**Meade County Rural Electric Cooperative Corporation's Request to Submit This Matter  
for Decision Based on the Record**

Attached as Exhibit 1 is a published lead time list provided by our vendor, Landis + Gyr, for required AMI related products which has raised concerns regarding product availability and a timely implementation for the AMI System Project. To navigate long lead times and to achieve a smooth transition during the full deployment, Meade County Rural Electric Cooperative Corporation proactively requests that the case be submitted to the Commission for a decision based on the record and without hearing.

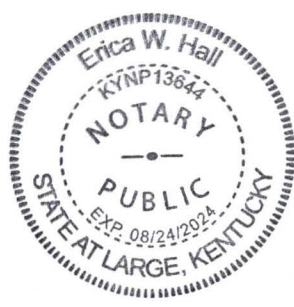

Michael French, Director of System Engineering

The foregoing Verification was signed, acknowledged and sworn to before me this 12<sup>th</sup> day of March, 2021, by Michael French.

Notary Commission No. KYNP13644
