**MOTION FOR CONFERENCE**

Pursuant to 807 KAR 5:001, Section 9(4), Louisville Gas and Electric Company (“LG&E”) and Kentucky Utilities Company (“KU”) (collectively “the Companies”) move for the scheduling of a conference in this proceeding.

In support of their Motion, the Companies state:

1. The period for review of the Companies’ Application is only sixty-four days as the proposed purchased power agreement provides that the Seller’s obligations are conditioned upon the Companies obtaining a ruling from the Commission no later than March 31, 2020.

2. Given the limited time for review, a conference will assist in the efficient presentation and discussion of the issues presented by the Companies’ Application. If a conference is held, the Companies will provide an overview of the Application, the proposed purchase power agreement and proposed renewable power agreements, and the reasons for such agreements. Companies’ representatives, including those that have submitted written testimony in this proceeding, will be available to answer the questions of Commission Staff and any intervening party regarding the agreements and any other aspect of the Application.

3. Discussions on the proposed agreements at the requested conference will likely enable Commission Staff and any intervening party with the more efficient and productive use of their resources.

4. The Companies request that this conference be scheduled as soon as possible and propose the morning of February 5, 2020 as the time and date for the conference.

**WHEREFORE**, the Companies move that the Commission schedule a conference in this matter for the purpose of reviewing the Application and discussing a procedural schedule.

Dated: January 23, 2020
