### 10.1 Normal Remuneration

So long as any Note is outstanding each Relevant Issuer shall pay the Note Trustee as remuneration for its services as Note Trustee such sum on such dates in each case as the Note Trustee and the Relevant Issuer may agree in writing. Such remuneration shall accrue from day to day from the date of this Trust Deed. However, if any payment to a Noteholder or Couponholder of moneys due in respect of any Note or Coupon is improperly withheld or refused, such remuneration shall again accrue as from the date of such withholding or refusal until payment to such Noteholder or Couponholder is duly made.

### 10.2 Extra Remuneration

If an Event of Default (or an event has occurred which has led the Note Trustee, acting reasonably, to take steps to determine whether an Event of Default has occurred) shall have occurred in relation to a Relevant Issuer, such Relevant Issuer hereby agrees that the Note Trustee shall be entitled to be paid additional remuneration calculated at its normal hourly rates in force from time to time. In any other case, if the Note Trustee finds it expedient or necessary or is requested by such Relevant Issuer to undertake duties that they both agree to be of an exceptional nature or otherwise outside the scope of the Note Trustee's normal duties under this Trust Deed, such Relevant Issuer shall pay such additional remuneration as they may agree (and which may be calculated by reference to the Note Trustee's normal hourly rates in force from time to time) or, failing agreement as to any of the matters in this Subclause (or as to such sums referred to in Subclause 10.1 (*Normal Remuneration*)), as determined by a financial institution or person (acting as an expert) selected by the Note Trustee and approved by that Relevant Issuer or, failing such approval, nominated by the President for the time being of The Law Society of England and Wales. The expenses involved in such nomination and such financial institution's fee shall

be borne by such Relevant Issuer. The determination of such financial institution or person shall be conclusive and binding on the Relevant Issuer, the Note Trustee, the Noteholders and the Couponholders.

### 10.3 Expenses

Each Relevant Issuer shall (on a several (and not joint) basis only) pay or discharge all costs, charges, Liabilities and expenses properly incurred by the Note Trustee and (if applicable) any receiver in relation to the preparation and execution of, the exercise of its powers and the performance of its duties under, and in any other manner in relation to, this Trust Deed and the other Programme documents including, but not limited to, legal and travelling expenses and any stamp, issue, registration, documentary or other taxes or duties paid by the Note Trustee in connection with any action taken or contemplated by or on behalf of the Note Trustee for enforcing or resolving any doubt concerning this Trust Deed, the Notes, the Coupons, the Talons or any other Programme document. Such costs, charges, Liabilities and expenses shall:

### 10.5 Indemnity

Without prejudice to the right of indemnity given by law to trustees, the Relevant Issuer will indemnify the Note Trustee and every receiver, attorney, manager, agent or other person appointed by the Note Trustee hereunder and keep it or him indemnified against all liabilities and expenses (including any VAT payable) to which it or he may become subject or which may be incurred by it or him in the negotiation and preparation of this Trust Deed and the other Programme documents and the execution or purported execution or exercise of any of its or his trusts, duties, rights, powers, authorities and discretions under this Trust Deed or any other Programme document or its or his functions under any such appointment or in respect of any other matter or thing done or omitted in any way relating to this Trust Deed or any other Programme document or any such appointment (including, without limitation, liabilities incurred in disputing or defending any of the foregoing).

### 10.6 Continuing Effect

Unless otherwise specifically stated in any discharge of this Trust Deed, the provisions of this Clause 10 shall continue in full force and effect notwithstanding such discharge and whether or not the Note Trustee is then the trustee of this Trust Deed.

The Note Trustee shall not be responsible for having acted on a resolution purporting to be a Written Resolution or to have been passed at a meeting of Noteholders in respect of which minutes have been made and signed or a direction of a specified percentage of Noteholders even if it is later found that there was a defect in the constitution of the meeting or the passing of the resolution or the making of the directions or that the resolution was not valid or binding on the Noteholders or Couponholders.

#### 11.4 Certificate Signed by directors

If the Note Trustee, in the exercise of its functions, requires to be satisfied or to have information as to any fact or the expediency of any act, it may call for and accept as sufficient evidence of that fact or the expediency of that act a certificate signed by any two directors of the Relevant Issuer as to that fact or to the effect that, in their opinion, that act is expedient and the Note Trustee need not call for further evidence and shall not be responsible for any Liability occasioned by acting on such a certificate.

#### 11.5 Certificate of Auditors

A certificate of the Auditors that in their opinion a Subsidiary is or is not or was or was not at any particular time or during any particular period a Principal Subsidiary shall, in the absence of manifest error, be conclusive and binding on the Relevant Issuer, the Note Trustee, the Noteholders and the Couponholders;

#### 11.6 Delivery of Certificate

The Note Trustee shall have no Liability whatsoever for any loss, cost, damages or expenses directly or indirectly suffered or incurred by the Relevant Issuer, any Noteholder, or any other person as a result of the delivery by the Note Trustee to the Relevant Issuer of a certificate as to material prejudice pursuant to Condition 12 (*Events of Default*) on the basis of an opinion formed by it in good faith.

#### 11.7 Deposit of Documents

The Note Trustee may appoint as custodian, on any terms, any bank or entity whose business includes the safe custody of documents or any lawyer or firm of lawyers believed by it to be of good repute and may deposit this Trust Deed and any other documents with such custodian and pay all sums due in respect thereof. The Note Trustee is not obliged to appoint a custodian of securities payable to bearer.

Any consent given by the Note Trustee for the purposes of this Trust Deed may be given on such terms and subject to such conditions (if any) as the Note Trustee may require.

#### 11.10 Agents

#### 11.35 Regulatory Position

Notwithstanding anything in the Trust Deed or any other Programme document to the contrary, the Note Trustee shall not do, or be authorised or required to do, anything which might constitute a regulated activity for the purpose of FSMA, unless it is authorised under FSMA to do so.

The Note Trustee shall have the discretion at any time:

- (a) to delegate any of the functions which fall to be performed by an authorised person under FSMA to any other agent or person which also has the necessary authorisations and licences; and
- (b) to apply for authorisation under FSMA and perform any or all such functions itself if, in its absolute discretion, it considers it necessary, desirable or appropriate to do so.

Subject to Sections 750 and 751 of the Companies Act 2006 (if applicable) and notwithstanding anything to the contrary the Programme documents, the Note Trustee shall not be liable to any person for any matter or thing done or omitted in any way in connection with or in relation to the Programme documents, save in connection with its own gross negligence, wilful default or fraud.

Any liability of the Note Trustee arising under the Programme documents shall be limited to the amount of actual loss suffered (such loss shall be determined as at the date of default of the Note Trustee or, if later, the date on which the loss arises as a result of such default) but without reference to any special conditions or circumstances known to the Note Trustee at the time of entering into the Programme documents, or at the time of accepting any relevant instructions, which increase the amount of the loss. In no event shall the Note Trustee be liable for any loss of profits, goodwill, reputation, business opportunity or anticipated saving, or for special, punitive or consequential damages, whether or not the Note Trustee has been advised of the possibility of such loss or damages. This clause shall not apply in the event that a court with jurisdiction determines that the Note Trustee has acted fraudulently or to the extent the limitation of such liability would be precluded by virtue of Sections 750 and 751 of the Companies Act 2006.

## **13. WAIVER**

The Note Trustee may, without the consent or sanction of the Noteholders or Couponholders and without prejudice to its rights in respect of any subsequent breach, condition, event or act from time to time and at any time, if in its opinion the interests of the Noteholders will not be materially prejudiced thereby, waive or authorise, on such terms and conditions as seem expedient to it, any breach or proposed breach by the Relevant Issuer of this Trust Deed or the Conditions or the Notes or Coupons or determine that an Event of Default shall not be treated as such for the purposes of this Trust Deed provided that the Note Trustee shall not do so in contravention of an express direction given by an Extraordinary Resolution or a request made pursuant to Condition 12 (*Events of Default*). No such direction or request shall affect a previous waiver, authorisation or determination. Any such waiver, authorisation or determination shall be binding on the Noteholders and the Couponholders and, if the Note Trustee so requires the Relevant Issuer shall cause such waiver, authorisation or determination to be notified to the Noteholders as soon as practicable in accordance with the Conditions.

## **14. FREEDOM TO ACT**

## 15. MODIFICATION AND SUBSTITUTION

### 15.1 Modification

The Note Trustee may agree without the consent of the Noteholders or Couponholders to any modification to this Trust Deed or the Conditions or the Notes or Coupons which is, in its opinion, of a formal, minor or technical nature or to correct a manifest error. The Note Trustee may also so agree to any modification to this Trust Deed or the Notes that is in its opinion not materially prejudicial to the interests of the Noteholders, but such power does not extend to any such modification as is mentioned in the proviso to paragraph 2 of Schedule 7 (*Provisions for Meetings of Noteholders*). Any such modification shall be binding on the Noteholders and the Couponholders and, unless the Note Trustee otherwise agrees, the Relevant Issuer shall cause such modification to be notified to the Noteholders as soon as practicable thereafter in accordance with the Conditions.

### 15.2 Substitution

- (i) a deed is executed or undertaking given by the Substituted Obligor to the Note Trustee, in form and manner satisfactory to the Note Trustee, agreeing to be bound by this Trust Deed, the Notes, the Coupons and the Talons (with consequential amendments as the Note Trustee may deem appropriate, including any necessary change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed) as if the Substituted Obligor had been named in this Trust Deed, the Notes, the Certificates, the Coupons and the Talons as the principal debtor in place of the Relevant Issuer or any previous substitute under this Subclause;
  - (ii) the Note Trustee is satisfied that (i) the Substituted Obligor has obtained all governmental and regulatory approvals and consents necessary for its assumption of liability as principal debtor in respect of the Notes and the Coupons in place of the Relevant Issuer (or such previous substitute as aforesaid) and (ii) such approvals and consents are at the time of substitution in full force and effect;
  - (iii) the Note Trustee may request legal opinions in a form and manner acceptable to it in relation to the Substituted Obligor;
  - (iv) without prejudice to the rights of reliance of the Note Trustee under Subclause 15.2(b) the Note Trustee is satisfied that the said substitution is not materially prejudicial to the interests of the Noteholders;
  - (v) Moody's and S&P have confirmed in writing to the Note Trustee that the substitution of the Substituted Obligor will not result in a downgrading of the then current credit rating of such rating agencies applicable to the class of debt represented by the Notes;
  - (vi) if the Substituted Obligor is subject generally to the taxing jurisdiction of a territory or any authority of or in that territory with power to tax (the "**Substituted Territory**") other than the territory to the taxing jurisdiction of which (or to any

such authority of or in which) the Relevant Issuer is subject generally (the “**Issuer’s Territory**”), the Substituted Obligor shall (unless the Note Trustee otherwise agrees) give to the Note Trustee an undertaking satisfactory to the Note Trustee in terms corresponding to Condition 10 (*Taxation*) with the substitution for the references in that Condition to the Relevant Issuer’s Territory of references to the Substituted Territory whereupon the Trust Deed, the Notes, the Certificates, the Coupons and the Talons shall be read accordingly;

- (vii) if any two directors of the Substituted Obligor certify that it will be solvent immediately prior to such substitution, the Note Trustee need not have regard to the Substituted Obligor’s financial condition, profits or prospects or compare them with those of the Relevant Issuer or any previous substitute under this Subclause;
- (viii) the Relevant Issuer, and the Substituted Obligor comply with such other requirements as the Note Trustee may direct in the interests of the Noteholders and the Couponholders; and
- (ix) (unless the Relevant Issuer’s successor in business is the Substituted Obligor) the obligations of the Substituted Obligor under this Trust Deed, the Notes and the Coupons are guaranteed by the Relevant Issuer to the Note Trustee’s satisfaction.

(b) **Release of Substituted Issuer**

An agreement by the Note Trustee pursuant to this Clause 15.2 shall, if so expressed, release the Relevant Issuer (or a previous substitute) from any or all of its obligations under this Trust Deed, the Notes, the Coupons and the Talons. Notice of the substitution shall be given to the Noteholders within 14 days of the execution of such documents and compliance with such requirements.

(c) **Completion of Substitution**

On completion of the formalities set out in this Clause 15.2, the Substituted Obligor shall be deemed to be named in this Trust Deed, the Notes, the Certificates, the Coupons and the Talons as the principal debtor in place of the Relevant Issuer (or of any previous substitute) and this Trust Deed, the Notes, the Certificates, the Coupons and the Talons shall be deemed to be amended as necessary to give effect to the substitution.

## 16. APPOINTMENT, RETIREMENT AND REMOVAL OF THE NOTE TRUSTEE

### 16.1 Appointment

Subject as provided in Clause 16.2 (*Retirement and Removal*), each Relevant Issuer has the power of appointing new trustees but no one may be so appointed in relation to a Series of Notes unless previously approved by an Extraordinary Resolution of the Noteholders of such Series of Notes. Any appointment of a new Note Trustee shall be notified by the Relevant Issuer to the Agents and to the Noteholders as soon as practicable.

### 16.2 Retirement and Removal

Trustee in relation to such Series provided that the retirement or removal of a sole trust corporation shall not be effective until a trust corporation is appointed as successor Note Trustee. If a sole trust corporation gives notice of retirement or an Extraordinary Resolution is passed for its removal, the Relevant Issuer shall use all reasonable endeavours to procure that another trust corporation be appointed as Note Trustee but if it fails to do so within 30 days of the expiry of such three month notice period, the Note Trustee shall have the power to appoint a new Note Trustee.

### 16.3 Co-Note Trustees

The Note Trustee may, despite Subclause 16.1 (*Appointment*), by written notice to the Relevant Issuer (with a copy to Moody's and S&P) appoint anyone to act as an additional Note Trustee jointly with the Note Trustee:

- (a) if the Note Trustee considers the appointment to be in the interests of the Noteholders and/or the Couponholders; or
- (b) to conform with a legal requirement, restriction or condition in a jurisdiction in which a particular act is to be performed; or
- (c) to obtain a judgment or to enforce a judgment or any provision of this Trust Deed in any jurisdiction.

Subject to the provisions of this Trust Deed the Note Trustee may confer on any person so appointed such functions as it thinks fit. The Note Trustee may by written notice to each Relevant Issuer and that person remove that person. At the Note Trustee's request, each Relevant Issuer shall forthwith do all things as may be required to perfect such appointment or removal and each Relevant Issuer irrevocably appoints the Note Trustee as its attorney in its name and on its behalf to do so.

### 16.4 Competence of a Majority of Note Trustees

If there are more than two Note Trustees the majority of them shall be competent to perform the Note Trustee's functions provided the majority includes a trust corporation.

### 16.5 Merger

Any corporation into which the Note Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Note Trustee shall be a party, or any corporation succeeding to all or substantially all the corporate trust business of the Note Trustee, shall be the successor of the Note Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Clause, without the execution or filing of any paper or any further act on the part of any of the parties thereto.

## 17. NOTES HELD IN CLEARING SYSTEMS AND COUPONHOLDERS

### 17.1 Notes Held in Clearing Systems

## 17.2 Couponholders

No notices need be given to Couponholders. They shall be deemed to have notice of the contents of any notice given to Noteholders. Even if it has express notice to the contrary, in exercising any of its functions by reference to the interests of the Noteholders, the Note Trustee shall assume that the holder of each Note is the holder of all Coupons and Talons relating to it.

## 18. CURRENCY INDEMNITY

### 18.1 Currency of Account and Payment

The Contractual Currency is the sole currency of account and payment for all sums payable by the Relevant Issuer under or in connection with this Trust Deed, the Notes and the Coupons, including damages.

### 18.2 Extent of Discharge

An amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Relevant Issuer or otherwise), by the Note Trustee or any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Relevant Issuer shall only discharge the Relevant Issuer to the extent of the Contractual Currency amount that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so).

### 18.3 Indemnity

If that Contractual Currency amount is less than the Contractual Currency amount expressed to be due to the recipient under this Trust Deed, the Notes or the Coupons, each Relevant Issuer (on a several (and not joint) basis only) shall indemnify it against any Liabilities sustained by it as a result. In any event, each Relevant Issuer (on a several (and not joint) basis only) shall indemnify the recipient against the cost of making any such purchase.

### 18.4 Indemnity Separate

The indemnities in this Clause 18 (*Currency Indemnity*) and in Subclause 10.5 (*Indemnity*) constitute separate and independent obligations from the other obligations in this Trust Deed, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by the Note Trustee and/or any Noteholder or Couponholder and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due under this Trust Deed, the Notes and/or the Coupons or any other judgment or order. Any such Liability as referred to in Subclause 18.3 (*Indemnity*) shall be deemed to constitute a Liability suffered by the Note Trustee, the Noteholders and the Couponholders and no proof or evidence of any actual Liability shall be required by the Relevant Issuer or its liquidator(s).

## 19. COMMUNICATIONS

### 19.1 Method

Each communication under this Trust Deed shall be made in English by fax, electronic communication or otherwise in writing. Each communication or document to be delivered to any party under this Trust Deed shall be sent to that party at the fax number, postal address or electronic address, and marked for the attention of the person (if any), from time to time designated

by that party to each other party for the purpose of this Trust Deed. The initial fax number, postal address, electronic address and person so designated by the parties under this Trust Deed are set out in the Procedures Memorandum.

#### 19.2 Deemed Receipt

Any communication from any party to any other under this Trust Deed shall be effective, (if by fax) when the relevant delivery receipt is received by the sender, (if in writing) when delivered and (if by electronic communication) when the relevant receipt of such communication being read is given, or where no read receipt is requested by the sender, at the time of sending, provided that no delivery failure notification is received by the sender within 24 hours of sending such communication; provided that any communication which is received (or deemed to take effect in accordance with the foregoing) outside business hours or on a non-business day in the place of receipt shall be deemed to take effect at the opening of business on the next following business day in such place. Any communication delivered to any party under this Trust Deed which is to be sent by fax or electronic communication will be written legal evidence.

#### 19.3 No Notice to Couponholders

Neither the Note Trustee nor the Relevant Issuer shall be required to give any notice to the Couponholders for any purpose under this Trust Deed and the Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders in accordance with Condition 18 (*Notices*).

### 20. SEVERAL OBLIGATIONS AND NO CROSS-DEFAULT

Notwithstanding any other provision of this Trust Deed (or any other document entered into in connection with the issue of the Notes), the obligations of each Issuer are several and if a misrepresentation, breach, default or event of default (or anything analogous thereto) (a “**Default**”) occurs as a result of any act or omission or state of affairs which, in each case, relates only to an Issuer, such Default shall be deemed not to have occurred in relation to the other Issuers (the “**Other Issuers**”) and, accordingly, no liability, right, action, remedy, demand, claim, acceleration of any liability or other enforcement or remedied action may be taken against the Other Issuers.

### 21. FURTHER PROVISIONS

#### 21.1 Partial Invalidity

If, at any time, any provision of this Trust Deed is or becomes illegal, invalid or unenforceable in any respect under any law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions nor the legality, validity or enforceability of such provision under the law of any other jurisdiction will in any way be affected or impaired.

#### 21.2 Counterparts

This Trust Deed may be executed manually or by facsimile in any number of counterparts. This has the same effect as if the signatures on the counterparts were on a single copy of this Trust Deed.

### 22. GOVERNING LAW AND JURISDICTION

#### 22.1 Governing Law

This Trust Deed, the Notes and any non-contractual obligations arising out of or in connection with them shall be governed by and construed in accordance with English law.

## 22.2 Jurisdiction

The courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with this Trust Deed, the Notes, the Coupons or the Talons and accordingly any legal action or proceedings arising out of or in connection with this Trust Deed, the Notes, the Coupons or the Talons (“**Proceedings**”) may be brought in such courts. The Issuers irrevocably submit to the jurisdiction of such courts and waive any objections to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This Clause is for the benefit of each of the Note Trustee, the Noteholders and the Couponholders and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

## 22.3 Service of process

Each Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to such Issuer at Avonbank, Feeder Road, Bristol BS2 0TB (for the attention of Ian Williams, Treasurer), or to such other person with an address in England or Wales and/or at such other address in England or Wales as such Issuer may specify by notice in writing to the Note Trustee and the Noteholders. Notes, together with such other sums and additional amounts (if any) as may be payable under the Conditions, in accordance with the Conditions.

## **Exchange**

On or after the first day following the expiry of 40 days after the Issue Date (the “**Exchange Date**”), this temporary Global Note may be exchanged (free of charge to the holder) in whole or (in the case of a D Rules Note only) from time to time in part by its presentation and, on exchange in full, surrender to or to the order of the Issuing and Paying Agent for interests in a permanent Global Note or, if so specified in the Second Schedule hereto, for Definitive Notes in an aggregate nominal amount equal to the nominal amount of this temporary Global Note submitted for exchange provided that, in the case of any part of a D Rules Note submitted for exchange for a permanent Global Note or Definitive Notes, there shall have been Certification with respect to such nominal amount submitted for such exchange dated no earlier than the Exchange Date.

“**Certification**” means the presentation to the Issuing and Paying Agent of a certificate or certificates with respect to one or more interests in this temporary Global Note, signed by Euroclear or Clearstream, Luxembourg, substantially to the effect set out in Schedule 4 (*Clearing System Certificate of Non-U.S. Citizenship and Residency*) to the Agency Agreement to the effect that it has received a certificate or certificates substantially to the effect set out in Schedule 3 (*Accountholder Certificate of Non-U.S. Citizenship and Residency*) to the Agency Agreement with respect thereto and that no contrary advice as to the contents thereof has been received by Euroclear or Clearstream, Luxembourg, as the case may be.

On any exchange of a part of this temporary Global Note for an equivalent interest in a permanent Global Note or for Definitive Notes, as the case may be, the portion of the nominal amount hereof so exchanged shall be endorsed by or on behalf of the Issuing and Paying Agent in the First Schedule hereto, whereupon the nominal amount hereof shall be reduced for all purposes by the amount so exchanged and endorsed.

Payments due in respect of a D Rules Note before the Exchange Date shall only be made in relation to such nominal amount of this temporary Global Note with respect to which there shall have been Certification dated no earlier than such due date for payment.

EURO MEDIUM TERM NOTE PROGRAMME

PERMANENT GLOBAL NOTE

Permanent Global Note No. [•]

This permanent Global Note is issued in respect of the Notes (the “Notes”) of the Tranche(s) and Series specified in Part A of the Schedule hereto of [ISSUER] (the “Issuer”).

**Interpretation and Definitions**

References in this permanent Global Note to the “Conditions” are to the Terms and Conditions applicable to the Notes (which are in the form set out in Schedule 4 (*Terms and Conditions of the Notes*) to the amended and restated Trust Deed (the “Trust Deed”) dated 12 August 2019 between the Issuer and HSBC Corporate Trustee Company (UK) Limited as trustee, as such form is supplemented and/or modified and/or superseded by the provisions of this permanent Global Note (including the supplemental definitions and any modifications or additions set out in Part A of the Schedule hereto), which in the event of any conflict shall prevail). Other capitalised terms used in this permanent Global Note shall have the meanings given to them in the Conditions or the Trust Deed.

**Aggregate Nominal Amount**

The aggregate nominal amount from time to time of this permanent Global Note shall be an amount equal to the aggregate nominal amount of the Notes from time to time entered in the records of both Euroclear and Clearstream, Luxembourg (together, the “relevant Clearing Systems”), which shall be completed and/or amended as the case may be upon (i) the exchange of the whole or a part of the interests recorded in the records of the relevant Clearing Systems in the temporary Global Note initially representing the Notes for a corresponding interest herein (in the case of Notes represented by a temporary Global Note upon issue), (ii) the issue of the Notes represented hereby (in the case of Notes represented by this permanent Global Note upon issue), (iii) the exchange of the whole or, where the limited circumstances so permit, a part of this permanent Global Note for Definitive Notes and/or (iv) the redemption or purchase and cancellation of Notes represented hereby, all as described below.

The records of the relevant Clearing Systems (which expression in this permanent Global Note means the records that each relevant Clearing System holds for its customers which reflect the amount of such customers’ interests in the Notes, but excluding any interest in any Notes of one Clearing System sharing the records of another Clearing System) shall be conclusive evidence of the nominal amount of the Notes represented by this permanent Global Note and, for these purposes, a statement issued by a relevant Clearing System (which statement shall be made available to the bearer upon request) stating the nominal amount of Notes represented by this permanent Global

Note at any time shall be conclusive evidence of the records of the relevant Clearing System at that time.

## **Promise to Pay**

Subject as provided herein, the Issuer, for value received, hereby promises to pay to the bearer of this permanent Global Note, upon presentation and (when no further payment is due in respect of this permanent Global Note) surrender of this permanent Global Note on the Maturity Date (or on such earlier date as the amount payable upon redemption under the Conditions may become repayable in accordance with the Conditions) the amount payable upon redemption under the Conditions in respect of the aggregate nominal amount of Notes represented by this permanent Global Note and (unless this permanent Global Note does not bear interest) to pay interest in respect of the Notes from the Interest Commencement Date in arrear at the rates, on the dates for payment, and in accordance with the method of calculation provided for in the Conditions, save that the calculation is made in respect of the total aggregate amount of the Notes, together with such other sums and additional amounts (if any) as may be payable under the Conditions, in accordance with the Conditions.

## **Exchange**

This permanent Global Note is exchangeable (free of charge to the holder) on or after the Exchange Date in whole but not, except as provided in the next paragraph, in part for the Definitive Notes if this permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other permitted clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so.

“**Exchange Date**” means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and, except in the case of exchange above, in the cities in which Euroclear and Clearstream, Luxembourg or, if relevant, the Alternative Clearing System, are located.

Any such exchange may be effected on or after an Exchange Date by the holder of this permanent Global Note surrendering this permanent Global Note to or to the order of the Issuing and Paying Agent. In exchange for this permanent Global Note, the Issuer shall deliver, or procure the delivery of, duly executed and authenticated Definitive Notes in an aggregate nominal amount equal to the nominal amount of this permanent Global Note submitted for exchange (if appropriate, having attached to them all Coupons (and, where appropriate, Talons) in respect of interest, that have not already been paid on this permanent Global Note), security printed and substantially in the form set out in the Schedules to the Trust Deed as supplemented and/or modified and/or superseded by the terms of Part A of the Schedule hereto.

## **Benefit of Conditions**

Except as otherwise specified herein, this permanent Global Note, the Issuer shall procure that is subject to the Conditions and the Trust Deed and, until the whole of this permanent Global Note is exchanged for Definitive Notes or cancelled, the holder of this permanent Global Note shall in all respects be entitled to the same benefits as if it were the holder of the Definitive Notes for which it may be exchanged and as if such Definitive Notes had been issued on the issue Date.

## **Payments**

No person shall be entitled to receive any payment in respect of the Notes represented by this permanent Global Note that falls due after an Exchange Date for such Notes, unless upon due presentation of this permanent Global Note for exchange, delivery of Definitive Notes is improperly withheld or refused by or on behalf of the Issuer or the Issuer does not perform or comply with any one or more of what are expressed to be its obligations under any Definitive Notes.

Payments in respect of this permanent Global Note shall be made to its holder against presentation and (if no further payment falls to be made on it) surrender of it at the specified office of the Issuing and Paying Agent or of any other Paying Agent provided for in the Conditions and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant Clearing Systems referred to herein shall not affect such discharge. The Issuer shall procure that details of each such payment shall be entered pro rata in the records of the relevant Clearing Systems and in the case of any payment of principal and upon any such entry being made, the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced by the aggregate nominal amount of the Notes so redeemed.

For the purposes of any payments made in respect of this permanent Global Note, the words "in the relevant place of presentation" shall not apply in the definition of **business day** in Condition 9(h) (*Non-Business Days*).

### **Prescription**

Claims in respect of principal and interest (as each is defined in the Conditions) in respect of this permanent Global Note shall become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date.

### **Meetings**

For the purposes of any meeting of Noteholders, the holder of this permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

### **Cancellation**

On cancellation of any Note represented by this permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption), the Issuer shall procure that details of such cancellation shall be entered pro rata in the records of the relevant Clearing Systems and, upon any such entry being made, the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced by the aggregate nominal amount of the Notes so cancelled.

### **Purchase**

Notes may only be purchased by the Issuer if they are purchased together with the right to receive all future payments of interest thereon.

### **Issuer's Options**

Any option of the Issuer provided for in the Conditions shall be exercised by the Issuer giving notice to the Issuing and Paying Agent, the Noteholders and the relevant Clearing Systems (or procuring that such notice is given on its behalf) within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the case of a partial exercise of an option, the rights of account holders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg and shall be reflected in the records of Euroclear and/or Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion. Following the exercise of any such option, the Issuer shall procure that the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced accordingly.

### **Noteholders' Options**

Any option of the Noteholders provided for in the Conditions may be exercised by the holder of this permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the certificate numbers of the Notes in respect of which the option has been exercised. Following the exercise of any such option, the Issuer shall procure that the nominal amount of the Notes recorded in the records of the relevant Clearing Systems and represented by this permanent Global Note shall be reduced by the aggregate nominal amount stated in the relevant exercise notice.

## **Notices**

Notwithstanding Condition 18 (*Notices*), notices required to be given in respect of the Notes represented by this permanent Global Note may be given by their being delivered (so long as this permanent Global Note is held on behalf of Euroclear and/or Clearstream, Luxembourg and/or an Alternative Clearing System) to Euroclear, Clearstream, Luxembourg and/or such Alternative Clearing System, as the case may be, or otherwise to the holder of this permanent Global Note, rather than by publication as required by the Conditions.

## **Negotiability**

This permanent Global Note is a bearer document and negotiable and accordingly:

- (a) is freely transferable by delivery and such transfer shall operate to confer upon the transferee all rights and benefits appertaining hereto and to bind the transferee with all obligations appertaining hereto pursuant to the Conditions;
- (b) the holder of this permanent Global Note is and shall be absolutely entitled as against all previous holders to receive all amounts by way of amounts payable upon redemption, interest or otherwise payable in respect of this permanent Global Note and the Issuer has waived against such holder and any previous holder of this permanent Global Note all rights of set-off or counterclaim that would or might otherwise be available to it in respect of the obligations evidenced by this Global Note and;
- (c) payment upon due presentation of this permanent Global Note as provided herein shall operate as a good discharge against such holder and all previous holders of this permanent Global Note.

No provisions of this permanent Global Note shall alter or impair the obligation of the Issuer to pay the principal and premium of and interest on the Notes when due in accordance with the Conditions.

This permanent Global Note shall not be valid or become obligatory for any purpose until authenticated by or on behalf of the Issuing and Paying Agent and effectuated by the entity appointed as Common Safekeeper by the relevant Clearing Systems.

This permanent Global Note and any non-contractual obligations arising out of or in connection with it shall be governed by English law.

**GLOBAL CERTIFICATE**

**Global Certificate No. [•]**

This Global Certificate is issued in respect of the nominal amount specified above of the Notes (the “**Notes**”) of the Tranche and Series specified in Part A of the Schedule hereto of [ISSUER] (the “**Issuer**”). This Global Certificate certifies that the person whose name is entered in the Register (the “**Registered Holder**”) is registered as the holder of an issue of Notes of the nominal amount, specified currency and specified denomination set out in Part A of the Schedule hereto.

**Interpretation and Definitions**

References in this Global Certificate to the “**Conditions**” are to the Terms and Conditions applicable to the Notes (which are in the form set out in Schedule 4 (*Terms and Conditions of the Notes*) to the amended and restated Trust Deed (the “**Trust Deed**”) dated 12 August 2019 between the Issuer and HSBC Corporate Trustee Company (UK) Limited as trustee, as such form is supplemented and/or modified and/or superseded by the provisions of this Global Certificate (including the supplemental definitions and any modifications or additions set out in Part A of the Schedule hereto), which in the event of any conflict shall prevail). Other capitalised terms used in this Global Certificate shall have the meanings given to them in the Conditions or the Trust Deed.

**Promise to Pay**

The Issuer, for value received, promises to pay to the holder of the Notes represented by this Global Certificate upon presentation and (when no further payment is due in respect of the Notes represented by this Global Certificate) surrender of this Global Certificate on the Maturity Date (or on such earlier date as the amount payable upon redemption under the Conditions may become repayable in accordance with the Conditions) the amount payable upon redemption under the Conditions in respect of the Notes represented by this Global Certificate and (unless the Notes represented by this Certificate do not bear interest) to pay interest in respect of such Notes from the Interest Commencement Date in arrear at the

Each payment will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

For the purposes of this Global Certificate, (a) the holder of the Notes represented by this Global Certificate is bound by the provisions of the Agency Agreement, (b) the Issuer certifies that the Registered Holder is, at the date hereof, entered in the Register as the holder of the Notes represented by this Global Certificate, (c) this Global Certificate is evidence of entitlement only, (d) title to the Notes represented by this Global Certificate passes only on due registration on the Register, and (e) only the holder of the Notes represented by this Global Certificate is entitled to payments in respect of the Notes represented by this Global Certificate.

### **Transfer of Notes represented by permanent Global Certificates**

If the Schedule hereto states that the Notes are to be represented by a permanent Global Certificate on issue, transfers of the holding of Notes represented by this Global Certificate pursuant to Condition 2(b) (*Transfer of Registered Notes*) may only be made in part:

- (a) if the Notes represented by this Global Certificate are held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or
- (b) with the consent of the Issuer

provided that, in the case of the first transfer of part of a holding pursuant to (a) above, the holder of the Notes represented by this Global Certificate has given the Registrar not less than 30 days’ notice at its specified office of such holder’s intention to effect such transfer. Where the holding of Notes represented by this Global Certificate is only transferable in its entirety, the Certificate issued to the transferee upon transfer of such holding shall be a Global Certificate. Where transfers are permitted in part, Certificates issued to transferees shall not be Global Certificates unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear and/or an Alternative Clearing System.

### **Issuer’s Options**

In connection with an exercise of the option contained in Condition 6(e) (*Redemption at the Option of the Relevant Issuer*) in relation to some only of the Notes, the Notes represented by this Global Certificate may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions.

Following the exercise of any such option, the Issuer shall procure that the nominal amount of the Notes recorded in the records of the relevant clearing systems

and represented by the permanent Global Certificate shall be reduced by the aggregate nominal amount stated in the relevant exercise notice.

### **Notices**

An amended and restated agency agreement dated on 10 September 2013 (as amended or supplemented from time to time, the **Agency Agreement**) has been entered into in relation to the Notes between the Issuers, the Note Trustee, HSBC Bank plc as issuing and paying agent and the other agents named in it. **Notes** means the euro medium term notes issued by the Issuers constituted by the Trust Deed and for the time being outstanding. References herein to the Notes shall be references to the relevant Series of Notes only.

The Noteholders, the holders of the interest coupons (the **Coupons**) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the **Talons**) (the **Couponholders**) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

As used in these Conditions, **Tranche** means Notes which are identical in all respects and **Series** means a series of Notes comprising of one or more Tranches of Notes which are identical save for the issue date, issue price and/or the first payment of interest.

Any reference in these Conditions to Final Terms shall be deemed to include a reference to Pricing Supplement, where relevant.

The Notes are issued in bearer form (**Bearer Notes**) or in registered form (**Registered Notes**) in each case in the Specified Denomination(s) shown in the Final Terms provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a Prospectus under the Prospectus Regulation, the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

Unless the Note is an Exempt Note, the Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note or a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown in the Final Terms.

If the Note is an Exempt Note, the Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note or a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown in the Pricing Supplement.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (**Certificates**) and, save as provided in Condition 2(c) (*Exercise of Options or Partial Redemption in Respect of Registered Notes*), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuers shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the **Register**). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, **Noteholder** means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), **holder** (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them in the Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear, Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such

Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Note Trustee and the Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Note Trustee and any Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions Noteholder and holder of Notes and related expressions shall be construed accordingly.

## 2. No Exchange of Notes and Transfers of Registered Notes

- (a) **No Exchange of Notes:** Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes may not be exchanged for Registered Notes.
- (b) **Transfer of Registered Notes:** One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Relevant Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuers, with the prior written approval of the Registrar and the Note Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.
- (c) **Exercise of Options or Partial Redemption in Respect of Registered Notes:** In the case of an exercise of a Relevant Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.
- (d) **Delivery of New Certificates:** Each new Certificate to be issued pursuant to Conditions 2(b) (*Transfer of Registered Notes*) or (c) (*Exercise of Options or Partial Redemption in Respect of Registered Notes*) shall be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 6(h) (*Redemption at the Option of Noteholders*)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such

form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d) (*Delivery of New Certificates*), **business day** means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

- (e) **Transfers Free of Charge:** Transfers of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Relevant Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).
- (f) **Closed Periods:** No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of that Note, (ii) during the period of 15 days prior to any date on which Notes may be called for redemption by the Relevant Issuer at its option pursuant to Conditions 6(e) (*Redemption at the Option of the Relevant Issuer*), (f) (*Pre-Maturity Call Option by the Issuer*) or (g) (*Clean-up Call Option by the Issuer*), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

### 3. Status

The Notes and the Coupons relating to them constitute (subject to Condition 4 (*Negative Pledge and Restriction on Distribution of Dividends*)) direct, general, unconditional and unsecured obligations of the Issuers and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuers under the Notes and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4 (*Negative Pledge and Restriction on Distribution of Dividends*), at all times rank at least equally with all other unsecured and unsubordinated indebtedness of the Issuers present and future.

### 4. Negative Pledge and Restriction on Distribution of Dividends

- (a) **Negative Pledge:** So long as any Note or Coupon remains outstanding (as defined in the Trust Deed), the Relevant Issuer will ensure that no Relevant Indebtedness (as defined below) of the Relevant Issuer and no guarantee by the Relevant Issuer of any Relevant Indebtedness of any person will be secured by a mortgage, charge, lien, pledge or other security interest (each a **Security Interest**) upon, or with respect to, any of the present or future business, undertaking, assets or revenues (including any uncalled capital) of the Relevant Issuer unless the Relevant Issuer, before or at the same time as the creation of the Security Interest, takes any and all action necessary to ensure that:
  - (i) all amounts payable by the Relevant Issuer under the Notes, the Coupons and the Trust Deed are secured equally and rateably with the Relevant Indebtedness or guarantee, as the case may be, by the same Security Interest, in each case to the satisfaction of the Note Trustee; or

(ii) such other Security Interest or guarantee or other arrangement (whether or not including the giving of a Security Interest) is provided in respect of all amounts payable by the Relevant Issuer under the Notes, the Coupons and the Trust Deed either (A) as the Note Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the Noteholders or (B) as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

(b) **Restriction on distribution of dividends:** So long as any Note or Coupon remains outstanding (as defined in the Trust Deed), the Relevant Issuer shall not at any time declare or make a distribution (as defined in Section 1000 of the Corporation Tax Act 2010) or grant a loan or any other credit facility to any of its shareholders unless (1) immediately following the occurrence of any such event, the Net Debt (as defined below) at such time would not exceed 85 per cent. of the Regulatory Asset Base relating to the year in which the relevant distribution or grant was first declared or made; and (2) written certification thereof, signed by two directors of the Relevant Issuer, has been provided to the Note Trustee on or prior to such distribution or grant. Such certification may be relied upon by the Note Trustee without further enquiry or evidence and, if relied upon by the Note Trustee, shall be conclusive and binding on all parties whether or not addressed to each such party.

(c) Definitions: In this Condition:

**borrowed money** means (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit or (iii) any notes, bonds, debentures, debenture stock, loan stock or other securities offered, issued or distributed whether by way of public offer, private placing, acquisition consideration or otherwise and whether issued for cash or in whole or in part for a consideration other than cash.

**Net Debt** at any time, means the aggregate amount of all indebtedness for borrowed money of the Relevant Issuer at such time less the aggregate of:

- (i) amounts credited to current accounts or deposits and certificates of deposit (with a term not exceeding three months) at, or issued by, any bank, building society or other financial institution;
- (ii) cash in hand;
- (iii) the lower of book and market value (calculated, where relevant, by reference to their bid price) of gilts issued by the United Kingdom Government; and
- (iv) subordinated intra-group items, loans from Affiliates (as defined in Condition 7 below) and shareholder loans,

in each case beneficially owned by the Relevant Issuer and in each case so that no amount shall be included or excluded more than once.

**Regulatory Asset Base** means in respect of any year, the regulatory asset base of the Relevant Issuer most recently published and as last determined and notified to the Relevant Issuer in respect of such year by the Great Britain Office of the Gas and Electricity Markets (**Ofgem**) or any successor of Ofgem (interpolated as necessary and adjusted for additions to the regulatory asset base of the Relevant Issuer and adjusted as appropriate for out-term inflation/regulatory depreciation in respect of the Relevant Issuer).

**Relevant Indebtedness** means:

- (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) in the form of or represented by bonds, notes, debentures, debenture stock, loan stock or other securities, whether issued for cash or in whole or in part for a consideration other than cash, and which are or are capable of being quoted, listed or ordinarily dealt in on any stock exchange or recognised over-the-counter or other securities market;
- (ii) monies borrowed or raised from, or any acceptance credit opened by, a bank, building society or other financial institution; and
- (iii) any leasing or hire purchase agreement which would be treated as a finance lease in the accounts of the relevant person.

Any reference to an obligation being “guaranteed” shall include a reference to an indemnity being given in respect of that obligation.

## 5. Interest and other Calculations

- (a) **Interest on Fixed Rate Notes:** Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f) (Calculations).
- (b) **Interest on Floating Rate Notes:**
  - (i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f) (*Calculations*). Such Interest Payment Date(s) is/are either shown in the Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
  - (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the relevant Final Terms
- (y) the Designated Maturity is a period specified in the relevant Final Terms and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity, Reset Date** and **Swap Transaction** have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

(x) Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the Final Terms as being other than LIBOR or EURIBOR,

the Rate of Interest in respect of such Notes will be determined as provided in the Final Terms.

- (y) if the Relevant Screen Page is not available, or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Note Trustee and the Relevant Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual

Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (C) **Benchmark Replacement:** In addition, notwithstanding the provisions above in this Condition 5(b)(iii) (*Rate of Interest for Floating Rate Notes*), if the Issuer determines that the relevant Reference Rate specified in the relevant Final Terms has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered when any Rate of Interest (or the relevant component part thereof) remains to be determined by such Reference Rate (a **Benchmark Event**), then the following provisions shall apply:
- (x) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in good faith and in a commercially reasonable manner), no later than 5 Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Accrual Period (the **IA Determination Cut-off Date**), a Successor Rate (as defined below) or, alternatively, if there is no Successor Rate, an Alternative Reference Rate (as defined below) for purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Floating Rate Notes. In making such determination, an Independent Adviser appointed pursuant to this Condition shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Guarantor, the Fiscal Agent, the Paying Agents, the Noteholders or the Couponholders for any determination made by it pursuant to this Condition;
  - (y) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Reference Rate prior to the IA Determination Cut-off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if there is no Successor Rate, an Alternative Reference Rate;
  - (z) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with the preceding provisions, such Successor Rate or, failing which, an Alternative Reference Rate (as applicable) shall be the Reference Rate for each of the future Interest Accrual Periods (subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(b)(iii)(C) (*Benchmark Replacement*)); provided, however, that if sub-paragraph (y) applies and the Issuer is unable to or does not determine a Successor Rate or an Alternative Reference Rate prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Accrual Period shall be equal to the Rate of Interest last determined in relation to the Floating Rate Notes in respect of the preceding Interest Accrual Period (or alternatively, if there has not been a first Interest Payment Date, the rate of interest shall be the Initial

Interest Rate) (subject, where applicable, to substituting the Margin that applied to such preceding Interest Accrual Period for the Margin that is to be applied to the relevant Interest Accrual Period. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period); for the avoidance of doubt, the proviso in this sub-paragraph (z) shall apply to the relevant Interest Accrual Period only and any subsequent Interest Accrual Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(b)(iii)(C) (*Benchmark Replacement*));

- (aa) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) in accordance with the above provisions, the Independent Adviser or the Issuer (as applicable), may also specify changes to these Conditions, including but not limited to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Interest Determination Date, Reset Determination Date, Reset Determination Time and/or the definition of Reference Rate applicable to the Floating Rate Notes, and the method for determining the fallback rate in relation to the Floating Rate Notes, in order to follow market practice in relation to the Successor Rate or the Alternative Reference Rate (as applicable). If the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Reference Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread. For the avoidance of doubt, the Note Trustee and the Issuing and Paying Agent shall, at the expense of the Issuer, concur with the Issuer in effecting such consequential amendments to the Trust Deed, the Agency Agreement and these Conditions as may be required in order to give effect to this Condition 5(b)(iii)(C) (*Benchmark Replacement*) (the **Benchmark Amendments**). Noteholder consent shall not be required in connection with effecting the Successor Rate or Alternative Reference Rate (as applicable) or the Benchmark Amendments, including for the execution of any documents or other steps by the Note Trustee or the Issuing and Paying Agent in connection therewith (if required) regardless of whether or not the effecting of the Successor Rate or Alternative Reference Rate (as applicable) or the Benchmark Amendments constitutes one or more of the items specified in Condition 13(a) (*Meetings of Noteholders*).
- (bb) Notwithstanding any other provision of this Condition 5(b)(iii)(C) (*Benchmark Replacement*), neither the Note Trustee nor the Issuing and Payment Agent shall be obliged to agree to any amendments (including

any Benchmark Amendments) pursuant to this Condition 5(b)(iii)(C) (*Benchmark Replacement*) which, in the sole opinion of the Note Trustee or the Issuing and Paying Agent (as applicable) would have the effect of (i) exposing the Note Trustee or the Issuing and Payment Agent (as applicable) to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee or the Issuing and Paying Agent (as applicable) in the Trust Deed, the Agency Agreement and/or these Conditions; and

- (cc) the Issuer shall promptly, following the determination of any Successor Rate or Alternative Reference Rate (as applicable), give notice thereof to the Note Trustee, the Issuing and Paying Agent and the Noteholders, which shall specify the effective date(s) for such Successor Rate or Alternative Reference Rate (as applicable) and any consequential changes made to these Conditions.
- (dd) No later than notifying the Note Trustee and the Issuing and Paying Agent of the same, the Issuer shall deliver to each of the Note Trustee and the Issuing and Paying Agent a certificate (on which each of the Note Trustee and the Issuing and Paying Agent shall be entitled to rely without further enquiry or liability) signed by two authorised signatories of the Issuer.
  - I. confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as applicable, the Alternative Reference Rate and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 5(b)(iii)(C) (*Benchmark Replacement*);
  - II. certifying that the Benchmark Amendments (i) are necessary to ensure that proper operation of such Successor Rate or Alternative Reference Rate and/or Adjustment Spread and (ii) in each case, have been drafted solely to such effect; and
  - III. certifying that (i) the Issuer has duly consulted with an Independent Adviser with respect to each of the matters above or, if that is not the case (ii) explaining, in reasonable detail, why the Issuer has not done so.

For the purposes of this Condition 5(b)(iii)(C) (*Benchmark Replacement*):

**Adjustment Spread** means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer acting reasonably (as applicable), determines is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to holders of Floating Rate Notes as a result of the replacement of the Reference Rate with the Successor Rate or the Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (ii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as applicable); or
- (iii) if no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer) or the Issuer in its discretion (as applicable), determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

**Alternative Reference Rate** means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of bonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Accrual Period, or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate.

**Independent Adviser** means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at its own expense and the identity of which is approved by the Note Trustee.

**Relevant Nominating Body** means, in respect of a Reference Rate:

- (i) the central bank for the currency to which the Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate; or
- (ii) any working group or committee sponsored by, chaired or co- chaired by or constituted at the request of (A) the central bank for the currency to which the Reference Rate relates, (B) any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate, (C) a group of the aforementioned central banks or other supervisory authorities.

**Successor Rate** means the rate that the Independent Adviser or the Issuer (as applicable), each acting in good faith and in a commercially reasonable manner, determines is a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

- (c) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be zero coupon is repayable prior to the Maturity Date and is not paid when due, the amount

due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i) (*Early Redemption*)).

- (d) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 (*Interest and other Calculations*) to the Relevant Date (as defined in Condition 10 (*Taxation*)).
- (e) **Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding:**
- (i) If any Margin is specified in the Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) (*Interest on Floating Rate Notes*) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
  - (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
  - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes **unit** means the lowest amount of such currency that is available as legal tender in the countries of such currency.
- (f) **Calculations:** The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified in the Final Terms, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.
- (g) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts:** The Calculation Agent shall, as soon as practicable on each Interest

Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each denomination of the Notes for the relevant Interest Accrual Period, Interest Period or Interest Payment Date calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation and/or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period, Interest Period or Interest Payment Date and, if required, the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount to be notified to the Note Trustee, the Relevant Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii) (*Interest on Floating Rate Notes*), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Note Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 12 (*Events of Default*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Note Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (h) **Linear Interpolation:** Where “Linear Interpolation” is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period *provided however* that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.
- (i) **Determination or Calculation by Note Trustee:** If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Accrual Period or any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, or take any action that it is required to do pursuant to these Conditions, the Calculation Agent shall forthwith notify the Relevant Issuer, the Note Trustee and the Issuing and Paying Agent and the Note Trustee (whether or not it receives such notice) shall do so (or shall appoint an agent on its behalf to do so) and

such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Note Trustee shall apply the foregoing provisions of this Condition, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances.

## 6. **Redemption, Purchase and Options**

### (a) **Final Redemption:**

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the Final Terms at its Final Redemption Amount (which, unless otherwise provided in the Final Terms, is its nominal amount).

### (b) **Early Redemption:**

#### (i) *Zero Coupon Notes:*

(A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) (*Redemption for Taxation Reasons*) or upon it becoming due and payable as provided in Condition 12 (*Events of Default*) shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the Final Terms.

(B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a

percentage) equal to the Amortisation Yield (which, if none is shown in the Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) (*Redemption for Taxation Reasons*) or upon it becoming due and payable as provided in Condition 12 (*Events of Default*) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this subparagraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c) (Zero Coupon Notes).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the Final Terms.

- (ii) *Other Notes*: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) (*Redemption for Taxation Reasons*) or upon it becoming due and payable as provided in Condition 12 (Events of Default), shall be the Final Redemption Amount unless otherwise specified in the Final Terms.
- (c) **Redemption for Taxation Reasons**: The Notes may be redeemed at the option of the Relevant Issuer in whole, but not in part, on any Interest Payment Date (if this Note is either a Floating Rate Note or an Indexed Note) or at any time (if this Note is neither a Floating Rate Note nor an Indexed Note), on giving not less than 30 nor more than 60 days' notice to the Note Trustee and the Noteholders in accordance with Condition 18 (*Notices*) (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 6(b) (*Early Redemption*) above) (together with interest accrued to the date fixed for redemption), if (i) the Relevant Issuer satisfies the Note Trustee immediately before the giving of such notice that it has or will become obliged to pay additional amounts as described under Condition 10 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes, and (ii) such obligation cannot be avoided by the Relevant Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Relevant Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this Condition 6(c) (*Redemption for Taxation Reasons*), the Relevant Issuer shall deliver to the Note Trustee a certificate signed by two directors of the Relevant Issuer stating that the obligation referred to in (i) above cannot be avoided by the Relevant Issuer taking reasonable measures available to it and the Note Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the condition

precedent set out in (ii) above, in which event it shall be conclusive and binding on Noteholders and Couponholders.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

- (d) **Redemption for Indexation Reasons:** Upon the occurrence of any Index Event (as defined below), the Relevant Issuer may, upon giving not less than 30 nor more than 60 days' notice to the Note Trustee and the holders of the Indexed Notes in accordance with Condition 18 (*Notices*), redeem all (but not some only) of the Indexed Notes of all Tranches on any Interest Payment Date at the Principal Amount Outstanding (adjusted in accordance with Condition 7(a) (*Application of the Index Ratio*)) plus accrued but unpaid interest. No single Tranche of Indexed Notes may be redeemed in these circumstances unless all the other Tranches of Indexed Notes linked to the same underlying Index are also redeemed at the same time. Before giving any such notice, the Relevant Issuer shall provide to the Note Trustee a certificate signed by two directors of the Relevant Issuer (a) stating that the Relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Relevant Issuer so to redeem have occurred and (b) confirming that the Relevant Issuer will have sufficient funds on such Interest Payment Date to effect such redemption. The Note Trustee shall be entitled to rely on such certificate without liability to any person.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

**Index Event** means (i) if the Index Figure for three consecutive months falls to be determined on the basis of an Index Figure previously published as provided in Condition 7(b)(ii) (*Delay in publication of Index*) and the Note Trustee has been notified by the Issuing and Paying Agent or Agent Bank that publication of the Index has ceased or (ii) notice is published by Her Majesty's Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Reference Gilt, and (in either case) no amendment or substitution of the Index has been advised by the Indexation Adviser to the Relevant Issuer and such circumstances are continuing.

- (a) the principal amount of that Note upon issue, minus;
  - (b) the aggregate amount of principal repayments or prepayments made in respect of that Note since the Issue Date.

Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued up to (and including) the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the Final Terms.

If Make-Whole Redemption is specified in the Final Terms, the Relevant Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders

(or such other notice period as may be specified in the Final Terms), redeem all or, if so provided, some of the Notes at any time or from time to time (i) where no particular period during which Make-Whole Redemption is applicable is specified, prior to their Maturity Date, or (ii) where Make-Whole Redemption is specified as only being applicable for a certain period, during such period, in each case on the date for redemption specified in such notice (the **Make-Whole Redemption Date**) at the Make-Whole Redemption Amount.

In the case of Notes other than Index Linked Interest Notes or Index Linked Redemption Notes where CPI is specified as the Index in the relevant Final Terms, the Make-Whole Redemption Amount will be calculated by the Financial Adviser and will be the greater of:

- (i) 100 per cent. of the principal amount of the Notes so redeemed (where applicable, adjusted for indexation in accordance with Condition 7 (Indexation)); and
- (ii) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the Make-Whole Redemption Rate plus the Make-Whole Redemption Margin, if any, specified in the applicable Final Terms, plus, in each case, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

In the case of Index Linked Interest Notes or Index Linked Redemption Notes where CPI is specified as the Index in the relevant Final Terms:

- (i) unless the Financial Adviser advises the Relevant Issuer that an appropriate CPI Gilt is outstanding which would be utilised, at the time of selection and in accordance with customary financial practice at such time, in pricing new issues of corporate debt securities with a similar remaining weighted average life to the Notes, the Make-Whole Redemption Amount will be calculated by the Financial Adviser and will be the greater of:
  - a. 100 per cent. of the principal amount of the Notes so redeemed (adjusted for indexation in accordance with Condition 7); and
  - b. the RPI Adjusted Redemption Amount; or
- (ii) if the Financial Adviser advises the Relevant Issuer that an appropriate CPI Gilt is outstanding (the **Redemption Reference CPI Gilt**) which would be utilised, at the time of selection and in accordance with customary financial practice at such time, in pricing new issues of corporate debt securities with a similar remaining weighted average life to the Notes, the Make-Whole Redemption Amount will be calculated by the Financial Adviser and will be the greater of:
  - a. 100 per cent. of the principal amount of the Notes so redeemed (adjusted for indexation in accordance with Condition 7 (Indexation)) and
  - b. the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the CPI

Make-Whole Redemption Rate plus the Make-Whole Redemption Margin, if any, specified in the applicable Final Terms, plus, in each case, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place as the Note Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

In the case of a partial redemption of a Tranche of Notes represented by a New Global Note (as defined in the Trust Deed) pursuant to this Condition, the Notes to be redeemed (the **Redeemed Notes**) will be selected in accordance with the rules and procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), not more than 30 days prior to the date fixed for redemption.

Subject to the relevant Noteholder having complied with Condition 6(h) (*Redemption at the Option of Noteholders*), the Relevant Issuer shall redeem or, at the option of that Relevant Issuer, purchase (or procure the purchase of) the relevant Note on the fifteenth day after the date of expiry of the Put Period (the **Put Date**) unless previously redeemed or purchased.

The Relevant Issuer undertakes to contact the relevant Rating Agency immediately following that reduction, or where applicable the refusal to assign a rating of at least investment grade, to confirm whether that reduction, or refusal to assign a rating of at least investment grade was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of the applicable Restructuring Event. Unless otherwise specified hereon, the Final Redemption Amount, the Early Redemption Amount and the Optional Redemption Amount in respect of the Index Linked Interest Notes and/or Index Linked Redemption Notes shall be the nominal amount of the Index Linked Interest Notes and/or Index Linked Redemption Notes multiplied by the Index Ratio applicable to the date on which the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount (as the case may be) becomes payable, provided that:

- (i) if a Minimum Final Redemption Amount, Minimum Early Redemption Amount and/or Minimum Optional Redemption Amount is specified in the applicable Final Terms and such amount is greater than the amount of principal in respect of the Notes determined in accordance with this Condition 7(a) (expressed on a per Calculation Amount basis), the Final Redemption Amount, Early Redemption Amount and/or Optional Redemption Amount (as applicable) shall be, respectively, the Minimum Final Redemption Amount, Minimum Early Redemption Amount and/or Minimum Optional Redemption Amount (as applicable) so specified in the applicable Final Terms; and/or
- (ii) if a Maximum Final Redemption Amount, Maximum Early Redemption Amount and/or Maximum Optional Redemption Amount is specified in the applicable Final Terms and such amount is less than the amount of principal in respect of the Notes determined in accordance with this Condition 7(a) (expressed on a per Calculation Amount basis), the Final Redemption Amount, Early Redemption Amount and/or Optional Redemption Amount (as applicable) shall be, respectively, the Maximum Final Redemption Amount, Maximum Early Redemption Amount or Maximum Optional Redemption Amount (as applicable) so specified in the applicable Final Terms; and

- (iii) the Calculation Agent will calculate the Final Redemption Amount, Early Redemption Amount and Optional Redemption Amount (as the case may be) as set out in Condition 5(g) (*Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts*).

Each payment of principal in respect of the Index Linked Redemption Notes shall be the amount provided in, or determined in accordance with, these Conditions, multiplied by the Index Ratio (or Limited Index Ratio in the case of Limited Indexed Notes) applicable to the month in which such payment falls to be made and rounded in accordance with Condition 5(e) (*Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding*).

(b) **Changes in Circumstances Affecting the Index**

- (i) **Change in base:** If at any time and from time to time the Index is changed by the substitution of a new base therefore, then with effect from the calendar month from and including that in which such substitution takes effect (1) the definition of “Index” and “Index Figure” in Condition 8 (*Definitions*) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefore); and (2) the new Base Index Figure shall be the product of the existing Base Index Figure and the Index Figure immediately following such substitution, divided by the Index Figure immediately prior to such substitution.
- (ii) **Delay in publication of Index:** If the Index Figure relating to any month (the **relevant month**) which is required to be taken account for the purposes of the determination of the Index Figure applicable for any date is not published on or before the fourteenth business day before the date on which any payment of interest or principal on the Notes is due (the **date for payment**), the Index Figure relating to the relevant month shall be (1) such substitute index figure (if any) as an Indexation Adviser considers to have been published by the Bank of England or, as the case may be, the United Kingdom Debt Management Office (or such other designated debt manager of Her Majesty’s Treasury, from time to time) for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by the Indexation Adviser (and approved by the Note Trustee); or (2) if no such determination is made by such Indexation Adviser within 7 days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 7(b)(i) (*Change in base*)) before the date for payment.

(c) **Application of Changes**

Where the provisions of Condition 7(b)(ii) (*Delay in publication of Index*) apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 7(b)(ii)(2), the Index Figure relating to the relevant month is subsequently published while a Note is still outstanding, then:

- (i) in relation to a payment of principal or interest in respect of such Note other than upon final redemption of such Note, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced by an amount equal to (respectively) the shortfall or excess of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 7(b)(ii)(2), below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the fourteenth Business Day before the date for payment; and

(ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(d) **Cessation of or Fundamental Changes to the Index**

- (i) If (1) the Note Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) that the Index has ceased to be published; or (2) the Note Trustee has been notified by the Agent Bank (or the Calculation Agent, if applicable) when any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the opinion of the Note Trustee acting solely on the advice of an Indexation Adviser, be materially prejudicial to the interests of the Noteholders, the Note Trustee will give written notice of such occurrence to the Relevant Issuer, and the Relevant Issuer and the Note Trustee together shall seek to agree for the purpose of the Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Relevant Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.
- (ii) If the Relevant Issuer and the Note Trustee fail to reach agreement as mentioned above within 20 Business Days following the giving of notice as mentioned in paragraph (i), a bank or other person in London shall be appointed by the Relevant Issuer and the Note Trustee or, failing agreement on and the making of such appointment within 20 Business Days following the expiry of the day period referred to above, by the Note Trustee (in each case, such bank or other person so appointed being referred to as the Expert), to determine for the purpose of the Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Relevant Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made. Any Expert so appointed shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Expert and of any Indexation Adviser and of any of the Relevant Issuer and the Note Trustee in connection with such appointment shall be borne by the Relevant Issuer.
- (iii) The Index shall be adjusted or replaced by a substitute index as agreed by the Relevant Issuer and the Note Trustee or as determined by the Expert pursuant to the foregoing paragraphs, as the case may be, and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Note Trustee and the Relevant Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Relevant Issuer, the other Secured Creditors, the Note Trustee and the Noteholders, and the Relevant Issuer shall give notice to the Noteholders in accordance with Condition 18 (*Notices*) of such amendments as promptly as practicable following such notification.

## 9. Payments and Talons

- (a) **Bearer Notes:** Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 9(f)(v) (*Unmatured Coupons and unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Condition 9(f)(ii) (*Unmatured Coupons and unexchanged Talons*)), as the case may be, at the specified office of any Paying Agent outside the United States by transfer to an account denominated in such currency with, a Bank. **Bank** means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.
- (b) **Registered Notes:**
- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the day before the due date for payment thereof (the **Record Date**). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Relevant Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Relevant Issuer, any adverse tax consequence to the Relevant Issuer.
- (d) **Payments subject to Fiscal Laws:** All payments are subject in all cases (i) to any applicable fiscal or other laws, regulations and directives in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to Condition 10 (*Taxation*)) any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

The Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent act solely as agents of the Issuers and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuers reserve the right at any time with the approval of the Note Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuers shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities, and (vi) such other agents as may be required by any other stock exchange on which the Notes may be listed in each case, as approved by the Note Trustee.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(f) **Unmatured Coupons and unexchanged Talons:**

- (i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes (other than Indexed Notes), such Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 11 (*Prescription*)).
- (ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note or Indexed Notes, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any Bearer Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provision of such indemnity as the Relevant Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 11 (*Prescription*)).
- (h) **Non-Business Days:** Subject as provided in the relevant Final Terms, if any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) on which banks are open for presentation and payment of debt securities and for dealings in foreign currency in the relevant place of presentation in such jurisdiction as shall be specified as **Additional Financial Centre(s)** in the relevant Final Terms and (in the case of a payment in a currency other than euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which dealings may be carried on in the relevant currency in the principal financial centre of the country of such currency and, in relation to any sum payable in euro, a day on which the TARGET System is open.

## 10. Taxation

All payments of principal and interest by or on behalf of the Relevant Issuer in respect of the Notes, and the Coupons shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Relevant Issuer shall pay such additional amounts as shall result in receipt by the Noteholders and Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) **Other connection:** to, or to a third party on behalf of, a holder who is liable for such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note or Coupon; or
- (b) **Lawful avoidance of withholding:** to, or to a third party on behalf of, a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the place where the relevant Note (or the Certificate representing it) or Coupon is presented for payment; or
- (c) **Presentation more than 30 days after the Relevant Date:** presented or surrendered (or in respect of which the Certificate representing it is presented or surrendered) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day.

As used in these Conditions, **Relevant Date** in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact

made upon such presentation. References in these Conditions to (i) **principal** shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 (*Redemption, Purchase and Options*) or any amendment or supplement to it, (ii) **interest** shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 (*Interest and other Calculations*) or any amendment or supplement to it and (iii) **principal** and/or **interest** shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or in substitution for it under the Trust Deed.

## 11. Prescription

- (ii) **Breach of Other Obligations:** the Relevant Issuer does not perform, observe or comply with any one or more of its other obligations, covenants, conditions or provisions under the Notes or the Trust Deed and (except where the Note Trustee shall have certified to the Issuer in writing that it considers such failure to be incapable of remedy in which case no such notice or continuation as is hereinafter mentioned will be required) the failure continues for the period of 30 days (or such longer period as the Note Trustee may in its absolute discretion permit) next following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied; or
- (iii) **Cross-Acceleration:** if (A) any other indebtedness for borrowed money (as defined in Condition 4 (*Negative Pledge and Restriction on Distribution of Dividends*)) but, for the purposes of this paragraph (iii), excluding Non-recourse Indebtedness) of the Relevant Issuer or any Principal Subsidiary becomes due and repayable prior to its stated maturity by reason of a default or (B) any such indebtedness for borrowed money is not paid when due or, as the case may be, within any applicable grace period (as originally provided) or (C) the Relevant Issuer or any Principal Subsidiary fails to pay when due (or, as the case may be, within any originally applicable grace period) any amount payable by it under any present or future guarantee for, or indemnity in respect of, any indebtedness for borrowed money of any person or (D) any security given by the Relevant Issuer or any Principal Subsidiary for any indebtedness for borrowed money of any person or any guarantee or indemnity of indebtedness for borrowed money of any person becomes enforceable by reason of default in relation thereto and steps are taken to enforce

such security save in any such case where there is a *bona fide* dispute as to whether the relevant indebtedness for borrowed money or any such guarantee or indemnity as aforesaid shall be due and payable, provided that the aggregate amount of the relevant indebtedness for borrowed money in respect of which any one or more of the events mentioned above in this paragraph (iii) has or have occurred equals or exceeds whichever is the greater of £20,000,000 or its equivalent in other currencies (on the basis of the middle spot rate for the relevant currency against pounds sterling as quoted by any leading bank on the day on which this paragraph (iii) applies) and two per cent. of the Capital and Reserves; or

- (iv) **Enforcement Proceedings:** a distress, attachment, execution or other legal process is levied, enforced or sued out on or against any substantial part of the property, assets or revenues of the Relevant Issuer and is not discharged or stayed within 90 days; or
- (v) **Insolvency:** the Relevant Issuer is (or is, or could be, deemed by law or a court to be) insolvent or bankrupt or unable to pay its debts, stops, suspends or threatens to stop or suspend payment of its debts generally or a material part of a particular type of its debts, proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of any of such debts or a moratorium is agreed or declared or comes into effect in respect of or affecting its debts generally or any part of a particular type of the debts of the Relevant Issuer; or
- (vi) **Winding-up:** (A) an administrator or liquidator is appointed in relation to the Relevant Issuer (and, in each case, not discharged within 90 days) or (B) an order is made or an effective resolution passed for the winding-up or dissolution or administration of the Relevant Issuer, or (C) the Relevant Issuer shall apply or petition for a winding-up or administration order in respect of itself or (D) the Relevant Issuer ceases or threatens to cease to carry on all or substantially all of its business or operations, in each case ((A) to (D) inclusive) except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation on terms approved by the Note Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders; or

  - II. recourse to such borrower for the purpose only of enabling amounts to be claimed in respect of such indebtedness for borrowed money in an enforcement of any encumbrance given by such borrower over any such asset or assets or the income, cash flow or other proceeds deriving therefrom (or given by any shareholder or the like in the borrower over its shares or the like in the capital of the borrower) to secure such indebtedness for borrowed money, provided that (aa) the extent of such recourse to such borrower is limited solely to the amount of any recoveries made on any such enforcement, and (bb) such person or persons is/are not entitled, by virtue of any right or claim arising out of or in connection with such indebtedness for borrowed money, to commence proceedings for the winding up or dissolution of the borrower or to appoint or procure the appointment of any receiver, trustee or similar person or officer in respect of the borrower or any of its assets (save for the assets the subject of such encumbrance); and/or
  - III. recourse to such borrower generally, or directly or indirectly to a member of the Group, under any form of assurance, undertaking or support, which recourse is limited to a claim for damages (other than liquidated damages and damages required to be calculated in a specified way) for breach of an obligation (not being a payment obligation or an obligation to procure payment by another or an indemnity in respect thereof or any obligation to comply or to procure compliance by another with any financial ratios or other tests of financial condition) by the person against whom such recourse is available.

**Principal Subsidiary** at any time shall mean each Subsidiary of the Relevant Issuer (in each case not being an Excluded Subsidiary or any other Subsidiary of the Relevant Issuer, as the case may be, whose only indebtedness for borrowed money is Non-recourse Indebtedness):

### 13. Meetings of Noteholders, Modification, Waiver and Substitution

- (a) **Meetings of Noteholders:** The Trust Deed contains provisions for convening meetings of Noteholders of one or more Series of Notes to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal **amount** of the affected Series of Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing one more than 50 per cent. in nominal amount of the affected Series of Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the affected Series of Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*:
  - (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes;
  - (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption of, the Notes;

- (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes;
- (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown in the Final Terms, to reduce any such Minimum and/or Maximum;
- (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount;
- (vi) to vary the currency or currencies of payment or denomination of the Notes;
- (vii) to sanction the exchange or substitution for the Notes of, or the conversion of the Notes into, shares, bonds or other obligations or securities of the Relevant Issuer, whether or not those rights arise under the Trust Deed; or
- (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution,

in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the affected Series of Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

The Trust Deed provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of affected Series of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) **Modification of the Trust Deed:** The Note Trustee may agree, without the consent of the Noteholders or Couponholders, (i) to any modification of any of the provisions of the Trust Deed or the Notes, or Coupons or these Conditions that is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) if in the opinion of the Note Trustee the interests of the Noteholders will not be materially prejudiced thereby, to any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach of any of the provisions of the Trust Deed or the Notes, or Coupons or these Conditions, or determine that any Event of Default shall not be treated as such. Any such modification, authorisation or waiver shall be binding on the Noteholders and the Couponholders and, if the Note Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.
- (c) **Substitution:** The Note Trustee may agree, subject to the execution of a deed or undertaking supplemental to the Trust Deed in form and manner satisfactory to the Note Trustee and such other conditions as the Note Trustee may require, but without the consent of the Noteholders or the Couponholders, to the substitution of the Relevant Issuer's successor in business in place of the Relevant Issuer or of any previous substituted company, as principal debtor under the Trust Deed and the Notes. In the case of such a substitution the Note Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Note Trustee be materially prejudicial to the interests of the Noteholders.

(d) **Entitlement of the Note Trustee:** In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Note Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Note Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Relevant Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

(e) **Modifications**

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

**14. Enforcement**

At any time after the occurrence of an Event of Default which is continuing, and, in the case of paragraph (ii) of Condition 12 (*Events of Default*) where the Note Trustee has certified (without liability on its part) that in its opinion such event is materially prejudicial to the interests of the Noteholders, the Note Trustee may, at its discretion and without further notice, institute such proceedings against the Relevant Issuer as it may think fit to enforce the terms of the Trust Deed, the Notes and the Coupons, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least one-quarter in nominal amount of the Notes outstanding, and (b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction. No Noteholder or Couponholder may proceed directly against the Relevant Issuer unless the Note Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

**15. Indemnification of the Note Trustee**

The Trust Deed contains provisions for the indemnification of the Note Trustee and for its relief from responsibility. The Note Trustee is entitled to enter into business transactions with the Issuers and any entity related to the Issuers without accounting for any profit.

The Note Trustee may rely without liability on a report, confirmation or certificate or any advice of any accountants, financial advisers, financial institution or any other expert, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter relating thereto entered into by the Note Trustee or in any other manner) by reference to a monetary cap, methodology or otherwise. The Note Trustee may accept and shall be entitled to rely on any such report, confirmation or certificate or advice and such report, confirmation or certificate or advice shall be binding on the Issuers, the Note Trustee and the Noteholders.

**16. Replacement of Notes, Certificates, Coupons and Talons**

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent in London (in the case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Relevant Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the

Relevant Issuer on demand the amount payable by the Relevant Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Relevant Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

## **17. Further Issues**

The Relevant Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects save for the Issue Date, Interest Commencement Date and Issue Price) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such different terms as the Relevant Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes. Any further issues may be constituted by the Trust Deed or any deed supplemental to it. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Note Trustee so decides.

## **18. Notices**

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*). If in the opinion of the Note Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

## **19. Contracts (Rights of Third Parties) Act 1999**

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

## **20. Governing Law and Jurisdiction**

- (a) **Governing Law:** The Trust Deed, the Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.
- (b) **Jurisdiction:** The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Coupons or Talons (**Proceedings**) may be brought in such courts. The Issuers have in the Trust Deed irrevocably submitted to the jurisdiction of such courts.

### **Convening a meeting**

3. The Relevant Issuer or the Note Trustee may at any time convene a meeting. If it receives a written request by Noteholders holding at least 10 per cent. in nominal amount of the Notes of any Series for the time being outstanding and is indemnified and/or secured and/or pre-funded to its satisfaction against all costs and expenses, the Note Trustee shall convene a meeting of the Noteholders of that Series. Every meeting shall be held on a date and at a time and place approved by the Note Trustee.
4. At least 21 days' notice (exclusive of the day on which the notice is given and of the day of the meeting) shall be given to the Noteholders and the Paying Agents in relation to the Bearer Notes and the Registrar in relation to the Registered Notes (with a copy to the Relevant Issuer). A copy of the notice shall be given by the party convening the meeting to the other parties. The notice shall specify the day, time and the place of meeting and, unless the Note Trustee otherwise agrees, the nature of the resolutions to be proposed and shall explain how Noteholders may appoint proxies or representatives, obtain voting certificates and use block voting instructions and the details of the time limits applicable.

### **Arrangements for voting**

5. If a holder of a Bearer Note wishes to obtain a voting certificate in respect of it for a meeting, he must deposit it for that purpose at least 48 hours before the time fixed for the meeting with a Paying Agent or to the order of a Paying Agent with a bank or other depository nominated by the Paying Agent for the purpose. The Paying Agent shall then issue a voting certificate in respect of it.
6. A voting certificate shall:
  - (a) be a document in the English language;
  - (b) be dated;
  - (c) specify the meeting concerned and the serial numbers of the Notes deposited; and

- (d) entitle, and state that it entitles, its bearer to attend and vote at that meeting in respect of those Notes.
7. Once a Paying Agent has issued a voting certificate for a meeting in respect of a Note, it shall not release the Note until either:
    - (a) the meeting has been concluded; or
    - (b) the voting certificate has been surrendered to the Paying Agent.
  8. If a holder of a Bearer Note wishes the votes attributable to it to be included in a block voting instruction for a meeting, then, at least 48 hours before the time fixed for the meeting, (i) he must deposit the Note for that purpose with a Paying Agent or to the order of a Paying Agent with a bank or other depository nominated by the Paying Agent for the purpose and (ii) he or a duly authorised person on his behalf must direct the Paying Agent how those votes are to be cast. The Paying Agent shall issue a block voting instruction in respect of the votes attributable to all Notes so deposited.
  9. A block voting instruction shall:
    - (a) be a document in the English language;
    - (b) be dated;
    - (c) specify the meeting concerned;
    - (d) list the total number and serial numbers of the Notes deposited, distinguishing with regard to each resolution between those voting for and those voting against it;
    - (e) certify that such list is in accordance with Notes deposited and directions received as provided in paragraphs 8, 11 and 14; and
    - (f) appoint a named person (a “**proxy**”) to vote at that meeting in respect of those Notes and in accordance with that list.

A proxy need not be a Noteholder.

10. Once a Paying Agent has issued a block voting instruction for a meeting in respect of the votes attributable to any Notes:
  - (a) it shall not release the Notes, except as provided in paragraph 11, until the meeting has been concluded; and
  - (b) the directions to which it gives effect may not be revoked or altered during the 48 hours before the time fixed for the meeting.
11. If the receipt for a Note deposited with a Paying Agent in accordance with paragraph 8 is surrendered to the Paying Agent at least 48 hours before the time fixed for the meeting, the Paying Agent shall release the Note and exclude the votes attributable to it from the block voting instruction.
12. Each block voting instruction shall be deposited at least 24 hours before the time fixed for the meeting at such place as the Note Trustee shall designate or approve, and in default it shall not be valid unless the chairman of the meeting decides otherwise before the meeting proceeds to business. If the Note Trustee requires, a notarially certified copy of each block voting instruction

shall be produced by the proxy at the meeting but the Note Trustee need not investigate or be concerned with the validity of the proxy's appointment.

13. A vote cast in accordance with a block voting instruction shall be valid even if it or any of the Noteholders' instructions pursuant to which it was executed has previously been revoked or amended, unless written intimation of such revocation or amendment is received from the relevant Paying Agent by the Relevant Issuer or the Note Trustee at its registered office or by the chairman of the meeting in each case at least 24 hours before the time fixed for the meeting.
14. No Note may be deposited with or to the order of a Paying Agent at the same time for the purposes of both paragraph 5 and paragraph 8 for the same meeting.
15.
  - (a) A holder of a Registered Note may, by an instrument in writing in the form available from the specified office of a Transfer Agent in the English language executed by or on behalf of the holder and delivered to the Transfer Agent at least 48 hours before the time fixed for a meeting, appoint any person (a proxy) to act on his behalf in connection with that meeting. A proxy need not be a Noteholder.
  - (b) A corporation which holds a Registered Note may by delivering to a Transfer Agent at least 24 hours before the time fixed for a meeting a certified copy of a resolution of its directors or other governing body (with, if it is not in English, a certified translation into English) authorise any person to act as its representative (a "**representative**") in connection with that meeting.

#### **Chairman**

16. The chairman of a meeting shall be such person as the Note Trustee may nominate in writing, but if no such nomination is made or if the person nominated is not present within 15 minutes after the time fixed for the meeting the Noteholders or agents present shall choose one of their number to be chairman, failing which the Relevant Issuer may appoint a chairman. The chairman need not be a Noteholder or agent. The chairman of an adjourned meeting need not be the same person as the chairman of the original meeting.

#### **Attendance**

17. The following may attend and speak at a meeting:
  - (a) Noteholders and agents;
  - (b) the chairman;
  - (c) the Relevant Issuer and the Note Trustee (through their respective representatives) and their respective financial and legal advisers;
  - (d) the Dealers and their advisers;
  - (e) any other person approved by the meeting or the Note Trustee; and
  - (f) in relation to Registered Notes, the Registrar, or in relation to Bearer Notes, the Issuing and Paying Agent.

No-one else may attend or speak.

## Quorum and Adjournment

18. No business (except choosing a chairman) shall be transacted at a meeting unless a quorum is present at the commencement of business. If a quorum is not present within 15 minutes from the time initially fixed for the meeting, it shall, if convened on the requisition of Noteholders or if the Relevant Issuer and the Note Trustee agree, be dissolved. In any other case it shall be adjourned until such date, not less than 14 nor more than 42 days later, and time and place as the chairman may decide. If a quorum is not present within 15 minutes from the time fixed for a meeting so adjourned, the meeting shall be dissolved.
19. Two (or in the case of an adjourned meeting one) or more Noteholders or agents present in person shall be a quorum *provided, however, that*, so long as at least the required proportion of the aggregate principal amount of the outstanding Notes is represented by, in the case of Bearer Notes, the Global Notes or, in the case of Registered Notes, the Global Certificates or a single Certificate, in the context of Registered Notes, an agent appointed in relation thereto or a Noteholder of the Notes represented thereby shall be deemed to be two voters (or in the case of an adjourned meeting, one voter) for the purpose of forming a quorum:
- (a) in the cases marked “**No minimum proportion**” in the table below, whatever the proportion of the Notes which they represent; and
- (b) in any other case, only if they represent, in nominal amount of the affected Series of Notes for the time being outstanding, the proportion of the Notes shown by the table below.

COLUMN 1	COLUMN 2	COLUMN 3
Purpose of meeting	Any meeting except one referred to in column 3  Required proportion	Meeting previously adjourned through want of a quorum  Required proportion
To pass a special quorum resolution	75 per cent.	25 per cent.
To pass any other Extraordinary Resolution	One more than 50 per cent.	No minimum proportion
Any other purpose	One more than 10 per cent.	No minimum proportion

20. The chairman may with the consent of (and shall if directed by) a meeting adjourn the meeting from time to time and from place to place. Only business which could have been transacted at the original meeting may be transacted at a meeting adjourned in accordance with this paragraph or paragraph 18.
21. At least ten days’ notice of a meeting adjourned through want of a quorum shall be given in the same manner as for an original meeting and that notice shall state the quorum required at the adjourned meeting. No notice need, however, otherwise be given of an adjourned meeting.

## Voting

22. Each question submitted to a meeting shall be decided by a show of hands unless a poll is (before, or on the declaration of the result of, the show of hands) demanded by the chairman, the Relevant Issuer, the Note Trustee or one or more persons holding one or more Notes or voting certificates representing 2 per cent. of the Notes.

23. Unless a poll is demanded a declaration by the chairman that a resolution has or has not been passed shall be conclusive evidence of the fact without proof of the number or proportion of the votes cast in favour of or against it.
24. If a poll is demanded, it shall be taken in such manner and (subject as provided below) either at once or after such adjournment as the chairman directs. The result of the poll shall be deemed to be the resolution of the meeting at which it was demanded as at the date it was taken. A demand for a poll shall not prevent the meeting continuing for the transaction of business other than the question on which it has been demanded.
25. A poll demanded on the election of a chairman or on a question of adjournment shall be taken at once.
26. On a show of hands every person who is present in person and who produces a Bearer Note, a Certificate of which he is the registered holder or a voting certificate or is a proxy or representative has one vote. On a poll every such person has one vote in respect of each integral currency unit of the Specified Currency of such Series of Notes so produced or represented by the voting certificate so produced or for which he is a proxy or representative. Without prejudice to the obligations of proxies, a person entitled to more than one vote need not use them all or cast them all in the same way.
27. In case of equality of votes the chairman shall both on a show of hands and on a poll have a casting vote in addition to any other votes which he may have.

#### **Effect and Publication of an Extraordinary Resolution**

28. An Extraordinary Resolution shall be binding on all the Noteholders, whether or not present at the meeting, and on all the Couponholders and each of them shall be bound to give effect to it accordingly. The passing of such a resolution shall be conclusive evidence that the circumstances justify its being passed. The Relevant Issuer shall give notice of the passing of an Extraordinary Resolution to Noteholders and, in relation to Bearer Notes, to the Paying Agents, and in relation to Registered Notes, to the Registrar within 14 days but failure to do so shall not invalidate the resolution.

#### **Minutes**

29. Minutes shall be made of all resolutions and proceedings at every meeting and, if purporting to be signed by the chairman of that meeting or of the next succeeding meeting, shall be conclusive evidence of the matters in them. Unless and until the contrary is proved, every meeting for which minutes have been so made and signed shall be deemed to have been duly convened and held and all resolutions passed or proceedings transacted at it to have been duly passed and transacted.

#### **Written Resolutions**

30. A written resolution signed by the holders of not less than 75 per cent., in nominal amount of the Notes outstanding shall take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

#### **Note Trustee's Power to Prescribe Regulations**

31. Subject to all other provisions in this Trust Deed the Note Trustee may without the consent of the Noteholders prescribe such further regulations regarding the holding of meetings and attendance and voting at them as it in its sole discretion determines including (without limitation) such requirements as the Note Trustee thinks reasonable to satisfy itself that the persons who

purport to make any requisition in accordance with this Trust Deed are entitled to do so and as to the form of voting certificates or block voting instructions so as to satisfy itself that persons who purport to attend or vote at a meeting are entitled to do so.

32. The foregoing provisions of this Schedule shall have effect subject to the following provisions:

- (a) Meetings of Noteholders of separate Series will normally be held separately. However, the Note Trustee may from time to time determine that meetings of Noteholders of separate Series shall be held together.
- (b) A resolution that in the opinion of the Note Trustee affects one Series alone shall be deemed to have been duly passed if passed at a separate meeting of the Noteholders of the Series concerned.
- (c) A resolution that in the opinion of the Note Trustee affects the Noteholders of more than one Series but does not give rise to a conflict of interest between the Noteholders of the different Series concerned shall be deemed to have been duly passed if passed at a single meeting of the Noteholders of the relevant Series provided that for the purposes of determining the votes a Noteholder is entitled to cast pursuant to paragraph 26, each Noteholder shall have one vote in respect of each £1,000 nominal amount of Notes held, converted, if such Notes are not denominated in sterling, in accordance with Subclause 11.16 (*Currency Conversion*).
- (d) A resolution that in the opinion of the Note Trustee affects the Noteholders of more than one Series and gives or may give rise to a conflict of interest between the Noteholders of the different Series concerned shall be deemed to have been duly passed only if it shall be duly passed at separate meetings of the Noteholders of the relevant Series.
- (e) To all such meetings as aforesaid all the preceding provisions of this Schedule shall *mutatis mutandis* apply as though references therein to Notes and to Noteholders were references to the Notes and Noteholders of the Series concerned.

**1. Interim Financial Statements**

*(All Registrants)*

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrants' related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2019 is derived from that Registrant's 2019 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2019 Form 10-K. The results of operations for the three months ended March 31, 2020 are not necessarily indicative of the results to be expected for the full year ending December 31, 2020 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

**2. Summary of Significant Accounting Policies**

*(All Registrants)*

The following accounting policy disclosures represent updates to Note 1 in each Registrant's 2019 Form 10-K and should be read in conjunction with those disclosures.

**Restricted Cash and Cash Equivalents** (PPL and PPL Electric)

**Reconciliation of Cash, Cash Equivalents and Restricted Cash**

The following provides a reconciliation of Cash, Cash Equivalents and Restricted Cash reported within the Balance Sheets that sum to the total of the same amounts shown on the Statements of Cash Flows:

	PPL		PPL Electric	
	March 31, 2020	December 31, 2019	March 31, 2020	December 31, 2019
Cash and cash equivalents	\$ 915	\$ 815	\$ 33	\$ 262
Restricted cash - current (a)	3	3	2	2
Restricted cash - noncurrent (a)	18	18	—	—
Total Cash, Cash Equivalents and Restricted Cash	<u>\$ 936</u>	<u>\$ 836</u>	<u>\$ 35</u>	<u>\$ 264</u>

(a) Bank deposits and other cash equivalents that are restricted by agreement or that have been clearly designated for a specific purpose are classified as restricted cash. On the Balance Sheets, the current portion of restricted cash is included in "Other current assets," while the noncurrent portion is included in "Other noncurrent assets."

**Current Expected Credit Losses** (All Registrants)

Financing receivable collectibility is evaluated using a combination of factors, including past due status based on contractual terms, trends in write-offs and the age of the receivable. Specific events, such as bankruptcies, are also considered when applicable. Adjustments to the reserve for credit losses are made when necessary based on the results of analysis, the aging of receivables and historical and industry trends. The Registrants periodically evaluate the impact of observable external factors on the collectibility of the financing receivables to determine if adjustments to the reserve for credit losses should be made based on current conditions or reasonable and supportable forecasts.

Accounts receivable are written off in the period in which the receivable is deemed uncollectible.

(PPL and PPL Electric)

PPL Electric has identified one class of financing receivables, "accounts receivable-customer", which includes financing receivables for all billed and unbilled sales with residential and non-residential customers. All other financing receivables are classified as other. Within the credit loss model for the residential customer accounts receivables, customers are disaggregated based on their projected propensity to pay, which is derived from historical trends and the current activity of the individual customer accounts. Conversely, the non-residential customer accounts receivables are not further segmented due to the varying nature of the individual customers, which lack readily identifiable risk characteristics for disaggregation.

(PPL, LKE, LG&E and KU)

LKE, LG&E and KU have identified one class of financing receivables, "accounts receivable-customer", which includes financing receivables for all billed and unbilled sales with customers. All other financing receivables are classified as other.

(All Registrants)

The following table shows changes in the allowance for credit losses for the period ended March 31, 2020:

	Balance at Beginning of Period (a)	Charged to Income	Deductions (b)	Balance at End of Period
<b>PPL</b>

(b) Primarily related to uncollectible accounts receivable written off.  
(c) Primarily related to receivables at WKE, which are fully reserved.

(PPL, LKE, LGE and KU)

**Asset Impairment (Excluding Investments)**

PPL, LKE, LG&E and KU review goodwill for impairment at the reporting unit level annually or more frequently when events or circumstances indicate that the carrying amount of a reporting unit may be greater than the unit's fair value. PPL's, LKE's, LG&E's and KU's reporting units are primarily at the operating segment level.

PPL, LKE, LG&E and KU considered whether the economic events associated with COVID-19, which resulted in PPL's shares experiencing volatility and a decrease in market value, would more likely than not reduce the fair value of the Registrants' reporting units below their carrying amounts. See "Risks and Uncertainties" in Note 10 for additional information about COVID-19. Based on our assessment, a quantitative impairment test was not required for the LKE, LG&E and KU reporting units, but was required for the U.K. Regulated segment reporting unit, the allocated goodwill of which was \$2.5 billion at March 31, 2020. The test did not indicate impairment of the reporting unit.

Although goodwill was not determined to be impaired at March 31, 2020, it is possible that an impairment charge could occur in future periods if PPL's share price or any of the assumptions used in determining fair value of the reporting units are negatively impacted.

**New Accounting Guidance Adopted**

(All Registrants)

**Accounting for Financial Instrument Credit Losses**

Effective January 1, 2020, the Registrants adopted accounting guidance, using a modified retrospective approach, that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of the guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under previous GAAP. The adoption of this guidance did not have a material impact on the Registrants.

