Electronic Application of Louisville Gas and Electric Company for an Adjustment of Its Electric and Gas Rates, a Certificate of Public Convenience and Necessity to Deploy Advanced Meter Infrastructure, Approval of Certain Regulatory and Accounting Treatments, and Establishment of a One-Year Surcredit Case No. 2020-00350

Dear Ms. Bridwell:

In response to Ordering Paragraph No. 11 of the Commission’s Orders of September 24, 2021 (“Orders”), in the above-captioned proceedings, please find enclosed Kentucky Utilities Company’s (“KU”) and Louisville Gas and Electric Company’s (“LG&E”) (jointly the “Companies”) proposed notice regarding the joint account issues raised in the Orders.

Consistent with Ordering Paragraph No. 12 of the Orders, within 45 days of receipt of Commission approval, the Companies will begin including the final version of the approved notice in their Power Source newsletter and will also post the approved notice language on a new page on the Companies’ corporate website explaining the meaning of joint account. That page will also be accessible through links from other pages on the website as explained in more detail in the attached proposal.

Please note that the Power Source newsletter, which is included along with customers' monthly bills, is printed and delivered on a rolling basis in batches. Therefore, it will take approximately one month (from the time the notice is included in the first batch of the Power Source newsletter) to reach all customers.

In accordance with 807 KAR 5:001, Section 8 and the Commission's Order of July 22, 2021 in Case No. 2020-00085, I certify that the electronic filing has been transmitted to the Commission on October 22, 2021 and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means.

Should you have any questions regarding the enclosed, please contact me at your convenience.

Sincerely,
