**Re: Case No. 2020-00347** -- Alleged Violations by Salt River Electric, *et al.*

Executive Director Bridwell:

Salt River Electric Cooperative Corporation (“Salt River”), through the undersigned, hereby respectfully requests that the Commission enter an Order fully and finally concluding the above-referenced matter.

As the Commission will recall, this case was established by Order entered October 22, 2020, to investigate possible violations related to customer disconnections and the collection of arrearages which had accrued during the moratorium on disconnections instituted by the Commission in the months following the initial COVID-19 outbreak. Among other things, the Commission’s October 20<sup>th</sup> Order directed Salt River to “cease all disconnections for nonpayment until further Order of the Commission.” *See* Order, at 7 (Ky. PSC Oct. 22, 2020). Salt River promptly provided various requested information and documentation, and a hearing scheduled in the matter was cancelled by Order entered November 20, 2020. That Order was the last docket entry in this case.

Of course, Salt River has consistently complied with the Commission’s October 22, 2020 directive concerning disconnections for nonpayment and will continue to do so pending a final Order from the Commission; however, it appearing that Salt River has proceeded in a satisfactory manner and that no further proceedings are necessary, a final Order lifting the moratorium and concluding this case as requested is appropriate at this juncture.

The undersigned hereby certifies that a copy of this letter has been served electronically on all parties of record through the use of the Commission’s electronic filing system, and there are currently no parties that the Commission has excused from participation by electronic means. Pursuant to the Commission’s July 22, 2021 Order in Case No. 2020-00085, a paper copy of this filing has not been transmitted to the Commission.
