IMPLEMENT A PREPAY METERING PROGRAM  
CASE NO. 2020-00278**

**Response to the Commission Staff's Second Set of Data Requests**

**December 18, 2020**

1 **Item 1)**        *Refer to the Application, Exhibit A, proposed tariff sheet for Prepay Service*  
2 *Rider, numbered paragraph 6, and Taylor County RECC's response to Commission*  
3 *Staff's First Request for Information, Item 3. Taylor County RECC states that a one-time*  
4 *service fee of \$30 will be charged to install the equipment for prepay use. Provide specific*  
5 *itemized cost justification for the one-time \$30 prepay use equipment installation fee and*  
6 *the \$30 prepay use equipment uninstall fee.*

7

8 **Response)**

9        See attached. Taylor County RECC originally modeled the proposed charge after that  
10        approved by the Commission for Farmers RECC in Case No. 2012-00437, in part to keep  
11        the charge low and reduce barriers to entry to the program. While the specific itemized  
12        cost justification for the installation and uninstall fee for Taylor County RECC supports a  
13        value that exceeds \$30, Taylor County RECC continues to support the proposed \$30  
14        charge in order to encourage our members to participate in the program.
