RE: PSC CASE # 2020-00068

Dear Sir or Madam:

The Mountain Water District received a Filing Deficiency Notice in regards to the above referenced case number. The deficiency specifically mentioned 807 KAR 5:068: Section 4 – Satisfactorily completed Purchased Water Adjustment Form 1. Further stating that the form appears to have an error regarding the base rate and changed rate as referenced under 807 KAR 5:068 Section 1(2).

The District is requesting a deviation from the regulations 807 KAR 5:068 Section 1(2) and (5) which sets out the definitions for “changed rate” and “base rate” that defines “base rate” as the rate that was in effect immediately prior to the change or new rate and “changed rate” as the rate of the utility’s supplier in effect immediately after the most recent increase or decrease. The supplier’s rate changed 3 times between the dates of April 2019 and October 2019 and the District wishes to capture all the increases at once instead of filing a Purchased Water Adjustment for each increase individually.

If you have any questions, please feel free to contact our office at 606-631-9162 or via email at [rsawyers@mtwater.org](mailto:rsawyers@mtwater.org)

Sincerely,

  
Roy Sawyers  
District Manager  
Mountain Water District
