Question No. 2

Responding Witness: Diana Moran

**Q-2. Identify the name and title or position of the person or persons who are responsible for communicating with Augusta regarding proposed rate increases, and explain the nature of each such person's communications.**

A-2. Chairman Anthony Habermehl is responsible for communicating with Augusta officials regarding proposed rate increases and concerns about the reliability and efficiency of the Augusta Water Treatment Plant and Augusta's efforts to ensure that the Water Treatment Plant complies with federal and state laws and water industry best practices. Mr. Habermehl has expressed the concerns of Bracken County Water District's Board of Commissioners regarding the current state of equipment at the Water Treatment Plant and the Plant's ability to provide adequate service to Bracken County Water District. Mr. Habermehl has voiced similar concerns to Mr. Pat Taylor, who is the designated representative for Bracken County Water District on the Augusta Water Treatment Plant Advisory Board.

Since Bracken County Water District's intervention in this proceeding, its legal counsel has communicated with Augusta's legal counsel regarding the proposed rate adjustment and Bracken County Water District's concerns about the reliability and efficiency of the Augusta Water Treatment Plant. He also has conveyed Bracken District's requests for settlement discussions to resolve the rate case proceeding.

## MINUTES

Water Treatment Plant Advisory Board  
Wednesday, January 15, 2020  
1:00 P.M.

A meeting of the Augusta Regional Water Treatment Plant Advisory Board was held on Wednesday, January 15, 2020, at 1:00 pm at the water treatment plant. The following members were in attendance: Carol Boney and Pat Taylor. Also in attendance was Doug Padgett with the City of Augusta.

First the board reviewed the minutes from the December 17, 2019 meeting. After discussion, a motion was made by Pat Taylor, second by Carol Boney to approve the minutes as presented. Motion carried.

Next, the Board reviewed the monthly financial report and bills paid.

Next, the Board was informed that Steve Mullins was ordering parts for Augusta high service pump #2, for the motor control valve.

The Board was informed that Doug Padgett will be out of town for training for the regular scheduled meeting in February. The Board decided to reschedule the meeting for Monday, February 24, 2020, at 1:00 pm at the water plant.

The Board was informed that the one of the overhead tube heaters had been repaired.

Next, the Board discussed that the Potassium chemical feed pump had to be replaced. The replacement pump had been ordered months ago because of the age of the existing pump.

The Board was informed that the FCC license for the plant's telemetry had been renewed.

Next, the board discussed the possibility of obtaining a beneficial reuse permit for the lagoons from the Division of Water. If a permit could be obtained and land was made available to dispose of the materials, the cost would be greatly reduced. It was that the Bracken County Industrial Site could possible meet the criteria.

There being no further business, the meeting was adjourned

Monday, February 24, 2020  
1:00 P.M.

A meeting of the Augusta Regional Water Treatment Plant Advisory Board was held on Monday, February 24, 2020, at 1:00 pm at the water treatment plant. The following members were in attendance: Greg Mains, Carol Boney and Pat Taylor. Also in attendance was Doug Padgett with the City of Augusta.

First the board reviewed the minutes from the January 15, 2020 meeting. After discussion, a motion was made by Carol Boney, second by Pat Taylor to approve the minutes as presented. Motion carried.

Next, the Board reviewed the monthly financial report and bills paid.

Next, the Board discussed getting the lagoons cleaned. One possible solution was to apply for a reuse permit that would allow the contents of the lagoons to be land farmed. It was also suggested to contact the Bracken County Industrial Authority regarding land farming the materials at the industrial park.

The Board was informed that the polymer chemical feed pump blew out a diaphragm. The old pump is obsolete and parts are not available. A new pump was installed on February 19, 2020.

There being no further business, the meeting was adjourned
