REQUEST:

Refer to the public comment submitted by Duane Dringenburg on November 5, 2019, in Case No. 2019-00361.¹ Explain in full detail whether the concerns expressed in Mr. Dringenburg's comment, particularly as it relates to the deed restrictions referenced in the comment, will have any impact on the transmission project proposed in the instant matter.

RESPONSE:

The proposed Oakbrook to AERO transmission line route and associated easements do not cross Mr. Dringenburg's property as referenced in the public comment submitted on November 5, 2019 in Case No. 2019-00361. Therefore, Duke Energy Kentucky does not anticipate any impacts of the deed restrictions referenced in the comment on the proposed transmission project.
