Effective January 1, 2019, the Registrants adopted accounting guidance, using a modified retrospective approach, which reduces complexity when applying hedge accounting as well as improving the transparency of an entity's risk management activities. This guidance eliminates the separate measurement and reporting of hedge ineffectiveness for cash flow and net investment hedges and provides for the ability to perform subsequent qualitative effectiveness assessments. The guidance also allows entities to apply the short-cut method to partial-term fair value hedges of interest rate risk as well as expands the ability to apply the critical terms match method to cash flow hedges of groups of forecasted transactions.

See Note 15 for the additional disclosures of the income statement impacts of hedging activities required from the adoption of this guidance. Disclosures related to ineffectiveness are no longer required. Other impacts of adopting this guidance were not material.

### **3. Segment and Related Information**

(PPL)

See Note 2 in PPL's 2018 Form 10-K for a discussion of reportable segments and related information.

Income Statement data for the segments and reconciliation to PPL's consolidated results for the periods ended June 30 are as follows:

	Three Months		Six Months	
	2019	2018	2019	2018
Operating Revenues from external customers				
U.K. Regulated	\$ 541	\$ 584	\$ 1,124	\$ 1,199
Kentucky Regulated	732	743	1,577	1,615
Pennsylvania Regulated	521	517	1,166	1,156
Corporate and Other	9	4	15	4
<b>Total</b>	<b>\$ 1,803</b>	<b>\$ 1,848</b>	<b>\$ 3,882</b>	<b>\$ 3,974</b>
Net Income				
U.K. Regulated (a)	\$ 284	\$ 394	\$ 548	\$ 591
Kentucky Regulated	97	77	214	210
Pennsylvania Regulated	94	75	215	223
Corporate and Other	(34)	(31)	(70)	(57)
<b>Total</b>	<b>\$ 441</b>	<b>\$ 515</b>	<b>\$ 907</b>	<b>\$ 967</b>

(a)Includes unrealized gains and losses from hedging foreign currency economic activity. See Note 15 for additional information.

The following provides Balance Sheet data for the segments and reconciliation to PPL's consolidated Balance Sheets as of:

	June 30, 2019	December 31, 2018
Assets		
U.K. Regulated (a)	\$ 17,134	\$ 16,700
Kentucky Regulated	15,296	15,078
Pennsylvania Regulated	11,371	11,257
Corporate and Other (b)	403	361
<b>Total</b>	<b>\$ 44,204</b>	<b>\$ 43,396</b>

(a)Includes \$12.6 billion and \$12.4 billion of net PP&E as of June 30, 2019 and December 31, 2018. WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP.

(b)Primarily consists of unallocated items, including cash, PP&E, goodwill, the elimination of inter-segment transactions as well as the assets of Safari Energy.

*(PPL Electric, LKE, LG&E and KU)*

PPL Electric has two operating segments, distribution and transmission, which are aggregated into a single reportable segment. LKE, LG&E and KU are individually single operating and reportable segments.

#### 4. Revenue from Contracts with Customers

*(All Registrants)*

See Note 3 in PPL's 2018 Form 10-K for a discussion of the principal activities from which the Registrants and PPL's segments generate their revenues.

The following tables reconcile "Operating Revenues" included in each Registrant's Statement of Income with revenues generated from contracts with customers for the periods ended June 30.

	2019 Three Months				
	PPL	PPL Electric	LKE	LG&E	KU
Operating Revenues (a)	\$ 1,803	\$ 521	\$ 732	\$ 334	\$ 406
Revenues derived from:					
Alternative revenue programs (b)	(20)	(2)	(18)	(3)	(15)
Other (c)	(10)	(2)	(6)	(3)	(3)
<b>Revenues from Contracts with Customers</b>	<b>\$ 1,773</b>	<b>\$ 517</b>	<b>\$ 708</b>	<b>\$ 328</b>	<b>\$ 388</b>

	2018 Three Months				
	PPL	PPL Electric	LKE	LG&E	KU
Operating Revenues (a)	\$ 1,848	\$ 517	\$ 743	\$ 335	\$ 414
Revenues derived from:					
Alternative revenue programs (b)	9	—	9	6	3
Other (c)	(13)	(2)	(4)	(2)	(2)
<b>Revenues from Contracts with Customers</b>	<b>\$ 1,844</b>	<b>\$ 515</b>	<b>\$ 748</b>	<b>\$ 339</b>	<b>\$ 415</b>

	2019 Six Months				
	PPL	PPL Electric	LKE	LG&E	KU
Operating Revenues (a)	\$ 3,882	\$ 1,166	\$ 1,577	\$ 744	\$ 856
Revenues derived from:					
Alternative revenue programs (b)	(26)	(6)	(20)	(5)	(15)
Other (c)	(19)	(5)	(10)	(4)	(6)
<b>Revenues from Contracts with Customers</b>	<b>\$ 3,837</b>	<b>\$ 1,155</b>	<b>\$ 1,547</b>	<b>\$ 735</b>	<b>\$ 835</b>

**2018 Six Months**

	<b>PPL</b>	<b>PPL Electric</b>	<b>LKE</b>	<b>LG&amp;E</b>	<b>KU</b>
Operating Revenues (a)	\$ 3,974	\$ 1,156	\$ 1,615	\$ 754	\$ 885
Revenues derived from:					
Alternative revenue programs (b)	41	2	39	20	19
Other (c)	(28)	(6)	(9)	(3)	(6)
Revenues from Contracts with Customers	<u>\$ 3,987</u>	<u>\$ 1,152</u>	<u>\$ 1,645</u>	<u>\$ 771</u>	<u>\$ 898</u>

(a)PPL includes \$541 million and \$1,124 million for the three and six months ended June 30, 2019 and \$584 million and \$1,199 million for the three and six months ended June 30, 2018 of revenues from external customers reported by the U.K. Regulated segment. PPL Electric and LKE represent revenues from external customers reported by the Pennsylvania Regulated and Kentucky Regulated segments. See Note 3 for additional information.

(b)Alternative revenue programs include the transmission formula rate for PPL Electric, the ECR and DSM programs for LKE, LG&E and KU, the GLT program for LG&E, and the generation formula rate for KU. This line item shows the over/under collection of these rate mechanisms with over-collections of revenue shown as positive amounts in the table above and under-collections shown as negative amounts.

(c)Represents additional revenues outside the scope of revenues from contracts with customers such as leases and other miscellaneous revenues.

As discussed in Note 2 in PPL's 2018 Form 10-K, PPL's segments are segmented by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the footnotes to the tables above.

The following tables show revenues from contracts with customers disaggregated by customer class for the periods ended June 30.

**2019 Three Months**

	<b>PPL</b>	<b>PPL Electric</b>	<b>LKE</b>	<b>LG&amp;E</b>	<b>KU</b>
Licensed energy suppliers (a)	\$ 510	\$ —	\$ —	\$ —	\$ —

Revenues from Contracts with Customers	<u>\$ 3,837</u>	<u>\$ 1,155</u>	<u>\$ 1,547</u>	<u>\$ 735</u>	<u>\$ 835</u>

	2018 Six Months				
	PPL	PPL Electric	LKE	LG&E	KU
Licensed energy suppliers (a)	\$ 1,131	\$ —	\$ —	\$ —	\$ —
Residential	1,392	708	684	343	341
Commercial	621	187	434	231	203
Industrial	310	25	285	89	196
Other (b)	220	26	135	61	74
Wholesale - municipal	61	—	61	—	61
Wholesale - other (c)	46	—	46	47	23
Transmission	206	206	—	—	—
Revenues from Contracts with Customers	<u>\$ 3,987</u>	<u>\$ 1,152</u>	<u>\$ 1,645</u>	<u>\$ 771</u>	<u>\$ 898</u>

(a)Represents customers of WPD.

(b)Primarily includes revenues from pole attachments, street lighting, other public authorities and other non-core businesses.

(c)Includes wholesale power and transmission revenues. LG&E and KU amounts include intercompany power sales and transmission revenues, which are eliminated upon consolidation at LKE.

PPL Electric's revenues from contracts with customers are further disaggregated by distribution and transmission, which were \$416 million and \$101 million for the three months ended June 30, 2019 and \$949 million and \$206 million for the six months ended June 30, 2019. PPL Electric's revenue from contracts with customers disaggregated by distribution and transmission were \$414 million and \$101 million for the three months ended June 30, 2018 and \$946 million and \$206 million for the six months ended June 30, 2018.

Contract receivables from customers are primarily included in "Accounts receivable - Customer" and "Unbilled revenues" on the Balance Sheets.

The following table shows the accounts receivable balances that were impaired for the periods ended June 30.

	Three Months		Six Months	
	2019	2018	2019	2018
PPL	\$ 2	\$ 3	\$ 11	\$ 13
PPL Electric	—	3	6	10
LKE	1	1	3	3
LG&E	—	—	1	1
KU	1	1	2	2

The following table shows the balances and certain activity of contract liabilities resulting from contracts with customers.

	PPL	PPL Electric	LKE	LG&E	KU
Contract liabilities at December 31, 2018	\$ 42	\$ 23	\$ 9	\$ 5	\$ 4
Contract liabilities at June 30, 2019	47	22	9	5	4
Revenue recognized during the six months ended June 30, 2019 that was included in the contract liability balance at December 31, 2018	29	11	9	5	4
Contract liabilities at December 31, 2017	\$ 29	\$ 19	\$ 8	\$ 4	\$ 4
Contract liabilities at June 30, 2018	38	14	8	4	3
Revenue recognized during the six months ended June 30, 2018 that was included in the contract liability balance at December 31, 2017	18	8	8	4	4

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date. Advanced billings for customer attachments are recognized as revenue ratably over the billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At June 30, 2019, PPL had \$56 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$49 million within the next 12 months.

## 5. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below. These securities also include the PPL common stock forward sale agreements entered into in May 2018. See Note 8 in PPL's 2018 Form 10-K for additional information on these agreements. The forward sale agreements are dilutive under the Treasury Stock Method to the extent the average stock price of PPL's common shares exceeds the forward sale price prescribed in the agreements.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended June 30 used in the EPS calculation are:

	Three Months		Six Months	
	2019	2018	2019	2018
<b>Income (Numerator)</b>				
Net income	\$ 441	\$ 515	\$ 907	\$ 967
Less amounts allocated to participating securities	1	—	1	1
Net income available to PPL common shareowners - Basic and Diluted	\$ 440	\$ 515	\$ 906	\$ 966
<b>Shares of Common Stock (Denominator)</b>				
Weighted-average shares - Basic EPS	721,785	699,006	721,406	696,772
Add incremental non-participating securities:				
Share-based payment awards	897	173	960	491
Forward sale agreements	8,233	1,797	8,070	898
Weighted-average shares - Diluted EPS	730,915	700,976	730,436	698,161
<b>Basic EPS</b>				
Net Income available to PPL common shareowners	\$ 0.61	\$ 0.74	\$ 1.26	\$ 1.39
<b>Diluted EPS</b>				
Net Income available to PPL common shareowners	\$ 0.60	\$ 0.73	\$ 1.24	\$ 1.38

[Table of Contents](#)

For the periods ended June 30, PPL issued common stock related to stock-based compensation plans and the DRIP as follows (in thousands):

	Three Months		Six Months	
	2019	2018	2019	2018
Stock-based compensation plans (a)	52	12	642	488
DRIP	417	526	875	1,011

(a)Includes stock options exercised, vesting of performance units, vesting of restricted stock units and conversion of stock units granted to directors.

For the periods ended June 30, the following shares (in thousands) were excluded from the computations of diluted EPS because the effect would have been antidilutive.

	Three Months		Six Months	
	2019	2018	2019	2018
Stock options	—	441	—	336
Restricted stock units	—	23	—	21

## 6. Income Taxes

Reconciliations of income taxes for the periods ended June 30 are as follows.

(PPL)

	Three Months		Six Months	
	2019	2018	2019	2018
Federal income tax on Income Before Income Taxes at statutory tax rate - 21%	\$ 110	\$ 138	\$ 235	\$ 257
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	8	10	21	25
Valuation allowance adjustments (b)	7	5	14	12
Impact of lower U.K. income tax rates	(6)	(6)	(14)	(13)
Amortization of excess deferred federal and state income taxes	(10)	(9)	(21)	(19)
Deferred tax impact of state tax reform (a)	—	9	—	9
Interest benefit on U.K. financing entities	(3)	(4)	(6)	(9)
Kentucky recycling credit, net of federal income tax expense (b)	(20)	—	(20)	—
Other	(2)	(1)	1	(3)
Total increase (decrease)	(26)	4	(25)	2
Total income taxes	\$ 84	\$ 142	\$ 210	\$ 259

(a)During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

(b)During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. A valuation allowance of \$3 million has been recognized related to this credit due to insufficient Kentucky taxable income projected at LKE.

(PPL Electric)

	Three Months		Six Months	
	2019	2018	2019	2018
Federal income tax on Income Before Income Taxes at statutory tax rate - 21%	\$ 26	\$ 22	\$ 61	\$ 63
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	10	8	23	24
Amortization of excess deferred income taxes	(4)	(3)	(8)	(8)
Other	—	—	(2)	(3)
Total increase (decrease)	6	5	13	13
Total income taxes	\$ 32	\$ 27	\$ 74	\$ 76

(LKE)

	Three Months		Six Months	
	2019	2018	2019	2018
Federal income tax on Income Before Income Taxes at statutory tax rate - 21%	\$ 23	\$ 25	\$ 56	\$ 63
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	4	3	10	11
Deferred tax impact of state tax reform (a)	—	9	—	9
Valuation allowance adjustments (b)	3	—	3	—
Amortization of excess deferred federal and state income taxes	(6)	(6)	(12)	(11)
Kentucky recycling credit, net of federal income tax expense (b)	(20)	—	(20)	—
Other	(1)	—	(2)	(2)
Total increase (decrease)	(20)	6	(21)	7
Total income taxes	\$ 3	\$ 31	\$ 35	\$ 70

(a) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

(b) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. A portion of this amount has been reserved due to insufficient Kentucky taxable income projected at LKE.

(LG&E)

	Three Months		Six Months	
	2019	2018	2019	2018
Federal income tax on Income Before Income Taxes at statutory tax rate - 21%	\$ 12	\$ 13	\$ 29	\$ 33
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	2	2	5	6
Valuation allowance adjustments (a)	15	—	15	—
Amortization of excess deferred federal and state income taxes	(2)	(3)	(5)	(5)
Kentucky recycling credit, net of federal income tax expense (a)	(15)	—	(15)	—
Other	—	—	—	(1)
Total increase (decrease)	—	(1)	—	—
Total income taxes	\$ 12	\$ 12	\$ 29	\$ 33

(a) During the second quarter of 2019, LG&E recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. This amount has been reserved due to insufficient Kentucky taxable income projected at LG&E.

(KU)

	Three Months		Six Months	
	2019	2018	2019	2018
Federal income tax on Income Before Income Taxes at statutory tax rate - 21%	\$ 16	\$ 16	\$ 37	\$ 39
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	3	2	7	7
Valuation allowance adjustments (a)	5	—	5	—
Amortization of excess deferred federal and state income taxes	(4)	(3)	(7)	(6)
Kentucky recycling credit, net of federal income tax expense (a)	(5)	—	(5)	—
Other	(1)	(1)	(1)	(2)
Total increase (decrease)	(2)	(2)	(1)	(1)
Total income taxes	\$ 14	\$ 14	\$ 36	\$ 38

(a) During the second quarter of 2019, KU recorded a deferred income tax benefit associated with a project placed into service that prepares a generation waste material for reuse and, as a result, qualifies for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. This amount has been reserved due to insufficient Kentucky taxable income projected at KU.

## Other

### *U.S. Tax Reform (All Registrants)*

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including interest deductibility and Global Intangible Low-Taxed Income (GILTI). In June 2019, the IRS issued both final and new proposed regulations relating to GILTI. PPL has determined that neither these final nor proposed regulations materially change PPL's current interpretation of the statutory impact of these rules on the company. Proposed regulations relating to the limitation on the deductibility of interest expense were issued in November 2018 and such regulations provide detailed rules implementing the broader statutory provisions. These proposed regulations should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in the fourth quarter of 2019. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

## 7. Utility Rate Regulation

### *(All Registrants)*

The following table provides information about the regulatory assets and liabilities of cost-based rate-regulated utility operations.

	PPL		PPL Electric	
	June 30, 2019	December 31, 2018	June 30, 2019	December 31, 2018

(a) For PPL, these amounts are included in "Other current assets" on the Balance Sheets.

(b) Relates to amounts owed to PPL Electric customers as a result of the reduced U.S. federal corporate income tax rate as enacted by the TCJA, for the period of January 1, 2018 through June 30, 2018 which is not yet reflected in distribution customer rates. The initial liability was recorded during the second quarter of 2018. The distribution method back to customers of this liability must be proposed to the PUC at the earlier of May 2021 or PPL Electric's next rate case.

## Regulatory Matters

### Kentucky Activities

#### *Rate Case Proceedings (PPL, LKE, LG&E and KU)*

On September 28, 2018, LG&E and KU filed requests with the KPSC for an increase in annual base electricity rates of approximately \$112 million at KU and increases in annual base electricity and gas rates of approximately \$35 million and \$25 million at LG&E. LG&E's and KU's applications also sought to include changes associated with the TCJA and state tax reform in the calculation of the proposed base rates and to terminate the TCJA bill credit mechanism when new base rates go into effect. The elimination of the TCJA bill credit mechanism will result in an estimated annual electricity revenue increase of approximately \$58 million at KU and increases in electricity and gas revenues of approximately \$40 million and \$12 million at LG&E. The applications were based on a forecasted test year of May 1, 2019 through April 30, 2020 with a requested return-on-equity of 10.42%.

On March 1, 2019, LG&E and KU, along with substantially all intervening parties to the proceeding, filed stipulation and recommendation agreements (stipulations) with the KPSC resolving all material issues with the parties. In addition to terminating the TCJA bill credit mechanism, the proposed stipulations provided for increases in annual revenue requirements associated with base electricity rates of approximately \$58 million at KU and increases in annual base electricity and gas rates of approximately \$4 million and \$20 million at LG&E, based on a return-on-equity of 9.725%.

On April 30, 2019, the KPSC issued orders ruling on open issues and approving the proposed stipulations filed in March 2019. The orders provide for increases in annual revenue requirements associated with base electricity rates of \$56 million at KU and increases associated with base electricity and gas rates of \$2 million and \$19 million at LG&E. With the termination of the TCJA bill credit mechanism, this represents annual revenue increases of \$187 million (\$114 million at KU and \$73 million at LG&E). The new base rates and all elements of the orders became effective on May 1, 2019.

## Federal Matters

### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In August 2018, LG&E and KU submitted an application to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide mitigation for certain horizontal market power concerns arising out of the 1998 merger for certain transmission service between MISO and LG&E and KU. The affected transmission customers are a limited number of municipal entities in Kentucky. The amounts at issue are generally waivers or credits granted to such customers for either LG&E and KU or MISO transmission charges incurred depending upon the direction of certain transmission service incurred by the municipalities. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. On March 21, 2019, the FERC issued an Order granting LG&E's and KU's request to remove the on-going credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, which transition mechanism will be subject to FERC review and approval. On July 12, 2019, LG&E and KU submitted their proposed transition mechanism to the FERC for review and approval. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2019, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement, which includes the impact of the TCJA. The filing established the revenue requirement used to set rates that took effect in June 2019.

### *Transmission Customer Complaint (PPL, LKE, LG&E and KU)*

In September 2018, a transmission customer filed a complaint with the FERC against LG&E and KU alleging LG&E and KU have violated and continue to violate their obligations under an existing rate schedule to credit this customer for certain transmission charges from MISO. On February 21, 2019, the FERC issued an Order concluding that the MISO transmission charges in question did qualify for credits under the rate schedule and required LG&E and KU to reimburse the customer for the eligible credits. The reimbursement was not significant and was completed by LG&E and KU in March 2019. LG&E and KU currently receive recovery for such credits through other rate mechanisms.

### *TCJA Impact on FERC Rates (All Registrants)*

In November 2018, the FERC issued a Policy Statement stating that the appropriate ratemaking treatment for changes in accumulated deferred income taxes as a result of the TCJA would be addressed in a Notice of Proposed Rulemaking. Also in November 2018, the FERC issued the Notice of Proposed Rulemaking, which proposed that public utility transmission providers include mechanisms in their formula rates to deduct excess accumulated deferred income taxes from, or add deficient accumulated deferred income taxes to, rate base and adjust their income tax allowances by amortized excess or deficient accumulated deferred income taxes. The Notice of Proposed Rulemaking did not prescribe the mechanism companies should use to adjust their formula rates.

LG&E and KU are currently assessing the Notice of Proposed Rulemaking and are continuing to monitor guidance issued by the FERC. On February 5, 2019, in connection with a separate element of federal and Kentucky state tax reform effects, LG&E and KU filed a request with the FERC to amend their transmission formula rates to incorporate reductions to corporate income tax rates as a result of the TCJA and HB 487. The FERC approved this request effective June 1, 2019. LG&E and KU do not anticipate the impact of the TCJA and HB 487 related to their FERC-jurisdictional rates to be significant.

On February 28, 2019, PPL Electric filed with the FERC proposed revisions to its transmission formula rate template pursuant to Section 205 of the Federal Power Act and Section 35.13 of the Rules and Regulation of the FERC. Specifically, PPL Electric proposed to modify its formula rate to permit the return or recovery of excess or deficient accumulated deferred income taxes (ADIT) resulting from the TCJA and permit PPL Electric to prospectively account for the income tax expense associated with the depreciation of the equity component of the AFUDC. On April 29, 2019, the FERC accepted the proposed revisions to the

formula rate template, which were effective June 1, 2019, as well as the proposed adjustments to ADIT, effective January 1, 2018.

## Other

### Purchase of Receivables Program (PPL and PPL Electric)

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During the three and six months ended June 30, 2019, PPL Electric purchased \$271 million and \$619 million of accounts receivable from alternate suppliers. During the three and six months ended June 30, 2018, PPL Electric purchased \$297 million and \$673 million of accounts receivable from alternate suppliers.

## 8. Financing Activities

### Credit Arrangements and Short-term Debt

(All Registrants)

The Registrants maintain credit facilities to enhance liquidity, provide credit support and act as a backstop to commercial paper programs. For reporting purposes, on a consolidated basis, the credit facilities and commercial paper programs of PPL Electric, LKE, LG&E and KU also apply to PPL and the credit facilities and commercial paper programs of LG&E and KU also apply to LKE. The amounts listed in the borrowed column below are recorded as "Short-term debt" on the Balance Sheets, except for amounts borrowed under LG&E's Term Loan Facility which were recorded as "Long-term debt due within one year" on the December 31, 2018 Balance Sheet. The following credit facilities were in place at:

	Expiration Date	June 30, 2019				December 31, 2018

- (a) The amounts borrowed at June 30, 2019 and December 31, 2018 were USD-denominated borrowings of \$200 million for both periods, which bore interest at 3.25% and 3.17%.
- (b) The amounts borrowed at June 30, 2019 and December 31, 2018 were GBP-denominated borrowings which equated to \$102 million and \$48 million and bore interest at 1.13% and 1.12%.
- (c) The amount borrowed at June 30, 2019 was GBP-denominated borrowings which equated to \$41 million and bore interest at 1.13%.
- (d) At June 30, 2019, the unused capacity under the U.K. credit facilities was \$1.1 billion.

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facilities. The following commercial paper programs were in place at:

	June 30, 2019				December 31, 2018	
	Weighted - Average Interest Rate	Capacity	Commercial Paper Issuances	Unused Capacity	Weighted - Average Interest Rate	Commercial Paper Issuances
PPL Capital Funding	2.74%	\$ 1,500	\$ 1,014	\$ 486	2.82%	\$ 669
PPL Electric	2.59%	650	185	465	—	—

KU		350	—	350	2.94%	235
Total		\$ 2,850	\$ 1,295	\$ 1,555		\$ 1,183

(PPL Electric, LKE, LG&E, and KU)

See Note 12 for discussion of intercompany borrowings.

## Long-term Debt

(PPL)

In June 2019, WPD plc executed and drew £50 million under a 5-year term loan facility due 2024 at a rate of 2.189%, to be reset quarterly as detailed in the terms of the agreement. The borrowing equated to \$63 million at the time of drawdown, net of fees. The proceeds were used for general corporate purposes.

(PPL, LKE and LG&E)

In April 2019, LG&E issued \$400 million of 4.25% First Mortgage Bonds due 2049. LG&E received proceeds of \$396 million, net of discounts and underwriting fees, which were used to repay commercial paper and LG&E's term loan.

In April 2019, the County of Jefferson, Kentucky remarketed \$128 million of Pollution Control Revenue Bonds, 2001 Series A (Louisville Gas and Electric Company Project) due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.85% through their mandatory purchase date of April 1, 2021.

In June 2019, the Louisville/Jefferson County Metro Government of Kentucky remarketed \$31 million of Environmental Facilities Revenue Refunding Bonds, 2007 Series A (Louisville Gas and Electric Company Project) due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.65% through their mandatory purchase date of June 1, 2021.

In June 2019, the Louisville/Jefferson County Metro Government of Kentucky remarketed \$35 million of Environmental Facilities Revenue Refunding Bonds, 2007 Series B (Louisville Gas and Electric Company Project) due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.65% through their mandatory purchase date of June 1, 2021.

In June 2019, LG&E issued a notice to bondholders of its intention to convert the \$40 million Louisville/Jefferson County Metro Government of Kentucky Pollution Control Revenue Bonds, 2005 Series A (Louisville Gas and Electric Company Project) to a weekly interest rate, as permitted under the loan documents. The conversion was completed on August 1, 2019. In connection with the conversion, LG&E purchased these bonds from the remarketing agent and will hold them until a later date, at which time LG&E may refinance, remarket or further convert such bonds.

*(PPL, LKE and KU)*

In April 2019, KU reopened its 4.375% First Mortgage Bonds due 2045 and issued an additional \$300 million of this series. KU received proceeds of \$303 million, including premiums and underwriting fees, which were used to repay commercial paper and for other general corporate purposes.

*(PPL)*

## **Equity Securities**

### **ATM Program**

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program; including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the six months ended June 30, 2019.

## **Distributions**

In May 2019, PPL declared a quarterly common stock dividend, payable July 1, 2019, of 41.25 cents per share (equivalent to \$1.65 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

## **9. Leases**

*(All Registrants)*

The Registrants determine whether contractual arrangements contain a lease by evaluating whether those arrangements either implicitly or explicitly identify an asset, whether the Registrants have the right to obtain substantially all of the economic benefits from use of the asset throughout the term of the arrangement, and whether the Registrants have the right to direct the use of the asset. Renewal options are included in the lease term if it is reasonably certain the Registrants will exercise those options. Periods for which the Registrants are reasonably certain not to exercise termination options are also included in the lease term. The Registrants have certain agreements with lease and non-lease components, such as office space leases, which are generally accounted for separately.

LKE, LG&E and KU have entered into various operating leases primarily for office space, vehicles and railcars. The leases generally have fixed payments with expiration dates ranging from 2019 to 2025, some of which have options to extend the leases from one year to ten years and some have options to terminate at LKE's, LG&E's and KU's discretion. For leases that

existed as of December 31, 2018, payments associated with renewal options are not included in the measurement of the lease liability and right-of-use (ROU) asset.

WPD and Safari Energy have entered into various operating leases primarily for office space, land easements and telecom assets. These leases generally have fixed payments with expiration dates ranging from 2019 through 2028, except for the land agreements which extend through 2116.

PPL Electric also has operating leases which do not have a significant impact to its operations.

### Short-term Leases

Short-term leases are leases with a term that is 12 months or less and do not include a purchase option or option to extend the initial term of the lease to greater than 12 months that the Registrants are reasonably certain to exercise. The Registrants have made an accounting policy election to not recognize the ROU asset and the lease liability arising from leases classified as short-term. Expenses related to short-term leases are included in the tables below.

### Discount Rate

The discount rate for a lease is the rate implicit in the lease unless that rate cannot be readily determined. In that case, the Registrants are required to use their incremental borrowing rate, which is the rate the Registrants would have to pay to borrow, on a collateralized basis over a similar term, an amount equal to the lease payments in a similar economic environment.

The Registrants receive secured borrowing rates from financial institutions based on their applicable credit profiles. The Registrants use the secured rate which corresponds with the term of the applicable lease.

### Practical Expedients

See Note 2 for information on the adoption of the new lease guidance as well as the practical expedients the Registrants have elected as part of the transition.

(PPL, LKE, LG&E and KU)

### Lessee Transactions

The following table provides the components of lease cost for the Registrants' operating leases for the periods ended June 30, 2019.

	2019 Three Months			
	PPL	LKE	LG&E	KU
Lease cost:				
Operating lease cost	\$ 7	\$ 5	\$ 2	\$ 3
Short-term lease cost	2	1	1	—
Total lease cost	<u>\$ 9</u>	<u>\$ 6</u>	<u>\$ 3</u>	<u>\$ 3</u>

	2019 Six Months			
	PPL	LKE	LG&E	KU
Lease cost:				
Operating lease cost	\$ 14	\$ 12	\$ 6	\$ 6
Short-term lease cost	2	1	1	—
Total lease cost	<u>\$ 16</u>	<u>\$ 13</u>	<u>\$ 7</u>	<u>\$ 6</u>

The following table provides other key information related to the Registrants' operating leases at June 30, 2019.

	PPL	LKE	LG&E	KU
Cash paid for amounts included in the measurement of lease liabilities:				
Operating cash flows from operating leases	\$ 14	\$ 12	\$ 6	\$ 6
Right-of-use asset obtained in exchange for new operating lease liabilities	7	6	2	4

[Table of Contents](#)

The following table provides the total future minimum rental payments for operating leases, as well as a reconciliation of these undiscounted cash flows to the lease liabilities recognized on the Balance Sheets as of June 30, 2019.

	<u>PPL</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
2019 (a)	\$ 20	\$ 18	\$ 7	\$ 10
2020	19	14	5	8
2021	14	10	4	6
2022	9	7	3	4
2023	8	6	2	3
2024	7	5	2	3
Thereafter	22	4	1	2
<b>Total</b>	<b>\$ 99</b>	<b>\$ 64</b>	<b>\$ 24</b>	<b>\$ 36</b>

Weighted-average discount rate	3.77%	3.97%	3.89%	4.02%
Weighted-average remaining lease term (in years)	9	5	5	5
Current lease liabilities (b)	\$ 20	\$ 16	\$ 6	\$ 9
Non-current lease liabilities (b)	62	42	17	24
Right-of-use assets (c)	74	50	19	29

(a)Represents future minimum lease payments for the remainder of 2019.

(b)Current lease liabilities are included in "Other Current Liabilities" on the Balance Sheets. Non-current lease liabilities are included in "Other deferred credits and noncurrent liabilities" on the Balance Sheets. The difference between the total future minimum lease payments and the recorded lease liabilities is due to the impact of discounting.

(c)Right-of-use assets are included in "Other noncurrent assets" on the Balance Sheets.

At December 31, 2018, the total future minimum rental payments for all operating leases were estimated to be:

	<u>PPL</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
2019	\$ 26	\$ 20	\$ 10	\$ 10
2020	21	15	6	9
2021	15	11	4	7
2022	13	7	3	4
2023	8	6	3	3
Thereafter	33	11	4	6
<b>Total</b>	<b>\$ 116</b>	<b>\$ 70</b>	<b>\$ 30</b>	<b>\$ 39</b>

## Lessor Transactions

Third parties lease land from LKE, LG&E and KU at certain generation plants to produce refined coal used to generate electricity. The leases are operating leases and expire in 2021. Payments are allocated among lease and non-lease components as stated in the agreements. Lease payments are fixed or are determined based on the amount of refined coal used in electricity generation at the facility. Payments received are primarily recorded as a regulatory liability and are amortized in accordance with regulatory approvals.

WPD leases property and telecom assets to third parties, which generally expire through 2029. These leases are operating leases. Generally, lease payments are fixed and include only a lease component.

At June 30, 2019, PPL, LKE, LG&E and KU expect to receive the following lease payments over the remaining term of their operating lease agreements:

[Table of Contents](#)

	PPL	LKE	LG&E	KU
2019 (a)	\$ 7	\$ 4	\$ —	\$ 4
2020	13	7	—	7
2021	11	6	1	5
2022	4	—	—	—
2023	4	1	—	—
2024	4	—	—	—
Thereafter	12	—	—	—
Total	\$ 55	\$ 18	\$ 1	\$ 16
Lease income recognized for the three months ended June 30, 2019	\$ 6	\$ 4	\$ 2	\$ 2
Lease income recognized for the six months ended June 30, 2019	\$ 9	\$ 6	\$ 2	\$ 4

(a)Represents future minimum lease payments for the remainder of 2019.

## 10. Defined Benefits

(PPL, LKE and LG&E)

Certain net periodic defined benefit costs are applied to accounts that are further distributed among capital, expense and regulatory assets, including certain costs allocated to applicable subsidiaries for plans sponsored by PPL Services and LKE. Following are the net periodic defined benefit costs (credits) of the plans sponsored by PPL and its subsidiaries, LKE, and LG&E for the periods ended June 30:

	Pension Benefits							
	Three Months				Six Months			
	U.S.		U.K.		U.S.		U.K.	
	2019	2018	2019	2018	2019	2018	2019	2018
<b>PPL</b>								
Service cost	\$ 12	\$ 15	\$ 17	\$ 21	\$ 25	\$ 31	\$ 34	\$ 42
Interest cost	41	39	48	47	82	78	95	94
Expected return on plan assets	(61)	(62)	(150)	(150)	(122)	(124)	(298)	(300)
Amortization of:								
Prior service cost	2	3	—	—	4	5	—	—
Actuarial loss	14	19	23	38	27	41	47	77
Net periodic defined benefit costs (credits) before settlements	8	14	(62)	(44)	16	31	(122)	(87)
Settlements	—	—	—	—	1	—	—	—
Net periodic defined benefit costs (credits)	\$ 8	\$ 14	\$ (62)	\$ (44)	\$ 17	\$ 31	\$ (122)	\$ (87)

	Pension Benefits			
	Three Months		Six Months	
	2019	2018	2019	2018
	<b>LKE</b>			
Service cost	\$ 5	\$ 5	\$ 11	\$ 12
Interest cost	17	16	33	32
Expected return on plan assets	(26)	(25)	(51)	(51)
Amortization of:				
Prior service cost	2	2	4	4
Actuarial loss (a)	6	8	10	18
Net periodic defined benefit costs (b)	\$ 4	\$ 6	\$ 7	\$ 15

(a)As a result of treatment approved by the KPSC, the difference between actuarial loss calculated in accordance with LKE's accounting policy and actuarial loss calculated using a 15-year

amortization period was \$1 million for the three and six months ended June 30, 2019 and \$2 million and \$6 million for the three and six months ended June 30, 2018. This difference is recorded as a regulatory asset.

[Table of Contents](#)

(b)Due to the amount of lump sum payment distributions from the LG&E qualified pension plan, a settlement charge of \$4 million was incurred for the three and six months ended June 30, 2018. In accordance with existing regulatory accounting treatment, LG&E has maintained the settlement charge in regulatory assets. The amount is being amortized in accordance with existing regulatory practice.

	<b>Pension Benefits</b>			
	<b>Three Months</b>		<b>Six Months</b>	
	<b>2019</b>	<b>2018</b>	<b>2019</b>	<b>2018</b>
<b>LG&amp;E</b>				
Service cost	\$ 1	\$ 1	\$ 1	\$ 1
Interest cost	3	3	6	6
Expected return on plan assets	(5)	(6)	(11)	(11)
Amortization of:				
Prior service cost	2	2	3	3
Actuarial loss (a)	1	1	3	3
Net periodic defined benefit costs (b)	<u>\$ 2</u>	<u>\$ 1</u>	<u>\$ 2</u>	<u>\$ 2</u>

(a)As a result of treatment approved by the KPSC, the difference between actuarial loss calculated in accordance with LG&E's accounting policy and actuarial loss calculated using a 15-year amortization period was \$1 million for the three and six months ended June 30, 2019 and \$1 million for the six months ended June 30, 2018. This difference is recorded as a regulatory asset.

(b)Due to the amount of lump sum payment distributions from the LG&E qualified pension plan, a settlement charge of \$4 million was incurred for the three and six months ended June 30, 2018. In accordance with existing regulatory accounting treatment, LG&E has maintained the settlement charge in regulatory assets. The amount is being amortized in accordance with existing regulatory practice.

Net periodic defined benefit costs	<u>\$ 1</u>	<u>\$ 1</u>	<u>\$ 2</u>	<u>\$ 2</u>

*(PPL Electric, LG&E and KU)*

In addition to the specific plan it sponsors, LG&E is allocated costs of defined benefit plans sponsored by LKE. PPL Electric and KU do not directly sponsor any defined benefit plans. PPL Electric is allocated costs of defined benefit plans sponsored by PPL Services and KU is allocated costs of defined benefit plans sponsored by LKE. LG&E and KU are also allocated costs of defined benefit plans from LKS for defined benefit plans sponsored by LKE. See Note 12 for additional information on costs allocated to LG&E and KU from LKS. These allocations are based on participation in those plans, which management believes are reasonable. For the periods ended June 30, PPL Services allocated the following net periodic defined benefit costs to PPL Electric, and LKE allocated the following net periodic defined benefit costs to LG&E and KU:

	<b>Three Months</b>		<b>Six Months</b>	
	<b>2019</b>	<b>2018</b>	<b>2019</b>	<b>2018</b>
PPL Electric	\$ 2	\$ 3	\$ 5	\$ 7
LG&E	1	2	2	4
KU	—	1	—	2

*(All Registrants)*

The non-service cost components of net periodic defined benefit costs (credits) (interest cost, expected return on plan assets, amortization of prior service cost and amortization of actuarial gain and loss) are presented in "Other Income (Expense) - net" on the Statements of Income. See Note 13 for additional information.

## **11. Commitments and Contingencies**

### **Legal Matters**

*(All Registrants)*

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

#### Talen Litigation (PPL)

##### *Background*

In September 2013, one of PPL's former subsidiaries, PPL Montana entered into an agreement to sell its hydroelectric generating facilities. In June 2014, PPL and PPL Energy Supply, the parent company of PPL Montana, entered into various definitive agreements with affiliates of Riverstone to spin off PPL Energy Supply and ultimately combine it with Riverstone's competitive power generation businesses to form a stand-alone company named Talen Energy. In November 2014, after executing the spinoff agreements but prior to the closing of the spinoff transaction, PPL Montana closed the sale of its hydroelectric generating facilities. Subsequently, on June 1, 2015, the spinoff of PPL Energy Supply was completed. Following the spinoff transaction, PPL had no continuing ownership interest in or control of PPL Energy Supply. In connection with the spinoff transaction, PPL Montana became Talen Montana, LLC (Talen Montana), a subsidiary of Talen Energy. Talen Energy Marketing also became a subsidiary of Talen Energy as a result of the June 2015 spinoff of PPL Energy Supply. Talen Energy has owned and operated both Talen Montana and Talen Energy Marketing since the spinoff. At the time of the spinoff, affiliates of Riverstone acquired a 35% ownership interest in Talen Energy. Riverstone subsequently acquired the remaining interests in Talen Energy in a take private transaction in December 2016.

##### *Talen Montana, LLC v. PPL Corporation et al.*

On October 29, 2018, Talen Montana filed a complaint against PPL and certain of its affiliates and current and former officers and directors in the First Judicial District of the State of Montana, Lewis & Clark County (Talen Direct Action). Talen Montana alleges that in November 2014, PPL and certain officers and directors improperly distributed to PPL's subsidiaries \$733 million of the proceeds from the sale of Talen Montana's (then PPL Montana's) hydroelectric generating facilities, rendering PPL Montana insolvent. The complaint includes claims for, among other things, breach of fiduciary duty; aiding and abetting breach of fiduciary duty; breach of an LLC agreement; breach of the implied duty of good faith and fair dealing; tortious interference; negligent misrepresentation; and constructive fraud. Talen Montana is seeking unspecified damages, including punitive damages, and other relief. In December 2018, PPL moved to dismiss the Talen Direct Action for lack of jurisdiction and, in the alternative, to dismiss because Delaware is the appropriate forum to decide this case. In January 2019, Talen Montana dismissed without prejudice all current and former PPL Corporation directors from the case. The parties engaged in limited jurisdictional discovery, and oral argument regarding the PPL parties' motion to dismiss is scheduled for August 22, 2019.

##### *Talen Montana Retirement Plan and Talen Energy Marketing, LLC, Individually and on Behalf of All Others Similarly Situated v. PPL Corporation et al.*

Also on October 29, 2018, Talen Montana Retirement Plan and Talen Energy Marketing filed a putative class action complaint on behalf of current and contingent creditors of Talen Montana who allegedly suffered harm or allegedly will suffer reasonably foreseeable harm as a result of the November 2014 distribution. The action was filed in the Sixteenth Judicial District of the State of Montana, Rosebud County, against PPL and certain of its affiliates and current and former officers and directors (Talen Putative Class Action). The plaintiffs assert claims for, among other things, fraudulent transfer, both actual and constructive; recovery against subsequent transferees; civil conspiracy; aiding and abetting tortious conduct; and unjust enrichment. They are seeking avoidance of the purportedly fraudulent transfer, unspecified damages, including punitive damages, the imposition of a

constructive trust, and other relief. In December 2018, PPL removed the Talen Putative Class Action from the Sixteenth Judicial District of the State of Montana to the United States District Court for the District of Montana, Billings Division. In January 2019, the plaintiffs moved to remand the Talen Putative Class Action back to state court, and dismissed without prejudice all current and former PPL Corporation directors from the case. The parties engaged in limited discovery in connection with the motion to remand, at the conclusion of which the parties will complete their briefings on the matter to enable the Court to consider the remand motion.

*PPL Corporation et al. vs. Riverstone Holdings LLC, Talen Energy Corporation et al.*

On November 30, 2018, PPL, certain PPL affiliates, and certain current and former officers and directors (PPL plaintiffs) filed a complaint in the Court of Chancery of the State of Delaware seeking various forms of relief against Riverstone, Talen Energy and certain of their affiliates (Delaware Action). In the complaint, the PPL plaintiffs ask the Delaware Court of Chancery for declaratory and injunctive relief. This includes a declaratory judgment that, under the separation agreement governing the spinoff of PPL Energy Supply, all related claims that arise must be heard in Delaware; that the statute of limitations in Delaware and the spinoff agreement bar these claims at this point; that PPL is not liable for the claims in either the Talen Direct Action or the Talen Putative Class Action as PPL Montana was solvent at all relevant times; and that the separation agreement requires that Talen Energy indemnify PPL for all losses arising from the debts of Talen Montana, among other things. PPL's complaint also seeks damages against Riverstone for interfering with the separation agreement and against Riverstone affiliates for breach of the implied covenant of good faith and fair dealing. The complaint was subsequently amended on January 11, 2019 and March 20, 2019, including to add claims related to indemnification with respect to the Talen Direct Action and the Talen Putative Class Action (together, the Montana Actions), request a declaration that the Montana Actions are time-barred under the spinoff agreements, and allege additional facts to support the tortious interference claim. In April 2019, the defendants filed motions to dismiss the amended complaint. On July 11, 2019, the Court heard oral arguments from the parties regarding the motions to dismiss. The Court is expected to rule on the matters raised in the motions to dismiss within ninety days of the oral argument date.

With respect to each of the Talen-related matters described above, PPL believes that the 2014 distribution of proceeds was made in compliance with all applicable laws and that PPL Montana was solvent at all relevant times. Additionally, the agreements entered into in connection with the spinoff, which PPL and affiliates of Talen Energy and Riverstone negotiated and executed prior to the 2014 distribution, directly address the treatment of the proceeds from the sale of PPL Montana's hydroelectric generating facilities; in those agreements, Talen Energy and Riverstone definitively agreed that PPL was entitled to retain the proceeds.

PPL believes that it has meritorious defenses to the claims made in the Montana Actions and intends to continue to vigorously defend against these actions. The Montana Actions and the Delaware Action are all in the early stages of litigation; at this time, PPL cannot predict the outcome of these matters or estimate the range of possible losses, if any, that PPL might incur as a result of the claims, although they could be material.

Cane Run Environmental Claims (PPL, LKE and LG&E)

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky (U.S. District Court) alleging violations of the Clean Air Act, RCRA, and common law claims of nuisance, trespass and negligence. These plaintiffs seek injunctive relief and civil penalties, plus costs and attorney fees, for the alleged statutory violations. Under the common law claims, these plaintiffs seek monetary compensation and punitive damages for property damage and diminished property values for a class consisting of residents within four miles of the Cane Run plant, which retired three coal-fired units in 2015. In their individual capacities, these plaintiffs sought compensation for alleged adverse health effects. In July 2014, the court dismissed the RCRA claims and all but one Clean Air Act claim, but declined to dismiss the common law tort claims. In November 2016, the plaintiffs filed an amended complaint removing the personal injury claims and removing certain previously named plaintiffs. In February 2017, the U.S. District Court issued an Order dismissing PPL as a defendant and dismissing the final federal claim against LG&E. In April 2017, the U.S. District Court issued an Order declining to exercise supplemental jurisdiction on the state law claims and dismissed the case in its entirety. In June 2017, the plaintiffs filed a class action complaint in Jefferson County, Kentucky Circuit Court, against LG&E alleging state law nuisance, negligence and trespass tort claims. The plaintiffs seek compensatory and punitive damages for alleged property damage due to purported plant emissions on behalf of a class of residents within one to three miles of the plant. Proceedings are currently underway regarding potential class certification, for which a decision may be rendered in 2019. PPL, LKE and LG&E cannot predict the outcome of this matter and an estimate or range of possible losses cannot be determined.

### **E.W. Brown Environmental Claims** *(PPL, LKE and KU)*

In July 2017, the Kentucky Waterways Alliance and the Sierra Club filed a citizen suit complaint against KU in the U.S. District Court for the Eastern District of Kentucky (U.S. District Court) alleging discharges at the E.W. Brown plant in violation of the Clean Water Act and the plant's water discharge permit and alleging contamination that may present an imminent and substantial endangerment in violation of the RCRA. The plaintiffs' suit relates to prior notices of intent to file a citizen suit submitted in October and November 2015 and October 2016. These plaintiffs sought injunctive relief ordering KU to take all actions necessary to comply with the Clean Water Act and RCRA, including ceasing the discharges in question, abating effects associated with prior discharges and eliminating the alleged imminent and substantial endangerment. These plaintiffs also sought assessment of civil penalties and an award of litigation costs and attorney fees. In December 2017 the U.S. District Court issued an Order dismissing the Clean Water Act and RCRA complaints against KU in their entirety. In January 2018, the plaintiffs appealed the dismissal Order to the U.S. Court of Appeals for the Sixth Circuit. In September 2018, the U.S. Court of Appeals for the Sixth Circuit issued its ruling affirming the lower court's decision to dismiss the Clean Water Act claims but reversing its dismissal of the RCRA claims against KU and remanding the latter to the U.S. District Court. In October 2018, KU filed a petition for rehearing to the U.S. Court of Appeals for the Sixth Circuit regarding the RCRA claims. In November 2018, the U.S. Court of Appeals for the Sixth Circuit denied KU's petition for rehearing regarding the RCRA claims. On January 8, 2019, KU filed an answer to plaintiffs' complaint in the U.S. District Court. PPL, LKE and KU cannot predict the outcome of these matters and an estimate or range of possible losses cannot be determined.

KU is undertaking extensive remedial measures at the E.W. Brown plant including closure of the former ash pond, implementation of a groundwater remedial action plan and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. The aquatic study and risk assessment was undertaken pursuant to a 2017 agreed Order with the Kentucky Energy and Environment Cabinet (KEEC). KU conducted sampling of Herrington Lake in 2017 and 2018. KU submitted the required aquatic study and risk assessment, conducted by an independent third-party consultant, to the KEEC in June 2019 finding that discharges from the E.W. Brown plant have not had any significant impact on Herrington Lake and that the water in the lake is safe for recreational use and meets safe drinking water standards. However, until the KEEC assesses the study and issues any regulatory determinations, PPL, LKE and KU are unable to determine whether additional remedial measures will be required at the E.W. Brown plant.

### **Regulatory Issues** *(All Registrants)*

See Note 7 for information on regulatory matters related to utility rate regulation.

### **Electricity - Reliability Standards**

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E and KU monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

### **Environmental Matters**

*(All Registrants)*

Due to the environmental issues discussed below or other environmental matters, it may be necessary for the Registrants to modify, curtail, replace or cease operation of certain facilities or performance of certain operations to comply with statutes,

regulations and other requirements of regulatory bodies or courts. In addition, legal challenges to new environmental permits or rules add to the uncertainty of estimating the future cost of these permits and rules.

WPD's distribution businesses are subject to certain statutory and regulatory environmental requirements. It may be necessary for WPD to incur significant compliance costs, which costs may be recoverable through rates subject to the approval of Ofgem. PPL believes that WPD has taken and continues to take measures to comply with all applicable environmental laws and regulations.

LG&E and KU are entitled to recover, through the ECR mechanism, certain costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements applicable to coal combustion wastes and by-products from facilities that generate electricity from coal in accordance with approved compliance plans. Costs not covered by the ECR mechanism for LG&E and KU and all such costs for PPL Electric are subject to rate recovery before the companies' respective state regulatory authorities, or the FERC, if applicable. Because neither WPD nor PPL Electric owns any generating plants, their exposure to related environmental compliance costs is reduced. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

## Air

*(PPL, LKE, LG&E and KU)*

### NAAQS

The Clean Air Act, which regulates air pollutants from mobile and stationary sources in the United States, has a significant impact on the operation of fossil fuel generation plants. Among other things, the Clean Air Act requires the EPA periodically to review and establish concentration levels in the ambient air for six pollutants to protect public health and welfare. The six pollutants are carbon monoxide, lead, nitrogen dioxide, ozone (contributed to by nitrogen oxide emissions), particulate matter and sulfur dioxide. The established concentration levels for these six pollutants are known as NAAQS. Under the Clean Air Act, the EPA is required to reassess the NAAQS on a five-year schedule.

Federal environmental regulations of these six pollutants require states to adopt implementation plans, known as state implementation plans, which detail how the state will attain the standards that are mandated by the relevant law or regulation. Each state identifies the areas within its boundaries that meet the NAAQS (attainment areas) and those that do not (non-attainment areas), and must develop a state implementation plan both to bring non-attainment areas into compliance with the NAAQS and to maintain good air quality in attainment areas. In addition, for attainment of ozone and fine particulates standards, states in the eastern portion of the country, including Kentucky, are subject to a regional program developed by the EPA known as the Cross-State Air Pollution Rule. The NAAQS, future revisions to the NAAQS and state implementation plans, or future revisions to regional programs, may require installation of additional pollution controls, the costs of which PPL, LKE, LG&E and KU believe are subject to cost recovery.

Although PPL, LKE, LG&E and KU do not anticipate significant costs to comply with these programs, changes in market or operating conditions could result in different costs than anticipated.

### *Ozone*

The EPA issued the current ozone standard in October 2015. The states and the EPA are required to determine (based on ambient air monitoring data) those areas that meet the standard and those that are in nonattainment. In April 2018, the EPA designated Jefferson County, Kentucky (Louisville) as being in nonattainment with the ozone standard. Although implementation of the 2015 ozone standard could potentially require the addition of SCRs at LG&E's Mill Creek station, PPL, LKE and LG&E are unable to determine what, if any, compliance measures may ultimately be required until the Louisville Metro Air Pollution District prepares a state implementation plan.

States are also obligated to address interstate transport issues associated with ozone standards through the establishment of "good neighbor" state implementation plans for those states that are found to contribute significantly to another state's non-attainment. As a result of a partial consent decree addressing claims regarding federal implementation, the EPA and several states, including Kentucky, have evaluated the need for further nitrogen oxide reductions from fossil-fueled plants to address interstate impacts. In July 2018, the EPA approved Kentucky's proposed state implementation plan finding that no additional reductions beyond existing and planned controls set forth in Kentucky's existing State Implementation Plan are necessary to prevent Kentucky from contributing significantly to any other state's nonattainment. In September 2018, the EPA announced its

denial of petitions filed by Maryland and Delaware alleging that states including Kentucky and Pennsylvania contribute to nonattainment in the petitioning states. PPL, LKE, LG&E and KU are unable to predict the outcome of ongoing and future evaluations by the EPA and the states, or whether such evaluations could potentially result in requirements for nitrogen oxide reductions beyond those currently required under the Cross-State Air Pollution Rule.

### *Climate Change*

There is continuing world-wide attention focused on issues related to climate change. In June 2016, President Obama announced that the United States, Canada and Mexico established the North American Climate, Clean Energy, and Environment Partnership Plan, which specifies actions to promote clean energy, address climate change and protect the environment. The plan includes a goal to provide 50% of the energy used in North America from clean energy sources by 2025. The plan does not impose any nation-specific requirements.

In December 2015, 195 nations, including the U.S., signed the Paris Agreement on Climate, which establishes a comprehensive framework for the reduction of GHG emissions from both developed and developing nations. Although the agreement does not establish binding reduction requirements, it requires each nation to prepare, communicate, and maintain GHG reduction commitments. Reductions can be achieved in a variety of ways, including energy conservation, power plant efficiency improvements, reduced utilization of coal-fired generation or replacing coal-fired generation with natural gas or renewable generation. Based on the EPA's rules issued in 2015 imposing GHG emission standards for both new and existing power plants, the U.S. committed to an initial reduction target of 26% to 28% below 2005 levels by 2025. However, on June 1, 2017, President Trump announced a plan to withdraw from the Paris Agreement and undertake negotiations to reenter the current agreement or enter a new agreement on terms more favorable to the U.S. Under the terms of the Paris Agreement, any U.S. withdrawal would not be complete until November 2020. PPL, LKE, LG&E and KU cannot predict the outcome of such regulatory actions or the impact, if any, on plant operations, rate treatment or future capital or operating needs.

The U.K. has enacted binding carbon reduction requirements that are applicable to WPD. Under the U.K. law, WPD must purchase carbon reduction credits to offset emissions associated with WPD's operations. The cost of these credits is not significant and is included in WPD's current operating expenses.

The current U.K. carbon allowance scheme ended on March 31, 2019, with the last reporting year being April 2018 through March 2019. It is now being replaced by reporting requirements under the Streamlined Energy and Carbon Reporting framework along with a tax (called "Climate Change Levy") which is equivalent to the current cost of the carbon reduction credits. The cost of the tax is not significant and will be included in WPD's operating expenses.

### *The EPA's Affordable Clean Energy Rule*

In 2015, the EPA finalized rules imposing stringent GHG emission standards for both new and existing power plants based on plant specific energy efficiency upgrades, fuel switching from coal to natural gas, and deployment of renewable generation (the Clean Power Plan).

Following legal challenges to the Clean Power Plan, a stay of those rules by the U.S. Supreme Court and the March 2017 Executive Order requiring the EPA to review the Clean Power Plan in October 2017, the EPA proposed to rescind the Clean Power Plan. In July 2019, the EPA rescinded the Clean Power Plan and finalized the Affordable Clean Energy (ACE) Rule as a replacement with respect to existing sources. The ACE Rule gives states broad latitude in establishing emission guidelines providing for plant-specific efficiency upgrades or "heat-rate improvements" that will reduce GHG emissions per unit of electricity generated. The ACE Rule provides a list of "candidate technologies" that will be considered by the states in establishing standards of performance on a case by case basis at individual power plants. States are generally allowed three years to submit state plans establishing standards of performance. While compliance deadlines will be imposed on a plant-specific basis, the EPA anticipates that most facilities will be required to demonstrate compliance within two years of plan approval. In the final rule, the EPA did not finalize its proposed new criteria for determining whether such efficiency projects would trigger New Source Review and thus be subject to more stringent emission controls. Instead, the agency intends to take final action on the proposed New Source Review revisions in a separate final action at a later date.

The Kentucky General Assembly passed legislation in April 2014 limiting the measures that the Kentucky Energy and Environment Cabinet may consider in setting performance standards to comply with federal requirements for GHG emission reductions. The legislation provides that such state GHG performance standards will be strictly based on emission reductions, efficiency measures and other improvements available at each power plant. These statutory restrictions are broadly consistent with the EPA's ACE Rule.

LG&E and KU are monitoring developments at the state and federal level. Until legal challenges and regulatory determinations relating to repeal and replacement of the Clean Power Plan are completed and the state determines implementation measures, PPL, LKE, LG&E and KU cannot predict the potential impact, if any, on plant operations, future capital or operating costs. PPL, LKE, LG&E and KU believe that the costs, which could be significant, would be subject to rate recovery.

#### *Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)*

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. Discussions between the EPA and LG&E are ongoing. The parties have entered into a tolling agreement with respect to this matter through August 9, 2019. The parties are conducting initial negotiations regarding potential settlement of the matter. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any.

#### Water/Waste

*(PPL, LKE, LG&E and KU)*

#### *CCRs*

In April 2015, the EPA published its final rule regulating CCRs. CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes. The rule became effective in October 2015. It imposes extensive new requirements, including location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements on CCR impoundments and landfills that are located on active power plants in the United States and not closed. Under the rule, CCRs are regulated as non-hazardous under Subtitle D of RCRA and beneficial use of CCRs is allowed, with some restrictions. The rule's requirements for covered CCR impoundments and landfills include implementation of groundwater monitoring and commencement or completion of closure activities generally between three and ten years from certain triggering events. The rule requires posting of compliance documentation on a publicly accessible website. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule, which are pending before the D.C. Circuit Court of Appeals. In March 2018, the EPA proposed amendments to the CCR rule primarily relating to impoundment closure and remediation requirements. In July 2018, the EPA published in the Federal Register a final rule extending the deadline for closure of certain impoundments to October 2020 and adopting substantive changes relating to certifications, suspensions of groundwater monitoring and groundwater protection standards for certain constituents. In July 2019, the EPA released proposed amendments to the CCR Rule relating to reporting, public information, boron standards, beneficial use and waste piles. The EPA has announced that additional amendments to the rule will be proposed. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR rule including provisions allowing unlined impoundments to continue operating and exempting inactive impoundments at inactive plants from regulation. As a result of subsequent challenges to the CCR Rule amendments, on March 13, 2019, the D.C. Circuit Court granted the EPA's motion for voluntary remand of the amended rule without voiding it. Consequently, the CCR Rule amendments, including the extended compliance deadline, will remain in place as the EPA considers further rule amendments and revisions. PPL, LKE, LG&E and KU are unable to predict the outcome of the ongoing rulemaking or potential impacts on current LG&E and KU compliance plans. The Registrants are currently finalizing closure plans and schedules.

In January 2017, the Kentucky Energy and Environment Cabinet issued a new state rule relating to CCR management aimed at reflecting the requirements of the federal CCR rule. As a result of a subsequent legal challenge in January 2018, the Franklin County, Kentucky Court issued an opinion invalidating certain procedural elements of the rule. LG&E and KU presently operate their facilities under continuing permits authorized under the former program and do not currently anticipate material impacts as a result of the judicial ruling. The Kentucky Energy and Environmental Cabinet has announced it expects to propose new state rules in 2019 aimed at addressing the procedural deficiencies identified by the court and providing the regulatory framework necessary for operation of the state CCR program in lieu of the federal CCR Rule, as provided by applicable law.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. Since

2017, LG&E and KU have commenced closure of many of the subject impoundments and have completed closure of some of the smaller impoundments. LG&E and KU expect to commence closure of the remaining impoundments no later than October 31, 2020. LG&E and KU generally expect to complete impoundment closures within five years of commencement, although a longer period may be required to complete closure of some facilities.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 16 below and Note 19 in the Registrants' 2018 Form 10-K for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

### *Clean Water Act*

Regulations under the federal Clean Water Act dictate permitting and mitigation requirements for facilities and construction projects in the United States. Many of those requirements relate to power plant operations, including requirements related to the treatment of pollutants in effluents prior to discharge, the temperature of effluent discharges and the location, design and construction of cooling water intake structures at generating facilities, standards intended to protect aquatic organisms that become trapped at or pulled through cooling water intake structures at generating facilities. The requirements could impose significant costs for LG&E and KU, which are subject to rate recovery.

### *Clean Water Act Jurisdiction*

For several years the EPA has been seeking to clarify which discharges are subject to the Clean Water Act. The issue is primarily significant to PPL's operations with respect to discharges to groundwater from ash basins. There has been substantial disagreement over whether Clean Water Act jurisdiction covers discharges of contaminants to groundwater which reach surface water via a direct hydrologic connection. In particular, various environmental groups and other stakeholders argue that leaking impoundments located at coal-fired power plants are subject to Clean Water Act jurisdiction, while facility owners and many states contend that such situations are more appropriately addressed under the EPA's CCR Rule and state regulatory programs.

Most recently, on April 12, 2019, the EPA released an interpretive statement concluding that Clean Water Act jurisdiction does not cover discharges to groundwater regardless of any hydrologic connection between groundwater and jurisdictional surface water.

The issue has been subject to extensive litigation in federal courts including the citizen suit filed against KU with respect to its E.W. Brown plant, as discussed under "Legal Matters" - "E.W. Brown Environmental Claims" above, resulting in contradictory rulings by courts in different jurisdictions. On February 19, 2019, the U.S. Supreme Court agreed to review a lower court ruling on the issue. The U.S. Supreme Court's ruling in that case, likely to be issued in the first half of 2020, is expected to provide additional clarification on the scope of Clean Water Act jurisdiction. Extending Clean Water Act jurisdiction to such discharges could potentially subject certain releases from CCR impoundments to additional permitting and remediation requirements.

PPL, LKE, LG&E and KU are unable to predict the outcome of current or future regulatory proceedings or litigation or potential impacts on current LG&E and KU compliance plans.

### *ELGs*

In September 2015, the EPA released its final ELGs for wastewater discharge permits for new and existing steam electric generating facilities. The rule provides strict technology-based discharge limitations for control of pollutants in scrubber wastewater, fly ash and bottom ash transport water, mercury control wastewater, gasification wastewater and combustion residual leachate. The new guidelines require deployment of additional control technologies providing physical, chemical and biological treatment of wastewaters. The guidelines also mandate operational changes including "no discharge" requirements for fly ash and bottom ash transport waters and mercury control wastewaters. The implementation date for individual generating stations will be determined by the states on a case-by-case basis according to criteria provided by the EPA. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule, which have been consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA published in the Federal Register a proposed rule that would postpone the compliance date for requirements relating to bottom ash transport waters and scrubber wastewaters discharge limits. The proposed rule is expected to be finalized by the fall of 2019. On April 12, 2019, the U.S. Court of Appeals for the Fifth Circuit vacated and remanded portions of the ELGs concerning legacy wastewater and CCR leachate. The EPA

expects to complete its reconsideration of best available technology standards by the fall of 2020. Upon completion of the ongoing regulatory proceedings, the rule will be implemented by the states in the course of their normal permitting activities. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to predict the outcome of the EPA's pending reconsideration of the rule or fully estimate compliance costs or timing. Additionally, certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Costs to comply with ELGs or other discharge limits are expected to be significant. Certain costs are included in the Registrants' capital plans and are subject to rate recovery.

### *Seepages and Groundwater Infiltration*

In addition to the actions described above, LG&E and KU have completed, or are completing, assessments of seepages or groundwater infiltration at various facilities and have completed, or are working with agencies to implement, further testing, monitoring or abatement measures, where applicable. Depending on the circumstances in each case, certain costs, which may be subject to rate recovery, could be significant. LG&E and KU cannot currently estimate a possible loss or range of possible losses related to this matter.

*(All Registrants)*

### Superfund and Other Remediation

PPL Electric, LG&E and KU are potentially responsible for investigating, responding to agency inquiries, implementing various preventative measures, and/or remediating contamination under programs other than those described in the sections above. These include a number of former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated or currently owned by predecessors or affiliates of PPL Electric, LG&E and KU. To date, the costs of these sites have not been significant.

There are additional sites formerly owned or operated by PPL Electric, LG&E and KU predecessors or affiliates. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability they may have or a range of reasonably possible losses, if any, related to these matters.

PPL Electric is potentially responsible for a share of the costs at several sites listed by the EPA under the federal Superfund program, including the Columbia Gas Plant site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been, and are not expected to be, significant to PPL Electric.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result of the EPA's evaluation, individual states may establish stricter standards for water quality and soil cleanup. This could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of reasonably possible losses, if any, related to these matters.

From time to time, PPL's subsidiaries in the United States undertake testing, monitoring or remedial action in response to notices of violations, spills or other releases at various on-site and off-site locations, negotiate with the EPA and state and local agencies regarding actions necessary to comply with applicable requirements, negotiate with property owners and other third parties alleging impacts from PPL's operations and undertake similar actions necessary to resolve environmental matters that arise in the course of normal operations. Based on analyses to date, resolution of these environmental matters is not expected to have a significant adverse impact on the operations of PPL Electric, LG&E and KU.

PPL Electric had a recorded liability of \$11 million at June 30, 2019 and December 31, 2018 representing its best estimate of the probable loss incurred to remediate the sites noted in this section. Depending on the outcome of investigations at sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred; however, such costs are not expected to be significant.

Future cleanup or remediation work at sites not yet identified may result in significant additional costs for PPL, PPL Electric, LKE, LG&E and KU. Insurance policies maintained by LKE, LG&E and KU may be available to cover certain costs or other obligations related to these matters, but the amount of insurance coverage or reimbursement cannot be estimated or assured.

**Other**

**Guarantees and Other Assurances**

*(All Registrants)*

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

*(PPL)*

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

*(All Registrants)*

The table below details guarantees provided as of June 30, 2019. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities," for which PPL has a total recorded liability of \$5 million at June 30, 2019 and \$6 million at December 31, 2018. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	<u>Exposure at June 30, 2019</u>		<u>Expiration Date</u>
<b><u>PPL</u></b>			
Indemnifications related to the WPD Midlands acquisition		(a)	
WPD indemnifications for entities in liquidation and sales of assets	\$ 10	(b)	2021
WPD guarantee of pension and other obligations of unconsolidated entities	79	(c)	
<b><u>PPL Electric</u></b>			
Guarantee of inventory value	10	(d)	2020
<b><u>LKE</u></b>			
Indemnification of lease termination and other divestitures	200	(e)	2021
<b><u>LG&amp;E and KU</u></b>			
LG&E and KU obligation of shortfall related to OVEC		(f)	

(a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.

(b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

(c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At June 30, 2019, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.

(d) A third-party logistics firm provides inventory procurement and fulfillment services. The logistics firm has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold.

- (e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million, exclusive of certain items such as government fines and penalties that may exceed the maximum. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.
- (f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was \$112 million at June 30, 2019, consisting of LG&E's share of \$77 million and KU's share of \$35 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" in Note 13 in PPL's, LKE's, LG&E's and KU's 2018 Form 10-K for additional information on the OVEC power purchase contract.

In March 2018, a sponsor with a pro-rata share of certain OVEC obligations of 4.85% filed for bankruptcy under Chapter 11 and, in August 2018, received a rejection Order for the OVEC power purchase contract in the bankruptcy proceeding. OVEC and certain sponsors are appealing this action, in addition to pursuing appropriate rejection claims in the bankruptcy proceeding. OVEC and certain of its sponsors, including LG&E and KU, are analyzing certain potential additional credit support actions to preserve OVEC's access to credit markets or mitigate risks or adverse impacts relating thereto, including increased interest costs, establishing or continuing debt reserve accounts or other changes involving OVEC's existing short and long-term debt. The ultimate outcome of these matters, including the sponsor bankruptcy and related proceedings and any other potential impact on LG&E's and KU's obligations relating to OVEC debt under the power purchase contract cannot be predicted.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the Registrants believe the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

## 12. Related Party Transactions

### Support Costs (PPL Electric, LKE, LG&E and KU)

PPL Services, PPL EU Services and LKS provide PPL, PPL Electric, LKE, their respective subsidiaries, including LG&E and KU, and each other with administrative, management and support services. For all services companies, the costs of directly assignable and attributable services are charged to the respective recipients as direct support costs. General costs that cannot be directly assigned or attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the periods ended June 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Six Months	
	2019	2018	2019	2018
PPL Electric from PPL Services	\$ 13	\$ 15	\$ 29	\$ 31
LKE from PPL Services	5	7	14	14
PPL Electric from PPL EU Services	37	41	74	76
LG&E from LKS	37	39	75	77
KU from LKS	41	43	84	85

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges.

## **Intercompany Borrowings**

### *(PPL Electric)*

PPL Energy Funding maintains a \$650 million revolving line of credit with a PPL Electric subsidiary. No balance was outstanding at June 30, 2019 and December 31, 2018. The interest rates on borrowings are equal to one-month LIBOR plus a spread. Interest income is reflected in "Interest Income from Affiliate" on the Income Statement.

### *(LKE)*

LKE maintains a \$375 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. The interest rates on borrowings are equal to one-month LIBOR plus a spread. At June 30, 2019 and December 31, 2018, \$203 million and \$113 million were outstanding and reflected in "Notes payable with affiliates" on the Balance Sheets. The interest rates on the outstanding borrowings at June 30, 2019 and December 31, 2018 were 3.93% and 3.85%. Interest expense on the revolving line of credit was not significant for the three and six months ended June 30, 2019 and 2018.

LKE maintains an agreement with a PPL affiliate that has a \$300 million borrowing limit whereby LKE can loan funds on a short-term basis at market-based rates. No balance was outstanding at June 30, 2019 and December 31, 2018. The interest rate on the loan is based on the PPL affiliate's credit rating and equal to one-month LIBOR plus a spread.

LKE maintains ten-year notes of \$400 million and \$250 million with a PPL affiliate with interest rates of 3.5% and 4%. At June 30, 2019 and December 31, 2018, the notes were reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on the \$400 million note was \$4 million and \$7 million for the three and six months ended June 30, 2019 and \$3 million and \$7 million for the three and six months ended June 30, 2018. Interest expense on the \$250 million note was \$3 million and \$5 million for the three and six months ended June 30, 2019 and \$2 million for the three and six months ended June 30, 2018.

### **VEBA Funds Receivable** *(PPL Electric)*

In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay medical claims of active bargaining unit employees. Based on PPL Electric's participation in PPL's Other Postretirement Benefit plan, PPL Electric was allocated a portion of the excess funds from PPL Services. These funds have been recorded as an intercompany receivable on PPL Electric's Balance Sheets. The receivable balance decreases as PPL Electric pays incurred medical claims and is reimbursed by PPL Services. The intercompany receivable balance associated with these funds was \$40 million as of June 30, 2019, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$30 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheet. The intercompany receivable balance associated with these funds was \$45 million as of December 31, 2018, of which \$10 million was reflected in "Account receivable from affiliates" and \$35 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheet.

### **Other** *(PPL Electric, LG&E and KU)*

See Note 10 for discussions regarding intercompany allocations associated with defined benefits.

### 13. Other Income (Expense) - net

(PPL)

The details of "Other Income (Expense) - net" for the periods ended June 30, were:

	Three Months		Six Months	
	2019	2018	2019	2018
Other Income				
Economic foreign currency exchange contracts (Note 15)	\$ 45	\$ 164	\$ 12	\$ 52
Defined benefit plans - non-service credits (Note 10)	80	66	160	134
Interest income	3	2	9	2
AFUDC - equity component	6	5	11	10
Miscellaneous	3	—	9	1
Total Other Income	137	237	201	199
Other Expense				
Charitable contributions	—	1	2	5
Miscellaneous	6	2	16	3
Total Other Expense	6	3	18	8
Other Income (Expense) - net	\$ 131	\$ 234	\$ 183	\$ 191

### 14. Fair Value Measurements

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. See Note 1 in each Registrant's 2018 Form 10-K for information on the levels in the fair value hierarchy.

#### Recurring Fair Value Measurements

The assets and liabilities measured at fair value were:

	June 30, 2019				December 31, 2018			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3
<b>PPL</b>								
Assets								
Cash and cash equivalents	\$ 406	\$ 406	\$ —	\$ —	\$ 621	\$ 621	\$ —	\$ —
Restricted cash and cash equivalents (a)	22	22	—	—	22	22	—	—
Special use funds (a):								
Money market fund	1	1	—	—	59	59	—	—
Commingled debt fund measured at NAV (b)	32	—	—	—	—	—	—	—
Commingled equity fund measured at NAV (b)	28	—	—	—	—	—	—	—
Total special use funds	61	1	—	—	59	59	—	—

[Table of Contents](#)

	June 30, 2019				December 31, 2018			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3
Price risk management assets (c):

Total assets	\$ 32	\$ 32	\$ —	\$ —	\$ 24	\$ 24	\$ —	\$ —

**Liabilities**

Price risk management liabilities:								
Interest rate swaps	\$ 23	\$ —	\$ 23	\$ —	\$ 20	\$ —	\$ 20	\$ —
Total price risk management liabilities	\$ 23	\$ —	\$ 23	\$ —	\$ 20	\$ —	\$ 20	\$ —

**LG&E**

Assets								
Cash and cash equivalents	\$ 9	\$ 9	\$ —	\$ —	\$ 10	\$ 10	\$ —	\$ —
Total assets	\$ 9	\$ 9	\$ —	\$ —	\$ 10	\$ 10	\$ —	\$ —

**Liabilities**

Price risk management liabilities:								
Interest rate swaps	\$ 23	\$ —	\$ 23	\$ —	\$ 20	\$ —	\$ 20	\$ —
Total price risk management liabilities	\$ 23	\$ —	\$ 23	\$ —	\$ 20	\$ —	\$ 20	\$ —

**KU**

Assets								
Cash and cash equivalents	\$ 23	\$ 23	\$ —	\$ —	\$ 14	\$ 14	\$ —	\$ —
Total assets	\$ 23	\$ 23	\$ —	\$ —	\$ 14	\$ 14	\$ —	\$ —

(a) Current portion is included in "Other current assets" and long-term portion is included in "Other noncurrent assets" on the Balance Sheets.

(b) In accordance with accounting guidance, certain investments that are measured at fair value using net asset value per share (NAV), or its equivalent, have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

(c) Current portion is included in "Price risk management assets" and "Other current liabilities" and noncurrent portion is included in "Price risk management assets" and "Other deferred credits and noncurrent liabilities" on the Balance Sheets.

## Special Use Funds

(PPL)

The special use funds are investments restricted for paying active union employee medical costs. In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees. In 2019, the funds are invested primarily in commingled debt and equity funds measured at NAV. In 2018, the funds were invested in money market funds.

## Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps

(PPL, LKE, LG&E and KU)

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency exchange risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

## Financial Instruments Not Recorded at Fair Value (All Registrants)

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	June 30, 2019		December 31, 2018	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	\$ 21,101	\$ 24,980	\$ 20,599	\$ 22,939
PPL Electric	3,695	4,212	3,694	3,901
LKE	6,002	6,652	5,502	5,768
LG&E	2,004	2,223	1,809	1,874
KU	2,624	2,940	2,321	2,451

(a) Amounts are net of debt issuance costs.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

## 15. Derivative Instruments and Hedging Activities

### Risk Management Objectives

(All Registrants)

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

## Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

### *Interest Rate Risk*

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. PPL, LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, WPD, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.

### *Foreign Currency Risk (PPL)*

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

*(All Registrants)*

### *Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

### *Volumetric Risk*

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2018 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

### *Equity Securities Price Risk*

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

## Credit Risk

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

### Master Netting Arrangements (*PPL, LKE, LG&E and KU*)

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$32 million obligation to return cash collateral under master netting arrangements at June 30, 2019 and a \$40 million obligation to return cash collateral under master netting arrangements at December 31, 2018.

PPL had no obligation to post cash collateral under master netting arrangements at June 30, 2019 and December 31, 2018.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at June 30, 2019 and December 31, 2018.

LKE, LG&E and KU had no obligation to post cash collateral under master netting arrangements at June 30, 2019 and December 31, 2018.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

## Interest Rate Risk

*(All Registrants)*

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

### Cash Flow Hedges (*PPL*)

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. At June 30, 2019, PPL held an aggregate notional value in interest rate swap contracts of £250 million (approximately \$316 million based on spot rates) that mature in 2031 to hedge interest payments of WPD East Midland's anticipated September 2019 debt issuance.

At June 30, 2019, PPL held an aggregate notional value in cross-currency interest rate swap contracts of \$702 million that range in maturity from 2021 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For the three and six months ended June 30, 2019 and 2018, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges.

At June 30, 2019, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

#### Economic Activity (PPL, LKE and LG&E)

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At June 30, 2019, LG&E held contracts with a notional amount of \$147 million that range in maturity through 2033.

#### **Foreign Currency Risk**

*(PPL)*

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

#### Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no contracts outstanding at June 30, 2019.

At June 30, 2019 and December 31, 2018, PPL had \$31 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI.

#### Economic Activity

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At June 30, 2019, the total exposure hedged by PPL was approximately £1.2 billion (approximately \$1.7 billion based on contracted rates). These contracts have termination dates ranging from July 2019 through December 2020.

#### **Accounting and Reporting**

*(All Registrants)*

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts include certain full-requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 7 for amounts recorded in regulatory assets and regulatory liabilities at June 30, 2019 and December 31, 2018.

See Note 1 in each Registrant's 2018 Form 10-K for additional information on accounting policies related to derivative instruments.

(PPL)

The following table presents the fair value and location of derivative instruments recorded on the Balance Sheets.

	June 30, 2019				December 31, 2018			
	Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments		Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments

(PPL, LKE, LG&E and KU)

### Offsetting Derivative Instruments

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

	Assets				Liabilities			
	Gross	Eligible for Offset		Net	Gross	Eligible for Offset		Net
		Derivative Instruments	Cash Collateral Received			Derivative Instruments	Cash Collateral Pledged	
<b>June 30, 2019</b>								
<b>Treasury Derivatives</b>

LKE	—	—	—	—	20	—	—	20
LG&E	—	—	—	—	20	—	—	20

### Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

*(PPL, LKE and LG&E)*

At June 30, 2019, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	\$ 5	\$ 5	\$ 5
Aggregate fair value of collateral posted on these derivative instruments	—	—	—
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	5	5	5

(a)Includes the effect of net receivables and payables already recorded on the Balance Sheet.

