appointing a successor Facility Agent must, if practicable, consult with the Company prior to the appointment. Any successor Facility Agent must have an office in the U.K.
- 23.13.5 The resignation of the Facility Agent and the appointment of any successor Facility Agent will both become effective only when the successor Facility Agent notifies all the Parties that it accepts its appointment. On giving the notification, the successor Facility Agent will succeed to the position of the Facility Agent and the term "**Facility Agent**" will mean the successor Facility Agent.
- 23.13.6 The retiring Facility Agent must, at its own cost, make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as the Facility Agent under the Finance Documents.

23.13.7 Upon its resignation becoming effective, this Clause will continue to benefit the retiring Facility Agent in respect of any action taken or not taken by it in connection with the Finance Documents while it was the Facility Agent, and, subject to sub-clause 23.13.6 above, it will have no further obligations under any Finance Document.

23.14 Replacement of the Facility Agent

23.14.1 After consultation with the Company, the Majority Lenders may, by giving 30 days' notice to the Facility Agent (or, at any time the Facility Agent is an Impaired Agent, by giving any shorter notice determined by the Majority Lenders) replace the Facility Agent by appointing a successor Facility Agent (acting through an office in the United Kingdom).

23.14.2 The retiring Facility Agent shall (at its own cost if it is an Impaired Agent and otherwise at the expense of the Lenders) make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as Facility Agent under the Finance Documents.

23.14.3 The replacement of the Facility Agent and the appointment of the successor Facility Agent shall take effect on the date specified in the notice from the Majority Lenders to the retiring Facility Agent. As from this date, the retiring Facility Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of this Clause 23 (and any agency fees for the account of the retiring Facility Agent shall cease to accrue from (and shall be payable on) that date).

23.14.4 Any successor Facility Agent and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

23.15 Relationship with Lenders

23.15.1 Subject to Clause 29.9 (*Pro rata interest settlement*), the Facility Agent may treat each Lender as a Lender, entitled to payments under this Agreement and as acting through its Facility Office(s) until it has received not less than five Business Days' prior notice from that Lender to the contrary.

23.15.2 The Facility Agent may at any time, and must if requested to do so by the Majority Lenders, convene a meeting of the Lenders.

23.15.3 The Facility Agent must keep a register of all the Parties and supply any other Party with a copy of the register on request. The register will include each Lender's Facility Office(s) and contact details for the purposes of this Agreement.

23.16 Facility Agent's management time

If the Facility Agent requires, any amount payable to the Facility Agent by any Party under any indemnity or in respect of any costs or expenses incurred by the Facility Agent

under the Finance Documents after the date of this Agreement may include the cost of using its management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Facility Agent may notify to the relevant Party. This is in addition to any amount in respect of fees or expenses paid or payable to the Facility Agent under any other term of the Finance Documents.

23.17 **Notice period**

Where this Agreement specifies a minimum period of notice to be given to the Facility Agent, the Facility Agent may, at its discretion, accept a shorter notice period.

The Facility Agent will execute any Subordination Deed within two Business Days of receipt of a request (which shall include an execution version of such Subordination Deed) from the Company.

24. **EVIDENCE AND CALCULATIONS**

24.1 **Accounts**

Accounts maintained by a Finance Party in connection with this Agreement are prima facie evidence of the matters to which they relate for the purpose of any litigation or arbitration proceedings.

24.2 **Certificates and determinations**

Any certification or determination by a Finance Party of a rate or amount under the Finance Documents will be, in the absence of manifest error, conclusive evidence of the matters to which it relates.

24.3 **Calculations**

Any interest or fee accruing under this Agreement accrues from day to day and is calculated on the basis of the actual number of days elapsed and a year of 360 or 365 days or otherwise, depending on what the Facility Agent determines is market practice.

25. **FEES**

25.1 **Agency fee**

The Company must pay to the Facility Agent for its own account an annual agency fee in the manner agreed between the Facility Agent and the Company.

25.2 **Arrangement and participation fees**

The Company must pay the upfront fees in the manner agreed between the Arrangers and the Company.

25.3 **Co-ordination fee**

The Company must pay a co-ordination fee in the manner agreed between the Joint Coordinators and the Company.

25.4 **Commitment fee**

25.4.1 The Company must pay a commitment fee computed at the rate of 35 per cent. of the applicable Margin on the undrawn, uncanceled amount of each Lender's Commitment for the Availability Period calculated from the date of this Agreement.

25.4.2 The commitment fee is payable quarterly in arrears during the Availability Period and on the last day of the Availability Period. Accrued commitment fee is also payable to the Facility Agent for a Lender on the date its Commitment is cancelled in full.

25.4.3 No commitment fee is payable to the Facility Agent (for the account of a Lender) on any Available Commitment of that Lender for any day on which that Lender is a Defaulting Lender.

25.5 **Utilisation fee**

25.5.1 The Company must pay to the Facility Agent for each Lender a utilisation fee computed at the rate of 0.20 per cent. per annum on the aggregate principal amount of the Loans for each day on which the aggregate Base Currency Amount of all Loans exceeds 33.3 per cent. of the Total Commitments.

25.5.2 The Company must pay to the Facility Agent for each Lender a utilisation fee computed at the rate of 0.40 per cent. per annum on the aggregate principal amount of the Loans for each day on which the Base Currency Amount of all Loans exceeds 66.6 per cent. of the Total Commitments. For the avoidance of doubt, the fee described in sub-clause 25.5.1 above is not payable in respect of any day for which the fee described in this sub-clause 25.5.2 is payable.

25.5.3 Utilisation fee is payable on the amount of each Lender's share in the Loans.

25.5.4 Accrued utilisation fee is payable quarterly in arrears. Accrued utilisation fee is also payable to the Facility Agent for a Lender on the date its Commitment is cancelled in full.

25.6 **Interest, commission and fees on Ancillary Facilities**

The rate and time of payment of interest, commission, fees and any other remuneration in respect of each Ancillary Facility shall be determined by agreement between the relevant Ancillary Lender and the Company based upon normal market rates and terms.

26. **INDEMNITIES AND BREAK COSTS**

26.1 Currency indemnity

26.1.1 The Company must, as an independent obligation, indemnify each Finance Party against any loss or liability which that Finance Party incurs as a consequence of:

- (a) that Finance Party receiving an amount in respect of the Company's liability under the Finance Documents; or
- (b) that liability being converted into a claim, proof, judgment or order,

in a currency other than the currency in which the amount is expressed to be payable under the relevant Finance Document.

26.1.2 Unless otherwise required by law, the Company waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency other than that in which it is expressed to be payable.

26.2 Other indemnities

The Company shall within 15 days of demand indemnify the Facility Agent and each Lender against any funding or other cost, loss, expense or liability in an amount certified by it in reasonable detail (together with documentation in support) sustained or incurred by it as a direct result of:

26.2.1 the occurrence of any Event of Default;

26.2.2 (other than by reason of negligence or default by a Finance Party) a Loan not being made after a Request has been delivered for that Loan; or

26.2.3 the receipt or recovery by any party (or the Facility Agent on its behalf) of all or any part of a Loan or overdue sum due from the Company otherwise than on the Final Maturity Date or Maturity Date of that Loan or, in the case of an overdue sum, the last day of an interest period relating to that overdue sum, as the case may be or a Loan or any part thereof not being prepaid in accordance with a notice of prepayment.

26.3 Break Costs

26.3.1 The Company must pay to each Lender its Break Costs within three Business Days of demand.

26.3.2 Break Costs are the amount (if any) determined by the relevant Lender by which:

- (a) the interest (excluding Margin) which that Lender would have received for the period from the date of receipt of any part of its share in a Loan or overdue amount to the last day of the applicable Term for that Loan or overdue amount if the principal or overdue amount received had been paid on the last day of that Term;

exceeds

- (b) the amount which that Lender would be able to obtain by placing an amount equal to the amount received by it on deposit with a leading bank in the appropriate interbank market for a period starting on the Business Day following receipt and ending on the last day of the applicable Term.

26.3.3 Each Lender must supply to the Facility Agent for the Company details of the amount of any Break Costs claimed by it under this Clause.

27. EXPENSES

27.1 Initial costs

The Company must pay to each Administrative Party promptly on demand the amount of all costs and expenses (including legal fees) reasonably incurred by it in connection with the negotiation, preparation, printing, execution and syndication of the Finance Documents.

27.2 Subsequent costs

The Company must pay to the Facility Agent promptly on demand the amount of all costs and expenses (including legal fees) reasonably incurred by it in connection with:

- 27.2.1 the negotiation, preparation, printing and execution of any Finance Document (other than a Transfer Certificate or Increase Confirmation) executed after the date of this Agreement; and

27.3 Enforcement costs

The Company must pay to each Finance Party the amount of all costs and expenses (including legal fees) incurred by it in connection with the enforcement of, or the preservation of any rights under, any Finance Document.

28. AMENDMENTS AND WAIVERS

28.1 Procedure

- 28.1.1 Except as provided in this Clause 28, any term of the Finance Documents (other than the Fee Letters) may be amended or waived with the agreement of the Company and the Majority Lenders. The Facility Agent may effect, on behalf of any Finance Party, an amendment or waiver allowed under this Clause.
- 28.1.2 The Facility Agent must promptly notify the other Parties of any amendment or waiver effected by it under sub-clause 28.1.1 above. Any such amendment or waiver is binding on all the Parties.

28.2 Exceptions

- 28.2.1 An amendment or waiver which relates to:
-

- (a) the definition of Majority Lenders in Clause 1.1 (*Definitions*);
- (b) Clause 2.3 (*Nature of a Finance Party's rights and obligations*);

may only be made with the consent of all the Lenders.

28.2.2 An amendment or waiver which relates to the rights or obligations of an Administrative Party or an Ancillary Lender may only be made with the consent of that Administrative Party or Ancillary Lender.

28.3 **Disenfranchisement of Defaulting Lenders**

28.3.1 For so long as a Defaulting Lender has any Available Commitment, in ascertaining the Majority Lenders or whether any given percentage (including, for the avoidance of doubt, unanimity) of the Total Commitments has been obtained to approve any request for a consent, waiver, amendment or other vote under the Finance Documents, that Defaulting Lender's Commitments will be reduced by the amount of its Available Commitments.

28.3.2 For the purposes of this Clause 28.3, the Facility Agent may assume that the following Lenders are Defaulting Lenders:

- (a) any Lender which has notified the Facility Agent that it has become a Defaulting Lender;
- (b) any Lender in relation to which it is aware that any of the events or circumstances referred to in paragraphs (a), (b) or (c) of the definition of "Defaulting Lender" has occurred where, in the case of the events or circumstances referred to in paragraph (a), none of the exceptions to that paragraph apply,

unless it has received notice to the contrary from the Lender concerned (together with any supporting evidence reasonably requested by the Facility Agent) or the Facility Agent is otherwise aware that the Lender has ceased to be a Defaulting Lender.

28.4 Replacement of a Defaulting Lender

28.4.1 The Company may, at any time a Lender has become and continues to be a Defaulting Lender, by giving 10 Business Days' prior written notice to the Facility Agent and such Lender:

- (a) replace such Lender by requiring such Lender to (and to the extent permitted by law such Lender shall) transfer pursuant to Clause 29 (*Changes to the Parties*) all (and not part only) of its rights and obligations under this Agreement; or
- (b) require such Lender to (and to the extent permitted by law such Lender shall) transfer pursuant to Clause 29 (*Changes to the Parties*) all (and not part only) of the undrawn Commitment of the Lender.

to a Lender or other bank, financial institution, trust, fund or other entity (a "**Replacement Lender**") selected by the Company, and which is acceptable to the Facility Agent (acting reasonably) (unless the Facility Agent is an Impaired Agent), which confirms its willingness to assume and does assume all the obligations or all the relevant obligations of the transferring Lender (including the assumption of the transferring Lender's participations or unfunded participations (as the case may be) on the same basis as the transferring Lender) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Lender's participation in the outstanding Loans and all accrued interest (to the extent that the Facility Agent has not given a notification under Clause 29.9 (*Pro rata interest settlement*)), Break Costs and other amounts payable in relation thereto under the Finance Documents.

28.4.2 Any transfer of rights and obligations of a Defaulting Lender pursuant to this Clause shall be subject to the following conditions:

- (a) the Company shall have no right to replace the Facility Agent;
- (b) neither the Facility Agent nor the Defaulting Lender shall have any obligation to the Company to find a Replacement Lender;
- (c) the transfer must take place no later than 14 days after the notice referred to in sub-clause 28.4.1 above;
- (d) in no event shall the Defaulting Lender be required to pay or surrender to the Replacement Lender any of the fees received by the Defaulting Lender pursuant to the Finance Documents; and
- (e) the Defaulting Lender shall only be obliged to transfer its rights and obligations pursuant to sub-clause 28.4.1 above once it is satisfied that it has complied with all necessary "know your customer" or other similar

checks under all applicable laws and regulations in relation to the transfer to the Replacement Lender.

28.5 **Excluded Commitments**

If a Lender does not accept or reject a request for an amendment, waiver or consent within 15 Business Days of receipt of such request (or such longer period as the Company and the Facility Agent may agree), or abstains from accepting or rejecting a request for an amendment, waiver or consent, its Commitments shall not be included for the purpose of calculating the Total Commitments or participations under the Facility when ascertaining whether any relevant percentage (including, for the avoidance of doubt, unanimity) of Total Commitments and/or participations has been obtained to approve that request.

28.6 **Change of currency**

If a change in any currency of a country occurs (including where there is more than one currency or currency unit recognised at the same time as the lawful currency of a country), the Finance Documents will be amended to the extent the Facility Agent (acting reasonably and after consultation with the Company) determines is necessary to reflect the change.

28.7 **Waivers and remedies cumulative**

The rights of each Finance Party under the Finance Documents:

28.7.1 may be exercised as often as necessary;

28.7.2 are cumulative and not exclusive of its rights under the general law; and

28.7.3 may be waived only in writing and specifically.

Delay in exercising or non-exercise of any right is not a waiver of that right.

29. **CHANGES TO THE PARTIES**

29.1 **Assignments and transfers by the Company**

The Company may not assign or transfer any of its rights and obligations under the Finance Documents without the prior consent of all the Lenders.

29.2 **Assignments and transfers by Lenders**

29.2.1 A Lender (the **Existing Lender**) may, subject to the following provisions of this Clause 29, at any time assign or transfer (including by way of novation) any of its rights and obligations under this Agreement to any bank, financial institution or trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (the **New Lender**).

- 29.2.2 Unless the Company and the Facility Agent otherwise agree, an assignment or transfer of part of a Commitment or rights and obligations under this Agreement by the Existing Lender must be in a minimum amount of £5,000,000.
- 29.2.3 An Existing Lender must consult with the Company for no more than five Business Days before it may make an assignment or transfer unless the New Lender is another Lender or an Affiliate of a Lender or an Event of Default has occurred and is outstanding.
- 29.2.4 The Facility Agent is not obliged to accept an assignment or execute a Transfer Certificate until it has completed all know your customer requirements to its satisfaction. The Facility Agent must promptly notify the Existing Lender and the New Lender if there are any such requirements.
- 29.2.5 An assignment of rights or a transfer of rights and obligations will be effective only if either:
- (a) the obligations are novated in accordance with the following provisions of this Clause 29; or
 - (b) the New Lender confirms to the Facility Agent and the Company in form and substance satisfactory to the Facility Agent that it is bound by the terms of this Agreement as a Lender. On the assignment or transfer becoming effective in this manner the Existing Lender will be released from its rights and obligations under this Agreement to the extent that they are assigned or transferred to the New Lender.
- 29.2.6 Unless the Facility Agent otherwise agrees, the New Lender must pay to the Facility Agent for its own account, on or before the date any assignment or transfer occurs, a fee of £1,750.
- 29.2.7 Any reference in this Agreement to a Lender includes a New Lender but excludes a Lender if no amount is or may be owed to or by it under this Agreement.

29.3 Procedure for transfer by way of novations

29.3.1 In this Clause:

Transfer Date means, for a Transfer Certificate, the later of:

- (a) the proposed Transfer Date specified in that Transfer Certificate; and
- (b) the date on which the Facility Agent executes that Transfer Certificate.

29.3.2 A novation is effected if:

- (a) the Existing Lender and the New Lender deliver to the Facility Agent a duly completed Transfer Certificate; and
- (b) the Facility Agent executes it.

Subject to sub-clause 29.2.4 of Clause 29.2 (*Assignments and transfers by Lenders*), the Facility Agent must execute as soon as reasonably practicable a Transfer Certificate delivered to it and which appears on its face to be in order.

29.3.3 Each Party (other than the Existing Lender and the New Lender) irrevocably authorises the Facility Agent to execute any duly completed Transfer Certificate on its behalf.

29.3.4 Subject to Clause 29.9 (*Pro rata interest settlement*), on the Transfer Date:

- (a) the New Lender will assume the rights and obligations of the Existing Lender expressed to be the subject of the novation in the Transfer Certificate in substitution for the Existing Lender; and
- (b) the Existing Lender will be released from those obligations and cease to have those rights.

29.4 **Limitation of responsibility of Existing Lender**

29.4.1 Unless expressly agreed to the contrary, an Existing Lender is not responsible to a New Lender for the legality, validity, adequacy, accuracy, completeness or performance of:

- (a) any Finance Document or any other document; or
- (b) any statement or information (whether written or oral) made in or supplied in connection with any Finance Document,

and any representations or warranties implied by law are excluded.

29.4.2 Each New Lender confirms to the Existing Lender and the other Finance Parties that it:

- (a) has made, and will continue to make, its own independent appraisal of all risks arising under or in connection with the Finance Documents (including the financial condition and affairs of the Company and its related entities and the nature and extent of any recourse against any Party or its assets) in connection with its participation in this Agreement; and
- (b) has not relied exclusively on any information supplied to it by the Existing Lender in connection with any Finance Document.

29.4.3 Nothing in any Finance Document requires an Existing Lender to:

- (a) accept a re-transfer or re-assignment from a New Lender of any of the rights and obligations assigned or transferred under this Clause; or
- (b) support any losses incurred by the New Lender by reason of the non-performance by the Company of its obligations under any Finance Document or otherwise.

29.5 Costs resulting from change of Lender or Facility Office

If:

29.5.1 a Lender assigns or transfers any of its rights and obligations under the Finance Documents or changes its Facility Office; and

29.5.2 as a result of circumstances existing at the date the assignment, transfer or change occurs, the Company would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 14 (*Tax gross-up and indemnities*) or Clause 15 (*Increased costs*),

then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under those Clauses to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred. This Clause 29.5 shall not apply in relation to Clause 14 (*Tax gross-up and indemnities*), to a Treaty Lender that has included an indication to the effect that it wishes the HMRC DT Treaty Passport scheme to apply to this Agreement in accordance with sub-clause 14.6.1 of Clause 14.6 (*HMRC DT Treaty Passport scheme confirmation*) if the Company making the payment has not complied with its obligations under sub-clause 14.1.2 of Clause 14.6 (*HMRC DT Treaty Passport scheme confirmation*).

29.6 Changes to the Reference Banks

29.6.1 If a Reference Bank (or, if a Reference Bank is not a Lender, the Lender of which it is an Affiliate) ceases to be a Lender, the Facility Agent must (in consultation with the Company) appoint another Lender or an Affiliate of a Lender to replace that Reference Bank.