**Accounting for Implementation Costs in a Cloud Computing Service Arrangement**

Effective January 1, 2020, the Registrants prospectively adopted accounting guidance that requires a customer in a cloud computing hosting arrangement that is a service contract to capitalize implementation costs consistent with internal-use software guidance for non-service arrangements. The guidance requires these capitalized implementation costs to be amortized over the term of the hosting arrangement to the statement of income line item where the service arrangement costs are recorded. The guidance also prescribes the financial statement classification of the capitalized implementation costs and cash flows associated with the arrangement. The adoption of this guidance did not have a material impact on the Registrants.

(PPL, LKE, LG&E and KU)

**Simplifying the Test for Goodwill Impairment**

Effective January 1, 2020, the Registrants adopted accounting guidance that simplifies the test for goodwill impairment by eliminating the second step of the quantitative test. The second step of the quantitative test required a calculation of the implied fair value of goodwill, which was determined in the same manner as the amount of goodwill in a business combination. Under the new guidance, the fair value of a reporting unit will be compared with the carrying value and an impairment charge will be recognized if the carrying amount exceeds the fair value of the reporting unit. The adoption of this guidance did not have a material impact on the Registrants.

**3. Segment and Related Information**

(PPL)

See Note 2 in PPL's 2019 Form 10-K for a discussion of reportable segments and related information.

#### 4. Revenue from Contracts with Customers

(All Registrants)

See Note 3 in PPL's 2019 Form 10-K for a discussion of the principal activities from which the Registrants and PPL's segments generate their revenues.

The following tables reconcile "Operating Revenues" included in each Registrant's Statement of Income with revenues generated from contracts with customers for the period ended March 31.

	2020 Three Months

- (a) PPL includes \$614 million and \$583 million of revenues from external customers reported by the U.K. Regulated segment for the three months ended March 31, 2020 and 2019. PPL Electric and LKE represent revenues from external customers reported by the Pennsylvania Regulated and Kentucky Regulated segments. See Note 3 for additional information.
- (b) Alternative revenue programs include the transmission formula rate for PPL Electric, the ECR and DSM programs for LG&E and KU, the GLT program for LG&E, and the generation formula rate for KU. This line item shows the over/under collection of these rate mechanisms with over-collections of revenue shown as positive amounts in the table above and under-collections shown as negative amounts.
- (c) Represents additional revenues outside the scope of revenues from contracts with customers, such as leases and other miscellaneous revenues.

The following tables show revenues from contracts with customers disaggregated by customer class for the periods ended March 31.

	2020 Three Months				
	PPL (d)	PPL Electric (d)	LKE	LG&E	KU

Transmission	105	105	—	—	—
Revenues from Contracts with Customers	\$ 2,063	\$ 638	\$ 839	\$ 407	\$ 447

(a) Represents customers of WPD.

(b) Primarily includes revenues from pole attachments, street lighting, other public authorities and other non-core businesses.

(c) Includes wholesale power and transmission revenues. LG&E and KU amounts include intercompany power sales and transmission revenues, which are eliminated upon consolidation at LKE.

(d) In the fourth quarter of 2019, management deemed it appropriate to present the revenue offset associated with network integration transmission service (NITS) as distribution revenue rather than transmission revenue.

As discussed in Note 2 in PPL's 2019 Form 10-K, PPL segments its business by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the footnotes to the tables above. PPL Electric's revenues from contracts with customers are further disaggregated by distribution and transmission, which were \$447 million and \$159 million for the three months ended March 31, 2020 and \$533 million and \$105 million for the three months ended March 31, 2019.

Contract receivables from customers are primarily included in "Accounts receivable - Customer" and "Unbilled revenues" on the Balance Sheets.

The following table shows the accounts receivable and unbilled revenues balances that were impaired for the period ended March 31.

	Three Months	
	2020	2019
PPL	\$ 8	\$ 9
PPL Electric	4	6
LKE	2	2
LG&E	1	1
KU	1	1

The following table shows the balances and certain activity of contract liabilities resulting from contracts with customers.

	PPL	PPL Electric	LKE	LG&E	KU
Contract liabilities at December 31, 2019	\$ 44	\$ 21	\$ 9	\$ 5	\$ 4
Contract liabilities at March 31, 2020	42	15	14	10	4
Revenue recognized during the three months ended March 31, 2020 that was included in the contract liability balance at December 31, 2019	23	8	9	5	4
Contract liabilities at December 31, 2018	\$ 42	\$ 23	\$ 9	\$ 5	\$ 4
Contract liabilities at March 31, 2019	37	14	7	4	3
Revenue recognized during the three months ended March 31, 2019 that was included in the contract liability balance at December 31, 2018	25	11	9	5	4

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date.

Advanced billings for customer attachments are recognized as revenue ratably over the billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At March 31, 2020, PPL had \$32 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$28 million within the next 12 months.

## 5. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below. These dilutive securities include the PPL common stock forward sale agreements, which were settled in 2019. The forward sale agreements were dilutive under the Treasury Stock Method to the extent the average stock price of PPL's common shares exceeded the forward sale price prescribed in the agreements.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the period ended March 31 used in the EPS calculation are:

### 2020 TCJA Regulatory Update (All Registrants)

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including rules relating to limitations on interest deductibility. These proposed regulations were issued in November 2018 and should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in 2020. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

## Regulatory Matters

### Kentucky Activities

#### *ECR Filings (PPL, LKE, LG&E and KU)*

On March 31, 2020, LG&E and KU submitted applications to the KPSC for ECR rate treatment regarding upcoming environmental construction projects relating to the EPA's regulations addressing ELGs. The construction projects are expected to begin in 2020 and continue through 2024 and are estimated to cost approximately \$405 million (\$153 million at LG&E and \$252 million at KU). The applications request an authorized 9.725% return on equity with respect to LG&E's and KU's ECR mechanisms consistent with the 2018 Kentucky rate cases approved in April 2019. Decisions on the applications are currently expected in September 2020.

### Pennsylvania Activities

#### *Act 129 (PPL and PPL Electric)*

The Pennsylvania Public Utility Code requires electric distribution companies, including PPL Electric, to act as a DSP, which provides electricity generation supply service to customers pursuant to a PUC-approved default service procurement plan. The DSP is able to recover the costs associated with its default service procurement plan.

In March 2020, PPL Electric filed a Petition for Approval of a new default service program and procurement plan with the PUC for the period June 1, 2021 through May 31, 2025. This proceeding remains pending before the PUC. PPL Electric cannot predict the outcome of this proceeding.

### Federal Matters

#### *FERC Transmission Rate Filing*

#### *(PPL, LKE, LG&E and KU)*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application seeks termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain

horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. In November 2019, the FERC granted LG&E and KU's and other parties' rehearing requests. Additionally, certain petitions for review of FERC's orders have been filed by multiple parties, including LG&E and KU, at the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of the proceedings. In February 2020, the D.C. Circuit Court of Appeals issued an order holding the various appeals in abeyance pending the FERC's rehearing process. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2020, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement that will take effect in June 2020.

#### **Other**

##### Purchase of Receivables Program *(PPL and PPL Electric)*

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for credit losses. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During the three months ended March 31, 2020 and 2019, PPL Electric purchased \$311 million and \$348 million of accounts receivable from alternate suppliers.

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

**Talen Litigation (PPL)**

**Background**

In September 2013, one of PPL's former subsidiaries, PPL Montana entered into an agreement to sell its hydroelectric generating facilities. In June 2014, PPL and PPL Energy Supply, the parent company of PPL Montana, entered into various definitive agreements with affiliates of Riverstone to spin off PPL Energy Supply and ultimately combine it with Riverstone's competitive power generation businesses to form a stand-alone company named Talen Energy. In November 2014, after executing the spinoff agreements but prior to the closing of the spinoff transaction, PPL Montana closed the sale of its hydroelectric generating facilities. Subsequently, on June 1, 2015, the spinoff of PPL Energy Supply was completed. Following the spinoff transaction, PPL had no continuing ownership interest in or control of PPL Energy Supply. In connection with the spinoff transaction, PPL Montana became Talen Montana, LLC (Talen Montana), a subsidiary of Talen Energy. Talen Energy Marketing also became a subsidiary of Talen Energy as a result of the June 2015 spinoff of PPL Energy Supply. Talen Energy has owned and operated both Talen Montana and Talen Energy Marketing since the spinoff. At the time of the spinoff, affiliates of Riverstone acquired a 35% ownership interest in Talen Energy. Riverstone subsequently acquired the remaining interests in Talen Energy in a take private transaction in December 2016.

***Talen Montana, LLC v. PPL Corporation et al.***

On October 29, 2018, Talen Montana filed a complaint against PPL and certain of its affiliates and current and former officers and directors in the First Judicial District of the State of Montana, Lewis & Clark County (Talen Direct Action). Talen Montana alleges that in November 2014, PPL and certain officers and directors improperly distributed to PPL's subsidiaries \$733 million of the proceeds from the sale of Talen Montana's (then PPL Montana's) hydroelectric generating facilities, rendering PPL Montana insolvent. The complaint includes claims for, among other things, breach of fiduciary duty; aiding and abetting breach of fiduciary duty; breach of an LLC agreement; breach of the implied duty of good faith and fair dealing; tortious interference; negligent misrepresentation; and constructive fraud. Talen Montana is seeking unspecified damages, including punitive damages, and other relief. In December 2018, PPL moved to dismiss the Talen Direct Action for lack of jurisdiction and, in the alternative, to dismiss because Delaware is the appropriate forum to decide this case. In January 2019, Talen Montana dismissed without prejudice all current and former PPL Corporation directors from the case. The parties engaged in limited jurisdictional discovery, and the Court heard oral argument regarding the PPL parties' motion to dismiss on August 22, 2019. On December 4, 2019, the Court granted PPL's motion to dismiss and on December 26, 2019, a judgment dismissing all claims against all defendants with prejudice was signed by the Court. No appeal was filed and this matter is now concluded.

***Talen Montana Retirement Plan and Talen Energy Marketing, LLC, Individually and on Behalf of All Others Similarly Situated v. PPL Corporation et al.***

Also, on October 29, 2018, Talen Montana Retirement Plan and Talen Energy Marketing filed a putative class action complaint on behalf of current and contingent creditors of Talen Montana who allegedly suffered harm or allegedly will suffer reasonably foreseeable harm as a result of the November 2014 distribution. The action was filed in the Sixteenth Judicial District of the State of Montana, Rosebud County, against PPL and certain of its affiliates and current and former officers and directors (Talen Putative Class Action). The plaintiffs assert claims for, among other things, fraudulent transfer, both actual and constructive; recovery against subsequent transferees; civil conspiracy; aiding and abetting tortious conduct; and unjust enrichment. They are seeking avoidance of the purportedly fraudulent transfer, unspecified damages, including punitive damages, the imposition of a constructive trust, and other relief. In December 2018, PPL removed the Talen Putative Class Action from the Sixteenth Judicial District of the State of Montana to the United States District Court for the District of Montana, Billings Division (MT Federal Court). In January 2019, the plaintiffs moved to remand the Talen Putative Class Action back to state court, and dismissed without prejudice all current and former PPL Corporation directors from the case. In September 2019, the MT Federal Court granted plaintiffs' motion to remand the case back to state court, and the PPL defendants promptly petitioned the Ninth Circuit Court of Appeals to grant an appeal of the remand decision. On November 21, 2019, the Ninth Circuit Court of Appeals denied that request and on December 30, 2019, Talen Montana Retirement Plan filed a Second Amended Complaint in the Sixteenth Judicial District of the State of Montana, Rosebud County, which removed Talen Energy Marketing, LLC as a plaintiff. On January 31, 2020, PPL defendants filed a motion to dismiss the Second Amended Complaint. The Court has scheduled a hearing date of June 24, 2020 to hear oral argument regarding the motion to dismiss.

***PPL Corporation et al. vs. Riverstone Holdings LLC, Talen Energy Corporation et al.***

On November 30, 2018, PPL, certain PPL affiliates, and certain current and former officers and directors (PPL plaintiffs) filed a complaint in the Court of Chancery of the State of Delaware seeking various forms of relief against Riverstone, Talen Energy

and certain of their affiliates (Delaware Action). In the complaint, the PPL plaintiffs ask the Delaware Court of Chancery for declaratory and injunctive relief. This includes a declaratory judgment that, under the separation agreement governing the spinoff of PPL Energy Supply, all related claims that arise must be heard in Delaware; that the statute of limitations in Delaware and the spinoff agreement bar these claims at this point; that PPL is not liable for the claims in either the Talen Direct Action or the Talen Putative Class Action as PPL Montana was solvent at all relevant times; and that the separation agreement requires that Talen Energy indemnify PPL for all losses arising from the debts of Talen Montana, among other things. PPL's complaint also seeks damages against Riverstone for interfering with the separation agreement and against Riverstone affiliates for breach of the implied covenant of good faith and fair dealing. The complaint was subsequently amended on January 11, 2019 and March 20, 2019, including to add claims related to indemnification with respect to the Talen Direct Action and the Talen Putative Class Action (together, the Montana Actions), request a declaration that the Montana Actions are time-barred under the spinoff agreements, and allege additional facts to support the tortious interference claim. In April 2019, the defendants filed motions to dismiss the amended complaint. In July 2019, the Court heard oral arguments from the parties regarding the motions to dismiss. On October 23, 2019, the Delaware Court of Chancery returned its opinion on the defendants' motions to dismiss sustaining all of the PPL plaintiffs' claims except for the claim for breach of implied covenant of good faith and fair dealing. Discovery is underway; however, on January 30, 2020, Talen Energy filed a new motion to dismiss five of the remaining eight claims in the amended complaint. Oral argument on the motion to dismiss is scheduled for May 28, 2020. A tentative trial date has been scheduled for June 2021.

With respect to each of the Talen-related matters described above, PPL believes that the 2014 distribution of proceeds was made in compliance with all applicable laws and that PPL Montana was solvent at all relevant times. Additionally, the agreements entered into in connection with the spinoff, which PPL and affiliates of Talen Energy and Riverstone negotiated and executed prior to the 2014 distribution, directly address the treatment of the proceeds from the sale of PPL Montana's hydroelectric generating facilities; in those agreements, Talen Energy and Riverstone definitively agreed that PPL was entitled to retain the proceeds.

PPL believes that it has meritorious defenses to the claims made in the Talen Putative Class Action and intends to continue to vigorously defend against this action. The Talen Putative Class Action and the Delaware Action are both in early stages of litigation; at this time, PPL cannot predict the outcome of these matters or estimate the range of possible losses, if any, that PPL might incur as a result of the claims, although they could be material.

*(PPL, LKE and LG&E)*

#### Cane Run Environmental Claims

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky (U.S. District Court) alleging violations of the Clean Air Act, RCRA, and common law claims of nuisance, trespass and negligence. In July 2014, the U.S. District Court dismissed the RCRA claims and all but one Clean Air Act claim, but declined to dismiss the common law tort claims. In February 2017, the U.S. District Court dismissed PPL as a defendant and dismissed the final federal claim against LG&E, and in April 2017, issued an Order declining to exercise supplemental jurisdiction on the state law claims dismissing the case in its entirety. In June 2017, the plaintiffs filed a class action complaint in Jefferson County, Kentucky Circuit Court, against LG&E alleging state law nuisance, negligence and trespass tort claims. The plaintiffs seek compensatory and punitive damages for alleged property damage due to purported plant emissions on behalf of a class of residents within one to three miles of the plant. On January 8, 2020, the Jefferson Circuit Court issued an order denying the plaintiffs' request for class certification. On January 14, 2020, the plaintiffs filed a notice of appeal in the Kentucky Court of Appeals. PPL, LKE and LG&E cannot predict the outcome of this matter and an estimate or range of possible losses cannot be determined.

*(PPL, LKE and KU)*

#### E.W. Brown Environmental Claims

In July 2017, the Kentucky Waterways Alliance and the Sierra Club filed a citizen suit complaint against KU in the U.S. District Court for the Eastern District of Kentucky (U.S. District Court) alleging discharges at the E.W. Brown plant in violation of the Clean Water Act and the plant's water discharge permit and alleging contamination that may present an imminent and substantial endangerment in violation of the RCRA. The plaintiffs' suit relates to prior notices of intent to file a citizen suit submitted in October and November 2015 and October 2016. These plaintiffs sought injunctive relief ordering KU to take all actions necessary to comply with the Clean Water Act and RCRA, including ceasing the discharges in question, abating effects associated with prior discharges and eliminating the alleged imminent and substantial endangerment. These plaintiffs also

sought assessment of civil penalties and an award of litigation costs and attorney fees. In December 2017, the U.S. District Court issued an Order dismissing the Clean Water Act and RCRA complaints against KU in their entirety. In January 2018, the plaintiffs appealed the dismissal Order to the U.S. Court of Appeals for the Sixth Circuit. In September 2018, the U.S. Court of Appeals for the Sixth Circuit issued its ruling affirming the lower court's decision to dismiss the Clean Water Act claims but reversing its dismissal of the RCRA claims against KU and remanding the latter to the U.S. District Court. In October 2018, KU filed a petition for rehearing to the U.S. Court of Appeals for the Sixth Circuit regarding the RCRA claims. In November 2018, the U.S. Court of Appeals for the Sixth Circuit denied KU's petition for rehearing regarding the RCRA claims. In January 2019, KU filed an answer to plaintiffs' complaint in the U.S. District Court. A trial has been scheduled to begin in February 2021. PPL, LKE and KU cannot predict the outcome of these matters and an estimate or range of possible losses cannot be determined.

KU is undertaking extensive remedial measures at the E.W. Brown plant including closure of the former ash pond, implementation of a groundwater remedial action plan and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. The aquatic study and risk assessment are being undertaken pursuant to a 2017 agreed Order with the Kentucky Energy and Environment Cabinet (KEEC). KU conducted sampling of Herrington Lake in 2017 and 2018. In June 2019, KU submitted to the KEEC the required aquatic study and risk assessment, conducted by an independent third-party consultant, finding that discharges from the E.W. Brown plant have not had any significant impact on Herrington Lake and that the water in the lake is safe for recreational use and meets safe drinking water standards. However, until the KEEC assesses the study and issues any regulatory determinations, PPL, LKE and KU are unable to determine whether additional remedial measures will be required at the E.W. Brown plant.

## Air

### *Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)*

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. Discussions between the EPA and LG&E are ongoing. The parties have entered into a tolling agreement with respect to this matter through July 31, 2020. The parties are conducting negotiations regarding potential settlement of the matter. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any.

## Water/Waste

### *(PPL, LKE, LG&E and KU)*

#### *ELGs*

In 2015, the EPA finalized ELGs for wastewater discharge permits for new and existing steam electricity generating facilities. These guidelines require deployment of additional control technologies providing physical, chemical and biological treatment and mandate operational changes including "no discharge" requirements for certain wastewaters. The implementation date for individual generating stations was to be determined by the states on a case-by-case basis according to criteria provided by the EPA. Legal challenges to the final rule were consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA issued a rule to postpone the compliance date for certain requirements. On November 25, 2019, the EPA issued proposed revisions to its best available technology standards for certain wastewaters. The EPA expects to complete its reconsideration of best available technology standards by the fall of 2020. Upon completion of the ongoing regulatory proceedings, the rule will be implemented by the states in the course of their normal permitting activities. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to predict the outcome of the EPA's pending reconsideration of the rule or fully estimate compliance costs or timing. Additionally, certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Costs to comply with ELGs or other discharge limits are expected to be significant. Certain costs are included in the Registrants' capital plans and are subject to rate recovery. See Note 7 for additional information regarding LG&E's and KU's applications for ECR rate treatment of construction costs relating to regulations addressing ELGs.

## CCRs

In 2015, the EPA issued a final rule governing management of CCRs which include fly ash, bottom ash and sulfur dioxide scrubber wastes. The CCR Rule imposes extensive new requirements for certain CCR impoundments and landfills, including public notifications, location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements, and specifies restrictions relating to the beneficial use of CCRs. Legal challenges to the final rule are pending before the D.C. Circuit Court of Appeals. In July 2018, the EPA issued a final rule extending the deadline for closure of certain impoundments and adopting other substantive changes. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR Rule. In December 2019, the EPA addressed the deficiencies identified by the court and proposed amendments to change the closure deadline to August 31, 2020, but allow certain extensions. EPA has announced that additional amendments to the rule are planned. PPL, LKE, LG&E and KU are unable to predict the outcome of the ongoing litigation and rulemaking or potential impacts on current LG&E and KU compliance plans. The Registrants are currently finalizing closure plans and schedules.

In January 2017, Kentucky issued a new state rule relating to CCR management, effective May 2017, aimed at reflecting the requirements of the federal CCR rule. As a result of a subsequent legal challenge, in January 2018, the Franklin County, Kentucky Circuit Court issued an opinion invalidating certain procedural elements of the rule. LG&E and KU presently operate their facilities under continuing permits authorized under the former program and do not currently anticipate material impacts as a result of the judicial ruling. The Kentucky Energy and Environmental Cabinet has announced it intends to propose new state rules aimed at addressing procedural deficiencies identified by the court and providing the regulatory framework necessary for operation of the state program in lieu of the federal CCR Rule. Associated costs are expected to be subject to rate recovery.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. Since 2017, LG&E and KU have commenced closure of many of the subject impoundments and have completed closure of some of their smaller impoundments. LG&E and KU expect to commence closure of the remaining impoundments no later than August 2020. LG&E and KU generally expect to complete impoundment closures within five years of commencement, although a longer period may be required to complete closure of some facilities. Associated costs are expected to be subject to rate recovery.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 15 for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

## Superfund and Other Remediation

PPL Electric, LG&E and KU are potentially responsible for investigating and remediating contamination under the federal Superfund program and similar state programs. Actions are under way at certain sites including former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated by, or currently owned by predecessors or affiliates of, PPL Electric, LG&E and KU. PPL Electric is potentially responsible for a share of clean-up costs at certain sites including the Columbia Gas Plant site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been and are not expected to be significant to PPL Electric.

As of March 31, 2020 and December 31, 2019, PPL Electric had a recorded liability of \$10 million representing its best estimate of the probable loss incurred to remediate the sites identified above. Depending on the outcome of investigations at identified sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability or range of reasonably possible losses, if any, related to these sites. Such costs, however, are not expected to be significant.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result, individual states may establish stricter standards for water quality and soil cleanup, that

could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of possible losses, if any, related to these matters.

### **Regulatory Issues** *(All Registrants)*

See Note 7 for information on regulatory matters related to utility rate regulation.

### **Electricity - Reliability Standards**

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E and KU monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

### **Other**

#### **Guarantees and Other Assurances**

*(All Registrants)*

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

*(PPL)*

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

*(All Registrants)*

The table below details guarantees provided as of March 31, 2020. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities," for which PPL has a total recorded liability of \$5 million at March 31, 2020 and December 31, 2019. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	Exposure at March 31, 2020	Expiration Date
<b><u>PPL</u></b>		
Indemnifications related to the WPD Midlands acquisition	(a)	
WPD indemnifications for entities in liquidation and sales of assets	\$ 10 (b)	2022
WPD guarantee of pension and other obligations of unconsolidated entities	77 (c)	
<b><u>PPL Electric</u></b>		
Guarantee of inventory value	6 (d)	2020
<b><u>LKE</u></b>		
Indemnification of lease termination and other divestitures	200 (e)	2021
<b><u>LG&amp;E and KU</u></b>		
LG&E and KU obligation of shortfall related to OVEC	(f)	

- (a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.
- (b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

- (c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At March 31, 2020, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.
- (d) A third-party logistics firm provided inventory procurement and fulfillment services, whose contract was terminated as of March 2020. The logistics firm has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold.
- (e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million, exclusive of certain items such as government fines and penalties that may exceed the maximum. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.
- (f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was \$109 million at March 31, 2020, consisting of LG&E's share of \$76 million and KU's share of \$33 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" in Note 13 in PPL's, LKE's, LG&E's and KU's 2019 Form 10-K for additional information on the OVEC power purchase contract.

In March 2018, a sponsor with a 4.85% pro-rata share of OVEC obligations filed for bankruptcy under Chapter 11 and, in August 2018, received a rejection order for the OVEC power purchase contract in the bankruptcy proceeding. In October 2019, the bankruptcy court issued an order confirming the sponsor's proposed reorganization plan. OVEC and other entities are challenging the contract rejection, the bankruptcy plan confirmation and regulatory aspects of the plan in various forums. In December 2019, an appellate court remanded the contract rejection issue and in March 2020 the FERC commenced a related proceeding. The plan was declared effective in February 2020, but certain aspects of the matter are subject to the on-going appellate, bankruptcy and regulatory proceedings, including issues relating to the appropriateness of the rejection of the OVEC power purchase agreement and regulatory appropriateness of the plan's confirmation. Periodically, OVEC and certain of its sponsors, including LG&E and KU, consider certain potential additional credit support actions to preserve OVEC's access to credit markets or mitigate risks or adverse impacts relating thereto, including addressing increased interest costs, establishing or continuing debt reserve accounts or other changes involving OVEC's existing short and long-term debt. The ultimate outcome of these matters, including the sponsor bankruptcy and related appellate or regulatory proceedings, OVEC structural or financial steps relating thereto and any other potential impact on LG&E's and KU's obligations relating to OVEC under the power purchase contract cannot be predicted.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such

guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

#### **Risks and Uncertainties** *(All Registrants)*

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or closures of businesses, schools and governmental agencies, and legislative or regulatory actions to address health or other pandemic-related concerns, all of which have the potential to adversely impact the Registrants' business and operations, especially if these measures remain in effect for a prolonged period of time.

To date, the Registrants have not experienced a significant impact on their business, results of operations, financial condition, liquidity, operations or on their supply chain as a result of COVID-19; however, the duration and severity of the outbreak and its ultimate effects on the global economy, the financial markets, or the Registrants' workforce, customers and suppliers are uncertain. A protracted slowdown of broad sectors of the economy, prolonged or pervasive restrictions on businesses and their workforces, or significant changes in legislation or regulatory policy to address the COVID-19 pandemic all present significant risks to the Registrants. These or other unpredictable events resulting from the pandemic could further reduce customer demand for electricity and gas, impact the Registrants' employees and supply chains, result in an increase in certain costs, delay payments or increase bad debts, or result in changes in the fair value of their assets and liabilities, which could materially and adversely affect the Registrants' business, results of operations, financial condition or liquidity.

#### **Support Costs** *(PPL Electric, LKE, LG&E and KU)*

PPL Services, PPL EU Services and LKS provide PPL, PPL Electric, LKE, their respective subsidiaries, including LG&E and KU, and each other with administrative, management and support services. For all services companies, the costs of directly assignable and attributable services are charged to the respective recipients as direct support costs. General costs that cannot be directly assigned or attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended March 31, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	<b>Three Months</b>	
	<b>2020</b>	<b>2019</b>
PPL Electric from PPL Services	\$ 12	\$ 16
LKE from PPL Services	6	9
PPL Electric from PPL EU Services	41	37
LG&E from LKS	38	38
KU from LKS	41	43

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and KU are reimbursed through LKS.

## Intercompany Borrowings

### *(PPL Electric)*

PPL Energy Funding maintains a \$650 million revolving line of credit with a PPL Electric subsidiary. No balance was outstanding at March 31, 2020 and December 31, 2019. The interest rates on borrowings are equal to one-month LIBOR plus a spread. Interest income is reflected in "Interest Income from Affiliate" on the Income Statements.

### *(LKE)*

LKE maintains a \$375 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. The interest rates on borrowings are equal to one-month LIBOR plus a spread. At March 31, 2020 and December 31, 2019, \$242 million and \$150 million were outstanding and reflected in "Notes payable with affiliates" on the Balance Sheets. The interest rates on the outstanding borrowings at March 31, 2020 and December 31, 2019 were 3.02% and 3.20%. Interest expense on the revolving line of credit was not significant for the three months ended March 31, 2020 and 2019.

LKE maintains an agreement with a PPL affiliate that has a \$300 million borrowing limit whereby LKE can loan funds on a short-term basis at market-based rates. No balance was outstanding at March 31, 2020 and December 31, 2019. The interest rate on the loan is based on the PPL affiliate's credit rating and equal to one-month LIBOR plus a spread.

LKE maintains ten-year notes of \$400 million and \$250 million with a PPL affiliate with interest rates of 3.5% and 4%. At March 31, 2020 and December 31, 2019, the notes were reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on the \$400 million note was \$4 million for the three months ending March 31, 2020 and 2019. Interest expense on the \$250 million note was \$3 million for the three months ending March 31, 2020 and 2019.

### *(LG&E)*

LG&E participates in an intercompany money pool agreement whereby LKE and/or KU make available to LG&E funds up to \$500 million at an interest rate based on a market index of commercial paper issues. At March 31, 2020, LG&E had borrowings outstanding from KU in the amount of \$21 million. This balance is reflected in "Notes payable with affiliates" on the Balance Sheets. No balances were outstanding at December 31, 2019.

### *(KU)*

KU participates in an intercompany money pool agreement whereby LKE and/or LG&E make available to KU funds up to \$500 million at an interest rate based on a market index of commercial paper issues. No balances were outstanding at March 31, 2020 and December 31, 2019.

### **VEBA Funds Receivable** *(PPL Electric)*

In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay medical claims of active bargaining unit employees. Based on PPL Electric's participation in PPL's Other Postretirement Benefit plan, PPL Electric was allocated a portion of the excess funds from PPL Services. These funds have been recorded as an intercompany receivable on PPL Electric's Balance Sheets. The receivable balance decreases as PPL Electric pays incurred medical claims and is reimbursed by PPL Services. The intercompany receivable balance associated with these funds was \$32 million as of March 31, 2020 and December 31, 2019, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$22 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheets.

### **Other** *(PPL Electric, LG&E and KU)*

See Note 9 for discussions regarding intercompany allocations associated with defined benefits.

**13. Fair Value Measurements**

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. See Note 1 in each Registrant's 2019 Form 10-K for information on the levels in the fair value hierarchy.

The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

- (d) Included in "Other noncurrent assets" on the Balance Sheets. Represents cash collateral posted to offset the exposure with counterparties related to certain interest rate swaps under master netting arrangements that are not offset.

**Special Use Funds**

(PPL)

The special use funds are investments restricted for paying active union employee medical costs. In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees. The funds are invested primarily in commingled debt and equity funds measured at NAV and are classified as investments in equity securities. Changes in fair value of the funds are recorded to the Statements of Income.

**Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps**

(PPL, LKE, LG&E and KU)

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency exchange risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

**Financial Instruments Not Recorded at Fair Value (All Registrants)**

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	March 31, 2020		December 31, 2019	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	\$ 21,840	\$ 25,175	\$ 21,893	\$ 25,481
PPL Electric	3,986	4,500	3,985	4,589
LKE	6,003	6,774	6,002	6,766
LG&E	2,005	2,254	2,005	2,278
KU	2,624	2,978	2,623	3,003

(a) Amounts are net of debt issuance costs.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

**14. Derivative Instruments and Hedging Activities**

**Risk Management Objectives**

(All Registrants)

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

## Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

### *Interest Rate Risk*

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. PPL, LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, WPD, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.

### *Foreign Currency Risk (PPL)*

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

*(All Registrants)*

### *Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

### *Volumetric Risk*

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2019 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

### *Equity Securities Price Risk*

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

## Credit Risk

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

### Master Netting Arrangements (*PPL, LKE, LG&E and KU*)

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$29 million and \$14 million obligation to return cash collateral under master netting arrangements at March 31, 2020 and December 31, 2019.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at March 31, 2020 and December 31, 2019.

PPL, LKE and LG&E posted \$1 million of cash collateral under master netting arrangements at March 31, 2020. KU had no obligation to post cash collateral under master netting arrangements at March 31, 2020. PPL, LKE, LG&E and KU had no obligation to post cash collateral under master netting arrangements at December 31, 2019.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

## Interest Rate Risk

*(All Registrants)*

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

### Cash Flow Hedges (*PPL*)

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. At March 31, 2020, PPL held an aggregate notional value in interest rate swap contracts of £105 million (approximately \$134 million based on spot rates) that mature in 2035 to hedge interest payments of WPD's anticipated September 2020 debt issuance.

At March 31, 2020, PPL held an aggregate notional value in cross-currency interest rate swap contracts of \$702 million that range in maturity from 2021 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For the three months ended March 31, 2020 and 2019, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges.

At March 31, 2020, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

**Economic Activity** (PPL, LKE and LG&E)

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At March 31, 2020, LG&E held contracts with a notional amount of \$147 million that range in maturity through 2033.

**Foreign Currency Risk** (PPL)

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

**Net Investment Hedges**

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no contracts outstanding at March 31, 2020.

At March 31, 2020 and December 31, 2019, PPL had \$32 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI.

**Economic Activity**

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At March 31, 2020, the total exposure hedged by PPL was approximately £686 million (approximately \$1.0 billion based on contracted rates). These contracts have termination dates ranging from April 2020 through July 2021.

**Accounting and Reporting**

*(All Registrants)*

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts include certain full requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 7 for amounts recorded in regulatory assets and regulatory liabilities at March 31, 2020 and December 31, 2019.

See Note 1 in each Registrant's 2019 Form 10-K for additional information on accounting policies related to derivative instruments.

(PPL, LKE, LG&E and KU)

**Offsetting Derivative Instruments**

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

### Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At March 31, 2020, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	\$ 6	\$ 2	\$ 2
Aggregate fair value of collateral posted on these derivative instruments	—	—	—
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	6	2	2

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

### 15. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

PPL's, LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 10 for information on the CCR rule. LG&E also has AROs related to natural gas mains and wells. LG&E's and KU's transmission and distribution lines largely operate under perpetual property easement agreements, which do not generally require restoration upon removal of the property. Therefore, no material AROs are recorded for transmission and distribution assets. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU

**Overview**

**Introduction**

*(PPL)*

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky and Virginia; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries are shown below (\* denotes a Registrant).

PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a Registrant. Unaudited annual consolidated financial statements for the U.K. Regulated segment are furnished on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

*(PPL Electric)*

PPL Electric, headquartered in Allentown, Pennsylvania, is a wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

*(LKE)*

LKE, acquired in 2010 and headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name.

*(LG&E)*

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

*(KU)*

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky and Virginia. KU is subject to regulation as a public

utility by the KPSC, the VSCC and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Kentucky customers under the KU name and its Virginia customers under the Old Dominion Power name.

## **Business Strategy**

*(All Registrants)*

PPL operates seven fully regulated, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky, in constructive regulatory jurisdictions with distinct regulatory structures and customer classes. PPL believes this business portfolio positions the company well for continued success and provides earnings and dividend growth potential.

PPL's strategy, and that of the other Registrants, is to deliver best-in-sector operational performance, invest in a sustainable energy future, maintain a strong financial foundation, and engage and develop its people. PPL's business plan is designed to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base in the U.S. and RAV in the U.K. Rate base growth is being driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities.

For the U.S. businesses, central to PPL's strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, and gas supply clause) and recovery on construction work-in-progress that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital expenditures to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms operate to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Because WPD's earnings represent such a significant portion of PPL's consolidated earnings, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Financial and Operational Developments - U.K. Membership in European Union" for additional discussion of the U.K. earnings hedging activity.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which the Registrants operate (U.K., U.S. federal and state). This is supported by a strong culture of integrity and delivering on commitments to customers, regulators and shareowners, and a commitment to continue to improve customer service, reliability and operational efficiency.

## Financial and Operational Developments

### *Outbreak of COVID-19 (All Registrants)*

In recent weeks, the continued spread of COVID-19 has led to global economic disruption and volatility in financial markets. The Registrants have taken significant steps to mitigate the potential spread of COVID-19 to our customers, suppliers and employees. PPL has successfully implemented its company-wide pandemic plan, which guides the emergency response. Business continuity and other precautionary measures have been taken to ensure we can continue to safely provide reliable electricity and gas service to our customers. The Registrants have implemented social distancing measures for all employees including work from home arrangements where possible and continue to implement strong physical and cyber security measures to ensure that systems function effectively to serve operational and remote workforce needs. The Registrants continue to monitor developments affecting their workforces and customers and will take additional actions as appropriate to respond to changing conditions and mitigate the impacts.

This is a rapidly evolving situation that could lead to extended disruption of economic activity in the Registrants' markets for an undetermined period of time. Lock-down or closure of non-essential businesses has occurred in each of the Registrants' service territories, which has resulted in reductions in commercial and industrial demand and an increase in residential demand for electricity service. The financial impact of this net reduction in load was not material to the first quarter financial results. The impact on future periods will depend upon various factors, including the pace and extent to which the Registrants' jurisdictions reopen their economies and community response to the reopening of businesses as well as the extent that businesses continue work from home protocols. We cannot predict these factors and therefore cannot quantify the overall impact COVID-19 will have on our 2020 results of operations.

The Registrants are committed to supporting their customers and communities and have followed federal and state mandates to suspend disconnections for non-payment and new late fees and have worked to reconnect service for customers who had previously been disconnected, where required. Despite suspension of disconnections for non-payment, the Registrants have not experienced a significant reduction of cash receipts and have not adjusted their allowance for uncollectible accounts for potential additional expected credit losses. The Registrants will continue to monitor cash receipts to determine if future increases in their allowance for uncollectible accounts is required.

At March 31, 2020, the Registrants had approximately \$3.1 billion of combined unused credit facility capacity. In addition, PPL Capital Funding, PPL Electric, LG&E and KU may, subject to certain conditions, increase their syndicated credit facilities in an aggregate amount of up to \$1 billion. In addition, in early April 2020, PPL Capital Funding borrowed an additional \$200 million aggregate amount under one and two-year term loan credit facilities and issued \$1 billion in senior notes. Based on these actions the Registrants do not anticipate a significant impact on their financial condition or liquidity, and do not foresee difficulties in accessing the capital markets in the near-term. See Note 8 to the Financial Statements for additional information.

The Registrants have assessed the fair value of their assets and liabilities and no impairment charges were required. See "Goodwill Assessment" below for additional information on the interim goodwill impairment test performed for the U.K. Regulated segment reporting unit in the first quarter of 2020.

PPL's pension plans continue to be well-funded as its liability-driven investment strategy and active management have mitigated investment losses resulting from recent market volatility and significant declines in equity values.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. The COVID-19 outbreak has put additional downward pressure on the GBP to U.S. dollar exchange rate. As of March 31, 2020, PPL's foreign exchange exposure related to budgeted earnings is approximately 86% hedged for 2020 at an average rate of \$1.55 per GBP and approximately 8% hedged for 2021 at an average rate of \$1.32 per GBP. Although PPL cannot predict the impact of COVID-19 on foreign exchange rates, the impact could be significant.

In response to COVID-19, on March 27, 2020, President Donald Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). PPL evaluated the provisions of the CARES Act as of March 31, 2020 and believes there is no significant effect on its financial statements. Certain tax provisions may result in immaterial cash benefits in 2020.

To date, there has been no material impact on the Registrants' business, results of operations, financial condition, liquidity or on their supply chain as a result of COVID-19; however, the ultimate severity or duration of the outbreak or its effects on the global economy, the capital markets, or the Registrants' workforce, contractors, customers and suppliers is uncertain. The

Registrants cannot predict the ultimate impact COVID-19 will have on their financial position, results of operations, cash flows or liquidity.

*Goodwill Assessment (PPL, LKE, LG&E and KU)*

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or closures of businesses, schools and governmental agencies, and legislative or regulatory actions to address health or other pandemic-related concerns, all of which have the potential to adversely impact the Registrants' business and operations, especially if these measures remain in effect for a prolonged period of time. PPL's shares have experienced volatility and a decrease in market value since the outbreak of COVID-19.

PPL, LKE, LG&E and KU considered whether these events would more likely than not reduce the fair value of the Registrants' reporting units below their carrying amounts. Based on our assessment, a quantitative impairment test was not required for the LKE, LG&E and KU reporting units, but was required for the U.K. Regulated segment reporting unit, the allocated goodwill of which was \$2.5 billion at March 31, 2020. The test did not indicate impairment of the reporting unit.

Management used both discounted cash flows and market multiples, including implied RAV premiums, which required significant assumptions, to estimate the fair value of the reporting units. Significant assumptions used in the discounted cash flows include discount and growth rates, the finalization of RHIO-ED2, and projected operating and capital cash flows. Projected operating and capital cash flows are based on the internal business plans, which assume the occurrence of certain future events. Significant assumptions used in the market multiples include sector market performance and comparable transactions.

A high degree of judgment is required to develop estimates related to fair value conclusions. A decrease in the forecasted cash flows of 10%, an increase in the discount rate of 10%, or a 10% decrease in the market multiples would not have resulted in an impairment of goodwill for the U.K. Regulated segment reporting unit.

Although goodwill was not determined to be impaired at March 31, 2020, it is possible that an impairment charge could occur in future periods if PPL's share price or any of the assumptions used in determining fair value of the reporting units are negatively impacted.

*U.K. Corporation Tax Rate Change (PPL)*

The U.K. corporation tax rate was scheduled to reduce from 19% to 17%, effective April 1, 2020. On March 11, 2020, the U.K. Spring Budget 2020 was announced and included a cancellation of the tax rate reduction to 17%. Maintaining the corporation tax rate at 19% for financial years 2020 and 2021 is expected to be included in the Finance Act 2020, which PPL expects will be approved and enacted into law in the third quarter of 2020. The impact of the cancellation of the corporate tax rate reduction, if enacted as proposed, would be an increase in deferred tax liabilities and a corresponding deferred tax cost of approximately \$100 to \$110 million.

*U.S. Tax Reform (All Registrants)*

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including rules relating to limitations on interest deductibility. These proposed regulations were issued in November 2018 and should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in 2020. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

*U.K. Membership in European Union (PPL)*

In March 2017, the U.K. Government invoked Article 50 (Article 50) of the Lisbon Treaty, formally beginning the two-year period for the U.K. to negotiate an agreement specifying the terms of its withdrawal from the European Union (EU), popularly referred to as Brexit. After repeated extensions, in October 2019, the EU agreed to extend the Article 50 process until January

31, 2020. Following an early general election in December 2019, which resulted in a substantial Conservative Party Parliamentary majority, the U.K. and EU Parliaments voted to approve the EU withdrawal agreement negotiated by Prime Minister Boris Johnson.

The U.K. formally left the EU on January 31, 2020, entering a transition period that is scheduled to end on December 31, 2020. During the transition period, the U.K. will seek to negotiate a free trade arrangement with the EU and also negotiate new trade terms with countries outside of the EU. Significant uncertainty continues to surround the outcome of the transition period. PPL believes that its greatest risks relate to any extended period of depressed value of the GBP or the potential further decline in the value of the GBP compared to the U.S. dollar. A decline in the value of the GBP compared to the U.S. dollar will reduce the value of WPD's earnings to PPL.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. As of March 31, 2020, PPL's foreign exchange exposure related to budgeted earnings is approximately 86% hedged for 2020 at an average rate of \$1.55 per GBP and approximately 8% hedged for 2021 at an average rate of \$1.32 per GBP.

PPL cannot predict the impact, in either the short-term or long-term, on foreign exchange rates or PPL's financial condition that may be experienced as a result of the actions taken by the U.K. government to withdraw from the EU, although such impacts could be material.

PPL does not expect the financial condition and results of operations of WPD, itself, to change significantly as a result of Brexit. The regulatory environment and operation of WPD's businesses are not expected to change. RIIO-ED1, the current price control, with allowed revenues agreed with Ofgem runs through March 2023. The impact of a slower economy or recession on WPD would be mitigated in part because U.K. regulation provides that any reduction in the volume of electricity delivered will be recovered in allowed revenues in future periods through the K-factor adjustment. See "Item 1. Business - Segment Information - U.K. Regulated Segment" in PPL's 2019 Form 10-K for additional information on the current price control and K-factor adjustment. In addition, an increase in inflation would have a positive effect on revenues and RAV as annual inflation adjustments are applied to both revenues and RAV (and real returns are earned on inflated RAV). This impact, however, would be partially offset by higher operation and maintenance expenses and interest expense on index-linked debt. With respect to access to financing, WPD has substantial borrowing capacity under existing credit facilities and expects to continue to have access to all major financial markets. With respect to access to and cost of equipment and other materials, WPD management continues to review U.K. government issued advice on preparations for Brexit and has taken actions to mitigate potential increasing costs and disruption to its critical sources of supply. Additionally, less than 1% of WPD's employees are non-U.K. EU nationals and no change in their domicile is expected.

### **Regulatory Requirements**

*(All Registrants)*

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

*(PPL, LKE, LG&E and KU)*

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHG, and ELGs. See Notes 7, 10 and 15 to the Financial Statements for a discussion of these significant environmental matters. These and other stringent environmental requirements led PPL, LKE, LG&E and KU to retire approximately 1,000 MW of coal-fired generating plants in Kentucky since 2015.

*RIIO-2 Framework (PPL)*

In 2018, Ofgem issued its consultation document on the RIIO-2 framework, covering all U.K. gas and electricity transmission and distribution price controls. The current electricity distribution price control, RIIO-ED1, continues through March 31, 2023 and will not be impacted by the RIIO-2 consultation process. Later in 2018, Ofgem published its decision following its RIIO-2 framework consultation after consideration of comments received including those from WPD and PPL.

In August 2019, Ofgem published an open letter seeking views on its proposed sector specific approach on the RIIO-ED2 framework. WPD and PPL provided responses to this open letter. In December 2019, Ofgem published its decision on the RIIO-ED2 framework, thus confirming the following points in its RIIO-2 and RIIO-ED2 framework decision documents:

- RIIO-ED2 will be a five-year price control period, compared to eight years in the current RIIO-ED1 price control.
- CPI or CPIH will be used for inflation measurement in calculating both RAV and allowed returns rather than RPI.
- The baseline allowed return on equity will be set using the same methodology in all RIIO-2 sectors. The new methodology includes; (a) an equity indexation, whereby the allowed return on equity is updated to reflect changes in the risk-free rate, and (b) potentially setting the allowed return 0.5% below the expected return.
- Full debt indexation will be retained.
- The early settlement process (fast tracking) will be removed and replaced with an alternative mechanism to incentivize high-quality, rigorous and ambitious business plans.
- The Totex incentive rate will be based on a confidence level for setting baseline cost allowances.
- A new enhanced engagement model will be introduced requiring distribution companies to set up a customer engagement group to provide Ofgem with a public report of local stakeholders' views on the companies' business plans. Ofgem will also establish an independent RIIO-2 challenge group comprised of consumer experts to provide Ofgem with a public report on companies' business plans.
- There will be no change to the existing depreciation policy of using economic asset lives as the basis for depreciating RAV as part of base revenue calculations. WPD is currently transitioning to 45-year asset lives for new additions in RIIO-ED1 based on Ofgem's extensive review of asset lives in RIIO-ED1.
- A focus of RIIO-2 will be on whole-system outcomes. Ofgem intends network companies and system operators working together to ensure the energy system as a whole is efficient and delivers the best value to consumers. Ofgem is undertaking further work to clarify the definition of whole-system and the appropriate roles of the network companies in supporting this objective. Ofgem is still undecided on how DSO functions are to be treated. Ofgem will include a DSO reopener to reassess progress made in the establishment of DSO activities.

Ofgem will now shift focus to the development of the RIIO-ED2 price control methodology, with the consultation expected to be published by the third quarter of 2020. WPD and PPL continue to be fully engaged in the RIIO-ED2 process. PPL cannot predict the outcome of this process or the long-term impact the final RIIO-ED2 price control will have on its financial condition or results of operations. Any decision for RIIO-ED2 will not be finalized until November 2022. The RIIO-ED2 price control will come into effect on April 1, 2023.

#### **FERC Transmission Rate Filing**

*(PPL, LKE, LG&E and KU)*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application seeks termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. In November 2019, the FERC granted LG&E and KU's and other parties' rehearing requests. Additionally, certain petitions for review of FERC's orders have been filed by multiple parties, including LG&E and KU, at the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of the proceedings. In February 2020, the D.C. Circuit Court of Appeals issued an order holding the various appeals in abeyance pending the FERC's rehearing process. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2020, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement that will take effect in June 2020.

**Rate Case Proceedings**

*(LKE and KU)*

In July 2019, KU filed a request with the VSCC for an increase in annual Virginia base electricity revenues of approximately \$13 million, representing an increase of 18.2%. In January 2020, KU reached a partial settlement agreement including an increase in annual Virginia base electricity revenues of \$9 million effective May 1, 2020, representing an increase of 12.9%. A hearing on the settlement and certain tariff provisions was held in January 2020. On April 6, 2020, the VSCC issued an order approving the settlement and Hearing Examiner tariff provision recommendations.

*(PPL)*

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on PPL's Statements of Income, comparing the three months ended March 31, 2020 with the same period in 2019. The "Segment Earnings" and "Adjusted Gross Margins" discussions for PPL provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis," "Segment Earnings" and "Adjusted Gross Margins" are presented on a constant GBP to U.S. dollar exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant GBP to U.S. dollar exchange rate basis are calculated by translating current year results at the prior year weighted-average GBP to U.S. dollar exchange rate.

*(PPL Electric, LKE, LG&E and KU)*

A "Statement of Income Analysis" is presented separately for PPL Electric, LKE, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three months ended March 31, 2020 with the same period in 2019.

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

- (h) The decrease was primarily due to weather.

**Fuel**

Fuel decreased \$31 million primarily due to a \$13 million decrease in volumes driven by weather, a \$10 million decrease in commodity costs and an \$8 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

(a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results.

## Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the statutory tax rate of the entity where the activity is recorded. Special items may include items such as:

- Unrealized gains or losses on foreign currency economic hedges (as discussed below).
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 14 to the Financial Statements and "Risk Management" below for additional information on foreign currency economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the period ended March 31 were as follows:

	Three Months		
	2020	2019	\$ Change

Earnings from Ongoing Operations	\$ 514	\$ 508	\$ 6

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

### U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and certain acquisition-related financing costs. The U.K. Regulated segment represents 61% of PPL's Net Income for the three months ended March 31, 2020 and 39% of PPL's assets at March 31, 2020.

Net Income and Earnings from Ongoing Operations for the period ended March 31 include the following results.

- Higher other operation and maintenance expense primarily from increases in various costs that were not individually significant in comparison to the prior year.
- Lower other income (expense) - net primarily from lower pension income.

**Kentucky Regulated Segment**

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations conducted by LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 23% of PPL's Net Income for the three months ended March 31, 2020 and 34% of PPL's assets at March 31, 2020.

Net Income and Earnings from Ongoing Operations for the period ended March 31 include the following results.

Kentucky Adjusted Gross Margins	\$ 17
Other operation and maintenance	9
Depreciation	(8)
Taxes, other than income	(1)
Interest Expense	(5)
Income Taxes	(2)
Net Income	\$ 10

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Kentucky Adjusted Gross Margins.
- Lower other operation and maintenance expense primarily from decreases in various costs that were not individually significant in comparison to the prior year.
- Higher depreciation expense primarily due to a \$5 million increase related to higher depreciation rates effective May 1, 2019 and a \$3 million increase related to additional assets placed into service, net of retirements.

#### Pennsylvania Regulated Segment

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 21% of PPL's Net Income for the three months ended March 31, 2020 and 26% of PPL's assets at March 31, 2020.

Net Income and Earnings from Ongoing Operations for the period ended March 31 include the following results.

	Three Months		
	2020	2019	\$ Change

The changes in the components of the Pennsylvania Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Pennsylvania Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months
Pennsylvania Adjusted Gross Margins	\$ (2)
Other operation and maintenance	5
Depreciation	(1)
Taxes, other than income	(1)
Other Income (Expense) - net	(3)
Interest Expense	(2)

Net Income	\$ (3)

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Pennsylvania Adjusted Gross Margins.
- Lower other operation and maintenance expense primarily due to lower storm costs of \$11 million, partially offset by higher project cancellation costs of \$6 million.

**Reconciliation of Earnings from Ongoing Operations**

(a) PPL incurred legal expenses related to litigation with its former affiliate, Talen Montana. See Note 10 to the Financial Statements for additional information.

**Adjusted Gross Margins**

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

- "U.K. Adjusted Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.
- "Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, as well as the Kentucky Regulated segment's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.
- "Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment. In calculating this measure, utility revenues and expenses

associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation," (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income," (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

**Changes in Adjusted Gross Margins**

The following table shows Adjusted Gross Margins by PPL's reportable segment and by component, as applicable, for the period ended March 31 as well as the change between period. The factors that gave rise to the changes are described following the table.

	Three Months		
	2020	2019	\$ Change

Total Pennsylvania Adjusted Gross Margins	\$ 401	\$ 403	\$ (2)

**U.K. Adjusted Gross Margins**

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased primarily due to the April 1, 2019 price increase.

**Kentucky Adjusted Gross Margins**

Kentucky Adjusted Gross Margins increased primarily due to higher retail rates approved by the KPSC of \$49 million, inclusive of the termination of the TCJA bill credit mechanism, partially offset by \$17 million of decreased sales volumes primarily due to weather and a \$14 million decrease due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

**Pennsylvania Adjusted Gross Margins**

Distribution

Distribution Adjusted Gross Margins decreased \$26 million due to lower volumes primarily as a result of warmer weather in 2020, partially offset by \$8 million of returns on additional distribution system improvement capital investments.

*Transmission*

Transmission Adjusted Gross Margins increased primarily due to returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability.

**Reconciliation of Adjusted Gross Margins**

### Operating Activities

The components of the change in cash provided by (used in) operating activities for the three months ended March 31, 2020 compared with 2019 were as follows.

<b>Change - Cash Provided (Used)</b>

#### *(PPL)*

PPL's cash provided by operating activities in 2020 increased \$218 million compared with 2019.

- Net income increased \$88 million between the periods and included a decrease in non-cash charges of \$44 million. The decrease in non-cash charges was primarily due to an increase in unrealized gains on hedging activities, partially offset by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements), an increase in deferred income taxes (due to book versus tax plant timing differences and Federal net operating losses) and a decrease in the U.K. net periodic defined benefit credits (primarily due to higher levels of unrecognized losses being amortized).
- The \$98 million increase in cash from changes in working capital was primarily due to an increase in accounts payable (primarily due to timing of payments), a decrease in accounts receivable (primarily due to timing of receipts) and a decrease in unbilled revenues (primarily due to weather).
- The \$74 million increase in cash provided by other operating activities was primarily due to an increase in non-current regulatory liabilities, an increase in accrued pension obligation and an increase in ARO expenditures.

#### *(PPL Electric)*

PPL Electric's cash provided by operating activities in 2020 increased \$51 million compared with 2019.

- Net income decreased \$3 million between the periods and included an increase in non-cash components of \$29 million. The increase in non-cash components was primarily due to a \$16 million increase in deferred income taxes (due to book versus tax plant timing differences and Federal net operating losses) and a \$10 million increase in other expenses (primarily due to an increase in canceled projects).
- The \$14 million increase in cash from changes in working capital was primarily due to a decrease in unbilled revenues (primarily due to weather) and a decrease in prepayments (primarily due to timing of prepayments including gross

receipt tax and other income tax prepayments), partially offset by a decrease in accounts payable (primarily due to timing of payments).

- The \$11 million increase in cash provided by other operating activities was primarily due to an increase in other liabilities (primarily due to an increase in accrued pension obligations and noncurrent regulatory liabilities).

*(LKE)*

LKE's cash provided by operating activities in 2020 increased \$50 million compared with 2019.

- Net income increased \$11 million between the periods and included an increase in non-cash components of \$18 million. The increase in non-cash components was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by an increase in accounts payable (primarily due to timing of payments), a decrease in accounts receivable (primarily due to weather) and an increase in interest payable (primarily due to higher interest rates and higher outstanding debt) partially offset by a decrease in other current liabilities (primarily due to timing of payments).
- The increase in cash provided by other operating activities was driven primarily by a decrease in ARO expenditures.

*(LG&E)*

LG&E's cash provided by operating activities in 2020 increased \$14 million compared with 2019.

- Net income increased \$9 million between the periods and included a decrease in non-cash components of \$3 million. The decrease in non-cash components was primarily driven by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences) and a decrease in amortization expense (primarily due to amortization of regulatory liabilities beginning May 1, 2019), partially offset by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by an increase in taxes payable (primarily due to timing of payments), an increase in interest payable (primarily due to higher interest rates and higher outstanding debt), partially offset by a decrease in other current liabilities (primarily due to timing of payments) and a decrease in accounts payable (primarily due to timing of payments).

*(KU)*

KU's cash provided by operating activities in 2020 increased \$19 million compared with 2019.

- Net income decreased \$1 million between the periods and included an increase in non-cash charges of \$2 million. The increase in non-cash components was driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements), partially offset by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences).
- The increase in cash from changes in working capital was primarily driven by an increase in accounts payable (primarily due to timing of payments), an increase in taxes payable (primarily due to timing of payments) and a decrease in unbilled revenues (primarily due to weather), partially offset by a decrease in other current liabilities (primarily due to timing of payments) and an increase in net regulatory assets and liabilities (primarily due to the timing of rate recovery mechanisms).
- The increase in cash provided by other operating activities was driven primarily by a decrease in ARO expenditures.

Investing Activities

*(All Registrants)*

The components of the change in cash provided by (used in) investing activities for the three months ended March 31, 2020 compared with 2019 were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Expenditures for PP&E	\$ (97)	\$ (16)	\$ 23	\$ —	\$ 23
Purchase of investments	55	—	—	—	—

Other investing activities	(12)	—	—	—	—
Total	<u>\$ (111)</u>	<u>\$ (16)</u>	<u>\$ 23</u>	<u>\$ —</u>	<u>\$ 2</u>

For PPL, the increase in expenditures for PP&E was due to higher project expenditures at WPD and PPL Electric, partially offset by a decrease in project expenditures at LKE and KU. The increase in expenditures at WPD was primarily due to an increase in expenditures to enhance system reliability and an increase in foreign currency exchange rates. The increase in expenditures at PPL Electric was primarily due to timing differences on capital spending projects related to the ongoing efforts to improve reliability and replace aging infrastructure. The decrease in expenditures at LKE was primarily due to decreased spending for environmental water projects at LG&E and KU's Trimble County plant, LG&E's Mill Creek plant and KU's Ghent plant, partially offset by spending on various other projects at LG&E and KU that are not individually significant.

Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets. At March 31, 2020, the total committed borrowing capacity under credit facilities and the borrowings under these facilities were:

*External*

	Committed Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity
PPL Capital Funding Credit Facilities	\$ 1,700	\$ 825	\$ 180	\$ 695
PPL Electric Credit Facility	650	85	1	564

Total U.K. Credit Facilities (b)	£ 1,055	£ 210	£ —	£ 847

- (a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 12%, PPL Electric - 6%, LKE - 7%, LG&E - 7% and KU - 7%.
- (b) The amounts borrowed at March 31, 2020 were a USD-denominated borrowing of \$200 million and GBP-denominated borrowings of £54 million which equated to \$69 million. The unused capacity reflects the USD denominated borrowing amount borrowed in GBP of £154 million as of the date borrowed. At March 31, 2020, the USD equivalent of unused capacity under the U.K. committed credit facilities was \$1.1 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 13% of the total committed capacity.

See Note 8 to the Financial Statements for further discussion of the Registrants' credit facilities.

*Intercompany (LKE, LG&E and KU)*

	Committed Capacity	Borrowed	Non-affiliate Used Capacity	Unused Capacity
LKE Credit Facility	\$ 375	\$ 242	\$ —	\$ 133
LG&E Money Pool (a)	500	21	159	320
KU Money Pool (a)	500	—	144	356

- (a) LG&E and KU participate in an intercompany money pool agreement whereby LKE, LG&E and/or KU make available funds up to \$500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum aggregate short-term debt limit for each utility at \$500 million from all covered sources.

See Note 11 to the Financial Statements for further discussion of intercompany credit facilities.

Commercial Paper (All Registrants)

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facility. The following commercial paper programs were in place at March 31, 2020:

	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	\$ 1,500	\$ 180	\$ 1,320
PPL Electric	650	—	650
LG&E	350	59	291
KU	350	44	306
Total LKE	700	103	597
Total PPL	\$ 2,850	\$ 283	\$ 2,567

### Long-term Debt (All Registrants)

See Note 8 to the Financial Statements for information regarding the Registrants' long-term debt activities.

(PPL)

### Equity Securities Activities

#### ATM

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program, including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the three months ended March 31, 2020.

### Common Stock Dividends

In February 2020, PPL declared a quarterly common stock dividend, payable April 1, 2020, of 41.50 cents per share (equivalent to \$1.66 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

### Rating Agency Actions

(All Registrants)

Moody's and S&P periodically review the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2020:

(PPL)

In April 2020, Moody's and S&P assigned ratings of Baa2 and BBB+ to PPL Capital Funding's \$1 billion 4.125% Senior Notes due 2030. The bonds were issued April 1, 2020.

### Ratings Triggers

(PPL, LKE, LG&E and KU)

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 14 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at March 31, 2020.

(All Registrants)

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2019 Form 10-K.

## Risk Management

### Market Risk

(All Registrants)

See Notes 13 and 14 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

### Interest Rate Risk

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at March 31, 2020.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through
<b><u>PPL</u></b>				
Cash flow hedges				
Interest rate swaps (c)	\$ 134	\$ (5)	\$ —	2035

Interest rate swaps (d)	147	(29)	—	2033
<b><u>LG&amp;E</u></b>				
Economic hedges				
Interest rate swaps (d)	147	(29)	—	2033

(a) Includes accrued interest, if applicable.

(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.

(c) Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.

(d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at March 31, 2020 was insignificant for

PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at March 31, 2020 is shown below.

	10% Adverse Movement in Rates
PPL	\$ 638
PPL Electric	198
LKE	193
LG&E	84
KU	104

**Foreign Currency Risk (PPL)**

PPL is exposed to foreign currency risk primarily through investments in and earnings of U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at March 31, 2020.

	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through
Economic hedges (b)	£ 686	\$ 190	\$ (67)	2021

- (a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.  
 (b) To economically hedge the translation risk of expected earnings denominated in GBP.

*(All Registrants)*

**Commodity Price Risk**

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

**Volumetric Risk**

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2019 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

**Credit Risk** *(All Registrants)*

See Notes 13 and 14 to the Financial Statements in this Form 10-Q and "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Risk Management - Credit Risk" in the Registrants' 2019 Form 10-K for additional information.

**Foreign Currency Translation** *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of \$63 million for the three months ended March 31, 2020, which primarily reflected a \$108 million decrease to PP&E, a \$20 million decrease to goodwill, partially offset by a \$63 million decrease to long-term debt and a \$2 million decrease to other net liabilities. Changes in this exchange rate resulted in a foreign currency translation gain of \$294 million for the three months ended March 31, 2019, which primarily reflected a \$504 million increase to PP&E and a \$98 million increase to goodwill, partially offset by a \$304 million increase to long-term debt and a \$4 million increase to other net liabilities. The impact of foreign currency translation is recorded in AOCI.

**Related Party Transactions** *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 11 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

**Acquisitions, Development and Divestitures** *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results.

**Environmental Matters**

*(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The costs of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the costs for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See "Environmental Matters" in Item 1. "Business" in the Registrants' 2019 Form 10-K for information about environmental laws and regulations affecting the Registrants' business. See "Legal Matters" in Note 10 to the Financial Statements for a discussion of significant environmental claims. See "Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash - Capital Expenditures" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2019 Form 10-K for information on projected environmental capital expenditures for 2020 through 2024. See Note 15 to the Financial Statements for information related to the impacts of CCRs on AROs.

**New Accounting Guidance** *(All Registrants)*

See Note 2 to the Financial Statements for a discussion of new accounting guidance adopted.

**Application of Critical Accounting Policies** *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2019 Form 10-K for a discussion of each critical accounting policy.

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

**Item 4. Controls and Procedures**

Although the COVID-19 pandemic prompted the Registrants to make certain procedural adjustments to accommodate an increased remote workforce, PPL's accounting and reporting systems and functions were well prepared to perform necessary accounting and reporting activities as of March 31, 2020 and to maintain the effectiveness of its disclosure controls and procedures and internal control over financial reporting.

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of March 31, 2020, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal controls over financial reporting during the Registrants' first fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

For information regarding legal, tax, regulatory, environmental or other administrative proceedings that became reportable events or were pending in the first quarter of 2020 see:

- "Item 3. Legal Proceedings" in each Registrant's 2019 Form 10-K; and
- Notes 6, 7 and 10 to the Financial Statements.

**Item 1A. Risk Factors**

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2019 Form 10-K, except for the following:

*The COVID-19 pandemic and resultant impact on business and economic conditions could negatively affect our business.*

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations

or closures of businesses, schools and governmental agencies, and executive, legislative or regulatory actions to address health or other pandemic-related concerns.

Until COVID-19 is contained or an effective vaccine is identified and widely-available, the COVID-19 virus poses significant risks to the health and welfare of the Registrants' customers, employees, contractors and suppliers, and to the conduct of their business. Mandates to stay at home, shelter in place, or quarantine and resulting lock-down or closures of non-essential businesses could reduce demand for electricity and gas, or cause shifts in demand between residential, commercial and industrial customers that could negatively impact the Registrants' financial condition. Customers experiencing financial strain from unemployment, furloughs, or reduced work hours may not be able to pay their bills on a timely basis, which could negatively impact our liquidity. Continued economic disruption may further depress the GBP to U.S. dollar exchange rate and increase PPL's foreign exchange exposure. New or changing legislation or regulatory orders may unfavorably impact the Registrants or the utility industry generally.

All of these factors have the potential to materially and adversely affect the Registrants' business and operations, especially if they remain in effect for a prolonged period of time. At this time, the Registrants' cannot predict the extent to which these or other pandemic-related factors may affect their business, earnings or other financial results, as it depends on the duration and scope of the outbreak, the measures undertaken in response and other future developments, all of which are highly uncertain. In addition to the factors discussed above, investors should be aware that other COVID-19-related risks may emerge in the future and may prove to be significant. Investors should carefully consider the discussion of COVID-19 related items presented in this Quarterly Report and the risks presented in the Registrants' Annual Report on Form 10-K for 2019, especially to the extent that the COVID-19 pandemic may exacerbate or increase those risks.

#### **Item 4. Mine Safety Disclosures**

Not applicable.

#### **Item 5. Other Information**

**The information below represents an update to "Item 1. Business - Environmental Matters - Water/Waste - Clean Water Act Jurisdiction" in the Registrants' 2019 Form 10-K.**

##### *Clean Water Act Jurisdiction*

Environmental groups and others have claimed that discharges to groundwater from leaking CCR impoundments at power plants are subject to Clean Water Act permitting. A citizen suit raising such claims has been filed against KU with respect to the E.W. Brown plant, as discussed under "Legal Matters" - "E.W. Brown Environmental Claims" in Note 10 to the Financial Statements. On April 12, 2019, the EPA released regulatory clarification finding that Clean Water Act jurisdiction does not cover such discharges to groundwater. On January 23, 2020, the EPA announced a final rule modifying the jurisdictional scope of the Clean Water Act. The announced rule revises the definition of the "Waters of the United States," including a revision to exclude groundwater from the definition. In April 2020, the U.S. Supreme Court issued a ruling that Clean Water Act jurisdiction may apply to certain discharges to groundwater that result in the functional equivalent of a direct discharge to navigable waters. PPL, LKE, LG&E, and KU are unaware of any unpermitted releases from their facilities that are subject to Clean Water Act jurisdiction, but future guidance from the EPA and judicial rulings could potentially subject certain releases from CCR impoundments and landfills to additional permitting and remediation requirements, which could impose substantial costs. If any, associated costs are expected to be subject to rate recovery. PPL, LKE, LG&E and KU are unable to predict the outcome or financial impact of future regulatory proceedings and litigation.

## ARTICLE II THE CREDITS

Section 2.01 The Loans. Each Lender severally agrees, on the terms and conditions set forth in this Agreement, to make Loans denominated in Dollars to the Borrower pursuant to this Section 2.01 on the Effective Date in an aggregate amount not to exceed such Lender's Commitment. Each Borrowing shall be in an aggregate principal amount of \$10,000,000 or any larger integral multiple of \$1,000,000 and shall be made from the several Lenders ratably in proportion to their respective Commitments. Each Lender's Commitment shall expire upon the making of the Loans on the Effective Date. Amounts borrowed under this Section 2.01 and repaid or prepaid may not be reborrowed.

Section 2.02 [Reserved].

Section 2.03 Notice of Borrowings. The Borrower shall give the Administrative Agent notice (substantially in the form of Exhibit A-1 hereto (a "Notice of Borrowing")) not later than (a) 11:30 A.M. (New York City time) on the date of each Base Rate Borrowing and (b) 12:00 Noon (New York City time) on the third Business Day before each Euro-Dollar Borrowing, specifying:

- (i) the date of such Borrowing, which shall be a Business Day;
- (ii) the aggregate amount of such Borrowing;
- (iii) the initial Type of the Loans comprising such Borrowing;
- (iv) in the case of a Euro-Dollar Borrowing, the duration of the initial Interest Period applicable thereto, subject to the provisions of the definition of Interest Period; and
- (v) the account or accounts into which the proceeds of the Borrowing shall be credited.

Notwithstanding the foregoing, no more than six (6) Groups of Euro-Dollar Loans shall be outstanding at any one time, and any Loans which would exceed such limitation shall be made as Base Rate Loans.

Section 2.04 Notice to Lenders; Funding of Loans.

(a) Notice to Lenders. Upon receipt of a Notice of Borrowing, the Administrative Agent shall promptly notify each Lender of such Lender's ratable share (if any) of the Borrowing referred to in the Notice of Borrowing, and such Notice of Borrowing shall not thereafter be revocable by the Borrower.

(b) Funding of Loans. Not later than (a) 1:00 P.M. (New York City time) on the date of each Base Rate Borrowing and (b) 12:00 Noon (New York City time) on the date of each Euro-Dollar Borrowing, each Lender shall make available its ratable share of such Borrowing, in Federal or other funds immediately

available in New York City, to the Administrative Agent at its address referred to in Section 9.01. Unless the Administrative Agent determines that any applicable condition specified in Article IV has not been satisfied, the Administrative Agent shall apply any funds so received in respect of a Borrowing available to the Borrower at the Administrative Agent's address not later than (a) 3:00 P.M. (New York City time) on the date of each Base Rate Borrowing and (b) 2:00 P.M. (New York City time) on the date of each Euro-Dollar Borrowing.

(c) Funding By the Administrative Agent in Anticipation of Amounts Due from the Lenders. Unless the Administrative Agent shall have received notice from a Lender prior to the date of any Borrowing (except in the case of a Base Rate Borrowing, in which case prior to the time of such Borrowing) that such Lender will not make available to the Administrative Agent such Lender's share of such Borrowing, the Administrative Agent may assume that such Lender has made such share available to the Administrative Agent on the date of such Borrowing in accordance with subsection (b) of this Section, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have so made such share available to the Administrative Agent, such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount, together with interest thereon for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent at (i) a rate per annum equal to the higher of the Federal Funds Rate and the interest rate applicable thereto pursuant to Section 2.06, in the case of the Borrower, and (ii) the Federal Funds Rate, in the case of such Lender. Any payment by the Borrower hereunder shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make its share of a Borrowing available to the Administrative Agent. If such Lender shall repay to the Administrative Agent such corresponding amount, such amount so repaid shall constitute such Lender's Loan included in such Borrowing for purposes of this Agreement.

(d) Obligations of Lenders Several. The failure of any Lender to make a Loan required to be made by it as part of any Borrowing hereunder shall not relieve any other Lender of its obligation, if any, hereunder to make any Loan on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Loan to be made by such other Lender on such date of Borrowing.

Section 2.05 Noteless Agreement; Evidence of Indebtedness.

(a) Each Lender shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower to such Lender resulting from each Loan made by such Lender from time to time, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder.

(b) The Administrative Agent shall also maintain accounts in which it will record (i) the amount of each Loan made hereunder, the Type thereof and the Interest Period with respect thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from the Borrower and each Lender's share thereof.

(c) The entries maintained in the accounts maintained pursuant to subsections (a) and (b) above shall be prima facie evidence of the existence and amounts of the Obligations therein recorded; provided, however, that the failure of the Administrative Agent or any Lender to maintain such accounts or any error therein shall not in any manner affect the obligation of the Borrower to repay the Obligations in accordance with their terms.

(d) Any Lender may request that its Loans be evidenced by a Note. In such event, the Borrower shall prepare, execute and deliver to such Lender a Note payable to the order of such Lender. Thereafter, the Loans evidenced by such Note and interest thereon shall at all times (including after any assignment pursuant to Section 9.06(c)) be represented by one or more Notes payable to the order of the payee named therein or any assignee pursuant to Section 9.06(c), except to the extent that any such Lender or assignee subsequently returns any such Note for cancellation and requests that such Loans once again be evidenced as described in subsections (a) and (b) above.

#### Section 2.06 Interest Rates

(a) Interest Rate Options. The Loans shall, at the option of the Borrower and except as otherwise provided herein, be incurred and maintained as, or converted into, one or more Base Rate Loans or Euro-Dollar Loans.

(b) Base Rate Loans. Each Loan which is made as, or converted into, a Base Rate Loan shall bear interest on the outstanding principal amount thereof, for each day from the date such Loan is made as, or converted into, a Base Rate Loan until it becomes due or is converted into a Loan of any other Type, at a rate per annum equal to the sum of the Base Rate for such day plus the Applicable Percentage for Base Rate Loans for such day. Such interest shall, in each case, be payable quarterly in arrears on each Quarterly Date and on the Maturity Date and, with respect to the principal amount of any Base Rate Loan converted to a Euro-Dollar Loan, on the date such Base Rate Loan is so converted. Any overdue principal of or interest on any Base Rate Loan shall bear interest, payable on demand, for each day until paid at a rate per annum equal to the sum of 2% plus the rate otherwise applicable to Base Rate Loans for such day.

(c) Euro-Dollar Loans. Each Euro-Dollar Loan shall bear interest on the outstanding principal amount thereof, for each day during the Interest Period applicable thereto, at a rate per annum equal to the sum of the Adjusted London Interbank Offered Rate for such Interest Period plus the Applicable Percentage for Euro-Dollar Loans for such day. Such interest shall be payable for each Interest Period on the last day thereof and, if such Interest Period is longer than three months, at intervals of three months after the first day thereof. Any overdue principal of or interest on any Euro-Dollar Loan shall bear interest, payable on demand, for each day until paid at a rate per annum equal to the sum of 2% plus the sum of (A) the Adjusted London Interbank Offered Rate applicable to such Loan at the date such payment was due plus (B) the Applicable Percentage for Euro-Dollar Loans for such day (or, if the circumstance described in Section 2.14 shall exist, at a rate per annum equal to the sum of 2% plus the rate applicable to Base Rate Loans for such day).

#### (d) Method of Electing Interest Rates

(i) Subject to Section 2.06(a), the Loans included in each Borrowing shall bear interest initially at the type of rate specified by the Borrower in the applicable Notice of Borrowing. Thereafter, with respect to each Group of Loans, the Borrower shall have the option (A) to convert all or any part of (y) so long as no Default is in existence on the date of conversion, outstanding Base Rate Loans to Euro-Dollar Loans and (z) outstanding Euro-Dollar Loans to Base Rate Loans; provided, in each case, that the amount so converted shall be equal to \$10,000,000 or any larger integral multiple of \$1,000,000, or (B) upon the expiration of any Interest Period applicable to outstanding Euro-Dollar Loans, so long as no Default is in existence on the date of continuation, to continue all or any portion of such Loans, equal to \$10,000,000 and any larger integral multiple of \$1,000,000 in excess of that amount as Euro-Dollar Loans. The Interest Period of any Base Rate Loan converted to a Euro-Dollar Loan pursuant to clause (A) above shall commence on the date of such conversion. The succeeding Interest Period of any Euro-Dollar Loan continued pursuant to clause (B) above shall commence on the last day of the Interest Period of the Loan so continued.

Euro-Dollar Loans may only be converted on the last day of the then current Interest Period applicable thereto or on the date required pursuant to Section 2.18.

(ii) The Borrower shall deliver a written notice of each such conversion or continuation (a "Notice of Conversion/Continuation") to the Administrative Agent no later than (A) 12:00 Noon (New York City time) at least three (3) Business Days before the effective date of the proposed conversion to, or continuation of, a Euro Dollar Loan and (B) 11:30 A.M. (New York City time) on the day of a conversion to a Base Rate Loan. A written Notice of Conversion/Continuation shall be substantially in the form of Exhibit A-2 attached hereto and shall specify: (A) the Group of Loans (or portion thereof) to which such notice applies, (B) the proposed conversion/continuation date (which shall be a Business Day), (C) the aggregate amount of the Loans being converted/continued, (D) an election between the Base Rate and the Adjusted London Interbank Offered Rate and (E) in the case of a conversion to, or a continuation of, Euro-Dollar Loans, the requested Interest Period. Upon receipt of a Notice of Conversion/Continuation, the Administrative Agent shall give each Lender prompt notice of the contents thereof and such Lender's pro rata share of all conversions and continuations requested therein. If no timely Notice of Conversion/Continuation is delivered by the Borrower as to any Euro-Dollar Loan, and such Loan is not repaid by the Borrower at the end of the applicable Interest Period, such Loan shall be converted automatically to a Base Rate Loan on the last day of the then applicable Interest Period.

(e) Determination and Notice of Interest Rates. The Administrative Agent shall determine each interest rate applicable to the Loans hereunder. The Administrative Agent shall give prompt notice to the Borrower and the participating Lenders of each rate of interest so determined, and its determination thereof shall be conclusive in the absence of manifest error. Any notice with respect to Euro-Dollar Loans shall, without the necessity of the Administrative Agent so stating in such notice, be subject to adjustments in the Applicable Percentage applicable to such Loans after the beginning of the Interest Period applicable thereto. When during an Interest Period any event occurs that causes an adjustment in the Applicable Percentage applicable to Loans to which such Interest Period is applicable, the Administrative Agent shall give prompt notice to the Borrower and the Lenders of such event and the adjusted rate of interest so determined for such Loans, and its determination thereof shall be conclusive in the absence of manifest error.

Section 2.07 [Reserved].

Section 2.08 Replacement of Lenders. If (i) any Lender has demanded compensation or indemnification pursuant to Sections 2.14, 2.15, 2.16 or 2.17, (ii) the obligation of any Lender to make Euro-Dollar Loans has been suspended pursuant to Section 2.15 or (iii) any Lender is a Defaulting Lender (each such Lender described in clauses (i), (ii) or (iii) being a "Retiring Lender"), the Borrower shall have the right, if no Default then exists, to replace such Lender with one or more Eligible Assignees (which may be one or more of the Continuing Lenders) (each a "Replacement Lender" and, collectively, the "Replacement Lenders") reasonably acceptable to the Administrative Agent. The replacement of a Retiring Lender pursuant to this Section 2.08 shall be effective on the tenth Business Day (the "Replacement Date") following the date of notice given by the Borrower of such replacement to the Retiring Lender and each Continuing Lender through the Administrative Agent, subject to the satisfaction of the following conditions:

(i) the Replacement Lender shall have satisfied the conditions to assignment and assumption set forth in Section 9.06(c) (with all fees payable pursuant to Section 9.06(c) to be paid by the Borrower) and, in connection therewith, the Replacement Lender(s) shall pay to the Retiring Lender an amount equal in the aggregate to the sum of the principal of, and all accrued but unpaid interest on, all outstanding Loans of the Retiring Lender; and

(ii) the Borrower shall have paid to the Administrative Agent for the account of the Retiring Lender an amount equal to all obligations owing to the Retiring Lender by the Borrower pursuant to this Agreement and the other Loan Documents (other than those obligations of the Borrower referred to in clause (i) above).

On the Replacement Date, each Replacement Lender that is a New Lender shall become a Lender hereunder, and the Retiring Lender shall cease to constitute a Lender hereunder; provided, that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of this Agreement shall continue to inure to the benefit of a Retiring Lender with respect to any Loans made or any other actions taken by such Retiring Lender while it was a Lender.

Upon payment by the Borrower to the Administrative Agent for the account of the Retiring Lender of an amount equal to the sum of (i) the aggregate principal amount of all Loans owed to the Retiring Lender and (ii) all accrued interest, fees and other amounts owing to the Retiring Lender hereunder, including, without limitation, all amounts payable by the Borrower to the Retiring Lender under Sections 2.12, 2.16, 2.17 or 9.03, such Retiring Lender shall cease to constitute a Lender hereunder; provided, that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of this Agreement shall inure to the benefit of a Retiring Lender with respect to any Loans made or any other actions taken by such Retiring Lender while it was a Lender.

#### Section 2.09 Repayment of Loans.

The Loans shall mature on the Maturity Date and the Borrower shall repay to the Administrative Agent, for the ratable account of the Lenders on the Maturity Date, the aggregate principal amount of all Loans made to the Borrower outstanding on such date (together with accrued interest thereon and fees in respect thereof and all other amounts owed with respect to the Obligations hereunder).

#### Section 2.10 Optional Prepayments and Repayments.

(a) Prepayments of Loans. Subject to Section 2.12, the Borrower may (i) upon at least one (1) Business Day's notice to the Administrative Agent, prepay any Base Rate Borrowing or (ii) upon at least three (3) Business Days' notice to the Administrative Agent, prepay any Euro-Dollar Borrowing, in each case in whole at any time, or from time to time in part in amounts aggregating \$10,000,000 or any larger integral multiple of \$1,000,000, by paying the principal amount to be prepaid together with accrued interest thereon to the date of prepayment. Each such optional prepayment shall be applied to prepay ratably the Loans of the several Lenders included in such Borrowing.

(b) Notice to Lenders. Upon receipt of a notice of prepayment pursuant to Section 2.10(a), the Administrative Agent shall promptly notify each Lender of the contents thereof and of such Lender's ratable share (if any) of such prepayment, and such notice shall not thereafter be revocable by the Borrower.

#### Section 2.11 General Provisions as to Payments.

(a) Payments by the Borrower. The Borrower shall make each payment of principal of and interest on the Loans and fees hereunder not later than 12:00 Noon (New York City time) on the date when due, without set-off, counterclaim or other deduction, in Federal or other funds immediately available in New York City, to the Administrative Agent at its address referred to in Section 9.01. The Administrative Agent will promptly distribute to each Lender its ratable share of each such payment received by the Administrative Agent for the account of the Lenders. Whenever any payment of principal of or interest on the Base Rate Loans or of fees shall be due on a day which is not a Business Day, the date for payment thereof shall be extended to the next succeeding Business Day. Whenever any payment of principal of or interest on the Euro-Dollar Loans shall be due on a day which is not a Business Day, the date for payment

thereof shall be extended to the next succeeding Business Day unless such Business Day falls in another calendar month, in which case the date for payment thereof shall be the next preceding Business Day. If the date for any payment of principal is extended by operation of law or otherwise, interest thereon shall be payable for such extended time.

(b) Distributions by the Administrative Agent. Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date, and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the Borrower shall not have so made such payment, each Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate.

Section 2.12 Funding Losses. If the Borrower makes any payment of principal with respect to any Euro-Dollar Loan pursuant to the terms and provisions of this Agreement (any conversion of a Euro-Dollar Loan to a Base Rate Loan pursuant to Section 2.18 being treated as a payment of such Euro-Dollar Loan on the date of conversion for purposes of this Section 2.12) on any day other than the last day of the Interest Period applicable thereto, or the last day of an applicable period fixed pursuant to Section 2.06(c), or if the Borrower fails to borrow, convert or prepay any Euro-Dollar Loan after notice has been given in accordance with the provisions of this Agreement, or in the event of payment in respect of any Euro-Dollar Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.08, the Borrower shall reimburse each Lender within fifteen (15) days after demand for any resulting loss or expense incurred by it (and by an existing Participant in the related Loan), including, without limitation, any loss incurred in obtaining, liquidating or employing deposits from third parties, but excluding loss of margin for the period after any such payment or failure to borrow or prepay; provided, that such Lender shall have delivered to the Borrower a certificate as to the amount of such loss or expense, which certificate shall be conclusive in the absence of manifest error.

Section 2.13 Computation of Interest and Fees. Interest on Loans based on the Prime Rate hereunder shall be computed on the basis of a year of 365 days (or 366 days in a leap year) and paid for the actual number of days elapsed. All other interest and fees shall be computed on the basis of a year of 360 days and paid for the actual number of days elapsed (including the first day but excluding the last day).

Section 2.14 Basis for Determining Interest Rate Inadequate, Unfair or Unavailable.

(a) If on or prior to the first day of any Interest Period for any Euro-Dollar Loan: (i) the Required Lenders advise the Administrative Agent that the Adjusted London Interbank Offered Rate as determined by the Administrative Agent, will not adequately and fairly reflect the cost to such Lenders of funding their Euro-Dollar Loans for such Interest Period; or (ii) subject to Section 2.14(b), the Administrative Agent shall determine that no reasonable means exists for determining the Adjusted London Interbank Offered Rate, the Administrative Agent shall forthwith give notice thereof to the Borrower and the Lenders, whereupon, until the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such suspension no longer exist, (x) the obligations of the Lenders to make Euro-Dollar Loans, or to convert outstanding Loans into Euro-Dollar Loans shall be suspended; and (y) each outstanding Euro-Dollar Loan shall be converted into a Base Rate Loan on the last day of the current Interest Period applicable thereto. Unless the Borrower notifies the Administrative Agent at least two (2) Business Days before the date of (or, if at the time the Borrower receives such notice the day is the date of, or the date immediately preceding, the date of such Euro-Dollar Borrowing, by 10:00 A.M. (New York

City time) on the date of) any Euro-Dollar Borrowing for which a Notice of Borrowing has previously been given that it elects not to borrow on such date (in which case the Borrower shall not be subject to any liability pursuant to Section 2.12 with respect to such election), such Borrowing shall instead be made as a Base Rate Borrowing.

(b) Effect of Benchmark Transition Event.

(i) Benchmark Replacement. Notwithstanding anything to the contrary herein or in any other Loan Document, upon the occurrence of a Benchmark Transition Event or an Early Opt-in Election, as applicable, the Administrative Agent and the Borrower may amend this Agreement to replace LIBOR with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. on the fifth (5th) Business Day after the Administrative Agent has posted such proposed amendment to all Lenders and the Borrower so long as the Administrative Agent has not received, by such time, written notice of objection to such amendment from Lenders comprising the Required Lenders. Any such amendment with respect to an Early Opt-in Election will become effective on the date that Lenders comprising the Required Lenders have delivered to the Administrative Agent written notice that such Required Lenders accept such amendment. No replacement of LIBOR with a Benchmark Replacement pursuant to this Section 2.14(b) will occur prior to the applicable Benchmark Transition Start Date.

(ii) Benchmark Replacement Conforming Changes. In connection with the implementation of a Benchmark Replacement, the Administrative Agent will have the right to make Benchmark Replacement Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of any other party to this Agreement.

Any determination, decision or election that may be made by the Administrative Agent or Lenders pursuant to this Section 2.14(b), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party hereto, except, in each case, as expressly required pursuant to this Section 2.14(b).

(iv) Benchmark Unavailability Period. Upon the Borrower's receipt of notice of the commencement of a Benchmark Unavailability Period, the Borrower may revoke any request for a Eurodollar Borrowing of, conversion to or continuation of Eurodollar Loans to be made, converted or continued during any Benchmark Unavailability Period and, failing that, the Borrower will be deemed to have converted any such request into a request for a Borrowing of or conversion to Base Rate Loans. During any Benchmark Unavailability Period, the component of the Base Rate based upon LIBOR will not be used in any determination of the Base Rate.

Section 2.15 Illegality. If, on or after the date of this Agreement, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the

interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender (or its Euro-Dollar Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for any Lender (or its Euro-Dollar Lending Office) to make, maintain or fund its Euro-Dollar Loans and such Lender shall so notify the Administrative Agent, the Administrative Agent shall forthwith give notice thereof to the other Lenders and the Borrower, whereupon until such Lender notifies the Borrower and the Administrative Agent that the circumstances giving rise to such suspension no longer exist, the obligation of such Lender to make Euro-Dollar Loans, or to convert outstanding Loans into Euro-Dollar Loans, shall be suspended. Before giving any notice to the Administrative Agent pursuant to this Section, such Lender shall designate a different Euro-Dollar Lending Office if such designation will avoid the need for giving such notice and will not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. If such notice is given, each Euro-Dollar Loan of such Lender then outstanding shall be converted to a Base Rate Loan either (a) on the last day of the then current Interest Period applicable to such Euro-Dollar Loan if such Lender may lawfully continue to maintain and fund such Loan to such day or (b) immediately if such Lender shall determine that it may not lawfully continue to maintain and fund such Loan to such day.

#### Section 2.16 Increased Cost and Reduced Return.

(a) Increased Costs. If after the Effective Date, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender (or its Applicable Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall (i) impose, modify or deem applicable any reserve (including, without limitation, any such requirement imposed by the Board of Governors of the Federal Reserve System), special deposit, insurance assessment or similar requirement against Loans participated in by, assets of, deposits with or for the account of or credit extended by, any Lender (or its Applicable Lending Office), (ii) subject any Lender to any tax of any kind whatsoever with respect to this Agreement, any participation in any Loan made by it, or change the basis of taxation of payments to such Lender in respect thereof (other than (A) Taxes, (B) Other Taxes, (C) the imposition of, or any change in the rate of, any taxes described in clause (i)(a) and clauses (ii) through (iv) of the definition of Taxes in Section 2.17(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's failure to comply with Section 2.17(e)) or (iii) impose on any Lender (or its Applicable Lending Office) or on the United States market for certificates of deposit or the London interbank market any other condition affecting its Euro-Dollar Loans, Notes, obligation to make Euro-Dollar Loans, and the result of any of the foregoing is to increase the cost to such Lender (or its Applicable Lending Office) of making or maintaining any Euro-Dollar Loan, or to reduce the amount of any sum received or receivable by such Lender (or its Applicable Lending Office) under this Agreement or under its Notes with respect thereto, then, within fifteen (15) days after demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts, as determined by such Lender in good faith, as will compensate such Lender for such increased cost or reduction, solely to the extent that any such additional amounts were incurred by the Lender within ninety (90) days of such demand.