## 16. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

PPL's, LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 11 for information on the CCR rule. LG&E also has AROs related to natural gas mains and wells. LG&E's and KU's transmission and distribution lines largely operate under perpetual property easement agreements, which do not generally require restoration upon removal of the property. Therefore, no material AROs are recorded for transmission and distribution assets. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU
Balance at December 31, 2018	\$ 347	\$ 296	\$ 103	\$ 193
Accretion	8	7	2	5
Effect of foreign exchange rates	(1)	—	—	—
Changes in estimated timing or cost	(6)	(3)	(4)	1
Obligations settled	(45)	(45)	(12)	(33)
Balance at June 30, 2019	\$ 303	\$ 255	\$ 89	\$ 166

## 17. Accumulated Other Comprehensive Income (Loss)

(PPL)

The after-tax changes in AOCI by component for the periods ended June 30 were as follows.

	Foreign currency translation adjustments	Unrealized gains (losses) on qualifying derivatives	Defined benefit plans		Total
			Prior service costs	Actuarial gain (loss)	
<b>PPL</b>					
<b>March 31, 2019</b>	\$ (1,239)	\$ (2)	\$ (19)	\$ (2,387)	\$ (3,647)
Amounts arising during the period	(377)	35	—	(2)	(344)
Reclassifications from AOCI	—	(27)	1	21	(5)
Net OCI during the period	(377)	8	1	19	(349)
<b>June 30, 2019</b>	\$ (1,616)	\$ 6	\$ (18)	\$ (2,368)	\$ (3,996)
<b>December 31, 2018</b>	\$ (1,533)	\$ (7)	\$ (19)	\$ (2,405)	\$ (3,964)
Amounts arising during the period	(83)	16	—	(5)	(72)
Reclassifications from AOCI	—	(3)	1	42	40
Net OCI during the period	(83)	13	1	37	(32)
<b>June 30, 2019</b>	\$ (1,616)	\$ 6	\$ (18)	\$ (2,368)	\$ (3,996)
<b>March 31, 2018</b>	\$ (973)	\$ (21)	\$ (7)	\$ (2,278)	\$ (3,279)
Amounts arising during the period	(250)	19	(1)	—	(232)
Reclassifications from AOCI	—	(19)	1	34	16
Net OCI during the period	(250)	—	—	34	(216)
<b>June 30, 2018</b>	\$ (1,223)	\$ (21)	\$ (7)	\$ (2,244)	\$ (3,495)
<b>December 31, 2017</b>	\$ (1,089)	\$ (13)	\$ (7)	\$ (2,313)	\$ (3,422)
Amounts arising during the period	(134)	(1)	(1)	(1)	(137)
Reclassifications from AOCI	—	(7)	1	70	64
Net OCI during the period	(134)	(8)	—	69	(73)
<b>June 30, 2018</b>	\$ (1,223)	\$ (21)	\$ (7)	\$ (2,244)	\$ (3,495)

The following table presents PPL's gains (losses) and related income taxes for reclassifications from AOCI for the periods ended June 30.

Details about AOCI	Three Months		Six Months		Affected Line Item on the Statements of Income
	2019	2018	2019	2018	
Qualifying derivatives					
Interest rate swaps	\$ (2)	\$ (2)	\$ (4)	\$ (4)	Interest Expense
Cross-currency swaps	35	24	7	12	Other Income (Expense) - net
Total Pre-tax	33	22	3	8	
Income Taxes	(6)	(3)	—	(1)	
Total After-tax	27	19	3	7	
Defined benefit plans					
Prior service costs (a)	(1)	(1)	(1)	(1)	
Net actuarial loss (a)	(27)	(43)	(53)	(88)	
Total Pre-tax	(28)	(44)	(54)	(89)	
Income Taxes	6	9	11	18	
Total After-tax	(22)	(35)	(43)	(71)	
Total reclassifications during the period	\$ 5	\$ (16)	\$ (40)	\$ (64)	

(a) These AOCI components are included in the computation of net periodic defined benefit cost. See Note 10 for additional information.

## 18. New Accounting Guidance Pending Adoption

(All Registrants)

### Accounting for Financial Instrument Credit Losses

In June 2016, the FASB issued accounting guidance that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of this guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under current GAAP.

For public business entities, this guidance will be applied using a modified retrospective approach and is effective for fiscal years beginning after December 15, 2019, and interim periods within those years. The Registrants are currently assessing the impact of adopting this guidance and will adopt this standard on January 1, 2020 with a modified retrospective approach through a cumulative-effect adjustment to retained earnings at the date of adoption. Key implementation activities in process include finalizing the population of financial instruments within the scope of this guidance and identifying potential differences between the Registrants' current credit loss models and the requirements of this guidance.

### Accounting for Implementation Costs in a Cloud Computing Service Arrangement

In August 2018, the FASB issued accounting guidance that requires a customer in a cloud computing hosting arrangement that is a service contract to capitalize implementation costs consistent with internal-use software guidance for non-service arrangements. Prior guidance had not addressed these implementation costs. The guidance requires these capitalized implementation costs to be amortized over the term of the hosting arrangement to the statement of income line item where the service arrangement costs are recorded. The guidance also prescribes the financial statement classification of the capitalized implementation costs and cash flows associated with the arrangement. Additional quantitative and qualitative disclosures are also required.

For public business entities, this guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. This standard must be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption.

The Registrants are currently assessing the impact of adopting this guidance and will adopt this standard prospectively as of the beginning of the period adopted, which will be January 1, 2020. Key implementation activities in process of being completed

include assessing the population of cloud computing hosting arrangements in the scope of this guidance and identifying and evaluating industry issues.

*(PPL, LKE, LG&E and KU)*

### Simplifying the Test for Goodwill Impairment

In January 2017, the FASB issued accounting guidance that simplifies the test for goodwill impairment by eliminating the second step of the quantitative test. The second step of the quantitative test requires a calculation of the implied fair value of goodwill, which is determined in the same manner as the amount of goodwill in a business combination. Under this new guidance, an entity will now compare the estimated fair value of a reporting unit with its carrying value and recognize an impairment charge for the amount the carrying amount exceeds the fair value of the reporting unit.

For public business entities, this guidance will be applied prospectively and is effective for annual or any interim goodwill impairment tests for fiscal years beginning after December 15, 2019. The Registrants will adopt this guidance on January 1, 2020. The Registrants are currently assessing the impact of adopting this guidance.

## **Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations**

*(All Registrants)*

This "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" is separately filed by PPL, PPL Electric, LKE, LG&E and KU. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for individual Registrants when significant.

The following should be read in conjunction with the Registrants' Condensed Consolidated Financial Statements and the accompanying Notes and with the Registrants' 2018 Form 10-K. Capitalized terms and abbreviations are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted.

"Management's Discussion and Analysis of Financial Condition and Results of Operations" includes the following information:

- "Overview" provides a description of each Registrant's business strategy and a discussion of important financial and operational developments.
- "Results of Operations" for all Registrants includes a "Statement of Income Analysis" which discusses significant changes in principal line items on the Statements of Income, comparing the three and six months ended June 30, 2019 with the same periods in 2018. For PPL, "Results of Operations" also includes "Segment Earnings" and "Adjusted Gross Margins" which provide a detailed analysis of earnings by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins" and provide explanations of the non-GAAP financial measures and a reconciliation of the non-GAAP financial measures to the most comparable GAAP measure. For PPL Electric, LKE, LG&E and KU, a summary of earnings and adjusted gross margins is also provided.
- "Financial Condition - Liquidity and Capital Resources" provides an analysis of the Registrants' liquidity positions and credit profiles. This section also includes a discussion of rating agency actions.
- "Financial Condition - Risk Management" provides an explanation of the Registrants' risk management programs relating to market and credit risk.

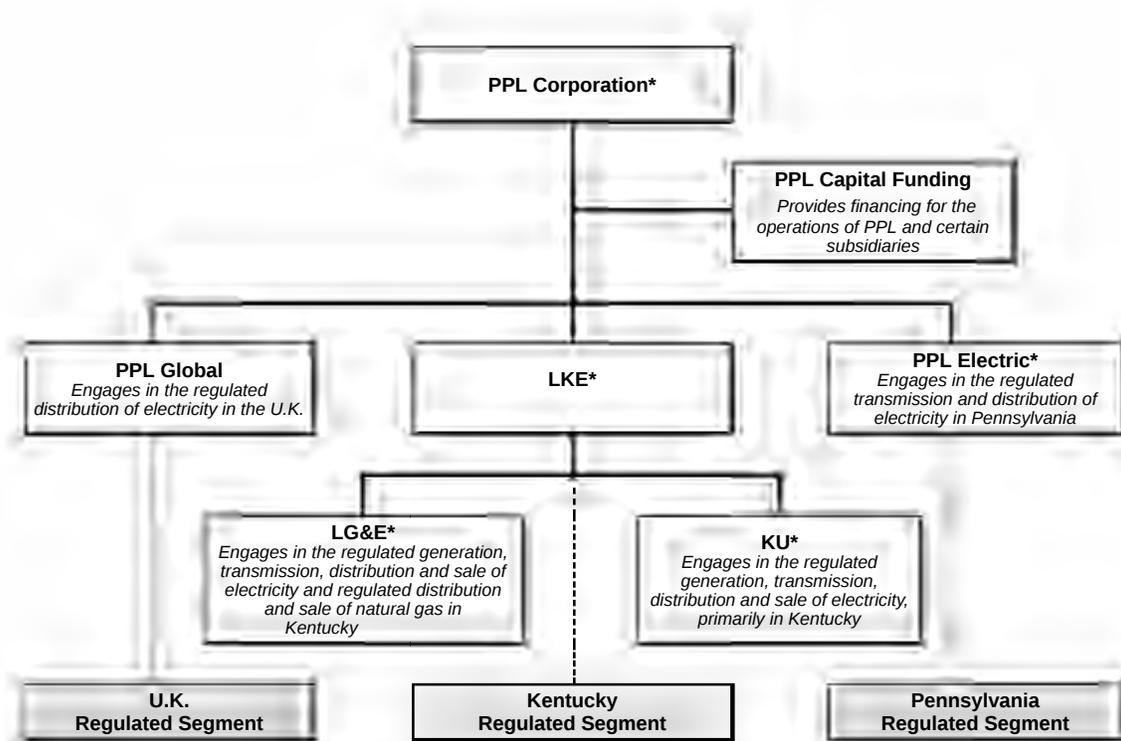

### **Overview**

#### **Introduction**

*(PPL)*

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky and Virginia; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries are shown below (\* denotes a Registrant).

PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a Registrant. Unaudited annual consolidated financial statements for the U.K. Regulated segment are furnished on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

*(PPL Electric)*

PPL Electric, headquartered in Allentown, Pennsylvania, is a wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

*(LKE)*

LKE, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name.

*(LG&E)*

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

*(KU)*

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky and Virginia. KU is subject to regulation as a public

utility by the KPSC, the VSCC and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Kentucky customers under the KU name and its Virginia customers under the Old Dominion Power name.

## **Business Strategy**

*(All Registrants)*

PPL operates seven fully regulated, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky, in constructive regulatory jurisdictions with distinct regulatory structures and customer classes. PPL believes this business portfolio positions the company well for continued success and provides earnings and dividend growth potential.

PPL's strategy, and that of the other Registrants, is to deliver best-in-sector operational performance, invest in a sustainable energy future, maintain a strong financial foundation, and engage and develop its people. PPL's business plan is designed to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base in the U.S. and RAV in the U.K. Rate base growth is being driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities.

For the U.S. businesses, central to PPL's strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, and gas supply clause) and recovery on construction work-in-progress that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital expenditures to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms are in place to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Because WPD's earnings represent such a significant portion of PPL's consolidated earnings, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Financial and Operational Developments - U.K. Membership in European Union" for additional discussion of the U.K. earnings hedging activity.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which the Registrants operate (U.K., U.S. federal and state). This is supported by a strong culture of integrity and delivering on commitments to customers, regulators and shareowners, and a commitment to continue to improve customer service, reliability and operational efficiency.

## Financial and Operational Developments

### *U.S. Tax Reform (All Registrants)*

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including interest deductibility and Global Intangible Low-Taxed Income (GILTI). In June 2019, the IRS issued both final and new proposed regulations relating to GILTI. PPL has determined that neither these final nor proposed regulations materially change PPL's current interpretation of the statutory impact of these rules on the company. Proposed regulations relating to the limitation on the deductibility of interest expense were issued in November 2018 and such regulations provide detailed rules implementing the broader statutory provisions. These proposed regulations should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in the fourth quarter of 2019. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

### *U.K. Membership in European Union (PPL)*

Following a voter referendum in June 2016, the U.K. triggered Article 50 of the Lisbon Treaty to formally begin the process of leaving the European Union (EU), popularly referred to as Brexit. In November 2018, then U.K. Prime Minister Theresa May and the EU decided on a withdrawal agreement and a political declaration laying out the terms of the U.K.'s departure on March 29, 2019, and a transition period until December 2020. Any final withdrawal agreement and future trade relationship must be ratified by both the U.K. and EU parliaments.

The U.K. Parliament rejected the negotiated withdrawal agreement on three separate occasions. Following a series of Parliamentary indicative votes that failed to produce a clear majority for an alternative to the negotiated withdrawal agreement, on April 10, 2019, the U.K. requested to extend the Article 50 process until June 30, 2019. The EU approved a longer than requested extension until October 31, 2019. The U.K. can leave the EU earlier if a withdrawal agreement is ratified before the new deadline.

May announced her resignation as prime minister and leader of the Conservative Party on May 24, 2019, triggering a Conservative Party leadership contest for her replacement. May formally resigned on July 24, 2019, and was replaced by Boris Johnson, a former U.K. Foreign Secretary. While Johnson stated during his campaign that he is willing to leave the EU without an agreement, a majority in Parliament voted earlier this year to reject a no-deal outcome and could attempt to stop Johnson from taking the U.K. out of the EU without an agreement.

Significant uncertainty surrounds the status of negotiations and next steps in the Brexit process, particularly as the EU has elected a new president of the EU Commission and key personnel changes have occurred within the current Brexit negotiating team. If an agreement is not reached and ratified by October 31, 2019, the default position is that the U.K. will exit from the EU without a withdrawal agreement. The U.K. may also request a further extension of the Article 50 process, subject to approval from all of the EU's 27 remaining members. The U.K. could also choose to revoke Article 50 and remain a member of the EU.

PPL believes that its greatest risk related to Brexit is the potential decline in the value of the GBP compared to the U.S. dollar, particularly if the U.K. leaves the EU without a withdrawal agreement. A decline in the value of the GBP compared to the U.S. dollar will reduce the value of WPD's earnings to PPL.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. As of July 31, 2019, PPL's foreign exchange exposure related to budgeted earnings is 100% hedged for the remainder of 2019 at an average rate of \$1.41 per GBP and 63% hedged for 2020 at an average rate of \$1.46 per GBP.

PPL cannot predict the impact, in either the short-term or long-term, on foreign exchange rates or PPL's financial condition that may be experienced as a result of the actions taken by the U.K. government to withdraw from the EU, although such impacts could be material.

PPL does not expect the financial condition and results of operations of WPD itself to change significantly as a result of Brexit, with or without an approved plan of withdrawal. The regulatory environment and operation of WPD's businesses are not expected to change. RIIO-ED1, the current price control, with allowed revenues agreed with Ofgem runs through March 2023.

The impact of a slower economy or recession on WPD would be mitigated in part because U.K. regulation provides that any reduction in the volume of electricity delivered will be recovered in allowed revenues in future periods through the K-factor adjustment. See "Item 1. Business - Segment Information - U.K. Regulated Segment" in PPL's 2018 Form 10-K for additional information on the current price control and K-factor adjustment. In addition, an increase in inflation would have a positive effect on revenues and RAV as annual inflation adjustments are applied to both revenues and RAV (and real returns are earned on inflated RAV). This impact, however, would be partially offset by higher operation and maintenance and interest expense on index-linked debt. With respect to access to financing, WPD has substantial borrowing capacity under existing credit facilities and expects to continue to have access to all major financial markets. With respect to access to and cost of equipment and other materials, WPD management continues to review U.K. government issued advice on preparations for Brexit without an approved plan of withdrawal and has taken actions to mitigate potential increasing costs and disruption to its critical sources of supply. Additionally, less than 1% of WPD's employees are non-U.K. EU nationals and no change in their domicile is expected.

### *Regulatory Requirements*

#### *(All Registrants)*

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

#### *(PPL, LKE, LG&E and KU)*

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHG, and ELGs. See Notes 7, 11 and 16 to the Financial Statements for a discussion of these significant environmental matters. These and other stringent environmental requirements led PPL, LKE, LG&E and KU to retire approximately 1,000 MW of coal-fired generating plants in Kentucky since 2015.

#### *TCJA Impact on FERC Rates (All Registrants)*

In November 2018, the FERC issued a Policy Statement stating that the appropriate ratemaking treatment for changes in accumulated deferred income taxes as a result of the TCJA would be addressed in a Notice of Proposed Rulemaking. Also in November 2018, the FERC issued the Notice of Proposed Rulemaking, which proposed that public utility transmission providers include mechanisms in their formula rates to deduct excess accumulated deferred income taxes from, or add deficient accumulated deferred income taxes to, rate base and adjust their income tax allowances by amortized excess or deficient accumulated deferred income taxes. The Notice of Proposed Rulemaking did not prescribe the mechanism companies should use to adjust their formula rates.

LG&E and KU are currently assessing the Notice of Proposed Rulemaking and are continuing to monitor guidance issued by the FERC. On February 5, 2019, in connection with a separate element of federal and Kentucky state tax reform effects, LG&E and KU filed a request with the FERC to amend their transmission formula rates to incorporate reductions to corporate income tax rates as a result of the TCJA and HB 487. The FERC approved this request effective June 1, 2019. LG&E and KU do not anticipate the impact of the TCJA and HB 487 related to their FERC-jurisdictional rates to be significant.

On February 28, 2019, PPL Electric filed with the FERC proposed revisions to its transmission formula rate template pursuant to Section 205 of the Federal Power Act and Section 35.13 of the Rules and Regulation of the FERC. Specifically, PPL Electric proposed to modify its formula rate to permit the return or recovery of excess or deficient accumulated deferred income taxes (ADIT) resulting from the TCJA and permit PPL Electric to prospectively account for the income tax expense associated with the depreciation of the equity component of the AFUDC. On April 29, 2019, the FERC accepted the proposed revisions to the formula rate template, which were effective June 1, 2019, as well as the proposed adjustments to ADIT, effective January 1, 2018.

#### *Pennsylvania Alternative Ratemaking (PPL and PPL Electric)*

In June 2018, Governor Tom Wolf signed into law Act 58 of 2018 (codified at 66 Pa. C.S. § 1330) authorizing public utilities to implement alternative rates and rate mechanisms in base rate proceedings before the PUC. The effective date of Act 58 was August 27, 2018. Under the new law, a public utility may file an application to establish alternative rates and rate mechanisms in a base rate proceeding. These alternative rates and rate mechanisms include, but are not limited to, decoupling mechanisms, performance-based rates, formula rates, multi-year rate plans, or a combination of those or other mechanisms.

On April 25, 2019, the PUC issued an Implementation Order adopting its interpretation and implementation of Act 58 and establishing the procedures through which utilities may seek PUC approval of alternative rates and rate mechanisms.

#### *RIIO-ED2 Review (PPL)*

In 2018, Ofgem published its decision on the overall RIIO-2 framework, which covers all U.K. gas and electricity transmission and distribution price controls, following its consultation process earlier in the year. See “Item 7. Combined Management’s Discussion and Analysis of Financial Condition and Results of Operations - Overview - Financial and Operational Developments - Regulatory Requirements - RIIO-2 Framework Review,” in PPL’s 2018 Form 10-K for details about the decision document. Management expects significant electricity distribution network investment will be required in RIIO-ED2 to achieve the U.K.’s carbon reduction targets and that Ofgem will need to design a framework that sufficiently incentivizes delivery of those objectives.

On August 6, 2019, Ofgem published its open letter consultation officially commencing the RIIO-ED2 process. WPD and PPL have been fully engaged in the RIIO-2 process and will be responding to this consultation. At this stage, PPL cannot predict the outcome of this process or the long-term impact the final RIIO-ED2 framework will have on its financial condition or results of operations. Any decision for RIIO-ED2 will not be finalized until November 2022. The RIIO-ED2 price control will come into effect on April 1, 2023.

#### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In August 2018, LG&E and KU submitted an application to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E’s and KU’s parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E’s and KU’s commitment to provide mitigation for certain horizontal market power concerns arising out of the 1998 merger for certain transmission service between MISO and LG&E and KU. The affected transmission customers are a limited number of municipal entities in Kentucky. The amounts at issue are generally waivers or credits granted to such customers for either LG&E and KU or MISO transmission charges incurred depending upon the direction of certain transmission service incurred by the municipalities. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. On March 21, 2019, the FERC issued an Order granting LG&E’s and KU’s request to remove the on-going credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, which transition mechanism will be subject to FERC review and approval. On July 12, 2019, LG&E and KU submitted their proposed transition mechanism to the FERC for review and approval. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2019, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement, which includes the impact of the TCJA. The filing established the revenue requirement used to set rates that took effect in June 2019.

#### *Rate Case Proceedings*

*(PPL, LKE, LG&E and KU)*

On September 28, 2018, LG&E and KU filed requests with the KPSC for an increase in annual base electricity rates of approximately \$112 million at KU and increases in annual base electricity and gas rates of approximately \$35 million and \$25 million at LG&E. LG&E’s and KU’s applications also sought to include changes associated with the TCJA and state tax reform in the calculation of the proposed base rates and to terminate the TCJA bill credit mechanism when new base rates go into effect. The elimination of the TCJA bill credit mechanism will result in an estimated annual electricity revenue increase of approximately \$58 million at KU and increases in electricity and gas revenues of approximately \$40 million and \$12 million at LG&E. The applications were based on a forecasted test year of May 1, 2019 through April 30, 2020 with a requested return-on-equity of 10.42%.

On March 1, 2019, LG&E and KU, along with substantially all intervening parties to the proceeding, filed stipulation and

recommendation agreements (stipulations) with the KPSC resolving all material issues with the parties. In addition to terminating the TCJA bill credit mechanism, the proposed stipulations provided for increases in annual revenue requirements associated with base electricity rates of approximately \$58 million at KU and increases in annual base electricity and gas rates of approximately \$4 million and \$20 million at LG&E, based on a return-on-equity of 9.725%.

On April 30, 2019, the KPSC issued orders ruling on open issues and approving the proposed stipulations filed in March 2019. The orders provide for increases in annual revenue requirements associated with base electricity rates of \$56 million at KU and increases associated with base electricity and gas rates of \$2 million and \$19 million at LG&E. With the termination of the TCJA bill credit mechanism, this represents annual revenue increases of \$187 million (\$114 million at KU and \$73 million at LG&E). The new base rates and all elements of the orders became effective on May 1, 2019.

*(KU)*

On July 12, 2019, KU filed a request with the VSCC for an increase annual Virginia base electricity rates of approximately \$13 million, representing an increase of 18.2%. KU's request is based on an authorized 10.5% return on equity. Subject to regulatory review and approval, new rates would become effective April 12, 2020.

## Results of Operations

(PPL)

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on PPL's Statements of Income, comparing the three and six months ended June 30, 2019 with the same periods in 2018. The "Segment Earnings" and "Adjusted Gross Margins" discussions for PPL provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis," "Segment Earnings" and "Adjusted Gross Margins" are presented on a constant GBP to U.S. dollar exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant GBP to U.S. dollar exchange rate basis are calculated by translating current year results at the prior year weighted-average GBP to U.S. dollar exchange rate.

(PPL Electric, LKE, LG&E and KU)

A "Statement of Income Analysis, Earnings and Adjusted Gross Margins" is presented separately for PPL Electric, LKE, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three and six months ended June 30, 2019 with the same periods in 2018. The "Earnings" discussion provides a summary of earnings. The "Adjusted Gross Margins" discussion includes a reconciliation of non-GAAP financial measures to "Operating Income."

(All Registrants)

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

### PPL: Statement of Income Analysis, Segment Earnings and Adjusted Gross Margins

#### Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating Revenues	\$ 1,803	\$ 1,848	\$ (45)	\$ 3,882	\$ 3,974	\$ (92)
Operating Expenses						
Operation						
Fuel	168	189	(21)	362	403	(41)
Energy purchases	138	148	(10)	388	389	(1)
Other operation and maintenance	482	506	(24)	972	974	(2)
Depreciation	300	273	27	584	542	42
Taxes, other than income	75	74	1	155	157	(2)
Total Operating Expenses	1,163	1,190	(27)	2,461	2,465	(4)
Other Income (Expense) - net	131	234	(103)	183	191	(8)
Interest Expense	246	235	11	487	474	13
Income Taxes	84	142	(58)	210	259	(49)
Net Income	\$ 441	\$ 515	\$ (74)	\$ 907	\$ 967	\$ (60)

## Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2019 compared with 2018 was due to:

	<u>Three Months</u>	<u>Six Months</u>
Domestic:		
PPL Electric Distribution price (a)	\$ (7)	\$ 2
PPL Electric Distribution volume	(6)	(4)
PPL Electric PLR (b)	(5)	5
PPL Electric Transmission Formula Rate (c)	5	12
PPL Electric TCJA refund (d)	17	(7)
LKE Retail Rates (e)	35	35
LKE ECR	15	19
LKE Fuel and other energy prices	1	(9)
LKE Volumes (f)	(52)	(82)
LKE Demand revenue (g)	(9)	(8)
Other	4	20
Total Domestic	<u>(2)</u>	<u>(17)</u>
U.K.:		
Price	26	51
Volume	(29)	(43)
Foreign currency exchange rates	(34)	(74)
Other	(6)	(9)
Total U.K.	<u>(43)</u>	<u>(75)</u>
Total	<u>\$ (45)</u>	<u>\$ (92)</u>

(a) Distribution price variances were primarily due to reconcilable cost recovery mechanisms approved by the PUC.

(b) The decrease for the three months ended June 30, 2019 was primarily due to lower transmission enhancement expenses. The increase for the six months ended June 30, 2019 was primarily due to higher energy volumes partially offset by lower transmission enhancement expenses.

(c) The Transmission Formula Rate revenues include \$11 million and \$27 million for the three and six months ended June 30, 2019, related to the unfavorable impact of the TCJA which reduced the new revenue requirement that went into effect June 1, 2018.

(d) Represents the estimated income tax savings owed to or already returned to distribution customers related to the reduced U.S. federal corporate income taxes as a result of the TCJA. The TCJA customer refund for the period January through June 2018 was recorded as a regulatory liability during the second quarter of 2018 and the negative surcharge rate for distribution customers went into effect July 1, 2018, based on the PUC Order.

(e) The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(f) The decreases were primarily due to weather.

(g) The decreases were primarily due to the departure of eight municipal customers effective April 30, 2019.

## Fuel

Fuel decreased \$21 million for the three months ended June 30, 2019 compared with 2018, primarily due to a \$14 million decrease in volumes driven by weather and a \$6 million decrease in volumes driven by the departure of eight municipal customers on April 30, 2019 in Kentucky.

Fuel decreased \$41 million for the six months ended June 30, 2019 compared with 2018, primarily due to a \$25 million decrease in volumes driven by weather, a \$6 million decrease in volumes driven by the departure of eight municipal customers on April 30, 2019 and an \$11 million decrease in commodity costs in Kentucky.

## Energy Purchases

Energy purchases decreased \$10 million for the three months ended June 30, 2019 compared with 2018, primarily due to a \$6 million decrease in transmission enhancement expenses at PPL Electric and a \$4 million decrease in volumes driven by weather at LG&E.

Energy purchases decreased \$1 million for the six months ended June 30, 2019 compared with 2018, primarily due to a \$12 million decrease in transmission enhancement expenses at PPL Electric and a \$5 million decrease in volumes driven by weather at LG&E, partially offset by a \$16 million increase in PLR volumes at PPL Electric.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2019 compared with 2018 was due to:

	<u>Three Months</u>	<u>Six Months</u>
Domestic:		
PPL Electric storm costs	\$ (10)	\$ (1)
PPL Electric contractor-related expenses	4	6
LKE gas distribution maintenance and compliance	2	4
LKE transmission credits	3	7
LKE DSM program costs	(4)	(7)
Other	(18)	4
U.K.:		
Foreign currency exchange rates	(7)	(14)
Third-party engineering	(3)	(5)
Other	9	4
Total	<u>\$ (24)</u>	<u>\$ (2)</u>

## Depreciation

The increase (decrease) in depreciation for the periods ended June 30, 2019 compared with 2018 was due to:

	<u>Three Months</u>	<u>Six Months</u>
Additions to PP&E, net	\$ 18	\$ 36
Foreign currency exchange rates	(4)	(8)
Depreciation rates (a)	13	13
Other	—	1
Total	<u>\$ 27</u>	<u>\$ 42</u>

(a) Higher depreciation rates were effective May 1, 2019 at LG&E and KU.

## Other Income (Expense) - net

The increase (decrease) in other income (expense) - net for the periods ended June 30, 2019 compared with 2018 was due to:

	<u>Three Months</u>	<u>Six Months</u>
Economic foreign currency exchange contracts (Note 15)	\$ (119)	\$ (40)
Defined benefit plans - non-service credits (Note 10)	14	26
Other	2	6
Total	<u>\$ (103)</u>	<u>\$ (8)</u>

## Interest Expense

The increase (decrease) in interest expense for the periods ended June 30, 2019 compared with 2018 was due to:

	<u>Three Months</u>	<u>Six Months</u>
Long-term debt interest expense	\$ 10	\$ 14
Short-term debt interest expense	3	4
Foreign currency exchange rates	(6)	(12)
Other	4	7
Total	<u>\$ 11</u>	<u>\$ 13</u>

## Income Taxes

The increase (decrease) in income taxes for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Change in pre-tax income	\$ (29)	\$ (27)
Deferred tax impact of Kentucky state tax reform (a)	(9)	(9)
Kentucky recycling credit, net of federal income tax expense (b)	(20)	(20)
Other	—	7
<b>Total</b>	<b>\$ (58)</b>	<b>\$ (49)</b>

- (a) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.
- (b) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. A valuation allowance of \$3 million has been recognized related to this credit due to insufficient Kentucky taxable income projected at LKE.

## Segment Earnings

PPL's net income by reportable segments for the periods ended June 30 were as follows:

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
U.K. Regulated	\$ 284	\$ 394	\$ (110)	\$ 548	\$ 591	\$ (43)
Kentucky Regulated	97	77	20	214	210	4
Pennsylvania Regulated	94	75	19	215	223	(8)
Corporate and Other (a)	(34)	(31)	(3)	(70)	(57)	(13)
<b>Net Income</b>	<b>\$ 441</b>	<b>\$ 515</b>	<b>\$ (74)</b>	<b>\$ 907</b>	<b>\$ 967</b>	<b>\$ (60)</b>

- (a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results. The decrease for the six months ended June 30, 2019, compared with 2018, was primarily due to higher operation and maintenance expense.

## Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the effective tax rate of the entity where the activity is recorded. Special items may include items such as:

- Unrealized gains or losses on foreign currency economic hedges (as discussed below).
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of

PPL's underlying hedged earnings. See Note 15 to the Financial Statements and "Risk Management" below for additional information on foreign currency economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended June 30 were as follows:

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
U.K. Regulated	\$ 264	\$ 254	\$ 10	\$ 568	\$ 516	\$ 52
Kentucky Regulated	97	86	11	214	219	(5)
Pennsylvania Regulated	94	75	19	215	223	(8)
Corporate and Other	(33)	(31)	(2)	(67)	(57)	(10)
<b>Earnings from Ongoing Operations</b>	<b>\$ 422</b>	<b>\$ 384</b>	<b>\$ 38</b>	<b>\$ 930</b>	<b>\$ 901</b>	<b>\$ 29</b>

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

### U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and certain acquisition-related financing costs. The U.K. Regulated segment represents 60% of PPL's Net Income for the six months ended June 30, 2019 and 39% of PPL's assets at June 30, 2019.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating revenues	\$ 541	\$ 584	\$ (43)	\$ 1,124	\$ 1,199	\$ (75)
Other operation and maintenance	133	137	(4)	251	269	(18)
Depreciation	64	63	1	126	125	1
Taxes, other than income	32	34	(2)	64	68	(4)
<b>Total operating expenses</b>	<b>229</b>	<b>234</b>	<b>(5)</b>	<b>441</b>	<b>462</b>	<b>(21)</b>
Other Income (Expense) - net	124	229	(105)	169	182	(13)
Interest Expense	96	97	(1)	195	204	(9)
Income Taxes	56	88	(32)	109	124	(15)
<b>Net Income</b>	<b>284</b>	<b>394</b>	<b>(110)</b>	<b>548</b>	<b>591</b>	<b>(43)</b>
Less: Special Items	20	140	(120)	(20)	75	(95)
<b>Earnings from Ongoing Operations</b>	<b>\$ 264</b>	<b>\$ 254</b>	<b>\$ 10</b>	<b>\$ 568</b>	<b>\$ 516</b>	<b>\$ 52</b>

The following after-tax gains (losses), which management considers special items, impacted the U.K. Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended June 30.

Income Statement Line Item	Three Months		Six Months	
	2019	2018	2019	2018
Foreign currency economic hedges, net of tax of (\$7), (\$37), \$4, (\$20) (a)	\$ 24	\$ 140	\$ (16)	\$ 75
Other, net of tax of \$1, \$0, \$1, \$0 (b)	(4)	—	(4)	—
<b>Total Special Items</b>	<b>\$ 20</b>	<b>\$ 140</b>	<b>\$ (20)</b>	<b>\$ 75</b>

(a) Represents unrealized gains (losses) on contracts that economically hedge anticipated GBP-denominated earnings.

(b) Settlement of a contractual dispute.

The changes in the components of the U.K. Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as U.K. Adjusted Gross Margins, the items that management considers special and the effects of movements in foreign currency exchange, including the effects of foreign currency hedge contracts, on separate lines and not in their respective Statement of Income line items.

[Table of Contents](#)

	Three Months	Six Months

Other	1	(2)
Foreign currency exchange, after-tax	6	23
Earnings from Ongoing Operations	10	52
Special items, after-tax	(120)	(95)
Net Income	\$ (110)	\$ (43)

U.K.

•See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of U.K. Adjusted Gross Margins.

•Higher other income (expense) - net for the three and six month periods primarily from higher pension income.

Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations of LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 24% of PPL's Net Income for the six months ended June 30, 2019 and 35% of PPL's assets at June 30, 2019.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating revenues	\$ 732	\$ 743	\$ (11)	\$ 1,577	\$ 1,615	\$ (38)
Fuel	168	189	(21)	362	403	(41)
Energy purchases	27	33	(6)	106	113	(7)
Other operation and maintenance	208	211	(3)	422	416	6
Depreciation	135	118	17	258	235	23
Taxes, other than income	18	18	—	36	35	1
Total operating expenses	556	569	(13)	1,184	1,202	(18)
Other Income (Expense) - net	—	1	(1)	—	(2)	2
Interest Expense	78	69	9	148	136	12
Income Taxes	1	29	(28)	31	65	(34)
Net Income	97	77	20	214	210	4
Less: Special Items	—	(9)	9	—	(9)	9
Earnings from Ongoing Operations	\$ 97	\$ 86	\$ 11	\$ 214	\$ 219	\$ (5)

The following after-tax gains (losses), which management considers special items, impacted the Kentucky Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended June 30.

Income Statement Line Item	Three Months		Six Months	
	2019	2018	2019	2018
Kentucky state tax reform (a)	\$ —	\$ (9)	\$ —	\$ (9)
Total Special Items	\$ —	\$ (9)	\$ —	\$ (9)

## [Table of Contents](#)

(a) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018. See Note 6 to the Financial Statements for additional information.

The changes in the components of the Kentucky Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Kentucky Adjusted Gross Margins and the items that management considers special on separate lines and not in their respective Statement of Income line items.

	<u>Three Months</u>	<u>Six Months</u>
Kentucky Adjusted Gross Margins	\$ 3	\$ (2)
Other operation and maintenance	3	(9)
Depreciation	(5)	(9)
Taxes, other than income	1	—
Other Income (Expense) - net	(1)	2
Interest Expense	(9)	(12)
Income Taxes	19	25
Earnings from Ongoing Operations	11	(5)
Special items, after-tax	9	9
Net Income	<u>\$ 20</u>	<u>\$ 4</u>

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Kentucky Adjusted Gross Margins.
- Higher other operation and maintenance expense for the six month period primarily due to a \$4 million increase in gas distribution maintenance and compliance and increases in various costs that were not individually significant.
- Higher depreciation expense for the three month period primarily due to higher depreciation rates effective May 1, 2019.
- Higher depreciation expense for the six month period primarily due to a \$5 million increase related to additional assets placed into service, net of retirements and a \$4 million increase related to higher depreciation rates effective May 1, 2019.
- Higher interest expense for the three and six month periods due to increased borrowings and higher interest rates.
- Lower income taxes for the three month period primarily due to the recording of a deferred tax benefit related to a Kentucky recycling credit of \$17 million.
- Lower income taxes for the six month period primarily due to the recording of a deferred tax benefit related to a Kentucky recycling credit of \$17 million and lower income taxes of \$8 million due to lower pre-tax income.

## Pennsylvania Regulated Segment

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 24% of PPL's Net Income for the six months ended June 30, 2019 and 26% of PPL's assets at June 30, 2019.

Net Income and Earnings from Ongoing Operations for the periods ended June 30 include the following results.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating revenues	\$ 521	\$ 517	\$ 4	\$ 1,166	\$ 1,156	\$ 10
Energy purchases	110	115	(5)	281	276	5
Other operation and maintenance	130	159	(29)	280	292	(12)
Depreciation	96	88	8	191	173	18
Taxes, other than income	24	22	2	55	54	1
Total operating expenses	360	384	(24)	807	795	12
Other Income (Expense) - net	6	8	(2)	13	14	(1)
Interest Expense	41	39	2	83	76	7
Income Taxes	32	27	5	74	76	(2)
Net Income	94	75	19	215	223	(8)
Less: Special Items (a)	—	—	—	—	—	—
Earnings from Ongoing Operations	\$ 94	\$ 75	\$ 19	\$ 215	\$ 223	\$ (8)

(a) There are no items that management considers special for the periods presented.

The changes in the components of the Pennsylvania Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Pennsylvania Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Pennsylvania Adjusted Gross Margins	\$ 17	\$ 6
Other operation and maintenance	17	5
Depreciation	(4)	(12)
Taxes, other than income	(2)	(1)
Other Income (Expense) - net	(2)	(1)
Interest Expense	(2)	(7)
Income Taxes	(5)	2
Net Income	\$ 19	\$ (8)

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Pennsylvania Adjusted Gross Margins.
- Lower other operation and maintenance expense for the three month period primarily due to lower service company costs and lower bad debt expense.
- Higher depreciation expense for the three and six month periods primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements.
- Higher interest expense for the six month period primarily due to the June 2018 issuance of \$400 million of 4.15% First Mortgage Bonds.
- Higher income taxes for the three month period primarily due to higher pre-tax income.

#### Reconciliation of Earnings from Ongoing Operations

The following tables contain after-tax gains (losses), in total, which management considers special items, that are excluded from Earnings from Ongoing Operations and a reconciliation to PPL's "Net Income" for the periods ended June 30.

[Table of Contents](#)

	2019 Three Months

Kentucky state tax reform	—	(9)	—	—	(9)
<b>Total Special Items</b>	75	(9)	—	—	66
<b>Earnings from Ongoing Operations</b>	<u>\$ 516</u>	<u>\$ 219</u>	<u>\$ 223</u>	<u>\$ (57)</u>	<u>\$ 901</u>

(a)PPL incurred legal expenses related to litigation with its former affiliate, Talen Montana, and related cases. See Note 11 to the Financial Statements for additional information.

**Adjusted Gross Margins**

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

•"U.K. Adjusted Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.

•"Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, LKE, LG&E and KU, as well as the Kentucky Regulated segment's, LKE's and LG&E's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.

•"Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment and PPL Electric. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation" (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income," (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's and PPL Electric's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

### Changes in Adjusted Gross Margins

The following table shows Adjusted Gross Margins by PPL's reportable segment and by component, as applicable, for the periods ended June 30 as well as the change between periods. The factors that gave rise to the changes are described following the table.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
<b>U.K. Regulated</b>						
U.K. Adjusted Gross Margins	\$ 500	\$ 538	\$ (38)	\$ 1,046	\$ 1,111	\$ (65)
Impact of changes in foreign currency exchange rates			(31)			(69)
U.K. Adjusted Gross Margins excluding impact of foreign currency exchange rates			\$ (7)			\$ 4
<b>Kentucky Regulated</b>						
Kentucky Adjusted Gross Margins						
LG&E	\$ 220	\$ 216	\$ 4	\$ 458	\$ 457	\$ 1
KU	264	265	(1)	556	559	(3)
Total Kentucky Adjusted Gross Margins	\$ 484	\$ 481	\$ 3	\$ 1,014	\$ 1,016	\$ (2)
<b>Pennsylvania Regulated</b>						
Pennsylvania Adjusted Gross Margins						
Distribution	\$ 204	\$ 192	\$ 12	\$ 464	\$ 470	\$ (6)
Transmission	142	137	5	285	273	12
Total Pennsylvania Adjusted Gross Margins	\$ 346	\$ 329	\$ 17	\$ 749	\$ 743	\$ 6

### *U.K. Adjusted Gross Margins*

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, decreased for the three months ended June 30, 2019 compared with 2018, primarily due to \$29 million of lower volumes, partially offset by \$26 million from the April 1, 2019 price increase.

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased for the six months ended June 30, 2019 compared with 2018, primarily due to \$51 million from the April 1, 2018 and 2019 price increases, partially offset by \$43 million of lower volumes.

#### *Kentucky Adjusted Gross Margins*

Kentucky Adjusted Gross Margins increased for the three months ended June 30, 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC of \$35 million (\$14 million at LG&E and \$21 million at KU), inclusive of the termination of the TCJA bill credit mechanism. This was partially offset by \$26 million of decreased sales volumes primarily due to weather (\$12 million at LG&E and \$14 million at KU) and \$8 million of decreased demand revenues at KU primarily due to the departure of eight municipal customers on April 30, 2019.

Kentucky Adjusted Gross Margins decreased for the six months ended June 30, 2019 compared with 2018, primarily due to \$36 million of decreased sales volumes primarily due to weather (\$16 million at LG&E and \$20 million at KU) and \$7 million of decreased demand revenues at KU primarily due to the departure of eight municipal customers on April 30, 2019. This was partially offset by higher retail rates approved by the KPSC of \$35 million (\$14 million at LG&E and \$21 million at KU), inclusive of the termination of the TCJA bill credit mechanism.

#### *Pennsylvania Adjusted Gross Margins*

##### Distribution

Distribution Adjusted Gross Margins increased for the three months ended June 30, 2019 compared with 2018, primarily due to \$17 million from the timing of recording the regulatory liability related to the TCJA in 2018 as a result of the PUC Rate Order in May 2018. The increase was partially offset by \$6 million of lower electricity sales volumes primarily due to weather.

Distribution Adjusted Gross Margins decreased for the six months ended June 30, 2019 compared with 2018, primarily due to a \$6 million increased customer refund related to the reduced U.S. federal corporate income taxes as a result of the TCJA.

##### Transmission

Transmission Adjusted Gross Margins increased for the three months ended June 30, 2019, compared with 2018, primarily due to an increase of \$17 million from returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability, partially offset by \$11 million from the impact of the reduced U.S. federal corporate income taxes as a result of the TCJA, which affected transmission revenues in the second quarter of 2019.

Transmission Adjusted Gross Margins increased for the six months ended June 30, 2019, compared with 2018, primarily due to an increase of \$43 million from returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability, partially offset by \$27 million from the impact of the reduced U.S. federal corporate income taxes as a result of the TCJA in the first five months of 2019.

#### Reconciliation of Adjusted Gross Margins

The following tables contain the components from the Statement of Income that are included in the non-GAAP financial measures and a reconciliation to PPL's "Operating Income" for the periods ended June 30.

	2019 Three Months				
	U.K. Adjusted Gross Margins	Kentucky Adjusted Gross Margins	Pennsylvania Adjusted Gross Margins	Other (a)	Operating Income (b)

Energy purchases	—	113	276	—	389
Other operation and maintenance	68	48	69	789	974
Depreciation	—	34	16	492	542
Taxes, other than income	—	1	52	104	157
Total Operating Expenses	68	599	413	1,385	2,465
Total	\$ 1,111	\$ 1,016	\$ 743	\$ (1,361)	\$ 1,509

(a)Represents amounts excluded from Adjusted Gross Margins.

(b)As reported on the Statements of Income.

(c)Excludes ancillary revenues of \$10 million and \$19 million for the three and six months ended June 30, 2019 and \$10 million and \$20 million for the three and six months ended June 30, 2018.

## PPL Electric: Statement of Income Analysis, Earnings and Adjusted Gross Margins

### Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating Revenues	\$ 521	\$ 517	\$ 4	\$ 1,166	\$ 1,156	\$ 10
Operating Expenses						
Operation						
Energy purchases	110	115	(5)	281	276	5
Other operation and maintenance	130	159	(29)	280	292	(12)
Depreciation	96	88	8	191	173	18
Taxes, other than income	24	22	2	55	54	1
Total Operating Expenses	360	384	(24)	807	795	12
Other Income (Expense) - net	6	7	(1)	11	13	(2)
Interest Income from Affiliate	—	1	(1)	2	1	1
Interest Expense	41	39	2	83	76	7
Income Taxes	32	27	5	74	76	(2)
Net Income	\$ 94	\$ 75	\$ 19	\$ 215	\$ 223	\$ (8)

### Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Distribution price (a)	\$ (7)	\$ 2
Distribution volume	(6)	(4)
PLR (b)	(5)	5
Transmission Formula Rate (c)	5	12
TCJA refund (d)	17	(7)
Other	—	2
Total	\$ 4	\$ 10

(a)Distribution price variances were primarily due to reconcilable cost recovery mechanisms approved by the PUC.

(b)The decrease for three months ended June 30, 2019 was primarily due to lower transmission enhancement expenses. The increase for six months ended June 30, 2019 was primarily due to higher energy volumes partially offset by lower transmission enhancement expenses.

(c) The Transmission Formula Rate revenues include \$11 million and \$27 million for the three and six months ended June 30, 2019 related to the unfavorable impact of the TCJA which reduced the new revenue requirement that went into effect June 1, 2018.

(d) Represents the estimated income tax savings owed to or already returned to distribution customers related to the reduced U.S. federal corporate income taxes as a result of the TCJA. The TCJA customer refund for the period January through June 2018 was recorded as a regulatory liability during the second quarter of 2018 and the negative surcharge rate for distribution customers went into effect July 1, 2018, based on the PUC Order.

## Energy Purchases

Energy purchases decreased \$5 million for the three months ended June 30, 2019 compared with 2018, primarily due to lower transmission enhancement expenses of \$6 million.

Energy purchases increased \$5 million for the six months ended June 30, 2019 compared with 2018, primarily due to higher PLR volumes of \$16 million, partially offset by lower transmission enhancement expenses of \$12 million.

## Other Operation and Maintenance

The decrease in other operation and maintenance for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Storm costs	\$ (10)	\$ (1)
Service company costs	(6)	(4)
Bad debts	(3)	(3)
Inventory reserve	(3)	—
Act 129	(2)	(1)
Act 129 Smart Meter Program	(1)	(3)
Contractor-related expenses	4	6
Other	(8)	(6)
<b>Total</b>	<b>\$ (29)</b>	<b>\$ (12)</b>

## Depreciation

Depreciation increased \$8 million and \$18 million for the three and six months ended June 30, 2019 compared with 2018, primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure as well as the roll-out of the Act 129 Smart Meter program, net of retirements.

## Interest Expense

Interest expense increased \$2 million and \$7 million for the three and six months ended June 30, 2019 compared with 2018, primarily due to the June 2018 issuance of \$400 million of 4.15% First Mortgage Bonds due 2048.

## Income Taxes

The increase (decrease) in income taxes for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Change in pre-tax income	\$ 6	\$ (3)
Other	(1)	1
<b>Total</b>	<b>\$ 5</b>	<b>\$ (2)</b>

## Earnings

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2019	2018	2019	2018
Net Income	\$ 94	\$ 75	\$ 215	\$ 223
Special Item, gain (loss), after-tax (a)	—	—	—	—

(a) There are no items that management considers special for the periods presented.

Earnings increased for the three month period in 2019 compared with 2018, driven primarily by timing impacts related to U.S. tax reform, returns on additional capital investments in transmission and lower other operation and maintenance expense, partially offset by lower sales volumes and higher depreciation expense.

Earnings decreased for the six month period in 2019 compared with 2018, driven primarily by year-over-year differences in the impact of reduced income taxes in rates due to U.S. tax reform, higher depreciation expense and higher interest expense, partially offset by returns on additional capital investments in transmission.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Pennsylvania Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Pennsylvania Adjusted Gross Margins	\$ 17	\$ 6
Other operation and maintenance	17	5
Depreciation	(4)	(12)
Taxes, other than income	(2)	(1)
Other Income (Expense) - net	(2)	(1)
Interest Expense	(2)	(7)
Income Taxes	(5)	2
Net Income	<u>\$ 19</u>	<u>\$ (8)</u>

### Adjusted Gross Margins

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for information on why management believes this measure is useful and for explanations of the underlying drivers of the changes between periods. Within PPL's discussion, PPL Electric's Adjusted Gross Margins are referred to as "Pennsylvania Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 521	\$ —	\$ 521	\$ 517	\$ —	\$ 517
<b>Operating Expenses</b>						
Energy purchases	110	—	110	115	—	115
Other operation and maintenance	31	99	130	43	116	159
Depreciation	12	84	96	8	80	88
Taxes, other than income	22	2	24	22	—	22
<b>Total Operating Expenses</b>	<u>175</u>	<u>185</u>	<u>360</u>	<u>188</u>	<u>196</u>	<u>384</u>
<b>Total</b>	<u>\$ 346</u>	<u>\$ (185)</u>	<u>\$ 161</u>	<u>\$ 329</u>	<u>\$ (196)</u>	<u>\$ 133</u>

	2019 Six Months			2018 Six Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 1,166	\$ —	\$ 1,166	\$ 1,156	\$ —	\$ 1,156
<b>Operating Expenses</b>						
Energy purchases	281	—	281	276	—	276
Other operation and maintenance	62	218	280	69	223	292
Depreciation	22	169	191	16	157	173
Taxes, other than income	52	3	55	52	2	54
Total Operating Expenses	417	390	807	413	382	795
<b>Total</b>	<b>\$ 749</b>	<b>\$ (390)</b>	<b>\$ 359</b>	<b>\$ 743</b>	<b>\$ (382)</b>	<b>\$ 361</b>

(a)Represents amounts excluded from Adjusted Gross Margins.

(b)As reported on the Statements of Income.

## LKE: Statement of Income Analysis, Earnings and Adjusted Gross Margins

### Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating Revenues	\$ 732	\$ 743	\$ (11)	\$ 1,577	\$ 1,615	\$ (38)
Operating Expenses						
Operation						
Fuel	168	189	(21)	362	403	(41)
Energy purchases	27	33	(6)	106	113	(7)
Other operation and maintenance	208	211	(3)	422	416	6
Depreciation	135	118	17	258	235	23
Taxes, other than income	18	18	—	36	35	1
Total Operating Expenses	556	569	(13)	1,184	1,202	(18)
Other Income (Expense) - net	—	1	(1)	—	(2)	2
Interest Expense	58	52	6	112	102	10
Interest Expense with Affiliate	9	6	3	16	11	5
Income Taxes	3	31	(28)	35	70	(35)
<b>Net Income</b>	<b>\$ 106</b>	<b>\$ 86</b>	<b>\$ 20</b>	<b>\$ 230</b>	<b>\$ 228</b>	<b>\$ 2</b>

### Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Higher retail rates (a)	\$ 35	\$ 35
ECR	15	19
Fuel and other energy prices	1	(9)
Volumes (b)	(52)	(82)
Demand revenue (c)	(9)	(8)
Other	(1)	7
<b>Total</b>	<b>\$ (11)</b>	<b>\$ (38)</b>

(a)The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(b)The decreases were primarily due to weather.

(c)The decreases were primarily due to the departure of eight municipal customers effective April 30, 2019.

## Fuel

Fuel decreased \$21 million for the three months ended June 30, 2019 compared with 2018, primarily due to a \$14 million decrease in volumes driven by weather and a \$6 million decrease in volumes driven by the departure of eight municipal customers on April 30, 2019.

Fuel decreased \$41 million for the six months ended June 30, 2019 compared with 2018, primarily due to a \$25 million decrease in volume driven by weather, a \$6 million decrease in volumes driven by the departure of eight municipal customers on April 30, 2019 and an \$11 million decrease in commodity costs.

## Energy Purchases

Energy purchases decreased \$6 million for the three months ended June 30, 2019 compared with 2018, primarily due to a decrease in volumes driven by weather.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Gas distribution maintenance and compliance	\$ 2	\$ 4
Transmission credits	3	7
Vegetation management	(1)	1
Administrative and general	(2)	—
Plant operations and maintenance	(2)	(2)
DSM program costs	(4)	(7)
Other	1	3
Total	<u>\$ (3)</u>	<u>\$ 6</u>

## Depreciation

Depreciation increased \$17 million for the three months ended June 30, 2019 compared with 2018, primarily due to a \$13 million increase related to higher depreciation rates effective May 1, 2019, and a \$3 million increase related to additional assets placed into service, net of retirements.

Depreciation increased \$23 million for the six months ended June 30, 2019 compared with 2018, primarily due to a \$13 million increase related to higher depreciation rates effective May 1, 2019 and an \$8 million increase related to additional assets placed into service, net of retirements.

## Interest Expense

Interest expense increased \$6 million for the three months ended June 30, 2019 compared with 2018, primarily due to increased borrowings and higher interest rates.

## Income Taxes

The increase (decrease) in income taxes for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Change in pre-tax income	\$ (2)	\$ (8)
Deferred tax impact of Kentucky state tax reform (a)	(9)	(9)
Kentucky recycling credit, net of federal income tax expense (b)	(20)	(20)
Valuation allowance adjustments (b)	3	3
Other	—	(1)
Total	<u>\$ (28)</u>	<u>\$ (35)</u>

[Table of Contents](#)

- (a) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.
- (b) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. A portion of this amount has been reserved due to insufficient Kentucky taxable income projected at LKE.

**Earnings**

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2019	2018	2019	2018
Net Income	\$ 106	\$ 86	\$ 230	\$ 228
Special items, gains (losses), after-tax	—	(9)	—	(9)

Excluding special items, earnings increased for the three month period in 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019 and lower income taxes, partially offset by lower sales volumes driven primarily by weather, higher depreciation expense and higher interest expense.

Excluding special items, earnings decreased for the six month period in 2019 compared with 2018, primarily due to lower sales volumes driven primarily by weather, higher other operation and maintenance expense, higher depreciation expense and higher interest expense, partially offset by higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019 and lower income taxes.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Adjusted Gross Margins and the items that management considers special on separate lines and not in their respective Statement of Income line items.

	Three Months	Six Months
Adjusted Gross Margins	\$ 3	\$ (2)
Other operation and maintenance	3	(9)
Depreciation	(5)	(9)
Taxes, other than income	1	—
Other Income (Expense) - net	(1)	2
Interest Expense	(9)	(15)
Income Taxes	19	26
Special items, gains (losses), after-tax (a)	9	9
Net Income	<u>\$ 20</u>	<u>\$ 2</u>

(a) See PPL's "Results of Operations - Segment Earnings - Kentucky Regulated Segment" for details of the special item.

**Adjusted Gross Margins**

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LKE's Adjusted Gross Margins are referred to as "Kentucky Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)

(a)Represents amounts excluded from Adjusted Gross Margins.

(b)As reported on the Statements of Income.

## LG&E: Statement of Income Analysis, Earnings and Adjusted Gross Margins

### Statement of Income Analysis

Net income for the periods ended June 30 includes the following results.

	Three Months			Six Months		
	2019	2018	\$ Change	2019	2018	\$ Change
<b>Operating Revenues</b>						
Retail and wholesale	\$ 328	\$ 331	\$ (3)	\$ 725	\$ 738	\$ (13)
Electric revenue from affiliate	6	4	2	19	16	3
Total Operating Revenues	334	335	(1)	744	754	(10)
<b>Operating Expenses</b>						
Operation						
Fuel	69	72	(3)	147	151	(4)
Energy purchases	22	28	(6)	96	104	(8)
Energy purchases from affiliate	2	2	—	4	8	(4)
Other operation and maintenance	96	93	3	190	182	8
Depreciation	56	49	7	107	97	10
Taxes, other than income	10	9	1	19	18	1
Total Operating Expenses	255	253	2	563	560	3
Other Income (Expense) - net	(1)	(1)	—	(1)	(2)	1
Interest Expense	22	19	3	43	37	6
Income Taxes	12	12	—	29	33	(4)
Net Income	\$ 44	\$ 50	\$ (6)	\$ 108	\$ 122	\$ (14)

## Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2019 compared with 2018 was due to:

	<b>Three Months</b>	<b>Six Months</b>
Higher retail rates (a)	\$ 14	\$ 14
ECR	7	9
Fuel and other energy prices	2	1
Volumes (b)	(21)	(36)
Demand revenue	(1)	(1)
Other	(2)	3
<b>Total</b>	<b>\$ (1)</b>	<b>\$ (10)</b>

(a) The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(b) The decreases were primarily due to weather.

## Fuel

Fuel decreased \$3 million for the three months ended June 30, 2019 compared with 2018, primarily due to a decrease in volumes driven by weather.

## Energy Purchases

Energy purchases decreased \$6 million and \$8 million for the three and six months ended June 30, 2019 compared with 2018, primarily due to a decrease in volumes driven by weather.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2019 compared with 2018 was due to:

	<b>Three Months</b>	<b>Six Months</b>
Gas distribution maintenance and compliance	\$ 2	\$ 4
Transmission credits	1	2
Vegetation management	1	2
Plant operations and maintenance	1	2
DSM program costs	(2)	(4)
Other	—	2
<b>Total</b>	<b>\$ 3</b>	<b>\$ 8</b>

## Depreciation

Depreciation increased \$7 million for the three months ended June 30, 2019 compared with 2018, primarily due to higher depreciation rates effective May 1, 2019.

Depreciation increased \$10 million for the six months ended June 30, 2019 compared with 2018, primarily due to a \$6 million increase related to higher depreciation rates effective May 1, 2019 and a \$4 million increase related to additional assets placed into service, net of retirements.

## Interest Expense

Interest expense increased \$3 million and \$6 million for the three and six months ended June 30, 2019 compared with 2018, primarily due to increased borrowings and higher interest rates.

## Earnings

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2019	2018	2019	2018
Net Income	\$ 44	\$ 50	\$ 108	\$ 122
Special items, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings decreased for the three and six month periods in 2019 compared with 2018, primarily due to lower sales volumes driven by weather, higher other operation and maintenance expense, higher depreciation expense and higher interest expense, partially offset by higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Adjusted Gross Margins	\$ 4	\$ 1
Other operation and maintenance	(5)	(10)
Depreciation	(1)	(4)
Taxes, other than income	(1)	—
Other Income (Expense) - net	—	1
Interest Expense	(3)	(6)
Income Taxes	—	4
Net Income	\$ (6)	\$ (14)

## Adjusted Gross Margins

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LG&E's Adjusted Gross Margins are included in "Kentucky Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
Operating Revenues	\$ 334	\$ —	\$ 334	\$ 335	\$ —	\$ 335
Operating Expenses						
Fuel	69	—	69	72	—	72
Energy purchases, including affiliate	24	—	24	30	—	30
Other operation and maintenance	8	88	96	10	83	93
Depreciation	13	43	56	7	42	49
Taxes, other than income	—	10	10	—	9	9
Total Operating Expenses	114	141	255	119	134	253
Total	\$ 220	\$ (141)	\$ 79	\$ 216	\$ (134)	\$ 82

	2019 Six Months			2018 Six Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 744	\$ —	\$ 744	\$ 754	\$ —	\$ 754
<b>Operating Expenses</b>

<b>Net Income</b>	<b>\$ 61</b>	<b>\$ 61</b>	<b>\$ —</b>	<b>\$ 142</b>	<b>\$ 148</b>	<b>\$ (6)</b>

### Operating Revenues

The increase (decrease) in operating revenues for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Higher retail rates (a)	\$ 21	\$ 21
ECR	8	10
Volumes (b)	(29)	(45)
Demand revenue (c)	(8)	(7)
Fuel and other energy prices	(2)	(12)
Other	2	4
<b>Total</b>	<b>\$ (8)</b>	<b>\$ (29)</b>

(a)The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(b)The decreases were primarily due to weather.

(c)The decreases were primarily due to the departure of eight municipal customers effective April 30, 2019.

## Fuel

Fuel decreased \$18 million for the three months ended June 30, 2019 compared with 2018, primarily due to an \$11 million decrease in volumes driven by weather and a \$6 million decrease in volumes driven by the departure of eight municipal customers on April 30, 2019.

Fuel decreased \$37 million for the six months ended June 30, 2019 compared with 2018, primarily due to a \$23 million decrease in volumes driven by weather, a \$6 million decrease in volumes driven by the departure of eight municipal customers on April 30, 2019 and a \$9 million decrease in commodity costs.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended June 30, 2019 compared with 2018 was due to:

	Three Months	Six Months
Transmission credits	\$ 2	\$ 5
Plant operations and maintenance	(3)	(4)
Vegetation management	(2)	(1)
DSM program costs	(2)	(3)
Other	(2)	(1)
Total	<u>\$ (7)</u>	<u>\$ (4)</u>

## Depreciation

Depreciation increased \$8 million for the three months ended June 30, 2019 compared with 2018, primarily due to higher depreciation rates effective May 1, 2019.

Depreciation increased \$12 million for the six months ended June 30, 2019 compared with 2018, primarily due to a \$7 million increase related to higher depreciation rates effective May 1, 2019 and a \$4 million increase related to additional assets placed into service, net of retirements.

## Interest Expense

Interest expense increased \$3 million for the three months ended June 30, 2019 compared with 2018, primarily due to increased borrowings and higher interest rates.

## Earnings

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2019	2018	2019	2018
Net Income	\$ 61	\$ 61	\$ 142	\$ 148
Special items, gains (losses), after-tax (a)	—	—	—	—

(a)There are no items management considers special for the periods presented.

Earnings decreased for the six month period in 2019 compared with 2018, primarily due to lower sales volumes driven primarily by weather, higher depreciation expense and higher interest expense, partially offset by higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019, and lower other operation and maintenance expense.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Six Months
Adjusted Gross Margins	\$ (1)	\$ (3)
Other operation and maintenance	9	3
Depreciation	(2)	(4)
Taxes, other than income	2	—
Other Income (Expense) - net	(5)	—
Interest Expense	(3)	(4)
Income Taxes	—	2
Net Income	<u>\$ —</u>	<u>\$ (6)</u>

### Adjusted Gross Margins

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, KU's Adjusted Gross Margins are included in "Kentucky Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended June 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 406	\$ —	\$ 406	\$ 414	\$ —	\$ 414
<b>Operating Expenses</b>						
Fuel	99	—	99	117	—	117
Energy purchases, including affiliate	11	—	11	9	—	9
Other operation and maintenance	15	90	105	13	99	112
Depreciation	16	62	78	10	60	70
Taxes, other than income	1	7	8	—	9	9
Total Operating Expenses	142	159	301	149	168	317
<b>Total</b>	<u>\$ 264</u>	<u>\$ (159)</u>	<u>\$ 105</u>	<u>\$ 265</u>	<u>\$ (168)</u>	<u>\$ 97</u>

	2019 Six Months			2018 Six Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 856	\$ —	\$ 856	\$ 885	\$ —	\$ 885
<b>Operating Expenses</b>						
Fuel	215	—	215	252	—	252
Energy purchases, including affiliate	29	—	29	25	—	25
Other operation and maintenance	28	185	213	29	188	217
Depreciation	27	123	150	19	119	138
Taxes, other than income	1	16	17	1	16	17
Total Operating Expenses	300	324	624	326	323	649
<b>Total</b>	<u>\$ 556</u>	<u>\$ (324)</u>	<u>\$ 232</u>	<u>\$ 559</u>	<u>\$ (323)</u>	<u>\$ 236</u>

(a)Represents amounts excluded from Adjusted Gross Margins.

(b)As reported on the Statements of Income.

## Financial Condition

The remainder of this Item 2 in this Form 10-Q is presented on a combined basis, providing information, as applicable, for all Registrants.

### Liquidity and Capital Resources

(All Registrants)

The Registrants had the following at:

	<u>PPL (a)</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
<b>June 30, 2019</b>					
Cash and cash equivalents	\$ 406	\$ 20	\$ 32	\$ 9	\$ 23
Short-term debt	1,636	185	96	96	—
Long-term debt due within one year	136	—	136	40	96
Notes payable with affiliates		—	203	—	—
<b>December 31, 2018</b>					
Cash and cash equivalents	\$ 621	\$ 267	\$ 24	\$ 10	\$ 14

Financing activities	(497)	(628)	(40)	(80)	47

### Operating Activities

The components of the change in cash provided by (used in) operating activities for the six months ended June 30, 2019 compared with 2018 were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
Change - Cash Provided (Used)					
Net income	\$ (60)	\$ (8)	\$ 2	\$ (14)	\$ (6)
Non-cash components	106	1	44	23	34
Working capital	(226)	(49)	(126)	(67)	(72)
Defined benefit plan funding	(1)	7	94	53	50
Other operating activities	(74)	(1)	(9)	8	(10)
Total	<u>\$ (255)</u>	<u>\$ (50)</u>	<u>\$ 5</u>	<u>\$ 3</u>	<u>\$ (4)</u>

*(PPL)*

PPL's cash provided by operating activities in 2019 decreased \$255 million compared with 2018.

- Net income decreased \$60 million between the periods and included an increase in non-cash charges of \$106 million. The increase in non-cash charges was primarily due to an increase in unrealized losses on hedging activities and an increase in depreciation expense (primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements) partially offset by an increase in the U.K. net periodic defined benefit credits (primarily due to lower levels of unrecognized losses being amortized) and a decrease in deferred income taxes (primarily due to book versus tax plant timing differences).
- The \$226 million decrease in cash from changes in working capital was primarily due to an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), a decrease in other current liabilities (primarily due to timing of payments), an increase in accounts receivable (primarily due to timing of receipts), an increase in unbilled revenues (primarily due to weather and higher rates), and an increase in prepayments (primarily due to timing of payments).
- The \$74 million decrease in cash provided by other operating activities was primarily due to the \$65 million transfer of excess benefits funds, in 2018, related to the favorable private letter ruling received by PPL from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay for medical claims of active bargaining unit employees.

*(PPL Electric)*

PPL Electric's cash provided by operating activities in 2019 decreased \$50 million compared with 2018.

- Net income decreased \$8 million between the periods and included an increase in non-cash components of \$1 million. The increase in non-cash components was due to an \$18 million increase in depreciation expense (primarily due to additional assets placed into service, related to the ongoing efforts to ensure reliability of the delivery system and the replacement of aging infrastructure as well as the roll-out of the Act 129 Smart Meter program) partially offset by a \$17 million decrease in deferred income taxes (due to book versus tax plant timing differences and Federal net operating losses, partially offset by a book to tax timing difference related to the TCJA regulatory liability).
- The \$49 million decrease in cash from changes in working capital was primarily due to an increase in accounts receivable (primarily due to timing of receipts), an increase in prepayments (primarily due to an increase in the 2019 gross receipts tax prepayment compared to 2018 and a 2018 state income tax overpayment to be applied to the 2019 state income tax liability), and an increase in net regulatory assets and liabilities (due to timing of rate recovery mechanisms), partially offset by an increase in accounts payable (primarily due to timing of payments).
- Defined benefit plan funding was \$7 million lower in 2019.
- The \$1 million decrease in cash provided by other operating activities was primarily due to a decrease in non-current regulatory liabilities (primarily due to a \$37 million TCJA liability in 2018), partially offset by a decrease in non-current regulatory assets (due to timing of rate recovery mechanisms, amortization of storm costs incurred in the prior year and \$21 million of storm costs incurred in 2018).

*(LKE)*

LKE's cash provided by operating activities in 2019 increased \$5 million compared with 2018.

## Table of Contents

- Net income increased \$2 million between the periods and included an increase in non-cash charges of \$44 million. The increase in non-cash charges was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements) and deferred income tax expense (primarily due to book versus tax plant timing differences, partially offset by a deferred tax benefit related to a Kentucky recycling credit).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), an increase in unbilled revenues (primarily due to weather and higher retail rates effective May 1, 2019) and a decrease in accounts payable (primarily due to timing of payments), partially offset by an increase in other current liabilities (primarily due to timing of payments).
- Defined benefit plan funding was \$94 million lower in 2019.
- The decrease in cash from LKE's other operating activities was primarily driven by an increase in ARO expenditures.

### *(LG&E)*

LG&E's cash provided by operating activities in 2019 increased \$3 million compared with 2018.

- Net income decreased \$14 million between the periods and included an increase in non-cash charges of \$23 million. The increase in non-cash charges was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements) and deferred income tax expense (primarily due to book versus tax plant timing differences).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and the timing of rate recovery mechanisms) and an increase in unbilled revenues (primarily due to weather and higher retail rates effective May 1, 2019).
- Defined benefit plan funding was \$53 million lower in 2019.

### *(KU)*

KU's cash provided by operating activities in 2019 decreased \$4 million compared with 2018.

- Net income decreased \$6 million between the periods and included an increase in non-cash charges of \$34 million. The increase in non-cash charges was primarily driven by an increase in deferred income tax expense (primarily due to book versus tax plant timing differences) and depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and the timing of rate recovery mechanisms), an increase in unbilled revenues (primarily due to weather and higher retail rates effective May 1, 2019), and a decrease in accounts payable (primarily due to timing of payments), partially offset by an increase in other current liabilities (primarily due to timing of payments) and a decrease in accounts receivable (primarily due to weather).
- Defined benefit plan funding was \$50 million lower in 2019.
- The decrease in cash from KU's other operating activities was primarily driven by an increase in ARO expenditures.

## Investing Activities

*(All Registrants)*

### *Expenditures for Property, Plant and Equipment*

Investment in PP&E is the primary investing activity of the Registrants. The change in cash used in expenditures for PP&E for the six months ended June 30, 2019 compared with 2018 was as follows.

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Decrease (Increase)	\$ 53	\$ (15)	\$ 34	\$ 72	\$ (39)

For PPL, the decrease in expenditures was due to lower project expenditures at WPD, LKE and LG&E, partially offset by higher project expenditures at PPL Electric and KU. The decrease in expenditures at WPD was primarily due to a decrease in expenditures to enhance system reliability and a decrease in foreign currency exchange rates. The decrease in expenditures at LKE was primarily due to decreased spending for environmental water projects at LG&E's Mill Creek and Trimble County plants and KU's Ghent plant, offset by spending on various other projects at KU that are not individually significant. The increase in project expenditures for PPL Electric was primarily due to an increase in capital spending related to the ongoing efforts to improve reliability and replace aging infrastructure.

## Financing Activities

(All Registrants)

The components of the change in cash provided by (used in) financing activities for the six months ended June 30, 2019 compared with 2018 were as follows.

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Change - Cash Provided (Used)					
Debt issuance/retirement, net	\$ 235	\$ (398)	\$ 405	\$ 99	\$ 306
Debt issuance/retirement with affiliate, net	—	—	(250)	—	—
Stock issuances/redemptions, net	(112)	—	—	—	—
Dividends	(36)	7	—	10	45
Capital contributions/distributions, net	—	(425)	87	(18)	23
Change in short-term debt, net	(582)	185	(490)	(167)	(323)
Notes payable with affiliate	—	—	216	—	—
Other financing activities	(2)	3	(8)	(4)	(4)
<b>Total</b>	<b>\$ (497)</b>	<b>\$ (628)</b>	<b>\$ (40)</b>	<b>\$ (80)</b>	<b>\$ 47</b>

See Note 8 to the Financial Statements in this Form 10-Q for information on 2019 short-term and long-term debt activity, equity transactions and PPL dividends. See Note 8 to the Financial Statements in the Registrants' 2018 Form 10-K for information on 2018 activity.

## Credit Facilities

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets. At June 30, 2019, the total committed borrowing capacity under credit facilities and the borrowings under these facilities were:

### *External*

	<u>Committed Capacity</u>	<u>Borrowed</u>	<u>Letters of Credit and Commercial Paper Issued</u>	<u>Unused Capacity</u>
PPL Capital Funding Credit Facilities	\$ 1,550	\$ —	\$ 1,029	\$ 521
PPL Electric Credit Facility	650	—	186	464
LG&E Credit Facilities	500	—	96	404
KU Credit Facilities	598	—	198	400
Total LKE	1,098	—	294	804
Total U.S. Credit Facilities (a)	\$ 3,298	\$ —	\$ 1,509	\$ 1,789
Total U.K. Credit Facilities (b)	£ 1,055	£ 272	£ —	£ 783

## Table of Contents

- (a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 10%, PPL Electric - 6%, LKE - 22%, LG&E - 7% and KU - 37%.
- (b) The amounts borrowed at June 30, 2019 were a USD-denominated borrowing of \$200 million and GBP-denominated borrowings of £114 which equated to \$143 million. At June 30, 2019, the USD equivalent of unused capacity under the U.K. committed credit facilities was \$989 million.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 13% of the total committed capacity.

See Note 8 to the Financial Statements for further discussion of the Registrants' credit facilities.

### *Intercompany (LKE, LG&E and KU)*

	<b>Committed Capacity</b>	<b>Borrowed</b>	<b>Non-affiliate Used Capacity</b>	<b>Unused Capacity</b>
LKE Credit Facility	\$ 375	\$ 203	\$ —	\$ 172
LG&E Money Pool (a)	500	—	96	404
KU Money Pool (a)	500	—	—	500

- (a) LG&E and KU participate in an intercompany money pool agreement whereby LKE, LG&E and/or KU make available funds up to \$500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum aggregate short-term debt limit for each utility at \$500 million from all covered sources.

See Note 12 to the Financial Statements for further discussion of intercompany credit facilities.

### Commercial Paper (All Registrants)

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facility. The following commercial paper programs were in place at June 30, 2019:

	<b>Capacity</b>	<b>Commercial Paper Issuances</b>	<b>Unused Capacity</b>
PPL Capital Funding	\$ 1,500	\$ 1,014	\$ 486
PPL Electric	650	185	465
LG&E	350	96	254
KU	350	—	350
Total LKE	700	96	604
Total PPL	\$ 2,850	\$ 1,295	\$ 1,555

### Long-term Debt (All Registrants)

See Note 8 to the Financial Statements for information regarding the Registrants' long-term debt activities.

*(PPL)*

### Equity Securities Activities

#### *ATM*

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program; including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the three and six months ended June 30, 2019.

## Common Stock Dividends

In May 2019, PPL declared a quarterly common stock dividend, payable July 1, 2019, of 41.25 cents per share (equivalent to \$1.65 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

## Rating Agency Actions

*(All Registrants)*

Moody's and S&P periodically review the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2019:

*(PPL, LKE and LG&E)*

In March 2019, Moody's and S&P assigned ratings of A1 and A to LG&E's \$400 million 4.25% First Mortgage Bonds due 2049. The bonds were issued April 1, 2019.

In March 2019, Moody's and S&P assigned ratings of A1 and A to the County of Jefferson, Kentucky's \$128 million 1.85% Pollution Control Revenue Bonds, 2001 Series A (Louisville Gas and Electric Company Project), due 2033, previously issued on behalf of LG&E. The bonds were remarketed April 1, 2019.

In May 2019, Moody's assigned a rating of A1, and in June 2019, S&P assigned a rating of A to LG&E's \$31 million 1.65% Series A Environmental Facilities Revenue Refunding Bonds due 2033. The bonds were remarketed June 1, 2019.

In May 2019, Moody's assigned a rating of A1, and in June 2019, S&P assigned a rating of A to LG&E's \$35 million 1.65% Series B Environmental Facilities Revenue Refunding Bonds due 2033. The bonds were remarketed June 1, 2019.

*(PPL, LKE and KU)*

In March 2019, Moody's assigned a rating of A1 and S&P confirmed its rating of A to KU's \$300 million 4.375% First Mortgage Bonds due 2045. The bonds were issued April 1, 2019.

## Ratings Triggers

*(PPL, LKE, LG&E and KU)*

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 15 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at June 30, 2019.

(All Registrants)

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2018 Form 10-K.

## Risk Management

### Market Risk

(All Registrants)

See Notes 14 and 15 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

### Interest Rate Risk

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at June 30, 2019.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through
<b><u>PPL</u></b>				
Cash flow hedges				
Interest rate swaps (c)	\$ 316	\$ (8)	\$ (4)	2031
Cross-currency swaps (c)	702	163	(18)	2028
Economic hedges				
Interest rate swaps (d)	147	(24)	(1)	2033
<b><u>LKE</u></b>				
Economic hedges				
Interest rate swaps (d)	147	(24)	(1)	2033
<b><u>LG&amp;E</u></b>				
Economic hedges				
Interest rate swaps (d)	147	(24)	(1)	2033

(a)Includes accrued interest, if applicable.

(b)Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.

(c)Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.

(d)Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at June 30, 2019 was insignificant for

PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at June 30, 2019 is shown below.

	<b>10% Adverse Movement in Rates</b>
PPL	\$ 672
PPL Electric	180
LKE	205
LG&E	87
KU	106

#### *Foreign Currency Risk (PPL)*

PPL is exposed to foreign currency risk primarily through investments in and earnings of U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at June 30, 2019.

	<b>Exposure Hedged</b>	<b>Fair Value, Net - Asset (Liability)</b>	<b>Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)</b>	<b>Maturities Ranging Through</b>
Economic hedges (b)	£ 1,154	\$ 180	\$ (126)	2020

(a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.

(b) To economically hedge the translation risk of expected earnings denominated in GBP.

*(All Registrants)*

#### *Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

#### *Volumetric Risk*

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2018 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

### **Credit Risk** *(All Registrants)*

See Notes 14 and 15 to the Financial Statements in this Form 10-Q and "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Risk Management - Credit Risk" in the Registrants' 2018 Form 10-K for additional information.

