AMERICAN WATER

R12-02B2.20-P-0014 #26629| BY AND BETWEEN Kentucky American Water Company and Todd Johnson Contracting, Inc

In light of the global health pandemic related to the outbreak of COVID-19 (and any related strains of the novel coronavirus as may be detected), American Water Works Service Company, Inc. and its Affiliates ("American Water," "AW") is taking emergency safety precautions to protect its employees, customers and vendors. Effective March 16th, 2020 and until further notice, AW is asking all vendors who perform services for AW to participate in a pre-screening with the American Water representative(s) serving as Todd Johnson Contracting Inc's point of contact **prior** to performing the work outlined in this R12-02B2.20-P-0014. For information on AW health and safety standards for vendors, please refer to the American Water Contractor & Consultant Travel Guide (the "Guide") previously provided to Todd Johnson Contracting Inc and attached here as reference. American Water reserves the right to amend the Guide without prior notice to Todd Johnson Contracting Inc. For any additional questions, please contact the AW representative listed as the point of contact in the Agreement.

In addition, in the event one of your employees, subcontractors or agents (collectively, the "Vendor Agent") either tests or is presumed positive for COVID-19 ("COVID-19 Diagnosis") and the Vendor Agent worked in an American Water facility, on an American Water project or has had contact with any other Vendor Agent that has worked in an American Water facility or on an America Water project during the 14 day period immediately prior to the COVID-19 Diagnosis, then immediately notify American Water of this diagnosis by sending an email to coronavirus@amwater.com and calling the American Water Security Hotline at 1-866-801-1123 and providing all pertinent information so that American Water may assess the risk to its employees and facilities.

Information should include:

- (1) on site job duties
- (2) the COVID-19 confirmation date,
- (3) which American Water facility or jobsite they were at, including
- (4) specific dates, and
- (5) whom they met with onsite.

For American Water's Response to COVID-19, visit <https://amwater.com/>. Information for Suppliers will be posted in the Additional Coronavirus Information section.

Please sign below to indicate acknowledgement of this request and receipt of the Guide.

NATIONAL SUPPLIER DIVERSITY

OUR PRIME SUPPLIER DIVERSITY PROGRAM

Firms interested in doing business with American Water should register on the [Supplier Registration & Supplier Diversity Reporting Portal](#) to use the database to search for diverse suppliers and to report diverse spend quarterly once a project is awarded.

OVERVIEW OF HOW IT WORKS

American Water is focused on opportunities for minority suppliers who provide a wide array of utility products and services. In fact, there multiple categories where vendors and specifically diversity certified suppliers may be used to provide the goods and services needed to run the company. In our efforts to ensure we are consistent in what we define as diverse businesses enterprises, the determination is that small business is not defined as a diverse business category. American Water continues to support and engage small business in all that we do in addition to creating opportunity for both social and economically disadvantaged business (Diverse). The business units within American Water are aware of the importance of supplier diversity when making their decisions.

BID/AWARD PROCESS

Qualified firms invited to bid on specific contracts are sent a Request for Proposal (RFP). Some RFPs require the bidder to attend pre-bid meetings to review procedures and specifications. Bidders are strongly encouraged, and sometimes required, to attend these meetings and submit proposals by the due date in order to be considered for a contract. On occasion, purchase orders are used to test and evaluate the product and services of new and promising firms and can often lead to larger bidding opportunities. Bids and proposals that meet specified requirements are thoroughly evaluated, and awards are made to the firms offering the best value to American Water.

2ND TIER PROGRAM

Due to the nature of the utility business, many procurement opportunities may limit participation by small businesses. American Water's 2nd Tier Spend Program increases the opportunities available to diversity certified suppliers in our business and ensures a diversity certified supplier pool across the supply chain. We believe these efforts will stimulate the local economy by creating jobs. 2nd Tier spend consists of payments made from a prime supplier to a diversity certified supplier for the purchase of products or services used directly in support of a contract with American Water.
