By virtue of a Judgment and Order of Sale entered on September 15, 2020, the Master Commissioner will on October 20, 2020 at 12:01 p.m. or thereabouts, offer for sale the property described below. The property will be offered at public auction to the highest bidder on terms of TEN (10%) PERCENT down in the form of cash, cashier's check or certified check, and the balance on a credit of thirty (30) days, secured by a bond with sufficient surety, and bearing interest at the accruing interest rate as set forth below, per annum from date of sale until the purchase price is paid. A lien will be retained on the property sold until the purchase money is fully paid. Please contact the Master Commissioner's office prior to the date of sale to ensure that you have all documents necessary to qualify to bid. Failure to verify the sufficiency of your down payment and your surety or letter of credit prior to the commencement of the Master Commissioner's sales on this sale date will result in the Master Commissioner refusing your bid.

Parcel Identification Number: 083-08-07-022
Judgment Amount: \$2,833.94
Interest Rate: 12.00%

The real estate has been appraised. The purpose of the sale is to satisfy a judgment in the amount set forth above, plus interest and costs as set forth in the judgment. However, bids will not be required to meet or exceed the appraised value. The real estate has been adjudged indivisible and will be sold as a whole, including all improvements. The property will be sold free of liens of all the parties hereto and will be subject to all restrictions and assessments of record.

IF YOU HAVE ANY QUESTIONS, PLEASE FIRST REFER TO OUR WEBSITE AT GRAYSONMC.COM. HEALTH AND SAFETY MEASURES TO INCLUDE SOCIAL DISTANCING AND THE USE OF FACIAL COVERINGS OVER THE NOSE AND MOUTH WILL BE REQUIRED AT SALES.

ASTROLOGY

BY BERNICE BEDE OSOL UNIVERSAL UCLICK

Explore and learn; expand your mind, interests and friendships. Connect with people who share your goals. Personal growth will lead you to push for the truth, exercise your rights and build a solid base to support your accomplishments.

LIBRA (Sept. 23-Oct. 23) - Hop on the information highway and research something that interests you. You could find an innovative idea that will help you get ahead. A change to how you handle money or in the direction you decide to pursue looks promising.

SCORPIO (Oct. 24-Nov. 22) - Strive to achieve your goals. Stay within budget, even if someone tries to persuade you to go overboard. An innovative approach will lead to monetary gains.

SAGITTARIUS (Nov. 23-Dec. 21) - Too many options will confuse you. Take a moment to consider your options and consider the long-term effects. Don't leave anything to chance or count on someone for help.

CAPRICORN (Dec. 22-Jan. 19) - Someone will make a fuss or question your motives. Use charm and offer incentives if you want to make changes without interference. Contracts can be negotiated and signed.

AQUARIUS (Jan. 20-Feb. 19) - Take pride in what you do. Fix up your surroundings to accommodate something you want to pursue. Physical action will bring good results; talks will lead to empty promises.

PISCES (Feb. 20-March 20) - Mull over what you've accomplished and proceed to make positive changes to how you live, work and handle your money. Don't let an emotional decision lead to a mistake.

ARIES (March 21-April 19) - Don't let frustration get you down. Take care of your responsibilities and move on to something physically or mentally stimulating. Refuse to let an outsider meddle in your business.

TAURUS (April 20-May 20) - Check everyone's motives before you get involved in a joint venture. You'll face less opposition if you do your own thing.

COMMONWEALTH OF KENTUCKY MARSHALL CIRCUIT COURT

NOTICE OF MASTER COMMISSIONER SALES

The Master Commissioner will offer for sale on or about the hour of 1:00 p.m. Thursday, October 22, 2020, at public auction to the highest bidder on the lawn* of the Marshall County Courthouse (Main Street side), 1101 Main Street, Benton, KY ("in case of inclement weather, the sale shall be held on the second floor, Fiscal Court courtroom), the following described properties. Health and safety measures to include social distancing and the use of facial coverings over the nose and mouth will be required at sales. For complete legal description and source of title see the Judgment and Order of Sale in each case.