### **Foreign Currency Translation** *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of \$84 million for the six months ended June 30, 2019, which primarily reflected a \$125 million decrease to PP&E, a \$23 million decrease to goodwill and an \$9 million decrease to other net assets, partially offset by a \$73 million decrease to long-term debt. Changes in this exchange rate resulted in a foreign currency translation loss of \$143 million for the six months ended June 30, 2018, which primarily reflected a \$227 million decrease to PP&E, a \$45 million decrease to goodwill and a \$2 million increase to other net liabilities, partially offset by a \$131 million decrease to long-term debt. The impact of foreign currency translation is recorded in AOCI.

### **Related Party Transactions** *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 12 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

### **Acquisitions, Development and Divestitures** *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results.

### **Capacity Needs** *(PPL, LKE, LG&E and KU)*

As a result of environmental requirements and energy efficiency measures, KU retired two older coal-fired electricity generating units at the E.W. Brown plant in February 2019 with a combined summer rating capacity of 272 MW. Despite the retirement of these units, LG&E and KU maintain sufficient generating capacity to serve their load.

### **Environmental Matters**

*(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The cost of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the cost for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See below for further discussion of the EPA's CCR Rule and Note 11 to the Financial Statements for a discussion of other significant environmental matters including Legal Matters, NAAQS, Climate Change, and ELGs. Additionally, see "Item 1. Business - Environmental Matters" in the Registrants' 2018 Form 10-K for additional information.

### **EPA's CCR Rule** *(PPL, LKE, LG&E and KU)*

Over the next several years, LG&E and KU anticipate undertaking extensive measures, including significant capital expenditures, in complying with the provisions of the EPA's CCR Rule. Although LG&E and KU have identified compliance

strategies and are finalizing closure plans and schedules as required by the CCR Rule, remaining regulatory uncertainties could substantially impact current plans. As a result of a judicial settlement, legislative amendments, and the EPA's review of the current program, the EPA is in the process of undertaking significant revisions to the CCR Rule. In July 2018, the EPA published certain amendments to the CCR Rule which include extending the deadline for commencement of closure of certain impoundments from April 2019 to October 31, 2020. The EPA has announced that additional amendments to the rule will be proposed. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR Rule, including the provisions allowing unlined impoundments to continue operating and provisions exempting certain inactive impoundments from regulation. The exact impact of the judicial decision will be highly dependent on the EPA's rulemaking actions on remand and any subsequent legal challenges. LG&E and KU are evaluating the specific plan impacts of developments to date and will continue to monitor the EPA's ongoing regulatory proceedings.

In connection with the CCR Rule, LG&E and KU have recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 19 to the Financial Statements in the Registrants' 2018 Form 10-K for additional information on AROs. LG&E and KU continue to perform technical evaluations related to their plans to close impoundments at all of their generating plants. Although LG&E and KU believe their recorded liabilities appropriately reflect their obligations under current rules, changes to current compliance strategies as a result of ongoing regulatory proceedings or other developments could result in additional closure costs. It is not currently possible to determine the magnitude of any potential cost increases related to changes in compliance strategies or plans, and the timing of future cash outflows are indeterminable at this time. As rules are revised, technical evaluations are completed, and the timing and details of impoundment closures develop further on a plant by-plant basis, LG&E and KU will update their cost estimates and record any changes as necessary to their ARO liability, which could be material. These costs are subject to rate recovery.

### **New Accounting Guidance** *(All Registrants)*

See Notes 2 and 18 to the Financial Statements for a discussion of new accounting guidance adopted and pending adoption.

### **Application of Critical Accounting Policies** *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2018 Form 10-K for a discussion of each critical accounting policy.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

**Item 4. Controls and Procedures**

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of June 30, 2019, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The aforementioned principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal controls over financial reporting during the Registrants' second fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

For information regarding legal, tax, regulatory, environmental or other administrative proceedings that became reportable events or were pending in the second quarter of 2019 see:

- "Item 3. Legal Proceedings" in each Registrant's 2018 Form 10-K; and
- Notes 6, 7 and 11 to the Financial Statements.

**Item 1A. Risk Factors**

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2018 Form 10-K.

**Item 4. Mine Safety Disclosures**

Not applicable.

## **Item 6. Exhibits**

The following Exhibits indicated by an asterisk preceding the Exhibit number are filed herewith. The balance of the Exhibits has heretofore been filed with the Commission and pursuant to Rule 12(b)-23 are incorporated herein by reference. Exhibits indicated by a [ ] are filed or listed pursuant to Item 601(b)(10) (iii) of Regulation S-K.

- [\\*10\(a\)](#) - £50,000,000 Facility Agreement dated as of June 7, 2019, among Western Power Distribution plc, as the Borrower, National Westminster Bank plc as Original Lender, and National Westminster Bank plc as Agent

Certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, for the quarterly period ended June 30, 2019, filed by the following officers for the following companies:

**THIS AGREEMENT** is dated 7 June 2019

**BETWEEN:**

- (1) **WESTERN POWER DISTRIBUTION PLC** (registered number 09223384) (the “**Borrower**”);
- (2) **NATIONAL WESTMINSTER BANK PLC** as original lender (the “**Original Lender**”); and
- (3) **NATIONAL WESTMINSTER BANK PLC** as agent of the other Finance Parties (the “**Agent**”).

**IT IS AGREED** as follows:

## **1. INTERPRETATION**

### **1.1 Definitions**

In this Agreement:

“**Acceptable Bank**” means a bank or financial institution which has a rating for its long-term unsecured and non credit-enhanced debt obligations of A- or higher by Standard & Poor’s Rating Services or A- or higher by Fitch Ratings Ltd or A3 or higher by Moody’s Investors Service Limited or a comparable rating from an internationally recognised credit rating agency.

“**Acceptable Jurisdiction**” means:

- (a) the United States of America;
- (b) the United Kingdom; or
- (c) any other member state of the European Union or any Participating Member State where such country has long term sovereign credit rating of AA or higher by Standard & Poor’s Rating Services or Aa2 or higher from Moody’s Investors Service Limited or AA or higher from Fitch Ratings Ltd.

“**Act**” means the Electricity Act 1989 and, unless the context otherwise requires, all subordinate legislation made pursuant thereto.

“**Affiliate**” means, in relation to any person, a Subsidiary of that person or a Holding Company of that person or any other Subsidiary of that Holding Company.

“**Applicable Accounting Principles**” means those accounting principles, standards and practices generally accepted in the United Kingdom and the accounting and reporting requirements of the Companies Act 2006, in each case as used in the Original Financial Statements.

“**Assignment Agreement**” means an agreement substantially in the form set out in Schedule 5 (*Form of Assignment Agreement*) or any other form agreed between the relevant assignor and assignee.

“**Authority**” means The Gas and Electricity Markets Authority established under Section 1 of the Utilities Act 2000.

**“Availability Period”** means the period from and including the date of this Agreement to and including the date falling 10 Business Days after the date of this Agreement.

**“Available Commitment”** means a Lender’s Commitment minus:

- (a) the amount (if any) of its participation in any outstanding Loan; and
- (b) in relation to any proposed Loan, the amount of its participation in any Loan that is due to be made on or before the proposed Drawdown Date.

**“Available Facility”** means the aggregate for the time being of each Lender’s Available Commitment.

**“Balancing and Settlement Code”** means the document, as modified from time to time, setting out the electricity balancing and settlement arrangements designated by the Secretary of State and adopted by The National Grid Company plc (Registered No. 2366977) or its successor pursuant to its transmission licence.

**“Bank Levy”** means any amount payable by a Finance Party or any of its Affiliates on the basis of, or in relation to, its balance sheet or capital base or any part of that person or its liabilities or minimum regulatory capital or any combination thereof (including the United Kingdom bank levy as set out in the Finance Act 2011 (as amended), the French *taxe de risque systémique* as set out in Article 235 ter ZE of the French Tax Code and the French *taxe pour le financement du fonds de soutien aux collectivités territoriales* as set out in Article 235 ter ZE bis of the French Tax Code, the German bank levy as set out in the German Restructuring Fund Act 2010 (*Restrukturierungsfondsgesetz*) and the Dutch *bankenbelasting* as set out in the Dutch bank levy act (*Wet bankenbelasting*) or any other implementing rules connected therewith and any tax in any other jurisdiction levied on a similar basis or for a similar purpose) or any financial activities taxes (or other taxes) of a kind contemplated in the European Commission consultation paper on financial sector taxation dated 22 February 2011, in each case which is currently in force or envisaged.

**“Basel III”** means:

- (a) the agreements on capital requirements, a leverage ratio and liquidity standards contained in “Basel III: A global regulatory framework for more resilient banks and banking systems”, “Basel III: International framework for liquidity risk measurement, standards and monitoring” and “Guidance for national authorities operating the countercyclical capital buffer” published by the Basel Committee on Banking Supervision in December 2010, each as amended, supplemented or restated;
- (b) the rules for global systematically important banks contained in “Global systematically important banks: assessment methodology and the additional loss absorbency requirement – Rules text” published by the Basel Committee on Banking Supervision in November 2011, as amended, supplemented or restated; and
- (c) any further guidance or standards published by the Basel Committee on Banking Supervision relating to “Basel III”.

**“Blocking Regulation”** has the meaning given to that term in Clause 18.18.4 (*Sanctions*).

**“Break Costs”** means the amount (if any) by which:

- (a) the interest (excluding the Margin) which a Lender would have received for the period from the date of receipt of any part of its participation in a Loan or Unpaid Sum to the last day of the applicable Interest Period for that Loan or Unpaid Sum if the principal or Unpaid Sum received had been paid on the last day of that Interest Period;

exceeds:

- (b) the amount which that Lender would be able to obtain by placing an amount equal to the amount received by it on deposit with a leading bank for a period starting on the Business Day following receipt or recovery and ending on the last day of the applicable Interest Period.

“**Business Day**” means a day (other than a Saturday or a Sunday) on which commercial banks are open for general business in London.

“**Calculation Date**” means the last day of a Calculation Period, being 31 March or 30 September.

“**Calculation Period**” means each period of twelve months ending on 31 March or 30 September.

“**Cash**” has the meaning given to that term in Clause 20 (*Financial Covenants*).

“**Cash Equivalent Investments**” has the meaning given to that term in Clause 20 (*Financial Covenants*).

“**Code**” means the US Internal Revenue Code of 1986.

“**Commitment**” means:

- (a) in relation to the Original Lender, the amount set opposite its name under the heading “Commitment” in Schedule 1 (*Original Parties*) and the amount of any other Commitment transferred to it under this Agreement; and
- (b) in relation to any other Lender, the amount of any Commitment transferred to it under this Agreement,

to the extent not cancelled, reduced or transferred by it under this Agreement.

“**Competitor**” means any person that is, or is an Affiliate or Related Fund of, a person that is:

- (a) a competitor of the Group in respect of the Permitted Business; or
- (b) an Infrastructure Equity Investment Fund, **provided** that in the case of an Affiliate of such a person, any such Affiliate managed independently of such person and which has appropriate information barriers put in place between it and such a person will not constitute a “Competitor”.

“**Compliance Certificate**” means a certificate substantially in the form of Schedule 6 (*Form of Compliance Certificate*) setting out, among other things, calculations of the financial covenants.

“**Confidential Information**” means all information relating to each of the Borrower and its Subsidiaries, PPL Corporation and any of its Subsidiaries which directly or indirectly holds shares in the Borrower and the directors, officers and employees of any of them (the “**Extended Group**”), the Finance Documents or the Facility of which a Finance Party becomes aware in its capacity as, or for the purpose of becoming, a Finance Party or which is received by a Finance

Party in relation to, or for the purpose of becoming a Finance Party, under the Finance Documents or the Facility from either:

- (a) any member of the Extended Group or any of its advisers; or
- (b) another Finance Party, if the information was obtained by that Finance Party directly or indirectly from any member of the Extended Group or any of its advisers,

in whatever form, and includes information given orally and any document, electronic file or any other way of representing or recording information which contains or is derived or copied from such information but excludes:

- (i) information that:
  - (A) is or becomes public information other than as a direct or indirect result of any breach by that Finance Party of Clause 32 (*Confidentiality and disclosure of information*); or
  - (B) is identified in writing at the time of delivery as non-confidential by any member of the Extended Group or any of its advisers; or
  - (C) is known by that Finance Party before the date the information is disclosed to it in accordance with paragraphs (a) or (b) above or is lawfully obtained by that Finance Party after that date, from a source which is, as far as that Finance Party is aware, unconnected with the Extended Group and which, in either case, as far as that Finance Party is aware, has not been obtained in breach of, and is not otherwise subject to, any obligation of confidentiality; and
- (ii) any Funding Rate.

“**Confidentiality Undertaking**” means a confidentiality undertaking substantially in a recommended form of the LMA or in any other form agreed between the Borrower and the Agent.

“**Consolidated EBITDA**” has the meaning given to that term in Clause 20 (*Financial Covenants*).

“**CRD IV**” means:

- (a) Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms; and
- (b) Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC.

“**CTA 2009**” means the Corporation Tax Act 2009.

“**CTA 2010**” means the Corporation Tax Act 2010.

“**Debt Purchase Transaction**” means, in relation to a person, a transaction where such person:

- (a) purchases by way of assignment or transfer;

- (b) enters into any sub-participation in respect of; or
- (c) enters into any other agreement or arrangement having an economic effect substantially similar to a sub-participation in respect of,

any Commitment or amount outstanding under this Agreement.

**“Default”** means:

- (a) an Event of Default; or
- (b) an event or circumstance which would be (with the lapse of time, the expiry of a grace period, the giving of notice or the making of any determination under the Finance Documents or any combination of them) an Event of Default.

**“Defaulting Lender”** means any Lender:

- (a) which has failed to make its participation in a Loan available or has notified the Agent or the Borrower (which has notified the Agent) that it will not make its participation in a Loan available by the Drawdown Date in accordance with Clause 5.4 (*Advance of Loan*);
- (b) which has otherwise rescinded or repudiated a Finance Document;
- (c) with respect to which an Insolvency Event has occurred and is continuing,

unless, in the case of paragraph (a) above:

- (i) its failure to pay is caused by:
  - (A) administrative or technical error; or
  - (B) a Disruption Event; andpayment is made within three Business Days of its due date; or
- (ii) the relevant Lender is disputing in good faith whether it is contractually obliged to make the payment in question.

**“Disruption Event”** means either or both of:

- (a) a material disruption to those payment or communications systems or to those financial markets which are, in each case, required to operate in order for payments to be made in connection with the Facility (or otherwise in order for the transactions contemplated by the Finance Documents to be carried out) which disruption is not caused by, and is beyond the control of, any of the Parties; or
- (b) the occurrence of any other event which results in a disruption (of a technical or systems-related nature) to the treasury or payments operations of a Party preventing that, or any other Party:
  - (i) from performing its payment obligations under the Finance Documents; or
  - (ii) from communicating with other Parties in accordance with the terms of the Finance Documents,

and which (in either such case) is not caused by, and is beyond the control of, the Party whose operations are disrupted.

**“Distribution Companies”** means Western Power Distribution (South West) plc, Western Power Distribution (South Wales) plc, Western Power Distribution (West Midlands) plc and Western Power Distribution (East Midlands) plc and any other distribution company which is licensed by OFGEM or any successor regulatory body as a distribution network operator and owned (whether directly or indirectly) by the Borrower from time to time.

**“Drawdown Date”** means the date on which the Loan is made.

**“Eligible Institution”** means any Lender or other bank, financial institution, trust, fund or other entity selected by the Borrower.

**“Environment”** means humans, animals, plants and all other living organisms including the ecological systems of which they form part and the following media:

- (a) air (including, without limitation, air within natural or man-made structures, whether above or below ground);
- (b) water (including, without limitation, territorial, coastal and inland waters, water under or within land and water in drains and sewers); and
- (c) land (including, without limitation, land under water).

**“Environmental Claim”** means any claim, proceeding, formal notice or investigation by any person in respect of any Environmental Law.

**“Environmental Law”** means any applicable law or regulation which relates to:

- (a) the pollution or protection of the Environment;
- (b) the conditions of the workplace; or
- (c) the generation, handling, storage, use, release or spillage of any substance which, alone or in combination with any other, is capable of causing harm to the Environment, including, without limitation, any waste.

**“Event of Default”** means an event or circumstance specified as such in Clause 22 (*Events of Default*).

**“Existing Lender”** has the meaning given to that term in Clause 29.1 (*Assignments and transfers by the Lenders*).

**“Facility”** means the term loan facility made available under this Agreement as described in Clause 2.1 (*The Facility*).

**“Facility Office”** means the office(s) notified by a Lender to the Agent:

- (a) on or before the date it becomes a Lender; or following that date,
- (b) by not less than five Business Days’ notice,

as the office(s) through which it will perform its obligations under this Agreement.

**“FATCA”** means:

- (a) sections 1471 to 1474 of the Code or any associated regulations;
- (b) any treaty, law or regulation of any other jurisdiction, or relating to an intergovernmental agreement between the US and any other jurisdiction, which (in either case) facilitates the implementation of any law or regulation referred to in paragraph (a) above; or
- (c) any agreement pursuant to the implementation of any treaty, law or regulation referred to in paragraphs (a) or (b) above with the US Internal Revenue Service, the US government or any governmental or taxation authority in any other jurisdiction.

**“FATCA Application Date”** means:

- (a) in relation to a “withholdable payment” described in section 1473(1)(A)(i) of the Code (which relates to payments of interest and certain other payments from sources within the US), 1 July 2014; or
- (b) in relation to a “passthru payment” described in section 1471(d)(7) of the Code not falling within paragraph (a) above, the first date from which such payment may become subject to a deduction or withholding required by FATCA.

**“FATCA Deduction”** means a deduction or withholding from a payment under a Finance Document required by FATCA.

**“FATCA Exempt Party”** means a Party that is entitled to receive payments free from any FATCA Deduction.

**“Final Maturity Date”** means the date falling five years after the date of this Agreement.

**“Finance Document”** means:

- (a) this Agreement;
- (b) a Transfer Certificate;
- (c) an Assignment Agreement;
- (d) a Request; or
- (e) any other document designated as such by the Agent and the Borrower.

**“Finance Party”** means the Agent or a Lender.

**“Financial Indebtedness”** means any indebtedness for or in respect of:

- (a) moneys borrowed;
- (b) any acceptance credit;
- (c) any bond, note, debenture, loan stock or other similar instrument;
- (d) any redeemable preference share;

- (e) the amount of any liability in respect of any finance or capital lease which would, in accordance with the Applicable Accounting Principles, be treated as a balance sheet liability;
- (f) receivables sold or discounted (otherwise than on a non-recourse basis);
- (g) the acquisition cost of any asset to the extent payable after its acquisition or possession by the party liable where the deferred payment is arranged primarily as a method of raising finance or financing the acquisition of that asset;
- (h) any derivative transaction protecting against or benefiting from fluctuations in any rate or price (and, when calculating the value of any derivative transaction, only the marked to market value (or, if any actual amount is due as a result of the termination or close-out of that derivative transaction, that amount) shall be taken into account);
- (i) any other transaction (including any forward sale or purchase agreement) of a type not referred to in any other paragraph of this definition which has the commercial effect of a borrowing;
- (j) any counter-indemnity obligation in respect of any guarantee, indemnity, bond, letter of credit or any other instrument issued by a bank or financial institution; or
- (k) any guarantee, indemnity or similar assurance against financial loss of any person in respect of any item referred to in paragraphs (a) to (j) above.

**“Funding Rate”** means any individual rate notified by a Lender to the Agent pursuant to paragraph (b) of Clause 10.4.1 (*Cost of funds*).

**“Group”** means the Borrower and its Subsidiaries.

**“Distressed Debt Fund”** means any trust, fund or other entity which is or would reasonably be recognised or categorised as a “distressed debt fund” by reputable institutions which are prominent participants in the financial markets. Distressed Debt Funds will be construed so as to include the debt trading desk (or equivalent) operated by a department of a bank or financial institution where that trading desk would be engaging in trading for or on behalf of an entity which itself constitutes a Distressed Debt Fund.

**“Hedge Fund”** means a pooled investment vehicle or similar entity that is commonly but not exclusively referred to in the financial marketplace as a “hedge fund” and having the following characteristics:

- (a) it generally seeks consistent levels of returns regardless of market conditions;
- (b) it generally uses complex strategies (which may include but not be limited to short-selling, use of leverage and arbitrage and derivatives transactions) in order to minimise market correlations with the goal of generating high returns (either in an absolute sense or over a specified market benchmark); and
- (c) it generally is open only to financially sophisticated investors.

Hedge Fund will be construed so as to include “vulture funds” and any pass-through or structured finance vehicles in whatever legal form which are used by a Hedge Fund as part of structuring an investment.

**“Holding Company”** means in relation to a person, any other person in respect of which it is a Subsidiary.

**“Impaired Agent”** means the Agent at any time when:

- (a) it has failed to make (or has notified a Party that it will not make) a payment required to be made by it under the Finance Documents by the due date for payment;
- (b) the Agent otherwise rescinds or repudiates a Finance Document;
- (c) (if the Agent is also a Lender) it is a Defaulting Lender under paragraph (a), (b) or (c) of the definition of **“Defaulting Lender”**; or
- (d) an Insolvency Event has occurred and is continuing with respect to the Agent;

unless, in the case of paragraph (a) above:

- (i) its failure to pay is caused by:
  - (A) administrative or technical error; or
  - (B) a Disruption Event; andpayment is made within three Business Days of its due date; or
- (ii) the Agent is disputing in good faith whether it is contractually obliged to make the payment in question.

**“Increased Cost”** means:

- (a) an additional or increased cost;
- (b) a reduction in the rate of return under a Finance Document or on a Lender’s (or its Affiliate’s) overall capital; or
- (c) a reduction of an amount due and payable under any Finance Document,

which is incurred or suffered by a Lender or any of its Affiliates but only to the extent attributable to that Lender having entered into any Finance Document or funding or performing its obligations under any Finance Document.

**“Infrastructure Equity Investment Fund”** means an entity, a predominant portion of whose business involves making equity investments in infrastructure assets (but excluding, for the avoidance of doubt, any entity whose activities are solely the making, purchasing or investing in loans or debt securities or purely passive equity investments in infrastructure and which is an Affiliate or Related Fund of an Infrastructure Equity Investment Fund but is managed or controlled independently from such Infrastructure Equity Investment Fund or has established procedures which will prevent confidential information supplied to such entity from being transmitted or otherwise made available to such Infrastructure Equity Investment Fund).

**“Insolvency Event”** in relation to a Finance Party means that the relevant Finance Party:

- (a) is dissolved (other than pursuant to a consolidation, amalgamation or merger);

- (b) becomes insolvent or is unable to pay its debts or fails or admits in writing its inability generally to pay its debts as they become due;
- (c) makes a general assignment, arrangement or composition with or for the benefit of its creditors;
- (d) institutes or has instituted against it, by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding up or liquidation by it or such regulator, supervisor or similar official;
- (e) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition is instituted or presented by a person or entity not described in paragraph (d) above and:
  - (i) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding up or liquidation; or
  - (ii) is not dismissed, discharged, stayed or restrained in each case within 30 days of the institution or presentation thereof;
- (f) has a resolution passed for its winding up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger);
- (g) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets (other than, for so long as it is required by law or regulation not to be publicly disclosed, any such appointment which is to be made, or is made, by a person or entity described in paragraph (d) above);
- (h) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within 30 days thereafter;
- (i) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in paragraphs (a) to (h) above; or
- (j) takes any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the foregoing acts.

“**Interest Payable**” has the meaning given to that term in Clause 20 (*Financial Covenants*).

“**Interest Period**” means, in respect of the Loan, each period determined under this Agreement by reference to which interest on a Loan or an overdue amount is calculated.

**“Interpolated Screen Rate”** means, in relation to the Loan, the rate rounded to the same number of decimal places as the two relevant Screen Rates which results from interpolating on a linear basis between:

- (a) the applicable Screen Rate for the longest period (for which that Screen Rate is available) which is less than the Interest Period of the Loan; and
- (b) the applicable Screen Rate for the shortest period (for which that Screen Rate is available) which exceeds the Interest Period of the Loan,

each as of the Specified Time for Sterling.

**“ITA”** means the Income Tax Act 2007.

**“Legal Reservations”** means:

- (a) the principle that equitable remedies may be granted or refused at the discretion of a court and the limitation of enforcement by laws relating to insolvency, reorganisation and other laws generally affecting the rights of creditors;
- (b) the time barring of claims under the Limitation Act 1980 and the Foreign Limitation Periods Act 1984, the possibility that an undertaking to assume liability for or indemnify a person against non-payment of UK stamp duty may be void and defences of set-off or counterclaim;
- (c) similar principles, rights and defences under the laws of any jurisdiction in which a member of the Group or a Holding Company of the Borrower is incorporated; and
- (d) any other matters which are set out as qualifications or reservations as to matters of law of general application in any legal opinion provided under Schedule 2 (*Conditions Precedent*).

**“Lender”** means:

- (a) the Original Lender; or
- (b) any person which becomes a Party as a “Lender” after the date of this Agreement in accordance with Clause 28 (*Changes to the Parties*),

which in each case has not ceased to be a Lender in accordance with the terms of this Agreement.

**“LIBOR”** means, in relation to the Loan:

- (a) the applicable Screen Rate as of the Specified Time for Sterling and for a period equal in length to the Interest Period of the Loan; or
- (b) as otherwise determined pursuant to Clause 10.1 (*Unavailability of Screen Rates*).

**“Licence”** means:

- (a) each electricity distribution licence made and treated as granted to a Distribution Company under Section 6(1)(c) of the Act pursuant to a licensing scheme made by the Secretary of State under Part II of Schedule 7 to the Utilities Act 2000 on 28 September, 2001; or

- (b) any statutory amendment or replacement licence or licences granted pursuant to the Utilities Act 2000 (or any equivalent legislation which supersedes the Utilities Act 2000) which permit a Distribution Company to distribute electricity in the area it is certified to operate in.

“**LMA**” means the Loan Market Association.

“**Loan**” means the loan made or to be made under the Facility or the principal amount outstanding for the time being of that loan.

“**Majority Lenders**” means a Lender or Lenders whose Commitments aggregate more than 66 $\frac{2}{3}$  per cent. of the Total Commitments (or, if the Total Commitments have been reduced to zero, aggregated more than 66 $\frac{2}{3}$  per cent. of the Total Commitments immediately prior to that reduction).

“**Margin**” means 1.40% per annum.

“**Material Adverse Effect**” means a material adverse effect on:

- (a) the business, assets or financial condition of the Group taken as a whole;
- (b) the ability of the Borrower to perform its payment obligations under the Finance Documents; or
- (c) the validity or enforceability of the Finance Documents or the rights or remedies of the Finance Parties under any of the Finance Documents.

“**New Lender**” has the meaning given to that term in Clause 29.1 (*Assignments and transfers by Lenders*).

“**OFGEM**” means the Office of Gas and Electricity Markets.

“**Original Financial Statements**” means the audited consolidated financial statements of the Borrower and each Distribution Company for the year ended 31 March 2018.

“**Participating Member State**” means any member state of the European Union that has the euro as its lawful currency in accordance with the legislation of the European Union relating to Economic and Monetary Union.

“**Party**” means a party to this Agreement.

“**Pensions Regulator**” means the body corporate called the Pensions Regulator established under Part I of the Pensions Act 2004.

“**Permitted Acquisition**” means the acquisition by any member of the Group of an entity:

- (a) which carries out a Permitted Business;
- (b) which is incorporated or established in England or the European Union; and
- (c) in respect of which, on or prior to the closing date of the acquisition, the Borrower has delivered a certificate to the Agent confirming that, taking into account the consideration payable in respect of the acquisition (including any associated costs and expenses and assuming the target entity (and its Subsidiaries) formed part of the Group as at the Calculation Date falling immediately prior to the closing date of such acquisition), no

Event of Default would have occurred under Clause 20.3 (*Interest cover*) or Clause 20.4 (*Asset cover*), in each case as at the Calculation Date falling immediately prior to the closing date of such acquisition.

**“Permitted Business”** means:

- (a) a business that:
  - (i) possesses characteristics similar to the regulated business of a distribution network operator, as carried out by any of the Distribution Companies (a **“DNO Business”**);
  - (ii) provides facilities for and connected with a DNO Business;
  - (iii) is complementary or ancillary to the operation of a DNO Business or any other business already conducted by an entity within the Group; or
  - (iv) provides services to any member of the Group which are currently provided by third parties; or
- (b) any other business approved or consented to by the Agent.

**“PPL Corporation”** means PPL Corporation, a company incorporated in Pennsylvania, US, whose head office is at 2 N 9th Street, Allentown, PA18101, Pennsylvania, US, and whose registered number is 2570936.

**“PPL Group”** means PPL Corporation and any of its Subsidiaries.

**“Pro Rata Share”** means:

- (a) for the purpose of determining a Lender’s share in the Loan, the proportion which its Available Commitment bears to the Available Facility immediately prior to making the Loan; and
- (b) for any other purpose on a particular date:
  - (i) the proportion which its Commitment bears to the Total Commitments on that date; or
  - (ii) if the Total Commitments have been cancelled, the proportion which its Commitments bore to the Total Commitments immediately before being cancelled.

**“Qualifying Lender”** has the meaning given to it in Clause 12 (*Tax gross-up and Indemnities*).

**“Quotation Day”** means, in relation to any period for which an interest rate is to be determined, the first day of that period, unless market practice differs in the Relevant Market, in which case the Quotation Day will be determined by the Agent in accordance with market practice in the Relevant Market (and if quotations would normally be given on more than one day, the Quotation Day will be the last of those days).

**“Reference Bank Rate”** means the arithmetic mean of the rates (rounded upwards to four decimal places) as supplied to the Agent at its request by the Reference Banks:

- (a) if:

- (i) the Reference Bank is a contributor to the Screen Rate; and
- (ii) it consists of a single figure,

the rate (applied to the relevant Reference Bank and the relevant currency and period) which contributors to the Screen Rate are asked to submit to the relevant administrator;

- (b) in any other case, the rate at which the Relevant Reference Bank could fund itself in Sterling for the relevant period with reference to the unsecured wholesale funding market.

“**Reference Banks**” means the principal London offices of such banks or financial institutions as are appointed by the Agent in consultation with the Borrower and with the consent of any such bank or financial institution so appointed.

“**Regulatory Asset Value**” has the meaning given to that term in Clause 20 (*Financial Covenants*).

“**Related Fund**” in relation to a fund (the “**first fund**”), means a fund which is managed or advised by the same investment manager or investment adviser as the first fund or, if it is managed by a different investment manager or investment adviser, a fund whose investment manager or investment adviser is an Affiliate of the investment manager or investment adviser of the first fund.

“**Relevant Market**” means the London interbank market.

“**Repeating Representations**” means the representations which are deemed, pursuant to Clause 18.19.2 (*Times for making representations*) to be repeated under this Agreement.

“**Representative**” means any delegate, agent, manager, administrator, nominee, attorney, trustee or custodian.

“**Request**” means a request for the Loan, substantially in the form set out in Schedule 3 (*Requests*).

“**Restricted Party**” means a person that is:

- (a) listed on, or owned or controlled (as such terms are defined by the relevant Sanctions Authority) by a person or persons listed on, or acting on behalf of a person listed on, any Sanctions List; or
- (b) incorporated under the laws of, or owned or (directly or indirectly) controlled by, or acting on behalf of, a person or persons located in or organized under the laws of a country or territory that is the target of country-wide or territory-wide Sanctions.

“**Sanctions**” means the economic, trade or financial sanctions laws, regulations or embargoes administered, enacted or enforced by a Sanctions Authority.

“**Sanctions Authorities**” means, together:

- (a) the US government;
- (b) the Security Council of the United Nations;
- (c) Her Majesty’s Treasury of the United Kingdom;

- (d) the European Union; or
- (e) the government institutions of any of the above, to the extent the economic, trade or financial sanctions laws, regulations and/or embargos are publicly available.

“**Sanctions List**” means the “Specially Designated Nationals and Blocked Persons” list maintained by OFAC, or any similar list maintained by, or public announcement of Sanctions designation made by, any of the Sanctions Authorities.

“**Screen Rate**” means the London interbank offered rate administered by ICE Benchmark Administration Limited (or any other person which takes over the administration of that rate) for Sterling and for the relevant period displayed on page LIBOR01 of the Thomson Reuters screen (or any replacement Thomson Reuters page which displays that rate) or on the appropriate page of such other information service which publishes that rate from time to time in place of Thomson Reuters. If such page or service ceases to be available, the Agent may specify another page or service displaying the relevant rate after consultation with the Borrower.

“**Secretary of State**” means the Secretary of State for Business, Energy and Industrial Strategy.

“**Security Interest**” means any mortgage, pledge, lien, charge, assignment, hypothecation or security interest or any other agreement or arrangement having a similar effect.

“**Specified Time**” means a day or time determined in accordance with Schedule 7 (*Timetable*).

“**Subordination Deed**” means a document substantially in the form set out in Schedule 8 (*Form of Subordination Deed*) duly completed and executed by the parties thereto.

“**Subsidiary**” means:

- (a) a subsidiary within the meaning of section 1159 of the Companies Act 2006; and
- (b) unless the context otherwise requires, a subsidiary undertaking within the meaning of section 1162 of the Companies Act 2006.

“**Tax**” means any tax, levy, impost, duty or other charge or withholding of a similar nature (including any penalty or interest payable in connection with any failure to pay or any delay in paying any of the same).

“**Tax Credit**” has the meaning given to it in Clause 12 (*Tax gross-up and Indemnities*).

“**Tax Deduction**” has the meaning given to it in Clause 12 (*Tax gross-up and Indemnities*).

“**Tax Payment**” means either the increase in a payment made by the Borrower to a Lender under Clause 12.2 (*Tax gross-up*) or a payment under Clause 12.3 (*Tax indemnity*).

“**Total Commitments**” means the aggregate of the Commitments, being £50,000,000 at the date of this Agreement.

“**Total Net Debt**” has the meaning given to that term in Clause 20 (*Financial Covenants*).

“**Transfer Certificate**” means a certificate, substantially in the form of Schedule 4 (*Form of Transfer Certificate*) or any other form agreed between the Agent and the Borrower.

“**Transfer Date**” means, in relation to an assignment or transfer, the later of:

- (a) the proposed Transfer Date specified in the relevant Assignment Agreement or Transfer Certificate; and
- (b) the date on which the Agent executes the relevant Assignment Agreement or Transfer Certificate.

“**Treaty Lender**” has the meaning given to it in Clause 12 (*Tax gross-up and Indemnities*).

“**U.K.**” means the United Kingdom.

“**Unpaid Sum**” means any sum due and payable but unpaid by the Borrower under the Finance Documents.

“**US**” means the United States of America.

“**VAT**” means:

- (a) any tax imposed in compliance with the Council Directive of 28 November 2006 on the common system of value added tax (EC Directive 2006/112); and
- (b) any other tax of a similar nature, whether imposed in a member state of the European Union in substitution for, or levied in addition to, such tax referred to in paragraph (a) above, or imposed elsewhere.

## 1.2 Construction

1.2.1 In this Agreement, unless the contrary intention appears, a reference to:

- (a) an **amendment** includes a supplement, novation, restatement or re-enactment and **amended** will be construed accordingly;
- (b) **assets** includes present and future properties, revenues and rights of every description;
- (c) an **authorisation** includes an authorisation, consent, approval, resolution, licence, exemption, filing, registration or notarisation;
- (d) **disposal** means a sale, transfer, grant, lease or other disposal, whether voluntary or involuntary, and dispose will be construed accordingly;
- (e) a **group of Lenders** includes all the Lenders;
- (f) **indebtedness** includes any obligation (whether incurred as principal or as surety) for the payment or repayment of money;
- (g) **know your customer requirements** are the identification checks that a Finance Party requests in order to meet its obligations under any applicable law or regulation to identify a person who is (or is to become) its customer;
- (h) a **person** includes any individual, company, corporation, unincorporated association or body (including a partnership, trust, joint venture or consortium), government, state, agency, organisation or other entity whether or not having separate legal personality;

- (i) a **regulation** includes any regulation, rule, official directive, request or guideline (whether or not having the force of law but, if not having the force of law, being of a type with which any person to which it applies is accustomed to comply) of any governmental, inter-governmental or supranational body, agency, department or regulatory, self-regulatory or other authority or organisation;
- (j) the **winding-up** of a person includes the administration, dissolution or liquidation or other like process of that person, any composition or arrangement with the creditors, amalgamation, reconstruction, reorganisation or consolidation pursuant to Part XXVI of the Companies Act 2006 proposed or carried out in respect of that person or a company voluntary arrangement pursuant to the Insolvency Act 1986 carried out or proposed in respect of that person;
- (k) a currency is a reference to the lawful currency for the time being of the relevant country;
- (l) a Default or an Event of Default being **outstanding** means that it has not been remedied or waived;
- (m) a provision of law is a reference to that provision as extended, applied, amended or re-enacted and includes any subordinate legislation;
- (n) a Clause, a paragraph or a Schedule is a reference to a clause or a paragraph of, or a schedule to, this Agreement;
- (o) a person includes its successors in title, permitted assigns and permitted transferees;
- (p) a Finance Document or another document is a reference to that Finance Document or other document as amended; and
- (q) a time of day is a reference to London time.

1.2.2 Unless the contrary intention appears, a reference to a **month** or **months** is a reference to a period starting on one day in a calendar month and ending on the numerically corresponding day in the next calendar month or the calendar month in which it is to end, except that:

- (a) if the numerically corresponding day is not a Business Day, the period will end on the next Business Day in that month (if there is one) or the preceding Business Day (if there is not);
- (b) if there is no numerically corresponding day in that month, that period will end on the last Business Day in that month; and
- (c) notwithstanding paragraph (a) above, a period which commences on the last Business Day of a month will end on the last Business Day in the next month or the calendar month in which it is to end, as appropriate.

The above rules will only apply to the last month of any period.

1.2.3 Unless the contrary intention appears:

- (a) a reference to a Party will not include that Party if it has ceased to be a Party under this Agreement;
- (b) a word or expression used in any other Finance Document or in any notice given in connection with any Finance Document has the same meaning in that Finance Document or notice as in this Agreement; and
- (c) any obligation of the Borrower under the Finance Documents which is not a payment obligation remains in force for so long as any payment obligation of the Borrower is or may be outstanding under the Finance Documents.

1.2.4 The headings in this Agreement do not affect its interpretation.

1.2.5 The determination of the extent to which a rate is “**for a period equal in length**” to an Interest Period shall disregard any inconsistency arising from the last day of that Interest Period being determined pursuant to the terms of this Agreement.

### 1.3 **Third Party Rights**

1.3.1 Unless expressly provided to the contrary in a Finance Document, a person who is not a Party has no right under the Contracts (Rights of Third Parties) Act 1999 (the “**Third Parties Act**”) to enforce or to enjoy the benefit of any term of this Agreement.

1.3.2 Notwithstanding any term of any Finance Document, the consent of any person who is not a Party is not required to rescind or vary this Agreement at any time.

### 1.4 **Currency symbols and definitions**

“£”, “GBP” and “Sterling” denote the lawful currency of the United Kingdom.

## 2. **THE FACILITY**

### 2.1 **The Facility**

Subject to the terms of this Agreement, the Lenders make available to the Borrower a Sterling term facility in an aggregate amount which is equal to the Total Commitments.

### 2.2 **Finance Parties’ rights and obligations.**

2.2.1 The obligations of each Finance Party under the Finance Documents are several. Failure by a Finance Party to perform its obligations under the Finance Documents does not affect the obligations of any other Party under the Finance Documents. No Finance Party is responsible for the obligations of any other Finance Party under the Finance Documents.

2.2.2 The rights of each Finance Party under or in connection with the Finance Documents are separate and independent rights and any debt arising under the Finance Documents to a Finance Party from the Borrower is a separate and independent debt in respect of which a Finance Party shall be entitled to enforce its rights in accordance with paragraph 2.2.3 below. The rights of each Finance Party include any debt owing to that Finance Party under the Finance Documents and, for the avoidance of doubt, any part of a Loan or any other amount owed by the Borrower which relates to a Finance Party’s participation in the Facility or its role under a Finance Document (including any such amount payable to the Agent on its behalf) is a debt owing to that Finance Party by the Borrower.

2.2.3 A Finance Party may, except as specifically provided in the Finance Documents, separately enforce its rights under or in connection with the Finance Documents.

### **3. PURPOSE**

#### **3.1 Purpose**

The Borrower shall apply all amounts borrowed by it under the Facility towards its general corporate purposes.

#### **3.2 No obligation to monitor**

No Finance Party is bound to monitor or verify the application of any amount borrowed pursuant to this Agreement.

### **4. CONDITIONS PRECEDENT**

#### **4.1 Conditions precedent documents**

4.1.1 The Lenders will only be obliged to comply with Clause 5.4 (Advance of Loan) if, on or before the Drawdown Date, the Agent has received all of the documents and evidence set out in Schedule 2 in form and substance satisfactory to it (acting on the instructions of all the Lenders, acting reasonably) or, in respect of any such document or evidence, has notified the Borrower that it has waived the requirement for such document or evidence to be delivered. The Agent shall notify the Borrower and the Lenders promptly upon being so satisfied, or such waiver being given.

4.1.2 Other than to the extent that the Majority Lenders notify the Agent in writing to the contrary before the Agent gives the notification described in paragraph 4.1.1 above, the Lenders authorise (but do not require) the Agent to give that notification. The Agent shall not be liable for any damages, costs or losses whatsoever as a result of giving any such notification.

#### **4.2 Further conditions precedent**

The Lenders will only be obliged to comply with Clause 5.4 (*Advance of Loan*) if, on the date of the Request and the Drawdown Date:

4.2.1 the Repeating Representations are correct in all material respects; and

4.2.2 no Event of Default is outstanding or would result from the Loan.

#### **4.3 Maximum number**

A Request may not be given if, as a result, there would be more than one Loan outstanding.

### **5. UTILISATION**

#### **5.1 Giving of Requests**

5.1.1 The Borrower may borrow the Loan by giving to the Agent a duly completed Request not later than the Specified Time.

5.1.2 The Request is irrevocable.

## 5.2 **Completion of Requests**

The Request will not be regarded as having been duly completed unless:

- 5.2.1 the Drawdown Date is a Business Day falling within the Availability Period;
- 5.2.2 the currency and amount of the proposed Loan comply with Clause 5.3 (*Currency and amount*); and
- 5.2.3 the proposed Interest Period complies with this Agreement.

## 5.3 **Currency and amount**

- 5.3.1 The currency specified in the Request must be Sterling.
- 5.3.2 The amount of the proposed Loan must:
  - (a) be a minimum of £5,000,000 and an integral multiple of £1,000,000 or, if less, the Available Facility; and
  - (b) not exceed the Total Commitments.

## 5.4 **Advance of Loan**

- 5.4.1 If the conditions set out in this Agreement have been met, each Lender must make its participation in the Loan available through its Facility Office by no later than 2.00 pm on the Drawdown Date.
- 5.4.2 The amount of each Lender's participation in the Loan will be equal to the proportion borne by its Available Commitment to the Available Facility immediately prior to making that Loan.
- 5.4.3 The Agent shall notify each Lender of the amount of each Loan and the amount of its participation in that Loan by the Specified Time.

## 6. **REPAYMENT**

### 6.1 **Repayment of Loans**

- 6.1.1 The Borrower must repay the Loan in full on the Final Maturity Date.
- 6.1.2 The Borrower may not re-borrow any part of the Facility which is repaid.

## 7. **PREPAYMENT AND CANCELLATION**

### 7.1 **Mandatory prepayment - illegality**

If, in any applicable jurisdiction, it becomes unlawful for any Lender to perform any of its obligations under a Finance Document or to fund or maintain its share in the Loan:

- 7.1.1 that Lender shall promptly notify the Agent upon becoming aware of that event;
- 7.1.2 upon the Agent notifying the Borrower, the Available Commitment of that Lender will be immediately cancelled; and

7.1.3 to the extent that the relevant Lender's participation has not been transferred pursuant to Clause 7.6 (*Right of repayment and cancellation in relation to a single Lender*), the Borrower shall repay that Lender's participation in the Loan on the last day of the Interest Period for the Loan occurring after the Agent has notified the Borrower or, if earlier, the date specified by that Lender in the notice delivered to the Agent (being no earlier than the last day of any applicable grace period permitted by law) and that Lender's corresponding Commitment shall be cancelled in the amount of the participations repaid.

## 7.2 **Change of Control**

If, except to the extent of a group reorganisation where the Borrower continues to be controlled directly or indirectly by PPL Corporation, the Borrower becomes aware of any person (whether alone or together with any associated person or persons) gaining control of the Borrower (for these purposes "associated person" means, in relation to any person, a person who is (i) "acting in concert" (as defined in the City Code on Takeovers and Mergers) with that person or (ii) a "connected person" (as defined in section 1122 of the CTA 2010) of that person and "control" means the relevant person satisfies any of the criteria set out in paragraphs (1)(a) to (c) of Section 1159 of the Companies Act 2006):

- 7.2.1 within five days of becoming aware of such event, the Borrower shall give notice of such change of control to the Agent;
- 7.2.2 the Lenders and the Borrower shall immediately enter into negotiations for a period of not more than 45 days from the date of the change of control with a view to agreeing whether the Facility shall continue to be made available and on what terms;
- 7.2.3 if no such agreement is reached within the said period of 45 days, then any Lender may, on 10 Business Days' notice to the Agent and to the Borrower, require the repayment of its share in the Loan and the cancellation of its Commitment; and
- 7.2.4 a Lender shall not be obliged to fund its participation in the Loan during the negotiation period set out in paragraph 7.2.2 above and, if no agreement is reached within such negotiation period, during the 10 Business Day notice period set out in paragraph 7.2.3 above.

## 7.3 **Voluntary prepayment**

- 7.3.1 The Borrower may, by giving not less than three Business Days' prior written notice to the Agent, prepay the Loan at any time in whole or in part.
- 7.3.2 A prepayment of part of the Loan must be by an amount that reduces the amount of the Loan by a minimum amount of £5,000,000 and an integral multiple of £1,000,000.
- 7.3.3 Any prepayment made pursuant to this Clause 7.3 shall be applied *pro rata* to each Lender's participation in the Loan.

## 7.4 **Automatic cancellation**

The Available Commitments will be automatically cancelled at the close of business on the last day of the Availability Period.

## 7.5 **Voluntary cancellation**

- 7.5.1 The Borrower may, by giving not less than three Business Days' prior written notice to the Agent, cancel the unutilised amount of the Total Commitments in whole or in part.
- 7.5.2 Partial cancellation of the Total Commitments must be by an amount that reduces the amount of the Loan by a minimum amount of £5,000,000 and an integral multiple of £1,000,000.
- 7.5.3 Any cancellation under this Clause 7.5 shall reduce the Commitments of the Lenders rateably.

## 7.6 **Right of repayment and cancellation in relation to a single Lender**

7.6.1 If:

- (a) any sum payable to any Lender by the Borrower is required to be increased under Clause 12.2.3 (*Tax gross-up*);
- (b) any Lender gives notice under Clause 10.3 (*Market disruption*); or
- (c) any Lender claims indemnification from the Borrower under Clause 12.3 (*Tax indemnity*) or Clause 13 (*Increased costs*),

the Borrower may, while the circumstance giving rise to the requirement for that increase or indemnification continues, give the Agent notice of cancellation of the Commitment(s) of that Lender and its intention to procure the repayment of that Lender's participation in the Loan.

- 7.6.2 On receipt of a notice referred to in paragraph 7.6.1 above in relation to a Lender, the Commitment of that Lender shall immediately be reduced to zero.
- 7.6.3 On the last day of each Interest Period which ends after the Borrower has given notice under paragraph 7.6.1 above (or, if earlier, the date specified by the Borrower in that notice), the Borrower shall repay that Lender's participation in the Loan together with all interest and other amounts accrued under the Finance Documents.

## 7.7 **Right of cancellation in relation to a Defaulting Lender**

- 7.7.1 If any Lender becomes a Defaulting Lender, the Borrower may, at any time whilst the relevant Lender continues to be a Defaulting Lender, give the Agent five Business Days' notice of cancellation of each Available Commitment of that Lender.
- 7.7.2 On the notice referred to in paragraph 7.7.1 above becoming effective, each Available Commitment of the Defaulting Lender shall immediately be reduced to zero.
- 7.7.3 The Agent shall as soon as practicable after receipt of a notice referred to in paragraph 7.7.1 above, notify all the Lenders.

## 7.8 **No re-borrowing of Loans**

The Borrower may not re-borrow any part of the Facility which is prepaid.

## 7.9 **Miscellaneous provisions**

- 7.9.1 Any notice of prepayment and/or cancellation under this Agreement is irrevocable and must specify the date or dates upon which the relevant cancellation or prepayment is to be made and the amount of that cancellation or prepayment.
- 7.9.2 All prepayments under this Agreement must be made with accrued interest on the amount prepaid. No premium or penalty is payable in respect of any prepayment except for Break Costs.
- 7.9.3 No amount of the Total Commitments cancelled under this Agreement may subsequently be reinstated.
- 7.9.4 If all or part of a Lender's participation in the Loan is repaid or prepaid, an amount of that Lender's Commitment (equal to the amount of the participation which is repaid or prepaid) will be deemed to be cancelled on the date of repayment or prepayment.

## **8. INTEREST**

### **8.1 Calculation of interest**

The rate of interest on the Loan for each Interest Period is the percentage rate per annum equal to the aggregate of the applicable:

- 8.1.1 Margin; and
- 8.1.2 LIBOR,

and, if that aggregate number is less than zero, the rate of interest shall be deemed to be zero.

### **8.2 Payment of interest**

The Borrower must pay accrued interest on the Loan made to it on the last day of each Interest Period.

### **8.3 Interest on overdue amounts**

- 8.3.1 If the Borrower fails to pay any amount payable by it under the Finance Documents on its due date, interest shall accrue on the overdue amount from its due date up to the date of actual payment, both before, on and after judgment at a rate which is one per cent. per annum higher than the rate which would have been payable if the overdue amount had, during the period of non-payment, constituted a Loan in the currency of the overdue amount for successive Interest Periods of any duration of up to three months selected by the Agent (acting reasonably). Any interest accruing under this Clause 8.3.1 shall be immediately payable by the Borrower on demand by the Agent.
- 8.3.2 Notwithstanding Clause 8.3.1 above, if the overdue amount is a principal amount of a Loan and becomes due and payable prior to the last day of its current Interest Period, then:
- (a) the first Interest Period for that overdue amount will be the unexpired portion of that Interest Period; and
  - (b) the rate of interest on the overdue amount for that first Interest Period will be one per cent. per annum above the rate then payable on that Loan.

8.3.3 After the expiry of the first Interest Period for that overdue amount, the rate on the overdue amount will be calculated in accordance with Clause 8.3.1 above.

8.3.4 Interest (if unpaid) on an overdue amount will be compounded with that overdue amount at the end of each of its Interest Periods but will remain immediately due and payable.

#### **8.4 Notification of rates of interest**

8.4.1 The Agent must promptly notify the Lenders and the Borrower of the determination of a rate of interest under this Agreement.

8.4.2 The Agent must promptly notify the Borrower of each Funding Rate relating to the Loan.

### **9. INTEREST PERIODS**

#### **9.1 Interest Periods**

9.1.1 Each Interest Period for the Loan will be three months.

9.1.2 An Interest Period for a Loan shall start on the Drawdown Date or (if already made) on the last day of its preceding Interest Period.

#### **9.2 No overrunning the Final Maturity Date**

If an Interest Period would otherwise overrun the Final Maturity Date, it will be shortened so that it ends on such Final Maturity Date.

### **10. CHANGES TO THE CALCULATION OF INTEREST**

#### **10.1 Unavailability of Screen Rate**

10.1.1 *Interpolated Screen Rate*: If no Screen Rate is available for LIBOR for the Interest Period of the Loan, the applicable LIBOR shall be the Interpolated Screen Rate for a period equal in length to the Interest Period of the Loan.

10.1.2 *Reference Bank Rate*: If no Screen Rate is available for LIBOR for the Interest Period of the Loan and it is not possible to calculate the Interpolated Screen Rate, the applicable LIBOR shall be the Reference Bank Rate as of the Specified Time for a period equal in length to the Interest Period of the Loan.

10.1.3 *Cost of funds*: If Clause 10.1.2 above applies but no Reference Bank Rate is available for the relevant Interest Period, there shall be no LIBOR for the Loan and Clause 10.4 (*Cost of funds*) shall apply to the Loan for that Interest Period.

#### **10.2 Calculation of Reference Bank Rate**

10.2.1 Subject to Clause 10.2.2 below, if LIBOR is to be determined on the basis of a Reference Bank Rate but a Reference Bank does not supply a quotation by the Specified Time, the Reference Bank Rate shall be calculated on the basis of the quotations of the remaining Reference Bank Rates.

10.2.2 If at or about noon on the Quotation Day, none or only one of the Reference Banks supplies a quotation, there shall be no Reference Bank Rate for the relevant Interest Period.

### 10.3 **Market disruption**

If, before close of business on the Quotation Day for the relevant Interest Period, the Agent receives notifications from a Lender or Lenders (whose participations in the Loan exceed 50 per cent. of the Loan) that the cost to it of funding its participation in that Loan from whatever source it may reasonably select would be in excess of LIBOR then Clause 10.4 (*Cost of funds*) shall apply to the Loan for the relevant Interest Period.

### 10.4 **Cost of funds**

10.4.1 If this Clause 10.4 applies, the rate of interest on each Lender's share of the Loan for the relevant Interest Period shall be the percentage rate per annum which is the sum of:

- (a) the Margin; and
- (b) the weighted average of the rates notified to the Agent by each Lender as soon as practicable and in any event by close of business on the date falling one Business Day after the Quotation Date (or, if earlier, on the date falling one Business Day before the date on which interest is due to be paid in respect of that Interest Period), to be that which expresses as a percentage rate per annum the cost to the relevant Lender of funding its participation in the Loan from whatever source it may reasonably select.

10.4.2 If this Clause 10.4 applies and the Agent or the Borrower so requires, the Agent and the Borrower shall enter into negotiations (for a period of not more than thirty days) with a view to agreeing a substitute basis for determining the rate of interest.

10.4.3 Any alternative basis agreed pursuant to Clause 10.4.2 above shall be binding on all Parties.

10.4.4 If this Clause 10.4 applies pursuant to Clause 10.3 (*Market disruption*) and:

- (a) a Lender's Funding Rate is less than LIBOR; or
- (b) a Lender does not supply a quotation by the time specified in paragraph (b) of Clause 10.4.1 above,

the cost to that Lender of funding its participation in the Loan for that Interest Period shall be deemed, for the purposes of paragraph (b) of Clause 10.4.1 above, to be LIBOR.

### 10.5 **Notification to Borrower**

If Clause 10.4 (*Cost of funds*) applies, the Agent shall, as soon as is practicable, notify the Borrower.

### 10.6 **Break Costs**

10.6.1 The Borrower shall, within five Business Days of demand by a Lender, pay to that Lender its Break Costs attributable to all or any part of the Loan or any Unpaid Sum being paid by the Borrower on a day other than the last day of an Interest Period for the Loan or Unpaid Sum.

10.6.2 Each Lender shall, as soon as reasonably practicable after a demand by the Agent, provide a certificate confirming the amount of its Break Costs for any Interest Period in which they accrue.

## 11. UPFRONT FEE

### 11.1 Upfront Fee

- 11.1.1 Subject to Clause 11.1.3 below, the Borrower shall pay, or shall procure the payment of, to the Agent for the account of the Original Lender an upfront fee equal to 0.40 per cent. of the Total Commitments as at the date of this Agreement (the “**Upfront Fee**”).
- 11.1.2 The Upfront Fee is payable on the Drawdown Date by way of deduction from the proceeds of the Loan, unless the Borrower confirms that the Upfront Fee will be funded from other sources, in which case it shall be payable on the Drawdown Date from such other sources.
- 11.1.3 Notwithstanding any other provision of this Agreement, if the Drawdown Date does not occur, then no fee or other amount is payable under this Clause 11.

## 12. TAX GROSS-UP AND INDEMNITIES

### 12.1 Definitions

- 12.1.1 In this Agreement:

**"Borrower DTTP Filing"** means an HM Revenue & Customs' Form DTTP2 duly completed and filed by the Borrower, which:

- (a) where it relates to a Treaty Lender that is the Original Lender, contains the scheme reference number and jurisdiction of tax residence stated opposite the Original Lender's in Schedule 1 (*The Original Parties*) and is filed with HM Revenue & Customs within 30 days of the date of this Agreement; or
- (b) where it relates to a Treaty Lender that is not the Original Lender, contains the scheme reference number and jurisdiction of tax residence stated in respect of that Lender in the documentation which it executes on becoming a Party as a Lender is filed with HM Revenue & Customs within 30 days of that date.

**"Protected Party"** means a Lender, to the extent such Lender is or will be subject to any liability, or required to make any payment, for or on account of Tax in relation to a sum received or receivable (or any sum deemed for the purposes of Tax to be received or receivable) under a Finance Document.

**"Qualifying Lender"** means:

- (a) a Lender which is beneficially entitled to interest payable to it in respect of an advance under a Finance Document and is:
- (i) a Lender:
- (A) which is a bank (as defined for the purpose of section 879 of the ITA) making an advance under a Finance Document and which is within the charge to United Kingdom corporation tax as respects any payments of interest made in respect of that advance or would be within such charge as respects such payment apart from section 18A of the CTA 2009; or

- (B) in respect of an advance made under a Finance Document by a person that was a bank (as defined for the purpose of section 879 of the ITA) at the time that that advance was made, and which is within the charge to United Kingdom corporation tax as respects any payments of interest made in respect of that advance; or
- (ii) a Lender which is:
  - (A) a company resident in the United Kingdom for United Kingdom tax purposes;
  - (B) a partnership each member of which is:
    - (aa) a company so resident in the United Kingdom; or
    - (bb) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account in computing its chargeable profits (within the meaning of section 19 of the CTA 2009) the whole of any share of interest payable in respect of that advance that falls to it by reason of Part 17 of the CTA 2009; or
  - (C) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account interest payable in respect of that advance in computing the chargeable profits (within the meaning of section 19 of the CTA 2009) of that company; or
- (iii) a Treaty Lender; or
- (b) a Lender which is a building society (as defined for the purpose of section 880 of the ITA) making an advance under a Finance Document.

“**Tax Confirmation**” means a confirmation by a Lender that the person beneficially entitled to interest payable to that Lender in respect of an advance under a Finance Document is either:

- (a) a company resident in the United Kingdom for United Kingdom tax purposes;
- (b) a partnership each member of which is:
  - (A) a company so resident in the United Kingdom; or
  - (B) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account in computing its chargeable profits (within the meaning of section 19 of the CTA 2009) the whole of any share of interest payable in respect of that advance that falls to it by reason of Part 17 of the CTA 2009; or

- (c) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account interest payable in respect of that advance in computing the chargeable profits (within the meaning of section 19 of the CTA 2009) of that company.

“**Tax Credit**” means a credit against, relief or remission for, or repayment of any Tax.

“**Tax Deduction**” means a deduction or withholding for or on account of Tax from a payment under a Finance Document, other than a FATCA Deduction.

“**Treaty Lender**” means a Lender which:

- (a) is treated as a resident of a Treaty State for the purposes of the Treaty;
- (b) does not carry on a business in the United Kingdom through a permanent establishment with which that Lender’s participation in the Loan is effectively connected; and
- (c) meets all other conditions which must be met under the Treaty for residents of such Treaty State to obtain full exemption from tax on interest imposed by the United Kingdom, including the completion of any necessary procedural formalities.

“**Treaty State**” means a jurisdiction having a double taxation agreement (a “**Treaty**”) with the United Kingdom which makes provision for full exemption from tax imposed by the United Kingdom on interest.

“**UK Non-Bank Lender**” means a Lender which is not the Original Lender and which gives a Tax Confirmation in the documentation which it executes on becoming a Party as a Lender.

- 12.1.2 Unless a contrary indication appears, in this Clause 12, a reference to “determines” or “determined” means a determination made in the absolute discretion of the person making the determination, acting in good faith.

## 12.2 Tax gross-up

- 12.2.1 The Borrower shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law.
- 12.2.2 The Borrower shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Agent accordingly. Similarly, each Lender shall notify the Agent on becoming so aware in respect of a payment payable to that Lender. If the Agent receives such notification from a Lender it shall notify the Borrower.
- 12.2.3 If a Tax Deduction is required by law to be made by the Borrower, the amount of the payment due from the Borrower shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due if no Tax Deduction had been required.
- 12.2.4 A payment shall not be increased under Clause 12.2.3 above by reason of a Tax Deduction on account of Tax imposed by the United Kingdom, if on the date on which the payment falls due:

- (a) the payment could have been made to the relevant Lender without a Tax Deduction if the relevant Lender had been a Qualifying Lender, but on that date that Lender is not or has ceased to be a Qualifying Lender other than as a result of any change after the date it became a Lender under this Agreement in (or in the interpretation, administration, or application of) any law or Treaty, or any published practice or published concession of any relevant taxing authority; or
- (b) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:
  - (i) an officer of HM Revenue & Customs has given (and not revoked) a direction (a “**Direction**”) under section 931 of the ITA which relates to the payment and such Lender has received from the Borrower a certified copy of that Direction; and
  - (ii) the payment could have been made to the relevant Lender without any Tax Deduction if that Direction had not been made; or
- (c) the relevant Lender is a Qualifying Lender solely by virtue of paragraph (a)(ii) of the definition of Qualifying Lender and:
  - (i) the relevant Lender has not given a Tax Confirmation to the Borrower; and
  - (ii) the payment could have been made to the relevant Lender without any Tax Deduction if the relevant Lender had given a Tax Confirmation to the Borrower on the basis that the Tax Confirmation would have enabled the Borrower to have formed a reasonable belief that the payment was an “excepted payment” for the purpose of section 930 of the ITA; or
- (d) the relevant Lender is a Treaty Lender (or would be a Treaty Lender on the completion of any procedural formalities) and the payment could have been made to that Lender without the Tax Deduction had that Lender complied with its obligations under sub-clause 12.2.7 below.

12.2.5 If the Borrower is required to make a Tax Deduction, the Borrower shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law.

12.2.6 Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Borrower making that Tax Deduction shall deliver to the Agent for the Lender entitled to the payment a statement under Section 975 of the ITA, or other evidence reasonably satisfactory to that Lender that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

12.2.7

- (a) Subject to paragraph (b) below, a Treaty Lender (or a Lender that would be a Treaty Lender on the completion of any procedural formalities) and the Borrower shall co-operate in completing any procedural formalities necessary for the Borrower to obtain authorisation to make payments under the Finance Documents without a Tax Deduction.

- (b) A Treaty Lender (or a Lender that would be a Treaty Lender on the completion of any procedural formalities) which is:
  - (i) the Original Lender shall, if it holds a passport under the HMRC DT Treaty Passport scheme and wishes that scheme to apply to this Agreement, confirm its scheme reference number and its jurisdiction of tax residence opposite its name in Schedule 1 (*The Original Parties*);
  - (ii) not the Original Lender shall, if it holds a passport under the HMRC DT Treaty Passport scheme and wishes that scheme to apply to this Agreement, shall confirm its scheme reference number and its jurisdiction of tax residence in the documentation which it executes on becoming a Party as a Lender,

and, having done so, the Lender shall be under no obligation pursuant to paragraph (a) above.

12.2.8 If a Lender has confirmed its scheme reference number and its jurisdiction of tax residence in accordance with paragraph (b) of Clause 12.2.7 above and:

- (a) the Borrower has not made a Borrower DTTP Filing in respect of that Lender; or
- (b) the Borrower has made a Borrower DTTP Filing in respect of that Lender but:
  - (i) that Borrower DTTP Filing has been rejected by HM Revenue & Customs; or
  - (ii) HM Revenue & Customs has not given the Borrower authority to make payments to that Lender without a Tax Deduction within 60 days of the date of the Borrower DTTP Filing,

and in each case, the Borrower has notified that Lender in writing, that Lender and the Borrower shall co-operate in completing any additional procedural formalities necessary for the Borrower to obtain authorisation to make payments under the Finance Documents without a Tax Deduction.

12.2.9 If a Lender has not confirmed its scheme reference number and jurisdiction of tax residence in accordance with paragraph (b) of Clause 12.2.7, the Borrower shall not make a Borrower DTTP Filing or file any other form relating to the HMRC DT Treaty Passport scheme in respect of the relevant Lender's Commitment(s) or its participation in the Loan unless the relevant Lender otherwise agrees.

12.2.10 The Borrower shall, promptly on making a Borrower DTTP Filing, deliver a copy of that Borrower DTTP Filing to the Agent for delivery to the relevant Lender.

12.2.11 A UK Non-Bank Lender shall promptly notify the Borrower if there is any change in the position from that set out in the Tax Confirmation.

12.2.12 If a Lender has provided its DT Treaty Passport scheme reference number in accordance with Clause 12.2.7, it shall reasonably promptly notify the Borrower if at any time it ceases to hold a passport under the HMRC DT Treaty Passport scheme or if it ceases to be able to use such passport as a Lender.

## 12.3 Tax indemnity

- 12.3.1 The Borrower shall, within five Business Days of demand by the Agent, pay to a Protected Party an amount equal to the loss, liability or cost which that Protected Party determines has been (directly or indirectly) suffered for or on account of Tax by that Protected Party in respect of a Finance Document.
- 12.3.2 Clause 12.3.1 above does not apply to any Tax assessed on a Protected Party under the laws of the jurisdiction (or any political subdivision thereof) in which:
- (a) the relevant Protected Party is incorporated or, if different, the jurisdiction (or jurisdictions) in which the relevant Protected Party is treated as resident for tax purposes; or
  - (b) the relevant Protected Party's Facility Office or permanent establishment is located in respect of amounts received or receivable in that jurisdiction,
- if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by the relevant Protected Party.
- 12.3.3 Clause 12.3.1 does not apply to any Tax assessed on the relevant Protected Party to the extent the loss, liability or cost:
- (a) is compensated for by an increased payment under Clause 12.2 (*Tax gross-up*);
  - (b) would have been compensated for by an increased payment under Clause 12.2 (*Tax gross-up*) but was not so compensated solely because one of the exclusions in Clause 12.2 (*Tax gross-up*) applied;
  - (c) relates to a FATCA Deduction required to be made by a Party;
  - (d) is compensated for by Clause 12.6 (*Stamp taxes*) or Clause 12.7 (*VAT*) (or would have been so compensated for under those Clauses but was not so compensated solely because any of the exceptions set out therein applied; or
  - (e) is suffered or incurred in respect of any Bank Levy (or any payment attributable to, or liability arising as a consequence of, a Bank Levy).
- 12.3.4 If a Protected Party is making, or is intending to make, a claim under Clause 12.3.1, it must promptly notify the Agent of the event which will give, or has given, rise to the claim, following which the Agent shall promptly notify the Borrower.
- 12.3.5 A Protected Party shall, on receiving a payment from the Borrower under this Clause 12.3, notify the Agent.

## 12.4 Tax Credit

If the Borrower makes a Tax Payment and the relevant Finance Party determines that:

- 12.4.1 a Tax Credit is attributable to an increased payment of which that Tax Payment forms part, to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and
- 12.4.2 the relevant Finance Party has obtained and utilised that Tax Credit,

the relevant Finance Party shall pay an amount to the Borrower which the relevant Finance Party determines will leave it (after that payment) in the same after Tax position as it would have been in had the Tax Payment not been required to be made by the Borrower.

## 12.5 **Lender Status Confirmation**

Each Lender which is not the Original Lender shall represent, in the documentation which it executes on becoming a Party as a Lender which of the following categories it falls in:

- 12.5.1 not a Qualifying Lender;
- 12.5.2 a Qualifying Lender (other than a Treaty Lender); or
- 12.5.3 a Treaty Lender.

If such Lender fails to indicate its status in accordance with this Clause 12.5 then that Lender shall be treated for the purposes of this Agreement as if it is not a Qualifying Lender until such time as it notifies the Borrower which category applies. For the avoidance of doubt, the documentation which a Lender executes on becoming a Party as a Lender shall not be invalidated by any failure of that Lender to comply with this Clause 12.5.

## 12.6 **Stamp taxes**

The Borrower shall pay and, within five Business Days of demand, indemnify each Finance Party against any cost, loss or liability that Finance Party incurs in relation to all stamp duty, registration and other similar Taxes payable in respect of any Finance Document, except for any such Tax payable in respect of an assignment, novation, transfer or sub-participation of the Loan by that Finance Party.

## 12.7 **VAT**

- 12.7.1 All amounts expressed to be payable under a Finance Document by the Borrower to a Finance Party which (in whole or in part) constitute the consideration for any supply for VAT purposes are deemed to be exclusive of any VAT which is chargeable on that supply and, accordingly, subject to 12.7.2 below, if VAT is or becomes chargeable on any supply made by a Finance Party to the Borrower under a Finance Document and that Finance Party is required to account to the relevant tax authority for the VAT, the Borrower must pay to that Finance Party (in addition to and at the same time as paying any other consideration for such supply) an amount equal to the amount of the VAT (and that Finance Party must promptly provide an appropriate VAT invoice to the Borrower).
- 12.7.2 Where a Finance Document requires the Borrower to reimburse or indemnify a Finance Party for any cost or expense, the Borrower shall reimburse or indemnify (as the case may be) that Finance Party for the full amount of such cost or expense, including such part thereof as represents VAT, save to the extent that such Finance Party reasonably determines that it is entitled to credit or repayment in respect of such VAT from the relevant tax authority.
- 12.7.3 Any reference in this Clause 12.7 to any Party shall, at any time when such Party is treated as a member of a group for VAT purposes, include (where appropriate and unless the context otherwise requires) a reference to the representative member of such group at such time (the term “representative member” to have the same meaning as in the Value Added Tax Act 1994).

12.7.4 In relation to any supply made by a Finance Party to the Borrower under a Finance Document if reasonably requested by that Finance Party, the Borrower must promptly provide that Finance Party with details of its VAT registration and such other information as is reasonably requested in connection with that Finance Party's VAT reporting requirements in relation to such supply.

## 12.8 **FATCA Information**

12.8.1 Subject to Clause 12.8.3 below, each Party shall, within ten Business Days of a reasonable request by another Party:

- (a) confirm to that other Party whether it is:
  - (i) a FATCA Exempt Party; or
  - (ii) not a FATCA Exempt Party;
- (b) supply to that other Party such forms, documentation and other information relating to its status under FATCA as that other Party reasonably requests for the purposes of that other Party's compliance with FATCA; and
- (c) supply to that other Party such forms, documentation and other information relating to its status as that other Party reasonably requests for the purposes of that other Party's compliance with any other law, regulation, or exchange of information regime.

12.8.2 If a Party confirms to another Party pursuant to paragraph (a) of Clause 12.8.1 that it is a FATCA Exempt Party and it subsequently becomes aware that it is not or has ceased to be a FATCA Exempt Party, that Party shall notify that other Party reasonably promptly.

12.8.3 Clause 12.8.1 shall not oblige any Finance Party to do anything, and paragraph (c) of Clause 12.8.1 shall not oblige any other Party to do anything, which would or might in its reasonable opinion constitute a breach of:

- (a) any law or regulation;
- (b) any fiduciary duty; or
- (c) any duty of confidentiality.

12.8.4 If a Party fails to confirm whether or not it is a FATCA Exempt Party or to supply forms, documentation or other information requested in accordance with paragraphs (a) or (b) of Clause 12.8.1 (including, for the avoidance of doubt, where 12.8.3 applies), then such Party shall be treated for the purposes of the Finance Documents (and payments under them) as if it is not a FATCA Exempt Party until such time as the Party in question provides the requested confirmation, forms, documentation or other information.

## 12.9 **FATCA Deduction**

12.9.1 Each Party may make any FATCA Deduction it is required to make by FATCA, and any payment required in connection with that FATCA Deduction, and no Party shall be required to increase any payment in respect of which it makes such a FATCA Deduction or otherwise compensate the recipient of the payment for that FATCA Deduction.

- 12.9.2 Each Party shall promptly, upon becoming aware that it must make a FATCA Deduction (or that there is any change in the rate or the basis of such FATCA Deduction), notify the Party to whom it is making the payment and, in addition, shall notify the Borrower and the Agent and the Agent shall notify the other Finance Parties.

### **13. INCREASED COSTS**

#### **13.1 Increased Costs**

Except as provided below in this Clause, the Borrower must, within five Business Days of demand by the Agent, pay for the account of a Finance Party the amount of any Increased Cost incurred by that Finance Party or any of its Affiliates as a result of:

- 13.1.1 the introduction of, or any change in, or any change in the interpretation, administration or application of, any law or regulation;
- 13.1.2 compliance with any law or regulation made after the date of this Agreement (but, in respect of any regulation not having the force of law, only to the extent the relevant Finance Party or its Affiliate would be expected to comply); or
- 13.1.3 the implementation or application of, or compliance with, Basel III or CRD IV or any law or regulation that implements or applies Basel III or CRD IV to the extent such increased costs were not reasonably capable of being accurately calculated prior to the date of this Agreement or, in the case of a New Lender, prior to the date on which it became a Lender, and provided in each case that such Lender confirms as such to the Borrower and that it is its general policy to charge such costs to similar borrowers of similar facilities.

#### **13.2 Exceptions**

The Borrower need not make any payment for an Increased Cost to the extent that the Increased Cost is:

- 13.2.1 compensated for under another Clause or would have been but for an exception to that Clause;
- 13.2.2 attributable to a Tax Deduction required by law to be made by the Borrower;
- 13.2.3 compensated for by Clause 12.3 (*Tax indemnity*) (or would have been compensated for under Clause 12.3 (*Tax indemnity*) but was not so compensated solely because any of the exclusions in Clause 12.3.2 or 12.3.3 applied);
- 13.2.4 attributable to a FATCA Deduction required to be made by a Party;
- 13.2.5 the subject of a claim by a Finance Party pursuant to Clause 13.1 (*Increased Costs*) notified to the Borrower 180 or more days from the date upon which the relevant Finance Party became aware of such Increased Cost;
- 13.2.6 suffered or incurred in respect of any Bank Levy (or any payment attributable to, or any liability arising as a consequence of, a Bank Levy);
- 13.2.7 compensated for by Clause 12.6 (*Stamp taxes*) or Clause 12.7 (*VAT*) (or would have been so compensated for under those Clauses but was not so compensated solely because any of the exceptions set out in the relevant Clause applied);

- 13.2.8 attributable to a Finance Party or its Affiliate wilfully failing to comply with any law or regulation; or
- 13.2.9 attributable to the implementation or application of or compliance with the “International Convergence of Capital Measurement and Capital Standards, a Revised Framework” published by the Basel Committee on Banking Supervision in June 2004 in the form existing on the date of this Agreement (but excluding any amendment arising out of Basel III) (“**Basel II**”) or any other law or regulation which implements Basel II (whether such implementation, application or compliance is by a government, regulator, a Finance Party or any of its Affiliates).

### 13.3 **Claims**

A Finance Party intending to make a claim for an Increased Cost shall notify the Agent promptly and in any event within 180 days of the circumstances giving rise to, and the amount of, the claim (setting out, in reasonable detail, calculations thereof), following which the Agent shall promptly notify the Borrower.

## 14. **MITIGATION**

### 14.1 **Mitigation**

14.1.1 Each Finance Party shall, in consultation with the Borrower, take all reasonable steps to mitigate any circumstances which arise and which result or would result in the Facility ceasing to be available or:

- (a) any amount becoming payable under or pursuant to any of Clause 12 (*Taxes*) or Clause 13 (*Increased Costs*);
- (b) the relevant Finance Party being able to exercise any right of prepayment and/or cancellation under this Agreement by reason of any illegality;
- (c) the relevant Finance Party incurring any cost of complying with the minimum reserve requirements of the European Central Bank; or
- (d) the occurrence of any market disruption event,

including (but not limited to) transferring its rights and obligations under the Finance Documents to an Affiliate or changing its Facility Office.

14.1.2 No Finance Party is obliged to take any step under this Clause 14 if, in the opinion of the relevant Finance Party (acting reasonably), to do so might be prejudicial to it.

14.1.3 Each Finance Party must promptly notify the Agent of any circumstances as described in paragraphs (a) to (d) of Clause 14.1.1, following which the Agent shall promptly notify the Borrower.

14.1.4 The Borrower must indemnify each Finance Party for all costs and expenses reasonably incurred by such Finance Party as a result of any step taken under this Clause 14.

14.1.5 This Clause does not in any way limit the obligations of the Borrower under the Finance Documents.

## 15. **REPLACEMENT OF A SINGLE LENDER**

## 15.1 Replacement of a single Lender

15.1.1 Notwithstanding Clause 14 (*Mitigation*), if any circumstances arise which result in:

- (a) any Tax Payment or Increased Cost being payable to a Finance Party;
- (b) a Finance Party giving notice under Clause 10.3 (*Market disruption*);
- (c) a Finance Party being able to exercise any right of prepayment and/or cancellation under this Agreement by reason of any illegality;
- (d) a Finance Party incurring any cost of complying with the minimum reserve requirements of the European Central Bank;
- (e) a Finance Party being a Defaulting Lender; or
- (f) the occurrence of any market disruption event,

then the Borrower, at its expense, at any time within 180 days after the occurrence of the relevant event or circumstance may by notice to the Agent require such Finance Party to (and to the extent permitted by law the relevant Finance Party shall) novate pursuant to Clause 28 (*Changes to the Parties*) all (and not part only) of its rights and obligations under this Agreement to an Eligible Institution (a “**Replacement Lender**”), which confirms its willingness to assume and does assume all the obligations of the transferring Finance Party (including the assumption of the transferring Finance Party’s participations or unfunded participations (as the case may be) on the same basis as the transferring Finance Party) for a purchase price in cash payable at the time of transfer in an amount equal to the outstanding principal amount of the relevant Finance Party’s participation in the outstanding Loan and all accrued interest (to the extent the Agent has not given a notification under Clause 29.12.2 (*Pro rata interest settlement*)), Break Costs and other amounts payable to the relevant Finance Party under the Finance Documents **provided that:**

- (i) the Borrower shall have paid to the relevant Finance Party all amounts accrued and owing to relevant Finance Party hereunder;
- (ii) the Borrower shall have no right to replace the Agent;
- (iii) the relevant Finance Party shall have no obligation to the Borrower to find a Replacement Lender;
- (iv) the transfer must take place no later than 14 days after the notice referred to above; and
- (v) the relevant Finance Party shall only be obligated to transfer its rights and obligations pursuant to this Clause 15 once it is satisfied that it has complied with all necessary “know your customer requirements” or other similar checks under all applicable laws and regulations in relation to that transfer to the Replacement Lender.

