To: Ryan Driskill <rdrisk@hotmail.com>

Good afternoon Ryan,

As indicated in the below correspondence, the city sent their signed letter back to DLG on Oct. 25, 2021 but did not copy us. Is there a chance it's still in the email outbox?

Additionally – we received word from DLG today that if the project cannot begin construction by May 1 of this year, they will ask for grant funding to be pulled. We have already reached out to the project engineer for an update. Will let you know when we hear something.
