

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

IN THE MATTER OF:

ELECTRONIC INVESTIGATION INTO)	
KENERGY CORP.'S COMPLIANCE WITH)	CASE NO.
KRS 278.160 AND ITS NET METERING)	2020-00332
TARIFF)	

KENERGY CORP.'S STATUS REPORT

KENERGY CORP. ("Kenergy"), notifies the Commission of the status of the compliance with the final Order in this matter.

Kenergy has been directed to notify the members who are to migrate from Schedule 43 to Schedule 46. Accompanying this migration will be a credit for the differences in the schedules.

The refund to the members is a complicated calculation due to the factors that combine to create the member's monthly bill. Fuel Adjustment Charges, Member Rate Stabilization Mechanism credits, Non-FAC PPA, Environmental Surcharge, franchise fees, school tax and sales tax must be recalculated each month for net metering accounts because Schedule 46 requires banking of kilowatt hours when production exceeds consumption. Schedule 43 accounts do not "bank" excess kWh. Thus, the Schedule 46 refund calculation must be done on a month by month basis for each account due to the changing components of the bill.

Kenergy has obtained a proposal from National Information Solutions Cooperative (“NISC”) to prepare the software necessary to calculate the refunds. Kenergy submits that the member notification should wait until the software is ready. Otherwise, Kenergy will field inquiries from members who can only be told that the refunds will be issued once the software program is ready. Kenergy is in the process of ordering the software. Testing of the software will be necessary once it is in place. Kenergy’s goal is to process the refunds by the end of 2022, subject to delays and unforeseen matters at this time. Kenergy will file a supplemental status report on November 11, 2022.
