Commission Staff's Second Request for Information

1. Refer to Commission Staff's First Request for Information, Item 9. Provide updated information of the percent of customers, by class, that pay on time for each month in 2020, including for the month of December.

Response: The table below shows the approximate percentage of members by class that pay on time. This number is our best estimate giving the data available. Our penalty process would normally give us the exact number of members not paying on time, however this process was suspended for most of 2020.