At the time of sale, the successful bidder shall either pay full cash or make a deposit of ten percent (10%) of the purchase price with the balance on credit for thirty (30) days. If the purchase price is not paid in full, the successful bidder shall execute a bond at the time of sale with sufficient surety to secure the unpaid balance of the purchase price. The bond shall bear interest at the rate the judgment bears from the date of sale until paid. In the event the successful bidder is the Plaintiff, then in lieu of the deposit the Plaintiff shall be allowed to bid on credit up to the judgment amount. The purchaser shall be responsible for ad valorem taxes due in the year of sale. The property will be sold subject to easements and restrictions of record and, if applicable, the right of redemption of the Defendant property owner(s) or the United States of America. The sale may be canceled and any announcements made at the sale take precedence over printed matter contained herein. The successful bidder has 10 days after the sale to examine title and file exceptions, if appropriate. The Master Commissioner does not have a key to or access to the inside of any property, does not have authority to grant anyone access to the property and does not warrant title. This 6th day of October, 2020.

Tree Planting Time Is Here!

Autumn is an ideal time to transplant new trees and many shrubs. Cool season plantings provide more time for the new root systems to become established. Roots will continue to grow throughout the fall and most of the winter. Trees with better root systems will uptake more water during the hot, dry summer conditions. Broadleaf evergreens such as hollies, boxwoods, and rhododendrons need to be planted in early spring rather than fall.

Site selection is a very important part of the planting process. Select an area that will allow plants to adapt and thrive as well as being pleasing to the eye. Keep in mind, trees and shrubs can get quite tall when they reach full maturity. Be mindful of overhead wires, driveway areas and other plants and buildings that may restrict their growth. Choose a

location that has well-drained soils and that doesn't have a compacted layer or hardpan.

ALWAYS CALL 811 BEFORE YOU DIG!!! When digging the hole, it should be twice the size of the diameter of the root ball, but the same depth as the root ball. The hole needs to be large enough to accommodate roots without damaging them. Excessive planting depth is a major cause of transplant shock, root rot and plant death. Trees and shrubs should be planted as soon as possible after delivery. Always backfill the hole with the dirt that came from the original hole. Do not add gravel to the bottom of the hole. The use of peat moss, pine bark, or other soil amendments are not recommended. After the hole is properly backfilled, add a layer of organic mulch (bark, wood chips, pine straw) 2-3 inches deep over the entire root zone. Mulch helps control weeds, conserve moisture, moderate soil temperatures and protect the tree from mower and weed eater damage. Mulch shouldn't touch the tree trunk; keep it back about 2-3 inches.

Newly transplant-

ed trees and shrubs require at least 1-2 inches of rainfall per week. Supplemental watering is the single most important method of preventing transplant shock. It may take 2-3 years for some trees to be fully established.

One to two years after transplanting, fertilizer may be applied according to soil test results. Applications can be made during late fall or early spring. If the surrounding lawns are fertilized, there should be sufficient amounts of fertilizer available to tree roots.

For more information about transplanting trees and shrubs please contact the Webster County Extension Office at 270-639-0011.

REGIONAL NEWS

Additional public input sought on planning for new U.S. 51 Ohio River 'Cairo' Bridge

The Kentucky Transportation Cabinet and Illinois Department of Transportation are seeking another round of public input on plans to construct a replacement for the U.S. 51/U.S. 60/U.S. 62 Ohio River "Cairo" Bridge between Wickliffe, Kentucky, and Cairo, Illinois.

Construction on a new bridge is expected to start in 5 to 10 years. The project team is offering the public an opportunity to review updated information then participate in an online survey to help guide the planning process.

Anyone with an interest in the project may go to <http://www.US51Bridge.com> from Oct. 16 to Oct. 30, 2020, to review online displays and provide input via a survey. The information and survey are also available at the public libraries in Wickliffe and Cairo.

According to KYTC Project Manager Chris Kuntz, COVID-19 restrictions have limited the team's ability to have in-person meetings.

"Public meetings like we've had in the past are simply not possible at this time. So we are moving the updated information we have to share online," Kuntz said. "We've developed displays similar to what we would share at a meeting and made them available through the project website. Interested citizens will have a 15-day window to review the online displays, as well as offer input and comments through the survey at the end."

