5. Description of Changes in Service Territory:

As explained in this application and in the attached exhibits, KU and Farmers have individually agreed to the requested territorial change for this residential home. The proposed territorial boundary change serves the purposes of KRS 278.016 by avoiding unnecessary encumbrance of the landscape, promotes the orderly development of retail electric service and

minimizes disputes between retail electric suppliers.

The property owner at 475 Guthrie Street in Horse Cave, Kentucky requested that KU provide electric service to a trailer home located on the property. The customer has been providing their own electric service via a generator. In an effort to provide service consistent with the request, KU developed a few options. All of these options, however, posed significant challenges: First, a neighboring property owner denied KU's request for an easement that would be necessary for KU to provide the requested service. KU then evaluated the use of an existing road easement but found that the easement was too narrow and would place KU equipment too close to the road. Finally, KU considered establishing a new, longer route which would entail establishing new easements and installing new poles and a line, thus causing far greater expenses than the load justifies. Farmers has existing single phase primary service located just north of this property, and is able to provide electric service to the customer by simply constructing one or two span extensions.

KU and Farmers agree to redraw the certified territorial boundary to carve out approximately two acres of the existing property's 12.96 acres.

The territorial maps and other attachments provided constitute the entire agreement between KU and Farmers.

6. Agreement and Maps:

Application Exhibit 1 of this filing includes the summary list identifying KU and Farmers personnel familiar with the specifics of the facilities available, the reason for the change and purposes served under KRS 278.016, and copies of the territorial (quadrant) map, detailed site map, and agreement signed by both parties for the properties involved.

**WHEREFORE**, KU hereby requests, pursuant to KRS 278.018, that the Commission

enter an order approving the updates to the Quadrant Map to reflect the current requested service territory change and the agreement between KU and Farmers.

Dated: 4/27/2020

Respectfully submitted,

# APPLICATION EXHIBIT 1

- TERRITORIAL BOUNDARY CHANGES
  - MAPS & AGREEMENTS

## TERRITORIAL CHANGE INFORMATION

(7/2019)

Affected Property: 475 Guthrie St. Horse Cave, KY

Foreign Utility: Farmers RECC

Quadrant Map: 25-I-1

Agreement Date: 01.08.2020 (date of last signature)

1.  Utilities signed copy of quadrant (Key) map showing revised territorial line with a note referencing the property/customer, and date of the territorial agreement.

2.  Utilities signed copy of site map (Plat) and/or territorial agreement showing original and revised territorial boundary.

The map must include coordinates accurate to within 3 meters for at least **four** points on the territorial line. It is preferable that these points include the beginning and ending points of the change. We also must provide the coordinate system used: This will be utilizing Global Positioning System (GPS) with the coordinates based upon WGS84.

3.  Copies of all written agreements (**1** needed - not original).

4. Name of employee who would serve as KU's witness if a hearing is required:  
Donna M. Goodrich

5. Name and mailing address of the foreign utility, and the name and title of their official who is to receive the Commission stamped quadrant map:

Farmers RECC  
Mr. Chuck Bishop - Director of Engineering  
504 S Broadway St.  
Glasgow KY 42141  
270-670-4736

6. The reason(s) for the boundary change (realignment with lot/property lines, closest utility (give details), it is the least cost of providing service to the customer(s), etc.):

Unable to obtain right-of-way for distribution line and alternative route is unnecessarily costly given the load.

7. How does this boundary change promote the purposes of KRS 278.016? (check all that apply)

- Promotes the orderly development of retail electric service
- Avoids wasteful duplication of facilities
- Avoids unnecessary encumbering of the landscape
- Prevents waste of materials and natural resources
- Is necessary for the public convenience and necessity
- Minimizes disputes between retail electric suppliers which may result in inconvenience, diminished efficiency, and higher cost to the consumer

8. Will any retail customer change electric supplier as the result of this boundary change?

No (Check this if no retail customers were receiving service)

AGREEMENT

Kentucky Utilities Company and Farmers RECC hereby agree that Farmers RECC will serve the property located at 475 Guthrie St, Horse Cave KY 42749. This property is recorded in the Hart County Clerks office in the name of Odell Robertson in Deed Book 347, Page 566.