29.6.2 If a Reference Bank ceases to have a London office or novates or assigns all its rights and obligations under this Agreement or if any Commitments of any Reference Bank are cancelled or if Loans it has advanced are prepaid it shall be replaced as a Reference Bank by such other Lender or an Affiliate of a Lender with an office in London as the Facility Agent (after consultation with the Company) shall designate by notice to the Company and the Lenders.

29.7 Copy of Transfer Certificate or Increase Confirmation to Company

The Facility Agent shall, as soon as reasonably practicable after it has executed a Transfer Certificate or an Increase Confirmation, send to the Company a copy of that Transfer Certificate or Increase Confirmation.

29.8 Security over Lenders' rights

In addition to the other rights provided to Lenders under this Clause 29, each Lender may without consulting with or obtaining consent from the Company, at any time charge, assign or otherwise create security in or over (whether by way of collateral or otherwise)

all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

- (a) any charge, assignment or other security to secure obligations to a federal reserve or central bank; and
- (b) in the case of any Lender which is a fund, any charge, assignment or other security granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

except that no such charge, assignment or Security shall:

- (i) release a Lender from any of its obligations under the Finance Documents or substitute the beneficiary of the relevant charge, assignment or other security for the Lender as a party to any of the Finance Documents; or
- (ii) require any payments to be made by the Company or grant to any person any more extensive rights than those required to be made or granted to the relevant Lender under the Finance Documents.

29.9 Pro rata interest settlement

If the Facility Agent has notified the Lenders that it is able to distribute interest payments on a "*pro rata basis*" to Existing Lenders and New Lenders then (in respect of any transfer pursuant to Clause 29.3 (*Procedure for transfer by way of novations*)) the Transfer Date of which, in each case, is after the date of such notification and is not on the last day of a Term):

- 29.9.1 any interest or fees in respect of the relevant participation which are expressed to accrue by reference to the lapse of time shall continue to accrue in favour of the Existing Lender up to but excluding the Transfer Date ("**Accrued Amounts**") and shall become due and payable to the Existing Lender (without further interest accruing on them) on the last day of the current Term (or, if the Term is longer than six months, on the next of the dates which falls at six monthly intervals after the first day of that Term); and
- 29.9.2 the rights assigned or transferred by the Existing Lender will not include the right to the Accrued Amounts, so that, for the avoidance of doubt:
 - (i) when the Accrued Amounts become payable, those Accrued Amounts will be payable for the account of the Existing Lender; and
 - (ii) the amount payable to the New Lender on that date will be the amount which would, but for the application of this Clause 29.9, have been payable to it on that date, but after deduction of the Accrued Amounts.

In this Clause 29.9, references to "**Term**" shall be construed to include a reference to any other period for accrual of fees.

31. **CONFIDENTIALITY OF FUNDING RATES AND REFERENCE BANK QUOTATIONS**

31.1 Confidentiality and disclosure

31.1.1 The Facility Agent and each Obligor agree to keep each Funding Rate (and, in the case of the Facility Agent, each Reference Bank Quotation) confidential and not to disclose it to anyone, save to the extent permitted by sub-clause 31.1.2, 31.1.3 and 31.1.4 below.

31.1.2 The Facility Agent may disclose:

- (a) any Funding Rate (but not, for the avoidance of doubt, any Reference Bank Quotation) to the Company pursuant to Clause 11.4 (*Notification of rates of interest*); and
- (b) any Funding Rate or any Reference Bank Quotation to any person appointed by it to provide administration services in respect of one or more of the Finance Documents to the extent necessary to enable such service provider to provide those services if the service provider to whom that information is to be given has entered into a Confidentiality Undertaking.

31.1.3 The Facility Agent may disclose any Funding Rate or any Reference Bank Quotation, and each Obligor may disclose any Funding Rate, to:

- (a) any of its Affiliates and any of its or their officers, directors, employees, professional advisers, auditors and partners if any person to whom that Funding Rate or Reference Bank Quotation is to be given pursuant to this paragraph (a) is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of that Funding Rate or Reference Bank Quotation or is otherwise bound by requirements of confidentiality in relation to it;
- (b) any person to whom information is required or requested to be disclosed by any court of competent jurisdiction or any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation if the person to whom that Funding Rate or Reference Bank Quotation is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the relevant Obligor, as the case may be, it is not practicable to do so in the circumstances;
- (c) any person to whom information is required to be disclosed in connection with, and for the purposes of, any litigation, arbitration, administrative or other investigations, proceedings or disputes if the person to whom that Funding Rate or Reference Bank Quotation is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the relevant Obligor, as the case may be, it is not practicable to do so in the circumstances; and
- (d) any person with the consent of the relevant Lender or Reference Bank, as the case may be.

31.1.4 The Facility Agent's obligations in this Clause 31 (*Confidentiality of Funding Rates and Reference Bank Quotations*) relating to Reference Bank Quotations

are without prejudice to its obligations to make notifications under Clause 11.4 (*Notification of rates of interest*) provided that (other than pursuant to paragraph (a) of sub-clause 31.1.2 above) the Facility Agent shall not include the details of any individual Reference Bank Quotation as part of any such notification.

31.2 Other obligations

31.2.1 The Facility Agent and each Obligor acknowledge that each Funding Rate (and, in the case of the Facility Agent, each Reference Bank Quotation) is or may be price-sensitive information and that its use may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse and the Facility Agent and each Obligor undertake not to use any Funding Rate or, in the case of the Facility Agent, any Reference Bank Quotation for any unlawful purpose.

31.2.2 The Facility Agent and each Obligor agree (to the extent permitted by law and regulation) to inform the relevant Lender or Reference Bank, as the case may be:

(a) of the circumstances of any disclosure made pursuant to paragraph (b) of sub-clause 31.1.3 above except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and

(b) upon becoming aware that any information has been disclosed in breach of this Clause 31 (*Confidentiality of Funding Rates and Reference Bank Quotations*).

32. SET-OFF

32.1.1 A Finance Party may set off any matured obligation owed to it by the Company under the Finance Documents (to the extent beneficially owned by that Finance Party) against any obligation (whether or not matured) owed by that Finance Party to the Company, regardless of the place of payment, booking branch or currency of either obligation. If the obligations are in different currencies, the Finance Party may convert either obligation at a market rate of exchange in its usual course of business for the purpose of the set-off.

32.1.2 Any credit balances taken into account by an Ancillary Lender when operating a net limit in respect of any overdraft under an Ancillary Facility shall on enforcement of the Finance Documents be applied first in reduction of the overdraft provided under that Ancillary Facility in accordance with its terms.

33. PRO RATA SHARING

33.1 Redistribution

33.1.1 If any amount owing by the Company under this Agreement to a Lender (the "**recovering Lender**") is discharged by payment, set-off or any other manner other than through the Facility Agent under this Agreement (a "**recovery**"), then:

- (a) the recovering Lender must, within three Business Days, supply details of the recovery to the Facility Agent;
- (b) the Facility Agent must calculate whether the recovery is in excess of the amount which the recovering Lender would have received if the recovery had been received by the Facility Agent under this Agreement; and
- (c) the recovering Lender must pay to the Facility Agent an amount equal to the excess (the "**redistribution**").

Sub-clause 33.1.1 above shall not apply to any amount received or recovered by an Ancillary Lender in respect of any cash cover provided for the benefit of that Ancillary Lender.

33.2 **Effect of redistribution**

33.2.1 The Facility Agent must treat a redistribution as if it were a payment by the Company under this Agreement and distribute it among the Lenders, other than the recovering Lender, accordingly.

33.2.2 When the Facility Agent makes a distribution under sub-clause 33.2.1 above, the recovering Lender will be subrogated to the rights of the Finance Parties which have shared in that redistribution.

33.2.3 If and to the extent that the recovering Lender is not able to rely on any rights of subrogation under sub-clause 33.2.2 above, the Company will owe the recovering Lender a debt which is equal to the redistribution, immediately payable and of the type originally discharged.

33.2.4 If:

- (a) a recovering Lender must subsequently return a recovery, or an amount measured by reference to a recovery, to the Company; and
- (b) the recovering Lender has paid a redistribution in relation to that recovery,

each Finance Party must reimburse the recovering Lender all or the appropriate portion of the redistribution paid to that Finance Party, together with interest for the period while it held the re-distribution. In this event, the subrogation in sub-clause 33.2.2 above will operate in reverse to the extent of the reimbursement.

33.3 **Exceptions**

Notwithstanding any other term of this Clause 32.1.1, a recovering Lender need not pay a redistribution to the extent that:

33.3.1 it would not, after the payment, have a valid claim against the Company in the amount of the redistribution; or

33.3.2 it would be sharing with another Finance Party any amount which the recovering Lender has received or recovered as a result of legal or arbitration proceedings, where:

- (a) the recovering Lender notified the Facility Agent of those proceedings; and
- (b) the other Finance Party had an opportunity to participate in those proceedings but did not do so or did not take separate legal or arbitration proceedings as soon as reasonably practicable after receiving notice of them.

33.4 **Ancillary Lenders**

33.4.1 This Clause 32 shall not apply to any receipt or recovery by a Lender in its capacity as an Ancillary Lender at any time prior to service of notice under Clause 22.15 (*Acceleration*).

33.4.2 Following service of notice under Clause 22.15 (*Acceleration*), this Clause 32 shall apply to all receipts or recoveries by Ancillary Lenders except to the extent that the receipt or recovery represents a reduction from the Permitted Gross Outstandings of a Multi-account Overdraft to or towards an amount equal to its Designated Net Amount.

34. **SEVERABILITY**

34.1 If a term of a Finance Document is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect:

34.1.1 the legality, validity or enforceability in that jurisdiction of any other term of the Finance Documents; or

34.1.2 the legality, validity or enforceability in other jurisdictions of that or any other term of the Finance Documents.

35. **COUNTERPARTS**

Each Finance Document may be executed in any number of counterparts. This has the same effect as if the signatures on the counterparts were on a single copy of the Finance Document.

36. **NOTICES**

36.1 **In writing**

36.1.1 Any communication in connection with a Finance Document must be in writing and, unless otherwise stated, may be given:

36.1.2 For the purpose of the Finance Documents, an electronic communication will be treated as being in writing.

36.2.4 Where a Party nominates a particular department or officer to receive a communication, a communication will not be effective if it fails to specify that department or officer.

36.3 Effectiveness

36.3.1 Except as provided below, any communication in connection with a Finance Document will be deemed to be given as follows:

- (a) if delivered in person, at the time of delivery;

36.3.3 A communication to the Facility Agent will only be effective on actual receipt by it.

36.4 **The Company**

All formal communication under the Finance Documents to or from the Company must be sent through the Facility Agent.

36.5 **Communication when Facility Agent is Impaired Agent**

If the Facility Agent is an Impaired Agent the Parties may, instead of communicating with each other through the Facility Agent, communicate with each other directly and (while the Facility Agent is an Impaired Agent) all the provisions of the Finance Documents which require communications to be made or notices to be given to or by the Facility Agent shall be varied so that communications may be made and notices given to or by the relevant Parties directly. This provision shall not operate after a replacement Facility Agent has been appointed.

37. **LANGUAGE**

37.1.1 Any notice given in connection with a Finance Document must be in English.

37.1.2 Any other document provided in connection with a Finance Document must be:

- (a) in English; or
- (b) (unless the Facility Agent otherwise agrees) accompanied by a certified English translation. In this case, the English translation prevails unless the document is a statutory or other official document.

38. **GOVERNING LAW**

This Agreement and any non-contractual obligations arising out of or in connection with it are governed by English law.

39. **ENFORCEMENT**

39.1 **Jurisdiction**

39.1.1 The English courts have exclusive jurisdiction to settle any dispute in connection with any Finance Document including a dispute relating to any non-contractual obligation arising out of or in connection with this Agreement.

39.1.2 The English courts are the most appropriate and convenient courts to settle any such dispute and the Company waives objection to those courts on the grounds of inconvenient forum or otherwise in relation to proceedings in connection with any Finance Document.

39.1.3 This Clause is for the benefit of the Finance Parties only. To the extent allowed by law, a Finance Party may take:

- (a) proceedings in any other court; and
- (b) concurrent proceedings in any number of jurisdictions.

This Agreement has been entered into on the date stated at the beginning of this Agreement.

- 6.3 The Risk Fee on each Instrument shall be paid in Sterling. The Risk Fee on an Instrument denominated in Foreign Currency shall be calculated by reference to the Bank Rate of Exchange for the relevant Foreign Currency against Sterling.
- 6.4 Where an Instrument is issued by a correspondent bank such charges and commission charged by such correspondent bank shall be paid by the Borrower within three Business Days of demand by the Bank.

7 **Indemnity**

 - 7.1.1 irrevocably authorises the Bank to make any payment and comply with any demand which may be claimed from or made upon it under the terms of each and any of the said obligations without any reference to or further authority from the Borrower and without enquiry into the justification therefor or validity thereof and the Borrower agrees that any payment which the Bank shall make in accordance or purporting to be in accordance with any of the said obligations shall be binding upon the Borrower and shall be accepted by the Borrower as conclusive evidence that the Bank was liable to make such payment with such demand;
 - 7.1.2 agrees that the Bank may without the knowledge or consent of the Borrower determine, renew, reduce, increase or vary in any respect the terms of the said obligations or compound with or grant time or other indulgence to or for any other person whatsoever or deal with, exchange, release, modify or abstain from perfecting or enforcing any security or other guarantee or right which the Bank now has or may hereafter have against the Borrower or any such other person, and this indemnity shall not be discharged nor shall the liability of the Borrower under it be impaired or discharged by any of those matters;

7.1.3 agrees and undertakes at all times hereafter to well and sufficiently indemnify the Bank and keep the Bank indemnified from and against all payments made under each and any of the said obligations, all claims made upon by the Bank under the terms of any Instrument and against all actions, suits, proceedings, claims, demands, liabilities, losses, costs, charges, damages and expenses whatsoever in relation to or arising out of each and any of the said obligations and to pay or reimburse to the Bank within three Business Days of demand an amount equal to the amount of any claim made upon the Bank under the terms of any Instrument and all payments, losses, costs, and expenses made, suffered or incurred by it under each and any of the said obligations or in consequence thereof or arising therefrom;

7.1.4 irrevocably authorises the Bank (without prejudice to any other right the Bank may have) to (i) debit to an account in the name of the Borrower or to any of their accounts with the Bank all such payments, losses, costs and expenses whether such account or accounts is or are overdrawn or may become overdrawn by reason of any such debit; (ii) open, in the Borrower's name, such accounts as the Bank shall see fit; and (iii) carry out, at the Borrower's expense, any foreign exchange transactions as may be necessary to enable the Bank to debit an account notwithstanding that the payments owing under the Instrument may have been in a Foreign Currency; and

7.1.5 agrees that its obligations under this Clause 7:-

- (i) shall be unconditional and are and will remain in full force and effect by way of continuing indemnity until full and irrevocable discharge of all the said obligations;
- (ii) are additional to, and not in substitution for, any security, guarantees, other indemnities or rights of subrogation at any time existing in favour of the Bank, whether granted by the Borrower or any other person, and are cumulative and not exclusive of any rights or remedies provided by law; and
- (iii) shall not be affected by (1) any invalidity, illegality, irregularity or unenforceability of or defect in any provision of this Facility Letter, (2) any time, indulgence, waiver or consent at any time given to the Borrower or any other person, (3) any amendment to this Facility Letter, (4) the enforcement or absence of enforcement of any claim against the Borrower or of any other security, guarantee or indemnity, (5) the release of any such claim, security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of the Borrower or (7) any other matter or thing whatsoever which might affect the Borrower's obligations under this Facility Letter, except for full and irrevocable payment and discharge of all the obligations of the Borrower to the Bank in respect of all the said obligations.

7.2 The obligations of the Borrower under this Clause 7 shall survive the payment in full of the liabilities of the Bank under the said obligations and shall only terminate when the Instrument and/or other documents evidencing the said obligations, if applicable, are returned to the Bank marked "cancelled" (or other similar wording acceptable to the Bank) or the Bank is satisfied that it has no further liabilities in respect thereof. The Borrower agrees to use all reasonable endeavours to procure the return to the Bank of the Instrument and any other documents evidencing the said obligations, upon expiry or payment in full by the Bank of all sums payable thereunder.

7.3 This indemnity shall constitute and be a continuing security to the Bank for as long as any liabilities shall remain upon the Bank in respect of the said obligations and shall extend to any and all extensions, renewals or replacements thereof. The Bank's certificate in respect of any amounts called for shall be final and conclusive, save for manifest error.

8 Increased Costs, Default Interest and Currency Adjustment Limit

8.1 The Borrower shall, within three Business Days of a demand by the Bank, pay the Bank the amount of any Increased Costs incurred by the Bank as a result of (i) the introduction of or any change in (or in the interpretation, administration or application of) any law, regulation or directive (whether or not having the force of law) or (ii) compliance with any law, regulation or directive (whether or not having the force of law) made after the date of this Facility Letter.

8.2 In this Facility Letter "**Increased Costs**" means:

8.2.1 a reduction in the rate of return from the Facility or on the Bank's overall capital;

8.2.2 an additional or increased cost; or

8.2.3 a reduction of any amount due and payable under this Facility Letter,

which is incurred or suffered by the Bank to the extent that it is attributable to the Bank having entered into this Facility Letter or funding or performing its obligations under this Facility Letter.

8.3 The Bank prior to making a claim pursuant to Clause 8.1 above shall notify the Borrower of the event giving rise to the claim and shall, as soon as practicable after a demand by the Borrower, provide a certificate confirming the amount of its Increased Costs.

8.4 If the Borrower shall fail to pay any sum due hereunder or under the judgement of any court in connection herewith on the due date therefor, then as a separate obligation the Borrower shall pay to the Bank interest at the Default Rate on any such sum due to the Bank up to the date on which such sum is repaid and any other amounts outstanding under this Facility Letter have been paid in full. Interest shall be payable at the rate both before and after demand, court decree or judgment on such dates advised by the Bank to the Borrower any such interest which is not paid when due shall be added to the overdue sum and itself bear interest accordingly.

8.5 Currency Adjustments

In the event that the Facility is utilised in a Foreign Currency the Bank will, from time to time, calculate the Sterling equivalent of the sums outstanding under the Facility on the basis of the Bank Rate of Exchange on the day of such calculation. In the event that the Sterling equivalent of the sums outstanding under the Facility exceeds the Currency Adjustment Limit then the Borrower shall deposit with the Bank, on the Bank's first demand, such sums as the Bank shall require (to be held in a blocked account in the name of the Borrower maintained with the Bank) to reduce the Sterling equivalent of the Bank's Maximum Liability under the Facility to within the Limit when such deposit is deducted from the Bank's Maximum Liability.

8.6 The Bank's certificate as to the amounts due pursuant to this Clause 8 shall be final and conclusive, save for manifest error.

9 Financial Information

The Borrower shall forthwith provide to the Bank such financial information as the Bank may request from time to time including, but not limited to the Financial Statements of the Borrower within 180 days of the end of each financial year.

10 Payments, Calculations and Tax Indemnity

10.1 All interest shall accrue from day to day and be calculated on the basis of the actual number of days elapsed within a year of 365 days or 360 days as appropriate dependent upon the currency.

