RE: Case 2020-00140 – Application for a Certificate of Public Convenience and Necessity
Duo County Telephone Cooperative Corporation, Inc.

Dear Executive Director:

Attached for your review is an application submitted on behalf of Duo County Telephone Cooperative Corporation, Inc. (“Duo”) for a Certificate of Public Convenience and Necessity for the construction of fiber-to-the-premises and additional network upgrades in Adair and Cumberland Counties.

In accordance with 807 KAR 5:001, Section 8, this filing is being made electronically. Pursuant to PSC Case 2020-00085, Electronic Emergency Docket Related to the Novel Coronavirus Covid-19 released March 16, 2020, Duo is foregoing the requisite filing of a paper copy of this application but will do so, including a statement that the materials in the electronic submission are a true representation of the materials in paper medium, when the Commission has signaled that it is accepting such filings.

As shown in its application, Duo has received a substantial grant to bring advanced services to its most rural consumers. The terms of the grant provide strict timelines for beginning and completing the project and the company cannot accept the grant absent approval of this CPCN. Accordingly, we respectfully request that its CPCN be approved without undue delay.

Please call or email me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Eileen M Bodamer". The signature is fluid and cursive.

Eileen M Bodamer
