

CITY OF DRAKESBORO

P.O. Box 129 • Mose Rager Blvd. • Drakesboro, KY 42337
270-476-8986

In or around January of this year a rectifier or the KU utility poles was struck by lightning and our rectifier was struck by lightning and the rectifier was damaged. The city was currently looking to purchase 2 new rectifiers to enter the gas distribution system. Because of the lightning strike the city does not have any cathodic reading to attach to our cathodic readings. As soon as those rectifiers are placed in the system there will be cathodic readings. If you have any questions please let us know.

Thank you,

The City of Drakesboro.