- 10.2 All sums payable by the Borrower to the Bank shall be paid without deduction for or on account of any set-off or counter-claim and free and clear of any deduction or withholding of any nature (including taxation) unless such a deduction or withholding is required by law.
- 10.3 If any amount is required by law to be deducted or withheld from any sum payable hereunder then the Borrower shall pay such an additional amount as will ensure that, after the making of such deduction or withholding, the Bank shall receive a net sum equal to the sums which the Bank would have received had no such deduction or withholding been required to be made.
- 10.4 If it becomes necessary to convert into another currency any amount due by the Borrower hereunder or under any Instrument the Borrower undertakes as an independent obligation to pay such additional amounts as may be necessary to ensure that the total amount paid in the second currency when converted at the Bank Rate of Exchange on the date of payment to the Bank will produce the amount then due from the Borrower to the Bank in the original currency.
- 10.5 The Borrower shall (within three Business Days of demand by the Bank) pay to the Bank an amount equal to the loss, liability or cost which the Bank determines will be or has been (directly or indirectly) suffered for or on account of Tax by the Bank in respect of the Facility Letter.
- 10.6 Clause 10.5 above shall not apply:
- 10.6.1 with respect to any Tax assessed on the Bank under the law of the jurisdiction in which the Bank is incorporated or, if different, the jurisdiction (or jurisdictions) in which the Bank is treated as resident for tax purposes, if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by the Bank; or
 - 10.6.2 to the extent a loss, liability or cost is compensated for by an increased payment under Clause 10.3.
- 10.7 If the Bank makes (or intends to make) a claim under Clause 10.5 above, it shall notify the Borrower as soon as is reasonably practicable of the event which has caused (or will cause) that claim, however, the Bank's entitlement to exercise its rights under Clause 10.5 above is not conditional on such notification being made in accordance with this Clause 10.7.
- 10.8 For the purposes of Clauses 10.5 and 10.6:
- "Tax" means any tax, levy, impost, duty or other charge or withholding of a similar nature (including any penalty or interest payable in connection with any failure to pay or any delay in paying any of the same).

11 **Security**

The Facility will be secured by any security which the Bank may in the future obtain in accordance with Clause 8.5 and Clause 16.2

12 **Set-Off**

- 12.1 In addition to any other rights to which it may be entitled, the Bank may retain, set off or appropriate any credit balances in name of the Borrower (whether current or not yet due) against any of the Borrower's obligations to the Bank under this Facility Letter that are overdue from time to time. The Bank may exercise any of these rights without prior notice both before and after demand and in so doing may convert to Sterling at the Bank Rate of Exchange any balance which is in a currency other than Sterling.
- 12.2 Nothing expressed or implied in this Facility Letter or any other document in connection herewith shall be regarded as in any way negating or affecting any right which the Bank may have under applicable law to apply

any credit balances to which the Borrower is entitled on any account of the Borrower in or towards satisfaction of any sum due from the Borrower hereunder.

13 **Remedies, Waivers, Amendments and Consents**

- 13.1 No failure on the part of the Bank to exercise, and no delay on its part in exercising, any right or remedy under this Facility Letter will operate as a waiver thereof, nor will any single or partial exercise of any right or remedy preclude any other or further exercise thereof or the exercise of any other right or remedy. The rights and remedies provided in this Facility Letter are cumulative and not exclusive of any rights or remedies provided by law or otherwise.
- 13.2 Save to the extent expressly provided to the contrary in this Facility Letter a person who is not a party to this Facility Letter may not enforce any of its terms under the Contracts (Rights of Third Parties) Act 1999.

14 **Assignment and Transferability**

- 14.1 The Borrower may not assign, transfer or otherwise dispose of all or any part of its rights, benefits or obligations under this Facility Letter.
- 14.2 The Bank may at any time assign, novate or transfer all or any part of its rights, benefits and obligations under this Facility Letter or grant participations therein to any one or more banks or financial institutions and the Borrower and any other party to this Facility Letter hereby agrees to execute any documents required to enable the Bank so to do (provided that the Borrower and any such other party shall neither be required thereby to pay any greater amount to satisfy its obligations hereunder nor be responsible for any legal or statutory costs or duties arising therefrom) and the Borrower and any other party to this Facility Letter further agrees that the Bank may disclose any information to any such bank or financial institution for said purpose.

15 **Severance**

If at any time any one or more of the provisions of this Facility Letter is or becomes invalid, illegal or unenforceable for any reason whatsoever, the validity, legality and enforceability of the remaining provisions hereof shall not thereby be affected, reduced or impaired in any way.

16 **Cash Cover**

- 16.1 In the event that the availability of the Facility is cancelled or terminated the Bank may, at its sole discretion, and without prejudice to the other provisions in this Facility Letter call on the Borrower to deposit with and the Borrower will pay to the Bank an amount up to the aggregate Maximum Liability of all Instruments issued under the Facility, together with any fees due. In the absence of such funds being provided the Bank shall be entitled at its discretion to obtain payment by debiting the amount to an account of the Borrower with the Bank.
- 16.2 If the Bank requires, at its sole discretion, any amount paid to the Bank pursuant to this Clause and/or Clause 8.5 will be charged to the Bank as security against any claims made upon the Bank under the Instruments, the Borrower undertakes to promptly and in any event within 3 Business days of receiving the Banks preferred form of security, grant or cause to be granted to the Bank security in the Bank's preferred form over such amounts.
- 16.3 Any sums deposited with or charged to the Bank in terms of this Clause and Clause 8.5 shall be held in an interest-bearing account and may be applied by the Bank, at its sole discretion, against any claims made upon the Bank under any Instrument.

17 Costs and Expenses

- 17.1 The Borrower agrees that the costs and expenses, including legal fees, disbursements registration fees and value added tax thereon, incurred by the Bank in connection with the preparation, negotiation, execution and registration of this Facility Letter and any other documents required in connection with the Facility shall be for the Borrower's account and the Borrower hereby indemnifies the Bank in respect of payment thereof.
- 17.2 The Borrower further undertakes to reimburse and indemnify the Bank for any and all costs, interest, charges and expenses incurred by the Bank, as well after as before judgement, in connection with preserving, enforcing or seeking to preserve or enforce its rights in respect of this Facility Letter or any amendment thereto, or in connection with the granting of any approvals or consents hereunder or thereunder.

- a material decline in the market value of PPL's equity;
- significant decreases in the fair value of debt and equity securities and its impact on the value of assets in defined benefit plans, and the potential cash funding requirements if fair value declines;
- interest rates and their effect on pension and retiree medical liabilities, ARO liabilities and interest payable on certain debt securities;

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrants' related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2017 is derived from that Registrant's 2017 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2017 Form 10-K. The results of operations for the three and six months ended June 30, 2018 are not necessarily indicative of the results to be expected for the full year ending December 31, 2018 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

2. Summary of Significant Accounting Policies

(All Registrants)

The following accounting policy disclosures represent updates to Note 1 in each indicated Registrant's 2017 Form 10-K and should be read in conjunction with those disclosures.

New Accounting Guidance Adopted *(All Registrants)*

Accounting for Revenue from Contracts with Customers

Effective January 1, 2018, the Registrants adopted accounting guidance that establishes a comprehensive new model for the recognition of revenue from contracts with customers. This model is based on the core principle that revenue should be recognized to depict the transfer of control of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Registrants adopted this guidance using the modified retrospective transition method. No cumulative effect adjustment was required as of the January 1, 2018 adoption date.

The adoption of this guidance did not have a material impact on the Registrants' revenue recognition policies. See Note 4 for the required disclosures as a result of the adoption of this standard.

Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost

Effective January 1, 2018, the Registrants adopted accounting guidance that changes the income statement presentation of net periodic benefit cost. Retrospectively, this guidance requires the service cost component to be disaggregated from other components of net benefit cost and presented in the same income statement line items as other employee compensation costs arising from services rendered during the period. The other components of net periodic benefits are presented separately from the line items that include the service cost and outside of any subtotal of operating income. Prospectively, the guidance limits the capitalization to the service cost component of net periodic benefit costs.

[Table of Contents](#)

For PPL, the non-service cost components of net periodic benefit costs were in a net credit position for the three and six months ended June 30, 2018. The non-service cost credits that would have been capitalized under previous guidance, but are now recorded as income within "Other Income (Expense) - net," were \$6 million (\$5 million after-tax or \$0.01 per share) and \$11 million (\$9 million after-tax or \$0.01 per share) for the three and six months ended June 30, 2018. For PPL Electric, LG&E and KU, non-service costs or credits that would have been capitalized under previous guidance are now recognized as a regulatory asset or regulatory liability, as applicable, in accordance with regulatory approvals.

The following provides the non-service cost components of net periodic benefits (costs) or credits presented in "Other Income (Expense) - net" in 2018 and reclassified from "Other operation and maintenance" to "Other Income (Expense) - net" in 2017 on the Statements of Income as a result of the adoption.

	Three Months		Six Months	
	2018	2017	2018	2017
PPL	\$ 66	\$ 44	\$ 134	\$ 82
PPL Electric	1	1	3	—
LKE	—	—	2	(2)
LG&E	(2)	—	(1)	(2)
KU	1	—	2	(1)

PPL and PPL Electric elected to use the practical expedient that permits using the amounts disclosed in the defined benefit plan note for the prior comparative period as the estimation basis for applying the retrospective presentation requirements.

Presentation of Restricted Cash in the Statement of Cash Flows (PPL and PPL Electric)

Effective January 1, 2018, PPL and PPL Electric adopted accounting guidance that changes the cash flow statement presentation of restricted cash. Under the new guidance, amounts considered restricted cash are presented with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total cash amounts on the Statements of Cash Flows. The guidance requires a reconciliation of the total cash, cash equivalents and restricted cash from the Statement of Cash Flows to amounts on the Balance Sheets and disclosure of the nature of the restrictions. PPL and PPL Electric have applied this guidance on a retrospective basis for all periods presented. The adoption of this guidance did not have a material impact on the Statements of Cash Flows.

Reconciliation of Cash, Cash Equivalents and Restricted Cash

The following provides a reconciliation of Cash, Cash Equivalents and Restricted Cash reported within the Balance Sheets that sum to the total of the same amounts shown on the Statements of Cash Flows:

	PPL		PPL Electric	
	June 30, 2018	December 31, 2017	June 30, 2018	December 31, 2017
Cash and cash equivalents	\$ 852	\$ 485	\$ 489	\$ 49
Restricted cash - current (a)	3	3	2	2
Restricted cash - noncurrent (a)	20	23	—	—
Total Cash, Cash Equivalents and Restricted Cash	\$ 875	\$ 511	\$ 491	\$ 51

(a) Bank deposits and other cash equivalents that are restricted by agreement or that have been clearly designated for a specific purpose are classified as restricted cash. On the Balance Sheets, the current portion of restricted cash is included in "Other current assets," while the noncurrent portion is included in "Other noncurrent assets."

3. Segment and Related Information

(PPL)

See Note 2 in PPL's 2017 Form 10-K for a discussion of reportable segments and related information.

(a) Includes \$12.6 billion and \$12.5 billion of net PP&E as of June 30, 2018 and December 31, 2017. WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP.

(b) Primarily consists of unallocated items, including cash, PP&E, goodwill and the elimination of inter-segment transactions.

(PPL Electric, LKE, LG&E and KU)

PPL Electric has two operating segments that are aggregated into a single reportable segment. LKE, LG&E and KU are individually single operating and reportable segments.

4. Revenue from Contracts with Customers

(All Registrants)

The following is a description of the principal activities from which the Registrants and PPL's segments generate their revenues.

U.K. Regulated Segment Revenue (PPL)

The U.K. Regulated Segment generates revenues from contracts with customers primarily from WPD's DUoS operations.

[Table of Contents](#)

DUoS revenues result from WPD charging licensed third-party energy suppliers for their use of WPD's distribution systems to deliver energy to their customers. WPD satisfies its performance obligation and DUoS revenue is recognized over-time as electricity is delivered. The amount of revenue recognized is based on actual and forecasted volumes of electricity delivered during the period multiplied by a per-unit energy tariff, plus fixed charges. This method of recognition fairly presents WPD's transfer of electric service to the customer as the calculation is based on volumes, and the tariff rate is set by WPD using a methodology prescribed by Ofgem. Customers are billed monthly and outstanding amounts are typically due within 14 days of the invoice date.

DUoS customers are "at will" customers of WPD with no term contract and no minimum purchase commitment. Performance obligations are limited to the service requested and received to date. Accordingly, there is no unsatisfied performance obligation associated with WPD's DUoS contracts.

Pennsylvania Regulated Segment Revenue (*PPL and PPL Electric*)

The Pennsylvania Regulated Segment generates substantially all of its revenues from contracts with customers from PPL Electric's tariff-based distribution and transmission of electricity.

Distribution Revenue

PPL Electric provides distribution services to residential, commercial, industrial, municipal and governmental end users of energy. PPL Electric satisfies its performance obligation to its distribution customers and revenue is recognized over-time as electricity is delivered and simultaneously consumed by the customer. The amount of revenue recognized is the volume of electricity delivered during the period multiplied by a per-unit of energy tariff, plus a monthly fixed charge. This method of recognition fairly presents PPL Electric's transfer of electric service to the customer as the calculation is based on actual volumes, and the per-unit of energy tariff rate and the monthly fixed charge are set by the PUC. Customers are typically billed monthly and outstanding amounts are typically due within 21 days of the date of the bill.

Distribution customers are "at will" customers of PPL Electric with no term contract and no minimum purchase commitment. Performance obligations are limited to the service requested and received to date. Accordingly, there is no unsatisfied performance obligation associated with PPL Electric's retail account contracts.

Transmission Revenue

PPL Electric generates transmission revenues from a FERC-approved PJM Open Access Transmission Tariff. An annual revenue requirement for PPL Electric to provide transmission services is calculated using a formula-based rate. This revenue requirement is converted into a daily rate (dollars per day). PPL Electric satisfies its performance obligation to provide transmission services and revenue is recognized over-time as transmission services are provided and consumed. This method of recognition fairly presents PPL Electric's transfer of transmission services as the daily rate is set by a FERC approved formula-based rate. PJM remits payment on a weekly basis.

PPL Electric's agreement to provide transmission services contains no minimum purchase commitment. The performance obligation is limited to the service requested and received to date. Accordingly, PPL Electric has no unsatisfied performance obligations.

Kentucky Regulated Segment Revenue (*PPL, LKE, LG&E and KU*)

The Kentucky Regulated Segment generates substantially all of its revenues from contracts with customers primarily from LG&E's and KU's regulated tariff-based sales of electricity and LG&E's regulated tariff-based sales of natural gas.

LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity in Kentucky and, in KU's case, Virginia. LG&E also engages in the distribution and sale of natural gas in Kentucky. Revenue from these activities is generated from tariffs approved by applicable regulatory authorities including the FERC, KPSC and VSCC. LG&E and KU satisfy their performance obligations upon LG&E's and KU's delivery of electricity and LG&E's delivery of natural gas to customers. This revenue is recognized over-time as the customer simultaneously receives and consumes the benefits provided by LG&E and KU. The amount of revenue recognized is the billed volume of electricity or natural gas delivered multiplied by a tariff rate per-unit of energy, plus any applicable fixed charges or additional regulatory mechanisms. Customers are billed monthly and outstanding amounts are typically due within 22 days of the date of the bill. Additionally, unbilled revenues are recognized as a result of customers' bills rendered throughout the month, rather than bills being rendered at the end of the month. Unbilled

[Table of Contents](#)

revenues for a month are calculated by multiplying an estimate of unbilled kWh or Mcf delivered but not yet billed by the estimated average cents per kWh or Mcf. Any difference between estimated and actual revenues is adjusted the following month when the previous unbilled estimate is reversed and actual billings occur. This method of recognition fairly presents LG&E's and KU's transfer of electricity and LG&E's transfer of natural gas to the customer as the amount recognized is based on actual and estimated volumes delivered and the tariff rate per-unit of energy and any applicable fixed charges or regulatory mechanisms as set by the respective regulatory body.

LG&E's and KU's customers generally have no minimum purchase commitment. Performance obligations are limited to the service requested and received to date. Accordingly, there is no unsatisfied performance obligation associated with these customers.

- (a) PPL includes \$584 million and \$1,199 million for the three and six months ended June 30, 2018 of revenues from external customers reported by the U.K. Regulated segment. PPL Electric and LKE represent revenues from external customers reported by the Pennsylvania Regulated and Kentucky Regulated segments. See Note 3 for additional information.
- (b) Alternative revenue programs for PPL Electric include the over/under-collection of its transmission formula rate. Alternative revenue programs for LKE, LG&E and KU include the over/under collection for the ECR and DSM programs as well as LG&E's over/under collection of its GLT program and KU's over/under collection of its generation formula rate. Over-collections of revenue are shown as positive amounts in the table above; under-collections are shown as negative amounts.
- (c) Represents additional revenues outside the scope of revenues from contracts with customers such as leases and other miscellaneous revenues.

As discussed in Note 2 in PPL's 2017 Form 10-K, PPL's segments are segmented by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the table above. For PPL Electric, revenues from contracts with customers are further disaggregated by distribution and transmission, which were \$414 million and \$101 million for the three months ended June 30, 2018 and \$946 million and \$206 million for the six months ended June 30, 2018.

The following tables show revenues from contracts with customers disaggregated by customer class for the periods ended June 30, 2018.

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date. Advanced billings for customer attachments are recognized as revenue ratably over the billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At June 30, 2018, PPL had \$70 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$50 million within the next 12 months.

5. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below. In 2018, these securities also included the PPL common stock forward sale agreements. See Note 8 for additional information on these agreements. The forward sale agreements are dilutive under the Treasury Stock Method to the extent the average stock price of PPL's common shares exceeds the forward sale price prescribed in the agreements.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended June 30 used in the EPS calculation are:

(b) The Kentucky corporate income tax rate was reduced from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

Kentucky State Tax Reform (All Registrants)

HB 487, which became law on April 27, 2018, provides for significant changes to the Kentucky tax code including (1) adopting mandatory combined reporting for corporate members of unitary business groups for taxable years beginning on or after January 1, 2019 (members of a unitary business group may make an eight-year binding election to file consolidated corporate income tax returns with all members of their federal affiliated group) and (2) a reduction in the Kentucky corporate income tax rate from 6% to 5% for taxable years beginning after December 31, 2017. LKE recognized a deferred tax charge of \$9 million in the second quarter of 2018 primarily associated with the remeasurement of non-regulated accumulated deferred income tax balances.

As indicated in Note 1 in the Registrants' 2017 Form 10-K, LG&E's and KU's accounting for income taxes is impacted by rate regulation. Therefore, reductions in regulated accumulated deferred income tax balances due to the reduction in the Kentucky corporate income tax rate to 5% under the provisions of HB 487 may result in amounts previously collected from utility customers for these deferred taxes to be refundable to such customers in future periods. In the second quarter of 2018, LG&E and KU recorded the impact of the reduced tax rate, related to the remeasurement of deferred income taxes, as an increase in regulatory liabilities of \$16 million and \$19 million. LG&E and KU continue to evaluate other impacts of Kentucky state tax reform along with the associated regulatory considerations. PPL is evaluating the impact, if any, of unitary or elective consolidated income tax reporting on all its Registrants.