(b) Capital Adequacy. If any Lender shall have determined that, after the Effective Date, the adoption of any applicable law, rule or regulation regarding capital adequacy or liquidity, or any change in any such law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on capital of such Lender (or any Person controlling such Lender) as a

consequence of such Lender's obligations hereunder to a level below that which such Lender (or any Person controlling such Lender) could have achieved but for such adoption, change, request or directive (taking into consideration its policies with respect to capital adequacy), then from time to time, within fifteen (15) days after demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts as will compensate such Lender (or any Person controlling such Lender) for such reduction, solely to the extent that any such additional amounts were incurred by the Lender within ninety (90) days of such demand.

(c) Notices. Each Lender will promptly notify the Borrower and the Administrative Agent of any event of which it has knowledge, occurring after the Effective Date, that will entitle such Lender to compensation pursuant to this Section and will designate a different Applicable Lending Office if such designation will avoid the need for, or reduce the amount of, such compensation and will not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. A certificate of any Lender claiming compensation under this Section and setting forth in reasonable detail the additional amount or amounts to be paid to it hereunder shall be conclusive in the absence of manifest error. In determining such amount, such Lender may use any reasonable averaging and attribution methods.

(d) Notwithstanding anything to the contrary herein, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a "change in law" under this Article II regardless of the date enacted, adopted or issued.

#### Section 2.17 Taxes.

(a) Payments Net of Certain Taxes. Any and all payments made by or on account of any Loan Party to or for the account of any Lender or the Administrative Agent hereunder or under any other Loan Document shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, charges and withholdings and all liabilities with respect thereto, excluding: (i) taxes imposed on or measured by the net income (including branch profits or similar taxes) of, and gross receipts, franchise or similar taxes imposed on, the Administrative Agent or any Lender (a) by the jurisdiction (or subdivision thereof) under the laws of which such Lender or Administrative Agent is organized or in which its principal office is located or, in the case of each Lender, in which its Applicable Lending Office is located or (b) that are Other Connection Taxes, (ii) in the case of each Lender, any United States withholding tax imposed on such payments, but only to the extent that such Lender is subject to United States withholding tax at the time such Lender first becomes a party to this Agreement or changes its Applicable Lending Office (other than pursuant to an assignment request by any Loan Party under Section 2.08), (iii) any backup withholding tax imposed by the United States (or any state or locality thereof) on a Lender or Administrative Agent, and (iv) any taxes imposed by FATCA (all such nonexcluded taxes, duties, levies, imposts, deductions, charges, withholdings and liabilities being hereinafter referred to as "Taxes"). If any Loan Party shall be required by law to deduct any Taxes from or in respect of any sum payable hereunder or under any other Loan Document to any Lender or the Administrative Agent, (i) the sum payable shall be increased as necessary so that after making all such required deductions (including deductions applicable to additional sums payable under this Section 2.17(a)) such Lender or the Administrative Agent (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such Loan Party shall make such deductions, (iii) such Loan Party shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable law and (iv) such Loan Party shall furnish to the Administrative Agent, for delivery to such Lender, the original or a certified copy of a receipt evidencing payment thereof.

(b) Other Taxes. In addition, each Loan Party agrees to pay any and all present or future stamp or court or documentary taxes and any other excise or property taxes, or similar charges or levies, which arise from any payment made pursuant to this Agreement, any Note or any other Loan Document or from the execution, delivery, performance, registration or enforcement of, or otherwise with respect to, this Agreement, any Note or any other Loan Document (collectively, "Other Taxes").

(c) Indemnification. Each Loan Party agrees to jointly and severally indemnify each Lender and the Administrative Agent for the full amount of Taxes and Other Taxes (including, without limitation, any Taxes or Other Taxes imposed or asserted by any jurisdiction on amounts payable under this Section 2.17(c)), whether or not correctly or legally asserted, paid by such Lender or Agent (as the case may be) and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto as certified in good faith to the Borrower by each Lender or Agent seeking indemnification pursuant to this Section 2.17(c). This indemnification shall be paid within 15 days after such Lender or Agent (as the case may be) makes demand therefor.

(d) Refunds or Credits. If a Lender or the Administrative Agent receives a refund, credit or other reduction from a taxation authority for any Taxes or Other Taxes for which it has been indemnified by any Loan Party or with respect to which any Loan Party has paid additional amounts pursuant to this Section 2.17, it shall within fifteen (15) days from the date of such receipt pay over the amount of such refund, credit or other reduction to the Borrower (but only to the extent of indemnity payments made or additional amounts paid by the Loan Parties under this Section 2.17 with respect to the Taxes or Other Taxes giving rise to such refund, credit or other reduction), net of all reasonable out-of-pocket expenses of such Lender or the Administrative Agent (as the case may be) and without interest (other than interest paid by the relevant taxation authority with respect to such refund, credit or other reduction); provided, however, that each Loan Party agrees to repay, upon the request of such Lender or the Administrative Agent (as the case may be), the amount paid over to the Borrower (plus penalties, interest or other charges) to such Lender or the Administrative Agent in the event such Lender or the Administrative Agent is required to repay such refund or credit to such taxation authority.

(e) Tax Forms and Certificates. On or before the date it becomes a party to this Agreement, from time to time thereafter if reasonably requested by the Borrower or the Administrative Agent, and at any time it changes its Applicable Lending Office: (i) each Lender that is a "United States person" within the meaning of Section 7701(a)(30) of the Internal Revenue Code shall deliver to the Borrower and the Administrative Agent two (2) properly completed and duly executed copies of Internal Revenue Service Form W-9, or any successor form prescribed by the Internal Revenue Service, or such other documentation or information prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent, as the case may be, certifying that such Lender is a United States person and is entitled to an exemption from United States backup withholding tax or information reporting requirements; and (ii) each Lender that is not a "United States person" within the meaning of Section 7701(a)(30) of the Internal Revenue Code (a "Non-U.S. Lender") shall deliver to the Borrower and the Administrative Agent: (A) two (2) properly completed and duly executed copies of Internal Revenue Service Form W-8BEN or W-8BEN-E, or any successor form prescribed by the Internal Revenue Service, (x) certifying that such Non-U.S. Lender is entitled to the benefits under an income tax treaty to which the United States is a party which exempts the Non-U.S. Lender from United States withholding tax or reduces the rate of withholding tax on payments of interest for the account of such Non-U.S. Lender and (y) with respect to any other applicable payments under or entered into in connection with any Loan Document establishing an exemption from, or reduction of, United States withholding tax pursuant to the "business profits" or "other income" article of such tax treaty; (B) two (2) properly completed and duly executed copies of Internal Revenue Service Form W-8ECI, or any successor form prescribed by the Internal Revenue Service, certifying that the income receivable pursuant to this Agreement and the other Loan Documents is effectively connected with the conduct of a trade or business in the United States; (C) in the case of a Non-U.S. Lender claiming the

reasonable efforts (consistent with legal and regulatory restrictions) to deliver to Borrower any certificate or document reasonably requested in writing by the Borrower or to change the jurisdiction of its Applicable Lending Office if the making of such a filing or change would avoid the need for or reduce the amount of any such indemnity payment or additional amounts that may thereafter accrue and would not, in the sole determination of such Lender, be otherwise disadvantageous to such Lender.

(h) Confidentiality. Nothing contained in this Section shall require any Lender or the Administrative Agent to make available any of its tax returns (or any other information that it deems to be confidential or proprietary).

Section 2.18 Base Rate Loans Substituted for Affected Euro-Dollar Loans. If (a) the obligation of any Lender to make or maintain, or to convert outstanding Loans to, Euro-Dollar Loans has been suspended pursuant to Section 2.15 or (b) any Lender has demanded compensation under Section 2.16(a) with respect to its Euro-Dollar Loans and, in any such case, the Borrower shall, by at least four Business Days' prior notice to such Lender through the Administrative Agent, have elected that the provisions of this Section shall apply to such Lender, then, unless and until such Lender notifies the Borrower that the circumstances giving rise to such suspension or demand for compensation no longer apply:

(i) all Loans which would otherwise be made by such Lender as (or continued as or converted into) Euro-Dollar Loans shall instead be Base Rate Loans (on which interest and principal shall be payable contemporaneously with the related Euro-Dollar Loans of the other Lenders); and

(ii) after each of its Euro-Dollar Loans has been repaid, all payments of principal that would otherwise be applied to repay such Loans shall instead be applied to repay its Base Rate Loans.

If such Lender notifies the Borrower that the circumstances giving rise to such notice no longer apply, the principal amount of each such Base Rate Loan shall be converted into a Euro-Dollar Loan on the first day of the next succeeding Interest Period applicable to the related Euro-Dollar Loans of the other Lenders.

Section 5.03 Legality; Etc. This Agreement and each other Loan Document (other than the Notes) to which such Loan Party is a party constitute the legal, valid and binding obligations of such Loan Party, and the Notes, when executed and delivered in accordance with this Agreement, will constitute legal, valid and binding obligations of the Borrower, in each case enforceable against the Borrower in accordance with their terms except to the extent limited by (a) bankruptcy, insolvency, fraudulent conveyance or reorganization laws or by other similar laws relating to or affecting the enforceability of creditors' rights generally and by general equitable principles which may limit the right to obtain equitable remedies regardless of whether enforcement is considered in a proceeding of law or equity or (b) any applicable public policy on enforceability of provisions relating to contribution and indemnification.

Section 5.08 Governmental Approvals. Section 5.11 Compliance with Laws.

(a) To the knowledge of the Guarantor, the Guarantor and its Material Subsidiaries are in compliance with all applicable laws, regulations and orders of any Governmental Authority, domestic or foreign, in respect of the conduct of their respective businesses and the ownership of their respective property (including, without limitation, compliance with all applicable ERISA and Environmental Laws and the requirements of any permits issued under such Environmental Laws), except to the extent (i) such compliance is being contested in good faith by appropriate proceedings or (ii) non-compliance would not reasonably be expected to materially and adversely affect the ability of the Loan Parties to perform any of their respective obligations under this Agreement, the Notes or any other Loan Document to which they are a party.

(b) To the knowledge of the Borrower, the Borrower is in compliance with all applicable laws, regulations and orders of any Governmental Authority, domestic or foreign, in respect of the conduct of its business, except to the extent (i) such compliance is being contested in good faith by appropriate proceedings or (ii) non-compliance would not reasonably be expected to materially and adversely affect the ability of the Borrower to perform any of its obligations under this Agreement, the Notes or any other Loan Document to which it is a party.

Section 5.13 Environmental Matters.

(a) Except (x) as disclosed in or contemplated by the Guarantor's Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2019, or in any subsequent report of the Guarantor filed with the SEC on a Form 10-K, 10-Q or 8-K Report, or otherwise furnished in writing to the Administrative Agent and each Lender, or (y) to the extent that the liabilities of the Guarantor and its Subsidiaries, taken as a whole, that relate to or could reasonably be expected to result from the matters referred to in clauses (i) through (iii) below of this Section 5.13(a), inclusive, would not reasonably be expected to result in a Material Adverse Effect:

(ii) to the Guarantor's or any of its Subsidiaries' knowledge, no Hazardous Substance has been released (and no written notification of such release has been filed) (whether or not in a reportable or threshold planning quantity) at, in, from, on or under any property now or previously owned, leased or operated by the Guarantor or any of its Subsidiaries; and

(iii) no property now or previously owned, leased or operated by the Guarantor or any of its Subsidiaries or, to the Guarantor's or any of its Subsidiaries' knowledge, any property to which the Guarantor or any of its Subsidiaries has, directly or indirectly, transported or arranged

(c) For purposes of this Section 5.13, the terms "the Guarantor" and "Subsidiary" shall include any business or business entity (including a corporation) which is a predecessor, in whole or in part, of the Guarantor or any of its Subsidiaries from the time such business or business entity became a Subsidiary of the Guarantor.

(b) Each of the Guarantor's Material Subsidiaries is duly organized or incorporated and validly existing under the laws of the jurisdiction or jurisdictions of its organization or incorporation, as applicable.

Section 5.15 OFAC. None of the Borrower, the Guarantor any Subsidiary of the Guarantor, nor, to the knowledge of the Guarantor or the Borrower, any director, officer, or Affiliate of the Borrower, the Guarantor or any of its Subsidiaries: (i) is a Sanctioned Person, (ii) has more than 10% of its assets in Sanctioned Persons or in Sanctioned Countries, or (iii) derives more than 10% of its operating income from investments in, or transactions with Sanctioned Persons or Sanctioned Countries. No part of the proceeds of the Loans will be used, directly or indirectly, for any payments to any governmental official or employee, political party, official of a political party, candidate for political office, or anyone else acting in an official capacity in violation of the FCPA or any other applicable anti-corruption law.

Section 6.01 Information. The Loan Parties will deliver or cause to be delivered to each of the Lenders (it being understood that the posting of the information required in clauses (a), (b) and (f) of this Section 6.01 on the Borrower's website or the Guarantor's website (<http://www.pplweb.com>) or making such information available on IntraLinks, SyndTrak (or similar service) shall be deemed to be effective delivery to the Lenders):

Each Loan Party hereby agrees that it will use commercially reasonable efforts to identify that portion of the Borrower Materials that may be distributed to the Public Lenders and that (w) all such Borrower Materials shall be clearly and conspicuously marked "PUBLIC" which, at a minimum, shall mean that the word "PUBLIC" shall appear prominently on the first page thereof; (x) by marking Borrower Materials "PUBLIC," the Borrower shall be deemed to have authorized the Administrative Agent and the Lenders to treat such Borrower Materials as not containing any material non-public information (although it may be sensitive and proprietary) with respect to any Loan Party or its securities for purposes of United States Federal and state securities laws (provided, however, that to the extent such Borrower Materials constitute Information (as defined below), they shall be treated as set forth in Section 9.12); (y) all Borrower Materials marked "PUBLIC" are permitted to be made available through a portion of the Platform designated "Public Investor;" and (z) the Administrative Agent shall be entitled to treat any Borrower Materials that are not marked "PUBLIC" as being suitable only for posting (subject to Section 9.12) on a portion of the Platform not designated "Public Investor." by the Guarantor or any of its Subsidiaries; provided that, in the case of information received from the Guarantor or any of its Subsidiaries after the Effective Date, such information is clearly identified at the time of delivery as confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

Each Loan Party will (a) continue to engage in businesses of the same general type as now conducted by such Loan Party and, in the case of the Guarantor, its Subsidiaries and businesses related thereto or arising out of such businesses, except to the extent that the failure to maintain any existing business would not have a Material Adverse Effect and (b) except as otherwise permitted in Section 6.07, preserve, renew and keep in full force and effect, and will cause each of its Subsidiaries to preserve, renew and keep in full force and effect, their respective corporate (or other entity) existence and their respective rights, privileges and franchises necessary or material to the normal conduct of business, except, in each case, where the failure to do so could not reasonably be expected to have a Material Adverse Effect.

Section 6.04 Compliance with Laws, Etc. Each Loan Party will comply with all applicable laws, regulations and orders of any Governmental Authority, domestic or foreign, in respect of the conduct of its business and the ownership of its property (including, without limitation, compliance with all applicable ERISA and Environmental Laws and the requirements of any permits issued under such Environmental Laws), except to the extent (a) such compliance is being contested in good faith by appropriate proceedings or (b) noncompliance could not reasonably be expected to have a Material Adverse Effect.

Section 6.06 Use of Proceeds. The proceeds of the Loans made under this Agreement will be used by the Borrower for general corporate purposes of the Borrower and its Affiliates, including for working capital purposes and for making investments in or loans to the Guarantor and Affiliates of the Loan Parties. No such use of the proceeds for general corporate purposes will be, directly or indirectly, for the purpose, whether immediate, incidental or ultimate, of buying or carrying any Margin Stock within the meaning of Regulation U. The proceeds of any Loan will not be used, directly or indirectly, to fund any activities or business of or with any Sanctioned Person, or in any Sanctioned Country.

Section 6.07 Merger or Consolidation. No Loan Party will merge with or into or consolidate with or into any other corporation or entity, unless (a) immediately after giving effect thereto, no event shall

occur and be continuing which constitutes a Default, (b) the surviving or resulting Person, as the case may be, assumes and agrees in writing to pay and perform all of the obligations of such Loan Party under this Agreement, (c) in the case of the Guarantor, substantially all of the consolidated assets and consolidated revenues of the surviving or resulting Person, as the case may be, are anticipated to come from the utility or energy businesses and (d) in the case of the Borrower, the senior unsecured long-term debt ratings (without giving effect to any third party credit enhancement except for a guaranty of the Guarantor or a permitted successor) from both Rating Agencies of the surviving or resulting Person, as the case may be, immediately following the merger or consolidation is equal to or greater than the Borrower's Ratings from both Rating Agencies immediately preceding the announcement of such consolidation or merger.

Section 6.08 Asset Sales. Except for the sale of assets required to be sold to conform with governmental requirements, the Guarantor and its Material Subsidiaries shall not consummate any Asset Sale, if the aggregate net book value of all such Asset Sales consummated during the four calendar quarters immediately preceding any date of determination would exceed 25% of the total assets of the Guarantor and its Consolidated Subsidiaries as of the beginning of the Guarantor's most recently ended full fiscal quarter; provided, however, that any such Asset Sale will be disregarded for purposes of the 25% limitation specified above: (a) if any such Asset Sale is in the ordinary course of business of the Guarantor and its Subsidiaries; (b) if the assets subject to any such Asset Sale are worn out or are no longer useful or necessary in connection with the operation of the businesses of the Guarantor or its Subsidiaries; (c) if the assets subject to any such Asset Sale are being transferred to a Wholly Owned Subsidiary of the Guarantor; (d) if the proceeds from any such Asset Sale (i) are, within twelve (12) months of such Asset Sale, invested or reinvested by the Guarantor or any Subsidiary in a Permitted Business, (ii) are used by the Guarantor or any Subsidiary to repay Debt of the Guarantor or such Subsidiary, or (iii) are retained by the Guarantor or any Subsidiary; or (e) if, prior to any such Asset Sale, both Rating Agencies confirm the then-current Borrower's Ratings after giving effect to any such Asset Sale.

## ARTICLE VIII THE ADMINISTRATIVE AGENT

Section 8.01 Appointment and Authorization. Each Lender hereby irrevocably designates and appoints the Administrative Agent to act as specified herein and in the other Loan Documents and to take such actions on its behalf under the provisions of this Agreement and the other Loan Documents and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. The Administrative Agent agrees to act as such upon the express conditions contained in this Article VIII. Notwithstanding any provision to the contrary elsewhere in this Agreement or in any other Loan Document, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein or in the other Loan Documents, or any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or otherwise exist against the Administrative Agent. The provisions of this Article VIII are solely for the benefit of the Administrative Agent and Lenders, and no other Person shall have any rights as a third party beneficiary of any of the provisions hereof. For the sake of clarity, the Lenders hereby agree that no Agent other than the Administrative Agent shall have, in such capacity, any duties or powers with respect to this Agreement or the other Loan Documents.

Section 8.02 Individual Capacity. The Administrative Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower, Guarantor and its Affiliates as though the Administrative Agent were not an Agent. With respect to the Loans made by it and all obligations owing to it, the Administrative Agent shall have the same rights and powers under this Agreement as any Lender and may exercise the same as though it were not an Agent, and the terms "Required Lenders", "Lender" and "Lenders" shall include the Administrative Agent in its individual capacity.

Section 8.03 Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement or any other Loan Document by or through agents or attorneys-in-fact. The Administrative Agent shall not be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care except to the extent otherwise required by Section 8.07.

Section 8.04 Reliance by the Administrative Agent. The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any note, writing, resolution, notice, consent, certificate, affidavit, letter, teletype or other electronic facsimile transmission, telex, telegram, cable, teletype, electronic transmission by modem, computer disk or any other message, statement, order or other writing or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including, without limitation, counsel to the Loan Parties), independent accountants and other experts selected by the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders, or all of the Lenders, if applicable, as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders or all of the Lenders, if applicable, and such request and any action taken or failure to act pursuant thereto shall be binding upon all of the Lenders.

Section 8.05 Notice of Default. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default hereunder unless the Administrative Agent has received notice from a Lender or a Loan Party referring to this Agreement, describing such Default and stating that such notice is a "notice of default". If the Administrative Agent receives such a notice, the Administrative Agent shall give prompt notice thereof to the Lenders. The Administrative Agent shall take such action with respect to such Default as shall be reasonably directed by the Required Lenders; provided, that, unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default as it shall deem advisable in the best interests of the Lenders.

Section 8.06 Non-Reliance on the Administrative Agent and Other Lenders. Each Lender expressly acknowledges that no Agent or officer, director, employee, agent, attorney-in-fact or affiliate of the Administrative Agent has made any representations or warranties to it and that no act by the Administrative Agent hereafter taken, including any review of the affairs of the Loan Parties, shall be deemed to constitute any representation or warranty by such Agent to any Lender. Each Lender acknowledges to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, assets, operations, property, financial and other condition, prospects and creditworthiness of the Loan Parties and made its own decision to make its Loans hereunder and to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement, and to make such investigation as it deems necessary to inform itself as to the business, assets, operations, property, financial and other condition, prospects and creditworthiness of the Loan Parties. No Agent shall have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, assets, property, financial and other condition, prospects or creditworthiness of the Loan Parties which may come into the possession of such Agent or any of its officers, directors, employees, agents, attorneys-in-fact or affiliates.

Section 8.07 Exculpatory Provisions. The Administrative Agent shall not, and no officers, directors, employees, agents, attorneys-in-fact or affiliates of the Administrative Agent, shall (i) be liable for any action lawfully taken or omitted to be taken by it under or in connection with this Agreement or any other Loan Document (except for its own gross negligence, willful misconduct or bad faith) or (ii) be responsible in any manner to any of the Lenders for any recitals, statements, representations or warranties

made by each Loan Party or any of its officers contained in this Agreement, in any other Loan Document or in any certificate, report, statement or other document referred to or provided for in, or received by the Administrative Agent under or in connection with, this Agreement or any other Loan Document or for any failure of any Loan Party or any of its officers to perform its obligations hereunder or thereunder. The Administrative Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of the Loan Parties. The Administrative Agent shall not be responsible to any Lender for the effectiveness, genuineness, validity, enforceability, collectibility or sufficiency of this Agreement or any other Loan Document or for any representations, warranties, recitals or statements made by any other Person herein or therein or made by any other Person in any written or oral statement or in any financial or other statements, instruments, reports, certificates or any other documents in connection herewith or therewith furnished or made by the Administrative Agent to the Lenders or by or on behalf of any Loan Party to the Administrative Agent or any Lender or be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained herein or therein or as to the use of the proceeds of the Loans or of the existence or possible existence of any Default.

**Section 8.08 Indemnification.** To the extent that the Loan Parties, as applicable, for any reason fails to indefeasibly pay any amount required under Sections 9.03(a), (b) or (c) to be paid by it to the Administrative Agent (or any sub-agent thereof), the Lenders severally agree to indemnify the Administrative Agent, in its capacity as such, and hold the Administrative Agent, in its capacity as such, harmless ratably according to their respective Loans outstanding from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and reasonable expenses or disbursements of any kind whatsoever which may at any time (including, without limitation, at any time following the full payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against the Administrative Agent, in its capacity as such, in any way relating to or arising out of this Agreement or any other Loan Document, or any documents contemplated hereby or referred to herein or the transactions contemplated hereby or any action taken or omitted to be taken by the Administrative Agent under or in connection with any of the foregoing, but only to the extent that any of the foregoing is not paid by the Loan Parties; provided, that no Lender shall be liable to the Administrative Agent for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs or expenses or disbursements resulting from the gross negligence, willful misconduct or bad faith of the Administrative Agent. If any indemnity furnished to the Administrative Agent for any purpose shall, in the reasonable opinion of the Administrative Agent, be insufficient or become impaired, the Administrative Agent may call for additional indemnity and cease, or not commence, to do the acts indemnified against until such additional indemnity is furnished. The agreement in this Section 8.08 shall survive the payment of all Loans, fees and other obligations of the Borrower arising hereunder.

**Section 8.09 Resignation; Successors.** The Administrative Agent may resign as Administrative Agent upon twenty (20) days' notice to the Lenders. Upon the resignation of the Administrative Agent, the Required Lenders shall have the right to appoint from among the Lenders a successor to the Administrative Agent, subject to prior approval by the Borrower (so long as no Event of Default exists) (such approval not to be unreasonably withheld), whereupon such successor Administrative Agent shall succeed to and become vested with all the rights, powers and duties of the retiring Administrative Agent, and the term "Administrative Agent" shall include such successor Administrative Agent effective upon its appointment, and the retiring Administrative Agent's rights, powers and duties as Administrative Agent shall be terminated, without any other or further act or deed on the part of such former Administrative Agent or any of the parties to this Agreement or any other Loan Document. If no successor shall have been appointed by the Required Lenders and approved by the Borrower and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may at its election give notice to the Lenders and Loan Parties of the immediate

effectiveness of its resignation and such resignation shall thereupon become effective and the Lenders collectively shall perform all of the duties of the Administrative Agent hereunder and under the other Loan Documents until such time, if any, as the Required Lenders appoint a successor agent as provided for above. After the retiring Administrative Agent's resignation hereunder as Administrative Agent, the provisions of this Article VIII shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement or any other Loan Document.

Section 9.03 Expenses; Indemnification.

(a) Expenses. The Borrower shall pay (i) all out-of-pocket expenses of the Administrative Agent, including legal fees and disbursements of Davis Polk & Wardwell LLP and any other local counsel retained by the Administrative Agent, in its reasonable discretion, in connection with the preparation, execution, delivery and administration of the Loan Documents, the syndication efforts of the Administrative Agent with respect thereto, any waiver or consent thereunder or any amendment thereof or any Default or alleged Default thereunder and (ii) all reasonable out-of-pocket expenses incurred by the Administrative Agent and each Lender, including (without duplication) the fees and disbursements of outside counsel, in connection with any restructuring, workout, collection, bankruptcy, insolvency and other enforcement proceedings in connection with the enforcement and protection of its rights; provided, that the Borrower shall not be liable for any legal fees or disbursements of any counsel for the Administrative Agent and the Lenders other than Davis Polk & Wardwell LLP associated with the preparation, execution and delivery of this Agreement and the closing documents contemplated hereby.

(b) Indemnity in Respect of Loan Documents. Each of the Loan Parties agrees to jointly and severally indemnify the Administrative Agent and each Lender, their respective Affiliates and the respective directors, officers, trustees, agents, employees and advisors of the foregoing (each an "Indemnitee") and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and expenses or disbursements of any kind

whatsoever (including, without limitation, the reasonable fees and disbursements of counsel and any civil penalties or fines assessed by OFAC), which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in connection with any investigative, administrative or judicial proceeding (whether or not such Indemnitee shall be designated a party thereto) brought or threatened (by any third party, by the Guarantor, the Borrower or any Subsidiary of the Borrower) in any way relating to or arising out of this Agreement, any other Loan Document or any documents contemplated hereby or thereby or referred to herein or therein or any actual or proposed use of proceeds of Loans hereunder; provided, that no Indemnitee shall have the right to be indemnified hereunder for such Indemnitee's own gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final, non-appealable judgment or order.

(c) Indemnity in Respect of Environmental Liabilities. Each of the Loan Parties agrees to jointly and severally indemnify each Indemnitee and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs and expenses or disbursements of any kind whatsoever (including, without limitation, reasonable expenses of investigation by engineers, environmental consultants and similar technical personnel and reasonable fees and disbursements of counsel) which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in respect of or in connection with (i) any actual or alleged presence or release of Hazardous Substances on or from any property now or previously owned or operated by the Guarantor or any of its Subsidiaries or any predecessor of the Guarantor or any of its Subsidiaries or (ii) any and all Environmental Liabilities. Without limiting the generality of the foregoing, the Borrower hereby waives all rights of contribution or any other rights of recovery with respect to liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs and expenses and disbursements in respect of or in connection with Environmental Liabilities that it might have by statute or otherwise against any Indemnitee.

(d) Waiver of Damages. To the fullest extent permitted by applicable law, no Loan Party shall assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the transactions contemplated hereby or thereby, any Loan or the use of the proceeds thereof. No Indemnitee referred to in clause (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby; provided that nothing in this Section 9.03(d) shall relieve any Lender from its obligations under Section 9.12.

Section 9.04 Sharing of Set-Offs. Each Lender agrees that if it shall, by exercising any right of set-off or counterclaim or otherwise, receive payment of a proportion of the aggregate amount of principal and interest due with respect to any Loan made or Note held by it which is greater than the proportion received by any other Lender in respect of the aggregate amount of principal and interest due with respect to any Loan and Note made or held by such other Lender, except as otherwise expressly contemplated by this Agreement, the Lender receiving such proportionately greater payment shall purchase such participations in the Loan made or Notes held by the other Lenders, and such other adjustments shall be made, in each case as may be required so that all such payments of principal and interest with respect to the Loan made or Notes made or held by the Lenders shall be shared by the Lenders pro rata; provided, that nothing in this Section shall impair the right of any Lender to exercise any right of set-off or counterclaim it may have for payment of indebtedness of the Borrower other than its indebtedness hereunder.

Section 9.05 Amendments and Waivers. Any provision of this Agreement or the Notes may be amended or waived if, but only if, such amendment or waiver is in writing and is signed by the Loan Parties and the Required Lenders (and, if the rights or duties of the Administrative Agent are affected thereby, by the Administrative Agent); provided, that no such amendment or waiver shall, (a) unless signed by each Lender adversely affected thereby, (i) extend or increase the Commitment of any Lender or subject any Lender to any additional obligation (it being understood that waivers or modifications of conditions precedent, covenants, Defaults or of mandatory reductions in the Commitments shall not constitute an increase of the Commitment of any Lender, and that an increase in the available portion of any Commitment of any Lender as in effect at any time shall not constitute an increase in such Commitment), (ii) reduce the principal of or rate of interest on any Loan (except in connection with a waiver of applicability of any post-default increase in interest rates), (iii) postpone the date fixed for any payment of interest on any Loan or for any scheduled reduction or termination of any Commitment, (iv) postpone or change the date fixed for any scheduled payment of principal of any Loan, (v) change any provision hereof in a manner that would alter the pro rata funding of Loans required by Section 2.04(b), the pro rata sharing of payments required by Sections 2.11(a) or 9.04 or (vi) change the currency in which Loans are to be made or payment under the Loan Documents is to be made, or add additional borrowers or (b) unless signed by each Lender, (i) change the definition of Required Lender or this Section 9.05 or Section 9.06(a) or (ii) release the Guarantor from its Obligations under the Guaranty. Notwithstanding anything to the contrary herein, the Administrative Agent and the Borrower may, without the consent of any Lender, enter into amendments or modifications to this Agreement or any of the other Loan Documents or to enter into additional Loan Documents as the Administrative Agent reasonably deems appropriate in order to implement any Benchmark Replacement or otherwise effectuate the terms of Section 2.14(b) in accordance with the terms of Section 2.14(b).

Section 9.06 Successors and Assigns.

(a) Successors and Assigns. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, except that no Loan Party may assign or otherwise transfer any of its rights under this Agreement without the prior written consent of all of the Lenders, except to the extent any such assignment results from the consummation of a merger or consolidation permitted pursuant to Section 6.07 of this Agreement.

(b) Participations. Any Lender may at any time grant to one or more banks or other financial institutions or special purpose funding vehicle (each a "Participant") participating interests in its Commitments and/or any or all of its Loans. In the event of any such grant by a Lender of a participating interest to a Participant, whether or not upon notice to the Borrower and the Administrative Agent, such Lender shall remain responsible for the performance of its obligations hereunder, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which any Lender may grant such a participating interest shall provide that such Lender shall retain the sole right and responsibility to enforce the obligations of the Loan Parties hereunder including, without limitation, the right to approve any amendment, modification or waiver of any provision of this Agreement; provided, that such participation agreement may provide that such Lender will not agree to any modification, amendment or waiver of this Agreement which would (i) extend the Maturity Date, reduce the rate or extend the time of payment of principal, interest or fees on any Loan in which such Participant is participating (except in connection with a waiver of applicability of any post-default increase in interest rates) or reduce the principal amount thereof, or increase the amount of the Participant's participation over the amount thereof then in effect (it being understood that a waiver of any Default or of a mandatory reduction in the Commitments shall not constitute a change in the terms of such participation, and that an increase in any Commitment or Loan shall be permitted without the consent of any Participant if the Participant's participation is not increased as a result thereof) or (ii) allow the assignment or transfer by any Loan Party

of any of its rights and obligations under this Agreement, without the consent of the Participant, except to the extent any such assignment results from the consummation of a merger or consolidation permitted pursuant to Section 6.07 of this Agreement. The Borrower agrees that each Participant shall, to the extent provided in its participation agreement, be entitled to the benefits of Article II with respect to its participating interest to the same extent as if it were a Lender, subject to the same requirements and limitations therein, including the requirements under Section 2.17(e) (it being understood that the documentation required under Section 2.17(e) shall be delivered to the participating Lender) to the same extent as if it were the Lender, and in no case shall any Participant be entitled to receive any amount payable pursuant to Article II that is greater than the amount the Lender granting such Participant's participating interest would have been entitled to receive had such Lender not sold such participating interest. An assignment or other transfer which is not permitted by subsection (c) or (d) below shall be given effect for purposes of this Agreement only to the extent of a participating interest granted in accordance with this subsection (b). Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register (solely for tax purposes) on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided, that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person except to the extent that such disclosure is necessary to establish that such interest in the Loan or other obligation under the Loan Documents is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary.

(c) Assignments Generally. Any Lender may at any time assign to one or more Eligible Assignees (each, an "Assignee") all, or a proportionate part (equivalent to an initial amount of not less than \$5,000,000 or any larger integral multiple of \$1,000,000), of its rights and obligations under this Agreement and the Notes with respect to its Loans and, if still in existence, its Commitment, and such Assignee shall assume such rights and obligations, pursuant to an Assignment and Assumption Agreement in substantially the form of Exhibit C attached hereto executed by such Assignee and such transferor, with (and subject to) the consent of the Borrower, which shall not be unreasonably withheld or delayed, the Administrative Agent, which consent shall not be unreasonably withheld or delayed; provided, that if an Assignee is an Approved Fund or Affiliate of such transferor Lender or was a Lender immediately prior to such assignment, no such consent of the Borrower or the Administrative Agent shall be required; provided, further, that if at the time of such assignment a Default or an Event of Default has occurred and is continuing, no such consent of the Borrower shall be required; provided, further, that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of this Agreement shall inure to the benefit of a transferor with respect to any Loans made or any other actions taken by such transferor while it was a Lender. Upon execution and delivery of such instrument and payment by such Assignee to such transferor of an amount equal to the purchase price agreed between such transferor and such Assignee, such Assignee shall be a Lender party to this Agreement and shall have all the rights and obligations of a Lender with a Commitment, if any, as set forth in such instrument of assumption, and the transferor shall be released from its obligations hereunder to a corresponding extent, and no further consent or action by any party shall be required. Upon the consummation of any assignment pursuant to this subsection (c), the transferor, the Administrative Agent and the Borrower shall make appropriate arrangements so that, if required, a new Note is issued to the Assignee. In connection with any such assignment, the transferor shall pay to the Administrative Agent an administrative fee for processing such assignment in the amount of \$3,500; provided that the Administrative Agent may, in its sole discretion, elect to waive such administrative fee in the case of any assignment. Each Assignee shall be subject to the requirements under Section 2.17 and shall, on or before the effective date of such assignment, deliver to the Borrower and the Administrative Agent certification as to exemption from deduction or withholding of any United States Taxes in accordance with Section 2.17(e).

(d) Assignments to Federal Reserve Banks. Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement and its Note to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central banking authority; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(e) Register. The Borrower hereby designates the Administrative Agent to serve as the Borrower's agent, solely for purposes of this Section 9.06(e), to (i) maintain a register (the "Register") on which the Administrative Agent will record the Commitments from time to time of each Lender, the Loans made by each Lender and each repayment in respect of the principal amount of the Loans of each Lender and to (ii) retain a copy of each Assignment and Assumption Agreement delivered to the Administrative Agent pursuant to this Section. Failure to make any such recordation, or any error in such recordation, shall not affect the Borrower's obligation in respect of such Loans. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person in whose name a Loan and the Note evidencing the same is registered as the owner thereof for all purposes of this Agreement, notwithstanding notice or any provision herein to the contrary. With respect to any Lender, the assignment or other transfer of the Commitments of such Lender and the rights to the principal of, and interest on, any Loan made and any Note issued pursuant to this Agreement shall not be effective until such assignment or other transfer is recorded on the Register and, except to the extent provided in this Section 9.06(e), otherwise complies with Section 9.06, and prior to such recordation all amounts owing to the transferring Lender with respect to such Commitments, Loans and Notes shall remain owing to the transferring Lender. The registration of assignment or other transfer of all or part of any Commitments, Loans and Notes for a Lender shall be recorded by the Administrative Agent on the Register only upon the acceptance by the Administrative Agent of a properly executed and delivered Assignment and Assumption Agreement and payment of the administrative fee referred to in Section 9.06(c). The Register shall be available for inspection by the Borrower at any reasonable time and from time to time upon reasonable prior notice. In addition, at any time that a request for a consent for a material or substantive change to the Loan Documents is pending, any Lender wishing to consult with other Lenders in connection therewith may request and receive from the Administrative Agent a copy of the Register. The Borrower may not replace any Lender pursuant to Section 2.08, unless, with respect to any Notes held by such Lender, the requirements of Section 9.06(c) and this Section 9.06(e) have been satisfied.

Section 9.07 Governing Law; Submission to Jurisdiction. This Agreement and each Note shall be governed by and construed in accordance with the internal laws of the State of New York. Each Loan Party hereby submits to the exclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court sitting in New York City, borough of Manhattan, for purposes of all legal proceedings arising out of or relating to this Agreement or the transactions contemplated hereby. Each Loan Party irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such proceeding brought in such court and any claim that any such proceeding brought in any such court has been brought in an inconvenient forum.

Section 9.08 Counterparts; Integration; Effectiveness. This Agreement shall become effective on the Effective Date. This Agreement may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. On and after the Effective Date, this Agreement and the other Loan Documents constitute the entire agreement and understanding among the parties hereto and supersede any and all prior agreements and understandings, oral or written, relating to the subject matter hereof and thereof.

Section 9.09 Generally Accepted Accounting Principles. Unless otherwise specified herein, all accounting terms used herein shall be interpreted, all accounting determinations hereunder shall be made

and all financial statements required to be delivered hereunder shall be prepared in accordance with GAAP as in effect from time to time, applied on a basis consistent (except for changes concurred in by the Guarantor's independent public accountants) with the audited consolidated financial statements of the Guarantor and its Consolidated Subsidiaries most recently delivered to the Lenders; provided, that, if the Guarantor notifies the Administrative Agent that the Guarantor wishes to amend any covenant in Article VI to eliminate the effect of any change in GAAP on the operation of such covenant (or if the Administrative Agent notifies the Guarantor that the Required Lenders wish to amend Article VI for such purpose), then the Guarantor's compliance with such covenant shall be determined on the basis of GAAP in effect immediately before the relevant change in GAAP became effective, until either such notice is withdrawn or such covenant is amended in a manner satisfactory to the Guarantor and the Required Lenders.

Section 9.10 Usage. The following rules of construction and usage shall be applicable to this Agreement and to any instrument or agreement that is governed by or referred to in this Agreement.

(a) All terms defined in this Agreement shall have the defined meanings when used in any instrument governed hereby or referred to herein and in any certificate or other document made or delivered pursuant hereto or thereto unless otherwise defined therein.

(b) The words "hereof", "herein", "hereunder" and words of similar import when used in this Agreement or in any instrument or agreement governed here shall be construed to refer to this Agreement or such instrument or agreement, as applicable, in its entirety and not to any particular provision or subdivision hereof or thereof.

(c) References in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, this Agreement unless the context otherwise requires; references in any instrument or agreement governed by or referred to in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, such instrument or agreement unless the context otherwise requires.

(d) The definitions contained in this Agreement shall apply equally to the singular and plural forms of such terms. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The word "will" shall be construed to have the same meaning as the word "shall". The term "including" shall be construed to have the same meaning as the phrase "including without limitation".

(e) Unless the context otherwise requires, any definition of or reference to any agreement, instrument, statute or document contained in this Agreement or in any agreement or instrument that is governed by or referred to in this Agreement shall be construed (i) as referring to such agreement, instrument, statute or document as the same may be amended, supplemented or otherwise modified from time to time (subject to any restrictions on such amendments, supplements or modifications set forth in this Agreement or in any agreement or instrument governed by or referred to in this Agreement), including (in the case of agreements or instruments) by waiver or consent and (in the case of statutes) by succession of comparable successor statutes and (ii) to include (in the case of agreements or instruments) references to all attachments thereto and instruments incorporated therein. Any reference to any Person shall be construed to include such Person's successors and permitted assigns.

(f) Unless the context otherwise requires, whenever any statement is qualified by "to the best knowledge of" or "known to" (or a similar phrase) any Person that is not a natural person, it is intended to indicate that the senior management of such Person has conducted a commercially reasonable inquiry and

investigation prior to making such statement and no member of the senior management of such Person (including managers, in the case of limited liability companies, and general partners, in the case of partnerships) has current actual knowledge of the inaccuracy of such statement.

(g) Unless otherwise specified, all references herein to times of day shall constitute references to New York City time.

Section 9.11 WAIVER OF JURY TRIAL. EACH OF THE LOAN PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 9.12 Confidentiality. Each Lender agrees to hold all non-public information obtained pursuant to the requirements of this Agreement in accordance with its customary procedure for handling confidential information of this nature and in accordance with safe and sound banking practices; provided, that nothing herein shall prevent any Lender from disclosing such information (i) to any other Lender or to the Administrative Agent, (ii) to any other Person if reasonably incidental to the administration of the Loans, (iii) upon the order of any court or administrative agency, (iv) to the extent requested by, or required to be disclosed to, any rating agency or regulatory agency or similar authority (including any self-regulatory authority, such as the National Association of Insurance Commissioners), (v) which had been publicly disclosed other than as a result of a disclosure by the Administrative Agent or any Lender prohibited by this Agreement, (vi) in connection with any litigation to which the Administrative Agent, any Lender or any of their respective Subsidiaries or Affiliates may be party, (vii) to the extent necessary in connection with the exercise of any remedy hereunder, (viii) to such Lender's or the Administrative Agent's Affiliates and their respective directors, officers, employees, service providers and agents including legal counsel and independent auditors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such information and instructed to keep such information confidential), (ix) with the consent of the Borrower, (x) to Gold Sheets and other similar bank trade publications, such information to consist solely of deal terms and other information customarily found in such publications and (xi) subject to provisions substantially similar to those contained in this Section, to any actual or proposed Participant or Assignee or to any actual or prospective counterparty (or its advisors) to any securitization, swap or derivative transaction relating to the Loan Parties' Obligations hereunder. Notwithstanding the foregoing, the Administrative Agent, any Lender or Davis Polk & Wardwell LLP may circulate promotional materials and place advertisements in financial and other newspapers and periodicals or on a home page or similar place for dissemination of information on the Internet or worldwide web, in each case, after the closing of the transactions contemplated by this Agreement in the form of a "tombstone" or other release limited to describing the names of the Loan Parties or their Affiliates, or any of them, and the amount, type and closing date of such transactions, all at their sole expense.

Section 9.13 USA PATRIOT Act Notice. Each Lender that is subject to the Patriot Act (as hereinafter defined) and the Beneficial Ownership Regulation and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Loan Parties that pursuant to the requirements of the USA PATRIOT Act (Title III of Pub.L. 107-56 (signed into law October 26, 2001)) (the "Patriot Act") and the Beneficial Ownership Regulation, it is required to obtain, verify and record information that identifies the Borrower and the Guarantor, which information includes the name and address of each Loan Party and other information that will allow such Lender or the Administrative Agent, as applicable, to identify each Loan Party in accordance with the Patriot Act and, to the extent such Loan Party is a "legal entity customer" under the Beneficial Ownership Regulation, the Beneficial Ownership Regulation.

Section 9.14 No Fiduciary Duty. Each Agent, each Lender and their respective Affiliates (collectively, solely for purposes of this paragraph, the "Lender Parties"), may have economic interests that

conflict with those of the Loan Parties, their respective Affiliates and/or their respective stockholders (collectively, solely for purposes of this paragraph, the "Borrower Parties"). Each Loan Party agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty (other than any implied duty of good faith) between any Lender Party, on the one hand, and any Borrower Party, on the other. The Lender Parties acknowledge and agree that (a) the transactions contemplated by the Loan Documents (including the exercise of rights and remedies hereunder and thereunder) are arm's-length commercial transactions between the Lender Parties, on the one hand, and the Loan Parties, on the other and (b) in connection therewith and with the process leading thereto, (i) no Lender Party has assumed an advisory or fiduciary responsibility in favor of any Borrower Party with respect to the transactions contemplated hereby (or the exercise of rights or remedies with respect thereto) or the process leading thereto (irrespective of whether any Lender Party has advised, is currently advising or will advise any Borrower Party on other matters) or any other obligation to any Borrower Party except the obligations expressly set forth in the Loan Documents and (ii) each Lender Party is acting solely as principal and not as the agent or fiduciary of any Borrower Party. Each Loan Party acknowledges and agrees that it has consulted its own legal and financial advisors to the extent it deemed appropriate and that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. Each Loan Party agrees that it will not claim that any Lender Party has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to any Borrower Party, in connection with such transaction or the process leading thereto.

Section 9.15 Acknowledgment and Consent to Bail-in of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Lender that is an Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any Lender that is an Affected Financial Institution; and

(b) the effects of any Bail-in Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

Section 9.16 Survival. Sections 2.12, 2.16, 2.17 and 9.03 shall survive the Maturity Date for the benefit of each Agent and Each Lender, as applicable.

Section 9.17 Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or

reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender.

Section 9.18 Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 9.19 Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

## ARTICLE X GUARANTY

Section 10.01 Guaranty. The Guarantor unconditionally, absolutely and irrevocably guarantees to the Administrative Agent and each Lender as though it was a primary obligor for, the full and punctual payment of the Obligations when due (whether at stated maturity, upon acceleration or otherwise). If the Borrower fails to pay any Obligation punctually when due, the Guarantor agrees that it will forthwith on demand pay the amount not so paid at the place and in the manner specified in the relevant Loan Document. Notwithstanding the foregoing, the liability of the Guarantor individually with respect to its obligations, including any payment made pursuant to, this Guaranty shall be limited to an aggregate amount equal to the maximum amount that would not render the Guarantor's obligations hereunder subject to avoidance under the Bankruptcy Code or any comparable provisions of any applicable state law. This Guaranty is a Guarantee of payment and not merely of collection.

Section 10.02 Guaranty Unconditional. The obligations of the Guarantor hereunder shall be unconditional and absolute and, without limiting the generality of the foregoing, shall not be released, discharged or otherwise affected by:

(a) any change in the amount or purpose of or the time, manner, method, or place of payment or performance of any of the Obligations or any extension, renewal, settlement, compromise, waiver or release in respect of any obligation of the Borrower or any other Person under any Loan Document, by operation of law or otherwise;

(b) any modification, extension, renewal or amendment of or supplement to any Loan Document or any of the Obligations or any execution or delivery of any additional Loan Documents;

(c) any release, impairment, non-perfection or invalidity of any direct or indirect security for any obligation of the Borrower or any other Person under any Loan Document;

(d) any change in the corporate existence, structure or ownership of the Borrower or any other Person or any of their respective Subsidiaries, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the Borrower or any other Person or any of their assets or any resulting release or

discharge of any obligation (including any of the Obligations) of the Borrower or any other Person under any Loan Document;

(e) the existence of any claim, set-off, defense, counterclaim, withholding or other right that the Guarantor or the Borrower may have at any time against any Person (including the Administrative Agent and the Lenders), whether in connection with the Loan Documents or any unrelated transactions; provided that nothing herein shall prevent the assertion of any such claim or defense by separate suit or compulsory counterclaim;

(f) any avoidance, subordination, invalidity or unenforceability relating to or against the Borrower or any other Person for any reason of any Obligation or any Loan Document, any provision of applicable law or regulation purporting to prohibit the payment of any Obligation by the Borrower or any other Person, or the Borrower denies that it has any or further liability or obligation under any Loan Document, or purports to revoke, terminate or rescind any Obligation or provision of any Loan Document;

(g) any failure of the Administrative Agent or any Lender to assert any claim or demand or to exercise or enforce any right or remedy under the provisions of any Loan Document or to assert any breach of or default under any Loan Document or any breach of the Obligations; or

(h) any other act or omission to act or delay of any kind by the Borrower, any other party to any Loan Document or any other Person, or any other circumstance whatsoever that might, but for the provisions of this clause (h), constitute a legal or equitable discharge of or defense to any obligation of the Guarantor hereunder.

**Section 10.03 Discharge Only Upon Payment in Full; Reinstatement in Certain Circumstances.** The Guarantor's obligations hereunder shall remain in full force and effect until all Obligations shall have been paid in full and all Commitments have been terminated. If at any time any payment of any Obligation is rescinded or must be otherwise restored or returned upon the insolvency, bankruptcy or reorganization of the Borrower or otherwise, the Guarantor's obligations hereunder shall be reinstated as though such payment had been due but not made at such time.

**Section 10.04 Waiver by Guarantor.** The Guarantor irrevocably waives (a) acceptance hereof, presentment, demand for performance, promptness, diligence, notice of non-performance, default, acceleration, protest or dishonor and any notice not provided for herein, (b) any requirement that at any time any action be taken by any Person against the Borrower or any other Person, (c) any right to revoke this Guaranty, and (d) any defense based on any right of set-off, recoupment, counterclaim, withholding or other deduction of any nature against or in respect of the Obligations.

**Section 10.05 Subrogation.** Upon making payment with respect to any Obligation, the Guarantor shall be subrogated to the rights of the payee against the Borrower with respect to such payment; provided that the Guarantor agrees it will not exercise any rights against the Borrower arising in connection with the Obligations by way of subrogation against the Borrower, or by reason of contribution against any other guarantor of such Obligations until all Obligations shall have been paid in full and all Commitments have been terminated.

**Section 10.06 Stay of Acceleration.** If acceleration of the time for payment of any Obligation by the Borrower is stayed, enjoined or prevented for any reason (including but not limited to by reason of the insolvency or receivership of the Borrower or otherwise), all Obligations otherwise subject to acceleration under the terms of any Loan Document shall nonetheless be payable by the Guarantor forthwith on demand by the Administrative Agent.

The Guaranty set forth in this Article X is a continuing guaranty, shall be binding on the Guarantor and its successors and assigns, and shall be enforceable by each holder from time to time of the Obligations (including, without limitation, the Administrative Agent and the Lenders, each, a "Guaranteed Party"). If all or part of any Guaranteed Party's interest in any Obligation is assigned or otherwise transferred, the transferor's rights hereunder, to the extent applicable to the obligation so transferred, shall automatically be transferred with such obligation; and without limitation of the foregoing, any of the Obligations shall be and remain Obligations entitled to the benefit of this Guaranty if any Guaranteed Party assigns or otherwise transfers all or part of its interest in any Obligation or any of its rights or obligations under any Loan Document.

Section 10.08 Default Payments by Borrower. Upon the occurrence and during the continuation of any default under any Obligation, if any amount shall be paid to the Guarantor by or for the account of the Borrower with respect to such Obligation, such amount shall be held in trust for the benefit of each Lender and the Administrative Agent and shall forthwith be paid to the Administrative Agent to be credited and applied to the Obligations when due and payable.

Section 10.09 Duty to Stay Advised. The Guarantor agrees that the Lenders shall have no duty to advise the Guarantor of information known to them regarding the financial condition of the Borrower and the Guarantor hereby assumes responsibility for keeping itself advised of the financial condition of the Borrower.

## Form of Note

FOR VALUE RECEIVED, the undersigned, PPL CAPITAL FUNDING, INC., a Delaware corporation (the "Borrower"), promises to pay to \_\_\_\_\_ (the "Lender") or its permitted successors and its registered assigns, in accordance with the Credit Agreement (as hereinafter defined), the principal sum of \_\_\_\_\_ AND \_\_\_\_\_/100s DOLLARS (\$ \_\_\_\_\_), or, if less, the principal amount of all Loans advanced by the Lender to the Borrower pursuant to the Credit Agreement (as defined below), plus interest as hereinafter provided.

All capitalized terms used herein shall have the meanings ascribed to them in that certain \$100,000,000 Term Loan Credit Agreement dated as of April 1, 2020 (as the same may be amended, modified or supplemented from time to time, the "Credit Agreement") by and among the Borrower, PPL Corporation, as Guarantor, the lenders party thereto (collectively, the "Lenders") and Canadian Imperial Bank of Commerce, New York Branch, as administrative agent (the "Administrative Agent") for itself and on behalf of the Lenders, except to the extent such capitalized terms are otherwise defined or limited herein.

The Borrower shall repay principal outstanding hereunder from time to time, as necessary, in order to comply with the Credit Agreement. All amounts paid by the Borrower shall be applied to the Obligations in such order of application as provided in the Credit Agreement.

A final payment of all principal amounts and other Obligations then outstanding hereunder shall be due and payable on the maturity date provided in the Credit Agreement, or such earlier date as payment of the Loans shall be due, whether by acceleration or otherwise.

The Borrower shall be entitled to borrow, repay, continue and convert the Lender's Loans (or portions thereof) hereunder pursuant to the terms and conditions of the Credit Agreement. Prepayment of the principal amount of any Loan may be made as provided in the Credit Agreement.

The Borrower hereby promises to pay interest on the unpaid principal amount hereof as provided in Article II of the Credit Agreement. In no event shall the amount of interest due or payable hereunder exceed the maximum rate of interest allowed by applicable law, and in the event any such payment is inadvertently made by the Borrower or inadvertently received by the Lender, then such excess sum shall be credited as a payment of principal, unless the Borrower shall notify the Lender in writing that it elects to have such excess sum returned forthwith. It is the express intent hereof that the Borrower not pay and the Lender not receive, directly or indirectly in any manner whatsoever, interest in excess of that which may legally be paid by the Borrower under applicable law.

permitted successors and its registered assigns, the Administrative Agent or the Lenders collectively, or any of them, in exercising its or their rights under the Credit Agreement or under any other Loan Document, or course of conduct relating thereto, shall operate as a waiver of such rights or any other right of the Lender or its permitted successors and its registered assigns, nor shall any waiver by the Lender or its permitted successors and its registered assigns, the Administrative Agent, the Required Lenders or the Lenders collectively, or any of them, of any such right or rights on any one occasion be deemed a bar to, or waiver of, the same right or rights on any future occasion.

This Note is one of the Notes referred to in, and evidences the Lender's Loans (or portion thereof) under, and is entitled to the benefits and subject to the terms of, the Credit Agreement, which contains provisions with respect to the acceleration of the maturity of this Note upon the happening of certain stated events, and provisions for prepayment.

Each Lender severally agrees, on the terms and conditions set forth in this Agreement, to make Loans denominated in Dollars to the Borrower pursuant to this Section 2.01 on the Effective Date in an aggregate amount not to exceed such Lender's Commitment. Each Borrowing shall be in an aggregate principal amount of \$10,000,000 or any larger integral multiple of \$1,000,000 and shall be made from the several Lenders ratably in proportion to their respective Commitments. Each Lender's Commitment shall expire upon the making of the Loans on the Effective Date. Amounts borrowed under this Section 2.01 and repaid or prepaid may not be reborrowed.

Section 2.02 [Reserved].

Section 2.03 Notice of Borrowings. The Borrower shall give the Administrative Agent notice (substantially in the form of Exhibit A-1 hereto (a "Notice of Borrowing")) not later than (a) 11:30 A.M. (New York City time) on the date of each Base Rate Borrowing and (b) 12:00 Noon (New York City time) on the third Business Day before each Euro-Dollar Borrowing, specifying:

- (i) the date of such Borrowing, which shall be a Business Day;
- (ii) the aggregate amount of such Borrowing;
- (iii) the initial Type of the Loans comprising such Borrowing;

Notwithstanding the foregoing, no more than six (6) Groups of Euro-Dollar Loans shall be outstanding at any one time, and any Loans which would exceed such limitation shall be made as Base Rate Loans.

Section 2.04 Notice to Lenders; Funding of Loans.

(a) Notice to Lenders. Upon receipt of a Notice of Borrowing, the Administrative Agent shall promptly notify each Lender of such Lender's ratable share (if any) of the Borrowing referred to in the Notice of Borrowing, and such Notice of Borrowing shall not thereafter be revocable by the Borrower.

(b) Funding of Loans. Not later than (a) 1:00 P.M. (New York City time) on the date of each Base Rate Borrowing and (b) 12:00 Noon (New York City time) on the date of each Euro-Dollar Borrowing, each Lender shall make available its ratable share of such Borrowing, in Federal or other funds immediately available in New York City, to the Administrative Agent at its address referred to in Section 9.01. Unless the Administrative Agent determines that any applicable condition specified in Article IV has not been satisfied, the Administrative Agent shall apply any funds so received in respect of a Borrowing available to the Borrower at the Administrative Agent's address not later than (a) 3:00 P.M. (New York City time) on the date of each Base Rate Borrowing and (b) 2:00 P.M. (New York City time) on the date of each Euro-Dollar Borrowing.

(c) Funding By the Administrative Agent in Anticipation of Amounts Due from the Lenders. Unless the Administrative Agent shall have received notice from a Lender prior to the date of any Borrowing (except in the case of a Base Rate Borrowing, in which case prior to the time of such Borrowing) that such Lender will not make available to the Administrative Agent such Lender's share of such Borrowing, the Administrative Agent may assume that such Lender has made such share available to the Administrative Agent on the date of such Borrowing in accordance with subsection (b) of this Section, and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that such Lender shall not have so made such share available to the Administrative Agent, such Lender and the Borrower severally agree to repay to the Administrative Agent forthwith on demand such corresponding amount, together with interest thereon for each day from the date such amount is made available to the Borrower until the date such amount is repaid to the Administrative Agent at (i) a rate per annum equal to the higher of the Federal Funds Rate and the interest rate applicable thereto pursuant to Section 2.06, in the case of the Borrower, and (ii) the Federal Funds Rate, in the case of such Lender. If such Lender shall repay to the Administrative Agent such corresponding amount, such amount so repaid shall constitute such Lender's Loan included in such Borrowing for purposes of this Agreement.

(d) Obligations of Lenders Several. The failure of any Lender to make a Loan required to be made by it as part of any Borrowing hereunder shall not relieve any other Lender of its obligation, if any, hereunder to make any Loan on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Loan to be made by such other Lender on such date of Borrowing.

Section 2.05 Noteless Agreement; Evidence of Indebtedness.

(b) The Administrative Agent shall also maintain accounts in which it will record (i) the amount of each Loan made hereunder, the Type thereof and the Interest Period with respect thereto, (ii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iii) the amount of any sum received by the Administrative Agent hereunder from the Borrower and each Lender's share thereof.

(c) The entries maintained in the accounts maintained pursuant to subsections (a) and (b) above shall be prima facie evidence of the existence and amounts of the Obligations therein recorded; provided, however, that the failure of the Administrative Agent or any Lender to maintain such accounts or any error therein shall not in any manner affect the obligation of the Borrower to repay the Obligations in accordance with their terms.

(d) Any Lender may request that its Loans be evidenced by a Note. In such event, the Borrower shall prepare, execute and deliver to such Lender a Note payable to the order of such Lender. Thereafter, the Loans evidenced by such Note and interest thereon shall at all times (including after any assignment pursuant to Section 9.06(c)) be represented by one or more Notes payable to the order of the payee named therein or any assignee pursuant to Section 9.06(c), except to the extent that any such Lender or assignee subsequently returns any such Note for cancellation and requests that such Loans once again be evidenced as described in subsections (a) and (b) above.

#### Section 2.06 Interest Rates.

(a) Interest Rate Options. The Loans shall, at the option of the Borrower and except as otherwise provided herein, be incurred and maintained as, or converted into, one or more Base Rate Loans or Euro-Dollar Loans.

Each Loan which is made as, or converted into, a Base Rate Loan shall bear interest on the outstanding principal amount thereof, for each day from the date such Loan is made as, or converted into, a Base Rate Loan until it becomes due or is converted into a Loan of any other Type, at a rate per annum equal to the sum of the Base Rate for such day plus the Applicable Percentage for Base Rate Loans for such day. Such interest shall, in each case, be payable quarterly in arrears on each Quarterly Date and on the Maturity Date and, with respect to the principal amount of any Base Rate Loan converted to a Euro-Dollar Loan, on the date such Base Rate Loan is so converted. Any overdue principal or interest on any Base Rate Loan shall bear interest, payable on demand, for each day until paid at a rate per annum equal to the sum of 2% plus the rate otherwise applicable to Base Rate Loans for such day.

(c) Euro-Dollar Loans. Each Euro-Dollar Loan shall bear interest on the outstanding principal amount thereof, for each day during the Interest Period applicable thereto, at a rate per annum equal to the sum of the Adjusted London Interbank Offered Rate for such Interest Period plus the Applicable Percentage for Euro-Dollar Loans for such day. Such interest shall be payable for each Interest Period on the last day thereof and, if such Interest Period is longer than three months, at intervals of three months after the first day thereof. Any overdue principal or interest on any Euro-Dollar Loan shall bear interest, payable on demand, for each day until paid at a rate per annum equal to the sum of 2% plus the sum of (A) the Adjusted London Interbank Offered Rate applicable to such Loan at the date such payment was due plus (B) the Applicable Percentage for Euro-Dollar Loans for such day (or, if the circumstance described in Section 2.14 shall exist, at a rate per annum equal to the sum of 2% plus the rate applicable to Base Rate Loans for such day).

(d) Method of Electing Interest Rates.

(i) Subject to Section 2.06(a), the Loans included in each Borrowing shall bear interest initially at the type of rate specified by the Borrower in the applicable Notice of Borrowing. Thereafter, with respect to each Group of Loans, the Borrower shall have the option (A) to convert all or any part of (y) so long as no Default is in existence on the date of conversion, outstanding Base Rate Loans to Euro-Dollar Loans and (z) outstanding Euro-Dollar Loans to Base Rate Loans; provided, in each case, that the amount so converted shall be equal to \$10,000,000 or any larger integral multiple of \$1,000,000, or (B) upon the expiration of any Interest Period applicable to outstanding Euro-Dollar Loans, so long as no Default is in existence on the date of continuation, to continue all or any portion of such Loans, equal to \$10,000,000 and any larger integral multiple of \$1,000,000 in excess of that amount as Euro-Dollar Loans. The Interest Period of any Base Rate Loan converted to a Euro-Dollar Loan pursuant to clause (A) above shall commence on the date of such conversion. The succeeding Interest Period of any Euro-Dollar Loan continued pursuant to clause (B) above shall commence on the last day of the Interest Period of the Loan so continued. Euro-Dollar Loans may only be converted on the last day of the then current Interest Period applicable thereto or on the date required pursuant to Section 2.18.

(ii) The Borrower shall deliver a written notice of each such conversion or continuation (a "Notice of Conversion/Continuation") to the Administrative Agent no later than (A) 12:00 Noon (New York City time) at least three (3) Business Days before the effective date of the proposed conversion to, or continuation of, a Euro Dollar Loan and (B) 11:30 A.M. (New York City time) on the day of a conversion to a Base Rate Loan. A written Notice of Conversion/Continuation shall be substantially in the form of Exhibit A-2 attached hereto and shall specify: (A) the Group of Loans (or portion thereof) to which such notice applies, (B) the proposed conversion/continuation date (which shall be a Business Day), (C) the aggregate amount of the Loans being converted/continued, (D) an election between the Base Rate and the Adjusted London Interbank Offered Rate and (E) in the case of a conversion to, or a continuation of, Euro-Dollar Loans, the requested Interest Period. Upon receipt of a Notice of Conversion/Continuation, the Administrative Agent shall give each Lender prompt notice of the contents thereof and such Lender's pro rata share of all conversions and continuations requested therein. If no timely Notice of Conversion/Continuation is delivered by the Borrower as to any Euro-Dollar Loan, and such Loan is not repaid by the Borrower at the end of the applicable Interest Period, such Loan shall be converted automatically to a Base Rate Loan on the last day of the then applicable Interest Period.

(e) Determination and Notice of Interest Rates. The Administrative Agent shall determine each interest rate applicable to the Loans hereunder. The Administrative Agent shall give prompt notice to the Borrower and the participating Lenders of each rate of interest so determined, and its determination thereof shall be conclusive in the absence of manifest error. Any notice with respect to Euro-Dollar Loans shall, without the necessity of the Administrative Agent so stating in such notice, be subject to adjustments in the Applicable Percentage applicable to such Loans after the beginning of the Interest Period applicable thereto. When during an Interest Period any event occurs that causes an adjustment in the Applicable Percentage applicable to Loans to which such Interest Period is applicable, the Administrative Agent shall give prompt notice to the Borrower and the Lenders of such event and the adjusted rate of interest so determined for such Loans, and its determination thereof shall be conclusive in the absence of manifest error.

Section 2.07 [Reserved].

Section 2.08 Replacement of Lenders. If (i) any Lender has demanded compensation or indemnification pursuant to Sections 2.14, 2.15, 2.16 or 2.17, (ii) the obligation of any Lender to make Euro-Dollar Loans has been suspended pursuant to Section 2.15 or (iii) any Lender is a Defaulting Lender (each such Lender described in clauses (i), (ii) or (iii) being a "Retiring Lender"), the Borrower shall have

the right, if no Default then exists, to replace such Lender with one or more Eligible Assignees (which may be one or more of the Continuing Lenders) (each a "Replacement Lender" and, collectively, the "Replacement Lenders") reasonably acceptable to the Administrative Agent. The replacement of a Retiring Lender pursuant to this Section 2.08 shall be effective on the tenth Business Day (the "Replacement Date") following the date of notice given by the Borrower of such replacement to the Retiring Lender and each Continuing Lender through the Administrative Agent, subject to the satisfaction of the following conditions:

(i) the Replacement Lender shall have satisfied the conditions to assignment and assumption set forth in Section 9.06(c) (with all fees payable pursuant to Section 9.06(c) to be paid by the Borrower) and, in connection therewith, the Replacement Lender(s) shall pay to the Retiring Lender an amount equal in the aggregate to the sum of the principal of, and all accrued but unpaid interest on, all outstanding Loans of the Retiring Lender; and

(ii) the Borrower shall have paid to the Administrative Agent for the account of the Retiring Lender an amount equal to all obligations owing to the Retiring Lender by the Borrower pursuant to this Agreement and the other Loan Documents (other than those obligations of the Borrower referred to in clause (i) above).

On the Replacement Date, each Replacement Lender that is a New Lender shall become a Lender hereunder, and the Retiring Lender shall cease to constitute a Lender hereunder; provided, that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of this Agreement shall continue to inure to the benefit of a Retiring Lender with respect to any Loans made or any other actions taken by such Retiring Lender while it was a Lender.

Upon payment by the Borrower to the Administrative Agent for the account of the Retiring Lender of an amount equal to the sum of (i) the aggregate principal amount of all Loans owed to the Retiring Lender and (ii) all accrued interest, fees and other amounts owing to the Retiring Lender hereunder, including, without limitation, all amounts payable by the Borrower to the Retiring Lender under Sections 2.12, 2.16, 2.17 or 9.03, such Retiring Lender shall cease to constitute a Lender hereunder; provided, that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of this Agreement shall inure to the benefit of a Retiring Lender with respect to any Loans made or any other actions taken by such Retiring Lender while it was a Lender.

#### Section 2.09 Repayment of Loans

The Loans shall mature on the Maturity Date and the Borrower shall repay to the Administrative Agent, for the ratable account of the Lenders on the Maturity Date, the aggregate principal amount of all Loans made to the Borrower outstanding on such date (together with accrued interest thereon and fees in respect thereof and all other amounts owed with respect to the Obligations hereunder).

#### Section 2.10 Optional Prepayments and Repayments

(a) Prepayments of Loans. Subject to Section 2.12, the Borrower may (i) upon at least one (1) Business Day's notice to the Administrative Agent, prepay any Base Rate Borrowing or (ii) upon at least three (3) Business Days' notice to the Administrative Agent, prepay any Euro-Dollar Borrowing, in each case in whole at any time, or from time to time in part in amounts aggregating \$10,000,000 or any larger integral multiple of \$1,000,000, by paying the principal amount to be prepaid together with accrued interest thereon to the date of prepayment. Each such optional prepayment shall be applied to prepay ratably the Loans of the several Lenders included in such Borrowing.

(b) Notice to Lenders. Upon receipt of a notice of prepayment pursuant to Section 2.10(a), the Administrative Agent shall promptly notify each Lender of the contents thereof and of such Lender's ratable share (if any) of such prepayment, and such notice shall not thereafter be revocable by the Borrower.

Section 2.11 General Provisions as to Payments.

(a) Payments by the Borrower. The Borrower shall make each payment of principal of and interest on the Loans and fees hereunder not later than 12:00 Noon (New York City time) on the date when due, without set-off, counterclaim or other deduction, in Federal or other funds immediately available in New York City, to the Administrative Agent at its address referred to in Section 9.01. The Administrative Agent will promptly distribute to each Lender its ratable share of each such payment received by the Administrative Agent for the account of the Lenders. Whenever any payment of principal of or interest on the Base Rate Loans or of fees shall be due on a day which is not a Business Day, the date for payment thereof shall be extended to the next succeeding Business Day. Whenever any payment of principal of or interest on the Euro-Dollar Loans shall be due on a day which is not a Business Day, the date for payment thereof shall be extended to the next succeeding Business Day unless such Business Day falls in another calendar month, in which case the date for payment thereof shall be the next preceding Business Day. If the date for any payment of principal is extended by operation of law or otherwise, interest thereon shall be payable for such extended time.

(b) Distributions by the Administrative Agent. Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date, and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the Borrower shall not have so made such payment, each Lender shall repay to the Administrative Agent forthwith on demand such amount distributed to such Lender together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate.

Section 2.12 Funding Losses. If the Borrower makes any payment of principal with respect to any Euro-Dollar Loan pursuant to the terms and provisions of this Agreement (any conversion of a Euro-Dollar Loan to a Base Rate Loan pursuant to Section 2.18 being treated as a payment of such Euro-Dollar Loan on the date of conversion for purposes of this Section 2.12) on any day other than the last day of the Interest Period applicable thereto, or the last day of an applicable period fixed pursuant to Section 2.06(c), or if the Borrower fails to borrow, convert or prepay any Euro-Dollar Loan after notice has been given in accordance with the provisions of this Agreement, or in the event of payment in respect of any Euro-Dollar Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.08, the Borrower shall reimburse each Lender within fifteen (15) days after demand for any resulting loss or expense incurred by it (and by an existing Participant in the related Loan), including, without limitation, any loss incurred in obtaining, liquidating or employing deposits from third parties, but excluding loss of margin for the period after any such payment or failure to borrow or prepay; provided, that such Lender shall have delivered to the Borrower a certificate as to the amount of such loss or expense, which certificate shall be conclusive in the absence of manifest error.

Section 2.13 Computation of Interest and Fees. Interest on Loans based on the Prime Rate hereunder shall be computed on the basis of a year of 365 days (or 366 days in a leap year) and paid for the actual number of days elapsed. All other interest and fees shall be computed on the basis of a year of 360 days and paid for the actual number of days elapsed (including the first day but excluding the last day).

Section 2.14 Basis for Determining Interest Rate Inadequate, Unfair or Unavailable.

(a) Notwithstanding anything to the contrary in this Agreement or any other Loan Document, if the Administrative Agent determines (which determination shall be conclusive absent manifest error) that:

(i) deposits of a type and maturity appropriate to match fund Euro-Dollar Borrowings are not available to the Administrative Agent in the relevant market, or

(ii) the interest rate applicable to Euro-Dollar Borrowings for any requested Interest Period is not ascertainable or available (including, without limitation, because the applicable Reuters Screen (or on any successor or substitute page on such screen) is unavailable) or does not adequately and fairly reflect the cost of making or maintaining Euro-Dollar Borrowings,

then the Administrative Agent shall suspend the availability of Euro-Dollar Borrowings and require any affected Euro-Dollar Borrowings to be repaid or converted to Base Rate Borrowings, subject to the payment of any funding indemnification amounts required by Section 2.12.

(b) Notwithstanding the foregoing or anything to the contrary in this Agreement or any other Loan Document, if (A) an Early Opt-in Election has occurred or (B) any one or more of the following (each, a "Benchmark Transition Event") has occurred:

(i) the circumstances set forth in Section 2.14(a)(ii) have arisen (including, without limitation, a public statement or publication of information by the regulatory supervisor for the administrator of LIBOR described in clause (ii) of this Section 2.14(b) announcing that LIBOR is no longer representative) and such circumstances are unlikely to be temporary;

(ii) ICE Benchmark Administration (or any Person that has taken over the administration of LIBOR for deposits in Dollars that is acceptable to the Administrative Agent) discontinues its administration and publication of LIBOR for deposits in Dollars;

(iii) a public statement or publication of information by or on behalf of the administrator of LIBOR described in clause (ii) of this Section 2.14(b) announcing that such administrator has ceased or will cease as of a specific date to provide LIBOR (permanently or indefinitely); provided that, at the time of such statement or publication, there is no successor administrator that is acceptable to the Administrative Agent that will continue to provide LIBOR after such specified date; or

(iv) a public statement or publication of information by the regulatory supervisor for the administrator of LIBOR described in clause (ii) of this Section 2.14(b), the U.S. Federal Reserve System, an insolvency official with jurisdiction over such administrator for LIBOR, a resolution authority with jurisdiction over such administrator for LIBOR; or a court or an entity with similar insolvency or resolution authority over such administrator for LIBOR, which states that such administrator of LIBOR has ceased or will cease as of a specific date to provide LIBOR (permanently or indefinitely); provided that, at the time of such statement or publication, there is no successor administrator that is acceptable to the Administrative Agent that will continue to provide LIBOR after such specified date;

then the Administrative Agent and the Borrower may amend this Agreement to replace the Adjusted London Interbank Offered Rate with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective on the date set forth in the applicable amendment. Any such amendment with respect to an Early Opt-in Election will become effective on the date that the Required Lenders have delivered to the Administrative Agent written notice that such Required Lenders accept such amendment. No replacement of LIBOR with a Benchmark Replacement pursuant to this Section 2.14(b) will occur prior to the date set forth in the applicable amendment.

In connection with the implementation of a Benchmark Replacement, the Administrative Agent will have the right to make Benchmark Replacement Conforming Changes from time to time and, notwithstanding anything to the contrary herein or in any other Loan Document, any amendments implementing such Benchmark Replacement Conforming Changes will become effective without any further action or consent of the Borrower.

The Administrative Agent will promptly notify the Borrower of (i) any occurrence of a Benchmark Transition Event or an Early Opt-in Election, as applicable, and its related Benchmark Replacement Date, (ii) the implementation of any Benchmark Replacement, (iii) the effectiveness of any Benchmark Replacement Conforming Changes, and (iv) the commencement or conclusion of any Benchmark Unavailability Period. Any determination, decision or election that may be made by the Administrative Agent pursuant to this Section 2.14(b), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error and may be made in the Administrative Agent's sole discretion and without consent from the Borrower, except, in each case, as expressly required pursuant to this Section 2.14(b).

Upon notice to the Borrower by the Administrative Agent in accordance with Section 9.01 of the commencement of a Benchmark Unavailability Period and until a Benchmark Replacement is determined in accordance with this Section 2.14(b), (y) any request pursuant to Section 2.06 that requests the conversion of any Borrowing to, or continuation of any Borrowing as, a Euro-Dollar Borrowing may be revoked by the Borrower and if not revoked shall be ineffective and any such Borrowing shall be continued as or converted to, as the case may be, a Base Rate Borrowing, and (z) if any request pursuant to Section 2.01 requests a Euro-Dollar Borrowing, such request may be revoked by the Borrower and if not revoked such Borrowing shall be made as a Base Rate Borrowing. During any Benchmark Unavailability Period, the component of Base Rate based upon LIBOR will not be used in any determination of Base Rate.

**Section 2.15 Illegality.** If, on or after the date of this Agreement, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender (or its Euro-Dollar Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for any Lender (or its Euro-Dollar Lending Office) to make, maintain or fund its Euro-Dollar Loans and such Lender shall so notify the Administrative Agent, the Administrative Agent shall forthwith give notice thereof to the other Lenders and the Borrower, whereupon until such Lender notifies the Borrower and the Administrative Agent that the circumstances giving rise to such suspension no longer exist, the obligation of such Lender to make Euro-Dollar Loans, or to convert outstanding Loans into Euro-Dollar Loans, shall be suspended. Before giving any notice to the Administrative Agent pursuant to this Section, such Lender shall designate a different Euro-Dollar Lending Office if such designation will avoid the need for giving such notice and will

not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. If such notice is given, each Euro-Dollar Loan of such Lender then outstanding shall be converted to a Base Rate Loan either (a) on the last day of the then current Interest Period applicable to such Euro-Dollar Loan if such Lender may lawfully continue to maintain and fund such Loan to such day or (b) immediately if such Lender shall determine that it may not lawfully continue to maintain and fund such Loan to such day.

Section 2.16 Increased Cost and Reduced Return.

(a) Increased Costs. If after the Effective Date, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender (or its Applicable Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall (i) impose, modify or deem applicable any reserve (including, without limitation, any such requirement imposed by the Board of Governors of the Federal Reserve System), special deposit, insurance assessment or similar requirement against Loans participated in by, assets of, deposits with or for the account of or credit extended by, any Lender (or its Applicable Lending Office), (ii) subject any Lender to any tax of any kind whatsoever with respect to this Agreement, any participation in any Loan made by it, or change the basis of taxation of payments to such Lender in respect thereof (other than (A) Taxes, (B) Other Taxes, (C) the imposition of, or any change in the rate of, any taxes described in clause (i)(a) and clauses (ii) through (iv) of the definition of Taxes in Section 2.17(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's failure to comply with Section 2.17(e)) or (iii) impose on any Lender (or its Applicable Lending Office) or on the United States market for certificates of deposit or the London interbank market any other condition affecting its Euro-Dollar Loans, Notes, obligation to make Euro-Dollar Loans, and the result of any of the foregoing is to increase the cost to such Lender (or its Applicable Lending Office) of making or maintaining any Euro-Dollar Loan, or to reduce the amount of any sum received or receivable by such Lender (or its Applicable Lending Office) under this Agreement or under its Notes with respect thereto, then, within fifteen (15) days after demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts, as determined by such Lender in good faith, as will compensate such Lender for such increased cost or reduction, solely to the extent that any such additional amounts were incurred by the Lender within ninety (90) days of such demand.

(b) Capital Adequacy. If any Lender shall have determined that, after the Effective Date, the adoption of any applicable law, rule or regulation regarding capital adequacy or liquidity, or any change in any such law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on capital of such Lender (or any Person controlling such Lender) as a consequence of such Lender's obligations hereunder to a level below that which such Lender (or any Person controlling such Lender) could have achieved but for such adoption, change, request or directive (taking into consideration its policies with respect to capital adequacy), then from time to time, within fifteen (15) days after demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts as will compensate such Lender (or any Person controlling such Lender) for such reduction, solely to the extent that any such additional amounts were incurred by the Lender within ninety (90) days of such demand.

(c) Notices. Each Lender will promptly notify the Borrower and the Administrative Agent of any event of which it has knowledge, occurring after the Effective Date, that will entitle such Lender to compensation pursuant to this Section and will designate a different Applicable Lending Office if such

designation will avoid the need for, or reduce the amount of, such compensation and will not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. A certificate of any Lender claiming compensation under this Section and setting forth in reasonable detail the additional amount or amounts to be paid to it hereunder shall be conclusive in the absence of manifest error. In determining such amount, such Lender may use any reasonable averaging and attribution methods.

(d) Notwithstanding anything to the contrary herein, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith and (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a "change in law" under this Article II regardless of the date enacted, adopted or issued.

#### Section 2.17 Taxes.

(a) Payments Net of Certain Taxes. Any and all payments made by or on account of any Loan Party to or for the account of any Lender or the Administrative Agent hereunder or under any other Loan Document shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, charges and withholdings and all liabilities with respect thereto, excluding: (i) taxes imposed on or measured by the net income (including branch profits or similar taxes) of, and gross receipts, franchise or similar taxes imposed on, the Administrative Agent or any Lender (a) by the jurisdiction (or subdivision thereof) under the laws of which such Lender or Administrative Agent is organized or in which its principal office is located or, in the case of each Lender, in which its Applicable Lending Office is located or (b) that are Other Connection Taxes, (ii) in the case of each Lender, any United States withholding tax imposed on such payments, but only to the extent that such Lender is subject to United States withholding tax at the time such Lender first becomes a party to this Agreement or changes its Applicable Lending Office (other than pursuant to an assignment request by any Loan Party under Section 2.08), (iii) any backup withholding tax imposed by the United States (or any state or locality thereof) on a Lender or Administrative Agent, and (iv) any taxes imposed by FATCA (all such nonexcluded taxes, duties, levies, imposts, deductions, charges, withholdings and liabilities being hereinafter referred to as "Taxes"). If any Loan Party shall be required by law to deduct any Taxes from or in respect of any sum payable hereunder or under any other Loan Document to any Lender or the Administrative Agent, (i) the sum payable shall be increased as necessary so that after making all such required deductions (including deductions applicable to additional sums payable under this Section 2.17(a)) such Lender or the Administrative Agent (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such Loan Party shall make such deductions, (iii) such Loan Party shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable law and (iv) such Loan Party shall furnish to the Administrative Agent, for delivery to such Lender, the original or a certified copy of a receipt evidencing payment thereof.

(b) Other Taxes. In addition, each Loan Party agrees to pay any and all present or future stamp or court or documentary taxes and any other excise or property taxes, or similar charges or levies, which arise from any payment made pursuant to this Agreement, any Note or any other Loan Document or from the execution, delivery, performance, registration or enforcement of, or otherwise with respect to, this Agreement, any Note or any other Loan Document (collectively, "Other Taxes").

(c) Indemnification. Each Loan Party agrees to jointly and severally indemnify each Lender and the Administrative Agent for the full amount of Taxes and Other Taxes (including, without limitation, any Taxes or Other Taxes imposed or asserted by any jurisdiction on amounts payable under this Section 2.17(c)), whether or not correctly or legally asserted, paid by such Lender or Agent (as the case

may be) and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto as certified in good faith to the Borrower by each Lender or Agent seeking indemnification pursuant to this Section 2.17(c). This indemnification shall be paid within 15 days after such Lender or Agent (as the case may be) makes demand therefor.

(d) Refunds or Credits. If a Lender or the Administrative Agent receives a refund, credit or other reduction from a taxation authority for any Taxes or Other Taxes for which it has been indemnified by any Loan Party or with respect to which any Loan Party has paid additional amounts pursuant to this Section 2.17, it shall within fifteen (15) days from the date of such receipt pay over the amount of such refund, credit or other reduction to the Borrower (but only to the extent of indemnity payments made or additional amounts paid by the Loan Parties under this Section 2.17 with respect to the Taxes or Other Taxes giving rise to such refund, credit or other reduction), net of all reasonable out-of-pocket expenses of such Lender or the Administrative Agent (as the case may be) and without interest (other than interest paid by the relevant taxation authority with respect to such refund, credit or other reduction); provided, however, that each Loan Party agrees to repay, upon the request of such Lender or the Administrative Agent (as the case may be), the amount paid over to the Borrower (plus penalties, interest or other charges) to such Lender or the Administrative Agent in the event such Lender or the Administrative Agent is required to repay such refund or credit to such taxation authority.

(e) Tax Forms and Certificates. On or before the date it becomes a party to this Agreement, from time to time thereafter if reasonably requested by the Borrower or the Administrative Agent, and at any time it changes its Applicable Lending Office: (i) each Lender that is a "United States person" within the meaning of Section 7701(a)(30) of the Internal Revenue Code shall deliver to the Borrower and the Administrative Agent two (2) properly completed and duly executed copies of Internal Revenue Service Form W-9, or any successor form prescribed by the Internal Revenue Service, or such other documentation or information prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent, as the case may be, certifying that such Lender is a United States person and is entitled to an exemption from United States backup withholding tax or information reporting requirements; and (ii) each Lender that is not a "United States person" within the meaning of Section 7701(a)(30) of the Internal Revenue Code (a "Non-U.S. Lender") shall deliver to the Borrower and the Administrative Agent: (A) two (2) properly completed and duly executed copies of Internal Revenue Service Form W-8BEN or W-8BEN-E, or any successor form prescribed by the Internal Revenue Service, (x) certifying that such Non-U.S. Lender is entitled to the benefits under an income tax treaty to which the United States is a party which exempts the Non-U.S. Lender from United States withholding tax or reduces the rate of withholding tax on payments of interest for the account of such Non-U.S. Lender and (y) with respect to any other applicable payments under or entered into in connection with any Loan Document establishing an exemption from, or reduction of, United States withholding tax pursuant to the "business profits" or "other income" article of such tax treaty; (B) two (2) properly completed and duly executed copies of Internal Revenue Service Form W-8ECI, or any successor form prescribed by the Internal Revenue Service, certifying that the income receivable pursuant to this Agreement and the other Loan Documents is effectively connected with the conduct of a trade or business in the United States; (C) in the case of a Non-U.S. Lender claiming the benefits of the exemption for portfolio interest under Section 871(h) or Section 881(c) of the Internal Revenue Code, two (2) properly completed and duly executed copies of Internal Revenue Service Form W-8BEN or W-8BEN-E, or any successor form prescribed by the Internal Revenue Service, together with a certificate substantially in the form of Exhibit E-1 to the effect that (x) such Non-U.S. Lender is not (1) a "bank" within the meaning of Section 881(c)(3)(A) of the Internal Revenue Code, (2) a "10-percent shareholder" of any Loan Party within the meaning of Section 871(h)(3)(B) of the Internal Revenue Code, or (3) a "controlled foreign corporation" that is described in Section 881(c)(3)(C) of the Internal Revenue Code (a "U.S. Tax Compliance Certificate") and is related to any Loan Party within the meaning of Section 864(d)(4) of the Internal Revenue Code and (y) the interest payments in question are not effectively connected with a U.S. trade or business conducted by such Non-U.S. Lender; or (D) to the extent the Non-

U.S. Lender is not the beneficial owner, two (2) properly completed and duly executed copies of Internal Revenue Service Form W-8IMY, or any successor form prescribed by the Internal Revenue Service, accompanied by an Internal Revenue Service Form W-8ECI, W-8BEN, W-8BEN-E, W-9, and a U.S. Tax Compliance Certificate substantially in the form of Exhibit E-2 or E-3, from each beneficial owner, as applicable; provided that if the Non-U.S. Lender is a partnership and one or more direct or indirect partners of such Lender are claiming the portfolio interest exemption, such Non-U.S. Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit E-4 on behalf of each such direct or indirect partner. If a payment made to a Lender under any Loan Document would be subject to U.S. Federal withholding tax imposed by FATCA if such Lender fails to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Internal Revenue Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Internal Revenue Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Loan Parties and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (e), "FATCA" shall include any amendments made to FATCA after the date of this Agreement. In addition, each Lender agrees that from time to time after the Effective Date, when a lapse in time or change in circumstances renders the previous certification obsolete or inaccurate in any material respect, it will deliver to the Borrower and the Administrative Agent two new accurate and complete signed originals of Internal Revenue Service Form W-9, W-8BEN, W-8BEN-E, W-8ECI or W-8IMY or FATCA-related documentation described above, or successor forms, as the case may be, and such other forms as may be required in order to confirm or establish the entitlement of such Lender to a continued exemption from or reduction in United States withholding tax with respect to payments under this Agreement and any other Loan Document, or it shall immediately notify the Borrower and the Administrative Agent of its inability to deliver any such form or certificate.

(f) Exclusions. No Loan Party shall be required to indemnify any Non-U.S. Lender, or to pay any additional amount to any Non-U.S. Lender, pursuant to Section 2.17(a), (b) or (c) in respect of Taxes or Other Taxes to the extent that the obligation to indemnify or pay such additional amounts would not have arisen but for the failure of such Non-U.S. Lender to comply with the provisions of subsection (e) above.