15.1.2 Each Finance Party shall perform the checks described in paragraph (v) of Clause 15.1.1 above as soon as reasonably practicable following delivery of a notice referred to in paragraph (f) of Clause 15.1.1 above and shall notify the Agent and the Borrower when it is satisfied that it has complied with those checks.

## **16. PAYMENT MECHANICS**

### **16.1 Payments to the Agent**

16.1.1 On each date on which the Borrower or a Lender is required to make a payment under a Finance Document, that Party shall make the same available to the Agent (unless a contrary indication appears in a Finance Document) for value on the due date at the time and in such funds specified by the Agent as being customary at the time for settlement of transactions in the relevant currency in the place of payment.

16.1.2 Payment shall be made to such account in London with such bank as the Agent specifies.

### **16.2 Distributions by the Agent**

Each payment received by the Agent under the Finance Documents for another Party shall, subject to Clause 16.3 (*Distributions to the Borrower*) and Clause 16.4 (*Clawback and pre-funding*) be made available by the Agent as soon as practicable after receipt to the Party entitled to receive payment in accordance with this Agreement (in the case of a Lender, for the account of its Facility Office), to such account at such bank as that Party may notify to the Agent by not less than five Business Days' notice with a bank in London specified by that Party.

### **16.3 Distributions to the Borrower**

The Agent may (with the consent of the Borrower or in accordance with Clause 17 (*Set-Off*)) apply any amount received by it for the Borrower in or towards payment (on the date and in the currency and funds of receipt) of any amount due from the Borrower under the Finance Documents, or in or towards purchase of any amount of any currency to be so applied.

### **16.4 Clawback and pre-funding**

16.4.1 Where a sum is to be paid to the Agent under the Finance Documents for another Party, the Agent is not obliged to pay that sum to that other Party (or to enter into or perform any related exchange contract) until it has been able to establish to its satisfaction that it has actually received that sum.

16.4.2 Unless Clause 16.4.3 below applies, if the Agent pays an amount to another Party and it proves to be the case that the Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Agent shall on demand refund the same to the Agent together with interest on that amount from the date of payment to the date of receipt by the Agent, calculated by the Agent to reflect its cost of funds.

16.4.3 If the Agent is willing to make available amounts for the account of the Borrower before receiving funds from the Lenders, then if and to the extent that the Agent does so but it proves to be the case that it does not then receive funds from a Lender in respect of a sum which it paid to the Borrower:

- (a) the Agent shall notify the Borrower of that Lender's identity and the Borrower shall, as soon as reasonably practicable following a demand, refund the relevant amount made available to it to the Agent; and
- (b) the Lender by whom those funds should have been made available or, if that Lender fails to do so, the Borrower, shall on demand pay to the Agent the amount (as certified by the Agent) which will indemnify the Agent against any

funding cost incurred by it as a result of paying out that sum before receiving those funds from that Lender.

## 16.5 Impaired Agent

- 16.5.1 If, at any time, the Agent becomes an Impaired Agent, the Borrower or a Lender (as applicable) which is required to make a payment under the Finance Documents to the Agent in accordance with Clause 16.1 (*Payments to the Agent*) may instead either:
- (a) pay that amount direct to the required recipient; or
  - (b) if in its absolute discretion it considers that it is not reasonably practicable to pay that amount direct to the required recipient(s), pay that amount to an interest-bearing account held with an Acceptable Bank and in relation to which no Insolvency Event has occurred and is continuing, in the name of the Borrower or the Lender making the payment (as applicable) (the “**Paying Party**”) and designated as a trust account for the benefit of the Party or Parties beneficially entitled to that payment under the Finance Documents (the “**Recipient Party**” or the “**Recipient Parties**”).

In each case such payments must be made on the due date for payment under the Finance Documents.

- 16.5.2 All interest accrued on the amount standing to the credit of the trust account shall be for the benefit of the Recipient Party or the Recipient Parties *pro rata* to their respective entitlements.
- 16.5.3 A Party which has made a payment in accordance with this Clause 16.5 shall be discharged of the relevant payment obligation under the Finance Documents and shall not take any credit risk with respect to the amounts standing to the credit of the trust account.
- 16.5.4 Promptly upon the appointment of a successor Agent in accordance with Clause 30.12 (*Replacement of the Agent*), each Paying Party shall (other than to the extent that that Party has given an instruction pursuant to Clause 16.5.5) give all requisite instructions to the bank with which the trust account is held to transfer the amount (together with any accrued interest) to the successor Agent for distribution to the relevant Recipient Party or Recipient Parties in accordance with Clause 16.2 (*Distributions by the Agent*).
- 16.5.5 A Paying Party shall, promptly upon request by a Recipient Party and to the extent:
- (a) that it has not given an instruction pursuant to Clause 16.5.4 above; and
  - (b) that it has been provided with the necessary information by that Recipient Party,
- give all requisite instructions to the bank with which the trust account is held to transfer the relevant amount (together with any accrued interest) to that Recipient Party.

## 16.6 Partial payments

- 16.6.1 If the Agent receives a payment for application against amounts due in respect of any Finance Documents that is insufficient to discharge all the amounts then due and payable by the Borrower under those Finance Documents, the Agent shall apply that payment

towards the obligations of the Borrower under those Finance Documents in the following order:

- (a) *first*, in or towards payment *pro rata* of any unpaid amount owing to the Agent under the Finance Documents;
- (b) *second*, in or towards payment *pro rata* of any accrued interest, fee or commission due but unpaid under those Finance Documents;
- (c) *third*, in or towards payment *pro rata* of any principal due but unpaid under those Finance Documents; and
- (d) *fourth*, in or towards payment *pro rata* of any other sum due but unpaid under the Finance Documents.

16.6.2 The Agent shall, if so directed by the Majority Lenders, vary the order set out in Clauses 16.6.1(b) to 16.6.1(d) above

16.6.3 Clauses 16.6.1 and 16.6.2 above will override any appropriation made by the Borrower.

#### 16.7 **No set-off by the Borrower**

All payments to be made by the Borrower under the Finance Documents shall be calculated and be made without (and free and clear of any deduction for) set-off or counterclaim.

#### 16.8 **Business Days**

16.8.1 Any payment under the Finance Documents which is due to be made on a day that is not a Business Day shall be made on the next Business Day in the same calendar month (if there is one) or the preceding Business Day (if there is not).

16.8.2 During any extension of the due date for payment of any principal or Unpaid Sum under this Agreement, interest is payable on the principal or Unpaid Sum at the rate payable on the original due date.

#### 16.9 **Currency of account**

16.9.1 Subject to Clauses 16.9.2 and 16.9.3 below, the sterling is the currency of account and payment for any sum due from the Borrower under any Finance Document.

16.9.2 Each payment in respect of costs, expenses or Taxes shall be made in the currency in which the costs, expenses or Taxes are incurred.

16.9.3 Any amount expressed to be payable in a currency other than sterling shall be paid in that other currency.

#### 16.10 **Change of currency**

16.10.1 Unless otherwise prohibited by law, if more than one currency or currency unit are at the same time recognised by the central bank of any country as the lawful currency of that country, then:

- (a) any reference in the Finance Documents to, and any obligations arising under the Finance Documents in, the currency of that country shall be translated into,

or paid in, the currency or currency unit of that country designated by the Agent (after consultation with the Borrower); and

- (b) any translation from one currency or currency unit to another shall be at the official rate of exchange recognised by the central bank for the conversion of that currency or currency unit into the other, rounded up or down by the Agent (acting reasonably).

16.10.2 If a change in any currency of a country occurs, this Agreement will, to the extent the Agent (acting reasonably after consultation with the Borrower), be amended to comply with any generally accepted conventions and market practice in the Relevant Market and otherwise to reflect the change in currency.

#### **16.11 Disruption to payment systems etc.**

If either the Agent determines (in its discretion) that a Disruption Event has occurred or the Agent is notified by the Borrower that a Disruption Event has occurred:

- 16.11.1 the Agent may, and shall if requested to do so by the Borrower, consult with the Borrower with a view to agreeing with the Borrower such changes to the operation or administration of the Facility as the Agent may deem necessary in the circumstances;
- 16.11.2 the Agent shall not be obliged to consult with the Borrower in relation to any changes mentioned in Clause 16.11.1 above if, in its opinion, it is not practicable to do so in the circumstances and, in any event, shall have no obligation to agree to such changes;
- 16.11.3 the Agent may consult with the Finance Parties in relation to any changes mentioned in Clause 16.11.1 above but shall not be obliged to do so if, in its opinion, it is not practicable to do so in the circumstances;
- 16.11.4 any such changes agreed upon by the Agent and the Borrower (whether or not it is finally determined that a Disruption Event has occurred) shall be binding upon the Parties as an amendment to (or, as the case may be, waiver of) the terms of the Finance Documents notwithstanding the provisions of Clause 27 (*Amendments and Waivers*);
- 16.11.5 the Agent shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever (including, without limitation, for negligence, gross negligence or any other category of liability whatsoever, but not including any claim based on the fraud of the Agent) arising as a result of its taking, or failing to take, any actions pursuant to or in connection with this Clause 16.11; and
- 16.11.6 the Agent shall notify the Finance Parties of all changes agreed pursuant to Clause 16.11.4 above.

#### **17. SET-OFF**

If an Event of Default is continuing, a Finance Party may set off any matured obligation due from the Borrower under the Finance Documents (to the extent beneficially owned by that Finance Party) against any matured obligation owed by that Finance Party to the Borrower, regardless of the place of payment, booking branch or currency of either obligation.

#### **18. REPRESENTATIONS**

##### **18.1 Representations**

The representations set out in this Clause are made by the Borrower to each Finance Party.

**18.2 Status**

It is a limited liability company, duly incorporated and validly existing under the laws of England and Wales.

**18.3 Powers and authority**

It has the power to enter into and perform, and has taken all necessary action to authorise the entry into and performance of, the Finance Documents to which it is a party and the transactions contemplated by those Finance Documents.

**18.4 Legal validity**

Subject to the Legal Reservations, each Finance Document to which it is a party is its legally binding, valid and enforceable obligation.

**18.5 Non-conflict**

Subject to the Legal Reservations, the entry into and performance by it of, and the transactions contemplated by, the Finance Documents do not conflict with any borrowing or other power or restriction granted or imposed by:

18.5.1 any law or regulation applicable to it and violation of which has or is likely to have a Material Adverse Effect; or

18.5.2 its constitutional documents.

**18.6 No default**

18.6.1 No Event of Default is outstanding.

18.6.2 No Event of Default might reasonably be expected to result from the making of the Loan.

18.6.3 No other event or circumstance is outstanding which constitutes a default under any other agreement or instrument which is binding on it or to which its assets are subject, in each case which has or is reasonably likely to have a Material Adverse Effect.

**18.7 Authorisations**

All authorisations required:

18.7.1 To enable it to enter into, exercise its rights and comply with its obligations under the Finance Documents to which it is a party; and

18.7.2 to make the Finance Documents admissible in evidence in England and Wales,

have been obtained or effected (as appropriate) and, subject to the Legal Reservations, are in full force and effect.

**18.8 Financial statements**

Its and each of the Distribution Companies' audited consolidated financial statements most recently delivered to the Agent (which, at the date of this Agreement, are the Original Financial Statements):

18.8.1 have been prepared in accordance with accounting principles and practices generally accepted in its jurisdiction of incorporation, consistently applied; and

18.8.2 fairly present the consolidated financial condition of the relevant entity as at the date to which they were drawn up,

except, in each case, as disclosed to the contrary in those financial statements.

#### **18.9 Litigation**

No litigation, arbitration or administrative proceedings against it are current or, to its knowledge, pending or threatened, in each case which are reasonably likely to be adversely determined and, if so adversely determined, are reasonably likely to have a Material Adverse Effect.

#### **18.10 Winding Up**

No meeting has been convened for its winding-up and, so far as it is aware, no petition, application or the like is outstanding for its winding-up.

#### **18.11 Non-Violation of other Agreements**

Its entry into, exercise of its rights and/or performance of or compliance with its obligations under this Agreement do not and will not violate, to an extent or in a manner which has or is likely to have a Material Adverse Effect on it, any agreement to which it is a party or which is binding on it.

#### **18.12 Governing Law and Enforcement**

18.12.1 The choice of English law as the governing law of the Finance Documents will be recognised and enforced in its jurisdiction of incorporation.

18.12.2 Any judgment obtained in England in relation to a Finance Document will be recognised and enforced in its jurisdiction of incorporation.

#### **18.13 No filing or stamp taxes**

Under the law of its jurisdiction of incorporation it is not necessary that the Finance Documents be filed, recorded or enrolled with any court or other authority in that jurisdiction or that any stamp, registration or similar tax be paid on or in relation to the Finance Documents or the transactions contemplated by the Finance Documents (which for these purposes does not include a Transfer Certificate or other transfer or disposal of any Finance Party's rights or obligations under a Finance Document or any stamp, registration or similar tax that may be imposed on enforcement of any security).

#### **18.14 No misleading information**

18.14.1 Save as disclosed to the Agent prior to the date of this Agreement, any factual information provided by any member of the Group to any Finance Party in connection with the Facility was true and accurate in all material respects as at the date it was provided or as at the date (if any) at which it is stated.

18.14.2 Nothing has occurred or been omitted from the information provided to the Agent in connection with the Facility and no information has been given or withheld that results in the information provided being untrue or misleading in any material respect.

#### 18.15 ***Pari Passu* ranking**

Its payment obligations under the Finance Documents rank at least *pari passu* with the claims of all its other unsecured and unsubordinated creditors, except for obligations mandatorily preferred by law applying to companies generally.

#### 18.16 **Licence**

Each Licence is in full force and effect and there is no investigation or proceeding current, pending or threatened which could, if adversely determined, result in the termination of any Licence.

#### 18.17 **Anti-corruption law**

Each member of the Group has conducted its businesses in compliance with applicable anti-corruption laws and has instituted and maintained policies and procedures designed to promote and achieve compliance with such laws.

#### 18.18 **Sanctions**

18.18.1 No member of the Group nor, to the knowledge of the Borrower, any of their directors or officers:

- (a) is a Restricted Party; or
- (b) is located or resident in or organised under the laws of a country or territory that is the subject of country-wide or territory-wide Sanctions; or
- (c) has received notice of, or is aware of, any claim, action, suit, proceeding or investigation against it with respect to Sanctions by any Sanctions Authority.

18.18.2 The Borrower shall ensure that each member of the Group will ensure that appropriate policies, procedures, controls and safeguards are in place designed to prevent any action being taken that would be contrary to 18.18.1.

18.18.3 Nothing in this Clause 18.18 shall create or establish an obligation or right for any member of the Group to the extent that, by agreeing to it, compliance with it, exercising it, having such obligation or right, or otherwise, it would be placed in violation of any law applicable to it.

18.18.4 The Borrower shall only represent or warrant under this Clause 18.18 to the extent that giving or complying with such representation does not result in any violation of, conflict with or liability under Council Regulation EC No.2271/96 (the "**Blocking Regulation**").

18.18.5 This Clause 18.18 shall only apply for the benefit of a Lender to the extent that the representation under this Clause 18.18 would not result in any violation of, conflict with or liability under the Blocking Regulation.

#### 18.19 **Times for making representations**

18.19.1 The representations set out in this Clause are made by the Borrower on the date of this Agreement.

18.19.2 The representations in Clauses 18.2 (*Status*) to 18.5 (*Non conflict*) (inclusive), 18.6.1 (*No default*), 18.7 (*Authorisations*), 18.8 (*Financial statements*) and 18.12 (*Governing Law and Enforcement*) are deemed to be repeated by the Borrower on the first day of each Interest Period.

18.19.3 When a representation is repeated, it is applied to the circumstances existing at the time of repetition.

## **19. INFORMATION COVENANTS**

### **19.1 Financial statements**

19.1.1 The Borrower must supply to the Agent:

- (a) its and each of the Distribution Companies' audited consolidated financial statements for each of their financial years; and
- (b) its interim consolidated financial statements for the first half-year of each of its financial years.

19.1.2 All financial statements must be supplied as soon as they are available and:

- (a) in the case of the Borrower's and each of the Distribution Companies' audited consolidated financial statements, within 180 days; and
- (b) in the case of the Borrower's interim financial statements, within 90 days,  
of the end of the relevant financial period.

### **19.2 Form of Financial Statements**

If any financial statement delivered or to be delivered to the Agent pursuant to Clause 19.1 (*Financial Statements*) is not to be or, as the case may be, has not been prepared in accordance with Applicable Accounting Principles:

19.2.1 the Borrower shall notify the Agent no later than concurrently with the delivery of the relevant financial statements;

19.2.2 if the effect of the change (when aggregated with any other change since the date of the Original Financial Statements) to the basis on which the relevant financial statements were prepared results in a deviation of equal to or greater than 3 per cent. from the result of the calculation of financial ratios in Clause 20.3 (*Interest Cover*) and Clause 20.4 (*Asset Cover*) and/or the definitions of the terms used in Clause 20 (*Financial Covenants*) had such change or changes (as applicable) not occurred, if the Agent so requests:

- (a) the Borrower shall deliver to the Agent a description of the change or changes (as applicable) and sufficient information to enable the Lenders to determine whether Clause 20.3 (*Interest Cover*) and Clause 20.4 (*Asset Cover*) have been complied with and to make an accurate comparison between the financial position indicated in those financial statements and the Original Financial Statements; and

(b) the Borrower and the Agent shall enter into negotiations in good faith with a view to agreeing any amendments to this Agreement which may be necessary to ensure that the change does not result in any material alteration in the commercial effect of the financial ratios in Clause 20.3 (*Interest Cover*) and Clause 20.4 (*Asset Cover*) and/or the definitions of the terms used in Clause 20 (*Financial Covenants*);

19.2.3 if the amendments contemplated in paragraph 19.2.2 above are agreed by the Borrower and the Majority Lenders within 25 days, those amendments shall take effect in accordance with the terms of that agreement; and

19.2.4 if the amendments contemplated in paragraph 19.2.2 above are not so agreed within 25 days, the Borrower shall, with all subsequent financial statements to be delivered to the Agent pursuant to Clause 19.1 (*Financial Statements*), deliver to the Agent sufficient information to enable the Lenders to determine whether Clause 20.3 (*Interest Cover*) and Clause 20.4 (*Asset Cover*) have been complied with and to make an accurate comparison between the financial position indicated in those financial statements and the Original Financial Statements.

### 19.3 **Compliance Certificate**

19.3.1 The Borrower must supply to the Agent a Compliance Certificate with each set of its financial statements delivered to the Agent under this Agreement.

19.3.2 Each Compliance Certificate must be signed by two directors of the Borrower.

### 19.4 **Information - miscellaneous**

The Borrower must supply to the Agent:

19.4.1 copies of all documents despatched by the Borrower to its creditors generally (or any class of them) (in each case other than any Affiliate of the Borrower) at the same time as they are despatched;

19.4.2 promptly, details of the loss of any Licence or any communication from OFGEM or other government agency regarding any potential or threatened loss of any Licence;

19.4.3 written notice of the details of any proposed changes to a Licence which are reasonably likely to have a Material Adverse Effect as soon as reasonably practicable after becoming aware of the same; and

19.4.4 if an Event of Default is continuing, promptly on request by the Agent, such further information regarding the financial condition, business and operations of the Group as any Finance Party through the Agent may reasonably request.

### 19.5 **Notification of Default**

The Borrower must notify the Agent of any Default (and the steps, if any, being taken to remedy it) promptly upon becoming aware of its occurrence.

### 19.6 **Use of websites**

19.6.1 Except as provided below, the Borrower may deliver any information under this Agreement to the Agent by posting it on to an electronic website if:

- (a) the Borrower and the Agent designate an electronic website for this purpose;
- (b) the Borrower notifies the Agent of the address of and password for the website; and
- (c) the information posted is in a format agreed between the Borrower and the Agent.

19.6.2 The Borrower must promptly upon becoming aware of its occurrence, notify the Agent if:

- (a) the website cannot be accessed;
- (b) the website or any information on the website is infected by any electronic virus or similar software;
- (c) the password for the website is changed; or
- (d) any information to be supplied under this Agreement is posted on the website or amended after being posted.

If the circumstances in paragraphs (a) or (b) above occur, the Borrower must supply any information required under this Agreement in paper form.

## 19.7 **Know your customer requirements**

19.7.1 If:

- (a) the introduction of or any change in (or in the interpretation, administration or application of) any law or regulation made after the date of this Agreement;
- (b) any change in the status of the Borrower (or a Holding Company of the Borrower) after the date of this Agreement; or
- (c) a proposed assignment or transfer by a Lender of any of its rights and obligations under this Agreement to a party that is not a Lender prior to such assignment or transfer,

obliges a Lender (or, in the case of paragraph (c) above, any prospective new Lender) to comply with “know your customer requirements” or similar identification procedures in circumstances where the necessary information is not already available to it, the Borrower shall promptly upon the request of the Agent or any Lender supply, or procure the supply of, such documentation and other evidence as is reasonably requested by the Agent (for itself or on behalf of any Lender) or any Lender (for itself or, in the case of the event described in paragraph (c) above, on behalf of any prospective new Lender) in order for the relevant Lender or, in the case of the event described in paragraph (c) above, any prospective new Lender to carry out and be satisfied it has complied with all necessary “know your customer requirements” or other similar checks under all applicable laws and regulations pursuant to the transactions contemplated in the Finance Documents.

19.7.2 Each Lender shall promptly upon the request of the Agent supply, or procure the supply of, such documentation and other evidence as is reasonably requested by the Agent (for itself) in order for the Agent to carry out and be satisfied it has complied with all

necessary “know your customer” or other similar checks under all applicable laws and regulations pursuant to the transactions contemplated in the Finance Documents.

## 20. FINANCIAL COVENANTS

### 20.1 Definitions

In this Clause:

“**Cash**” means, at any time, cash denominated in a currency of an Acceptable Jurisdiction in hand or at bank and (in the latter case) credited to an account in the name of a member of the Group with an Acceptable Bank and to which a member of the Group is alone (or together with other members of the Group) beneficially entitled and for so long as:

- (a) that cash is repayable within 90 days after the relevant date of calculation;
- (b) repayment of that cash is not contingent on the prior discharge of any other indebtedness of any member of the Group or of any other person whatsoever or on the satisfaction of any other condition;
- (c) there is no Security Interest over that cash other than Security Interests permitted under Clause 21.5.3 (*Negative pledge*); and
- (d) the cash is freely and (except as mentioned in paragraph (a) above) immediately available to be applied in repayment or prepayment of the Facility.

“**Cash Equivalent Investments**” means at any time:

- (a) certificates of deposit maturing within one year after the relevant date of calculation and issued by an Acceptable Bank;
- (b) any investment in marketable debt obligations issued or guaranteed by the government of an Acceptable Jurisdiction or by an instrumentality or agency of any of them having an equivalent credit rating, maturing within one year after the relevant date of calculation and not convertible or exchangeable to any other security;
- (c) commercial paper not convertible or exchangeable to any other security:
  - (i) for which a recognised trading market exists;
  - (ii) issued by an issuer incorporated in an Acceptable Jurisdiction;
  - (iii) which matures within one year after the relevant date of calculation; and
  - (iv) which has a credit rating of either A-1 or higher by Standard & Poor’s Rating Services or F1 or higher by Fitch Ratings Ltd or P-1 or higher by Moody’s Investors Service Limited, or, if no rating is available in respect of the commercial paper, the issuer of which has, in respect of its long- term unsecured and non-credit enhanced debt obligations, an equivalent rating;
- (d) Sterling bills of exchange eligible for rediscount at the Bank of England (or their dematerialised equivalent) and accepted by an Acceptable Bank;
- (e) any investment in money market funds which:

- (i) have a credit rating of either A-1 or higher by Standard & Poor's Rating Services or F1 or higher by Fitch Ratings Ltd or P-1 or higher by Moody's Investors Service Limited;
  - (ii) invest substantially all their assets in securities of the types described in paragraphs (a) to (d) above; and
  - (iii) can be turned into cash on not more than 30 days' notice; or
- (f) any other debt security approved by the Majority Lenders,

in each case, denominated in a currency of an Acceptable Jurisdiction and to which any member of the Group is alone (or together with other members of the Group) beneficially entitled at that time and which is not issued or guaranteed by any member of the Group or subject to any Security Interest (other than Security Interests permitted under Clause 21.5.3 (*Negative pledge*)).

**"Consolidated EBITDA"** means the consolidated net pre-taxation profits of the Group for a Calculation Period as adjusted by:

- (a) adding back Interest Payable;
- (b) taking no account of any exceptional or extraordinary item;
- (c) excluding any amount attributable to minority interests;
- (d) adding back depreciation and amortisation; and
- (e) taking no account of any revaluation of an asset or any loss or gain over book value arising on the disposal of an asset (otherwise than in the ordinary course of trading) by a member of the Group during that Calculation Period.

**"Interest Payable"** means, in relation to any Calculation Period, all interest payable and similar charges of the Group expressed in the relevant currency and determined on a consolidated basis in accordance with Applicable Accounting Principles but excluding interest payable or similar charges of the Group in relation to:

- (a) intra-Group items; and
- (b) any loans from Affiliates (other than any member of the Group) and shareholder loans to the extent that such loans from Affiliates and/or shareholder loans are subordinated on the terms set out in a Subordination Deed.

**"Regulatory Asset Value"** means at any date, the regulatory asset value of the Distribution Companies for such date as last determined and notified by OFGEM (interpolated as necessary and adjusted for additions to the regulatory asset value and adjusted as appropriate for out-turn inflation / regulatory depreciation).

**"Total Net Debt"** means, at any time, the consolidated Financial Indebtedness of the Group which is required to be accounted for as debt in the consolidated annual financial statements of the Group less the aggregate at such time of all Cash or Cash Equivalent Investments held by any member of the Group excluding:

- (a) intra-Group items; and

- (b) loans from Affiliates (other than any member of the Group) and shareholder loans, to the extent that such loans from Affiliates and/or shareholder loans are subordinated on the terms set out in a Subordination Deed.

## 20.2 Interpretation

20.2.1 Except as provided to the contrary in this Agreement, an accounting term used in this Clause is to be construed in accordance with the principles applied in connection with the Original Financial Statements.

20.2.2 Any amount in a currency other than Sterling is to be taken into account at its Sterling equivalent calculated on the basis of:

- (a) the Agent's spot rate of exchange for the purchase of the relevant currency in the London foreign exchange market with Sterling at or about 11.00 a.m. on the day the relevant amount falls to be calculated; or
- (b) if the amount is to be calculated on the last day of a financial period of the Borrower, the relevant rates of exchange used by the Borrower in, or in connection with, its financial statements for that period.

20.2.3 No item must be credited or deducted more than once in any calculation under this Clause.

## 20.3 Interest cover

The Borrower must ensure that the ratio of Consolidated EBITDA to Interest Payable is not, on the last day of each Calculation Period, less than 3:1.

## 20.4 Asset Cover

The Borrower must ensure that on the last day of each Calculation Period, Total Net Debt does not exceed 87.5% of the Regulatory Asset Value.

## 20.5 Calculation of Interest Payable

For the purpose of the financial covenant set out in Clause 20.3 (*Interest cover*), in relation to any Calculation Period ending less than 12 months from the date of this Agreement, Interest Payable shall be calculated ignoring any amounts accrued before the date of this Agreement and in respect of the period after the date of this Agreement shall be increased by a factor of A/B where 'A' is 365 and 'B' is the total number of calendar days between the date of this Agreement and the last day of such Calculation Period.

## 21. GENERAL COVENANTS

### 21.1 General

The Borrower agrees to be bound by the covenants set out in this Clause relating to it and, where the covenant is expressed to apply to each Distribution Company or each member of the Group, the Borrower must ensure that each Distribution Company or each of its Subsidiaries, as the case may be, performs that covenant.

### 21.2 Authorisations

The Borrower must promptly obtain, maintain and comply with the terms of any authorisation required under any law or regulation to enable it to perform its obligations under, or for the validity or enforceability of, any Finance Document.

### 21.3 **Compliance with laws**

Each member of the Group must comply in all respects with all laws to which it is subject where failure to do so is reasonably likely to have a Material Adverse Effect.

### 21.4 ***Pari passu* ranking**

The Borrower must ensure that its payment obligations under the Finance Documents rank at least *pari passu* with all its other present and future unsecured and unsubordinated payment obligations, except for obligations mandatorily preferred by law applying to companies generally.

### 21.5 **Negative pledge**

In this Clause 21.5, “**Quasi-Security**” means an arrangement or transaction described in Clause 21.5.2 below.

21.5.1 Except as provided below, none of the Borrower, any Distribution Company nor any Holding Company of a Distribution Company (to the extent such Holding Company is a member of the Group) may create or allow to exist any Security Interest or Quasi-Security on any of its assets.

21.5.2 Except as provided below, none of the Borrower, any Distribution Company nor any Holding Company of a Distribution Company (to the extent such Holding Company is a member of the Group) may:

- (a) sell, transfer or otherwise dispose of any of its assets on terms whereby they are or may be leased to or re-acquired by the Borrower or any other member of the Group;
- (b) sell, transfer or otherwise dispose of any of its receivables on recourse terms;
- (c) enter into any arrangement under which money or the benefit of a bank or other account may be applied, set-off or made subject to a combination of accounts; or
- (d) enter into any other preferential arrangement having a similar effect,

in circumstances where the arrangement or transaction is entered into primarily as a method of raising Financial Indebtedness or of financing the acquisition of an asset.

21.5.3 Clauses 21.5.1 and 21.5.2 do not apply to:

- (a) any Security Interest or Quasi-Security created over the assets of or any shares or other ownership interests in any entity which becomes a member of the Group after the date of this Agreement as a result of a Permitted Acquisition **provided that** the Security Interest or Quasi-Security is removed or discharged within 6 months of the date of such acquisition;
- (b) any Security Interest or Quasi-Security created under or in connection with or arising out of the Balancing and Settlement Code or any transactions or

- arrangements entered into in connection with the management of risks relating thereto;
- (c) in respect of overdue amounts which have not been overdue for more than 30 days and/or are being contested in good faith, liens arising solely by operation of law or by order of a court or tribunal (or by an agreement of similar effect) and/or in the ordinary course of day to day business or operations;
  - (d) any Security Interest or Quasi-Security arising out of title retention provisions in a supplier's standard conditions of supply of goods acquired in the ordinary course of business or operations;
  - (e) any Security Interest or Quasi-Security created on any asset acquired after the date of this Agreement for the sole purpose of financing or re-financing that acquisition and securing a principal, capital or nominal amount not exceeding the cost of that acquisition, **provided that** the Security Interest or Quasi-Security is removed or discharged within 6 months of the date of acquisition of such asset;
  - (f) any Security Interest or Quasi-Security outstanding on or over any asset acquired after the date of this Agreement and in existence at the date of such acquisition, **provided that** the Security Interest or Quasi-Security is removed or discharged within 6 months of the date of acquisition of such asset;
  - (g) any Security Interest or Quasi-Security created or outstanding on or over any asset of any company which becomes a Subsidiary of the Borrower after the date of this Agreement where such Security Interest or Quasi-Security is created prior to the date on which such company becomes a Subsidiary of the Borrower and is not created or increased in contemplation of such company being acquired and/or becoming a Subsidiary of the Borrower and the Security Interest or Quasi-Security is removed or discharged within 6 months of the date of such company becoming a Subsidiary of the Borrower;
  - (h) any Security Interest or Quasi-Security created on any asset to secure any Financial Indebtedness incurred in connection with the financing of any asset or project in respect of which the repayment of that Financial Indebtedness is to be made from the revenues arising out of, or other proceeds of realisation from, that asset or project, with recourse to those revenues and proceeds and other assets used in connection with, or forming the subject matter of, that asset or project but without recourse to any other assets of the Group;
  - (i) any netting arrangements under any swap or other hedging transaction which is on standard market terms;
  - (j) any Security Interest or Quasi-Security created or outstanding on or over assets of:
    - (i) the Borrower provided that the aggregate outstanding principal or nominal amount secured by all Security Interests and Quasi-Security created or outstanding under this exception on or over such assets shall not at any time exceed £5,000,000 or its equivalent; and
    - (ii) a Distribution Company provided that the aggregate outstanding principal or nominal amount secured by all Security Interests and

Quasi-Security created or outstanding under this exception on or over such assets shall not at any time exceed £20,000,000 or its equivalent for each Distribution Company.

## 21.6 Disposals

21.6.1 Except as provided below, no member of the Group may, either in a single transaction or in a series of transactions and whether related or not, dispose of all or any part of its assets (other than cash).

21.6.2 Clause 21.6.1 does not apply to:

- (a) any disposal made in the ordinary course of day to day business or operations of the disposing entity;
- (b) disposals on normal commercial terms of obsolete assets or assets no longer required for the purpose of the relevant member of the Group's business or operations;
- (c) any realisation of investments acquired, purchased or made by the temporary application of funds not immediately required in the relevant member of the Group's business or operations;
- (d) the exchange of assets for other assets of a similar or superior nature and value (other than an exchange of a non-cash asset for cash), or the sale of assets on normal commercial terms for cash which is payable in full on the completion of the sale and is to be, and is, applied in or towards the purchase of similar assets within six months;
- (e) the disposal of assets by one wholly-owned Subsidiary of the Borrower to another or (if the consideration for the disposal does not exceed a normal commercial consideration) to the Borrower by one of its Subsidiaries;
- (f) disposals in connection with sale-and-leaseback or sale and repurchase transactions or any other form of "off balance sheet" financing, **provided that** the aggregate book value (in the books of the disposing party) of all assets the subject of all such disposals made during the period commencing on the date of this Agreement and ending on the date when no amount remains payable under this Agreement shall not exceed £100,000,000 or its equivalents; and
- (g) any disposal of any assets (including shares) other than:
  - (i) any shares held in any Distribution Company or in any Holding Company of a Distribution Company; and
  - (ii) any assets of a Distribution Company,

for cash where the higher of the market value and net consideration receivable (when aggregated with the higher of the market value and net consideration receivable for any other sale, lease, licence, transfer or other disposal of any such assets which is not permitted under any other paragraph of this Clause 21.6.2) does not exceed 10% of the Regulatory Asset Value at the relevant time.

## 21.7 Environmental matters

21.7.1 The Borrower will and will ensure that each Distribution Company will comply with all applicable Environmental Law and other regulations, orders or other law applicable to the conduct of the business of the supply or distribution of electricity, in each case, where failure to do so would have a Material Adverse Effect.

21.7.2 The Borrower will, promptly upon becoming aware of the same, inform the Agent in writing of:

- (a) any Environmental Claim against it or any Distribution Company which is current, pending or threatened; and
- (b) any facts or circumstances which are reasonably likely to result in any Environmental Claim being commenced or threatened against it or any Distribution Company,

where the claim, if determined against that member of the Group, would have a Material Adverse Effect.

## 21.8 Insurance

Each member of the Group must insure its business and assets with insurance companies to such an extent and against such risks as that member of the Group reasonably considers to be appropriate, having regard to the insurance arrangements of companies engaged in similar business.

## 21.9 Merger

The Borrower shall not enter into any amalgamation, demerger, merger, corporate reconstruction or reorganisation.

## 21.10 Change of business

The Borrower shall procure that no substantial change is made to the general nature of the business of the Borrower or the Group taken as a whole from that carried on at the date of this Agreement.

## 21.11 Acquisitions

21.11.1 Except as provided below neither the Borrower nor any other member of the Group may acquire a company or any shares or securities or a business or undertaking (or, in each case, any interest in any of them).

21.11.2 Clause 21.11.1 does not apply to:

- (a) an acquisition by a member of the Group of an asset sold, leased, transferred or otherwise disposed of by another member of the Group as permitted under Clause 21.6 (*Disposals*) above; or
- (b) any Permitted Acquisition.

## 21.12 Prohibition on Debt Purchase Transactions of the Group

The Borrower shall not, and shall procure that no other member of the Group shall, enter into any Debt Purchase Transaction.

### 21.13 **Prohibitions on Subsidiary Financial Indebtedness**

The Borrower shall procure that no member of the Group (other than the Borrower, any Distribution Company or any Subsidiary which is not a Holding Company of a Distribution Company) will incur or allow to remain outstanding any Financial Indebtedness (other than Financial Indebtedness owed to another member of the Group).

### 21.14 **Arm's length transactions**

The Borrower shall not (and shall ensure that no member of the Group shall) enter into any material transactions with any other member of the PPL Group except on arm's length terms and for full market value (or on terms which are more favourable to the Group).

### 21.15 **Pensions**

21.15.1 The Borrower shall ensure that no action or omission is taken by any member of the Group in relation to a pension scheme which has or is reasonably likely to have a Material Adverse Effect (including, without limitation, the termination or commencement of winding-up proceedings of any such pension scheme).

21.15.2 Except in respect of WPD South Wales Plc for the Western Power Utilities Pension Scheme, the Infracore 92 Scheme and the WPD Group Electricity Supply Pension Scheme (and in the case of merger, the CN Group of the ESPS) the Borrower shall ensure that no member of the Group is an employer (for the purposes of sections 38 to 51 of the Pensions Act 2004) of an occupational pension scheme which is not a money purchase scheme (both terms as defined in the Pension Schemes Act 1993) or "connected" with or an "associate" of (as those terms are used in sections 38 or 43 of the Pensions Act 2004) such an employer.

### 21.16 **Licence**

The Borrower will procure that each Distribution Company will at all times:

21.16.1 comply with the terms of its Licence in all material respects;

21.16.2 without prejudice to the generality of Clause 21.16.1, comply with the ring fencing provisions of its Licence in all respects; and

21.16.3 not take any action or make any omission which is reasonably likely to result in the revocation or termination of its Licence,

in each case if failure to do so would have or would be reasonably likely to have a Material Adverse Effect.

### 21.17 **Dividends and Distribution**

The Borrower (and any other member of the Group) will be permitted, at any time, to:

21.17.1 declare, make or pay any dividend, charge, fee or other distribution (or interest on any unpaid dividend, charge, fee or other distribution) (whether in cash or in kind) on or in respect of its share capital (or any class of its share capital);

21.17.2 repay or distribute any dividend or share premium reserve;

- 21.17.3 pay or allow any member of the Group to pay any management, advisory or other fee to or to the order of any of the shareholders of the Borrower or their Affiliates (not being members of the Group);
- 21.17.4 redeem, repurchase, defease, retire or repay any of its share capital or resolve to do so;
- 21.17.5 make a loan to any of the shareholders of the Borrower or their Affiliates (not being members of the Group); or
- 21.17.6 repay or prepay any amount (in case or in kind) (including, without limitation, in respect of principal, interest, capitalised interest, commission, charges and fees) under any loan from the shareholders of the Borrower or their Affiliates (not being members of the Group),

**provided that**, on or prior to the date of such payment, the Borrower has delivered a certificate to the Agent confirming that, taking into account such payment, Total Net Debt will not exceed 85% and the Borrower will be in compliance with its obligations under Clause 20.3 (*Interest Cover*) in each case on each of the two immediately succeeding Calculation Dates.

## 21.18 Sanctions

21.18.1 The Borrower shall ensure that no member of the Group directly or indirectly:

- (a) uses, lends, contributes or otherwise makes available any part of the proceeds of the Loan:
  - (i) for the purpose of financing any trade, business or other activities involving, or for the benefit of, any Restricted Party; or
  - (ii) in any other manner that results in any person being in breach of any Sanctions or becoming a Restricted Party; or
- (b) funds all or part of any payment in connection with a Finance Document out of proceeds derived from transactions with a Restricted Party.

21.18.2 The Borrower shall ensure that each member of the Group will ensure that appropriate policies, procedures, controls and safeguards are in place designed to prevent any action being taken that would be contrary to Clause 21.18.1.

21.18.3 Nothing in this Clause 21.18 shall create or establish an obligation or right for any member of the Group to the extent that, by agreeing to it, compliance with it, exercising it, having such obligation or right, or otherwise, would be placed in violation of any law applicable to it.

21.18.4 The Borrower shall only undertake under this Clause 21.18 to the extent that giving or complying with such undertaking does not result in any violation of, conflict with or liability under the Blocking Regulation.

21.18.5 This Clause 21.18 shall only apply for the benefit of a Finance Party to the extent that this Clause 21.18 would not result in any violation of, conflict with or liability under the Blocking Regulation.

## 21.19 Anti-corruption law

21.19.1 The Borrower shall not (and shall ensure that no other member of the Group will) directly or indirectly use the proceeds of the Facility for any purpose which would breach the Bribery Act 2010, the United States Foreign Corrupt Practices Act of 1977 or other similar legislation in other jurisdictions.

21.19.2 The Borrower shall (and shall ensure that each other member of the Group will):

- (a) conduct its business in compliance with applicable anti-corruption laws; and
- (b) maintain policies and procedures designed to promote and achieve compliance with such laws.

## **22. EVENTS OF DEFAULT**

### **22.1 Events of Default**

Each of the events set out in this Clause (other than in Clause 22.14 (*Acceleration*)) is an Event of Default.

### **22.2 Non-payment**

The Borrower fails to pay any sum payable under any Finance Document when due unless its failure to pay is caused by:

22.2.1 administrative or technical error; or

22.2.2 a Disruption Event,

and payment is made within five Business Days of its due date.

### **22.3 Breach of other obligations**

22.3.1 The Borrower does not perform or comply with its obligations under Clause 20 (*Financial Covenants*).

22.3.2 The Borrower does not perform or comply with any of its other obligations under any Finance Document (other than those referred to in Clause 22.2 (*Non-payment*) and in Clause 22.3.1) in any material respect or any representation or warranty by the Borrower in this Agreement (or in any document delivered under this Agreement is or proves to have been incorrect when made or deemed repeated, unless the non-compliance or circumstance giving rise to the misrepresentation, as the case may be, is capable of remedy and is not remedied within 20 Business Days of the earlier of the Agent giving notice requiring the same to be remedied and the Borrower becoming aware of such non-compliance or misrepresentation, as the case may be.

### **22.4 Cross-default**

22.4.1 Any Financial Indebtedness of the Borrower or any Distribution Company is not paid when due nor within any originally applicable grace period.

22.4.2 Any Financial Indebtedness of the Borrower or any Distribution Company is declared to be or otherwise becomes due and payable prior to its specified maturity as a result of an event of default (however described).

22.4.3 Any commitment for any Financial Indebtedness of the Borrower or any Distribution Company is cancelled or suspended by a creditor of that member of the Group as a result of an event of default (however described).

22.4.4 Any creditor of the Borrower or any Distribution Company becomes entitled to declare any Financial Indebtedness of any member of the Group due and payable prior to its specified maturity as a result of an event of default (however described).

22.4.5 No Event of Default will occur under this Clause 22.4:

(a) in respect of any Financial Indebtedness in respect of:

(i) intra-Group items; or

(ii) loans from Affiliates (other than any member of the Group) and/or shareholder loans to the extent that such loans from Affiliates and/or shareholder loans are subordinated on the terms set out in a Subordination Deed;  
or

(b) unless and until the aggregate amount of such Financial Indebtedness falling within Clauses 22.4.1 to 22.4.4 is more than £20,000,000 or its equivalent in any other currency or currencies.

## 22.5 **Insolvency**

22.5.1 Any of the following occurs in respect of the Borrower:

(a) it is unable to pay its debts generally as they fall due or is declared to be unable to pay its debts under applicable law;

(b) it suspends making payments on all or any class of its debts or publicly announces an intention to do so;

(c) by reason of actual or anticipated financial difficulties, it begins negotiations with all or any class of its creditors for the general rescheduling of its indebtedness; or

(d) a moratorium is declared in respect of any of its indebtedness.

22.5.2 If a moratorium occurs in respect of the Borrower, the ending of the moratorium will not remedy any Event of Default caused by the moratorium.

## 22.6 **Insolvency proceedings**

22.6.1 Except as provided below, any of the following occurs in respect of the Borrower:

(a) a suspension of payments, a moratorium of any indebtedness or a reorganisation (by way of voluntary arrangement, scheme of arrangement or otherwise);

(b) any person presents a petition for its winding-up, administration or dissolution;

(c) an order for its winding-up, administration or dissolution is made;

- (d) any liquidator, trustee in bankruptcy, judicial custodian, compulsory manager, receiver, administrative receiver, administrator or similar officer is appointed in respect of it or any of its assets;
- (e) its directors or other officers request the appointment of a liquidator, trustee in bankruptcy, judicial custodian, compulsory manager, receiver, administrative receiver, administrator or similar officer;
- (f) enforcement of any Security over any of its assets; or
- (g) any other analogous step or procedure is taken in any jurisdiction.

22.6.2 Clause 22.6.1 does not apply to:

- (a) a petition for winding-up presented by a creditor which is being actively contested in good faith and with due diligence and with a reasonable prospect of success;
- (b) a voluntary solvent winding-up, amalgamation, reconstruction or reorganisation or otherwise part of a solvent scheme of arrangement;
- (c) any action, legal proceedings or other step over or relating to assets (other than, in the case of Clause 22.6.1(f), the shares of any immediate Subsidiary of the Borrower which is a Holding Company of any Distribution Company) the aggregate value of which does not exceed £20,000,000 (or its equivalent in other currencies).

## 22.7 Creditors' process

A distress, attachment, execution or other legal process (in each case other than to the extent such process is frivolous or vexatious) which is material in relation to the Borrower's ability to perform its payment obligations under this Agreement is levied, enforced or sued out on or against the assets of the Borrower and is not discharged or stayed within 30 days.

## 22.8 Licence

Either:

22.8.1 notice is given to revoke or terminate any Licence unless such termination is being contested in good faith and such notice is revoked or cancelled within 14 days of notice being given; or

22.8.2 any Licence is revoked,

in either case, other than in circumstances which permit the Borrower or the relevant Distribution Company to carry on the distribution business of the relevant Distribution Company either without a licence as a result of any change in the Act or regulatory regime or with a new licence, permitting the distribution of electricity in the authorised areas covered by the relevant Licence, issued under the Act or pursuant to the Utilities Act, 2000.

## 22.9 Unlawfulness and invalidity

22.9.1 It is or becomes unlawful for the Borrower to perform any of its obligations under the Finance Documents in any material respect.

22.9.2 Any obligation or obligations of the Borrower under any Finance Documents are not (subject to the Legal Reservations) or cease to be legal, valid, binding or enforceable and the cessation individually or cumulatively materially and adversely affects the interests of the Lenders under the Finance Documents.

#### 22.10 Cessation of business

The Borrower or any Distribution Company suspends or ceases to carry on (or threatens to suspend or cease to carry on) all or a material part of its business except as a result of a disposal permitted by Clause 21.6 (*Disposals*).

#### 22.11 Repudiation and rescission of agreements

The Borrower rescinds or purports to rescind or repudiates or purports to repudiate a Finance Document or evidences an intention to rescind or repudiate a Finance Document.

#### 22.12 Ownership of the Distribution Companies

The Borrower ceases to own (directly or indirectly) 100% of the shares in any Distribution Company.

#### 22.13 Expropriation

The authority or ability of the Borrower or any Distribution Company to conduct its business is limited or wholly or substantially curtailed by any seizure, expropriation, nationalisation, intervention, restriction or other action by or on behalf of any governmental, regulatory or other authority or other person in relation to the Borrower or any Distribution Company or, in each case, any of their respective assets, in a manner or to an extent that has or is reasonably likely to have a Material Adverse Effect.

#### 22.14 Acceleration

If an Event of Default is outstanding, the Agent may, and shall if so directed by the Majority Lenders, by notice to the Borrower:

22.14.1 cancel the Total Commitments; and/or

22.14.2 declare that all or part of any amounts outstanding under the Finance Documents are:

(a) immediately due and payable; and/or

(b) payable on demand by the Agent.

Any notice given under this Clause will take effect in accordance with its terms.

### 23. CONDUCT OF BUSINESS BY THE FINANCE PARTIES

Subject to Clause 12.4 (*Tax Credit*), no provision of this Agreement will:

23.1.1 interfere with the right of any Finance Party to arrange its affairs (tax or otherwise) in whatever manner it thinks fit;

23.1.2 oblige any Finance Party to investigate or claim any credit, relief, remission or repayment available to it or the extent, order and manner of any claim; or

23.1.3 oblige any Finance Party to disclose any information relating to its affairs (tax or otherwise) or any computations in respect of Tax.

## **24. EVIDENCE AND CALCULATIONS**

### **24.1 Accounts**

In any litigation or arbitration proceedings arising out of or in connection with a Finance Document, the entries made in the accounts maintained by a Finance Party are *prima facie* evidence of the matters to which they relate.

### **24.2 Certificates and determinations**

Any certification or determination by a Finance Party of a rate or amount under the Finance Documents will be, in the absence of manifest error, conclusive evidence of the matters to which it relates.

### **24.3 Calculations**

Any interest or fee accruing under this Agreement accrues from day to day and is calculated on the basis of the actual number of days elapsed and a year of 365 days fixed.

## **25. OTHER INDEMNITIES**

### **25.1 Currency indemnity**

25.1.1 The Borrower must, as an independent obligation, indemnify each Finance Party against any loss or liability which that Finance Party incurs as a consequence of:

- (a) that Finance Party receiving an amount in respect of the Borrower's liability under the Finance Documents; or
- (b) that liability being converted into a claim, proof, judgment or order,

in a currency other than the currency in which the amount is expressed to be payable under the relevant Finance Document.

25.1.2 Unless otherwise required by law, the Borrower waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency other than that in which it is expressed to be payable.

### **25.2 Other indemnities**

The Borrower shall within 15 days of demand indemnify the Agent and each Lender against any funding or other cost, loss, expense or liability in an amount certified by it in reasonable detail (together with documentation in support) sustained or incurred by it as a direct result of:

- 25.2.1 the occurrence of any Event of Default;
- 25.2.2 (other than by reason of negligence or default by a Finance Party) a Loan not being made after a Request has been delivered; or
- 25.2.3 the Loan (or part of the Loan) not being prepaid in accordance with a notice of prepayment given by the Borrower.

### 25.3 **Indemnity to the Agent**

The Borrower shall within 15 days of demand indemnify the Agent against any cost, loss or liability incurred by the Agent (acting reasonably) as a result of:

- 25.3.1 investigating any event which it reasonably believes is a Default;
- 25.3.2 acting or relying on any notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised; or
- 25.3.3 instructing lawyers, accountants, tax advisers, surveyors or other professional advisers or experts as permitted under this Agreement.

## 26. **EXPENSES**

### 26.1 **Initial costs**

The Borrower must pay to the Original Lender and the Agent promptly on demand the amount of all costs and expenses (including legal fees, subject to any agreed caps) reasonably incurred by it in connection with the negotiation, preparation, printing and execution of the Finance Documents.

### 26.2 **Subsequent costs**

The Borrower must pay to the Agent promptly on demand the amount of all costs and expenses (including legal fees, subject to any agreed caps) reasonably incurred by it in connection with:

- 26.2.1 the negotiation, preparation, printing and execution of any Finance Document (other than a Transfer Certificate or Assignment Agreement) executed after the date of this Agreement; and
- 26.2.2 any amendment, waiver or consent requested by or on behalf of the Borrower or specifically allowed by this Agreement.

### 26.3 **Enforcement costs**

The Borrower must pay to each Finance Party the amount of all costs and expenses (including legal fees) incurred by it in connection with the enforcement of, or the preservation of any rights under, any Finance Document.

## 27. **AMENDMENTS AND WAIVERS**

### 27.1 **Required consents**

- 27.1.1 Subject to Clause 27.2 (*All Lender matters*), any term of the Finance Documents may be amended or waived only with the consent of the Majority Lenders and the Borrower and any such amendment or waiver will be binding on all Parties.
- 27.1.2 The Agent may effect, on behalf of any Finance Party, any amendment or waiver permitted by this Clause 27.
- 27.1.3 Without prejudice to the generality of Clauses 30.6.3 to 30.6.5 (inclusive) (*Rights and discretions*), the Agent may engage, pay for and rely on the services of lawyers in determining the consent level required for and effecting any amendment, waiver or consent under this Agreement.

27.1.4 Clause 29.12.2 (*Pro rata interest settlement*) applies to this Clause 27.

## 27.2 All Lender matters

27.2.1 Subject to Clause 27.2.2, Clause 27.4 (*Replacement of Screen Rate*) and Clause 27.5 (*Excluded Commitments*), an amendment, waiver of, or in relation to, any term of any Finance Document that has the effect of changing or which relates to:

- (a) the definition of “**Majority Lenders**”;
- (b) an extension to the date of payment of any amount under the Finance Documents;
- (c) a reduction in the Margin or a reduction in the amount of any payment of principal, interest, fees or commission payable under the Finance Documents, in each case other than pursuant to Clause 27.4 (*Replacement of Screen Rate*);
- (d) an increase in any Commitment or the Total Commitments, an extension of the Availability Period or any requirement that a cancellation of Commitments reduces the Commitments of the Lenders rateably under the Facility;
- (e) any provision which expressly requires the consent of all the Lenders;
- (f) Clause 2.2 (*Finance Parties’ rights and obligations*), Clause 29.1 (*Assignments and transfers by the Lenders*), Clause 38 (*Governing Law*), Clause 39 (*Enforcement*) or this Clause 27; and

shall not be made or given without the prior consent of all the Lenders.

27.2.2 An amendment or waiver which relates to the rights or obligations of the Agent or a Reference Bank (each in their capacity as such) may not be effected without the consent of the Agent or that Reference Bank (as the case may be).

## 27.3 Disenfranchisement of Defaulting Lenders

27.3.1 For so long as a Defaulting Lender has any Available Commitment, in ascertaining:

- (a) the Majority Lenders; or
- (b) whether:
  - (i) any given percentage (including, for the avoidance of doubt, unanimity) of the Total Commitments under the Facility; or
  - (ii) the agreement of a specified group of Lenders,

has been obtained to approve any request for a consent, waiver, amendment or other vote of Lenders under the Finance Documents, that Defaulting Lender’s Commitments will be reduced by the amount of its Available Commitments and, to the extent that that reduction results in that Defaulting Lender’s Commitments being zero, that Defaulting Lender shall be deemed not to be a Lender for the purposes of paragraphs (a) and (b) above.

27.3.2 For the purposes of this Clause 27.3, the Agent may assume that the following Lenders are Defaulting Lenders:

- (a) any Lender which has notified the Agent that it has become a Defaulting Lender; and
- (b) any Lender in relation to which it is aware that any of the events or circumstances referred to in paragraph (a), (b) or (c) of the definition of “**Defaulting Lender**” has occurred,

unless it has received notice to the contrary from the Lender concerned (together with any supporting evidence reasonably requested by the Agent) or the Agent is otherwise aware that the relevant Lender has ceased to be a Defaulting Lender.

## 27.4 Replacement of Screen Rate

27.4.1 If a Screen Rate Replacement Event has occurred in relation to LIBOR, any amendment or waiver which relates to:

- (a) providing for the use of a Replacement Benchmark in place of LIBOR; and
- (b)
  - (i) aligning any provision of any Finance Document to the use of that Replacement Benchmark;
  - (ii) enabling that Replacement Benchmark to be used for the calculation of interest under this Agreement (including, without limitation, any consequential changes required to enable that Replacement Benchmark to be used for the purposes of this Agreement);
  - (iii) implementing market conventions applicable to that Replacement Benchmark;
  - (iv) providing for appropriate fallback (and market disruption) provisions for that Replacement Benchmark; or
  - (v) adjusting the pricing to reduce or eliminate, to the extent reasonably practicable, any transfer of economic value from one Party to another as a result of the application of that Replacement Benchmark (and if any adjustment or method for calculating any adjustment has been formally designated, nominated or recommended by the Relevant Nominating Body, the adjustment shall be determined on the basis of that designation, nomination or recommendation),

may be made with the consent of the Agent (acting on the instructions of the Majority Lenders) and the Borrower.

27.4.2 If any Lender fails to respond to a request for an amendment or waiver described in Clause 27.4.1 above within 15 Business Days (or such longer time period in relation to any request which the Borrower and the Agent may agree) of that request being made:

- (a) its Commitment(s) shall not be included for the purpose of calculating the Total Commitments under the Facility when ascertaining whether any relevant percentage of Total Commitments has been obtained to approve that request; and

- (b) its status as a Lender shall be disregarded for the purpose of ascertaining whether the agreement of any specified group of Lenders has been obtained to approve that request.

27.4.3 In this Clause:

**“Relevant Nominating Body”** means any applicable central bank, regulator or other supervisory authority or a group of them, or any working group or committee sponsored or chaired by, or constituted at the request of, any of them or the Financial Stability Board.

**“Replacement Benchmark”** means a benchmark rate which is:

- (i) formally designated, nominated or recommended as the replacement for a Screen Rate by:
  - (A) the administrator of that Screen Rate (**provided** that the market or economic reality that such benchmark rate measures is the same as that measured by that Screen Rate); or
  - (B) any Relevant Nominating Body,and if replacements have, at the relevant time, been formally designated, nominated or recommended under both paragraphs, the “Replacement Benchmark” will be the replacement under paragraph (B) above;
- (ii) in the opinion of the Majority Lenders and the Borrower, generally accepted in the international or any relevant domestic syndicated loan markets as the appropriate successor to a Screen Rate; or
- (iii) in the opinion of the Majority Lenders and the Borrower, an appropriate successor to a Screen Rate.

**“Screen Rate Replacement Event”** means, in relation to a Screen Rate:

- (i) the methodology, formula or other means of determining that Screen Rate has, in the opinion of the Majority Lenders, and the Borrower materially changed;
- (ii)
  - (A)
    - (1) the administrator of that Screen Rate or its supervisor publicly announces that such administrator is insolvent; or
    - (2) information is published in any order, decree, notice, petition or filing, however described, of or filed with a court, tribunal, exchange, regulatory authority or similar administrative, regulatory or judicial body which reasonably confirms that the administrator of that Screen Rate is insolvent,

**provided** that, in each case, at that time, there is no successor administrator to continue to provide that Screen Rate;

- (B) the administrator of that Screen Rate publicly announces that it has ceased or will cease, to provide that Screen Rate permanently or indefinitely and, at that time, there is no successor administrator to continue to provide that Screen Rate;
  - (C) the supervisor of the administrator of that Screen Rate publicly announces that that Screen Rate has been or will be permanently or indefinitely discontinued; or
  - (D) the administrator of that Screen Rate or its supervisor announces that that Screen Rate may no longer be used; or
- (iii) the administrator of that Screen Rate determines that that Screen Rate should be calculated in accordance with its reduced submissions or other contingency or fallback policies or arrangements and either:
- (A) the circumstance(s) or event(s) leading to such determination are not (in the opinion of the Majority Lenders and the Borrower) temporary; or
  - (B) that Screen Rate is calculated in accordance with any such policy or arrangement for a period no less than 15 Business Days; or
- (iv) in the opinion of the Majority Lenders and the Borrower, that Screen Rate is otherwise no longer appropriate for the purposes of calculating interest under this Agreement.

## 27.5 Excluded Commitments

- 27.5.1 If any Lender fails to respond to a request for a consent, waiver, amendment of or in relation to any of the terms of any Finance Document or other vote of Lenders under the terms of this Agreement within 10 Business Days of that request being made (unless the Borrower and the Agent agree to a longer time period in relation to any request) then:
- (a) its Commitment and/or participation shall not be included for the purpose of calculating the Total Commitments or participations under the relevant Facilities when ascertaining whether any relevant percentage (including, for the avoidance of doubt, unanimity) of Total Commitments and/or participations has been obtained to approve that request or carry that vote (as applicable); and
  - (b) its status as a Lender shall be disregarded for the purpose of ascertaining whether the agreement of any specified group of Lenders has been obtained to approve that request or carry that vote (as applicable).
- 27.5.2 In connection with any request or vote in relation to any consent, waiver, amendment or breach of or in relation to any part of Clause 18.18 (*Sanctions*) or Clause 21.18 (*Sanctions*) of which a Lender notifies the Agent that it does not have the benefit:
- (a) its Commitment and/or participation shall not be included for the purpose of calculating the Total Commitments or participations under the relevant Facilities when ascertaining whether any relevant percentage (including, for the avoidance of doubt, unanimity) of Total Commitments and/or participations has been obtained to approve that request or carry that vote (as applicable); and

- (b) its status as a Lender shall be disregarded for the purpose of ascertaining whether the agreement of any specified group of Lenders has been obtained to approve that request or carry that vote (as applicable).

## 27.6 **Waivers and remedies cumulative**

No failure to exercise, nor any delay in exercising, on the part of any Finance Party, any right or remedy under a Finance Document shall operate as a waiver of any such right or remedy or constitute an election to affirm any Finance Document. No election to affirm any Finance Document on the part of any Finance Party shall be effective unless it is in writing. No single or partial exercise of any right or remedy shall prevent any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in each Finance Document are cumulative and not exclusive of any rights or remedies provided by law.

## 28. **CHANGES TO THE BORROWER**

The Borrower may not assign or transfer any of its rights and obligations under the Finance Documents.

## 29. **CHANGES TO THE LENDERS**

### 29.1 **Assignments and transfers by the Lenders**

Subject to this Clause 29, a Lender (an “**Existing Lender**”) may:

- 29.1.1 assign any of its rights;
- 29.1.2 transfer by novation any of its rights and/or obligations; and/or
- 29.1.3 enter into a sub-participation in respect of its rights,

under the Finance Documents to another bank or financial institution or to a trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (a “**New Lender**”).

### 29.2 **Borrower consent**

- 29.2.1 The consent of the Borrower is required for any (i) assignment; (ii) transfer; or (iii) sub-participation involving the transfer of voting rights (a “**Voting Sub-participation**”) unless the assignment, transfer of Voting Sub-participation is:
  - (a) to another Lender or an Affiliate of any Lender; or
  - (b) made at a time when an Event of Default is continuing.
- 29.2.2 The consent of the Borrower must not be unreasonably withheld or delayed. The Borrower will be deemed to have given its consent 10 Business Days after the Existing Lender has requested it unless consent is expressly refused by the Borrower within that time.
- 29.2.3 Notwithstanding the foregoing, the prior consent of the Borrower shall be required (and the provision of Clause 29.2.2 shall not apply) if the assignment or transfer or Voting Sub-Participation is to a person which is (i) a Competitor, (ii) a Distressed Debt Fund or (iii) a Hedge Fund, unless in the case of an assignment or transfer to a Distressed

Debt Fund or a Hedge Fund only, such assignment or transfer is made when an Event of Default is continuing.

### 29.3 **Other conditions of assignment or transfer**

29.3.1 An assignment will only be effective on:

- (a) receipt by the Agent in the Assignment Agreement of written confirmation from the New Lender (in form and substance satisfactory to the Agent) that the New Lender will assume the same obligations to the other Finance Parties as it would have been under had it been the Original Lender; and
- (b) performance by the Agent of all necessary “know your customer” or other similar checks under all applicable laws and regulations in relation to such assignment to a New Lender, the completion of which the Agent shall promptly notify to the Existing Lender and the New Lender.

29.3.2 A transfer will only be effective if the procedure set out in Clause 29.5 (*Procedure for transfer*) is complied with.

29.3.3 Each New Lender must:

- (a) enter into a Confidentiality Undertaking prior to entering into any assignment or transfer pursuant to this Clause 29; and
- (b) confirm to the Borrower and the relevant Existing Lender in its Transfer Certificate, Assignment Agreement or, in the case of a Voting Sub-Participation, otherwise in writing that it is not an entity referred to in Clause 29.2.3 (*Borrower consent*).

29.3.4 The Existing Lender must provide the Borrower with details of the full legal name of the recipient of any voting rights where a Voting Sub-Participation occurs.

29.3.5 Any transfer by an Existing Lender shall be of a minimum amount of £10,000,000 and shall not be permitted if it would result in the aggregate Commitments of any Lender being less than £10,000,000 (unless, in each case, the Existing Lender is transferring its entire Commitment).

29.3.6 Each New Lender, by executing the relevant Transfer Certificate or Assignment Agreement, confirms, for the avoidance of doubt, that the Agent has authority to execute on its behalf any amendment or waiver that has been approved by or on behalf of the requisite Lender or Lenders in accordance with this Agreement, on or prior to the date on which the transfer or assignment becomes effective in accordance with this Agreement, and that it is bound by that decision to the same extent as the Existing Lender would have been had it remained a Lender.

### 29.4 **Assignment or transfer fee**

The New Lender shall, on the date upon which an assignment or transfer takes effect, pay to the Agent (for its own account) a fee of £2,500.

### 29.5 **Procedure for transfer**

29.5.1 Subject to the conditions set out in Clause 29.2 (*Borrower consent*) and Clause 29.3 (*Other conditions of assignment or transfer*), a transfer is effected in accordance with

Clause 29.5.3 below when the Agent executes an otherwise duly completed Transfer Certificate delivered to it by the Existing Lender and the New Lender and the Agent makes a corresponding entry in the Register pursuant to Clause 29.7 (*The Register*). The Agent shall, subject to Clause 29.5.2 below, as soon as reasonably practicable after receipt by it of a duly completed Transfer Certificate appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Transfer Certificate, and make such corresponding entry in the Register.

29.5.2 The Agent shall only be obliged to execute a Transfer Certificate delivered to it by the Existing Lender and the New Lender and make a corresponding entry in the Register once it is satisfied that it has complied with all necessary “know your customer” or other similar checks under all applicable laws and regulations in relation to the transfer to such New Lender.

29.5.3 Subject to Clause 29.12.2 (*Pro rata interest settlement*), on the Transfer Date:

- (a) to the extent that in the Transfer Certificate the Existing Lender seeks to transfer by novation its rights and obligations under the Finance Documents, the Borrower and the Existing Lender shall be released from further obligations towards one another under the Finance Documents and their respective rights against one another under the Finance Documents shall be cancelled (being the “**Discharged Rights and Obligations**”);
- (b) the Borrower and the New Lender shall assume obligations towards one another and/or acquire rights against one another which differ from the Discharged Rights and Obligations only insofar as the Borrower and the New Lender have assumed and/or acquired the same in place of the Borrower and the Existing Lender;
- (c) the Agent, the New Lender and the other Lenders shall acquire the same rights and assume the same obligations between themselves as they would have acquired and assumed had the New Lender been the Original Lender with the rights and/or obligations acquired or assumed by it as a result of the transfer, and to that extent that the Agent and the Existing Lender shall each be released from further obligations to each other under the Finance Documents; and
- (d) the New Lender shall become a Party as a Lender.

## 29.6 Procedure for assignment

29.6.1 Subject to the conditions set out in Clause 29.2 (*Borrower consent*) and Clause 29.3 (*Other conditions of assignment or transfer*), an assignment may be effected in accordance with Clause 29.6.3 below when the Agent executes an otherwise duly completed Assignment Agreement delivered to it by the Existing Lender and the New Lender. The Agent shall, subject to paragraph 29.6.2 below, as soon as reasonably practicable after receipt by it of a duly completed Assignment Agreement appearing on its face to comply with the terms of this Agreement and delivered in accordance with the terms of this Agreement, execute that Assignment Agreement.

29.6.2 The Agent shall only be obliged to execute an Assignment Agreement delivered to it by the Existing Lender and the New Lender once it is satisfied it has complied with all necessary “know your customer” or other similar checks under all applicable laws and regulations in relation to the assignment to such New Lender.

29.6.3 Subject to Clause 29.12.2 (*Pro rata interest settlement*), on the Transfer Date:

- (a) the Existing Lender will assign absolutely to the New Lender its rights under the Finance Documents expressed to be the subject of the assignment in the Assignment Agreement;
- (b) the Existing Lender will be released by the Borrower and the other Finance Parties from the obligations owed by it (the “**Relevant Obligations**”) and expressed to be the subject of the release in the Assignment Agreement; and
- (c) the New Lender shall become a Party as a Lender and will be bound by obligations equivalent to the Relevant Obligations.

29.6.4 Lenders may utilise procedures other than those set out in this Clause 29.6 to assign their rights under the Finance Documents (but not without the consent of the Borrower or unless in accordance with Clause 29.5 (*Procedure for transfer*), to obtain a release by the Borrower from the obligations owed to the Borrower by the Lenders nor the assumption of equivalent obligations by a New Lender) **provided** that they comply with the conditions set out in Clause 29.2 (*Borrower consent*) and Clause 29.3 (*Other conditions of assignment or transfer*).

## 29.7 **The Register**

The Agent, acting for these purposes solely as an agent of the Borrowers, shall maintain a register (the “**Register**”) for the recordation of the names and addresses of the Lenders and the respective amounts of the Commitments and Loans of each Lender from time to time. The Agent shall update the Register to reflect any assignments or transfers made pursuant to this Clause 29 and, notwithstanding anything else in this Agreement, such assignments or transfers are not effective until reflected in the Register. Absent manifest error, the entries in the Register shall be conclusive and binding for all purposes and the Borrower, the Agent and the Lenders shall treat each person whose name is recorded in the Register as Lender hereunder for all purposes of this Agreement. The Agent shall make a copy of the Register available for inspection by the Borrower and the Borrowers upon reasonable prior notice.

## 29.8 **Limitation of responsibility of Existing Lender**

29.8.1 Unless expressly agreed to the contrary, an Existing Lender is not responsible to a New Lender for the legality, validity, adequacy, accuracy, completeness or performance of:

- (a) any Finance Document or any other document; or
- (b) any statement or information (whether written or oral) made in or supplied in connection with any Finance Document, and any representations or warranties implied by law are excluded.

29.8.2 The New Lender confirms to the Existing Lender that it:

- (a) has made, and will continue to make, its own independent appraisal of all risks arising under or in connection with the Finance Documents (including the financial condition and affairs of the Borrower and its related entities and the nature and extent of any recourse against any Party or its assets) in connection with its participation in this Agreement; and

- (b) has not relied exclusively on any information supplied to it by the Existing Lender in connection with any Finance Document.

29.8.3 Nothing in any Finance Document requires an Existing Lender to:

- (a) accept a re-transfer or re-assignment from a New Lender of any of the rights and obligations assigned or transferred under this Clause; or
- (b) support any losses incurred by the New Lender by reason of the non-performance by the Borrower of its obligations under any Finance Document or otherwise.

#### 29.9 **Costs resulting from change of Lender or Facility Office**

If:

29.9.1 a Lender assigns or transfers any of its rights and obligations under the Finance Documents or changes its Facility Office; and

29.9.2 as a result of circumstances existing at the date the assignment, transfer or change occurs, the Borrower would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 12 (Tax gross-up and indemnities), Clause 13 (*Increased costs*) or Clause 10.3 (*Market disruption*),

then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under those Clauses to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred.

#### 29.10 **Copy of Transfer Certificate, Assignment Agreement or Increase Confirmation to Borrower**

The Agent shall, as soon as reasonably practicable after it has executed a Transfer Certificate or an Assignment Agreement, send to the Borrower a copy of that Transfer Certificate or Assignment Agreement.

#### 29.11 **Security over Lenders' rights**

In addition to the other rights provided to the Lenders under this Clause 29, each Lender may without consulting with or obtaining consent from the Borrower, at any time charge, assign or otherwise create security in or over (whether by way of collateral or otherwise) all or any of its rights under any Finance Document to secure obligations of that Lender including, without limitation:

29.11.1 any charge, assignment or other security to secure obligations to a federal reserve, central bank, governmental authority, agency or department (including Her Majesty's Treasury); and

29.11.2 in the case of any Lender which is a fund, any charge, assignment or other security granted to any holders (or trustee or representatives of holders) of obligations owed, or securities issued, by that Lender as security for those obligations or securities,

except that no such charge, assignment or security shall:

- (a) release a Lender from any of its obligations under the Finance Documents or substitute the beneficiary of the relevant charge, assignment or other security for the relevant Lender as a party to any of the Finance Documents; or
- (b) require any payments to be made by the Borrower or grant to any person any more extensive rights than those required to be made or granted to the relevant Lender under the Finance Documents.

## 29.12 Pro rata interest settlement

29.12.1 If the Agent has notified the Lenders that it is able to distribute interest payments on a “*pro rata*” basis to Existing Lenders and New Lenders then (in respect of any transfer pursuant to Clause 29.5 (*Procedure for transfer*) or any assignment pursuant to Clause 29.6 (*Procedure for assignment*) the Transfer Date of which, in each case, is after the date of such notification and is not on the last day of an Interest Period):

- (a) any interest or fees in respect of the relevant participation which are expressed to accrue by reference to the lapse of time shall continue to accrue in favour of the Existing Lender up to but excluding the Transfer Date (“**Accrued Amounts**”) and shall become due and payable to the Existing Lender (without further interest accruing on them) on the last day of the current Interest Period; and
- (b) the rights assigned or transferred by the Existing Lender will not include the right to the Accrued Amounts so that, for the avoidance of doubt:
  - (i) when the Accrued Amounts become payable, those Accrued Amounts will be payable to the Existing Lender; and
  - (ii) the amount payable to the New Lender on that date will be the amount which would, but for the application of this Clause 29.12, have been payable to it on that date, but after deduction of the Accrued Amounts.

29.12.2 An Existing Lender which retains the right to the Accrued Amount pursuant to this Clause 29.12 but which does not have a Commitment shall be deemed not to be a Lender for the purposes of ascertaining whether the agreement of a specified group of Lenders has been obtained to approve any request for a consent, waiver, amendment or other vote of Lenders under the Finance Documents.

## 30. ROLE OF THE AGENT

### 30.1 Appointment of the Agent

30.1.1 Each of the Lenders appoints the Agent to act as its agent under and in connection with the Finance Documents.

30.1.2 Each of the Lenders authorises the Agent to perform the duties, obligations and responsibilities and to exercise the rights, powers, authorities and discretions specifically given to the Agent under or in connection with the Finance Documents, together with any other incidental rights, powers, authorities and discretions.

### 30.2 Instructions

30.2.1 The Agent shall:

- (a) unless a contrary indication appears in a Finance Document, exercise or refrain from exercising any right, power, authority or discretion vested in it as Agent in accordance with any instructions given to it by:
    - (i) all Lenders if the relevant Finance Document stipulates that the matter is an all Lender decision; and
    - (ii) in all other cases, the Majority Lenders; and
  - (b) not be liable for any act (or omission) if it acts (or refrains from acting) in accordance with paragraph (a) above.
- 30.2.2 The Agent shall be entitled to request instructions, or clarification of any instruction, from the Majority Lenders (or, if the relevant Finance Document stipulates that the matter is a decision for any other Lender or group of Lenders, from that Lender or group of Lenders) as to whether, and in what manner, it should exercise or refrain from exercising any right, power, authority or discretion and the Agent may refrain from acting unless and until it receives any such instructions or clarification that it has requested.
- 30.2.3 Save in the case of decisions stipulated to be a matter for any other Lender or group of Lenders under the relevant Finance Document and unless a contrary indication appears in a Finance Document, any instructions given to the Agent by the Majority Lenders shall override any conflicting instructions given by any other Parties and will be binding on all Finance Parties.
- 30.2.4 The Agent may refrain from acting in accordance with any instructions of any Lender or group of Lenders until it has received any indemnification and/or security that it may in its discretion require (which may be greater in extent than that contained in the Finance Documents and which may include payment in advance) for any cost, loss or liability which it may incur in complying with those instructions.
- 30.2.5 In the absence of instructions, the Agent may act (or refrain from acting) as it considers to be in the best interest of the Lenders.
- 30.2.6 The Agent is not authorised to act on behalf of a Lender (without first obtaining that Lender's consent) in any legal or arbitration proceedings relating to any Finance Document.

### 30.3 **Duties of the Agent**

- 30.3.1 The Agent's duties under the Finance Documents are solely mechanical and administrative in nature.
- 30.3.2 Subject to Clause 30.3.3 below, the Agent shall promptly forward to a Party the original or a copy of any document which is delivered to the Agent for that Party by any other Party.
- 30.3.3 Without prejudice to Clause 29.10 (*Copy of Transfer Certificate, Assignment Agreement to Company*), Clause 30.3.2 above shall not apply to any Transfer Certificate or to any Assignment Agreement.

- 30.3.4 Except where a Finance Document specifically provides otherwise, the Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.
- 30.3.5 If the Agent receives notice from a Party referring to this Agreement, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the other Finance Parties.
- 30.3.6 If the Agent is aware of the non-payment of any principal, interest, commitment fee or other fee payable to a Finance Party (other than the Agent) under this Agreement it shall promptly notify the other Finance Parties.
- 30.3.7 The Agent shall, within five Business Days of a request by the Borrower, provide to the Borrower a list of the current Lenders, their respective Commitments and contact details for any communication to be made or document to be delivered under or in connection with the Finance Documents, **provided** that the Agent shall have no obligation to provide such list more than once every Month.
- 30.3.8 The Agent shall have only those duties, obligations and responsibilities expressly specified in the Finance Documents to which it is expressed to be a party (and no others shall be implied).

#### 30.4 **No fiduciary duties**

- 30.4.1 Nothing in any Finance Document constitutes the Agent as a trustee or fiduciary of any other person.
- 30.4.2 The Agent shall not be bound to account to any Lender for any sum or the profit element of any sum received by it for its own account.

#### 30.5 **Business with the Group**

The Agent may accept deposits from, lend money to and generally engage in any kind of banking or other business with any member of the Group.

#### 30.6 **Rights and discretions**

- 30.6.1 The Agent may:
- (a) rely on any representation, communication, notice or document believed by it to be genuine, correct and appropriately authorised;
  - (b) assume that:
    - (i) any instructions received by it from the Majority Lenders, any Lenders or any group of Lenders are duly given in accordance with the terms of the Finance Documents; and
    - (ii) unless it has received notice of revocation, that those instructions have not been revoked; and
  - (c) rely on a certificate from any person:
    - (i) as to any matter of fact or circumstance which might reasonably be expected to be within the knowledge of that person; or

(ii) to the effect that such person approves of any particular dealing, transaction, step, action or thing,

as sufficient evidence that that is the case and, in the case of paragraph (i) above, may assume the truth and accuracy of that certificate.