Preliminary engineering, environmental analysis and planning for a new bridge over the Ohio River continue. Opened in 1938, the 82-year-old bridge that connects Wickliffe in Ballard County, Kentucky, with

Cairo in Alexander County, Illinois, is in fair condition with narrow lanes and shoulders. The purpose of the U.S. 51 Bridge Project is to improve cross-river mobility by addressing the functional limitations of the existing bridge and approach spans.

Ensuring the public is aware of the phases of this proposed work, the various alternatives, and providing opportunities for the public to become informed, and involved, is critical as project planning progresses. It is also important for the project team and KYTC to acknowledge stakeholder input and feedback to gain an understanding of project impact on nearby communities and the region.

With continuing COVID-19 restrictions limiting public engagement, is KYTC providing interested stakeholders with an opportunity to

participate and share their feedback on the Project via the U.S. Highway 51 Bridge Replacement website.

The online public review will begin at 8 a.m. CDT on Oct. 16 and continue through 5 p.m. CDT on Oct. 30 on the Project website at <http://www.US51Bridge.com>.

A short video introduction and a self-guided tour of the project story-map. The website provides current and updated information about the Project, including alternatives considered, the proposed preferred alternative, the current fact sheet, and a link to a brief survey. If you choose to take the survey, please complete it no later than 5 p.m. CDT on Oct. 30.

Printed copies will also be made available at the Wickliffe Public Library, 257 North 4th St., and at the Cairo Public Library, 1609 Washington Ave.

A copy of the printed materials is available to the public via mail by contacting Keith Todd at the KYTC District 1 office by calling (270) 898-2431 or by emailing a request to kytc.District1info@kygov.com.

"A final decision on the Project will be made in collaboration with the Federal Highway Administration, KYTC, and IDOT. Input from coordinating cooperating agencies, Section 106 consulting parties, the Citizens Advisory/Environmental Justice Group, and the general public will be part of that decision-making process," Chris Kuntz said.

Responses from the public review survey will become a part of the official record for the Project. Once compiled, the meeting record is available for review and copying after an Open Records Request is sub-

mitted and approved. All Open Record Requests must be submitted to the Office of Legal Services, Transportation Cabinet Office Building, 200 Mero Street, Frankfort, KY 40622.

In accordance with the American Disabilities Act (ADA), if anyone has a disability and requires assistance, please notify Keith Todd no later than Friday, Oct. 23. Printed materials are available upon request. Please call, mail, or email your request to the address listed below. Please address any questions regarding this meeting or Project to:

Kentucky Transportation Cabinet District 1 Traffic impact

Kentucky Transportation Cabinet District 1 Traffic Impact Report for Week of Oct 4-10, 2020

PADUCAH, KY. KYTC District 1 anticipates the following work zone locations will have an impact on traffic the week of Oct 4-10, 2020. Additional projects may be added through the week with individual traffic advisory notices.

U.S. 51 at KY-IL State Line

The U.S. 51/U.S. 60/U.S. 62 Ohio River "Cairo" Bridge that connects Kentucky and Illinois continues to have an impact on traffic the week of Oct 4-10, 2020. The target completion date is 12 ft. Westbound maximum load width is 15 ft. There is a strict 65 mph speed limit. This work zone is for a major reconstruction of the eastbound concrete driving surface. Target completion date is Spring of 2021. To avoid the potential for delays in this work zone we suggest motorists consider a self-detour between the I-24/I-69 Exit 25 Interchange and the Exit 65 Cadiz interchange via

date has been extended to October 25, 2020. When possible we suggest an alternate route to avoid work zone traffic delays.

I-24 Lyon/Caldwell/Trigg Counties

Interstate 24 has an ongoing extended work zone from the 52 to 65mm with 2-way traffic running on the westbound lanes and a centerline barrier wall. Eastbound maximum load width restriction is 12 ft. Westbound maximum load width is 15 ft. There is a strict 65 mph speed limit. This work zone is for a major reconstruction of the eastbound concrete driving surface. Target completion date is Spring of 2021. To avoid the potential for delays in this work zone we suggest motorists consider a self-detour between the I-24/I-69 Exit 25 Interchange and the Exit 65 Cadiz interchange via

I-69 and U.S. 68 through Draffenville, Aurora, and Land Between the Lakes.

Both eastbound ramps at the Interstate 24/ KY 139 Cadiz-Princeton Exit 56 Interchange are closed for reconstruction.