(g) Mitigation. If any Loan Party is required to pay additional amounts to or for the account of any Lender pursuant to this Section 2.17, then such Lender will use reasonable efforts (which shall include efforts to rebook the Loans held by such Lender to a new Applicable Lending Office, or through another branch or affiliate of such Lender) to change the jurisdiction of its Applicable Lending Office if, in the good faith judgment of such Lender, such efforts (i) will eliminate or, if it is not possible to eliminate, reduce to the greatest extent possible any such additional payment which may thereafter accrue and (ii) is not otherwise disadvantageous, in the sole determination of such Lender, to such Lender. Any Lender claiming any indemnity payment or additional amounts payable pursuant to this Section shall use reasonable efforts (consistent with legal and regulatory restrictions) to deliver to Borrower any certificate or document reasonably requested in writing by the Borrower or to change the jurisdiction of its Applicable Lending Office if the making of such a filing or change would avoid the need for or reduce the amount of any such indemnity payment or additional amounts that may thereafter accrue and would not, in the sole determination of such Lender, be otherwise disadvantageous to such Lender.

(h) Confidentiality. Nothing contained in this Section shall require any Lender or the Administrative Agent to make available any of its tax returns (or any other information that it deems to be confidential or proprietary).

Section 2.18 Base Rate Loans Substituted for Affected Euro-Dollar Loans. If (a) the obligation of any Lender to make or maintain, or to convert outstanding Loans to, Euro-Dollar Loans has been suspended pursuant to Section 2.15 or (b) any Lender has demanded compensation under Section 2.16(a) with respect to its Euro-Dollar Loans and, in any such case, the Borrower shall, by at least four Business Days' prior notice to such Lender through the Administrative Agent, have elected that the provisions of this Section shall apply to such Lender, then, unless and until such Lender notifies the Borrower that the circumstances giving rise to such suspension or demand for compensation no longer apply:

(i) all Loans which would otherwise be made by such Lender as (or continued as or converted into) Euro-Dollar Loans shall instead be Base Rate Loans (on which interest and principal shall be payable contemporaneously with the related Euro-Dollar Loans of the other Lenders); and

(ii) after each of its Euro-Dollar Loans has been repaid, all payments of principal that would otherwise be applied to repay such Loans shall instead be applied to repay its Base Rate Loans.

If such Lender notifies the Borrower that the circumstances giving rise to such notice no longer apply, the principal amount of each such Base Rate Loan shall be converted into a Euro-Dollar Loan on the first day of the next succeeding Interest Period applicable to the related Euro-Dollar Loans of the other Lenders.

ARTICLE III  
[RESERVED]

ARTICLE IV  
CONDITIONS

Section 4.01 Conditions to Closing. The obligation of each Lender to make a Loan hereunder is subject to the satisfaction of the following conditions:

(a) This Agreement. The Administrative Agent shall have received counterparts hereof signed by each of the parties hereto (or, in the case of any party as to which an executed counterpart shall not have been received, receipt by the Administrative Agent in form satisfactory to it of telegraphic, telex, facsimile or other written confirmation from such party of execution of a counterpart hereof by such party) to be held in escrow and to be delivered to the Borrower upon satisfaction of the other conditions set forth in this Section 4.01.

(b) Notes. On or prior to the Effective Date, the Administrative Agent shall have received a duly executed Note for the account of each Lender requesting delivery of a Note pursuant to Section 2.05.

(c) Officers' Certificate. The Administrative Agent shall have received a certificate dated the Effective Date signed on behalf of each Loan Party by any Authorized Officer of such Loan Party stating that (A) on the Effective Date and after giving effect to the Loans being made on the Effective Date, no Default shall have occurred and be continuing, and (B) the representations and warranties of such Loan Party contained in the Loan Documents are true and correct on and as of the Effective Date, except to the extent that such representations and warranties specifically refer to an earlier date, in which case they were true and correct as of such earlier date.

(d) Secretary's Certificates. On the Effective Date, the Administrative Agent shall have received (i) a certificate of the Secretary of State (or equivalent body) of the jurisdiction of incorporation dated as of a recent date, as to the good standing of each Loan Party and (ii) a certificate of the Secretary

(i) an involuntary case or other proceeding shall be commenced against any Loan Party seeking liquidation, reorganization or other relief with respect to it or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property, and such involuntary case or other proceeding shall remain undismissed and unstayed for a period of 60 days; or an order for relief shall be entered against any Loan Party under the Bankruptcy Code; or

(j) any member of the ERISA Group shall fail to pay when due an amount or amounts aggregating in excess of \$50,000,000 which it shall have become liable to pay under Title IV of ERISA; or notice of intent to terminate a Material Plan shall be filed under Title IV of ERISA by any member of the ERISA Group, any plan administrator or any combination of the foregoing; or the PBGC shall institute proceedings under Title IV of ERISA to terminate, to impose liability (other than for premiums under Section 4007 of ERISA) in respect of, or to cause a trustee to be appointed to administer any Material Plan; or a condition shall exist by reason of which the PBGC would be entitled to obtain a decree adjudicating that any Material Plan must be terminated; or there shall occur a complete or partial withdrawal from, or default, within the meaning of Section 4219(c)(5) of ERISA, with respect to, one or more Multiemployer Plans which could reasonably be expected to cause one or more members of the ERISA Group to incur a current payment obligation in excess of \$50,000,000; or

(k) any Loan Party shall fail within sixty (60) days to pay, bond or otherwise discharge any judgment or order for the payment of money in excess of \$20,000,000, entered against it that is not stayed on appeal or otherwise being appropriately contested in good faith; or

(l) a Change of Control shall have occurred; or

(m) the Guaranty shall cease to be in full force or effect or shall be found by any judicial proceeding to be unenforceable or invalid; or the Guarantor shall deny or disaffirm in writing the Guarantor's obligations under the Guaranty;

then, and in every such event, while such event is continuing, the Administrative Agent shall if requested by the Lenders holding more than 50% of the sum of the aggregate outstanding principal amount of the Loans at such time, by notice to the Borrower declare the Loans (together with accrued interest and accrued and unpaid fees thereon and all other amounts due hereunder) to be, and the Loans shall thereupon become, immediately due and payable without presentment, demand, protest or other notice of any kind (except as set forth in clause (A) above), all of which are hereby waived by the Borrower; provided, that, in the case of any Default or any Event of Default specified in Section 7.01(h) or 7.01(i) above with respect to the Borrower, without any notice to the Borrower or any other act by the Administrative Agent or any Lender,

the Commitments shall thereupon terminate and the Loans (together with accrued interest and accrued and unpaid fees thereon and all other amounts due hereunder) shall become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.

## ARTICLE VIII THE ADMINISTRATIVE AGENT

Section 8.01 Appointment and Authorization. Each Lender hereby irrevocably designates and appoints the Administrative Agent to act as specified herein and in the other Loan Documents and to take such actions on its behalf under the provisions of this Agreement and the other Loan Documents and perform such duties as are expressly delegated to the Administrative Agent by the terms of this Agreement and the other Loan Documents, together with such other powers as are reasonably incidental thereto. The Administrative Agent agrees to act as such upon the express conditions contained in this Article VIII. Notwithstanding any provision to the contrary elsewhere in this Agreement or in any other Loan Document, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth herein or in the other Loan Documents, or any fiduciary relationship with any Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or otherwise exist against the Administrative Agent. The provisions of this Article VIII are solely for the benefit of the Administrative Agent and Lenders, and no other Person shall have any rights as a third party beneficiary of any of the provisions hereof. For the sake of clarity, the Lenders hereby agree that no Agent other than the Administrative Agent shall have, in such capacity, any duties or powers with respect to this Agreement or the other Loan Documents.

Section 8.02 Individual Capacity. The Administrative Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower, Guarantor and its Affiliates as though the Administrative Agent were not an Agent. With respect to the Loans made by it and all obligations owing to it, the Administrative Agent shall have the same rights and powers under this Agreement as any Lender and may exercise the same as though it were not an Agent, and the terms "Required Lenders", "Lender" and "Lenders" shall include the Administrative Agent in its individual capacity.

Section 8.03 Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement or any other Loan Document by or through agents or attorneys-in-fact. The Administrative Agent shall not be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care except to the extent otherwise required by Section 8.07.

Section 8.04 Reliance by the Administrative Agent. The Administrative Agent shall be entitled to rely, and shall be fully protected in relying, upon any note, writing, resolution, notice, consent, certificate, affidavit, letter, telecopy or other electronic facsimile transmission, telex, telegram, cable, teletype, electronic transmission by modem, computer disk or any other message, statement, order or other writing or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including, without limitation, counsel to the Loan Parties), independent accountants and other experts selected by the Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Loan Document unless it shall first receive such advice or concurrence of the Required Lenders, or all of the Lenders, if applicable, as it deems appropriate or it shall first be indemnified to its satisfaction by the Lenders against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting,

or in refraining from acting, under this Agreement and the other Loan Documents in accordance with a request of the Required Lenders or all of the Lenders, if applicable, and such request and any action taken or failure to act pursuant thereto shall be binding upon all of the Lenders.

**Section 8.05 Notice of Default.** The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of any Default hereunder unless the Administrative Agent has received notice from a Lender or a Loan Party referring to this Agreement, describing such Default and stating that such notice is a "notice of default". If the Administrative Agent receives such a notice, the Administrative Agent shall give prompt notice thereof to the Lenders. The Administrative Agent shall take such action with respect to such Default as shall be reasonably directed by the Required Lenders; provided, that, unless and until the Administrative Agent shall have received such directions, the Administrative Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default as it shall deem advisable in the best interests of the Lenders.

**Section 8.06 Non-Reliance on the Administrative Agent and Other Lenders.** Each Lender expressly acknowledges that no Agent or officer, director, employee, agent, attorney-in-fact or affiliate of the Administrative Agent has made any representations or warranties to it and that no act by the Administrative Agent hereafter taken, including any review of the affairs of the Loan Parties, shall be deemed to constitute any representation or warranty by such Agent to any Lender. Each Lender acknowledges to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, assets, operations, property, financial and other condition, prospects and creditworthiness of the Loan Parties and made its own decision to make its Loans hereunder and to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit analysis, appraisals and decisions in taking or not taking action under this Agreement, and to make such investigation as it deems necessary to inform itself as to the business, assets, operations, property, financial and other condition, prospects and creditworthiness of the Loan Parties. No Agent shall have any duty or responsibility to provide any Lender with any credit or other information concerning the business, operations, assets, property, financial and other condition, prospects or creditworthiness of the Loan Parties which may come into the possession of such Agent or any of its officers, directors, employees, agents, attorneys-in-fact or affiliates.

**Section 8.07 Exculpatory Provisions.** The Administrative Agent shall not, and no officers, directors, employees, agents, attorneys-in-fact or affiliates of the Administrative Agent, shall (i) be liable for any action lawfully taken or omitted to be taken by it under or in connection with this Agreement or any other Loan Document (except for its own gross negligence, willful misconduct or bad faith) or (ii) be responsible in any manner to any of the Lenders for any recitals, statements, representations or warranties made by each Loan Party or any of its officers contained in this Agreement, in any other Loan Document or in any certificate, report, statement or other document referred to or provided for in, or received by the Administrative Agent under or in connection with, this Agreement or any other Loan Document or for any failure of any Loan Party or any of its officers to perform its obligations hereunder or thereunder. The Administrative Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any other Loan Document, or to inspect the properties, books or records of the Loan Parties. The Administrative Agent shall not be responsible to any Lender for the effectiveness, genuineness, validity, enforceability, collectibility or sufficiency of this Agreement or any other Loan Document or for any representations, warranties, recitals or statements made by any other Person herein or therein or made by any other Person in any written or oral statement or in any financial or other statements, instruments, reports, certificates or any other documents in connection herewith or therewith furnished or made by the Administrative Agent

to the Lenders or by or on behalf of any Loan Party to the Administrative Agent or any Lender or be required to ascertain or inquire as to the performance or observance of any of the terms, conditions, provisions, covenants or agreements contained herein or therein or as to the use of the proceeds of the Loans or of the existence or possible existence of any Default.

Section 8.08 Indemnification. To the extent that the Loan Parties, as applicable, for any reason fails to indefeasibly pay any amount required under Sections 9.03(a), (b) or (c) to be paid by it to the Administrative Agent (or any sub-agent thereof), the Lenders severally agree to indemnify the Administrative Agent, in its capacity as such, and hold the Administrative Agent, in its capacity as such, harmless ratably according to their respective Loans outstanding from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and reasonable expenses or disbursements of any kind whatsoever which may at any time (including, without limitation, at any time following the full payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against the Administrative Agent, in its capacity as such, in any way relating to or arising out of this Agreement or any other Loan Document, or any documents contemplated hereby or referred to herein or the transactions contemplated hereby or any action taken or omitted to be taken by the Administrative Agent under or in connection with any of the foregoing, but only to the extent that any of the foregoing is not paid by the Loan Parties; provided, that no Lender shall be liable to the Administrative Agent for the payment of any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs or expenses or disbursements resulting from the gross negligence, willful misconduct or bad faith of the Administrative Agent. If any indemnity furnished to the Administrative Agent for any purpose shall, in the reasonable opinion of the Administrative Agent, be insufficient or become impaired, the Administrative Agent may call for additional indemnity and cease, or not commence, to do the acts indemnified against until such additional indemnity is furnished. The agreement in this Section 8.08 shall survive the payment of all Loans, fees and other obligations of the Borrower arising hereunder.

Section 8.09 Resignation; Successors. The Administrative Agent may resign as Administrative Agent upon twenty (20) days' notice to the Lenders. Upon the resignation of the Administrative Agent, the Required Lenders shall have the right to appoint from among the Lenders a successor to the Administrative Agent, subject to prior approval by the Borrower (so long as no Event of Default exists) (such approval not to be unreasonably withheld), whereupon such successor Administrative Agent shall succeed to and become vested with all the rights, powers and duties of the retiring Administrative Agent, and the term "Administrative Agent" shall include such successor Administrative Agent effective upon its appointment, and the retiring Administrative Agent's rights, powers and duties as Administrative Agent shall be terminated, without any other or further act or deed on the part of such former Administrative Agent or any of the parties to this Agreement or any other Loan Document. If no successor shall have been appointed by the Required Lenders and approved by the Borrower and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may at its election give notice to the Lenders and Loan Parties of the immediate effectiveness of its resignation and such resignation shall thereupon become effective and the Lenders collectively shall perform all of the duties of the Administrative Agent hereunder and under the other Loan Documents until such time, if any, as the Required Lenders appoint a successor agent as provided for above. After the retiring Administrative Agent's resignation hereunder as Administrative Agent, the provisions of this Article VIII shall inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement or any other Loan Document.

## ARTICLE IX MISCELLANEOUS

Section 9.01 Notices. Except as otherwise expressly provided herein, all notices and other communications hereunder shall be in writing (for purposes hereof, the term "writing" shall include

information in electronic format such as electronic mail and internet web pages) or by telephone subsequently confirmed in writing; provided that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Administrative Agent that it is incapable of receiving notices under such Article in electronic format. Any notice shall have been duly given and shall be effective if delivered by hand delivery or sent via electronic mail, telecopy, recognized overnight courier service or certified or registered mail, return receipt requested, or posting on an internet web page, and shall be presumed to be received by a party hereto (i) on the date of delivery if delivered by hand or sent by electronic mail, posting on an internet web page, or telecopy (provided, however, that if any notice or other communication sent by electronic mail, posting on an internet webpage or telecopy is received by a recipient after such recipient's normal business hours, such notice or other communication shall be deemed received upon the opening of such recipient's next Business Day), (ii) on the Business Day following the day on which the same has been delivered prepaid (or on an invoice basis) to a reputable national overnight air courier service or (iii) on the third Business Day following the day on which the same is sent by certified or registered mail, postage prepaid, in each case to the respective parties at the address or telecopy numbers, in the case of any of the Loan Parties and the Administrative Agent, set forth below, and, in the case of the Lenders, set forth on signature pages hereto, or at such other address as such party may specify by written notice to the other parties hereto:

Section 9.02 No Waivers; Non-Exclusive Remedies. No failure by the Administrative Agent or any Lender to exercise, no course of dealing with respect to, and no delay in exercising any right, power or privilege hereunder or under any Note or other Loan Document shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies provided herein and in the other Loan Documents shall be cumulative and not exclusive of any rights or remedies provided by law.

Section 9.03 Expenses; Indemnification.

(a) Expenses. The Borrower shall pay (i) all out-of-pocket expenses of the Administrative Agent, including legal fees and disbursements of Davis Polk & Wardwell LLP and any other local counsel retained by the Administrative Agent, in its reasonable discretion, in connection with the preparation, execution, delivery and administration of the Loan Documents, the syndication efforts of the Administrative Agent with respect thereto, any waiver or consent thereunder or any amendment thereof or any Default or alleged Default thereunder and (ii) all reasonable out-of-pocket expenses incurred by the Administrative Agent and each Lender, including (without duplication) the fees and disbursements of outside counsel, in connection with any restructuring, workout, collection, bankruptcy, insolvency and other enforcement proceedings in connection with the enforcement and protection of its rights; provided, that the Borrower shall not be liable for any legal fees or disbursements of any counsel for the Administrative Agent and the Lenders other than Davis Polk & Wardwell LLP associated with the preparation, execution and delivery of this Agreement and the closing documents contemplated hereby.

(b) Indemnity in Respect of Loan Documents. Each of the Loan Parties agrees to jointly and severally indemnify the Administrative Agent and each Lender, their respective Affiliates and the respective directors, officers, trustees, agents, employees and advisors of the foregoing (each an "Indemnitee") and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and expenses or disbursements of any kind whatsoever (including, without limitation, the reasonable fees and disbursements of counsel and any civil

penalties or fines assessed by OFAC), which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in connection with any investigative, administrative or judicial proceeding (whether or not such Indemnitee shall be designated a party thereto) brought or threatened (by any third party, by the Guarantor, the Borrower or any Subsidiary of the Borrower) in any way relating to or arising out of this Agreement, any other Loan Document or any documents contemplated hereby or thereby or referred to herein or therein or any actual or proposed use of proceeds of Loans hereunder; provided, that no Indemnitee shall have the right to be indemnified hereunder for such Indemnitee's own gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final, non-appealable judgment or order.

(c) Indemnity in Respect of Environmental Liabilities. Each of the Loan Parties agrees to jointly and severally indemnify each Indemnitee and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs and expenses or disbursements of any kind whatsoever (including, without limitation, reasonable expenses of investigation by engineers, environmental consultants and similar technical personnel and reasonable fees and disbursements of counsel) which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in respect of or in connection with (i) any actual or alleged presence or release of Hazardous Substances on or from any property now or previously owned or operated by the Guarantor or any of its Subsidiaries or any predecessor of the Guarantor or any of its Subsidiaries or (ii) any and all Environmental Liabilities. Without limiting the generality of the foregoing, the Borrower hereby waives all rights of contribution or any other rights of recovery with respect to liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs and expenses and disbursements in respect of or in connection with Environmental Liabilities that it might have by statute or otherwise against any Indemnitee.

(d) Waiver of Damages. To the fullest extent permitted by applicable law, no Loan Party shall assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the transactions contemplated hereby or thereby, any Loan or the use of the proceeds thereof. No Indemnitee referred to in clause (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby; provided that nothing in this Section 9.03(d) shall relieve any Lender from its obligations under Section 9.12.

Section 9.04 Sharing of Set-Offs. Each Lender agrees that if it shall, by exercising any right of set-off or counterclaim or otherwise, receive payment of a proportion of the aggregate amount of principal and interest due with respect to any Loan made or Note held by it which is greater than the proportion received by any other Lender in respect of the aggregate amount of principal and interest due with respect to any Loan and Note made or held by such other Lender, except as otherwise expressly contemplated by this Agreement, the Lender receiving such proportionately greater payment shall purchase such participations in the Loan made or Notes held by the other Lenders, and such other adjustments shall be made, in each case as may be required so that all such payments of principal and interest with respect to the Loan made or Notes made or held by the Lenders shall be shared by the Lenders pro rata; provided, that nothing in this Section shall impair the right of any Lender to exercise any right of set-off or counterclaim it may have for payment of indebtedness of the Borrower other than its indebtedness hereunder.

**Section 9.05 Amendments and Waivers.** Any provision of this Agreement or the Notes may be amended or waived if, but only if, such amendment or waiver is in writing and is signed by the Loan Parties and the Required Lenders (and, if the rights or duties of the Administrative Agent are affected thereby, by the Administrative Agent); provided, that no such amendment or waiver shall, (a) unless signed by each Lender adversely affected thereby, (i) extend or increase the Commitment of any Lender or subject any Lender to any additional obligation (it being understood that waivers or modifications of conditions precedent, covenants, Defaults or of mandatory reductions in the Commitments shall not constitute an increase of the Commitment of any Lender, and that an increase in the available portion of any Commitment of any Lender as in effect at any time shall not constitute an increase in such Commitment), (ii) reduce the principal of or rate of interest on any Loan (except in connection with a waiver of applicability of any post-default increase in interest rates), (iii) postpone the date fixed for any payment of interest on any Loan or for any scheduled reduction or termination of any Commitment, (iv) postpone or change the date fixed for any scheduled payment of principal of any Loan, (v) change any provision hereof in a manner that would alter the pro rata funding of Loans required by Section 2.04(b), the pro rata sharing of payments required by Sections 2.11(a) or 9.04 or (vi) change the currency in which Loans are to be made or payment under the Loan Documents is to be made, or add additional borrowers or (b) unless signed by each Lender, (i) change the definition of Required Lender or this Section 9.05 or Section 9.06(a) or (ii) release the Guarantor from its Obligations under the Guaranty. Notwithstanding anything to the contrary herein, the Administrative Agent and the Borrower may, without the consent of any Lender, enter into amendments or modifications to this Agreement or any of the other Loan Documents or to enter into additional Loan Documents as the Administrative Agent reasonably deems appropriate in order to implement any Benchmark Replacement or otherwise effectuate the terms of Section 2.14(b) in accordance with the terms of Section 2.14(b).

**Section 9.06 Successors and Assigns.**

(a) **Successors and Assigns.** The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, except that no Loan Party may assign or otherwise transfer any of its rights under this Agreement without the prior written consent of all of the Lenders, except to the extent any such assignment results from the consummation of a merger or consolidation permitted pursuant to Section 6.07 of this Agreement.

(b) **Participations.** Any Lender may at any time grant to one or more banks or other financial institutions or special purpose funding vehicle (each a "Participant") participating interests in its Commitments and/or any or all of its Loans. In the event of any such grant by a Lender of a participating interest to a Participant, whether or not upon notice to the Borrower and the Administrative Agent, such Lender shall remain responsible for the performance of its obligations hereunder, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which any Lender may grant such a participating interest shall provide that such Lender shall retain the sole right and responsibility to enforce the obligations of the Loan Parties hereunder including, without limitation, the right to approve any amendment, modification or waiver of any provision of this Agreement; provided, that such participation agreement may provide that such Lender will not agree to any modification, amendment or waiver of this Agreement which would (i) extend the Maturity Date, reduce the rate or extend the time of payment of principal, interest or fees on any Loan in which such Participant is participating (except in connection with a waiver of applicability of any post-default increase in interest rates) or reduce the principal amount thereof, or increase the amount of the Participant's participation over the amount thereof then in effect (it being understood that a waiver of any Default or of a mandatory reduction in the Commitments shall not constitute a change in the terms of such participation, and that an increase in any Commitment or Loan shall be permitted without the consent of any Participant if the Participant's participation is not increased as a result thereof) or (ii) allow the assignment or transfer by any Loan Party

of any of its rights and obligations under this Agreement, without the consent of the Participant, except to the extent any such assignment results from the consummation of a merger or consolidation permitted pursuant to Section 6.07 of this Agreement. The Borrower agrees that each Participant shall, to the extent provided in its participation agreement, be entitled to the benefits of Article II with respect to its participating interest to the same extent as if it were a Lender, subject to the same requirements and limitations therein, including the requirements under Section 2.17(e) (it being understood that the documentation required under Section 2.17(e) shall be delivered to the participating Lender) to the same extent as if it were the Lender, and in no case shall any Participant be entitled to receive any amount payable pursuant to Article II that is greater than the amount the Lender granting such Participant's participating interest would have been entitled to receive had such Lender not sold such participating interest. An assignment or other transfer which is not permitted by subsection (c) or (d) below shall be given effect for purposes of this Agreement only to the extent of a participating interest granted in accordance with this subsection (b). Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register (solely for tax purposes) on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided, that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person except to the extent that such disclosure is necessary to establish that such interest in the Loan or other obligation under the Loan Documents is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary.

(c) Assignments Generally. Any Lender may at any time assign to one or more Eligible Assignees (each, an "Assignee") all, or a proportionate part (equivalent to an initial amount of not less than \$5,000,000 or any larger integral multiple of \$1,000,000), of its rights and obligations under this Agreement and the Notes with respect to its Loans and, if still in existence, its Commitment, and such Assignee shall assume such rights and obligations, pursuant to an Assignment and Assumption Agreement in substantially the form of Exhibit C attached hereto executed by such Assignee and such transferor, with (and subject to) the consent of the Borrower, which shall not be unreasonably withheld or delayed, the Administrative Agent, which consent shall not be unreasonably withheld or delayed; provided, that if an Assignee is an Approved Fund or Affiliate of such transferor Lender or was a Lender immediately prior to such assignment, no such consent of the Borrower or the Administrative Agent shall be required; provided, further, that if at the time of such assignment a Default or an Event of Default has occurred and is continuing, no such consent of the Borrower shall be required; provided, further, that the provisions of Sections 2.12, 2.16, 2.17 and 9.03 of this Agreement shall inure to the benefit of a transferor with respect to any Loans made or any other actions taken by such transferor while it was a Lender. Upon execution and delivery of such instrument and payment by such Assignee to such transferor of an amount equal to the purchase price agreed between such transferor and such Assignee, such Assignee shall be a Lender party to this Agreement and shall have all the rights and obligations of a Lender with a Commitment, if any, as set forth in such instrument of assumption, and the transferor shall be released from its obligations hereunder to a corresponding extent, and no further consent or action by any party shall be required. Upon the consummation of any assignment pursuant to this subsection (c), the transferor, the Administrative Agent and the Borrower shall make appropriate arrangements so that, if required, a new Note is issued to the Assignee. In connection with any such assignment, the transferor shall pay to the Administrative Agent an administrative fee for processing such assignment in the amount of \$3,500; provided that the Administrative Agent may, in its sole discretion, elect to waive such administrative fee in the case of any assignment. Each Assignee shall be subject to the requirements under Section 2.17 and shall, on or before the effective date of such assignment, deliver to the Borrower and the Administrative Agent certification as to exemption from deduction or withholding of any United States Taxes in accordance with Section 2.17(e).

(d) Assignments to Federal Reserve Banks. Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement and its Note to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank or other central banking authority; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(e) Register. The Borrower hereby designates the Administrative Agent to serve as the Borrower's agent, solely for purposes of this Section 9.06(e), to (i) maintain a register (the "Register") on which the Administrative Agent will record the Commitments from time to time of each Lender, the Loans made by each Lender and each repayment in respect of the principal amount of the Loans of each Lender and to (ii) retain a copy of each Assignment and Assumption Agreement delivered to the Administrative Agent pursuant to this Section. Failure to make any such recordation, or any error in such recordation, shall not affect the Borrower's obligation in respect of such Loans. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person in whose name a Loan and the Note evidencing the same is registered as the owner thereof for all purposes of this Agreement, notwithstanding notice or any provision herein to the contrary. With respect to any Lender, the assignment or other transfer of the Commitments of such Lender and the rights to the principal of, and interest on, any Loan made and any Note issued pursuant to this Agreement shall not be effective until such assignment or other transfer is recorded on the Register and, except to the extent provided in this Section 9.06(e), otherwise complies with Section 9.06, and prior to such recordation all amounts owing to the transferring Lender with respect to such Commitments, Loans and Notes shall remain owing to the transferring Lender. The registration of assignment or other transfer of all or part of any Commitments, Loans and Notes for a Lender shall be recorded by the Administrative Agent on the Register only upon the acceptance by the Administrative Agent of a properly executed and delivered Assignment and Assumption Agreement and payment of the administrative fee referred to in Section 9.06(c). The Register shall be available for inspection by the Borrower at any reasonable time and from time to time upon reasonable prior notice. In addition, at any time that a request for a consent for a material or substantive change to the Loan Documents is pending, any Lender wishing to consult with other Lenders in connection therewith may request and receive from the Administrative Agent a copy of the Register. The Borrower may not replace any Lender pursuant to Section 2.08, unless, with respect to any Notes held by such Lender, the requirements of Section 9.06(c) and this Section 9.06(e) have been satisfied.

Section 9.07 Governing Law; Submission to Jurisdiction. This Agreement and each Note shall be governed by and construed in accordance with the internal laws of the State of New York. Each Loan Party hereby submits to the exclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court sitting in New York City, borough of Manhattan, for purposes of all legal proceedings arising out of or relating to this Agreement or the transactions contemplated hereby. Each Loan Party irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such proceeding brought in such court and any claim that any such proceeding brought in any such court has been brought in an inconvenient forum.

Section 9.08 Counterparts; Integration; Effectiveness. This Agreement shall become effective on the Effective Date. This Agreement may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. On and after the Effective Date, this Agreement and the other Loan Documents constitute the entire agreement and understanding among the parties hereto and supersede any and all prior agreements and understandings, oral or written, relating to the subject matter hereof and thereof.

Section 9.09 Generally Accepted Accounting Principles. Unless otherwise specified herein, all accounting terms used herein shall be interpreted, all accounting determinations hereunder shall be made

and all financial statements required to be delivered hereunder shall be prepared in accordance with GAAP as in effect from time to time, applied on a basis consistent (except for changes concurred in by the Guarantor's independent public accountants) with the audited consolidated financial statements of the Guarantor and its Consolidated Subsidiaries most recently delivered to the Lenders; provided, that, if the Guarantor notifies the Administrative Agent that the Guarantor wishes to amend any covenant in Article VI to eliminate the effect of any change in GAAP on the operation of such covenant (or if the Administrative Agent notifies the Guarantor that the Required Lenders wish to amend Article VI for such purpose), then the Guarantor's compliance with such covenant shall be determined on the basis of GAAP in effect immediately before the relevant change in GAAP became effective, until either such notice is withdrawn or such covenant is amended in a manner satisfactory to the Guarantor and the Required Lenders.

Section 9.10 Usage. The following rules of construction and usage shall be applicable to this Agreement and to any instrument or agreement that is governed by or referred to in this Agreement.

(a) All terms defined in this Agreement shall have the defined meanings when used in any instrument governed hereby or referred to herein and in any certificate or other document made or delivered pursuant hereto or thereto unless otherwise defined therein.

(b) The words "hereof", "herein", "hereunder" and words of similar import when used in this Agreement or in any instrument or agreement governed here shall be construed to refer to this Agreement or such instrument or agreement, as applicable, in its entirety and not to any particular provision or subdivision hereof or thereof.

(c) References in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, this Agreement unless the context otherwise requires; references in any instrument or agreement governed by or referred to in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, such instrument or agreement unless the context otherwise requires.

(d) The definitions contained in this Agreement shall apply equally to the singular and plural forms of such terms. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The word "will" shall be construed to have the same meaning as the word "shall". The term "including" shall be construed to have the same meaning as the phrase "including without limitation".

(e) Unless the context otherwise requires, any definition of or reference to any agreement, instrument, statute or document contained in this Agreement or in any agreement or instrument that is governed by or referred to in this Agreement shall be construed (i) as referring to such agreement, instrument, statute or document as the same may be amended, supplemented or otherwise modified from time to time (subject to any restrictions on such amendments, supplements or modifications set forth in this Agreement or in any agreement or instrument governed by or referred to in this Agreement), including (in the case of agreements or instruments) by waiver or consent and (in the case of statutes) by succession of comparable successor statutes and (ii) to include (in the case of agreements or instruments) references to all attachments thereto and instruments incorporated therein. Any reference to any Person shall be construed to include such Person's successors and permitted assigns.

(f) Unless the context otherwise requires, whenever any statement is qualified by "to the best knowledge of" or "known to" (or a similar phrase) any Person that is not a natural person, it is intended to indicate that the senior management of such Person has conducted a commercially reasonable inquiry and

investigation prior to making such statement and no member of the senior management of such Person (including managers, in the case of limited liability companies, and general partners, in the case of partnerships) has current actual knowledge of the inaccuracy of such statement.

(g) Unless otherwise specified, all references herein to times of day shall constitute references to New York City time.

Section 9.11 WAIVER OF JURY TRIAL. EACH OF THE LOAN PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 9.12 Confidentiality. Each Lender agrees to hold all non-public information obtained pursuant to the requirements of this Agreement in accordance with its customary procedure for handling confidential information of this nature and in accordance with safe and sound banking practices; provided, that nothing herein shall prevent any Lender from disclosing such information (i) to any other Lender or to the Administrative Agent, (ii) to any other Person if reasonably incidental to the administration of the Loans, (iii) upon the order of any court or administrative agency, (iv) to the extent requested by, or required to be disclosed to, any rating agency or regulatory agency or similar authority (including any self-regulatory authority, such as the National Association of Insurance Commissioners), (v) which had been publicly disclosed other than as a result of a disclosure by the Administrative Agent or any Lender prohibited by this Agreement, (vi) in connection with any litigation to which the Administrative Agent, any Lender or any of their respective Subsidiaries or Affiliates may be party, (vii) to the extent necessary in connection with the exercise of any remedy hereunder, (viii) to such Lender's or the Administrative Agent's Affiliates and their respective directors, officers, employees, service providers and agents including legal counsel and independent auditors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such information and instructed to keep such information confidential), (ix) with the consent of the Borrower, (x) to Gold Sheets and other similar bank trade publications, such information to consist solely of deal terms and other information customarily found in such publications and (xi) subject to provisions substantially similar to those contained in this Section, to any actual or proposed Participant or Assignee or to any actual or prospective counterparty (or its advisors) to any securitization, swap or derivative transaction relating to the Loan Parties' Obligations hereunder. Notwithstanding the foregoing, the Administrative Agent, any Lender or Davis Polk & Wardwell LLP may circulate promotional materials and place advertisements in financial and other newspapers and periodicals or on a home page or similar place for dissemination of information on the Internet or worldwide web, in each case, after the closing of the transactions contemplated by this Agreement in the form of a "tombstone" or other release limited to describing the names of the Loan Parties or their Affiliates, or any of them, and the amount, type and closing date of such transactions, all at their sole expense.

Section 9.13 USA PATRIOT Act Notice. Each Lender that is subject to the Patriot Act (as hereinafter defined) and the Beneficial Ownership Regulation and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Loan Parties that pursuant to the requirements of the USA PATRIOT Act (Title III of Pub.L. 107-56 (signed into law October 26, 2001)) (the "Patriot Act") and the Beneficial Ownership Regulation, it is required to obtain, verify and record information that identifies the Borrower and the Guarantor, which information includes the name and address of each Loan Party and other information that will allow such Lender or the Administrative Agent, as applicable, to identify each Loan Party in accordance with the Patriot Act and, to the extent such Loan Party is a "legal entity customer" under the Beneficial Ownership Regulation, the Beneficial Ownership Regulation.

Section 9.14 No Fiduciary Duty. Each Agent, each Lender and their respective Affiliates (collectively, solely for purposes of this paragraph, the "Lender Parties"), may have economic interests that

conflict with those of the Loan Parties, their respective Affiliates and/or their respective stockholders (collectively, solely for purposes of this paragraph, the “Borrower Parties”). Each Loan Party agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty (other than any implied duty of good faith) between any Lender Party, on the one hand, and any Borrower Party, on the other. The Lender Parties acknowledge and agree that (a) the transactions contemplated by the Loan Documents (including the exercise of rights and remedies hereunder and thereunder) are arm’s-length commercial transactions between the Lender Parties, on the one hand, and the Loan Parties, on the other and (b) in connection therewith and with the process leading thereto, (i) no Lender Party has assumed an advisory or fiduciary responsibility in favor of any Borrower Party with respect to the transactions contemplated hereby (or the exercise of rights or remedies with respect thereto) or the process leading thereto (irrespective of whether any Lender Party has advised, is currently advising or will advise any Borrower Party on other matters) or any other obligation to any Borrower Party except the obligations expressly set forth in the Loan Documents and (ii) each Lender Party is acting solely as principal and not as the agent or fiduciary of any Borrower Party. Each Loan Party acknowledges and agrees that it has consulted its own legal and financial advisors to the extent it deemed appropriate and that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. Each Loan Party agrees that it will not claim that any Lender Party has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to any Borrower Party, in connection with such transaction or the process leading thereto.

Section 9.15 Acknowledgment and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Lender that is an Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any Lender that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of the applicable Resolution Authority.

Section 9.16 Survival. Sections 2.12, 2.16, 2.17 and 9.03 shall survive the Maturity Date for the benefit of each Agent and Each Lender, as applicable.

Section 9.17 Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the “Charges”), shall exceed the maximum lawful rate (the “Maximum Rate”) which may be contracted for, charged, taken, received or

reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender.

Section 9.18 Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 9.19 Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

## ARTICLE X GUARANTY

Section 10.01 Guaranty. The Guarantor unconditionally, absolutely and irrevocably guarantees to the Administrative Agent and each Lender as though it was a primary obligor for, the full and punctual payment of the Obligations when due (whether at stated maturity, upon acceleration or otherwise). If the Borrower fails to pay any Obligation punctually when due, the Guarantor agrees that it will forthwith on demand pay the amount not so paid at the place and in the manner specified in the relevant Loan Document. Notwithstanding the foregoing, the liability of the Guarantor individually with respect to its obligations, including any payment made pursuant to, this Guaranty shall be limited to an aggregate amount equal to the maximum amount that would not render the Guarantor's obligations hereunder subject to avoidance under the Bankruptcy Code or any comparable provisions of any applicable state law. This Guaranty is a Guarantee of payment and not merely of collection.

Section 10.02 Guaranty Unconditional. The obligations of the Guarantor hereunder shall be unconditional and absolute and, without limiting the generality of the foregoing, shall not be released, discharged or otherwise affected by:

(a) any change in the amount or purpose of or the time, manner, method, or place of payment or performance of any of the Obligations or any extension, renewal, settlement, compromise, waiver or release in respect of any obligation of the Borrower or any other Person under any Loan Document, by operation of law or otherwise;

(b) any modification, extension, renewal or amendment of or supplement to any Loan Document or any of the Obligations or any execution or delivery of any additional Loan Documents;

(c) any release, impairment, non-perfection or invalidity of any direct or indirect security for any obligation of the Borrower or any other Person under any Loan Document;

(d) any change in the corporate existence, structure or ownership of the Borrower or any other Person or any of their respective Subsidiaries, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the Borrower or any other Person or any of their assets or any resulting release or

discharge of any obligation (including any of the Obligations) of the Borrower or any other Person under any Loan Document;

(e) the existence of any claim, set-off, defense, counterclaim, withholding or other right that the Guarantor or the Borrower may have at any time against any Person (including the Administrative Agent and the Lenders), whether in connection with the Loan Documents or any unrelated transactions; provided that nothing herein shall prevent the assertion of any such claim or defense by separate suit or compulsory counterclaim;

(f) any avoidance, subordination, invalidity or unenforceability relating to or against the Borrower or any other Person for any reason of any Obligation or any Loan Document, any provision of applicable law or regulation purporting to prohibit the payment of any Obligation by the Borrower or any other Person, or the Borrower denies that it has any or further liability or obligation under any Loan Document, or purports to revoke, terminate or rescind any Obligation or provision of any Loan Document;

(g) any failure of the Administrative Agent or any Lender to assert any claim or demand or to exercise or enforce any right or remedy under the provisions of any Loan Document or to assert any breach of or default under any Loan Document or any breach of the Obligations; or

(h) any other act or omission to act or delay of any kind by the Borrower, any other party to any Loan Document or any other Person, or any other circumstance whatsoever that might, but for the provisions of this clause (h), constitute a legal or equitable discharge of or defense to any obligation of the Guarantor hereunder.

**Section 10.03 Discharge Only Upon Payment in Full; Reinstatement in Certain Circumstances.** The Guarantor's obligations hereunder shall remain in full force and effect until all Obligations shall have been paid in full and all Commitments have been terminated. If at any time any payment of any Obligation is rescinded or must be otherwise restored or returned upon the insolvency, bankruptcy or reorganization of the Borrower or otherwise, the Guarantor's obligations hereunder shall be reinstated as though such payment had been due but not made at such time.

**Section 10.04 Waiver by Guarantor.** The Guarantor irrevocably waives (a) acceptance hereof, presentment, demand for performance, promptness, diligence, notice of non-performance, default, acceleration, protest or dishonor and any notice not provided for herein, (b) any requirement that at any time any action be taken by any Person against the Borrower or any other Person, (c) any right to revoke this Guaranty, and (d) any defense based on any right of set-off, recoupment, counterclaim, withholding or other deduction of any nature against or in respect of the Obligations.

**Section 10.05 Subrogation.** Upon making payment with respect to any Obligation, the Guarantor shall be subrogated to the rights of the payee against the Borrower with respect to such payment; provided that the Guarantor agrees it will not exercise any rights against the Borrower arising in connection with the Obligations by way of subrogation against the Borrower, or by reason of contribution against any other guarantor of such Obligations until all Obligations shall have been paid in full and all Commitments have been terminated.

**Section 10.06 Stay of Acceleration.** If acceleration of the time for payment of any Obligation by the Borrower is stayed, enjoined or prevented for any reason (including but not limited to by reason of the insolvency or receivership of the Borrower or otherwise), all Obligations otherwise subject to acceleration under the terms of any Loan Document shall nonetheless be payable by the Guarantor forthwith on demand by the Administrative Agent.

Section 10.07 Continuing Guaranty. The Guaranty set forth in this Article X is a continuing guaranty, shall be binding on the Guarantor and its successors and assigns, and shall be enforceable by each holder from time to time of the Obligations (including, without limitation, the Administrative Agent and the Lenders, each, a "Guaranteed Party"). If all or part of any Guaranteed Party's interest in any Obligation is assigned or otherwise transferred, the transferor's rights hereunder, to the extent applicable to the obligation so transferred, shall automatically be transferred with such obligation; and without limitation of the foregoing, any of the Obligations shall be and remain Obligations entitled to the benefit of this Guaranty if any Guaranteed Party assigns or otherwise transfers all or part of its interest in any Obligation or any of its rights or obligations under any Loan Document.

Section 10.08 Default Payments by Borrower. Upon the occurrence and during the continuation of any default under any Obligation, if any amount shall be paid to the Guarantor by or for the account of the Borrower with respect to such Obligation, such amount shall be held in trust for the benefit of each Lender and the Administrative Agent and shall forthwith be paid to the Administrative Agent to be credited and applied to the Obligations when due and payable.

Section 10.09 Duty to Stay Advised. The Guarantor agrees that the Lenders shall have no duty to advise the Guarantor of information known to them regarding the financial condition of the Borrower and the Guarantor hereby assumes responsibility for keeping itself advised of the financial condition of the Borrower.

A final payment of all principal amounts and other Obligations then outstanding hereunder shall be due and payable on the maturity date provided in the Credit Agreement, or such earlier date as payment of the Loans shall be due, whether by acceleration or otherwise.

The Borrower shall be entitled to borrow, repay, continue and convert the Lender's Loans (or portions thereof) hereunder pursuant to the terms and conditions of the Credit Agreement. Prepayment of the principal amount of any Loan may be made as provided in the Credit Agreement.

In no event shall the amount of interest due or payable hereunder exceed the maximum rate of interest allowed by applicable law, and in the event any such payment is inadvertently made by the Borrower or inadvertently received by the Lender, then such excess sum shall be credited as a payment of principal, unless the Borrower shall notify the Lender in writing that it elects to have such excess sum returned forthwith. It is the express intent hereof that the Borrower not pay and the Lender not receive, directly or indirectly in any manner whatsoever, interest in excess of that which may legally be paid by the Borrower under applicable law.

(d) Method of Electing Interest Rates.

(i) Subject to Section 2.05(a), the Loans included in each Borrowing shall bear interest initially at the type of rate specified by the Borrower in the applicable Notice of Borrowing. Thereafter, with respect to each Group of Loans, the Borrower shall have the option (A) to convert all or any part of (y) so long as no Default is in existence on the date of conversion, outstanding Base Rate Loans to Euro-Dollar Loans and (z) outstanding Euro-Dollar Loans to Base Rate Loans; provided, in each case, that the amount so converted shall be equal to \$5,000,000 or any larger integral multiple of \$1,000,000, or (B) upon the expiration of any Interest Period applicable to outstanding Euro-Dollar Loans, so long as no Default is in existence on the date of continuation, to continue all or any portion of such Loans, equal to \$5,000,000 and any larger integral multiple of \$1,000,000 in excess of that amount as Euro-Dollar Loans. The Interest Period of any Base Rate Loan converted to a Euro-Dollar Loan pursuant to clause (A) above shall commence on the date of such conversion. The succeeding Interest Period of any Euro-Dollar Loan continued pursuant to clause (B) above shall commence on the last day of the Interest Period of the Loan so continued. Euro-Dollar Loans may only be converted on the last day of the then current Interest Period applicable thereto or on the date required pursuant to Section 2.16.

(ii) The Borrower shall deliver a written notice of each such conversion or continuation (a "Notice of Conversion/Continuation") to the Administrative Agent no later than (A) 12:00 Noon (New York, New York time) at least three (3) Business Days before the effective date of the proposed conversion to, or continuation of, a Euro Dollar Loan and (B) 11:30 A.M. (New York, New York time) on the day of a conversion to a Base Rate Loan. A written Notice of Conversion/Continuation shall be substantially in the form of Exhibit A-2 attached hereto and shall specify: (A) the Group of Loans (or portion thereof) to which such notice applies, (B) the proposed conversion/continuation date (which shall be a Business Day), (C) the aggregate amount of the Loans being converted/continued, (D) an election between the Base Rate and the Adjusted London Interbank Offered Rate and (E) in the case of a conversion to, or a continuation of, Euro-Dollar Loans, the requested Interest Period. Upon receipt of a Notice of Conversion/Continuation, the Administrative Agent shall give each Lender prompt notice of the contents thereof and such Lender's pro rata share of all conversions and continuations requested therein. If no timely Notice of Conversion/Continuation is delivered by

the Borrower as to any Euro-Dollar Loan, and such Loan is not repaid by the Borrower at the end of the applicable Interest Period, such Loan shall be converted automatically to a Base Rate Loan on the last day of the then applicable Interest Period.

(e) Determination and Notice of Interest Rates. The Administrative Agent shall determine each interest rate applicable to the Loans hereunder. The Administrative Agent shall give prompt notice to the Borrower and the participating Lenders of each rate of interest so determined, and its determination thereof shall be conclusive in the absence of manifest error. Any notice with respect to Euro-Dollar Loans shall, without the necessity of the Administrative Agent so stating in such notice, be subject to adjustments in the Applicable Percentage applicable to such Loans after the beginning of the Interest Period applicable thereto. When during an Interest Period any event occurs that causes an adjustment in the Applicable Percentage applicable to Loans to which such Interest Period is applicable, the Administrative Agent shall give prompt notice to the Borrower and the Lenders of such event and the adjusted rate of interest so determined for such Loans, and its determination thereof shall be conclusive in the absence of manifest error.

#### Section 2.06 Replacement of Lenders.

(a) If (A) any Lender has demanded compensation or indemnification pursuant to Sections 2.12, 2.13, 2.14 or 2.15, (B) the obligation of any Lender to make Euro-Dollar Loans has been suspended pursuant to Section 2.13, (C) any Lender is a Non-Consenting Lender referred to in Section 8.05 (each such Lender described in clauses (A), (B), or (C) being a "Retiring Lender"), the Borrower shall have the right, if no Default then exists, to replace such Lender with one or more Eligible Assignees (which may be one or more of the Continuing Lenders) (each a "Replacement Lender" and, collectively, the "Replacement Lenders") reasonably acceptable to the Administrative Agent. The replacement of a Retiring Lender pursuant to this Section 2.06(a) shall be effective on the tenth Business Day (the "Replacement Date") following the date of notice given by the Borrower of such replacement to the Retiring Lender and each Continuing Lender through the Administrative Agent, subject to the satisfaction by the Replacement Lender of the conditions to assignment and assumption set forth in Section 8.06(c) (with all fees payable pursuant to Section 8.06(c) to be paid by the Borrower) and, in connection therewith, the Replacement Lender(s) shall pay to the Retiring Lender an amount equal to the principal of, and all accrued but unpaid interest on, all outstanding Loans of the Retiring Lender; and

(b) the Borrower shall have paid to the Administrative Agent for the account of the Retiring Lender an amount equal to all obligations owing to the Retiring Lender by the Borrower pursuant to this Agreement and the other Loan Documents (other than those obligations of the Borrower referred to in the last sentence of clause (a) above).

On the Replacement Date, each Replacement Lender that is a New Lender shall become a Lender hereunder to the extent of the Commitment of the Retiring Lender assumed by such Replacement Lender, and the Retiring Lender shall cease to constitute a Lender hereunder; provided, that the provisions of Sections 2.10, 2.14, 2.15 and 8.03 of this Agreement shall continue to inure to the benefit of a Retiring Lender with respect to any Loans made or any other actions taken by such Retiring Lender while it was a Lender.

#### Section 2.07 Maturity of Loans; Mandatory Prepayments.

(a) Scheduled Repayments and Prepayments of Loans.

The Loans shall mature on the Termination Date, and any Loans then outstanding (together with accrued interest thereon and fees in respect thereof) shall be due and payable on such date.

(b) Applications of Prepayments and Reductions.

(i) Each payment or prepayment of Loans pursuant to this Section 2.07 shall be applied ratably to the respective Loans of all of the Lenders.

(ii) Each payment of principal of the Loans shall be made together with interest accrued on the amount repaid to the date of payment.

(iii) Each payment of the Loans shall be applied to such Groups of Loans as the Borrower may designate (or, failing such designation, as determined by the Administrative Agent).

Section 2.08 Optional Prepayments.

(a) Subject to Section 2.09, the Borrower may (i) upon at least one Business Days' notice to the Administrative Agent, prepay any Base Rate Borrowing or (ii) upon at least three (3) Business Days' notice to the Administrative Agent, prepay any Euro-Dollar Borrowing, in each case in whole at any time, or from time to time in part in amounts aggregating \$5,000,000 or any larger integral multiple of \$1,000,000, by paying the principal amount to be prepaid together with accrued interest thereon to the date of prepayment. Each such optional prepayment shall be applied to prepay ratably the Loans of the several Lenders included in such Borrowing.

(b) Notice to Lenders. Upon receipt of a notice of prepayment pursuant to Section 2.08(a), the Administrative Agent shall promptly notify each Lender of the contents thereof and of such Lender's ratable share of such prepayment, and such notice shall not thereafter be revocable by the Borrower.

Section 2.09 General Provisions as to Payments.

(a) Payments by the Borrower. The Borrower shall make each payment of principal of and interest on the Loans and fees hereunder (other than fees payable directly to the Lender) not later than 12:00 Noon (New York, New York time) on the date when due, without set-off, counterclaim or other deduction, in Federal or other funds immediately available in New York, New York, to the Administrative Agent at its address referred to in Section 8.01. The Administrative Agent will promptly distribute to each Lender its ratable share of each such payment received by the Administrative Agent for the account of the Lenders. Whenever any payment of principal of or interest on the Base Rate Loans shall be due on a day which is not a Business Day, the date for payment thereof shall be extended to the next succeeding Business Day. Whenever any payment of principal of or interest on the Euro-Dollar Loans shall be due on a day which is not a Business Day, the date for payment thereof shall be extended to the next succeeding Business Day unless such Business Day falls in another calendar month, in which case the date for payment thereof shall be the next preceding Business Day. If the date for any payment of principal is extended by operation of law or otherwise, interest thereon shall be payable for such extended time.

(b) Distributions by the Administrative Agent. Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date, and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent that the such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Federal Funds Rate.

Section 2.10 Funding Losses. If the Borrower makes any payment of principal with respect to

any Euro-Dollar Loan pursuant to the terms and provisions of this Agreement (any conversion of a Euro-Dollar Loan to a Base Rate Loan pursuant to Section 2.12 being treated as a payment of such Euro-Dollar Loan on the date of conversion for purposes of this Section 2.10) on any day other than the last day of the Interest Period applicable thereto, or the last day of an applicable period fixed pursuant to Section 2.05(c), or if the Borrower fails to borrow, convert or prepay any Euro-Dollar Loan after notice has been given in accordance with the provisions of this Agreement, or in the event of payment in respect of any Euro-Dollar Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Borrower pursuant to Section 2.04(b), the Borrower shall reimburse each Lender within fifteen (15) days after demand for any resulting loss or expense incurred by it (and by an existing Participant in the related Loan), including, without limitation, any loss incurred in obtaining, liquidating or employing deposits from third parties, but excluding loss of margin for the period after any such payment or failure to borrow or prepay; provided, that such Lender shall have delivered to the Borrower a certificate as to the amount of such loss or expense, which certificate shall be conclusive in the absence of manifest error.

Section 2.11 Computation of Interest and Fees. Interest on Loans based on the Base Rate hereunder (other than pursuant to clause (iii) of the definition of "Base Rate") shall be computed on the basis of a year of 365 days (or 366 days in a leap year) and paid for the actual number of days elapsed. All other interest and fees shall be computed on the basis of a year of 360 days and paid for the actual number of days elapsed (including the first day but excluding the last day).

Section 2.12 Basis for Determining Interest Rate Inadequate, Unfair or Unavailable. If on or prior to the first day of any Interest Period for any Euro-Dollar Loan (a) Lenders having 50% or more of the aggregate amount of the Commitments advise the Administrative Agent that the Adjusted London Interbank Offered Rate as determined by the Administrative Agent, will not adequately and fairly reflect the cost to such Lenders of funding their Euro-Dollar Loans for such Interest Period; or (b) the Administrative Agent shall determine that no reasonable means exists for determining the Adjusted London Interbank Offered Rate, the Administrative Agent shall forthwith give notice thereof to the Borrower and the Lenders, whereupon, until the Administrative Agent notifies the Borrower and the Lenders that the circumstances giving rise to such suspension no longer exist, (i) the obligations of the Lenders to make Euro-Dollar Loans, or to convert outstanding Loans into Euro-Dollar Loans shall be suspended; and (ii) each outstanding Euro-Dollar Loan shall be converted into a Base Rate Loan on the last day of the current Interest Period applicable thereto. Unless the Borrower notifies the Administrative Agent at least two (2) Business Days before the date of (or, if at the time the Borrower receives such notice the day is the date of, or the date immediately preceding, the date of such Euro-Dollar Borrowing, by 10:00 A.M. (New York, New York time) on the date of) any Euro-Dollar Borrowing for which a Notice of Borrowing has previously been given that it elects not to borrow on such date, such Borrowing shall instead be made as a Base Rate Borrowing.

Notwithstanding anything to the contrary in this Agreement or any other Loan Document, if the Administrative Agent determines (which determination shall be conclusive absent manifest error), or the Borrower or Required Lenders notify the Administrative Agent (with, in the case of the Required Lenders, a copy to the Borrower) that the Borrower or Required Lenders have determined, that: (i) the circumstances set forth in Section 2.13 have occurred and such circumstances are unlikely to be temporary; (ii) the administrator of the London Interbank Offered Rate or a Governmental Authority having jurisdiction over such Lender has made a public statement identifying a specific date after which the London Interbank Offered Rate shall no longer be made available, or used for determining the interest rate of loans (such specific date, the "Scheduled Unavailability Date"), or (iii) any applicable interest rate specified herein (other than the Prime Rate or the Federal Funds Rate) is no longer a widely recognized benchmark rate for newly originated loans in the U.S. syndicated loan market in the applicable currency, then, reasonably promptly after such determination by the Administrative Agent or receipt by the Administrative Agent of such notice, as applicable, the Administrative Agent and such Borrower shall negotiate in good faith to amend this Agreement to replace the London Interbank Offered Rate with an

alternate benchmark rate (including any mathematical or other adjustments to the benchmark (if any) incorporated therein) (any such proposed rate, a "LIBOR Successor Rate"), together with any proposed LIBOR Successor Rate Conforming Changes (as defined below) and any such amendment shall become effective at 5:00 P.M. (New York, New York time) on the fifth Business Day after the Administrative Agent shall have posted such proposed amendment to all Lenders and the Borrower unless, prior to such time, Lenders comprising the Required Lenders have delivered to the Administrative Agent written notice that such Required Lenders do not accept such amendment. Such LIBOR Successor Rate shall be applied in a manner consistent with market practice; provided that to the extent such market practice is not administratively feasible for the Administrative Agent, such LIBOR Successor Rate shall be applied in a manner as otherwise reasonably determined by the Administrative Agent.

If no LIBOR Successor Rate has been determined and the circumstances under clause (i) above exist or the Scheduled Unavailability Date has occurred (as applicable), the Administrative Agent will promptly so notify each Borrower and each Lender. Thereafter, (x) the obligation of the Lenders to make or maintain Euro-Dollar Loans shall be suspended (to the extent of the affected Euro-Dollar Loans or Interest Periods only), and (y) the London Interbank Offered Rate component shall no longer be utilized in determining the Base Rate. Upon receipt of such notice, any Borrower may revoke any pending request for a Borrowing of, conversion to, or continuation of Euro-Dollar Loans (to the extent of the affected Euro-Dollar Loans or Interest Periods) or, failing that, will be deemed to have converted such request into a Base Rate Borrowing (subject to the foregoing clause (y)) in the amount specified therein.

Notwithstanding anything else herein, any definition of LIBOR Successor Rate shall provide that in no event shall such LIBOR Successor Rate be less than 0% for purposes of this Agreement.

For purposes hereof, "LIBOR Successor Rate Conforming Changes" means, with respect to any proposed LIBOR Successor Rate, any conforming changes to the definition of Base Rate, Interest Period, timing and frequency of determining rates and making payments of interest and other administrative matters as may be appropriate, determined by the Administrative Agent with the consent of the Borrower, to reflect the adoption of such LIBOR Successor Rate and to permit the administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent determines that adoption of any portion of such market practice is not administratively feasible or that no market practice for the administration of such LIBOR Successor Rate exists, in such other manner of administration as the Administrative Agent determines is reasonably necessary in connection with the administration of this Agreement).

**Section 2.13 Illegality.** If, on or after the Effective Date, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender (or its Applicable Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for any Lender (or its Applicable Lending Office) to make, maintain or fund its Euro-Dollar Loans and such Lender shall so notify the Administrative Agent, the Administrative Agent shall forthwith give notice thereof to the other Lenders and the Borrower, whereupon until such Lender notifies the Borrower and the Administrative Agent that the circumstances giving rise to such suspension no longer exist, the obligation of such Lender to make Euro-Dollar Loans, or to convert outstanding Loans into Euro-Dollar Loans, shall be suspended. Before giving any notice to the Administrative Agent pursuant to this Section, such Lender shall designate a different Applicable Lending Office if such designation will avoid the need for giving such notice and will not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. If such notice is given, each Euro-Dollar Loan of such Lender then outstanding shall be converted to a Base Rate Loan either (a) on the last day of the then current Interest Period applicable to such Euro-Dollar Loan if such Lender may lawfully continue to maintain and fund such Loan to such day or (b) immediately if such

Lender shall determine that it may not lawfully continue to maintain and fund such Loan to such day.

Section 2.14. Increased Cost and Reduced Return.

(a) Increased Costs. If after the Effective Date, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by any Lender (or its Applicable Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall (i) impose, modify or deem applicable any reserve (including, without limitation, any such requirement imposed by the Board of Governors of the Federal Reserve System), special deposit, insurance assessment or similar requirement against assets of, deposits with or for the account of or credit extended by, any Lender (or its Applicable Lending Office), (ii) subject any Lender to any tax of any kind whatsoever with respect to this Agreement, any participation in any Euro-Dollar Loan made by it, or change the basis of taxation of payments to such Lender in respect thereof (other than (A) Taxes, (B) Other Taxes and (C) the imposition of, or any change in the rate of, any taxes described in clauses (i) through (iv) of the definition of Taxes in Section 2.15(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's failure to comply with Section 2.15(e) and or (iii) impose on such Lender (or its Applicable Lending Office) or on the United States market for certificates of deposit or the London interbank market any other condition affecting its Euro-Dollar Loans, Notes, obligation to make Euro-Dollar Loans, and the result of any of the foregoing is to increase the cost to such Lender (or its Applicable Lending Office) of making or maintaining any Euro-Dollar Loan, or to reduce the amount of any sum received or receivable by such Lender (or its Applicable Lending Office) under this Agreement or under its Notes with respect thereto, then, within fifteen (15) days after demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts, as determined by such Lender in good faith, as will compensate such Lender for such increased cost or reduction, solely to the extent that any such additional amounts were incurred by such Lender within ninety (90) days of such demand.

(b) Capital Adequacy. If any Lender shall have determined that, after the Effective Date, the adoption of any applicable law, rule or regulation regarding capital adequacy or liquidity, or any change in any such law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on capital of such Lender (or any Person controlling such Lender) as a consequence of such Lender's obligations hereunder to a level below that which such Lender (or any Person controlling such Lender) could have achieved but for such adoption, change, request or directive (taking into consideration its policies with respect to capital adequacy), then from time to time, within fifteen (15) days after demand by such Lender (with a copy to the Administrative Agent), the Borrower shall pay to such Lender such additional amount or amounts as will compensate such Lender (or any Person controlling such Lender) for such reduction, solely to the extent that any such additional amounts were incurred by such Lender within ninety (90) days of such demand.

(c) Notices. Each Lender will promptly notify the Borrower and the Administrative Agent of any event of which it has knowledge, occurring after the Effective Date, that will entitle such Lender to compensation pursuant to this Section and will designate a different Applicable Lending Office if such designation will avoid the need for, or reduce the amount of, such compensation and will not, in the judgment of such Lender, be otherwise disadvantageous to such Lender. A certificate of any Lender claiming compensation under this Section and setting forth in reasonable detail the additional amount or amounts to be paid to it hereunder shall be conclusive in the absence of manifest error. In determining such amount, such Lender may use any reasonable averaging and attribution methods.

(d) Notwithstanding anything to the contrary herein, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith, (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a "change in law" under this Article II regardless of the date enacted, adopted or issued and (z) except as may be provided in Section 2.15(a), the Lenders shall not be entitled to assert any claim under this Section 2.14 in respect of or attributable to taxes.

#### Section 2.15 Taxes.

(a) Payments Net of Certain Taxes. Any and all payments made by or on account of any Loan Party to or for the account of any Lender or the Administrative Agent hereunder or under any other Loan Document shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, charges and withholdings and all liabilities with respect thereto, excluding: (i) taxes imposed on or measured by the net income (including branch profits or similar taxes) of, and gross receipts, franchise or similar taxes imposed on, the Administrative Agent or any Lender (A) by the jurisdiction (or subdivision thereof) under the laws of which such Lender or the Administrative Agent is organized or in which its principal executive office is located or, in the case of each Lender, in which its Applicable Lending Office is located, or (B) that are Other Connection Taxes, (ii) in the case of each Lender, any United States withholding tax imposed on such payments, but only to the extent that such Lender is subject to United States withholding tax at the time such Lender first becomes a party to this Agreement or changes its Applicable Lending Office, (iii) any backup withholding tax imposed by the United States (or any state or locality thereof) on a Lender or the Administrative Agent, and (iv) any taxes imposed by FATCA (all such nonexcluded taxes, duties, levies, imposts, deductions, charges, withholdings and liabilities being hereinafter referred to as "Taxes"). If any Loan Party shall be required by law to deduct any Taxes from or in respect of any sum payable hereunder or under any other Loan Document to any Lender or the Administrative Agent, (i) the sum payable shall be increased as necessary so that after making all such required deductions (including deductions applicable to additional sums payable under this Section 2.15(a)) such Lender or the Administrative Agent (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) such Loan Party shall make such deductions, (iii) such Loan Party shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable law and (iv) such Loan Party shall deliver to the Administrative Agent, for delivery to such Lender, the original or a certified copy of a receipt evidencing payment thereof.

(b) Other Taxes. In addition, each Loan Party agrees to pay any and all present or future stamp or court or documentary taxes and any other excise or property taxes, or similar charges or levies, which arise from any payment made pursuant to this Agreement, any Note or any other Loan Document or from the execution, delivery, performance, registration or enforcement of, or otherwise with respect to, this Agreement, any Note or any other Loan Document (collectively, "Other Taxes").

(c) Indemnification. Each Loan Party agrees to jointly and severally indemnify each Lender and the Administrative Agent for the full amount of Taxes and Other Taxes (including, without limitation, any Taxes or Other Taxes imposed or asserted by any jurisdiction on amounts payable under this Section 2.15(c)), whether or not correctly or legally asserted, paid by such Lender or the Administrative Agent (as the case may be) and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto as certified in good faith to the Borrower by each Lender or the Administrative Agent seeking indemnification pursuant to this Section 2.15(c). This indemnification shall be paid within 15 days after such Lender or the Administrative Agent (as the case may be) makes demand therefor.

determine the withholding or deduction required to be made; and (iv) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower at the time or times prescribed by law and at such time or times reasonably requested by the Borrower such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower as may be necessary for the Borrower to comply with its obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of clause (iv), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(f) Exclusions. No Loan Party shall be required to indemnify any Non-U.S. Lender, or to pay any additional amount to any Non-U.S. Lender, pursuant to Sections 2.15(a), (b) or (c) in respect of Taxes or Other Taxes to the extent that the obligation to indemnify or pay such additional amounts, would not have arisen but for the failure of such Non-U.S. Lender to comply with the provisions of Section 2.15(e).

(g) Mitigation. If any Loan Party is required to pay additional amounts to or for the account of any Lender pursuant to this Section 2.15, then such Lender will use reasonable efforts (which shall include efforts to rebook the Loans held by such Lender to a new Applicable Lending Office, or through another branch or affiliate of such Lender) to change the jurisdiction of its Applicable Lending Office if, in the good faith judgment of such Lender, such efforts (i) will eliminate or, if it is not possible to eliminate, reduce to the greatest extent possible any such additional payment which may thereafter accrue and (ii) is not otherwise disadvantageous, in the sole determination of such Lender, to such Lender. Any Lender claiming any indemnity payment or additional amounts payable pursuant to this Section shall use reasonable efforts (consistent with legal and regulatory restrictions) to deliver to Borrower any certificate or document reasonably requested in writing by the Borrower or to change the jurisdiction of its Applicable Lending Office if the making of such a filing or change would avoid the need for or reduce the amount of any such indemnity payment or additional amounts that may thereafter accrue and would not, in the sole determination of such Lender, be otherwise disadvantageous to such Lender.

(h) Confidentiality. Nothing contained in this Section shall require any Lender or the Administrative Agent to make available any of its tax returns (or any other information that it deems to be confidential or proprietary).

Section 2.16 Base Rate Loans Substituted for Affected Euro-Dollar Loans. If (a) the obligation of any Lender to make or maintain, or to convert outstanding Loans to, Euro-Dollar Loans has been suspended pursuant to Section 2.13 or (b) any Lender has demanded compensation under Section 2.14(a) with respect to its Euro-Dollar Loans and, in any such case, the Borrower shall, by at least four (4) Business Days' prior notice to such Lender through the Administrative Agent, have elected that the provisions of this Section shall apply to such Lender, then, unless and until such Lender notifies the Borrower that the circumstances giving rise to such suspension or demand for compensation no longer apply:

(i) all Loans which would otherwise be made by such Lender as (or continued as or converted into) Euro-Dollar Loans shall instead be Base Rate Loans (on which interest and principal shall be payable contemporaneously with the related Euro Dollar Loans of the other Lenders); and

(ii) after each of its Euro-Dollar Loans has been repaid, all payments of principal

that would otherwise be applied to repay such Loans shall instead be applied to repay its Base Rate Loans.

If such Lender notifies the Borrower that the circumstances giving rise to such notice no longer apply, the principal amount of each such Base Rate Loan shall be converted into a Euro-Dollar Loan on the first day of the next succeeding Interest Period applicable to the related Euro-Dollar Loans of the other Lenders.

### ARTICLE III CONDITIONS

Section 3.01 Conditions to Closing. The effectiveness of this Agreement and the obligation of each Lender to make a Loan on the Effective Date hereunder is subject to the satisfaction of the following conditions:

(a) This Agreement. The Administrative Agent shall have received counterparts hereof signed by each of the parties hereto (or, in the case of any party as to which an executed counterpart shall not have been received, receipt by the Administrative Agent in form satisfactory to it of telegraphic, telex, facsimile or other written confirmation from such party of execution of a counterpart hereof by such party).

(b) Notes. On or prior to the Effective Date, the Administrative Agent shall have received a duly executed Note for the account of each Lender requesting delivery of a Note pursuant to Section 2.04.

(c) Officers' Certificate. The Administrative Agent shall have received a certificate dated the Effective Date signed on behalf of each Loan Party by any Authorized Officer of such Loan Party stating that (A) on the Effective Date and after giving effect to the Loans being made or issued on the Effective Date, no Default shall have occurred and be continuing, and (B) the representations and warranties of such Loan Party contained in the Loan Documents are true and correct on and as of the Effective Date, except to the extent that such representations and warranties specifically refer to an earlier date in which case they were true and correct as of such earlier date.

(d) Secretary's Certificates. On the Effective Date, the Administrative Agent shall have received (i) a certificate of the Secretary of State (or equivalent body) of the jurisdiction of incorporation dated as of a recent date, as to the good standing of each Loan Party and (ii) a certificate of the Secretary or an Assistant Secretary of each Loan Party dated the Effective Date and certifying (A) that attached thereto is a true, correct and complete copy of (x) the articles of incorporation of such Loan Party certified by the Secretary of State (or equivalent body) of the jurisdiction of incorporation of such Loan Party and (y) the bylaws of such Loan Party, (B) as to the absence of dissolution or liquidation proceedings by or against such Loan Party, (C) that attached thereto is a true, correct and complete copy of resolutions adopted by the board of directors of such Loan Party authorizing the execution, delivery and performance of the Loan Documents to which such Loan Party is a party and each other document delivered in connection herewith or therewith and that such resolutions have not been amended and are in full force and effect on the date of such certificate and (D) as to the incumbency and specimen signatures of each officer of such Loan Party executing the Loan Documents to which such Loan Party is a party or any other document delivered in connection herewith or therewith.

(e) Opinions of Counsel. On the Effective Date, the Administrative Agent shall have received from counsel to the Loan Parties, opinions addressed to the Administrative Agent and each Lender, dated the Effective Date, substantially in the form of Exhibit C hereto.

(f) Consents. All necessary governmental (domestic or foreign), regulatory and third party approvals, if any, authorizing borrowings hereunder in connection with the transactions contemplated by this Agreement and the other Loan Documents shall have been obtained and remain in full force and effect, in each case without any action being taken by any competent authority which could restrain or prevent such transaction or impose, in the reasonable judgment of the Administrative Agent, materially adverse conditions upon the consummation of such transactions.

(g) Payment of Fees. All costs, fees and expenses due to the Administrative Agent, the Arranger and the Lenders accrued through the Effective Date shall have been paid in full.

(h) Counsel Fees. The Administrative Agent shall have received full payment from the Borrower of the fees and expenses of Winston & Strawn LLP described in Section 8.03 which are billed through the Effective Date and which have been invoiced one Business Day prior to the Effective Date.

Section 3.02 Conditions to All Credit Events. The obligation of any Lender to make any Loan hereunder is subject to the satisfaction of the following conditions:

(a) receipt by the Administrative Agent of a Notice of Borrowing as required by Section 2.02;

(b) the fact that, immediately before and after giving effect to such Credit Event, no Default shall have occurred and be continuing; and

is a party.

**Section 4.03 Legality, Etc.** This Agreement and each other Loan Document (other than the Notes) to which such Loan Party is a party constitute the legal, valid and binding obligations of such Loan Party, and the Notes, when executed and delivered in accordance with this Agreement, will constitute legal, valid and binding obligations of the Borrower, in each case enforceable against the Borrower in accordance with their terms except to the extent limited by (a) bankruptcy, insolvency, fraudulent conveyance or reorganization laws or by other similar laws relating to or affecting the enforceability of creditors' rights generally and by general equitable principles which may limit the right to obtain equitable remedies regardless of whether enforcement is considered in a proceeding of law or equity or (b) any applicable public policy on enforceability of provisions relating to contribution and indemnification.

(a) shall not be subject to any fiduciary or other implied duties, regardless of whether a Default or Event of Default has occurred and is continuing;

(b) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); provided that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or applicable law; and

(c) shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to any of the Loan Parties or any of their respective Affiliates that is communicated to or obtained by the Person serving as the Administrative Agent or any of its Affiliates in any capacity.

The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in Article VI and Section 8.06) or (ii) in the absence of its own gross negligence

or willful misconduct. The Administrative Agent shall be deemed not to have knowledge of any Default or Event of Default unless and until notice describing such Default or Event of Default is given to the Administrative Agent by the Borrower or a Lender.

The Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (a) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (b) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (c) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default or Event of Default, (d) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document or (e) the satisfaction of any condition set forth in Section 3.01 or 3.02 or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

Section 7.04 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received notice to the contrary from such Lender prior to the making of such Loan. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

Section 7.05 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Section 7.05 shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent.

Section 7.06 Resignation of Administrative Agent. The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, with approval from the Borrower (so long as no Event of Default has occurred and is continuing), to appoint a successor, such approval not to be unreasonably withheld or delayed. If no such successor shall have been so appointed by the Required Lenders and approved by the Borrower and shall have accepted such appointment within thirty (30) days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent may on behalf of the Lenders, appoint a successor Administrative Agent; provided that if the Administrative Agent shall notify the Borrower and the Lenders that no qualifying Person has accepted such appointment, then such resignation shall nonetheless become effective in accordance with such notice and (a) the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents (except that in the case of any collateral security held by the Administrative Agent on behalf of the Lenders under any of the Loan Documents, the retiring Administrative Agent shall continue to hold such collateral security until such time as a successor Administrative Agent is appointed) and (b) all payments, communications and determinations provided

to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time as the Required Lenders appoint a successor Administrative Agent as provided for above in this Section 7.06. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring (or retired) Administrative Agent, and the retiring Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents (if not already discharged therefrom as provided above in this Section). The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring Administrative Agent's resignation hereunder and under the other Loan Documents, the provisions of this Section 7.06 and Section 8.03 shall continue in effect for the benefit of such retiring Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Administrative Agent was acting as Administrative Agent.

Section 7.07 Non-Reliance on Administrative Agent and Other Lenders. Each Lender acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder.

Section 7.08 No Other Duties, etc. Anything herein to the contrary notwithstanding, no joint lead arranger and bookrunner, syndication agent, documentation agent or any other agent listed on the cover page hereof shall have any powers, duties or responsibilities under this Agreement or any of the other Loan Documents.

Section 7.09 No Reliance on Administrative Agent's Customer Identification Program. Each Lender acknowledges and agrees that neither such Lender, nor any of its Affiliates, participants or assignees, may rely on the Administrative Agent to carry out such Lender's, Affiliate's, participant's or assignee's customer identification program, or other obligations required or imposed under or pursuant to the USA Patriot Act or the regulations thereunder, including the regulations contained in 31 CFR 103.121 (as hereafter amended or replaced, the "CIP Regulations"), or any other law(s) (including common law), constitution, statute, treaty, regulation, rule, ordinance, opinion, issued guidance, release, ruling, order, executive order, injunction, writ, decree, bond, judgment, authorization or approval, lien or award of or any settlement arrangement, by agreement, consent or otherwise, with any Governmental Authority, foreign or domestic (collectively, "Laws") relating to terrorism, trade sanctions programs and embargoes, import/export licensing, money laundering or bribery, and any regulation, order, or directive promulgated, issued or enforced pursuant to such Laws, all as amended, supplemented or replaced from time to time (collectively, "Anti-Terrorism Laws"), including any programs involving any of the following items relating to or in connection with any of the Loan Parties, their Affiliates or their agents, the Loan Documents or the transactions hereunder or contemplated hereby: (i) any identity verification procedures, (ii) any recordkeeping, (iii) comparisons with government lists, (iv) customer notices or (v) other procedures required under the CIP Regulations or such other Anti-Terrorism Laws.

**Section 8.02 No Waivers; Non-Exclusive Remedies.** No failure by the Administrative Agent or any Lender to exercise, no course of dealing with respect to, and no delay in exercising any right, power or privilege hereunder or under any Note or other Loan Document shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies provided herein and in the other Loan

Documents shall be cumulative and not exclusive of any rights or remedies provided by law.

Section 8.03 Expenses; Indemnification.

(a) Expenses. The Borrower shall pay (i) all out-of-pocket expenses of the Administrative Agent, including legal fees and disbursements of one primary counsel and any other local counsel retained by the Administrative Agent and the Arranger, in its reasonable discretion, in connection with the preparation, execution, delivery and administration of the Loan Documents, any waiver or consent thereunder or any amendment thereof or any Default or alleged Default thereunder and (ii) all reasonable out-of-pocket expenses incurred by the Arranger, the Administrative Agent and each Lender, including (without duplication) the fees and disbursements of outside counsel, in connection with any restructuring, workout, collection, bankruptcy, insolvency and other enforcement proceedings in connection with the enforcement and protection of its rights; provided, that the Borrower shall not be liable for any legal fees or disbursements of any counsel for the Administrative Agent, the Arranger and the Lenders incurred prior to the Effective Date other than Winston & Strawn LLP associated with the preparation, execution and delivery of this Agreement and the closing documents contemplated hereby.

(b) Indemnity in Respect of Loan Documents. Each of the Loan Parties agrees to jointly and severally indemnify the Arranger, the Administrative Agent and each Lender, their respective Affiliates and the respective directors, officers, trustees, agents, employees and advisors of the foregoing (each an "Indemnitee") and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and expenses or disbursements of any kind whatsoever (including, without limitation, the reasonable fees and disbursements of counsel and any civil penalties or fines assessed by OFAC), which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in connection with any investigative, administrative or judicial proceeding (whether or not such Indemnitee shall be designated a party thereto) brought or threatened (whether by the Guarantor, the Borrower, any Subsidiary or Affiliate of the Borrower or any other Person) in any way relating to or arising out of this Agreement, any other Loan Document or any documents contemplated hereby or thereby or referred to herein or therein or any actual or proposed use of proceeds of Loans hereunder; provided, that no Indemnitee shall have the right to be indemnified hereunder for such Indemnitee's own gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final, non-appealable judgment or order.

(c) Indemnity in Respect of Environmental Liabilities. Each of the Loan Parties agrees to jointly and severally indemnify each Indemnitee and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs and expenses or disbursements of any kind whatsoever (including, without limitation, reasonable expenses of investigation by engineers, environmental consultants and similar technical personnel and reasonable fees and disbursements of counsel) which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in respect of or in connection with any actual or alleged presence or release of Hazardous Substances on or from any property now or previously owned or operated by the Guarantor or any of its Subsidiaries or any predecessor of the Guarantor or any of its Subsidiaries, or any and all Environmental Liabilities. Without limiting the generality of the foregoing, the Borrower hereby waives all rights of contribution or any other rights of recovery with respect to liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and expenses and disbursements in respect of or in connection with Environmental Liabilities that it might have by statute or otherwise against any Indemnitee.

(d) Waiver of Damages. To the fullest extent permitted by applicable law, no Loan Party shall assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the transactions contemplated hereby or thereby, any Loan or the use of the proceeds thereof. No Indemnitee referred to in clause (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby; provided that nothing in this Section 8.03(d) shall relieve any Lender from its obligations under Section 8.12.

Section 8.04 Sharing of Set-Offs. Each Lender agrees that if it shall, by exercising any right of set-off or counterclaim or otherwise, receive payment of a proportion of the aggregate amount of principal and interest due with respect to any Loan made or Note held by it which is greater than the proportion received by any other Lender in respect of the aggregate amount of principal and interest due with respect to any Loan or Note made or held by such other Lender, the Lender receiving such proportionately greater payment shall purchase such participations in the Loan made or Notes held by the other Lenders, and such other adjustments shall be made, in each case as may be required so that all such payments of principal and interest with respect to the Loan made or Note held by the Lenders shall be shared by the Lenders pro rata; provided, that nothing in this Section shall impair the right of any Lender to exercise any right of set-off or counterclaim it may have for payment of indebtedness of the Borrower other than its indebtedness hereunder.

Section 8.05 Amendments and Waivers. Any provision of this Agreement or the Notes may be amended or waived if, but only if such amendment or waiver is in writing and is signed by the Loan Parties and the Required Lenders (and, if the rights or duties of the Administrative Agent are affected thereby, by the Administrative Agent); provided, that no such amendment or waiver shall, (a) unless signed by each Lender adversely affected thereby, (i) increase the Commitment of any Lender or subject any Lender to any additional obligation (it being understood that waivers or modifications of conditions precedent, covenants, Defaults or of mandatory reductions in the Commitments shall not constitute an increase of the Commitment of any Lender, and that an increase in the available portion of any Commitment of any Lender as in effect at any time shall not constitute an increase in such Commitment), (ii) reduce the principal of or rate of interest on any Loan (except in connection with a waiver of applicability of any post-default increase in interest rates, which waiver may be made with the approval of the Required Lenders) or any fees hereunder, (iii) postpone the date fixed for any payment of interest on any Loan or any fees hereunder or for any scheduled termination of any Commitment, (iv) postpone or change the date fixed for any scheduled payment of principal of any Loan, (v) change any provision hereof in a manner that would alter the pro rata funding of Loans required by Section 2.03(b), the pro rata sharing of payments required by Sections 2.06(b) or 2.08(a) or (vi) change the currency in which Loans are to be made or payment under the Loan Documents is to be made, or add additional borrowers or (b) unless signed by each Lender, (i) change the definition of Required Lender or this Section 8.05 or Section 8.06(a) or (ii) release the Guarantor from its Obligations under the Guaranty; provided, further, that if, in connection with any proposed amendment or waiver referred to above, the consent of the Required Lenders is obtained but the consent of one or more of such other Lenders whose consent is required is not obtained (each a "Non-Consenting Lender"), then the Borrower shall have the right to replace any such Non-Consenting Lender with one or more replacement Lenders pursuant to Section 2.06(b).

Section 8.06 Successors and Assigns.

(a) Successors and Assigns. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, except that no Loan

Party may assign or otherwise transfer any of its rights under this Agreement without the prior written consent of all of the Lenders and the Administrative Agent, except to the extent any such assignment results from the consummation of a merger or consolidation permitted pursuant to this Agreement.

(b) Participations. Any Lender may at any time grant to one or more banks or other financial institutions or special purpose funding vehicle (each a "Participant") participating interests in any or all of its Loans. In the event of any such grant by a Lender of a participating interest to a Participant, whether or not upon notice to the Borrower and the Administrative Agent, such Lender shall remain responsible for the performance of its obligations hereunder, and the Borrower and the Administrative Agent shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement pursuant to which any Lender may grant such a participating interest shall provide that such Lender shall retain the sole right and responsibility to enforce the obligations of the Loan Parties hereunder including, without limitation, the right to approve any amendment, modification or waiver of any provision of this Agreement; provided, that such participation agreement may provide that such Lender will not agree to any modification, amendment or waiver of this Agreement which would (i) extend the Termination Date, reduce the rate or extend the time of payment of principal, interest or fees on any Loan in which such Participant is participating (except in connection with a waiver of applicability of any post-default increase in interest rates) or reduce the principal amount thereof, or increase the amount of the Participant's participation over the amount thereof then in effect (it being understood that a waiver of any Default shall not constitute a change in the terms of such participation, and that an increase in any Loan shall be permitted without the consent of any Participant if the Participant's participation is not increased as a result thereof) or (ii) allow the assignment or transfer by any Loan Party of any of its rights and obligations under this Agreement, without the consent of the Participant, except to the extent any such assignment results from the consummation of a merger or consolidation permitted pursuant to this Agreement. The Borrower agrees that each Participant shall, to the extent provided in its participation agreement, be entitled to the benefits of Article II with respect to its participating interest to the same extent as if it were a Lender, subject to the same requirements and limitations therein, including the requirements under Section 2.15(e) (it being understood that the documentation required under Section 2.15(e) shall be delivered to the participating Lender) to the same extent as if it were a Lender and in no case shall any Participant be entitled to receive any amount payable pursuant to Article II that is greater than the amount such Lender granting such Participant's participating interest would have been entitled to receive had such Lender not sold such participating interest. An assignment or other transfer which is not permitted by subsection (c) or (d) below shall be given effect for purposes of this Agreement only to the extent of a participating interest granted in accordance with this subsection (b). Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register (solely for tax purposes) on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary.

(c) Assignments Generally. Any Lender may at any time assign to one or more Eligible Assignees (each, an "Assignee") all, or a proportionate part (equivalent to an initial amount of not less than \$2,000,000 or any larger integral multiple of \$1,000,000), of its rights and obligations under this Agreement and the Notes with respect to its Loans and such Assignee shall assume such rights and obligations, pursuant to an Assignment and Assumption Agreement in substantially the form of Exhibit E attached hereto executed by such Assignee and such transferor, with (and subject to) the consent of the Borrower and the Administrative Agent, which consents of the Borrower and the Administrative Agent shall not be unreasonably withheld or delayed; provided, that if an Assignee is an Affiliate of such transferor Lender or was a Lender immediately prior to such assignment, no such consent of the

Borrower or the Administrative Agent shall be required; provided, further, that if at the time of such assignment a Default or an Event of Default has occurred and is continuing, no such consent of the Borrower shall be required; provided, further, that no such assignment may be made prior to the Effective Date without the prior written consent of the Administrative Agent; provided, further, that the provisions of Sections 2.10, 2.14, 2.15 and 8.03 of this Agreement shall inure to the benefit of a transferor with respect to any Loans made or any other actions taken by such transferor while it was a Lender. Upon execution and delivery of such instrument and payment by such Assignee to such transferor of an amount equal to the purchase price agreed between such transferor and such Assignee, such Assignee shall be a Lender party to this Agreement and shall have all the rights and obligations of a Lender, as set forth in such instrument of assumption, and the transferor shall be released from its obligations hereunder to a corresponding extent, and no further consent or action by any party shall be required. Upon the consummation of any assignment pursuant to this subsection (c), the transferor, the Administrative Agent and the Borrower shall make appropriate arrangements so that, if required, a new Note is issued to the Assignee. In connection with any such assignment, the transferor shall pay to the Administrative Agent an administrative fee for processing such assignment in the amount of \$3,500; provided that the Administrative Agent may, in its sole discretion, elect to waive such administrative fee in the case of any assignment. Each Assignee shall, on or before the effective date of such assignment, deliver to the Borrower and the Administrative Agent certification as to exemption from deduction or withholding of any United States Taxes in accordance with Section 2.14(e).

(d) Assignments to Federal Reserve Banks. Any Lender may at any time assign all or any portion of its rights under this Agreement and its Note to a Federal Reserve Bank. No such assignment shall release the transferor Lender from its obligations hereunder.

(e) Register. The Borrower hereby designates the Administrative Agent to serve as the Borrower's agent, solely for purposes of this Section 8.06(e), to (i) maintain a register (the "Register") on which the Administrative Agent will record the Loans made by each Lender and each repayment in respect of the principal amount of the Loans of each Lender and to (ii) retain a copy of each Assignment and Assumption Agreement delivered to the Administrative Agent pursuant to this Section. Failure to make any such recordation, or any error in such recordation, shall not affect the Borrower's obligation in respect of such Loans. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower and the Administrative Agent and the other Lenders shall treat each Person in whose name a Loan and the Note evidencing the same is registered as the owner thereof for all purposes of this Agreement, notwithstanding notice or any provision herein to the contrary. With respect to any Lender, the assignment or other transfer of the rights to the principal of, and interest on, any Loan made and any Note issued pursuant to this Agreement shall not be effective until such assignment or other transfer is recorded on the Register and, except to the extent provided in this Section 8.06(e), otherwise complies with Section 8.06, and prior to such recordation all amounts owing to the transferring Lender with respect to such Loans and Notes shall remain owing to the transferring Lender. The registration of assignment or other transfer of all or part of any Loans and Notes for such Lender shall be recorded by the Administrative Agent on the Register, only upon the acceptance by the Administrative Agent of a properly executed and delivered Assignment and Assumption Agreement and payment of the administrative fee referred to in Section 8.06(c). The Register shall be available for inspection by each of the Borrower at any reasonable time and from time to time upon reasonable prior notice. In addition, at any time that a request for a consent for a material or substantive change to the Loan Documents is pending, any Lender wishing to consult with other Lenders in connection therewith may request and receive from the Administrative Agent a copy of the Register. The Borrower may not replace any Lender unless, with respect to any Notes held by such Lender, the requirements of Section 8.65(c) and this Section 8.06(e) have been satisfied.

Section 8.07 Governing Law; Submission to Jurisdiction. This Agreement and each Note shall be governed by and construed in accordance with the internal laws of the State of New York. Each Loan

Party hereby submits to the nonexclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court sitting in New York City for purposes of all legal proceedings arising out of or relating to this Agreement or the transactions contemplated hereby. Each Loan Party irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such proceeding brought in such court and any claim that any such proceeding brought in any such court has been brought in an inconvenient forum.

Section 8.08 Counterparts; Integration; Effectiveness. This Agreement shall become effective on the Effective Date. This Agreement may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. On and after the Effective Date, this Agreement and the other Loan Documents constitute the entire agreement and understanding among the parties hereto and supersede any and all prior agreements and understandings, oral or written, relating to the subject matter hereof and thereof.

