RE: Harrison County Water Association  
Request for Unused Loan and Grant Monies from USDA

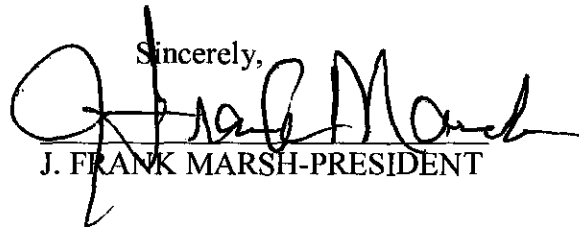

To whom it may concern,

This letter is in reference to the application for the Harrison County Water Association, Inc. (application) for Request of Unused Loan and Grant Monies from USDA, pursuant to the previous Order of PSC in 2017-330, which is fully incorporated in the application. This letter certifies, to the best of my knowledge, the following:

1. The application for approval of construction of Water Tower in Kelat, Harrison County, Kentucky was approved by Order of the Kentucky Public Service Commission, dated September 20, 2017; See Order of PSC in 2017-330, which is fully attached to the application.
2. That Pursuant to numerical paragraph numbered 5, the Order requires the Harrison County Water Association, Inc. to request permission from the Commission if surplus funds exist, and if RD approves the use of the additional costs, and said use of monies will not result in a change in Harrison County's rate of service.
3. The project has reached substantial completion, and final funding is being completed, wherein, it is anticipated that \$58,924.30 will be remaining in USDA grant monies.
4. The unused monies to date are requested for items identified as Exhibits "A-C" of the application.

Should you have any questions or need any additional information, please do not hesitate to contact me.

Sincerely,

J. FRANK MARSH-PRESIDENT