30.6.2 The Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Lenders) that:

- (a) no Default has occurred (unless it has actual knowledge of a Default arising under Clause 22.2 (*Non-payment*)); and
- (b) any right, power, authority or discretion vested in any Party or any group of Lenders has not been exercised.

30.6.3 The Agent may engage and pay for the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts.

30.6.4 Without prejudice to the generality of paragraph 30.6.3 above or 30.6.5 below, the Agent may at any time engage and pay for the services of any lawyers to act as independent counsel to the Agent (and so separate from any lawyers instructed by the Lenders) if the Agent in its reasonable opinion deems this to be necessary or desirable.

30.6.5 The Agent may rely on the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts (whether obtained by the Agent or by any other Party) and shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of it so relying.

30.6.6 The Agent may act in relation to the Finance Documents through its officers, employees and agents and the Agent shall not:

- (a) be liable for any error of judgment made by any such person; or
- (b) be bound to supervise, or be in any way responsible for any loss incurred by reason of misconduct, omission or default on the part of any such person,

unless such error or such loss was directly caused by the Agent's gross negligence or wilful misconduct.

30.6.7 Unless a Finance Document expressly provides otherwise, the Agent may disclose to any other Party any information it reasonably believes it has received as agent under this Agreement.

30.6.8 Without prejudice to the generality of paragraph 30.6.7 above, the Agent:

- (a) may disclose; and
- (b) on the written request of the Borrower or the Majority Lenders shall, as soon as reasonably practicable, disclose, the identity of a Defaulting Lender to the Borrower and to the other Finance Parties.

30.6.9 Notwithstanding any other provision of any Finance Document to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable

opinion constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.

30.6.10 Notwithstanding any provision of any Finance Document to the contrary, the Agent is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties, obligations or responsibilities or the exercise of any right, power, authority or discretion, if it has grounds for believing that the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

30.6.11 The Agent may at any time appoint an Affiliate, agent, attorney-in-fact or sub-agent (a “**Sub-Agent**”) as deemed necessary by the Agent, to exercise all or a part of its rights, powers and duties under this Agreement or any other Finance Document (and Clause 30.10 (*Lenders’ indemnity to the Agent*) shall also apply to a Sub-Agent in the performance of any activity under this Clause **provided** that no Lender shall be required to so indemnify such Sub-Agent where: (i) any cost, loss or liability arises by reason of such Sub-Agent’s gross negligence or wilful misconduct; or (ii) if the claim is based on the fraud of such Sub-Agent).

### 30.7 **Responsibility for documentation**

The Agent is not responsible or liable for:

30.7.1 the adequacy, accuracy or completeness of any information (whether oral or written) supplied by the Agent, the Borrower or any other person in or in connection with any Finance Document or the transactions contemplated in the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

30.7.2 the legality, validity, effectiveness, adequacy or enforceability of any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; or

30.7.3 any determination as to whether any information provided or to be provided to any Finance Party is non-public information, the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise.

### 30.8 **No duty to monitor**

The Agent shall not be bound to enquire:

30.8.1 whether or not any Default has occurred;

30.8.2 as to the performance, default or any breach by any Party of its obligations under any Finance Document; or

30.8.3 whether any other event specified in any Finance Document has occurred.

### 30.9 **Exclusion of liability**

30.9.1 Without limiting paragraph 30.9.2 below (and without prejudice to any other provision of any Finance Document excluding or limiting the liability of the Agent), the Agent will not be liable (including, without limitation, for negligence or any other category of liability whatsoever) for:

- (a) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct;
- (b) exercising, or not exercising, any right, power, authority or discretion given to it by, or in connection with, any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, any Finance Document other than by reason of its gross negligence or wilful misconduct; or
- (c) without prejudice to the generality of paragraphs (a) and (b) above, any damages, costs or losses to any person, any diminution in value or any liability whatsoever (but not including any claim based on the fraud of the Agent) arising as a result of:
  - (i) any act, event or circumstance not reasonably within its control; or
  - (ii) the general risks of investment in, or the holding of assets in, any jurisdiction,

including (in each case and without limitation) such damages, costs, losses, diminution in value or liability arising as a result of: nationalisation, expropriation or other governmental actions; any regulation, currency restriction, devaluation or fluctuation; market conditions affecting the execution or settlement of transactions or the value of assets (including any Disruption Event); breakdown, failure or malfunction of any third party transport, telecommunications, computer services or systems; natural disasters or acts of God; war, terrorism, insurrection or revolution; or strikes or industrial action.

30.9.2 No Party (other than the Agent) may take any proceedings against any officer, employee or agent of the Agent in respect of any claim it might have against the Agent or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document, and any officer, employee or agent of the Agent may rely on this Clause 30.9 subject to Clause 1.3 (*Third Party Rights*) and the provisions of the Third Parties Act.

30.9.3 The Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Agent if the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.

30.9.4 Nothing in this Agreement shall oblige the Agent to carry out:

- (a) any “know your customer” or other checks in relation to any person; or
- (b) any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any Lender,

on behalf of any Lender and each Lender confirms to the Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Agent.

30.9.5 Without prejudice to any provision of any Finance Document excluding or limiting the Agent's liability, any liability of the Agent arising under or in connection with any Finance Document shall be limited to the amount of actual loss which has been finally judicially determined to have been suffered (as determined by reference to the date of default of the Agent or, if later, the date on which the loss arises as a result of such default), but without reference to any special conditions or circumstances known to the Agent at any time which increase the amount of that loss. In no event shall the Agent be liable for any loss of profits, goodwill, reputation, business opportunity or anticipated saving, or for special, punitive, indirect or consequential damages, whether or not the Agent has been advised of the possibility of such loss or damages.

#### 30.10 **Lenders' indemnity to the Agent**

Each Lender shall (in proportion to its share of the Total Commitments or, if the Total Commitments are then zero, to its share of the Total Commitments immediately prior to their reduction to zero) indemnify the Agent, within three Business Days of demand, against any cost, loss or liability (including, without limitation, for negligence or any other category of liability whatsoever) incurred by the Agent (otherwise than by reason of the Agent's gross negligence or wilful misconduct) (or, in the case of any cost, loss or liability pursuant to Clause 16.11 (*Disruption to payment systems etc.*), notwithstanding the Agent's negligence, gross negligence or any other category of liability whatsoever but not including any claim based on the fraud of the Agent) in acting as Agent under the Finance Documents (unless the Agent has been reimbursed by the Borrower pursuant to a Finance Document).

#### 30.11 **Resignation of the Agent**

30.11.1 The Agent may resign and appoint one of its Affiliates acting through an office in London as successor by giving notice to the Lenders and the Borrower.

30.11.2 Alternatively, the Agent may resign by giving 30 days' notice to the Lenders and the Borrower, in which case the Majority Lenders (after consultation with the Borrower) may appoint a successor Agent.

30.11.3 If the Majority Lenders have not appointed a successor Agent in accordance with paragraph 30.11.2 above within 20 days after the relevant notice of resignation was given, the retiring Agent (after consultation with the Borrower) may appoint a successor Agent (acting through an office in London).

30.11.4 If the Agent wishes to resign because (acting reasonably) it has concluded that it is no longer appropriate for it to remain as agent and the Agent is entitled to appoint a successor Agent under paragraph 30.11.3 above, the Agent may (if it concludes (acting reasonably) that it is necessary to do so in order to persuade the proposed successor Agent to become a party to this Agreement as Agent) agree with the proposed successor Agent amendments to this Clause 30 and any other term of this Agreement dealing with the rights or obligations of the Agent consistent with then current market practice for the appointment and protection of corporate trustees and those amendments will bind the Parties.

30.11.5 The retiring Agent shall make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

30.11.6 The Agent's resignation notice shall only take effect upon the appointment of a successor.

- 30.11.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph 30.11.5 above) but shall remain entitled to the benefit of Clause 25.3 (*Indemnity to the Agent*) and this Clause 30. Any successor and each of the other Parties shall have the same rights and obligations among themselves as they would have had if such successor had been an original Party.
- 30.11.8 After consultation with the Borrower, the Majority Lenders may, by notice to the Agent, require it to resign in accordance with paragraph 30.11.2 above. In this event, the Agent shall resign in accordance with paragraph 30.11.2 above.
- 30.11.9 The Agent shall resign in accordance with paragraph 30.11.2 above (and, to the extent applicable, shall use reasonable endeavours to appoint a successor Agent pursuant to paragraph 30.11.3 above) if on or after the date which is three months before the earliest FATCA Application Date relating to any payment to the Agent under the Finance Documents, either:
- (a) the Agent fails to respond to a request under Clause 12.8 (*FATCA Information*) and the Borrower or a Lender reasonably believes that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;
  - (b) the information supplied by the Agent pursuant to Clause 12.8 (*FATCA Information*) indicates that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date; or
  - (c) the Agent notifies the Borrower and the Lenders that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date,

and (in each case) the Borrower or a Lender believes that a Party may be required to make a FATCA Deduction that would not be required if the Agent were a FATCA Exempt Party, and the Borrower or that Lender, by notice to the Agent, requires it to resign.

## 30.12 Replacement of the Agent

- 30.12.1 After consultation with the Borrower, the Majority Lenders may, by giving 30 days' notice to the Agent (or, at any time the Agent is an Impaired Agent, by giving any shorter notice determined by the Majority Lenders) replace the Agent by appointing a successor Agent (acting through an office in London).
- 30.12.2 The retiring Agent shall (at its own cost if it is an Impaired Agent and otherwise at the expense of the Lenders) make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 30.12.3 The appointment of the successor Agent shall take effect on the date specified in the notice from the Majority Lenders to the retiring Agent. As from that date, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph 30.12.2 above) but shall remain entitled to the benefit of this Clause 30 (and any agency fees for the account of the retiring Agent shall cease to accrue from (and shall be payable on) that date).

30.12.4 Any successor Agent and each of the other Parties shall have the same rights and obligations among themselves as they would have had if such successor had been an original Party.

### 30.13 Confidentiality

30.13.1 In acting as agent for the Finance Parties, the Agent shall be regarded as acting through its agency division, which shall be treated as a separate entity from any other of its divisions or departments.

30.13.2 If information is received by another division or department of the Agent, it may be treated as confidential to that division or department and the Agent shall not be deemed to have notice of it.

### 30.14 Relationship with the Lenders

30.14.1 Subject to Clause 29.12 (*Pro rata interest settlement*), the Agent may treat the person shown in its records as Lender at the opening of business (in the place of the Agent's principal office as notified to the Finance Parties from time to time) as the Lender acting through its Facility Office:

- (a) entitled to or liable for any payment due under any Finance Document on that day; and
- (b) entitled to receive and act upon any notice, request document or communication or make any decision or determination under any Finance Document made or delivered on that day,

unless it has received not less than five Business Days' prior notice from that Lender to the contrary in accordance with the terms of this Agreement.

Any Lender may by notice to the Agent appoint a person to receive on its behalf all notices, communications, information and documents to be made or despatched to that Lender under the Finance Documents. Such notice shall contain the address and (where communication by electronic mail or other electronic means is permitted under Clause 36.5 (*Electronic communication*)) electronic mail address and/or any other information required to enable the transmission of information by that means (and, in each case, the department or officer, if any, for whose attention communication is to be made) and be treated as a notification of a substitute address, electronic mail address (or such other information), department and officer by that Lender for the purposes of Clause 36.2 (*Contact details*) and Clause 36.5 (*Electronic communication*), and the Agent shall be entitled to treat such person as the person entitled to receive all such notices, communications, information and documents as though that person were that Lender.

### 30.15 Credit appraisal by the Lenders

Without affecting the responsibility of the Borrower for information supplied by it or on its behalf in connection with any Finance Document, each Lender confirms to the Agent that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document, including but not limited to:

30.15.1 the financial condition, status and nature of each member of the Group;

- 30.15.2 the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;
- 30.15.3 whether that Lender has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and
- 30.15.4 the adequacy, accuracy or completeness of any information provided by the Agent, any Party or by other person under or in connection with any Finance Document, the transactions contemplated by any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document.

#### **30.16 Deduction from amounts payable by the Agent**

If any Party owes an amount to the Agent under the Finance Documents, the Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

#### **30.17 Role of Reference Banks**

- 30.17.1 No Reference Bank is under any obligation to provide a quotation or any other information to the Agent.
- 30.17.2 No Reference Bank will be liable for any action taken by it under or in connection with any Finance Document, or for any quotation supplied by it to the Agent, unless directly caused by its gross negligence or wilful misconduct.
- 30.17.3 No Party (other than the relevant Reference Bank) may take any proceedings against any officer, employee or agent of any Reference Bank in respect of any claim it might have against that Reference Bank or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document, or to any quotation supplied by that Reference Bank to the Agent, and any officer, employee or agent of each Reference Bank may rely on this Clause 30.17 subject to Clause 1.3 (*Third Party rights*) and the provisions of the Third Parties Act.

#### **30.18 Third party Reference Banks**

A Reference Bank which is not a Party may rely on Clause 30.17 (*Role of Reference Banks*), and Clause 33 (*Confidentiality of Funding Rates and Reference Bank Quotations*) subject to Clause 1.3 (*Third Party Rights*) and the provisions of the Third Parties Act.

### **31. SHARING AMONG THE FINANCE PARTIES**

#### **31.1 Payments to Finance Parties**

If a Finance Party (a “**Recovering Finance Party**”) receives or recovers any amount from the Borrower other than in accordance with Clause 16 (*Payment Mechanics*) (a “**Recovered Amount**”) and applies that amount to a payment due under the Finance Documents, then:

- 31.1.1 the Recovering Finance Party shall, within three Business Days, notify details of the receipt or recovery to the Agent;
- 31.1.2 the Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Agent and distributed in accordance with Clause 16 (*Payment Mechanics*), without taking account of any Tax which would be imposed on the Agent in relation to the receipt, recovery or distribution; and
- 31.1.3 the Recovering Finance Party shall, within three Business Days of demand by the Agent, pay to the *Agent* an amount (the “**Sharing Payment**”) equal to such receipt or recovery less any amount which the Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 16.6 (*Partial payments*).

### 31.2 **Redistribution of payments**

The Agent shall treat the Sharing Payment as if it had been paid by the Borrower and distribute it between the Finance Parties (other than the Recovering Finance Party) (the “**Sharing Finance Parties**”) in accordance with Clause 16.6 (*Partial payments*) towards the obligations of the Borrower to the Sharing Finance Parties.

### 31.3 **Recovering Finance Party’s rights**

On a distribution by the Agent under Clause 31.2 (*Redistribution of payments*) of a payment received by a Recovering Finance Party from the Borrower, as between the Borrower and the Recovering Finance Party, an amount of the Recovered Amount equal to the Sharing Payment will be treated as not having been paid by the Borrower.

### 31.4 **Reversal of redistribution**

If any part of the Sharing Payment received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

- 31.4.1 each Sharing Finance Party shall, upon request of the Agent, pay to the Agent for the account of that Recovering Finance Party an amount equal to the appropriate part of its share of the Sharing Payment (together with an amount as is necessary to reimburse that Recovering Finance Party for its proportion of any interest on the Sharing Payment which that Recovering Finance Party is required to pay) (the “**Redistributed Amount**”); and
- 31.4.2 as between the Borrower and each relevant Sharing Finance Party, an amount equal to the relevant Redistributed Amount will be treated as not having been paid by the Borrower.

### 31.5 **Exceptions**

- 31.5.1 This Clause 31 shall not apply to the extent that the Recovering Finance Party would not, after making any payment pursuant to this Clause 31, have a valid and enforceable claim against the Borrower.

31.5.2 A Recovering Finance Party is not obliged to share with any other Finance Party any amount which the Recovering Finance Party has received or recovered as a result of taking legal or arbitration proceedings, if:

- (a) it notified that other Finance Party of the legal or arbitration proceedings; and
- (b) that other Finance Party had an opportunity to participate in those legal or arbitration proceedings but did not do so as soon as reasonably practicable having received notice, and did not take separate legal or arbitration proceedings.

## **32. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION**

### **32.1 Confidential Information**

Each Finance Party agrees to keep all Confidential Information confidential and not to disclose it to anyone, save to the extent permitted by Clause 32.2 (*Disclosure of Confidential Information*) and Clause 32.3 (*Disclosure to numbering service providers*), and to ensure that all Confidential Information is protected with security measures and a degree of care that would apply to its own confidential information.

### **32.2 Disclosure of Confidential Information**

Any Finance Party may disclose:

32.2.1 to any of its Affiliates and Related Funds and any of its or their officers, directors, employees, professional advisers, auditors, partners and Representatives such Confidential Information as that Finance Party shall consider appropriate if any person to whom the Confidential Information is to be given pursuant to this Clause 32.2 is informed in writing of its confidential nature and that some or all of such Confidential Information may be price-sensitive information except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of the information or is otherwise bound by requirements of confidentiality in relation to the Confidential Information;

32.2.2 to any person:

- (a) to (or through) whom it assigns or transfers (or may potentially assign or transfer) its rights and/or obligations under the Finance Documents or which succeeds (or which may potentially succeed) it as Agent and, in each case, to any of that person's Affiliates, Related Funds, Representatives and professional advisers;
- (b) with (or through) whom it enters into (or may potentially enter into), whether directly or indirectly, any sub-participation in relation to, or any other transaction under which payments are to be made or may be made by reference to, one or more Finance Documents and/or the Borrower and to any of that person's Affiliates, Related Funds, Representatives and professional advisers;
- (c) appointed by any Finance Party or by a person to whom paragraphs (a) or (b) of Clause 32.2.2 applies to receive communications, notices, information or documents delivered pursuant to the Finance Documents on its behalf;

- (d) who invests in or otherwise finances (or may potentially invest in or otherwise finance), directly or indirectly, any transaction referred to in paragraphs (a) or (b) of Clause 32.2.2;
- (e) to whom information is required or requested to be disclosed by any court of competent jurisdiction or any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation;
- (f) to whom or for whose benefit that Finance Party Lender charges, assigns or otherwise creates security (or may do so) pursuant to Clause 29.11 (*Security over Lenders' rights*);
- (g) to whom information is required to be disclosed in connection with, and for the purposes of, any litigation, arbitration, administrative or other investigations, proceedings or disputes;
- (h) who is a Party; or
- (i) with the consent of the Borrower;

in each case, such Confidential Information as that Finance Party shall consider appropriate if:

- (i) in relation to paragraphs (a), (b) and (c) of Clause 32.2.2, the person to whom the Confidential Information is to be given has entered into a Confidentiality Undertaking except that there shall be no requirement for a Confidentiality Undertaking if the recipient is a professional adviser and is subject to professional obligations to maintain the confidentiality of the Confidential Information;
- (ii) in relation to paragraph (d) of Clause 32.2.2, the person to whom the Confidential Information is to be given has entered into a Confidentiality Undertaking or is otherwise bound by requirements of confidentiality in relation to the Confidential Information they receive and is informed that some or all of such Confidential Information may be price-sensitive information;
- (iii) in relation to paragraphs (e), (f) and (g) of Clause 32.2.2 above, the person to whom the Confidential Information is to be given is informed of its confidential nature and that some or all of such Confidential Information may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of that Finance Party, it is not practicable so to do in the circumstances;

32.2.3 to any person appointed by that Finance Party or by a person to whom paragraph (a) or (b) of Clause 32.2.2 applies to provide administration or settlement services in respect of one or more of the Finance Documents including without limitation, in relation to the trading of participations in respect of the Finance Documents, such Confidential Information as may be required to be disclosed to enable such service provider to provide any of the services referred to in this Clause 32.2.3 if the service provider to whom the Confidential Information is to be given has entered into a confidentiality agreement substantially in the form of the LMA Master Confidentiality Undertaking for Use With

Administration/Settlement Service Providers or such other form of confidentiality undertaking agreed between the Borrower and the relevant Finance Party; and

- 32.2.4 to any rating agency (including its professional advisers) such Confidential Information as may be required to be disclosed to enable such rating agency to carry out its normal rating activities in relation to the Finance Documents and/or the Borrower if the rating agency to whom the Confidential Information is to be given is informed of its confidential nature and that some or all of such Confidential Information may be price-sensitive information.

### 32.3 Disclosure to numbering service providers

- 32.3.1 Any Finance Party may disclose to any national or international numbering service provider appointed by that Finance Party to provide identification numbering services in respect of this Agreement, the Facility and/or the Borrower the following information:

- (a) names of the Borrower;
- (b) country of domicile of the Borrower;
- (c) place of incorporation of the Borrower;
- (d) date of this Agreement;
- (e) Clause 38 (*Governing Law*);
- (f) the name of the Agent;
- (g) date of each amendment and restatement of this Agreement;
- (h) amount of Total Commitments;
- (i) currency of the Facility;
- (j) type of Facility;
- (k) ranking of Facility;
- (l) Final Maturity Date for the Facility;
- (m) changes to any of the information previously supplied pursuant to paragraphs (a) to (l) above; and
- (n) such other information agreed between such Finance Party and the Borrower,

to enable such numbering service provider to provide its usual syndicated loan numbering identification services.

- 32.3.2 The Parties acknowledge and agree that each identification number assigned to this Agreement, the Facility and/or one the Borrower by a numbering service provider and the information associated with each such number may be disclosed to users of its services in accordance with the standard terms and conditions of that numbering service provider.

32.3.3 The Borrower represents that none of the information set out in Clause 32.3.1 above is, nor will at any time be, unpublished price-sensitive information.

32.3.4 The Agent shall notify the Borrower and the other Finance Parties of:

- (a) the name of any numbering service provider appointed by the Agent in respect of this Agreement, the Facility and/or the Borrower; and
- (b) the number or, as the case may be, numbers assigned to this Agreement, the Facility and/or the Borrower by such numbering service provider.

#### 32.4 **Entire agreement**

This Clause 32 constitutes the entire agreement between the Parties in relation to the obligations of the Finance Parties under the Finance Documents regarding Confidential Information, and supersedes any previous agreement, whether express or implied, regarding Confidential Information.

#### 32.5 **Inside information**

Each of the Finance Parties acknowledges that some or all of the Confidential Information is or may be price-sensitive information and that the use of such information may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse, and each of the Finance Parties undertakes not to use any Confidential Information for any unlawful purpose.

#### 32.6 **Notification of disclosure**

Each of the Finance Parties agrees (to the extent permitted by law and regulation) to inform the Borrower:

32.6.1 of the circumstances of any disclosure of Confidential Information made pursuant to Clause 32.2.2(e) (*Disclosure of Confidential Information*), except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and

32.6.2 upon becoming aware that Confidential Information has been disclosed in breach of this Clause 32.

#### 32.7 **Continuing obligations**

The obligations in this Clause 32 are continuing and, in particular, shall survive and remain binding on each Finance Party for a period of 12 Months from the earlier of:

32.7.1 the date on which all amounts payable by the Borrower under or in connection with the Finance Documents have been paid in full and all Commitments have been cancelled or otherwise cease to be available; and

32.7.2 the date on which such Finance Party otherwise ceases to be a Finance Party.

### 33. **CONFIDENTIALITY OF FUNDING RATES**

#### 33.1 **Confidentiality and disclosure**

33.1.1 The Borrower agrees to keep each Funding Rate confidential and not to disclose it to anyone, save to the extent permitted by Clause 33.1.2.

33.1.2 The Borrower may disclose any Funding Rate to:

- (a) any of its Affiliates and any of its or their officers, directors, employees, professional advisers, auditors, partners and representatives if any person to whom that Funding Rate is to be given pursuant to this paragraph (a) is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no such requirement to so inform if the recipient is subject to professional obligations to maintain the confidentiality of that Funding Rate or is otherwise bound by requirements of confidentiality in relation to it;
- (b) any person to whom information is required or requested to be disclosed by any court of competent jurisdiction or any governmental, banking, taxation or other regulatory authority or similar body, the rules of any relevant stock exchange or pursuant to any applicable law or regulation if the person to whom that Funding Rate is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Borrower it is not practicable to do so in the circumstances;
- (c) any person to whom information is required to be disclosed in connection with, and for the purposes of, any litigation, arbitration, administrative or other investigations, proceedings or disputes if the person to whom that Funding Rate is to be given is informed in writing of its confidential nature and that it may be price-sensitive information except that there shall be no requirement to so inform if, in the opinion of the Borrower it is not practicable to do so in the circumstances; and
- (d) any person, with the consent of the relevant Lender.

### 33.2 **Related obligations**

33.2.1 The Agent and the Borrower acknowledge that each Funding Rate is or may be price-sensitive information and that its use may be regulated or prohibited by applicable legislation including securities law relating to insider dealing and market abuse and the Agent and the Borrower undertake not to use any Funding Rate for any unlawful purpose.

33.2.2 The Agent and the Borrower agree (to the extent permitted by law and regulation) to inform the relevant Lender:

- (a) of the circumstances of any disclosure made pursuant to paragraph (b) of Clause 33.1.2 except where such disclosure is made to any of the persons referred to in that paragraph during the ordinary course of its supervisory or regulatory function; and
- (b) upon becoming aware that any information has been disclosed in breach of this Clause 33.

### 33.3 **No Event of Default**

No Event of Default will occur under Clause 22.3 (*Breach of other obligations*) by reason only of the Borrower's failure to comply with this Clause 33.

#### **34. SEVERABILITY**

If, at any time, any provision of Finance Document is or becomes illegal, invalid or unenforceable in any respect under any law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions nor the legality, validity or enforceability of such provision under the laws of any other jurisdiction will in any way be affected or impaired.

#### **35. COUNTERPARTS**

Each Finance Document may be executed in any number of counterparts. This has the same effect as if the signatures on the counterparts were on a single copy of the Finance Document.

#### **36. NOTICES**

##### **36.1 In writing**

36.1.1 Any communication in connection with a Finance Document must be in writing and, unless otherwise stated, may be given in person, by post or by e-mail.

36.1.2 Unless it is agreed to the contrary, any consent or agreement required under a Finance Document must be given in writing.

##### **36.2 Contact details**

36.2.1 Except as provided below, the contact details of each Party for all communications in connection with the Finance Documents are those notified by that Party for this purpose to the Agent on or before the date it becomes a Party.

36.2.2 The contact details of the Borrower for this purpose are:

Address: Western Power Distribution plc  
Avonbank  
Feeder Road Bristol BS2 0TB

Tel: 44 117 933 2374

E-mail: [wpdtreasuryconfirms@westernpower.co.uk](mailto:wpdtreasuryconfirms@westernpower.co.uk)

Attention: Treasury Team

36.2.3 The contact details of the Original Lender for this purpose are:

Address: 9th Floor, 250 Bishopsgate, London, EC2M 4AA (Transaction Management and Relationship Management) / Kosmo One, Tower-A, Plot No.14, 3rd Main street, Ambattur Industrial Estate, Chennai, India -600058 (Chennai Credit Operations)

Tel: +44 (0) 207 063 3180 / +44 (0) 207 672 1275 / +914466407355

E-mail: [Andreas.Argyrou@natwest.com](mailto:Andreas.Argyrou@natwest.com) / [matthew.pendrey@natwest.com](mailto:matthew.pendrey@natwest.com) / [ChennaiCreditOperationsUK@rbs.com](mailto:ChennaiCreditOperationsUK@rbs.com)

Attention: Andreas Argyrou / Matthew Pendrey / Chennai Credit Operations UK

36.2.4 The contact details of the Agent for this purpose are:

Address: 9th Floor, 250 Bishopsgate, London, EC2M 4AA

Tel: +44(0)20 7672 0704 (int. 26720704)

E-mail: francis.carey@natwest.com

Attention: Francis Carey

36.2.5 Any Party (other than the Agent) may change its contact details by giving five Business Days' notice to the Agent, and the Agent may change its contact details by giving five Business Days' notice to the other Parties.

36.2.6 Where a Party nominates a particular department or officer to receive a communication, a communication will not be effective if it fails to specify that department or officer.

### 36.3 **Delivery**

36.3.1 Any communication or document made or delivered by one person to another under or in connection with the Finance Documents will only be effective:

- (a) if delivered in person, when so delivered;
- (b) if by way of electronic communication, in accordance with Clause 36.5 (*Electronic Communication*); or
- (c) if by way of letter, when it has been left at the relevant address or five Business Days after being deposited in the post with postage prepaid in an envelope addressed to it at that address,

and, if a particular department or officer is specified as part of its address details provided under Clause 36.2 (*Contact details*), if addressed to that department or officer.

36.3.2 Any communication or document to be made or delivered to the Agent will be effective only when actually received by the Agent and then only if it is expressly marked for the attention of the department or officer identified with the Agent's signature below (or any substitute department or officer as the Agent shall specify for this purpose).

36.3.3 All notices from or to the Borrower shall be sent through the Agent.

36.3.4 Any communication or document which becomes effective, in accordance with Clauses 36.3.1 to 36.3.3 above, after 5pm in the place of receipt shall be deemed only to become effective on the following day.

### 36.4 **Communication when the Agent is an Impaired Agent**

If the Agent is an Impaired Agent the Parties may, instead of communicating with each other through the Agent, communicate with each other directly and (while the Agent is an Impaired Agent) all the provisions of the Finance Documents which require communications to be made or notices to be given to or by the Agent shall be varied so that communications may be made and notices given to or by the relevant Parties directly. This provision shall not operate after a replacement Agent has been appointed.

### 36.5 **Electronic communication**

36.5.1 Any communication to be made between the Parties under or in connection with the Finance Documents may be made by electronic mail or other electronic means (including, without limitation, by way of posting to a secure website) if the Parties:

- (a) notify each other in writing of their electronic mail address and/or any other information required to enable the transmission of information by that means; and
  - (b) notify each other of any change to their address or any other such information supplied by them by not less than five Business Days' notice.
- 36.5.2 Any such electronic communication as specified in Clause 36.5.1 will be effective only when actually received (or made available) in readable form.
- 36.5.3 Any electronic communication which becomes effective, in accordance with Clause 36.5.3, after 5:00 p.m. in the place in which the Party to whom the relevant communication is sent or made available has its address for the purpose of this Agreement shall be deemed only to become effective on the following day.
- 36.5.4 Any reference in a Finance Document to a communication being sent or received shall be construed to include that communication being made available in accordance with this Clause 36.5.

## **37. LANGUAGE**

- 37.1.1 Any notice given under or in connection with a Finance Document must be in English.
- 37.1.2 Any other document provided under or in connection with a Finance Document must be:
- (a) in English; or
  - (b) if not in English and so required by the Agent, accompanied by a certified English translation. In this case, the English translation prevails unless the document is a statutory or other official document.

## **38. GOVERNING LAW**

This Agreement and any non-contractual obligations arising out of or in connection with it are governed by English law.

## **39. ENFORCEMENT**

### **39.1 Jurisdiction**

- 39.1.1 The English courts have exclusive jurisdiction to settle any dispute in connection with any Finance Document including a dispute relating to any non- contractual obligation arising out of or in connection with this Agreement.
- 39.1.2 The English courts are the most appropriate and convenient courts to settle any such dispute and the Borrower waives objection to those courts on the grounds of inconvenient forum or otherwise in relation to proceedings in connection with any Finance Document.

**This Agreement** has been entered into on the date stated at the beginning of this Agreement.

**SCHEDULE 1**  
**ORIGINAL PARTIES**

**Treaty Passport scheme reference number  
and jurisdiction of tax residence  
(if applicable)**

**Name of Original Lender**

National Westminster Bank plc

50,000,000

N/A

**Total**

**50,000,000**

## SCHEDULE 2

### CONDITIONS PRECEDENT

#### **The Borrower**

1. A certified copy of the constitutional documents of the Borrower.
2. A certified copy of a resolution of the board of directors or a committee of the board of directors of the Borrower approving the terms of, and the transactions contemplated by, the Finance Documents.
3. A specimen of the signature of each person authorised on behalf of the Borrower to, and who on or prior to the Drawdown Date will, execute any Finance Document or sign or send any document or notice in connection with any Finance Document.
4. A certificate of the Borrower (signed by a director) confirming that borrowing the Total Commitments would not cause any borrowing limit binding on the Borrower to be exceeded.
5. A certificate of an authorised signatory of the Borrower certifying that each copy document relating to it specified in this Schedule 2 is correct, complete and in full force and effect as at a date no earlier than the date of this Agreement.

#### **Legal opinions**

6. A legal opinion of Latham & Watkins LLP, legal advisers to the Borrower addressed to the Original Lender.

#### **Other documents and evidence**

7. A copy of this Agreement signed by the Borrower .
8. Evidence that all costs and expenses then due and payable from the Borrower under this Agreement have been or will be paid no later than the Drawdown Date.
9. The Original Financial Statements.

## SCHEDULE 3

### REQUEST

To: National Westminster Bank plc as Agent

From: Western Power Distribution plc

Date: [1]

#### **Western Power Distribution plc - £50,000,000 Facility Agreement dated [1] June 2019 (the "Agreement")**

1. We refer to the Agreement. This is a Request. Terms defined in the Agreement have the same meaning in this Request unless given a different meaning in this Request.
2. We wish to borrow a Loan on the following terms:
  - (a) Drawdown Date: [1] 2019
  - (b) Amount: £50,000,000
  - (c) Interest Period: 3 months
3. We confirm that each condition precedent under the Agreement which must be satisfied on the date of this Request is so satisfied.
4. The proceeds of this Loan should be credited to [*account*] and our payment instructions are [1].
5. This Request is irrevocable.

**WESTERN POWER DISTRIBUTION PLC**

## SCHEDULE 4

### FORM OF TRANSFER CERTIFICATE

To: National Westminster Bank plc as Agent

From: [THE EXISTING LENDER] (the “Existing Lender”) and [THE NEW LENDER] (the “New Lender”)

Date: [ ]

#### **Western Power Distribution plc - £50,000,000 Facility Agreement dated [ ] June 2019 (the “Agreement”)**

We refer to the Agreement. This is a Transfer Certificate.

1. The Existing Lender and the New Lender agree to the Existing Lender transferring to the New Lender by novation, and in accordance with Clause 29.5 (*Procedure for transfer*), all of the Existing Lender’s rights and obligations under the Agreement and other Finance Documents which relate to that portion of the Existing Lender’s Commitment(s) and participations in the Loan as specified in the Schedule.
2. The proposed Transfer Date is [ ].
3. The administrative details of the New Lender for the purposes of the Agreement are set out in the Schedule.
4. The New Lender expressly acknowledges the limitations on the Existing Lender’s obligations set out in Clause 29.8 (*Limitation of responsibility of Existing Lenders*) of the Agreement.
5. The New Lender represents that it is:
  - (a) [a Qualifying Lender (other than a Treaty Lender);]
  - (b) [a Treaty Lender;]
  - (c) [not a Qualifying Lender].\*
6. The New Lender confirms that it is not:
  - (a) a Competitor;
  - (b) [a Distressed Debt Fund; or
  - (c) a Hedge Fund.]<sup>1</sup>
7. [The New Lender confirms that the person beneficially entitled to interest payable to that Lender in respect of an advance under a Finance Document is either:
  - (a) a company resident in the United Kingdom for United Kingdom tax purposes; or
  - (b) a partnership each member of which is:

---

<sup>1</sup>This confirmation is not required if an Even of Default is continuing.

- (i) a company so resident in the United Kingdom; or
- (ii) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account in computing its chargeable profits (within the meaning of section 19 of the CTA 2009) the whole of any share of interest payable in respect of that advance that falls to it by reason of Part 17 of the CTA 2009; or
- (c) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account interest payable in respect of that advance in computing the chargeable profits (within the meaning of section 19 of the CTA 2009) of that company.]\*\*

8. [The New Lender confirms that it is a Treaty Lender that holds a passport under the HMRC DT Treaty Passport scheme (reference number [1]), and is tax resident in [1]\*\*\* so that interest payable to it by the Borrower is generally subject to full exemption from UK withholding tax and notifies the Borrower that it wishes the scheme to apply to the Agreement.]\*\*\*\*

9. This Transfer Certificate and any non-contractual obligations arising out of or in connection with it are governed by English law.

NOTES:

- \* Delete as applicable - each New Lender is required to confirm which of these three categories it falls within.
- \*\* Include if New Lender comes within paragraph (a)(ii) of the definition of Qualifying Lender in Clause 12.1 (*Definitions*) of the Agreement.
- \*\*\* Insert jurisdiction of tax residence.
- \*\*\*\* This confirmation must be included if the New Lender holds a passport under the HMRC DT Treaty Passport scheme and wishes that scheme to apply to the Agreement.

**THE SCHEDULE**

**Rights and obligations to be transferred by novation**

[insert relevant details, including applicable Commitment (or part)]

**Administrative details of the New Lender**

[insert details of Facility Office, address for notices and payment details etc.]

## SCHEDULE 5

### FORM OF ASSIGNMENT AGREEMENT

To: National Westminster Bank plc as Agent and Western Power Distribution plc as Borrower

From: [THE EXISTING LENDER] (the “Existing Lender”) and [THE NEW LENDER] (the “New Lender”)

Date: [ ]

#### **Western Power Distribution plc - £50,000,000 Facility Agreement dated [ ] June 2019 (the “Agreement”)**

1. We refer to the Agreement. This is an Assignment Agreement. Terms defined in the Agreement have the same meaning in this Assignment Agreement unless given a different meaning in this Assignment Agreement.
  2. We refer to Clause 29.6 (*Procedure for assignment*) of the Agreement:
    - (a) The Existing Lender assigns absolutely to the New Lender all the rights of the Existing Lender under the Agreement and the other Finance Documents which relate to that portion of the Existing Lender’s Commitment and participations in Loans under the Agreement as specified in the Schedule.
    - (b) The Existing Lender is released from all the obligations of the Existing Lender which correspond to that portion of the Existing Lender’s Commitment and participations in Loans under the Agreement specified in the Schedule.
    - (c) The New Lender becomes a Party as a Lender and is bound by obligations equivalent to those from which the Existing Lender is released under paragraph (b) above.
  3. The proposed Transfer Date is [ ].
  4. On the Transfer Date the New Lender becomes Party to the Finance Documents as a Lender.
  5. The Facility Office and address and attention details for notices of the New Lender for the purposes of Clause 36.2 (*Contact Details*) of the Agreement are set out in the Schedule.
  6. The New Lender expressly acknowledges the limitations on the Existing Lender’s obligations set out in Clause 29.8 (*Limitation of Existing Lender*) of the Agreement.
  7. The New Lender confirms that it is not:
    - (a) a Competitor;
    - (b) [a Distressed Debt Fund; or
    - (c) a Hedge Fund.]<sup>2</sup>
  8. The New Lender represents that it is:
    - (a) [a Qualifying Lender (other than a Treaty Lender);]
-

2.. This confirmation is not required if an Event of Default is continuing.

- (b) [a Treaty Lender;]
- (c) [not a Qualifying Lender].\*

9. [The New Lender confirms that the person beneficially entitled to interest payable to that Lender in respect of an advance under a Finance Document is either:

- (a) a company resident in the United Kingdom for United Kingdom tax purposes;
- (b) a partnership each member of which is:
  - (i) a company so resident in the United Kingdom; or
  - (ii) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account in computing its chargeable profits (within the meaning of section 19 of the CTA) the whole of any share of interest payable in respect of that advance that falls to it by reason of Part 17 of the CTA; or
- (c) a company not so resident in the United Kingdom which carries on a trade in the United Kingdom through a permanent establishment and which brings into account interest payable in respect of that advance in computing the chargeable profits (within the meaning of section 19 of the CTA) of that company.]\*\*

10. [The New Lender confirms that it holds a passport under the HMRC DT Treaty passport scheme (reference number [l]) and is tax resident in [l]\*\*\*, so that interest payable to it by the Borrower is generally subject to full exemption from UK withholding tax and notifies the Borrower that it wishes the scheme to apply to the Agreement.]\*\*\*\*

11. This Assignment Agreement acts as notice to the Borrower of the assignment referred to in this Assignment Agreement.

12. This Assignment Agreement may be executed in any number of counterparts and this has the same effect as if the signatures on the counterparts were on a single copy of this Assignment Agreement.

13. This Assignment Agreement and any non-contractual obligations arising out of or in connection with it are governed by English law.

14. This Assignment Agreement has been entered into on the date stated at the beginning of this Assignment Agreement.

NOTES:

- \* Delete as applicable - each New Lender is required to confirm which of these three categories it falls within.
- \*\* Include if New Lender comes within paragraph (a)(ii) of the definition of Qualifying Lender in Clause 12.1 (*Definitions*) of the Agreement.
- \*\*\* Insert jurisdiction of tax residence.

\*\*\*\* This confirmation must be included if the New Lender holds a passport under the HMRC DT Treaty Passport scheme and wishes that scheme to apply to the Agreement.

## SCHEDULE 6

### FORM OF COMPLIANCE CERTIFICATE

To: National Westminster Bank plc as Agent

From: Western Power Distribution plc

Date: [1]

#### **Western Power Distribution plc - £50,000,000 Facility Agreement dated [1] June 2019 (the “Agreement”)**

1. We refer to the Agreement. This is a Compliance Certificate.
2. We confirm that as at [*relevant testing date*], Consolidated EBITDA for the Calculation Period ending on such date was [1] and Interest Payable was [1], therefore the ratio of Consolidated EBITDA to Interest Payable for the Calculation Period ending on such date was [1] to 1.
3. We confirm that as at [relevant testing date], Regulatory Asset Value was [1] and Total Net Debt was [1]; therefore Total Net Debt does not exceed 87.5% of the Regulatory Asset Value.
4. We set out below calculations establishing the figures in paragraphs 2 and 3 above: [1].
5. [We confirm that no Default is outstanding as at [relevant testing date].]<sup>3</sup>

#### **WESTERN POWER DISTRIBUTION PLC**

By:

Director

Director

---

<sup>3</sup> If this statement cannot be made, the certificate should identify any Default that is outstanding and the steps, if any, being taken to remedy it.

## SCHEDULE 7

### TIMETABLES

Delivery of a duly completed Request in accordance with Clause 5.1 D-1  
(*Giving of Requests*)

10:00 a.m.

LIBOR is fixed

Quotation Day as of 11.00 a.m.

Agent notifies the Lenders of the Loan in accordance with Clause 5.4 D-1  
(*Advance of Loan*)

4:00 p.m.

Reference Bank Rate calculated by reference to available quotations in Quotation Day as of 11.30 a.m.  
accordance with Clause 10.2 (*Calculation of Reference Bank Rate*)

“D” = date of drawdown or, if applicable, in the case of a Loan that has already been borrowed, the first day of the relevant Interest Period for that Loan.

“D- X”= Business Days prior to date of drawdown.

## SCHEDULE 8

### FORM OF SUBORDINATION DEED

**THIS SUBORDINATION DEED** is entered into as a deed on [1] and is made **BETWEEN**:

- (1) **WESTERN POWER DISTRIBUTION PLC** (registered number 09223384) (the “**Borrower**”);
- (2) **[SUBORDINATED CREDITOR]** (the “**Subordinated Creditor**”); and
- (3) **NATIONAL WESTMINSTER BANK PLC**, as Agent acting on behalf of the Lenders (each as defined below) (the “**Agent**”).

#### 1. INTERPRETATION

##### 1.1 Definitions

In this Deed:

**Agreement** means the £50,000,000 facility agreement dated [1] June 2019 between, among others, Western Power Distribution plc as the Borrower and National Westminster Bank plc as Agent.

**Certificate** means a document substantially in the form set out in Annex 2 (*Form of Certificate*).

**Party** means a party to this Deed.

**Permitted Subordinated Debt Payment** means:

- (a) the repayment or prepayment of any principal amount (or capitalised interest) outstanding under the Subordinated Finance Document;
- (b) the payment of any interest, fee or charge accrued or due under or any other amount payable in connection with the Subordinated Finance Document; or
- (c) the purchase, redemption, defeasance or discharge of any amount outstanding under the Subordinated Finance Document,

**provided that**, on or prior to the date of such payment, the Borrower has delivered a certificate to the Agent confirming that, taking into account such payment, Total Net Debt will not exceed 85% and the Borrower will be in compliance with its obligations under Clause 20.3 (*Interest Cover*), in each case on each of the two immediately succeeding Calculation Dates.

**Senior Debt** means any present or future liability (actual or contingent) payable or owing by the Borrower to a Finance Party under or in connection with the Finance Documents.

**Senior Debt Discharge Date** means the date on which all the Senior Debt has been unconditionally and irrevocably paid and discharged in full and no Finance Party has

any commitment or liability, whether present or future, actual or contingent, in relation to the Facility, as determined by the Agent.

**Subordinated Creditor Accession Deed** means a deed substantially in the form set out in Annex 1 (*Form of Subordinated Creditor Accession Deed*).

**Subordinated Debt** means any present or future liability (actual or contingent) payable or owing by the Borrower to the Subordinated Creditor under or in connection with any Subordinated Finance Document.

**Subordinated Finance Document** means [1].

## 1.2 Construction

1.2.1 Capitalised terms defined in the Agreement have the same meaning in this Deed, unless given a different meaning in this Deed.

1.2.2 The principles of construction set out in the Agreement will have effect as if set out in this Deed.

1.2.3 Any undertaking by the Subordinated Creditor in this Deed remains in force from the date of this Deed to the Senior Debt Discharge Date.

## 1.3 Third Party rights

Unless otherwise indicated and save in respect of any other creditor under any of the Finance Documents, a person who is not a party to this Deed has no right under the Contracts (Rights of Third Parties) Act 1999 (or any other applicable law) to enforce any term of this Deed.

## 2. SUBORDINATION

### 2.1 Ranking

Each of the Parties hereby agrees that the Senior Debt, whether secured or unsecured, shall rank senior in priority to the Subordinated Debt.

### 2.2 Undertakings of the Borrower

The Borrower must not without the prior consent of the Lenders:

- (a) make any payment whatsoever in respect of the Subordinated Debt other than a Permitted Subordinated Debt Payment; or
- (b) secure, in any manner, all or any part of the Subordinated Debt; or
- (c) defease, in any manner, all or any part of the Subordinated Debt; or
- (d) give any financial support (including the taking of any participation, the giving of any guarantee or other assurance or the making of any deposit) to any person in connection with all or any part of the Subordinated Debt; or

(e) procure any other person to do any of the acts or take any of the actions referred to paragraphs (a) to (d) above.

## 2.3 **Undertakings of the Subordinated Creditor**

2.3.1 The Subordinated Creditor will not without the prior written consent of the Lenders:

- (a) allow to exist or receive the benefit of any Security Interest, guarantee, indemnity or other assurance against loss in respect of all or any of the Subordinated Debt or all or any rights which it may have against the Borrower in respect of all or any part of the Subordinated Debt; or
- (b) take or omit to take any action or step whereby the subordination of all or any of the Subordinated Debt might be terminated, impaired or adversely affected.

2.3.2 The Subordinated Creditor will not without the prior written consent of the Lenders receive any payment save where such payment is a Permitted Subordinated Debt Payment.

2.3.3 The Subordinated Creditor will not without the prior written consent of the Lenders:

- (a) demand payment, declare prematurely due and payable or otherwise seek to accelerate payment of or place on demand all or any part of the Subordinated Debt or enforce the Subordinated Debt by execution or otherwise;
- (b) initiate or support or take any steps with a view to, or which may lead to:
  - (i) any insolvency, liquidation, reorganisation, administration or dissolution proceedings;
  - (ii) any voluntary arrangement or assignment for the benefit of creditors; or
  - (iii) any similar proceedings,involving the Borrower or any of its Subsidiaries, whether by petition, convening a meeting, voting for a resolution or otherwise;
- (c) bring or support any legal proceedings against the Borrower or any of its Subsidiaries; or
- (d) otherwise exercise any remedy for the recovery of all or any part of the Subordinated Debt (including, without limitation, the exercise of any right of set-off, counterclaim or lien).

2.3.4 If the Subordinated Creditor receives any payment which is in breach of any Finance Document, it shall hold such sums on trust for the Agent (acting on behalf of the Lenders) and pay them immediately to the Agent (acting on behalf of the Lenders) to be applied against the Senior Debt.

2.3.5 The Subordinated Creditor and the Borrower hereby agree for the benefit of the Agent and the Lenders that, notwithstanding the terms of the Subordinated Finance Document and any agreement relating to the Subordinated Debt, the Subordinated Debt is made available on terms such that it is not, save for a Permitted Subordinated Debt Payment or otherwise with the consent of the Lenders, repayable unless and until the Senior Debt Discharge Date shall have occurred.

## 2.4 Subordination on insolvency

If there occurs any payment, distribution, division or application, partial or complete, voluntary or involuntary, by operation of law or otherwise, of all or any part of the assets of any kind or character of the Borrower or the proceeds thereof, to creditors of the Borrower, by reason of the liquidation, dissolution or other winding-up of the Borrower or its businesses or any bankruptcy, reorganisation, receivership or insolvency or similar proceeding or any assignment for the benefit of creditors or there is a marshalling of the assets and liabilities of the Borrower, or the Borrower becomes subject to any event mentioned in Clause 22.6 (*Insolvency proceedings*) of the Agreement or a voluntary arrangement, then and in any such event:

- (a) the Subordinated Debt shall continue to be subordinated to the Senior Debt;
- (b) any payment or distribution of any kind or character and all and any rights in respect thereof, whether in cash, securities or other property which is payable or deliverable upon or with respect to the Subordinated Debt or any part thereof by a liquidator, administrator or receiver (or the equivalent thereof) of the Borrower or its estate (the "**rights**") made to or paid to, or received by the Subordinated Creditor or to which the Subordinated Creditor is entitled shall be held on trust by the Subordinated Creditor for the Lenders and shall forthwith be paid or, as the case may be, transferred or assigned to the Lenders to be applied against the Senior Debt;
- (c) if the trust referred to in paragraph (b) above or paragraph (d) of Clause 2.3 above fails or cannot be given effect to or if the Subordinated Creditor receives and retains the relevant payment or distribution, the Subordinated Creditor will pay over such rights in the form received to the Agent (acting on behalf of the Lenders) to be applied against the Senior Debt;
- (d) the Subordinated Creditor acknowledges the rights of the Agent (acting on behalf of the Lenders) to demand, sue and prove for, collect and receive every payment or distribution referred to in paragraph (b) above and give acquittance therefore and to file claims and take such other proceedings, in the Agent's own name or otherwise, as the Agent may deem necessary or advisable for the enforcement of this Deed; and
- (e) the Subordinated Creditor by way of security for its obligations under this Deed irrevocably appoints the Agent to be its attorney in order to enable the Facility Agent to enforce any and all claims upon or with respect to the Subordinated Debt or any part thereof, and to collect and receive any and all payments or distributions referred to in paragraph (b) above or to do anything which that Subordinated Creditor has authorised the Agent or any other Party to do under this Deed or is itself required to do under this Deed but has failed to do (and the Agent may delegate that power on such terms as it sees fit).

## 3. SET-OFF

3.1.1 The Subordinated Creditor shall not set off against the Subordinated Debt any amount payable by the Subordinated Creditor to the Borrower.

3.1.2 If any part of the Subordinated Debt is discharged in whole or in part by way of set-off, the Subordinated Creditor will promptly pay to the Agent for application in accordance with the terms of paragraph (b) of Clause 2.4 (*Subordination on insolvency*) an amount equal to the amount of the Subordinated Debt discharged by such set-off.

#### **4. NEW MONEY**

The Subordinated Creditor hereby agrees that the Agent (acting on behalf of the Lenders) may, at its discretion, increase the facility made available to the Borrower and make further advances to the Borrower, and each such advance will be deemed to be made under the terms of the Agreement.

#### **5. PROTECTION OF SUBORDINATION**

5.1.1 The subordination in this Deed is a continuing subordination and benefits the ultimate balance of the Senior Debt.

5.1.2 Except as provided in this Deed, the subordination is, and the Subordinated Creditor's obligations under this Deed will, not be affected by any act, omission or thing which, but for this provision, would reduce, release or prejudice the subordination or any of the Subordinated Creditor's obligations under this Deed.

#### **6. MISCELLANEOUS**

6.1.1 This Deed overrides anything in any Subordinated Finance Document to the contrary.

6.1.2 Any communication in respect of this Deed must be in writing. Contact details for each Party are set out opposite their name, below.

6.1.3 This Deed is a Finance Document.

#### **7. ASSIGNMENT**

7.1.1 The Agent (acting on behalf of the Lenders) shall have the full and unfettered right to assign or otherwise transfer the whole or any part of the benefit of this Deed to any person to whom all or a corresponding part of its rights, benefits and obligations under any of the Finance Documents are assigned or transferred in accordance with their provisions.

7.1.2 The Subordinated Creditor shall not assign or transfer all or any of its rights, title, benefit and interest in or to all or any part of the Subordinated Debt unless in full and on or prior to such assignment or transfer the assignee or transferee accedes to this Deed as Subordinated Creditor pursuant to the Subordinated Creditor Accession Deed.

#### **8. TRUSTS**

The Agent shall hold the benefit of this Deed upon trust for itself and the Lenders.

#### **9. TERMINATION**

Subject to Clause 4 (*New Money*), on the Senior Debt Discharge Date, the terms of this Deed shall terminate.

#### **10. GOVERNING LAW**

This Deed and any non-contractual obligations arising out of or in connection with it are governed by English law.

#### **11. JURISDICTION**

The English courts have exclusive jurisdiction to settle any dispute including a dispute relating to non-contractual obligations arising out of or in connection with this Deed and the Parties submit to the exclusive jurisdiction of the English courts.

**IN WITNESS** whereof this Deed has been duly executed by the Parties on the day and year first above written.

**Annex 1**

**Form of Subordinated Creditor Accession Deed**

To: **NATIONAL WESTMINSTER BANK PLC**, as Agent

To: **WESTERN POWER DISTRIBUTION PLC**

From: [*Acceding Subordinated Creditor*]

THIS DEED is made on [date] by [*Acceding Subordinated Creditor*] (the "**Acceding Subordinated Creditor**") in relation to the subordination deed (the "**Subordination Deed**") dated [•] between, among others, Western Power Distribution plc. as Company, National Westminster Bank plc as Agent and the Subordinated Creditor (as defined in the Subordination Deed). Terms defined in the Subordination Deed shall, unless otherwise defined in this Deed, bear the same meanings when used in this Deed.

In consideration of the Acceding Subordinated Creditor being accepted as the Subordinated Creditor for the purposes of the Subordination Deed, the Acceding Subordinated Creditor confirms that, as from [date], it intends to be party to the Subordination Deed as the Subordinated Creditor and undertakes to perform all the obligations expressed in the Subordination Deed to be assumed by the Subordinated Creditor and agrees that it shall be bound by all the provisions of the Subordination Deed, as if it had been an original party to the Subordination Deed as the Subordinated Creditor.

This Deed and any non-contractual obligations arising out of or in connection with it are governed by English law.

**IN WITNESS** whereof this Deed has been duly executed by the Parties on the day and year first above written.

CERTIFICATION

I, WILLIAM H. SPENCE, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Corporation (the "registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION

I, KENT W. BLAKE, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Kentucky Utilities Company (the "registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Table of Contents

This combined Form 10-Q is separately filed by the following Registrants in their individual capacity: PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant, except that information under "Forward-Looking Information" relating to subsidiaries of PPL Corporation is also attributed to PPL Corporation and information relating to the subsidiaries of LG&E and KU Energy LLC is also attributed to LG&E and KU Energy LLC.

Unless otherwise specified, references in this Report, individually, to PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company are references to such entities directly or to one or more of their subsidiaries, as the case may be, the financial results of which subsidiaries are consolidated into such Registrants' financial statements in accordance with GAAP. This presentation has been applied where identification of particular subsidiaries is not material to the matter being disclosed, and to conform narrative disclosures to the presentation of financial information on a consolidated basis.

## GLOSSARY OF TERMS AND ABBREVIATIONS

### ***PPL Corporation and its subsidiaries***

**KU** - Kentucky Utilities Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity, primarily in Kentucky.

**LG&E** - Louisville Gas and Electric Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity and the distribution and sale of natural gas in Kentucky.

**LKE** - LG&E and KU Energy LLC, a subsidiary of PPL and the parent of LG&E, KU and other subsidiaries.

**LKS** - LG&E and KU Services Company, a subsidiary of LKE that provides administrative, management, and support services primarily to LKE and its subsidiaries.

**PPL** - PPL Corporation, the parent holding company of PPL Electric, PPL Energy Funding, PPL Capital Funding, LKE and other subsidiaries.

**PPL Capital Funding** - PPL Capital Funding, Inc., a financing subsidiary of PPL that provides financing for the operations of PPL and certain subsidiaries. Debt issued by PPL Capital Funding is guaranteed as to payment by PPL.

**PPL Electric** - PPL Electric Utilities Corporation, a public utility subsidiary of PPL engaged in the regulated transmission and distribution of electricity in its Pennsylvania service area and that provides electricity supply to its retail customers in this area as a PLR.

**PPL Energy Funding** - PPL Energy Funding Corporation, a subsidiary of PPL and the parent holding company of PPL Global and other subsidiaries.

**PPL EU Services** - PPL EU Services Corporation, a subsidiary of PPL that provides administrative, management and support services primarily to PPL Electric.

**PPL Global** - PPL Global, LLC, a subsidiary of PPL Energy Funding that, primarily through its subsidiaries, owns and operates WPD, PPL's regulated electricity distribution businesses in the U.K.

**PPL Services** - PPL Services Corporation, a subsidiary of PPL that provides administrative, management and support services to PPL and its subsidiaries.

**PPL WPD Limited** - an indirect U.K. subsidiary of PPL Global. Following reorganizations in October 2015 and October 2017, PPL WPD Limited is an indirect parent to WPD plc having previously been a sister company.

**Safari Energy** - Safari Energy, LLC, an indirect subsidiary of PPL, acquired in June 2018, that provides solar energy solutions for commercial customers in the U.S.

**WPD** - refers to PPL WPD Limited and its subsidiaries.

**WPD (East Midlands)** - Western Power Distribution (East Midlands) plc, a British regional electricity distribution utility company.

**WPD plc** - Western Power Distribution plc, an indirect U.K. subsidiary of PPL WPD Limited. Its principal indirectly owned subsidiaries are WPD (East Midlands), WPD (South Wales), WPD (South West) and WPD (West Midlands).

**WPD Midlands** - refers to WPD (East Midlands) and WPD (West Midlands), collectively.

**WPD (South Wales)** - Western Power Distribution (South Wales) plc, a British regional electricity distribution utility company.

**WPD (South West)** - Western Power Distribution (South West) plc, a British regional electricity distribution utility company.

**WPD (West Midlands)** - Western Power Distribution (West Midlands) plc, a British regional electricity distribution utility company.

**WKE** - Western Kentucky Energy Corp., a subsidiary of LKE that leased certain non-regulated utility generating plants in western Kentucky until July 2009.

### **Other terms and abbreviations**

**£** - British pound sterling.

**2018 Form 10-K** - Annual Report to the SEC on Form 10-K for the year ended December 31, 2018.

**Act 11** - Act 11 of 2012 that became effective on April 16, 2012. The Pennsylvania legislation authorized the PUC to approve two specific ratemaking mechanisms: the use of a fully projected future test year in base rate proceedings and, subject to certain conditions, a DSIC.

**Act 129** - Act 129 of 2008 that became effective in October 2008. The law amended the Pennsylvania Public Utility Code and created an energy efficiency and conservation program and smart metering technology requirements, adopted new PLR electricity supply procurement rules, provided remedies for market misconduct and changed the Alternative Energy Portfolio Standard (AEPS).

**Act 129 Smart Meter program** - PPL Electric's system wide meter replacement program that installs wireless digital meters that provide secure communication between PPL Electric and the meter as well as all related infrastructure.

**Adjusted Gross Margins** - a non-GAAP financial measure of performance used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

**AFUDC** - allowance for funds used during construction. The cost of equity and debt funds used to finance construction projects of regulated businesses, which is capitalized as part of construction costs.

**AOCI** - accumulated other comprehensive income or loss.

**ARO** - asset retirement obligation.

**ATM Program** - at-the-market stock offering program.

**CCR(s)** - coal combustion residual(s). CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes.

**Clean Air Act** - federal legislation enacted to address certain environmental issues related to air emissions, including acid rain, ozone and toxic air emissions.

**Clean Water Act** - federal legislation enacted to address certain environmental issues relating to water quality including effluent discharges, cooling water intake, and dredge and fill activities.

**CPCN** - Certificate of Public Convenience and Necessity. Authority granted by the KPSC pursuant to Kentucky Revised Statute 278.020 to provide utility service to or for the public or the construction of certain plant, equipment, property or facility for furnishing of utility service to the public.

**Customer Choice Act** - the Pennsylvania Electricity Generation Customer Choice and Competition Act, legislation enacted to restructure the state's electric utility industry to create retail access to a competitive market for generation of electricity.

**DNO** - Distribution Network Operator in the U.K.

**DRIP** - PPL Amended and Restated Dividend Reinvestment and Direct Stock Purchase Plan.

**DSIC** - Distribution System Improvement Charge. Authorized under Act 11, which is an alternative ratemaking mechanism providing more-timely cost recovery of qualifying distribution system capital expenditures.

**DSM** - Demand Side Management. Pursuant to Kentucky Revised Statute 278.285, the KPSC may determine the reasonableness of DSM programs proposed by any utility under its jurisdiction. DSM programs consist of energy efficiency programs intended to reduce peak demand and delay the investment in additional power plant construction, provide customers with tools and information regarding their energy usage and support energy efficiency.

**Earnings from Ongoing Operations** - a non-GAAP financial measure of earnings adjusted for the impact of special items and used in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

**ECR** - Environmental Cost Recovery. Pursuant to Kentucky Revised Statute 278.183, Kentucky electric utilities are entitled to the current recovery of costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements that apply to coal combustion wastes and byproducts from the production of energy from coal.

**ELG(s)** - Effluent Limitation Guidelines, regulations promulgated by the EPA.

**EPA** - Environmental Protection Agency, a U.S. government agency.

**EPS** - earnings per share.

**FERC** - Federal Energy Regulatory Commission, the U.S. federal agency that regulates, among other things, interstate transmission and wholesale sales of electricity, hydroelectric power projects and related matters.

**GAAP** - Generally Accepted Accounting Principles in the U.S.

**GBP** - British pound sterling.

**GHG(s)** - greenhouse gas(es).

**GLT** - gas line tracker. The KPSC approved mechanism for LG&E's recovery of costs associated with gas transmission lines, gas service lines, gas risers, leak mitigation, and gas main replacements.

**HB 487** - House Bill 487. Comprehensive Kentucky state tax legislation enacted in April 2018.

**IRS** - Internal Revenue Service, a U.S. government agency.

**KPSC** - Kentucky Public Service Commission, the state agency that has jurisdiction over the regulation of rates and service of utilities in Kentucky.

**LIBOR** - London Interbank Offered Rate.

**Moody's** - Moody's Investors Service, Inc., a credit rating agency.

**MW** - megawatt, one thousand kilowatts.

**NAAQS** - National Ambient Air Quality Standards periodically adopted pursuant to the Clean Air Act.

**NERC** - North American Electric Reliability Corporation.

**New Source Review** - a Clean Air Act program that requires industrial facilities to install updated pollution control equipment when they are built or when making a modification that increases emissions beyond certain allowable thresholds.

**NPNS** - the normal purchases and normal sales exception as permitted by derivative accounting rules. Derivatives that qualify for this exception may receive accrual accounting treatment.

**OCI** - other comprehensive income or loss.

**Ofgem** - Office of Gas and Electricity Markets, the British agency that regulates transmission, distribution and wholesale sales of electricity and gas and related matters.

**OVEC** - Ohio Valley Electric Corporation, located in Piketon, Ohio, an entity in which LKE indirectly owns an 8.13% interest (consists of LG&E's 5.63% and KU's 2.50% interests), which is recorded at cost. OVEC owns and operates two coal-fired power plants, the Kyger Creek plant in Ohio and the Clifty Creek plant in Indiana, with combined capacities of 2,120 MW.

**Performance unit** - stock-based compensation award that represents a variable number of shares of PPL common stock that a recipient may receive based on PPL's attainment of (i) relative total shareholder return (TSR) over a three-year performance period as compared to companies in the Philadelphia Stock Exchange Utility Index; or (ii) corporate return on equity (ROE) based on the average of the annual ROE for each year of the three-year performance period.

**PLR** - Provider of Last Resort, the role of PPL Electric in providing default electricity supply within its delivery area to retail customers who have not chosen to select an alternative electricity supplier under the Customer Choice Act.

**PP&E** - property, plant and equipment.

**PPL EnergyPlus** - prior to the June 1, 2015 spinoff, PPL Energy Supply, LLC, PPL EnergyPlus, LLC, a subsidiary of PPL Energy Supply that marketed and traded wholesale and retail electricity and gas, and supplied energy and energy services in competitive markets.

**PPL Energy Supply** - prior to the June 1, 2015 spinoff, PPL Energy Supply, LLC, a subsidiary of PPL Energy Funding and the indirect parent company of PPL Montana, LLC.

**PPL Montana** - prior to the June 1, 2015 spinoff of PPL Energy Supply, PPL Montana, LLC, an indirect subsidiary of PPL Energy Supply that generated electricity for wholesale sales in Montana and the Pacific Northwest.

**PUC** - Pennsylvania Public Utility Commission, the state agency that regulates certain ratemaking, services, accounting and operations of Pennsylvania utilities.

**RAV** - regulatory asset value. This term, used within the U.K. regulatory environment, is also commonly known as RAB or regulatory asset base. RAV is based on historical investment costs at time of privatization, plus subsequent allowed additions less annual regulatory depreciation, and represents the value on which DNOs earn a return in accordance with the regulatory cost of capital. RAV is indexed to Retail Price Index (RPI) in order to allow for the effects of inflation. RAV additions have been and continue to be based on a percentage of annual total expenditures that have a long-term benefit to WPD (similar to capital projects for the U.S. regulated businesses that are generally included in rate base).

**RCRA** - Resource Conservation and Recovery Act of 1976.

**Registrant(s)** - refers to the Registrants named on the cover of this Report (each a "Registrant" and collectively, the "Registrants").

**Regulation S-X** - SEC regulation governing the form and content of and requirements for financial statements required to be filed pursuant to the federal securities laws.

**RFC** - ReliabilityFirst Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

**RIIO** - Ofgem's framework for setting U.K. regulated gas and electric utility price controls which stands for "Revenues = Incentive + Innovation + Outputs." RIIO-1 refers to the first generation of price controls under the RIIO framework. RIIO-ED1 refers to the RIIO regulatory price control applicable to the operators of U.K. electricity distribution networks, the duration of which is April 2015 through March 2023. RIIO-2 refers to the second generation of price controls under the RIIO framework. RIIO-ED2 refers to the second generation of the RIIO regulatory price control applicable to the operators of U.K. electricity distribution networks, which will begin in April 2023.

**Riverstone** - Riverstone Holdings LLC, a Delaware limited liability company and, as of December 6, 2016, ultimate parent company of the entities that own the competitive power generation business contributed to Talen Energy.

**RPI** - retail price index, is a measure of inflation in the United Kingdom published monthly by the Office for National Statistics.

**Sarbanes-Oxley** - Sarbanes-Oxley Act of 2002, which sets requirements for management's assessment of internal controls for financial reporting. It also requires an independent auditor to make its own assessment.

**SCRs** - selective catalytic reduction, a pollution control process for the removal of nitrogen oxide from exhaust gas.

**Scrubber** - an air pollution control device that can remove particulates and/or gases (primarily sulfur dioxide) from exhaust gases.

**SEC** - the U.S. Securities and Exchange Commission, a U.S. government agency primarily responsible to protect investors and maintain the integrity of the securities markets.

**SERC** - SERC Reliability Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

**Smart metering technology** - technology that can measure, among other things, time of electricity consumption to permit offering rate incentives for usage during lower cost or demand intervals. The use of this technology also has the potential to strengthen network reliability.

**S&P** - S&P Global Ratings, a credit rating agency.

**Superfund** - federal environmental statute that addresses remediation of contaminated sites; states also have similar statutes.

**Talen Energy** - Talen Energy Corporation, the Delaware corporation formed to be the publicly traded company and owner of the competitive generation assets of PPL Energy Supply and certain affiliates of Riverstone, which as of December 6, 2016, became wholly owned by Riverstone.

**Talen Energy Marketing** - Talen Energy Marketing, LLC, the new name of PPL EnergyPlus subsequent to the spinoff of PPL Energy Supply.

**TCJA** - Tax Cuts and Jobs Act. Comprehensive U.S. federal tax legislation enacted on December 22, 2017.

**Treasury Stock Method** - a method applied to calculate diluted EPS that assumes any proceeds that could be obtained upon exercise of options and warrants (and their equivalents) would be used to purchase common stock at the average market price during the relevant period.

**VEBA** - Voluntary Employee Beneficiary Association. A tax-exempt trust under the Internal Revenue Code Section 501(c)(9) used by employers to fund and pay eligible medical, life and similar benefits.

**VSCC** - Virginia State Corporation Commission, the state agency that has jurisdiction over the regulation of Virginia corporations, including utilities.

### Forward-looking Information

Statements contained in this Form 10-Q concerning expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact are "forward-looking statements" within the meaning of the federal securities laws. Although the Registrants believe that the expectations and assumptions reflected in these statements are reasonable, there can be no assurance that these expectations will prove to be correct. Forward-looking statements are subject to many risks and uncertainties, and actual results may differ materially from the results discussed in forward-looking statements. In addition to the specific factors discussed in each Registrant's 2018 Form 10-K and in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Form 10-Q, the following are among the important factors that could cause actual results to differ materially and adversely from the forward-looking statements:

- the outcome of rate cases or other cost recovery or revenue proceedings;
- changes in U.S. state or federal or U.K. tax laws or regulations;
- the direct or indirect effects on PPL or its subsidiaries or business systems of cyber-based intrusion or the threat of cyberattacks;
- significant decreases in demand for electricity in the U.S.;
- expansion of alternative and distributed sources of electricity generation and storage;
- changes in foreign currency exchange rates for British pound sterling and the related impact on unrealized gains and losses on PPL's foreign currency economic hedges;
- the effectiveness of our risk management programs, including foreign currency and interest rate hedging;
- non-achievement by WPD of performance targets set by Ofgem;
- the effect of changes in RPI on WPD's revenues and index linked debt;
- developments related to the U.K.'s plans to withdraw from the European Union and any actions in response thereto;
- the amount of WPD's pension deficit funding recovered in revenues after March 31, 2021, following the triennial pension review that began in March 2019;
- defaults by counterparties or suppliers for energy, capacity, coal, natural gas or key commodities, goods or services;
- capital market conditions, including the availability of capital or credit, changes in interest rates and certain economic indices, and decisions regarding capital structure;
- a material decline in the market value of PPL's equity;
- significant decreases in the fair value of debt and equity securities and its impact on the value of assets in defined benefit plans, and the potential cash funding requirements if fair value declines;
- interest rates and their effect on pension and retiree medical liabilities, ARO liabilities and interest payable on certain debt securities;
- volatility in or the impact of other changes in financial markets and economic conditions;
- the potential impact of any unrecorded commitments and liabilities of the Registrants and their subsidiaries;
- new accounting requirements or new interpretations or applications of existing requirements;
- changes in the corporate credit ratings or securities analyst rankings of the Registrants and their securities;
- any requirement to record impairment charges pursuant to GAAP with respect to any of our significant investments;
- laws or regulations to reduce emissions of GHGs or the physical effects of climate change;
- continuing ability to access fuel supply for LG&E and KU, as well as the ability to recover fuel costs and environmental expenditures in a timely manner at LG&E and KU and natural gas supply costs at LG&E;
- weather and other conditions affecting generation, transmission and distribution operations, operating costs and customer energy use;
- catastrophic events such as fires, earthquakes, explosions, floods, tornadoes, hurricanes and other storms, droughts, pandemic health events or other similar occurrences;
- war, armed conflicts, terrorist attacks, or similar disruptive events;

- changes in political, regulatory or economic conditions in states, regions or countries where the Registrants or their subsidiaries conduct business;
- receipt of necessary governmental permits and approvals;
- new state, federal or foreign legislation or regulatory developments;
- the impact of any state, federal or foreign investigations applicable to the Registrants and their subsidiaries and the energy industry;
- our ability to attract and retain qualified employees;
- the effect of any business or industry restructuring;
- development of new projects, markets and technologies;
- performance of new ventures;
- business dispositions or acquisitions and our ability to realize expected benefits from such business transactions;

- collective labor bargaining negotiations; and
- the outcome of litigation against the Registrants and their subsidiaries.

Any forward-looking statements should be considered in light of such important factors and in conjunction with other documents of the Registrants on file with the SEC.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for the Registrants to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those expressed in any forward-looking statement. Any forward-looking statement speaks only as of the date on which such statement is made, and the Registrants undertake no obligation to update the information contained in such statement to reflect subsequent developments or information.

**1. Interim Financial Statements**

*(All Registrants)*

Capitalized terms and abbreviations appearing in the unaudited combined notes to condensed financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrants' related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

The accompanying unaudited condensed financial statements have been prepared in accordance with GAAP for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and, therefore, do not include all of the information and footnote disclosures required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation in accordance with GAAP are reflected in the condensed financial statements. All adjustments are of a normal recurring nature, except as otherwise disclosed. Each Registrant's Balance Sheet at December 31, 2018 is derived from that Registrant's 2018 audited Balance Sheet. The financial statements and notes thereto should be read in conjunction with the financial statements and notes contained in each Registrant's 2018 Form 10-K. The results of operations for the three and nine months ended September 30, 2019 are not necessarily indicative of the results to be expected for the full year ending December 31, 2019 or other future periods, because results for interim periods can be disproportionately influenced by various factors, developments and seasonal variations.

## 2. Summary of Significant Accounting Policies

(All Registrants)

The following accounting policy disclosures represent updates to Note 1 in each Registrant's 2018 Form 10-K and should be read in conjunction with those disclosures.

### Restricted Cash and Cash Equivalents (PPL and PPL Electric)

#### *Reconciliation of Cash, Cash Equivalents and Restricted Cash*

The following provides a reconciliation of Cash, Cash Equivalents and Restricted Cash reported within the Balance Sheets that sum to the total of the same amounts shown on the Statements of Cash Flows:

	PPL		PPL Electric	
	September 30, 2019	December 31, 2018	September 30, 2019	December 31, 2018
Cash and cash equivalents	\$ 670	\$ 621	\$ 27	\$ 267
Restricted cash - current (a)	3	3	2	2
Restricted cash - noncurrent (a)	17	19	—	—
Total Cash, Cash Equivalents and Restricted Cash	\$ 690	\$ 643	\$ 29	\$ 269

(a) Bank deposits and other cash equivalents that are restricted by agreement or that have been clearly designated for a specific purpose are classified as restricted cash. On the Balance Sheets, the current portion of restricted cash is included in "Other current assets," while the noncurrent portion is included in "Other noncurrent assets."

### **New Accounting Guidance Adopted**

(All Registrants)

#### Accounting for Leases

Effective January 1, 2019, the Registrants adopted accounting guidance that requires lessees to recognize a right-of-use asset and lease liability for leases, unless determined to meet the definition of a short-term lease. For income statement purposes, the FASB retained a dual model for lessees, requiring leases to be classified as either operating or finance. Operating leases result in straight-line expense recognition. Currently, all Registrant leases are operating leases.

Lessor accounting under the new guidance is similar to the current model, but updated to align with certain changes to the lessee model and current revenue recognition guidance. Lessors classify leases as operating, direct financing, or sales-type.

In adopting this new guidance, the Registrants elected to use the following practical expedients:

- The Registrants did not re-assess the lease classifications or initial direct costs of existing leases. The Registrants also did not re-assess existing contracts for leases or lease classification.
- The Registrants did not evaluate land easements that were not previously accounted for as leases under the new guidance. New land easements are evaluated under the new guidance beginning January 1, 2019.

See Note 9 for the required disclosures resulting from the adoption of the new guidance.

(PPL, LKE, LG&E & KU)

The following table shows the amounts recorded on the Balance Sheets as of January 1, 2019 as a result of the adoption of the new lease guidance using a modified retrospective transition method with transition applied as of the beginning of the period of adoption:

	PPL	LKE	LG&E	KU
Right-of-Use Asset (a)	\$ 81	\$ 56	\$ 23	\$ 31
Lease Liability- Current (b)	23	18	9	9
Lease Liability- Noncurrent (c)	67	46	18	26

(a) Right-of-Use Assets are recorded in "Other noncurrent assets" on the Balance Sheets.

(b) Current lease liabilities are recorded in "Other current liabilities" on the Balance Sheets.

(c) Noncurrent lease liabilities are recorded in "Other deferred credits and noncurrent liabilities" on the Balance Sheets.

*(All Registrants)*

### Improvements to Accounting for Hedging Activities

Effective January 1, 2019, the Registrants adopted accounting guidance, using a modified retrospective approach, which reduces complexity when applying hedge accounting as well as improves the transparency of an entity's risk management activities. This guidance eliminates the separate measurement and reporting of hedge ineffectiveness for cash flow and net investment hedges and provides for the ability to perform subsequent qualitative effectiveness assessments. The guidance also allows entities to apply the short-cut method to partial-term fair value hedges of interest rate risk as well as expands the ability to apply the critical terms match method to cash flow hedges of groups of forecasted transactions.

See Note 15 for the additional disclosures of the income statement impacts of hedging activities required from the adoption of this guidance. Disclosures related to ineffectiveness are no longer required. Other impacts of adopting this guidance were not material.

### **3. Segment and Related Information**

*(PPL)*

See Note 2 in PPL's 2018 Form 10-K for a discussion of reportable segments and related information.

Income Statement data for the segments and reconciliation to PPL's consolidated results for the periods ended September 30 are as follows:

	Three Months		Nine Months	
	2019	2018	2019	2018
Operating Revenues from external customers				
U.K. Regulated	\$ 491	\$ 517	\$ 1,615	\$ 1,716
Kentucky Regulated	844	802	2,421	2,417
Pennsylvania Regulated	590	548	1,756	1,704
Corporate and Other	8	5	23	9
<b>Total</b>	<b>\$ 1,933</b>	<b>\$ 1,872</b>	<b>\$ 5,815</b>	<b>\$ 5,846</b>
Net Income				
U.K. Regulated (a)	\$ 236	\$ 245	\$ 784	\$ 836
Kentucky Regulated	150	122	364	332
Pennsylvania Regulated	118	112	333	335
Corporate and Other	(29)	(34)	(99)	(91)
<b>Total</b>	<b>\$ 475</b>	<b>\$ 445</b>	<b>\$ 1,382</b>	<b>\$ 1,412</b>

(a) Includes unrealized gains and losses from hedging foreign currency economic activity. See Note 15 for additional information.

