Kentucky Power Company files with the Commission its March 2021 property acquisition update. The filing is being made in accordance with paragraph 36 of the Company's application and the Commission's December 29, 2020 Order. This update details the status of Kentucky Power's property acquisition efforts as of March 1, 2021.

The Company's acquisition of property during February 2021 was limited because of the adverse weather experienced during the month in Kentucky Power's service territory. No parcels were acquired during February 2021.

No opposition has been expressed.

The Company has acquired eight of the 26 parcels affected by the transmission line or its right-of-way. Exhibit 1 provides further information regarding the 26 parcels.