Section 8.09 Generally Accepted Accounting Principles. Unless otherwise specified herein, all accounting terms used herein shall be interpreted, all accounting determinations hereunder shall be made and all financial statements required to be delivered hereunder shall be prepared in accordance with GAAP as in effect from time to time, applied on a basis consistent (except for changes concurred in by the Guarantor's independent public accountants) with the audited consolidated financial statements of the Guarantor and its Consolidated Subsidiaries most recently delivered to the Lenders; provided, that, if the Guarantor notifies the Administrative Agent that the Guarantor wishes to amend any covenant in Article V to eliminate the effect of any change in GAAP on the operation of such covenant (or if the Administrative Agent notifies the Guarantor that a Lender wishes to amend Article V for such purpose), then the Guarantor's compliance with such covenant shall be determined on the basis of GAAP in effect immediately before the relevant change in GAAP became effective, until either such notice is withdrawn or such covenant is amended in a manner satisfactory to the Guarantor and such Required Lenders.

Section 8.10 Usage. The following rules of construction and usage shall be applicable to this Agreement and to any instrument or agreement that is governed by or referred to in this Agreement.

(a) All terms defined in this Agreement shall have the defined meanings when used in any instrument governed hereby or referred to herein and in any certificate or other document made or delivered pursuant hereto or thereto unless otherwise defined therein.

(b) The words "hereof", "herein", "hereunder" and words of similar import when used in this Agreement or in any instrument or agreement governed here shall be construed to refer to this Agreement or such instrument or agreement, as applicable, in its entirety and not to any particular provision or subdivision hereof or thereof.

(c) References in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, this Agreement unless the context otherwise requires; references in any instrument or agreement governed by or referred to in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, such instrument or agreement unless the context otherwise requires.

(d) The definitions contained in this Agreement shall apply equally to the singular and plural forms of such terms. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The word "will" shall be construed to have the same meaning as the word "shall". The term "including" shall be construed to have the same meaning as the phrase "including without limitation".

(e) Unless the context otherwise requires, any definition of or reference to any agreement, instrument, statute or document contained in this Agreement or in any agreement or instrument that is governed by or referred to in this Agreement shall be construed (i) as referring to such agreement, instrument, statute or document as the same may be amended, supplemented or otherwise modified from time to time (subject to any restrictions on such amendments, supplements or modifications set forth in this Agreement or in any agreement or instrument governed by or referred to in this Agreement), including (in the case of agreements or instruments) by waiver or consent and (in the case of statutes) by succession of comparable successor statutes and (ii) to include (in the case of agreements or instruments) references to all attachments thereto and instruments incorporated therein. Any reference to any Person shall be construed to include such Person's successors and permitted assigns.

(f) Unless the context otherwise requires, whenever any statement is qualified by "to the best knowledge of" or "known to" (or a similar phrase) any Person that is not a natural person, it is intended to indicate that the senior management of such Person has conducted a commercially reasonable inquiry and investigation prior to making such statement and no member of the senior management of such Person (including managers, in the case of limited liability companies, and general partners, in the case of partnerships) has current actual knowledge of the inaccuracy of such statement.

(g) Unless otherwise specified, all references herein to times of day shall constitute references to Eastern Time.

**Section 8.11 WAIVER OF JURY TRIAL.** EACH OF THE LOAN PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

**Section 8.12 Confidentiality.** Each Lender agrees to hold all non-public information obtained pursuant to the requirements of this Agreement in accordance with its customary procedure for handling confidential information of this nature and in accordance with safe and sound banking practices; provided, that nothing herein shall prevent any Lender from disclosing such information (i) to any other Lender or to the Administrative Agent, (ii) to any other Person if reasonably incidental to the administration of the Loans, (iii) upon the order of any court or administrative agency, (iv) to the extent requested by, or required to be disclosed to, any rating agency or regulatory agency or similar authority (including any self-regulatory authority, such as the National Association of Insurance Commissioners), (v) which had been publicly disclosed other than as a result of a disclosure by the Administrative Agent or any Lender prohibited by this Agreement, (vi) in connection with any litigation to which the Administrative Agent, any Lender or any of their respective Subsidiaries or Affiliates may be party, (vii) to the extent necessary in connection with the exercise of any remedy hereunder, (viii) to such Lender's or the Administrative Agent's Affiliates and their respective directors, officers, employees and agents including legal counsel and independent auditors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such information and instructed to keep such information confidential), (ix) with the consent of the Borrower, (x) to Gold Sheets and other similar bank trade publications, such information to consist solely of deal terms and other information customarily found in such publications and (xi) subject to provisions substantially similar to those contained in this Section, to any actual or proposed Participant or Assignee or to any actual or prospective counterparty (or its advisors) to any securitization, swap or derivative transaction relating to the Loan Parties' Obligations hereunder. Notwithstanding the foregoing, the Administrative Agent, any Lender or Winston & Strawn LLP may circulate promotional materials and place advertisements in financial and other newspapers and periodicals or on a home page or similar place for dissemination of information on the Internet or worldwide web, in each case, after the closing of the transactions contemplated by this Agreement in the form of a "tombstone" or other release limited to describing the names of the Loan Parties or their

Affiliates, or any of them, and the amount, type and closing date of such transactions, all at their sole expense.

Section 8.13 USA PATRIOT Act Notice. Each Lender that is subject to the Patriot Act (as hereinafter defined) and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Loan Parties that pursuant to the requirements of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Patriot Act"), it is required to obtain, verify and record information that identifies the Borrower and the Guarantor, which information includes the name and address of each Loan Party and other information that will allow such Lender, or the Administrative Agent, as applicable, to identify each Loan Party in accordance with the Patriot Act.

Section 8.14 No Fiduciary Duty. The Administrative Agent, each Lender and their respective Affiliates (collectively, solely for purposes of this paragraph, the "Lender Parties"), may have economic interests that conflict with those of the Loan Parties, their respective Affiliates and/or their respective stockholders (collectively, solely for purposes of this paragraph, the "Borrower Parties"). Each Loan Party agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty (other than any implied duty of good faith) between any Lender Party, on the one hand, and any Borrower Party, on the other. The Lender Parties acknowledge and agree that (a) the transactions contemplated by the Loan Documents (including the exercise of rights and remedies hereunder and thereunder) are arm's-length commercial transactions between the Lender Parties, on the one hand, and the Loan Parties, on the other and (b) in connection therewith and with the process leading thereto, (i) no Lender Party has assumed an advisory or fiduciary responsibility in favor of any Borrower Party with respect to the transactions contemplated hereby (or the exercise of rights or remedies with respect thereto) or the process leading thereto (irrespective of whether any Lender Party has advised, is currently advising or will advise any Borrower Party on other matters) or any other obligation to any Borrower Party except the obligations expressly set forth in the Loan Documents and (ii) each Lender Party is acting solely as principal and not as the agent or fiduciary of any Borrower Party. Each Loan Party acknowledges and agrees that it has consulted its own legal and financial advisors to the extent it deemed appropriate and that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. Each Loan Party agrees that it will not claim that any Lender Party has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to any Borrower Party, in connection with such transaction or the process leading thereto.

Section 8.15. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to a Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender.

Section 8.16. Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 8.17. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

## ARTICLE IX GUARANTY

Section 9.01 Guaranty. The Guarantor unconditionally, absolutely and irrevocably guarantees to the Administrative Agent and each Lender, as though it was a primary obligor for, the full and punctual payment of the Obligations when due (whether at stated maturity, upon acceleration or otherwise). If the Borrower fails to pay any Obligation punctually when due, the Guarantor agrees that it will forthwith on demand pay the amount not so paid at the place and in the manner specified in the relevant Loan Document. Notwithstanding the foregoing, the liability of the Guarantor individually with respect to its obligations, including any payment made pursuant to, this Guaranty shall be limited to an aggregate amount equal to the maximum amount that would not render the Guarantor's obligations hereunder subject to avoidance under the Bankruptcy Code or any comparable provisions of any applicable state law. This Guaranty is a Guarantee of payment and not merely of collection.

Section 9.02 Guaranty Unconditional. The obligations of the Guarantor hereunder shall be unconditional and absolute and, without limiting the generality of the foregoing, shall not be released, discharged or otherwise affected by:

(a) any change in the amount or purpose of or the time, manner, method, or place of payment or performance of any of the Obligations or any extension, renewal, settlement, compromise, waiver or release in respect of any obligation of the Borrower or any other Person under any Loan Document, by operation of law or otherwise;

(b) any modification, extension, renewal or amendment of or supplement to any Loan Document or any of the Obligations or any execution or delivery of any additional Loan Documents;

(c) any release, impairment, non-perfection or invalidity of any direct or indirect security for any obligation of the Borrower or any other Person under any Loan Document;

(d) any change in the corporate existence, structure or ownership of the Borrower or any other Person or any of their respective Subsidiaries, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the Borrower or any other Person or any of their assets or any resulting release or discharge of any obligation (including any of the Obligations) of the Borrower or any other Person under any Loan Document;

(e) the existence of any claim, set-off, defense, counterclaim, withholding or other right that the Guarantor or the Borrower may have at any time against any Person (including the Administrative Agent and the Lenders), whether in connection with the Loan Documents or any unrelated transactions; provided that nothing herein shall prevent the assertion of any such claim or defense by separate suit or compulsory counterclaim;

(f) any avoidance, subordination, invalidity or unenforceability relating to or against the Borrower or any other Person for any reason of any Obligation or any Loan Document, any provision of applicable law or regulation purporting to prohibit the payment of any Obligation by the Borrower or any other Person, or the Borrower denies that it has any or further liability or obligation under any Loan Document, or purports to revoke, terminate or rescind any Obligation or provision of any Loan Document;

(g) any failure of the Administrative Agent or any Lender to assert any claim or demand or to exercise or enforce any right or remedy under the provisions of any Loan Document or to assert any breach of or default under any Loan Document or any breach of the Obligations; or

(h) any other act or omission to act or delay of any kind by the Borrower, any other party to any Loan Document or any other Person, or any other circumstance whatsoever that might, but for the provisions of this clause (h), constitute a legal or equitable discharge of or defense to any obligation of the Guarantor hereunder.

Section 9.03 Discharge Only Upon Payment in Full; Reinstatement in Certain Circumstances. The Guarantor's obligations hereunder shall remain in full force and effect until all Obligations shall have been paid in full. If at any time any payment of any Obligation is rescinded or must be otherwise restored or returned upon the insolvency, bankruptcy or reorganization of the Borrower or otherwise, the Guarantor's obligations hereunder shall be reinstated as though such payment had been due but not made at such time.

Section 9.04 Waiver by Guarantor. The Guarantor irrevocably waives (a) acceptance hereof, presentment, demand for performance, promptness, diligence, notice of non-performance, default, acceleration, protest or dishonor and any notice not provided for herein, (b) any requirement that at any time any action be taken by any Person against the Borrower or any other Person, (c) any right to revoke this Guaranty, and (d) any defense based on any right of set-off, recoupment, counterclaim, withholding or other deduction of any nature against or in respect of the Obligations.

Section 9.05 Subrogation. Upon making payment with respect to any Obligation, the Guarantor shall be subrogated to the rights of the payee against the Borrower with respect to such payment; provided that the Guarantor agrees it will not exercise any rights against the Borrower arising in connection with the Obligations by way of subrogation against the Borrower, or by reason of contribution against any other guarantor of such Obligations until all Obligations shall have been paid in full.

Section 9.06 Stay of Acceleration. If acceleration of the time for payment of any Obligation by the Borrower is stayed, enjoined or prevented for any reason (including but not limited to by reason of the insolvency or receivership of the Borrower or otherwise), all Obligations otherwise subject to acceleration under the terms of any Loan Document shall nonetheless be payable by the Guarantor forthwith on demand by the Administrative Agent.

Section 9.07 Continuing Guaranty. The Guaranty set forth in this Article IX is a continuing guaranty, shall be binding on the Guarantor and its successors and assigns, and shall be enforceable by each holder from time to time of the Obligations (including, without limitation, the Administrative Agent, the Lenders and each Indemnitee, each, a "Guaranteed Party"). If all or part of any Guaranteed Party's interest in any Obligation is assigned or otherwise transferred, the transferor's rights hereunder, to the extent applicable to the obligation so transferred, shall automatically be transferred with such obligation; and without limitation of the foregoing, any of the Obligations shall be and remain Obligations entitled to the benefit of this Guaranty if any Guaranteed Party assigns or otherwise transfers all or part of its interest in any Obligation or any of its rights or obligations under any Loan Document.

Section 9.08 Default Payments by Borrower. Upon the occurrence and during the continuation of any default under any Obligation, if any amount shall be paid to the Guarantor by or for the account of the Borrower with respect to such Obligation, such amount shall be held in trust for the benefit of each Lender and the Administrative Agent and shall forthwith be paid to the Administrative Agent to be credited and applied to the Obligations when due and payable.

## Form of Note

FOR VALUE RECEIVED, the undersigned, PPL CAPITAL FUNDING, INC., a Delaware corporation (the "Borrower"), promises to pay to the order of \_\_\_\_\_ (hereinafter, together with its successors and assigns, called the "Holder"), at the place and times provided in the Credit Agreement (as defined below), the principal sum of \_\_\_\_\_ AND \_\_\_\_\_/100s DOLLARS (\$ \_\_\_\_\_), or, if less, the principal amount of all Loans advanced by the Holder to the Borrower pursuant to the Credit Agreement, plus interest as hereinafter provided. Such Loans may be endorsed from time to time on the grid attached hereto, but the failure to make such notations shall not affect the validity of the Borrower's obligation to repay unpaid principal and interest hereunder.

All capitalized terms used herein shall have the meanings ascribed to them in that certain Credit Agreement dated as of March 27, 2020 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement") among the Borrower, PPL Corporation, as the Guarantor the lending institutions party thereto from time to time and The Bank of Nova Scotia, as Administrative Agent for itself and on behalf of the Lenders, except to the extent such capitalized terms are otherwise defined or limited herein.

The Borrower shall repay principal outstanding hereunder from time to time, as necessary, in order to comply with the Credit Agreement. All amounts paid by the Borrower shall be applied to the Obligations in such order of application as provided in the Credit Agreement.

A final payment of all principal amounts and other Obligations then outstanding hereunder shall be due and payable on the maturity date provided in the Credit Agreement, or such earlier date as payment of the Loans shall be due, whether by acceleration or otherwise.

The Borrower shall be entitled to borrow, repay, reborrow, continue and convert the Holder's Loans (or portions thereof) hereunder pursuant to the terms and conditions of the Credit Agreement. Prepayment of the principal amount of any Loan may be made as provided in the Credit Agreement.

The Borrower hereby promises to pay interest on the unpaid principal amount hereof as provided in Article II of the Credit Agreement. Interest under this Note shall also be due and payable when this Note shall become due (whether at maturity, by reason of acceleration or otherwise). Overdue principal and, to the extent permitted by law, overdue interest, shall bear interest payable on DEMAND at the default rate as provided in the Credit Agreement.

In no event shall the amount of interest due or payable hereunder exceed the maximum rate of interest allowed by applicable law, and in the event any such payment is inadvertently made by the Borrower or inadvertently received by the Holder, then such excess sum shall be credited as a payment of principal, unless the Borrower shall notify the Holder in writing that it elects to have such excess sum returned forthwith. It is the express intent hereof that the Borrower not pay and the Holder not receive, directly or indirectly in any manner whatsoever, interest in excess of that which may legally be paid by the Borrower under applicable law.

All parties now or hereafter liable with respect to this Note, whether the Borrower, any guarantor, endorser or any other Person or entity, hereby waive presentment for payment, demand, notice of non-payment or dishonor, protest and notice of protest.

No delay or omission on the part of the Holder or any holder hereof in exercising its rights under this Note, or delay or omission on the part of the Holder, the Administrative Agent or the Lenders collectively, or any of them, in exercising its or their rights under the Credit Agreement or under any other Loan Document, or course of conduct relating thereto, shall operate as a waiver of such rights or any other right of the Holder or any holder hereof, nor shall any waiver by the Holder, the Administrative Agent, the Required Lenders, or the Lenders collectively, or any of them, or any holder hereof, of any such right or rights on any one occasion be deemed a bar to, or waiver of, the same right or rights on any future occasion.

The Borrower promises to pay all reasonable costs of collection, including reasonable attorneys' fees, should this Note be collected by or through an attorney-at-law or under advice therefrom.

This Note evidences the Holder's Loans (or portion thereof) under, and is entitled to the benefits and subject to the terms of, the Credit Agreement, which contains provisions with respect to the acceleration of the maturity of this Note upon the happening of certain stated events, and provisions for prepayment.

(New York, New York time) on the date of) any Euro-Dollar Borrowing for which a Borrowing Request has previously been given that it elects not to borrow on such date, such Borrowing shall instead be made as a Base Rate Borrowing.

Notwithstanding anything to the contrary in this Agreement or any other Loan Document, if the Lender determines (which determination shall be conclusive absent manifest error), or the Borrower notifies the Lender that the Borrower has determined, that: (i) the circumstances set forth in Section 2.13 have occurred and such circumstances are unlikely to be temporary; (ii) the administrator of the London Interbank Offered Rate or a Governmental Authority having jurisdiction over the Lender has made a public statement identifying a specific date after which the London Interbank Offered Rate shall no longer be made available, or used for determining the interest rate of loans (such specific date, the "Scheduled Unavailability Date"), or (iii) any applicable interest rate specified herein (other than the Prime Rate or the Federal Funds Rate) is no longer a widely recognized benchmark rate for newly originated loans in the U.S. syndicated loan market in the applicable currency, then, reasonably promptly after such determination by the Lender or receipt by the Lender of such notice, as applicable, the Lender and such Borrower shall negotiate in good faith to amend this Agreement to replace the London Interbank Offered Rate with an alternate benchmark rate (including any mathematical or other adjustments to the benchmark (if any) incorporated therein) (any such proposed rate, a "LIBOR Successor Rate"), together with any proposed LIBOR Successor Rate Conforming Changes (as defined below) and any such amendment shall become effective at 5:00 P.M. (New York, New York time) on the fifth Business Day after the Lender shall have posted such proposed amendment to the Borrower. Such LIBOR Successor Rate shall be applied in a manner consistent with market practice; provided that to the extent such market practice is not administratively feasible for the Lender, such LIBOR Successor Rate shall be applied in a manner as otherwise reasonably determined by the Lender.

If no LIBOR Successor Rate has been determined and the circumstances under clause (i) above exist or the Scheduled Unavailability Date has occurred (as applicable), the Lender will promptly so notify each Borrower. Thereafter, (x) the obligation of the Lender to make or maintain Euro-Dollar Loans shall be suspended (to the extent of the affected Euro-Dollar Loans or Interest Periods only), and (y) the London Interbank Offered Rate component shall no longer be utilized in determining the Base Rate. Upon receipt of such notice, any Borrower may revoke any pending request for a Borrowing of, conversion to, or continuation of Euro-Dollar Loans (to the extent of the affected Euro-Dollar Loans or Interest Periods) or, failing that, will be deemed to have converted such request into a Base Rate Borrowing (subject to the foregoing clause (y)) in the amount specified therein.

Notwithstanding anything else herein, any definition of LIBOR Successor Rate shall provide that in no event shall such LIBOR Successor Rate be less than 0% for purposes of this Agreement.

For purposes hereof, "LIBOR Successor Rate Conforming Changes" means, with respect to any proposed LIBOR Successor Rate, any conforming changes to the definition of Base Rate, Interest Period, timing and frequency of determining rates and making payments of interest and other administrative matters as may be appropriate, determined by the Lender with the consent of the Borrower, to reflect the adoption of such LIBOR Successor Rate and to permit the administration thereof by the Lender in a manner substantially consistent with market practice (or, if the Lender determines that adoption of any

portion of such market practice is not administratively feasible or that no market practice for the administration of such LIBOR Successor Rate exists, in such other manner of administration as the Lender.

**Section 2.14 Illegality.** If, on or after the Effective Date, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by the Lender (or its Applicable Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall make it unlawful or impossible for the Lender (or its Applicable Lending Office) to make, maintain or fund its Euro-Dollar Loans and the Lender shall give notice thereof to the Borrower, whereupon until the Lender notifies the Borrower that the circumstances giving rise to such suspension no longer exist, the obligation of the Lender to make Euro-Dollar Loans, or to convert outstanding Loans into Euro-Dollar Loans, shall be suspended. Before giving any notice to the Lender pursuant to this Section, the Lender shall designate a different Applicable Lending Office if such designation will avoid the need for giving such notice and will not, in the judgment of the Lender, be otherwise disadvantageous to the Lender. If such notice is given, each Euro-Dollar Loan of the Lender then outstanding shall be converted to a Base Rate Loan either (a) on the last day of the then current Interest Period applicable to such Euro-Dollar Loan if the Lender may lawfully continue to maintain and fund such Loan to such day or (b) immediately if the Lender shall determine that it may not lawfully continue to maintain and fund such Loan to such day.

**Section 2.15 Increased Cost and Reduced Return.**

(a) **Increased Costs.** If after the Effective Date, the adoption of any applicable law, rule or regulation, or any change in any applicable law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by the Lender (or its Applicable Lending Office) with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency shall (i) impose, modify or deem applicable any reserve (including, without limitation, any such requirement imposed by the Board of Governors of the Federal Reserve System), special deposit, insurance assessment or similar requirement against Letters of Credit issued or participated in by, assets of, deposits with or for the account of or credit extended by, the Lender (or its Applicable Lending Office), (ii) subject the Lender to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any Euro-Dollar Loan made by it, or change the basis of taxation of payments to the Lender in respect thereof (other than (A) Taxes, (B) Other Taxes and (C) the imposition of, or any change in the rate of, any taxes described in clauses (i) through (iv) of the definition of Taxes in Section 2.16(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender's failure to comply with Section 2.16(e)) and or (iii) impose on the Lender (or its Applicable Lending Office) or on the United States market for certificates of deposit or the London interbank market any other condition affecting its Euro-Dollar Loans, Notes, obligation to make Euro-Dollar Loans or obligations hereunder in respect of Letters of Credit, and the result of any of the foregoing is to increase the cost to the Lender (or its Applicable Lending Office) of making or maintaining any Euro-Dollar Loan, or of issuing or participating in any Letter of Credit, or to reduce the amount of any sum received or receivable by the Lender (or its Applicable Lending Office) under this Agreement or under its Notes with respect thereto, then, within fifteen (15) days after demand by the Lender, the Borrower shall pay to the Lender such additional amount or amounts, as determined by the Lender in good faith, as will compensate the Lender for such increased cost or reduction, solely to the extent that any such additional amounts were incurred by the Lender within ninety (90) days of such demand.

(b) **Capital Adequacy.** If the Lender shall have determined that, after the Effective Date, the

adoption of any applicable law, rule or regulation regarding capital adequacy or liquidity, or any change in any such law, rule or regulation, or any change in the interpretation or administration thereof by any Governmental Authority, central bank or comparable agency charged with the interpretation or administration thereof, or any request or directive regarding capital adequacy (whether or not having the force of law) of any such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on capital of the Lender (or any Person controlling the Lender) as a consequence of the Lender's obligations hereunder to a level below that which the Lender (or any Person controlling the Lender) could have achieved but for such adoption, change, request or directive (taking into consideration its policies with respect to capital adequacy), then from time to time, within fifteen (15) days after demand by the Lender, the Borrower shall pay to the Lender such additional amount or amounts as will compensate the Lender (or any Person controlling the Lender) for such reduction, solely to the extent that any such additional amounts were incurred by the Lender within ninety (90) days of such demand.

(c) Notices. The Lender will promptly notify the Borrower of any event of which it has knowledge, occurring after the Effective Date, that will entitle the Lender to compensation pursuant to this Section and will designate a different Applicable Lending Office if such designation will avoid the need for, or reduce the amount of, such compensation and will not, in the judgment of the Lender, be otherwise disadvantageous to the Lender. A certificate of the Lender claiming compensation under this Section and setting forth in reasonable detail the additional amount or amounts to be paid to it hereunder shall be conclusive in the absence of manifest error. In determining such amount, the Lender may use any reasonable averaging and attribution methods.

(d) Notwithstanding anything to the contrary herein, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder or issued in connection therewith, (y) all requests, rules, guidelines or directives promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, in each case pursuant to Basel III, shall in each case be deemed to be a "change in law" under this Article II regardless of the date enacted, adopted or issued and (z) except as may be provided in Section 2.15(a), the Lender shall not be entitled to assert any claim under this Section 2.15 in respect of or attributable to taxes.

#### Section 2.16 Taxes.

(a) Payments Net of Certain Taxes. Any and all payments made by or on account of any Loan Party to or for the account of the Lender hereunder or under any other Loan Document shall be made free and clear of and without deduction for any and all present or future taxes, duties, levies, imposts, deductions, charges and withholdings and all liabilities with respect thereto, excluding: (i) taxes imposed on or measured by the net income (including branch profits or similar taxes) of, and gross receipts, franchise or similar taxes imposed on, the Lender (A) by the jurisdiction (or subdivision thereof) under the laws of which the Lender is organized or in which its principal executive office is located or, in the case of the Lender, in which its Applicable Lending Office is located, or (B) that are Other Connection Taxes, (ii) in the case of the Lender, any United States withholding tax imposed on such payments, but only to the extent that the Lender is subject to United States withholding tax at the time the Lender first becomes a party to this Agreement or changes its Applicable Lending Office, (iii) any backup withholding tax imposed by the United States (or any state or locality thereof) on the Lender, and (iv) any taxes imposed by FATCA (all such nonexcluded taxes, duties, levies, imposts, deductions, charges, withholdings and liabilities being hereinafter referred to as "Taxes"). If any Loan Party shall be required by law to deduct any Taxes from or in respect of any sum payable hereunder or under any other Loan Document to the Lender, (i) the sum payable shall be increased as necessary so that after making all such required deductions (including deductions applicable to additional sums payable under this Section 2.16(a)) the Lender receives an amount equal to the sum it would have received had no such deductions

been made, (ii) such Loan Party shall make such deductions, (iii) such Loan Party shall pay the full amount deducted to the relevant taxation authority or other authority in accordance with applicable law and (iv) such Loan Party shall deliver to the Lender the original or a certified copy of a receipt evidencing payment thereof.

(b) Other Taxes. In addition, each Loan Party agrees to pay any and all present or future stamp or court or documentary taxes and any other excise or property taxes, or similar charges or levies, which arise from any payment made pursuant to this Agreement, any Note or any other Loan Document or from the execution, delivery, performance, registration or enforcement of, or otherwise with respect to, this Agreement, any Note or any other Loan Document (collectively, "Other Taxes").

(c) Indemnification. Each Loan Party agrees to jointly and severally indemnify the Lender for the full amount of Taxes and Other Taxes (including, without limitation, any Taxes or Other Taxes imposed or asserted by any jurisdiction on amounts payable under this Section 2.16(c)), whether or not correctly or legally asserted, paid by the Lender and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto as certified in good faith to the Borrower by the Lender seeking indemnification pursuant to this Section 2.16(c). This indemnification shall be paid within 15 days after the Lender makes demand therefor.

(d) Refunds or Credits. If the Lender receives a refund, credit or other reduction from a taxation authority for any Taxes or Other Taxes for which it has been indemnified by any Loan Party or with respect to which any Loan Party has paid additional amounts pursuant to this Section 2.16, it shall within fifteen (15) days from the date of such receipt pay over the amount of such refund, credit or other reduction to the Borrower (but only to the extent of indemnity payments made or additional amounts paid by the Loan Parties under this Section 2.16 with respect to the Taxes or Other Taxes giving rise to such refund, credit or other reduction), net of all reasonable out-of-pocket expenses of the Lender and without interest (other than interest paid by the relevant taxation authority with respect to such refund, credit or other reduction); provided, however, that each Loan Party agrees to repay, upon the request of the Lender, the amount paid over to the Borrower (plus penalties, interest or other charges) to the Lender in the event the Lender is required to repay such refund or credit to such taxation authority.

(e) Tax Forms and Certificates. (i) Any Lender that is a "United States person" within the meaning of Section 7701(a)(30) of the Code shall deliver to the Borrower on or about the date on which such Lender becomes a Lender under this Agreement, at any time such Lender changes its Applicable Lending Office and from time to time thereafter upon the reasonable request of the Borrower, executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax; (ii) any Lender that is not a "United States person" within the meaning of Section 7701(a)(3) of the Code (a "Non-U.S. Lender") shall, to the extent it is legally entitled to do so, deliver to Borrower (in such number of copies as shall be requested by the recipient) on or about the date on which such Non-U.S. Lender becomes a Lender under this Agreement, at any time such Lender changes its Applicable Lending Office and from time to time thereafter upon the reasonable request of the Borrower, whichever of the following is applicable: (A) in the case of a Non-U.S. Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty; (B) executed copies of IRS Form W-8ECI; (C) in the case of a Non-U.S. Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit D-1 to the effect that such Non-U.S. Lender is not a "bank" within the meaning of Section 881(c)(3)(A) of the Code, a "10 percent shareholder" of the Borrower within the meaning of Section 871(h)(3)(B) of the Code, or a

"controlled foreign corporation" related to the Borrower as described in Section 881(c)(3)(C) of the Code (a "U.S. Tax Compliance Certificate") and (y) executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E; or (D) to the extent a Non-U.S. Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit D-1 or D-2, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Non-U.S. Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Non-U.S. Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit D-2 on behalf of each such direct and indirect partner; (iii) any Non-U.S. Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower (in such number of copies as shall be requested by the recipient) on or about the date which such Non-U.S. Lender becomes a Lender under this Agreement, at any time such Lender changes its Applicable Lending Office and from time to time thereafter upon the reasonable request of the Borrower), executed copies of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower to determine the withholding or deduction required to be made; and (iv) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower at the time or times prescribed by law and at such time or times reasonably requested by the Borrower such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower as may be necessary for the Borrower to comply with its obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of clause (iv), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(f) Exclusions. No Loan Party shall be required to indemnify any Non-U.S. Lender, or to pay any additional amount to any Non-U.S. Lender, pursuant to Sections 2.16(a), (b) or (c) in respect of Taxes or Other Taxes to the extent that the obligation to indemnify or pay such additional amounts, would not have arisen but for the failure of such Non-U.S. Lender to comply with the provisions of Section 2.16(e).

(g) Mitigation. If any Loan Party is required to pay additional amounts to or for the account of the Lender pursuant to this Section 2.16, then the Lender will use reasonable efforts (which shall include efforts to rebook the Revolving Loans held by the Lender to a new Applicable Lending Office, or through another branch or affiliate of the Lender) to change the jurisdiction of its Applicable Lending Office if, in the good faith judgment of the Lender, such efforts (i) will eliminate or, if it is not possible to eliminate, reduce to the greatest extent possible any such additional payment which may thereafter accrue and (ii) is not otherwise disadvantageous, in the sole determination of the Lender, to the Lender. The Lender claiming any indemnity payment or additional amounts payable pursuant to this Section shall use reasonable efforts (consistent with legal and regulatory restrictions) to deliver to Borrower any certificate or document reasonably requested in writing by the Borrower or to change the jurisdiction of its Applicable Lending Office if the making of such a filing or change would avoid the need for or reduce the amount of any such indemnity payment or additional amounts that may thereafter accrue and would not, in the sole determination of the Lender, be otherwise disadvantageous to the Lender.

(h) Confidentiality. Nothing contained in this Section shall require the Lender to make available any of its tax returns (or any other information that it deems to be confidential or proprietary).

Section 2.17 Base Rate Loans Substituted for Affected Euro-Dollar Loans. If (a) the obligation of the Lender to make or maintain, or to convert outstanding Loans to, Euro-Dollar Loans has been suspended pursuant to Section 2.13 or (b) the Lender has demanded compensation under Section 2.15(a) with respect to its Euro-Dollar Loans and, in any such case, the Borrower shall, by at least four Business Days' prior notice to the Lender, have elected that the provisions of this Section shall apply to the Lender, then, unless and until the Lender notifies the Borrower that the circumstances giving rise to such suspension or demand for compensation no longer apply:

(i) all Loans which would otherwise be made by the Lender as (or continued as or converted into) Euro-Dollar Loans shall instead be Base Rate Loans (on which interest and principal shall be payable contemporaneously with the related Euro Dollar Loans of the Lender;) and

(ii) after each of its Euro-Dollar Loans has been repaid, all payments of principal that would otherwise be applied to repay such Loans shall instead be applied to repay its Base Rate Loans.

If the Lender notifies the Borrower that the circumstances giving rise to such notice no longer apply, the principal amount of each such Base Rate Loan shall be converted into a Euro-Dollar Loan on the first day of the next succeeding Interest Period applicable.

Section 2.18 Adjustments to the Maximum Facility Amount.

(a) Subject to the terms and conditions of this Agreement, the Borrower may, during the Availability Period by delivering to the Lender a Request for an Adjustment in the form of Exhibit E, request an increase or decrease to the Maximum Facility Amount (each an "Optional Adjustment"); provided that the Borrower may not request any adjustment after the occurrence and during the continuance of a Default.

(b) As a condition precedent to an Optional Adjustment, the Loan Parties shall deliver to the Lender a certificate of the Loan Parties dated the effective date of the Optional Adjustment, signed by Authorized Officers of each Loan Party, certifying that: (i) the resolutions adopted by each Loan Party approving or consenting to such Optional Adjustment are attached thereto and such resolutions are true and correct and have not been altered, amended or repealed and are in full force and effect, (ii) before and after giving effect to the Optional Adjustment, (A) the representations and warranties contained in Article V and the other Loan Documents are true and correct in all material respects (except to the extent any such representation and warranty is qualified by materiality or reference to Material Adverse Effect, in which case, such representation and warranty shall be true and correct in all respects) on and as of the effective date of the Optional Adjustment, except to the extent that such representations and warranties specifically refer to an earlier date, in which case they were true and correct in all material respects (except to the extent any such representation and warranty was qualified by materiality or reference to Material Adverse Effect, in which case, such representation and warranty was true and correct in all respects) as of such earlier date, and (B) that no Default exists, is continuing, or would result from the Optional Adjustment and (iii) any necessary governmental, regulatory and third party approvals required to approve the Optional Increase, are attached thereto and remain in full force and effect, in each case without any action being taken by any competent authority which could restrain or prevent such transaction or impose, in the reasonable judgment of the Lender, materially adverse conditions upon the consummation of the Optional Adjustment. Upon the request of the Lender, the Borrower shall prepare, execute and deliver to such Lender a Note payable to the order of such Lender in accordance with Section 2.05(d).

Section 2.19 Termination of the Facility. Notwithstanding anything herein to the contrary, the Lender may elect at any time, in its sole discretion, to terminate this Agreement (regardless of whether

any Event of Default has occurred or is continuing at the time the Lender elects to exercise such right). Upon such termination, at the demand of the Lender, the Borrower will (i) pay in full all outstanding loans, all interest accrued and unpaid thereon and all other amounts payable under this Agreement and (ii) deposit in an account designated by and with the Lender, in the name of the Lender, in same day funds, an amount equal to 103% of the aggregate undrawn stated amounts of all Letters of Credit that are outstanding on such date.

### ARTICLE III LETTERS OF CREDIT

#### Section 3.01 Letters of Credit.

(a) The Lender agrees, on the terms and conditions set forth in this Agreement, to consider requests from the Borrower or any of its Subsidiaries that the Lender (i) make Revolving Loans from time to time on any business Day during the Availability Period or (ii) issue Letters of Credit from time to time on any Business Day during the Availability Period for the account, and upon the request, of the Borrower and in support of such obligations of the Borrower or any Affiliate of the Borrower that are reasonably acceptable to the Lender.

(b) Notwithstanding anything to the contrary set forth herein, this Agreement is not a commitment on the part of the Lender to make any Revolving Loan or issue any Letter of Credit but rather sets forth the procedures to be used in connection with requests from the Borrower or any of its Subsidiaries for the Lender to issue Letters of Credit from time to time during the period from the Closing Date until the Termination Date and, if the Lender issues any Letters of Credit hereunder, the Borrower's obligations to the Lender with respect thereto.

Section 3.02 Method of Issuance of Letters of Credit. The Borrower shall give the Lender notice substantially in the form of Exhibit A-3 to this Agreement (a "Letter of Credit Request") of the requested issuance or extension of an Letter of Credit prior to 1:00 P.M. (New York, New York time) three Business Days prior to the proposed date of the issuance or extension of Letters of Credit (which shall be a Business Day) (or such shorter period as may be agreed by the Lender in any particular instance), specifying the date such Letter of Credit is to be issued or extended and describing the terms of such Letter of Credit and the nature of the transactions to be supported thereby. The extension or renewal of any Letter of Credit shall be deemed to be an issuance of such Letter of Credit, and if any Letter of Credit contains a provision pursuant to which it is deemed to be extended unless notice of termination is given by the Lender, the Lender shall timely give such notice of termination unless it has theretofore timely received a Letter of Credit Request and the other conditions to issuance of a Letter of Credit have theretofore been met with respect to such extension. No Letter of Credit shall have a term of more than one year, provided, that no Letter of Credit shall have a term extending or be so extendible beyond the fifth Business Day before the Termination Date; provided, further, that a Letter of Credit may have a term extending or be so extendible (whether by extension or at the time of issuance) beyond the fifth Business Day before the Termination Date, so long as (A) such Letter of Credit is Cash Collateralized on the Termination Date and (B) the stated expiry date is no more than one year from the date of issuance or extension thereof.. Promptly after its delivery of any Letter of Credit or any amendment to a Letter of Credit to an advising bank with respect thereto or to the beneficiary thereof, the Lender will deliver to the Borrower a true and complete copy of

such Letter of Credit or amendment.

Section 3.03 Conditions to Issuance of Letters of Credit. The issuance by the Lender of each Letter of Credit shall, in addition to the conditions precedent set forth in Article IV, be subject to the conditions precedent that (a) such Letter of Credit shall be satisfactory in form and substance to the Lender, and (b) the Borrower and, if applicable, any such Affiliate of the Borrower, shall have executed and delivered such other instruments and agreements relating to such Letter of Credit as the Lender shall have reasonably requested.

Section 3.04 Drawings under Letters of Credit. Upon receipt from the beneficiary of any Letter of Credit of any notice of a drawing under such Letter of Credit, the Lender shall determine in accordance with the terms of such Letter of Credit whether such drawing should be honored. If the Lender determines that any such drawing shall be honored, the Lender shall make available to such beneficiary in accordance with the terms of such Letter of Credit the amount of the drawing and shall notify the Borrower as to the amount to be paid as a result of such drawing and the payment date.

Section 3.05 Reimbursement Obligations. The Borrower shall be irrevocably and unconditionally obligated forthwith to reimburse the Lender for any amounts paid by the Lender upon any drawing under any Letter of Credit, together with any and all reasonable charges and expenses which the Lender may pay or incur relative to such drawing and interest on the amount drawn at the rate applicable to Base Rate Loans for each day from and including the date such amount is drawn to but excluding the date such reimbursement payment is due and payable. Such reimbursement payment shall be due and payable (a) at or before 1:00 P.M. (New York, New York time) on the date the Lender notifies the Borrower of such drawing, if such day is a Business Day and such notice is given at or before 10:00 A.M. (New York, New York time) on such date or (b) at or before 10:00 A.M. (New York, New York time) on the next succeeding Business Day, if such notice is given after 10:00 A.M. (New York, New York time) on a Business Day or at any time on a day that is not a Business Day; provided, that no payment otherwise required by this sentence to be made by the Borrower at or before 1:00 P.M. (New York, New York time) on any day shall be overdue hereunder if arrangements for such payment satisfactory to the Lender, in its reasonable discretion, shall have been made by the Borrower at or before 1:00 P.M. (New York, New York time) on such day and such payment is actually made at or before 3:00 P.M. (New York, New York time) on such day. In addition, the Borrower agrees to pay to the Lender interest, payable on demand, on any and all amounts not paid by the Borrower to the Lender when due under this Section 3.05, for each day from and including the date when such amount becomes due to but excluding the date such amount is paid in full, whether before or after judgment, at a rate per annum equal to the sum of 2% plus the rate applicable to Base Rate Loans for such day. Each payment to be made by the Borrower pursuant to this Section 3.05 shall be made to the Lender in Federal or other funds immediately available to it at its address referred to Section 8.01.

Section 3.06 Reliance. Any action taken or omitted to be taken by the Lender under or in connection with any Letter of Credit shall not create for the Lender any resulting liability if taken or omitted in the absence of gross negligence or willful misconduct. Lender shall be entitled (but not obligated) to rely, and shall be fully protected in relying, on the representation and warranty by the Borrower set forth in the last sentence of Section 4.02 to establish whether the conditions specified in clauses (b) and (c) of Section 4.02 are met in connection with any issuance or extension of a Letter of Credit. Lender shall be entitled to rely, and shall be fully protected in relying, upon advice and statements of legal counsel, independent accountants and other experts selected by the Lender and upon any Letter of Credit, draft, writing, resolution, notice, consent, certificate, affidavit, letter, cablegram, telegram, telecopier, telex or teletype message, statement, order or other document believed by it in good faith to be genuine and correct and to have been signed, sent or made by the proper Person or Persons, and may accept documents that appear on their face to be in order, without responsibility for further investigation, regardless of any notice or information to the contrary unless the beneficiary and the Borrower shall have

notified the Lender that such documents do not comply with the terms and conditions of the Letter of Credit. The Lender shall be fully justified in refusing to take any action requested of it under this Section in respect of any Letter of Credit. Notwithstanding any other provision of this Section, the Lender shall in all cases be fully protected in acting, or in refraining from acting, under this Section in respect of any Letter of Credit in accordance with a request of the Lender, and such request and any action taken or failure to act pursuant hereto shall be binding upon the Lender and all future holders of participations in such Letter of Credit; provided, that this sentence shall not affect any rights the Borrower may have against the Lender that make such request.

Section 3.07 Obligations in Respect of Letters of Credit Unconditional. The obligations of the Borrower under Section 3.05 above shall be absolute, unconditional and irrevocable, and shall be performed strictly in accordance with the terms of this Agreement, under all circumstances whatsoever, including, without limitation, the following circumstances:

(a) any lack of validity or enforceability of this Agreement or any Letter of Credit or any document related hereto or thereto;

(b) any amendment or waiver of or any consent to departure from all or any of the provisions of this Agreement or any Letter of Credit or any document related hereto or thereto;

(c) the use which may be made of the Letter of Credit by, or any acts or omission of, a beneficiary of a Letter of Credit (or any Person for whom the beneficiary may be acting);

(d) the existence of any claim, set-off, defense or other rights that the Borrower may have at any time against a beneficiary of a Letter of Credit (or any Person for whom the beneficiary may be acting), the Lender or any other Person, whether in connection with this Agreement or any Letter of Credit or any document related hereto or thereto or any unrelated transaction;

(e) any statement or any other document presented under a Letter of Credit proving to be forged, fraudulent or invalid in any respect or any statement therein being untrue or inaccurate in any respect whatsoever;

(f) payment under a Letter of Credit against presentation to the Lender of a draft or certificate that does not comply with the terms of such Letter of Credit; provided, that the Lender's determination that documents presented under such Letter of Credit comply with the terms thereof shall not have constituted gross negligence or willful misconduct of the Lender; or

(g) any other act or omission to act or delay of any kind by the Lender or any other Person or any other event or circumstance whatsoever that might, but for the provisions of this subsection (g), constitute a legal or equitable discharge of the Borrower's obligations hereunder.

Nothing in this Section 3.07 is intended to limit the right of the Borrower to make a claim against the Lender for damages as contemplated by the proviso to the first sentence of Section 3.09.

Section 3.08 Indemnification in Respect of Letters of Credit. **Section 8.02 No Waivers; Non-Exclusive Remedies.** No failure by the Lender to exercise, no course of dealing with respect to, and no delay in exercising any right, power or privilege hereunder or under any Note or other Loan Document shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies provided herein and in the other Loan Documents shall be cumulative and not exclusive of any rights or remedies provided by law.

Section 8.03 Expenses; Indemnification.

(a) Expenses. The Borrower shall pay (i) all out-of-pocket expenses of the Lender, including legal fees and disbursements of one primary counsel and any other local counsel retained by the Lender and the Arranger, in its reasonable discretion, in connection with the preparation, execution, delivery and administration of the Loan Documents, any waiver or consent thereunder or any amendment thereof or any Default or alleged Default thereunder and (ii) all reasonable out-of-pocket expenses incurred by the Arranger and the Lender, including (without duplication) the fees and disbursements of outside counsel, in connection with any restructuring, workout, collection, bankruptcy, insolvency and other enforcement proceedings in connection with the enforcement and protection of its rights; provided, that the Borrower shall not be liable for any legal fees or disbursements of any counsel for the Arranger and the Lender incurred prior to the Effective Date other than Winston & Strawn LLP associated with the preparation, execution and delivery of this Agreement and the closing documents contemplated hereby.

(b) Indemnity in Respect of Loan Documents. Each of the Loan Parties agrees to jointly and severally indemnify the Arranger and the Lender, their respective Affiliates and the respective directors, officers, trustees, agents, employees and advisors of the foregoing (each an "Indemnitee") and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and expenses or disbursements of any kind whatsoever (including, without limitation, the reasonable fees and disbursements of counsel and any civil penalties or fines assessed by OFAC), which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in connection with any investigative, administrative or judicial proceeding (whether or not such Indemnitee shall be designated a party thereto) brought or threatened (whether by the Guarantor, the Borrower, any Subsidiary or Affiliate of the Borrower or any other Person) in any way relating to or arising out of this Agreement, any other Loan Document or any documents contemplated hereby or thereby or referred to herein or therein or any actual or proposed use of proceeds of Loans hereunder; provided, that no Indemnitee shall have the right to be indemnified hereunder for such Indemnitee's own gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final, non-appealable judgment or order.

(c) Indemnity in Respect of Environmental Liabilities. Each of the Loan Parties agrees to jointly and severally indemnify each Indemnitee and hold each Indemnitee harmless from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, claims, costs and expenses or disbursements of any kind whatsoever (including, without limitation, reasonable expenses of investigation by engineers, environmental consultants and similar technical personnel and reasonable fees and disbursements of counsel) which may at any time (including, without limitation, at any time following the payment of the obligations of the Borrower hereunder) be imposed on, incurred by or asserted against such Indemnitee in respect of or in connection with any actual or alleged presence or release of Hazardous Substances on or from any property now or previously owned or operated by the Guarantor or any of its Subsidiaries or any predecessor of the Guarantor or any of its Subsidiaries, or any and all Environmental Liabilities. Without limiting the generality of the foregoing, the Borrower hereby waives all rights of contribution or any other rights of recovery with respect to liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs and expenses and disbursements in respect of or in connection with Environmental Liabilities that it might have by statute or otherwise against any Indemnitee.

(d) Waiver of Damages. To the fullest extent permitted by applicable law, no Loan Party shall assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Loan Document or any agreement or

instrument contemplated hereby or thereby, the transactions contemplated hereby or thereby, any Loan or Letter of Credit or the use of the proceeds thereof. No Indemnitee referred to in clause (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby; provided that nothing in this Section 8.03(d) shall relieve the Lender from its obligations under Section 8.12.

Section 8.04 Amendments and Waivers. Any provision of this Agreement or the Notes may be amended or waived if, but only if such amendment or waiver is in writing and is signed by the Loan Parties and the Lender.

Section 8.05 Successors and Assigns.

(a) Successors and Assigns. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, except that no Loan Party may assign or otherwise transfer any of its rights under this Agreement without the prior written consent of the Lender, except to the extent any such assignment results from the consummation of a merger or consolidation permitted pursuant to this Agreement.

(b) Register. The Borrower hereby designates the Lender to serve as the Borrower's agent, solely for purposes of this Section 8.05(b), to (i) maintain a register (the "Register") on which the Lender will record the Loans made by the Lender and each repayment in respect of the principal amount of the Loans of the Lender and to (ii) retain a copy of each Assignment and Assumption Agreement delivered to the Lender pursuant to this Section. Failure to make any such recordation, or any error in such recordation, shall not affect the Borrower's obligation in respect of such Loans. The entries in the Register shall be conclusive, in the absence of manifest error, and the Borrower and the Lender shall treat each Person in whose name a Loan and the Note evidencing the same is registered as the owner thereof for all purposes of this Agreement, notwithstanding notice or any provision herein to the contrary.

Section 8.06 Governing Law; Submission to Jurisdiction. This Agreement and each Note shall be governed by and construed in accordance with the internal laws of the State of New York. Each Loan Party hereby submits to the nonexclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court sitting in New York City for purposes of all legal proceedings arising out of or relating to this Agreement or the transactions contemplated hereby. Each Loan Party irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such proceeding brought in such court and any claim that any such proceeding brought in any such court has been brought in an inconvenient forum.

Section 8.07 Counterparts; Integration; Effectiveness. This Agreement shall become effective on the Effective Date. This Agreement may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. On and after the Effective Date, this Agreement and the other Loan Documents constitute the entire agreement and understanding among the parties hereto and supersede any and all prior agreements and understandings, oral or written, relating to the subject matter hereof and thereof.

Section 8.08 Generally Accepted Accounting Principles. Unless otherwise specified herein, all accounting terms used herein shall be interpreted, all accounting determinations hereunder shall be made and all financial statements required to be delivered hereunder shall be prepared in accordance with GAAP as in effect from time to time, applied on a basis consistent (except for changes concurred in by the Guarantor's independent public accountants) with the audited consolidated financial statements of the

Guarantor and its Consolidated Subsidiaries most recently delivered to the Lender; provided, that, if the Guarantor notifies the Lender that the Guarantor wishes to amend any covenant in Article VI to eliminate the effect of any change in GAAP the operation of such covenant (or if the Lender notifies the Guarantor that the Lender wish to amend Article VI for such purpose), then the Guarantor's compliance with such covenant shall be determined on the basis of GAAP in effect immediately before the relevant change in GAAP became effective, until either such notice is withdrawn or such covenant is amended in a manner satisfactory to the Guarantor and the Lender.

Section 8.09 Usage. The following rules of construction and usage shall be applicable to this Agreement and to any instrument or agreement that is governed by or referred to in this Agreement.

(a) All terms defined in this Agreement shall have the defined meanings when used in any instrument governed hereby or referred to herein and in any certificate or other document made or delivered pursuant hereto or thereto unless otherwise defined therein.

(b) The words "hereof", "herein", "hereunder" and words of similar import when used in this Agreement or in any instrument or agreement governed here shall be construed to refer to this Agreement or such instrument or agreement, as applicable, in its entirety and not to any particular provision or subdivision hereof or thereof.

(c) References in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, this Agreement unless the context otherwise requires; references in any instrument or agreement governed by or referred to in this Agreement to "Article", "Section", "Exhibit", "Schedule" or another subdivision or attachment shall be construed to refer to an article, section or other subdivision of, or an exhibit, schedule or other attachment to, such instrument or agreement unless the context otherwise requires.

(d) The definitions contained in this Agreement shall apply equally to the singular and plural forms of such terms. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The word "will" shall be construed to have the same meaning as the word "shall". The term "including" shall be construed to have the same meaning as the phrase "including without limitation".

(e) Unless the context otherwise requires, any definition of or reference to any agreement, instrument, statute or document contained in this Agreement or in any agreement or instrument that is governed by or referred to in this Agreement shall be construed (i) as referring to such agreement, instrument, statute or document as the same may be amended, supplemented or otherwise modified from time to time (subject to any restrictions on such amendments, supplements or modifications set forth in this Agreement or in any agreement or instrument governed by or referred to in this Agreement), including (in the case of agreements or instruments) by waiver or consent and (in the case of statutes) by succession of comparable successor statutes and (ii) to include (in the case of agreements or instruments) references to all attachments thereto and instruments incorporated therein. Any reference to any Person shall be construed to include such Person's successors and permitted assigns.

(f) Unless the context otherwise requires, whenever any statement is qualified by "to the best knowledge of" or "known to" (or a similar phrase) any Person that is not a natural person, it is intended to indicate that the senior management of such Person has conducted a commercially reasonable inquiry and investigation prior to making such statement and no member of the senior management of such Person (including managers, in the case of limited liability companies, and general partners, in the case of partnerships) has current actual knowledge of the inaccuracy of such statement.

(g) Unless otherwise specified, all references herein to times of day shall constitute references to Eastern Time.

Section 8.10 WAIVER OF JURY TRIAL. EACH OF THE LOAN PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 8.11 Confidentiality. The Lender agrees to hold all non-public information obtained pursuant to the requirements of this Agreement in accordance with its customary procedure for handling confidential information of this nature and in accordance with safe and sound banking practices; provided, that nothing herein shall prevent the Lender from disclosing such information (i) to any other Person if reasonably incidental to the administration of the Loans and Letter of Credit Liabilities, (ii) upon the order of any court or administrative agency, (iii) to the extent requested by, or required to be disclosed to, any rating agency or regulatory agency or similar authority (including any self-regulatory authority, such as the National Association of Insurance Commissioners), (iv) which had been publicly disclosed other than as a result of a disclosure by the Lender prohibited by this Agreement, (v) in connection with any litigation to which the Lender or any of its Subsidiaries or Affiliates may be party, (vi) to the extent necessary in connection with the exercise of any remedy hereunder, (vii) to the Lender's Affiliates and their respective directors, officers, employees and agents including legal counsel and independent auditors (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such information and instructed to keep such information confidential), (viii) with the consent of the Borrower, (ix) to Gold Sheets and other similar bank trade publications, such information to consist solely of deal terms and other information customarily found in such publications and (x) subject to provisions substantially similar to those contained in this Section, to any actual or proposed participant or assignee or to any actual or prospective counterparty (or its advisors) to any securitization, swap or derivative transaction relating to the Loan Parties' Obligations hereunder. Notwithstanding the foregoing, the Lender or Winston & Strawn LLP may circulate promotional materials and place advertisements in financial and other newspapers and periodicals or on a home page or similar place for dissemination of information on the Internet or worldwide web, in each case, after the closing of the transactions contemplated by this Agreement in the form of a "tombstone" or other release limited to describing the names of the Loan Parties or their Affiliates, or any of them, and the amount, type and closing date of such transactions, all at their sole expense.

Section 8.12 USA PATRIOT Act Notice. If the Lender is subject to the Patriot Act (as hereinafter defined) it hereby notifies the Loan Parties that pursuant to the requirements of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Patriot Act"), it is required to obtain, verify and record information that identifies the Borrower and the Guarantor, which information includes the name and address of each Loan Party and other information that will allow the Lender to identify each Loan Party in accordance with the Patriot Act.

Section 8.13 No Fiduciary Duty. The Lender and its Affiliates (collectively, solely for purposes of this paragraph, the "Lender Parties"), may have economic interests that conflict with those of the Loan Parties, their respective Affiliates and/or their respective stockholders (collectively, solely for purposes of this paragraph, the "Borrower Parties"). Each Loan Party agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty (other than any implied duty of good faith) between the Lender Party, on the one hand, and any Borrower Party, on the other. The Lender Parties acknowledge and agree that (a) the transactions contemplated by the Loan Documents (including the exercise of rights and remedies hereunder and thereunder) are arm's-length commercial transactions between the Lender Parties, on the one hand, and the Loan Parties, on the other and (b) in connection therewith and with the process leading thereto, (i) no Lender Party has assumed an advisory or fiduciary responsibility in favor of any Borrower Party with

respect to the transactions contemplated hereby (or the exercise of rights or remedies with respect thereto) or the process leading thereto (irrespective of whether the Lender Party has advised, is currently advising or will advise any Borrower Party on other matters) or any other obligation to any Borrower Party except the obligations expressly set forth in the Loan Documents and (ii) the Lender is acting solely as principal and not as the agent or fiduciary of any Borrower Party. Each Loan Party acknowledges and agrees that it has consulted its own legal and financial advisors to the extent it deemed appropriate and that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. Each Loan Party agrees that it will not claim that the Lender Party has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to any Borrower Party, in connection with such transaction or the process leading thereto.

Section 8.14. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the "Charges"), shall exceed the maximum lawful rate (the "Maximum Rate") which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to the Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by the Lender.

Section 8.15. Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 8.16. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

## ARTICLE IX GUARANTY

Section 9.01 Guaranty. The Guarantor unconditionally, absolutely and irrevocably guarantees to the Lender, as though it was a primary obligor for, the full and punctual payment of the Obligations when due (whether at stated maturity, upon acceleration or otherwise). If the Borrower fails to pay any Obligation punctually when due, the Guarantor agrees that it will forthwith on demand pay the amount not so paid at the place and in the manner specified in the relevant Loan Document. Notwithstanding the foregoing, the liability of the Guarantor individually with respect to its obligations, including any payment made pursuant to, this Guaranty shall be limited to an aggregate amount equal to the maximum amount that would not render the Guarantor's obligations hereunder subject to avoidance under the Bankruptcy Code or any comparable provisions of any applicable state law. This Guaranty is a Guarantee of payment and not merely of collection.

Section 9.02 Guaranty Unconditional. The obligations of the Guarantor hereunder shall be unconditional and absolute and, without limiting the generality of the foregoing, shall not be released, discharged or otherwise affected by:

- (a) any change in the amount or purpose of or the time, manner, method, or place of payment

or performance of any of the Obligations or any extension, renewal, settlement, compromise, waiver or release in respect of any obligation of the Borrower or any other Person under any Loan Document, by operation of law or otherwise;

(b) any modification, extension, renewal or amendment of or supplement to any Loan Document or any of the Obligations or any execution or delivery of any additional Loan Documents;

(c) any release, impairment, non-perfection or invalidity of any direct or indirect security for any obligation of the Borrower or any other Person under any Loan Document;

(d) any change in the corporate existence, structure or ownership of the Borrower or any other Person or any of their respective Subsidiaries, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the Borrower or any other Person or any of their assets or any resulting release or discharge of any obligation (including any of the Obligations) of the Borrower or any other Person under any Loan Document;

(e) the existence of any claim, set-off, defense, counterclaim, withholding or other right that the Guarantor or the Borrower may have at any time against any Person (including the Lender), whether in connection with the Loan Documents or any unrelated transactions; provided that nothing herein shall prevent the assertion of any such claim or defense by separate suit or compulsory counterclaim;

(f) any avoidance, subordination, invalidity or unenforceability relating to or against the Borrower or any other Person for any reason of any Obligation or any Loan Document, any provision of applicable law or regulation purporting to prohibit the payment of any Obligation by the Borrower or any other Person, or the Borrower denies that it has any or further liability or obligation under any Loan Document, or purports to revoke, terminate or rescind any Obligation or provision of any Loan Document;

(g) any failure of the Lender to assert any claim or demand or to exercise or enforce any right or remedy under the provisions of any Loan Document or to assert any breach of or default under any Loan Document or any breach of the Obligations; or

(h) any other act or omission to act or delay of any kind by the Borrower, any other party to any Loan Document or any other Person, or any other circumstance whatsoever that might, but for the provisions of this clause (h), constitute a legal or equitable discharge of or defense to any obligation of the Guarantor hereunder.

Section 9.03 Discharge Only Upon Payment in Full; Reinstatement in Certain Circumstances. The Guarantor's obligations hereunder shall remain in full force and effect until all Obligations shall have been paid in full and all Letters of Credit have either expired, been repaid in full or been cash collateralized. If at any time any payment of any Obligation is rescinded or must be otherwise restored or returned upon the insolvency, bankruptcy or reorganization of the Borrower or otherwise, the Guarantor's obligations hereunder shall be reinstated as though such payment had been due but not made at such time.

Section 9.04 Waiver by Guarantor. The Guarantor irrevocably waives (a) acceptance hereof, presentment, demand for performance, promptness, diligence, notice of non-performance, default, acceleration, protest or dishonor and any notice not provided for herein, (b) any requirement that at any time any action be taken by any Person against the Borrower or any other Person, (c) any right to revoke this Guaranty, and (d) any defense based on any right of set-off, recoupment, counterclaim, withholding or other deduction of any nature against or in respect of the Obligations.

Section 9.05 Subrogation. Upon making payment with respect to any Obligation, the Guarantor shall be subrogated to the rights of the payee against the Borrower with respect to such payment; provided

that the Guarantor agrees it will not exercise any rights against the Borrower arising in connection with the Obligations by way of subrogation against the Borrower, or by reason of contribution against any other guarantor of such Obligations until all Obligations shall have been paid in full, and all Letters of Credit have either expired, been repaid in full or been cash collateralized.

Section 9.06 Stay of Acceleration. If acceleration of the time for payment of any Obligation by the Borrower is stayed, enjoined or prevented for any reason (including but not limited to by reason of the insolvency or receivership of the Borrower or otherwise), all Obligations otherwise subject to acceleration under the terms of any Loan Document shall nonetheless be payable by the Guarantor forthwith on demand by the Lender.

Section 9.07 Continuing Guaranty. The Guaranty set forth in this Article IX is a continuing guaranty, shall be binding on the Guarantor and its successors and assigns, and shall be enforceable by each holder from time to time of the Obligations (including, without limitation, the Lender and each Indemnitee, each, a "Guaranteed Party"). If all or part of any Guaranteed Party's interest in any Obligation is assigned or otherwise transferred, the transferor's rights hereunder, to the extent applicable to the obligation so transferred, shall automatically be transferred with such obligation; and without limitation of the foregoing, any of the Obligations shall be and remain Obligations entitled to the benefit of this Guaranty if any Guaranteed Party assigns or otherwise transfers all or part of its interest in any Obligation or any of its rights or obligations under any Loan Document.

Section 9.08 Default Payments by Borrower. Upon the occurrence and during the continuation of any default under any Obligation, if any amount shall be paid to the Guarantor by or for the account of the Borrower with respect to such Obligation, such amount shall be held in trust for the benefit of the Lender to be credited and applied to the Obligations when due and payable.

## Form of Note

FOR VALUE RECEIVED, the undersigned, PPL CAPITAL FUNDING, INC., a Delaware corporation (the "Borrower"), promises to pay to the order of \_\_\_\_\_ (hereinafter, together with its successors and assigns, called the "Holder"), at the place and times provided in the Credit Agreement (as defined below), the principal sum of \_\_\_\_\_ AND \_\_\_\_\_/100s DOLLARS (\$ \_\_\_\_\_), or, if less, the principal amount of all Loans advanced by the Holder to the Borrower pursuant to the Credit Agreement, plus interest as hereinafter provided. Such Loans may be endorsed from time to time on the grid attached hereto, but the failure to make such notations shall not affect the validity of the Borrower's obligation to repay unpaid principal and interest hereunder.

All capitalized terms used herein shall have the meanings ascribed to them in that certain Revolving Credit Agreement dated as of March 12, 2020 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement") among the Borrower, PPL Corporation, as the Guarantor and The Bank of Nova Scotia, as Lender, except to the extent such capitalized terms are otherwise defined or limited herein.

The Borrower shall repay principal outstanding hereunder from time to time, as necessary, in order to comply with the Credit Agreement. All amounts paid by the Borrower shall be applied to the Obligations in such order of application as provided in the Credit Agreement.

A final payment of all principal amounts and other Obligations then outstanding hereunder shall be due and payable on the maturity date provided in the Credit Agreement, or such earlier date as payment of the Loans shall be due, whether by acceleration or otherwise.

The Borrower shall be entitled to borrow, repay, reborrow, continue and convert the Holder's Loans (or portions thereof) hereunder pursuant to the terms and conditions of the Credit Agreement. Prepayment of the principal amount of any Loan may be made as provided in the Credit Agreement.

The Borrower hereby promises to pay interest on the unpaid principal amount hereof as provided in Article II of the Credit Agreement. Interest under this Note shall also be due and payable when this Note shall become due (whether at maturity, by reason of acceleration or otherwise). Overdue principal and, to the extent permitted by law, overdue interest, shall bear interest payable on DEMAND at the default rate as provided in the Credit Agreement.

In no event shall the amount of interest due or payable hereunder exceed the maximum rate of interest allowed by applicable law, and in the event any such payment is inadvertently made by the Borrower or inadvertently received by the Holder, then such excess sum shall be credited as a payment of principal, unless the Borrower shall notify the Holder in writing that it elects to have such excess sum returned forthwith. It is the express intent hereof that the Borrower not pay and the Holder not receive, directly or indirectly in any manner whatsoever, interest in excess of that which may legally be paid by the Borrower under applicable law.

All parties now or hereafter liable with respect to this Note, whether the Borrower, any guarantor, endorser or any other Person or entity, hereby waive presentment for payment, demand, notice of non-payment or dishonor, protest and notice of protest.

No delay or omission on the part of the Holder or any holder hereof in exercising its rights under this Note, or delay or omission on the part of the Holder, the Lender, or any of them, in exercising its or their rights under the Credit Agreement or under any other Loan Document, or course of conduct relating thereto, shall operate as a waiver of such rights or any other right of the Holder or any holder hereof, nor shall any waiver by the Holder, the Lender, or any holder hereof, of any such right or rights on any one occasion be deemed a bar to, or waiver of, the same right or rights on any future occasion.

The Borrower promises to pay all reasonable costs of collection, including reasonable attorneys' fees, should this Note be collected by or through an attorney-at-law or under advice therefrom.

This Note evidences the Holder's Loans (or portion thereof) under, and is entitled to the benefits and subject to the terms of, the Credit Agreement, which contains provisions with respect to the acceleration of the maturity of this Note upon the happening of certain stated events, and provisions for prepayment.

This Note is entitled to the benefit of the Guaranty of the Guarantor, as set forth in the Credit Agreement. Reference is made to the Credit Agreement for a description of the terms and conditions of such Guaranty, and the respective rights and limitations of the Holder, the Borrower and the Guarantor thereunder.

This Note shall be governed by and construed in accordance with the internal laws of the State of New York.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the undersigned has caused this Note to be executed by its duly authorized representative as of the day and year first above written.

EXHIBIT C  
(to the Revolving Credit Agreement)

**Form of Borrower's Opinion**

March 12, 2020

To The Bank of Nova Scotia, as  
Lender under the Credit Agreement  
referred to below

Re: Revolving Credit Agreement

Ladies and Gentlemen:

I am Senior Counsel of PPL Services Corporation, an affiliate of PPL Corporation, a Pennsylvania corporation (the "Guarantor"), and PPL Capital Funding, Inc., a Delaware corporation (the "Borrower"), and have acted as counsel to the Guarantor and the Borrower in connection with the \$50,000,000 Revolving Credit Agreement, dated as of March 12, 2020 (the "Agreement"), among the Borrower, the Guarantor and The Bank of Nova Scotia, as Lender (the "Lender"). Capitalized terms used but not defined herein have the meaning assigned to such terms in the Agreement.

I am familiar with the Agreement and the other documents executed and delivered by the Borrower and the Guarantor in connection with the Agreement. I have also examined such other documents and satisfied myself as to such other matters as I have deemed necessary in order to render this opinion. I have assumed that the Agreement and instruments referred to in this opinion have been duly authorized, executed and delivered by all parties thereto other than the Borrower and the Guarantor.

Based on the foregoing, I am of the opinion that:

1. The Guarantor is duly organized, validly existing as a corporation in good standing under the laws of the Commonwealth of Pennsylvania, with corporate power to execute and deliver the Agreement, and to perform its obligations under the Agreement.
2. The execution and delivery of the Agreement by the Borrower and the Guarantor have been duly authorized by each of the Borrower and Guarantor and do not violate any provision of law or regulation or any decree, order, writ or judgment applicable to the Borrower or the Guarantor, as the case may be, or any provision of their respective certificate of incorporation or articles of incorporation, or result in the breach of or constitute a default under any indenture or other agreement or instrument known to me to which either is a party.
3. The Agreement has been duly executed and delivered by the Borrower and the Guarantor.
4. The Agreement constitutes the legal, valid and binding agreement of each of the Borrower and the Guarantor, enforceable against the Borrower and the Guarantor in accordance with its terms, except to the extent limited by (a) bankruptcy, insolvency, reorganization or other similar laws relating to or affecting the enforceability of creditors' rights generally and by general equitable principles that may limit the right to obtain equitable remedies regardless of whether enforcement is considered in a proceeding of

law or equity or (b) any applicable public policy on enforceability of provisions relating to indemnification, contribution, waivers and exculpatory provisions (the "Enforceability Exceptions").

5. Except as disclosed in or contemplated by the Guarantor's Annual Report on Form 10-K for the year ended December 31, 2019, or in other reports filed under the Securities Exchange Act of 1934 from January 1, 2020 to the date hereof, or otherwise furnished in writing to the Lender, no litigation, arbitration or administrative proceeding or inquiry is pending or, to my knowledge, threatened which would reasonably be expected to materially and adversely affect the ability of the Guarantor or the Borrower to perform any of their respective obligations under the Agreement. To my knowledge, there is no litigation, arbitration or administrative proceeding pending or threatened that questions the validity of the Agreement.

6. Neither the Guarantor nor the Borrower is engaged principally, or as one of its important activities, in the business of extending credit for the purpose of purchasing or carrying any "margin stock" within the meaning of Regulation U of the Board of Governors of the Federal Reserve System.

7. There have not been any "reportable events," as that term is defined in Section 4043 of the Employee Retirement Income Security Act of 1974, as amended, which would result in a material liability of the Guarantor.

8. No authorization, consent or approval of any Governmental Authority of the United States of America, the Commonwealth of Pennsylvania or the State of New York is required for the execution and delivery of the Agreement, except such authorizations, consents and approvals as have been obtained prior to the date hereof, which authorizations, consents and approvals are in full force and effect.

In rendering the opinions set forth above, I note that any exercise by the Borrower of the option to increase the Maximum Facility Amount as contemplated in Section 2.18 of the Agreement will require additional authorization by the Boards of Directors of the Borrower and the Guarantor.

I am a member of the Pennsylvania Bar and the New York Bar and I express no opinion as to the law of any jurisdiction other than the laws of the Commonwealth of Pennsylvania, the State of New York, the Delaware General Corporation Law and the federal law of the United States of America. In rendering its opinion to the addressee hereof, Bracewell LLP may rely as to matters of Pennsylvania law addressed herein upon this letter as if it were addressed directly to them. Without my prior written consent, this opinion may not be furnished or quoted to, or relied upon by, any other person or entity for any purpose.

Very truly yours,

Frederick C. Paine

To: The Bank of Nova Scotia, as Administrative Agent, Lender and Issuing Lender under the Revolving Credit Agreement referred to below

RE: PPL Capital Funding, Inc. – Sixth Amendment to Revolving Credit Agreement

Ladies and Gentlemen:

We have acted as special counsel to PPL Capital Funding, Inc., a Delaware corporation (the "Borrower"), and PPL Corporation, a Pennsylvania Corporation (the "Guarantor," and collectively with the Borrower, the "Opinion Parties"), in connection with the Sixth Amendment to the Revolving Credit Agreement, dated as of March \_\_, 2020 (the "Amendment"), among the Borrower, the Guarantor and The Bank of Nova Scotia, as Administrative Agent, Lender and Issuing Lender (the "Bank"), which amends the Revolving Credit Agreement, dated as of March 26, 2014 (as such Agreement has been amended by the First through Fifth Amendments thereto, the "Existing Credit Agreement," and, as amended by the Amendment, the "Credit Agreement"), among the Borrower, the Guarantor and the Bank. This opinion letter is delivered to you pursuant to Section 3.4 of the Amendment.

As used herein, (i) "New York UCC" means the Uniform Commercial Code, as amended and in effect in the State of New York on the date hereof; and (ii) "Applicable Law" means the General Corporation Law of the State of Delaware, in effect on the date hereof, and those laws, rules, and regulations of the State of New York and of the United States of America as in effect on the date hereof which in our experience are normally applicable to such Opinion Party and to transactions of the type provided for in the Opinion Documents to which such Opinion Party is a party; provided, however, that Applicable Law does not include any law described in qualification paragraph (O) below.

In connection with the opinions expressed herein, we have examined such documents, records and matters of law as we have deemed necessary for the purposes of such opinions. We have examined each of the following agreements, instruments and documents:

- (a) an executed copy of the Amendment;
- (b) an executed copy of the Existing Credit Agreement; and
- (c) [executed copies of Revolving Credit Notes delivered to the Bank on the date hereof.]

The Amendment [and the Revolving Credit Notes] are referred to collectively herein as the "Execution Documents". The [Execution Documents and the Credit Agreement] are referred to collectively herein as the "Opinion Documents". We have also examined records of the Company's proceedings relating to the authorization of the Credit Agreement [and the Notes], as well as the following organizational documents, and certificates in connection with the opinions expressed herein (collectively, the "Reliance Documents"):

- (a) a copy of the Certificate of Incorporation of the Borrower, certified to us by the Secretary of the Borrower as being complete and correct and in full force and effect as of the date hereof and a copy of the by-laws of the Borrower, certified by the Secretary of the Borrower as being complete and correct and in full force and effect on the date hereof;
- (b) a copy of a certificate, dated March \_\_, 2020, of the Secretary of State of the State of Delaware as to the existence and good standing of the Borrower in the State of Delaware as of such date; and

- (d) the Officer's Certificate of the Guarantor, delivered to us in connection with this opinion letter (the "Officer's Certificate").

The Reliance Documents specified in clause (a) above are referred to herein collectively as the "Certified Organizational Documents". The Reliance Documents specified in clause (b) above are referred to herein collectively as the "Good Standing Certificates". In all such examinations, we have assumed the legal capacity of all natural persons executing documents, the genuineness of all signatures, the authenticity of all original and certified documents, and the conformity to original or certified copies of all copies submitted to us as conformed or reproduction copies. As to various questions of fact relevant to the opinions expressed herein, we have relied upon, and we assume the accuracy of, the representations and warranties of the Opinion Parties contained in the Opinion Documents, the Officer's Certificate and other certificates and oral or written statements and other information of or from representatives of the Opinion Parties and others and we assume compliance on the part of the Opinion Parties with their covenants and agreements contained therein. In connection with the opinions expressed in the first sentence of opinion paragraph 1 below, we have relied upon and such opinions are limited solely to the Certified Organizational Documents and Good Standing Certificates. With respect to the opinions expressed in the second sentence of opinion paragraph 1 below and the opinions expressed in opinion paragraphs 2, 3 and 4 below, we have assumed that the Guarantor and the Borrower are engaged only in the businesses described in the Guarantor's Annual Report on Form 10-K for the year ended December 31, 2019 filed with the Securities and Exchange Commission, and that except as so described, such Opinion Parties do not engage or propose to engage in any industry, business or activity, or own or propose to own any properties or assets, that causes or would cause any such Opinion Party to be subject to any special federal, state or local laws or regulations that are not applicable to business organizations generally and we have with your permission relied upon the foregoing without any independent investigation or verification on our part. With respect to the opinion expressed in opinion paragraph 7 below, such opinion is provided and based solely upon facts set forth in the certificate of the Guarantor with respect to the businesses and activities of the respective Opinion Parties and other matters relating to such laws with respect to the respective Opinion Parties, and we have with your permission relied on such certification without any independent investigation or verification on our part.

Based upon the foregoing, and subject to the limitations, qualifications and assumptions set forth herein, we are of the opinion that:

1. Existence and Good Standing. The Borrower is validly existing and in good standing as a corporation under the laws of the State of Delaware. The Borrower has the corporate power and authority to execute and deliver the [Execution Documents to which it is a party] and to perform its obligations under the [Opinion Documents to which it is a party].
2. Authorization. The execution and delivery to the Bank by the Borrower of the [Execution Documents to which it is a party], and the performance by the Borrower of its obligations under the [Opinion Documents to which it is a party], have been authorized by all necessary corporate action by the Borrower.
3. Approvals; Other Required Actions. Under Applicable Law no filing or registration by the Borrower or the Guarantor with, or approval or consent of, any governmental agency or authority of the State of New York, or the United States of America ("Governmental Approval") is required to have been obtained by the Borrower or the Guarantor for the valid execution and delivery by it of the Credit Agreement [or the Notes].
4. Execution, Delivery, and Enforceability. Each Execution Document has been duly executed on behalf of the Borrower under Applicable Law of the State of Delaware. Each Execution Document has been delivered on behalf of each Opinion Party signatory thereto under Applicable Law of the State of New York. Each Opinion Document constitutes, with respect to each Opinion Party that is a

party thereto, a valid and binding obligation of such Opinion Party, enforceable against such Opinion Party in accordance with its terms.

5. "No Violation". The execution and delivery to the Bank by each Opinion Party of the Execution Documents to which it is a party do not violate (a) in the case of the Borrower, any provision of the Certified Organizational Documents of the Borrower, or (b) any Applicable Law.

6. Margin Regulations. The borrowings by the Borrower under the Credit Agreement and the application of the proceeds thereof as provided in the Credit Agreement will not violate Regulations U or X of the Board of Governors of the Federal Reserve System (the "Margin Regulations").

7. Investment Company Act. The Guarantor is not an "investment company" within the meaning of the Investment Company Act of 1940, as amended (the "1940 Act"). The Borrower is not an "investment company" within the meaning of the 1940 act pursuant to Rule 3a-5 under the 1940 Act.

In rendering the opinions above, we note that any exercise by the Borrower of the option to increase the Commitments as contemplated in Section 2.19 of the agreement will require additional authorization by the Boards of Directors of the Borrower and the Guarantor and may require Governmental Approvals.

The opinions set forth above are subject to the following assumptions, qualifications and limitations:

(A) With your permission, all of the following assumptions, qualifications, limitations and statements of reliance have been made without any independent investigation or verification on our part except to the extent, if any, otherwise expressly stated in this opinion letter, and we express no opinion with respect to the subject matter or accuracy of any of the assumptions or items upon which we have relied. We have not made any independent or other investigation or inquiry as to any such circumstances, matters or facts.

(B) We have assumed that no fraud, duress, undue influence, mutual mistake of fact, dishonesty, forgery, coercion, unconscionability or breach of fiduciary duty exists or will exist with respect to any of the Opinion Documents or any other matter relevant to this opinion letter.

(C) Our opinions are subject to (i) applicable bankruptcy, insolvency, reorganization, fraudulent transfer and conveyance, voidable preference, equitable subordination, moratorium, receivership, conservatorship, arrangement or similar laws, and related regulations and judicial doctrines, affecting or relating to creditors' rights and remedies generally, and (ii) general principles of equity (including, without limitation, standards of materiality, good faith and fair dealing, reasonableness, impracticability or impossibility of performance, equitable defenses, the exercise of judicial discretion and limits on the availability of equitable remedies), whether such principles are considered in a proceeding at law or in equity. We express no opinion as to the enforceability or effect of any agreement, instrument or undertaking (including, without limitation, any statutory undertaking) that is not itself an Opinion Document but that is the subject of any provision in any Opinion Document requiring an Opinion Party to perform or to cause any other Person to perform its obligations under, or stating that any action will be taken as provided in or in accordance with, or otherwise incorporating by reference, such agreement, instrument or undertaking.

(D) We express no opinion as to the validity or enforceability of any provision in the Opinion Documents:

(i) providing that any person or entity may sell or otherwise dispose of, or purchase, any collateral subject thereto, or exercise or enforce any other right or remedy (including, without limitation, any self-help or taking possession remedy), except in compliance with applicable laws;

(ii) establishing standards for the performance of the obligations of good faith, diligence, reasonableness and care prescribed by the New York UCC or of any of the rights or duties referred to in Section 9-603 of the New York UCC or providing for specific performance;

(iii) relating to indemnification, contribution, exculpation or release of liability to the extent limited by applicable law and equitable principles in connection with violations of any securities laws or other laws or statutory duties or public policy, or in connection with willful, reckless or unlawful acts or gross negligence or negligence, strict liability or bad faith or misconduct of the indemnified, released or exculpated party or the party receiving contribution;

(iv) providing that any person or entity may exercise set-off or similar rights other than in accordance with and pursuant to applicable law;

(v) relating to choice of governing law, to the extent that the enforceability of any such provision (A) is to be determined by any court other than a court of the State of New York or (B) may be subject to constitutional limitations or considerations of comity;

(vi) waiving any rights to trial by jury that is not both mutual and conspicuous;

(vii) relating to venue of any court, or purporting to confer, or constituting an agreement to submit to or with respect to, subject matter jurisdiction of any court to adjudicate any matter;

(viii) specifying that provisions may be amended or waived only in writing, to the extent that an oral agreement or an implied agreement by trade practice, course of dealing or course of conduct has been created that modifies or waives any provision of such Opinion Documents;

(ix) giving any person or entity the power to terminate, liquidate or accelerate obligations without any notice to the Opinion Parties;

(x) purporting to restrict, vary or waive applicable laws, access to legal or equitable remedies or defenses, rights of a debtor or other obligor or rights to recover damages (including, without limitation, actual, consequential, incidental, special, indirect, exemplary or punitive damages);

(xi) providing that decisions by a party are conclusive or binding or may be made in its sole or absolute discretion;

(xii) providing that a guarantee will not be affected by a modification of the obligation guaranteed in cases where the modification increases or changes such obligation;

(xiii) purporting to create any power of attorney, proxy or similar power or right;

(xiv) providing for punitive damages;

(xv) providing for liquidated damages, interest on interest, prepayment penalties or premiums, late fees or default rates of interest to the extent that any of the foregoing may be deemed a penalty;

(xvi) providing for restraints on alienation of property and purporting to render transfers of such property void and of no effect or prohibiting or restricting the assignment or transfer of

property or rights to the extent that any such prohibition or restriction is ineffective pursuant to Sections 9-406 through 9-409 of the New York UCC;

(xvii) that is a fraudulent transfer or conveyance savings clause;

(xviii) purporting to establish evidentiary standards;

(xix) providing that remedies are cumulative or nonexclusive or permitting a party to pursue multiple remedies;

(xx) imposing any obligation to take any action, the taking of which is (a) by its terms discretionary, (b) subject to the approval of a third party, or (c) otherwise subject to a contingency which is not within the ability of a party to satisfy;

(xxi) relating to the effect of any delay or failure of any party to exercise or enforce any rights or remedies;

(xxii) relating to letters of credit to the extent that such provision would be subject to the limitations set forth in Section 5-103(c) of the New York UCC; and

(xxiii) relating to any "swap" (as such term is defined in Section 1a(47) of the Commodity Exchange Act), including any guarantee thereof, or the grant of any lien or security interest to secure any such swap, to the extent such swap, or such guaranty or such lien or security interest is provided by, or creates joint and several liability imposed upon, any person or entity that is not an "eligible contract participant" within the meaning of Section 1a(18) of the Commodity Exchange Act.

(E) Our opinions as to enforceability are subject to the effect of generally applicable rules of law that:

(i) provide that forum selection clauses in contracts are not necessarily binding on the court(s) in the forum selected; and

(ii) may, where less than all of a contract may be unenforceable, limit the enforceability of the balance of the contract to circumstances in which the unenforceable portion is not an essential part of the agreed exchange, or that permit a court to reserve to itself a decision as to whether any provision of any agreement is severable.

(F) We express no opinion as to the enforceability of any purported waiver, release, variation, disclaimer, consent or other agreement to similar effect (all of the foregoing, collectively, a "Waiver") by any Opinion Party under any of the Opinion Documents to the extent limited by Sections 9-602 or 9-624 of the New York UCC or other provisions of applicable law (including judicial decisions), or to the extent that such a Waiver applies to a right, claim, duty or defense or a ground for, or a circumstance that would operate as, a discharge or release otherwise existing or occurring as a matter of law (including judicial decisions).

(G) To the extent it may be relevant to the opinions expressed herein, we have assumed that (i) each party to the Opinion Documents (other than the Borrower) is validly existing in good standing in its jurisdiction of organization, has all requisite power and authority, and, other than in the case of the Opinion Parties, has obtained all relevant authorizations, consents and approvals, and made all filings and

registrations, necessary to execute, deliver and perform the Opinion Documents to which it is a party and to consummate the transactions contemplated thereby and that each such Opinion Document constitutes legal, valid and binding obligations of, and is enforceable against, such party, and (ii) the execution and delivery of the Opinion Documents by each of the parties thereto (other than, with respect to the Opinion Parties, to the extent set forth herein), and the performance by such party of its obligations under the Opinion Documents to which it is a party, will not violate or conflict with any law, rule, regulation, order, decree, judgment, instrument or agreement binding upon or applicable to it or its properties.

(H) For purposes of the opinions set forth in opinion paragraph 6 above, we have assumed that (i) the Bank does not and will not have the benefit of any agreement or arrangement (excluding the Opinion Documents) pursuant to which any extensions of credit to any Opinion Party are directly or indirectly secured by "margin stock" (as defined under the Margin Regulations), (ii) neither the Bank nor any of its affiliates has extended or will extend any other credit to any Opinion Party directly or indirectly secured by margin stock, and (iii) the Bank has not relied and will not rely upon any margin stock as collateral in extending or maintaining any extensions of credit pursuant to the Credit Agreement, as to which we express no opinion.

(I) Our opinions are limited solely to those expressly set forth herein, and we express no opinions by implication.

(J) We express no opinion as to the compliance or noncompliance, or the effect of the compliance or noncompliance, of each of the addressees or any other person or entity with any state or federal laws or regulations (including, without limitation, the policies, procedures, guidelines, and practices of any regulatory authority with respect thereto) applicable to each of them by reason of their status as or affiliation with a federally insured depository institution, a financial holding company, a bank holding company, a thrift holding company, a non-federally insured depository institution, a securities broker or dealer, an investment company, an investment adviser, a futures commission merchant, a commodity trading advisor, a commodity pool operator, an insurance company, any other non-bank financial institution, or any other regulated financial institution, except as expressly set forth in opinion paragraph 6 and opinion paragraph 7 above.

(K) Our opinions as to any matters governed by (i) the Delaware Corporation Law are based solely upon our review of the Delaware General Corporation Law as published in Delaware Corporation Laws Annotated, 2019-2020 Edition, LexisNexis, without any review or consideration of any decisions or opinions of courts or other adjudicative bodies or governmental authorities of the State of Delaware, whether or not reported or summarized in the foregoing publications.

(L) Insofar as our opinions in opinion paragraph 4 above relate to the enforceability under New York law of the choice of law provisions contained in the Opinion Documents selecting New York law as the governing law thereof or provisions relating to the submission to jurisdiction of the courts of the State of New York, such opinions are rendered solely in reliance upon the Act of July 19, 1984, ch.421, 1984 McKinney's Sess. Law of N.Y. 1406 (codified as N.Y. Gen. Oblig. Law Sections 5-1401 and 5-1402 (McKinney 2001) and N.Y. C.P.L.R. 327(b) (McKinney 2001)). We call to your attention that such Section 5-1401 of the NYGOL refers to Section 1-105 of the New York UCC; however, effective December 17, 2014, Article 1 of the New York UCC was amended such that the substance of what was covered by Section 1-105 thereof is now covered by Section 1-301 of the New York UCC but conforming changes to Section 5-1401 were not made at that time to refer to Section 1-301. Accordingly, we do not express any opinion as to the effect of such amendment to Article 1 of the New York UCC on such Section 5-1401 or on any opinion stated herein that relates to the enforceability of the choice of New York law contained in any Opinion Document. In addition, we note that the application of such New York laws to a transaction where

the State of New York has no contact or only insignificant contact with the parties and the transaction may raise constitutional and comity issues. We direct your attention to *Lehman Brothers Commercial Corporation v. Minmetals International Non-Ferrous Metals Trading Company*, 2000 U.S. Dist. LEXIS 16445 (S.D.N.Y. 2000), in which the court analyzed such New York laws and noted that "[i]t remains to be seen, however, whether a state with no connection to either of the parties or the transactions could apply its own law, consonant with the Full Faith and Credit Clause [of the U.S. Constitution], when doing so would violate an important public policy of a more-interested state."

“Defaulting Lender” means, subject to Section 2.20(c), any Lender that (a) has failed to (i) fund all or any portion of its Loans within two Business Days of the date such Loans were required to be funded hereunder unless such Lender notifies the Administrative Agent and the Borrower in writing that such failure is the result of such Lender’s determination that one or more conditions precedent to funding (each of which conditions precedent, together with any applicable default, shall be specifically identified in such writing) has not been satisfied, or (ii) pay to the Administrative Agent, any Issuing Lender or any other Lender any other amount required to be paid by it hereunder (including in respect of its participation in Letters of Credit) within two Business Days of the date when due, (b) has notified the Borrower, the Administrative Agent or any Issuing Lender in writing that it does not intend to comply with its funding obligations hereunder, or has made a public statement to that effect (unless such writing or public statement relates to such Lender’s obligation to fund a Loan hereunder and states that such position is based on such Lender’s determination that a condition precedent to funding (which condition precedent, together with any applicable default, shall be specifically identified in such writing or public statement) cannot be satisfied), (c) has failed, within three Business Days after written request by the Administrative Agent or the Borrower, to confirm in writing to the Administrative Agent and the Borrower that it will comply with its prospective funding obligations hereunder (provided that such Lender shall cease to be a Defaulting Lender pursuant to this clause (c) upon receipt of such written confirmation by the Administrative Agent and the Borrower), (d) has, or has a direct or

Any determination by the Administrative Agent that a Lender is a Defaulting Lender under any one or more of clauses (a) through (e) above shall be conclusive and binding absent manifest error, and such Lender shall be deemed to be a Defaulting Lender (subject to Section 2.20(c)) upon delivery of written notice of such determination to the Borrower, each Issuing Lender and each Lender.”.