U.S. Tax Reform (All Registrants)

On August 1, 2018, the Department of Treasury and the IRS issued proposed regulations under Internal Revenue Code Section 965 to provide guidance relating to the transition tax upon the mandatory deemed repatriation of certain deferred foreign earnings. On August 3, 2018, the Department of Treasury and the IRS also issued proposed regulations on the new 100 percent depreciation deduction effective for assets placed in service after September 27, 2017. The Registrants are currently reviewing the proposed regulations to determine what impact the newly issued guidance may have on their financial statements.

- (a) For PPL, these amounts are included in "Other current assets" on the Balance Sheets.
- (b) Storm costs incurred in PPL Electric's territory from a March 2018 storm will be amortized from 2019 through 2021.
- (c) Relates to estimated amounts owed to LG&E and KU customers as a result of the reduced U.S. federal corporate income tax rate as enacted by the TCJA, effective January 1, 2018. Amounts owed will be distributed through the TCJA bill credit.
- (d) This liability was recorded as an offset to an intangible asset that was recorded at fair value upon the acquisition of LKE by PPL.
- (e) Primarily relates to excess deferred taxes recorded as a result of the TCJA, which reduced the U.S. federal corporate income tax rate effective January 1, 2018, requiring deferred tax balances and the associated regulatory liabilities to be remeasured as of December 31, 2017. LG&E and KU began distributing amounts through the TCJA bill credit effective April 1, 2018.
- (f) Relates to amounts owed to PPL Electric customers as a result of the reduced U.S. federal corporate income tax rate as enacted by the TCJA, for the period of January 1, 2018 through June 30, 2018 which is not yet reflected in customer rates. The distribution method back to customers of this liability must be proposed to the PUC at the earlier of May 2021 or PPL Electric's next rate case.

(PPL, LKE, LG&E and KU)

CPCN Filing

On January 10, 2018, LG&E and KU filed an application for a CPCN with the KPSC requesting approval to implement Advanced Metering Systems across their Kentucky service territories, including gas operations for LG&E. The full deployment is expected to be completed in 2021 with estimated capital costs of \$155 million and \$104 million for KU and LG&E electric service and \$62 million for LG&E gas service. The full Advanced Metering Systems deployment is expected to result in incremental operation and maintenance costs during the deployment phase of \$17 million and \$11 million for KU and LG&E electric service and \$3 million for LG&E gas service. A hearing on this matter was held July 24, 2018. LG&E and KU cannot predict the outcome of this proceeding.

TCJA Impact on LG&E and KU Rates

On December 21, 2017, Kentucky Industrial Utility Customers, Inc. submitted a complaint with the KPSC against LG&E and KU, as well as other utility companies in Kentucky, alleging that their respective rates would no longer be fair, just and reasonable following the enactment of the TCJA reducing the federal corporate tax rate from 35% to 21%. The complaint requested the KPSC to issue an order requiring LG&E and KU to begin deferring, as of January 1, 2018, the revenue requirement effect of all income tax expense savings resulting from the federal corporate income tax reduction, including the amortization of excess deferred income taxes by recording those savings in a regulatory liability account and establishing a process by which the federal corporate income tax savings will be passed back to customers.

On January 29, 2018, LG&E, KU, Kentucky Industrial Utility Customers, Inc. and the Office of the Attorney General reached a settlement agreement to commence returning savings related to the TCJA to their customers through their ECR, DSM and LG&E's GLT rate mechanisms beginning in March 2018 and through a new bill credit mechanism from April 1, 2018 through April 30, 2019. The estimated impact of the rate reduction represents approximately \$91 million in KU electricity revenues (\$70 million through the new bill credit and \$21 million through existing rate mechanisms), \$69 million in LG&E electricity revenues (\$49 million through the new bill credit and \$20 million through existing rate mechanisms) and \$17 million in LG&E gas revenues (substantially all through the new bill credit) for the period January 2018 through April 2019. Ongoing tax savings are also expected to be addressed in LG&E's and KU's next Kentucky base rate case. LG&E and KU have indicated their intent to file an application for base rate changes during 2018 to be effective during spring 2019.

On March 20, 2018, the KPSC issued an order approving, with certain modifications, the settlement agreement reached between LG&E, KU, Kentucky Industrial Utility Customers, Inc. and the Office of the Attorney General. The KPSC estimates that, pursuant to its modifications, electricity revenues would incorporate reductions of approximately \$108 million for KU (\$87 million through the new bill credit and \$21 million through existing rate mechanisms) and \$79 million for LG&E (\$59 million through the new bill credit and \$20 million through existing rate mechanisms). This represents \$27 million (\$17 million at KU and \$10 million at LG&E) in additional reductions from the amounts proposed by the settlement. The KPSC's modifications to the settlement include certain changes in assumptions or inputs used in assessing tax reform or calculating LG&E's and KU's electricity rates. LG&E gas rate reductions were not modified significantly from the amount included in the settlement agreement.

On March 26, 2018, LG&E and KU filed a petition for reconsideration and request for hearing with the KPSC, taking exception to the KPSC's modifications and the process, and also requested certain relief from implementing the amounts represented by the additional reductions until the matter is fully resolved. On March 28, 2018, the Office of the Attorney General filed a response to the petition and gave notice of its withdrawal from the settlement agreement.

On March 28, 2018, the KPSC issued an Order granting LG&E's and KU's request for reconsideration and amending its March 20, 2018 Order by suspending the approved rates, allowing LG&E and KU, on an interim basis, to return savings related to the TCJA at the rates agreed to in the January 29, 2018 settlement. On March 30, 2018, following receipt of the Attorney General's response, the KPSC issued an Order amending its March 28, 2018 Order to allow the parties to raise any relevant issues related to the TCJA. A hearing on this matter was held May 24, 2018. Post-hearing briefs have been filed and the case is now submitted to the KPSC for a decision.

LG&E and KU cannot predict the outcome of these proceedings.

Additionally, on January 8, 2018, the VSCC ordered KU, as well as other utilities in Virginia, to accrue regulatory liabilities reflecting the Virginia jurisdictional revenue requirement impacts of the reduced federal corporate tax rate. On March 22, 2018, KU reached a settlement agreement regarding its rate case in Virginia. New rates, inclusive of TCJA impacts, were effective June 1, 2018. The settlement also stipulates that actual tax savings for the five month period prior to new rates taking effect would be addressed through KU's annual information filing for calendar year 2018. On May 8, 2018, the VSCC approved the settlement agreement. The TCJA and rate case are not expected to have a significant impact on KU's financial condition or results of operations related to Virginia.

On March 15, 2018, the FERC issued a Notice of Inquiry seeking information on whether and how it should address changes relating to accumulated deferred income taxes and bonus depreciation resulting from passage of the TCJA on FERC-jurisdictional rates. LG&E and KU have not made any submission in response to the Notice of Inquiry, but do not anticipate the impact of the TCJA related to their FERC-jurisdictional rates to be significant.

Gas Franchise (LKE and LG&E)

LG&E's gas franchise agreement for the Louisville/Jefferson County service area expired in March 2016. In August 2016, LG&E and Louisville/Jefferson County entered into a revised franchise agreement with a 5-year term (with renewal options). The franchise fee may be modified at Louisville/Jefferson County's election upon 60 days' notice. However, any franchise fee is capped at 3% of gross receipts for natural gas service within the franchise area. The agreement further provides that if the KPSC determines that the franchise fee should be recovered from LG&E's Louisville/Jefferson county customers in the franchise areas as a separate line item on their bill, the franchise fee will revert to zero. In August 2016, LG&E filed an application requesting the KPSC to review and rule upon the recoverability of the franchise fee.

On March 14, 2018, the KPSC issued an order authorizing the franchise fee to be recovered only from LG&E's Louisville/Jefferson County customers in the franchise area. As a result, the franchise fee will continue to be zero in accordance with the terms of the August 2016, 5-year gas franchise agreement.

TCJA Impact on PPL Electric Rates

On February 12, 2018, the PUC issued a Secretarial Letter requesting certain information from regulated utilities and inviting comment from interested parties on potential revision to customer rates as a result of enactment of the TCJA. PPL Electric submitted its response to the Secretarial Letter on March 9, 2018. On March 15, 2018, the PUC issued a Temporary Rates Order to allow time to determine the manner in which rates could be adjusted in response to the TCJA. The PUC issued another Temporary Rates Order on May 17, 2018 to address the impact of the TCJA and indicated that utilities without a currently pending general rate proceeding would receive a utility specific order. The PUC issued an Order specific to PPL Electric on May 17, 2018 which required PPL Electric to file a tariff or tariff supplement by June 15, 2018 to establish (a) temporary rates to include a negative surcharge of 0.56%, which was based on PPL Electric's 2017 taxable income, to be effective July 1, 2018, and (b) to record a deferred regulatory liability to reflect the tax savings associated with the TCJA for the period January 1 through June 30, 2018. On June 8, 2018, PPL Electric submitted a petition to the PUC to increase the negative surcharge proposed in the May 17, 2018 Order from 0.56% to 7.05% to reflect the estimated 2018 tax savings associated with the TCJA. The PUC approved PPL Electric's petition on June 14, 2018 and PPL Electric filed a tariff on June 15, 2018 reflecting the increased negative surcharge. The estimated 2018 full year impact of the rate reduction is \$72 million in PPL Electric's operating revenues of which \$37 million relates to the period January 1, 2018 through June 30, 2018 and has been recorded as a noncurrent regulatory liability to be distributed to customers pursuant to a future rate adjustment. The remaining \$35 million is the estimated impact for the period July 1, 2018 through December 31, 2018 and will be passed back to customers through the negative surcharge beginning July 1, 2018.

On March 15, 2018, the FERC issued a Notice of Inquiry seeking information on whether and how it should address changes to FERC-jurisdictional rates relating to accumulated deferred income taxes and bonus depreciation resulting from passage of the TCJA. On March 16, 2018, PPL Electric filed a waiver request, pursuant to Rule 207(a)(5) of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission, to accelerate incorporation of the changes to the federal corporate

income tax rate in its transmission formula rate commencing on June 1, 2018 rather than allowing the TCJA tax rate reduction to be initially incorporated in PPL Electric's June 1, 2019 transmission formula rate. The waiver was approved on April 23, 2018 and PPL Electric submitted its transmission formula rate, reflecting the TCJA rate reduction, on April 27, 2018. In addition, on May 21, 2018, PPL Electric, as part of a PJM joint transmission owners filing, submitted comments in response to the FERC's March 15, 2018 Notice of Inquiry. The filing submitted by the PJM joint transmission owners requested guidance on how the reduction in accumulated deferred income taxes, resulting from the TCJA reduced federal corporate income tax rate, should be treated for ratemaking purposes. PPL Electric is currently awaiting FERC's decision on this matter. The changes, related to accumulated deferred income taxes impacting the transmission formula rate revenues, have not been significant since the new rate went into effect on June 1, 2018.

Federal Matters

(PPL, LKE, LG&E and KU)

FERC Transmission Rate Filing

On August 3, 2018, LG&E and KU submitted an application to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. ("MISO"), a regional transmission operator and energy market. The application seeks termination of LG&E's and KU's commitment to provide mitigation for certain horizontal market power concerns arising out of the 1998 merger for certain transmission service between MISO and LG&E and KU. The affected transmission customers are a limited number of municipal entities in Kentucky or Tennessee. The amounts at issue are generally waivers or credits for either LG&E and KU or for MISO transmission charges depending upon the direction of transmission service incurred by the municipalities. LG&E and KU estimate that such charges may average approximately \$22 million annually, depending upon actual transmission customer and market volumes, structures and prices, with such charges allocated according to LG&E and KU's respective transmission system ownership ratio. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. LG&E and KU currently receive recovery of such expenses in other rate mechanisms. LG&E and KU cannot predict the outcome of the proceeding, including any effects on their financial condition or results of operations.

Other

Purchase of Receivables Program

(PPL and PPL Electric)

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During the three and six months ended June 30, 2018, PPL Electric purchased \$297 million and \$673 million of accounts receivable from alternate suppliers. During the three and six months ended June 30, 2017, PPL Electric purchased \$288 million and \$644 million of accounts receivable from alternate suppliers.

In March 2018, the County of Trimble, Kentucky remarketed \$28 million of Pollution Control Revenue Bonds, 2001 Series A (Louisville Gas and Electric Company Project) due 2026 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 2.30% through their mandatory purchase date of September 1, 2021.

In May 2018, the County of Trimble, Kentucky remarketed \$35 million of Pollution Control Revenue Bonds, 2001 Series B (Louisville Gas and Electric Company Project) due 2027 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 2.55% through their mandatory purchase date of May 3, 2021.

In May 2018, the County of Jefferson, Kentucky remarketed \$35 million of Pollution Control Revenue Bonds, 2001 Series B (Louisville Gas and Electric Company Project) due 2027 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 2.55% through their mandatory purchase date of May 3, 2021.

(PPL, LKE and KU)

In July 2018, KU redeemed, at par, its \$9 million County of Trimble, Kentucky, Environmental Facilities Revenue Bonds, 2007 Series A (Kentucky Utilities Company Project) due 2037.

(LKE)

In May 2018, LKE borrowed \$250 million from a PPL affiliate through the issuance of a 4% ten-year note due 2028. The proceeds were used to repay its outstanding notes payable with a PPL Energy Funding subsidiary. See Note 11 for additional information related to intercompany borrowings.

(PPL)

Equity Securities

Equity Forward Contracts

In May 2018, PPL completed a registered underwritten public offering of 55 million shares of its common stock. In conjunction with that offering, the underwriters exercised an option to purchase 8.25 million additional shares of PPL common stock solely to cover over-allotments.

In connection with the registered public offering, PPL entered into forward sale agreements with two counterparties covering the 63.25 million shares of PPL common stock. Settlement of these forward sale agreements will occur no later than November 2019. Upon any physical settlement of any forward sale agreement, PPL will issue and deliver to the applicable forward counterparty shares of its common stock in exchange for cash proceeds per share equal to the forward sale price. The forward sale price will be calculated based on an initial forward price of \$26.7057 per share reduced during the period the applicable forward contract is outstanding as specified in such forward sale agreement. PPL may, in certain circumstances, elect cash settlement or net share settlement for all or a portion of its rights or obligations under each forward sale agreement. PPL will not receive any proceeds or issue any shares of common stock until settlement of the forward sale agreements. PPL intends to use any net proceeds that it receives upon settlement for general corporate purposes.

The forward sale agreements are classified as equity transactions. As a result, no amounts will be recorded in the consolidated financial statements until the settlement of the forward sale agreements. Prior to any settlements, the only impact to the financial statements will be the inclusion of incremental shares within the calculation of diluted EPS using the Treasury Stock Method. See Note 5 for information on the forward sale agreements impact on the calculation of diluted EPS.

ATM Program

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program; including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. PPL issued 1.2 million and 4.2 million shares of common stock and received gross proceeds of \$34 million and \$119 million for the three and six months ended June 30, 2018.

Distributions

In May 2018, PPL declared a quarterly common stock dividend, payable July 2, 2018, of 41.0 cents per share (equivalent to \$1.64 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

(PPL Electric, LG&E and KU)

In addition to the specific plan it sponsors, LG&E is allocated costs of defined benefit plans sponsored by LKE. PPL Electric and KU do not directly sponsor any defined benefit plans. PPL Electric is allocated costs of defined benefit plans sponsored by PPL Services and KU is allocated costs of defined benefit plans sponsored by LKE. LG&E and KU are also allocated costs of defined benefit plans from LKS for defined benefit plans sponsored by LKE. See Note 11 for additional information on costs allocated to LG&E and KU from LKS. These allocations are based on participation in those plans, which management believes are reasonable. For the periods ended June 30, PPL Services allocated the following net periodic defined benefit costs to PPL Electric, and LKE allocated the following net periodic defined benefit costs to LG&E and KU:

Legal Matters

(All Registrants)

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

Cane Run Environmental Claims *(PPL, LKE and LG&E)*

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky alleging violations of the Clean Air Act, RCRA, and common law claims of nuisance, trespass and negligence. These plaintiffs seek injunctive relief and civil penalties, plus costs and attorney fees, for the alleged statutory violations. Under the common law claims, these plaintiffs seek monetary compensation and punitive damages for property damage and diminished property values for a class consisting of residents within four miles of the Cane Run plant, which had three coal-fired units retired in 2015. In their individual capacities, these plaintiffs sought compensation for alleged adverse health effects. In July 2014, the court dismissed the RCRA claims and all but one Clean Air Act claim, but declined to dismiss the common law tort claims. In November 2016, the plaintiffs filed an amended complaint removing the personal injury claims and removing certain previously named plaintiffs. In February 2017, the District Court issued an order dismissing PPL as a defendant and dismissing the final federal claim against LG&E. On April 13, 2017, the federal District Court issued an order declining to exercise supplemental jurisdiction on the state law claims and dismissed the case in its entirety. On June 16, 2017, the plaintiffs filed a class action complaint in Jefferson Circuit Court, Kentucky, against LG&E alleging state law nuisance, negligence and trespass tort claims. The plaintiffs seek compensatory and punitive damages for alleged property damage due to purported plant emissions on behalf of a class of residents within one to three miles of the plant. Proceedings are currently underway regarding potential class certification, for which a decision may occur in late 2018 or in 2019. PPL, LKE and LG&E cannot predict the outcome of this matter and an estimate or range of possible losses cannot be determined.

E.W. Brown Environmental Claims *(PPL, LKE and KU)*

On July 12, 2017, the Kentucky Waterways Alliance and the Sierra Club filed a citizen suit complaint against KU in the U.S. District Court for the Eastern District of Kentucky alleging discharges at the E.W. Brown plant in violation of the Clean Water Act and the plant's water discharge permit and alleging contamination that may present an imminent and substantial endangerment in violation of the RCRA. The plaintiffs' suit relates to prior notices of intent to file a citizen suit submitted in October and November 2015 and October 2016. These plaintiffs sought injunctive relief ordering KU to take all actions necessary to comply with the Clean Water Act and RCRA, including ceasing the discharges in question, abating effects associated with prior discharges and eliminating the alleged imminent and substantial endangerment. These plaintiffs also sought assessment of civil penalties and an award of litigation costs and attorney fees. On December 28, 2017 the U.S. District Court for the Eastern District of Kentucky issued an order dismissing the Clean Water Act and RCRA complaints against KU in their entirety. On January 26, 2018, the plaintiffs appealed the dismissal order to the U.S. Court of Appeals for the Sixth Circuit. The case has been briefed and oral argument was presented on August 2, 2018. KU is undertaking extensive remedial measures at the E.W. Brown plant including closure of the former ash pond, implementation of a groundwater remedial action plan, and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. PPL, LKE and KU cannot predict the outcome of these matters and an estimate or range of possible losses cannot be determined.

Regulatory Issues *(All Registrants)*

See Note 7 for information on regulatory matters related to utility rate regulation.

[Table of Contents](#)

Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E and KU monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

Environmental Matters

(All Registrants)

Due to the environmental issues discussed below or other environmental matters, it may be necessary for the Registrants to modify, curtail, replace or cease operation of certain facilities or performance of certain operations to comply with statutes, regulations and other requirements of regulatory bodies or courts. In addition, legal challenges to new environmental permits or rules add to the uncertainty of estimating the future cost of these permits and rules. Finally, the regulatory reviews specified in the President's March 2017 Executive Order (the March 2017 Executive Order) promoting energy independence and economic growth could result in future regulatory changes and additional uncertainty.