Motorists should detour via the eastbound ramps at Exit 45 or Exit 65, depending on their final destination. This closure of the eastbound exit and entry ramps at Exit 56 will be in place until about Nov 10, 2020. The westbound entry and exit ramps at Exit 56 are open.

Calloway County

U.S. 641 has an ongoing active work zone at the south edge of Murray between U.S. 641-Business/ Glendale Road and the Clarks River Bridge. This work zone has 2-way traffic running on the northbound lanes to allow reconstruction along the southbound lanes. Work has started on the second half of a large culvert just south of the Glendale Road Intersection. While most of the work on this 1-mile section is off

along the right of way, caution is required. The target completion date is July 1, 2021.

Fulton County

KY 1128 is closed at mile point 7.6 where inspectors found a bridge over Mud Creek had structural issues. The project is awaiting design approval. Repairs to this bridge should start soon under a Master's Agreement contract.

Paving is planned at the intersection of KY 125/Union City Road and KY 106/Middle Road southeast of Hickman on Wednesday, Oct. 7, with additional work in phases in coming weeks. Motorists should be prepared for intermittent periods of one-lane traffic and alternating flow controlled by flaggers to facilitate paving at the intersection on Wednesday. This is part of ongoing work to convert the Y intersection into a T intersection. The target completion date is mid-November.

Graves County

Construction of a new intersection continues at the south end of U.S. 45-Business and along U.S. 45 at the southwest edge of Mayfield. This work zone has two 3-way stops to accommodate the temporary traffic configuration. Motorists reminded that this continues to be an active work zone to add the New KY 80 Mayfield Bypass Corridor to the south leg of the intersection. The target completion date is November 15, 2020.

Motorists traveling Central Road south of Mayfield will encounter a detour a the KY 80 Bypass Construction Corridor. An R-Cut is being added to the intersection. Motorists on Central Road will be required to make a right turn onto KY 80, then make a controlled U-Turn via a median crossover to return in the opposite direction to make a right turn to continue on Central Road. Caution is required as this is an active work zone. For information on how an R-Cut operates go to www.US45Safety.org.

KY 945 has an extended closure at mile point 3.1 until about Oct 9, to allow construction and placement of a pre-fabricated aluminum culvert that carries a branch of

Wilson Creek under the roadway. This is along KY 945 southeast of the Pottsville community between Meridian Road and Pleasant Grove Church Road. Motorists may self-detour via KY 440 and KY 408.

Hickman County

There will be an extended 2-week closure of KY 2208 at mile point 0.25 in central Hickman County starting Monday, October 5, 2020, to allow the Cane Creek Culvert to be replaced with a pre-fabricated aluminum culvert. This closure of KY 2208 is about 1/4th mile north of the KY 58 intersection near the Croley Community. The target completion date is October 16, 2020.

Livingston County

Motorists traveling U.S. 60 near the 12 mile marker at the north edge of Smithland should be alert for trucks hauling materials to and from the construction site for the New U.S. 60 Cumberland River Bridge at Smithland. Flaggers may be present to assist trucks as they enter and exit the work area on both sides of the river. A lane restriction may be required near the existing bridge from time to time. The target completion date is for the new \$63.6 million bridge is Spring of 2023.

Marshall County

U.S. 641 has a work zone for roadway improvements and utility upgrades through downtown Benton running from mile point 7.98 near the Town Creek Bridge extending northward to mile point 8.824 at the KY 348/5th Street intersection, a distance of about 8/10ths of a mile. It includes all of the one-way sections of U.S. 641 along Main Street and Poplar Street in Benton. One lane will be open in each direction at all times. Utility excavations and concrete work may require brief driveway and parking lot entrance closures from time to time. Motorists should be prepared to encounter lane restrictions and restricted parking along blocks with construction activity. The target completion date is June 1, 2021.

McCracken County/ Paducah

The eastbound lanes of I-24 are restricted to one lane from mile point 2.8 near the KY

305 Paducah Exit 3 Interchange extending eastward to mile point 4.8 just past the Perkins Creek Bridge. All traffic is moved to the left-hand or passing lane. This extended eastbound work zone with a 13 ft. maximum load width restriction is to allow bridge deck overlay and maintenance work. Motorists entering Kentucky from Illinois across the I-24 Ohio River Bridge should be alert for slowing traffic particularly during peak travel periods. Target completion date is mid-October.

