SIERRA CLUB’S SUPPLEMENTAL POST-HEARING BRIEF

Sierra Club hereby submits this Supplemental Post-Hearing Brief pursuant to the Kentucky Public Service Commission’s (“Commission”) August 19, 2021, Order, following the supplemental hearing held on August 17-18, 2021, that focused primarily on the net metering issues that remains unresolved in the above-styled cases. Sierra Club urges the Commission, as it did in its initial Post-Hearing Brief, to adopt the respective recommendations of Kentuckians for the Commonwealth, Kentucky Solar Energy Society, and the Mountain Association (collectively

the “Joint Intervenors”), and of Kentucky Solar Industries Association, Inc. (“KYSEIA”). For economy’s sake, Sierra Club will not recount the evidence, analysis, and arguments in the record that favor the net metering tariffs advocated by Joint Intervenors and KYSEIA, respectively, over the tariffs requested by Kentucky Utilities Company. Instead, Sierra Club simply refers the Commission to the testimonies and post-hearing briefs filed by Joint Intervenors and KYSEIA. Alternatively, if and to the extent that the Commission is not inclined to adopt the net metering recommendations of either of those parties, Sierra Club urges the Commission to apply, in this case, the same analytical framework that the Commission recently applied in setting net metering tariffs for Kentucky Power Company in Case No. 2020-00174 (to the extent that framework is distinct from what Joint Intervenors and KYSEIA recommend).

Sierra Club thanks the Commission for its consideration, and for its hard work to protect and serve Kentucky ratepayers.

Dated: September 7, 2021

Respectfully submitted,

Of counsel