WPD's distribution businesses are subject to certain statutory and regulatory environmental requirements. It may be necessary for WPD to incur significant compliance costs, which costs may be recoverable through rates subject to the approval of Ofgem. PPL believes that WPD has taken and continues to take measures to comply with all applicable environmental laws and regulations.

LG&E and KU are entitled to recover, through the ECR mechanism, certain costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements applicable to coal combustion wastes and by-products from facilities that generate electricity from coal in accordance with approved compliance plans. Costs not covered by the ECR mechanism for LG&E and KU and all such costs for PPL Electric are subject to rate recovery before the companies' respective state regulatory authorities, or the FERC, if applicable. Because neither WPD nor PPL Electric owns any generating plants, their exposure to related environmental compliance costs is reduced. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

Air

(PPL, LKE, LG&E and KU)

NAAQS

The Clean Air Act, which regulates air pollutants from mobile and stationary sources in the United States, has a significant impact on the operation of fossil fuel generation plants. Among other things, the Clean Air Act requires the EPA periodically to review and establish concentration levels in the ambient air for six pollutants to protect public health and welfare. The six pollutants are carbon monoxide, lead, nitrogen dioxide, ozone (contributed to by nitrogen oxide emissions), particulate matter and sulfur dioxide. The established concentration levels for these six pollutants are known as NAAQS. Under the Clean Air Act, the EPA is required to reassess the NAAQS on a five-year schedule.

Federal environmental regulations of these six pollutants require states to adopt implementation plans, known as state implementation plans, which detail how the state will attain the standards that are mandated by the relevant law or regulation.

[Table of Contents](#)

Each state identifies the areas within its boundaries that meet the NAAQS (attainment areas) and those that do not (non-attainment areas), and must develop a state implementation plan both to bring non-attainment areas into compliance with the NAAQS and to maintain good air quality in attainment areas. In addition, for attainment of ozone and fine particulates standards, states in the eastern portion of the country, including Kentucky, are subject to a regional program developed by the EPA known as the Cross-State Air Pollution Rule. The NAAQS, future revisions to the NAAQS and state implementation plans, or future revisions to regional programs, may require installation of additional pollution controls, the costs of which PPL, LKE, LG&E and KU believe are subject to cost recovery.

Although PPL, LKE, LG&E and KU do not anticipate significant costs to comply with these programs, changes in market or operating conditions could result in different costs than anticipated.

Ozone

The EPA issued the current ozone standard in October 2015. The states and the EPA are required to determine (based on ambient air monitoring data) those areas that meet the standard and those that are in nonattainment. The EPA was scheduled to designate areas as being in attainment or nonattainment of the current ozone standard by no later than October 2017 which was to be followed by further regulatory proceedings identifying compliance measures and deadlines. However, the current implementation and compliance schedule is uncertain because the EPA failed to make nonattainment designations by the applicable deadline. In addition, some industry groups have requested the EPA to defer implementation of the 2015 ozone standard, but the EPA has not yet acted on this request. Although implementation of the 2015 ozone standard could potentially require the addition of SCRs at some LG&E and KU generating units, PPL, LKE, LG&E and KU are currently unable to determine what the compliance measures and deadlines may ultimately be with respect to the new standard.

States are also obligated to address interstate transport issues associated with ozone standards through the establishment of "good neighbor" state implementation plans for those states that are found to contribute significantly to another state's non-attainment. As a result of a partial consent decree addressing claims regarding federal implementation, the EPA and several states, including Kentucky, are evaluating the need for further nitrogen oxide reductions from fossil-fueled plants to address interstate impacts. Although PPL, LKE, LG&E and KU are unable to predict the outcome of ongoing and future evaluations by the EPA and the states, such evaluations could potentially result in requirements for nitrogen oxide reductions beyond those currently required under the Cross-State Air Pollution Rule.

Sulfur Dioxide

In 2010, the EPA issued the current NAAQS for sulfur dioxide and required states to identify areas that meet those standards and areas that are in nonattainment. In July 2013, the EPA finalized nonattainment designations for parts of the country, including part of Jefferson County in Kentucky. As a result of scrubber replacements completed by LG&E at the Mill Creek plant in 2016, all Jefferson County monitors now indicate compliance with the sulfur dioxide standards. Additionally, LG&E accepted a new sulfur dioxide emission limit to ensure continuing compliance with the NAAQS. PPL, LKE, LG&E and KU do not anticipate any further measures to achieve compliance with the new sulfur dioxide standards.

Climate Change

There is continuing world-wide attention focused on issues related to climate change. In June 2016, President Obama announced that the United States, Canada and Mexico established the North American Climate, Clean Energy, and Environment Partnership Plan, which specifies actions to promote clean energy, address climate change and protect the environment. The plan includes a goal to provide 50% of the energy used in North America from clean energy sources by 2025. The plan does not impose any nation-specific requirements.

In December 2015, 195 nations, including the U.S., signed the Paris Agreement on Climate, which establishes a comprehensive framework for the reduction of GHG emissions from both developed and developing nations. Although the agreement does not establish binding reduction requirements, it requires each nation to prepare, communicate, and maintain GHG reduction commitments. Reductions can be achieved in a variety of ways, including energy conservation, power plant efficiency improvements, reduced utilization of coal-fired generation or replacing coal-fired generation with natural gas or renewable generation. Based on the EPA's rules issued in 2015 imposing GHG emission standards for both new and existing power plants, the U.S. committed to an initial reduction target of 26% to 28% below 2005 levels by 2025. However, on June 1, 2017, President Trump announced a plan to withdraw from the Paris Agreement and undertake negotiations to reenter the current agreement or enter a new agreement on terms more favorable to the U.S. Under the terms of the Paris Agreement, any U.S. withdrawal would not be complete until November 2020.

[Table of Contents](#)

Additionally, the March 2017 Executive Order directed the EPA to review its 2015 greenhouse gas rules for consistency with certain policy directives and suspend, revise, or rescind those rules as appropriate. The March 2017 Executive Order also directs rescission of specified guidance, directives, and prior Presidential actions regarding climate change. PPL, LKE, LG&E and KU cannot predict the outcome of such regulatory actions or the impact, if any, on plant operations, rate treatment or future capital or operating needs.

The U.K. has enacted binding carbon reduction requirements that are applicable to WPD. Under the U.K. law, WPD must purchase carbon allowances to offset emissions associated with WPD's operations. The cost of these allowances is not significant and is included in WPD's current operating expenses.

The EPA's Rules under Section 111 of the Clean Air Act, including the EPA's Clean Power Plan

There continues to be uncertainty about the EPA's regulation of existing coal-fired power plants. In 2015, the EPA had finalized rules imposing GHG emission standards for both new and existing power plants and had proposed a federal implementation plan that would apply to any states that failed to submit an acceptable state implementation plan to reduce GHG emissions on a state-by-state basis (the 2015 EPA Rules).

Following legal challenges to the 2015 EPA Rules, a stay of those rules by the U.S. Supreme Court and the March 2017 Executive Order requiring the EPA to review the 2015 EPA Rules, in October 2017, the EPA proposed to rescind the 2015 EPA Rules and, in December 2017, released an advanced notice of proposed rulemaking for a replacement (Replacement Rules) which contemplates GHG reductions based on "inside the fence" measures implemented at individual plants. The contemplated approach in the Replacement Rules is a more limited approach than that taken in the 2015 EPA Rules which had included assumed increased levels of fuel switching and renewable energy in determining the level of emission reduction required by each state. At present, the 2015 EPA Rules remain stayed and the Replacement Rules have not yet been published.

In April 2014, the Kentucky General Assembly passed legislation limiting the measures that the Kentucky Energy and Environment Cabinet may consider in setting performance standards to comply with the 2015 EPA Rules, if enacted. The legislation provides that such state GHG performance standards will be based on emission reductions, efficiency measures and other improvements available at each power plant, rather than renewable energy, end-use energy efficiency, fuel switching and re-dispatch. These statutory restrictions are consistent with the EPA's notice of proposed rulemaking on the Replacement Rules.

LG&E and KU are monitoring developments at the state and federal level. Until there is more clarity about the potential requirements that may be imposed under the Replacement Rules and Kentucky's implementation plan, PPL, LKE, LG&E and KU cannot predict the potential impact, if any, on plant operations, future capital or operating costs. PPL, LKE, LG&E and KU believe that the costs, which could be significant, would be subject to rate recovery.

Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. Discussions between the EPA and LG&E are ongoing. The parties have entered into a tolling agreement with respect to this matter through December 2018. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any.

Water/Waste

(PPL, LKE, LG&E and KU)

CCRs

In April 2015, the EPA published its final rule regulating CCRs. CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes. The rule became effective in October 2015. It imposes extensive new requirements, including location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements on CCR impoundments and landfills that are located on active power plants in the United States and not closed.

[Table of Contents](#)

Under the rule, CCRs are regulated as non-hazardous under Subtitle D of RCRA and beneficial use of CCRs is allowed, with some restrictions. The rule's requirements for covered CCR impoundments and landfills include implementation of groundwater monitoring and commencement or completion of closure activities generally between three and ten years from certain triggering events. The rule requires posting of compliance documentation on a publicly accessible website. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule, which are pending before the D.C. Circuit Court of Appeals. On March 1, 2018, the EPA proposed amendments to the CCR rule primarily relating to impoundment closure and remediation requirements. On July 18, 2018, the EPA released a pre-publication copy of a signed final rule extending the deadline for closure of certain impoundments to October 2020 and adopting substantive changes relating to certifications, suspensions of groundwater monitoring and groundwater protection standards for certain constituents. PPL, LKE, LG&E and KU are unable to predict the outcome of the ongoing rulemaking or potential impacts on current LG&E and KU compliance plans. Revisions to the current rule could potentially result in additional costs.

In January 2017, Kentucky issued a new state rule relating to CCR matters, effective May 2017, aimed at reflecting the requirements of the federal CCR rule. In May 2017, a resident adjacent to LG&E's and KU's Trimble County plant filed a lawsuit in Franklin County, Kentucky Circuit Court against the Kentucky Energy and Environmental Cabinet and LG&E seeking to invalidate the new rule. On January 31, 2018, the state court issued an opinion invalidating certain procedural elements of the new rule but finding the substantive requirements of the new rule to be consistent with those of the federal CCR rule. This ruling was not appealed by any party to the litigation and is now final. Accordingly, LG&E and KU presently operate their facilities under continuing permits authorized via the former program and do not currently anticipate material impacts as a result of the judicial ruling. Separately, in December 2016, federal legislation was enacted that authorized the EPA to approve equally protective state programs that would operate in lieu of the CCR rule. The Kentucky Energy and Environmental Cabinet has indicated it may propose rules under such authority in the future.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. On January 26, 2018, KU filed an application requesting a CPCN and approval of amendments to the second phase of its compliance plan for the landfill at the E.W. Brown station. On July 9, 2018, the KPSC granted approval to KU for amendments to the second phase of its compliance plan for the landfill at the E.W. Brown station.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 16 below and Note 19 in the Registrants' 2017 Form 10-K for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

Clean Water Act

Regulations under the federal Clean Water Act dictate permitting and mitigation requirements for facilities and construction projects in the United States. Many of those requirements relate to power plant operations, including requirements related to the treatment of pollutants in effluents prior to discharge, the temperature of effluent discharges and the location, design and construction of cooling water intake structures at generating facilities, standards intended to protect aquatic organisms that become trapped at or pulled through cooling water intake structures at generating facilities. The requirements could impose significant costs for LG&E and KU, which are subject to rate recovery.

On February 20, 2018, the EPA issued a notice requesting comment on the scope of discharges subject to regulation under the Clean Water Act. Specifically, the EPA seeks comments on whether Clean Water Act jurisdiction should cover discharges to groundwater that reach surface water via a direct hydrologic connection. Extending Clean Water Act jurisdiction to such discharges could potentially subject certain releases from CCR impoundments to additional permitting and remediation requirements. PPL, LKE, LG&E and KU are unable to predict the future regulatory developments or potential impacts on current LG&E and KU compliance plans.

ELGs

In September 2015, the EPA released its final ELGs for wastewater discharge permits for new and existing steam electric generating facilities. The rule provides strict technology-based discharge limitations for control of pollutants in scrubber wastewater, fly ash and bottom ash transport water, mercury control wastewater, gasification wastewater and combustion

[Table of Contents](#)

residual leachate. The new guidelines require deployment of additional control technologies providing physical, chemical and biological treatment of wastewaters. The guidelines also mandate operational changes including "no discharge" requirements for fly ash and bottom ash transport waters and mercury control wastewaters. The implementation date for individual generating stations will be determined by the states on a case-by-case basis according to criteria provided by the EPA. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule, which have been consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA published in the Federal Register a proposed rule that would postpone the compliance date for requirements relating to bottom ash transport waters and scrubber wastewaters discharge limits. The EPA expects to complete its reconsideration of best available technology standards by the fall of 2020. Upon completion of the ongoing regulatory proceedings, the rule will be implemented by the states in the course of their normal permitting activities. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to predict the outcome of the EPA's pending reconsideration of the rule or fully estimate compliance costs or timing. Additionally, certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Costs to comply with ELGs or other discharge limits, which are expected to be significant, are subject to rate recovery.

Seepages and Groundwater Infiltration

Seepages or groundwater infiltration have been detected at active and retired wastewater basins and landfills at various LG&E and KU plants. LG&E and KU have completed, or are completing, assessments of seepages or groundwater infiltration at various facilities and have completed, or are working with agencies to implement, further testing, monitoring or abatement measures, where applicable. Depending on the circumstances in each case, certain costs, which may be subject to rate recovery, could be significant. LG&E and KU cannot currently estimate a possible loss or range of possible losses related to this matter.

Other Issues

In June 2016, the "Frank Lautenberg Chemical Safety Act" took effect as an amendment to the Toxic Substance Control Act (TSCA). The Act made no changes to the pre-existing TSCA rules as it pertains to polychlorinated biphenyls (PCB). The EPA continues to reassess its PCB regulations as part of the 2010 Advanced Notice of Proposed Rulemaking (ANPRM). The EPA's ANPRM rulemaking is to occur in two phases. Only the second part of the rule is applicable to PPL operations. This part of the rule relates to the use of PCBs in electrical equipment and natural gas pipelines, as well as continued use of PCB-contaminated porous surfaces. Although the first rulemaking will not directly affect the Registrants' operations, it may indicate certain approaches or principles to occur in the later rulemaking which may affect Registrants' facilities in the United States, including phase-out of some or all equipment containing PCBs. Should such a phase-out be required, the costs, which are subject to rate recovery, could be significant. Currently, the EPA is planning a review of part two later in 2018.

Superfund and Other Remediation

PPL Electric, LG&E and KU are potentially responsible for investigating, responding to agency inquiries, implementing various preventative measures, and/or remediating contamination under programs other than those described in the sections above. These include a number of former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated or currently owned by predecessors or affiliates of PPL Electric, LG&E and KU. To date, the costs of these sites have not been significant.

There are additional sites, formerly owned or operated by PPL Electric, LG&E and KU predecessors or affiliates. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability they may have or a range of reasonably possible losses, if any, related to these matters.

PPL Electric is potentially responsible for a share of the costs at several sites listed by the EPA under the federal Superfund program, including the Columbia Gas Plant site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been, and are not expected to be, significant to PPL Electric.

As of June 30, 2018 and December 31, 2017, PPL Electric had a recorded liability of \$11 million and \$10 million representing its best estimate of the probable loss incurred to remediate the sites noted in the paragraph above. Depending on the outcome of investigations at sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred; however, such costs are not expected to be significant.

[Table of Contents](#)

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result of the EPA's evaluation, individual states may establish stricter standards for water quality and soil cleanup. This could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of reasonably possible losses, if any, related to these matters.

From time to time, PPL's subsidiaries in the United States undertake testing, monitoring or remedial action in response to notices of violations, spills or other releases at various on-site and off-site locations, negotiate with the EPA and state and local agencies regarding actions necessary to comply with applicable requirements, negotiate with property owners and other third parties alleging impacts from PPL's operations and undertake similar actions necessary to resolve environmental matters that arise in the course of normal operations. Based on analyses to date, resolution of these environmental matters is not expected to have a significant adverse impact on the operations of PPL Electric, LG&E and KU.

Future cleanup or remediation work at sites under review, or at sites not yet identified, may result in significant additional costs for PPL, PPL Electric, LKE, LG&E and KU. Insurance policies maintained by LKE, LG&E and KU may be available to cover certain of the costs or other obligations related to these matters but the amount of insurance coverage or reimbursement cannot be estimated or assured.

Labor Union Agreements

(LKE and KU)

KU has 68 employees that are represented by the IBEW labor union. Contract negotiations with the IBEW commenced in July 2018. The current three-year agreement, scheduled to expire on August 1, 2018, was extended to August 9, 2018. Although union members voted to reject a recent agreement reached by KU and the IBEW, negotiations are continuing. KU cannot predict the outcome of these negotiations but does not expect the ultimate outcome of this matter, including terms of any potential new agreement, or lack thereof, to have a material impact on KU.

Guarantees and Other Assurances

(All Registrants)

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

(PPL)

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

(All Registrants)

The table below details guarantees provided as of June 30, 2018. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities." The total recorded liability at June 30, 2018 was \$6 million for PPL and not significant for LKE. The total recorded liability at December 31, 2017 was \$17 million for PPL and \$11 million for LKE. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

[Table of Contents](#)

	<u>Exposure at June 30, 2018</u>	<u>Expiration Date</u>
<u>PPL</u>		
Indemnifications related to the WPD Midlands acquisition	(a)	
WPD indemnifications for entities in liquidation and sales of assets	\$ 10 (b)	2020
WPD guarantee of pension and other obligations of unconsolidated entities	82 (c)	
<u>PPL Electric</u>		
Guarantee of inventory value	20 (d)	2020
<u>LKE</u>		
Indemnification of lease termination and other divestitures	200 (e)	2021
<u>LG&E and KU</u>		
LG&E and KU guarantee of shortfall related to OVEC	(f)	

- (a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.
- (b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

- (c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At June 30, 2018, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.
- (d) A third party logistics firm provides inventory procurement and fulfillment services. The logistics firm has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold.
- (e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million, exclusive of certain items such as government fines and penalties that may exceed the maximum. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses.
- (f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was \$115 million at June 30, 2018, consisting of LG&E's share of \$80 million and KU's share of \$35 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" in Note 13 in PPL's, LKE's, LG&E's and KU's 2017 Form 10-K for additional information on the OVEC power purchase contract.

In March 2018, a sponsor with a pro-rata share of certain OVEC obligations of 4.85% filed for bankruptcy under Chapter 11 and is seeking to reject the OVEC power purchase contract, which action OVEC and certain sponsors are contesting. OVEC and certain of its sponsors, including LG&E and KU, are analyzing certain potential additional credit support actions to preserve OVEC's access to credit markets or mitigate risks or adverse impacts relating thereto, including increased interest costs, establishing or continuing debt reserve accounts or other changes involving OVEC's existing short and long-term debt. The ultimate outcome of these matters, including the sponsor bankruptcy and related proceedings and any other potential impact on LG&E's and KU's obligations relating to OVEC debt under the power purchase contract cannot be predicted.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

Support Costs (PPL Electric, LKE, LG&E and KU)

PPL Services, PPL EU Services and LKS provide PPL, PPL Electric, LKE, their respective subsidiaries, including LG&E and KU, and each other with administrative, management and support services. For all service companies, the costs of these services are charged to the respective recipients as direct support costs. General costs that cannot be directly attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended June 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Six Months	
	2018	2017	2018	2017
PPL Electric from PPL Services	\$ 15	\$ 44	\$ 31	\$ 95
LKE from PPL Services	7	5	14	11
PPL Electric from PPL EU Services	41	15	76	33
LG&E from LKS	39	38	77	82
KU from LKS	43	47	85	91

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and KU are reimbursed through LKS.

