

**Big Rivers Electric Corporation**  
**2024 Low-Income Weatherization Support Program Report**  
**Pursuant to Ordering Paragraph No. 2 of**  
**Commission’s November 13, 2019 Order**

2024 Program Summary

Big Rivers Electric Corporation’s (“Big Rivers”) Low-Income Weatherization Support Program (“LIWSP”) (DSM-14 – Low-Income Weatherization Support Program – Pilot) had no activity in 2024. The program received no requests for participation in 2024. During coordination conference calls, staff from the Kentucky Housing Corp (“KHC”), explained that the lack of participation was due to availability of alternative funding through the USDOE’s Weatherization Ready program. KHC provides funding coordination to the Community Action Agencies (“CAAs”) which serve retail members of Jackson Purchase Energy Corporation (“JPEC”), Meade County Rural Electric Cooperative Corporation (“Meade County RECC”) and Kenergy Corp. Those CAAs are:

- West Kentucky Allied Services,
- Pennyrile Allied Community Services,
- Audubon Area Community Services, and
- Central Kentucky Community Action.

KHC staff has reminded the CAAs’ weatherization programs of the availability of funding for weatherization projects in 2025. Big Rivers has received inquiries and will be educating individual CCA weatherization managers about the program.
