

3. 807 KAR 5:001, Section 4(10) provides: “If a person files a paper containing personal information, the person shall encrypt or redact the paper so that personal information cannot be read.” “Personal information” includes an individual’s first name or first initial and last name in combination with “[t]he address, phone number, or email address of an individual who is not a party and has not requested to be a party.” 807 KAR 5:001, Section 4(10)(a)(7).

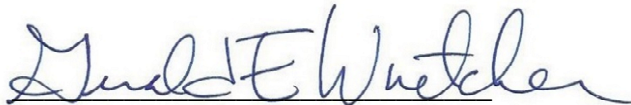

4. To the best of Green River Valley District’s knowledge and good faith belief, the information contained in the Response is necessary to assist the Commission in its review of the proposed tariff and redaction of the information would frustrate the purpose for which the information was requested.

5. This unredacted information will not allow any person to access the customer’s water account or to take any action regarding that account nor will it enable any person access to any financial account.

WHEREFORE, Green River Valley District requests that the Commission grant a deviation from 807 KAR 5:001, Section 4(10) and accept Green River Valley District’s Response to Commission Staff’s First Request for Information in its current form.