Mayfield-Metropolis Road is closed at mile point 2.99 to allow reconstruction of the Massac Creek Branch Bridge. This closure is along KY 1565/Mayfield-Metropolis Road between Buckhannon Road and Old Hinkleville Road. The target completion date on this Bridging Kentucky project is November 8, 2020.

Trigg County

U.S. 68 has an active work zone from the east end of the U.S. 68 Lake Barkley Bridge at Canton extended eastward to the intersection with U.S. 68 Business at Cadiz. Due to a Sept 24 traffic shift, one westbound lane is open from Averitt Lumber Road at mile point 13.5 extending westward to Canton to allow paving of the final driving surface and side road connections. Both eastbound lanes are open from the Lake Barkley Bridge extending eastward to Cadiz. Motorists are reminded to be alert for changes in traffic configuration to facilitate the ongoing work. This project is estimated to be 90 percent complete. Weather permitting, the final round of paving could be completed by about Nov 1.

The U.S. 68/KY 139/ South Road intersection at the south edge of Cadiz has an active work zone to allow construction of an R-Cut for the intersection. The target completion date is Nov 15. For information on how an R-Cut operates go to www.US45Safety.org.

This traffic impact report is aimed at alerting motorists to work zones on mostly major routes. It does not include projects on rural secondary highways that have minimal cross-country traffic.

Unemployment Increases In All 120 Kentucky Counties

Unemployment rates rose in all 120 Kentucky counties between August 2019 and August 2020, according to the Kentucky Center for Statistics (KYSTATS), an agency of the Kentucky Education and Workforce Development Cabinet.

Oldham County recorded the lowest jobless rate in the Commonwealth at 5 percent. It was followed by Carlisle and Cumberland counties, 5.2 percent each; Washington County, 5.4 percent; Henry, Spencer and Todd counties, 5.5 percent each; and Green, Pendleton and Shelby counties, 5.6 percent each.

Magoffin County recorded the state's highest unemployment rate at 18.1 percent. It was followed by Harlan County, 16.1 percent; Martin County, 13.7 percent; Letcher County, 13.3 percent; Leslie County, 12.5 percent; Breathitt County, 12.4 percent; Floyd and Perry counties, 11.5 percent; Knott County, 11.1 percent; and Johnson County, 10.8 percent each.

Kentucky's county unemployment rates and employment levels are not seasonally adjusted because of small sample sizes. Employment statistics undergo sharp fluctuations due to seasonal events such as weather changes, harvests, holidays and school openings and closings. Seasonal adjustments eliminate these influences and make it easier to observe statistical trends. The comparable, unadjusted unemployment rate for the state was 7.5 percent for August 2020, and 8.5 percent for the nation.

Kentucky's seasonally adjusted unemployment rate was released on Sept. 17, 2020, and can be viewed at <https://kentucky.gov/Pages/Activity-stream.aspx?n=Education-Cabinet&prld=443>. In that release, Kentucky's statewide unemployment rate and employment levels are adjusted to observe statistical trends by removing seasonal influences such as weather changes, harvests, holidays and school openings and closings. For more information regarding seasonal fluctuations, visit the U.S. Bureau of Labor Statistics at https://www.bls.gov/cps/cps_hhtm.htm#why.

Unemployment statistics are based on estimates and are compiled to measure trends rather than actually to count people working. Civilian labor force statistics include non-military workers and unemployed Kentuckians who are actively seeking work. They do not include unemployed Kentuckians who have not looked for employment within the past four weeks. The data should only be compared to the same month in previous years.

Kentucky State Police Issues Proactive Patrol Reminder

The Kentucky State Police would like to offer periodic reminders to drivers who travel our roadways. The agency strives daily to ensure the safety of the motoring public. Some of these proactive measures include various roadside safety checkpoints and saturating known problematic areas in the district through general patrol tactics.

The Kentucky State Police utilizes traffic safety checkpoints to promote safety for motorists using the public roadways and to provide a deterrent for those who violate laws contained in the Kentucky Revised Statutes.

