Response to Commission's Request for Information

Question No. 1

Responding Witness: William G. Higdon

- Q-1. Explain in detail the manner in which you measure, calculate, and track water loss, and:
- a. Identify whether you use any manual form (including Excel spreadsheet) or electronic or mechanized system to calculate and track water loss.
 - b. Provide a copy of any form used (including Excel spreadsheet).
 - c. Identify the source of any form or system used.
- A-1. The West Daviess County Water District calculates water loss by adding the total gallons purchased from each master meter during the month then subtracts the total gallons sold during the month provided by the billing system's billing register. Accounted for water loss is then subtracted to get a final water loss amount.
- a. The West Daviess County Water District utilizes an excel spreadsheet developed by District Staff.
 - b. See attached spreadsheet
 - c. Spreadsheet was developed by District Staff
