PSC Case 2020-121

In Re Matter of: ELECTRONIC SOUTHERN WATER AND SEWER
DISTRICT METER REPLACEMENT SURCHARGE MONITORING

MOTION FOR EXTENSION
OF TIME ,

Comes Southern Water and Sewer District “Southern”, by and through counsel, and hereby requests an extension of time to submit the 2023/2024 annual report relating to the meter replacement surcharge. As grounds therefore, Southern states...

In order to finish drafting this report, Southern’s counsel must communicate with and gather information from Southern’s employees, Randy Conley and Grondal Potter. These individuals are involved with the day-to-day operations of Southern and are intimately aware of the water meters and the meter replacement surcharge.

Mr. Randy Conley has been unavailable for the past month due to several health complications that have resulted in multiple hospital stays. Mr. Conley is hopefully on the mend and intends on being available to assist in the preparation of this report over the next couple of weeks.

Mr. Grondal Potter also possesses material information needed to complete this annual report. Unfortunately, two of Mr. Potter’s immediate family members have suffered emergency healthcare issues that have required Mr. Potter to miss work to care for said family members. Southern is hopeful that Mr. Potter will be available to assist in the drafting of this report over the next couple of weeks.

Southern Water hereby requests an additional 30 days to submit the annual report for the period of April 2023 to April 2024.

Wherefore, Southern hereby respectfully requests an additional 30 days to tender to the PSC the annual report for the period of April 2023 to April 2024. Southern proposes that said report be submitted by May 8, 2024.

Respectfully Submitted Electronically on April 5, 2024,

/s/ Steven Bailey
