**RE: Case No. 2018-00358 - Redacted Supplemental Response to PSC 2-16**

Dear Ms. Pinson,

On March 1, 2019, Kentucky-American Water Company ("KAW") filed a Petition for Confidential Protection that requested, *inter alia*, confidential treatment for meter price information that KAW inadvertently disclosed publicly in response to Item 16 of Commission Staff's Second Request for Information. KAW requested the Commission permit it to correct the oversight by replacing the publicly filed attachment to Item 16 with a redacted version that obscures the confidential information. KAW further requested that the Commission remove the public attachment from the electronic case record until the Commission rules on this request.

The Commission subsequently removed the public attachment from the electronic case record, and in a March 14, 2019 Order, granted confidential protection for the meter price information. By this filing, KAW is providing a redacted version of the confidential portion of the attachment to Item 16 of Commission Staff's Second Request for Information.

In accordance with 807 KAR 5:001, Section 8, I certify that the electronically filed documents are a true and accurate copy of the same documents being filed in paper medium; that the electronic filing has been transmitted to the Commission on March 22, 2019; that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means; and that the original copy in paper medium will be filed by hand-delivery with the Commission within two business days from the date of the electronic filing. Should you

have any questions, please contact me at your convenience.

Sincerely,

Stoll Keenon Ogden PLLC