COUNTY EXTENSION AGENT FOR 4-H

Since 1909, Kentucky 4-H has equipped young people with the skills they need to lead meaningful, successful and productive lives. Join us during National 4-H week, Oct. 4-10, when we celebrate all the wonderful opportunities 4-H provides. Due to the Covid-19 pandemic, the celebration will be online on the social media pages of Kentucky 4-H and county offices of the University of Kentucky Cooperative Extension Service.

Gov. Andy Beshear will do a video signing of the National 4-H week proclamation that will be shared on Kentucky 4-H social media pages. Throughout the week, local 4-H programs will have interactive social media opportunities.

4-H strives to create an inclusive environment where all youth are welcome to explore their interests or develop new ones. With more than 288,000 current members, 4-H is the state's largest youth organization.

Many times, young people complete 4-H activities under the guidance of caring adult leaders who are interested in the same field or topic. Kentucky 4-H has more than 26,000 wonderful adult volunteer leaders who donate their time and expertise to help young people learn and succeed.

Research has proven that 4-H participation has a significant positive impact on young people. Recent findings from the Tufts University 4-H Study of Positive Youth Development indicate that, when compared to their peers, young people in 4-H are nearly four times more likely to contribute to their communities, two times more likely to pursue healthy behaviors and two times more likely to engage in science, engineering, technology and math programs outside of school.

For more information about National 4-H week or local 4-H programming, contact your (COUNTY NAME) office of the University of Kentucky Cooperative Extension Service.

Educational programs of the Cooperative Extension Service serve all people regardless of economic or social status and will not discriminate on the basis of race, color, ethnic origin, national origin, creed, religion, political belief, sex, sexual orientation, gender identity, gender expressions, pregnancy, marital status, genetic information, age, veteran status, or physical or mental disability.

Additional public input sought on planning for new U.S. 51 Ohio River 'Cairo' Bridge

The Kentucky Transportation Cabinet and Illinois Department of Transportation are seeking another round of public input on plans to construct a replacement for the U.S. 51/U.S. 60/U.S. 62 Ohio River "Cairo" Bridge between Wickliffe, Kentucky, and Cairo, Illinois.

Construction on a new bridge is expected to start in 5 to 10 years. The project team is offering the public an opportunity to review updated information then participate in an online survey to help guide the planning process.

Anyone with an interest in the project may go to <http://www.US51Bridge.com> from Oct. 16 to Oct. 30, 2020, to review online displays and provide input via a survey. The information and survey are also available at the public libraries in Wickliffe and Cairo.

According to KYTC Project Manager Chris Kuntz, COVID-19 restrictions have limited the team's ability to have in-person meetings.

"Public meetings like we've had in the past are simply not possible at this time. So we are moving the updated information we have to share online," Kuntz said. "We've developed displays similar to what we would share at a meeting and made them available through the project website. Interested citizens will have a 15-day window to review the online displays, as well as offer input and comments through the survey at the end."

Preliminary engineering, environmental analysis and planning for a new bridge over the Ohio River continue. Opened in 1938, the 82-year-old bridge that connects Wickliffe in Ballard County, Kentucky, with

Cairo in Alexander County, Illinois, is in fair condition with narrow lanes and shoulders. The purpose of the U.S. 51 Bridge Project is to improve cross-river mobility by addressing the functional limitations of the existing bridge and approach spans.

Ensuring the public is aware of the phases of this proposed work, the various alternatives, and providing opportunities for the public to become informed, and involved, is critical as project planning progresses. It is also important for the project team and KYTC to acknowledge stakeholder input and feedback to gain an understanding of project impact on nearby communities and the region.

With continuing COVID-19 restrictions limiting public engagement, is KYTC providing interested stakeholders with an opportunity to

participate and share their feedback on the Project via the U.S. Highway 51 Bridge Replacement website.

The online public review will begin at 8 a.m. CDT on Oct. 16 and continue through 5 p.m. CDT on Oct. 30 on the Project website at <http://www.US51Bridge.com>.

A short video introduction self-guided tour of the project story-map. The website provides current and updated information about the Project, including alternatives considered, the proposed preferred alternative, the current fact sheet, and a link to a brief survey. If you choose to take the survey, please complete it no later than 5 p.m. CDT on Oct. 30.

Printed copies will also be made available at the Wickliffe Public Library, 257 North 4th St., and at the Cairo Public Library, 1609 Washington Ave.

