Dear Mr. Rice:

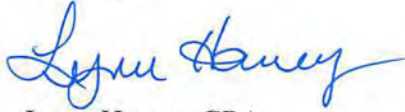

This letter is in response to your correspondence received by the Public Service Commission on September 11, 2020. You have requested a copy of the information provided to Lowell Ray and Gladys Rice in a letter regarding the placement of the cell phone tower East Kentucky Network, LLC (“EKN”) seeks to construct in Campton, Kentucky.

Per your request, a copy of the notification letter dated August 27, 2020, which EKN previously sent to Lowell Ray and Gladys Rice is enclosed for your records. Kentucky regulations require a notification letter be sent to every person who, according to the records of the property valuation administrator (PVA), owns property within 500 feet of a proposed cellular tower. It appears the PVA records for Wolfe County have not been updated to reflect your ownership of the property in question, which is why a notification letter was not sent directly to you.

EKN greatly appreciates you reaching out to discuss the placement of a cellular tower on your property. However, a location near your property has already been submitted to the appropriate authorities for the lengthy and costly regulatory review process required by law.

Should you need any additional information, please do not hesitate to contact me.

Sincerely,

Lynn Haney, CPA
