**LEXINGTON-FAYETTE URBAN COUNTY GOVERNMENT'S  
MOTION TO INTERVENE**

---

Lexington-Fayette Urban County Government (“LFUCG”), by counsel, hereby petitions the Kentucky Public Service Commission (“Commission”) pursuant to 807 KAR 5:001, Section 4(11) for intervention in the above-styled matter. In support of its motion, LFUCG states the following:

LFUCG is an urban county government established under KRS Chapter 67A. Its address is 200 East Main Street, Lexington, KY 40507.

The Commission has interpreted KRS 278.040(2) as requiring a person seeking intervention to have an interest in the rates or service of a utility as those are the only matters that are subject to the Commission's jurisdiction. See Order, Kentucky Power Co., Case No. 2017-00179 (Ky. PSC June 19, 2017). LFUCG satisfies this requirement because it is a customer of Kentucky Utilities (“KU”). In the last fiscal year, LFUCG paid over \$12,000,000 to Kentucky Utilities for electrical service.

Administrative regulation 807 KAR 5:001, Section 4(11)(b) states:

The commission shall grant a person leave to intervene if the commission finds that he or she has made a timely motion for intervention and that he or she has a special interest in the case that is not otherwise adequately represented or that his or her intervention is likely to present issues or to develop facts that assist the commission in fully considering the matter without unduly complicating or disrupting the proceedings.

LFUCG meets both these criteria. LFUCG has special interests in KU's rate case that will not otherwise be adequately represented. First and foremost, as one of KU's largest customers that take service from a variety of rate classifications, no other party could adequately represent the interests of LFUCG. Second, and relatedly, LFUCG is KU's largest customer of Outdoor Lighting classification. LFUCG pays nearly \$7,000,000 to KU on outdoor-lighting rate codes. Ultimately, no other party could adequately represent the special interests of LFUCG, whether those the interests related to lighting or other issues affecting LFUCG.

LFUCG is also likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings. In this particular case, LFUCG anticipates addressing issues and developing facts on the following additional issues: lighting, including the rates and conversion fee; increase in Basic Service Charge; various elements of revenue requirements; net metering; and AMI deployment.

LFUCG desires to play a constructive role in this matter and isolate issues that are most important to it. LFUCG's focus will serve to neither unduly complicate nor disrupt the proceeding. LFUCG believes that its prior involvement in other cases before the Commission demonstrates its productive standing in the process.<sup>1</sup>

---

<sup>1</sup> In addition to granting intervention to Louisville Metro and Lexington-Fayette Urban County Government in LG&E's and KU's past rate cases, the Commission has recently determined that at least one other City met the above-mentioned criteria in an investor-owned utility's rate case. See *Water Service Corp. of Kentucky*, Case No. 2020-00160 (granting intervention to the City of Clinton).

Attorneys for LFUCG listed below possess the facilities to receive electronic transmission of all notices and messages related to this proceeding at the electronic mailing addresses listed below. All correspondence to LFUCG should be sent to the attorneys' addresses or email addresses listed below.

Accordingly, because LFUCG has a special interest in this case that is not otherwise adequately represented and because it is likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings. LFUCG respectfully requests intervention in this proceeding

Respectfully submitted,

---
