**Re: Case No. 2020-00302**

In the Matter of an Electronic Investigation of Interconnection and Net Metering Guidelines

Dear Ms. Bridwell:

Duke Energy Kentucky, Inc. (Duke Energy Kentucky or the Company) is in receipt of Commission letter dated February 8, 2021 which files into the record of the above proceeding, Federal Energy Regulatory Commission Order No. 2222 (FERC Order No. 2222). The letter provides five days to comment regarding the contents of said document. As such, the Company states that it does not object to including FERC Order No. 2222 into the record; however, the Company's non-objection to the document's inclusion in the record should not be construed as a substantive comment or agreement on the contents of FERC Order No. 2222. The Company reserves the right to comment further at a later date.

This original document will be filed with the Commission within 30 days of the lifting of the current state of emergency. I certify that the electronically filed document is a true and accurate copy of the original document.

Please date-stamp the extra two copies of this letter and return to me in the enclosed envelope.

Respectfully submitted,
