**RESPONSES TO APPENDIX B TO AN ORDER OF THE PUBLIC SERVICE COMMISSION  
IN CASE NO. 2020-00294 DATED OCTOBER 27, 2020**

1. B&H Gas and Diversified negotiated several months before they came to a contract agreement. B&H sent the contract with its first GCA filed a few days after receiving all the contract documents. Staff did not realize it needed to be sent any sooner.

2. a. There are no other suppliers in the area to install the equipment necessary to supply gas to B&H on an as needed basis.

b. B&H makes every contract decision in consideration of its customers. Diversified will supply the gas as/when needed to provide service to customers with no interruptions and freeze off issues.

c. B&H can provide the gas needed to maintain the required pressure, but it needs extra pressure when temperatures drop below freezing to help prevent freeze offs.

d. B&H contract is for up to 400 MMBtu's/day that is all we have negotiated to purchase at this time. If B&H should require more, the contract would be renegotiated.

3. Yes. B&H would like to have an adjustment to recover the difference of the actual invoice cost from B&S verses the amount it is required by the Commission to use on its Schedule II Expected Gas Cost Schedule. The amount B&H is required to enter there is considerably below what it is invoiced for gas. Please see Case 2020-00294 Schedule II and Schedule III and the actual invoices for gas from B&S for an example of the difference between the amount entered and the amount invoiced. Staff desires to be instructed on how to recover the difference on its future filings.

4. Please see Exhibit 4.