The following provides Balance Sheet data for the segments and reconciliation to PPL's consolidated Balance Sheets as of:

	September 30, 2019	December 31, 2018
Assets		
U.K. Regulated (a) (b)	\$ 17,128	\$ 16,700
Kentucky Regulated	15,434	15,078
Pennsylvania Regulated	12,116	11,257
Corporate and Other (c)	(119)	361
<b>Total</b>	<b>\$ 44,559</b>	<b>\$ 43,396</b>

- (a) Includes \$12.3 billion and \$12.4 billion of net PP&E as of September 30, 2019 and December 31, 2018. WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP.
- (b) Includes \$2.3 billion and \$2.4 billion of goodwill as of September 30, 2019 and December 31, 2018. The change is due to the effect of foreign currency exchange rates.
- (c) Primarily consists of unallocated items, including cash, PP&E, goodwill, the elimination of inter-segment transactions as well as the assets of Safari Energy.

*(PPL Electric, LKE, LG&E and KU)*

PPL Electric has two operating segments, distribution and transmission, which are aggregated into a single reportable segment. LKE, LG&E and KU are individually single operating and reportable segments.

#### 4. Revenue from Contracts with Customers

*(All Registrants)*

See Note 3 in PPL's 2018 Form 10-K for a discussion of the principal activities from which the Registrants and PPL's segments generate their revenues.

The following tables reconcile "Operating Revenues" included in each Registrant's Statement of Income with revenues generated from contracts with customers for the periods ended September 30.

	2019 Three Months				
	PPL	PPL Electric	LKE	LG&E	KU
Operating Revenues (a)	\$ 1,933	\$ 590	\$ 844	\$ 382	\$ 466
Revenues derived from:					
Alternative revenue programs (b)	8	2	6	4	2
Other (c)	(11)	(3)	(6)	(3)	(3)
<b>Revenues from Contracts with Customers</b>	<b>\$ 1,930</b>	<b>\$ 589</b>	<b>\$ 844</b>	<b>\$ 383</b>	<b>\$ 465</b>

	2018 Three Months				
	PPL	PPL Electric	LKE	LG&E	KU
Operating Revenues (a)	\$ 1,872	\$ 548	\$ 802	\$ 362	\$ 447
Revenues derived from:					
Alternative revenue programs (b)	(4)	(3)	(1)	(4)	3
Other (c)	(15)	(3)	(5)	(2)	(3)
<b>Revenues from Contracts with Customers</b>	<b>\$ 1,853</b>	<b>\$ 542</b>	<b>\$ 796</b>	<b>\$ 356</b>	<b>\$ 447</b>

	2019 Nine Months				
	PPL	PPL Electric	LKE	LG&E	KU
Operating Revenues (a)	\$ 5,815	\$ 1,756	\$ 2,421	\$ 1,126	\$ 1,322
Revenues derived from:					
Alternative revenue programs (b)	(18)	(4)	(14)	(1)	(13)
Other (c)	(30)	(8)	(16)	(7)	(9)
<b>Revenues from Contracts with Customers</b>	<b>\$ 5,767</b>	<b>\$ 1,744</b>	<b>\$ 2,391</b>	<b>\$ 1,118</b>	<b>\$ 1,300</b>

	2018 Nine Months				
	PPL	PPL Electric	LKE	LG&E	KU
Operating Revenues (a)	\$ 5,846	\$ 1,704	\$ 2,417	\$ 1,116	\$ 1,332
Revenues derived from:					
Alternative revenue programs (b)	37	(1)	38	16	22
Other (c)	(43)	(9)	(14)	(5)	(9)
Revenues from Contracts with Customers	<u>\$ 5,840</u>	<u>\$ 1,694</u>	<u>\$ 2,441</u>	<u>\$ 1,127</u>	<u>\$ 1,345</u>

(a) PPL includes \$491 million and \$1,615 million for the three and nine months ended September 30, 2019 and \$517 million and \$1,716 million for the three and nine months ended September 30, 2018 of revenues from external customers reported by the U.K. Regulated segment. PPL Electric and LKE represent revenues from external customers reported by the Pennsylvania Regulated and Kentucky Regulated segments. See Note 3 for additional information.

(b) Alternative revenue programs include the transmission formula rate for PPL Electric, the ECR and DSM programs for LG&E and KU, the GLT program for LG&E, and the generation formula rate for KU. This line item shows the over/under collection of these rate mechanisms with over-collections of revenue shown as positive amounts in the table above and under-collections shown as negative amounts.

(c) Represents additional revenues outside the scope of revenues from contracts with customers such as leases and other miscellaneous revenues.

As discussed in Note 2 in PPL's 2018 Form 10-K, PPL's segments are segmented by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the footnotes to the tables above.

The following tables show revenues from contracts with customers disaggregated by customer class for the periods ended September 30.

	2019 Three Months				
	PPL	PPL Electric	LKE	LG&E	KU

Transmission	306	306	—	—	—
Revenues from Contracts with Customers	\$ 5,840	\$ 1,694	\$ 2,441	\$ 1,127	\$ 1,345

(a) Represents customers of WPD.

(b) Primarily includes revenues from pole attachments, street lighting, other public authorities and other non-core businesses.

(c) Includes wholesale power and transmission revenues. LG&E and KU amounts include intercompany power sales and transmission revenues, which are eliminated upon consolidation at LKE.

PPL Electric's revenues from contracts with customers are further disaggregated by distribution and transmission, which were \$477 million and \$112 million for the three months ended September 30, 2019 and \$1.4 billion and \$318 million for the nine months ended September 30, 2019. PPL Electric's revenue from contracts with customers disaggregated by distribution and transmission were \$442 million and \$100 million for the three months ended September 30, 2018 and \$1.4 billion and \$306 million for the nine months ended September 30, 2018.

Contract receivables from customers are primarily included in "Accounts receivable - Customer" and "Unbilled revenues" on the Balance Sheets.

The following table shows the accounts receivable balances that were impaired for the periods ended September 30.

	Three Months		Nine Months	
	2019	2018	2019	2018
PPL	\$ 11	\$ 11	\$ 22	\$ 24
PPL Electric	8	7	14	17
LKE	2	4	5	7
LG&E	1	2	2	3
KU	1	2	3	4

The following table shows the balances and certain activity of contract liabilities resulting from contracts with customers.

	PPL	PPL Electric	LKE	LG&E	KU
Contract liabilities at December 31, 2018	\$ 42	\$ 23	\$ 9	\$ 5	\$ 4
Contract liabilities at September 30, 2019	42	19	9	5	4
Revenue recognized during the nine months ended September 30, 2019 that was included in the contract liability balance at December 31, 2018	31	11	9	5	4
Contract liabilities at December 31, 2017	\$ 29	\$ 19	\$ 8	\$ 4	\$ 4
Contract liabilities at September 30, 2018	40	17	8	4	4
Revenue recognized during the nine months ended September 30, 2018 that was included in the contract liability balance at December 31, 2017	22	8	8	4	4

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date. Advanced billings for customer attachments are recognized as revenue ratably over the billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At September 30, 2019, PPL had \$48 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$41 million within the next 12 months.

## 5. Earnings Per Share

### (PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below. These securities also include the PPL common stock forward sale agreements entered into in May 2018. See Note 8 in PPL's 2018 Form 10-K for additional information on these agreements. The forward sale agreements are dilutive under the Treasury Stock Method to the extent the average stock price of PPL's common shares exceeds the forward sale price prescribed in the agreements.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended September 30 used in the EPS calculation are:

	Three Months		Nine Months	
	2019	2018	2019	2018
<b>Income (Numerator)</b>				
Net income	\$ 475	\$ 445	\$ 1,382	\$ 1,412
Less amounts allocated to participating securities	—	1	2	2
Net income available to PPL common shareowners - Basic and Diluted	\$ 475	\$ 444	\$ 1,380	\$ 1,410
<b>Shares of Common Stock (Denominator)</b>				
Weighted-average shares - Basic EPS	722,259	703,730	721,693	699,117
Add incremental non-participating securities:				
Share-based payment awards	1,106	298	1,009	427
Forward sale agreements	7,786	6,489	7,975	2,761
Weighted-average shares - Diluted EPS	731,151	710,517	730,677	702,305
<b>Basic EPS</b>				
Net Income available to PPL common shareowners	\$ 0.66	\$ 0.63	\$ 1.91	\$ 2.02
<b>Diluted EPS</b>				
Net Income available to PPL common shareowners	\$ 0.65	\$ 0.62	\$ 1.89	\$ 2.01

For the periods ended September 30, PPL issued common stock related to stock-based compensation plans and the DRIP as follows (in thousands):

	Three Months		Nine Months	
	2019	2018	2019	2018
Stock-based compensation plans (a)	38	80	680	568
DRIP	430	493	1,305	1,504

(a) Includes stock options exercised, vesting of performance units, vesting of restricted stock units and conversion of stock units granted to directors.

For the periods ended September 30, the following shares (in thousands) were excluded from the computations of diluted EPS because the effect would have been antidilutive.

	Three Months		Nine Months	
	2019	2018	2019	2018
Stock options	—	15	—	229
Restricted stock units	—	2	—	15

## 6. Income Taxes

Reconciliations of income taxes for the periods ended September 30 are as follows.

(PPL)

	Three Months		Nine Months	
	2019	2018	2019	2018
Federal income tax on Income Before Income Taxes at statutory tax rate - 21%	\$ 125	\$ 115	\$ 359	\$ 373
Increase (decrease) due to:				
State income taxes, net of federal income tax benefit	13	9	34	34
Valuation allowance adjustments (a)	7	5	21	17
Impact of lower U.K. income tax rates	(6)	(7)	(20)	(20)
Impact of the U.K. Finance Act on deferred tax balances	(5)	(4)	(8)	(7)
Depreciation and other items not normalized	(2)	(1)	(5)	(4)
Amortization of excess deferred federal and state income taxes	(9)	(11)	(30)	(30)
Deferred tax impact of state tax reform (b)	—	—	—	9
Interest benefit on U.K. financing entities	(3)	(4)	(9)	(13)
Kentucky recycling credit, net of federal income tax expense (a)	—	—	(20)	—
Other	(2)	1	6	3
Total increase (decrease)	(7)	(12)	(31)	(11)
Total income taxes	\$ 118	\$ 103	\$ 328	\$ 362

(a) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. A valuation allowance of \$3 million has been recognized related to this credit due to insufficient Kentucky taxable income projected at LKE. During the third quarter of 2019, LKE filed the Kentucky recycling credit application with the Kentucky Department of Revenue and expects a ruling in the fourth quarter of 2019.

(b) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

(PPL Electric)

	Three Months		Nine Months	
	2019	2018	2019	2018

Other	(1)	(1)	(3)	(3)
Total increase (decrease)	1	—	(1)	(1)
Total income taxes	\$ 26	\$ 21	\$ 62	\$ 59

(a) During the second quarter of 2019, KU recorded a deferred income tax benefit associated with a project placed into service that prepares a generation waste material for reuse and, as a result, qualifies for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. This amount has been reserved due to insufficient Kentucky taxable income projected at KU.

## Other

### U.S. Tax Reform (All Registrants)

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including interest deductibility and Global Intangible Low-Taxed Income (GILTI). In June 2019, the IRS issued both final and new proposed regulations relating to GILTI. PPL has determined that neither these final nor proposed regulations materially change PPL's current interpretation of the statutory impact of these rules on the Registrants. Proposed regulations relating to the limitation on the deductibility of interest expense were issued in November 2018 and such regulations provide detailed rules implementing the broader statutory provisions. These proposed regulations should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in the fourth quarter of 2019. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

## 7. Utility Rate Regulation

(All Registrants)

The following table provides information about the regulatory assets and liabilities of cost-based rate-regulated utility operations.

	PPL		PPL Electric	
	September 30, 2019	December 31, 2018	September 30, 2019	December 31, 2018

(a) For PPL, these amounts are included in "Other current assets" on the Balance Sheets.

(b) Relates to amounts owed to PPL Electric customers as a result of the reduced U.S. federal corporate income tax rate as enacted by the TCJA, for the period of January 1, 2018 through June 30, 2018 which is not yet reflected in distribution customer rates. The initial liability was recorded during the second quarter of 2018. A petition for the distribution method back to customers of this liability was proposed to the PUC on October 4, 2019. The petition is currently under review by the PUC and contingent upon PUC approval.

## Regulatory Matters

### Kentucky Activities

#### *Rate Case Proceedings (PPL, LKE, LG&E and KU)*

In September 2018, LG&E and KU filed requests with the KPSC for an increase in annual base electricity rates of approximately \$112 million at KU and increases in annual base electricity and gas rates of approximately \$35 million and \$25 million at LG&E. LG&E's and KU's applications also sought to include changes associated with the TCJA and state tax reform in the calculation of the proposed base rates and to terminate the TCJA bill credit mechanism when new base rates go into effect. The elimination of the TCJA bill credit mechanism will result in an estimated annual electricity revenue increase of approximately \$58 million at KU and increases in electricity and gas revenues of approximately \$40 million and \$12 million at LG&E. The applications were based on a forecasted test year of May 1, 2019 through April 30, 2020 with a requested return-on-equity of 10.42%.

On March 1, 2019, LG&E and KU, along with substantially all intervening parties to the proceeding, filed stipulation and recommendation agreements (stipulations) with the KPSC resolving all material issues with the parties. In addition to

terminating the TCJA bill credit mechanism, the proposed stipulations provided for increases in annual revenue requirements associated with base electricity rates of approximately \$58 million at KU and increases in annual base electricity and gas rates of approximately \$4 million and \$20 million at LG&E, based on a return-on-equity of 9.725%.

On April 30, 2019, the KPSC issued orders ruling on open issues and approving the proposed stipulations filed in March 2019. The orders provide for increases in the revenue requirements associated with base electricity rates of \$56 million at KU and increases associated with base electricity and gas rates of \$2 million and \$19 million at LG&E. With the termination of the TCJA bill credit mechanism, this represents annual revenue increases of \$187 million (\$114 million at KU and \$73 million at LG&E). The new base rates and all elements of the orders became effective on May 1, 2019.

### Pennsylvania Activities

#### *PUC Petition to Distribute TCJA Savings (PPL and PPL Electric)*

PPL Electric submitted a petition for approval with the PUC on October 4, 2019 to distribute the tax savings of \$43 million associated with the TCJA for the period between January 1, 2018 and June 30, 2018. As of September 30, 2019, these tax savings are classified as a noncurrent regulatory liability. PPL Electric has proposed that these amounts be distributed over the period of January 1, 2020 through December 31, 2020. The petition is contingent upon PUC approval.

### Federal Matters

#### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In August 2018, LG&E and KU submitted an application to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide mitigation for certain horizontal market power concerns arising out of the 1998 merger for certain transmission service between MISO and LG&E and KU. The affected transmission customers are a limited number of municipalities in Kentucky. The amounts at issue are generally waivers or credits granted to such customers for either LG&E and KU or MISO transmission charges incurred depending upon the direction of certain transmission service incurred by the municipalities. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. On March 21, 2019, the FERC issued an Order granting LG&E's and KU's request to remove the on-going credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, which transition mechanism will be subject to FERC review and approval. On July 12, 2019, LG&E and KU submitted their proposed transition mechanism to the FERC. On September 10, 2019, the FERC issued an order rejecting the proposed transition mechanism. On October 10, 2019, LG&E and KU filed a request for rehearing and clarification on the September order. LG&E and KU cannot predict the outcome of this proceeding. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2019, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement, which includes the impact of the TCJA. The filing established the revenue requirement used to set rates that took effect in June 2019.

#### *Transmission Customer Complaint (PPL, LKE, LG&E and KU)*

In September 2018, a transmission customer filed a complaint with the FERC against LG&E and KU alleging LG&E and KU have violated and continue to violate their obligations under an existing rate schedule to credit this customer for certain transmission charges from MISO. On February 21, 2019, the FERC issued an Order concluding that the MISO transmission charges in question did qualify for credits under the rate schedule and required LG&E and KU to reimburse the customer for the eligible credits. The reimbursement was not significant and was completed by LG&E and KU in March 2019. LG&E and KU currently receive recovery for such credits through other rate mechanisms.

### *TCJA Impact on FERC Rates (All Registrants)*

In November 2018, the FERC issued a Policy Statement stating that the appropriate ratemaking treatment for changes in accumulated deferred income taxes (ADIT) as a result of the TCJA would be addressed in a Notice of Proposed Rulemaking. Also in November 2018, the FERC issued the Notice of Proposed Rulemaking, which proposed that public utility transmission providers include mechanisms in their formula rates to deduct excess ADIT from, or add deficient ADIT to, rate base and adjust their income tax allowances by amortized excess or deficient ADIT. The Notice of Proposed Rulemaking did not prescribe the mechanism companies should use to adjust their formula rates.

LG&E and KU are currently assessing the Notice of Proposed Rulemaking and are continuing to monitor guidance issued by the FERC. On February 5, 2019, in connection with a separate element of federal and Kentucky state tax reform effects, LG&E and KU filed a request with the FERC to amend their transmission formula rates to incorporate reductions to corporate income tax rates as a result of the TCJA and HB 487. The FERC approved this request effective June 1, 2019. LG&E and KU do not anticipate the impact of the TCJA and HB 487 related to their FERC-jurisdictional rates to be significant. On February 28, 2019, PPL Electric filed with the FERC proposed revisions to its transmission formula rate template pursuant to Section 205 of the Federal Power Act and Section 35.13 of the Rules and Regulations of the FERC. Specifically, PPL Electric proposed to modify its formula rate to permit the return or recovery of excess or deficient ADIT resulting from the TCJA and permit PPL Electric to prospectively account for the income tax expense associated with the depreciation of the equity component of the AFUDC. On April 29, 2019, the FERC accepted the proposed revisions to the formula rate template, which were effective June 1, 2019, as well as the proposed adjustments to ADIT, effective January 1, 2018.

### **Other**

#### Purchase of Receivables Program (PPL and PPL Electric)

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During the three and nine months ended September 30, 2019, PPL Electric purchased \$308 million and \$927 million of accounts receivable from alternate suppliers. During the three and nine months ended September 30, 2018, PPL Electric purchased \$334 million and \$1 billion of accounts receivable from alternate suppliers.

## **8. Financing Activities**

### **Credit Arrangements and Short-term Debt**

*(All Registrants)*

The Registrants maintain credit facilities to enhance liquidity, provide credit support and act as a backstop to commercial paper programs. For reporting purposes, on a consolidated basis, the credit facilities and commercial paper programs of PPL Electric, LKE, LG&E and KU also apply to PPL and the credit facilities and commercial paper programs of LG&E and KU also apply to LKE. The amounts listed in the borrowed column below are recorded as "Short-term debt" on the Balance Sheets, except for amounts borrowed under LG&E's Term Loan Facility which were recorded as "Long-term debt due within one year" on the December 31, 2018 Balance Sheet. The following credit facilities were in place at:

	September 30, 2019					December 31, 2018

(a) The amounts borrowed at September 30, 2019 and December 31, 2018 were USD-denominated borrowings of \$200 million for both periods, which bore interest at 2.94% and 3.17%. The unused capacity reflects the amounts borrowed in GBP of £164 million as of the date borrowed.

(b) The amount borrowed at December 31, 2018 was GBP-denominated borrowings which equated to \$48 million and bore interest at 1.12%.

(c) The amount borrowed at September 30, 2019 was GBP-denominated borrowings which equated to \$62 million and bore interest at 1.11%.

(d) The amount borrowed at September 30, 2019 was GBP-denominated borrowings which equated to \$44 million and bore interest at 1.59%.

(e) At September 30, 2019, the unused capacity under the U.K. credit facilities was \$1.1 billion.

(f) KU's letter of credit facility was terminated in September 2019 in connection with the bond remarketings discussed below.

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facilities. The following commercial paper programs were in place at:

	September 30, 2019				December 31, 2018	
	Weighted - Average Interest Rate	Capacity	Commercial Paper Issuances	Unused Capacity	Weighted - Average Interest Rate	Commercial Paper Issuances
PPL Capital Funding	2.52%	\$ 1,500	\$ 981	\$ 519	2.82%	\$ 669

Total		<u>\$ 2,850</u>	<u>\$ 1,082</u>	<u>\$ 1,768</u>		<u>\$ 1,183</u>

*(PPL Electric, LKE, LG&E, and KU)*

See Note 12 for discussion of intercompany borrowings.

### Long-term Debt

*(PPL)*

In June 2019, WPD plc executed and drew £50 million under a 5-year term loan facility due 2024 at a rate of 2.189%, to be reset quarterly as detailed in the terms of the agreement. The borrowing equated to \$63 million at the time of drawdown, net of fees. The proceeds were used for general corporate purposes.

In September 2019, WPD (East Midlands) issued £250 million of 1.75% Senior Notes due 2031. WPD (East Midlands) received proceeds of £245 million, which equated to \$301 million at the time of issuance, net of fees and a discount. The proceeds were used to repay short-term debt and for general corporate purposes.

*(PPL, LKE and LG&E)*

In April 2019, LG&E issued \$400 million of 4.25% First Mortgage Bonds due 2049. LG&E received proceeds of \$396 million, net of discounts and underwriting fees, which were used to repay commercial paper and LG&E's term loan.

In April 2019, the County of Jefferson, Kentucky remarketed \$128 million of Pollution Control Revenue Bonds, 2001 Series A due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.85% through their mandatory purchase date of April 1, 2021.

In June 2019, the Louisville/Jefferson County Metro Government of Kentucky remarketed \$31 million of Environmental Facilities Revenue Refunding Bonds, 2007 Series A due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.65% through their mandatory purchase date of June 1, 2021.

In June 2019, the Louisville/Jefferson County Metro Government of Kentucky remarketed \$35 million of Environmental Facilities Revenue Refunding Bonds, 2007 Series B due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.65% through their mandatory purchase date of June 1, 2021.

In June 2019, LG&E issued a notice to bondholders of its intention to convert the \$40 million Louisville/Jefferson County Metro Government of Kentucky Pollution Control Revenue Bonds, 2005 Series A to a weekly interest rate, as permitted under the loan documents. The conversion was completed on August 1, 2019. In connection with the conversion, LG&E purchased these bonds from the remarketing agent and held them until September 17, 2019, at which time LG&E remarketed the bonds at a long-term rate that will bear interest at 1.75% through their mandatory purchase date of July 1, 2026.

*(PPL, LKE and KU)*

In April 2019, KU reopened its 4.375% First Mortgage Bonds due 2045 and issued an additional \$300 million of this series. KU received proceeds of \$303 million, including premiums and underwriting fees, which were used to repay commercial paper and for other general corporate purposes.

In September 2019, the County of Carroll, Kentucky remarketed \$50 million of Environmental Facilities Revenue Bonds, 2004 Series A due 2034 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.75% through their mandatory purchase date of September 1, 2026.

In September 2019, the County of Carroll, Kentucky remarketed \$96 million of Pollution Control Revenue Refunding Bonds, 2016 Series A due 2042 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.55% through their mandatory purchase date of September 1, 2026.

In September 2019, the County of Carroll, Kentucky remarketed \$54 million of Environmental Facilities Revenue Refunding Bonds, 2006 Series B due 2034 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.20% through their mandatory purchase date of June 1, 2021.

In September 2019, the County of Carroll, Kentucky remarketed \$78 million of Environmental Facilities Revenue Bonds, 2008 Series A due 2032 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.20% through their mandatory purchase date of June 1, 2021.

In September 2019, the County of Mercer, Kentucky remarketed \$13 million of Solid Waste Disposal Facility Revenue Bonds, 2000 Series A due 2023 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.30% through the maturity date of May 1, 2023.

*(PPL and PPL Electric)*

In September 2019, PPL Electric issued \$400 million of 3.00% First Mortgage Bonds due 2049. PPL Electric received proceeds of \$390 million, net of a discount and underwriting fees, which were used to repay short-term debt and for general corporate purposes.

On October 31, 2019, PPL Electric gave notice of its intent to redeem all of the currently outstanding \$100 million aggregate principal amount of its Senior Secured Bonds, 5.15% Series due 2020 on December 4, 2019.

*(PPL)*

## **Equity Securities**

### ATM Program

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program; including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the nine months ended September 30, 2019.

## **Distributions**

In August 2019, PPL declared a quarterly common stock dividend, payable October 1, 2019, of 41.25 cents per share (equivalent to \$1.65 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

## **9. Leases**

*(All Registrants)*

The Registrants determine whether contractual arrangements contain a lease by evaluating whether those arrangements either implicitly or explicitly identify an asset, whether the Registrants have the right to obtain substantially all of the economic benefits from use of the asset throughout the term of the arrangement, and whether the Registrants have the right to direct the use of the asset. Renewal options are included in the lease term if it is reasonably certain the Registrants will exercise those options. Periods for which the Registrants are reasonably certain not to exercise termination options are also included in the lease term. The Registrants have certain agreements with lease and non-lease components, such as office space leases, which are generally accounted for separately.

LKE, LG&E and KU have entered into various operating leases primarily for office space, vehicles and railcars. The leases generally have fixed payments with expiration dates ranging from 2019 to 2025, some of which have options to extend the leases from one year to ten years and some have options to terminate at LKE's, LG&E's and KU's discretion. For leases that

existed as of December 31, 2018, payments associated with renewal options are not included in the measurement of the lease liability and right-of-use (ROU) asset.

PPL has also entered into various operating leases primarily for office space, land easements, telecom assets and warehouse space. These leases generally have fixed payments with expiration dates ranging from 2019 through 2028, except for the land agreements which extend through 2116.

PPL Electric also has operating leases which do not have a significant impact to its operations.

### Short-term Leases

Short-term leases are leases with a term that is 12 months or less and do not include a purchase option or option to extend the initial term of the lease to greater than 12 months that the Registrants are reasonably certain to exercise. The Registrants have made an accounting policy election to not recognize the ROU asset and the lease liability arising from leases classified as short-term. Expenses related to short-term leases are included in the tables below.

### Discount Rate

The discount rate for a lease is the rate implicit in the lease unless that rate cannot be readily determined. In that case, the Registrants are required to use their incremental borrowing rate, which is the rate the Registrants would have to pay to borrow, on a collateralized basis over a similar term, an amount equal to the lease payments in a similar economic environment.

The Registrants receive secured borrowing rates from financial institutions based on their applicable credit profiles. The Registrants use the secured rate which corresponds with the term of the applicable lease.

### Practical Expedients

See Note 2 for information on the adoption of the new lease guidance as well as the practical expedients the Registrants have elected as part of the transition.

*(PPL, LKE, LG&E and KU)*

### Lessee Transactions

The following table provides the components of lease cost for the Registrants' operating leases for the periods ended September 30, 2019.

	Three Months			
	PPL	LKE	LG&E	KU
Lease cost:				
Operating lease cost	\$ 6	\$ 5	\$ 1	\$ 3
Short-term lease cost	2	1	—	1
Total lease cost	\$ 8	\$ 6	\$ 1	\$ 4

	Nine Months			
	PPL	LKE	LG&E	KU
Lease cost:				
Operating lease cost	\$ 21	\$ 17	\$ 7	\$ 9
Short-term lease cost	5	2	1	1
Total lease cost	\$ 26	\$ 19	\$ 8	\$ 10

The following table provides other key information related to the Registrants' operating leases at September 30, 2019.

	PPL	LKE	LG&E	KU
Cash paid for amounts included in the measurement of lease liabilities:				
Operating cash flows from operating leases	\$ 21	\$ 17	\$ 8	\$ 9
Right-of-use asset obtained in exchange for new operating lease liabilities	37	8	3	5

The following table provides the total future minimum rental payments for operating leases, as well as a reconciliation of these undiscounted cash flows to the lease liabilities recognized on the Balance Sheets as of September 30, 2019.

	PPL	LKE	LG&E	KU
2019 (a)	\$ 8	\$ 5	\$ 2	\$ 3
2020	27	16	6	10
2021	21	12	5	7
2022	16	8	3	5
2023	14	7	3	3
2024	12	6	3	3
Thereafter	25	7	3	3
Total	\$ 123	\$ 61	\$ 25	\$ 34
Weighted-average discount rate	3.47%	3.97%	3.9%	4.01%
Weighted-average remaining lease term (in years)	8	5	5	5
Current lease liabilities (b)	\$ 25	\$ 16	\$ 6	\$ 9
Non-current lease liabilities (b)	80	39	16	22
Right-of-use assets (c)	97	47	19	27

(a) Represents future minimum lease payments for the remainder of 2019.

(b) Current lease liabilities are included in "Other Current Liabilities" on the Balance Sheets. Non-current lease liabilities are included in "Other deferred credits and noncurrent liabilities" on the Balance Sheets. The difference between the total future minimum lease payments and the recorded lease liabilities is due to the impact of discounting.

(c) Right-of-use assets are included in "Other noncurrent assets" on the Balance Sheets.

At December 31, 2018, the total future minimum rental payments for all operating leases were estimated to be:

	PPL	LKE	LG&E	KU
2019	\$ 26	\$ 20	\$ 10	\$ 10
2020	21	15	6	9
2021	15	11	4	7
2022	13	7	3	4
2023	8	6	3	3
Thereafter	33	11	4	6
Total	\$ 116	\$ 70	\$ 30	\$ 39

### Lessor Transactions

Third parties lease land from LKE, LG&E and KU at certain generation plants to produce refined coal used to generate electricity. The leases are operating leases and expire in 2021. Payments are allocated among lease and non-lease components as stated in the agreements. Lease payments are fixed or are determined based on the amount of refined coal used in electricity generation at the facility. Payments received are primarily recorded as a regulatory liability and are amortized in accordance with regulatory approvals.

WPD leases property and telecom assets to third parties, which generally expire through 2029. These leases are operating leases. Generally, lease payments are fixed and include only a lease component.

At September 30, 2019, PPL, LKE, LG&E and KU expect to receive the following fixed lease payments over the remaining term of their operating lease agreements:

	PPL	LKE	LG&E	KU
2019 (a)	\$ 3	\$ 2	\$ —	\$ 2
2020	13	7	—	7
2021	10	5	1	4
2022	4	—	—	—
2023	4	1	—	—
2024	4	—	—	—
Thereafter	12	—	—	—
<b>Total</b>	<b>\$ 50</b>	<b>\$ 15</b>	<b>\$ 1</b>	<b>\$ 13</b>
Lease income recognized for the three months ended September 30, 2019	\$ 6	\$ 4	\$ 2	\$ 2
Lease income recognized for the nine months ended September 30, 2019	\$ 16	\$ 10	\$ 4	\$ 6

(a) Represents future minimum lease payments for the remainder of 2019.

## 10. Defined Benefits

(PPL, LKE and LG&E)

Certain net periodic defined benefit costs are applied to accounts that are further distributed among capital, expense, regulatory assets and regulatory liabilities, including certain costs allocated to applicable subsidiaries for plans sponsored by PPL Services and LKE. Following are the net periodic defined benefit costs (credits) of the plans sponsored by PPL and its subsidiaries, LKE, and LG&E for the periods ended September 30:

	Pension Benefits							
	Three Months				Nine Months			
	U.S.		U.K.		U.S.		U.K.	
	2019	2018	2019	2018	2019	2018	2019	2018
<b>PPL</b>								
Service cost	\$ 13	\$ 15	\$ 17	\$ 21	\$ 38	\$ 46	\$ 51	\$ 63
Interest cost	41	39	45	46	123	117	140	140
Expected return on plan assets	(62)	(62)	(144)	(145)	(184)	(186)	(442)	(445)
Amortization of:								
Prior service cost	2	2	1	—	6	7	1	—
Actuarial loss	15	22	22	37	42	63	69	114
Net periodic defined benefit costs (credits) before settlements	9	16	(59)	(41)	25	47	(181)	(128)
Settlements	—	—	—	—	1	—	—	—
Net periodic defined benefit costs (credits)	<b>\$ 9</b>	<b>\$ 16</b>	<b>\$ (59)</b>	<b>\$ (41)</b>	<b>\$ 26</b>	<b>\$ 47</b>	<b>\$ (181)</b>	<b>\$ (128)</b>

	Pension Benefits			
	Three Months		Nine Months	
	2019	2018	2019	2018
<b>LKE</b>				
Service cost	\$ 5	\$ 6	\$ 16	\$ 18
Interest cost	16	16	49	48
Expected return on plan assets	(25)	(25)	(76)	(76)
Amortization of:				
Prior service cost	2	3	6	7
Actuarial loss (a)	7	8	17	26
Net periodic defined benefit costs (b)	<b>\$ 5</b>	<b>\$ 8</b>	<b>\$ 12</b>	<b>\$ 23</b>

(a) As a result of treatment approved by the KPSC, the difference between actuarial loss calculated in accordance with LKE's accounting policy and actuarial loss calculated using a 15-year amortization period was \$2 million and \$3 million for the three and nine months ended September 30, 2019 and \$2 million and \$8 million for the three and nine months ended September 30, 2018. This difference is recorded as a regulatory asset.

- (b) Due to the amount of lump sum payment distributions from the LG&E qualified pension plan, a settlement charge of \$5 million for the three and nine months ended September 30, 2019 and \$1 million and \$5 million for the three and nine months ended September 30, 2018 was incurred. In accordance with existing regulatory accounting treatment, LG&E has maintained the settlement charge in regulatory assets. The amount is being amortized in accordance with existing regulatory practice.

	<b>Pension Benefits</b>			
	<b>Three Months</b>		<b>Nine Months</b>	
	<b>2019</b>	<b>2018</b>	<b>2019</b>	<b>2018</b>
<b><u>LG&amp;E</u></b>				
Service cost	\$ —	\$ —	\$ 1	\$ 1
Interest cost	2	3	8	9
Expected return on plan assets	(5)	(6)	(16)	(17)
Amortization of:				
Prior service cost	1	1	4	4
Actuarial loss (a)	4	2	7	5
Net periodic defined benefit costs (b)	<u>\$ 2</u>	<u>\$ —</u>	<u>\$ 4</u>	<u>\$ 2</u>

- (a) As a result of treatment approved by the KPSC, the difference between actuarial loss calculated in accordance with LG&E's accounting policy and actuarial loss calculated using a 15-year amortization period was \$1 million and \$2 million for the three and nine months ended September 30, 2019 and \$1 million for the nine months ended September 30, 2018. This difference is recorded as a regulatory asset.

- (b) Due to the amount of lump sum payment distributions from the LG&E qualified pension plan, a settlement charge of \$5 million for the three and nine months ended September 30, 2019 and \$1 million and \$5 million for the three and nine months ended September 30, 2018 was incurred. In accordance with existing regulatory accounting treatment, LG&E has maintained the settlement charge in regulatory assets. The amount is being amortized in accordance with existing regulatory practice.

	<b>Other Postretirement Benefits</b>			
	<b>Three Months</b>		<b>Nine Months</b>	
	<b>2019</b>	<b>2018</b>	<b>2019</b>	<b>2018</b>
<b><u>PPL</u></b>				
Service cost	\$ 2	\$ 1	\$ 4	\$ 5
Interest cost	5	5	16	15

Amortization of actuarial loss	1	—	1	—
Net periodic defined benefit costs	<u>\$ 3</u>	<u>\$ 2</u>	<u>\$ 7</u>	<u>\$ 3</u>

<b><u>LKE</u></b>				
Service cost	\$ 1	\$ 1	\$ 3	\$ 3
Interest cost	2	2	6	6
Expected return on plan assets	(2)	(2)	(6)	(6)
Amortization of:				
Prior service cost	—	—	1	1
Actuarial gain	—	—	(1)	(1)
Net periodic defined benefit costs	<u>\$ 1</u>	<u>\$ 1</u>	<u>\$ 3</u>	<u>\$ 3</u>

*(PPL Electric, LG&E and KU)*

In addition to the specific plan it sponsors, LG&E is allocated costs of defined benefit plans sponsored by LKE. PPL Electric and KU do not directly sponsor any defined benefit plans. PPL Electric is allocated costs of defined benefit plans sponsored by PPL Services and KU is allocated costs of defined benefit plans sponsored by LKE. LG&E and KU are also allocated costs of defined benefit plans from LKS for defined benefit plans sponsored by LKE. See Note 12 for additional information on costs allocated to LG&E and KU from LKS. These allocations are based on participation in those plans, which management believes are reasonable. For the periods ended September 30, PPL Services allocated the following net periodic defined benefit costs to PPL Electric, and LKE allocated the following net periodic defined benefit costs to LG&E and KU:

	Three Months		Nine Months	
	2019	2018	2019	2018
PPL Electric	\$ 3	\$ 5	\$ 8	\$ 12
LG&E	1	1	3	5
KU	—	1	—	3

(All Registrants)

The non-service cost components of net periodic defined benefit costs (credits) (interest cost, expected return on plan assets, amortization of prior service cost and amortization of actuarial gain and loss) are presented in "Other Income (Expense) - net" on the Statements of Income. See Note 13 for additional information.

## 11. Commitments and Contingencies

### Legal Matters

(All Registrants)

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

#### Talen Litigation (PPL)

##### *Background*

In September 2013, one of PPL's former subsidiaries, PPL Montana entered into an agreement to sell its hydroelectric generating facilities. In June 2014, PPL and PPL Energy Supply, the parent company of PPL Montana, entered into various definitive agreements with affiliates of Riverstone to spin off PPL Energy Supply and ultimately combine it with Riverstone's competitive power generation businesses to form a stand-alone company named Talen Energy. In November 2014, after executing the spinoff agreements but prior to the closing of the spinoff transaction, PPL Montana closed the sale of its hydroelectric generating facilities. Subsequently, on June 1, 2015, the spinoff of PPL Energy Supply was completed. Following the spinoff transaction, PPL had no continuing ownership interest in or control of PPL Energy Supply. In connection with the spinoff transaction, PPL Montana became Talen Montana, LLC (Talen Montana), a subsidiary of Talen Energy. Talen Energy Marketing also became a subsidiary of Talen Energy as a result of the June 2015 spinoff of PPL Energy Supply. Talen Energy has owned and operated both Talen Montana and Talen Energy Marketing since the spinoff. At the time of the spinoff, affiliates of Riverstone acquired a 35% ownership interest in Talen Energy. Riverstone subsequently acquired the remaining interests in Talen Energy in a take private transaction in December 2016.

##### *Talen Montana, LLC v. PPL Corporation et al.*

On October 29, 2018, Talen Montana filed a complaint against PPL and certain of its affiliates and current and former officers and directors in the First Judicial District of the State of Montana, Lewis & Clark County (Talen Direct Action). Talen Montana alleges that in November 2014, PPL and certain officers and directors improperly distributed to PPL's subsidiaries \$733 million of the proceeds from the sale of Talen Montana's (then PPL Montana's) hydroelectric generating facilities, rendering PPL Montana insolvent. The complaint includes claims for, among other things, breach of fiduciary duty; aiding and abetting breach of fiduciary duty; breach of an LLC agreement; breach of the implied duty of good faith and fair dealing; tortious interference; negligent misrepresentation; and constructive fraud. Talen Montana is seeking unspecified damages, including punitive damages, and other relief. In December 2018, PPL moved to dismiss the Talen Direct Action for lack of jurisdiction and, in the alternative, to dismiss because Delaware is the appropriate forum to decide this case. In January 2019, Talen Montana dismissed without prejudice all current and former PPL Corporation directors from the case. The parties engaged in limited jurisdictional discovery, and the Court heard oral argument regarding the PPL parties' motion to dismiss on August 22, 2019. We are awaiting the Court's decision regarding the motion to dismiss.

*Talen Montana Retirement Plan and Talen Energy Marketing, LLC, Individually and on Behalf of All Others Similarly Situated v. PPL Corporation et al.*

Also on October 29, 2018, Talen Montana Retirement Plan and Talen Energy Marketing filed a putative class action complaint on behalf of current and contingent creditors of Talen Montana who allegedly suffered harm or allegedly will suffer reasonably foreseeable harm as a result of the November 2014 distribution. The action was filed in the Sixteenth Judicial District of the State of Montana, Rosebud County, against PPL and certain of its affiliates and current and former officers and directors (Talen Putative Class Action). The plaintiffs assert claims for, among other things, fraudulent transfer, both actual and constructive; recovery against subsequent transferees; civil conspiracy; aiding and abetting tortious conduct; and unjust enrichment. They are seeking avoidance of the purportedly fraudulent transfer, unspecified damages, including punitive damages, the imposition of a constructive trust, and other relief. In December 2018, PPL removed the Talen Putative Class Action from the Sixteenth Judicial District of the State of Montana to the United States District Court for the District of Montana, Billings Division (MT Federal Court). In January 2019, the plaintiffs moved to remand the Talen Putative Class Action back to state court, and dismissed without prejudice all current and former PPL Corporation directors from the case. In September 2019, the MT Federal Court granted plaintiffs' motion to remand the case back to state court, and the PPL defendants promptly petitioned the Ninth Circuit Court of Appeals to grant an appeal of the remand decision. The petition for appeal is under consideration by the Ninth Circuit Court of Appeals.

*PPL Corporation et al. vs. Riverstone Holdings LLC, Talen Energy Corporation et al.*

On November 30, 2018, PPL, certain PPL affiliates, and certain current and former officers and directors (PPL plaintiffs) filed a complaint in the Court of Chancery of the State of Delaware seeking various forms of relief against Riverstone, Talen Energy and certain of their affiliates (Delaware Action). In the complaint, the PPL plaintiffs ask the Delaware Court of Chancery for declaratory and injunctive relief. This includes a declaratory judgment that, under the separation agreement governing the spinoff of PPL Energy Supply, all related claims that arise must be heard in Delaware; that the statute of limitations in Delaware and the spinoff agreement bar these claims at this point; that PPL is not liable for the claims in either the Talen Direct Action or the Talen Putative Class Action as PPL Montana was solvent at all relevant times; and that the separation agreement requires that Talen Energy indemnify PPL for all losses arising from the debts of Talen Montana, among other things. PPL's complaint also seeks damages against Riverstone for interfering with the separation agreement and against Riverstone affiliates for breach of the implied covenant of good faith and fair dealing. The complaint was subsequently amended on January 11, 2019 and March 20, 2019, including to add claims related to indemnification with respect to the Talen Direct Action and the Talen Putative Class Action (together, the Montana Actions), request a declaration that the Montana Actions are time-barred under the spinoff agreements, and allege additional facts to support the tortious interference claim. In April 2019, the defendants filed motions to dismiss the amended complaint. In July 2019, the Court heard oral arguments from the parties regarding the motions to dismiss. On October 23, 2019, the Delaware Court of Chancery returned its opinion on the defendants' motions to dismiss sustaining all of the PPL plaintiffs' claims except for the claim for breach of implied covenant of good faith and fair dealing.

With respect to each of the Talen-related matters described above, PPL believes that the 2014 distribution of proceeds was made in compliance with all applicable laws and that PPL Montana was solvent at all relevant times. Additionally, the agreements entered into in connection with the spinoff, which PPL and affiliates of Talen Energy and Riverstone negotiated and executed prior to the 2014 distribution, directly address the treatment of the proceeds from the sale of PPL Montana's hydroelectric generating facilities; in those agreements, Talen Energy and Riverstone definitively agreed that PPL was entitled to retain the proceeds.

PPL believes that it has meritorious defenses to the claims made in the Montana Actions and intends to continue to vigorously defend against these actions. The Montana Actions and the Delaware Action are all in the early stages of litigation; at this time, PPL cannot predict the outcome of these matters or estimate the range of possible losses, if any, that PPL might incur as a result of the claims, although they could be material.

Cane Run Environmental Claims (PPL, LKE and LG&E)

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky (U.S. District Court) alleging violations of the Clean Air Act, RCRA, and common law claims of nuisance, trespass and negligence. These plaintiffs seek injunctive relief and civil penalties, plus costs and attorney fees, for the alleged statutory violations. Under the common law claims, these plaintiffs seek monetary compensation and punitive damages for property damage and diminished property values for a class consisting of residents within four miles of the Cane Run plant, which retired three coal-fired units in 2015. In their individual capacities, these plaintiffs sought compensation for alleged adverse health effects. In July 2014, the court dismissed the RCRA claims and

all but one Clean Air Act claim, but declined to dismiss the common law tort claims. In November 2016, the plaintiffs filed an amended complaint removing the personal injury claims and removing certain previously named plaintiffs. In February 2017, the U.S. District Court issued an Order dismissing PPL as a defendant and dismissing the final federal claim against LG&E. In April 2017, the U.S. District Court issued an Order declining to exercise supplemental jurisdiction on the state law claims and dismissed the case in its entirety. In June 2017, the plaintiffs filed a class action complaint in Jefferson County, Kentucky Circuit Court, against LG&E alleging state law nuisance, negligence and trespass tort claims. The plaintiffs seek compensatory and punitive damages for alleged property damage due to purported plant emissions on behalf of a class of residents within one to three miles of the plant. Proceedings are currently underway regarding potential class certification, for which a decision may be rendered in 2019. PPL, LKE and LG&E cannot predict the outcome of this matter and an estimate or range of possible losses cannot be determined.

#### E.W. Brown Environmental Claims (PPL, LKE and KU)

In July 2017, the Kentucky Waterways Alliance and the Sierra Club filed a citizen suit complaint against KU in the U.S. District Court for the Eastern District of Kentucky (U.S. District Court) alleging discharges at the E.W. Brown plant in violation of the Clean Water Act and the plant's water discharge permit and alleging contamination that may present an imminent and substantial endangerment in violation of the RCRA. The plaintiffs' suit relates to prior notices of intent to file a citizen suit submitted in October and November 2015 and October 2016. These plaintiffs sought injunctive relief ordering KU to take all actions necessary to comply with the Clean Water Act and RCRA, including ceasing the discharges in question, abating effects associated with prior discharges and eliminating the alleged imminent and substantial endangerment. These plaintiffs also sought assessment of civil penalties and an award of litigation costs and attorney fees. In December 2017 the U.S. District Court issued an Order dismissing the Clean Water Act and RCRA complaints against KU in their entirety. In January 2018, the plaintiffs appealed the dismissal Order to the U.S. Court of Appeals for the Sixth Circuit. In September 2018, the U.S. Court of Appeals for the Sixth Circuit issued its ruling affirming the lower court's decision to dismiss the Clean Water Act claims but reversing its dismissal of the RCRA claims against KU and remanding the latter to the U.S. District Court. In October 2018, KU filed a petition for rehearing to the U.S. Court of Appeals for the Sixth Circuit regarding the RCRA claims. In November 2018, the U.S. Court of Appeals for the Sixth Circuit denied KU's petition for rehearing regarding the RCRA claims. On January 8, 2019, KU filed an answer to plaintiffs' complaint in the U.S. District Court. A trial has been scheduled to begin on October 5, 2020. PPL, LKE and KU cannot predict the outcome of these matters and an estimate or range of possible losses cannot be determined.

KU is undertaking extensive remedial measures at the E.W. Brown plant including closure of the former ash pond, implementation of a groundwater remedial action plan and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. The aquatic study and risk assessment was undertaken pursuant to a 2017 agreed Order with the Kentucky Energy and Environment Cabinet (KEEC). KU conducted sampling of Herrington Lake in 2017 and 2018. KU submitted the required aquatic study and risk assessment, conducted by an independent third-party consultant, to the KEEC in June 2019 finding that discharges from the E.W. Brown plant have not had any significant impact on Herrington Lake and that the water in the lake is safe for recreational use and meets safe drinking water standards. However, until the KEEC assesses the study and issues any regulatory determinations, PPL, LKE and KU are unable to determine whether additional remedial measures will be required at the E.W. Brown plant.

#### **Regulatory Issues (All Registrants)**

See Note 7 for information on regulatory matters related to utility rate regulation.

#### Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E and KU monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required. The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any

Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

#### **Environmental Matters**

*(All Registrants)*

Due to the environmental issues discussed below or other environmental matters, it may be necessary for the Registrants to modify, curtail, replace or cease operation of certain facilities or performance of certain operations to comply with statutes, regulations and other requirements of regulatory bodies or courts. In addition, legal challenges to new environmental permits or rules add to the uncertainty of estimating the future cost of these permits and rules.

WPD's distribution businesses are subject to certain statutory and regulatory environmental requirements. It may be necessary for WPD to incur significant compliance costs, which costs may be recoverable through rates subject to the approval of Ofgem. PPL believes that WPD has taken and continues to take measures to comply with all applicable environmental laws and regulations.

LG&E and KU are entitled to recover, through the ECR mechanism, certain costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements applicable to coal combustion wastes and by-products from facilities that generate electricity from coal combustion in accordance with approved compliance plans. Costs not covered by the ECR mechanism for LG&E and KU and all such costs for PPL Electric are subject to rate recovery before the companies' respective state regulatory authorities, or the FERC, if applicable. Because neither WPD nor PPL Electric owns any generating plants, their exposure to related environmental compliance costs is reduced. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

#### Air

*(PPL, LKE, LG&E and KU)*

#### **NAAQS**

The Clean Air Act, which regulates air pollutants from mobile and stationary sources in the United States, has a significant impact on the operation of fossil fuel generation plants. Among other things, the Clean Air Act requires the EPA periodically to review and establish concentration levels in the ambient air for six pollutants to protect public health and welfare. The six pollutants are carbon monoxide, lead, nitrogen dioxide, ozone (contributed to by nitrogen oxide emissions), particulate matter and sulfur dioxide. The established concentration levels for these six pollutants are known as NAAQS. Under the Clean Air Act, the EPA is required to reassess the NAAQS on a five-year schedule.

Federal environmental regulations of these six pollutants require states to adopt implementation plans, known as state implementation plans, which detail how the state will attain the standards that are mandated by the relevant law or regulation. Each state identifies the areas within its boundaries that meet the NAAQS (attainment areas) and those that do not (non-attainment areas), and must develop a state implementation plan both to bring non-attainment areas into compliance with the NAAQS and to maintain good air quality in attainment areas. In addition, for attainment of ozone and fine particulates standards, states in the eastern portion of the country, including Kentucky, are subject to a regional program developed by the EPA known as the Cross-State Air Pollution Rule. The NAAQS, future revisions to the NAAQS and state implementation plans, or future revisions to regional programs, may require installation of additional pollution controls, the costs of which PPL, LKE, LG&E and KU believe are subject to cost recovery.

Although PPL, LKE, LG&E and KU do not anticipate significant costs to comply with these programs, changes in market or operating conditions could result in different costs than anticipated.

### *Ozone*

The EPA issued the current ozone standard in October 2015. The states and the EPA are required to determine (based on ambient air monitoring data) those areas that meet the standard and those that are in nonattainment. In April 2018, the EPA designated Jefferson County, Kentucky (Louisville) as being in nonattainment with the ozone standard. Although implementation of the 2015 ozone standard could potentially require the addition of SCRs at LG&E's Mill Creek station, PPL, LKE and LG&E are unable to determine what, if any, compliance measures may ultimately be required until the Louisville Metro Air Pollution District prepares a state implementation plan.

States are also obligated to address interstate transport issues associated with ozone standards through the establishment of "good neighbor" state implementation plans for those states that are found to contribute significantly to another state's non-attainment. As a result of a partial consent decree addressing claims regarding federal implementation, the EPA and several states, including Kentucky, have evaluated the need for further nitrogen oxide reductions from fossil-fueled plants to address interstate impacts. In July 2018, the EPA approved Kentucky's proposed state implementation plan finding that no additional reductions beyond existing and planned controls set forth in Kentucky's existing State Implementation Plan are necessary to prevent Kentucky from contributing significantly to any other state's nonattainment. In September 2018, the EPA denied petitions filed by Maryland and Delaware and in September 2019, denied a petition filed by New York alleging that states including Kentucky and Pennsylvania contribute to nonattainment in the petitioning states. PPL, LKE, LG&E and KU are unable to predict the outcome of ongoing and future evaluations by the EPA and the states, or whether such evaluations could potentially result in requirements for nitrogen oxide reductions beyond those currently required under the Cross-State Air Pollution Rule.

### *Climate Change*

There is continuing world-wide attention focused on issues related to climate change. In June 2016, President Obama announced that the United States, Canada and Mexico established the North American Climate, Clean Energy, and Environment Partnership Plan, which specifies actions to promote clean energy, address climate change and protect the environment. The plan includes a goal to provide 50% of the energy used in North America from clean energy sources by 2025. The plan does not impose any nation-specific requirements.

In December 2015, 195 nations, including the U.S., signed the Paris Agreement on Climate, which establishes a comprehensive framework for the reduction of GHG emissions from both developed and developing nations. Although the agreement does not establish binding reduction requirements, it requires each nation to prepare, communicate, and maintain GHG reduction commitments. Reductions can be achieved in a variety of ways, including energy conservation, power plant efficiency improvements, reduced utilization of coal-fired generation or replacing coal-fired generation with natural gas or renewable generation. Based on the EPA's rules issued in 2015 imposing GHG emission standards for both new and existing power plants, the U.S. committed to an initial reduction target of 26% to 28% below 2005 levels by 2025. However, on June 1, 2017, President Trump announced a plan to withdraw from the Paris Agreement and undertake negotiations to reenter the current agreement or enter a new agreement on terms more favorable to the U.S. Under the terms of the Paris Agreement, any U.S. withdrawal would not be complete until November 2020. PPL, LKE, LG&E and KU cannot predict the outcome of such regulatory actions or the impact, if any, on plant operations, rate treatment or future capital or operating needs.

The U.K. has enacted binding carbon reduction requirements that are applicable to WPD. WPD is subject to requirements under the Streamlined Energy and Carbon Reporting framework along with a tax (called "Climate Change Levy"). The cost of the tax is not significant and is included in WPD's operating expenses.

#### *The EPA's Affordable Clean Energy Rule*

In 2015, the EPA finalized rules imposing stringent GHG emission standards for both new and existing power plants based on plant specific energy efficiency upgrades, fuel switching from coal to natural gas, and deployment of renewable generation (the Clean Power Plan).

Following legal challenges to the Clean Power Plan, a stay of those rules by the U.S. Supreme Court and the March 2017 Executive Order requiring the EPA to review the Clean Power Plan, in October 2017, the EPA proposed to rescind the Clean Power Plan. In July 2019, the EPA rescinded the Clean Power Plan and finalized the Affordable Clean Energy (ACE) Rule as a replacement with respect to existing sources. The ACE Rule gives states broad latitude in establishing emission guidelines providing for plant-specific efficiency upgrades or "heat-rate improvements" that will reduce GHG emissions per unit of electricity generated. The ACE Rule provides a list of "candidate technologies" that will be considered by the states in

establishing standards of performance on a case by case basis at individual power plants. States are generally allowed three years to submit state plans establishing standards of performance. While compliance deadlines will be imposed on a plant-specific basis, the EPA anticipates that most facilities will be required to demonstrate compliance within two years of plan approval. In the final rule, the EPA did not finalize its proposed new criteria for determining whether such efficiency projects would trigger New Source Review and thus be subject to more stringent emission controls. Instead, the agency intends to take final action on the proposed New Source Review revisions in a separate final action at a later date. Various entities have filed petitions for review and petitions for reconsideration. PPL, LKE, LG&E and KU cannot predict the outcome of the pending litigation and regulatory proceedings.

The Kentucky General Assembly passed legislation in April 2014 limiting the measures that the Kentucky Energy and Environment Cabinet may consider in setting performance standards to comply with federal requirements for GHG emission reductions. The legislation provides that such state GHG performance standards will be strictly based on emission reductions, efficiency measures and other improvements available at each power plant. These statutory restrictions are broadly consistent with the EPA's ACE Rule.

LG&E and KU are monitoring developments at the state and federal level. Until legal challenges and regulatory determinations relating to repeal and replacement of the Clean Power Plan are completed and the state determines implementation measures, PPL, LKE, LG&E and KU cannot predict the potential impact, if any, on plant operations, future capital or operating costs. PPL, LKE, LG&E and KU believe that the costs, which could be significant, would be subject to rate recovery.

#### *Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)*

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. Discussions between the EPA and LG&E are ongoing. The parties have entered into a tolling agreement with respect to this matter through January 31, 2020. The parties are conducting initial negotiations regarding potential settlement of the matter. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any.

#### Water/Waste

*(PPL, LKE, LG&E and KU)*

##### *CCRs*

In April 2015, the EPA published its final rule regulating CCRs. CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes. The rule became effective in October 2015. It imposes extensive new requirements, including location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements on CCR impoundments and landfills that are not already closed and located on active power plants in the United States. Under the rule, CCRs are regulated as non-hazardous under Subtitle D of RCRA and beneficial use of CCRs is allowed, with some restrictions. The rule's requirements for covered CCR impoundments and landfills include implementation of groundwater monitoring and commencement or completion of closure activities generally between three and ten years from certain triggering events. The rule requires posting of compliance documentation on a publicly accessible website. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule, which are pending before the D.C. Circuit Court of Appeals. In March 2018, the EPA proposed amendments to the CCR rule primarily relating to impoundment closure and remediation requirements. In July 2018, the EPA published in the Federal Register a final rule extending the deadline for closure of certain impoundments to October 2020 and adopting substantive changes relating to certifications, suspensions of groundwater monitoring and groundwater protection standards for certain constituents. In July 2019, the EPA released proposed amendments to the CCR Rule relating to reporting, public information, boron standards, beneficial use and waste piles. The EPA released additional proposed amendments to the rule on November 4, 2019, with further proposed amendments expected in the future. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR rule including provisions allowing unlined impoundments to continue operating and exempting inactive impoundments at inactive plants from regulation. As a result of subsequent challenges to the CCR Rule amendments, on March 13, 2019, the D.C. Circuit Court granted the EPA's motion for voluntary remand of the amended rule without voiding it. Consequently, the CCR Rule amendments, including the extended compliance deadline, will remain in place as the EPA considers further rule amendments and revisions. PPL, LKE, LG&E and KU are unable to predict the outcome of the ongoing

rulemaking or potential impacts on current LG&E and KU compliance plans. Associated costs are expected to be subject to rate recovery. The Registrants are currently finalizing closure plans and schedules.

In January 2017, the Kentucky Energy and Environment Cabinet issued a new state rule relating to CCR management aimed at reflecting the requirements of the federal CCR rule. As a result of a subsequent legal challenge in January 2018, the Franklin County, Kentucky Court issued an opinion invalidating certain procedural elements of the rule. LG&E and KU presently operate their facilities under continuing permits authorized under the former program and do not currently anticipate material impacts as a result of the judicial ruling. The Kentucky Energy and Environmental Cabinet has announced it expects to propose new state rules in 2019 aimed at addressing the procedural deficiencies identified by the court and providing the regulatory framework necessary for operation of the state CCR program in lieu of the federal CCR Rule, as provided by applicable law. Associated costs are expected to be subject to rate recovery.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. Since 2017, LG&E and KU have commenced closure of many of the subject impoundments and have completed closure of some of the smaller impoundments. LG&E and KU expect to commence closure of the remaining impoundments no later than October 31, 2020. LG&E and KU generally expect to complete impoundment closures within five years of commencement, although a longer period may be required to complete closure of some facilities. Associated costs are expected to be subject to rate recovery.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 16 below and Note 19 in the Registrants' 2018 Form 10-K for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

#### *Clean Water Act*

Regulations under the federal Clean Water Act dictate permitting and mitigation requirements for facilities and construction projects in the United States. Many of those requirements relate to power plant operations, including requirements related to the treatment of pollutants in effluents prior to discharge, the temperature of effluent discharges and the location, design and construction of cooling water intake structures at generating facilities, standards intended to protect aquatic organisms that become trapped at or pulled through cooling water intake structures at generating facilities. The requirements could impose significant costs for LG&E and KU, which are subject to rate recovery.

#### *Clean Water Act Jurisdiction*

For several years the EPA has been seeking to clarify which discharges are subject to the Clean Water Act. The issue is primarily significant to PPL's operations with respect to discharges to groundwater from ash basins. There has been substantial disagreement over whether Clean Water Act jurisdiction covers discharges of contaminants to groundwater which reach surface water via a direct hydrologic connection. In particular, various environmental groups and other stakeholders argue that leaking impoundments located at coal-fired power plants are subject to Clean Water Act jurisdiction, while facility owners and many states contend that such situations are more appropriately addressed under the EPA's CCR Rule and state regulatory programs.

Most recently, on April 12, 2019, the EPA released an interpretive statement concluding that Clean Water Act jurisdiction does not cover discharges to groundwater regardless of any hydrologic connection between groundwater and jurisdictional surface water.

The issue has been subject to extensive litigation in federal courts including the citizen suit filed against KU with respect to its E.W. Brown plant, as discussed under "Legal Matters" - "E.W. Brown Environmental Claims" above, resulting in contradictory rulings by courts in different jurisdictions. On February 19, 2019, the U.S. Supreme Court agreed to review a lower court ruling on the issue. The U.S. Supreme Court's ruling in that case, likely to be issued in the first half of 2020, is expected to provide additional clarification on the scope of Clean Water Act jurisdiction. Extending Clean Water Act jurisdiction to such discharges could potentially subject certain releases from CCR impoundments to additional permitting and remediation requirements.

PPL, LKE, LG&E and KU are unable to predict the outcome of current or future regulatory proceedings or litigation or potential impacts on current LG&E and KU compliance plans.

### *ELGs*

In September 2015, the EPA released its final ELGs for wastewater discharge permits for new and existing steam electric generating facilities. The rule provides strict technology-based discharge limitations for control of pollutants in scrubber wastewater, fly ash and bottom ash transport water, mercury control wastewater, gasification wastewater and combustion residual leachate. The new guidelines require deployment of additional control technologies providing physical, chemical and biological treatment of wastewaters. The guidelines also mandate operational changes including "no discharge" requirements for fly ash and bottom ash transport waters and mercury control wastewaters. The implementation date for individual generating stations will be determined by the states on a case-by-case basis according to criteria provided by the EPA. Industry groups, environmental groups, individual companies and others have filed legal challenges to the final rule, which have been consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA published in the Federal Register a proposed rule that would postpone the compliance date for requirements relating to bottom ash transport waters and scrubber wastewaters discharge limits. The proposed rule is expected to be finalized by the end of 2019. On April 12, 2019, the U.S. Court of Appeals for the Fifth Circuit vacated and remanded portions of the ELGs concerning legacy wastewater and CCR leachate. The EPA released proposed rules on November 4, 2019 and expects to complete its reconsideration of best available technology standards by the fall of 2020. Upon completion of the ongoing regulatory proceedings, the rule will be implemented by the states in the course of their normal permitting activities. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to predict the outcome of the EPA's pending reconsideration of the rule or fully estimate compliance costs or timing. Additionally, certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Costs to comply with ELGs or other discharge limits are expected to be significant. Certain costs are included in the Registrants' capital plans and are subject to rate recovery.

### *Seepages and Groundwater Infiltration*

In addition to the actions described above, LG&E and KU have completed, or are completing, assessments of seepages or groundwater infiltration at various facilities and have completed, or are working with agencies to implement, further testing, monitoring or abatement measures, where applicable. Depending on the circumstances in each case, certain costs, which may be subject to rate recovery, could be significant. LG&E and KU cannot currently estimate a possible loss or range of possible losses related to this matter.

*(PPL Electric, LG&E and KU)*

### Superfund and Other Remediation

PPL Electric, LG&E and KU are potentially responsible for investigating, responding to agency inquiries, implementing various preventative measures, and/or remediating contamination under programs other than those described in the sections above. These include a number of former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated or currently owned by predecessors or affiliates of PPL Electric, LG&E and KU. To date, the costs of these sites have not been significant.

There are additional sites formerly owned or operated by PPL Electric, LG&E and KU predecessors or affiliates. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability they may have or a range of reasonably possible losses, if any, related to these matters.

PPL Electric is potentially responsible for a share of the costs at several sites listed by the EPA under the federal Superfund program, including the Columbia Gas Plant site and the Brodhead site. Clean-up actions have been or are being undertaken at all of these sites, the costs of which have not been, and are not expected to be, significant to PPL Electric.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result of the EPA's evaluation, individual states may establish stricter standards for water quality and soil cleanup. This could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of reasonably possible losses, if any, related to these matters.

From time to time, PPL's subsidiaries in the United States undertake testing, monitoring or remedial action in response to notices of violations, spills or other releases at various on-site and off-site locations, negotiate with the EPA and state and local agencies regarding actions necessary to comply with applicable requirements, negotiate with property owners and other third parties alleging impacts from PPL's operations and undertake similar actions necessary to resolve environmental matters that arise in the course of normal operations. Based on analyses to date, resolution of these environmental matters is not expected to have a significant adverse impact on the operations of PPL Electric, LG&E and KU.

PPL Electric had a recorded liability of \$11 million at September 30, 2019 and December 31, 2018 representing its best estimate of the probable loss incurred to remediate the sites noted in this section. Depending on the outcome of investigations at sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred; however, such costs are not expected to be significant.

Future cleanup or remediation work at sites not yet identified may result in significant additional costs for PPL, PPL Electric, LKE, LG&E and KU. Insurance policies maintained by LKE, LG&E and KU may be available to cover certain costs or other obligations related to these matters, but the amount of insurance coverage or reimbursement cannot be estimated or assured.

## Other

### Guarantees and Other Assurances

*(All Registrants)*

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

*(PPL)*

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

*(All Registrants)*

The table below details guarantees provided as of September 30, 2019. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities," for which PPL has a total recorded liability of \$5 million at September 30, 2019 and \$6 million at December 31, 2018. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	<u>Exposure at September 30, 2019</u>	<u>Expiration Date</u>
<b><u>PPL</u></b>		
Indemnifications related to the WPD Midlands acquisition	(a)	
WPD indemnifications for entities in liquidation and sales of assets	\$ 10 (b)	2021
WPD guarantee of pension and other obligations of unconsolidated entities	77 (c)	
<b><u>PPL Electric</u></b>		
Guarantee of inventory value	26 (d)	2020
<b><u>LKE</u></b>		
Indemnification of lease termination and other divestitures	200 (e)	2021
<b><u>LG&amp;E and KU</u></b>		
LG&E and KU obligation of shortfall related to OVEC	(f)	

- (a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.
- (b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

- (c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At September 30, 2019, WPD has recorded an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.
- (d) A third-party logistics firm provides inventory procurement and fulfillment services. The logistics firm has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold.
- (e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million, exclusive of certain items such as government fines and penalties that may exceed the maximum. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.
- (f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was \$111 million at September 30, 2019, consisting of LG&E's share of \$77 million and KU's share of \$34 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" in Note 13 in PPL's, LKE's, LG&E's and KU's 2018 Form 10-K for additional information on the OVEC power purchase contract.

In March 2018, a co-sponsor with a pro-rata share of certain OVEC obligations of 4.85% filed for bankruptcy under Chapter 11 and, in August 2018, received a rejection order for the OVEC power purchase contract in the bankruptcy proceeding. In October 2019, the bankruptcy court issued an order confirming the co-sponsor's proposed reorganization plan. The plan's effective date remains subject to certain conditions precedent, including remaining regulatory approvals, and to relevant current or future appellate rights or proceedings. OVEC and certain of its sponsors, including LG&E and KU, are analyzing certain potential additional credit support actions to preserve OVEC's access to credit markets or mitigate risks or adverse impacts relating thereto, including increased interest costs, establishing or continuing debt reserve accounts or other changes involving OVEC's existing short and long-term debt. The ultimate outcome of these matters, including the co-sponsor bankruptcy and related appellate or regulatory proceedings and challenges and any other potential impact on LG&E's and KU's obligations relating to OVEC debt under the power purchase contract, cannot be predicted.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the Registrants believe the probability of payment/performance under these guarantees is remote. PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

## **12. Related Party Transactions**

### **Support Costs (PPL Electric, LKE, LG&E and KU)**

PPL Services, PPL EU Services and LKS provide PPL, PPL Electric, LKE, their respective subsidiaries, including LG&E and KU, and each other with administrative, management and support services. For all services companies, the costs of directly assignable and attributable services are charged to the respective recipients as direct support costs. General costs that cannot be directly assigned or attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services

and LKS charged the following amounts for the periods ended September 30, including amounts applied to accounts that are further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	Three Months		Nine Months	
	2019	2018	2019	2018
PPL Electric from PPL Services	\$ 14	\$ 14	\$ 43	\$ 45
LKE from PPL Services	6	5	20	19
PPL Electric from PPL EU Services	38	34	112	110
LG&E from LKS	37	36	112	113
KU from LKS	42	42	126	127

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges.

### Intercompany Borrowings

#### *(PPL Electric)*

PPL Energy Funding maintains a \$650 million revolving line of credit with a PPL Electric subsidiary. At September 30, 2019, \$546 million was outstanding and reflected in "Notes receivable from affiliate" on the Balance Sheet. No balance was outstanding at December 31, 2018. The interest rates on borrowings are equal to one-month LIBOR plus a spread. The interest rate on the outstanding borrowing at September 30, 2019 was 3.84% and is reflected in "Interest Income from Affiliate" on the Statements of Income.

#### *(LKE)*

LKE maintains a \$375 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. The interest rates on borrowings are equal to one-month LIBOR plus a spread. At September 30, 2019 and December 31, 2018, \$129 million and \$113 million were outstanding and reflected in "Notes payable with affiliates" on the Balance Sheets. The interest rates on the outstanding borrowings at September 30, 2019 and December 31, 2018 were 3.59% and 3.85%. Interest expense on the revolving line of credit was not significant for the three and nine months ended September 30, 2019 and 2018.

LKE maintains an agreement with a PPL affiliate that has a \$300 million borrowing limit whereby LKE can loan funds on a short-term basis at market-based rates. No balance was outstanding at September 30, 2019 and December 31, 2018. The interest rate on the loan is based on the PPL affiliate's credit rating and equal to one-month LIBOR plus a spread.

LKE maintains ten-year notes of \$400 million and \$250 million with a PPL affiliate with interest rates of 3.5% and 4%. At September 30, 2019 and December 31, 2018, the notes were reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on the \$400 million note was \$4 million and \$11 million for the three and nine months ended September 30, 2019 and 2018. Interest expense on the \$250 million note was \$3 million and \$8 million for the three and nine months ended September 30, 2019 and \$3 million and \$4 million for the three and nine months ended September 30, 2018.

#### **VEBA Funds Receivable** *(PPL Electric)*

In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay medical claims of active bargaining unit employees. Based on PPL Electric's participation in PPL's Other Postretirement Benefit plan, PPL Electric was allocated a portion of the excess funds from PPL Services. These funds have been recorded as an intercompany receivable on PPL Electric's Balance Sheets. The receivable balance decreases as PPL Electric pays incurred medical claims and is reimbursed by PPL Services. The intercompany receivable balance associated with these funds was \$37 million as of September 30, 2019, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$27 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheet. The intercompany receivable balance associated with these funds was \$45 million as of December 31, 2018, of which \$10 million was reflected in "Account receivable from affiliates" and \$35 million was reflected in "Other noncurrent assets" on the PPL Electric Balance Sheets.

**Other** (PPL Electric, LG&E and KU)

See Note 10 for discussions regarding intercompany allocations associated with defined benefits.

**13. Other Income (Expense) - net**

(PPL)

The details of "Other Income (Expense) - net" for the periods ended September 30, were:

	Three Months		Nine Months	
	2019	2018	2019	2018
Other Income				
Economic foreign currency exchange contracts (Note 15)	\$ 44	\$ 40	\$ 56	\$ 92

**14. Fair Value Measurements**

(All Registrants)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets

and liabilities is measured on a net basis. See Note 1 in each Registrant's 2018 Form 10-K for information on the levels in the fair value hierarchy.

**Recurring Fair Value Measurements**

The assets and liabilities measured at fair value were:

	September 30, 2019				December 31, 2018			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3

**KU**

<b>Assets</b>								
Cash and cash equivalents	\$ 18	\$ 18	\$ —	\$ —	\$ 14	\$ 14	\$ —	\$ —
Total assets	\$ 18	\$ 18	\$ —	\$ —	\$ 14	\$ 14	\$ —	\$ —

- (a) Current portion is included in "Other current assets" and long-term portion is included in "Other noncurrent assets" on the Balance Sheets.
- (b) In accordance with accounting guidance, certain investments that are measured at fair value using net asset value per share (NAV), or its equivalent, have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.
- (c) Current portion is included in "Price risk management assets" and "Other current liabilities" and noncurrent portion is included in "Price risk management assets" and "Other deferred credits and noncurrent liabilities" on the Balance Sheets.

**Special Use Funds**

*(PPL)*

The special use funds are investments restricted for paying active union employee medical costs. In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees. In 2019, the funds are invested primarily in commingled debt and equity funds measured at NAV. In 2018, the funds were invested in money market funds.

**Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps**

*(PPL, LKE, LG&E and KU)*

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency exchange risk, PPL uses foreign currency contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

**Financial Instruments Not Recorded at Fair Value (All Registrants)**

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	September 30, 2019		December 31, 2018	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	\$ 21,547	\$ 25,506	\$ 20,599	\$ 22,939
PPL Electric	4,085	4,764	3,694	3,901
LKE	6,001	6,901	5,502	5,768
LG&E	2,004	2,322	1,809	1,874
KU	2,623	3,064	2,321	2,451

- (a) Amounts are net of debt issuance costs.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

## **15. Derivative Instruments and Hedging Activities**

### **Risk Management Objectives**

*(All Registrants)*

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

### **Market Risk**

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

#### *Interest Rate Risk*

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. PPL, LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, WPD, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.

#### *Foreign Currency Risk (PPL)*

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

*(All Registrants)*

#### *Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

#### *Volumetric Risk*

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2018 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

#### *Equity Securities Price Risk*

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

#### **Credit Risk**

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" interest rate and foreign currency derivatives with financial institutions, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

#### **Master Netting Arrangements** (*PPL, LKE, LG&E and KU*)

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$40 million obligation to return cash collateral under master netting arrangements at September 30, 2019 and December 31, 2018.

PPL had no obligation to post cash collateral under master netting arrangements at September 30, 2019 and December 31, 2018.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at September 30, 2019 and December 31, 2018.

LKE, LG&E and KU had no obligation to post cash collateral under master netting arrangements at September 30, 2019 and December 31, 2018.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

## **Interest Rate Risk**

*(All Registrants)*

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

### Cash Flow Hedges (PPL)

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. PPL had no such contracts at September 30, 2019.

At September 30, 2019, PPL held an aggregate notional value in cross-currency interest rate swap contracts of \$702 million that range in maturity from 2021 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For the three and nine months ended September 30, 2019 and 2018, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges.

At September 30, 2019, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

### Economic Activity (PPL, LKE and LG&E)

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At September 30, 2019, LG&E held contracts with a notional amount of \$147 million that range in maturity through 2033.

### **Foreign Currency Risk (PPL)**

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

### Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no contracts outstanding at September 30, 2019.

At September 30, 2019 and December 31, 2018, PPL had \$31 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI.

**Economic Activity**

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At September 30, 2019, the total exposure hedged by PPL was approximately £1 billion (approximately \$1.5 billion based on contracted rates). These contracts have termination dates ranging from October 2019 through December 2020.

**Accounting and Reporting**

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts include certain full-requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 7 for amounts recorded in regulatory assets and regulatory liabilities at September 30, 2019 and December 31, 2018.

See Note 1 in each Registrant's 2018 Form 10-K for additional information on accounting policies related to derivative instruments.

(PPL)

The following table presents the fair value and location of derivative instruments recorded on the Balance Sheets.

	September 30, 2019				December 31, 2018			
	Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments		Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments

(PPL, LKE, LG&E and KU)

**Offsetting Derivative Instruments**

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

	Assets				Liabilities			
	Eligible for Offset				Eligible for Offset			
	Gross	Derivative Instruments	Cash Collateral Received	Net	Gross	Derivative Instruments	Cash Collateral Pledged	Net
<b>September 30, 2019</b>								
<b>Treasury Derivatives</b>

LG&E	—	—	—	—	25	—	—	25

	Assets				Liabilities			
	Eligible for Offset				Eligible for Offset			
	Gross	Derivative Instruments	Cash Collateral Received	Net	Gross	Derivative Instruments	Cash Collateral Pledged	Net
<b>December 31, 2018</b>								
<b>Treasury Derivatives</b>								
PPL	\$ 337	\$ 2	\$ 40	\$ 295	\$ 22	\$ 2	\$ —	\$ 20
LKE	—	—	—	—	20	—	—	20
LG&E	—	—	—	—	20	—	—	20

**Credit Risk-Related Contingent Features**

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At September 30, 2019, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	\$ 4	\$ 4	\$ 4
Aggregate fair value of collateral posted on these derivative instruments	—	—	—
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	4	4	4

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

## 16. Asset Retirement Obligations

(PPL, LKE, LG&E and KU)

PPL's, LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 11 for information on the CCR rule. LG&E also has AROs related to natural gas mains and wells. LG&E's and KU's transmission and distribution lines largely operate under perpetual property easement agreements, which do not generally require restoration upon removal of the property. Therefore, no material AROs are recorded for transmission and distribution assets. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

The changes in the carrying amounts of AROs were as follows.

	PPL	LKE	LG&E	KU
Balance at December 31, 2018	\$ 347	\$ 296	\$ 103	\$ 193
Accretion	13	12	4	8
Effect of foreign exchange rates	(2)	—	—	—
Changes in estimated timing or cost	(5)	(2)	(2)	—
Obligations settled	(67)	(67)	(22)	(45)
Balance at September 30, 2019	\$ 286	\$ 239	\$ 83	\$ 156

## 17. Accumulated Other Comprehensive Income (Loss)

(PPL)

The after-tax changes in AOCI by component for the periods ended September 30 were as follows.

