APPROVAL OF FINANCING)	

STATUS REPORT

Comes now Citipower, LLC (“Citipower”), by counsel, and hereby provides the following status report to the Kentucky Public Service Commission (“Commission”) regarding the financing approval for the proposed pipeline purchase, respectfully stating as follows:

On February 18, 2020 Citipower and Commission Staff had a telephonic informal conference to discuss the status of the financing for the proposed pipeline purchase. Citipower informed Commission Staff that Citipower had been working diligently on obtaining financing and believe it is going to be coming to an agreement soon . No documents have not been executed at the time of filing this status report.

As Citipower informed Commission Staff at the telephonic informal conference, Citipower has completed its pressure testing and other due diligence on the actual pipeline. Any issues that were found have been satisfactorily corrected by the current owner under the supervision of Citipower personnel. No other repairs are anticipated to be required prior to purchasing the pipeline.

Citipower will continue to work diligently on executing the documents required for the owner-financing and will file the executed documents with the Commission as soon as possible after execution.

This 24th day of February, 2020.

Respectfully submitted,

David S. Samford
