North Hopkins Water District hereby requests relief from the requirement contained in Ordering paragraph 14 of the Commission’s May 6, 2020 Order in the above-referenced case to file for an adjustment in its base rates or to file an alternative rate filing within one year of the Order. The Analysis and Recommendations for Water Rates conducted by Kentucky Rural Water Association and filed with the Commission on April 21, 2021 demonstrates that a rate increase is not needed at this time.

**WHEREFORE,** North Hopkins Water District requests relief from the requirement to file for an adjustment in its base rates or to file an alternative rate filing.

Dated April 23, 2021

Respectfully submitted