A copy of the printed materials is available to the public via mail by contacting Keith Todd at the KYTC District 1 office by calling (270) 898-2431 or by emailing a request to kytc.District1info@kygov.com.

"A final decision on the Project will be made in collaboration with the Federal Highway Administration, KYTC, and IDOT. Input from coordinating cooperating agencies, Section 106 consulting parties, the Citizens Advisory/Environmental Justice Group, and the general public will be part of that decision-making process," Chris Kuntz said.

Responses from the public review survey will become a part of the official record for the Project. Once compiled, the meeting record is available for review and copying after an Open Records Request is sub-

mitted and approved. All Open Record Requests must be submitted to the Office of Legal Services, Transportation Cabinet Office Building, 200 Mero Street, Frankfort, KY 40622.

In accordance with the American Disabilities Act (ADA), if anyone has a disability and requires assistance, please notify Keith Todd no later than Friday, Oct. 23. Printed materials are available upon request. Please call, mail, or email your request to the address listed below. Please address any questions regarding this meeting or Project to:

Kentucky Transportation Cabinet District 1 Traffic impact

Kentucky Transportation Cabinet District 1 Traffic Impact Report for Week of Oct 4-10, 2020

PADUCAH, KY. KYTC District 1 anticipates the following work zone locations will have an impact on traffic the week of Oct 4-10, 2020. Additional projects may be added through the week with individual traffic advisory notices.

U.S. 51 at KY-IL State Line

The U.S. 51/U.S. 60/U.S. 62 Ohio River "Cairo" Bridge that connects Kentucky and Illinois continues to have an 8-ft. 6-inch maximum load width with one-lane traffic and alternating flow controlled by an automated signal. Delays are likely, particularly during peak travel periods. The work zone is for extensive joint and deck work on the bridge. The target completion

date has been extended to October 25, 2020. When possible we suggest an alternate route to avoid work zone traffic delays.

I-24 Lyon/Caldwell/Trigg Counties

Interstate 24 has an ongoing extended work zone from the 52 to 65mm with 2-way traffic running on the westbound lanes and a centerline barrier wall. Eastbound maximum load width restriction is 12 ft. Westbound maximum load width is 15 ft. There is a strict 65 mph speed limit. This work zone is for a major reconstruction of the eastbound concrete driving surface. Target completion date is Spring of 2021. To avoid the potential for delays in this work zone we suggest motorists consider a self-detour between the I-24/I-69 Exit 25 Interchange and the Exit 65 Cadiz interchange via

I-69 and U.S. 68 through Draffenville, Aurora, and Land Between the Lakes.

Both eastbound ramps at the Interstate 24/ KY 139 Cadiz-Princeton Exit 56 Interchange are closed for reconstruction.

Motorists should detour via the eastbound ramps at Exit 45 or Exit 65, depending on their final destination. This closure of the eastbound exit and entry ramps at Exit 56 will be in place until about Nov 10, 2020. The westbound entry and exit ramps at Exit 56 are open.

Calloway County

U.S. 641 has an ongoing active work zone at the south edge of Murray between U.S. 641-Business/ Glendale Road and the Clarks River Bridge. This work zone has 2-way traffic running on the northbound lanes to allow reconstruction along the southbound lanes. Work has started on the second half of a large culvert just south of the Glendale Road Intersection. While most of the work on this 1-mile section is off

along the right of way, caution is required. The target completion date is July 1, 2021.

Fulton County

KY 1128 is closed at mile point 7.6 where inspectors found a bridge over Mud Creek had structural issues. The project is awaiting design approval. Repairs to this bridge should start soon under a Master's Agreement contract.

Paving is planned at the intersection of KY 125/Union City Road and KY 106/Middle Road southeast of Hickman on Wednesday, Oct. 7, with additional work in phases in coming weeks. Motorists should be prepared for intermittent periods of one-lane traffic and alternating flow controlled by flaggers to facilitate paving at the intersection on Wednesday. This is part of ongoing work to convert the Y intersection into a T intersection. The target completion date is mid-November.