(g) Article I of the Existing Credit Agreement is amended by inserting a new Section 1.02 immediately after Section 1.01 as follows:

“Section 1.02 Divisions. For all purposes under the Loan Documents, pursuant to any statutory division or plan of division under Delaware law, including a statutory division pursuant to Section 18-217 of the Delaware Limited Liability Company Act (or any comparable event under a different state’s laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of one or more different Persons, then such asset, right, obligation or liability shall be deemed to have been transferred from the original Person to the subsequent Person(s) on the date such division becomes effective, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its equity interests on the date such division becomes effective.”

(h) Section 2.14 of the Existing Credit Agreement is hereby amended by adding the following to the end of the Section:

“(b) Notwithstanding anything to the contrary in this Agreement or any other Loan Document, if the Administrative Agent determines (which determination shall be conclusive absent manifest error), or the Borrower or Required Lenders notify the Administrative Agent (with, in the case of the Required Lenders, a copy to the Borrower) that the Borrower or Required Lenders (as applicable) have determined, that:

(i) the circumstances set forth in Section 2.14(b) have occurred and such circumstances are unlikely to be temporary; or

(ii) the administrator of the London Interbank Offered Rate or a Governmental Authority having jurisdiction over the Administrative Agent has made a public statement identifying a specific date after which the London Interbank Offered Rate shall no longer be made available, or used for determining the interest rate of loans (such specific date, the “Scheduled Unavailability Date”), or

(iii) any applicable interest rate specified herein (other than the Prime Rate or the Federal Funds Rate) is no longer a widely recognized benchmark rate for

newly originated loans in the U.S. syndicated loan market in the applicable currency,

then, reasonably promptly after such determination by the Administrative Agent or receipt by the Administrative Agent of such notice, as applicable, the Administrative Agent and such Borrower shall negotiate in good faith to amend this Agreement to replace the London Interbank Offered Rate with an alternate benchmark rate (including any mathematical or other adjustments to the benchmark (if any) incorporated therein) (any such proposed rate, a "LIBOR Successor Rate"), together with any proposed LIBOR Successor Rate Conforming Changes (as defined below) and any such amendment shall become effective at 5:00 P.M. (New York, New York time) on the fifth Business Day after the Administrative Agent shall have posted such proposed amendment to all Lenders and the Borrower unless, prior to such time, Lenders comprising the Required Lenders have delivered to the Administrative Agent written notice that such Required Lenders do not accept such amendment. Such LIBOR Successor Rate shall be applied in a manner consistent with market practice; provided that to the extent such market practice is not administratively feasible for the Administrative Agent, such LIBOR Successor Rate shall be applied in a manner as otherwise reasonably determined by the Administrative Agent.

If no LIBOR Successor Rate has been determined and the circumstances under clause (i) above exist or the Scheduled Unavailability Date has occurred (as applicable), the Administrative Agent will promptly so notify each Borrower and each Lender. Thereafter, (x) the obligation of the Lenders to make or maintain Euro-Dollar Loans shall be suspended (to the extent of the affected Euro-Dollar Loans or Interest Periods only), and (y) the London Interbank Offered Rate component shall no longer be utilized in determining the Base Rate. Upon receipt of such notice, any Borrower may revoke any pending request for a Borrowing of, conversion to, or continuation of Euro-Dollar Loans (to the extent of the affected Euro-Dollar Loans or Interest Periods) or, failing that, will be deemed to have converted such request into a Base Rate Borrowing (subject to the foregoing clause (y)) in the amount specified therein.

Notwithstanding anything else herein, any definition of LIBOR Successor Rate shall provide that in no event shall such LIBOR Successor Rate be less than 0% for purposes of this Agreement.

For purposes hereof, "LIBOR Successor Rate Conforming Changes" means, with respect to any proposed LIBOR Successor Rate, any conforming changes to the definition of Base Rate, Interest Period, timing and frequency of determining rates and making payments of interest and other administrative matters as may be appropriate, determined by the Administrative Agent with the consent of the Borrower, to reflect the adoption of such LIBOR Successor Rate and to permit the administration thereof by the Administrative Agent in a manner substantially consistent with market practice (or, if the Administrative Agent determines that adoption of any portion of such market practice is not administratively feasible or that no market practice for the administration of such LIBOR Successor Rate exists, in such other manner of administration as the Administrative Agent determines is reasonably necessary in connection with the administration of this Agreement."

(i) Section 2.16 of the Existing Credit Agreement is hereby amended by replacing Section 2.16(a)(ii)(C) in its entirety with:

“(C) the imposition of, or any change in the rate of, any taxes described in clauses (i) through (iv) of the definition of Taxes in Section 2.17(a), (D) Connection Income Taxes, and (E) Taxes attributable to a Lender’s failure to comply with Section 2.16(e))”

(k) Section 2.17 of the Existing Credit Agreement is hereby amended adding subsections (e) and (f):

“(e) Tax Forms and Certificates. (i) Any Lender that is a “United States person” within the meaning of Section 7701(a)(30) of the Code shall deliver to the Borrower on or about the date on which such Lender becomes a Lender under this Agreement (at any time such Lender changes its Applicable Lending Office and from time to time thereafter upon the reasonable request of the Borrower), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax; (ii) any Lender that is not a “United States person” within the meaning of Section 7701(a)(3) of the Code (a “Non-U.S. Lender”) shall, to the extent it is legally entitled to do so, deliver to Borrower (in such number of copies as shall be requested by the recipient) on or about the date on which such Non-U.S. Lender becomes a Lender under this Agreement (any time such Lender changes its Applicable Lending Office and from time to time thereafter upon the reasonable request of the Borrower), whichever of the following is applicable: (A) in the case of a Non-U.S. Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Loan Document, executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “interest” article of such tax treaty and (y) with respect to any other applicable payments under any Loan Document, IRS Form W-8BEN or IRS Form W-8BEN-E establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the “business profits” or “other income” article of such tax treaty; (B) executed copies of IRS Form W-8ECI; (C) in the case of a Non-U.S. Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit D-1 to the effect that such Non-U.S. Lender is not a “bank” within the meaning of Section 881(c)(3)(A) of the Code, a “10 percent shareholder” of the Borrower within the meaning of Section 871(h)(3)(B) of the Code, or a “controlled foreign corporation” related to the Borrower as described in Section 881(c)(3)(C) of the Code (a “U.S. Tax Compliance Certificate”) and (y) executed copies of IRS Form W-8BEN or IRS Form W-8BEN-E; or (D) to the extent a Non-U.S. Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, IRS Form W-8BEN-E, a U.S. Tax Compliance Certificate substantially in the form of Exhibit D-1 or D-2, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Non-U.S. Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Non-U.S. Lender may provide a U.S. Tax Compliance Certificate substantially in the form of Exhibit D-2 on behalf of each such direct and indirect partner; (iii) any Non-U.S. Lender shall, to the extent it is legally entitled to do so, deliver to the Borrower (in such number of copies as shall be requested by the recipient) on or about the date which such Non-U.S. Lender becomes a Lender under this Agreement, at any time such lender changes its Applicable

Lending Office and from time to time thereafter upon the reasonable request of the Borrower, executed copies of any other form prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding tax, duly completed, together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower to determine the withholding or deduction required to be made; and (iv) if a payment made to a Lender under any Loan Document would be subject to U.S. federal withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower at the time or times prescribed by law and at such time or times reasonably requested by the Borrower such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower as may be necessary for the Borrower to comply with its obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of clause (iv), "FATCA" shall include any amendments made to FATCA after the date of this Agreement."

No Loan Party shall be required to indemnify any Non-U.S. Lender, or to pay any additional amount to any Non-U.S. Lender, pursuant to Sections 2.16(a), (b) or (c) in respect of Taxes or Other Taxes to the extent that the obligation to indemnify or pay such additional amounts, would not have arisen but for the failure of such Non-U.S. Lender to comply with the provisions of Section 2.17(e)."

(l) Sections 5.04(a), 5.04(c), 5.05 and 5.13 of the Existing Credit Agreement are hereby amended by replacing references to "December 31, 2018" with "December 31, 2019".

(n) Acknowledgment and Consent to Bail-in of EEA Financial Institutions. The Existing Credit Agreement is amended by inserting the following new Section 9.15 immediately following Section 9.14 of the Existing Credit Agreement:

"Section 9.15. Acknowledgment and Consent to Bail-in of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the writedown and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-in Action on any such liability, including, if applicable: (i) a reduction in full or in part or cancellation of any such liability; (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or (iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority.”

(o) Article IX of the Existing Credit Agreement is amended by inserting the following sections at the end thereof:

“Section 9.16. Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Loan, together with all fees, charges and other amounts which are treated as interest on such Loan under applicable law (collectively the “Charges”), shall exceed the maximum lawful rate (the “Maximum Rate”) which may be contracted for, charged, taken, received or reserved by the Lender holding such Loan in accordance with applicable law, the rate of interest payable in respect of such Loan hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Loan but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Loans or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Federal Funds Rate to the date of repayment, shall have been received by such Lender.

Section 9.17. Severability. Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

Section 9.18. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.”

(p) Appendix A to the Existing Credit Agreement is amended and replaced in its entirety with Appendix A attached hereto.

## Section 7 - Regulation FD

### Item 7.01 Regulation FD Disclosure

In recent weeks, the continued spread of the novel Coronavirus ("COVID-19") has led to global economic disruption and volatility in financial markets. PPL Corporation ("PPL") and its subsidiaries are taking steps to mitigate the potential risks to our customers, suppliers and employees posed by the spread of COVID-19. We have implemented our company-wide pandemic plan, which guides the emergency response, business continuity and precautionary measures we are taking to continue to provide uninterrupted service to our customers and to support our operational needs, including those of a significant remote workforce. We continue to monitor developments affecting both our workforce and our customers, and we will take additional precautions that we determine are necessary in order to mitigate the impacts.

This is a rapidly evolving situation that could lead to extended disruption of economic activity in our markets, which could adversely affect our business. Given the uncertain scope and duration of the COVID-19 outbreak and its potential effects on our business, we currently cannot predict if there will be a material impact to our financial position, results of operations or cash flows.

As provided in General Instruction B.2 of Form 8-K, the information contained in this Item 7.01 of this Form 8-K shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall any such information be deemed to be incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.

## Section 8 - Other Events

### Item 8.01. Other Events

As a result of the global outbreak of COVID-19, PPL is updating its risk factor disclosure contained in its Securities and Exchange Commission filings as follows:

***The outbreak of the Coronavirus (COVID-19) and resultant impact on business and economic conditions could negatively affect our business.***

The outbreak of COVID-19 has led to global economic disruption and volatility in the financial markets. The continued spread of COVID-19 and efforts to contain the virus, such as quarantines, reduced operations or extended closures of businesses, governmental agencies and other institutions, could cause further economic disruption, which could adversely affect customer demand, impact our employees, cause us to experience an increase in certain costs, delayed payments or uncollectable accounts or cause other unpredictable events, each of which could adversely affect our business, results of operations or financial condition.

**1. Interim Financial Statements**

*(All Registrants)*

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2019 is derived from that Registrant's 2019 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2019 Form 10-K. The results of operations for the three and six months ended June 30, 2020 are not necessarily indicative of the results to be expected for the full year ending December 31, 2020 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

**2. Summary of Significant Accounting Policies**

*(All Registrants)*

The following accounting policy disclosures represent updates to Note 1 in each Registrant's 2019 Form 10-K and should be read in conjunction with those disclosures.

**Restricted Cash and Cash Equivalents** (PPL and PPL Electric)

*Reconciliation of Cash, Cash Equivalents and Restricted Cash*

The following provides a reconciliation of Cash, Cash Equivalents and Restricted Cash reported within the Balance Sheets that sum to the total of the same amounts shown on the Statements of Cash Flows:

	PPL		PPL Electric	
	June 30, 2020	December 31, 2019	June 30, 2020	December 31, 2019
Cash and cash equivalents	\$ 1,278	\$ 815	\$ 13	\$ 262
Restricted cash - current (a)	3	3	2	2
Restricted cash - noncurrent (a)	20	18	—	—
Total Cash, Cash Equivalents and Restricted Cash	\$ 1,301	\$ 836	\$ 15	\$ 264

(a) Bank deposits and other cash equivalents that are restricted by agreement or that have been clearly designated for a specific purpose are classified as restricted cash. On the Balance Sheets, the current portion of restricted cash is included in "Other current assets," while the noncurrent portion is included in "Other noncurrent assets."

**Current Expected Credit Losses** (All Registrants)

Financing receivable collectibility is evaluated using a combination of factors, including past due status based on contractual terms, trends in write-offs and the age of the receivable. Specific events, such as bankruptcies, are also considered when applicable. Adjustments to the reserve for credit losses are made when necessary based on the results of analysis, the aging of receivables and historical and industry trends. The Registrants periodically evaluate the impact of observable external factors on the collectibility of the financing receivables to determine if adjustments to the reserve for credit losses should be made based on current conditions or reasonable and supportable forecasts.

Accounts receivable are written off in the period in which the receivable is deemed uncollectible.

*(PPL and PPL Electric)*

PPL Electric has identified one class of financing receivables, "accounts receivable-customer", which includes financing receivables for all billed and unbilled sales with residential and non-residential customers. All other financing receivables are classified as other. Within the credit loss model for the residential customer accounts receivables, customers are disaggregated based on their projected propensity to pay, which is derived from historical trends and the current activity of the individual customer accounts. Conversely, the non-residential customer accounts receivables are not further segmented due to the varying nature of the individual customers, which lack readily identifiable risk characteristics for disaggregation.

*(PPL, LKE, LG&E and KU)*

LKE, LG&E and KU have identified one class of financing receivables, "accounts receivable-customer", which includes financing receivables for all billed and unbilled sales with customers. All other financing receivables are classified as other.

**Asset Impairment (Excluding Investments)**

PPL, LKE, LG&E and KU review goodwill for impairment at the reporting unit level annually or more frequently when events or circumstances indicate that the carrying amount of a reporting unit may be greater than the unit's fair value. PPL's, LKE's, LG&E's and KU's reporting units are primarily at the operating segment level.

During the three month period ended March 31, 2020, PPL, LKE, LG&E and KU considered whether the economic events associated with COVID-19, which resulted in PPL's shares experiencing volatility and a decrease in market value, would more likely than not reduce the fair value of the Registrants' reporting units below their carrying amounts. See "Risks and Uncertainties" in Note 10 for additional information about COVID-19. Based on our assessment, a quantitative impairment test was not required for the LKE, LG&E and KU reporting units, but was required for the U.K. Regulated segment reporting unit, the allocated goodwill of which was \$2.5 billion at March 31, 2020. The test did not indicate impairment of the reporting unit.

During the three months ended June 30, 2020, no goodwill impairment triggers were identified. However, an impairment charge could occur in future periods if PPL's share price or any of the assumptions used in determining fair value of the reporting units are negatively impacted.

**New Accounting Guidance Adopted**

(All Registrants)

**Accounting for Financial Instrument Credit Losses**

Effective January 1, 2020, the Registrants adopted accounting guidance, using a modified retrospective approach, that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of the guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under previous GAAP. The adoption of this guidance did not have a material impact on the Registrants.

**Accounting for Implementation Costs in a Cloud Computing Service Arrangement**

Effective January 1, 2020, the Registrants prospectively adopted accounting guidance that requires a customer in a cloud computing hosting arrangement that is a service contract to capitalize implementation costs consistent with internal-use software guidance for non-service arrangements. The guidance requires these capitalized implementation costs to be amortized over the term of the hosting arrangement to the statement of income line item where the service arrangement costs are recorded. The guidance also prescribes the financial statement classification of the capitalized implementation costs and cash flows associated with the arrangement. The adoption of this guidance did not have a material impact on the Registrants.

(PPL, LKE, LG&E and KU)

**Simplifying the Test for Goodwill Impairment**

Effective January 1, 2020, the Registrants adopted accounting guidance that simplifies the test for goodwill impairment by eliminating the second step of the quantitative test. The second step of the quantitative test required a calculation of the implied fair value of goodwill, which was determined in the same manner as the amount of goodwill in a business combination. Under the new guidance, the fair value of a reporting unit will be compared with the carrying value and an impairment charge will be recognized if the carrying amount exceeds the fair value of the reporting unit. The adoption of this guidance did not have a material impact on the Registrants.

[Table of Contents](#)

(d) In the fourth quarter of 2019, management deemed it appropriate to present the revenue offset associated with network integration transmission service (NITS) as distribution revenue rather than transmission revenue.

As discussed in Note 2 in PPL's 2019 Form 10-K, PPL segments its business by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the footnotes to the tables above. PPL Electric's revenues from contracts with customers are further disaggregated by distribution and transmission, which were \$388 million and \$164 million for the three months ended June 30, 2020 and \$835 million and \$323 million for the six months ended June 30, 2020. PPL Electric's revenue from contracts with customers disaggregated by distribution and transmission were \$416 million and \$101 million for the three months ended June 30, 2019 and \$949 million and \$206 million for the six months ended June 30, 2019.

Contract receivables from customers are primarily included in "Accounts receivable - Customer" and "Unbilled revenues" on the Balance Sheets.

The following table shows the accounts receivable and unbilled revenues balances that were impaired for the periods ended June 30.

	Three Months		Six Months	
	2020	2019	2020	2019

The following table shows the balances and certain activity of contract liabilities resulting from contracts with customers.

	PPL	PPL Electric	LKE	LG&E	KU
Contract liabilities at December 31, 2019	\$ 44	\$ 21	\$ 9	\$ 5	\$ 4
Contract liabilities at June 30, 2020	37	16	9	4	5
Revenue recognized during the six months ended June 30, 2020 that was included in the contract liability balance at December 31, 2019	28	9	9	5	4
Contract liabilities at December 31, 2018	\$ 42	\$ 23	\$ 9	\$ 5	\$ 4
Contract liabilities at June 30, 2019	47	22	9	5	4
Revenue recognized during the six months ended June 30, 2019 that was included in the contract liability balance at December 31, 2018	29	11	9	5	4

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date. Advanced billings for customer attachments are recognized as revenue ratably over the billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At June 30, 2020, PPL had \$30 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$29 million within the next 12 months.

## 5. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below. These dilutive securities include the PPL common stock forward sale agreements, which were settled in 2019. The forward sale agreements were dilutive under the Treasury Stock Method to the extent the average stock price of PPL's common shares exceeded the forward sale price prescribed in the agreements.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended June 30 used in the EPS calculation are:

*U.K. Corporation Tax Rate Change (PPL)*

The U.K. corporation tax rate was scheduled to be reduced from 19% to 17%, effective April 1, 2020. On March 11, 2020, the U.K. Finance Act 2020 included a cancellation of the tax rate reduction to 17%, thereby maintaining the corporation tax rate at 19% for financial years 2020 and 2021. The Finance Act 2020 was formally enacted on July 22, 2020. The impact of the cancellation of the corporate tax rate reduction will result in an increase in deferred tax liabilities and a corresponding deferred tax expense of approximately \$100 million to \$110 million, which will be recorded in the third quarter of 2020.

*2020 TCJA Regulatory Update (All Registrants)*

In July 2020, the IRS issued final and new proposed regulations relating to limitations on interest deductibility for tax purposes. The final regulations are expected to apply to the Registrants for 2020, while the proposed regulations will apply in the year in which the regulations are issued in final form, which is expected to be in 2021. The Registrants are evaluating the final and proposed regulations, but do not expect the regulations to have a material impact on the Registrants' financial condition or results of operations.

## Regulatory Matters

### Kentucky Activities

#### *ECR Filings (PPL, LKE, LG&E and KU)*

On March 31, 2020, LG&E and KU submitted applications to the KPSC for ECR rate treatment regarding upcoming environmental construction projects relating to the EPA's regulations addressing ELGs. The construction projects are expected to begin in 2020 and continue through 2024 and are estimated to cost approximately \$405 million (\$153 million at LG&E and \$252 million at KU). The applications request an authorized 9.725% return on equity with respect to LG&E's and KU's ECR mechanisms consistent with the 2018 Kentucky rate cases approved in April 2019. Decisions on the applications are currently expected in September 2020. LG&E and KU cannot predict the outcome of these proceedings.

### Pennsylvania Activities

#### *Act 129 (PPL and PPL Electric)*

The Pennsylvania Public Utility Code requires electric distribution companies, including PPL Electric, to act as a DSP, which provides electricity generation supply service to customers pursuant to a PUC-approved default service procurement plan. A DSP is able to recover the costs associated with its default service procurement plan.

In March 2020, PPL Electric filed a Petition for Approval of a new default service program and procurement plan with the PUC for the period June 1, 2021 through May 31, 2025. Hearings are scheduled for August 2020. This proceeding remains pending before the PUC. PPL Electric cannot predict the outcome of this proceeding.

## Federal Matters

### *Challenge to PPL Electric Transmission Formula Rate Return on Equity*

*(PPL and PPL Electric)*

On May 21, 2020, PP&L Industrial Customer Alliance (PPLICA) filed a complaint with the FERC alleging that PPL Electric's base return on equity (ROE) of 11.18% used to determine PPL Electric's formula transmission rate is unjust and unreasonable, and proposing an alternative ROE of 8.0% based on its interpretation of FERC Opinion No. 569. However, also on May 21, 2020, the FERC issued Opinion No. 569-A in response to numerous requests for rehearing of Opinion No. 569, which revised the method for analyzing base ROE. On June 10, 2020, PPLICA filed a Motion to Supplement the May 21, 2020 complaint in which PPLICA continued to allege that PPL Electric's base ROE is unjust and unreasonable, but revised its analysis of PPL Electric's base ROE to reflect the guidance provided in Opinion No. 569-A. The amended complaint proposed an updated alternative ROE of 8.5% and also requested that the FERC preserve the original refund effective date as established by the filing of the original complaint on May 21, 2020. Several parties have filed motions to intervene, including one party who filed Comments in Support of the original complaint.

On July 10, 2020, PPL Electric filed its Answer and supporting Testimony to the PPLICA filings arguing that the FERC should deny the original and amended complaints as they are without merit and fail to demonstrate the existing base ROE is unjust and unreasonable. In addition, in the event the FERC determines PPL Electric's ROE to be unjust and unreasonable, PPL Electric contends a refund effective date should be set for no earlier than June 10, 2020 and PPLICA's proposed replacement ROE should be rejected. This proceeding remains pending before the FERC. On July 27, 2020, an intervenor filed a motion for permission to respond and a response to PPL Electric's Answer contesting the arguments made in that Answer. PPL Electric believes its ROE is just and reasonable and that it has meritorious defenses against the original and amended complaints. At this time, PPL Electric cannot predict the outcome of this matter or the range of possible losses, if any, that may be incurred. However, revenue earned from May 21, 2020 through the settlement of this matter may be subject to refund. A change of 50 basis points to the base ROE would impact PPL Electric's net income by approximately \$12 million on an annual basis.

### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. Certain petitions for review of the FERC's orders have been filed by multiple parties, including LG&E and KU, with the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of these proceedings. In February 2020, the D.C. Circuit Court of Appeals issued an order holding the various appeals in abeyance pending the FERC's rehearing process. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2020, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement that took effect in June 2020.

**Other**

**Purchase of Receivables Program** *(PPL and PPL Electric)*

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for credit losses. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During the three and six months ended June 30, 2020, PPL Electric purchased \$240 million and \$551 million of accounts receivable from alternative suppliers. During the three and six months ended June 30, 2019, PPL Electric purchased \$271 million and \$619 million of accounts receivable from alternative suppliers.

#### Talen Litigation (PPL)

##### *Background*

In September 2013, one of PPL's former subsidiaries, PPL Montana entered into an agreement to sell its hydroelectric generating facilities. In June 2014, PPL and PPL Energy Supply, the parent company of PPL Montana, entered into various definitive agreements with affiliates of Riverstone to spin off PPL Energy Supply and ultimately combine it with Riverstone's competitive power generation businesses to form a stand-alone company named Talen Energy. In November 2014, after executing the spinoff agreements but prior to the closing of the spinoff transaction, PPL Montana closed the sale of its hydroelectric generating facilities. Subsequently, on June 1, 2015, the spinoff of PPL Energy Supply was completed. Following the spinoff transaction, PPL had no continuing ownership interest in or control of PPL Energy Supply. In connection with the spinoff transaction, PPL Montana became Talen Montana, LLC (Talen Montana), a subsidiary of Talen Energy. Talen Energy Marketing also became a subsidiary of Talen Energy as a result of the June 2015 spinoff of PPL Energy Supply. Talen Energy has owned and operated both Talen Montana and Talen Energy Marketing since the spinoff. At the time of the spinoff, affiliates of Riverstone acquired a 35% ownership interest in Talen Energy. Riverstone subsequently acquired the remaining interests in Talen Energy in a take private transaction in December 2016.

*Talen Montana Retirement Plan and Talen Energy Marketing, LLC, Individually and on Behalf of All Others Similarly Situated v. PPL Corporation et al.*

On October 29, 2018, Talen Montana Retirement Plan and Talen Energy Marketing filed a putative class action complaint on behalf of current and contingent creditors of Talen Montana who allegedly suffered harm or allegedly will suffer reasonably foreseeable harm as a result of a November 2014 distribution of proceeds from the sale of then-PPL Montana's hydroelectric generating facilities. The action was filed in the Sixteenth Judicial District of the State of Montana, Rosebud County, against PPL and certain of its affiliates and current and former officers and directors (Talen Putative Class Action). Plaintiff asserts claims for, among other things, fraudulent transfer, both actual and constructive; recovery against subsequent transferees; civil conspiracy; aiding and abetting tortious conduct; and unjust enrichment. Plaintiff is seeking avoidance of the purportedly fraudulent transfer, unspecified damages, including punitive damages, the imposition of a constructive trust, and other relief. In December 2018, PPL removed the Talen Putative Class Action from the Sixteenth Judicial District of the State of Montana to the United States District Court for the District of Montana, Billings Division (MT Federal Court). In January 2019, the plaintiff moved to remand the Talen Putative Class Action back to state court, and dismissed without prejudice all current and former PPL Corporation directors from the case. In September 2019, the MT Federal Court granted plaintiff's motion to remand the case back to state court. Although, the PPL defendants petitioned the Ninth Circuit Court of Appeals to grant an appeal of the remand decision, in November 2019, the Ninth Circuit Court of Appeals denied that request and in December 2019, Talen Montana Retirement Plan filed a Second Amended Complaint in the Sixteenth Judicial District of the State of Montana, Rosebud County, which removed Talen Energy Marketing as a plaintiff. In January 2020, PPL defendants filed a motion to dismiss the Second Amended Complaint. The Court held a hearing on June 24, 2020 regarding the motion to dismiss. PPL cannot predict the Court's decision.

*PPL Corporation et al. vs. Riverstone Holdings LLC, Talen Energy Corporation et al.*

On November 30, 2018, PPL, certain PPL affiliates, and certain current and former officers and directors (PPL plaintiffs) filed a complaint in the Court of Chancery of the State of Delaware seeking various forms of relief against Riverstone, Talen Energy and certain of their affiliates (Delaware Action), in response to and as part of the defense strategy for an action filed by Talen Montana, LLC (the Talen Direct Action, since dismissed) and the Talen Putative Class Action described above (together, the Montana Actions) originally filed in Montana state court in October 2018. In the complaint, the PPL plaintiffs ask the Delaware Court of Chancery for declaratory and injunctive relief. This includes a declaratory judgment that, under the separation agreement governing the spinoff of PPL Energy Supply, all related claims that arise must be heard in Delaware; that the statute of limitations in Delaware and the spinoff agreement bar these claims at this time; that PPL is not liable for the claims in either the Talen Direct Action or the Talen Putative Class Action as PPL Montana was solvent at all relevant times; and that the separation agreement requires that Talen Energy indemnify PPL for all losses arising from the debts of Talen Montana, among other things. PPL's complaint also seeks damages against Riverstone for interfering with the separation agreement and against Riverstone affiliates for breach of the implied covenant of good faith and fair dealing. The complaint was subsequently amended on January 11, 2019 and March 20, 2019, to include, among other things, claims related to indemnification with respect to the Montana Actions, request a declaration that the Montana Actions are time-barred under the spinoff agreements, and allege additional facts to support the tortious interference claim. In April 2019, the defendants filed motions to dismiss the amended complaint. In July 2019, the Court heard oral arguments from the parties regarding the motions to dismiss, and in October 2019, the Delaware Court of Chancery issued an opinion sustaining all of the PPL plaintiffs' claims except for the claim for breach of implied covenant of good faith and fair dealing. As a result of the dismissal of the Talen Direct Action in December 2019, in January 2020, Talen Energy filed a new motion to dismiss five of the remaining eight claims in the amended complaint. The Court heard oral argument on the motion to dismiss on May 28, 2020, and on June 22, 2020, issued an opinion denying the motion in its entirety. Discovery is proceeding, and a trial has been scheduled for June 2021.

With respect to each of the Talen-related matters described above, PPL believes that the 2014 distribution of proceeds was made in compliance with all applicable laws and that PPL Montana was solvent at all relevant times. Additionally, the agreements entered into in connection with the spinoff, which PPL and affiliates of Talen Energy and Riverstone negotiated and executed prior to the 2014 distribution, directly address the treatment of the proceeds from the sale of PPL Montana's hydroelectric generating facilities; in those agreements, Talen Energy and Riverstone definitively agreed that PPL was entitled to retain the proceeds.

PPL believes that it has meritorious defenses to the claims made in the Talen Putative Class Action and intends to continue to vigorously defend against this action. The Talen Putative Class Action and the Delaware Action are both in early stages of litigation; at this time, PPL cannot predict the outcome of these matters or estimate the range of possible losses, if any, that PPL might incur as a result of the claims, although they could be material.

*(PPL, LKE and LG&E)*

Cane Run Environmental Claims

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky (U.S. District Court) alleging violations of the Clean Air Act, RCRA, and common law claims of nuisance, trespass and negligence. In July 2014, the U.S. District Court dismissed the RCRA claims and all but one Clean Air Act claim, but declined to dismiss the common law tort claims. In February 2017, the U.S. District Court dismissed PPL as a defendant and dismissed the final federal claim against LG&E, and in April 2017, issued an Order declining to exercise supplemental jurisdiction on the state law claims dismissing the case in its entirety. In June 2017, the plaintiffs filed a class action complaint in Jefferson County, Kentucky Circuit Court, against LG&E alleging state law nuisance, negligence and trespass tort claims. The plaintiffs seek compensatory and punitive damages for alleged property damage due to purported plant emissions on behalf of a class of residents within one to three miles of the plant. On January 8, 2020, the Jefferson Circuit Court issued an order denying the plaintiffs' request for class certification. On January 14, 2020, the plaintiffs filed a notice of appeal in the Kentucky Court of Appeals. PPL, LKE and LG&E cannot predict the outcome of this matter and an estimate or range of possible losses cannot be determined.

*(PPL, LKE and KU)*

#### E.W. Brown Environmental Claims

In July 2017, the Kentucky Waterways Alliance and the Sierra Club filed a citizen suit complaint against KU in the U.S. District Court for the Eastern District of Kentucky (U.S. District Court) alleging discharges at the E.W. Brown plant in violation of the Clean Water Act and the plant's water discharge permit, and alleging contamination that may present an imminent and substantial endangerment in violation of the RCRA. The plaintiffs' suit relates to prior notices of intent to file a citizen suit submitted in October and November 2015 and October 2016. These plaintiffs sought injunctive relief ordering KU to take all actions necessary to comply with the Clean Water Act and RCRA, including ceasing the discharges in question, abating effects associated with prior discharges and eliminating the alleged imminent and substantial endangerment. These plaintiffs also sought assessment of civil penalties and an award of litigation costs and attorney fees. In December 2017, the U.S. District Court issued an Order dismissing the Clean Water Act and RCRA complaints against KU in their entirety. In January 2018, the plaintiffs appealed the dismissal Order to the U.S. Court of Appeals for the Sixth Circuit. In September 2018, the U.S. Court of Appeals for the Sixth Circuit issued its ruling affirming the lower court's decision to dismiss the Clean Water Act claims but reversing its dismissal of the RCRA claims against KU and remanding the latter to the U.S. District Court. In October 2018, KU filed a petition for rehearing to the U.S. Court of Appeals for the Sixth Circuit regarding the RCRA claims. In November 2018, the U.S. Court of Appeals for the Sixth Circuit denied KU's petition for rehearing regarding the RCRA claims. In January 2019, KU filed an answer to plaintiffs' complaint in the U.S. District Court. A trial has been scheduled to begin in February 2021. PPL, LKE and KU cannot predict the outcome of these matters and an estimate or range of possible losses cannot be determined.

KU is undertaking extensive remedial measures at the E.W. Brown plant including work preparing for closure of the former ash pond, implementation of a groundwater remedial action plan and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. The aquatic study and risk assessment are being undertaken pursuant to a 2017 agreed Order with the Kentucky Energy and Environment Cabinet (KEEC). KU conducted sampling of Herrington Lake in 2017 and 2018. In June 2019, KU submitted to the KEEC the required aquatic study and risk assessment, conducted by an independent third-party consultant, finding that discharges from the E.W. Brown plant have not had any significant impact on Herrington Lake and that the water in the lake is safe for recreational use and meets safe drinking water standards. However, until the KEEC assesses the study and issues any regulatory determinations, PPL, LKE and KU are unable to determine whether additional remedial measures will be required at the E.W. Brown plant.

#### Air

*Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)*

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. On July 31, 2020, the U.S. Department of Justice filed a complaint in the U.S. District Court for the Western District of Kentucky alleging violations specified in the EPA notice of violation and seeking civil penalties and injunctive relief. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any. An estimate or range of possible losses cannot be determined.

#### Water/Waste

*(PPL, LKE, LG&E and KU)*

#### ELGs

In 2015, the EPA finalized ELGs for wastewater discharge permits for new and existing steam electricity generating facilities. These guidelines require deployment of additional control technologies providing physical, chemical and biological treatment and mandate operational changes including "no discharge" requirements for certain wastewaters. The implementation date for individual generating stations was to be determined by the states on a case-by-case basis according to criteria provided by the EPA. Legal challenges to the final rule were consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA issued a rule to

postpone the compliance date for certain requirements. On November 22, 2019, the EPA issued proposed revisions to its best available technology standards for certain wastewaters. The EPA has indicated that it expects to complete its reconsideration of best available technology standards by the fall of 2020. Upon completion of the ongoing regulatory proceedings, the rule will be implemented by the states in the course of their normal permitting activities. LG&E and KU are developing responsive compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to predict the outcome of the EPA's pending reconsideration of the rule or fully estimate compliance costs or timing. Additionally, certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Costs to comply with ELGs or other discharge limits are expected to be significant. Certain costs are included in the Registrants' capital plans and are subject to rate recovery. See Note 7 for additional information regarding LG&E's and KU's applications for ECR rate treatment of construction costs relating to regulations addressing ELGs.

#### CCRs

In 2015, the EPA issued a final rule governing management of CCRs which include fly ash, bottom ash and sulfur dioxide scrubber wastes. The CCR Rule imposes extensive new requirements for certain CCR impoundments and landfills, including public notifications, location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements, and specifies restrictions relating to the beneficial use of CCRs. Legal challenges to the final rule are pending before the D.C. Circuit Court of Appeals. In July 2018, the EPA issued a final rule extending the deadline for closure of certain impoundments and adopting other substantive changes. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR Rule. In December 2019, the EPA addressed the deficiencies identified by the court and proposed amendments to change the closure deadline. In July 2020, the EPA issued a final rule extending the closure deadline to April 11, 2021, while providing for certain extensions. EPA has announced that additional amendments to the rule are planned. PPL, LKE, LG&E and KU are unable to predict the outcome of the ongoing litigation and rulemaking or potential impacts on current LG&E and KU compliance plans. The Registrants are currently finalizing closure plans and schedules.

In January 2017, Kentucky issued a new state rule relating to CCR management, effective May 2017, aimed at reflecting the requirements of the federal CCR rule. As a result of a subsequent legal challenge, in January 2018, the Franklin County, Kentucky Circuit Court issued an opinion invalidating certain procedural elements of the rule. LG&E and KU presently operate their facilities under continuing permits authorized under the former program and do not currently anticipate material impacts as a result of the judicial ruling. The Kentucky Energy and Environmental Cabinet has announced it intends to propose new state rules aimed at addressing procedural deficiencies identified by the court and providing the regulatory framework necessary for operation of the state program in lieu of the federal CCR Rule. Associated costs are expected to be subject to rate recovery.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. Since 2017, LG&E and KU have commenced closure of many of the subject impoundments and have completed closure of some of their smaller impoundments. LG&E and KU expect to commence closure of the remaining impoundments no later than August 2020. LG&E and KU generally expect to complete impoundment closures within five years of commencement, although a longer period may be required to complete closure of some facilities. Associated costs are expected to be subject to rate recovery.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 15 for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

#### Superfund and Other Remediation

PPL Electric, LG&E and KU are potentially responsible for investigating and remediating contamination under the federal Superfund program and similar state programs. Actions are under way at certain sites including former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated by, or currently owned by predecessors or affiliates of, PPL Electric, LG&E and KU. PPL Electric is potentially responsible for a share of clean-up costs at certain sites including the

[Table of Contents](#)

Columbia Gas Plant site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been and are not expected to be significant to PPL Electric.

As of June 30, 2020 and December 31, 2019, PPL Electric had a recorded liability of \$10 million representing its best estimate of the probable loss incurred to remediate the sites identified above. Depending on the outcome of investigations at identified sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability or range of reasonably possible losses, if any, related to these sites. Such costs, however, are not currently expected to be significant.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result, individual states may establish stricter standards for water quality and soil cleanup, that could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of possible losses, if any, related to these matters.

**Regulatory Issues** *(All Registrants)*

See Note 7 for information on regulatory matters related to utility rate regulation.

Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E and KU monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

Labor Union Agreements

*(LKE and KU)*

In August 2020, KU and the United Steelworkers of America ratified a three-year labor agreement through August 2023. The agreement covers approximately 48 employees. The terms of the new labor agreement are not expected to have a significant impact on the financial results of LKE or KU.

Guarantees and Other Assurances

*(All Registrants)*

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

(PPL)

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

(All Registrants)

The table below details guarantees provided as of June 30, 2020. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities," for which PPL has a total recorded liability of \$4 million at June 30, 2020 and \$5 million at December 31, 2019. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	Exposure at June 30, 2020	Expiration Date
<b>PPL</b>		
WPD indemnifications for entities in liquidation and sales of assets	\$ 10 (a)	2022
WPD guarantee of pension and other obligations of unconsolidated entities	77 (b)	
<b>LKE</b>		
Indemnification of lease termination and other divestitures	200 (c)	2021
<b>LG&amp;E and KU</b>		
LG&E and KU obligation of shortfall related to OVEC		(d)

- (a) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

- (b) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At June 30, 2020, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.
- (c) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million exclusive of certain items such as government fines and penalties that may exceed the maximum. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.
- (d) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was \$106 million at June 30, 2020, consisting of LG&E's share of \$74 million and KU's share of \$32 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" in Note 13 in PPL's, LKE's, LG&E's and KU's 2019 Form 10-K for additional information on the OVEC power purchase contract.

In March 2018, a sponsor with a 4.85% pro-rata share of OVEC obligations filed for bankruptcy under Chapter 11 and, in August 2018, received a rejection order for the OVEC power purchase contract in the bankruptcy proceeding. OVEC and other entities challenged the contract rejection, the bankruptcy plan confirmation and regulatory aspects of the plan in various forums. In May 2020, OVEC and the relevant sponsor announced a settlement resolving all disputed matters in the bankruptcy and other proceedings, including providing that the sponsor will withdraw its request to reject the power purchase agreement. The settlement was implemented in July 2020. Periodically, OVEC and certain of its sponsors, including LG&E and KU, may consider certain potential additional credit support actions to preserve OVEC's access to credit markets, including establishing or continuing debt reserve accounts or other changes involving OVEC's existing short and long-term debt.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

**Risks and Uncertainties** (*All Registrants*)

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or closures of businesses, schools and governmental agencies, and legislative or regulatory actions to address health or other pandemic-related concerns, all of which have the potential to adversely impact the Registrants' business and operations, especially if these measures remain in effect for a prolonged period of time.

To date, the Registrants have not experienced a significant impact on their business, results of operations, financial condition, liquidity, operations or on their supply chain as a result of COVID-19; however, the duration and severity of the outbreak and its ultimate effects on the global economy, the financial markets, or the Registrants' workforce, customers and suppliers are uncertain. A protracted slowdown of broad sectors of the economy, prolonged or pervasive restrictions on businesses and their workforces, or significant changes in legislation or regulatory policy to address the COVID-19 pandemic all present significant risks to the Registrants. These or other unpredictable events resulting from the pandemic could further reduce customer demand for electricity and gas, impact the Registrants' employees and supply chains, result in an increase in certain costs, delay payments or increase bad debts, or result in changes in the fair value of their assets and liabilities, which could materially and adversely affect the Registrants' business, results of operations, financial condition or liquidity.

**Support Costs** (*PPL Electric, LKE, LG&E and KU*)

PPL Services, PPL EU Services and LKS provide PPL, PPL Electric, LKE, their respective subsidiaries, including LG&E and KU, and each other with administrative, management and support services. For all services companies, the costs of directly assignable and attributable services are charged to the respective recipients as direct support costs. General costs that cannot be directly assigned or attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended June 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Six Months	
	2020	2019	2020	2019
PPL Electric from PPL Services	\$ 14	\$ 13	\$ 26	\$ 29
LKE from PPL Services	7	5	13	14
PPL Electric from PPL EU Services	41	37	82	74
LG&E from LKS	44	37	82	75
KU from LKS	46	41	87	84

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and KU are reimbursed through LKS.

## **Intercompany Borrowings**

### *(PPL Electric)*

PPL Energy Funding maintains a \$650 million revolving line of credit with a PPL Electric subsidiary. No balance was outstanding at June 30, 2020 and December 31, 2019. The interest rates on borrowings are equal to one-month LIBOR plus a spread. Interest income is reflected in "Interest Income from Affiliate" on the Income Statements.

### *(LKE)*

LKE maintains a \$375 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. The interest rates on borrowings are equal to one-month LIBOR plus a spread. At June 30, 2020 and December 31, 2019, \$252 million and \$150 million were outstanding and reflected in "Notes payable with affiliates" on the Balance Sheets. The interest rates on the outstanding borrowings at June 30, 2020 and December 31, 2019 were 1.68% and 3.20%. Interest expense on the revolving line of credit was not significant for the three and six months ended June 30, 2020 and 2019.

LKE maintains an agreement with a PPL affiliate that has a \$300 million borrowing limit whereby LKE can loan funds on a short-term basis at market-based rates. No balance was outstanding at June 30, 2020 and December 31, 2019. The interest rate on the loan is based on the PPL affiliate's credit rating and equal to one-month LIBOR plus a spread.

LKE maintains ten-year notes of \$400 million and \$250 million with a PPL affiliate with interest rates of 3.5% and 4%. At June 30, 2020 and December 31, 2019, the notes were reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on the \$400 million note was \$3 million and \$7 million for the three and six months ended June 30, 2020 and 2019. Interest expense on the \$250 million note was \$2 million and \$5 million for the three and six months ended June 30, 2020 and 2019.

In May 2020, LKE entered into a \$450 million term loan credit agreement with a PPL affiliate whereby LKE can borrow funds on a short-term basis at market-based rates. Interest on borrowings is determined as the lower of the daily rate for 30-day non-financial commercial paper programs plus a spread or one-month LIBOR plus a spread. The agreement expires on August 31, 2020. No balances were outstanding at June 30, 2020. Interest expense on borrowings was not significant for the three and six months ended June 30, 2020.

### *(LG&E and KU)*

At June 30, 2020, LG&E had borrowings outstanding from KU in the amount of \$190 million. This balance is reflected in "Notes payable with affiliates" at LG&E and "Notes receivable from affiliate" at KU on the Balance Sheets. No balances were outstanding at December 31, 2019.

KU participates in an intercompany money pool agreement whereby LKE and/or LG&E make available to KU funds up to \$650 million at an interest rate based on a market index of commercial paper issues. No balances were outstanding at June 30, 2020 and December 31, 2019.

### **VEBA Funds Receivable** *(PPL Electric)*

In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay medical claims of active bargaining unit employees. Based on PPL Electric's participation in PPL's Other Postretirement Benefit plan, PPL Electric was allocated a portion of the excess funds from PPL Services. These funds have been recorded as an intercompany receivable on PPL Electric's Balance Sheets. The receivable balance decreases as PPL Electric pays incurred medical claims and is reimbursed by PPL Services. The intercompany receivable balance associated with these funds was \$28 million as of June 30, 2020, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$18 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheet. The intercompany receivable balance associated with these funds was \$32 million as of December 31, 2019, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$22 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheet.

**Other (PPL Electric, LG&E and KU)**

See Note 9 for discussions regarding intercompany allocations associated with defined benefits.

**13. Fair Value Measurements**

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. See Note 1 in each Registrant's 2019 Form 10-K for information on the levels in the fair value hierarchy.

**Recurring Fair Value Measurements**

The assets and liabilities measured at fair value were:

- (d) Included in "Other noncurrent assets" on the Balance Sheets. Represents cash collateral posted to offset the exposure with counterparties related to certain interest rate swaps under master netting arrangements that are not offset.

**Special Use Funds***(PPL)*

The special use funds are investments restricted for paying active union employee medical costs. In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees. The funds are invested primarily in commingled debt and equity funds measured at NAV and are classified as investments in equity securities. Changes in fair value of the funds are recorded to the Statements of Income.

**Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps***(PPL, LKE, LG&E and KU)*

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency exchange risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

**Financial Instruments Not Recorded at Fair Value (All Registrants)**

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	June 30, 2020		December 31, 2019	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	\$ 23,156	\$ 27,894	\$ 21,893	\$ 25,481

LKE	6,497	7,704	6,002	6,766
LG&E	2,005	2,436	2,005	2,278
KU	3,117	3,727	2,623	3,003

(a) Amounts are net of debt issuance costs.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

## 14. Derivative Instruments and Hedging Activities

### Risk Management Objectives

*(All Registrants)*

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

### Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

#### *Interest Rate Risk*

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. PPL, LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, WPD, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.

#### *Foreign Currency Risk (PPL)*

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

*(All Registrants)*

#### *Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

#### *Volumetric Risk*

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RHO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2019 Form 10-K for additional information on revenue recognition under RHO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

#### *Equity Securities Price Risk*

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

#### **Credit Risk**

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

#### **Master Netting Arrangements** (*PPL, LKE, LG&E and KU*)

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$22 million and \$14 million obligation to return cash collateral under master netting arrangements at June 30, 2020 and December 31, 2019.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at June 30, 2020 and December 31, 2019.

PPL, LKE and LG&E posted \$2 million of cash collateral under master netting arrangements at June 30, 2020. KU had no obligation to post cash collateral under master netting arrangements at June 30, 2020. PPL, LKE, LG&E and KU had no obligation to post cash collateral under master netting arrangements at December 31, 2019.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

#### **Interest Rate Risk**

*(All Registrants)*

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes

[Table of Contents](#)

in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

**Cash Flow Hedges (PPL)**

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. At June 30, 2020, PPL held an aggregate notional value in interest rate swap contracts of £126 million (approximately \$155 million based on spot rates) that mature in 2035 to hedge interest payments of WPD's anticipated September 2020 debt issuance.

At June 30, 2020, PPL held an aggregate notional value in cross-currency interest rate swap contracts of \$702 million that range in maturity from 2021 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For the three and six months ended June 30, 2020 and 2019, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges.

At June 30, 2020, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

**Economic Activity (PPL, LKE and LG&E)**

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At June 30, 2020, LG&E held contracts with a notional amount of \$147 million that range in maturity through 2033.

**Foreign Currency Risk (PPL)**

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

**Net Investment Hedges**

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no contracts outstanding at June 30, 2020.

At June 30, 2020 and December 31, 2019, PPL had \$33 million and \$32 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI.

**Economic Activity**

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At June 30, 2020, the total exposure hedged by PPL was approximately £447 million (approximately \$666 million based on contracted rates). These contracts have termination dates ranging from July 2020 through July 2021.

**Accounting and Reporting**

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts include certain full requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 7 for amounts recorded in regulatory assets and regulatory liabilities at June 30, 2020 and December 31, 2019.

See Note 1 in each Registrant's 2019 Form 10-K for additional information on accounting policies related to derivative instruments.

**Offsetting Derivative Instruments**

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

**Credit Risk-Related Contingent Features**

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

*(PPL, LKE and LG&E)*

At June 30, 2020, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	\$ 8	\$ 2	\$ 2
Aggregate fair value of collateral posted on these derivative instruments	—	—	—
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	8	2	2

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

## 15. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

PPL's, LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 10 for information on the CCR rule. LG&E also has AROs related to natural gas mains and wells. LG&E's and KU's transmission and distribution lines largely operate under perpetual property easement agreements, which do not generally require restoration upon removal of the property. Therefore, no material AROs are recorded for transmission and distribution assets. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU

## 17. Subsequent Events

(PPL)

On August 10, 2020, PPL announced that it is initiating a formal process to sell its U.K. utility business. PPL noted that there can be no assurance of any specific outcome, including whether the announcement will result in the completion of any potential transaction, the timing or terms thereof, the value or benefits that may be realized or the effect that any potential transaction will have on future financial results.

**Overview**

**Introduction**

*(PPL)*

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky and Virginia; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries are shown below (\* denotes a Registrant).

PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a Registrant. Unaudited annual consolidated financial statements for the U.K. Regulated segment are furnished on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

*(PPL Electric)*

PPL Electric, headquartered in Allentown, Pennsylvania, is a wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

*(LKE)*

LKE, acquired in 2010 and headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name.

*(LG&E)*

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

*(KU)*

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky and Virginia. KU is subject to regulation as a public

utility by the KPSC, the VSCC and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Kentucky customers under the KU name and its Virginia customers under the Old Dominion Power name.

## **Business Strategy**

*(All Registrants)*

PPL operates seven fully regulated, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky, in constructive regulatory jurisdictions with distinct regulatory structures and customer classes. PPL believes this business portfolio positions the company well for continued success and provides earnings and dividend growth potential.

PPL's strategy, and that of the other Registrants, is to deliver best-in-sector operational performance, invest in a sustainable energy future, maintain a strong financial foundation, and engage and develop its people. PPL's business plan is designed to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base in the U.S. and RAV in the U.K. Rate base growth is being driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities.

For the U.S. businesses, central to PPL's strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, and gas supply clause) and recovery on construction work-in-progress that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital expenditures to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms operate to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Because WPD's earnings represent such a significant portion of PPL's consolidated earnings, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Financial and Operational Developments - U.K. Membership in European Union" for additional discussion of the U.K. earnings hedging activity.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which the Registrants operate (U.K., U.S. federal and state). This is supported by a strong culture of integrity and delivering on commitments to customers, regulators and shareowners, and a commitment to continue to improve customer service, reliability and operational efficiency.

## Financial and Operational Developments

### *Initiation of Formal Process to Sell U.K. Utility Business (PPL)*

On August 10, 2020, PPL announced that it is initiating a formal process to sell its U.K. utility business. PPL noted that there can be no assurance of any specific outcome, including whether the announcement will result in the completion of any potential transaction, the timing or terms thereof, the value or benefits that may be realized or the effect that any potential transaction will have on future financial results.

### *Outbreak of COVID-19 (All Registrants)*

The continued spread of COVID-19 has led to global economic disruption and volatility in financial markets. The Registrants have taken significant steps to mitigate the potential spread of COVID-19 to our customers, suppliers and employees. PPL has successfully implemented its company-wide pandemic plan, which guides the emergency response. Business continuity and other precautionary measures have been taken to ensure we can continue to safely provide reliable electricity and gas service to our customers. The Registrants have implemented social distancing measures for all employees including work from home arrangements where possible and continue to implement strong physical and cyber security measures to ensure that systems function effectively to serve operational and remote workforce needs. The Registrants continue to monitor developments affecting their workforces and customers and will take additional actions as appropriate to respond to changing conditions and mitigate the impacts.

This is a rapidly evolving situation that could lead to extended disruption of economic activity in the Registrants' markets for an undetermined period of time. Lock-down or closure of non-essential businesses has occurred in each of the Registrants' service territories, which has resulted in reductions in commercial and industrial demand and an increase in residential demand for electricity service. The financial impact of this net reduction in load has not been material to the Registrants' year to date 2020 financial results. The impact on future periods will depend upon various factors, including the pace and extent to which the Registrants' jurisdictions reopen their economies and community response to the reopening of businesses as well as the extent that businesses continue work from home protocols. We cannot predict these factors and therefore cannot quantify the overall impact COVID-19 will have on our 2020 results of operations.

The Registrants are committed to supporting their customers and communities and have followed federal and state mandates to suspend disconnections for non-payment and new late fees and have worked to reconnect service for customers who had previously been disconnected, where required. Despite suspension of disconnections for non-payment, the Registrants have not experienced a significant reduction of cash receipts and have not made significant adjustments to their allowance for uncollectible accounts for potential additional expected credit losses. The Registrants will continue to monitor cash receipts and accounts receivable aging to determine if future increases in their allowance for uncollectible accounts is required.

At June 30, 2020, the Registrants had approximately \$4.0 billion of combined unused credit facility capacity. In addition, PPL Capital Funding, PPL Electric, LG&E and KU may, subject to certain conditions, increase their syndicated credit facilities in an aggregate amount of up to \$1 billion. In addition, in April 2020, PPL Capital Funding issued \$1 billion in senior notes. In June 2020, KU issued \$500 million of First Mortgage Bonds due 2050. Based on these actions the Registrants do not anticipate a significant impact on their financial condition or liquidity, and do not foresee difficulties in accessing the capital markets in the near-term. See Note 8 to the Financial Statements for additional information.

The Registrants have assessed the fair value of their assets and liabilities and no impairment charges were required. See "Goodwill Assessment" below for additional information on the interim goodwill impairment test performed for the U.K. Regulated segment reporting unit in the first quarter of 2020.

PPL's pension plans continue to be well-funded as its liability-driven investment strategy and active management have mitigated investment losses resulting from recent market volatility and significant declines in equity values.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. The COVID-19 outbreak has put additional downward pressure on the GBP to U.S. dollar exchange rate. As of August 5, 2020, PPL's foreign exchange exposure related to budgeted earnings is approximately 95% hedged for 2020 at an average rate of \$1.47 per GBP and approximately 8% hedged for 2021 at an average rate of \$1.32 per GBP. Although PPL cannot predict the impact of COVID-19 on foreign exchange rates, the impact could be significant.

[Table of Contents](#)

In response to COVID-19, on March 27, 2020, President Donald Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). PPL evaluated the provisions of the CARES Act and believes there is no significant effect on its financial statements. Certain tax provisions may result in immaterial cash benefits in 2020.

To date, there has been no material impact on the Registrants' business, financial condition, liquidity or on their supply chain as a result of COVID-19. For the six months ended June 30, 2020, the following estimated reductions in revenue and incremental costs incurred resulted from the impact of COVID-19:

	PPL		WPD		LKE		LG&E		KU	
Reduction in revenue	\$	61	\$	40	\$	21	\$	9	\$	12
Incremental costs		20		15		5		2		3

WPD tariffs are set to recover allowed revenues. Any under-recoveries, including the estimated \$40 million above, will be added to revenue, with interest, in future years through K-factor. See discussion of K-factor in "Item 1. Business" of PPL's 2019 Form 10-K. The impact on revenue and incremental COVID-19 related costs were insignificant at PPL Electric.

The ultimate severity or duration of the outbreak or its effects on the global economy, the capital markets, or the Registrants' workforce, contractors, customers and suppliers is uncertain. The Registrants cannot predict the ultimate impact COVID-19 will have on their financial position, results of operations, cash flows or liquidity.

#### *Goodwill Assessment (PPL, LKE, LG&E and KU)*

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or closures of businesses, schools and governmental agencies, and legislative or regulatory actions to address health or other pandemic-related concerns, all of which have the potential to adversely impact the Registrants' business and operations, especially if these measures remain in effect for a prolonged period of time. PPL's shares have experienced volatility and a decrease in market value since the outbreak of COVID-19.

During the three month period ended March 31, 2020, PPL, LKE, LG&E and KU considered whether these events would more likely than not reduce the fair value of the Registrants' reporting units below their carrying amounts. Based on our assessment, a quantitative impairment test was not required for the LKE, LG&E and KU reporting units, but was required for the U.K. Regulated segment reporting unit, the allocated goodwill of which was \$2.5 billion at March 31, 2020. The test did not indicate impairment of the reporting unit.

Management used both discounted cash flows and market multiples, including implied RAV premiums, which required significant assumptions, to estimate the fair value of the reporting units. Significant assumptions used in the discounted cash flows include discount and growth rates, the finalization of RIIO-ED2, and projected operating and capital cash flows. Projected operating and capital cash flows are based on the internal business plans, which assume the occurrence of certain future events. Significant assumptions used in the market multiples include sector market performance and comparable transactions.

A high degree of judgment is required to develop estimates related to fair value conclusions. A decrease in the forecasted cash flows of 10%, an increase in the discount rate of 10%, or a 10% decrease in the market multiples would not have resulted in an impairment of goodwill for the U.K. Regulated segment reporting unit.

During the three months ended June 30, 2020, no goodwill impairment triggers were identified. However, an impairment charge could occur in future periods if PPL's share price or any of the assumptions used in determining fair value of the reporting units are negatively impacted.

#### *U.K. Corporation Tax Rate Change (PPL)*

The U.K. corporation tax rate was scheduled to be reduced from 19% to 17%, effective April 1, 2020. On March 11, 2020, the U.K. Finance Act 2020 included a cancellation of the tax rate reduction to 17%, thereby maintaining the corporation tax rate at 19% for financial years 2020 and 2021. The Finance Act 2020 was formally enacted on July 22, 2020. The impact of the

cancellation of the corporate tax rate reduction will result in an increase in deferred tax liabilities and a corresponding deferred tax expense of approximately \$100 million to \$110 million, which will be recorded in the third quarter of 2020.

#### *U.S. Tax Reform (All Registrants)*

In July 2020, the IRS issued final and new proposed regulations relating to limitations on interest deductibility for tax purposes. The final regulations are expected to apply to the Registrants for 2020, while the proposed regulations will apply in the year in which the regulations are issued in final form, which is expected to be in 2021. The Registrants are evaluating the final and proposed regulations, but do not expect the regulations to have a material impact on the Registrants' financial condition or results of operations.

#### *U.K. Withdrawal from European Union (PPL)*

In March 2017, the U.K. Government invoked Article 50 (Article 50) of the Lisbon Treaty, formally beginning the two-year period for the U.K. to negotiate an agreement specifying the terms of its withdrawal from the European Union (EU), popularly referred to as Brexit. After repeated extensions, in October 2019, the EU agreed to extend the Article 50 process until January 31, 2020. Following an early general election in December 2019, which resulted in a substantial Conservative Party Parliamentary majority, the U.K. and EU Parliaments voted to approve the EU withdrawal agreement negotiated by Prime Minister Boris Johnson.

The U.K. formally left the EU on January 31, 2020, entering a transition period that is scheduled to end on December 31, 2020. During the transition period, the U.K. will seek to negotiate a free trade arrangement with the EU and also negotiate new trade terms with countries outside of the EU. The deadline for the U.K. requesting an extension to the transition period passed on June 30, 2020. Significant uncertainty continues to surround the outcome of the transition period. PPL believes that its greatest risks relate to any extended period of depressed value of the GBP or the potential further decline in the value of the GBP compared to the U.S. dollar. A decline in the value of the GBP compared to the U.S. dollar will reduce the value of WPD's earnings to PPL.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. As of August 5, 2020, PPL's foreign exchange exposure related to budgeted earnings is approximately 95% hedged for 2020 at an average rate of \$1.47 per GBP and approximately 8% hedged for 2021 at an average rate of \$1.32 per GBP.

PPL cannot predict the impact, in either the short-term or long-term, on foreign exchange rates or PPL's financial condition that may be experienced as a result of the actions taken by the U.K. government to withdraw from the EU, although such impacts could be material.

PPL does not expect the financial condition and results of operations of WPD, itself, to change significantly as a result of Brexit. The regulatory environment and operation of WPD's businesses are not expected to change. RIIO-ED1, the current price control, with allowed revenues agreed with Ofgem runs through March 2023. The impact of a slower economy or recession on WPD would be mitigated in part because U.K. regulation provides that any reduction in the volume of electricity delivered will be recovered in allowed revenues in future periods through the K-factor adjustment. See "Item 1. Business - Segment Information - U.K. Regulated Segment" in PPL's 2019 Form 10-K for additional information on the current price control and K-factor adjustment. In addition, an increase in inflation would have a positive effect on revenues and RAV as annual inflation adjustments are applied to both revenues and RAV (and real returns are earned on inflated RAV). This impact, however, would be partially offset by higher operation and maintenance expenses and interest expense on index-linked debt. With respect to access to financing, WPD has substantial borrowing capacity under existing credit facilities and expects to continue to have access to all major financial markets. With respect to access to and cost of equipment and other materials, WPD management continues to review U.K. government issued advice on preparations for Brexit and has taken actions to mitigate potential increasing costs and disruption to its critical sources of supply. Additionally, less than 1% of WPD's employees are non-U.K. EU nationals and no change in their domicile is expected.

#### *Regulatory Requirements*

##### *(All Registrants)*

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

*(PPL, LKE, LG&E and KU)*

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHG, and ELGs. See Notes 7, 10 and 15 to the Financial Statements for a discussion of these significant environmental matters. These and other stringent environmental requirements led PPL, LKE, LG&E and KU to retire approximately 1,000 MW of coal-fired generating plants in Kentucky since 2015.

*RIIO-2 Framework (PPL)*

In 2018, Ofgem issued its consultation document on the RIIO-2 framework, covering all U.K. gas and electricity transmission and distribution price controls. The current electricity distribution price control, RIIO-ED1, continues through March 31, 2023 and will not be impacted by the RIIO-2 consultation process. Later in 2018, Ofgem published its decision following its RIIO-2 framework consultation after consideration of comments received including those from WPD and PPL.

In August 2019, Ofgem published an open letter seeking views on its proposed sector specific approach on the RIIO-ED2 framework. WPD and PPL provided responses to this open letter. In December 2019, Ofgem published its decision on the RIIO-ED2 framework, thus confirming the following points in its RIIO-2 and RIIO-ED2 framework decision documents:

- RIIO-ED2 will be a five-year price control period, compared to eight years in the current RIIO-ED1 price control.
- CPI or CPIH will be used for inflation measurement in calculating both RAV and allowed returns rather than RPI.
- The baseline allowed return on equity will be set using the same methodology in all RIIO-2 sectors. The new methodology includes; (a) an equity indexation, whereby the allowed return on equity is updated to reflect changes in the risk-free rate, and (b) potentially setting the allowed return 0.5% below the expected return.
- Full debt indexation will be retained.
- The early settlement process (fast tracking) will be removed and replaced with an alternative mechanism to incentivize high-quality, rigorous and ambitious business plans.
- The Totex incentive rate will be based on a confidence level for setting baseline cost allowances.
- A new enhanced engagement model will be introduced requiring distribution companies to set up a customer engagement group to provide Ofgem with a public report of local stakeholders' views on the companies' business plans. Ofgem will also establish an independent RIIO-2 challenge group comprised of consumer experts to provide Ofgem with a public report on companies' business plans.
- There will be no change to the existing depreciation policy of using economic asset lives as the basis for depreciating RAV as part of base revenue calculations. WPD is currently transitioning to 45-year asset lives for new additions in RIIO-ED1 based on Ofgem's extensive review of asset lives in RIIO-ED1.
- A focus of RIIO-2 will be on whole-system outcomes. Ofgem intends for network companies and system operators to work together to ensure the energy system as a whole is efficient and delivers the best value to consumers. Ofgem is undertaking further work to clarify the definition of whole-system and the appropriate roles of the network companies in supporting this objective. Ofgem is still undecided on how DSO functions are to be treated. Ofgem will include a DSO reopener to reassess progress made in the establishment of DSO activities.

On July 30, 2020 Ofgem published its consultation on the RIIO-ED2 price control methodology which Ofgem will use to apply its framework decisions listed above. Some of the key aspects in Ofgem's consultation include:

- Proposing a suite of Net-Zero related investment and innovation mechanisms, including a Net Zero re-opener, to ensure that RIIO-ED2 is adaptable and can keep pace with changes in the wider policy and technological environment.
- Consulting on four different models for managing strategic investment to enable more flexibility within the price control and allow DNOs to adapt their investment plans to keep pace with Net Zero.
- Consulting on debt allowance proposals including the debt allowance calibration, the index used, and a possible additional cost of borrowing allowance.
- Consulting on whether the three-stage equity indexation methodology for baseline allowance returns proposed in the Gas Distribution and Transmission Draft Determination should equally apply to the ED sector and if the estimation approach for systematic risk should differ for ED2.
- Proposing to introduce a suite of reforms to define and regulate the distribution system operation. In the first instance, those reforms will apply to DNOs.

WPD and PPL continue to be fully engaged in the RIIO-ED2 process. The comment period on the July 30, 2020 consultation closes on October 1, 2020, and a decision on the RIIO-ED2 Sector Specific Methodology will be made in December 2020. Final Determinations for RIIO-ED2 will be made in December 2022. The RIIO-ED2 price control will come into effect on April 1, 2023. PPL cannot predict the outcome of this process or the long-term impact the final RIIO-ED2 price control will have on its financial condition or results of operations.

#### *Challenge to PPL Electric Transmission Formula Rate Return on Equity*

*(PPL and PPL Electric)*

On May 21, 2020, PP&L Industrial Customer Alliance (PPLICA) filed a complaint with the FERC alleging that PPL Electric's base return on equity (ROE) of 11.18% used to determine PPL Electric's formula transmission rate is unjust and unreasonable, and proposing an alternative ROE of 8.0% based on its interpretation of FERC Opinion No. 569. However, also on May 21, 2020, the FERC issued Opinion No. 569-A in response to numerous requests for rehearing of Opinion No. 569, which revised the method for analyzing base ROE. On June 10, 2020, PPLICA filed a Motion to Supplement the May 21, 2020 complaint in which PPLICA continued to allege that PPL Electric's base ROE is unjust and unreasonable, but revised its analysis of PPL Electric's base ROE to reflect the guidance provided in Opinion No. 569-A. The amended complaint proposed an updated alternative ROE of 8.5% and also requested that the FERC preserve the original refund effective date as established by the filing of the original complaint on May 21, 2020. Several parties have filed motions to intervene, including one party who filed Comments in Support of the original complaint.

On July 10, 2020, PPL Electric filed its Answer and supporting Testimony to the PPLICA filings arguing that the FERC should deny the original and amended complaints as they are without merit and fail to demonstrate the existing base ROE is unjust and unreasonable. In addition, in the event the FERC determines PPL Electric's ROE to be unjust and unreasonable, PPL Electric contends a refund effective date should be set for no earlier than June 10, 2020 and PPLICA's proposed replacement ROE should be rejected. This proceeding remains pending before the FERC. On July 27, 2020, an intervenor filed a motion for permission to respond and a response to PPL Electric's Answer contesting the arguments made in that Answer. PPL Electric believes its ROE is just and reasonable and that it has meritorious defenses against the original and amended complaints. At this time, PPL Electric cannot predict the outcome of this matter or the range of possible losses, if any, that may be incurred. However, revenue earned from May 21, 2020 through the settlement of this matter may be subject to refund. A change of 50 basis points to the base ROE would impact PPL Electric's net income by approximately \$12 million on an annual basis.

#### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. Certain petitions for review of the FERC's orders have been filed by multiple parties, including LG&E and KU, with the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of these proceedings. In February 2020, the D.C. Circuit Court of Appeals issued an order holding the various appeals in abeyance pending the FERC's rehearing process. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2020, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement that took effect in June 2020.

*Rate Case Proceedings*

*(LKE and KU)*

In July 2019, KU filed a request with the VSCC for an increase in annual Virginia base electricity revenues of approximately \$13 million, representing an increase of 18.2%. In January 2020, KU reached a partial settlement agreement including an increase in annual Virginia base electricity revenues of \$9 million effective May 1, 2020, representing an increase of 12.9%. A hearing on the settlement and certain tariff provisions was held in January 2020. On April 6, 2020, the VSCC issued an order approving the settlement and Hearing Examiner tariff provision recommendations. KU implemented the new rates on May 1, 2020.

### **Results of Operations**

*(PPL)*

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on PPL's Statements of Income, comparing the three and six months ended June 30, 2020 with the same periods in 2019. The "Segment Earnings" and "Adjusted Gross Margins" discussions for PPL provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis," "Segment Earnings" and "Adjusted Gross Margins" are presented on a constant GBP to U.S. dollar exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant GBP to U.S. dollar exchange rate basis are calculated by translating current year results at the prior year weighted-average GBP to U.S. dollar exchange rate.

A "Statement of Income Analysis" is presented separately for PPL Electric, LKE, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three and six months ended June 30, 2020 with the same periods in 2019.

- (i) The decreases were primarily due to COVID-19.

**Fuel**

Fuel decreased \$30 million for three months ended June 30, 2020 compared with 2019, primarily due to a \$18 million decrease in volumes driven by weather and a \$15 million decrease in commodity costs.

Fuel decreased \$61 million for the six months ended June 30, 2020 compared with 2019, primarily due to a \$39 million decrease in volumes driven by weather and a \$25 million decrease in commodity costs.

**Energy Purchases**

Energy purchases decreased \$5 million for the three months ended June 30, 2020 compared with 2019, primarily due to lower PLR prices of \$14 million, offset by higher PLR volumes of \$10 million and higher transmission enhancement expenses of \$6 million at PPL Electric as well as a \$5 million decrease in commodity costs at LKE.

Energy purchases decreased \$54 million for the six months ended June 30, 2020 compared with 2019, primarily due to lower PLR prices of \$33 million, partially offset by higher transmission enhancement expenses of \$11 million at PPL Electric as well as a \$19 million decrease in commodity costs at LKE.

The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky. A portion of this amount has been reserved due to insufficient Kentucky taxable income projected at LKE.

Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when

applicable, are calculated based on the statutory tax rate of the entity where the activity is recorded. Special items may include items such as:

- Unrealized gains or losses on foreign currency economic hedges (as discussed below).
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 14 to the Financial Statements and "Risk Management" below for additional information on foreign currency economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended June 30 were as follows:

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

### U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and certain acquisition-related financing costs. The U.K. Regulated segment represents 58% of PPL's Net Income for the six months ended June 30, 2020 and 38% of PPL's assets at June 30, 2020.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

(c) Settlement of a contractual dispute.

The changes in the components of the U.K. Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as U.K. Adjusted Gross Margins, the items that management considers special and the effects of movements in foreign currency exchange, including the effects of foreign currency hedge contracts, on separate lines and not in their respective Statement of Income line items.

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of U.K. Adjusted Gross Margins.
- Higher other operation and maintenance expense for the six month period primarily due to increases in various costs that were not individually significant in comparison to the prior year.
- Lower other income (expense) - net for the three and six month periods primarily due to lower pension income.
- Lower income taxes for the three month period primarily due to lower pre-tax income.

#### Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations conducted by LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 22% of PPL's Net Income for the six months ended June 30, 2020 and 34% of PPL's assets at June 30, 2020.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Kentucky Adjusted Gross Margins.
- Higher depreciation expense for the six month period primarily due to an \$8 million increase related to additional assets placed into service, net of retirements and a \$7 million increase related to higher depreciation rates effective May 1, 2019.
- Higher income tax expense for the three and six month periods primarily due to a deferred income tax benefit recorded in 2019 related to a Kentucky recycling credit of \$17 million.

#### Pennsylvania Regulated Segment

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 26% of PPL's Net Income for the six months ended June 30, 2020 and 26% of PPL's assets at June 30, 2020.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

(a) There are no items that management considers special for the periods presented.

The changes in the components of the Pennsylvania Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Pennsylvania Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

Income Taxes	(8)	(7)
Net Income	\$ 24	\$ 21

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Pennsylvania Adjusted Gross Margins.
- Higher other operation and maintenance expense for the three month period primarily due to higher bad debt expense.
- Lower taxes, other than income, for the three month period primarily due to the settlement of 2008 - 2010 gross receipts tax assessments.
- Higher income taxes for the three month period primarily due to higher pre-tax income.

### **Adjusted Gross Margins**

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

- "U.K. Adjusted Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.

- "Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, as well as the Kentucky Regulated segment's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance," "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.
- "Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance" (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation" (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income" (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

**Changes in Adjusted Gross Margins**

The following table shows Adjusted Gross Margins by PPL's reportable segment and by component, as applicable, for the periods ended June 30 as well as the change between periods. The factors that gave rise to the changes are described following the table.

**U.K. Adjusted Gross Margins**

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, decreased for the three months ended June 30, 2020, compared with 2019, primarily due to \$40 million of lower volumes due to the COVID-19 lockdown restrictions that were effective beginning the latter half of March 2020, partially offset by \$5 million from the April 1, 2019 price increase.

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, decreased for the six months ended June 30, 2020, compared with 2019, primarily due to \$40 million of lower volumes due to the COVID-19

lockdown restrictions that were effective beginning the latter half of March 2020, partially offset by \$23 million from the April 1, 2019 price increase.

*Kentucky Adjusted Gross Margins*

Kentucky Adjusted Gross Margins decreased for the three months ended June 30, 2020 compared with 2019, primarily due to \$17 million of lower commercial and industrial demand revenue primarily due to impacts of COVID-19 and a \$2 million decrease due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019, partially offset by higher retail rates approved by the KPSC of \$15 million, inclusive of the termination of the TCJA bill credit mechanism.

Kentucky Adjusted Gross Margins increased for the six months ended June 30, 2020 compared with 2019, primarily due to higher retail rates approved by the KPSC of \$64 million, inclusive of the termination of the TCJA bill credit mechanism, partially offset by \$24 million of lower commercial and industrial demand revenue primarily due to impacts of COVID-19, \$18 million of decreased sales volumes primarily due to weather and a \$17 million decrease due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

*Pennsylvania Adjusted Gross Margins*

Distribution

Distribution Adjusted Gross Margins increased for the three months ended June 30, 2020 compared with 2019, primarily due to an \$8 million adjustment related to TCJA customer refunds and \$7 million due to higher volumes primarily due to weather.

Distribution Adjusted Gross Margins decreased for the six months ended June 30, 2020, compared with 2019, primarily due to \$19 million of lower volumes primarily as a result of warmer weather in the first quarter of 2020. The decrease was partially offset by an \$8 million adjustment related to TCJA customer refunds and \$8 million of returns on additional distribution system improvement capital investments.

Transmission

Transmission Adjusted Gross Margins increased for the three and six months ended June 30, 2020, compared with 2019, primarily due to returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability.

### Operating Revenues

The increase (decrease) in operating revenues was due to:

	Three Months	Six Months
Municipal supply (a)	\$ (6)	\$ (28)
Volumes (b)	(4)	(24)
Fuel and other energy prices (c)	(9)	(18)
Demand (d)	(11)	(15)
Retail rates (e)	8	37
ECR (f)	5	16
Other	(1)	(4)
Total	\$ (18)	\$ (36)

- (a) The decreases were due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.
- (b) The decreases were primarily due to weather.
- (c) The decreases were primarily due to lower recoveries of fuel and energy purchases due to lower commodity costs.
- (d) The decreases were primarily due to COVID-19.
- (e) The increases were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.
- (f) The increases were primarily due to higher recoverable depreciation expense as a result of higher depreciation rates effective May 1, 2019.

### Fuel

Fuel decreased \$11 million for the three months ended June 30, 2020 compared with 2019, primarily due to a decrease in commodity costs.

Fuel decreased \$38 million for the six months ended June 30, 2020 compared with 2019, primarily due to a \$20 million decrease in volumes driven by weather and a \$19 million decrease in commodity costs.

**Energy Purchases from affiliate**

Energy purchases from affiliate decreased \$4 million for the three months ended June 30, 2020 compared with 2019, primarily due to the timing of generation maintenance outages.

**Depreciation**

Depreciation increased \$8 million for the three months ended June 30, 2020 compared with 2019, primarily due to a \$4 million increase related to additional assets placed into service, net of retirements, and a \$3 million increase related to higher depreciation rates effective May 1, 2019.

Depreciation increased \$20 million for the six months ended June 30, 2020 compared with 2019, primarily due to a \$13 million increase related to higher depreciation rates effective May 1, 2019 and a \$6 million increase related to additional assets placed into service, net of retirements.

**Income taxes**

Income taxes decreased \$3 million for the three months ended June 30, 2020 compared with 2019, primarily due to lower pre-tax income.

**Financial Condition**

The remainder of this Item 2 in this Form 10-Q is presented on a combined basis, providing information, as applicable, for all Registrants.

	PPL	PPL Electric	LKE	LG&E	KU
<b>Change - Cash Provided (Used)</b>					
Net income	\$ (9)	\$ 21	\$ (12)	\$ 12	\$ (9)

### (PPL)

PPL's cash provided by operating activities in 2020 increased \$229 million compared with 2019.

- Net income decreased \$9 million between the periods and included an increase in non-cash charges of \$100 million. The increase in non-cash charges was primarily due to an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements), an increase in deferred income taxes (due to book versus tax plant timing differences and Federal net operating losses) and an increase in other expenses (primarily due to an increase in canceled projects), partially offset by a decrease in the U.K. net periodic defined benefit credits (primarily due to higher levels of unrecognized losses being amortized).
- The \$83 million increase in cash from changes in working capital was primarily due to an increase in taxes payable (primarily due to timing of payments), a decrease in unbilled revenues (primarily due to weather), and a decrease in net regulatory assets and liabilities (primarily due to the timing of rate recovery mechanisms), partially offset by an increase in accounts receivable (primarily due to timing of receipts) and an increase in materials and supplies (primarily due to a contract termination and subsequent guaranteed purchase of inventory from a third-party logistics firm).
- The \$41 million increase in cash provided by other operating activities was primarily due to an increase in accrued pension obligation and an increase in ARO expenditures.

### (PPL Electric)

PPL Electric's cash provided by operating activities in 2020 increased \$46 million compared with 2019.

- Net income increased \$21 million between the periods and included an increase in non-cash components of \$48 million. The increase in non-cash components was primarily due to an increase in deferred income taxes (due to book versus tax plant timing differences and Federal net operating losses) and an increase in other expenses (primarily due to an increase in canceled projects).

[Table of Contents](#)

- The \$23 million decrease in cash from changes in working capital was primarily due to an increase in accounts receivable (primarily due to timing of receipts) and an increase in materials and supplies (primarily due to a contract termination and subsequent guaranteed purchase of inventory from a third-party logistics firm), partially offset by a decrease in unbilled revenues (primarily due to weather).

*(LKE)*

LKE's cash provided by operating activities in 2020 increased \$89 million compared with 2019.

- Net income decreased \$12 million between the periods and included an increase in non-cash components of \$29 million. The increase in non-cash components was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by an increase in taxes payable (primarily due to timing of payments) and a decrease in net regulatory assets and liabilities (primarily due to the timing of rate recovery mechanisms).
- The increase in cash provided by other operating activities was driven primarily by a decrease in ARO expenditures.

*(LG&E)*

LG&E's cash provided by operating activities in 2020 increased \$17 million compared with 2019.

- Net income increased \$12 million between the periods and included a decrease in non-cash components of \$11 million. The decrease in non-cash components was primarily driven by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences) and a decrease in amortization expense (primarily due to amortization of regulatory liabilities beginning May 1, 2019), partially offset by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by an increase in taxes payable (primarily due to timing of payments) and a decrease in net regulatory assets and liabilities (primarily due to the timing of rate recovery mechanisms), partially offset by a decrease in accounts payable (primarily due to timing of payments) and an increase in fuel inventory (primarily due to lower generation and natural gas consumption due to weather).

*(KU)*

KU's cash provided by operating activities in 2020 increased \$23 million compared with 2019.

- Net income decreased \$9 million between the periods and included a decrease in non-cash charges of \$4 million. The decrease in non-cash components was driven by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences), partially offset by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by an increase in taxes payable (primarily due to timing of payments) and a decrease in fuel inventory (primarily due to the timing and scope of plant outages), partially offset by a decrease in other current liabilities (primarily due to timing of payments).
- The increase in cash provided by other operating activities was driven primarily by a decrease in ARO expenditures.

Investing Activities

*(All Registrants)*

The components of the change in cash provided by (used in) investing activities for the six months ended June 30, 2020 compared with 2019 were as follows.

Other investing activities	5	(5)	3	—	3
Total	\$ (94)	\$ (28)	\$ 54	\$ 10	\$ (146)

For PPL, the increase in expenditures for PP&E was due to higher project expenditures at WPD and PPL Electric, partially offset by a decrease in project expenditures at LKE, LG&E and KU. The increase in expenditures at WPD was primarily due to an increase in expenditures to enhance system reliability partially offset by a decrease in foreign currency exchange rates. The increase in expenditures at PPL Electric was primarily due to timing differences on capital spending projects related to the ongoing efforts to improve reliability and replace aging infrastructure. The decrease in expenditures at LKE was primarily due to decreased spending for environmental water projects at LG&E and KU's Trimble County plant, LG&E's Mill Creek plant and KU's Ghent plant, partially offset by spending on gas transmission projects at LG&E and spending on various other projects at LG&E and KU that are not individually significant.

- (b) The amounts borrowed at June 30, 2020 were a USD-denominated borrowing of \$200 million and GBP-denominated borrowings of £44 million which equated to \$54 million. At June 30, 2020, the USD equivalent of unused capacity under the U.K. committed credit facilities was \$1 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 14% of the total committed capacity.

### Equity Securities Activities

*ATM*

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program; including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the six months ended June 30, 2020.

### Common Stock Dividends

In May 2020, PPL declared a quarterly common stock dividend, payable July 1, 2020, of 41.50 cents per share (equivalent to \$1.66 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

### Rating Agency Actions

*(All Registrants)*

Moody's and S&P periodically review the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2020:

*(PPL)*

In April 2020, Moody's and S&P assigned ratings of Baa2 and BBB+ to PPL Capital Funding's \$1 billion 4.125% Senior Notes due 2030. The notes were issued April 1, 2020.

*(PPL, LKE and KU)*

In May 2020, Moody's and S&P assigned ratings of A1 and A to KU's \$500 million 3.30% First Mortgage Bonds due 2050. The bonds were issued June 3, 2020.

### Ratings Triggers

*(PPL, LKE, LG&E and KU)*

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 14 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at June 30, 2020.

(All Registrants)

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2019 Form 10-K.

## Risk Management

### Market Risk

(All Registrants)

See Notes 13 and 14 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

#### Interest Rate Risk

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at June 30, 2020.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through
<b>PPL</b>

<b>LG&amp;E</b>				
Economic hedges				
Interest rate swaps (d)	147	(29)	—	2033

(a) Includes accrued interest, if applicable.

(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.

(c) Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.

(d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at June 30, 2020 was insignificant for

[Table of Contents](#)

PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at June 30, 2020 is shown below.

	10% Adverse Movement in Rates
PPL	\$ 637
PPL Electric	185
LKE	207
LG&E	78
KU	126

*Foreign Currency Risk (PPL)*

PPL is exposed to foreign currency risk primarily through investments in and earnings of U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at June 30, 2020.

	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through
Economic hedges (b)	£ 447	\$ 108	\$ (47)	2021

- (a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.  
 (b) To economically hedge the translation risk of expected earnings denominated in GBP.

*(All Registrants)*

*Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

*Volumetric Risk*

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2019 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

*Credit Risk (All Registrants)*

See Notes 13 and 14 to the Financial Statements in this Form 10-Q and "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Risk Management - Credit Risk" in the Registrants' 2019 Form 10-K for additional information.

### **Foreign Currency Translation (PPL)**

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of \$353 million for the six months ended June 30, 2020, which primarily reflected a \$605 million decrease to PP&E, a \$112 million decrease to goodwill, partially offset by a \$357 million decrease to long-term debt and a \$7 million decrease to other net liabilities. Changes in this exchange rate resulted in a foreign currency translation loss of \$84 million for the six months ended June 30, 2019, which primarily reflected a \$125 million decrease to PP&E, a \$23 million decrease to goodwill and an \$9 million decrease to other net assets, partially offset by a \$73 million decrease to long-term debt. The impact of foreign currency translation is recorded in AOCI.

### **Related Party Transactions (All Registrants)**

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 11 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

### **Acquisitions, Development and Divestitures (All Registrants)**

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results.

### **Environmental Matters (All Registrants)**

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The costs of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the costs for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See "Environmental Matters" in Item 1. "Business" in the Registrants' 2019 Form 10-K for information about environmental laws and regulations affecting the Registrants' business. See "Legal Matters" in Note 10 to the Financial Statements for a discussion of significant environmental claims. See "Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash - Capital Expenditures" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2019 Form 10-K for information on projected environmental capital expenditures for 2020 through 2024. See Note 15 to the Financial Statements for information related to the impacts of CCRs on AROs.

The information below represents an update to "Item 1. Business - Environmental Matters - Water/Waste - Clean Water Act Jurisdiction" in the Registrants' 2019 Form 10-K.

#### *Clean Water Act Jurisdiction*

Environmental groups and others have claimed that discharges to groundwater from leaking CCR impoundments at power plants are subject to Clean Water Act permitting. A citizen suit raising such claims has been filed against KU with respect to the E.W. Brown plant, as discussed under "Legal Matters" - "E.W. Brown Environmental Claims" in Note 10 to the Financial Statements. On April 12, 2019, the EPA released regulatory clarification finding that Clean Water Act jurisdiction does not cover such discharges to groundwater. On January 23, 2020, the EPA announced a final rule modifying the jurisdictional scope of the Clean Water Act. The announced rule revises the definition of the "Waters of the United States," including a revision to exclude groundwater from the definition. In April 2020, the U.S. Supreme Court issued a ruling that Clean Water Act jurisdiction may apply to certain discharges to groundwater that result in the functional equivalent of a direct discharge to navigable waters. PPL, LKE, LG&E, and KU are unaware of any unpermitted releases from their facilities that are subject to

Clean Water Act jurisdiction, but future guidance from the EPA and judicial rulings could potentially subject certain releases from CCR impoundments and landfills to additional permitting and remediation requirements, which could impose substantial costs. If any, associated costs are expected to be subject to rate recovery. PPL, LKE, LG&E and KU are unable to predict the outcome or financial impact of future regulatory proceedings and litigation.

#### **Application of Critical Accounting Policies** *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2019 Form 10-K for a discussion of each critical accounting policy.

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

**Item 4. Controls and Procedures**

Although the COVID-19 pandemic prompted the Registrants to make certain procedural adjustments to accommodate an increased remote workforce, PPL's accounting and reporting systems and functions were well prepared to perform necessary accounting and reporting activities as of June 30, 2020 and to maintain the effectiveness of its disclosure controls and procedures and internal control over financial reporting.

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of June 30, 2020, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal controls over financial reporting during the Registrants' second fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

For information regarding legal, tax, regulatory, environmental or other administrative proceedings that became reportable events or were pending in the second quarter of 2020 see:

- "Item 3. Legal Proceedings" in each Registrant's 2019 Form 10-K; and
- Notes 6, 7 and 10 to the Financial Statements.

**Item 1A. Risk Factors**

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2019 Form 10-K, except for the following:

***The COVID-19 pandemic and resultant impact on business and economic conditions could negatively affect our business.***

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or

closures of businesses, schools and governmental agencies, and executive, legislative or regulatory actions to address health or other pandemic-related concerns.

Until COVID-19 is contained or an effective vaccine is identified and widely-available, the COVID-19 virus poses significant risks to the health and welfare of the Registrants' customers, employees, contractors and suppliers, and to the conduct of their business. Mandates to stay at home, shelter in place, or quarantine and resulting lock-down or closures of non-essential businesses could reduce demand for electricity and gas, or cause shifts in demand between residential, commercial and industrial customers that could negatively impact the Registrants' financial condition. Customers experiencing financial strain from unemployment, furloughs, or reduced work hours may not be able to pay their bills on a timely basis, which could negatively impact our liquidity. Continued economic disruption may further depress the GBP to U.S. dollar exchange rate and increase PPL's foreign exchange exposure. New or changing legislation or regulatory orders may unfavorably impact the Registrants or the utility industry generally.

All of these factors have the potential to materially and adversely affect the Registrants' business and operations, especially if they remain in effect for a prolonged period of time. At this time, the Registrants' cannot predict the extent to which these or other pandemic-related factors may affect their business, earnings or other financial results, as it depends on the duration and scope of the outbreak, the measures undertaken in response and other future developments, all of which are highly uncertain. In addition to the factors discussed above, investors should be aware that other COVID-19-related risks may emerge in the future and may prove to be significant. Investors should carefully consider the discussion of COVID-19 related items presented in this Quarterly Report and the risks presented in the Registrants' Annual Report on Form 10-K for 2019, especially to the extent that the COVID-19 pandemic may exacerbate or increase those risks.

## 9.8 Miscellaneous provisions

9.8.1 Any notice of prepayment and/or cancellation under this Agreement is irrevocable and must specify the relevant date(s) and the affected Facility, Loans and Commitments. The Facility Agent must notify the Lenders promptly of receipt of any such notice.

9.8.2 Unless required otherwise pursuant to this Agreement, all prepayments made under this Agreement, including pursuant to Clause 9.2 (~~Mandatory prepayment - change of control~~), shall be applied:

- (a) pro rata to each Lender's participation in such Loan; and
- (b) against the relevant Facility of the Borrower making that prepayment,

save that the provisions of this sub-clause 9.8.2 shall not apply to any prepayments made in accordance with sub-clause 9.1.3 or paragraph (a) of sub-clause 9.2.3.