Intercompany Borrowings

(PPL Electric)

PPL Energy Funding maintains a revolving line of credit with a PPL Electric subsidiary. In June 2018, the revolving line of credit was increased by \$250 million and the limit as of June 30, 2018 was \$650 million. No balance was outstanding at June 30, 2018 and December 31, 2017. The interest rates on borrowings are equal to one-month LIBOR plus a spread.

(LKE)

LKE maintains a \$300 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. The interest rates on borrowings are equal to one-month LIBOR plus a spread. At June 30, 2018 and December 31, 2017, \$99 million and \$225 million were outstanding and reflected in "Notes payable with affiliates" on the Balance Sheets. The interest rates on the outstanding borrowings at June 30, 2018 and December 31, 2017 were 3.50% and 2.87%.

LKE maintains an agreement with a PPL affiliate that has a \$300 million borrowing limit whereby LKE can loan funds on a short-term basis at market based rates. No balance was outstanding at June 30, 2018 and December 31, 2017. The interest rate on the loan is based on the PPL affiliates credit rating and equal to one-month LIBOR plus a spread.

LKE maintains a \$400 million ten-year note with a PPL affiliate with an interest rate of 3.5%. At June 30, 2018 and December 31, 2017, the note was reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on this note was \$3 million and \$7 million for the three and six months ending June 30, 2018 and 2017.

[Table of Contents](#)

In May 2018, LKE borrowed \$250 million from a PPL affiliate through the issuance of a 4% ten-year note due 2028 with interest due in May and November. At June 30, 2018, the note was reflected in "Long-term debt to affiliate" on the Balance Sheets. The proceeds were used to repay its outstanding notes payable with a PPL Energy Funding subsidiary. Interest expense on this note was \$2 million for the three and six months ending June 30, 2018.

13. Fair Value Measurements

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are

[Table of Contents](#)

predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. Transfers between levels are recognized at end-of-reporting-period values. During the three and six months ended June 30, 2018 and 2017, there were no transfers between Level 1 and Level 2. See Note 1 in each Registrant's 2017 Form 10-K for information on the levels in the fair value hierarchy.

Special Use Funds

(PPL)

The special use funds are investments restricted for paying active union employee medical costs. In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay for medical claims of active bargaining unit employees. The funds are invested primarily in money market funds.

Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps

(PPL, LKE, LG&E and KU)

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

Financial Instruments Not Recorded at Fair Value (All Registrants)

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

14. Derivative Instruments and Hedging Activities

Risk Management Objectives

(All Registrants)

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

Interest Rate Risk

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. PPL, LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.

Foreign Currency Risk (PPL)

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

(All Registrants)

Commodity Price Risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

[Table of Contents](#)

Volumetric Risk

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2017 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Equity Securities Price Risk

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

Credit Risk

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

Master Netting Arrangements *(PPL, LKE, LG&E and KU)*

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$28 million obligation to return cash collateral under master netting arrangements at June 30, 2018 and a \$20 million obligation to return cash collateral under master netting arrangements at December 31, 2017.

PPL had no obligation to post cash collateral under master netting arrangements at June 30, 2018 and December 31, 2017.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at June 30, 2018 and December 31, 2017.

LKE, LG&E and KU had no cash collateral posted under master netting arrangements at June 30, 2018 and December 31, 2017.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

Interest Rate Risk

(All Registrants)

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

Cash Flow Hedges *(PPL)*

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. PPL held no such contracts at June 30, 2018.

For the three and six months ended June 30, 2018 and 2017, PPL had no hedge ineffectiveness associated with interest rate derivatives.

At June 30, 2018, PPL held an aggregate notional value in cross-currency interest rate swap contracts of \$702 million that range in maturity from 2021 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

For the three and six months ended June 30, 2018 and 2017, PPL had no hedge ineffectiveness associated with cross-currency interest rate swap derivatives.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For the three and six months ended June 30, 2018, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges. For the three and six months ended June 30, 2017, PPL had an insignificant amount of cash flow hedges reclassified into earnings associated with discontinued cash flow hedges.

At June 30, 2018, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

Economic Activity *(PPL, LKE and LG&E)*

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At June 30, 2018, LG&E held contracts with a notional amount of \$147 million that range in maturity through 2033.

Foreign Currency Risk

(PPL)

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

[Table of Contents](#)

Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no contracts outstanding at June 30, 2018.

At June 30, 2018 and December 31, 2017, PPL had \$30 million and \$22 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI.

Economic Activity

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At June 30, 2018, the total exposure hedged by PPL was approximately £2.0 billion (approximately \$2.8 billion based on contracted rates). These contracts have termination dates ranging from July 2018 through October 2020.

Accounting and Reporting

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts for PPL and PPL Electric include certain full-requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 7 for amounts recorded in regulatory assets and regulatory liabilities at June 30, 2018 and December 31, 2017.

See Note 1 in each Registrant's 2017 Form 10-K for additional information on accounting policies related to derivative instruments.

Offsetting Derivative Instruments

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination

of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At June 30, 2018, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

15. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

PPL's, LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 10 for information on the CCR rule. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

The changes in the carrying amounts of AROs were as follows.

17. New Accounting Guidance Pending Adoption

(All Registrants)

Accounting for Leases

In February 2016, the FASB issued accounting guidance for leases. This new guidance requires lessees to recognize a right-of-use asset and a lease liability for virtually all of their leases (other than leases that meet the definition of a short-term lease). For income statement purposes, the FASB retained a dual model for lessees, requiring leases to be classified as either operating or finance. Operating leases will result in straight-line expense (similar to current operating leases) while finance leases will result in a front-loaded expense pattern (similar to current capital leases). Classification will be based on criteria that are largely similar to those applied in current lease accounting, but without explicit bright line tests.

Lessor accounting under the new guidance is similar to the current model, but updated to align with certain changes to the lessee model and the new revenue recognition standard. Similar to current practice, lessors will classify leases as operating, direct financing, or sales-type.

The standard is effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption is permitted. The new standard must be adopted using a modified retrospective transition method with transition applied either retrospectively to each prior reporting period presented in the financial statements or as of the beginning of the period of adoption. The standard also provides for certain practical expedients. One of these practical expedients allows entities to elect to (1) not reassess whether existing contracts contain leases, (2) carryforward the existing lease classification, and (3) not reassess initial direct costs associated with existing leases. In January 2018, the FASB also issued additional guidance that provides for a practical expedient that allows entities to elect to not evaluate land easements as leases that exist or expired before the adoption date and were not previously accounted for as leases under current lease guidance. The Registrants plan to elect these practical expedients.

[Table of Contents](#)

The Registrants are currently assessing the impact of adopting this guidance as well as the transition method they will use. Key implementation activities in process of being completed include finalizing the lease inventory, concluding on open industry issues and identifying and implementing new controls and processes. The Registrants will adopt this guidance effective January 1, 2019.

Accounting for Financial Instrument Credit Losses

In June 2016, the FASB issued accounting guidance that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of this guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under current GAAP.

For public business entities, this guidance will be applied using a modified retrospective approach and is effective for fiscal years beginning after December 15, 2019, and interim periods within those years. All entities may early adopt this guidance beginning after December 15, 2018, including interim periods within those years.

The Registrants are currently assessing the impact of adopting this guidance and the period they will adopt it.

Improvements to Accounting for Hedging Activities

In August 2017, the FASB issued accounting guidance that reduces complexity when applying hedge accounting as well as improves transparency about an entity's risk management activities. This guidance eliminates recognizing hedge ineffectiveness for cash flow and net investment hedges and provides for the ability to perform subsequent effectiveness assessments qualitatively. The guidance also makes certain changes to allowable methodologies such as allowing entities to apply the short-cut method to partial-term fair value hedges of interest rate risk as well as expands the ability to apply the critical terms match method to cash flow hedges of groups of forecasted transactions. The guidance also updates certain recognition and presentation requirements as well as disclosure requirements.

For public business entities, this guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption is permitted. This standard must be adopted using a modified retrospective approach and provides for certain transition elections that must be made prior to the first effectiveness testing date after adoption.

The Registrants are currently assessing the impact of adopting this guidance and the period they will adopt it.

(PPL, LKE, LG&E and KU)

Simplifying the Test for Goodwill Impairment

In January 2017, the FASB issued accounting guidance that simplifies the test for goodwill impairment by eliminating the second step of the quantitative test. The second step of the quantitative test requires a calculation of the implied fair value of goodwill, which is determined in the same manner as the amount of goodwill in a business combination. Under this new guidance, an entity will now compare the estimated fair value of a reporting unit with its carrying value and recognize an impairment charge for the amount the carrying amount exceeds the fair value of the reporting unit.

For public business entities, this guidance will be applied prospectively and is effective for annual or any interim goodwill impairment tests for fiscal years beginning after December 15, 2019. All entities may early adopt this guidance for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017.

The Registrants are currently assessing the impact of adopting this guidance and the period they will adopt it.

(PPL and LKE)

Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income

In February 2018, the FASB issued accounting guidance that gives entities the option to reclassify tax effects stranded within AOCI as a result of the TCJA to retained earnings. The reclassification applies only to those stranded tax effects arising from

[Table of Contents](#)

the TCJA enactment. Certain disclosures related to the stranded tax effects, including a description of the accounting policy for releasing income tax effects from AOCI, are required.

For all entities, this guidance is effective for fiscal years beginning after December 15, 2018 and interim periods within those fiscal years. Early adoption is permitted, including adoption in any interim period. The amendments should be applied either in the period of adoption or retrospectively to each period in which the effect of the change in the U.S. federal corporate income tax rate in the TCJA is recognized.

The adoption of this guidance will result in PPL and LKE reclassifying \$50 million and \$18 million of deferred tax effects (primarily related to pension and other post-retirement benefits) stranded in AOCI as a result of the TCJA to retained earnings. The Registrants are assessing the period in which they will adopt this guidance.

(All Registrants)

This "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" is separately filed by PPL, PPL Electric, LKE, LG&E and KU. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for individual Registrants when significant.

Overview

Introduction

(PPL)

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky, Virginia and Tennessee; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries are shown below (* denotes a Registrant).

PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a Registrant. Unaudited annual consolidated financial statements for the U.K. Regulated segment are furnished on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

(PPL Electric)

PPL Electric, headquartered in Allentown, Pennsylvania, is a wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

(LKE)

LKE, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name and in Tennessee under the KU name.

(LG&E)

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

(KU)

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky, Virginia and Tennessee. KU is subject to regulation as

a public utility by the KPSC, the VSCC and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Virginia customers under the Old Dominion Power name and its Kentucky and Tennessee customers under the KU name.

Business Strategy

(All Registrants)

PPL operates seven fully regulated, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky, constructive regulatory jurisdictions with distinct regulatory structures and customer classes. PPL believes this business portfolio provides strong earnings and dividend growth potential that will create significant value for its shareowners and positions PPL well for continued growth and success.

PPL's strategy is to deliver best-in-sector operational performance, invest in a sustainable energy future, maintain a strong financial foundation, and engage and develop its people. PPL's business plan is designed to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base in the U.S. and RAV in the U.K. Rate base growth is being driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities.

For the U.S. businesses, central to our strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, gas supply clause and recovery on construction work-in-progress) that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital expenditures to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms are in place to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs.

Rate base growth in the domestic utilities is expected to result in earnings growth for the foreseeable future. RAV growth is expected in the U.K. Regulated segment during the RIIO-ED1 price control period, which ends on March 31, 2023, and to result in earnings growth in 2018 through at least 2020. See "Item 1. Business - Segment Information - U.K. Regulated Segment" in PPL's 2017 Form 10-K for additional information on RIIO-ED1.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Because WPD's earnings represent such a significant portion of PPL's consolidated earnings, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Financial and Operational Developments - U.K. Membership in European Union" for additional discussion of the U.K. earnings hedging activity.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which we operate (U.K., U.S. federal and state). This is supported by our strong culture of integrity and delivering on

[Table of Contents](#)

commitments to customers, regulators and shareowners, and a commitment to continue to improve our customer service, reliability and operational efficiency.

Financial and Operational Developments

Equity Forward Contracts (PPL)

In May 2018, PPL completed a registered underwritten public offering of 55 million shares of its common stock. In conjunction with that offering, the underwriters exercised an option to purchase 8.25 million additional shares of PPL common stock solely to cover over-allotments.

In connection with the registered public offering, PPL entered into forward sale agreements with two counterparties covering the 63.25 million shares of PPL common stock. Settlement of these forward sale agreements will occur no later than November 2019. PPL will not receive any proceeds or issue any shares of common stock until settlement of the forward sale agreements. PPL intends to use any net proceeds that it receives upon settlement for general corporate purposes.

The forward sale agreements are classified as equity transactions. As a result, no amounts will be recorded in the consolidated financial statements until the settlement of the forward sale agreements. Prior to any settlements, the only impact to the financial statements will be the inclusion of incremental shares within the calculation of diluted EPS using the Treasury Stock Method. See Note 8 to the Financial Statements for additional information.

U.S. Tax Reform (All Registrants)

Substantially all of the provisions of the TCJA, signed into law on December 22, 2017, are effective for taxable years beginning after December 31, 2017 and, to the extent such provisions are relevant to the Registrants, their impact has been reflected in the financial results for the three and six months ended June 30, 2018. With respect to the TCJA provisions applicable to the period ended December 31, 2017, although additional guidance has been issued by the U.S. Department of the Treasury and the IRS concerning the application or operation of those provisions, such guidance has not materially impacted the related amounts reported in the Registrants' financial statements for the periods ended June 30, 2018.

On August 1, 2018, the Department of Treasury and the IRS issued proposed regulations under Internal Revenue Code Section 965 to provide guidance relating to the transition tax upon the mandatory deemed repatriation of certain deferred foreign earnings. On August 3, 2018, the Department of Treasury and the IRS also issued proposed regulations on the new 100 percent depreciation deduction effective for assets placed in service after September 27, 2017. The Registrants are currently reviewing the proposed regulations to determine what impact the newly issued guidance may have on their financial statements.

Kentucky State Tax Reform (All Registrants)

HB 487, which became law on April 27, 2018, provides for significant changes to the Kentucky tax code including (1) adopting mandatory combined reporting for corporate members of unitary business groups for taxable years beginning on or after January 1, 2019 (members of a unitary business group may make an eight-year binding election to file consolidated corporate income tax returns with all members of their federal affiliated group) and (2) a reduction in the Kentucky corporate income tax rate from 6% to 5% for taxable years beginning after December 31, 2017. LKE recognized a deferred tax charge of \$9 million in the second quarter of 2018 primarily associated with the remeasurement of non-regulated accumulated deferred income tax balances.

As indicated in Note 1 in the Registrants' 2017 Form 10-K, LG&E's and KU's accounting for income taxes is impacted by rate regulation. Therefore, reductions in regulated accumulated deferred income tax balances due to the reduction in the Kentucky corporate income tax rate to 5% under the provisions of HB 487 may result in amounts previously collected from utility customers for these deferred taxes to be refundable to such customers in future periods. In the second quarter of 2018, LG&E and KU recorded the impact of the reduced tax rate, related to the remeasurement of deferred income taxes, as an increase in regulatory liabilities of \$16 million and \$19 million. LG&E and KU continue to evaluate other impacts of Kentucky state tax reform along with the associated regulatory considerations. PPL is evaluating the impact, if any, of unitary or elective consolidated income tax reporting on all its Registrants.

U.K. Membership in European Union (PPL)

On March 29, 2017, the U.K. formally notified the European Council of the European Union (EU) of its intent to withdraw from the EU, thereby commencing the two-year negotiation period to establish the terms of that withdrawal under Article 50 of the Lisbon Treaty. Article 50 specifies that if a member state decides to withdraw from the EU, it must notify the European Council of its intention to leave the EU, negotiate the terms of withdrawal and establish the legal grounds for its future relationship with the EU. Article 50 provides two years from the date of the Article 50 notification to conclude negotiations. Failure to complete negotiations within two years, unless negotiations are extended, would result in the treaties governing the EU no longer being applicable to the U.K. with there being no agreement in place governing the U.K.'s relationship with the EU. Under the terms of Article 50, negotiations can only be extended beyond two years if all of the 27 remaining EU states agree to an extension. Any withdrawal agreement will need to be approved by the European Parliament, the European Council and by the U.K. Parliament. There remains significant uncertainty as to the ultimate outcome of the withdrawal negotiations and the related impact on the U.K. economy and the GBP to U.S. dollar exchange rate.

PPL has executed hedges to mitigate the foreign exchange risk to the Company's U.K. earnings. As of July 31, 2018, PPL's foreign exchange exposure related to budgeted earnings is 100% hedged for the remainder of 2018 at an average rate of \$1.31 per GBP, 100% hedged for 2019 at an average rate of \$1.39 per GBP and 50% hedged for 2020 at an average rate of \$1.49 per GBP.

PPL cannot predict either the short-term or long-term impact to foreign exchange rates or long-term impact on PPL's financial condition that may be experienced as a result of the actions taken by the U.K. government to withdraw from the EU, although such impacts could be significant.

Regulatory Requirements

(All Registrants)

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

TCJA Impact on LG&E and KU Rates (PPL, LKE, LG&E and KU)

On December 21, 2017, Kentucky Industrial Utility Customers, Inc. submitted a complaint with the KPSC against LG&E and KU, as well as other utility companies in Kentucky, alleging that their respective rates would no longer be fair, just and reasonable following the enactment of the TCJA reducing the federal corporate tax rate from 35% to 21%. The complaint requested the KPSC to issue an order requiring LG&E and KU to begin deferring, as of January 1, 2018, the revenue requirement effect of all income tax expense savings resulting from the federal corporate income tax reduction, including the amortization of excess deferred income taxes by recording those savings in a regulatory liability account and establishing a process by which the federal corporate income tax savings will be passed back to customers.

On January 29, 2018, LG&E, KU, Kentucky Industrial Utility Customers, Inc. and the Office of the Attorney General reached a settlement agreement to commence returning savings related to the TCJA to their customers through their ECR, DSM and LG&E's GLT rate mechanisms beginning in March 2018 and through a new bill credit mechanism from April 1, 2018 through April 30, 2019. The estimated impact of the rate reduction represents approximately \$91 million in KU electricity revenues (\$70 million through the new bill credit and \$21 million through existing rate mechanisms), \$69 million in LG&E electricity revenues (\$49 million through the new bill credit and \$20 million through existing rate mechanisms) and \$17 million in LG&E gas revenues (substantially all through the new bill credit) for the period January 2018 through April 2019. Ongoing tax savings are also expected to be addressed in LG&E's and KU's next Kentucky base rate case. LG&E and KU have indicated their intent to file an application for base rate changes during 2018 to be effective during spring 2019.