Graves County

Construction of a new intersection continues at the south end of U.S. 45-Business and along U.S. 45 at the southwest edge of Mayfield. This work zone has two 3-way stops to accommodate the temporary traffic configuration. Motorists reminded that this continues to be an active work zone to add the New KY 80 Mayfield Bypass Corridor to the south leg of the intersection. The target completion date is November 15, 2020.

Motorists traveling Central Road south of Mayfield will encounter a detour a the KY 80 Bypass Construction Corridor. An R-Cut is being added to the intersection. Motorists on Central Road will be required to make a right turn onto KY 80, then make a controlled U-Turn via a median crossover to return in the opposite direction to make a right turn to continue on Central Road. Caution is required as this is an active work zone. For information on how an R-Cut operates go to www.US45Safety.org.

KY 945 has an extended closure at mile point 3.1 until about Oct 9, to allow construction and placement of a pre-fabricated aluminum culvert that carries a branch of

Wilson Creek under the roadway. This is along KY 945 southeast of the Pottsville community between Meridian Road and Pleasant Grove Church Road. Motorists may self-detour via KY 440 and KY 408.

Hickman County

There will be an extended 2-week closure of KY 2208 at mile point 0.25 in central Hickman County starting Monday, October 5, 2020, to allow the Cane Creek Culvert to be replaced with a pre-fabricated aluminum culvert. This closure of KY 2208 is about 1/4th mile north of the KY 58 intersection near the Croley Community. The target completion date is October 16, 2020.

Livingston County

Motorists traveling U.S. 60 near the 12 mile marker at the north edge of Smithland should be alert for trucks hauling materials to and from the construction site for the New U.S. 60 Cumberland River Bridge at Smithland. Flaggers may be present to assist trucks as they enter and exit the work area on both sides of the river. A lane restriction may be required near the existing bridge from time to time. The target completion date is for the new \$63.6 million bridge is Spring of 2023.

Marshall County

U.S. 641 has a work zone for roadway improvements and utility upgrades through downtown Benton running from mile point 7.98 near the Town Creek Bridge extending northward to mile point 8.824 at the KY 348/5th Street intersection, a distance of about 8/10ths of a mile. It includes all of the one-way sections of U.S. 641 along Main Street and Poplar Street in Benton. One lane will be open in each direction at all times. Utility excavations and concrete work may require brief driveway and parking lot entrance closures from time to time. Motorists should be prepared to encounter lane restrictions and restricted parking along blocks with construction activity. The target completion date is June 1, 2021.

McCracken County/ Paducah

The eastbound lanes of I-24 are restricted to one lane from mile point 2.8 near the KY

305 Paducah Exit 3 Interchange extending eastward to mile point 4.8 just past the Perkins Creek Bridge. All traffic is moved to the left-hand or passing lane. This extended eastbound work zone with a 13 ft. maximum load width restriction is to allow bridge deck overlay and maintenance work. Motorists entering Kentucky from Illinois across the I-24 Ohio River Bridge should be alert for slowing traffic particularly during peak travel periods. Target completion date is mid-October.

Mayfield-Metropolis Road is closed at mile point 2.99 to allow reconstruction of the Massac Creek Branch Bridge. This closure is along KY 1565/Mayfield-Metropolis Road between Buckhannon Road and Old Hinkleville Road. The target completion date on this Bridging Kentucky project is November 8, 2020.

Trigg County

U.S. 68 has an active work zone from the east end of the U.S. 68 Lake Barkley Bridge at Canton extended eastward to the intersection with U.S. 68 Business at Cadiz. Due to a Sept 24 traffic shift, one westbound lane is open from Averitt Lumber Road at mile point 13.5 extending westward to Canton to allow paving of the final driving surface and side road connections. Both eastbound lanes are open from the Lake Barkley Bridge extending eastward to Cadiz. Motorists are reminded to be alert for changes in traffic configuration to facilitate the ongoing work. This project is estimated to be 90 percent complete. Weather permitting, the final round of paving could be completed by about Nov 1.

The U.S. 68/KY 139/ South Road intersection at the south edge of Cadiz has an active work zone to allow construction of an R-Cut for the Intersection. The target completion date is Nov 15. For information on how an R-Cut operates go to www.US45Safety.org.

This traffic impact report is aimed at alerting motorists to work zones on mostly major routes. It does not include projects on rural secondary highways that have minimal cross-country traffic.