9.8.3 All prepayments under this Agreement must be made with accrued interest on the amount prepaid. No premium or penalty is payable in respect of any prepayment except for Break Costs.

- 9.8.4 The Majority Lenders may agree to a shorter notice period for a voluntary prepayment or a voluntary cancellation.
- 9.8.5 No prepayment or cancellation is allowed except in accordance with the express terms of this Agreement.
- 9.8.6 Subject to Clause 2.2 (**Increase**), no amount of the Total Commitments cancelled under this Agreement may subsequently be reinstated.

## 10. INTEREST

### 10.1 Calculation of interest

The rate of interest on each Loan for each Term is the percentage rate per annum equal to the aggregate of the applicable:

- 10.1.1 Margin; and
- 10.1.2 LIBOR or, in relation to any Loan in euro, EURIBOR.

### 10.2 Payment of interest

Except where it is provided to the contrary in this Agreement, each Borrower must pay accrued interest on each Loan made to it on the last day of each Term and also, if the Term is longer than six months, on the dates falling at six-monthly intervals after the first day of that Term.

### 10.3 Interest on overdue amounts

10.3.1 If a Borrower fails to pay any amount payable by it under the Finance Documents on its due date, it must immediately on demand by the Facility Agent pay interest on the overdue amount from its due date up to the date of actual payment, both before, on and after judgment.

10.3.2 Interest on an overdue amount is payable at a rate determined by the Facility Agent to be one per cent. per annum above the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Loan in the currency of the overdue amount. For this purpose, the Facility Agent may (acting reasonably):

- (a) select successive Terms of any duration of up to three months; and
- (b) determine the appropriate Quotation Day for that Term.

10.3.3 Notwithstanding sub-clause 10.3.2 above, if the overdue amount is a principal amount of a Loan and becomes due and payable prior to the last day of its current Term, then:

- (a) the first Term for that overdue amount will be the unexpired portion of that Term; and
- (b) the rate of interest on the overdue amount for that first Term will be one per cent. per annum above the rate then payable on that Loan.

After the expiry of the first Term for that overdue amount, the rate on the overdue amount will be calculated in accordance with sub-clause 10.3.2 above.

10.3.4 Interest (if unpaid) on an overdue amount will be compounded with that overdue amount at the end of each of its Terms but will remain immediately due and payable.

10.4 **Notification of rates of interest**

The Facility Agent must promptly notify each relevant Party of the determination of a rate of interest under this Agreement.

11. **TERMS**

11.1 **Selection**

11.1.1 Each Loan has one Term only.

11.1.2 A Borrower must select the Term for a Loan in the relevant Request.

11.1.3 Subject to the following provisions of this Clause, each Term for a Loan will be one, three or six months or for a period of one to thirty days or any other period agreed between a Borrower and the Lenders.

11.1.4 A Borrower shall not use its right under paragraph 11.1.3 above to select for a Loan a Term of less than one month's duration more than six times in any calendar year.

11.1.5 A Term for a Loan shall start on the Drawdown Date for that Loan.

11.2 **No overrunning the Final Maturity Date**

If a Term would otherwise overrun the Final Maturity Date, it will be shortened so that it ends on the Final Maturity Date.

11.3 **Notification**

The Facility Agent must notify the relevant Borrower and the Lenders of the duration of each Term promptly after ascertaining its duration.

12. **CHANGES TO THE CALCULATION OF INTEREST**

12.1 **Unavailability of Screen Rate**

12.1.1 **Interpolated Screen Rate:** If no Screen Rate is available for LIBOR or, if applicable, EURIBOR for the Term of a Loan, the applicable LIBOR or EURIBOR shall be the Interpolated Screen Rate for a period equal in length to the Term of that Loan.

12.1.2 **Shortened Term:** If no Screen Rate is available for LIBOR or, if applicable, EURIBOR for:

- (a) the currency of a Loan; or
- (b) the Term of a Loan and it is not possible to calculate the Interpolated Screen Rate,

the Term of that Loan shall (if it is longer than the applicable Fallback Term) be shortened to the applicable Fallback Term and the applicable LIBOR or EURIBOR for that shortened Term shall be determined pursuant to the definition of "LIBOR" or "EURIBOR" as applicable.

12.1.3 **Shortened Term and Historic Screen Rate:** If the Term of a Loan is, after giving effect to paragraph 12.1.2 above, either the applicable Fallback Term or shorter than the applicable Fallback Term and, in either case, no Screen Rate is available for LIBOR or, if applicable EURIBOR for:

- (a) the currency of that Loan; or
- (b) the Term of that Loan and it is not possible to calculate the Interpolated Screen Rate,

the applicable LIBOR or EURIBOR shall be the Historic Screen Rate for that Loan.

12.1.4 **Shortened Term and Interpolated Historic Screen Rate:** If paragraph 12.1.3 above applies but no Historic Screen Rate is available for the Term of the Loan, the applicable LIBOR or EURIBOR shall be the Interpolated Historic Screen Rate for a period equal in length to the Term of that Loan.

12.1.5 **Reference Bank Rate:** If paragraph 12.1.4 above applies but it is not possible to calculate the Interpolated Historic Screen Rate, the Term of that Loan shall, if it has been shortened pursuant to paragraph 12.1.2 above, revert to its previous length and the applicable LIBOR or EURIBOR shall be the Reference Bank Rate as of the Specified Time for the currency of that Loan and for a period equal in length to the Term of that Loan.

12.1.6 **Cost of funds:** If paragraph 12.1.5 above applies but no Reference Bank Rate is available for the relevant currency or Term there shall be no LIBOR or EURIBOR for that Loan and Clause 12.4 (**Cost of funds**) shall apply to that Loan for that Term.

## 12.2 Calculation of Reference Bank Rate

12.2.1 Subject to paragraph 12.2.2 below, if LIBOR or EURIBOR (as applicable) is to be determined on the basis of a Reference Bank Rate but a Reference Bank does not supply a quotation by the Specified Time, the Reference Bank Rate shall be calculated on the basis of the quotations of the remaining Reference Banks.

12.2.2 If at or about noon on the Quotation Day, none or only one of the Reference Banks supplies a quotation, there shall be no Reference Bank Rate for the relevant Term.

## 12.3 Market disruption

If before close of business in London on the Quotation Day for the relevant Term, the Facility Agent receives notification from a Lender or Lenders (whose participations in the relevant Loan exceed 50% of that Loan) that the cost to it (or them) of funding its participation in that Loan from whatever source it may reasonably select would be in excess of LIBOR or, if applicable, EURIBOR then Clause 12.4 (**Cost of funds**) shall apply to that Loan for the relevant Term.

## 12.4 Cost of funds

12.4.1 If this Clause 12.4 (**Cost of funds**) applies, the rate of interest on each Lender's share of the relevant Loan for the relevant Term shall be the percentage rate per annum which is the sum of:

- (a) the Margin; and
- (b) the rate notified to the Facility Agent by that Lender as soon as practicable and in any event before interest is due to be paid in respect of that Term, to be that which expresses as a percentage rate per annum the cost to the relevant Lender of funding its participation in that Loan from whatever source it may reasonably select.

12.4.2 If this Clause 12.4 (**Cost of funds**) applies and the Facility Agent or the Borrower (i) to whom the relevant Loan is outstanding and/or (ii) which has requested the relevant

Loan so require, the Facility Agent and that Borrower shall enter into negotiations (for a period of not more than thirty days) with a view to agreeing a substitute basis for determining the rate of interest.

12.4.3 Any alternative basis agreed pursuant to paragraph 12.4.2 above shall, with the prior consent of all the Lenders and the relevant Borrower, be binding on all Parties.

12.4.4 If this Clause 12.4 (**Cost of funds**) applies pursuant to Clause 12.3 (**Market disruption**) and:

(a) a Lender's Funding Rate is less than LIBOR or, in relation to any Loan in euro, EURIBOR; or

(b) a Lender does not supply a quotation by the time specified in sub-clause 12.4.1(b) above,

the cost to that Lender of funding its participation in that Loan for that Term shall be deemed, for the purposes of sub-clause 12.4.1 above, to be LIBOR or, in relation to a Loan in euro, EURIBOR.

## 12.5 Notification to Company

If Clause 12.4 (**Cost of funds**) applies the Facility Agent shall, as soon as is practicable, notify the relevant Borrower(s).

## 12.6 Break Costs

12.6.1 Each Borrower shall, within three Business Days of demand by a Finance Party, pay to that Finance Party its Break Costs attributable to all or any part of a Loan or Unpaid Sum being paid by that Borrower on a day other than the last day of a Term for that Loan or Unpaid Sum.

12.6.2 Each Lender shall, as soon as reasonably practicable after a demand by the Facility Agent, provide a certificate confirming the amount of its Break Costs for any term in which they accrue.

### 13.2 Tax gross-up

13.2.1 Each Borrower shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law.

13.2.2 Each Borrower shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Facility Agent accordingly. Similarly, a Lender shall notify the Facility Agent on becoming so aware in respect of a payment payable to that Lender. If the Facility Agent receives such notification from a Lender it shall notify the relevant Borrower.

13.2.3 If a Tax Deduction is required by law to be made by a Borrower, the amount of the payment due from that Borrower shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due if no Tax Deduction had been required.

13.2.4 A payment shall not be increased under sub-clause 13.2.3 above by reason of a Tax Deduction on account of Tax imposed by the United Kingdom, if on the date on which the payment falls due:

- (a) the payment could have been made to the relevant Lender without a Tax Deduction if the Lender had been a Qualifying Lender, but on that date that Lender is not or has ceased to be a Qualifying Lender other than as a result of any change after the date it became a Lender under this Agreement in (or in the interpretation, administration, or application of) any law or Treaty, or any published practice or published concession of any relevant taxing authority; or
- (b) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:
  - (i) an officer of H.M. Revenue & Customs has given (and not revoked) a direction (a “Direction”) under section 931 of the ITA which relates to the payment and that Lender has received from the Borrower making the payment a certified copy of that Direction; and
  - (ii) the payment could have been made to the Lender without any Tax Deduction if that Direction had not been made; or
- (c) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:
  - (i) the relevant Lender has not given a Tax Confirmation to the Borrowers; and
  - (ii) the payment could have been made to the Lender without any Tax Deduction if the Lender had given a Tax Confirmation to the Borrowers on the basis that the Tax Confirmation would have enabled the Borrowers to have formed a reasonable belief that the payment was an “excepted payment” for the purpose of section 930 of the ITA; or
- (d) the relevant Lender is a Treaty Lender and the Borrower making the payment is able to demonstrate that the payment could have been made to the Lender

without the Tax Deduction had that Lender complied with its obligations under sub-clause 13.2.7 or 13.2.10 (as applicable) below.

- 13.2.5 If a Borrower is required to make a Tax Deduction, that Borrower shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law.
- 13.2.6 Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Borrower making that Tax Deduction shall deliver to the Facility Agent for the Finance Party entitled to the payment a statement under Section 975 of the ITA, or other evidence reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.
- 13.2.7
- (a) Subject to paragraph (b) below, a Treaty Lender and the Borrower which makes a payment to which that Treaty Lender is entitled shall co-operate in completing any procedural formalities necessary for that Borrower to obtain authorisation to make that payment without a Tax Deduction.
  - (b)
    - (i) A Treaty Lender which becomes a Party on the day on which this Agreement is entered into that holds a passport under the HMRC DT Treaty Passport scheme, and which wishes that scheme to apply to this Agreement, shall confirm its scheme reference number and its jurisdiction of tax residence opposite its name in Schedule 1 (Original Parties); and
    - (ii) A Treaty Lender which is not an Original Lender and that holds a passport under the HMRC DT Treaty Passport Scheme, and which wishes that scheme to apply to this Agreement, shall confirm its scheme reference number and its jurisdiction of tax residence in the documentation which it executes on becoming a Party as a Lender,and having done so, that Lender shall be under no obligation pursuant to paragraph (a) above.
  - (c) Each Lender that includes the confirmation described in paragraph 13.2.7(b)(i) above in Schedule 1 (The Original Parties) or the confirmation described in paragraph 13.2.7(b)(ii) above in the documentation which it executes on becoming a Party as Lender, thereby notifies each Borrower that, to the extent that that Lender is a Lender under a Facility made available to that Borrower and the HMRC DT Treaty Passport scheme is to apply in respect of that Lender's Commitment(s) or its participation in any Loan to that Borrower, that Borrower must file a Borrower DTTP Filing.
- 13.2.8 A UK Non-Bank Lender which becomes a Party on the day on which this Agreement is entered into gives a Tax Confirmation to the Borrowers by entering into this Agreement.
- 13.2.9 A UK Non-Bank Lender shall promptly notify the Borrowers and the Facility Agent if there is any change in the position from that set out in the Tax Confirmation.

13.2.10 If a Lender has confirmed its scheme reference number and its jurisdiction of tax residence in accordance with sub-clause 13.2.7(b) above and:

- (a) a Borrower making a payment to that Lender has not made a Borrower DTTP Filing in respect of that Lender; or
- (b) a Borrower making a payment to that Lender has made a Borrower DTTP Filing in respect of that Lender but:
  - (i) that Borrower DTTP Filing has been rejected by H.M. Revenue & Customs; or
  - (ii) H.M. Revenue & Customs has not given the Borrower authority to make payments to that Lender without a Tax Deduction within 30 days of the date of the Borrower DTTP Filing,

and in each case, the Borrower has notified that Lender in writing, that Lender and the Borrower shall co-operate in completing any additional procedural formalities necessary for that Borrower to obtain authorisation to make that payment without a Tax Deduction.

13.2.11 Any Lender which has confirmed its scheme reference number and jurisdiction of tax residence in accordance with sub-clause 13.2.7(b) will reasonably promptly notify the Facility Agent and the Borrowers if at any time it ceases to hold a passport under the HMRC DT Treaty Passport scheme or if it ceases to be able to use such passport as a Lender. If a Lender has not confirmed its scheme reference number and jurisdiction of tax residence in accordance with sub-clause 13.2.7(b) above, no Borrower shall make a Borrower DTTP Filing or file any form relating to the HMRC DT Treaty Passport scheme in respect of that Lender's Commitment or its participation in any Loan, unless the Lender otherwise agrees.

13.2.12 A Borrower shall, promptly on making a Borrower DTTP Filing, deliver a copy of that Borrower DTTP Filing to the Facility Agent for delivery to the relevant Lender.

### 13.3 Tax indemnity

13.3.1 Except as provided below, the Borrowers must, within three Business Days of demand by the Facility Agent, indemnify a Protected Party against any loss, liability, or cost which that Protected Party determines will be or has been suffered (directly or indirectly) by that Protected Party for or on account of Tax in respect of a Finance Document.

13.3.2 Sub-clause 13.3.1 above does not apply to any Tax assessed on a Finance Party under the laws of the jurisdiction in which:

- (a) that Finance Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which that Finance Party is treated as resident for tax purposes; or
- (b) that Finance Party's Facility Office is located in respect of amounts received or receivable in that jurisdiction,

if that Tax is imposed on or calculated by reference to the net income received or receivable by that Finance Party (but not any sum deemed to be received or receivable).

13.3.3 Sub-clause 13.3.1 above does not apply to any Tax assessed on a Finance Party to the extent the loss or liability:

- (a) is compensated for by an increased payment under Clause 13.2 (Tax gross-up);
- (b) would have been compensated for by an increased payment under Clause 13.2 (Tax gross-up) but was not so compensated solely because one of the exclusions in Clause 13.2 (Tax gross-up) applied; or
- (c) relates to a FATCA Deduction required to be made by a Party.

13.3.4 A Protected Party making, or intending to make, a claim under sub-clause 13.3.1 above must promptly notify the Facility Agent of the event which will give, or has given, rise to the claim, following which the Facility Agent will notify the relevant Borrower.

#### 13.4 Tax Credit

If a Borrower makes a Tax Payment and the relevant Finance Party determines that:

13.4.1 a Tax Credit is attributable to an increased payment of which that Tax Payment forms part, to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and

13.4.2 that Finance Party has obtained and utilised that Tax Credit,

the Finance Party shall pay an amount to that Borrower which that Finance Party determines (in its discretion, acting reasonably) will leave it (after that payment) in the same after-tax position as it would have been in if the Tax Payment had not been required to be made by that Borrower. The relevant Finance Party shall take those steps it considers in its opinion reasonable to seek and claim any tax credit.

#### 13.5 Lender Status Confirmation

Each Lender which becomes a Party to this Agreement after the date of this Agreement shall indicate, in the Transfer Certificate, Assignment Agreement or Increase Confirmation which it executes on becoming a Party, and for the benefit of the Facility Agent and without liability to each Borrower, which of the following categories it falls in:

13.5.1 not a Qualifying Lender;

13.5.2 a Qualifying Lender (other than a Treaty Lender); or

13.5.3 a Treaty Lender.

If such a Lender fails to indicate its status in accordance with this Clause 13.5 then such New Lender shall be treated for the purposes of this Agreement as if it is not a Qualifying Lender until such time as it notifies the Facility Agent which category applies (and the Facility Agent, upon receipt of such notification, shall inform the Borrowers). For the avoidance of doubt, a Transfer Certificate, Assignment Agreement or Increase Confirmation shall not be invalidated by any failure of a Lender to comply with this Clause 13.5.

#### 13.6 Stamp taxes

The relevant Borrower shall pay and, within three Business Days of demand, indemnify each Finance Party against any cost, loss or liability that Finance Party incurs in relation to all stamp duty, registration and other similar Taxes payable in respect of any Finance Document, except

for any such Tax payable in respect of a Transfer Certificate or other transfer or disposal of a Lender's rights or obligations under a Finance Document.

### 13.7 VAT

- 13.7.1 All amounts set out, or expressed in a Finance Document to be payable by any Party to a Finance Party which (in whole or in part) constitute the consideration for a supply or supplies for VAT purposes shall be deemed to be exclusive of any VAT which is chargeable on such supply or supplies, and accordingly, subject to sub-clause 13.7.2 below, if VAT is or becomes chargeable on any supply made by any Finance Party to any Party under a Finance Document and such Finance Party is required to account to the relevant tax authority for the VAT, that Party shall pay to the Finance Party (in addition to and at the same time as paying any other consideration for such supply) an amount equal to the amount of such VAT (and such Finance Party shall promptly provide an appropriate VAT invoice to such Party).
- 13.7.2 If VAT is or becomes chargeable on any supply made by any Finance Party (the "Supplier") to any other Finance Party (the "Recipient") under a Finance Document, and any Party other than the Recipient (the "Subject Party") is required by the terms of any Finance Document to pay an amount equal to the consideration for such supply to the Supplier (rather than being required to reimburse the Recipient in respect of that consideration), such Party shall also pay to the Supplier (in addition to and at the same time as paying such amount) an amount equal to the amount of such VAT. The Recipient will promptly pay to the Subject Party an amount equal to any credit or repayment obtained by the Recipient from the relevant tax authority which the Recipient reasonably determines is in respect of such VAT.
- 13.7.3 Where a Finance Document requires any Party to reimburse or indemnify a Finance Party for any cost or expense, that Party shall reimburse or indemnify (as the case may be) such Finance Party for the full amount of such cost or expense, including such part thereof as represents VAT, save to the extent that such Finance Party reasonably determines that it is entitled to credit or repayment in respect of such VAT from the relevant tax authority.
- 13.7.4 Any reference in this Clause 13.7 to any Party shall, at any time when such Party is treated as a member of a group for VAT purposes, include (where appropriate and unless the context otherwise requires) a reference to the representative member of such group at such time (the term "representative member" to have the same meaning as in the Value Added Tax Act 1994).

### 13.8 FATCA Information

- 13.8.1 Subject to sub-clause 13.8.3 below, each Party shall, within ten Business Days of a reasonable request by another Party:
- (a) confirm to that other Party whether it is:
    - (i) a FATCA Exempt Party; or
    - (ii) not a FATCA Exempt Party;
  - (b) supply to that other Party such forms, documentation and other information relating to its status under FATCA as that other Party reasonably requests for the purposes of that other Party's compliance with FATCA; and

- (c) supply to that other Party such forms, documentation and other information relating to its status as that other Party reasonably requests for the purposes of that other Party's compliance with any other law, regulation, or exchange of information regime.

13.8.2 If a Party confirms to another Party pursuant to paragraph (a) of sub-clause 13.8.1 above that it is a FATCA Exempt Party and it subsequently becomes aware that it is not, or has ceased to be a FATCA Exempt Party, that Party shall notify that other Party reasonably promptly.

13.8.3 Sub-clause 13.8.1 above shall not oblige any Finance Party to do anything, and paragraph (c) of sub-clause 13.8.1 above shall not oblige any other Party to do anything, which would or might in its reasonable opinion constitute a breach of:

- (a) any law or regulation;
- (b) any fiduciary duty; or
- (c) any duty of confidentiality.

13.8.4 If a Party fails to confirm whether or not it is a FATCA Exempt Party or to supply forms, documentation or other information requested in accordance with paragraph (a) or (b) of sub-clause 13.8.1 above (including, for the avoidance of doubt, where sub-clause 13.8.3 above applies), then such Party shall be treated for the purposes of the Finance Documents (and payments under them) as if it is not a FATCA Exempt Party until such time as the Party in question provides the requested confirmation, forms, documentation or other information.

#### 13.9 FATCA Deduction

13.9.1 Each Party may make any FATCA Deduction it is required to make by FATCA, and any payment required in connection with that FATCA Deduction, and no Party shall be required to increase any payment in respect of which it makes such a FATCA Deduction, or otherwise compensate the recipient of the payment for that FATCA Deduction.

13.9.2 Each Party shall promptly, upon becoming aware that it must make a FATCA Deduction (or that there is any change in the rate or the basis of such FATCA Deduction), notify the Party to whom it is making the payment and, in addition, shall notify the Borrowers and the Facility Agent and the Facility Agent shall notify the other Finance Parties.

#### 14. INCREASED COSTS

##### 14.1 Increased Costs

Except as provided below in this Clause, the Borrowers must pay, within three Business Days, to a Finance Party the amount of any Increased Cost incurred by that Finance Party or any of its Affiliates as a result of:

- 14.1.1 the introduction of, or any change in, or any change in the interpretation, administration or application of, any law or regulation;
- 14.1.2 compliance with any law or regulation made after the date of this Agreement ~~provided that~~ for the purposes of this Agreement and any other Finance Document, Dodd-Frank shall be deemed to be a law or regulation made after the date of this Agreement; or

14.1.3 the implementation or application of, or compliance with, Basel III or CRD IV or any law or regulation that implements or applies Basel III or CRD IV.

#### 14.2 Exceptions

The Borrowers need not make any payment for an Increased Cost to the extent that the Increased Cost is:

14.2.1 compensated for under Clause 13.3 (**Tax indemnity**) (or would have been compensated for under Clause 13.3 (**Tax indemnity**) but was not so compensated solely because any of the exclusions in sub-clauses 13.3.2 and/or 13.3.3 applied);

14.2.2 attributable to a Tax Deduction required by law to be made by a Borrower;

14.2.3 attributable to a FATCA Deduction required to be made by a Party;

14.2.4 attributable to a Finance Party or its Affiliate wilfully failing to comply with any law or regulation;

14.2.5 attributable to the implementation or application of or compliance with the "International Convergence of Capital Measurement and Capital Standards, a Revised Framework" published by the Basel Committee in June 2004 in the form existing on the date of this Agreement (but excluding any amendment arising out of Basel III) ("**Basel II**") or any other law or regulation which implements Basel II (whether such implementation, application or compliance is by a government, regulator, Finance Party or any of its Affiliates)

14.2.6 attributable to Basel III or CRD IV (or any other law or regulation which implements Basel III or CRD IV) where a Finance Party was or reasonably should have been able to calculate that Increased Cost on the date on which it became a Finance Party under this Agreement;

14.2.7 attributable to any Bank Levy (or any payment attributable to, or liability arising as a consequence of, a Bank Levy); or

14.2.8 not notified by the relevant Finance Party to the Facility Agent and the relevant Borrower within three Months of that Finance Party becoming aware of such Increased Cost.

In this Clause 14, a reference to a "Tax Deduction" has the same meaning given to that term in Clause 13.1 (Definitions).

#### 14.3 Claims

A Finance Party intending to make a claim for an Increased Cost must notify the relevant Borrower promptly of the circumstances giving rise to, and the amount of, the claim.

### 15. MITIGATION

#### 15.1 Mitigation

15.1.1 Each Finance Party must, in consultation with the Borrowers (other than upon the occurrence of an event referred to at paragraph (d) below where no such consultation is required), take all reasonable steps to mitigate any circumstances which arise and which result or would result in any Facility ceasing to be available or:

(a) any Tax Payment or Increased Cost being payable to that Finance Party;

- (b) that Finance Party being able to exercise any right of prepayment and/or cancellation under this Agreement by reason of any illegality;
- (c) that Finance Party incurring any cost of complying with the minimum reserve requirements of the European Central Bank; or
- (d) the occurrence of any market disruption event,

including transferring its rights and obligations under the Finance Documents to an Affiliate or changing its Facility Office.

- 15.1.2 A Finance Party is not obliged to take any step under this Clause 15 if, in the opinion of that Finance Party (acting reasonably), to do so might be prejudicial to it.
- 15.1.3 Each Finance Party must promptly notify the Borrowers of any circumstances as described in paragraphs (a) to (d) of sub-clause 15.1.1 of this Clause 15.1.
- 15.1.4 The Borrowers must indemnify each Finance Party for all costs and expenses reasonably incurred by it as a result of any step taken under this Clause 15.1.
- 15.1.5 This Clause does not in any way limit the obligations of the Borrowers under the Finance Documents.

## 15.2 Substitution

Notwithstanding Clause 15.1 (**Mitigation**), if any circumstances arise which result in:

- 15.2.1 any Tax Payment or Increased Cost being payable to that Finance Party;
- 15.2.2 that Finance Party being able to exercise any right of prepayment and/or cancellation under this Agreement by reason of any illegality;
- 15.2.3 that Finance Party incurring any cost of complying with the minimum reserve requirements of the European Central Bank;
- 15.2.4 the occurrence of any market disruption event; or
- 15.2.5 any Lender becoming a Non-Consenting Lender,

then a Borrower, at its expense, at any time within 180 days after the occurrence of the relevant event or circumstance, so long as no Default is outstanding, may by notice to the Facility Agent and such Finance Party require it (and, if applicable, its Affiliate) to (and to the extent permitted by law such Finance Party or, if applicable, its Affiliate shall) novate pursuant to Clause 29 (**Changes to the Lenders**) all (and not part only) of its rights and obligations under this Agreement to a bank, financial institution, trust, fund or other entity (a "**Replacement Finance Party**") selected by that Borrower, and which is acceptable to the Facility Agent (acting reasonably) (unless the Facility Agent is an Impaired Agent), which confirms its willingness to assume and does assume all the obligations of the transferring Finance Party (including the assumption of the transferring Finance Party's participations or unfunded participations (as the case may be) on the same basis as the transferring Finance Party) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Finance Party's participation in the outstanding Loans and all accrued interest (to the extent that the Facility Agent has not given a notification under Clause 29.11 (**Pro rata interest settlement**)), Break Costs and other amounts payable to such Finance Party under the Finance Documents provided that:

- 15.2.6 no Borrower shall have the right to replace the Facility Agent;

- 15.2.7 neither the Facility Agent nor such Finance Party shall have any obligation to the Borrowers to find a Replacement Finance Party;
- 15.2.8 the transfer must take place no later than 14 days after the notice referred to above;
- 15.2.9 in no event shall such Finance Party be required to pay or surrender to the Replacement Finance Party any of the fees received by such Finance Party pursuant to the Finance Documents; and
- 15.2.10 the Finance Party shall only be obliged to transfer its rights and obligations pursuant to this Clause 15.2 once it is satisfied that it has complied with all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to that transfer to the Replacement Finance Party.
- 15.3 **Conduct of business by a Finance Party**
- No term of this Agreement will:
- 15.3.1 interfere with the right of any Finance Party to arrange its affairs (Tax or otherwise) in whatever manner it thinks fit or oblige any Finance Party to investigate or claim any Tax Credit; or
- 15.3.2 oblige any Finance Party to disclose any information relating to its affairs (Tax or otherwise) or any computation in respect of Tax.
16. **PAYMENT MECHANICS**
- 16.1 **Payments to the Facility Agent**
- 16.1.1 On each date on which a Borrower or a Lender is required to make a payment under a Finance Document, that Borrower or Lender shall make the same available to the Facility Agent (unless a contrary indication appears in a Finance Document) for value on the due date at the time and in such funds specified by the Facility Agent as being customary at the time for settlement of transactions in the relevant currency in the place of payment.
- 16.1.2 Payment shall be made to such account in the principal financial centre of the country of that currency (or, in relation to euro, in a principal financial centre in such Participating Member State or London, as specified by the Facility Agent) and with such bank as the Facility Agent, in each case, specifies.
- 16.2 **Distributions by the Facility Agent**
- Each payment received by the Facility Agent under the Finance Documents for another Party shall, subject to Clause 16.3 (**Distributions to a Borrower**) and Clause 16.4 (**Clawback and pre-funding**) be made available by the Facility Agent as soon as practicable after receipt to the Party entitled to receive payment in accordance with this Agreement (in the case of a Lender, for the account of its Facility Office), to such account as that Party may notify to the Facility Agent by not less than five Business Days' notice with a bank specified by that Party in the principal financial centre of the country of that currency (or, in relation to euro, in the principal financial centre of a Participating Member State or London, as specified by that Party).
- 16.3 **Distributions to a Borrower**
- The Facility Agent may (with the consent of the Borrower or in accordance with Clause 32 (**Set-off**)) apply any amount received by it for that Borrower in or towards payment (on the date

and in the currency and funds of receipt) of any amount due from that Borrower under the Finance Documents or in or towards purchase of any amount of any currency to be so applied.

#### 16.4 Clawback and pre-funding

16.4.1 Where a sum is to be paid to the Facility Agent under the Finance Documents for another Party, the Facility Agent is not obliged to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.

16.4.2 Unless sub-clause 16.4.3 below applies, if the Facility Agent pays an amount to another Party and it proves to be the case that the Facility Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Facility Agent shall on demand refund the same to the Facility Agent together with interest on that amount from the date of payment to the date of receipt by the Facility Agent, calculated by the Facility Agent to reflect its cost of funds.

16.4.3 If the Facility Agent has notified the Lenders that it is willing to make available amounts for the account of a Borrower before receiving funds from the Lenders then if and to the extent that the Facility Agent does so but it proves to be the case that it does not then receive funds from a Lender in respect of a sum which it paid to a Borrower:

- (a) The Facility Agent shall notify the relevant Borrower of that Lender's identity and the Borrower to whom that sum was made available shall on demand refund it to the Facility Agent; and
- (b) the Lender by whom those funds should have been made available or, if that Lender fails to do so, the Borrower to whom that sum was made available, shall on demand pay to the Facility Agent the amount (as certified by the Facility Agent) which will indemnify the Facility Agent against any funding cost incurred by it as a result of paying out that sum before receiving those funds from that Lender.

#### 16.5 Partial Payment

16.5.1 If the Facility Agent receives a payment that is insufficient to discharge all the amounts then due and payable by a Borrower under the Finance Documents, the Facility Agent shall apply that payment towards the obligations of that Borrower under the Finance Documents in the following order:

- (a) **first**, in or towards payment **pro rata** of any unpaid amount owing to the Facility Agent under the Finance Documents;
- (b) **secondly**, in or towards payment **pro rata** of any accrued interest, fee or commission due but unpaid under this Agreement;
- (c) **thirdly**, in or towards payment **pro rata** of any principal due but unpaid under this Agreement; and
- (d) **fourthly**, in or towards payment **pro rata** of any other sum due but unpaid under the Finance Documents.

16.5.2 The Facility Agent shall, if so directed by the Majority Lenders, vary the order set out in paragraphs (a) to (d) of sub-clause 16.5.1 above.

16.5.3 This Clause will override any appropriation made by any Borrower.

16.6 **No set-off by Borrowers**

All payments to be made by a Borrower under the Finance Documents shall be calculated and be made without (and free and clear of any deduction for) set-off or counterclaim.

16.7 **Business Days**

16.7.1 Any payment under any Finance Document which is due to be made on a day that is not a Business Day shall be made on the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not).

16.7.2 During any extension of the due date for payment of any principal or Unpaid Sum under this Agreement interest is payable on the principal or Unpaid Sum at the rate payable on the original due date.

16.8 **Currency of account**

16.8.1 Subject to sub-clauses 16.8.2 to 16.8.5 below, the Base Currency is the currency of account and payment for any sum due from any Borrower under any Finance Document.

16.8.2 A repayment of a Loan or Unpaid Sum or a part of a Loan or Unpaid Sum shall be made in the currency in which that Loan or Unpaid Sum is denominated, pursuant to this Agreement, on its due date.

16.8.3 Each payment of interest shall be made in the currency in which the sum in respect of which the interest is payable was denominated, pursuant to this Agreement, when that interest accrued.

16.8.4 Each payment in respect of costs, expenses or Taxes shall be made in the currency in which the costs, expenses or Taxes are incurred.

16.8.5 Any amount expressed to be payable in a currency other than the Base Currency shall be paid in that other currency.

16.9 **Impaired Agent**

16.9.1 If, at any time, the Facility Agent becomes an Impaired Agent, a Borrower or a Lender which is required to make a payment under the Finance Documents to the Facility Agent in accordance with Clause 16.1 (**Payments to the Facility Agent**) may instead either pay that amount direct to the required recipient or pay that amount to an interest bearing account held with an Acceptable Bank and in relation to which no Insolvency Event has occurred and is continuing, in the name of the Borrower or the Lender making the payment and designated as a trust account for the benefit of the Party or Parties beneficially entitled to that payment under the Finance Documents. In each case such payments must be made on the due date for payment under the Finance Documents.

16.9.2 All interest accrued on the amount standing to the credit of the trust account shall be for the benefit of the beneficiaries of that trust account pro rata to their respective entitlements.

16.9.3 A Party which has made a payment in accordance with this Clause 16.9 shall be discharged of the relevant payment obligation under the Finance Documents and shall not take any credit risk with respect to the amounts standing to the credit of the trust account.

16.9.4 Promptly upon the appointment of a successor Facility Agent in accordance with Clause 22.12 (~~Resignation of the Facility Agent~~), each Party which has made a payment to a trust account in accordance with this Clause 16.9 shall give all requisite instructions to the bank with whom the trust account is held to transfer the amount (together with any accrued interest) to the successor Facility Agent for distribution in accordance with Clause 16.2 (~~Distributions by the Facility Agent~~).

16.9.5 For the purposes of this Clause 16.9 only, an Acceptable Bank shall include any bank or financial institution approved by the Facility Agent or, if the Facility Agent is an Impaired Agent, the Majority Lenders.

16.10 Disruption to payment systems etc.

If either the Facility Agent determines (in its discretion) that a Disruption Event has occurred or the Facility Agent is notified by a Borrower that a Disruption Event has occurred:

- (a) the Facility Agent may, and shall if requested to do so by a Borrower, consult with the Borrowers with a view to agreeing with the Borrowers such changes to the operation or administration of the Facilities as the Facility Agent may deem necessary in the circumstances;
- (b) the Facility Agent shall not be obliged to consult with the Borrowers in relation to any changes mentioned in paragraph (a) above if, in its opinion, it is not practicable to do so in the circumstances and, in any event, shall have no obligation to agree to such changes;
- (c) the Facility Agent may consult with the Finance Parties in relation to any changes mentioned in paragraph (a) above but shall not be obliged to do so if, in its opinion, it is not practicable to do so in the circumstances;
- (d) any such changes agreed upon by the Facility Agent and the Borrowers shall (whether or not it is finally determined that a Disruption Event has occurred) be binding upon the Parties as an amendment to (or, as the case may be, waiver of) the terms of the Finance Documents notwithstanding the provisions of Clause 27 (~~Amendments and Waivers~~);
- (e) the Facility Agent shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever (including, without limitation for negligence, gross negligence or any other category of liability whatsoever but not including any claim based on the fraud of the Facility Agent) arising as a result of its taking, or failing to take, any actions pursuant to or in connection with this Clause 16.10; and

- (a) constitute a Default or Event of Default; or
- (b) have the effect of cross-Default pursuant to Clause 21.4,

in each case, in respect of any other Borrower or member of its Borrower Group (unless a Default or Event of Default has separately arisen with respect to that other Borrower or such other Borrower's Borrower Group in its own right).

21.15.3 Any acceleration pursuant to this Clause 21.15 shall only apply to such defaulting Borrower or member of its Borrower Group and not to any other Borrower or member of such Borrower's Borrower Group (unless a Default or Event of Default has separately arisen with respect to that other Borrower or such Borrower's Borrower Group in its own right).

## 22. ROLE OF THE FACILITY AGENT, THE ARRANGER AND THE REFERENCE BANKS

### 22.1 Appointment of the Facility Agent

22.1.1 Each of the Arrangers and the Lenders irrevocably appoints the Facility Agent to act as its agent under and in connection with the Finance Documents.

22.1.2 Each of the Arrangers and the Lenders irrevocably authorises the Facility Agent to:

- (a) perform the duties, obligations and responsibilities and to exercise the rights, powers, authorities and discretions that are specifically given to the Facility

Agent under or in connection with the Finance Documents, together with any other incidental rights, powers and discretions; and

- (b) execute each Finance Document expressed to be executed by the Facility Agent.

## 22.2 Instructions

### 22.2.1 The Facility Agent shall:

- (a) unless a contrary indication appears in a Finance Document, exercise or refrain from exercising any right, power, authority or discretion vested in it as Facility Agent in accordance with any instructions given to it by:
  - (i) all Lenders if the relevant Finance Document stipulates the matter is an all Lender decision; and
  - (ii) in all other cases, the Majority Lenders; and
- (b) not be liable for any act (or omission) if it acts (or refrains from acting) in accordance with paragraph (a) above.

22.2.2 The Facility Agent shall be entitled to request instructions, or clarification of any instruction, from the Majority Lenders (or, if the relevant Finance Document stipulates the matter is a decision for any other Lender or group of Lenders, from that Lender or group of Lenders) as to whether, and in what manner, it should exercise or refrain from exercising any right, power, authority or discretion. The Facility Agent may refrain from acting unless and until it receives any such instructions or clarification that it has requested.

22.2.3 Save in the case of decisions stipulated to be a matter for any other Lender or group of Lenders under the relevant Finance Document and unless a contrary indication appears in a Finance Document, any instructions given to the Facility Agent by the Majority Lenders shall override any conflicting instructions given by any other Parties and will be binding on all Finance Parties.

22.2.4 The Facility Agent may refrain from acting in accordance with any instructions of any Lender or group of Lenders until it has received any indemnification and/or security that it may in its discretion require (which may be greater in extent than that contained in the Finance Documents and which may include payment in advance) for any cost, loss or liability which it may incur in complying with those instructions.

22.2.5 In the absence of instructions, the Facility Agent may act (or refrain from acting) as it considers to be in the best interest of the Lenders.

22.2.6 The Facility Agent is not authorised to act on behalf of a Lender (without first obtaining that Lender's consent) in any legal or arbitration proceedings relating to any Finance Document.

## 22.3 Duties of the Facility Agent

22.3.1 The Facility Agent has only those duties which are expressly specified in the Finance Documents. Those duties are solely of a mechanical and administrative nature.

22.3.2 Subject to clause 22.3.3 below, the Facility Agent shall promptly forward to a Party the original or a copy of any document which is delivered to the Facility Agent for that Party by any other Party.

- 22.3.3 Without prejudice to Clause 29.9 (Copy of Transfer Certificate, Assignment Agreement or Increase Confirmation to the Borrowers), clause 22.3.3 above shall not apply to any Transfer Certificate, any Assignment Agreement or any Increase Confirmation.
- 22.3.4 Except where a Finance Document specifically provides otherwise, the Facility Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.
- 22.3.5 If the Facility Agent receives notice from a Party referring to this Agreement, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the other Finance Parties.
- 22.3.6 If the Facility Agent is aware of the non-payment of any principal, interest, commitment fee or other fee payable to a Finance Party (other than the Facility Agent or the Arranger) under this Agreement it shall promptly notify the other Finance Parties.
- 22.3.7 The Facility Agent shall have only those duties, obligations and responsibilities expressly specified in the Finance Documents to which it is expressed to be a party (and no others shall be implied).

#### 22.4 Role of the Arrangers

Except as specifically provided in the Finance Documents, the Arranger has no obligations of any kind to any other Party in connection with any Finance Document.

#### 22.5 No fiduciary duties

- 22.5.1 Nothing in any Finance Documents makes an Administrative Party a trustee or fiduciary for any other Party or any other person.
- 22.5.2 No Administrative Party shall be bound to account to any Lender for any sum or the profit element of any sum received by it for its own account.

#### 22.6 Business with Borrower Groups

No Administrative Party may accept deposits from, lend money to and generally engage in any kind of banking or other business with any member of a Borrower Group.

#### 22.7 Rights and discretions

22.7.1 The Facility Agent may:

- (a) rely on any representation, communication, notice or document believed by it to be genuine, correct and appropriately authorised;
- (b) assume that:
  - (i) any instructions received by it from the Majority Lenders, any Lenders or any group of Lenders are duly given in accordance with the terms of the Finance Documents; and
  - (ii) unless it has received notice of revocation, that those instructions have not been revoked; and
- (c) rely on a certificate from any person:

- (i) as to any matter of fact or circumstance which might reasonably be expected to be within the knowledge of that person; or
- (ii) to the effect that such person approves of any particular dealing, transaction, step, action or thing,

as sufficient evidence that that is the case and, in the case of paragraph (i) above, may assume the truth and accuracy of that certificate.

- 22.7.2 The Facility Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Lenders) that:
- (a) no Default has occurred (unless it has actual knowledge of a Default arising under Clause 21.2 (~~Non-payment~~)); and
  - (b) any right, power, authority or discretion vested in any Party or any group of Lenders has not been exercised.
- 22.7.3 The Facility Agent may engage and pay for the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts.
- 22.7.4 Without prejudice to the generality of sub-clause 22.7.3 above or sub-clause 22.7.5 below, the Facility Agent may at any time engage and pay for the services of any lawyers to act as independent counsel to the Facility Agent (and so separate from any lawyers instructed by the Lenders) if the Facility Agent in its reasonable opinion deems this to be necessary.
- 22.7.5 The Facility Agent may rely on the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts (whether obtained by the Facility Agent or by any other Party) and shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of its so relying.
- 22.7.6 The Facility Agent may act in relation to the Finance Documents through its officers, employees and agents.
- 22.7.7 Unless a Finance Document expressly provides otherwise the Facility Agent may disclose to any other Party any information it reasonably believes it has received as agent under this Agreement.
- 22.7.8 Notwithstanding any other provision of any Finance Document to the contrary, no Administrative Party is obliged to do or omit to do anything if it would, or might in its reasonable opinion, constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.
- 22.7.9 Notwithstanding any provision of any Finance Document to the contrary, the Facility Agent is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties, obligations or responsibilities or the exercise of any right, power, authority or discretion if it has grounds for believing the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

22.8 Responsibility for documentation

22.8.1 No Administrative Party is responsible or liable for:

- (a) the adequacy, accuracy or completeness of any information (whether oral or written) supplied by the Facility Agent, the Arranger, any Borrower or any other person in or in connection with any Finance Document or the transactions contemplated in the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;
- (b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; or
- (c) any determination as to whether any information provided or to be provided to any Finance Party is non-public information the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise.

22.9 No duty to monitor

The Facility Agent shall not be bound to enquire:

22.9.1 whether or not any Default has occurred;

22.9.2 as to the performance, default or any breach by any Party of its obligations under any Finance Document; or

22.9.3 whether any other event specified in any Finance Document has occurred.

22.10 Exclusion of liability

22.10.1 Without limiting sub-clause 22.10.2 below (and without prejudice to any other provision of any Finance Document excluding or limiting the liability of the Facility Agent), the Facility Agent will not be liable for:

- (a) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct;
- (b) exercising, or not exercising, any right, power, authority or discretion given to it by, or in connection with, any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, any Finance Document, other than by reason of its gross negligence or wilful misconduct; or
- (c) without prejudice to the generality of paragraphs (a) and (b) above, any damages, costs or losses to any person, any diminution in value or any liability whatsoever (including, without limitation, for negligence or any other category of liability whatsoever but not including any claim based on the fraud of the Facility Agent) arising as a result of:
  - (i) any act, event or circumstance not reasonably within its control; or

- (ii) the general risks of investment in, or the holding of assets in, any jurisdiction,

including (in each case and without limitation) such damages, costs, losses, diminution in value or liability arising as a result of: nationalisation, expropriation or other governmental actions; any regulation, currency restriction, devaluation or fluctuation; market conditions affecting the execution or settlement of transactions or the value of assets (including any Disruption Event); breakdown, failure or malfunction of any third party transport, telecommunications, computer services or systems; natural disasters or acts of God; war, terrorism, insurrection or revolution; or strikes or industrial action.

22.10.2 No Party (other than the Facility Agent) may take any proceedings against any officer, employee or agent of the Facility Agent in respect of any claim it might have against the Facility Agent or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document and any officer, employee or agent of the Facility Agent may rely on this sub-clause 22.10.2 subject to Clause 1.3(Third party rights) and the provisions of the Third Parties Act.

22.10.3 The Facility Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Facility Agent if the Facility Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Facility Agent for that purpose.

22.10.4 Nothing in this Agreement shall oblige an Administrative Party to carry out:

- (a) any "know your customer" or other checks in relation to any person; or
- (b) any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any Lender or for any Affiliate of any Lender,

on behalf of any Lender and each Lender confirms to the Facility Agent and the Arranger that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by an Administrative Party.

22.10.5 Without prejudice to any provision of any Finance Document excluding or limiting the Facility Agent's liability, any liability of the Facility Agent arising under or in connection with any Finance Document shall be limited to the amount of actual loss which has been suffered (as determined by reference to the date of default of the Facility Agent or, if later, the date on which the loss arises as a result of such default) but without reference to any special conditions or circumstances known to the Facility Agent at any time which increase the amount of that loss. In no event shall the Facility Agent be liable for any loss of profits, goodwill, reputation, business opportunity or anticipated saving, or for special, punitive, indirect or consequential damages, whether or not the Facility Agent has been advised of the possibility of such loss or damages.

#### 22.11 Lenders' indemnity to the Facility Agent

Each Lender shall (in proportion to its share of the Total Commitments or, if the Total Commitments are then zero, to its share of the Total Commitments immediately prior to their reduction to zero) indemnify the Facility Agent, within three Business Days of demand, against any cost, loss or liability (including, without limitation, for negligence or any other category of liability whatsoever) incurred by the Facility Agent (otherwise than by reason of the Facility

Agent's gross negligence or wilful misconduct) (or, in the case of any cost, loss or liability pursuant to Clause 16.10 (~~Disruption to payment systems etc.~~), notwithstanding the Facility Agent's negligence, gross negligence or any other category of liability whatsoever but not including any claim based on the fraud of the Facility Agent) in acting as Facility Agent under the Finance Documents (unless the Facility Agent has been reimbursed by a Borrower pursuant to a Finance Document).

## 22.12 Resignation of the Facility Agent

22.12.1 The Facility Agent may resign and appoint one of its Affiliates acting through an office in the U.K. as successor by giving notice to the Lenders and the Borrowers.

22.12.2 Alternatively the Facility Agent may resign by giving 30 days' notice to the Lenders and the Borrowers, in which case the Majority Lenders (after consultation with the Borrowers) may appoint a successor Facility Agent.

22.12.3 If the Majority Lenders have not appointed a successor Facility Agent in accordance with sub-clause 22.12.2 above within 20 days after notice of resignation was given, the retiring Facility Agent (after consultation with the Borrowers) may appoint a successor Facility Agent (acting through an office in the U.K.).

22.12.4 If the Facility Agent wishes to resign because (acting reasonably) it has concluded that it is no longer appropriate for it to remain as agent and the Facility Agent is entitled to appoint a successor Facility Agent under sub-clause 22.12.3 above, the Facility Agent may (if it concludes (acting reasonably) that it is necessary to do so in order to persuade the proposed successor Facility Agent to become a party to this Agreement as Facility Agent) agree with the proposed successor Facility Agent amendments to this Clause 22 and any other term of this Agreement dealing with the rights or obligations of the Facility Agent consistent with then current market practice for the appointment and protection of corporate trustees together with any reasonable amendments to the agency fee payable under this Agreement which are consistent with the successor Facility Agent's normal fee rates and those amendments will bind the Parties.

22.12.5 The retiring Facility Agent shall make available to the successor Facility Agent such documents and records and provide such assistance as the successor Facility Agent may reasonably request for the purposes of performing its functions as Facility Agent under the Finance Documents. The Borrower shall, within three Business Days of demand, reimburse the retiring Facility Agent for the amount of all costs and expenses (including legal fees) properly incurred by it in making available such documents and records and providing such assistance.

22.12.6 The Facility Agent's resignation notice shall only take effect upon the appointment of a successor.

22.12.7 Upon the appointment of a successor, the retiring Facility Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph 22.12.5 above) but shall remain entitled to the benefit of Clause 25.2 (~~Other Indemnities~~) and this Clause 22 (and any agency fees for the account of the retiring Facility Agent shall cease to accrue from (and shall be payable on) that date). Any successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

22.12.8 After consultation with the Borrowers, the Majority Lenders may, by notice to the Facility Agent, require it to resign in accordance with sub-clause 22.12.2 above. In this event, the Facility Agent shall resign in accordance with sub-clause 22.12.2 above.

22.12.9 The Facility Agent shall resign in accordance with sub-clause 22.12.2 above (and, to the extent applicable, shall use reasonable endeavours to appoint a successor Facility Agent pursuant to clause 22.12.3 above) if on or after the date which is three months before the earliest FATCA Application Date relating to any payment to the Facility Agent under the Finance Documents, either:

- (a) the Facility Agent fails to respond to a request under Clause 13.8 (FATCA information) and the Borrowers or a Lender reasonably believes that the Facility Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;
- (b) the information supplied by the Facility Agent pursuant to Clause 13.8 (FATCA information) indicates that the Facility Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date; or
- (c) the Facility Agent notifies the Borrower and the Lenders that the Facility Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;

and (in each case) the Borrowers or a Lender reasonably believes that a Party will be required to make a FATCA Deduction that would not be required if the Facility Agent were a FATCA Exempt Party, and the Borrowers or that Lender, by notice to the Facility Agent, requires it to resign.

#### 22.13 Confidentiality

22.13.1 In acting as agent for the Finance Parties, the Facility Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

22.13.2 If information is received by another division or department of the Facility Agent, it may be treated as confidential to that division or department and the Facility Agent shall not be deemed to have notice of it.

#### 22.14 Relationship with the Lenders

22.14.1 Subject to Clause 29.11 (~~Pro rata interest settlement~~), the Facility Agent may treat the person shown in its records as Lender at the opening of business (in the place of the Facility Agent's principal office as notified to the Finance Parties from time to time) as the Lender acting through its Facility Office:

- (a) entitled to or liable for any payment due under any Finance Document on that day; and
- (b) entitled to receive and act upon any notice, request, document or communication or make any decision or determination under any Finance Document made or delivered on that day,

unless it has received not less than five Business Days' prior notice from that Lender to the contrary in accordance with the terms of this Agreement.

22.14.2 Any Lender may by notice to the Facility Agent appoint a person to receive on its behalf all notices, communications, information and documents to be made or despatched to that Lender under the Finance Documents. Such notice shall contain the address and (where communication by electronic mail or other electronic means is permitted under Clause 36.5 (Electronic communication)) electronic mail address and/or any other

information required to enable the transmission of information by that means (and, in each case, the department or officer, if any, for whose attention communication is to be made) and be treated as a notification of a substitute address, electronic mail address (or such other information), department and officer by that Lender for the purposes of Clause 36.2 (Addresses) and paragraph (b) of sub-clause 36.5.1 and the Facility Agent shall be entitled to treat such person as the person entitled to receive all such notices, communications, information and documents as though that person were that Lender.

#### 22.15 Credit appraisal by the Lenders

Without affecting the responsibility of any Borrower for information supplied by it or on its behalf in connection with any Finance Document, each Lender confirms to the Administrative Parties that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

22.15.1 the financial condition, status and nature of each member of any Borrower Group;

22.15.2 the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

22.15.3 whether that Lender has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and

#### 22.16 Facility Agent's management time

Any amount payable to the Facility Agent under Clause 25.2 (Other Indemnities), Clause 26 (Expenses) and Clause 22.11 (Lenders' indemnity to the Facility Agent) shall include the cost of utilising the Facility Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Facility Agent may notify to the Borrowers and the Lenders, and is in addition to any fee paid or payable to the Facility Agent under Clause 24 (Fees).

#### 22.17 Deduction from amounts payable by the Facility Agent

If any Party owes an amount to the Facility Agent under the Finance Documents the Facility Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Facility Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

#### 22.18 Role of Reference Banks

22.18.1 No Reference Bank is under any obligation to provide a quotation or any other information to the Facility Agent.

22.18.2 No Reference Bank will be liable for any action taken by it under or in connection with any Finance Document, or for any Reference Bank Quotation, unless directly caused by its gross negligence or wilful misconduct.

22.18.3 No Party (other than the relevant Reference Bank) may take any proceedings against any officer, employee or agent of any Reference Bank in respect of any claim it might have against that Reference Bank or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document, or to any Reference Bank Quotation, and any officer, employee or agent of each Reference Bank may rely on this Clause 22.18 subject to Clause 1.3 (Third party rights) and the provisions of the Third Parties Act.

#### 22.19 Third party Reference Banks

A Reference Bank which is not a Party may rely on Clause 22.18 (Role of Reference Banks), Clause 27.2 (Exceptions) and Clause 31 (Confidentiality of Funding Rates and Reference Bank Quotations) subject to Clause 1.3 (Third party rights) and the provisions of the Third Parties Act.

Any certification or determination by a Finance Party of a rate or amount under any Finance Document is, in the absence of manifest error, conclusive evidence of the matters to which it relates.

#### 23.3 Day count convention

- (b) its status as a Lender shall be disregarded for the purpose of ascertaining whether the agreement of any specified group of Lenders has been obtained to approve that request.

27.3.3 In this Clause 27.3:

- (d) in the opinion of the Majority Lenders and the Borrowers, that Screen Rate is otherwise no longer appropriate for the purposes of calculating interest under this Agreement.

#### 27.4 Disenfranchisement of Defaulting Lenders

27.4.1 For so long as a Defaulting Lender has any Available Commitment, in ascertaining the Majority Lenders or whether any given percentage (including, for the avoidance of doubt, unanimity) of the Total Commitments has been obtained to approve any request for a consent, waiver, amendment or other vote under the Finance Documents, that Defaulting Lender's Commitments will be reduced by the amount of its Available Commitments.

27.4.2 For the purposes of this Clause 27.3, the Facility Agent may assume that the following Lenders are Defaulting Lenders:

- (a) any Lender which has notified the Facility Agent that it has become a Defaulting Lender;
- (b) any Lender in relation to which it is aware that any of the events or circumstances referred to in paragraphs (a), (b) or (c) of the definition of "Defaulting Lender" has occurred where, in the case of the events or circumstances referred to in paragraph (a), none of the exceptions to that paragraph apply,

unless it has received notice to the contrary from the Lender concerned (together with any supporting evidence reasonably requested by the Facility Agent) or the Facility Agent is otherwise aware that the Lender has ceased to be a Defaulting Lender.

## 27.5 Replacement of a Defaulting Lender

27.5.1 The Borrowers may, at any time a Lender has become and continues to be a Defaulting Lender, by giving 10 Business Days' prior written notice to the Facility Agent and such Lender:

- (a) replace such Lender by requiring such Lender to (and to the extent permitted by law such Lender shall) transfer pursuant to Clause 29 (~~Changes to the Lenders~~) all (and not part only) of its rights and obligations under this Agreement; or
- (b) require such Lender to (and to the extent permitted by law such Lender shall) transfer pursuant to Clause 29 (~~Changes to the Lenders~~) all (and not part only) of the undrawn Commitment of the Lender,

to a Lender or other bank, financial institution, trust, fund or other entity (a "Replacement Lender") selected by the Borrowers, and which is acceptable to the Facility Agent (acting reasonably) (unless the Facility Agent is an Impaired Agent), which confirms its willingness to assume and does assume all the obligations or all the relevant obligations of the transferring Lender (including the assumption of the transferring Lender's participations or unfunded participations (as the case may be) on the same basis as the transferring Lender) for a purchase price in cash payable at the time of transfer equal to the outstanding principal amount of such Lender's participation in the outstanding Loans and all accrued interest (to the extent that the Facility Agent has not given a notification under Clause 29.11 (~~Pro rata interest settlement~~)), Break Costs and other amounts payable in relation thereto under the Finance Documents.

27.5.2 Any transfer of rights and obligations of a Defaulting Lender pursuant to this Clause shall be subject to the following conditions:

- (a) no Borrower shall have the right to replace the Facility Agent;
- (b) neither the Facility Agent nor the Defaulting Lender shall have any obligation to the Borrowers to find a Replacement Lender;
- (c) the transfer must take place no later than 14 days after the notice referred to in sub-clause 27.5.1 above;
- (d) in no event shall the Defaulting Lender be required to pay or surrender to the Replacement Lender any of the fees received by the Defaulting Lender pursuant to the Finance Documents; and
- (e) the Defaulting Lender shall only be obliged to transfer its rights and obligations pursuant to sub-clause 27.5.1 above once it is satisfied that it has complied with all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to the transfer to the Replacement Lender.

## 27.6 Excluded Commitments

If a Lender does not accept or reject a request for an amendment, waiver or consent within 15 Business Days of receipt of such request (or such longer period as the Borrowers and the Facility Agent may agree), or abstains from accepting or rejecting a request for an amendment,

waiver or consent, its Commitments shall not be included for the purpose of calculating the Total Commitments or participations under any Facility when ascertaining whether any relevant percentage (including, for the avoidance of doubt, unanimity) of Commitments, Total Commitments and/or participations has been obtained to approve that request.

#### 27.7 Change of currency

27.7.1 Unless otherwise prohibited by law, if more than one currency or currency unit are at the same time recognised by the central bank of any country as the lawful currency of that country, then

- (a) any reference in the Finance Documents to, and any obligations arising under the Finance Documents in, the currency of that country shall be translated into, or paid in, the currency or currency unit of that country designated by the Facility Agent (after consultation with the Borrower); and
- (b) any translation from one currency or currency unit to another shall be at the official rate of exchange recognised by the central bank for the conversion of that currency or currency unit into the other, rounded up or down by the Facility Agent (acting reasonably).

27.7.2 If a change in any currency of a country occurs, this Agreement will, to the extent the Facility Agent (acting reasonably and after consultation with the Borrowers) specifies to be necessary, be amended to comply with any generally accepted conventions and market practice in the Relevant Market and otherwise to reflect the change in currency.

#### 27.8 Waivers and remedies cumulative

The rights of each Finance Party under the Finance Documents:

27.8.1 may be exercised as often as necessary;

27.8.2 are cumulative and not exclusive of its rights under the general law; and

27.8.3 may be waived only in writing and specifically.

Delay in exercising or non-exercise of any right is not a waiver of that right.

#### 28. CHANGES TO THE BORROWERS

No Borrower may assign or transfer any of its rights and obligations under the Finance Documents without the prior consent of all the Lenders.

#### 29. CHANGES TO THE LENDERS

##### 29.1 Assignments and transfers by Lenders

29.1.1 Subject to this Clause 29, a Lender (the "Existing Lender") may:

- (a) assign any of its rights; or
- (b) transfer by novation any of its rights and obligations,

under this Agreement to any bank, financial institution or to a trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (the "New Lender").

29.1.2 For the avoidance of doubt, any assignment or transfers pursuant to this Clause 29 (~~Changes to the Lenders~~) will apply on a *pro rata* basis across all Facilities.

29.1.3 Unless each of the Borrowers and the Facility Agent otherwise agree, an assignment or transfer of part of a Commitment or rights and obligations under this Agreement by the Existing Lender must be in an aggregate minimum amount (across the Facilities) of £15,000,000.

## 29.2 Borrower Consent

29.2.1 The consent of the Borrowers is required for an assignment or transfer by an Existing Lender, unless the assignment or transfer is:

- (a) to another Lender or an Affiliate of any Lender; or
- (b) made at a time when an Event of Default is continuing.

29.2.2 The consent of the Borrowers to an assignment or transfer must not be unreasonably withheld or delayed. The Borrowers will be deemed to have given its consent ten Business Days after the Existing Lender has requested it unless consent is expressly refused by the Borrowers within that time.

## 29.3 Other conditions of assignment or transfer

29.3.1 An assignment will only be effective on:

- (a) receipt by the Facility Agent (whether in the Assignment Agreement or otherwise) of written confirmation from the New Lender (in form and substance satisfactory to the Facility Agent) that the New Lender will assume the same obligations to the other Finance Parties as it would have been under if it had been an Original Lender; and
- (b) performance by the Facility Agent of all necessary “know your customer” or other similar checks under all applicable laws and regulations in relation to such assignment to a New Lender, the completion of which the Facility Agent shall promptly notify to the Existing Lender and the New Lender

29.3.2 A transfer will only be effective if the procedure set out in Clause 29.6 (~~Procedure for transfer~~) is complied with.

29.3.3 If:

- (a) a Lender assigns or transfers any of its rights or obligations under the Finance Documents or changes its Facility Office; and
- (b) as a result of circumstances existing at the date the assignment, transfer or change occurs, a Borrower would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 13 (~~Tax gross-up and indemnities~~) or Clause 14 (~~Increased Costs~~),

then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under those Clauses to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred. This sub-clause 29.3.3 shall not apply:

- (a) in respect of an assignment or transfer made in the ordinary course of the primary syndication of any Facility; or

- (b) in relation to Clause 13.2 (Tax gross-up), to a Treaty Lender that has included a confirmation of its scheme reference number and its jurisdiction of tax residence in accordance with Clause 13.2.7(b) (Tax gross-up) if the Borrower making the payment has not made a Borrower DTTP Filing in respect of that Treaty Lender.

29.3.4 Each New Lender, by executing the relevant Transfer Certificate or Assignment Agreement, confirms, for the avoidance of doubt, that the Facility Agent has authority to execute on its behalf any amendment or waiver that has been approved by or on behalf of the requisite Lender or Lenders in accordance with this Agreement on or prior to the date on which the transfer or assignment becomes effective in accordance with this Agreement and that it is bound by that decision to the same extent as the Existing Lender would have been had it remained a Lender

#### 29.4 Assignment or transfer fee

Unless the Facility Agent otherwise agrees, the New Lender shall, on the date upon which an assignment or transfer takes effect, pay to the Facility Agent (for its own account) a fee £3,000.

#### 29.5 Limitation of responsibility of Existing Lender

29.5.1 Unless expressly agreed to the contrary, an Existing Lender makes no representation or warranty and assumes no responsibility to a New Lender for:

- (a) the legality, validity, effectiveness, adequacy, or enforceability of the Finance Documents or any other document;
- (b) the financial condition of any Borrower;
- (c) the performance and observance by any Borrower of its obligations under the Finance Documents or any other documents; or
- (d) the accuracy of any statements (whether written or oral) made in or in connection with any Finance Document or any other document,

and any representations or warranties implied by law are excluded.

29.5.2 Each New Lender confirms to the Existing Lender and the other Finance Parties that it:

- (a) has made (and shall continue to make) its own independent investigation and assessment of the financial condition and affairs of each Borrower and its related entities in connection with its participation in this Agreement and has not relied exclusively on any information provided to it by the Existing Lender in connection with any Finance Document; and
- (b) will continue to make its own independent appraisal of the creditworthiness of each Borrower and its related entities whilst any amount is or may be outstanding under the Finance Documents or any Commitment is in force.

29.5.3 Nothing in any Finance Document requires an Existing Lender to:

- (a) accept a re-transfer or re-assignment from a New Lender of any of the rights and obligations assigned or transferred under this Clause; or
- (b) support any losses directly or indirectly incurred by the New Lender by reason of the non-performance by a Borrower of its obligations under any Finance Document or otherwise.

## 29.6 Procedure for transfer

- 29.6.1 Subject to the conditions set out in Clauses 29.2 (~~Borrower consent~~) and Clause 29.3 (~~Other conditions of assignment or transfer~~) a transfer is effected in accordance with paragraph 29.6.3 below when the Facility Agent executes an otherwise duly completed Transfer Certificate delivered to it by the Existing Lender and the New Lender. The Facility Agent shall, subject to paragraph 29.6.2 below, as soon as reasonably practicable after receipt by it of a duly completed Transfer Certificate appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Transfer Certificate.
- 29.6.2 The Facility Agent shall only be obliged to execute a Transfer Certificate delivered to it by the Existing Lender and the New Lender once it is satisfied it has complied with all necessary “know your customer” or other similar checks under all applicable laws and regulations in relation to the transfer to such New Lender.
- 29.6.3 Subject to Clause 29.11 (~~Pro rata interest settlement~~), on the Transfer Date:
- (a) to the extent that in the Transfer Certificate the Existing Lender seeks to transfer by novation its rights and obligations under the Finance Documents each of the Borrowers and the Existing Lender shall be released from further obligations towards one another under the Finance Documents and their respective rights against one another under the Finance Documents shall be cancelled (being the “Discharged Rights and Obligations”);
  - (b) each of the Borrowers and the New Lender shall assume obligations towards one another and/or acquire rights against one another which differ from the Discharged Rights and Obligations only insofar as that Borrower and the New Lender have assumed and/or acquired the same in place of that Borrower and the Existing Lender;
  - (c) the Facility Agent, the Arrangers, the New Lender and other Lenders shall acquire the same rights and assume the same obligations between themselves as they would have acquired and assumed had the New Lender been an Original Lender with the rights and/or obligations acquired or assumed by it as a result of the transfer and to that extent the Facility Agent, the Arrangers and the Existing Lender shall each be released from further obligations to each other under the Finance Documents; and
  - (d) the New Lender shall become a Party as a “Lender”.

## 29.7 Procedure for assignment

- 29.7.1 Subject to the conditions set out in Clause 29.2 (~~Borrower consent~~) and Clause 29.3 (~~Other conditions of assignment or transfer~~) an assignment may be effected in accordance with sub-clause 29.7.3 below when the Facility Agent executes an otherwise duly completed Assignment Agreement delivered to it by the Existing Lender and the New Lender. The Facility Agent shall, subject to sub-clause 29.7.2 below, as soon as reasonably practicable after receipt by it of a duly completed Assignment Agreement appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Assignment Agreement.
- 29.7.2 The Facility Agent shall only be obliged to execute an Assignment Agreement delivered to it by the Existing Lender and the New Lender once it is satisfied it has

complied with all necessary “know your customer” or other similar checks under all applicable laws and regulations in relation to the assignment to such New Lender.

29.7.3 Subject to Clause 29.11 (**Pro rata interest settlement**), on the Transfer Date:

- (a) the Existing Lender will assign absolutely to the New Lender the rights under the Finance Documents expressed to be the subject of the assignment in the Assignment Agreement;
- (b) the Existing Lender will be released by each Borrower and the other Finance Parties from the obligations owed by it (the “**Relevant Obligations**”) and expressed to be the subject of the release in the Assignment Agreement; and
- (c) the New Lender shall become a Party as a “Lender” and will be bound by obligations equivalent to the Relevant Obligations.

29.7.4 Lenders may utilise procedures other than those set out in this Clause 29.7 to assign their rights under the Finance Documents (but not, without the consent of the relevant Borrower or unless in accordance with Clause 29.6 (**Procedure for transfer**), to obtain a release by that Borrower from the obligations owed to that Borrower by the Lenders nor the assumption of equivalent obligations by a New Lender) provided that they comply with the conditions set out in Clause 29.2 (**Borrower consent**) and Clause 29.3 (**Other conditions of assignment or transfer**).

#### 29.8 Changes to the Reference Banks

29.8.1 If a Reference Bank (or, if a Reference Bank is not a Lender, the Lender of which it is an Affiliate) ceases to be a Lender, the Facility Agent must (in consultation with the Borrowers) appoint another Lender or an Affiliate of a Lender to replace that Reference Bank.

29.8.2 If a Reference Bank ceases to have a London office or novates or assigns all its rights and obligations under this Agreement or if any Commitments of any Reference Bank are cancelled or if Loans it has advanced are prepaid it shall be replaced as a Reference Bank by such other Lender or an Affiliate of a Lender with an office in London as the Facility Agent (after consultation with the Borrowers) shall designate by notice to the Borrowers and the Lenders.

#### 29.9 Copy of Transfer Certificate, Assignment Agreement or Increase Confirmation to the Borrowers

The Facility Agent shall, as soon as reasonably practicable after it has executed a Transfer Certificate, an Assignment Agreement or an Increase Confirmation, send to the Borrowers a copy of that Transfer Certificate, Assignment Agreement or Increase Confirmation.

#### 29.10 Security over Lenders' rights

In addition to the other rights provided to Lenders under this Clause 29, each Lender may without consulting with or obtaining consent from any Borrower, at any time charge, assign or otherwise create a Security Interest in or over (whether by way of collateral or otherwise) all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

- (a) any charge, assignment or other Security Interest to secure obligations to a federal reserve or central bank; and

- (b) any charge, assignment or other Security Interest granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

except that no such charge, assignment or Security Interest shall:

- (i) release a Lender from any of its obligations under the Finance Documents or substitute the beneficiary of the relevant charge, assignment or other security for the Lender as a party to any of the Finance Documents; or
- (ii) require any payments to be made by any Borrower other than or in excess of, or grant to any person any more extensive rights than, those required to be made or granted to the relevant Lender under the Finance Documents.

#### 29.11 Pro rata interest settlement

29.11.1 If the Facility Agent has notified the Lenders that it is able to distribute interest payments on a “pro rata basis” to Existing Lenders and New Lenders then (in respect of any transfer pursuant to Clause 29.6 (Procedure for transfer) or any assignment pursuant to Clause 29.7 (Procedure for assignment) the Transfer Date of which, in each case, is after the date of such notification and is not on the last day of a Term):

- (a) any interest or fees in respect of the relevant participation which are expressed to accrue by reference to the lapse of time shall continue to accrue in favour of the Existing Lender up to but excluding the Transfer Date (“Accrued Amounts”) and shall become due and payable to the Existing Lender (without further interest accruing on them) on the last day of the current Term (or, if the Term is longer than six months, on the next of the dates which falls at six monthly intervals after the first day of that Term); and
- (b) the rights assigned or transferred by the Existing Lender will not include the right to the Accrued Amounts, so that, for the avoidance of doubt:
  - (i) when the Accrued Amounts become payable, those Accrued Amounts will be payable for the account of the Existing Lender; and
  - (ii) the amount payable to the New Lender on that date will be the amount which would, but for the application of this Clause 29.11, have been payable to it on that date, but after deduction of the Accrued Amounts.

29.11.2 In this Clause 29.11, references to “Term” shall be construed to include a reference to any other period for accrual of fees.

29.11.3 An Existing Lender which retains the right to the Accrued Amounts pursuant to this Clause 29.11 but which does not have a Commitment shall be deemed not to be a Lender for the purposes of ascertaining whether the agreement of any specified group of Lenders has been obtained to approve any request for a consent, waiver, amendment or other vote of Lenders under the Finance Documents.

- (n) changes to any of the information previously supplied pursuant to paragraphs (a) to (m) above; and
- (o) such other information agreed between such Finance Party and the Borrowers, to enable such numbering service provider to provide its usual syndicated loan numbering identification services.

30.3.2 The Parties acknowledge and agree that each identification number assigned to this Agreement, each Facility and/or the Borrowers by a numbering service provider and the information associated with each such number may be disclosed to users of its services in accordance with the standard terms and conditions of that numbering service provider.

30.3.3 Each Borrower represents that none of the information set out in paragraphs (a) to (o) of sub-clause 30.3.1 above is, nor will at any time be, unpublished price-sensitive information.

30.3.4 The Facility Agent shall notify the Borrowers and the other Finance Parties of;

- (a) the name of any numbering service provider appointed by the Facility Agent in respect of this Agreement, each Facility and/or the Borrowers; and
- (b) the number or, as the case may be, numbers assigned to this Agreement, each Facility and/or the Borrowers by such numbering service provider.

#### 30.4 Continuing obligations

The obligations in this Clause 30 are continuing and, in particular, shall survive and remain binding on each Finance Party for a period of twelve months from the earlier of:

30.4.1 the date on which all amounts payable by the Borrowers under or in connection with this Agreement have been paid in full and all Commitments have been cancelled or otherwise cease to be available; and

30.4.2 the date on which such Finance Party otherwise ceases to be a Finance Party.

#### 31. CONFIDENTIALITY OF FUNDING RATES AND REFERENCE BANK QUOTATIONS

##### 31.1 Confidentiality and disclosure

31.1.1 The Facility Agent and each Borrower agree to keep each Funding Rate (and, in the case of the Facility Agent, each Reference Bank Quotation) confidential and not to disclose it to anyone, save to the extent permitted by sub-clause 31.1.2, 31.1.3 and 31.1.4 below.

31.1.2 The Facility Agent may disclose:

- (a) any Funding Rate (but not, for the avoidance of doubt, any Reference Bank Quotation) to the Borrowers pursuant to Clause 10.4 (Notification of rates of interest); and
- (b) any Funding Rate or any Reference Bank Quotation to any person appointed by it to provide administration services in respect of one or more of the Finance Documents to the extent necessary to enable such service provider to provide those services if the service provider to whom that information is to be given has entered into a Confidentiality Undertaking.

31.1.3 The Facility Agent may disclose any Funding Rate or any Reference Bank Quotation, and each Borrower may disclose any Funding Rate, to:

- (a) any of its Affiliates and any of its or their officers, directors, employees, professional advisers, auditors and partners if any person to whom that Funding Rate or Reference Bank Quotation is to be given pursuant to this paragraph (a) is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of that Funding Rate or Reference Bank Quotation or is otherwise bound by requirements of confidentiality in relation to it;
- (b) any person to whom information is required or requested to be disclosed by any court of competent jurisdiction or any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation if the person to whom that Funding Rate or Reference Bank Quotation is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the relevant Borrower, as the case may be, it is not practicable to do so in the circumstances;

- (c) any person to whom information is required to be disclosed in connection with, and for the purposes of, any litigation, arbitration, administrative or other investigations, proceedings or disputes if the person to whom that Funding Rate or Reference Bank Quotation is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Facility Agent or the relevant Borrower, as the case may be, it is not practicable to do so in the circumstances; and
- (d) any person with the consent of the relevant Lender or Reference Bank, as the case may be.

31.1.4 The Facility Agent's obligations in this Clause 31 (**Confidentiality of Funding Rates and Reference Bank Quotations**) relating to Reference Bank Quotations are without prejudice to its obligations to make notifications under Clause 10.4 (**Notification of rates of interest**) provided that (other than pursuant to paragraph (a) of sub-clause 31.1.2 above) the Facility Agent shall not include the details of any individual Reference Bank Quotation as part of any such notification.

## 31.2 Other obligations

31.2.1 The Facility Agent and each Borrower acknowledge that each Funding Rate (and, in the case of the Facility Agent, each Reference Bank Quotation) is or may be price-sensitive information and that its use may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse and the Facility Agent and each Borrower undertakes not to use any Funding Rate or, in the case of the Facility Agent, any Reference Bank Quotation for any unlawful purpose.

31.2.2 The Facility Agent and each Borrower agrees (to the extent permitted by law and regulation) to inform the relevant Lender or Reference Bank, as the case may be:

- (a) of the circumstances of any disclosure made pursuant to paragraph (b) of sub-clause 31.1.3 above except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and
- (b) upon becoming aware that any information has been disclosed in breach of this Clause 31 (**Confidentiality of Funding Rates and Reference Bank Quotations**).

## 32. SET-OFF

A Finance Party may set off any matured obligation owed to it by a Borrower under the Finance Documents (to the extent beneficially owned by that Finance Party) against any obligation (whether or not matured) owed by that Finance Party to that Borrower, regardless of the place of payment, booking branch or currency of either obligation. If the obligations are in different currencies, the Finance Party may convert either obligation at a market rate of exchange in its usual course of business for the purpose of the set-off.

### 33. PRO RATA SHARING

#### 33.1 Redistribution

33.1.1 If any amount owing by a Borrower under this Agreement to a Lender (the "recovering Lender") is discharged by payment, set-off or any other manner other than through the Facility Agent under this Agreement (a "recovery"), then:

- (a) the recovering Lender must, within three Business Days, supply details of the recovery to the Facility Agent;
- (b) the Facility Agent must calculate whether the recovery is in excess of the amount which the recovering Lender would have received if the recovery had been received by the Facility Agent under this Agreement; and
- (c) the recovering Lender must pay to the Facility Agent an amount equal to the excess (the "redistribution").

#### 33.2 Effect of redistribution

33.2.1 The Facility Agent must treat a redistribution as if it were a payment by the relevant Borrower under this Agreement and distribute it among the Lenders, other than the recovering Lender, accordingly.

33.2.2 When the Facility Agent makes a distribution under sub-clause 33.2.1 above, the recovering Lender will be subrogated to the rights of the Finance Parties which have shared in that redistribution.

33.2.3 If and to the extent that the recovering Lender is not able to rely on any rights of subrogation under sub-clause 33.2.2 above, the Borrower will owe the recovering Lender a debt which is equal to the redistribution, immediately payable and of the type originally discharged.

33.2.4 If:

- (a) a recovering Lender must subsequently return a recovery, or an amount measured by reference to a recovery, to a Borrower; and
- (b) the recovering Lender has paid a redistribution in relation to that recovery,

each Finance Party must reimburse the recovering Lender all or the appropriate portion of the redistribution paid to that Finance Party, together with interest for the period while it held the re-distribution. In this event, the subrogation in sub-clause 33.2.2 above will operate in reverse to the extent of the reimbursement.

#### 33.3 Exceptions

Notwithstanding any other term of this Clause 33.3, a recovering Lender need not pay a redistribution to the extent that:

33.3.1 it would not, after the payment, have a valid claim against that Borrower in the amount of the redistribution; or

33.3.2 it would be sharing with another Finance Party any amount which the recovering Lender has received or recovered as a result of legal or arbitration proceedings, where:

- (a) the recovering Lender notified the Facility Agent of those proceedings; and

- (b) the other Finance Party had an opportunity to participate in those proceedings but did not do so or did not take separate legal or arbitration proceedings as soon as reasonably practicable after receiving notice of them.

#### 34. SEVERABILITY

34.1 If a term of a Finance Document is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect:

34.1.1 the legality, validity or enforceability in that jurisdiction of any other term of the Finance Documents; or

34.1.2 the legality, validity or enforceability in other jurisdictions of that or any other term of the Finance Documents.

#### 35. COUNTERPARTS

Each Finance Document may be executed in any number of counterparts. This has the same effect as if the signatures on the counterparts were on a single copy of the Finance Document.

36.3.3 Any communication or document which becomes effective, in accordance with sub-clause 36.3.1 above, after 5:00 p.m. in the place of receipt shall be deemed only to become effective on the following day.

### 36.4 Notification of address

Promptly upon changing its address, the Facility Agent shall notify the other Parties.

36.5 Electronic communication

- 36.5.1 Any communication or document to be made or delivered by one Party to another under or in connection with the Finance Documents may be made or delivered by electronic mail or other electronic means (including, without limitation, by way of posting to a secure website) if those two Parties:
- (a) notify each other in writing of their electronic mail address and/or any other information required to enable the transmission of information by that means; and

- 36.5.2 Any such electronic communication or delivery as specified in sub-clause 36.5.1 above to be made between a Borrower and a Finance Party may only be made in that way to the extent that those two Parties agree that, unless and until notified to the contrary, this is to be an accepted form of communication or delivery.
- 36.5.3 Any such electronic communication or document as specified in sub-clause 36.5.1 above made or delivered by one Party to another will be effective only when actually received (or made available) in readable form and in the case of any electronic communication or document made or delivered by a Party to the Facility Agent only if it is addressed in such a manner as the Facility Agent shall specify for this purpose.
- 36.5.4 Any electronic communication or document which becomes effective, in accordance with sub-clause 36.3.2 above, after 5:00 p.m. in the place in which the Party to whom the relevant communication or document is sent or made available has its address for the purpose of this Agreement shall be deemed only to become effective on the following day.
- 36.5.5 Any reference in a Finance Document to a communication being sent or received or a document being delivered shall be construed to include that communication or document being made available in accordance with this Clause 36.5.

36.6 English language

- 36.6.1 Any notice given under or in connection with any Finance Document must be in English.
- 36.6.2 All other documents provided under or in connection with any Finance Document must be:

36.7 Communication when Facility Agent is Impaired Agent

If the Facility Agent is an Impaired Agent the Parties may, instead of communicating with each other through the Facility Agent, communicate with each other directly and (while the Facility Agent is an Impaired Agent) all the provisions of the Finance Documents which require communications to be made or notices to be given to or by the Facility Agent shall be varied so

that communications may be made and notices given to or by the relevant Parties directly. This provision shall not operate after a replacement Facility Agent has been appointed.

### 37. LANGUAGE

37.1.1 Any notice given in connection with a Finance Document must be in English.

37.1.2 Any other document provided in connection with a Finance Document must be:

- (a) in English; or

### 38. GOVERNING LAW

This Agreement and any non-contractual obligations arising out of or in connection with it are governed by English law.

39.1.1 The English courts have exclusive jurisdiction to settle any dispute in connection with any Finance Document including a dispute relating to any non-contractual obligation arising out of or in connection with this Agreement.

39.1.2 The Parties agree that the English courts are the most appropriate and convenient courts to settle any such dispute and each Borrower waives objection to those courts on the grounds of inconvenient forum or otherwise in relation to proceedings in connection with any Finance Document.

39.1.3 Notwithstanding sub-clauses 39.1.1 and 39.1.2 above, no Finance Party shall be prevented from taking:

- (a) proceedings in any other court; and
- (b) concurrent proceedings in any number of jurisdictions.

### 40. CONTRACTUAL RECOGNITION OF BAIL-IN

Notwithstanding any other term of any Finance Document or any other agreement, arrangement or understanding between the Parties, each Party acknowledges and accepts that any liability of any Party to any other Party under or in connection with the Finance Documents may be subject to Bail-In Action by the relevant Resolution Authority and acknowledges and accepts to be bound by the effect of:

- (a) any Bail-In Action in relation to any such liability, including (without limitation):
  - (i) a reduction, in full or in part, in the principal amount, or outstanding amount due (including any accrued but unpaid interest) in respect of any such liability;

- (iii) a cancellation of any such liability; and
- (b) a variation of any term of any Finance Document to the extent necessary to give effect to any Bail-In Action in relation to any such liability.

## Forward-looking Information

Statements contained in this Form 10-Q concerning expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact are "forward-looking statements" within the meaning of the federal securities laws. Although the Registrants believe that the expectations and assumptions reflected in these statements are reasonable, there can be no assurance that these expectations will prove to be correct. Forward-looking statements are subject to many risks and uncertainties, and actual results may differ materially from the results discussed in forward-looking statements. In addition to the specific factors discussed in each Registrant's 2019 Form 10-K and in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-Q, the following are among the important factors that could cause actual results to differ materially and adversely from the forward-looking statements:

- the COVID-19 pandemic and its impact on economic conditions and financial markets;
- other pandemic health events or other catastrophic events such as fires, earthquakes, explosions, floods, droughts, tornadoes, hurricanes and other storms;
- strategic acquisitions, dispositions, or similar transactions, including the potential sale of our U.K. utility business, and our ability to consummate these business transactions or realize expected benefits from them;
- the outcome of rate cases or other cost recovery or revenue proceedings;
- changes in U.S. state or federal or U.K. tax laws or regulations;
- the direct or indirect effects on PPL or its subsidiaries or business systems of cyber-based intrusion or the threat of cyberattacks;
- significant decreases in demand for electricity in the U.S.;
- expansion of alternative and distributed sources of electricity generation and storage;
- changes in foreign currency exchange rates for British pound sterling and the related impact on unrealized gains and losses on PPL's foreign currency economic hedges;
- the effectiveness of our risk management programs, including foreign currency and interest rate hedging;
- non-achievement by WPD of performance targets set by Ofgem;
- the effect of changes in RPI on WPD's revenues and index linked debt;
- developments related to the U.K.'s withdrawal from the European Union and any responses thereto;
- the amount of WPD's pension deficit funding recovered in revenues after March 31, 2021, following the triennial pension review which began in March 2019 and is due to conclude at the end of 2020;
- defaults by counterparties or suppliers for energy, capacity, coal, natural gas or key commodities, goods or services;
- capital market conditions, including the availability of capital or credit, changes in interest rates and certain economic indices, and decisions regarding capital structure;
- a material decline in the market value of PPL's equity;
- significant decreases in the fair value of debt and equity securities and their impact on the value of assets in defined benefit plans, and the potential cash funding requirements if fair value declines;
- interest rates and their effect on pension and retiree medical liabilities, ARO liabilities and interest payable on certain debt securities;
- volatility in or the impact of other changes in financial markets and economic conditions;
- the potential impact of any unrecorded commitments and liabilities of the Registrants and their subsidiaries;
- new accounting requirements or new interpretations or applications of existing requirements;
- changes in the corporate credit ratings or securities analyst rankings of the Registrants and their securities;
- any requirement to record impairment charges pursuant to GAAP with respect to any of our significant investments;
- laws or regulations to reduce emissions of GHGs or the physical effects of climate change;
- continuing ability to access fuel supply for LG&E and KU, as well as the ability to recover fuel costs and environmental expenditures in a timely manner at LG&E and KU and natural gas supply costs at LG&E;
- weather and other conditions affecting generation, transmission and distribution operations, operating costs and customer energy use;
- war, armed conflicts, terrorist attacks, or similar disruptive events;
- changes in political, regulatory or economic conditions in states, regions or countries where the Registrants or their subsidiaries conduct business;
- receipt of necessary governmental permits and approvals;
- new state, federal or foreign legislation or regulatory developments;
- the impact of any state, federal or foreign investigations applicable to the Registrants and their subsidiaries and the energy industry;
- our ability to attract and retain qualified employees;
- the effect of any business or industry restructuring;

[Table of Contents](#)

- development of new projects, markets and technologies;
- performance of new ventures;
- collective labor bargaining negotiations; and
- the outcome of litigation involving the Registrants and their subsidiaries.

Any forward-looking statements should be considered in light of these important factors and in conjunction with other documents of the Registrants on file with the SEC.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for the Registrants to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those contained in any forward-looking statement. Any forward-looking statement speaks only as of the date on which such statement is made, and the Registrants undertake no obligation to update the information contained in the statement to reflect subsequent developments or information.

**1. Interim Financial Statements**

*(All Registrants)*

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2019 is derived from that Registrant's 2019 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2019 Form 10-K. The results of operations for the three and nine months ended September 30, 2020 are not necessarily indicative of the results to be expected for the full year ending December 31, 2020 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

**2. Summary of Significant Accounting Policies**

*(All Registrants)*

The following accounting policy disclosures represent updates to Note 1 in each Registrant's 2019 Form 10-K and should be read in conjunction with those disclosures.

**Restricted Cash and Cash Equivalents (PPL and PPL Electric)**

*Reconciliation of Cash, Cash Equivalents and Restricted Cash*

The following provides a reconciliation of Cash, Cash Equivalents and Restricted Cash reported within the Balance Sheets that sum to the total of the same amounts shown on the Statements of Cash Flows:

	PPL		PPL Electric	
	September 30, 2020	December 31, 2019	September 30, 2020	December 31, 2019
Cash and cash equivalents	\$ 746	\$ 815	\$ 26	\$ 262

Restricted cash - noncurrent (a)	20	18	—	—
Total Cash, Cash Equivalents and Restricted Cash	\$ 769	\$ 836	\$ 28	\$ 264

(a) Bank deposits and other cash equivalents that are restricted by agreement or that have been clearly designated for a specific purpose are classified as restricted cash. On the Balance Sheets, the current portion of restricted cash is included in "Other current assets," while the noncurrent portion is included in "Other noncurrent assets."

**Current Expected Credit Losses**

*(All Registrants)*

Financing receivable collectability is evaluated using a combination of factors, including past due status based on contractual terms, trends in write-offs and the age of the receivable. Specific events, such as bankruptcies, are also considered when applicable. Adjustments to the reserve for credit losses are made when necessary based on the results of analysis, the aging of receivables and historical and industry trends. The Registrants periodically evaluate the impact of observable external factors on the collectability of the financing receivables to determine if adjustments to the reserve for credit losses should be made based on current conditions or reasonable and supportable forecasts.

Accounts receivable are written off in the period in which the receivable is deemed uncollectible.

*(PPL and PPL Electric)*

PPL Electric has identified one class of financing receivables, "accounts receivable-customer", which includes financing receivables for all billed and unbilled sales with residential and non-residential customers. All other financing receivables are classified as other. Within the credit loss model for the residential customer accounts receivables, customers are disaggregated based on their projected propensity to pay, which is derived from historical trends and the current activity of the individual customer accounts. Conversely, the non-residential customer accounts receivables are not further segmented due to the varying nature of the individual customers, which lack readily identifiable risk characteristics for disaggregation.