On March 20, 2018, the KPSC issued an order approving, with certain modifications, the settlement agreement reached between LG&E, KU, Kentucky Industrial Utility Customers, Inc. and the Office of the Attorney General. The KPSC estimates that, pursuant to its modifications, electricity revenues would incorporate reductions of approximately \$108 million for KU (\$87 million through the new bill credit and \$21 million through existing rate mechanisms) and \$79 million for LG&E (\$59 million through the new bill credit and \$20 million through existing rate mechanisms). This represents \$27 million (\$17 million at KU and \$10 million at LG&E) in additional reductions from the amounts proposed by the settlement. The KPSC's modifications to the settlement include certain changes in assumptions or inputs used in assessing tax reform or calculating

[Table of Contents](#)

LG&E's and KU's electricity rates. LG&E gas rate reductions were not modified significantly from the amount included in the settlement agreement.

On March 26, 2018, LG&E and KU filed a petition for reconsideration and request for hearing with the KPSC, taking exception to the KPSC's modifications and the process, and also requested certain relief from implementing the amounts represented by the additional reductions until the matter is fully resolved. On March 28, 2018, the Office of the Attorney General filed a response to the petition and gave notice of its withdrawal from the settlement agreement.

On March 28, 2018, the KPSC issued an Order granting LG&E's and KU's request for reconsideration and amending its March 20, 2018 Order by suspending the approved rates, allowing LG&E and KU, on an interim basis, to return savings related to the TCJA at the rates agreed to in the January 29, 2018 settlement. On March 30, 2018, following receipt of the Attorney General's response, the KPSC issued an Order amending its March 28, 2018 Order to allow the parties to raise any relevant issues related to the TCJA. A hearing on this matter was held May 24, 2018. Post-hearing briefs have been filed and the case is now submitted to the KPSC for a decision.

LG&E and KU cannot predict the outcome of these proceedings.

Additionally, on January 8, 2018, the VSCC ordered KU, as well as other utilities in Virginia, to accrue regulatory liabilities reflecting the Virginia jurisdictional revenue requirement impacts of the reduced federal corporate tax rate. On March 22, 2018, KU reached a settlement agreement regarding its rate case in Virginia. New rates, inclusive of TCJA impacts, were effective June 1, 2018. The settlement also stipulates that actual tax savings for the five month period prior to new rates taking effect would be addressed through KU's annual information filing for calendar year 2018. On May 8, 2018, the VSCC approved the settlement agreement. The TCJA and rate case are not expected to have a significant impact on KU's financial condition or results of operations related to Virginia.

On March 15, 2018, the FERC issued a Notice of Inquiry seeking information on whether and how it should address changes relating to accumulated deferred income taxes and bonus depreciation resulting from passage of the TCJA on FERC-jurisdictional rates. LG&E and KU have not made any submission in response to the Notice of Inquiry, but do not anticipate the impact of the TCJA related to their FERC-jurisdictional rates to be significant.

(PPL and PPL Electric)

TCJA Impact on PPL Electric Rates

On February 12, 2018, the PUC issued a Secretarial Letter requesting certain information from regulated utilities and inviting comment from interested parties on potential revision to customer rates as a result of enactment of the TCJA. PPL Electric submitted its response to the Secretarial Letter on March 9, 2018. On March 15, 2018, the PUC issued a Temporary Rates Order to allow time to determine the manner in which rates could be adjusted in response to the TCJA. The PUC issued another Temporary Rates Order on May 17, 2018 to address the impact of the TCJA and indicated that utilities without a currently pending general rate proceeding would receive a utility specific order. The PUC issued an Order specific to PPL Electric on May 17, 2018 which required PPL Electric to file a tariff or tariff supplement by June 15, 2018 to establish (a) temporary rates to include a negative surcharge of 0.56%, which was based on PPL Electric's 2017 taxable income, to be effective July 1, 2018, and (b) to record a deferred regulatory liability to reflect the tax savings associated with the TCJA for the period January 1 through June 30, 2018. On June 8, 2018, PPL Electric submitted a petition to the PUC to increase the negative surcharge proposed in the May 17, 2018 Order from 0.56% to 7.05% to reflect the estimated 2018 tax savings associated with the TCJA. The PUC approved PPL Electric's petition on June 14, 2018 and PPL Electric filed a tariff on June 15, 2018 reflecting the increased negative surcharge. The estimated 2018 full year impact of the rate reduction is \$72 million in PPL Electric's operating revenues of which \$37 million relates to the period January 1, 2018 through June 30, 2018 and has been recorded as a noncurrent regulatory liability to be distributed to customers pursuant to a future rate adjustment. The remaining \$35 million is the estimated impact for the period July 1, 2018 through December 31, 2018 and will be passed back to customers through the negative surcharge beginning July 1, 2018.

On March 15, 2018, the FERC issued a Notice of Inquiry seeking information on whether and how it should address changes to FERC-jurisdictional rates relating to accumulated deferred income taxes and bonus depreciation resulting from passage of the TCJA. On March 16, 2018, PPL Electric filed a waiver request, pursuant to Rule 207(a)(5) of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission, to accelerate incorporation of the changes to the federal corporate income tax rate in its transmission formula rate commencing on June 1, 2018 rather than allowing the TCJA tax rate reduction to be initially incorporated in PPL Electric's June 1, 2019 transmission formula rate. The waiver was approved on April 23,

[Table of Contents](#)

2018 and PPL Electric submitted its transmission formula rate, reflecting the TCJA rate reduction, on April 27, 2018. In addition, on May 21, 2018, PPL Electric, as part of a PJM joint transmission owners filing, submitted comments in response to the FERC's March 15, 2018 Notice of Inquiry. The filing submitted by the PJM joint transmission owners requested guidance on how the reduction in accumulated deferred income taxes, resulting from the TCJA reduced federal corporate income tax rate, should be treated for ratemaking purposes. PPL Electric is currently awaiting FERC's decision on this matter. The changes, related to accumulated deferred income taxes impacting the transmission formula rate revenues, have not been significant since the new rate went into effect on June 1, 2018.

Pennsylvania Alternative Ratemaking

On June 28, 2018, Governor Tom Wolf signed House Bill 1782 (now known as Act 58 of 2018, and to be codified at 66 Pa. C.S. § 1330) authorizing public utilities to implement alternative rates and rate mechanisms in base rate proceedings before the PUC. The effective date of Act 58 is August 27, 2018.

Under the new law, a public utility can file an application to establish alternative rates and rate mechanisms in a base rate proceeding. These alternative rates and rate mechanisms include, but are not limited to the following: decoupling mechanisms, performance-based rates, formula rates, multiyear rate plans, or a combination of those mechanisms or other mechanisms.

The alternative rate mechanisms can include reconcilable surcharges and rates established under current law, including returns on and return of capital investments. Act 58 explicitly provides that it does not invalidate or void any rate mechanisms approved by the PUC prior to the legislation's effective date. Act 58 also specifies customer notice requirements concerning the utility's application for alternative rates or rate mechanisms.

The actual procedures for approval of a utility's application for alternative rates and rate mechanisms are not set forth in Act 58. Rather, the PUC must prescribe those procedures through a regulation or order within six months of the legislation's effective date.

PPL Electric views the passage of Act 58 to be a favorable regulatory development that is expected to expand the rate-making mechanisms available to Pennsylvania regulated utility companies.

RIIO-ED1 Mid-period Review

In December 2017, Ofgem initiated a consultation on a potential RIIO-ED1 mid-period review (MPR). The RIIO framework allows for an MPR of outputs halfway through the price control. Ofgem was consulting on three potential approaches:

- whether to implement an MPR as currently defined;
- whether to implement an MPR with an extension for WPD rail electrification; and
- whether to implement an MPR with a significant extension of scope to include financial parameters.

Ofgem's initial assessment as set forth in its December 2017 consultation publication was that an MPR as currently defined under RIIO-ED1 was not required. In addition, Ofgem recognized that the U.K. rail electrification program applicable in the WPD distribution areas was outside the scope of the MPR and that implementing an MPR to include financial parameters could undermine the stability of the regulatory regime. The consultation, however, requested interested party comments on those conclusions. The period for submission of comments to the consultation closed on February 2, 2018. Formal consultation responses were submitted by PPL and WPD. On April 30, 2018, Ofgem announced its decision not to conduct an MPR.

RIIO-2 Framework Review

On March 7, 2018, Ofgem issued its consultation document on the RIIO-2 framework, which covers all U.K. gas and electricity transmission and distribution price controls. The current electricity distribution price control, RIIO-ED1, continues through March 31, 2023 and will not be impacted by this RIIO-2 consultation process. Ofgem consulted on a wide range of issues, including cost of debt and equity methodologies, the length of the price control period, indexation methodologies, innovation, stakeholder engagement in the business planning process and performance incentive mechanisms. The purpose of the RIIO-2 framework consultation was to build on lessons learned from the current price controls while supporting low costs to consumers, improved customer service and reliability, and the U.K.'s continued shift to a low-carbon future. Comments on the RIIO-2 framework were due in May 2018. On July 30, 2018, Ofgem published its decision following their RIIO-2 framework consultation after consideration of comments received. Ofgem confirmed the following points in the decision document:

[Table of Contents](#)

- There will be a five-year default length for the price control period, compared to eight years in the current RIIO-ED1 price control.
- There is intent to shift the inflation index used for calculating RAV and allowed returns from RPI to CPIH. Ofgem stated overall, consumers and investors as a whole will be neither better nor worse off in net present value terms as a result of the shift to CPIH and a transition period may be required.
- There will be no change to the existing depreciation policy of using economic asset lives as the basis for depreciating RAV. WPD is currently transitioning to 45 year asset lives for new additions in RIIO-ED1 based on Ofgem's extensive review of asset lives in RIIO-ED1.
- Ofgem will retain the option for fast-tracking for electricity distribution companies only. Fast tracking will be further considered as part of the electricity distribution sector specific consultation.
- A new enhanced engagement model will be introduced which will require distribution companies to set up a customer engagement group to provide Ofgem with a public report of their views on the companies' business plans from the perspective of local stakeholders. Ofgem will also establish an independent RIIO-2 challenge group comprised of consumer experts to provide Ofgem with a public report on companies' business plans.
- Ofgem intends to expand the role of competition for projects that are new, separable and high value. WPD does not currently have any planned projects that would meet the high value threshold.
- A focus of RIIO-2 will be on whole-system outcomes. Ofgem envisions network companies and system operators working together to ensure the energy system as a whole is efficient and delivers best value to consumers. Ofgem is undertaking further work to clarify the definition of whole-system and the appropriate roles of the network companies in supporting the energy transition.

Ofgem also indicated further work is needed on other price control principles, including but not limited to, cost of equity, cost of debt, financeability and incentives with decisions on these items expected to be made in the sector specific consultations or within the individual company business plan submissions. The promulgation of sector specific price controls is expected to begin with the gas and electricity transmission networks in December 2018, with electricity distribution price control work scheduled to begin in 2020, at which time Ofgem plans to publish its RIIO-ED2 strategy consultation document. PPL cannot predict the outcome of this process or the long-term impact it or the final RIIO-ED2 regulations will have on its financial condition or results of operations.

(PPL, LKE, LG&E and KU)

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHGs and ELGs. See Note 10 to the Financial Statements for a discussion of the other significant environmental matters.

FERC Transmission Rate Filing

On August 3, 2018, LG&E and KU submitted an application to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. ("MISO"), a regional transmission operator and energy market. The application seeks termination of LG&E's and KU's commitment to provide mitigation for certain horizontal market power concerns arising out of the 1998 merger for certain transmission service between MISO and LG&E and KU. The affected transmission customers are a limited number of municipal entities in Kentucky or Tennessee. The amounts at issue are generally waivers or credits for either LG&E and KU or for MISO transmission charges depending upon the direction of transmission service incurred by the municipalities. LG&E and KU estimate that such charges may average approximately \$22 million annually, depending upon actual transmission customer and market volumes, structures and prices, with such charges allocated according to LG&E and KU's respective transmission system ownership ratio. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. LG&E and KU currently receive recovery of such expenses in other rate mechanisms. LG&E and KU cannot predict the outcome of the proceeding, including any effects on their financial condition or results of operations.

Rate Case Proceedings (LKE and KU)

In September 2017, KU filed a request seeking approval from the VSCC to increase annual Virginia base electricity revenue by \$7 million, representing an increase of 10.4%. On March 22, 2018, KU reached a settlement agreement regarding the case, including the impact of the TCJA on rates, resulting in an increase in annual Virginia base electricity revenue by \$2 million. This represents an increase of 2.8% with rates effective June 1, 2018. On May 8, 2018, the VSCC issued an order approving the settlement agreement.

Acquisition of Solar Energy Solution Provider (PPL)

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on PPL's Statements of Income, comparing the three and six months ended June 30, 2018 with the same periods in 2017. The "Segment Earnings" and "Adjusted Gross Margins" discussions for PPL provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure. The "2018 Outlook" discussion identifies key factors expected to impact 2018 earnings.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis," "Segment Earnings" and "Adjusted Gross Margins" are presented on a constant GBP to U.S. dollar exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant GBP to U.S. dollar exchange rate basis are calculated by translating current year results at the prior year weighted-average GBP to U.S. dollar exchange rate.

(PPL Electric, LKE, LG&E and KU)

A "Statement of Income Analysis, Earnings and Adjusted Gross Margins" is presented separately for PPL Electric, LKE, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three and six months ended June 30, 2018 with the same periods in 2017. Other Income (Expense) - net

Other income (expense) - net increased \$302 million for the three months ended June 30, 2018 compared with 2017 primarily due to higher realized and unrealized gains on foreign currency contracts to economically hedge GBP denominated earnings from WPD of \$277 million and an increase in non-service cost credits from defined benefit plans of \$22 million.

Other income (expense) - net increased \$268 million for the six months ended June 30, 2018 compared with 2017, primarily due to higher realized and unrealized gains on foreign currency contracts to economically hedge GBP denominated earnings from WPD of \$208 million and an increase in non-service cost credits from defined benefit plans of \$52 million.

- (c) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018. The change in 2018 compared with 2017 is primarily due to the utilization of an estimated tax rate, which required tax benefits realized in the first quarter of 2017 to be recognized over the annual period.

Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the effective tax rate of the entity where the activity is recorded. Special items include:

- Unrealized gains or losses on foreign currency economic hedges (as discussed below).
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 14 to the Financial Statements and "Risk Management" below for additional information on foreign currency economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended June 30 were as follows:

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and certain acquisition-related financing costs. The U.K. Regulated segment represents 61% of PPL's Net Income for the six months ended June 30, 2018 and 39% of PPL's assets at June 30, 2018.

Adjusted Gross Margins

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

- "U.K. Adjusted Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed

[Table of Contents](#)

through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.

- "Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, LKE, LG&E and KU, as well as the Kentucky Regulated segment's, LKE's and LG&E's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.
- "Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment and PPL Electric. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation" (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income," (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's and PPL Electric's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

U.K. Adjusted Gross Margins

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased for the three months ended June 30, 2018 compared with 2017, primarily due to \$10 million from the April 1, 2018 price increase and \$12 million of higher volumes.

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased for the six months ended June 30, 2018 compared with 2017, primarily due to \$10 million from the April 1, 2018 price increase and \$4 million of higher volumes, partially offset by \$10 million from the April 1, 2017 price decrease, driven by lower true-up mechanisms partially offset by higher base demand revenue.

Kentucky Adjusted Gross Margins

Kentucky Adjusted Gross Margins increased for the three months ended June 30, 2018 compared with 2017, primarily due to higher base rates of \$28 million (\$15 million at LG&E and \$13 million at KU) as new base rates were approved by the KPSC effective July 1, 2017, \$20 million of increased sales volumes related to favorable weather in 2018 (\$8 million at LG&E and \$12 million at KU) and returns on additional environmental capital investments of \$5 million (\$3 million at LG&E and \$2 million at KU), partially offset by \$37 million of estimated income tax savings owed to customers (\$17 million at LG&E and \$20 million at KU) related to the impact of the U.S. federal corporate income tax rate reduction from 35% to 21%, as enacted by the TCJA, effective January 1, 2018.

Kentucky Adjusted Gross Margins increased for the six months ended June 30, 2018 compared with 2017, primarily due to higher base rates of \$58 million (\$32 million at LG&E and \$26 million at KU) as new base rates were approved by the KPSC effective July 1, 2017, \$51 million of increased sales volumes related to favorable weather in 2018 (\$16 million at LG&E and \$35 million at KU) and returns on additional environmental capital investments of \$10 million (\$6 million at LG&E and \$4 million at KU), partially offset by \$79 million of estimated income tax savings owed to customers (\$37 million at LG&E and \$42 million at KU) related to the impact of the U.S. federal corporate income tax rate reduction from 35% to 21%, as enacted by the TCJA, effective January 1, 2018.

Pennsylvania Adjusted Gross Margins

Distribution

Distribution Adjusted Gross Margins decreased for the three months ended June 30, 2018 compared with 2017, primarily due to the \$34 million net of gross receipts tax impact of the estimated income tax savings owed to customers as a result of the U.S. federal corporate income tax rate reduction from 35% to 21%, as enacted by the TCJA, effective January 1, 2018, partially offset by \$7 million of higher electricity sales volumes and \$2 million of returns on additional Smart Meter capital investments.

Distribution Adjusted Gross Margins decreased for the six months ended June 30, 2018 compared with 2017, primarily due to the \$34 million net of gross receipts tax impact of the estimated income tax savings owed to customers as a result of the impact of the U.S. federal corporate income tax rate reduction from 35% to 21%, as enacted by the TCJA, effective January 1, 2018, partially offset by \$25 million of higher electricity sales volumes and \$5 million of returns on additional Smart Meter capital investments.

Transmission

Transmission Adjusted Gross Margins increased for the three months ended June 30, 2018 compared with 2017, primarily due to increases of \$17 million from returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability and \$5 million as a result of a higher PPL zonal peak load billing factor which affected transmission revenues in the second quarter of 2018.

Transmission Adjusted Gross Margins increased for the six months ended June 30, 2018 compared with 2017, primarily due to an increase of \$39 million from returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability and \$11 million as a result of a higher PPL zonal peak load billing factor in the first five months of 2018.

2018 Outlook

(PPL)

The following projections and factors underlying these projections (on an after-tax basis) are provided for PPL's segments and the Corporate and Other category and the related Registrants.

(PPL's U.K. Regulated Segment)

Higher net income is projected in 2018 compared with 2017. The increase in net income reflects the 2017 unfavorable impact of U.S. tax reform and unrealized losses on foreign currency economic hedges. Excluding these 2017 special items, the increase is expected to be driven primarily by higher assumed GBP exchange rates and higher pension income, partially offset by higher taxes.

(PPL's Kentucky Regulated Segment and LKE, LG&E and KU)

Higher net income is projected in 2018 compared with 2017, which reflects the 2017 unfavorable impact of U.S. tax reform. Excluding this 2017 special item, earnings in 2018 compared with 2017 are projected to be relatively flat, driven by favorable weather and higher base electricity and gas rates effective July 1, 2017, offset by higher operation and maintenance expense, higher depreciation expense, higher interest expense and a lower tax shield on holding company interest and expenses.

(PPL's Pennsylvania Regulated Segment and PPL Electric)

Higher net income is projected in 2018 compared with 2017, primarily driven by higher transmission earnings, partially offset by higher depreciation expense and higher interest expense.

