A person may examine this application at the District's Office located at 523 U.S. 31W Bypass, Bowling Green, KY. A person may also examine this application at the PSC located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m. or on the PSC website at <http://psc.ky.gov>; telephone (502) 564-3940. The proposed rates are required under the terms of an agreement between Warren County Water District and the United States Department of Agriculture. KRS 278.023 does not grant the Public Service Commission any discretionary authority to modify or reject any portion of the agreement between United States Department of Agriculture and Warren County Water District or to defer the issuance of all necessary orders to implement the terms of that agreement. Comments regarding this application filing may be submitted to the PSC through its Web site or by mail to PO Box 615, Frankfort, KY 40602.

The rate increase is a result of a wholesale rate increase from Bowling Green Municipal Utilities and additional debt service the District is incurring to rehabilitate and repair aging infrastructure in the northern portion of the service area. Revenue Bonds for up to \$645,000 are planned to be sold to the United States Department of Agriculture and a \$2,000,000 loan through the Kentucky Infrastructure Authority will fund the project. The proposed rates will produce sufficient revenue to meet the additional debt repayment schedule and operating expenses.
