  - a. Explain whether the Company has considered obtaining additional pricing locations.
  - b. Provide a discussion on the costs that might be expected in procuring additional pipeline capacity with firm receipt point entitlements for transportation to LG&E's city gate.
  - c. If the Company has conducted any cost-benefit analyses on procuring additional capacity, as discussed in subpart b., above, provide copies.
  - d. If the Company is aware of the pricing locations that Atmos Energy Corporation and Columbia Gas of Kentucky, Inc. utilize, and if that data is publicly accessible, provide that.
2. Explain whether the Company in any manner utilizes the PBR mechanism in procuring gas supply for the gas-fired electric generation units that it and Kentucky Utilities own.
  - a. If not, provide a discussion regarding whether the two separate gas procuring practices could and/or should be merged, and whether doing so could provide additional pricing synergies.
