**KENERGY CORP.'S STATUS REPORT OF FEBRUARY 23, 2023**

KENERGY CORP. ("Kenergy"), notifies the Commission of the status of the compliance with the final Order in this matter.

Kenergy has begun the bill credit process to its members who were placed on Schedule 43 instead of the original "one to one" net metering tariff in Schedule 46. This bill credit process started with the bills that went out on February 2, 2023, and will end with the bills going out on February 28, 2023. Four members opted to stay on Schedule 43 as it was economically more beneficial to those four members to do so.
