MOTION FOR EXTENSION

Comes now Mt Olive Creek Solar, LLC (“MOC Solar”), by and through counsel, seeking an extension of time to remit supplemental application fee to the to the Kentucky Electric Generation and Transmission Siting Board (“Siting Board”).

The Siting Board’s September 22, 2021, Order assessed MOC Solar a supplemental application fee of \$38,903.74. Payment was to be remitted on September 27, 2021. Following issuance of the order, counsel for MOC solar contacted counsel for the Siting Board requesting additional information regarding the assessment and logistical information concerning payment of the supplemental application fee. Several emails have been exchanged with representatives of the Siting Board, but as of this date, MOC Solar does not have the information necessary to provide payment. Additionally, MOC Solar’s internal accounting practices make providing payment with only 3 business days’ notice impossible. As such, MOC Solar is requesting an extension until October 15 to make the payment. This should provide counsel for MOC Solar and representatives of the Siting Board sufficient time to coordinate payment logistics and transmit payment to the Siting Board. As the statutory deadline for a decision in this matter is November 3, 2021, this

extended payment deadline still ensures payment prior to any required decision by the Siting Board.

Respectfully submitted,

Gregory T. Dutton