	Foreign currency translation adjustments	Unrealized gains (losses) on qualifying derivatives	Defined benefit plans		Total
			Prior service costs	Actuarial gain (loss)	
<b>PPL</b>					
<b>June 30, 2019</b>	\$ (1,616)	\$ 6	\$ (18)	\$ (2,368)	\$ (3,996)
Amounts arising during the period	(285)	16	—	(5)	(274)

	Foreign currency translation adjustments	Unrealized gains (losses) on qualifying derivatives	Defined benefit plans		Total
			Prior service costs	Actuarial gain (loss)	
<b>December 31, 2018</b>	\$ (1,533)	\$ (7)	\$ (19)	\$ (2,405)	\$ (3,964)
Amounts arising during the period	(368)	32	—	(10)	(346)
Reclassifications from AOCI	—	(25)	1	62	38
Net OCI during the period	(368)	7	1	52	(308)
<b>September 30, 2019</b>	<u>\$ (1,901)</u>	<u>\$ —</u>	<u>\$ (18)</u>	<u>\$ (2,353)</u>	<u>\$ (4,272)</u>
<b>June 30, 2018</b>	\$ (1,223)	\$ (21)	\$ (7)	\$ (2,244)	\$ (3,495)
Amounts arising during the period	(187)	22	—	(8)	(173)
Reclassifications from AOCI	—	(14)	—	34	20
Net OCI during the period	(187)	8	—	26	(153)
<b>September 30, 2018</b>	<u>\$ (1,410)</u>	<u>\$ (13)</u>	<u>\$ (7)</u>	<u>\$ (2,218)</u>	<u>\$ (3,648)</u>
<b>December 31, 2017</b>	\$ (1,089)	\$ (13)	\$ (7)	\$ (2,313)	\$ (3,422)
Amounts arising during the period	(321)	21	(1)	(9)	(310)
Reclassifications from AOCI	—	(21)	1	104	84
Net OCI during the period	(321)	—	—	95	(226)
<b>September 30, 2018</b>	<u>\$ (1,410)</u>	<u>\$ (13)</u>	<u>\$ (7)</u>	<u>\$ (2,218)</u>	<u>\$ (3,648)</u>

The following table presents PPL's gains (losses) and related income taxes for reclassifications from AOCI for the periods ended September 30.

Details about AOCI	Three Months		Nine Months		Affected Line Item on the Statements of Income
	2019	2018	2019	2018	
Qualifying derivatives					
Interest rate swaps	\$ (2)	\$ (2)	\$ (6)	\$ (6)	Interest Expense
Cross-currency swaps	27	18	34	30	Other Income (Expense) - net
	—	1	—	1	Interest Expense
Total Pre-tax	25	17	28	25	
Income Taxes	(3)	(3)	(3)	(4)	
Total After-tax	22	14	25	21	
Defined benefit plans					
Prior service costs (a)	(1)	(1)	(2)	(2)	
Net actuarial loss (a)	(25)	(42)	(78)	(130)	
Total Pre-tax	(26)	(43)	(80)	(132)	
Income Taxes	6	9	17	27	
Total After-tax	(20)	(34)	(63)	(105)	
Total reclassifications during the period	<u>\$ 2</u>	<u>\$ (20)</u>	<u>\$ (38)</u>	<u>\$ (84)</u>	

(a) These AOCI components are included in the computation of net periodic defined benefit cost. See Note 10 for additional information.

## 18. New Accounting Guidance Pending Adoption

(All Registrants)

### Accounting for Financial Instrument Credit Losses

In June 2016, the FASB issued accounting guidance that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of this guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under current GAAP.

For public business entities, this guidance will be applied using a modified retrospective approach and is effective for fiscal years beginning after December 15, 2019, and interim periods within those years. The Registrants are currently assessing the impact of adopting this guidance and will adopt this standard on January 1, 2020 with a modified retrospective approach through a cumulative-effect adjustment to retained earnings at the date of adoption. Key implementation activities in process include finalizing the population of financial instruments within the scope of this guidance and identifying potential differences between the Registrants' current credit loss models and the requirements of this guidance.

#### Accounting for Implementation Costs in a Cloud Computing Service Arrangement

In August 2018, the FASB issued accounting guidance that requires a customer in a cloud computing hosting arrangement that is a service contract to capitalize implementation costs consistent with internal-use software guidance for non-service arrangements. Prior guidance had not addressed these implementation costs. The guidance requires these capitalized implementation costs to be amortized over the term of the hosting arrangement to the statement of income line item where the service arrangement costs are recorded. The guidance also prescribes the financial statement classification of the capitalized implementation costs and cash flows associated with the arrangement. Additional quantitative and qualitative disclosures are also required.

For public business entities, this guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. This standard must be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption.

The Registrants are currently assessing the impact of adopting this guidance and will adopt this standard prospectively as of the beginning of the period adopted, which will be January 1, 2020. Key implementation activities in process of being completed include assessing the population of cloud computing hosting arrangements in the scope of this guidance and identifying and evaluating industry issues.

*(PPL, LKE, LG&E and KU)*

#### Simplifying the Test for Goodwill Impairment

In January 2017, the FASB issued accounting guidance that simplifies the test for goodwill impairment by eliminating the second step of the quantitative test. The second step of the quantitative test requires a calculation of the implied fair value of goodwill, which is determined in the same manner as the amount of goodwill in a business combination. Under this new guidance, an entity will now compare the estimated fair value of a reporting unit with its carrying value and recognize an impairment charge for the amount the carrying amount exceeds the fair value of the reporting unit.

For public business entities, this guidance will be applied prospectively and is effective for annual or any interim goodwill impairment tests for fiscal years beginning after December 15, 2019. The Registrants will adopt this guidance on January 1, 2020. The Registrants are currently assessing the impact of adopting this guidance.

## **Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations**

*(All Registrants)*

This "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" is separately filed by PPL, PPL Electric, LKE, LG&E and KU. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for individual Registrants when significant.

The following should be read in conjunction with the Registrants' Condensed Consolidated Financial Statements and the accompanying Notes and with the Registrants' 2018 Form 10-K. Capitalized terms and abbreviations are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted.

"Management's Discussion and Analysis of Financial Condition and Results of Operations" includes the following information:

- "Overview" provides a description of each Registrant's business strategy and a discussion of important financial and operational developments.
- "Results of Operations" for all Registrants includes a "Statement of Income Analysis" which discusses significant changes in principal line items on the Statements of Income, comparing the three and nine months ended September 30, 2019 with the same periods in 2018. For PPL, "Results of Operations" also includes "Segment Earnings" and "Adjusted Gross Margins" which provide a detailed analysis of earnings by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins" and provide explanations of the non-GAAP financial measures and a reconciliation of the non-GAAP financial measures to the most comparable GAAP measure. For PPL Electric, LKE, LG&E and KU, a summary of Earnings and Adjusted Gross Margins is also provided.
- "Financial Condition - Liquidity and Capital Resources" provides an analysis of the Registrants' liquidity positions and credit profiles. This section also includes a discussion of rating agency actions.
- "Financial Condition - Risk Management" provides an explanation of the Registrants' risk management programs relating to market and credit risk.

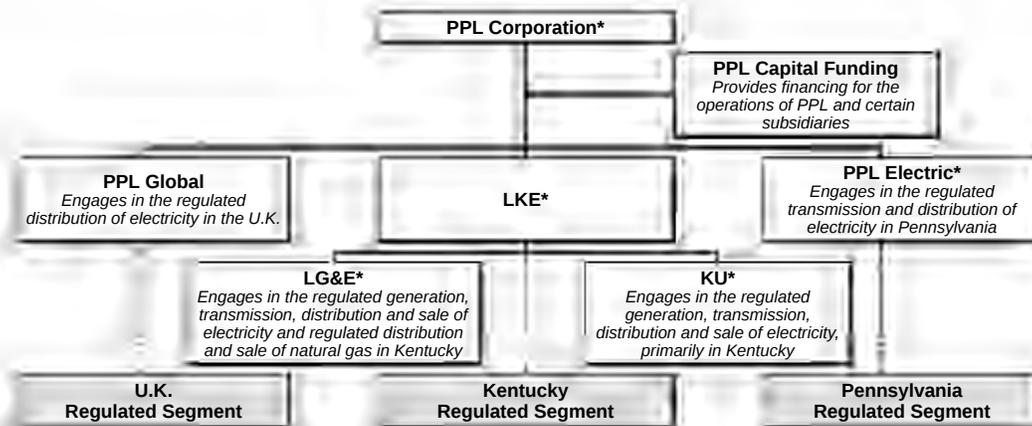

### **Overview**

#### **Introduction**

*(PPL)*

PPL, headquartered in Allentown, Pennsylvania, is a utility holding company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky and Virginia; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries are shown below (\* denotes a Registrant).

PPL's reportable segments' results primarily represent the results of PPL Global, LKE and PPL Electric, except that the reportable segments are also allocated certain corporate level financing and other costs that are not included in the results of PPL Global, LKE and PPL Electric. PPL Global is not a Registrant. Unaudited annual consolidated financial statements for the U.K. Regulated segment are furnished on a Form 8-K with the SEC. In addition to PPL, the other Registrants included in this filing are as follows.

*(PPL Electric)*

PPL Electric, headquartered in Allentown, Pennsylvania, is a wholly owned subsidiary of PPL and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

*(LKE)*

LKE, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name.

*(LG&E)*

LG&E, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act.

*(KU)*

KU, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky and Virginia. KU is subject to regulation as a public

utility by the KPSC, the VSCC and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Kentucky customers under the KU name and its Virginia customers under the Old Dominion Power name.

## **Business Strategy**

*(All Registrants)*

PPL operates seven fully regulated, high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky, in constructive regulatory jurisdictions with distinct regulatory structures and customer classes. PPL believes this business portfolio positions the company well for continued success and provides earnings and dividend growth potential.

PPL's strategy, and that of the other Registrants, is to deliver best-in-sector operational performance, invest in a sustainable energy future, maintain a strong financial foundation, and engage and develop its people. PPL's business plan is designed to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term growth in rate base in the U.S. and RAV in the U.K. Rate base growth is being driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities.

For the U.S. businesses, central to PPL's strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause, and gas supply clause) and recovery on construction work-in-progress that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital expenditures to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms operate to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Because WPD's earnings represent such a significant portion of PPL's consolidated earnings, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Financial and Operational Developments - U.K. Membership in European Union" for additional discussion of the U.K. earnings hedging activity.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which the Registrants operate (U.K., U.S. federal and state). This is supported by a strong culture of integrity and delivering on commitments to customers, regulators and shareowners, and a commitment to continue to improve customer service, reliability and operational efficiency.

## Financial and Operational Developments

### *U.S. Tax Reform (All Registrants)*

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including interest deductibility and Global Intangible Low-Taxed Income (GILTI). In June 2019, the IRS issued both final and new proposed regulations relating to GILTI. PPL has determined that neither these final nor proposed regulations materially change PPL's current interpretation of the statutory impact of these rules on the Registrants. Proposed regulations relating to the limitation on the deductibility of interest expense were issued in November 2018 and such regulations provide detailed rules implementing the broader statutory provisions. These proposed regulations should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in the fourth quarter of 2019. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

### *U.K. Membership in European Union (PPL)*

Following a June 2016 voter referendum, on March 29, 2017, the U.K. invoked Article 50 (Article 50) of the Lisbon Treaty, formally beginning the two-year period provided by Article 50 for the U.K. to negotiate an agreement specifying the terms of its withdrawal from the European Union (EU), popularly referred to as Brexit. Any withdrawal agreement is subject to approval by the parliaments of both the U.K. and EU. In the absence of a withdrawal agreement, unless an extension of the two-year Article 50 time period were granted or the U.K. were to rescind its Article 50 notification, the U.K.'s membership in the EU would originally have terminated on March 29, 2019. On April 10, 2019, the U.K. requested an extension of the Article 50 process and the EU approved an extension until October 31, 2019. On October 28, 2019, the EU agreed to extend the Article 50 process until January 31, 2020. The U.K. Parliament subsequently approved an early general election for December 12, 2019.

Significant uncertainty continues to surround the outcome of the Brexit process. PPL believes that its greatest risk related to Brexit is an extended period of depressed value of the GBP or the potential further decline in the value of the GBP compared to the U.S. dollar, particularly if the U.K. leaves the EU without a withdrawal agreement. A decline in the value of the GBP compared to the U.S. dollar will reduce the value of WPD's earnings to PPL.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. As of September 30, 2019, PPL's foreign exchange exposure related to budgeted earnings is 100% hedged for the remainder of 2019 at an average rate of \$1.45 per GBP and 70% hedged for 2020 at an average rate of \$1.46 per GBP.

PPL cannot predict the impact, in either the short-term or long-term, on foreign exchange rates or PPL's financial condition that may be experienced as a result of the actions taken by the U.K. government to withdraw from the EU, although such impacts could be material.

PPL does not expect the financial condition and results of operations of WPD, itself, to change significantly as a result of Brexit. The regulatory environment and operation of WPD's businesses are not expected to change. RIIO-ED1, the current price control, with allowed revenues agreed with Ofgem runs through March 2023. The impact of a slower economy or recession on WPD would be mitigated in part because U.K. regulation provides that any reduction in the volume of electricity delivered will be recovered in allowed revenues in future periods through the K-factor adjustment. See "Item 1. Business - Segment Information - U.K. Regulated Segment" in PPL's 2018 Form 10-K for additional information on the current price control and K-factor adjustment. In addition, an increase in inflation would have a positive effect on revenues and RAV as annual inflation adjustments are applied to both revenues and RAV (and real returns are earned on inflated RAV). This impact, however, would be partially offset by higher operation and maintenance and interest expense on index-linked debt. With respect to access to financing, WPD has substantial borrowing capacity under existing credit facilities and expects to continue to have access to all major financial markets. With respect to access to and cost of equipment and other materials, WPD management continues to review U.K. government issued advice on preparations for Brexit without an approved plan of withdrawal and has taken actions to mitigate potential increasing costs and disruption to its critical sources of supply. Additionally, less than 1% of WPD's employees are non-U.K. EU nationals and no change in their domicile is expected.

## *Regulatory Requirements*

### *(All Registrants)*

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

### *(PPL, LKE, LG&E and KU)*

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHG, and ELGs. See Notes 7, 11 and 16 to the Financial Statements for a discussion of these significant environmental matters. These and other stringent environmental requirements led PPL, LKE, LG&E and KU to retire approximately 1,000 MW of coal-fired generating plants in Kentucky since 2015.

### *TCJA Impact on FERC Rates (All Registrants)*

In November 2018, the FERC issued a Policy Statement stating that the appropriate ratemaking treatment for changes in accumulated deferred income taxes (ADIT) as a result of the TCJA would be addressed in a Notice of Proposed Rulemaking. Also in November 2018, the FERC issued the Notice of Proposed Rulemaking, which proposed that public utility transmission providers include mechanisms in their formula rates to deduct excess ADIT from, or add deficient ADIT to, rate base and adjust their income tax allowances by amortized excess or deficient ADIT. The Notice of Proposed Rulemaking did not prescribe the mechanism companies should use to adjust their formula rates.

LG&E and KU are currently assessing the Notice of Proposed Rulemaking and are continuing to monitor guidance issued by the FERC. On February 5, 2019, in connection with a separate element of federal and Kentucky state tax reform effects, LG&E and KU filed a request with the FERC to amend their transmission formula rates to incorporate reductions to corporate income tax rates as a result of the TCJA and HB 487. The FERC approved this request effective June 1, 2019. LG&E and KU do not anticipate the impact of the TCJA and HB 487 related to their FERC-jurisdictional rates to be significant.

On February 28, 2019, PPL Electric filed with the FERC proposed revisions to its transmission formula rate template pursuant to Section 205 of the Federal Power Act and Section 35.13 of the Rules and Regulations of the FERC. Specifically, PPL Electric proposed to modify its formula rate to permit the return or recovery of excess or deficient ADIT resulting from the TCJA and permit PPL Electric to prospectively account for the income tax expense associated with the depreciation of the equity component of the AFUDC. On April 29, 2019, the FERC accepted the proposed revisions to the formula rate template, which were effective June 1, 2019, as well as the proposed adjustments to ADIT, effective January 1, 2018.

### *Pennsylvania Alternative Ratemaking (PPL and PPL Electric)*

In June 2018, Governor Tom Wolf signed into law Act 58 of 2018 (codified at 66 Pa. C.S. § 1330) authorizing public utilities to implement alternative rates and rate mechanisms in base rate proceedings before the PUC. The effective date of Act 58 was August 27, 2018. Under the new law, a public utility may file an application to establish alternative rates and rate mechanisms in a base rate proceeding. These alternative rates and rate mechanisms include, but are not limited to, decoupling mechanisms, performance-based rates, formula rates, multi-year rate plans, or a combination of those or other mechanisms.

On April 25, 2019, the PUC issued an Implementation Order adopting its interpretation and implementation of Act 58 and establishing the procedures through which utilities may seek PUC approval of alternative rates and rate mechanisms.

### *RIIO-ED2 Review (PPL)*

In 2018, Ofgem published its decision on the overall RIIO-2 framework, which covers all U.K. gas and electricity transmission and distribution price controls, following its consultation process earlier in the year. See “Item 7. Combined Management’s Discussion and Analysis of Financial Condition and Results of Operations - Overview - Financial and Operational Developments - Regulatory Requirements - RIIO-2 Framework Review,” in PPL’s 2018 Form 10-K for details about the decision document. Management expects significant electricity distribution network investment will be required in RIIO-ED2 to achieve the U.K.’s carbon reduction targets and that Ofgem will need to design a framework that sufficiently incentivizes delivery of those objectives.

On August 6, 2019, Ofgem published its open letter consultation officially commencing the RIIO-ED2 process. WPD and PPL have been fully engaged in the RIIO-2 process and have responded to this consultation, which closed on October 15, 2019. At this stage, PPL cannot predict the outcome of this process or the long-term impact the final RIIO-ED2 framework will have on its financial condition or results of operations. Any decision for RIIO-ED2 will not be finalized until November 2022. The RIIO-ED2 price control will come into effect on April 1, 2023.

#### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In August 2018, LG&E and KU submitted an application to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application sought termination of LG&E's and KU's commitment to provide mitigation for certain horizontal market power concerns arising out of the 1998 merger for certain transmission service between MISO and LG&E and KU. The affected transmission customers are a limited number of municipalities in Kentucky. The amounts at issue are generally waivers or credits granted to such customers for either LG&E and KU or MISO transmission charges incurred depending upon the direction of certain transmission service incurred by the municipalities. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. On March 21, 2019, the FERC issued an Order granting LG&E's and KU's request to remove the on-going credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, which transition mechanism will be subject to FERC review and approval. On July 12, 2019, LG&E and KU submitted their proposed transition mechanism to the FERC. On September 10, 2019, the FERC issued an order rejecting the proposed transition mechanism. On October 10, 2019, LG&E and KU filed a request for rehearing and clarification on the September order. LG&E and KU cannot predict the outcome of this proceeding. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2019, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement, which includes the impact of the TCJA. The filing established the revenue requirement used to set rates that took effect in June 2019.

#### *Rate Case Proceedings*

*(PPL, LKE, LG&E and KU)*

On September 28, 2018, LG&E and KU filed requests with the KPSC for an increase in annual base electricity rates and gas rates and the elimination of the TCJA bill credit mechanism. On April 30, 2019, the KPSC issued orders eliminating the TCJA bill credit mechanism and increasing annual base electricity and gas rates providing for an annual revenue increase of \$187 million (\$114 million at KU and \$73 million at LG&E), based on a 9.725% return-on-equity. The new base rates and all elements of the orders became effective May 1, 2019. See Note 7 to the financial statements for additional information.

*(KU)*

On July 12, 2019, KU filed a request with the VSCC for an increase in annual Virginia base electricity rates of approximately \$13 million, representing an increase of 18.2%. KU's request is based on an authorized 10.5% return on equity. Subject to regulatory review and approval, new rates would become effective April 12, 2020.

#### *PUC Petition to Distribute TCJA Savings*

*(PPL and PPL Electric)*

PPL Electric submitted a petition for approval with the PUC on October 4, 2019 to distribute the tax savings of \$43 million associated with the TCJA for the period between January 1, 2018 and June 30, 2018. As of September 30, 2019, these tax savings are classified as a noncurrent regulatory liability. PPL Electric has proposed that these amounts be distributed over the period of January 1, 2020 through December 31, 2020. The petition is contingent upon PUC approval.

## **Results of Operations**

*(PPL)*

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on PPL's Statements of Income, comparing the three and nine months ended September 30, 2019 with the same periods in 2018. The "Segment Earnings" and "Adjusted Gross Margins" discussions for PPL provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis," "Segment Earnings" and "Adjusted Gross Margins" are presented on a constant GBP to U.S. dollar exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant GBP to U.S. dollar exchange rate basis are calculated by translating current year results at the prior year weighted-average GBP to U.S. dollar exchange rate.

*(PPL Electric, LKE, LG&E and KU)*

A "Statement of Income Analysis, Earnings and Adjusted Gross Margins" is presented separately for PPL Electric, LKE, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing the three and nine months ended September 30, 2019 with the same periods in 2018. The "Earnings" discussion provides a summary of earnings. The "Adjusted Gross Margins" discussion includes a reconciliation of non-GAAP financial measures to "Operating Income."

*(All Registrants)*

The results for interim periods can be disproportionately influenced by numerous factors and developments and by seasonal variations. As such, the results of operations for interim periods do not necessarily indicate results or trends for the year or future periods.

## PPL: Statement of Income Analysis, Segment Earnings and Adjusted Gross Margins

### Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating Revenues	\$ 1,933	\$ 1,872	\$ 61	\$ 5,815	\$ 5,846	\$ (31)
Operating Expenses						
Operation						
Fuel	194	206	(12)	556	609	(53)
Energy purchases	150	149	1	538	538	—
Other operation and maintenance	480	479	1	1,452	1,453	(1)
Depreciation	306	275	31	890	817	73
Taxes, other than income	77	77	—	232	234	(2)
Total Operating Expenses	1,207	1,186	21	3,668	3,651	17
Other Income (Expense) - net	126	106	20	309	297	12
Interest Expense	259	244	15	746	718	28
Income Taxes	118	103	15	328	362	(34)
Net Income	\$ 475	\$ 445	\$ 30	\$ 1,382	\$ 1,412	\$ (30)

### Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Domestic:		
PPL Electric Distribution price (a)	\$ 18	\$ 20
PPL Electric PLR (b)	6	11
PPL Electric Transmission Formula Rate (c)	17	29
LKE Retail Rates (d)	42	77
LKE ECR	21	40
LKE Fuel and other energy purchase prices	(7)	(16)
LKE Municipal supply (e)	(22)	(37)
LKE Volumes (f)	9	(65)
Other	3	11
Total Domestic	87	70
U.K.:		
Price	15	66
Volume	(10)	(54)
Foreign currency exchange rates	(27)	(100)
Other	(4)	(13)
Total U.K.	(26)	(101)
Total	\$ 61	\$ (31)

- (a) Distribution price variances were primarily due to reconcilable cost recovery mechanisms approved by the PUC.
- (b) The increase for the nine months ended September 30, 2019 was primarily due to higher energy volumes partially offset by lower energy prices and lower transmission enhancement expenses.
- (c) The increase for the three months ended September 30, 2019 was primarily due to increased returns on capital investments. The increase for the nine months ended September 30, 2019 was primarily due to \$60 million of increased returns on capital investments partially offset by a \$27 million unfavorable impact of the TCJA which reduced the revenue requirement that went into effect June 1, 2018.
- (d) The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.
- (e) The decreases were primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.
- (f) The decrease for the nine months ended September 30, 2019 was primarily due to weather.

## Fuel

Fuel decreased \$12 million for the three months ended September 30, 2019 compared with 2018, primarily due to a \$9 million decrease in commodity costs and an \$8 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019, partially offset by a \$3 million increase in volumes driven by weather in Kentucky.

Fuel decreased \$53 million for the nine months ended September 30, 2019 compared with 2018, primarily due to a \$22 million decrease in commodity costs, a \$21 million decrease in volumes driven by weather, and a \$14 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019 in Kentucky.

## Energy Purchases

Energy purchases remained flat for the nine months ended September 30, 2019 compared with 2018, primarily due to higher PLR volumes of \$28 million, partially offset by lower PLR prices of \$12 million and lower transmission enhancement expenses of \$8 million at PPL Electric as well as a \$5 million decrease in commodity costs and a \$4 million decrease in volumes due to expiration of a capacity purchase tolling agreement at LG&E.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended September 30, 2019 compared with 2018 was due to:

	<u>Three Months</u>	<u>Nine Months</u>
Domestic:		
LKE plant operations and maintenance	\$ (7)	\$ (9)
LKE gas distribution maintenance and compliance	2	6
LKE transmission credits	3	10
LKE DSM program costs	(4)	(11)
Storm Costs	(13)	(13)
Vegetation Management	6	10
Other operation and maintenance of Safari Energy (a)	5	18
Other	17	11
U.K.:		
Foreign currency exchange rates	(6)	(21)
Third-party engineering	(4)	(9)
Other	2	7
<b>Total</b>	<b>\$ 1</b>	<b>\$ (1)</b>

(a) Represents the increase for the three and nine months ended September 30, 2019 resulting from the other operation and maintenance expense of Safari Energy, which was acquired on June 1, 2018.

## Depreciation

The increase (decrease) in depreciation for the periods ended September 30, 2019 compared with 2018 was due to:

	<u>Three Months</u>	<u>Nine Months</u>
Additions to PP&E, net	\$ 16	\$ 52
Foreign currency exchange rates	(3)	(11)
Depreciation rates (a)	20	33
Other	(2)	(1)
<b>Total</b>	<b>\$ 31</b>	<b>\$ 73</b>

(a) Higher depreciation rates were effective May 1, 2019 at LG&E and KU.

### Other Income (Expense) - net

The increase (decrease) in other income (expense) - net for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Economic foreign currency exchange contracts (Note 15)	\$ 4	\$ (36)
Defined benefit plans - non-service credits (Note 10)	16	42
Other	—	6
Total	<u>\$ 20</u>	<u>\$ 12</u>

### Interest Expense

The increase (decrease) in interest expense for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Long-term debt interest expense	\$ 17	\$ 31
Short-term debt interest expense	3	7
Foreign currency exchange rates	(5)	(17)
Other	—	7
Total	<u>\$ 15</u>	<u>\$ 28</u>

### Income Taxes

The increase (decrease) in income taxes for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Change in pre-tax income	\$ 15	\$ (14)
Valuation allowances (a)	2	4
Deferred tax impact of Kentucky state tax reform (b)	—	(9)
Kentucky recycling credit, net of federal income tax expense (a)	—	(20)
Other	(2)	5
Total	<u>\$ 15</u>	<u>\$ (34)</u>

- (a) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. A valuation allowance of \$3 million has been recognized related to this credit due to insufficient Kentucky taxable income projected at LKE. During the third quarter of 2019, LKE filed the Kentucky recycling credit application with the Kentucky Department of Revenue and expects a ruling in the fourth quarter of 2019.
- (b) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

### Segment Earnings

PPL's Net Income by reportable segment for the periods ended September 30 was as follows:

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
U.K. Regulated	\$ 236	\$ 245	\$ (9)	\$ 784	\$ 836	\$ (52)
Kentucky Regulated	150	122	28	364	332	32
Pennsylvania Regulated	118	112	6	333	335	(2)
Corporate and Other (a)	(29)	(34)	5	(99)	(91)	(8)
Net Income	<u>\$ 475</u>	<u>\$ 445</u>	<u>\$ 30</u>	<u>\$ 1,382</u>	<u>\$ 1,412</u>	<u>\$ (30)</u>

- (a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results.

**Earnings from Ongoing Operations**

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the effective tax rate of the entity where the activity is recorded. Special items may include items such as:

- Unrealized gains or losses on foreign currency economic hedges (as discussed below).
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of PPL's underlying hedged earnings. See Note 15 to the Financial Statements and "Risk Management" below for additional information on foreign currency economic activity.

PPL's Earnings from Ongoing Operations by reportable segment for the periods ended September 30 were as follows:

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
U.K. Regulated	\$ 205	\$ 214	\$ (9)	\$ 773	\$ 730	\$ 43
Kentucky Regulated	150	120	30	364	339	25
Pennsylvania Regulated	118	117	1	333	340	(7)
Corporate and Other	(28)	(29)	1	(95)	(86)	(9)
<b>Earnings from Ongoing Operations</b>	<b>\$ 445</b>	<b>\$ 422</b>	<b>\$ 23</b>	<b>\$ 1,375</b>	<b>\$ 1,323</b>	<b>\$ 52</b>

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

**U.K. Regulated Segment**

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and certain acquisition-related financing costs. The U.K. Regulated segment represents 57% of PPL's Net Income for the nine months ended September 30, 2019 and 38% of PPL's assets at September 30, 2019.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating revenues	\$ 491	\$ 517	\$ (26)	\$ 1,615	\$ 1,716	\$ (101)
Other operation and maintenance	125	131	(6)	376	400	(24)
Depreciation	60	61	(1)	186	186	—
Taxes, other than income	32	33	(1)	96	101	(5)
Total operating expenses	217	225	(8)	658	687	(29)
Other Income (Expense) - net	120	102	18	289	284	5
Interest Expense	110	106	4	305	310	(5)
Income Taxes	48	43	5	157	167	(10)
Net Income	236	245	(9)	784	836	(52)
Less: Special Items	31	31	—	11	106	(95)
Earnings from Ongoing Operations	\$ 205	\$ 214	\$ (9)	\$ 773	\$ 730	\$ 43

The following after-tax gains (losses), which management considers special items, impacted the U.K. Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended September 30.

Income Statement Line Item	Three Months		Nine Months	
	2019	2018	2019	2018
Foreign currency economic hedges, net of tax of (\$8), (\$7), (\$4), (\$27)

Earnings from Ongoing Operations	(9)	43
Special items, after-tax	—	(95)
Net Income	\$ (9)	\$ (52)

U.K.

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of U.K. Adjusted Gross Margins.
- Higher other income (expense) - net for the three and nine month periods primarily from higher pension income.

### Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations conducted by LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 26% of PPL's Net Income for the nine months ended September 30, 2019 and 35% of PPL's assets at September 30, 2019.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating revenues	\$ 844	\$ 802	\$ 42	\$ 2,421	\$ 2,417	\$ 4
Fuel	194	206	(12)	556	609	(53)
Energy purchases	19	22	(3)	125	135	(10)
Other operation and maintenance	205	216	(11)	627	632	(5)
Depreciation	144	119	25	402	354	48
Taxes, other than income	19	18	1	55	53	2
Total operating expenses	581	581	—	1,765	1,783	(18)
Other Income (Expense) - net	2	—	2	2	(2)	4
Interest Expense	74	69	5	222	205	17
Income Taxes	41	30	11	72	95	(23)
Net Income	150	122	28	364	332	32
Less: Special Items	—	2	(2)	—	(7)	7
Earnings from Ongoing Operations	\$ 150	\$ 120	\$ 30	\$ 364	\$ 339	\$ 25

The following after-tax gains (losses), which management considers special items, impacted the Kentucky Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended September 30.

Income Statement Line Item	Three Months		Nine Months	
	2019	2018	2019	2018
Kentucky state tax reform (a)	\$ —	\$ —	\$ —	\$ (9)
U.S. tax reform (b)	—	2	—	2
Total Special Items	\$ —	\$ 2	\$ —	\$ (7)

(a) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

(b) Adjustments to certain provisional amounts recognized in the December 31, 2017 Statement of Income related to the enactment of the TCJA.

The changes in the components of the Kentucky Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Kentucky Adjusted Gross Margins and the items that management considers special, on separate lines and not in their respective Statement of Income line items.

	Three Months	Nine Months
Kentucky Adjusted Gross Margins	\$ 44	\$ 42
Other operation and maintenance	10	1
Depreciation	(10)	(19)
Taxes, other than income	(2)	(2)
Other Income (Expense) - net	2	4
Interest Expense	(5)	(17)
Income Taxes	(9)	16
Earnings from Ongoing Operations	30	25
Special items, after-tax	(2)	7
Net Income	\$ 28	\$ 32

• See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Kentucky Adjusted Gross Margins.

- Lower other operation and maintenance expense for the three month period primarily due to a decrease in storm costs.
- Higher depreciation expense for the three month period primarily due to a \$6 million increase related to higher depreciation rates effective May 1, 2019 and a \$4 million increase related to additional assets placed into service, net of retirements.
- Higher depreciation expense for the nine month period primarily due to a \$10 million increase related to higher depreciation rates effective May 1, 2019 and a \$9 million increase related to additional assets placed into service, net of retirements.
- Higher interest expense for the nine month period primarily due to increased borrowings and higher interest rates.
- Higher income taxes for the three month period primarily due to the higher pre-tax income.
- Lower income taxes for the nine month period primarily due to the recording of a deferred tax benefit related to a Kentucky recycling credit.

**Pennsylvania Regulated Segment**

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 24% of PPL's Net Income for the nine months ended September 30, 2019 and 27% of PPL's assets at September 30, 2019.

Net Income and Earnings from Ongoing Operations for the periods ended September 30 include the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating revenues	\$ 590	\$ 548	\$ 42	\$ 1,756	\$ 1,704	\$ 52
Energy purchases	132	127	5	413	403	10
Other operation and maintenance	137	127	10	417	419	(2)
Depreciation	99	89	10	290	262	28
Taxes, other than income	29	27	2	84	81	3
Total operating expenses	397	370	27	1,204	1,165	39
Other Income (Expense) - net	8	9	(1)	21	23	(2)
Interest Expense	43	40	3	126	116	10
Income Taxes	40	35	5	114	111	3
Net Income	118	112	6	333	335	(2)
Less: Special Item	—	(5)	5	—	(5)	5
Earnings from Ongoing Operations	\$ 118	\$ 117	\$ 1	\$ 333	\$ 340	\$ (7)

The following after-tax gains (losses), which management considers special items, impacted the Pennsylvania Regulated segment's results and are excluded from Earnings from Ongoing Operations during the periods ended September 30.

Income Statement Line Item	Three Months		Nine Months	
	2019	2018	2019	2018
IT transformation, net of tax of \$0, \$2, \$0, \$2 (a)	\$ —	\$ (5)	\$ —	\$ (5)
Total Special Item	\$ —	\$ (5)	\$ —	\$ (5)

- (a) In June 2018, PPL EU Services' IT department announced an internal reorganization, which was substantially completed in the third quarter of 2018. As a result, \$5 million of after-tax costs, which includes separation benefits as well as outside services for strategic consulting to establish the new IT organization, were incurred.

The changes in the components of the Pennsylvania Regulated segment's results between these periods are due to the factors set forth below, which reflect amounts classified as Pennsylvania Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Nine Months
Pennsylvania Adjusted Gross Margins	\$ 24	\$ 30
Other operation and maintenance	(10)	(5)
Depreciation	(6)	(18)
Taxes, other than income	—	(1)
Other Income (Expense) - net	(1)	(2)
Interest Expense	(3)	(10)
Income Taxes	(3)	(1)
Earnings from Ongoing Operations	1	(7)
Special Item, after tax	5	5
Net Income	<u>\$ 6</u>	<u>\$ (2)</u>

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Pennsylvania Adjusted Gross Margins.
- Higher other operation and maintenance expense for the three month period primarily due to a \$4 million increase related to higher vegetation management costs and a \$2 million increase related to higher support costs.
- Higher depreciation expense for the nine month period primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements.
- Higher interest expense for the nine month period primarily due to the June 2018 issuance of \$400 million of 4.15% First Mortgage Bonds due 2048 and the September 2019 issuance of \$400 million of 3.00% First Mortgage Bonds due 2049.

### Reconciliation of Earnings from Ongoing Operations

The following tables contain after-tax gains (losses), in total, which management considers special items, that are excluded from Earnings from Ongoing Operations and a reconciliation to PPL's "Net Income" for the periods ended September 30.

	2019 Three Months				
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Total
<b>Net Income</b>	\$ 236	\$ 150	\$ 118	\$ (29)	\$ 475

IT transformation, net of tax of \$2	—	—	(5)	—	(5)
<b>Total Special Items</b>	<b>106</b>	<b>(7)</b>	<b>(5)</b>	<b>(5)</b>	<b>89</b>
<b>Earnings from Ongoing Operations</b>	<b>\$ 730</b>	<b>\$ 339</b>	<b>\$ 340</b>	<b>\$ (86)</b>	<b>\$ 1,323</b>

(a) PPL incurred legal expenses related to litigation with its former affiliate, Talen Montana, and related cases. See Note 11 to the Financial Statements for additional information.

### **Adjusted Gross Margins**

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses:

- "U.K. Adjusted Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.
- "Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, LKE, LG&E and KU, as well as the Kentucky Regulated segment's, LKE's and LG&E's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.
- "Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment and PPL Electric. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation," (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income," (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's and PPL Electric's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

#### Changes in Adjusted Gross Margins

The following table shows Adjusted Gross Margins by PPL's reportable segment and by component, as applicable, for the periods ended September 30 as well as the change between periods. The factors that gave rise to the changes are described following the table.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
<b>U.K. Regulated</b>						
U.K. Adjusted Gross Margins	\$ 446	\$ 467	\$ (21)	\$ 1,492	\$ 1,578	\$ (86)
Impact of changes in foreign currency exchange rates			(24)			(93)
U.K. Adjusted Gross Margins excluding impact of foreign currency exchange rates			\$ 3			\$ 7
<b>Kentucky Regulated</b>						
Kentucky Adjusted Gross Margins						
LG&E	\$ 262	\$ 240	\$ 22	\$ 720	\$ 697	\$ 23
KU	310	288	22	866	847	19
Total Kentucky Adjusted Gross Margins	\$ 572	\$ 528	\$ 44	\$ 1,586	\$ 1,544	\$ 42
<b>Pennsylvania Regulated</b>						
Pennsylvania Adjusted Gross Margins						
Distribution	\$ 232	\$ 225	\$ 7	\$ 696	\$ 695	\$ 1
Transmission	155	138	17	440	411	29
Total Pennsylvania Adjusted Gross Margins	\$ 387	\$ 363	\$ 24	\$ 1,136	\$ 1,106	\$ 30

#### *U.K. Adjusted Gross Margins*

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased for the three months ended September 30, 2019 compared with 2018, primarily due to \$15 million from the April 1, 2019 price increase, partially offset by \$10 million of lower volumes.

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased for the nine months ended September 30, 2019 compared with 2018, primarily due to \$66 million from the April 1, 2018 and 2019 price increases, partially offset by \$54 million of lower volumes.

#### *Kentucky Adjusted Gross Margins*

Kentucky Adjusted Gross Margins increased for the three months ended September 30, 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC of \$42 million (\$15 million at LG&E and \$27 million at KU), inclusive of the termination of the TCJA bill credit mechanism and \$9 million of increased sales volumes primarily due to weather (\$4 million at LG&E and \$5 million at KU). This was partially offset by a \$14 million decrease at KU primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

Kentucky Adjusted Gross Margins increased for the nine months ended September 30, 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC of \$77 million (\$29 million at LG&E and \$48 million at KU), inclusive of the termination of the TCJA bill credit mechanism. This was partially offset by \$27 million of decreased sales volumes primarily due to weather (\$12 million at LG&E and \$15 million at KU) and a \$22 million decrease at KU primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

## Pennsylvania Adjusted Gross Margins

### Distribution

Distribution Adjusted Gross Margins increased for the three months ended September 30, 2019 compared with 2018, primarily due to returns on additional distribution system improvement capital investments.

### Transmission

Transmission Adjusted Gross Margins increased for the three months ended September 30, 2019 compared with 2018, primarily due to an increase from returns on additional transmission capital investments focused on replacing aging infrastructure.

Transmission Adjusted Gross Margins increased for the nine months ended September 30, 2019 compared with 2018, primarily due to an increase of \$60 million from returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability, partially offset by \$27 million from the impact of the reduced U.S. federal corporate income taxes as a result of the TCJA in the first five months of 2019.

### Reconciliation of Adjusted Gross Margins

The following tables contain the components from the Statement of Income that are included in the non-GAAP financial measures and a reconciliation to PPL's "Operating Income" for the periods ended September 30.

	2019 Three Months				
	U.K. Adjusted Gross Margins	Kentucky Adjusted Gross Margins	Pennsylvania Adjusted Gross Margins	Other (a)	Operating Income (b)

Taxes, other than income	—	3	79	150	232
Total Operating Expenses	94	835	620	2,119	3,668
<b>Total</b>	<b>\$ 1,492</b>	<b>\$ 1,586</b>	<b>\$ 1,136</b>	<b>\$ (2,067)</b>	<b>\$ 2,147</b>

	2018 Nine Months				
	U.K. Adjusted Gross Margins	Kentucky Adjusted Gross Margins	Pennsylvania Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 1,687 (c)	\$ 2,417	\$ 1,704	\$ 38	\$ 5,846
<b>Operating Expenses</b>					
Fuel	—	609	—	—	609
Energy purchases	—	135	403	—	538
Other operation and maintenance	109	74	92	1,178	1,453
Depreciation	—	52	26	739	817
Taxes, other than income	—	3	77	154	234
Total Operating Expenses	109	873	598	2,071	3,651
<b>Total</b>	<b>\$ 1,578</b>	<b>\$ 1,544</b>	<b>\$ 1,106</b>	<b>\$ (2,033)</b>	<b>\$ 2,195</b>

(a) Represents amounts excluded from Adjusted Gross Margins.

(b) As reported on the Statements of Income.

(c) Excludes ancillary revenues of \$10 million and \$29 million for the three and nine months ended September 30, 2019 and \$8 million and \$29 million for the three and nine months ended September 30, 2018.

## PPL Electric: Statement of Income Analysis, Earnings and Adjusted Gross Margins

### Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating Revenues	\$ 590	\$ 548	\$ 42	\$ 1,756	\$ 1,704	\$ 52
Operating Expenses						
Operation						
Energy purchases	132	127	5	413	403	10
Other operation and maintenance	137	127	10	417	419	(2)
Depreciation	99	89	10	290	262	28
Taxes, other than income	29	27	2	84	81	3
Total Operating Expenses	397	370	27	1,204	1,165	39
Other Income (Expense) - net	7	5	2	18	18	—
Interest Income from Affiliate	1	4	(3)	3	5	(2)
Interest Expense	43	41	2	126	117	9
Income Taxes	40	35	5	114	111	3
<b>Net Income</b>	<b>\$ 118</b>	<b>\$ 111</b>	<b>\$ 7</b>	<b>\$ 333</b>	<b>\$ 334</b>	<b>\$ (1)</b>

## Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Distribution price (a)	\$ 18	\$ 20
Distribution volume	1	(3)
PLR (b)	6	11
Transmission Formula Rate (c)	17	29
TCJA refund (d)	1	(6)
Other	(1)	1
<b>Total</b>	<b>\$ 42</b>	<b>\$ 52</b>

- (a) Distribution price variances were primarily due to reconcilable cost recovery mechanisms approved by the PUC.
- (b) The increase for the nine months ended September 30, 2019 was primarily due to higher energy volumes partially offset by lower energy prices and lower transmission enhancement expenses as described below.
- (c) The increase for the three months ended September 30, 2019 was primarily due to increased returns on capital investments. The increase for the nine months ended September 30, 2019 was primarily due to \$60 million of increased returns on capital investments partially offset by a \$27 million unfavorable impact of the TCJA which reduced the revenue requirement that went into effect June 1, 2018.
- (d) Represents the estimated income tax savings owed to or already returned to distribution customers related to the reduced U.S. federal corporate income taxes as a result of the TCJA. The TCJA customer refund for the period January through June 2018 was recorded as a regulatory liability during the second quarter of 2018 and the negative surcharge rate for distribution customers went into effect July 1, 2018, based on the PUC Order.

## Energy Purchases

Energy purchases increased \$10 million for the nine months ended September 30, 2019 compared with 2018, primarily due to higher PLR volumes of \$28 million, partially offset by lower PLR prices of \$12 million and lower transmission enhancement expenses of \$8 million.

## Other Operation and Maintenance

The decrease in other operation and maintenance for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Storm costs	\$ (4)	\$ (5)
Vegetation management	4	7
Support costs	2	(4)
Act 129	4	3
Act 129 Smart Meter Program	—	(3)
Contractor-related expenses	(3)	3
Other	7	(3)
<b>Total</b>	<b>\$ 10</b>	<b>\$ (2)</b>

## Depreciation

Depreciation increased \$10 million and \$28 million for the three and nine months ended September 30, 2019 compared with 2018, primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure as well as the roll-out of the Act 129 Smart Meter program, net of retirements.

## Interest Expense

Interest expense increased \$9 million for the nine months ended September 30, 2019 compared with 2018, primarily due to the June 2018 issuance of \$400 million of 4.15% First Mortgage Bonds due 2048 and the September 2019 issuance of \$400 million of 3.00% First Mortgage Bonds due 2049.

## Income Taxes

The increase (decrease) in income taxes for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Change in pre-tax income	\$ 4	\$ 2
Other	1	1
Total	<u>\$ 5</u>	<u>\$ 3</u>

## Earnings

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Net Income	\$ 118	\$ 111	\$ 333	\$ 334
Special Item, gain (loss), after-tax (a)	—	(5)	—	(5)

(a) In June 2018, PPL EU Services' IT department announced an internal reorganization which was substantially completed in the third quarter of 2018. As a result, \$5 million of after-tax costs, which includes separation benefits as well as outside services for strategic consulting to establish the new IT organization, were incurred.

Earnings increased for the three month period in 2019 compared with 2018, driven primarily by returns on additional capital investments in transmission primarily offset by higher operation and maintenance expense.

Earnings decreased for the nine month period in 2019 compared with 2018, driven primarily by year-over-year differences in the impact of reduced income taxes in rates due to U.S. tax reform, higher depreciation expense and higher interest expense, offset by returns on additional capital investments in transmission.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Pennsylvania Adjusted Gross Margins and the item that management considers special on separate lines and not in their respective Statement of Income line items.

	Three Months	Nine Months
Pennsylvania Adjusted Gross Margins	\$ 24	\$ 30
Other operation and maintenance	(10)	(5)
Depreciation	(6)	(18)
Taxes, other than income	—	(1)
Other Income (Expense) - net	(1)	(2)
Interest Expense	(2)	(9)
Income Taxes	(3)	(1)
Special Item, after tax (a)	5	5
Net Income	<u>\$ 7</u>	<u>\$ (1)</u>

(a) See PPL's "Results of Operations - Segment Earnings - Pennsylvania Regulated Segment" for details of the special item.

## Adjusted Gross Margins

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for information on why management believes this measure is useful and for explanations of the underlying drivers of the changes between periods. Within PPL's discussion, PPL Electric's Adjusted Gross Margins are referred to as "Pennsylvania Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 590	\$ —	\$ 590	\$ 548	\$ —	\$ 548
<b>Operating Expenses</b>						
Energy purchases	132	—	132	127	—	127
Other operation and maintenance	30	107	137	23	104	127

<b>Total</b>	<b>\$ 1,136</b>	<b>\$ (584)</b>	<b>\$ 552</b>	<b>\$ 1,106</b>	<b>\$ (567)</b>	<b>\$ 539</b>

(a) Represents amounts excluded from Adjusted Gross Margins.

(b) As reported on the Statements of Income.

### LKE: Statement of Income Analysis, Earnings and Adjusted Gross Margins

#### Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating Revenues	\$ 844	\$ 802	\$ 42	\$ 2,421	\$ 2,417	\$ 4
Operating Expenses						
Operation						
Fuel	194	206	(12)	556	609	(53)
Energy purchases	19	22	(3)	125	135	(10)
Other operation and maintenance	205	216	(11)	627	632	(5)
Depreciation	144	119	25	402	354	48
Taxes, other than income	19	18	1	55	53	2
Total Operating Expenses	581	581	—	1,765	1,783	(18)
Other Income (Expense) - net	2	—	2	2	(2)	4
Interest Expense	57	52	5	169	154	15
Interest Expense with Affiliate	7	7	—	23	18	5
Income Taxes	43	32	11	78	102	(24)
<b>Net Income</b>	<b>\$ 158</b>	<b>\$ 130</b>	<b>\$ 28</b>	<b>\$ 388</b>	<b>\$ 358</b>	<b>\$ 30</b>

#### Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Higher retail rates (a)	\$ 42	\$ 77
ECR	21	40
Fuel and other energy purchase prices	(7)	(16)
Municipal supply (b)	(22)	(37)
Volumes (c)	9	(65)
Other	(1)	5
Total	<u>\$ 42</u>	<u>\$ 4</u>

(a) The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(b) The decreases were primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

(c) The decrease for the nine months ended September 30, 2019 was primarily due to weather.

## Fuel

Fuel decreased \$12 million for the three months ended September 30, 2019 compared with 2018, primarily due to a \$9 million decrease in commodity costs and an \$8 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019, partially offset by a \$3 million increase in volumes driven by weather.

Fuel decreased \$53 million for the nine months ended September 30, 2019 compared with 2018, primarily due to a \$22 million decrease in commodity costs, a \$21 million decrease in volumes driven by weather and a \$14 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
DSM program costs	\$ (4)	\$ (11)
Plant operations and maintenance	(7)	(9)
Storm costs	(9)	(8)
Administrative and general	2	2
Vegetation management	2	3
Gas distribution maintenance and compliance	2	6
Transmission credits	3	10
Other	—	2
Total	<u>\$ (11)</u>	<u>\$ (5)</u>

## Depreciation

Depreciation increased \$25 million for the three months ended September 30, 2019 compared with 2018, primarily due to higher depreciation rates effective May 1, 2019.

Depreciation increased \$48 million for the nine months ended September 30, 2019 compared with 2018, primarily due to a \$33 million increase related to higher depreciation rates effective May 1, 2019 and an \$11 million increase related to additional assets placed into service, net of retirements.

## Income Taxes

The increase (decrease) in income taxes for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Change in pre-tax income	\$ 10	\$ 1
Amortization of excess deferred income tax	(2)	(3)
Kentucky state tax reform (a)	—	(9)
Kentucky recycling credit, net of federal income tax expense (b)	—	(20)
Valuation allowance adjustments (b)	—	3
Other	3	4
<b>Total</b>	<b>\$ 11</b>	<b>\$ (24)</b>

- (a) During the second quarter of 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.
- (b) During the second quarter of 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service. A portion of this amount has been reserved due to insufficient Kentucky taxable income projected at LKE. During the third quarter of 2019, LKE filed the Kentucky recycling credit application with the Kentucky Department of Revenue and expects a ruling in the fourth quarter of 2019.

## Earnings

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2019	2018	2019	2018
Net Income	\$ 158	\$ 130	\$ 388	\$ 358
Special items, gains (losses), after-tax	—	2	—	(7)

Excluding special items, earnings increased for the three month period in 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019, higher sales volumes primarily driven by weather and lower other operation and maintenance expense. This was partially offset by lower municipal supply revenues primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019, higher depreciation expense and higher income taxes.

Excluding special items, earnings increased for the nine month period in 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019, lower other operation and maintenance expense and lower income taxes. This was partially offset by lower municipal supply revenues primarily due to the termination of eight supply contracts with Kentucky municipalities, lower sales volumes primarily driven by weather, higher depreciation expense and higher interest expense.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Adjusted Gross Margins and the items that management considers special on separate lines and not in their respective Statement of Income line items.

	Three Months	Nine Months
Adjusted Gross Margins	\$ 44	\$ 42
Other operation and maintenance	10	1
Depreciation	(10)	(19)
Taxes, other than income	(2)	(2)
Other Income (Expense) - net	2	4
Interest Expense	(5)	(20)
Income Taxes	(9)	17
Special items, gains (losses), after-tax (a)	(2)	7
<b>Net Income</b>	<b>\$ 28</b>	<b>\$ 30</b>

- (a) See PPL's "Results of Operations - Segment Earnings - Kentucky Regulated Segment" for details of the special item.

**Adjusted Gross Margins**

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LKE's Adjusted Gross Margins are referred to as "Kentucky Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)

Total	\$ 1,586	\$ (930)	\$ 656	\$ 1,544	\$ (910)	\$ 634

(a) Represents amounts excluded from Adjusted Gross Margins.

(b) As reported on the Statements of Income.

## LG&E: Statement of Income Analysis, Earnings and Adjusted Gross Margins

### Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
<b>Operating Revenues</b>						
Retail and wholesale	\$ 380	\$ 357	\$ 23	\$ 1,105	\$ 1,095	\$ 10
Electric revenue from affiliate	2	5	(3)	21	21	—
<b>Total Operating Revenues</b>	<b>382</b>	<b>362</b>	<b>20</b>	<b>1,126</b>	<b>1,116</b>	<b>10</b>
<b>Operating Expenses</b>						
<b>Operation</b>						
Fuel	79	83	(4)	226	234	(8)
Energy purchases	14	17	(3)	110	121	(11)
Energy purchases from affiliate	2	2	—	6	10	(4)
Other operation and maintenance	92	95	(3)	282	277	5
Depreciation	61	49	12	168	146	22
Taxes, other than income	10	9	1	29	27	2
<b>Total Operating Expenses</b>	<b>258</b>	<b>255</b>	<b>3</b>	<b>821</b>	<b>815</b>	<b>6</b>
Other Income (Expense) - net	—	(3)	3	(1)	(5)	4
Interest Expense	22	20	2	65	57	8
Income Taxes	22	18	4	51	51	—
<b>Net Income</b>	<b>\$ 80</b>	<b>\$ 66</b>	<b>\$ 14</b>	<b>\$ 188</b>	<b>\$ 188</b>	<b>\$ —</b>

### Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Higher retail rates (a)	\$ 15	\$ 29
ECR	8	17
Fuel and other energy purchase prices	(3)	(2)
Volumes (b)	1	(35)
Other	(1)	1
<b>Total</b>	<b>\$ 20</b>	<b>\$ 10</b>

(a) The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(b) For the nine months ended September 30, 2019, the decrease was primarily due to weather.

### Fuel

Fuel decreased \$4 million for the three months ended September 30, 2019 compared with 2018, primarily due to a decrease in commodity costs.

### Energy Purchases

Energy purchases decreased \$11 million for the nine months ended September 30, 2019 compared with 2018, primarily due to a \$5 million decrease in commodity costs and a \$4 million decrease in volumes due to the expiration of a capacity purchase tolling agreement.

### Depreciation

Depreciation increased \$12 million for the three months ended September 30, 2019 compared with 2018, primarily due to higher depreciation rates effective May 1, 2019.

Depreciation increased \$22 million for the nine months ended September 30, 2019 compared with 2018, primarily due to a \$16 million increase related to higher depreciation rates effective May 1, 2019 and a \$6 million increase related to additional assets placed into service, net of retirements.

### Income Taxes

Income taxes increased \$4 million for the three months ended September 30, 2019 compared with 2018 primarily due to higher pre-tax income.

### Earnings

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Net Income	\$ 80	\$ 66	\$ 188	\$ 188
Special items, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019 and higher sales volumes primarily driven by weather, partially offset by higher depreciation expense and higher income taxes.

Earnings are comparable for the nine month period in 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019 offset by lower sales volumes primarily driven by weather, higher other operation and maintenance expense, higher depreciation expense and higher interest expense.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Nine Months
Adjusted Gross Margins	\$ 22	\$ 23
Other operation and maintenance	2	(8)
Depreciation	(4)	(8)
Taxes, other than income	(3)	(3)
Other Income (Expense) - net	3	4
Interest Expense	(2)	(8)
Income Taxes	(4)	—
Net Income	\$ 14	\$ —

### Adjusted Gross Margins

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, LG&E's Adjusted Gross Margins are included in "Kentucky Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 382	\$ —	\$ 382	\$ 362	\$ —	\$ 362

(b) As reported on the Statements of Income.

## KU: Statement of Income Analysis, Earnings and Adjusted Gross Margins

### Statement of Income Analysis

Net income for the periods ended September 30 includes the following results.

	Three Months			Nine Months		
	2019	2018	\$ Change	2019	2018	\$ Change
Operating Revenues						
Retail and wholesale	\$ 464	\$ 445	\$ 19	\$ 1,316	\$ 1,322	\$ (6)
Electric revenue from affiliate	2	2	—	6	10	(4)
Total Operating Revenues	466	447	19	1,322	1,332	(10)
Operating Expenses						
Operation						
Fuel	115	123	(8)	330	375	(45)
Energy purchases	5	5	—	15	14	1
Energy purchases from affiliate	2	5	(3)	21	21	—
Other operation and maintenance	107	114	(7)	320	331	(11)
Depreciation	83	70	13	233	208	25
Taxes, other than income	9	9	—	26	26	—
Total Operating Expenses	321	326	(5)	945	975	(30)
Other Income (Expense) - net	4	1	3	4	1	3
Interest Expense	28	24	4	82	74	8
Income Taxes	26	21	5	62	59	3
Net Income	\$ 95	\$ 77	\$ 18	\$ 237	\$ 225	\$ 12

### Operating Revenues

The increase (decrease) in operating revenues for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Municipal supply (a)	(22)	(37)
Volumes (b)	7	(29)
Fuel and other energy purchase prices	(4)	(16)
ECR	13	23
Higher Retail Rates (c)	27	48
Other	(2)	1
Total	\$ 19	\$ (10)

(a) The decreases were primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

(b) For the nine months ended September 30, 2019, the decrease was primarily due to weather.

(c) The higher retail rates were due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

### Fuel

Fuel decreased \$8 million for the three months ended September 30, 2019 compared with 2018, primarily due to an \$8 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019 and a \$6 million decrease in commodity costs, partially offset by a \$5 million increase in volumes primarily driven by weather.

Fuel decreased \$45 million for the nine months ended September 30, 2019 compared with 2018, primarily due to a \$17 million decrease in volumes driven by weather, a \$16 million decrease in commodity costs and a \$14 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

### Other Operation and Maintenance

The increase (decrease) in other operation and maintenance for the periods ended September 30, 2019 compared with 2018 was due to:

	Three Months	Nine Months
Plant operations and maintenance	\$ (6)	\$ (10)
DSM program costs	(2)	(5)
Storm costs	(5)	(5)
Transmission credits	2	7
Other	4	2
Total	<u>\$ (7)</u>	<u>\$ (11)</u>

### Depreciation

Depreciation increased \$13 million for the three months ended September 30, 2019 compared with 2018, primarily due to higher depreciation rates effective May 1, 2019.

Depreciation increased \$25 million for the nine months ended September 30, 2019 compared with 2018, primarily due to a \$17 million increase related to higher depreciation rates effective May 1, 2019 and a \$5 million increase related to additional assets placed into service, net of retirements.

### Income Taxes

Income taxes increased \$5 million for the three months ended September 30, 2019 compared with 2018 primarily due to higher pre-tax income.

### Earnings

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2019	2018	2019	2018
Net Income	\$ 95	\$ 77	\$ 237	\$ 225
Special items, gains (losses), after-tax (a)	—	—	—	—

(a) There are no items management considers special for the periods presented.

Earnings increased for the three month period in 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019, higher sales volumes primarily driven by weather and lower other operation and maintenance expense, partially offset by lower municipal supply revenues primarily due to the termination of eight supply contracts with Kentucky municipalities, higher depreciation expense and higher income taxes.

Earnings increased for the nine month period in 2019 compared with 2018, primarily due to higher retail rates approved by the KPSC, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019, and lower other operation and maintenance expense, partially offset by lower municipal supply revenues primarily due to the termination of eight supply contracts with Kentucky municipalities, lower sales volumes primarily driven by weather, higher depreciation expense and higher interest expense.

The table below quantifies the changes in the components of Net Income between these periods, which reflect amounts classified as Adjusted Gross Margins on a separate line and not in their respective Statement of Income line items.

	Three Months	Nine Months
Adjusted Gross Margins	\$ 22	\$ 19
Other operation and maintenance	7	10
Depreciation	(6)	(10)
Taxes, other than income	1	1
Other Income (Expense) - net	3	3
Interest Expense	(4)	(8)
Income Taxes	(5)	(3)
Net Income	<u>\$ 18</u>	<u>\$ 12</u>

**Adjusted Gross Margins**

"Adjusted Gross Margins" is a non-GAAP financial performance measure that management utilizes as an indicator of the performance of its business. See PPL's "Results of Operations - Adjusted Gross Margins" for an explanation of why management believes this measure is useful and the factors underlying changes between periods. Within PPL's discussion, KU's Adjusted Gross Margins are included in "Kentucky Adjusted Gross Margins."

The following tables contain the components from the Statements of Income that are included in this non-GAAP financial measure and a reconciliation to "Operating Income" for the periods ended September 30.

	2019 Three Months			2018 Three Months		
	Adjusted Gross Margins	Other (a)	Operating Income (b)	Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 466	\$ —	\$ 466	\$ 447	\$ —	\$ 447
<b>Operating Expenses</b>						
Fuel	115	—	115	123	—	123

(a) Represents amounts excluded from Adjusted Gross Margins.

(b) As reported on the Statements of Income.

**Financial Condition**

The remainder of this Item 2 in this Form 10-Q is presented on a combined basis, providing information, as applicable, for all Registrants.

**Liquidity and Capital Resources**

(All Registrants)

The Registrants had the following at:

	<u>PPL (a)</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
<b><u>September 30, 2019</u></b>					
Cash and cash equivalents	\$ 670	\$ 27	\$ 30	\$ 12	\$ 18
Short-term debt	1,387	—	101	99	2
Long-term debt due within one year	—	—	—	—	—
Notes payable with affiliates	—	—	129	—	—
<b><u>December 31, 2018</u></b>					
Cash and cash equivalents	\$ 621	\$ 267	\$ 24	\$ 10	\$ 14
Short-term debt	1,430	—	514	279	235
Long-term debt due within one year	530	—	530	434	96
Notes payable with affiliates	—	—	113	—	—

(a) At September 30, 2019, \$279 million of cash and cash equivalents were denominated in GBP. If these amounts would be remitted as dividends, PPL would not anticipate an incremental U.S. tax cost. See Note 6 to the Financial Statements in PPL's 2018 Form 10-K for additional information on undistributed earnings of WPD.

Net cash provided by (used in) operating, investing and financing activities for the nine month periods ended September 30, and the changes between periods, were as follows.

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
<b>2019</b>					
Operating activities	\$ 1,888	\$ 609	\$ 813	\$ 417	\$ 471
Investing activities	(2,194)	(1,361)	(761)	(323)	(436)
Financing activities	363	512	(46)	(92)	(31)
<b>2018</b>					
Operating activities	\$ 2,210	\$ 650	\$ 787	\$ 410	\$ 485
Investing activities	(2,466)	(837)	(825)	(420)	(404)
Financing activities	618	552	37	6	(78)
<b>Change - Cash Provided (Used)</b>					
Operating activities	\$ (322)	\$ (41)	\$ 26	\$ 7	\$ (14)
Investing activities	272	(524)	64	97	(32)
Financing activities	(255)	(40)	(83)	(98)	47

**Operating Activities**

The components of the change in cash provided by (used in) operating activities for the nine months ended September 30, 2019 compared with 2018 were as follows.

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Change - Cash Provided (Used)					
Net income	\$ (30)	\$ (1)	\$ 30	\$ —	\$ 12
Non-cash components	138	19	59	24	36
Working capital	(282)	(68)	(140)	(74)	(97)
Defined benefit plan funding	3	7	92	53	50
Other operating activities	(151)	2	(15)	4	(15)
Total	<u>\$ (322)</u>	<u>\$ (41)</u>	<u>\$ 26</u>	<u>\$ 7</u>	<u>\$ (14)</u>

(PPL)

PPL's cash provided by operating activities in 2019 decreased \$322 million compared with 2018.

- Net income decreased \$30 million between the periods and included an increase in non-cash charges of \$138 million. The increase in non-cash charges was primarily due to a decrease in unrealized gains on hedging activities and an increase in depreciation expense (primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements and higher depreciation rates), partially offset by an increase in the U.K. net periodic defined benefit credits (primarily due to lower levels of unrecognized losses being amortized).
- The \$282 million decrease in cash from changes in working capital was primarily due to an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), an increase in unbilled revenues (primarily due to weather and higher retail rates effective May 1, 2019), a decrease in accounts payable (primarily due to timing of payments) and a decrease in other current liabilities (primarily due to timing of payments), partially offset by an increase in accrued interest (primarily due larger debt balances and timing of interest payments).
- The \$151 million decrease in cash provided by other operating activities was primarily due to the \$65 million transfer of excess benefits funds, in 2018, related to the favorable private letter ruling received by PPL from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay for medical claims of active bargaining unit employees, a decrease in non-current regulatory liabilities (primarily due to a \$41 million TCJA liability in 2018) and an increase in ARO expenditures.

(PPL Electric)

PPL Electric's cash provided by operating activities in 2019 decreased \$41 million compared with 2018.

- Net income decreased \$1 million between the periods and included an increase in non-cash components of \$19 million. The increase in non-cash components was primarily due to a \$28 million increase in depreciation expense (primarily due to additional assets placed into service, related to the ongoing efforts to ensure reliability of the delivery system and the replacement of aging infrastructure as well as the roll-out of the Act 129 Smart Meter program), partially offset by a \$7 million decrease in deferred income taxes (due to book versus tax plant timing differences and Federal net operating losses, partially offset by a book to tax timing difference related to the TCJA regulatory liability).
- The \$68 million decrease in cash from changes in working capital was primarily due to an increase in unbilled revenue (primarily due to colder weather in the fourth quarter of 2017 compared with 2018), an increase in prepayments (primarily due to an increase in the 2019 gross receipts tax prepayment compared to 2018 and a 2018 state income tax overpayment to be applied to the 2019 state income tax liability), an increase in net regulatory assets and liabilities (due to timing of rate recovery mechanisms and colder weather in the fourth quarter of 2018 compared with the third quarter of 2019) and in increase in Other (primarily due to timing of payments for other current liabilities and a 2018 initiative to decrease material and supply levels), partially offset by a decrease in accounts receivable (primarily due to timing of receipts).
- Defined benefit plan funding was \$7 million lower in 2019.
- The \$2 million increase in cash provided by other operating activities was primarily due to a decrease in non-current regulatory liabilities (primarily due to a \$41 million TCJA liability in 2018), partially offset by a decrease in non-current regulatory assets (due to timing of rate recovery mechanisms, amortization of storm costs incurred in the prior year and \$22 million of storm costs incurred in 2018).

*(LKE)*

LKE's cash provided by operating activities in 2019 increased \$26 million compared with 2018.

- Net income increased \$30 million between the periods and included an increase in non-cash charges of \$59 million. The increase in non-cash charges was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), an increase in unbilled revenues (primarily due to weather and higher retail rates effective May 1, 2019) and a decrease in accounts payable (primarily due to timing of payments).
- Defined benefit plan funding was \$92 million lower in 2019.
- The decrease in cash from LKE's other operating activities was primarily driven by an increase in ARO expenditures.

*(LG&E)*

LG&E's cash provided by operating activities in 2019 increased \$7 million compared with 2018.

- Net income was consistent between the periods and included an increase in non-cash charges of \$24 million. The increase in non-cash charges was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and the timing of rate recovery mechanisms), an increase in unbilled revenues (primarily due to weather and higher retail rates effective May 1, 2019) and a decrease in accounts payable (primarily due to timing of payments).
- Defined benefit plan funding was \$53 million lower in 2019.

*(KU)*

KU's cash provided by operating activities in 2019 decreased \$14 million compared with 2018.

- Net income increased \$12 million between the periods and included an increase in non-cash charges of \$36 million. The increase in non-cash charges was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), an increase in unbilled revenues (primarily due to weather and higher retail rates effective May 1, 2019) and a decrease in accounts payable (primarily due to timing of payments).
- Defined benefit plan funding was \$50 million lower in 2019.
- The decrease in cash from KU's other operating activities was primarily driven by an increase in ARO expenditures.

Investing Activities

*Expenditures for Property, Plant and Equipment (All Registrants)*

Investment in PP&E is the primary investing activity of the Registrants. The changes in cash used in expenditures for PP&E for the nine months ended September 30, 2019 compared with 2018 were as follows.

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Change - Cash Provided (Used)					
Expenditures for PP&E	\$ 147	\$ 20	\$ 65	\$ 97	\$ (31)

For PPL, the decrease in expenditures was due to lower project expenditures at WPD, PPL Electric, LKE and LG&E, partially offset by higher project expenditures at KU. The decrease in expenditures at WPD was primarily due to a decrease in expenditures to enhance system reliability and a decrease in foreign currency exchange rates. The decrease in expenditures at PPL Electric was primarily due to timing differences on capital spending projects related to the ongoing efforts to improve reliability and replace aging infrastructure. The decrease in expenditures at LKE was primarily due to decreased spending for environmental water projects at LG&E's Mill Creek and Trimble County plants and KU's Ghent plant, offset by spending on various other projects at KU that are not individually significant.

*Other Significant Changes in Components of Investing Activities (PPL Electric)*

For PPL Electric, the changes in "Notes receivable with affiliates activity, net" resulted in funding of \$546 million to affiliates for general corporate purposes.

**Financing Activities**

*(All Registrants)*

The components of the change in cash provided by (used in) financing activities for the nine months ended September 30, 2019 compared with 2018 were as follows.

	<b>PPL</b>	<b>PPL Electric</b>	<b>LKE</b>	<b>LG&amp;E</b>	<b>KU</b>
Change - Cash Provided (Used)					
Debt issuance/retirement, net	\$ 940	\$ (5)	\$ 414	\$ 99	\$ 315
Debt issuance/retirement with affiliate, net		—	(250)	—	—
Stock issuances/redemptions, net	(629)	—	—	—	—
Dividends	(47)	(5)	—	(17)	29
Capital contributions/distributions, net	—	(29)	74	(18)	23
Change in short-term debt, net	(515)	—	(473)	(157)	(316)
Notes payable with affiliate		—	161	—	—
Other financing activities	(4)	(1)	(9)	(5)	(4)
<b>Total</b>	<b>\$ (255)</b>	<b>\$ (40)</b>	<b>\$ (83)</b>	<b>\$ (98)</b>	<b>\$ 47</b>

See Note 8 to the Financial Statements in this Form 10-Q for information on 2019 short-term and long-term debt activity, equity transactions and PPL dividends. See Note 8 to the Financial Statements in the Registrants' 2018 Form 10-K for information on 2018 activity.

**Credit Facilities**

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets. At September 30, 2019, the total committed borrowing capacity under credit facilities and the borrowings under these facilities were:

*External*

	<b>Committed Capacity</b>	<b>Borrowed</b>	<b>Letters of Credit and Commercial Paper Issued</b>	<b>Unused Capacity</b>
PPL Capital Funding Credit Facilities	\$ 1,550	\$ —	\$ 996	\$ 554
PPL Electric Credit Facility	650	—	1	649
LG&E Credit Facilities	500	—	99	401
KU Credit Facilities	400	—	2	398
Total LKE	900	—	101	799
Total U.S. Credit Facilities (a)	\$ 3,100	\$ —	\$ 1,098	\$ 2,002
Total U.K. Credit Facilities (b)	£ 1,055	£ 216	£ —	£ 840

- (a) The commitments under the U.S. credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 8%, PPL Electric - 6%, LKE - 7%, LG&E - 7% and KU - 7%.
- (b) The amounts borrowed at September 30, 2019 were a USD-denominated borrowing of \$200 million and GBP-denominated borrowings of £51 million which equated to \$62 million. The unused capacity reflects the USD denominated borrowing amount borrowed in GBP of £164 million as of the date borrowed. At September 30, 2019, the USD equivalent of unused capacity under the U.K. committed credit facilities was \$1 billion.

The commitments under the U.K. credit facilities are provided by a diverse bank group, with no one bank providing more than 13% of the total committed capacity. In September 2019, KU terminated its \$198 million letter of credit facility in connection with the remarketing of variable rate debt to long-term mode bonds.

See Note 8 to the Financial Statements for further discussion of the Registrants' credit facilities.

*Intercompany (LKE, LG&E and KU)*

	Committed Capacity	Borrowed	Non-affiliate Used Capacity	Unused Capacity
LKE Credit Facility	\$ 375	\$ 129	\$ —	\$ 246
LG&E Money Pool (a)	500	—	99	401
KU Money Pool (a)	500	—	2	498

- (a) LG&E and KU participate in an intercompany money pool agreement whereby LKE, LG&E and/or KU make available funds up to \$500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has issued a maximum aggregate short-term debt limit for each utility at \$500 million from all covered sources.

See Note 12 to the Financial Statements for further discussion of intercompany credit facilities.

Commercial Paper (All Registrants)

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facility. The following commercial paper programs were in place at September 30, 2019:

	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	\$ 1,500	\$ 981	\$ 519
PPL Electric	650	—	650
LG&E	350	99	251
KU	350	2	348
Total LKE	700	101	599
Total PPL	\$ 2,850	\$ 1,082	\$ 1,768

Long-term Debt (All Registrants)

See Note 8 to the Financial Statements for information regarding the Registrants' long-term debt activities.

*(PPL)*

Equity Securities Activities

*ATM*

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program; including a forward sales

component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the three and nine months ended September 30, 2019.

#### Common Stock Dividends

In August 2019, PPL declared a quarterly common stock dividend, payable October 1, 2019, of 41.25 cents per share (equivalent to \$1.65 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

#### Rating Agency Actions

*(All Registrants)*

Moody's and S&P periodically review the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The rating agencies have taken the following actions related to the Registrants and their subsidiaries during 2019:

*(PPL)*

In September 2019, Moody's and S&P assigned ratings of Baa1 and A- to WPD (East Midlands) £250 million of 1.75% Senior Notes due 2031.

*(PPL, LKE and LG&E)*

In March 2019, Moody's and S&P assigned ratings of A1 and A to LG&E's \$400 million 4.25% First Mortgage Bonds due 2049. The bonds were issued April 1, 2019.

In March 2019, Moody's and S&P assigned ratings of A1 and A to the County of Jefferson, Kentucky's \$128 million 1.85% Pollution Control Revenue Bonds, 2001 Series A, due 2033, previously issued on behalf of LG&E. The bonds were remarketed April 1, 2019.

In May 2019, Moody's assigned a rating of A1, and in June 2019, S&P assigned a rating of A to the County of Jefferson, Kentucky's \$31 million 1.65% Series A Environmental Facilities Revenue Refunding Bonds, due 2033, previously issued on behalf of LG&E. The bonds were remarketed June 1, 2019.

In May 2019, Moody's assigned a rating of A1, and in June 2019, S&P assigned a rating of A to the County of Jefferson, Kentucky's \$35 million 1.65% Series B Environmental Facilities Revenue Refunding Bonds, due 2033, previously issued on behalf of LG&E. The bonds were remarketed June 1, 2019.

In September 2019, Moody's and S&P assigned ratings of A1 and A to the County of Jefferson, Kentucky's \$40 million 1.75% Pollution Control Revenue Bonds, 2005 Series A, due 2035, previously issued on behalf of LG&E.

*(PPL, LKE and KU)*

In March 2019, Moody's assigned a rating of A1 and S&P assigned a rating of A to KU's \$300 million 4.375% First Mortgage Bonds due 2045. The bonds were issued April 1, 2019.

In August 2019, Moody's assigned a rating of A1, and in September 2019, S&P assigned a rating of A to the County of Carroll, Kentucky's \$96 million 1.55% Pollution Control Revenue Refunding Bonds, 2016 Series A (Kentucky Utilities Company Project), due 2042, previously issued on behalf of KU. The bonds were remarketed September 3, 2019.

In August 2019, Moody's assigned a rating of A1, and in September 2019, S&P lowered its rating to A to the following bonds:

- County of Carroll, Kentucky's \$50 million 1.75% Environmental Facilities Revenue Bonds, 2004 Series A due 2034;
- County of Carroll, Kentucky's \$54 million 1.20% Environmental Facilities Revenue Refunding Bonds, 2006 Series B due 2034;
- County of Carroll, Kentucky's \$78 million 1.20% Environmental Facilities Revenue Bonds, 2006 Series B due 2032;
- County of Mercer, Kentucky's \$13 million 1.30% Solid Waste Disposal Facility Revenue Bonds, 2000 Series A due 2023.

The bonds, previously issued on behalf of KU, were remarketed September 3, 2019. S&P and Moody's lowered their ratings as a result of KU's termination of the letters of credit that previously provided credit enhancement for these bonds. See Note 8 to the Financial Statements for additional information.

*(PPL and PPL Electric)*

In September 2019, Moody's and S&P assigned ratings of A1 and A to PPL Electric's \$400 million 3.00% First Mortgage Bonds due 2049.

### Ratings Triggers

*(PPL, LKE, LG&E and KU)*

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 15 to the Financial Statements for a discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at September 30, 2019.

*(All Registrants)*

For additional information on the Registrants' liquidity and capital resources, see "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Registrants' 2018 Form 10-K.

### **Risk Management**

#### Market Risk

*(All Registrants)*

See Notes 14 and 15 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

#### *Interest Rate Risk*

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest

rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at September 30, 2019.

	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through
<b>PPL</b>				
Cash flow hedges				
Cross-currency swaps (c)	\$ 702	\$ 198	\$ (69)	2028
Economic hedges				
Interest rate swaps (d)	147	(25)	(1)	2033
<b>LKE</b>				
Economic hedges				
Interest rate swaps (d)	147	(25)	(1)	2033
<b>LG&amp;E</b>				
Economic hedges				
Interest rate swaps (d)	147	(25)	(1)	2033

(a) Includes accrued interest, if applicable.

(b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.

(c) Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.

(d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at September 30, 2019 was insignificant for PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at September 30, 2019 is shown below.

	10% Adverse Movement in Rates
PPL	\$ 641
PPL Electric	198
LKE	198
LG&E	85
KU	104

**Foreign Currency Risk (PPL)**

PPL is exposed to foreign currency risk primarily through investments in and earnings of U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at September 30, 2019.

	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through
Economic hedges (b)	£ 1,004	\$ 220	\$ (105)	2020

- (a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.
- (b) To economically hedge the translation risk of expected earnings denominated in GBP.

*(All Registrants)*

**Commodity Price Risk**

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

**Volumetric Risk**

PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 in PPL's 2018 Form 10-K for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

**Credit Risk** *(All Registrants)*

See Notes 14 and 15 to the Financial Statements in this Form 10-Q and "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Risk Management - Credit Risk" in the Registrants' 2018 Form 10-K for additional information.

**Foreign Currency Translation** *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. Changes in this exchange rate resulted in a foreign currency translation loss of \$369 million for the nine months ended September 30, 2019, which primarily reflected a \$599 million decrease to PP&E, a \$114 million decrease to goodwill and a \$16 million decrease to other net assets, partially offset by a \$360 million decrease to long-term debt. Changes in this exchange rate resulted in a foreign currency translation loss of \$330 million for the nine months ended September 30, 2018, which primarily reflected a \$549 million decrease to PP&E and a \$110 million decrease to goodwill, partially offset by a \$319 million decrease to long-term debt and a \$10 million decrease to other net liabilities. The impact of foreign currency translation is recorded in AOCI.

