**Re: Case No. 2019-00053 – Jackson Purchase Energy Corporation’s Supplemental Filing**

Executive Director Pinson:

Accompanying this letter in electronic medium is supplemental information filed on behalf of Jackson Purchase Energy Corporation (“Jackson Purchase”). The supplemental information is three Excel files that are being electronically uploaded. This information is a supplement to the information provided in the Application with Exhibits JW-2 through JW-9. The files show potential changes to the originally-filed Exhibits, as requested by Commission Staff, to incorporate a hypothetical pro forma adjustment to test year expense which reflects a certain targeted level of employee contributions for health insurance premiums. The new potential pro forma adjustment is included as Reference Schedule 1.16 in Exhibit JW-2. With all else being equal, the implementation of such an adjustment would yield changes to the revenue requirement determination as well as to the cost of service study and consumption analyses in Exhibits JW-3 through JW-9. One (1) hardcopy of the foregoing documents, will be submitted to the Commission via hand-delivery.

In accordance with 807 KAR 5:001, Section 8, this is to certify that the electronically filed documents (including this “Read\_1st” letter and the enclosures) are true and accurate copies of the same documents being filed in paper medium; that the electronic filing has been transmitted to the Commission on June 18, 2019; that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means; that the original of the documents transmitted electronically will be filed with the Commission in paper medium within two business days from the date of the electronic filing; and that attached to the top of the paper medium submission is a copy in paper medium of the electronic notification from the Commission confirming receipt of electronic submission.

Please do not hesitate to contact me if you have any questions or concerns.

Respectfully submitted,

Mark David Goss