*(PPL, LKE, LG&E and KU)*

LKE, LG&E and KU have identified one class of financing receivables, "accounts receivable-customer", which includes financing receivables for all billed and unbilled sales with customers. All other financing receivables are classified as other.

### Asset Impairment (Excluding Investments)

*(PPL, LKE, LG&E and KU)*

PPL, LKE, LG&E and KU review goodwill for impairment at the reporting unit level annually or more frequently when events or circumstances indicate that the carrying amount of a reporting unit may be greater than the unit's fair value. PPL's, LKE's, LG&E's and KU's reporting units are primarily at the operating segment level.

During the three month period ended March 31, 2020, PPL, LKE, LG&E and KU considered whether the economic events associated with COVID-19, which resulted in PPL's shares experiencing volatility and a decrease in market value, would more likely than not reduce the fair value of the Registrants' reporting units below their carrying amounts. See "Risks and Uncertainties" in Note 11 for additional information about COVID-19. Based on our assessment, a quantitative impairment test was not required for the LKE, LG&E and KU reporting units, but was required for the U.K. Regulated segment reporting unit, the allocated goodwill of which was \$2.5 billion at March 31, 2020. The test did not indicate impairment of the reporting unit.

During the three month periods ended June 30, 2020 and September 30, 2020, no goodwill impairment triggers were identified. However, an impairment charge could occur in future periods if PPL's share price or any of the assumptions used in determining fair value of the reporting units are negatively impacted.

*(PPL)*

On August 10, 2020, PPL announced that it is initiating a formal process to sell its U.K. utility business. As a result of the potential sale, PPL assessed the recoverability of the assets of its U.K. utility business. See Note 9 for additional information.

### **New Accounting Guidance Adopted**

*(All Registrants)*

#### Accounting for Financial Instrument Credit Losses

Effective January 1, 2020, the Registrants adopted accounting guidance, using a modified retrospective approach, that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of the guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under previous GAAP. The adoption of this guidance did not have a material impact on the Registrants.

Accounting for Implementation Costs in a Cloud Computing Service Arrangement

Effective January 1, 2020, the Registrants prospectively adopted accounting guidance that requires a customer in a cloud computing hosting arrangement that is a service contract to capitalize implementation costs consistent with internal-use software guidance for non-service arrangements. The guidance requires these capitalized implementation costs to be amortized over the term of the hosting arrangement to the statement of income line item where the service arrangement costs are recorded. The guidance also prescribes the financial statement classification of the capitalized implementation costs and cash flows associated with the arrangement. The adoption of this guidance did not have a material impact on the Registrants.

(PPL, LKE, LG&E and KU)

Simplifying the Test for Goodwill Impairment

Effective January 1, 2020, the Registrants adopted accounting guidance that simplifies the test for goodwill impairment by eliminating the second step of the quantitative test. The second step of the quantitative test required a calculation of the implied fair value of goodwill, which was determined in the same manner as the amount of goodwill in a business combination. Under the new guidance, the fair value of a reporting unit will be compared with the carrying value and an impairment charge will be recognized if the carrying amount exceeds the fair value of the reporting unit. The adoption of this guidance did not have a material impact on the Registrants.

[Table of Contents](#)

- (b) Includes \$2.6 billion and \$2.5 billion of goodwill as of September 30, 2020 and December 31, 2019. The change is due to the effect of foreign currency exchange rates.  
(c) Primarily consists of unallocated items, including cash, PP&E, goodwill, the elimination of inter-segment transactions as well as the assets of Safari Energy.

(PPL Electric, LKE, LG&E and KU)

PPL Electric has two operating segments, distribution and transmission, which are aggregated into a single reportable segment. LKE, LG&E and KU are individually single operating and reportable segments.

- (a) Represents customers of WPD.
- (b) Primarily includes revenues from pole attachments, street lighting, other public authorities and other non-core businesses.
- (c) Includes wholesale power and transmission revenues. LG&E and KU amounts include intercompany power sales and transmission revenues, which are eliminated upon consolidation at LKE.
- (d) In the fourth quarter of 2019, management deemed it appropriate to present the revenue offset associated with network integration transmission service (NITS) as distribution revenue rather than transmission revenue.

As discussed in Note 2 in PPL's 2019 Form 10-K, PPL segments its business by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the footnotes to the tables above. PPL Electric's revenues from contracts with customers are further disaggregated by distribution and transmission, which were \$407 million and \$174 million for the three months ended September 30, 2020 and \$1.2 billion and \$497 million for the nine months ended September 30, 2020. PPL Electric's revenue from contracts with customers disaggregated by distribution and transmission were \$477 million and \$112 million for the three months ended September 30, 2019 and \$1.4 billion and \$318 million for the nine months ended September 30, 2019.

Contract receivables from customers are primarily included in "Accounts receivable - Customer" and "Unbilled revenues" on the Balance Sheets.

The following table shows the accounts receivable and unbilled revenues balances that were impaired for the periods ended September 30.

	Three Months		Nine Months	
	2020	2019	2020	2019

The following table shows the balances and certain activity of contract liabilities resulting from contracts with customers.

	PPL	PPL Electric	LKE	LG&E	KU
Contract liabilities at December 31, 2019	\$ 44	\$ 21	\$ 9	\$ 5	\$ 4
Contract liabilities at September 30, 2020	40	18	9	5	4

Contract liabilities at December 31, 2018	\$ 42	\$ 23	\$ 9	\$ 5	\$ 4

Revenue recognized during the nine months ended September 30, 2019 that was included in the contract liability balance at December 31, 2018	31	11	9	5	4

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date. Advanced billings for customer attachments are recognized as revenue ratably over the billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At September 30, 2020, PPL had \$40 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$40 million within the next 12 months.

## 5. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below. These dilutive securities include the PPL common stock forward sale agreements, which were settled in 2019. The forward sale

agreements were dilutive under the Treasury Stock Method to the extent the average stock price of PPL's common shares exceeded the forward sale price prescribed in the agreements.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended September 30 used in the EPS calculation are:

(a) The U.K. corporation tax rate was scheduled to be reduced from 19% to 17%, effective April 1, 2020. On March 11, 2020, the U.K. Finance Act 2020 included a cancellation of the tax rate reduction to 17%, thereby maintaining the corporation tax rate at 19%. The Finance Act 2020 was formally enacted on July 22, 2020. The primary impact of the cancellation of the corporation tax rate reduction was an increase in deferred tax liabilities and a corresponding deferred tax expense of \$106 million.

(b) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky. A portion of this amount has been reserved due to insufficient Kentucky taxable income projected at LKE.

### 2020 TCJA Regulatory Update (All Registrants)

In July 2020, the IRS issued final and new proposed regulations relating to limitations on interest deductibility for tax purposes. The Registrants will apply the final regulations beginning in the 2021 tax year. The proposed regulations will apply in the year in which the regulations are issued in final form, which is expected to be in 2021 or later. The Registrants are evaluating the final and proposed regulations, but do not expect the regulations to have a material impact on the Registrants' financial condition or results of operations.

## Regulatory Matters

### Kentucky Activities

#### *Rate Case Proceedings*

*(PPL, LKE, LG&E and KU)*

On October 23, 2020, LG&E and KU filed notices of intent with the KPSC to file applications for proposed adjustments of general electric and gas rates on or after November 25, 2020. The applications will also include requests for a CPCN to deploy Advanced Metering Infrastructure and other matters. LG&E and KU cannot predict the outcome of these potential proceedings.

#### *ECR Filings (PPL, LKE, LG&E and KU)*

On March 31, 2020, LG&E and KU submitted applications to the KPSC for ECR rate treatment regarding upcoming environmental construction projects relating to the EPA's regulations addressing ELGs. The construction projects are expected to begin in 2021 and continue through 2024 and are estimated to cost approximately \$405 million (\$153 million at LG&E and \$252 million at KU). The applications requested an authorized 9.725% return on equity with respect to these projects consistent with the 2018 Kentucky rate cases approved in April 2019. On September 29, 2020, the KPSC issued orders approving the ECR applications, permitting an authorized return on equity of 9.2% for the applicable projects.

### Pennsylvania Activities

#### *Act 129 (PPL and PPL Electric)*

The Pennsylvania Public Utility Code requires electric distribution companies, including PPL Electric, to act as a DSP, which provides electricity generation supply service to customers pursuant to a PUC-approved default service procurement plan. A DSP is able to recover the costs associated with its default service procurement plan.

In March 2020, PPL Electric filed a Petition for Approval of a new default service program and procurement plan with the PUC for the period June 1, 2021 through May 31, 2025. Hearings were held in August 2020. In October 2020, the Administrative Law Judge made a recommended decision which remains pending before the PUC. PPL Electric cannot predict the outcome of this proceeding.

Federal Matters

*Challenge to PPL Electric Transmission Formula Rate Return on Equity*

*(PPL and PPL Electric)*

On May 21, 2020, PP&L Industrial Customer Alliance (PPLICA) filed a complaint with the FERC alleging that PPL Electric's base return on equity (ROE) of 11.18% used to determine PPL Electric's formula transmission rate is unjust and unreasonable, and proposing an alternative ROE of 8.0% based on its interpretation of FERC Opinion No. 569. However, also on May 21, 2020, the FERC issued Opinion No. 569-A in response to numerous requests for rehearing of Opinion No. 569, which revised the method for analyzing base ROE. On June 10, 2020, PPLICA filed a Motion to Supplement the May 21, 2020 complaint in which PPLICA continued to allege that PPL Electric's base ROE is unjust and unreasonable, but revised its analysis of PPL Electric's base ROE to reflect the guidance provided in Opinion No. 569-A. The amended complaint proposed an updated alternative ROE of 8.5% and also requested that the FERC preserve the original refund effective date as established by the filing of the original complaint on May 21, 2020. Several parties have filed motions to intervene, including one party who filed Comments in Support of the original complaint.

On July 10, 2020, PPL Electric filed its Answer and supporting Testimony to the PPLICA filings arguing that the FERC should deny the original and amended complaints as they are without merit and fail to demonstrate the existing base ROE is unjust and unreasonable. In addition, PPL Electric contended any refund effective date should be set for no earlier than June 10, 2020 and PPLICA's proposed replacement ROE should be rejected.

On October 15, 2020, the FERC issued an order on the PPLICA complaints which established hearing and settlement procedures, set a refund effective date of May 21, 2020 and granted the motions to intervene. PPL Electric continues to believe its ROE is just and reasonable and that it has meritorious defenses against the original and amended complaints. At this time, PPL Electric cannot predict the outcome of this matter or the range of possible losses, if any, that may be incurred. However, revenue earned from May 21, 2020 through the settlement of this matter may be subject to refund. A change of 50 basis points to the base ROE would impact PPL Electric's net income by approximately \$12 million on an annual basis.

*FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. In September 2020, FERC issued its orders in the rehearing process that modified the discussion in, and set aside portions of, the September 2019 orders including adjusting factors impacting the proposed transition mechanism. In October 2020, both LG&E and KU and other parties filed separate motions for rehearing and clarification regarding FERC's September 2020 orders. A FERC decision on these rehearing requests is expected by November 18, 2020. Certain other petitions for review of the FERC's orders have been filed by multiple parties, including LG&E and KU, with the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of these proceedings. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2020, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement that took effect in June 2020.

### Purchase of Receivables Program (PPL and PPL Electric)

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for credit losses. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During the three and nine months ended September 30, 2020, PPL Electric purchased \$303 million and \$854 million of accounts receivable from alternative suppliers. During the three and nine months ended September 30, 2019, PPL Electric purchased \$308 million and \$927 million of accounts receivable from alternative suppliers.

In April 2020, PPL Capital Funding entered into a \$100 million term loan credit facility expiring in March 2021 and borrowed the full principal amount under the facility at an initial interest rate of 1.73%. The applicable interest rate on borrowings fluctuates periodically and is based on LIBOR plus a spread. The proceeds were used to repay short-term debt and for general corporate purposes.

PPL has guaranteed PPL Capital Funding's obligations under these credit agreements.

In June 2020, KU issued \$500 million of 3.30% First Mortgage Bonds due 2050. KU received proceeds of \$493 million, net of discounts and underwriting fees, which were initially used to repay short-term debt and for other general corporate purposes, pending application to the redemption of KU's 3.25% First Mortgage Bonds in August 2020.

In August 2020, KU redeemed \$500 million of 3.25% First Mortgage Bonds due November 2020.

## Equity Securities

### ATM Program

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program, including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the nine months ended September 30, 2020.

### Distributions

In August 2020, PPL declared a quarterly common stock dividend, payable October 1, 2020, of 41.5 cents per share (equivalent to \$1.66 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

## 9. Acquisitions, Development and Divestitures

*(PPL)*

On August 10, 2020, PPL announced that it has initiated a formal process to sell its U.K. utility business. PPL noted that there can be no assurance of any specific outcome, including whether the sale process will result in the completion of any potential transaction, the timing or terms thereof, the value or benefits that may be realized or the effect that any potential transaction will have on future financial results.

As a result of the potential sale, PPL assessed the recoverability of the assets of its U.K. utility business. PPL prepared a probability-weighted undiscounted cash flow estimate as of September 30, 2020 that considered the likelihood of the possible outcomes of the sale process, including the possibility of not selling the U.K. utility business. The resulting cash flow analysis exceeded the carrying value of the assets of the U.K. utility business. A change in the possible outcomes of the sale process could result in the carrying value of the assets of the U.K. utility business not being recoverable, which could result in an impairment in future periods. The U.K. utility business will continue to be classified as held and used until it meets the criteria to be classified as held for sale, which includes management obtaining a commitment to a plan to sell from its Board of Directors.

Should the U.K. utility business meet the criteria to be classified as held for sale in a future period, PPL will be required at that time to compare the estimated fair value of its investment in the U.K. utility business, less costs to sell, to its carrying value for impairment purposes. The measurement of PPL's carrying value of the U.K. utility business will include the realization of accumulated other comprehensive losses, which could arise from currency translation adjustments and defined benefit plans associated with the U.K. utility business.

## 11. Commitments and Contingencies

### Legal Matters

*(All Registrants)*

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

#### Talen Litigation (PPL)

##### *Background*

In September 2013, one of PPL's former subsidiaries, PPL Montana entered into an agreement to sell its hydroelectric generating facilities. In June 2014, PPL and PPL Energy Supply, the parent company of PPL Montana, entered into various definitive agreements with affiliates of Riverstone to spin off PPL Energy Supply and ultimately combine it with Riverstone's competitive power generation businesses to form a stand-alone company named Talen Energy. In November 2014, after executing the spinoff agreements but prior to the closing of the spinoff transaction, PPL Montana closed the sale of its hydroelectric generating facilities. Subsequently, on June 1, 2015, the spinoff of PPL Energy Supply was completed. Following the spinoff transaction, PPL had no continuing ownership interest in or control of PPL Energy Supply. In connection with the spinoff transaction, PPL Montana became Talen Montana, LLC (Talen Montana), a subsidiary of Talen Energy. Talen Energy Marketing also became a subsidiary of Talen Energy as a result of the June 2015 spinoff of PPL Energy Supply. Talen Energy has owned and operated both Talen Montana and Talen Energy Marketing since the spinoff. At the time of the spinoff, affiliates of Riverstone acquired a 35% ownership interest in Talen Energy. Riverstone subsequently acquired the remaining interests in Talen Energy in a take private transaction in December 2016.

##### *Talen Montana Retirement Plan and Talen Energy Marketing, LLC, Individually and on Behalf of All Others Similarly Situated v. PPL Corporation et al.*

On October 29, 2018, Talen Montana Retirement Plan and Talen Energy Marketing filed a putative class action complaint on behalf of current and contingent creditors of Talen Montana who allegedly suffered harm or allegedly will suffer reasonably foreseeable harm as a result of a November 2014 distribution of proceeds from the sale of then-PPL Montana's hydroelectric generating facilities. The action was filed in the Sixteenth Judicial District of the State of Montana, Rosebud County, against PPL and certain of its affiliates and current and former officers and directors (Talen Putative Class Action). Plaintiff asserts claims for, among other things, fraudulent transfer, both actual and constructive; recovery against subsequent transferees; civil conspiracy; aiding and abetting tortious conduct; and unjust enrichment. Plaintiff is seeking avoidance of the purportedly fraudulent transfer, unspecified damages, including punitive damages, the imposition of a constructive trust, and other relief. In December 2018, PPL removed the Talen Putative Class Action from the Sixteenth Judicial District of the State of Montana to the United States District Court for the District of Montana, Billings Division (MT Federal Court). In January 2019, the plaintiff moved to remand the Talen Putative Class Action back to state court, and dismissed without prejudice all current and former PPL Corporation directors from the case. In September 2019, the MT Federal Court granted plaintiff's motion to remand the case back to state court. Although, the PPL defendants petitioned the Ninth Circuit Court of Appeals to grant an appeal of the remand decision, in November 2019, the Ninth Circuit Court of Appeals denied that request and in December 2019, Talen Montana Retirement Plan filed a Second Amended Complaint in the Sixteenth Judicial District of the State of Montana, Rosebud County, which removed Talen Energy Marketing as a plaintiff. In January 2020, PPL defendants filed a motion to dismiss the Second Amended Complaint or, in the alternative, to stay the proceedings pending the resolution of the below mentioned Delaware Action. The Court held a hearing on June 24, 2020 regarding the motion to dismiss. On September 11, 2020, the Court granted PPL defendants' alternative Motion for a Stay of the proceedings.

*PPL Corporation et al. vs. Riverstone Holdings LLC, Talen Energy Corporation et al.*

On November 30, 2018, PPL, certain PPL affiliates, and certain current and former officers and directors (PPL plaintiffs) filed a complaint in the Court of Chancery of the State of Delaware seeking various forms of relief against Riverstone, Talen Energy and certain of their affiliates (Delaware Action), in response to and as part of the defense strategy for an action filed by Talen Montana, LLC (the Talen Direct Action, since dismissed) and the Talen Putative Class Action described above (together, the Montana Actions) originally filed in Montana state court in October 2018. In the complaint, the PPL plaintiffs ask the Delaware Court of Chancery for declaratory and injunctive relief. This includes a declaratory judgment that, under the separation agreement governing the spinoff of PPL Energy Supply, all related claims that arise must be heard in Delaware; that the statute of limitations in Delaware and the spinoff agreement bar these claims at this time; that PPL is not liable for the claims in either the Talen Direct Action or the Talen Putative Class Action as PPL Montana was solvent at all relevant times; and that the separation agreement requires that Talen Energy indemnify PPL for all losses arising from the debts of Talen Montana, among other things. PPL's complaint also seeks damages against Riverstone for interfering with the separation agreement and against Riverstone affiliates for breach of the implied covenant of good faith and fair dealing. The complaint was subsequently amended on January 11, 2019 and March 20, 2019, to include, among other things, claims related to indemnification with respect to the Montana Actions, request a declaration that the Montana Actions are time-barred under the spinoff agreements, and allege additional facts to support the tortious interference claim. In April 2019, the defendants filed motions to dismiss the amended complaint. In July 2019, the Court heard oral arguments from the parties regarding the motions to dismiss, and in October 2019, the Delaware Court of Chancery issued an opinion sustaining all of the PPL plaintiffs' claims except for the claim for breach of implied covenant of good faith and fair dealing. As a result of the dismissal of the Talen Direct Action in December 2019, in January 2020, Talen Energy filed a new motion to dismiss five of the remaining eight claims in the amended complaint. The Court heard oral argument on the motion to dismiss on May 28, 2020, and on June 22, 2020, issued an opinion denying the motion in its entirety. Discovery is proceeding, and a trial has been scheduled for June 2021.

With respect to each of the Talen-related matters described above, PPL believes that the 2014 distribution of proceeds was made in compliance with all applicable laws and that PPL Montana was solvent at all relevant times. Additionally, the agreements entered into in connection with the spinoff, which PPL and affiliates of Talen Energy and Riverstone negotiated and executed prior to the 2014 distribution, directly address the treatment of the proceeds from the sale of PPL Montana's hydroelectric generating facilities; in those agreements, Talen Energy and Riverstone definitively agreed that PPL was entitled to retain the proceeds.

PPL believes that it has meritorious defenses to the claims made in the Talen Putative Class Action and intends to continue to vigorously defend against this action. The Talen Putative Class Action and the Delaware Action are both in early stages of litigation; at this time, PPL cannot predict the outcome of these matters or estimate the range of possible losses, if any, that PPL might incur as a result of the claims, although they could be material.

*(PPL, LKE and LG&E)*

Cane Run Environmental Claims

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky (U.S. District Court) alleging violations of the Clean Air Act, RCRA, and common law claims of nuisance, trespass and negligence. In July 2014, the U.S. District Court dismissed the RCRA claims and all but one Clean Air Act claim, but declined to dismiss the common law tort claims. In February 2017, the U.S. District Court dismissed PPL as a defendant and dismissed the final federal claim against LG&E, and in April 2017, issued an Order declining to exercise supplemental jurisdiction on the state law claims dismissing the case in its entirety. In June 2017, the plaintiffs filed a class action complaint in Jefferson County, Kentucky Circuit Court, against LG&E alleging state law nuisance, negligence and trespass tort claims. The plaintiffs seek compensatory and punitive damages for alleged property damage due to purported plant emissions on behalf of a class of residents within one to three miles of the plant. On January 8, 2020, the Jefferson Circuit Court issued an order denying the plaintiffs' request for class certification. On January 14, 2020, the plaintiffs filed a notice of appeal in the Kentucky Court of Appeals with oral arguments scheduled for November 17, 2020. PPL, LKE and LG&E cannot predict the outcome of this matter and an estimate or range of possible losses cannot be determined.

*(PPL, LKE and KU)*

### E.W. Brown Environmental Claims

In July 2017, the Kentucky Waterways Alliance and the Sierra Club filed a citizen suit complaint against KU in the U.S. District Court for the Eastern District of Kentucky (U.S. District Court) alleging discharges at the E.W. Brown plant in violation of the Clean Water Act and the plant's water discharge permit, and alleging contamination that may present an imminent and substantial endangerment in violation of the RCRA. The plaintiffs' suit relates to prior notices of intent to file a citizen suit submitted in October and November 2015 and October 2016. These plaintiffs sought injunctive relief ordering KU to take all actions necessary to comply with the Clean Water Act and RCRA, including ceasing the discharges in question, abating effects associated with prior discharges and eliminating the alleged imminent and substantial endangerment. These plaintiffs also sought assessment of civil penalties and an award of litigation costs and attorney fees. In December 2017, the U.S. District Court issued an Order dismissing the Clean Water Act and RCRA complaints against KU in their entirety. In January 2018, the plaintiffs appealed the dismissal Order to the U.S. Court of Appeals for the Sixth Circuit. In September 2018, the U.S. Court of Appeals for the Sixth Circuit issued its ruling affirming the lower court's decision to dismiss the Clean Water Act claims but reversing its dismissal of the RCRA claims against KU and remanding the latter to the U.S. District Court. In October 2018, KU filed a petition for rehearing to the U.S. Court of Appeals for the Sixth Circuit regarding the RCRA claims. In November 2018, the U.S. Court of Appeals for the Sixth Circuit denied KU's petition for rehearing regarding the RCRA claims. In January 2019, KU filed an answer to plaintiffs' complaint in the U.S. District Court. A trial has been scheduled to begin in February 2021. PPL, LKE and KU cannot predict the outcome of these matters and an estimate or range of possible losses cannot be determined.

KU is undertaking extensive remedial measures at the E.W. Brown plant including work preparing for closure of the former ash pond, implementation of a groundwater remedial action plan and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. The aquatic study and risk assessment are being undertaken pursuant to a 2017 agreed Order with the Kentucky Energy and Environment Cabinet (KEEC). KU conducted sampling of Herrington Lake in 2017 and 2018. In June 2019, KU submitted to the KEEC the required aquatic study and risk assessment, conducted by an independent third-party consultant, finding that discharges from the E.W. Brown plant have not had any significant impact on Herrington Lake and that the water in the lake is safe for recreational use and meets safe drinking water standards. However, until the KEEC assesses the study and issues any regulatory determinations, PPL, LKE and KU are unable to determine whether additional remedial measures will be required at the E.W. Brown plant.

### Air

#### *Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)*

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. On July 31, 2020, the U.S. Department of Justice filed a complaint in the U.S. District Court for the Western District of Kentucky alleging violations specified in the EPA notice of violation and seeking civil penalties and injunctive relief. In October 2020, LG&E filed a motion to dismiss the complaint. In October 2020, the U.S. Department of Justice indicated plans to file an amended complaint, as authorized by an agreed order of the court and parties. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any. An estimate or range of possible losses cannot be determined.

### Water/Waste

*(PPL, LKE, LG&E and KU)*

#### *ELGs*

In 2015, the EPA finalized ELGs for wastewater discharge permits for new and existing steam electricity generating facilities. These guidelines require deployment of additional control technologies providing physical, chemical and biological treatment and mandate operational changes including "no discharge" requirements for certain wastewaters. The implementation date for individual generating stations was to be determined by the states on a case-by-case basis according to criteria provided by the

EPA. Legal challenges to the final rule were consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA issued a rule to postpone the compliance date for certain requirements. On October 13, 2020, the EPA published final revisions to its best available technology standards for certain wastewaters and potential extensions to compliance dates. The rule will be implemented by the states or applicable permitting authorities in the course of their normal permitting activities. LG&E and KU have developed responsive compliance strategies and schedules. Certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Certain costs are included in the Registrants' capital plans and expected to be recovered from customers through rate recovery mechanisms, but additional costs and recovery will depend on further regulatory developments at the state level. See Note 7 for additional information regarding LG&E's and KU's applications for ECR rate treatment of construction costs relating to regulations addressing ELGs.

### CCRs

In 2015, the EPA issued a final rule governing management of CCRs which include fly ash, bottom ash and sulfur dioxide scrubber wastes. The CCR Rule imposes extensive new requirements for certain CCR impoundments and landfills, including public notifications, location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements, and specifies restrictions relating to the beneficial use of CCRs. In July 2018, the EPA issued a final rule extending the deadline for closure of certain impoundments and adopting other substantive changes. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR Rule. In December 2019, the EPA addressed the deficiencies identified by the court and proposed amendments to change the closure deadline. In August 2020, the EPA published a final rule extending the deadline to initiate closure to April 11, 2021, while providing for certain extensions. EPA has announced that additional amendments to the rule are planned. PPL, LKE, LG&E and KU are unable to predict the outcome of the ongoing litigation and rulemaking or potential impacts on current LG&E and KU compliance plans. The Registrants are currently finalizing closure plans and schedules.

In January 2017, Kentucky issued a new state rule relating to CCR management, effective May 2017, aimed at reflecting the requirements of the federal CCR rule. As a result of a subsequent legal challenge, in January 2018, the Franklin County, Kentucky Circuit Court issued an opinion invalidating certain procedural elements of the rule. LG&E and KU presently operate their facilities under continuing permits authorized under the former program and do not currently anticipate material impacts as a result of the judicial ruling. The Kentucky Energy and Environmental Cabinet has announced it intends to propose new state rules aimed at addressing procedural deficiencies identified by the court and providing the regulatory framework necessary for operation of the state program in lieu of the federal CCR Rule. Associated costs are expected to be subject to rate recovery.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. Since 2017, LG&E and KU have commenced closure of many of the subject impoundments and have completed closure of some of their smaller impoundments. LG&E and KU expect to commence closure of the remaining impoundments no later than April 2021. LG&E and KU generally expect to complete impoundment closures within five years of commencement, although a longer period may be required to complete closure of some facilities. Associated costs are expected to be subject to rate recovery.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 16 for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

### Superfund and Other Remediation

PPL Electric, LG&E and KU are potentially responsible for investigating and remediating contamination under the federal Superfund program and similar state programs. Actions are under way at certain sites including former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated by, or currently owned by predecessors or affiliates of, PPL Electric, LG&E and KU. PPL Electric is potentially responsible for a share of clean-up costs at certain sites including the

Columbia Gas Plant site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been and are not expected to be significant to PPL Electric.

As of September 30, 2020 and December 31, 2019, PPL Electric had a recorded liability of \$10 million representing its best estimate of the probable loss to be incurred to remediate the sites identified above. Depending on the outcome of investigations at identified sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability or range of reasonably possible losses, if any, related to these sites. Such costs, however, are not currently expected to be significant.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result, individual states may establish stricter standards for water quality and soil cleanup, that could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of possible losses, if any, related to these matters.

### **Regulatory Issues** *(All Registrants)*

See Note 7 for information on regulatory matters related to utility rate regulation.

### Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E and KU monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

#### Labor Union Agreements

*(LKE and KU)*

In August 2020, KU and the United Steelworkers of America ratified a three-year labor agreement through August 2023. The agreement covers approximately 48 employees. The terms of the new labor agreement are not expected to have a significant impact on the financial results of LKE or KU.

*(LKE and LG&E)*

On November 4, 2020, LG&E and the IBEW reached an agreement in principle regarding a new three-year collective bargaining agreement. The proposed agreement is to be submitted to a vote of IBEW union members during early November 2020. The agreement covers approximately 640 employees. The terms of the proposed labor agreement are not expected to have a significant impact on the financial results of LKE or LG&E. The Registrants cannot predict the ultimate outcome of this matter.

**Guarantees and Other Assurances**

*(All Registrants)*

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

*(PPL)*

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

*(All Registrants)*

The table below details guarantees provided as of September 30, 2020. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities," for which PPL has a total recorded liability of \$5 million at September 30, 2020 and December 31, 2019. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	Exposure at September 30, 2020	Expiration Date
<b><u>PPL</u></b>		
WPD indemnifications for entities in liquidation and sales of assets	\$ 10 (a)	2022
WPD guarantee of pension and other obligations of unconsolidated entities	90 (b)	
<b><u>LKE</u></b>		
Indemnification of lease termination and other divestitures	200 (c)	2021
<b><u>LG&amp;E and KU</u></b>		
LG&E and KU obligation of shortfall related to OVEC	(d)	

- (a) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

- (b) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At September 30, 2020, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.
- (c) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million exclusive of certain items such as government fines and penalties that may exceed the maximum. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.
- (d) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was \$105 million at September 30, 2020, consisting of LG&E's share of \$73 million and KU's share of \$32 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" in Note 13 in PPL's, LKE's, LG&E's and KU's 2019 Form 10-K for additional information on the OVEC power purchase contract.

In March 2018, a sponsor with a 4.85% pro-rata share of OVEC obligations filed for bankruptcy under Chapter 11 and, in August 2018, received a rejection order for the OVEC power purchase contract in the bankruptcy proceeding. OVEC and other entities challenged the contract rejection, the

## [Table of Contents](#)

bankruptcy plan confirmation and regulatory aspects of the plan in various forums. In May 2020, OVEC and the relevant sponsor announced a settlement resolving all disputed matters in the bankruptcy and other proceedings, including providing that the sponsor will withdraw its request to reject the power purchase agreement. The settlement was implemented in July 2020. Periodically, OVEC and certain of its sponsors, including LG&E and KU, may consider certain potential additional credit support actions to preserve OVEC's access to credit markets, including establishing or continuing debt reserve accounts or other changes involving OVEC's existing short and long-term debt.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

### Risks and Uncertainties (All Registrants)

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or closures of businesses, schools and governmental agencies, and legislative or regulatory actions to address health or other pandemic-related concerns, all of which have the potential to adversely impact the Registrants' business and operations, especially if these measures remain in effect for a prolonged period of time.

To date, the Registrants have not experienced a significant impact on their business, results of operations, financial condition, liquidity, operations or on their supply chain as a result of COVID-19; however, the duration and severity of the outbreak and its ultimate effects on the global economy, the financial markets, or the Registrants' workforce, customers and suppliers are uncertain. A protracted slowdown of broad sectors of the economy, prolonged or pervasive restrictions on businesses and their workforces, or significant changes in legislation or regulatory policy to address the COVID-19 pandemic all present significant risks to the Registrants. These or other unpredictable events resulting from the pandemic could further reduce customer demand for electricity and gas, impact the Registrants' employees and supply chains, result in an increase in certain costs, delay payments or increase bad debts, or result in changes in the fair value of their assets and liabilities, which could materially and adversely affect the Registrants' business, results of operations, financial condition or liquidity.

## 12. Related Party Transactions

### **Support Costs** (PPL Electric, LKE, LG&E and KU)

PPL Services, PPL EU Services and LKS provide PPL, PPL Electric, LKE, their respective subsidiaries, including LG&E and KU, and each other with administrative, management and support services. For all services companies, the costs of directly assignable and attributable services are charged to the respective recipients as direct support costs. General costs that cannot be directly assigned or attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended September 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Nine Months	
	2020	2019	2020	2019
PPL Electric from PPL Services	\$ 11	\$ 14	\$ 37	\$ 43
LKE from PPL Services	6	6	19	20
PPL Electric from PPL EU Services	44	38	126	112
LG&E from LKS	43	37	125	112
KU from LKS	45	42	132	126

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and KU are reimbursed through LKS.

## **Intercompany Borrowings**

### *(PPL Electric)*

PPL Energy Funding maintains a \$650 million revolving line of credit with a PPL Electric subsidiary. No balance was outstanding at September 30, 2020 and December 31, 2019. The interest rates on borrowings are equal to one-month LIBOR plus a spread. Interest income is reflected in "Interest Income from Affiliate" on the Income Statements.

### *(LKE)*

LKE maintains a \$375 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. The interest rates on borrowings are equal to one-month LIBOR plus a spread. At September 30, 2020 and December 31, 2019, \$153 million and \$150 million were outstanding and reflected in "Notes payable with affiliates" on the Balance Sheets. The interest rates on the outstanding borrowings at September 30, 2020 and December 31, 2019 were 1.66% and 3.20%. Interest expense on the revolving line of credit was \$1 million and \$4 million for the three and nine months ended September 30, 2020 and \$2 million and \$5 million for the three and nine months ended September 30, 2019.

LKE maintains an agreement with a PPL affiliate that has a \$300 million borrowing limit whereby LKE can loan funds on a short-term basis at market-based rates. No balance was outstanding at September 30, 2020 and December 31, 2019. The interest rate on the loan is based on the PPL affiliate's credit rating and equal to one-month LIBOR plus a spread.

LKE maintains ten-year notes of \$400 million and \$250 million with a PPL affiliate with interest rates of 3.5% and 4%. At September 30, 2020 and December 31, 2019, the notes were reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on the \$400 million note was \$4 million and \$11 million for the three and nine months ended September 30, 2020 and 2019. Interest expense on the \$250 million note was \$3 million and \$8 million for the three and nine months ended September 30, 2020 and 2019.

In May 2020, LKE entered into a \$450 million term loan credit agreement with a PPL affiliate whereby LKE could borrow funds on a short-term basis at market-based rates. Interest on borrowings is determined as the lower of the daily rate for 30-day non-financial commercial paper programs plus a spread or one-month LIBOR plus a spread. The agreement expired on August 31, 2020. No balances were outstanding at September 30, 2020. Interest expense on borrowings was not significant for the three and nine months ended September 30, 2020.

In August 2020, LKE entered into a ten-year note of \$550 million with a PPL affiliate with an interest rate of 4.125%. At September 30, 2020, this note was reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on the note was \$3 million for the three and nine months ended September 30, 2020.

### *(LG&E and KU)*

LG&E participates in an intercompany money pool agreement whereby LKE and/or KU make available to LG&E funds up to \$750 million at an interest rate based on a market index of commercial paper issues. No balances were outstanding at September 30, 2020 and December 31, 2019.

KU participates in an intercompany money pool agreement whereby LKE and/or LG&E make available to KU funds up to \$650 million at an interest rate based on a market index of commercial paper issues. No balances were outstanding at September 30, 2020 and December 31, 2019.

**VEBA Funds Receivable (PPL Electric)**

In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay medical claims of active bargaining unit employees. Based on PPL Electric's participation in PPL's Other Postretirement Benefit plan, PPL Electric was allocated a portion of the excess funds from PPL Services. These funds have been recorded as an intercompany receivable on PPL Electric's Balance Sheets. The receivable balance decreases as PPL Electric pays incurred medical claims and is reimbursed by PPL Services. The intercompany receivable balance associated with these funds was \$27 million as of September 30, 2020, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$17 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheet. The intercompany receivable balance associated with these funds was \$32 million as of December 31, 2019, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$22 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheet.

## 14. Fair Value Measurements

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. See Note 1 in each Registrant's 2019 Form 10-K for information on the levels in the fair value hierarchy.

### Recurring Fair Value Measurements

- (d) Included in "Other noncurrent assets" on the Balance Sheets. Represents cash collateral posted to offset the exposure with counterparties related to certain interest rate swaps under master netting arrangements that are not offset.

**Special Use Funds**

(PPL)

The special use funds are investments restricted for paying active union employee medical costs. In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees. The funds are invested primarily in commingled debt and equity funds measured at NAV and are classified as investments in equity securities. Changes in fair value of the funds are recorded to the Statements of Income.

**Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps**

(PPL, LKE, LG&E and KU)

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency exchange risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

**Financial Instruments Not Recorded at Fair Value** *(All Registrants)*

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	September 30, 2020		December 31, 2019	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value

LG&E	2,006	2,490	2,005	2,278
KU	2,617	3,310	2,623	3,003

(a) Amounts are net of debt issuance costs.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

**15. Derivative Instruments and Hedging Activities****Risk Management Objectives**

*(All Registrants)*

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

**Market Risk**

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

**Interest Rate Risk**

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. PPL, LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, WPD, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.

### *Foreign Currency Risk (PPL)*

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

*(All Registrants)*

### *Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

### *Volumetric Risk*

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2019 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

### *Equity Securities Price Risk*

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

### **Credit Risk**

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

## **Master Netting Arrangements** *(PPL, LKE, LG&E and KU)*

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$9 million and \$14 million obligation to return cash collateral under master netting arrangements at September 30, 2020 and December 31, 2019.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at September 30, 2020 and December 31, 2019.

PPL, LKE and LG&E posted \$1 million of cash collateral under master netting arrangements at September 30, 2020. KU had no obligation to post cash collateral under master netting arrangements at September 30, 2020. PPL, LKE, LG&E and KU had no obligation to post cash collateral under master netting arrangements at December 31, 2019.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

## **Interest Rate Risk**

*(All Registrants)*

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

### Cash Flow Hedges *(PPL)*

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. At September 30, 2020, PPL held an aggregate notional value in interest rate swap contracts of £126 million (approximately \$168 million based on spot rates) that mature in 2035 to hedge interest payments on WPD's £250 million debt issuance which occurred in October 2020.

At September 30, 2020, PPL held an aggregate notional value in cross-currency interest rate swap contracts of \$702 million that range in maturity from 2021 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For the three and nine months ended September 30, 2020 and 2019, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges.

At September 30, 2020, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

### Economic Activity *(PPL, LKE and LG&E)*

LG&E enters into interest rate swap contracts that economically hedge interest payments. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest

expense is recorded. At September 30, 2020, LG&E held contracts with a notional amount of \$147 million that range in maturity through 2033.

### **Foreign Currency Risk (PPL)**

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions, including the previously announced potential sale of its U.K. utility business, and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

### Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no contracts outstanding at September 30, 2020.

At September 30, 2020 and December 31, 2019, PPL had \$33 million and \$32 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI.

### Economic Activity

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At September 30, 2020, the total exposure hedged by PPL was approximately £340 million (approximately \$482 million based on contracted rates). These contracts have termination dates ranging from October 2020 through July 2021.

### **Accounting and Reporting**

*(All Registrants)*

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts include certain full requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 7 for amounts recorded in regulatory assets and regulatory liabilities at September 30, 2020 and December 31, 2019.

See Note 1 in each Registrant's 2019 Form 10-K for additional information on accounting policies related to derivative instruments.

### Offsetting Derivative Instruments

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

### Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At September 30, 2020, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	\$ 6	\$ 1	\$ 1
Aggregate fair value of collateral posted on these derivative instruments	—	—	—
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	6	1	1

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

## 16. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

PPL's, LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 11 for information on the CCR rule. LG&E also has AROs related to natural gas mains and wells. LG&E's and KU's transmission and distribution lines largely operate under perpetual property easement agreements, which do not generally require restoration upon removal of the property. Therefore, no material AROs are recorded for transmission and distribution assets. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU

### **Overview**

#### **Introduction**

*(PPL)*

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky and Virginia; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries are shown below (\* denotes a Registrant).

PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a Registrant. Unaudited annual consolidated financial statements for the U.K. Regulated segment are furnished by PPL on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

*(PPL Electric)*

PPL Electric, headquartered in Allentown, Pennsylvania, is a wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

*(LKE)*

LKE, acquired in 2010 and headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name.

*(LG&E)*

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

*(KU)*

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky and Virginia. KU is subject to regulation as a public

utility by the KPSC and the VSCC, and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Kentucky customers under the KU name and its Virginia customers under the Old Dominion Power name.

## **Business Strategy**

*(All Registrants)*

PPL operates seven fully regulated, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky, in constructive regulatory jurisdictions with distinct regulatory structures and customer classes. PPL believes this business portfolio positions the company well for continued success and provides earnings and dividend growth potential.

PPL's strategy, and that of the other Registrants, is to deliver best-in-sector operational performance, invest in a sustainable energy future, provide superior customer service, maintain a strong financial foundation, and engage and develop its people. PPL's business plan is designed to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base in the U.S. and RAV in the U.K. Rate base growth is being driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities.

For the U.S. businesses, central to PPL's strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, and gas supply clause) and recovery on construction work-in-progress that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital expenditures to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms operate to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Because WPD's earnings represent such a significant portion of PPL's consolidated earnings, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Financial and Operational Developments - U.K. Withdrawal from European Union" for additional discussion of the U.K. earnings hedging activity.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which the Registrants operate (U.K., U.S. federal and state). This is supported by a strong culture of integrity and delivering on commitments to customers, regulators and shareowners, and a commitment to continue to improve customer service, reliability and operational efficiency.

## Financial and Operational Developments

### *Initiation of Formal Process to Sell U.K. Utility Business (PPL)*

On August 10, 2020, PPL announced that it has initiated a formal process to sell its U.K. utility business. PPL noted that there can be no assurance of any specific outcome, including whether the sale process will result in the completion of any potential transaction, the timing or terms thereof, the value or benefits that may be realized or the effect that any potential transaction will have on future financial results.

As a result of the potential sale, PPL assessed the recoverability of the assets of its U.K. utility business. PPL prepared a probability-weighted undiscounted cash flow estimate as of September 30, 2020 that considered the likelihood of the possible outcomes of the sale process, including the possibility of not selling the U.K. utility business. The resulting cash flow analysis exceeded the carrying value of the assets of the U.K. utility business. A change in the possible outcomes of the sale process could result in the carrying value of the assets of the U.K. utility business not being recoverable, which could result in an impairment in future periods. The U.K. utility business will continue to be classified as held and used until it meets the criteria to be classified as held for sale, which includes management obtaining a commitment to a plan to sell from its Board of Directors.

Should the U.K. utility business meet the criteria to be classified as held for sale in a future period, PPL will be required at that time to compare the estimated fair value of its investment in the U.K. utility business, less costs to sell, to its carrying value for impairment purposes. The measurement of PPL's carrying value of the U.K. utility business will include the realization of accumulated other comprehensive losses, which could arise from currency translation adjustments and defined benefit plans associated with the U.K. utility business.

### *Outbreak of COVID-19 (All Registrants)*

The continued spread of COVID-19 has led to global economic disruption and volatility in financial markets. The Registrants have taken significant steps to mitigate the potential spread of COVID-19 to our customers, suppliers and employees. PPL has successfully implemented its company-wide pandemic plan, which guides the emergency response. Business continuity and other precautionary measures have been taken to ensure we can continue to safely provide reliable electricity and gas service to our customers. The Registrants have implemented social distancing measures for all employees including work from home arrangements where possible and continue to implement strong physical and cyber security measures to ensure that systems function effectively to serve operational and remote workforce needs. The Registrants continue to monitor developments affecting their workforces and customers and will take additional actions as appropriate to respond to changing conditions and mitigate the impacts.

This is a rapidly evolving situation that could lead to extended disruption of economic activity in the Registrants' markets for an undetermined period of time. Lock-down or closure of non-essential businesses has occurred in each of the Registrants' service territories, which has resulted in reductions in commercial and industrial demand and an increase in residential demand for electricity service. The impact of this net reduction in load has not been material to the Registrants' year to date 2020 financial condition. The impact on future periods will depend upon various factors, including the pace and extent to which the Registrants' jurisdictions reopen their economies and community response to the reopening of businesses as well as the extent that businesses continue work from home protocols. We cannot predict these factors and therefore cannot quantify the overall impact COVID-19 will have on our 2020 results of operations.

The Registrants are committed to supporting their customers and communities and have followed federal and state mandates to suspend disconnections for non-payment and new late fees, reconnect service for customers who had previously been disconnected and develop late payment plans with customers, where appropriate. The Registrants have experienced an increase in aged accounts receivable, resulting in an increase in credit losses. See "Current Expected Credit Losses" in Note 2 to the Financial Statements for additional information. The Registrants will continue to monitor cash receipts and accounts receivable aging to determine if further increases in their allowance for uncollectible accounts are required.

At September 30, 2020, the Registrants had approximately \$3.6 billion of combined unused credit facility capacity. In addition, PPL Capital Funding, PPL Electric, LG&E and KU may, subject to certain conditions, increase their syndicated credit facilities in an aggregate amount of up to \$1 billion. In April 2020, PPL Capital Funding issued \$1 billion in senior notes. In June 2020, KU issued \$500 million of First Mortgage Bonds due 2050. In October 2020, PPL Electric issued \$250 million of First Mortgage Bonds, Floating Rate Series due 2023. In October 2020, WPD (South Wales) issued £250 million of 1.625% Senior

Notes due 2035. Based on available liquidity and access to capital markets, the Registrants do not anticipate a significant impact on their financial condition or liquidity, and do not foresee difficulties in accessing the capital markets in the near-term. See Note 8 to the Financial Statements for additional information.

The Registrants have assessed the fair value of their assets and liabilities and no impairment charges were required. See “Goodwill Assessment” below for additional information on the interim goodwill impairment test performed for the U.K. Regulated segment reporting unit in the first quarter of 2020.

PPL’s pension plans continue to be well-funded as its liability-driven investment strategy and active management function to mitigate investment losses resulting from market volatility.

In response to COVID-19, on March 27, 2020, President Donald Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). PPL evaluated the provisions of the CARES Act and believes there is no significant effect on its financial statements. Certain tax provisions may result in immaterial cash benefits in 2020.

To date, there has been no material impact on the Registrants’ business, financial condition, liquidity or on their supply chain as a result of COVID-19. For the three and nine months ended September 30, 2020, the following estimated changes in revenue and incremental costs incurred resulted from the impact of COVID-19:

	Increase (Reduction) in Revenue		Incremental Costs	
	Three Months	Nine Months	Three Months	Nine Months
PPL	\$ (33)	\$ (94)	\$ 6	\$ 26
WPD	(30)	(70)	4	19
LKE	(3)	(24)	—	5
LG&E	(5)	(14)	—	2
KU	2	(10)	—	3

WPD tariffs are set to recover allowed revenues. Any under-recoveries, including the estimated amounts shown above, will be added to revenue, with interest, in future years through K-factor. See discussion of K-factor in “Item 1. Business” of PPL’s 2019 Form 10-K. The impact on revenue and incremental COVID-19 related costs were not significant at PPL Electric.

The ultimate severity or duration of the outbreak or its effects on the global economy, the capital markets, or the Registrants’ workforce, contractors, customers and suppliers is uncertain. The Registrants cannot predict the ultimate impact COVID-19 will have on their financial position, results of operations, cash flows or liquidity.

### *Goodwill Assessment (PPL, LKE, LG&E and KU)*

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants’ service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or closures of businesses, schools and governmental agencies, and legislative or regulatory actions to address health or other pandemic-related concerns, all of which have the potential to adversely impact the Registrants’ business and operations, especially if these measures remain in effect for a prolonged period of time. PPL’s shares have experienced volatility and a decrease in market value since the outbreak of COVID-19.

During the three month period ended March 31, 2020, PPL, LKE, LG&E and KU considered whether these events would more likely than not reduce the fair value of the Registrants’ reporting units below their carrying amounts. Based on our assessment, a quantitative impairment test was not required for the LKE, LG&E and KU reporting units, but was required for the U.K. Regulated segment reporting unit, the allocated goodwill of which was \$2.5 billion at March 31, 2020. The test did not indicate impairment of the reporting unit.

Management used both discounted cash flows and market multiples, including implied RAV premiums, which required significant assumptions, to estimate the fair value of the reporting units. Significant assumptions used in the discounted cash flows include discount and growth rates, the finalization of RIIO-ED2, and projected operating and capital cash flows. Projected operating and capital cash flows are based on the internal business plans, which assume the occurrence of certain

future events. Significant assumptions used in the market multiples include sector market performance and comparable transactions.

A high degree of judgment is required to develop estimates related to fair value conclusions. A decrease in the forecasted cash flows of 10%, an increase in the discount rate of 10%, or a 10% decrease in the market multiples would not have resulted in an impairment of goodwill for the U.K. Regulated segment reporting unit.

During the three month periods ended June 30, 2020 and September 30, 2020, no goodwill impairment triggers were identified. However, an impairment charge could occur in future periods if PPL's share price or any of the assumptions used in determining fair value of the reporting units are negatively impacted.

#### *U.K. Corporation Tax Rate Change (PPL)*

The U.K. corporation tax rate was scheduled to be reduced from 19% to 17%, effective April 1, 2020. On March 11, 2020, the U.K. Finance Act 2020 included a cancellation of the tax rate reduction to 17%, thereby maintaining the corporation tax rate at 19%. The Finance Act 2020 was formally enacted on July 22, 2020. The primary impact of the cancellation of the corporation tax rate reduction was an increase in deferred tax liabilities and a corresponding deferred tax expense of \$106 million.

#### *U.S. Tax Reform (All Registrants)*

In July 2020, the IRS issued final and new proposed regulations relating to limitations on interest deductibility for tax purposes. The Registrants will apply the final regulations beginning in the 2021 tax year. The proposed regulations will apply in the year in which the regulations are issued in final form, which is expected to be in 2021 or later. The Registrants are evaluating the final and proposed regulations, but do not expect the regulations to have a material impact on the Registrants' financial condition or results of operations.

#### *U.K. Withdrawal from European Union (PPL)*

In March 2017, the U.K. Government invoked Article 50 (Article 50) of the Lisbon Treaty, formally beginning the two-year period for the U.K. to negotiate an agreement specifying the terms of its withdrawal from the European Union (EU), popularly referred to as Brexit. After repeated extensions, in October 2019, the EU agreed to extend the Article 50 process until January 31, 2020. Following an early general election in December 2019, which resulted in a substantial Conservative Party Parliamentary majority, the U.K. and EU Parliaments voted to approve the EU withdrawal agreement negotiated by Prime Minister Boris Johnson.

The U.K. formally left the EU on January 31, 2020, entering a transition period that is scheduled to end on December 31, 2020. During the transition period, the U.K. will seek to negotiate a free trade arrangement with the EU and also negotiate new trade terms with countries outside of the EU. The deadline for the U.K. requesting an extension to the transition period passed on June 30, 2020. Significant uncertainty continues to surround the outcome of the transition period. PPL believes that its greatest risks relate to any extended period of depressed value of the GBP or the potential further decline in the value of the GBP compared to the U.S. dollar. A decline in the value of the GBP compared to the U.S. dollar will reduce the value of WPD's earnings to PPL.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. As of September 30, 2020, PPL's foreign exchange exposure related to budgeted earnings is 100% hedged for 2020 at an average rate of \$1.45 per GBP.

PPL cannot predict the impact, in either the short-term or long-term, on foreign exchange rates or PPL's financial condition that may be experienced as a result of the actions taken by the U.K. government to withdraw from the EU, although such impacts could be material.

PPL does not expect the financial condition and results of operations of WPD, itself, to change significantly as a result of Brexit. The regulatory environment and operation of WPD's businesses are not expected to change. RIIO-ED1, the current price control, with allowed revenues agreed with Ofgem runs through March 2023. The impact of a slower economy or recession on WPD would be mitigated in part because U.K. regulation provides that any reduction in the volume of electricity delivered will be recovered in allowed revenues in future periods through the K-factor adjustment. See "Item 1. Business - Segment Information - U.K. Regulated Segment" in PPL's 2019 Form 10-K for additional information on the current price control and K-factor adjustment. In addition, an increase in inflation would have a positive effect on revenues and RAV as annual inflation adjustments are applied to both revenues and RAV (and real returns are earned on inflated RAV). This impact, however, would

be partially offset by higher operation and maintenance expenses and interest expense on index-linked debt. With respect to access to financing, WPD has substantial borrowing capacity under existing credit facilities and expects to continue to have access to all major financial markets. With respect to access to and cost of equipment and other materials, WPD management continues to review U.K. government issued advice on preparations for Brexit and has taken actions to mitigate potential increasing costs and disruption to its critical sources of supply. Additionally, less than 1% of WPD's employees are non-U.K. EU nationals and no change in their domicile is expected.

### *Regulatory Requirements*

#### *(All Registrants)*

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

#### *(PPL, LKE, LG&E and KU)*

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHG, and ELGs. See Notes 7, 11 and 16 to the Financial Statements for a discussion of these significant environmental matters. These and other stringent environmental requirements led PPL, LKE, LG&E and KU to retire approximately 1,200 MW of coal-fired generating plants in Kentucky since 2010.

#### *RIIO-2 Framework (PPL)*

In 2018, Ofgem issued its consultation document on the RIIO-2 framework, covering all U.K. gas and electricity transmission and distribution price controls. The current electricity distribution price control, RIIO-ED1, continues through March 31, 2023 and will not be impacted by the RIIO-2 consultation process. Later in 2018, Ofgem published its decision following its RIIO-2 framework consultation after consideration of comments received including those from WPD and PPL.

In August 2019, Ofgem published an open letter seeking views on its proposed sector specific approach on the RIIO-ED2 framework. WPD and PPL provided responses to this open letter. In December 2019, Ofgem published its decision on the RIIO-ED2 framework, thus confirming the following points in its RIIO-2 and RIIO-ED2 framework decision documents:

- RIIO-ED2 will be a five-year price control period, compared to eight years in the current RIIO-ED1 price control.
- CPI or CPIH will be used for inflation measurement in calculating both RAV and allowed returns rather than RPI.
- The baseline allowed return on equity will be set using the same methodology in all RIIO-2 sectors. The new methodology includes; (a) an equity indexation, whereby the allowed return on equity is updated to reflect changes in the risk-free rate, and (b) potentially setting the allowed return 0.5% below the expected return.
- Full debt indexation will be retained.
- The early settlement process (fast tracking) will be removed and replaced with an alternative mechanism to incentivize high-quality, rigorous and ambitious business plans.
- The Totex incentive rate will be based on a confidence level for setting baseline cost allowances.
- A new enhanced engagement model will be introduced requiring distribution companies to set up a customer engagement group to provide Ofgem with a public report of local stakeholders' views on the companies' business plans. Ofgem will also establish an independent RIIO-2 challenge group comprised of consumer experts to provide Ofgem with a public report on companies' business plans.
- There will be no change to the existing depreciation policy of using economic asset lives as the basis for depreciating RAV as part of base revenue calculations. WPD is currently transitioning to 45-year asset lives for new additions in RIIO-ED1 based on Ofgem's extensive review of asset lives in RIIO-ED1.
- A focus of RIIO-2 will be on whole-system outcomes. Ofgem intends for network companies and system operators to work together to ensure the energy system as a whole is efficient and delivers the best value to consumers. Ofgem is undertaking further work to clarify the definition of whole-system and the appropriate roles of the network companies in supporting this objective. Ofgem is still undecided on how DSO functions are to be treated. Ofgem will include a DSO reopener to reassess progress made in the establishment of DSO activities.

On July 30, 2020 Ofgem published its consultation on the RIIO-ED2 price control methodology which Ofgem will use to apply its framework decisions listed above. Some of the key aspects in Ofgem's consultation include:

- Proposing a suite of Net-Zero related investment and innovation mechanisms, including a Net Zero re-opener, to ensure that RIIO-ED2 is adaptable and can keep pace with changes in the wider policy and technological environment.
- Consulting on four different models for managing strategic investment to enable more flexibility within the price control and allow DNOs to adapt their investment plans to keep pace with Net Zero.
- Consulting on debt allowance proposals including the debt allowance calibration, the index used, and a possible additional cost of borrowing allowance.
- Consulting on whether the three-stage equity indexation methodology for baseline allowance returns proposed in the Gas Distribution and Transmission Draft Determination should equally apply to the ED sector and if the estimation approach for systematic risk should differ for ED2.
- Proposing to introduce a suite of reforms to define and regulate the distribution system operation. In the first instance, those reforms will apply to DNOs.

WPD and PPL continue to be fully engaged in the RIIO-ED2 process. The comment period on the July 30, 2020 consultation closed on October 1, 2020, which WPD provided a response to, and a decision on the RIIO-ED2 Sector Specific Methodology will be made in December 2020. Final Determinations for RIIO-ED2 will be made in December 2022. The RIIO-ED2 price control will come into effect on April 1, 2023. PPL cannot predict the outcome of this process or the long-term impact the final RIIO-ED2 price control will have on its financial condition or results of operations.

#### *Challenge to PPL Electric Transmission Formula Rate Return on Equity*

*(PPL and PPL Electric)*

On May 21, 2020, PP&L Industrial Customer Alliance (PPLICA) filed a complaint with the FERC alleging that PPL Electric's base return on equity (ROE) of 11.18% used to determine PPL Electric's formula transmission rate is unjust and unreasonable, and proposing an alternative ROE of 8.0% based on its interpretation of FERC Opinion No. 569. However, also on May 21, 2020, the FERC issued Opinion No. 569-A in response to numerous requests for rehearing of Opinion No. 569, which revised the method for analyzing base ROE. On June 10, 2020, PPLICA filed a Motion to Supplement the May 21, 2020 complaint in which PPLICA continued to allege that PPL Electric's base ROE is unjust and unreasonable, but revised its analysis of PPL Electric's base ROE to reflect the guidance provided in Opinion No. 569-A. The amended complaint proposed an updated alternative ROE of 8.5% and also requested that the FERC preserve the original refund effective date as established by the filing of the original complaint on May 21, 2020. Several parties have filed motions to intervene, including one party who filed Comments in Support of the original complaint.

On July 10, 2020, PPL Electric filed its Answer and supporting Testimony to the PPLICA filings arguing that the FERC should deny the original and amended complaints as they are without merit and fail to demonstrate the existing base ROE is unjust and unreasonable. In addition, PPL Electric contended any refund effective date should be set for no earlier than June 10, 2020 and PPLICA's proposed replacement ROE should be rejected.

On October 15, 2020, the FERC issued an order on the PPLICA complaints which established hearing and settlement procedures, set a refund effective date of May 21, 2020 and granted the motions to intervene. PPL Electric continues to believe its ROE is just and reasonable and that it has meritorious defenses against the original and amended complaints. At this time, PPL Electric cannot predict the outcome of this matter or the range of possible losses, if any, that may be incurred. However, revenue earned from May 21, 2020 through the settlement of this matter may be subject to refund. A change of 50 basis points to the base ROE would impact PPL Electric's net income by approximately \$12 million on an annual basis.

#### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at

issue are generally waivers or credits granted to a limited number of Kentucky municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the ongoing credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. In September 2020, FERC issued its orders in the rehearing process that modified the discussion in, and set aside portions of, the September 2019 orders including adjusting factors impacting the proposed transition mechanism. In October 2020, both LG&E and KU and other parties filed separate motions for rehearing and clarification regarding FERC's September 2020 orders. A FERC decision on these rehearing requests is expected by November 18, 2020. Certain other petitions for review of the FERC's orders have been filed by multiple parties, including LG&E and KU, with the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of these proceedings. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2020, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement that took effect in June 2020.

#### *Rate Case Proceedings*

*(PPL, LKE, LG&E and KU)*

On October 23, 2020, LG&E and KU filed notices of intent with the KPSC to file applications for proposed adjustments of general electric and gas rates on or after November 25, 2020. The applications will also include requests for a CPCN to deploy Advanced Metering Infrastructure and other matters. LG&E and KU cannot predict the outcome of these potential proceedings.

*(LKE and KU)*

In July 2019, KU filed a request with the VSCC for an increase in annual Virginia base electricity revenues of approximately \$13 million, representing an increase of 18.2%. In January 2020, KU reached a partial settlement agreement including an increase in annual Virginia base electricity revenues of \$9 million effective May 1, 2020, representing an increase of 12.9%. A hearing on the settlement and certain tariff provisions was held in January 2020. On April 6, 2020, the VSCC issued an order approving the settlement and Hearing Examiner tariff provision recommendations. KU implemented the new rates on May 1, 2020.

### **Results of Operations**

*(PPL)*

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on PPL's Statements of Income, comparing the three and nine months ended September 30, 2020 with the same periods in 2019. The "Segment Earnings" and "Adjusted Gross Margins" discussions for PPL provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis," "Segment Earnings" and "Adjusted Gross Margins" are presented on a constant GBP to U.S. dollar exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant GBP to U.S. dollar exchange rate basis are calculated by translating current year results at the prior year weighted-average GBP to U.S. dollar exchange rate.

*(PPL Electric, LKE, LG&E and KU)*

A "Statement of Income Analysis" is presented separately for PPL Electric, LKE, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three and nine months ended September 30, 2020 with the same periods in 2019.

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

- (a) The distribution price variances are primarily due to reconcilable cost recovery mechanisms approved by the PUC.
- (b) The decrease for the nine months ended September 30, 2020 was primarily due to warmer weather in the first quarter of 2020, partially offset by warmer weather in the third quarter of 2020.
- (c) The decrease for the three months ended September 30, 2020 was primarily the result of lower energy prices, partially offset by higher volumes of non-shopping customers and favorable weather. The decrease for the nine months ended September 30, 2020 was primarily the result of lower energy prices and unfavorable weather, partially offset by higher volumes of non-shopping customers in 2020.
- (d) The increases were primarily due to returns on additional capital investments.
- (e) The increase was primarily due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.
- (f) The increase was primarily due to higher recoverable depreciation expense as a result of higher depreciation rates effective May 1, 2019.
- (g) The decreases were primarily due to lower recoveries of fuel and energy purchases due to lower commodity costs.
- (h) The decrease was primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.
- (i) The decreases were primarily due to weather.
- (j) The decreases were primarily due to COVID-19.

## Fuel

Fuel decreased \$17 million for the three months ended September 30, 2020 compared with 2019, primarily due to an \$13 million decrease in volumes driven by weather and a \$2 million decrease in commodity costs.

Fuel decreased \$78 million for the nine months ended September 30, 2020 compared with 2019, primarily due to a \$43 million decrease in volumes driven by weather, a \$27 million decrease in commodity costs and a \$9 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

## Energy Purchases

Energy purchases decreased \$14 million for the three months ended September 30, 2020 compared with 2019, primarily due to lower PLR prices of \$21 million, partially offset by higher PLR volumes of \$7 million at PPL Electric.

Energy purchases decreased \$68 million for the nine months ended September 30, 2020 compared with 2019, primarily due to lower PLR prices of \$54 million, partially offset by higher transmission enhancement expenses of \$12 million at PPL Electric as well as a \$22 million decrease due to lower commodity costs at LKE.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance was due to:

	Three Months	Nine Months

Other	3	6
Total	<u>\$ 17</u>	<u>\$ 69</u>

(a) Higher depreciation rates were effective May 1, 2019 at LG&E and KU.

## Other Income (Expense) - net

The increase (decrease) in other income (expense) - net was due to:

	Three Months	Nine Months

## Income Taxes

The increase (decrease) in income taxes was due to:

Federal and state income tax return adjustments	(9)	(10)
Impact of the U.K. Finance Acts on deferred tax balances (a)	109	109
Amortization of excess deferred income taxes	(2)	(4)
Kentucky recycling credit, net of federal income tax expense (b)	—	20
Other	5	(4)
Total	<u>\$ 91</u>	<u>\$ 95</u>

- (a) The U.K. corporation tax rate was scheduled to be reduced from 19% to 17%, effective April 1, 2020. On March 11, 2020, the U.K. Finance Act 2020 included a cancellation of the tax rate reduction to 17%, thereby maintaining the corporation tax rate at 19%. The Finance Act 2020 was formally enacted on July 22, 2020. The primary impact of the cancellation of the corporation tax rate reduction was an increase in deferred tax liabilities and a corresponding deferred tax expense of \$106 million.
- (b) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky. A portion of this amount has been reserved due to insufficient Kentucky taxable income projected at LKE.

## Segment Earnings

PPL's Net Income by reportable segment for the periods ended September 30 was as follows:

	Three Months			Nine Months		
	2020	2019	\$ Change	2020	2019	\$ Change

- (a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results.

## Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the statutory tax rate of the entity where the activity is recorded. Special items may include items such as:

- Unrealized gains or losses on foreign currency economic hedges (as discussed below).
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until

[Table of Contents](#)

settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 15 to the Financial Statements and "Risk Management" below for additional information on foreign currency economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended September 30 were as follows:

	Three Months			Nine Months		
	2020	2019	\$ Change	2020	2019	\$ Change

Earnings from Ongoing Operations	\$ 450	\$ 445	\$ 5	\$ 1,391	\$ 1,375	\$ 16

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and certain acquisition-related financing costs. The U.K. Regulated segment represents 49% of PPL's Net Income for the nine months ended September 30, 2020 and 40% of PPL's assets at September 30, 2020.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

- (b) Incremental costs for labor not chargeable to capital projects due to U.K. government lockdown restrictions, purchases of personal protective equipment and other safety related actions associated with the COVID-19 pandemic.
- (c) The U.K. Finance Act 2020, formally enacted on July 22, 2020, canceled the reduction of the corporation tax rate from 19% to 17%. See Note 6 to the Financial Statements for additional information.
- (d) Settlement of a contractual dispute.

The changes in the components of the U.K. Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as U.K. Adjusted Gross Margins, the items that management considers special and the

effects of movements in foreign currency exchange, including the effects of foreign currency hedge contracts, on separate lines and not in their respective Statement of Income line items.

U.K.

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of U.K. Adjusted Gross Margins.
- Higher other operation and maintenance expense for the nine month period primarily due to increases in various costs that were not individually significant in comparison to the prior year.
- Lower other income (expense) - net for the three and nine month periods primarily due to lower pension income.
- Lower interest expense for the three month period primarily due to interest on the index-linked bonds.
- Higher income taxes for the three month period primarily due to a \$7 million impact from the tax rate change, partially offset by \$6 million lower income taxes due to lower pre-tax income.

Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations conducted by LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 28% of PPL's Net Income for the nine months ended September 30, 2020 and 33% of PPL's assets at September 30, 2020.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

Pennsylvania Regulated Segment

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 31% of PPL's Net Income for the nine months ended September 30, 2020 and 26% of PPL's assets at September 30, 2020.

**Adjusted Gross Margins**

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

[Table of Contents](#)

- "U.K. Adjusted Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.
- "Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, as well as the Kentucky Regulated segment's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance," "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.
- "Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance" (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation" (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income" (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

**Changes in Adjusted Gross Margins**

The following table shows Adjusted Gross Margins by PPL's reportable segment and by component, as applicable, for the periods ended September 30 as well as the change between periods. The factors that gave rise to the changes are described following the table.

[Table of Contents](#)

was due to the COVID-19 lockdown restrictions that were effective beginning the latter half of March 2020 and \$4 million from the April 1, 2020 price decrease.

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, decreased for the nine months ended September 30, 2020, compared with 2019, primarily due to \$62 million of lower volumes, of which \$70 million was due to the COVID-19 lockdown restrictions that were effective beginning the latter half of March 2020, partially offset by \$19 million from the April 1, 2019 and 2020 price changes.

*Kentucky Adjusted Gross Margins*

Kentucky Adjusted Gross Margins decreased for the three months ended September 30, 2020 compared with 2019, due to \$18 million of decreased sales volumes primarily due to weather and \$8 million of lower commercial and industrial demand revenue primarily due to impacts of COVID-19.

Kentucky Adjusted Gross Margins decreased for the nine months ended September 30, 2020 compared with 2019, due to \$36 million of decreased sales volumes primarily due to weather, \$32 million of lower commercial and industrial demand revenue primarily due to impacts of COVID-19 and a \$17 million decrease due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019, partially offset by higher retail rates approved by the KPSC effective May 1, 2019 of \$64 million, inclusive of the termination of the TCJA bill credit mechanism.

*Pennsylvania Adjusted Gross Margins*Distribution

Distribution Adjusted Gross Margins decreased for the three and nine months ended September 30, 2020, compared with 2019. No items were individually significant in comparison to the prior year.

Transmission

Transmission Adjusted Gross Margins increased for the three and nine months ended September 30, 2020, compared with 2019, primarily due to returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability.

Operating Activities

The components of the change in cash provided by (used in) operating activities for the nine months ended September 30, 2020 compared with 2019 were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Net income	\$ (203)	\$ 37	\$ (33)	\$ 3	\$ (20)
Non-cash components	315	25	27	(26)	2
Working capital	156	15	26	2	(10)
Defined benefit plan funding	17	—	6	—	2
Other operating activities	74	(30)	33	23	1
Total	<u>\$ 359</u>	<u>\$ 47</u>	<u>\$ 59</u>	<u>\$ 2</u>	<u>\$ (25)</u>

*(PPL)*

PPL's cash provided by operating activities in 2020 increased \$359 million compared with 2019.

- Net income decreased \$203 million between the periods and included an increase in non-cash charges of \$315 million. The increase in non-cash charges was primarily due to an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements), an increase in deferred income taxes (due to the cancellation of the U.K. corporation tax rate reduction, book versus tax plant timing differences and Federal net operating losses) and an increase in unrealized gains on derivatives, and other hedging activities, partially offset by a decrease in amortization expense.
- The \$156 million increase in cash from changes in working capital was primarily due to an increase in accounts payable (primarily due to timing of disbursement of payments), a decrease in unbilled revenues (primarily due to weather), and an increase in other current liabilities, partially offset by an increase in accounts receivable (primarily due to timing of receipts) and an increase in materials and supplies (primarily due to a contract termination and subsequent guaranteed purchase of inventory from a third-party logistics firm).
- The \$74 million increase in cash provided by other operating activities was driven primarily by an increase in other liabilities (primarily related to regulatory liabilities and deferral of payroll taxes).

*(PPL Electric)*

PPL Electric's cash provided by operating activities in 2020 increased \$47 million compared with 2019.

- Net income increased \$37 million between the periods and included an increase in non-cash components of \$25 million. The increase in non-cash components was primarily due to an increase in depreciation expense and an increase in other expenses (primarily due to an increase in canceled projects).
- The \$15 million increase in cash from changes in working capital was primarily due to a decrease in unbilled revenues (primarily due to weather), an increase in accounts payable (primarily due to timing of payments), and a decrease in

## Table of Contents

other net current assets and current liabilities, partially offset by an increase in accounts receivable (primarily due to the timing of receipts).

- The \$30 million decrease in cash provided by other operating activities was driven primarily by an increase in non-current assets (primarily related to prepayments).

### *(LKE)*

LKE's cash provided by operating activities in 2020 increased \$59 million compared with 2019.

- Net income decreased \$33 million between the periods and included an increase in non-cash components of \$27 million. The increase in non-cash components was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements), partially offset by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences).
- The increase in cash from changes in working capital was primarily driven by a decrease in unbilled revenue (primarily due to weather) and an increase in accounts payable (primarily due to timing of payments), partially offset by an increase in accounts receivable (primarily due to increase in aged receivables due to COVID-19 related disconnection moratoriums) and a decrease in interest payable (primarily due to timing of payments).
- The increase in cash provided by other operating activities was driven primarily by an increase in other liabilities (primarily related to regulatory liabilities and deferral of payroll taxes).

### *(LG&E)*

LG&E's cash provided by operating activities in 2020 increased \$2 million compared with 2019.

- Net income increased \$3 million between the periods and included a decrease in non-cash components of \$26 million. The decrease in non-cash components was primarily driven by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences), partially offset by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The increase in cash from changes in working capital was primarily driven by a decrease in unbilled revenues (primarily due to weather) and net regulatory assets (primarily due to the timing of rate recovery mechanisms), partially offset by a decrease in accounts payable (primarily due to timing of payments) and an increase in accounts receivables (primarily due to increase in aged receivables due to COVID-19 related disconnection moratoriums).
- The increase in cash provided by other operating activities was driven primarily by an increase in other liabilities (primarily related to regulatory liabilities) and a decrease in ARO expenditures.

### *(KU)*

KU's cash provided by operating activities in 2020 decreased \$25 million compared with 2019.

- Net income decreased \$20 million between the periods and included an increase in non-cash charges of \$2 million. The increase in non-cash components was driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements), partially offset by a decrease in deferred income tax expense (primarily due to book versus tax plant timing differences).
- The decrease in cash from changes in working capital was primarily driven by an increase in accounts receivable (primarily due to increase in aged receivables due to COVID-19 related disconnection moratoriums) and a decrease in other current liabilities (primarily due to timing of payments), partially offset by an increase in accounts payable (primarily due to timing of payments) and a decrease in unbilled revenues (primarily due to weather).

## Investing Activities

### *(All Registrants)*

The components of the change in cash provided by (used in) investing activities for the nine months ended September 30, 2020 compared with 2019 were as follows.

## Table of Contents

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Change - Cash Provided (Used)					
Expenditures for PP&E	\$ (151)	\$ (25)	\$ 51	\$ (6)	\$ 55

Total	<u>\$ (164)</u>	<u>\$ 517</u>	<u>\$ 54</u>	<u>\$ (6)</u>	<u>\$ 58</u>

For PPL, the increase in expenditures for PP&E was due to higher project expenditures at WPD and PPL Electric, partially offset by a decrease in project expenditures at LKE, LG&E and KU. The increase in expenditures at WPD was primarily due to an increase in expenditures to enhance system reliability. The increase in expenditures at PPL Electric was primarily due to timing differences on capital spending projects related to the ongoing efforts to improve reliability and replace aging infrastructure. The decrease in expenditures at LKE was primarily due to decreased spending for environmental water projects at LG&E and KU's Trimble County plant, LG&E's Mill Creek plant and KU's Ghent plant, partially offset by spending on gas transmission projects at LG&E and spending on various other projects at LG&E and KU that are not individually significant.

### *(PPL Electric)*

For PPL Electric, the change in "Notes receivable from affiliate" resulted from funding in 2019 of \$546 million to an affiliate for general corporate purposes.

## Credit Facilities

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets except for borrowings of \$100 million under PPL Capital Funding's term loan agreement due in March 2022, which are reflected in "Long-term Debt" on the Balance Sheets. At September 30, 2020, the total committed borrowing capacity under credit facilities and the borrowings under these facilities were:

*External*

	Committed Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity
PPL Capital Funding Credit Facilities	\$ 1,900	\$ 400	\$ —	\$ 1,500
PPL Electric Credit Facility	650	—	281	369
LG&E Credit Facilities	500	—	206	294
KU Credit Facilities	400	—	139	261
Total LKE	900	—	345	555
Total U.S. Credit Facilities (a)	\$ 3,450	\$ 400	\$ 626	\$ 2,424
Total U.K. Credit Facilities (b)	£ 1,055	£ 332	£ —	£ 721

- (a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 12%, PPL Electric - 6%, LKE - 7%, LG&E - 7% and KU - 7%.
- (b) The amounts borrowed at September 30, 2020 were a USD-denominated borrowing of \$200 million and GBP-denominated borrowings of £182 million which equated to \$243 million. The unused capacity reflects the amounts borrowed in GBP of £152 million as of the date borrowed. At September 30, 2020, the USD equivalent of unused capacity under the U.K. committed credit facilities was \$1 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 14% of the total committed capacity.

See Note 8 to the Financial Statements for further discussion of the Registrants' credit facilities.

*Intercompany (LKE, LG&E and KU)*

	Committed Capacity	Borrowed	Non-affiliate Used Capacity	Unused Capacity
LKE Credit Facility	\$ 375	\$ 153	\$ —	\$ 222
LG&E Money Pool (a)	750	—	206	544
KU Money Pool (a)	650	—	139	511

- (a) LG&E and KU participate in an intercompany money pool agreement whereby LKE and/or KU make available to LG&E funds up to \$750 million and LKE and/or LG&E make available to KU funds up to \$650 million, at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum aggregate short-term debt limit at \$750 million for LG&E and \$650 million for KU from all covered sources.

See Note 12 to the Financial Statements for further discussion of intercompany credit facilities.

Commercial Paper (All Registrants)

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facility. The following commercial paper programs were in place at September 30, 2020:

	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	\$ 1,500	\$ —	\$ 1,500
PPL Electric	650	280	370
LG&E	350	206	144

### Equity Securities Activities

#### *ATM*

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program; including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the nine months ended September 30, 2020.

### Common Stock Dividends

In August 2020, PPL declared a quarterly common stock dividend, payable October 1, 2020, of 41.5 cents per share (equivalent to \$1.66 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

### Rating Agency Actions

*(All Registrants)*

Moody's and S&P periodically review the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2020:

*(PPL)*

In April 2020, Moody's and S&P assigned ratings of Baa2 and BBB+ to PPL Capital Funding's \$1 billion 4.125% Senior Notes due 2030. The notes were issued April 1, 2020.

*(PPL, LKE and LG&E)*

In August 2020, Moody's and S&P assigned ratings of A1 and A to the Louisville/Jefferson County Metro Government, Kentucky's \$23 million 0.90% Pollution Control Revenue Bonds, 2001 Series A, due 2026, previously issued on behalf of LG&E. The bonds were remarketed September 3, 2020.

In August 2020, Moody's and S&P assigned ratings of A1 and A/A-2 to the County of Trimble, Kentucky's \$125 million 1.30% Pollution Control Revenue Refunding Bonds, 2016 Series A, due 2044, previously issued on behalf of LG&E. The bonds were remarketed September 3, 2020.

*(PPL, LKE and KU)*

In May 2020, Moody's and S&P assigned ratings of A1 and A to KU's \$500 million 3.30% First Mortgage Bonds due 2050. The bonds were issued June 3, 2020.

## [Table of Contents](#)

*(PPL and PPL Electric)*

In September 2020, Moody's and S&P assigned ratings of A1 and A to PPL Electric's \$250 million First Mortgage Bonds, Floating Rate Series, due 2023. The bonds were issued October 1, 2020.

In September 2020, Moody's and S&P assigned ratings of A1 and A to PEDFA's \$90 million Pollution Control Revenue Refunding Bonds, Series 2008, due 2023, previously issued on behalf of PPL Electric. The bonds were remarketed October 1, 2020.

### Ratings Triggers

*(PPL, LKE, LG&E and KU)*

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 15 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at September 30, 2020.

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2019 Form 10-K.

## **Risk Management**

### Market Risk

*(All Registrants)*

See Notes 14 and 15 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

### *Interest Rate Risk*

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at September 30, 2020.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through

<b>LG&amp;E</b>				
Economic hedges				
Interest rate swaps (d)	147	(26)	—	2033

(a) Includes accrued interest, if applicable.

(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.

(c) Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.

(d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at September 30, 2020 was insignificant for PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at September 30, 2020 is shown below.

	10% Adverse Movement in Rates
PPL	\$ 611
PPL Electric	180
LKE	205
LG&E	77
KU	122

*Foreign Currency Risk (PPL)*

PPL is exposed to foreign currency risk primarily through investments in and earnings of U.K. affiliates. Under its risk management program, PPL is permitted to enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions, including the previously announced potential sale of its U.K. utility business, and net investments.

The following foreign currency hedges were outstanding at September 30, 2020.

	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through
Economic hedges (b)	£ 340	\$ 41	\$ (30)	2021

(a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.

(b) To economically hedge the translation risk of expected earnings denominated in GBP.

*(All Registrants)*

### **Commodity Price Risk**

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

### **Volumetric Risk**

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2019 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

### **Credit Risk (All Registrants)**

See Notes 14 and 15 to the Financial Statements in this Form 10-Q and "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Risk Management - Credit Risk" in the Registrants' 2019 Form 10-K for additional information.

### **Foreign Currency Translation (PPL)**

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation gain of \$292 million for the nine months ended September 30, 2020, which primarily reflected a \$477 million increase to PP&E, an \$85 million increase to goodwill, a \$46 million increase to other net assets, partially offset by a \$229 million increase to long-term debt, a \$48 million increase to long term debt due within one year, and a \$39 million increase to deferred income taxes. Changes in this exchange rate resulted in a foreign currency translation loss of \$369 million for the nine months ended September 30, 2019, which primarily reflected a \$599 million decrease to PP&E, a \$114 million decrease to goodwill and a \$16 million decrease to other net assets, partially offset by a \$360 million decrease to long-term debt. The impact of foreign currency translation is recorded in AOCI.

### **Related Party Transactions (All Registrants)**

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 12 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

### **Acquisitions, Development and Divestitures (All Registrants)**

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results. See Note 9 to the Financial Statements for information on significant activities.

## **Environmental Matters** *(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The costs of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the costs for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See "Environmental Matters" in Item 1. "Business" in the Registrants' 2019 Form 10-K for information about environmental laws and regulations affecting the Registrants' business. See "Legal Matters" in Note 11 to the Financial Statements for a discussion of significant environmental claims. See "Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash - Capital Expenditures" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2019 Form 10-K for information on projected environmental capital expenditures for 2020 through 2024. See Note 16 to the Financial Statements for information related to the impacts of CCRs on AROs.

*(PPL, LKE, LG&E and KU)*

The information below represents an update to "Item 1. Business – Environmental Matters – Air – NAAQS" and "Item 1. Business - Environmental Matters - Water/Waste - Clean Water Act Jurisdiction" in the Registrants' 2019 Form 10-K.

### **NAAQS**

In October 2020, the EPA released proposed revisions to the Cross-State Air Pollution Rule (CSAPR) providing for reductions in ozone season nitrogen oxide emissions for 2021 and subsequent years from sources in 12 states, including Kentucky. PPL, LKE, LG&E and KU are unable to determine the impact of the rule on operations until the rule is finalized, and certain implementation determinations are made by the EPA and Kentucky. Compliance with the NAAQS, CSAPR and related requirements may require installation of additional pollution controls or other compliance actions, the costs of which PPL, LKE, LG&E and KU believe would be subject to rate recovery.

### **Clean Water Act Jurisdiction**

Environmental groups and others have claimed that discharges to groundwater from leaking CCR impoundments at power plants are subject to Clean Water Act permitting. A citizen suit raising such claims has been filed against KU with respect to the E.W. Brown plant, as discussed under "Legal Matters" - "E.W. Brown Environmental Claims" in Note 10 to the Financial Statements. On April 12, 2019, the EPA released regulatory clarification finding that Clean Water Act jurisdiction does not cover such discharges to groundwater. On January 23, 2020, the EPA announced a final rule modifying the jurisdictional scope of the Clean Water Act. The announced rule revises the definition of the "Waters of the United States," including a revision to exclude groundwater from the definition. In April 2020, the U.S. Supreme Court issued a ruling that Clean Water Act jurisdiction may apply to certain discharges to groundwater that result in the functional equivalent of a direct discharge to navigable waters. PPL, LKE, LG&E, and KU are unaware of any unpermitted releases from their facilities that are subject to Clean Water Act jurisdiction, but future guidance from the EPA and judicial rulings could potentially subject certain releases from CCR impoundments and landfills to additional permitting and remediation requirements, which could impose substantial costs. If any, associated costs are expected to be subject to rate recovery. PPL, LKE, LG&E and KU are unable to predict the outcome or financial impact of future regulatory proceedings and litigation.

## **New Accounting Guidance** *(All Registrants)*

See Note 2 to the Financial Statements for a discussion of new accounting guidance adopted.

**Application of Critical Accounting Policies** *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations and require management to make estimates or other judgments of matters that are inherently uncertain. Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

**Item 4. Controls and Procedures**

Although the COVID-19 pandemic prompted the Registrants to make certain procedural adjustments to accommodate an increased remote workforce, PPL's accounting and reporting systems and functions were well prepared to perform necessary accounting and reporting activities as of September 30, 2020 and to maintain the effectiveness of its disclosure controls and procedures and internal control over financial reporting.

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of September 30, 2020, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal controls over financial reporting during the Registrants' third fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

For information regarding legal, tax, regulatory, environmental or other administrative proceedings that became reportable events or were pending in the third quarter of 2020 see:

- "Item 3. Legal Proceedings" in each Registrant's 2019 Form 10-K; and
- Notes 6, 7 and 11 to the Financial Statements.

**Item 1A. Risk Factors**

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2019 Form 10-K, except for the following:

***The COVID-19 pandemic and resultant impact on business and economic conditions could negatively affect our business.***

The COVID-19 pandemic has disrupted the U.S. and global economies and continues to present extraordinary challenges to businesses, communities, workforces and markets. In the U.S. and throughout the world, governmental authorities have taken urgent and extensive actions to contain the spread of the virus and mitigate known or foreseeable impacts. In the Registrants' service territories, mitigation measures have included quarantines, stay-at-home orders, travel restrictions, reduced operations or

closures of businesses, schools and governmental agencies, and executive, legislative or regulatory actions to address health or other pandemic-related concerns.

Until COVID-19 is contained or an effective vaccine is identified and widely-available, the COVID-19 virus poses significant risks to the health and welfare of the Registrants' customers, employees, contractors and suppliers, and to the conduct of their business. Mandates to stay at home, shelter in place, or quarantine and resulting lock-down or closures of non-essential businesses could reduce demand for electricity and gas, or cause shifts in demand between residential, commercial and industrial customers that could negatively impact the Registrants' financial condition. Customers experiencing financial strain from unemployment, furloughs, or reduced work hours may not be able to pay their bills on a timely basis, which could negatively impact our liquidity. Continued economic disruption may further depress the GBP to U.S. dollar exchange rate and increase PPL's foreign exchange exposure. New or changing legislation or regulatory orders may unfavorably impact the Registrants or the utility industry generally.

All of these factors have the potential to materially and adversely affect the Registrants' business and operations, especially if they remain in effect for a prolonged period of time. At this time, the Registrants' cannot predict the extent to which these or other pandemic-related factors may affect their business, earnings or other financial results, as it depends on the duration and scope of the outbreak, the measures undertaken in response and other future developments, all of which are highly uncertain. In addition to the factors discussed above, investors should be aware that other COVID-19-related risks may emerge in the future and may prove to be significant. Investors should carefully consider the discussion of COVID-19 related items presented in this Quarterly Report and the risks presented in the Registrants' Annual Report on Form 10-K for 2019, especially to the extent that the COVID-19 pandemic may exacerbate or increase those risks.

## Section 8 – Other Events

### Item 8.01 Other Events

On November 13, 2020, Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU", and collectively with LG&E, the "Companies") announced that they anticipate filing requests with the Kentucky Public Service Commission ("KPSC") on or after November 25, 2020 for increases in annual electricity revenues at LG&E and KU and annual gas revenues at LG&E.

The anticipated applications request an increase in annual electricity revenues of approximately \$131 million and \$170 million at LG&E and KU, respectively, and an increase in annual gas revenues of approximately \$30 million at LG&E. The proposed revenue increases would be an increase of 11.6% and 10.4% in electricity revenues at LG&E and KU, respectively, and an increase of 8.3% in gas revenues at LG&E. The Companies are also requesting approval for a one-year billing credit which will credit customers approximately \$53 million, representing approximately \$39 million and \$12 million for LG&E and KU electricity customers and \$2 million for LG&E gas customers. The billing credit represents the return to customers of certain regulatory liabilities on the Companies' balance sheets and serves to partially mitigate the rate increases mentioned above during the first year in which the new rates are in effect.

LG&E's and KU's applications also include requests for certificates of public convenience and necessity to deploy advanced metering infrastructure across LG&E's and KU's service territories in Kentucky.

The applications will be based on a forecasted test year of July 1, 2021 through June 30, 2022 and a requested authorized return-on-equity of 10.0%. Subject to KPSC approval, the requested rates, decreased by the amount of the billing credit, are expected to become effective on July 1, 2021.

The proceedings have been designated as KPSC Case No. 2020-00350 for LG&E and Case No. 2020-00349 for KU.

The Companies cannot predict the outcome of these proceedings.

*Statements in this report regarding future events and their timing, including the Companies' proposed rate changes, future rates, rate mechanisms or returns on equity, as well as statements as to future costs or expenses, regulation, corporate strategy and performance, are "forward-looking statements" within the meaning of the federal securities laws. Although the Companies believe that the expectations and assumptions reflected in these forward-looking statements are reasonable, these expectations, assumptions and statements are subject to a number of risks and uncertainties, and actual results may differ materially from the results discussed in the statements. The following are among the important factors that could cause actual results to differ materially from the forward-looking statements: subsequent phases of rate proceedings and regulatory cost recovery; market demand and prices for electricity and natural gas; political, regulatory or economic conditions in states and regions where the Companies conduct business; and the progress of actual construction, purchase or installation of assets or operations subject to tracker mechanisms. All forward-looking statements should be considered in light of these important factors and in conjunction with PPL Corporation's, LG&E and KU Energy LLC's and the Companies' Form 10-K and other reports on file with the Securities and Exchange Commission.*