(PPL's Corporate and Other Category)

Lower costs are projected in 2018 compared with 2017, which reflects the 2017 unfavorable impact of U.S. tax reform. Excluding this 2017 special item, costs are projected to be higher in 2018 compared to 2017, due to a lower tax shield on holding company interest expense.

(All Registrants)

Earnings in future periods are subject to various risks and uncertainties. See "Forward-Looking Information," the rest of this Item 2, Notes 7 and 10 to the Financial Statements and "Item 1A. Risk Factors" in this Form 10-Q (as applicable) and "Item 1. Business" and "Item 1A. Risk Factors" in the Registrants' 2017 Form 10-K for a discussion of the risks, uncertainties and factors that may impact future earnings.

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for information on why management believes this measure is useful and for explanations of the underlying drivers of the changes between periods. Within PPL's discussion, PPL Electric's Adjusted Gross Margins are referred to as "Pennsylvania Adjusted Gross Margins."

Adjusted Gross Margins

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LKE's Adjusted Gross Margins are referred to as "Kentucky Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

Operating Activities

The components of the change in cash provided by (used in) operating activities for the six months ended June 30, 2018 compared with 2017 were as follows.

Total	<u>\$ 535</u>	<u>\$ 85</u>	<u>\$ (71)</u>	<u>\$ (9)</u>	<u>\$ 17</u>

(PPL)

PPL's cash provided by operating activities in 2018 increased \$535 million compared with 2017.

- Net income increased \$272 million between periods and included a decrease in non-cash charges of \$279 million. The decrease in non-cash charges was primarily due to an increase in unrealized gains on hedging activities, an increase in the U.K. net periodic defined benefit credits (primarily due to an increase in expected returns on higher asset balances) and a decrease in deferred income tax expense (primarily due to lower income taxes from tax benefits related to accelerated pension contributions to the U.K. pension plans in 2017 and book versus tax plant timing differences and net operating losses at EU) partially offset by an increase in depreciation expense (primarily due to additional assets placed into service, net of retirements, and higher depreciation rates effective July 1, 2017 at LG&E and KU and the impact of foreign currency exchange rates at WPD).
- The \$129 million increase in cash from changes in working capital was primarily due to a decrease in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms) and an increase in taxes payable (primarily due to an increase in current income tax benefits in 2017).
- Defined benefit plan funding was \$346 million lower in 2018. The decrease was primarily due to the acceleration of WPD's contributions to its U.K. pension plans in 2017.

(PPL Electric)

PPL Electric's cash provided by operating activities in 2018 increased \$85 million compared with 2017.

- Net income increased \$67 million between the periods and included a decrease in non-cash charges of \$25 million. The decrease in non-cash charges was primarily driven by a \$31 million decrease in deferred income tax expense (primarily due to book versus tax plant timing differences and net operating losses).
- The \$36 million increase in cash from changes in working capital was primarily due to a \$24 million increase in accounts receivable and a \$13 million increase in unbilled revenues due to an increase in sales volumes and returns on additional capital investments.
- The \$11 million increase in cash provided by other operating activities was primarily due to an increase in non-current regulatory liabilities (primarily due to a \$37 million TCJA liability) partially offset by an increase in non-current regulatory assets (primarily due to \$21 million of storm costs).

(LKE)

LKE's cash provided by operating activities in 2018 decreased \$71 million compared with 2017.

- Net income increased \$38 million between the periods and included a decrease in non-cash charges of \$46 million. The decrease in non-cash charges was primarily driven by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences and the impacts of federal and state tax reform), partially offset by an increase in depreciation expense (primarily due to higher depreciation rates effective July 1, 2017 and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by a decrease in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), an increase in accounts payable (primarily due to timing of payments) and a decrease in unbilled revenues (primarily due to colder weather in the fourth quarter of 2017), partially offset by a decrease in taxes payable (primarily due to timing of payments), a

decrease in other current liabilities (primarily due to timing of payments) and an increase in fuel inventory (primarily due to timing of fuel purchases and payments).

- Defined benefit plan funding was \$93 million higher in 2018.
- The decrease in cash from LKE's other operating activities was primarily driven by an increase in ARO expenditures.

(LG&E)

LG&E's cash provided by operating activities in 2018 decreased \$9 million compared with 2017.

- Net income increased \$26 million between the periods and included a decrease in non-cash charges of \$32 million. The decrease in non-cash charges was primarily driven by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences and the impacts of federal and state tax reform), partially offset by an increase in depreciation expense (primarily due to higher depreciation rates effective July 1, 2017 and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by a decrease in net regulatory assets and liabilities (primarily due to the impact of the TCJA and the timing of rate recovery mechanisms), an increase in taxes payable (primarily due to timing of payments) and a decrease in unbilled revenues (primarily due to colder weather in the fourth quarter of 2017), partially offset by a decrease in other current liabilities (primarily due to timing of payments).
- Defined benefit plan funding was \$54 million higher in 2018.
- The decrease in cash from LG&E's other operating activities was primarily driven by an increase in ARO expenditures.

(KU)

KU's cash provided by operating activities in 2018 increased \$17 million compared with 2017.

- Net income increased \$29 million between the periods and included a decrease in non-cash charges of \$51 million. The decrease in non-cash charges was primarily driven by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences and the impacts of federal and state tax reform), partially offset by an increase in depreciation expense (primarily due to higher depreciation rates effective July 1, 2017 and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by a decrease in net regulatory assets and liabilities (primarily due to the impact of the TCJA and the timing of rate recovery mechanisms), an increase in taxes payable (primarily due to timing of payments), an increase in accounts payable (primarily due to timing of payments) and a decrease in unbilled revenues (primarily due to colder weather in the fourth quarter of 2017), partially offset by a decrease in other current liabilities (primarily due to timing of payments) and an increase in fuel inventory (primarily due to timing of fuel purchases and payments).
- Defined benefit plan funding was \$31 million higher in 2018.
- The decrease in cash from KU's other operating activities was primarily driven by an increase in ARO expenditures.

Investing Activities

(All Registrants)

Expenditures for Property, Plant and Equipment

Investment in PP&E is the primary investing activity of the Registrants. The change in cash used in expenditures for PP&E for the six months ended June 30, 2018 compared with 2017 was as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Decrease (Increase)	\$ (154)	\$ 32	\$ (209)	\$ (119)	\$ (89)

[Table of Contents](#)

For PPL, the increase in expenditures was due to higher project expenditures at LKE, LG&E and KU partially offset by lower project expenditures at PPL Electric and WPD. The decrease in expenditures for PPL Electric was primarily due to timing differences on capital spending projects related to the ongoing efforts to improve reliability and replace aging infrastructure. The decrease in expenditures at WPD was primarily due to a decrease in expenditures to enhance system reliability partially offset by an increase in foreign currency exchange rates. The increase in expenditures for LKE, LG&E and KU was primarily due to increased spending for environmental water projects at LG&E's Mill Creek and Trimble County plants and increased spending for environmental water projects at KU's Ghent plant.

Credit Facilities

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets except for borrowings under LG&E's term loan agreement which are reflected in "Long-term debt" on the Balance Sheets. At June 30, 2018, the total committed borrowing capacity under credit facilities and the borrowings under these facilities were:

[Table of Contents](#)

- (a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 10%, PPL Electric - 7%, LKE - 18%, LG&E - 33% and KU - 37%.
- (b) The amounts borrowed at June 30, 2018 were a USD-denominated borrowing of \$200 million and GBP-denominated borrowings which equated to \$349 million. The unused capacity reflects the USD-denominated borrowing amount borrowed in GBP of £150 million as of the date borrowed. At June 30, 2018, the USD equivalent of unused capacity under the U.K. committed credit facilities was \$1.0 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 17% of the total committed capacity.

See Note 8 to the Financial Statements for further discussion of the Registrants' credit facilities.

LG&E Money Pool (a)	500	—	183	317
KU Money Pool (a)	500	—	133	367

- (a) LG&E and KU participate in an intercompany money pool agreement whereby LKE, LG&E and/or KU make available funds up to \$500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum aggregate short-term debt limit for each utility at \$500 million from all covered sources.

See Note 11 to the Financial Statements for further discussion of intercompany credit facilities.

Commercial Paper (All Registrants)

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's Syndicated Credit Facility. The following commercial paper programs were in place at June 30, 2018:

	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	\$ 1,000	\$ 999	\$ 1
PPL Electric	650	—	650

Equity Securities Activities

Equity Forward Contracts

In May 2018, PPL completed a registered underwritten public offering of 55 million shares of its common stock. In connection with that offering, the underwriters exercised an option to purchase 8.25 million additional shares of PPL common stock solely to cover over-allotments.

In connection with the registered public offering, PPL entered into forward sale agreements with two counterparties covering the 63.25 million shares of PPL common stock. Settlement of these forward sale agreements will occur no later than November

[Table of Contents](#)

2019. PPL will not receive any proceeds or issue any shares of common stock until settlement of the forward sale agreements. PPL intends to use any net proceeds that it receives upon settlement for general corporate purposes. See Note 8 to the Financial Statements for additional information.

ATM Program

For the three and six months ended June 30, 2018, PPL issued 1.2 million and 4.2 million shares of common stock and received proceeds of \$34 million and \$119 million. See Note 8 to the Financial Statements for further discussion of the ATM program.

Common Stock Dividends

In May 2018, PPL declared a quarterly common stock dividend, payable July 2, 2018, of 41.0 cents per share (equivalent to \$1.64 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

Rating Agency Actions

(All Registrants)

Moody's and S&P have periodically reviewed the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2018:

(PPL)

In March 2018, Moody's and S&P assigned ratings of Baa1 and A- to WPD (South Wales)'s £30 million 0.01% Index-linked Senior Notes due 2036.

In May 2018, Moody's and S&P assigned ratings of Baa1 and A- to WPD (West Midlands)'s £30 million 0.01% Index-linked Senior Notes due 2028.

(PPL and PPL Electric)

In June 2018, Moody's and S&P assigned ratings of A1 and A to PPL Electric's \$400M 4.15% First Mortgage Bonds due 2048.

(PPL, LKE and LG&E)

In February 2018, Moody's assigned a rating of A1 and S&P confirmed its rating of A to the County of Trimble, Kentucky's \$28 million 2.30% Pollution Control Revenue Bonds, 2001 Series A (Louisville Gas and Electric Company Project) due 2026, previously issued on behalf of LG&E.

In April 2018, Moody's assigned a rating of A1 and S&P confirmed its rating of A to the County of Trimble, Kentucky's \$35 million 2.55% Pollution Control Revenue Bonds, 2001 Series B (Louisville Gas and Electric Company Project) due 2027, previously issued on behalf of LG&E.

[Table of Contents](#)

In April 2018, Moody's assigned a rating of A1 and S&P confirmed its rating of A to the County of Jefferson, Kentucky's \$35 million 2.55% Pollution Control Revenue Bonds, 2001 Series B (Louisville Gas and Electric Company Project) due 2027, previously issued on behalf of LG&E.

Ratings Triggers

(PPL, LKE, LG&E and KU)

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 14 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at June 30, 2018.

Risk Management

Market Risk

(All Registrants)

See Notes 13 and 14 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

Interest Rate Risk

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at June 30, 2018.

Economic hedges				
Interest rate swaps (d)	147	(21)	(2)	2033

(a) Includes accrued interest, if applicable.

(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.

(c) Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.

(d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at June 30, 2018 was insignificant for PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at June 30, 2018 is shown below.

	10% Adverse Movement in Rates
PPL	\$ 658
PPL Electric	193
LKE	177
LG&E	63
KU	94

Foreign Currency Risk (PPL)

PPL is exposed to foreign currency risk primarily through investments in and earnings of U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at June 30, 2018.

	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through
Economic hedges (b)	£ 1,992	\$ 110	\$ (244)	2020

(a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.

(b) To economically hedge the translation risk of expected earnings denominated in GBP.

[Table of Contents](#)

(All Registrants)

Commodity Price Risk

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

Volumetric Risk

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2017 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

Credit Risk *(All Registrants)*

See Notes 13 and 14 to the Financial Statements in this Form 10-Q and "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Risk Management - Credit Risk" in the Registrants' 2017 Form 10-K for additional information.

Foreign Currency Translation *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of \$143 million for the six months ended June 30, 2018, which primarily reflected a \$227 million decrease to PP&E, a \$45 million decrease to goodwill and a \$2 million increase to other net liabilities, partially offset by a \$131 million decrease to long-term debt. Changes in this exchange rate resulted in a foreign currency translation gain of \$207 million for the six months ended June 30, 2017, which primarily reflected a \$367 million increase to PP&E and \$79 million increase to goodwill partially offset by a \$216 million increase to long-term debt and a \$23 million increase to other net liabilities. The impact of foreign currency translation is recorded in AOCI.

Related Party Transactions *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 11 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

Acquisitions, Development and Divestitures *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 8 to the Financial Statements in the Registrants' 2017 Form 10-K for information on the more significant activities.

Environmental Matters *(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The cost of compliance or alleged non-compliance cannot be predicted with certainty but could be

[Table of Contents](#)

significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the cost for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See Note 10 to the Financial Statements for a discussion of the more significant environmental matters including Legal Matters, NAAQS, Climate Change, CCRs, and ELGs. Additionally, see "Item 1. Business - Environmental Matters" in the Registrants' 2017 Form 10-K for additional information.

New Accounting Guidance *(All Registrants)*

See Note 2 and 17 to the Financial Statements for a discussion of new accounting guidance adopted and pending adoption.

Application of Critical Accounting Policies *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2017 Form 10-K for a discussion of each critical accounting policy.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of June 30, 2018, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The aforementioned principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

The planned applications will request increases in annual base electricity rates of approximately \$112 million at KU and an increase in annual base electricity and gas rates of approximately \$35 million and \$25 million, respectively, at LG&E. The proposed base rate increases would represent an increase of 6.9% in electricity rates at KU and increases of 3.0% and 7.5% in electricity and gas rates, respectively, at LG&E. The planned applications are to be based on a forecasted test year of May 1, 2019 through April 30, 2020 and a requested authorized return-on-equity of 10.42%.

Effective January 1, 2018, the Tax Cuts and Jobs Act ("TCJA") reduced the maximum federal corporate income tax rate from 35% to 21% and included other changes to the U.S. tax code. Earlier this year, the KPSC approved a TCJA bill credit, a temporary rate mechanism that provides a monthly credit to customers' bills to reflect the benefits and associated impacts of the TCJA. Certain elements of the TCJA bill credit remain before the KPSC for a final ruling. As contemplated in the prior proceeding, the Companies' planned application seeks to include applicable changes associated with the TCJA in the calculation of the proposed base rates and to terminate the TCJA bill credit mechanism when the new base rates go into effect.

A hearing on the applications may be scheduled in the first quarter 2019. Subject to KPSC approval, the requested rates would become effective on May 1, 2019.

The proceedings have been designated as KPSC Case No. 2018-00294 for KU and Case No. 2018-00295 for LG&E.

LG&E and KU cannot predict the outcome of these proceedings.

LG&E and KU making system-wide enhancements to further improve safe, reliable service

Utilities also propose a Green Energy tariff to help grow renewable energy, drive economic development

(LOUISVILLE, Ky.) - Most folks don't realize the convenience of their natural gas and electric service until it's not there. Fortunately, customers of Louisville Gas and Electric Company and Kentucky Utilities Company have continued to experience safer, more reliable service thanks to additional improvements in the companies' energy infrastructure. Overall, from January 2018 to October 2019, LG&E and KU are investing \$2.2 billion in areas such as equipment that detects outages, stronger poles and wires, and more durable gas lines.

"We are continually enhancing our system to ensure we are providing our customers safe and reliable service now and for years to come," said Paul W. Thompson, chairman, CEO and president of LG&E and KU. "We want to provide the best possible value and service while offering our customers tools to manage their energy usage and options that offer energy choices and drive economic development."

Electric grid investments

As a result of investments in the utilities' system, customers are experiencing improvements in reliability. In the last seven years, LG&E and KU have seen interruptions in electric service decline by 35 percent. While this figure does not include interruptions from extreme storms, such as the July 2018 storm that was the fifth largest in the utilities' history, it demonstrates results for customers. Additionally, when outages do occur, they are now 34 percent shorter in duration compared to 2010.

Key to more improvements in reliability are continued investments in smart restoration-detection equipment on the electric distribution system and similar equipment on the high-voltage transmission system. Reliability has steadily improved by replacing older transmission equipment - including aging wooden poles with more durable steel poles - and installing newer circuit breakers and other components essential for reliable service. Those investments, along with cycle-based vegetation management and the utilities' hazardous tree removal program that removes dead and decaying trees that potentially could fall into LG&E and KU electric lines, continue to help reduce outages.

Natural gas system investments

Likewise on the natural gas system, LG&E is upgrading many of its aging natural gas pipes from older steel to longer-lasting plastic pipes. A pipeline project in Bullitt County will enhance reliability in that region and will support economic development. And to meet federal regulations that enhance safety, LG&E is replacing some gas lines with more consistently sized pipes to facilitate the use of enhanced pipeline inspection tools.

Power plant investments

LG&E and KU are investing in power plant projects to improve overall generation performance and reliability. New cooling towers are being built at Ghent Generating Station, a replacement gas line is being installed for the combustion turbines at E.W. Brown Generating Station, as well as ongoing inspections and maintenance to ensure the units continue to operate at optimal levels. A dewatering plant at Mill Creek Generating Station will allow the company to beneficially use coal combustion residuals to produce gypsum suitable for commercial applications such as wallboard, reducing reliance on the landfill

and the overall impact on the environment. The savings from beneficial use are then passed back to customers.

Proposed “Green Tariff” supports renewable energy growth and economic development

LG&E and KU are proposing offering a business-attracting “Green Tariff.” In a rate review filing that the utilities will make on Sept. 28, LG&E and KU will request a tariff to further promote renewable energy growth and economic development in Kentucky.

Currently, LG&E and KU own and operate Kentucky’s largest universal solar array, producing 10 megawatts of solar-generated energy at E.W. Brown. They also have business solar offerings for commercial and industrial customers, a subscription-based community solar program called Solar Share, and a Green Energy program allowing the utilities to purchase regional renewable energy credits on a customer’s behalf.

The proposed Green Tariff will roll the utilities’ business solar options and Green Energy program into one tariff and provide a third option for purchasing renewable power to make it easier for those wishing to participate in these programs. Additionally, the utilities are requesting enhancements to Solar Share, including the ability to transfer ownership of their shares.

“Green tariffs are used to attract new businesses and jobs. Companies such as Apple, Google, Amazon Web Services, Walmart and Target are all examples of companies that have taken advantage of green tariffs,” Thompson said. “We are fortunate in Kentucky to have some of the lowest energy rates in the country, but we still need more options and a Green Tariff to attract companies interested in a greener environment.”

To continue these investments in safe, reliable service and enhance services and offerings for customers, LG&E will request a cost-based rate increase of 14 cents per day for residential electric customers and 16 cents per day for its residential natural gas customers. KU will request an increase of 32 cents per day for its residential customers. When new rates go into effect, all benefits associated with the Tax Cuts and Jobs Act will be reflected in the companies' base rates, rather than as a line item on customer bills.

LG&E and KU work to ensure their customers receive reasonably priced energy. KU’s current average electric residential rate is approximately 23 percent lower than other similar U.S. utilities, and LG&E’s current average electric residential rate is approximately 18 percent lower. If approved as requested, LG&E and KUs’ rates would remain among the lowest in the nation.