**Related Party Transactions** *(All Registrants)*

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 12 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

**Acquisitions, Development and Divestitures** *(All Registrants)*

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results.

**Capacity Needs** (PPL, LKE, LG&E and KU)

As a result of environmental requirements and energy efficiency measures, KU retired two older coal-fired electricity generating units at the E.W. Brown plant in February 2019 with a combined summer rating capacity of 272 MW. Despite the retirement of these units, LG&E and KU maintain sufficient generating capacity to serve their load.

**Environmental Matters**

*(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The cost of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the cost for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See below for further discussion of the EPA's CCR Rule and Note 11 to the Financial Statements for a discussion of other significant environmental matters including Legal Matters, NAAQS, Climate Change, and ELGs. Additionally, see "Item 1. Business - Environmental Matters" in the Registrants' 2018 Form 10-K for additional information.

*EPA's CCR Rule (PPL, LKE, LG&E and KU)*

Over the next several years, LG&E and KU anticipate undertaking extensive measures, including significant capital expenditures, to comply with the provisions of the EPA's CCR Rule. Although LG&E and KU have identified compliance strategies and are finalizing closure plans and schedules as required by the CCR Rule, remaining regulatory uncertainties could substantially impact current plans. As a result of a judicial settlement, legislative amendments, and the EPA's review of the current program, the EPA is in the process of undertaking significant revisions to the CCR Rule. In July 2018, the EPA published certain amendments to the CCR Rule which include extending the deadline for commencement of closure of certain impoundments to October 2020. The EPA released additional proposed amendments to the rule on November 4, 2019, with further proposed amendments expected in the future. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR Rule, including provisions allowing unlined impoundments to continue operating and provisions exempting certain inactive impoundments from regulation. The exact impact of the judicial decision will be highly dependent on the EPA's rulemaking actions on remand and any subsequent legal challenges. LG&E and KU are evaluating the specific plan impacts of developments to date and will continue to monitor the EPA's ongoing regulatory proceedings.

In connection with the final CCR Rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015 and continue to record adjustments as required. See Note 16 in this Form 10-Q and Note 19 to the Financial Statements in the Registrants' 2018 Form 10-K for additional information on AROs. LG&E and KU continue to perform technical evaluations related to their plans to close impoundments at all their generating plants. Although LG&E and KU believe their recorded liabilities appropriately reflect their obligations under current rules, changes to current compliance strategies as a result of ongoing regulatory proceedings or other developments could result in additional closure costs. It is not currently possible to determine the magnitude of any potential cost increases related to changes in compliance strategies or plans, and the timing of future cash outflows are indeterminable at this time. As rules are revised, technical evaluations are completed, and the timing and details of impoundment closures develop further on a plant by-plant basis, LG&E and KU will update their cost estimates and record any changes as necessary to their ARO liability, which could be material. These costs are subject to rate recovery.

**New Accounting Guidance** (All Registrants)

See Notes 2 and 18 to the Financial Statements for a discussion of new accounting guidance adopted and pending adoption.

**Application of Critical Accounting Policies** *(All Registrants)*

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following table summarizes the accounting policies by Registrant that are particularly important to an understanding of the reported financial condition or results of operations, and require management to make estimates or other judgments of matters that are inherently uncertain. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Registrants' 2018 Form 10-K for a discussion of each critical accounting policy.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Reference is made to "Risk Management" in "Item 2. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

**Item 4. Controls and Procedures**

(a) Evaluation of disclosure controls and procedures.

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of September 30, 2019, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this quarterly report has been prepared. The aforementioned principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Change in internal controls over financial reporting.

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal controls over financial reporting during the Registrants' third fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

For information regarding legal, tax, regulatory, environmental or other administrative proceedings that became reportable events or were pending in the third quarter of 2019 see:

- "Item 3. Legal Proceedings" in each Registrant's 2018 Form 10-K; and
  
- Notes 6, 7 and 11 to the Financial Statements.

**Item 1A. Risk Factors**

There have been no material changes in the Registrants' risk factors from those disclosed in "Item 1A. Risk Factors" of the Registrants' 2018 Form 10-K.

**Item 4. Mine Safety Disclosures**

Not applicable.

## **Item 6. Exhibits**

The following Exhibits indicated by an asterisk preceding the Exhibit number are filed herewith. The balance of the Exhibits has heretofore been filed with the Commission and pursuant to Rule 12(b)-23 are incorporated herein by reference. Exhibits indicated by a [ ] are filed or listed pursuant to Item 601(b)(10)(iii) of Regulation S-K.

- [\\*1\(a\)](#) - Final Terms, dated September 5, 2019, of Western Power Distribution (East Midlands) plc £250,000,000 Fixed Rate Notes due 2031 under the £4,000,000,000 Euro Medium Term Note Programme
- [4\(a\)](#) - Supplemental Indenture No. 21, dated as of September 1, 2019, of PPL Electric Utilities Corporation to The Bank of New York Mellon, as Trustee (Exhibit 4(a) to PPL Corporation Form 8-K Report (File No. 1-11459) dated September 6, 2019)

**FINAL TERMS**

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended or superseded) (**MiFID II**); or (ii) a customer within the meaning of Directive 2016/97/EU (as amended or superseded) (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Regulation (EU) 2017/1129 (as amended or superseded) (the **Prospectus Regulation**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended or superseded) (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**MIFID II product governance / Professional investors and ECPs only target market** – Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II, and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

**Prohibition of sales to consumers in Belgium:** The Notes are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any consumer (*consument/consommateur*) within the meaning of the Belgian Code of Economic Law (*Wetboek van economisch recht/Code de droit économique*).

**Euro Medium Term Note Programme**

**PART 1 CONTRACTUAL TERMS**

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Prospectus dated 12 August 2019, which constitutes a base prospectus (the **Prospectus**) for the purposes of the Prospectus Regulation (EU) 2017/1129 (as amended or superseded) (the **Prospectus Regulation**). This document constitutes the final terms of the Notes described herein (the **Final Terms**) for the purposes of Article 8 of the Prospectus Regulation and must be read in conjunction with such Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the

combination of these Final Terms and the Prospectus. The Prospectus is available for viewing at [www.westernpower.co.uk/about-us/financial-information](http://www.westernpower.co.uk/about-us/financial-information) and during normal business hours at Avonbank, Feeder Road, Bristol BS2 0TB and copies may be obtained from Avonbank, Feeder Road, Bristol BS2 0TB. The Prospectus and (in the case of Notes listed and admitted to trading on the regulated market of the London Stock Exchange) the applicable Final Terms will also be published on the website of the London Stock Exchange: [www.londonstockexchange.com/exchange/news/market-news/market-news-home.html](http://www.londonstockexchange.com/exchange/news/market-news/market-news-home.html).

1.	Issuer:	Western Power Distribution (East Midlands) plc
2.	(a) Series Number:	2019-1
	(b) Tranche Number:	1
	(c) Date on which the Notes will be consolidated and form a single Series	Not Applicable
3.	Specified Currency or Currencies:	Pound sterling (£)
4.	Aggregate Nominal Amount:	
	(a) Series:	£250,000,000
	(b) Tranche:	£250,000,000
5.	(a) Issue Price of Tranche:	98.671 per cent. of the Aggregate Nominal Amount
6.	(a) Specified Denominations:	£ 200,000 and integral multiples of £1,000 in excess thereof up to and including £299,000. No Notes in definitive form will be issued with a denomination of integral multiples above £299,000.
	(b) Calculation Amount: (Applicable to Notes in definitive form)	£1,000
7.	(a) Issue Date:	9 September 2019
	(b) Interest Commencement Date:	Issue Date
8.	Maturity Date:	9 September 2031
9.	Interest Basis:	1.750 per cent. Fixed Rate (further particulars specified below)
10.	Redemption Basis:	Subject to any purchase and cancellation or early redemption, the Notes will be redeemed on the Maturity Date at 100 per cent. of their nominal amount
11.	Change of Interest Basis or Redemption/ Payment Basis:	Not Applicable
12.	Put/Call Options:	Restructuring Put Option Issuer Call (further particulars specified in paragraphs 20 and 22 below)
13.	Date approval by Committee of the Board of Directors for issuance of Notes obtained:	27 August 2019

**Provisions Relating to Interest (if any) Payable**

14.	<b>Fixed Rate Note Provisions</b>	Applicable
	(a) Rate of Interest:	1.750 per cent. per annum payable annually in arrear

	(b) Interest Payment Date(s):	9 September in each year up to and including the Maturity Date
	(c) Fixed Coupon Amount: (Applicable to Notes in definitive form)	£1,000 per Calculation Amount
	(d) Broken Amount(s): (Applicable to Notes in definitive form)	Not Applicable
	(e) Day Count Fraction:	Actual/Actual ICMA
	(f) Determination Date(s):	9 September in each year
15.	<b>Floating Rate Note Provisions</b>	Not Applicable
16.	<b>Zero Coupon Note Provisions</b>	Not Applicable
17.	<b>Index Linked Interest Note Provisions</b>	Not Applicable
18.	<b>Ratings Downgrade Rate Adjustment</b>	Not Applicable
<b>Provisions Relating to Redemption</b>		
19.	<b>Index Linked Redemption Provisions</b>	Not Applicable
20.	<b>Issuer Call</b>	Applicable
	(a) Optional Redemption Date(s):	In whole at any time, on any date(s) falling on or after 9 June 2031 and prior to 9 September 2031
	(b) Optional Redemption Amount(s):	£1,000 per Calculation Amount
	(c) Redeemable in part:	Not Applicable
21.	<b>Investor Put</b>	Not Applicable
22.	<b>Restructuring Put Option</b>	Applicable (Condition 6(i) ( <i>Redemption at the Option of the Noteholders on a Restructuring Event</i> ) applies)
	(a) Optional Redemption Amount(s):	£1,000 per Calculation Amount
23.	Final Redemption Amount:	£1,000 per Calculation Amount
24.	Early Redemption Amount payable on redemption for taxation reasons or on event of default	£1,000 per Calculation Amount
25.	Pre-Maturity Call Option:	Applicable (Condition 6(f) ( <i>Pre-Maturity Call Option by the Issuer</i> ) applies)
26.	Clean-up Call Option:	Not Applicable
27.	Make-Whole Redemption	Applicable (Condition 6(e) ( <i>Redemption at the Option of the Relevant Issuer</i> ) applies)
	(a) Make-Whole Redemption Margin:	+0.25 per cent. per annum
	(b) Notice Period:	Refer to Condition 6(e) ( <i>Redemption at the Option of the Relevant Issuer</i> )
	(c) Make-Whole Reference Bond:	UKT 4.750% 12/07/2030

(d) Reference Dealers:	Not Applicable
(e) Quotation Time:	Not Applicable
(f) Determination Date:	Not Applicable
(g) If redeemable in part:	Not Applicable

**General Provisions Applicable to the Notes**

28. Form of Notes: Bearer  
Temporary Global Note exchangeable for a permanent Global Note which is exchangeable for Definitive Notes in the limited circumstances specified in the permanent Global Note.
- New Global Note: Yes (NGN)
29. Additional Financial Centre(s) or other special provisions relating to payment dates: Not Applicable
30. Talons for future Coupons to be attached to Definitive Notes: No

Signed on behalf of

Western Power Distribution (East Midlands) plc

By: Ian R Williams

**Part 2**  
**OTHER INFORMATION**

1. **Listing and Admission to Trading**

- (a) Listing and admission to trading: Application is expected to be made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the London Stock Exchange's regulated market and listing on the Official List of the FCA and this is expected to be effective from 9 September 2019.
- (b) Estimate of total expenses related to admission to trading: £5,515

2. **Ratings**

- Ratings: The Notes have been rated:
- Baa1 by Moody's Investors Service Limited (**Moody's**); and
- A- by Standard & Poor's Credit Market Services Europe Limited (**S&P**).
- Each of Moody's and S&P is established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended).

3. **Interests of Natural and Legal Persons Involved in the Issue**

Save for any fees payable to the Managers, so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer.

4. **Reasons for the Offer, Estimated Net Proceeds and Total Expenses**

- (a) Reasons for the offer See the section entitled "Use of proceeds" in the Prospectus.
- (b) Estimated net proceeds: Not Applicable
- (c) Estimated total expenses: Not Applicable

5. **Yield** (Fixed Rate Notes only)

Indication of yield: 1.875 per cent.

6. **Operational Information**

- (a) ISIN: XS2050806434
- (b) Common Code: 205080643
- (c) CFI: See the website of the Association of National Numbering Agencies (ANNA) or alternatively sourced from the responsible National Numbering Agency that assigned the ISIN
- (d) FISN: See the website of the Association of National Numbering Agencies (ANNA) or alternatively sourced from the responsible National Numbering Agency that assigned the ISIN
- (e) Any clearing system(s) other than Euroclear Bank SA/NV and Clearstream Banking S.A. and the relevant identification number(s): Not Applicable

- (f) Delivery: Delivery against payment
- (g) Names and addresses of additional Paying Agent(s) (if any): Not applicable
- (h) Intended to be held in a manner which would allow Eurosystem eligibility: Yes. Note that the designation “yes” simply means that the Notes are intended upon issue to be deposited with one of the international central securities depositories (ICSD) as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank (the ECB) being satisfied that Eurosystem eligibility criteria have been met.

7.

Distribution

- (a) Method of distribution: Syndicated
- (b) If syndicated, names and addresses of Managers):
- Banco Santander, S.A.  
 Ciudad Grupo Santander  
 Edificio Encinar  
 Avenida de Cantabria s/n  
 28660, Boadilla del Monte  
 Madrid, Spain
- HSBC Bank plc  
 8 Canada Square  
 London E14 5HQ  
 United Kingdom
- Mizuho International plc  
 Mizuho House  
 30 Old Bailey  
 London EC4M 7AU  
 United Kingdom
- RBC Europe Limited  
 Riverbank House  
 2 Swan Lane  
 London EC4R 3BF  
 United Kingdom
- (c) Stabilisation Manager(s) (if any): Mizuho International plc
- (d) U.S. Selling Restrictions: Reg. S Compliance Category 2; TEFRA D
- (e) Prohibition of Sales to EEA Retail Investors: Applicable

CERTIFICATION

I, WILLIAM H. SPENCE, certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Corporation (the "registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

PPL Corporation

CERTIFICATION

I, JOSEPH P. BERGSTEIN, JR., certify that:

1. I have reviewed this quarterly report on Form 10-Q of PPL Corporation (the "registrant");
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

FORM 10-K ANNUAL REPORT TO  
THE SECURITIES AND EXCHANGE COMMISSION  
FOR THE YEAR ENDED DECEMBER 31, 2019

TABLE OF CONTENTS

This combined Form 10-K is separately filed by the following Registrants in their individual capacity: PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf and no Registrant makes any representation as to information relating to any other Registrant, except that information under "Forward-Looking Information" relating to subsidiaries of PPL Corporation is also attributed to PPL Corporation and information relating to the subsidiaries of LG&E and KU Energy LLC is also attributed to LG&E and KU Energy LLC.

Unless otherwise specified, references in this Report, individually, to PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company are references to such entities directly or to one or more of their subsidiaries, as the case may be, the financial results of which subsidiaries are consolidated into such Registrants' financial statements in accordance with GAAP. This presentation has been applied where identification of particular subsidiaries is not material to the matter being disclosed, and to conform narrative disclosures to the presentation of financial information on a consolidated basis.

## GLOSSARY OF TERMS AND ABBREVIATIONS

### **PPL Corporation and its subsidiaries**

**KU** - Kentucky Utilities Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity, primarily in Kentucky.

**LG&E** - Louisville Gas and Electric Company, a public utility subsidiary of LKE engaged in the regulated generation, transmission, distribution and sale of electricity and the distribution and sale of natural gas in Kentucky.

**LKE** - LG&E and KU Energy LLC, a subsidiary of PPL and the parent of LG&E, KU and other subsidiaries.

**LKS** - LG&E and KU Services Company, a subsidiary of LKE that provides administrative, management and support services primarily to LKE and its subsidiaries.

**PPL** - PPL Corporation, the parent holding company of PPL Electric, PPL Energy Funding, PPL Capital Funding, LKE and other subsidiaries.

**PPL Capital Funding** - PPL Capital Funding, Inc., a financing subsidiary of PPL that provides financing for the operations of PPL and certain subsidiaries. Debt issued by PPL Capital Funding is guaranteed as to payment by PPL.

**PPL Electric** - PPL Electric Utilities Corporation, a public utility subsidiary of PPL engaged in the regulated transmission and distribution of electricity in its Pennsylvania service area and that provides electricity supply to its retail customers in this area as a PLR.

**PPL Energy Funding** - PPL Energy Funding Corporation, a subsidiary of PPL and the parent holding company of PPL Global and other subsidiaries.

**PPL EU Services** - PPL EU Services Corporation, a subsidiary of PPL that provides administrative, management and support services primarily to PPL Electric.

**PPL Global** - PPL Global, LLC, a subsidiary of PPL Energy Funding that, primarily through its subsidiaries, owns and operates WPD, PPL's regulated electricity distribution businesses in the U.K.

**PPL Services** - PPL Services Corporation, a subsidiary of PPL that provides administrative, management and support services to PPL and its subsidiaries.

**PPL WPD Limited** - an indirect U.K. subsidiary of PPL Global and an indirect parent to WPD plc.

**Safari Energy** - Safari Energy, LLC, an indirect subsidiary of PPL, acquired in June 2018, that provides solar energy solutions for commercial customers in the U.S.

**WPD** - refers to PPL WPD Limited and its subsidiaries.

**WPD (East Midlands)** - Western Power Distribution (East Midlands) plc, a British regional electricity distribution utility company.

**WPD plc** - Western Power Distribution plc, an indirect U.K. subsidiary of PPL WPD Limited. Its principal indirectly owned subsidiaries are WPD (East Midlands), WPD (South Wales), WPD (South West) and WPD (West Midlands).

**WPD Midlands** - refers to WPD (East Midlands) and WPD (West Midlands), collectively.

**WPD (South Wales)** - Western Power Distribution (South Wales) plc, a British regional electricity distribution utility company.

**WPD (South West)** - Western Power Distribution (South West) plc, a British regional electricity distribution utility company.

**WPD (West Midlands)** - Western Power Distribution (West Midlands) plc, a British regional electricity distribution utility company.

**WKE** - Western Kentucky Energy Corp., a subsidiary of LKE that leased certain non-regulated utility generating plants in western Kentucky until July 2009.

**Other terms and abbreviations**

£ - British pound sterling.

**401(h) account(s)** - a sub-account established within a qualified pension trust to provide for the payment of retiree medical costs.

**Act 11** - Act 11 of 2012 that became effective on April 16, 2012. The Pennsylvania legislation authorized the PUC to approve two specific ratemaking mechanisms: the use of a fully projected future test year in base rate proceedings and, subject to certain conditions, a DSIC.

**Act 129** - Act 129 of 2008 that became effective in October 2008. The law amended the Pennsylvania Public Utility Code and created an energy efficiency and conservation program and smart metering technology requirements, adopted new PLR electricity supply procurement rules, provided remedies for market misconduct and changed the Alternative Energy Portfolio Standard (AEPS).

**Act 129 Smart Meter program** - PPL Electric's system-wide meter replacement program that installs wireless digital meters that provide secure communication between PPL Electric and the meter as well as all related infrastructure.

**ADIT** - accumulated deferred income tax.

**Adjusted Gross Margins** - a non-GAAP financial measure of performance used in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

**AFUDC** - allowance for funds used during construction. The cost of equity and debt funds used to finance construction projects of regulated businesses, which is capitalized as part of construction costs.

**AIP** - annual iteration process.

**AOCI** - accumulated other comprehensive income or loss.

**ARO** - asset retirement obligation.

**ATM Program** - at-the-market stock offering program.

**Cane Run Unit 7** - a natural gas combined-cycle generating unit in Kentucky, jointly owned by LG&E and KU.

**CCR(s)** - coal combustion residual(s). CCRs include fly ash, bottom ash and sulfur dioxide scrubber wastes.

**CDP** - a not-for-profit organization based in the United Kingdom formerly known as the Carbon Disclosure Project; that runs the global disclosure system that enables investors, companies, cities, states and regions to measure and manage their environmental impacts.

**Clean Air Act** - federal legislation enacted to address certain environmental issues related to air emissions, including acid rain, ozone and toxic air emissions.

**Clean Water Act** - federal legislation enacted to address certain environmental issues relating to water quality including effluent discharges, cooling water intake, and dredge and fill activities.

**CPCN** - Certificate of Public Convenience and Necessity. Authority granted by the KPSC pursuant to Kentucky Revised Statute 278.020 to provide utility service to or for the public or the construction of certain plant, equipment, property or facility for furnishing of utility service to the public.

**CPI** - consumer price index, a measure of inflation in the U.K. published monthly by the Office for National Statistics.

**CPIH** - Consumer Price Index including owner-occupiers' housing costs. An aggregate measure of changes in the cost of living in the U.K., including a measure of owner-occupiers' housing costs.

**Customer Choice Act** - the Pennsylvania Electricity Generation Customer Choice and Competition Act, legislation enacted to restructure the state's electric utility industry to create retail access to a competitive market for generation of electricity.

**DDCP** - Directors Deferred Compensation Plan.

**DNO** - Distribution Network Operator in the U.K.

**DPCR5** - Distribution Price Control Review 5, the U.K. five-year rate review period applicable to WPD that commenced April 1, 2010.

**DRIP** - PPL Amended and Restated Dividend Reinvestment and Direct Stock Purchase Plan.

**DSIC** - Distribution System Improvement Charge. Authorized under Act 11, which is an alternative ratemaking mechanism providing more-timely cost recovery of qualifying distribution system capital expenditures.

**DSM** - Demand Side Management. Pursuant to Kentucky Revised Statute 278.285, the KPSC may determine the reasonableness of DSM programs proposed by any utility under its jurisdiction. DSM programs consist of energy efficiency programs intended to reduce peak demand and delay the investment in additional power plant construction, provide customers with tools and information regarding their energy usage and support energy efficiency.

**DSO** - Distribution System Operation in the U.K. is the effective delivery of a range of functions and services that need to happen to run a smart electricity distribution network. These functions cover long-term network planning; operations, real-time processes and planning, and markets and settlement. This does not focus on a single party as an operator; but recognizes roles for a range of parties to deliver DSO.

**DuoS** - Distribution Use of System. The charge to licensed third party energy suppliers who are WPD's customers and use WPD's networks to deliver electricity to their customers, the end-users.

**Earnings from Ongoing Operations** - a non-GAAP financial measure of earnings adjusted for the impact of special items and used in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" (MD&A).

**EBPB** - Employee Benefit Plan Board. The administrator of PPL's U.S. qualified retirement plans, which is charged with the fiduciary responsibility to oversee and manage those plans and the investments associated with those plans.

**ECR** - Environmental Cost Recovery. Pursuant to Kentucky Revised Statute 278.183, Kentucky electric utilities are entitled to the current recovery of costs of complying with the Clean Air Act, as amended, and those federal, state or local environmental requirements that apply to coal combustion wastes and by-products from the production of energy from coal.

**ELG(s)** - Effluent Limitation Guidelines, regulations promulgated by the EPA.

**EPA** - Environmental Protection Agency, a U.S. government agency.

**EPS** - earnings per share.

**Fast pot** - Under RIIO-ED1, Totex costs that are recovered in the period they are incurred.

**FERC** - Federal Energy Regulatory Commission, the U.S. federal agency that regulates, among other things, interstate transmission and wholesale sales of electricity, hydroelectric power projects and related matters.

**GAAP** - Generally Accepted Accounting Principles in the U.S.

**GBP** - British pound sterling.

**GHG(s)** - greenhouse gas(es).

**GLT** - gas line tracker. The KPSC approved mechanism for LG&E's recovery of costs associated with gas transmission lines, gas service lines, gas risers, leak mitigation, and gas main replacements.

**GWh** - gigawatt-hour, one million kilowatt hours.

**HB 487** - House Bill 487. Comprehensive Kentucky state tax legislation enacted on April 27, 2018.

**ICP** - The PPL Incentive Compensation Plan. This plan provides for incentive compensation to PPL's executive officers and certain other senior executives. New awards under the ICP were suspended in 2012 upon adoption of PPL's 2012 Stock Incentive Plan.

**ICPKE** - The PPL Incentive Compensation Plan for Key Employees. The ICPKE provides for incentive compensation to certain employees below the level of senior executive.

**IRS** - Internal Revenue Service, a U.S. government agency.

**IT** - Information Technology.

**KPSC** - Kentucky Public Service Commission, the state agency that has jurisdiction over the regulation of rates and service of utilities in Kentucky.

**KU 2010 Mortgage Indenture** - KU's Indenture, dated as of October 1, 2010, to The Bank of New York Mellon, as supplemented.

**kVA** - kilovolt ampere.

**kWh** - kilowatt hour, basic unit of electrical energy.

**LCIDA** - Lehigh County Industrial Development Authority.

**LG&E 2010 Mortgage Indenture** - LG&E's Indenture, dated as of October 1, 2010, to The Bank of New York Mellon, as supplemented.

**LIBOR** - London Interbank Offered Rate.

**Mcf** - one thousand cubic feet, a unit of measure for natural gas.

**MMBtu** - one million British Thermal Units.

**MOD** - a mechanism applied in the U.K. to adjust allowed base revenue in future periods for differences in prior periods between actual values and those in the agreed business plan.

**Moody's** - Moody's Investors Service, Inc., a credit rating agency.

**MW** - megawatt, one thousand kilowatts.

**NAAQS** - National Ambient Air Quality Standards periodically adopted pursuant to the Clean Air Act.

**NERC** - North American Electric Reliability Corporation.

**New Source Review** - a Clean Air Act program that requires industrial facilities to install updated pollution control equipment when they are built or when making a modification that increases emissions beyond certain allowable thresholds.

**NPNS** - the normal purchases and normal sales exception as permitted by derivative accounting rules. Derivatives that qualify for this exception may receive accrual accounting treatment.

**OCI** - other comprehensive income or loss.

**Ofgem** - Office of Gas and Electricity Markets, the British agency that regulates transmission, distribution and wholesale sales of electricity and gas and related matters.

**OVEC** - Ohio Valley Electric Corporation, located in Piketon, Ohio, an entity in which LKE indirectly owns an 8.13% interest (consists of LG&E's 5.63% and KU's 2.50% interests), which is recorded at cost. OVEC owns and operates two coal-fired power plants, the Kyger Creek plant in Ohio and the Clifty Creek plant in Indiana, with combined capacities of 2,120 MW.

**PEDFA** - Pennsylvania Economic Development Financing Authority.

**Performance unit** - stock-based compensation award that represents a variable number of shares of PPL common stock that a recipient may receive based on PPL's attainment of (i) relative total shareholder return (TSR) over a three-year performance period as compared to companies in the Philadelphia Stock Exchange Utility Index; or (ii) corporate return on equity (ROE) based on the average of the annual ROE for each year of the three-year performance period.

**PJM** - PJM Interconnection, L.L.C., operator of the electricity transmission network and electricity energy market in all or parts of Delaware, Illinois, Indiana, Kentucky, Maryland, Michigan, New Jersey, North Carolina, Ohio, Pennsylvania, Tennessee, Virginia, West Virginia and the District of Columbia.

**PLR** - Provider of Last Resort, the role of PPL Electric in providing default electricity supply within its delivery area to retail customers who have not chosen to select an alternative electricity supplier under the Customer Choice Act.

**PP&E** - property, plant and equipment.

**PPL EnergyPlus** - prior to the June 1, 2015 spinoff of PPL Energy Supply, LLC, PPL EnergyPlus, LLC, a subsidiary of PPL Energy Supply that marketed and traded wholesale and retail electricity and gas, and supplied energy and energy services in competitive markets.

**PPL Energy Supply** - prior to the June 1, 2015 spinoff, PPL Energy Supply, LLC, a subsidiary of PPL Energy Funding and the parent company of PPL EnergyPlus and other subsidiaries.

**PPL Montana** - Prior to the June 1, 2015 spinoff of PPL Energy Supply, PPL Montana, LLC, an indirect subsidiary of PPL Energy Supply that generated electricity for wholesale sales in Montana and the Pacific Northwest.

**PUC** - Pennsylvania Public Utility Commission, the state agency that regulates certain ratemaking, services, accounting and operations of Pennsylvania utilities.

**RAV** - regulatory asset value. This term, used within the U.K. regulatory environment, is also commonly known as RAB or regulatory asset base. RAV is based on historical investment costs at time of privatization, plus subsequent allowed additions less annual regulatory depreciation, and represents the value on which DNOs earn a return in accordance with the regulatory cost of capital. RAV is indexed to Retail Price Index (RPI) in order to allow for the effects of inflation. RAV additions have been based on a percentage of annual total expenditures that have a long-term benefit to WPD (similar to capital projects for the U.S. regulated businesses that are generally included in rate base).

**RCRA** - Resource Conservation and Recovery Act of 1976.

**Registrant(s)** - refers to the Registrants named on the cover of this Report (each a "Registrant" and collectively, the "Registrants").

**Regulation S-X** - SEC regulation governing the form and content of and requirements for financial statements required to be filed pursuant to the federal securities laws.

**RFC** - ReliabilityFirst Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

**RIIO** - Ofgem's framework for setting U.K. regulated gas and electric utility price controls which stands for "Revenues = Incentive + Innovation + Outputs." RIIO-1 refers to the first generation of price controls under the RIIO framework. RIIO-ED1 refers to the RIIO regulatory price control applicable to the operators of U.K. electricity distribution networks, the duration of which is April 2015 through March 2023. RIIO-2 refers to the second generation of price controls under the RIIO framework.

RIIO-ED2 refers to the second generation of the RIIO regulatory price control applicable to the operators of U.K. electricity distribution networks, which will begin in April 2023.

**Riverstone** - Riverstone Holdings LLC, a Delaware limited liability company and, as of December 6, 2016, ultimate parent company of the entities that own the competitive power generation business contributed to Talen Energy.

**RPI** - retail price index, a measure of inflation in the U.K. published monthly by the Office for National Statistics.

**RTO** - Regional Transmission Operator, an electric power transmission system operator that coordinates, controls and monitors a multi-state electric grid.

**Sarbanes-Oxley** - Sarbanes-Oxley Act of 2002, which sets requirements for management's assessment of internal controls for financial reporting. It also requires an independent auditor to make its own assessment.

**Scrubber** - an air pollution control device that can remove particulates and/or gases (primarily sulfur dioxide) from exhaust gases.

**SEC** - the U.S. Securities and Exchange Commission, a U.S. government agency primarily responsible to protect investors and maintain the integrity of the securities markets.

**SERC** - SERC Reliability Corporation, one of eight regional entities with delegated authority from NERC that work to safeguard the reliability of the bulk power systems throughout North America.

**SIP** - PPL Corporation's Amended and Restated 2012 Stock Incentive Plan.

**Slow pot** - Under RIIO-ED1, Totex costs that are added (capitalized) to RAV and recovered through depreciation over a 20 to 45 year period.

**Smart metering technology** - technology that can measure, among other things, time of electricity consumption to permit offering rate incentives for usage during lower cost or demand intervals. The use of this technology also has the potential to strengthen network reliability.

**S&P** - S&P Global Ratings, a credit rating agency.

**Superfund** - federal environmental statute that addresses remediation of contaminated sites; states also have similar statutes.

**Talen Energy** - Talen Energy Corporation, the Delaware corporation formed to be the publicly traded company and owner of the competitive generation assets of PPL Energy Supply and certain affiliates of Riverstone, which as of December 6, 2016, became wholly owned by Riverstone.

**Talen Energy Marketing** - Talen Energy Marketing, LLC, the new name of PPL EnergyPlus subsequent to the spinoff of PPL Energy Supply.

**TCJA** - Tax Cuts and Jobs Act. Comprehensive U.S. federal tax legislation enacted on December 22, 2017.

**Total shareowner return** - the change in market value of a share of the company's common stock plus the value of all dividends paid on a share of the common stock during the applicable performance period, divided by the price of the common stock as of the beginning of the performance period. The price used for purposes of this calculation is the average share price for the 20 trading days at the beginning and end of the applicable period.

**Totex (total expenditures)** - Totex generally consists of all the expenditures relating to WPD's regulated activities with the exception of certain specified expenditure items (Ofgem fees, National Grid transmission charges, property and corporate income taxes, pension deficit funding and cost of capital). The annual net additions to RAV are calculated as a percentage of Totex. Totex can be viewed as the aggregate net network investment, net network operating costs and indirect costs, less any cash proceeds from the sale of assets and scrap.

**Treasury Stock Method** - a method applied to calculate diluted EPS that assumes any proceeds that could be obtained upon exercise of options and warrants (and their equivalents) would be used to purchase common stock at the average market price during the relevant period.

**TRU** - a mechanism applied in the U.K. to true-up inflation estimates used in determining base revenue.

**U.K. Finance Act** - refers to the U.K. Finance Act of 2016, enacted in September 2016, which reduced the U.K. statutory corporate income tax rate from 19% to 17%, effective April 1, 2020.

**VEBA** - Voluntary Employee Beneficiary Association. A tax-exempt trust under the Internal Revenue Code Section 501 (c)(9) used by employees to fund and pay eligible medical, life and similar benefits.

**VSCC** - Virginia State Corporation Commission, the state agency that has jurisdiction over the regulation of Virginia corporations, including utilities.

## Forward-looking Information

Statements contained in this Annual Report concerning expectations, beliefs, plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are other than statements of historical fact are "forward-looking statements" within the meaning of the federal securities laws. Although the Registrants believe that the expectations and assumptions reflected in these statements are reasonable, there can be no assurance that these expectations will prove to be correct. Forward-looking statements are subject to many risks and uncertainties, and actual results may differ materially from the results discussed in forward-looking statements. In addition to the specific factors discussed in "Item 1A. Risk Factors" and in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Annual Report, the following are among the important factors that could cause actual results to differ materially and adversely from the forward-looking statements:

- the outcome of rate cases or other cost recovery or revenue proceedings;
- changes in U.S. state or federal or U.K. tax laws or regulations;
- the direct or indirect effects on PPL or its subsidiaries or business systems of cyber-based intrusion or the threat of cyber attacks;
- significant decreases in demand for electricity in the U.S.;
- expansion of alternative and distributed sources of electricity generation and storage;
- changes in foreign currency exchange rates for British pound sterling and the related impact on unrealized gains and losses on PPL's foreign currency economic hedges;
- the effectiveness of our risk management programs, including foreign currency and interest rate hedging;
- non-achievement by WPD of performance targets set by Ofgem;
- the effect of changes in RPI on WPD's revenues and index linked debt;
- developments related to the U.K.'s withdrawal from the European Union and any responses thereto;
- the amount of WPD's pension deficit funding recovered in revenues after March 31, 2021, following the triennial pension review which began in March 2019 and is due to conclude at the end of 2020;
- defaults by counterparties or suppliers for energy, capacity, coal, natural gas or key commodities, goods or services;
- capital market conditions, including the availability of capital or credit, changes in interest rates and certain economic indices, and decisions regarding capital structure;
- a material decline in the market value of PPL's equity;
- significant decreases in the fair value of debt and equity securities and its impact on the value of assets in defined benefit plans, and the potential cash funding requirements if fair value declines;
- interest rates and their effect on pension and retiree medical liabilities, ARO liabilities and interest payable on certain debt securities;
- volatility in or the impact of other changes in financial markets and economic conditions;
- the potential impact of any unrecorded commitments and liabilities of the Registrants and their subsidiaries;
- new accounting requirements or new interpretations or applications of existing requirements;
- changes in the corporate credit ratings or securities analyst rankings of the Registrants and their securities;
- any requirement to record impairment charges pursuant to GAAP with respect to any of our significant investments;
- laws or regulations to reduce emissions of GHGs or the physical effects of climate change;
- continuing ability to access fuel supply for LG&E and KU, as well as the ability to recover fuel costs and environmental expenditures in a timely manner at LG&E and KU and natural gas supply costs at LG&E;
- weather and other conditions affecting generation, transmission and distribution operations, operating costs and customer energy use;
- catastrophic events such as fires, earthquakes, explosions, floods, tornadoes, hurricanes and other storms, droughts, pandemic health events or other similar occurrences;
- war, armed conflicts, terrorist attacks, or similar disruptive events;
- changes in political, regulatory or economic conditions in states, regions or countries where the Registrants or their subsidiaries conduct business;
- receipt of necessary governmental permits and approvals;
- new state, federal or foreign legislation or regulatory developments;
- the impact of any state, federal or foreign investigations applicable to the Registrants and their subsidiaries and the energy industry;
- our ability to attract and retain qualified employees;
- the effect of any business or industry restructuring;
- development of new projects, markets and technologies;
- performance of new ventures;
- business dispositions or acquisitions and our ability to realize expected benefits from such business transactions;
- collective labor bargaining negotiations; and

[Table of Contents](#)

- the outcome of litigation against the Registrants and their subsidiaries.

Any forward-looking statements should be considered in light of these important factors and in conjunction with other documents of the Registrants on file with the SEC.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for the Registrants to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those contained in any forward-looking statement. Any forward-looking statement speaks only as of the date on which such statement is made, and the Registrants undertake no obligation to update the information contained in the statement to reflect subsequent developments or information.

**PART I**

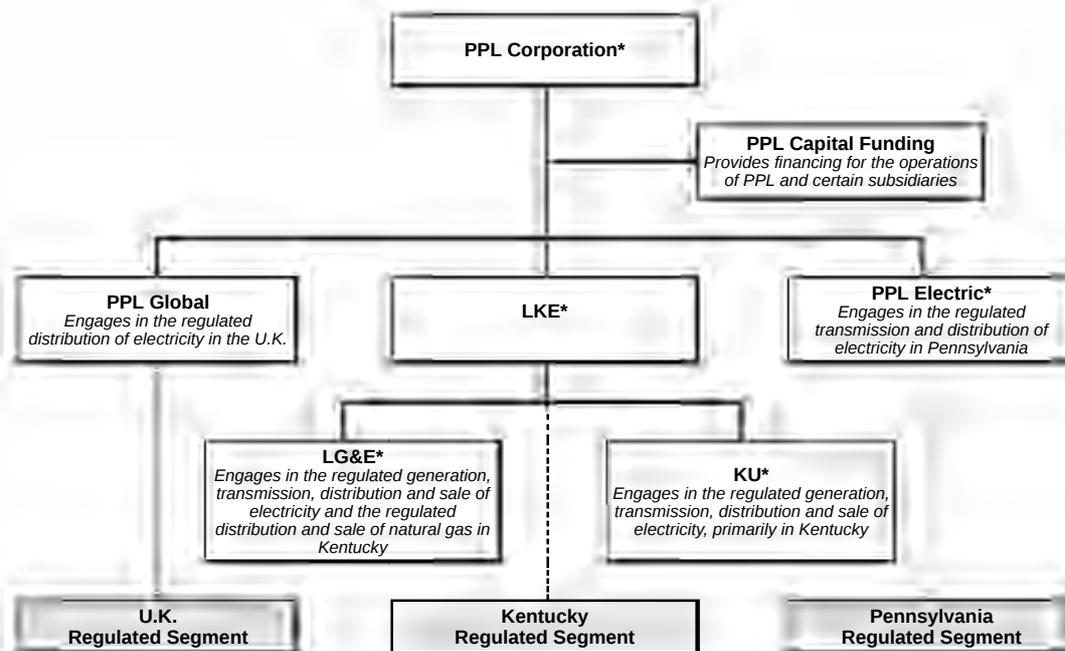

**ITEM 1. BUSINESS**

**General**

*(All Registrants)*

*PPL Corporation*, headquartered in Allentown, Pennsylvania, is a utility holding company, incorporated in 1994, in connection with the deregulation of electricity generation in Pennsylvania, to serve as the parent company to the regulated utility, PPL Electric, and to generation and other unregulated business activities. PPL Electric was founded in 1920 as Pennsylvania Power & Light Company. PPL, through its regulated utility subsidiaries, delivers electricity to customers in the U.K., Pennsylvania, Kentucky and Virginia; delivers natural gas to customers in Kentucky; and generates electricity from power plants in Kentucky.

PPL's principal subsidiaries at December 31, 2019 are shown below (\* denotes a Registrant).

PPL Global is not a registrant. Unaudited annual consolidated financial statements for the U.K. Regulated Segment are furnished contemporaneously with this report on a Form 8-K with the SEC.

In addition to PPL, the other Registrants included in this filing are as follows.

*PPL Electric Utilities Corporation*, headquartered in Allentown, Pennsylvania, is a wholly owned subsidiary of PPL organized in Pennsylvania in 1920 and a regulated public utility that is an electricity transmission and distribution service provider in eastern and central Pennsylvania. PPL Electric is subject to regulation as a public utility by the PUC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. PPL Electric delivers electricity in its Pennsylvania service area and provides electricity supply to retail customers in that area as a PLR under the Customer Choice Act.

*LG&E and KU Energy LLC*, acquired in 2010 and headquartered in Louisville, Kentucky, is a wholly owned subsidiary of PPL and a holding company that owns regulated utility operations through its subsidiaries, LG&E and KU, which constitute substantially all of LKE's assets. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain separate corporate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name. LKE, formed in 2003, is the successor to a Kentucky entity incorporated in 1989.

*Louisville Gas and Electric Company*, headquartered in Louisville, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas in Kentucky. LG&E is subject to regulation as a public utility by the KPSC, and certain of its transmission activities are subject to the jurisdiction of the FERC under the Federal Power Act. LG&E was incorporated in 1913.

*Kentucky Utilities Company*, headquartered in Lexington, Kentucky, is a wholly owned subsidiary of LKE and a regulated utility engaged in the generation, transmission, distribution and sale of electricity in Kentucky and Virginia. KU is subject to regulation as a public utility by the KPSC and the VSCC, and certain of its transmission and wholesale power activities are subject to the jurisdiction of the FERC under the Federal Power Act. KU serves its Kentucky customers under the KU name and its Virginia customers under the Old Dominion Power name. KU was incorporated in Kentucky in 1912 and in Virginia in 1991.

## Segment Information

### *(PPL)*

PPL is organized into three reportable segments as depicted in the chart above: U.K. Regulated, Kentucky Regulated, and Pennsylvania Regulated. The U.K. Regulated segment has no related subsidiary Registrants. PPL's other reportable segments' results primarily represent the results of its related subsidiary Registrants, except that the reportable segments are also allocated certain corporate level financing costs that are not included in the results of the applicable subsidiary Registrants. PPL also has corporate and other costs, primarily including financing costs incurred at the corporate level that have not been allocated or assigned to the segments, as well as certain other unallocated costs. The financial results of Safari Energy are also reported within Corporate and Other.

A comparison of PPL's three regulated segments is shown below.

	<u>U.K. Regulated</u>	<u>Kentucky Regulated</u>	<u>Pennsylvania Regulated</u>
For the year ended December 31, 2019:			
Operating Revenues (in billions)	\$ 2.2	\$ 3.2	\$ 2.4
Net Income (in millions)	\$ 977	\$ 436	\$ 458
Electricity delivered (GWh)	72,061	31,368	37,024
At December 31, 2019:			
Regulatory Asset Base (in billions) (a)	\$ 10.3	\$ 10.4	\$ 7.6
Service area (in square miles)	21,600	9,400	10,000
End-users (in millions)	7.9	1.3	1.4

(a) Represents RAV for U.K. Regulated, capitalization for Kentucky Regulated and rate base for Pennsylvania Regulated.

See Note 2 to the Financial Statements for additional financial information by segment.

### *(PPL Electric, LKE, LG&E and KU)*

PPL Electric has two operating segments that are aggregated into a single reportable segment. LKE, LG&E and KU are individually single operating and reportable segments.

### **U.K. Regulated Segment** *(PPL)*

*The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from British pound sterling into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs and acquisition-related financing costs.*

WPD operates four of the 14 Ofgem regulated DNOs providing electricity service in the U.K. through indirect wholly owned subsidiaries: WPD (South West), WPD (South Wales), WPD (East Midlands) and WPD (West Midlands). The number of network customers (end-users) served by WPD totals 7.9 million across 21,600 square miles in south Wales and southwest and central England. See Note 3 to the Financial Statements for revenue information. WPD's operating revenues are translated from GBP to U.S. dollars using the average exchange rates in effect each month. The annual weighted average of the monthly GBP

to U.S. dollar exchange rates used for the years ended December 2019, 2018 and 2017 were \$1.28 per GBP, \$1.34 per GBP, and \$1.28 per GBP.

### Franchise and Licenses

WPD's operations are regulated by Ofgem under the direction of the Gas and Electricity Markets Authority. Ofgem is a non-ministerial government department and an independent National Regulatory Authority responsible for protecting the interests of existing and future electricity and natural gas consumers. The Electricity Act 1989 provides the fundamental framework for electricity companies and established licenses that require each DNO to develop, maintain and operate efficient distribution networks. WPD's operations are regulated under these licenses which set the outputs WPD needs to deliver to customers and associated revenues WPD is allowed to earn. WPD operates under a regulatory year that begins April 1 and ends March 31 of each year.

Ofgem has the formal power to propose modifications to each distribution license; however, licensees can appeal such changes to the U.K.'s Competition and Markets Authority. Generally, any potential changes to these licenses are reviewed with stakeholders in a formal regulatory consultation process prior to a formal change proposal.

### Competition

Although WPD operates in non-exclusive concession areas in the U.K., it currently faces little competition with respect to end-users connected to its network. WPD's four DNOs are, therefore, regulated monopolies, operating under regulatory price controls.

### Customers

WPD provides regulated electricity distribution services to licensed third-party energy suppliers who use WPD's networks to transfer electricity to their customers, the end-users. WPD bills energy suppliers for this service and the supplier is responsible for billing its end-users. Ofgem requires that all licensed electricity distributors and suppliers become parties to the Distribution Connection and Use of System Agreement. This agreement specifies how creditworthiness will be determined and, as a result, whether a supplier needs to collateralize its payment obligations.

WPD's costs make up approximately 17% of a U.K. residential end-user's electricity bill.

### U.K. Regulation and Rates

#### *Overview*

Ofgem has adopted a price control regulatory framework with a balanced objective of enhancing and developing future electricity networks, controlling costs to customers and allowing DNOs, such as WPD's DNOs, to earn a fair return on their investments. This regulatory structure is focused on outputs and performance in contrast to traditional U.S. utility ratemaking that operates under a cost recovery model. Price controls are established based on long-term business plans developed by each DNO with substantial input from its stakeholders. To measure the outputs and performance, each DNO business plan includes incentive targets that allow for increases and/or reductions in revenues based on operational performance, which are intended to align returns with quality of service, innovation and customer satisfaction.

For comparative purposes, amounts listed below are in British pounds sterling, nominal prices and in calendar years unless otherwise noted.

#### *Key Ratemaking Mechanisms*

PPL believes the U.K. electricity utility model is a premium jurisdiction in which to do business due to its significant stakeholder engagement, incentive-based structure and high-quality ratemaking mechanisms.

#### *Current Price Control: RIIO-ED1*

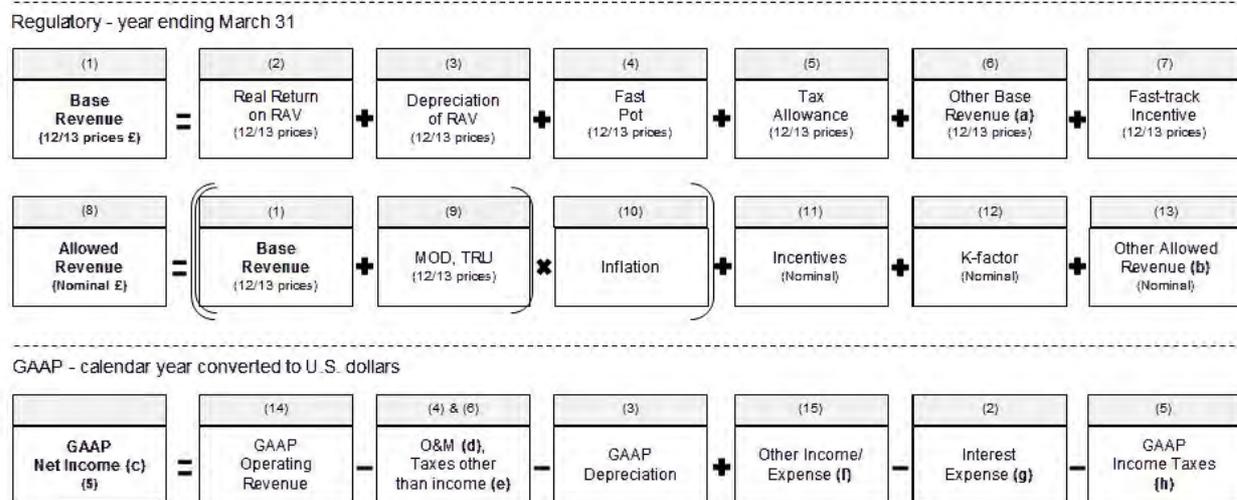

WPD currently operates under an eight-year price control called RIIO-ED1, which commenced for electricity distribution companies on April 1, 2015. The regulatory framework is based on an updated approach for sustainable network regulation known as the "RIIO" model where Revenue = Incentives + Innovation + Outputs.

In coordination with numerous stakeholders, WPD developed its business plans for RIIO-ED1 building off its historical track record and long-term strategy of delivering industry-leading levels of performance at an efficient level of cost. As a result, all four of WPD’s DNOs’ business plans were accepted by Ofgem as “well justified” and were “fast-tracked” ahead of all other DNOs. WPD’s DNOs were rewarded for being fast-tracked with preferential financial incentives, a higher return on equity and higher cost savings retention under their business plans as discussed further below. However, an unintended consequence of being fast-tracked resulted in WPD being disadvantaged from a cost of debt recovery standpoint, as further discussed within “(2) Real Return on capital from RAV” below.

WPD’s combined RIIO-ED1 business plans as accepted by Ofgem included funding for total expenditures of approximately £12.8 billion (nominal) over the eight-year period, as follows:

- Totex - £8.5 billion (£6.8 billion recovered as additions to RAV over time (“Slow pot”); £1.7 billion recovered in the year spent in the plan (“Fast pot”));
- Pension deficit funding - £1.2 billion;
- Cost of debt recovery - £1.0 billion;
- Pass Through Charges - £1.6 billion (Property taxes, Ofgem fees and National Grid transmissions charges); and
- Corporate income taxes recovery - £0.5 billion.

The chart below illustrates the building blocks of allowed revenue and GAAP net income for the U.K. Regulated Segment. The revenue components are shown in either 2012/13 prices or nominal prices, consistent with the formulas Ofgem established for RIIO-ED1. The reference numbers shaded in each block correspond with the descriptions that follow.

- (a) Primarily pension deficit funding, pass through costs, profiling adjustments and legacy price control adjustments.  
 (b) Primarily pass through true-ups and £5 per residential customer reduction completed in the regulatory year ended March 31, 2017.  
 (c) Reference Form 8-K filed February 14, 2020 for U.K. Regulated Segment GAAP Statement of Income component values.  
 (d) Includes the service cost component of GAAP pension costs/income. See “Defined Benefits, Net periodic defined benefit costs (credits)” in Note 11 to the Financial Statements.  
 (e) Primarily property taxes.  
 (f) Primarily includes the non-service cost (credit) components of GAAP pension costs/income and gains and losses on foreign currency hedges.  
 (g) Includes WPD interest and \$32 million of allocated interest expense to finance the acquisition of WPD Midlands.  
 (h) GAAP income taxes represent an effective tax rate of 16% for 2019, 17% for 2018, 19% for 2017 and approximately 17% going forward.

**(1) Base Revenue**

The base revenue a DNO can collect in each year of the current price control period is the sum of the following, discussed further below:

- a return on capital from RAV;
- a return of capital from RAV (i.e., depreciation);
- the Fast pot recovery, see discussion “(4) Expenditure efficiency mechanisms” below;

- an allowance for cash taxes paid less a potential reduction for tax benefits from excess leverage if a DNO is levered more than 65% Debt/RAV;
- pension deficit funding;
- certain pass-through costs over which the DNO has no control;
- profiling adjustments, see discussion “(6) Other revenue included in base revenue” below;
- certain legacy price control adjustments from preceding price control periods, including the information quality incentive (also known as the rolling RAV incentive); and
- fast-track incentive - because WPD's four DNOs were fast-tracked through the price control review process for RIIO-ED1, their base revenue also includes the fast-track incentive.

## **(2) Real Return on capital from RAV**

**Real-time returns on cost of regulated equity (real)** - Ofgem establishes an allowed return on regulated equity that DNOs earn in their base business plan revenues as a consideration of the financial parameters for each RIIO-ED1 business plan. For WPD, the base cost of equity collected in revenues was set at 6.4% (real). Base equity returns exclude inflation adjustments, allowances for incentive rewards/penalties and over/under collections driven by cost efficiencies. WPD's DNO base equity returns are calculated using an equity ratio of 35% of RAV. The equity ratio was reviewed and set during the RIIO-ED1 business plan process taking various stakeholder impacts into consideration such as costs to consumers, credit ratings and investor needs. The amounts of base real equity return for 2019, 2018 and 2017 were £168 million, £160 million and £151 million.

**Indexed cost of debt recovery (real)** - As part of WPD's fast-track agreement with Ofgem for RIIO-ED1, WPD collects in revenues an assumed real cost of debt that is derived from a historical 10-year bond index (iBoxx) and adjusted annually for inflation. This calculated real cost of debt is then applied to 65% of RAV at the DNOs to determine the cost of debt revenue recovery. The cost of debt was set at 2.55% in the original "well justified" business plans. The recovery amounts are trued up annually as a component of the MOD true-up mechanism described within "(9) MOD and Inflation True-Up (TRU)" below.

As discussed above, WPD's cost of debt revenue allowances are derived from using a rolling 10-year trailing average of historical 10-year bond index (iBoxx); however, the cost of debt revenue allowances for all slow track companies are derived using an extending trailing average of the index. Under this approach, the trailing average period used is progressively extended from 10 to 20 years and consequently short-term fluctuations in the interest rate have a less pronounced effect on the regulatory cost of debt applied. Therefore, WPD's cost of debt recovery is significantly lower than it would have been had it been derived under the approach used for the slow-track companies.

Over the 8-year RIIO-ED1 period WPD is expected to under-recover its cost of debt at the four DNOs, based upon the latest inflation assumptions and projected 10-year iBoxx bond indices rates, by approximately £231 million primarily driven by the previously discussed differing cost of debt recovery calculations. Under the terms of the fast track process, fast tracked companies were not supposed to be disadvantaged financially to slow track companies. It is currently uncertain, however, if WPD will be able to recover any of this under-recovery in the next price control period, RIIO-ED2, beginning April 1, 2023.

Interest costs relating to long-term debt issued at WPD's holding companies are not recovered in revenues and for 2019, 2018 and 2017 were approximately £57 million, £46 million and £49 million.

**(3) Recovery of depreciation in revenues** - Recovery of depreciation in regulatory revenues is one of the key mechanisms Ofgem uses to support financeable business plans that provide incentives to attract the continued substantial investment required in the U.K. Differences between GAAP and regulatory depreciation exist primarily due to differing assumptions on asset lives and because RAV is adjusted for inflation using RPI.

Compared to asset lives established for GAAP, asset lives established for ratemaking are set by Ofgem based on economic lives which results in improved DNO near-term revenues and cash flows during investment cycles. Under U.K. regulation prior to RIIO-ED1, electric distribution assets were depreciated on a 20-year asset life for the purpose of setting revenues. After review and consultation, Ofgem decided to use 45-year asset lives for RAV additions after April 1, 2015, with transitional arrangements available for DNOs fully demonstrating a need to ensure financeable plans. WPD adopted a transition that has a linear increase in asset lives from 20 to 45 years for additions to RAV in each year of RIIO-ED1 (with additions averaging a life of approximately 35 years over this period), which adds support to its credit metrics. RAV additions prior to March 31, 2015 continue to be recovered in revenues over 20 years.

The asset lives used to determine depreciation expense for GAAP purposes are not the same as those used for the depreciation of the RAV in setting revenues and, as such, vary by asset type and are based on the expected useful lives of the assets.

Effective January 1, 2015, after completing a review of the useful lives of its distribution network assets, WPD set the weighted average useful lives to 69 years for GAAP depreciation expense.

Because Ofgem uses a real cost of capital, the RAV and recovery of depreciation are adjusted for inflation using RPI. The inflation revenues collected in this line item help recover the cost of equity and debt returns on a "nominal" basis, compared to the "real" rates used to set the return component of base revenues.

This regulatory construct, in combination with the different assets lives used for ratemaking and GAAP, results in amounts collected by WPD as recovery of depreciation in revenues being significantly higher than the amounts WPD recorded for depreciation expense under GAAP. For 2019, 2018 and 2017, this difference was £450 million, £444 million and £424 million (pre-tax) and positively impacted net income. The difference is expected to continue in the £400 million to £450 million (pre-tax) range at least through 2022 (the last full calendar year of RIIO-ED1), assuming RPI of approximately 3.0% per year from 2020 through 2022 and based on expected RAV additions of approximately £800 million per year to prepare the distribution system for future U.K. energy objectives while maintaining premier levels of reliability and customer service.

**(4) Expenditure efficiency mechanisms** - Ofgem introduced the concept of Totex in RIIO to ensure all DNOs face equal incentives in choosing between operating and capital solutions. Totex is split between immediate recovery (called "Fast pot") and deferred recovery as an addition to RAV (called "Slow pot"). The ratio of Slow pot to Fast pot was determined by each DNO in its business plan development. WPD established a Totex split of 80% Slow pot and 20% Fast pot for RIIO-ED1 to balance maximizing RAV growth with immediate cost recovery to support investment grade credit ratings. Comparatively, other DNOs on average used a ratio of approximately 70% Slow pot and 30% Fast pot for RIIO-ED1.

Ofgem also allows a Totex Incentive Mechanism that is intended to reward DNOs for cost efficiency. WPD's DNOs are able to retain 70% of any amounts not spent against their RIIO-ED1 plan and bear 70% of any over-spends. Any amounts to be returned to customers are trued up in the AIP discussed below.

Because Fast pot cost recovery represents 20% of Totex expenditures and certain other costs are recovered in other components of revenue, Fast pot will not equal operation and maintenance expenses recorded for GAAP purposes.

**(5) Income Tax Allowance** - For price control purposes, WPD collects income tax based on Ofgem's notional tax charge, which will not equal the amount of income tax expense recorded for GAAP purposes. The following table shows the amount of taxes collected in revenues and recorded under GAAP.

	2019	2018	2017
Taxes collected in revenues	£ 56	£ 58	£ 57
Taxes recorded under GAAP	167	156	139

**(6) Other revenue included in base revenue** - Other revenue included in base revenue primarily consists of pension deficit funding, pass through costs, profiling adjustments and legacy price control adjustments.

**Recovery of annual (normal) pension cost and pension deficit funding** - Ofgem allows DNOs to recover annual (normal) pension costs through the Totex allocation, split between the previously described Fast pot (immediate recovery) and Slow pot recovery (as an addition to RAV). The amount of normal pension cost is computed by the pension trustees, using assumptions that differ from those used in calculating pension costs/income under GAAP. In addition, the timing of the revenue collection may not match the actual pension payment schedule, resulting in a timing difference of cash flows.

In addition, WPD recovers approximately 80% of pension deficit funding for certain of WPD's defined benefit pension plans in conjunction with actual costs similar to the Fast pot mechanism. The pension deficit is determined by the pension trustees on a triennial basis in accordance with their funding requirements. Pension deficit funding recovered in revenues was £151 million, £147 million and £142 million in 2019, 2018 and 2017. WPD expects similar amounts to be collected in revenues through March 31, 2021, but cannot predict amounts that will be collected in revenues beyond then as the plans are approaching a fully funded status. The current triennial pension review commenced in March 2019 and is expected to conclude by the end of 2020.

See Note 11 to the Financial Statements for additional information on pension costs/income recognized under GAAP.

**Recovery of pass through costs** - WPD recovers certain pass-through costs over which the DNO has no control such as property taxes, National Grid transmission charges and Ofgem fees. Although these items are intended to be pass-through charges there could be timing differences, primarily related to property taxes, as to when amounts are collected in revenues and when amounts are expensed in the Statements of Income. WPD over-collected property taxes by £37 million, £38 million and £19

million in 2019, 2018 and 2017. WPD expects to continue to over-recover property taxes until the end of RIIO-ED1. Amounts under-or over-recovered in revenues in a regulatory year are trued up through revenues two regulatory years later.

**Profiling adjustments** - Ofgem permitted DNOs the flexibility to make profiling adjustments to their base revenues within their business plans. These adjustments do not affect the total base revenue in real terms over the eight-year price control period, but change the year in which the revenue is collected. In the first year of RIIO-ED1, WPD's base revenue decreased by 11.8% compared to the final year of the prior price control period (DPCR5), primarily due to a change in profiling methodology and a lower weighted-average cost of capital. Base revenue then increased by approximately 2.5% per annum before inflation for regulatory years up to March 31, 2019 and will increase by approximately 1% per annum before inflation for each regulatory year thereafter for the remainder of RIIO-ED1.

**(7) Incentives for developing high-quality business plans (known as fast-tracking)** - For RIIO-ED1, Ofgem incentivized DNOs with certain financial rewards to develop "well justified" business plans that drive value to customers. WPD was awarded the following fast-track incentives:

- an annual fast-track revenue incentive worth 2.5% of Totex (approximately £25 million annually for WPD);
- a real cost of equity rate of 6.4% compared to 6.0% for slow-tracked DNOs; and,
- cost savings retention was established at 70% for WPD compared to approximately 55% for slow-tracked DNOs.

**(8) Allowed Revenue** - Allowed revenue is the amount that a DNO can collect from its customers in order to fund its investment requirements.

Base revenues are adjusted annually during RIIO-ED1 to arrive at allowed revenues. These adjustments are discussed in sections (9) through (13) below.

### **(9) MOD and Inflation True-Up (TRU)**

**MOD** - RIIO-ED1 includes an AIP that allows future base revenues, agreed with the regulator as part of the price control review, to be updated during the price control period for financial adjustments including taxes, pensions, cost of debt, legacy price control adjustments from preceding price control periods and adjustments relating to actual and allowed total expenditure together with the Totex Incentive Mechanism (TIM). The AIP calculates an incremental change to base revenue, known as the "MOD" adjustment.

- The MOD provided by Ofgem in November 2016 included the TIM for the 2015/16 regulatory year, as well as the cost of debt calculation based on the 10-year trailing average to October 2016. This MOD of £12 million reduced base revenue in calendar years 2017 and 2018 by £8 million and £4 million.
- The MOD provided by Ofgem in November 2017 for the 2016/17 regulatory year was a £39 million reduction to revenue that reduced base revenue in calendar years 2018 and 2019 by £26 million and £13 million.
- The MOD provided by Ofgem in November 2018 for the 2017/18 regulatory year was a £42 million reduction to revenue that reduced base revenue in calendar year 2019 by £28 million and will reduce base revenue in calendar year 2020 by £14 million.
- The MOD provided by Ofgem in November 2019 for the 2018/19 regulatory year was an £81 million reduction to revenue that will reduce base revenue in calendar years 2020 and 2021 by £54 million and £27 million.
- The projected MOD for the 2019/20 regulatory year is a £128 million reduction to revenue that is expected to reduce base revenue in calendar years 2021 and 2022 by £85 million and £43 million.

**TRU** - As discussed below in "(10) Inflation adjusted, multi-year rate cycle," the base revenue for the RIIO-ED1 period was set based on 2012/13 prices. Therefore, an inflation factor as determined by forecasted RPI, provided by HM Treasury, is applied to base revenue. Forecasted RPI is trued up to actuals and affects future base revenue two regulatory years later. This revenue change is called the "TRU" adjustment.

- The TRU for the 2015/16 regulatory year was a £31 million reduction to revenue that reduced base revenue in calendar years 2017 and 2018 by £21 million and £10 million.
- The TRU for the 2016/17 regulatory year was a £6 million reduction to revenue that reduced base revenue in calendar years 2018 and 2019 by £4 million and £2 million.

- The TRU for the 2017/18 regulatory year was a £4 million increase to revenue that increased base revenue in calendar year 2019 by £3 million and will increase base revenue in calendar year 2020 by £1 million.
- The TRU for the 2018/19 regulatory year was a £2 million reduction to revenue that will reduce base revenue in calendar years 2020 and 2021 by £1 million.
- The projected TRU for the 2019/20 regulatory year is a £13 million reduction to revenue that is expected to reduce base revenue in calendar years 2021 and 2022 by £9 million and £4 million.

As both MOD and TRU are changes to future base revenues as determined by Ofgem, these adjustments are recognized as a component of revenues in future years in which service is provided and revenues are collected or returned to customers.

**(10) Inflation adjusted, multi-year rate cycle** - Ofgem built its price control framework to better coincide with the long-term nature of electricity distribution investments. The current price control for electricity distribution is for the eight-year period from April 1, 2015 through March 31, 2023. This both required and enabled WPD to design a base business plan with predictable revenues and expenses over the long-term to drive value for its customers through predetermined outputs and for its investors through preset base returns. A key aspect to the multi-year cycle is an annual inflation adjustment for revenue and cost components, which are inflated using RPI from the base 2012/13 prices used to establish the business plans. Consistent with Ofgem's formulas, the inflation adjustment is applied to base revenue, MOD and TRU when determining allowed revenue. This inflation adjustment also has the effect of inflating RAV, and real returns are earned on the inflated RAV.

**(11) Incentive revenues for strong operational performance and innovation** - Ofgem has established incentives to provide opportunities for DNOs to enhance overall returns by improving network efficiency, reliability and customer service. These incentives can result in an increase or reduction in revenues based on incentives or penalties for actual performance against pre-established targets based on past performance. Some of the more significant incentives that may affect allowed revenue include the Interruptions Incentive Scheme (IIS), the broad measure of customer service (BMCS) and the time to connect (TTC) incentive:

- The IIS has two major components: (1) Customer interruptions (CIs) and (2) Customer minutes lost (CMLs), and both are designed to incentivize the DNOs to invest in and operate their networks to manage and reduce both the frequency and duration of power outages.
- The BMCS encompasses customer satisfaction in supply interruptions, connections and general inquiries, complaints, stakeholder engagement and delivery of social obligations.
- The TTC incentive rewards DNOs for reducing connection times for minor connections against an Ofgem set target.

The annual incentives and penalties are reflected in customer rates on a two-year lag from the time they are earned and/or assessed. Based on applicable GAAP, incentive revenues and penalties are recorded in revenues when they are billed to customers. The following table shows the amount of incentive revenues (in total), primarily from IIS, BMCS and TTC that WPD has received and is projected to receive on a calendar year basis:

Calendar Year Ended Incentive Earned	Incentive Received (in millions)	Calendar Year Ended Incentive Included in Revenue
2015	£ 79	2017
2016	76	2018
2017	72	2019
2018	78	2020
2019 (a)	75-85	2021
2020 (a)	75-85	2022

(a) Reflects projected incentive revenues.

**(12) Correction Factor (K-factor)** - During the price control period, WPD sets its tariffs to recover allowed revenue. However, in any fiscal period, WPD's revenue could be negatively affected if its tariffs and the volume delivered do not fully recover the allowed revenue for a particular period. Conversely, WPD could over-recover revenue. Over- and under-recoveries are subtracted from or added to allowed revenue in future years, known as the "Correction Factor" or "K-factor." Over and under-recovered amounts during RIIO-ED1 will be refunded/recovered two regulatory years later.

- The K-factor for the 2015/16 regulatory year was a £4 million under-recovery that increased allowed revenue in calendar years 2017 and 2018 by £3 million and £1 million.
- The K-factor for the 2016/17 regulatory year was a £23 million over-recovery that reduced allowed revenue in calendar years 2018 and 2019 by £15 million and £8 million.

- The K-factor for the 2017/18 regulatory year was a £3 million over-recovery that reduced allowed revenue in calendar year 2019 by £2 million and will reduce allowed revenue in calendar year 2020 by £1 million.
- The K-factor for the 2018/19 regulatory year was a £16 million over-recovery that will reduce allowed revenue in calendar years 2020 and 2021 by £11 million and £5 million.
- The projected K-factor for the 2019/20 regulatory year is a £20 million under-recovery that is expected to increase allowed revenue in calendar years 2021 and 2022 by £13 million and £7 million.

Historically, tariffs have been set a minimum of three months prior to the beginning of the regulatory year (April 1). In 2015, Ofgem determined that, beginning with the 2017/18 regulatory year, tariffs would be established a minimum of fifteen months in advance. This change will potentially increase volatility in future revenue forecasts due to the need to forecast components of allowed revenue including MOD, TRU, K-factor and incentive revenues.

**(13) Other Allowed Revenue** - Other Allowed Revenue primarily consists of pass through true-ups and a £5 per residential customer reduction completed in the regulatory year ended March 31, 2017. For a discussion on property tax true-ups, see recovery of pass through costs in "(6) Other revenue included in base revenue" above.

In the 2016/17 regulatory year, WPD recovered a £5 per residential network customer reduction given through reduced tariffs in 2014/15. As a result, revenues were positively affected in calendar year 2017 by £13 million.

**(14) GAAP Operating Revenue** - Operating revenue under GAAP primarily consists of allowed revenue, which has been converted to rates and earned as electricity was delivered in the calendar year, converted to U.S. dollars. It also includes miscellaneous revenue primarily from engineering recharge work and ancillary activity revenue. Engineering recharge is work performed for a third party by WPD which is not for general network maintenance or to increase reliability. Examples are diversions and running new lines and equipment for a new housing complex. Ancillary activity revenue includes revenue primarily from WPD's Telecoms and Property companies. The amounts of miscellaneous revenue for 2019, 2018 and 2017 were £115 million, £115 million and £90 million. The margin or profit on these activities, however, was not significant.

**(15) Currency Hedging** - Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Due to the significant earnings contributed from WPD, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Overview - Financial and Operational Developments - U.K. Membership in European Union" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" for a discussion of U.K. earnings hedging activity.

#### **GAAP Accounting implications**

As the regulatory model in the U.K. is incentive based rather than a cost recovery model, WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP. Therefore, the accounting treatment for the differences in the amounts collected in revenues and the amounts recorded for expenses related to depreciation, pensions, cost of debt and income taxes, and the adjustments to base revenue and/or allowed revenue are evaluated primarily based on revenue recognition guidance.

See "Revenue Recognition" in Note 1 to the Financial Statements for additional information.

See "Overview - Financial and Operational Developments - RIIO-2 Framework" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" for information on the RIIO-2 Framework which will commence on April 1, 2023.

#### **Kentucky Regulated Segment (PPL)**

*The Kentucky Regulated segment consists of the operations of LKE, which owns and operates regulated public utilities engaged in the generation, transmission, distribution and sale of electricity and distribution and sale of natural gas, representing primarily the activities of LG&E and KU. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment.*

*(PPL, LKE, LG&E and KU)*

LG&E and KU, direct subsidiaries of LKE, are engaged in the regulated generation, transmission, distribution and sale of electricity in Kentucky and, in KU's case, also Virginia. LG&E also engages in the distribution and sale of natural gas in Kentucky. LG&E provides electricity service to approximately 418,000 customers in Louisville and adjacent areas in Kentucky,

[Table of Contents](#)

covering approximately 700 square miles in nine counties and provides natural gas service to approximately 329,000 customers in its electricity service area and eight additional counties in Kentucky. KU provides electric service to approximately 530,000 customers in 77 counties in central, southeastern and western Kentucky and approximately 28,000 customers in five counties in southwestern Virginia, covering approximately 4,800 non-contiguous square miles. KU also sells wholesale electricity to two municipalities in Kentucky under load following contracts. See Note 3 to the Financial Statements for revenue information.

### Franchises and Licenses

LG&E and KU provide electricity delivery service, and LG&E provides natural gas distribution service, in their respective service territories pursuant to certain franchises, licenses, statutory service areas, easements and other rights or permissions granted by state legislatures, cities or municipalities or other entities.

### Competition

There are currently no other electric public utilities operating within the electricity service areas of LKE. From time to time, bills are introduced into the Kentucky General Assembly which seek to authorize, promote or mandate increased distributed generation, customer choice or other developments. Neither the Kentucky General Assembly nor the KPSC has adopted or approved a plan or timetable for retail electric industry competition in Kentucky. The nature or timing of legislative or regulatory actions, if any, regarding industry restructuring and their impact on LKE, which may be significant, cannot currently be predicted. Virginia, formerly a deregulated jurisdiction, has enacted legislation that implemented a hybrid model of cost-based regulation. KU's operations in Virginia have been and remain regulated.

Alternative energy sources such as electricity, oil, propane and other fuels indirectly impact LG&E's natural gas revenues. Marketers may also compete to sell natural gas to certain large end-users. LG&E's natural gas tariffs include gas price pass-through mechanisms relating to its sale of natural gas as a commodity. Therefore, customer natural gas purchases from alternative suppliers do not generally impact LG&E's profitability. Some large industrial and commercial customers, however, may physically bypass LG&E's facilities and seek delivery service directly from interstate pipelines or other natural gas distribution systems.

### Power Supply

At December 31, 2019, LKE owned generating capacity of 7,561 MW, of which 2,786 MW related to LG&E and 4,775 MW related to KU. See "Item 2. Properties - Kentucky Regulated Segment" for a complete list of LKE's generating facilities.

The system capacity of LKE's owned or controlled generation is based upon a number of factors, including the operating experience and physical condition of the units, and may be revised periodically to reflect changes in circumstances.

During 2019, LKE's power plants generated the following amounts of electricity:

<u>Fuel Source</u>	<u>GWh</u>		
	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Coal	25,348	11,336	14,012
Gas	6,558	1,608	4,950
Hydro	357	251	106
Solar	18	7	11
Total (a)	32,281	13,202	19,079

(a) This generation represents decreases for LKE, LG&E and KU of 6.6%, 3.2% and 8.8% from 2018 output.

The majority of LG&E's and KU's generated electricity was used to supply their retail customer bases.

LG&E and KU jointly dispatch their generation units with the lowest cost generation used to serve their customers. When LG&E has excess generation capacity after serving its own customers and its generation cost is lower than that of KU, KU purchases electricity from LG&E and vice versa.

As a result of environmental requirements and energy efficiency measures, KU retired two older coal-fired electricity generating units at the E.W. Brown plant in February 2019 with a combined summer rating capacity of 272 MW.

LG&E and KU received approval from the KPSC to develop a 4 MW Solar Share facility to service a Solar Share program. The Solar Share program is a voluntary program that allows customers to subscribe capacity in the Solar Share facility. Construction commences, in 500-kilowatt phases, when subscription is complete. The first 500-kilowatt phase was constructed in 2019. The subscription for the second 500-kilowatt phase was completed in 2019, with expected construction to be completed in 2020. LG&E and KU continue to market the program and have started receiving subscriptions for the third 500-kilowatt phase.

On January 23, 2020, LG&E and KU applied to the KPSC for approval of arrangements relating to the purchase of 100 MW of solar power in connection with the Green Tariff option established in the most recent Kentucky base rate cases. Pursuant to the agreements, LG&E and KU would purchase the initial 20 years of output of a proposed third-party solar generation facility and resell the bulk of the power as renewable energy to two large industrial customers and use the remaining power for other customers. The transactions are subject to KPSC approval and other standard conditions. PPL, LKE, LG&E and KU do not anticipate that these arrangements will have a significant impact on their results of operations or financial condition.

### Fuel Supply

Coal and natural gas will continue to be the predominant fuels used by LG&E and KU for generation for the foreseeable future. Natural gas used for generation is primarily purchased using contractual arrangements separate from LG&E's natural gas distribution operations. Natural gas and oil are also used for intermediate and peaking capacity and flame stabilization in coal-fired boilers.

Fuel inventory is maintained at levels estimated to be necessary to avoid operational disruptions at coal-fired generating units. Reliability of coal deliveries can be affected from time to time by a number of factors including fluctuations in demand, coal mine production issues and other supplier or transporter operating difficulties.

LG&E and KU have entered into coal supply agreements with various suppliers for coal deliveries through 2024 and augment their coal supply agreements with spot market purchases, as needed.

For their existing units, LG&E and KU expect, for the foreseeable future, to purchase most of their coal from western Kentucky, southern Indiana and southern Illinois. LG&E and KU continue to purchase certain quantities of ultra-low sulfur content coal from Wyoming for blending at Trimble County Unit 2. Coal is delivered to the generating plants primarily by barge and rail.

To enhance the reliability of natural gas supply, LG&E and KU have secured firm long-term pipeline transport capacity with contracts of various durations from 2020 to 2024 on the interstate pipeline serving Cane Run Unit 7. This pipeline also serves the six simple cycle combustion turbine units located at the Trimble County site as well as three other simple cycle units at the Paddy's Run site. For the seven simple cycle combustion turbines at the E.W. Brown facility, no firm long-term pipeline transport capacity has been purchased due to the facility being interconnected to two pipelines and some of the units having dual fuel capability.

LG&E and KU have firm contracts for a portion of the natural gas fuel for Cane Run Unit 7 through February 2022. The bulk of the natural gas fuel remains purchased on the spot market.

*(PPL, LKE and LG&E)*

### Natural Gas Distribution Supply

Five underground natural gas storage fields, with a current working natural gas capacity of approximately 15 billion cubic feet (Bcf), are used to provide natural gas service to LG&E's firm sales customers. Natural gas is stored during the summer season for withdrawal during the following winter heating season. Without this storage capacity, LG&E would need to purchase additional natural gas and pipeline transportation services during winter months when customer demand increases and the prices for natural gas supply and transportation services are expected to be higher. At December 31, 2019, LG&E had 12 Bcf of natural gas stored underground with a carrying value of \$35 million.

LG&E has a portfolio of supply arrangements of varying durations and terms that provide competitively priced natural gas designed to meet its firm sales obligations. These natural gas supply arrangements include pricing provisions that are market-responsive. In tandem with pipeline transportation services, these natural gas supplies provide the reliability and flexibility necessary to serve LG&E's natural gas customers.

## [Table of Contents](#)

LG&E purchases natural gas supply transportation services from two pipelines. LG&E has contracts with one pipeline that are subject to termination by LG&E between 2021 and 2025. Total winter season capacity under these contracts is 184,900 MMBtu/day and summer season capacity is 60,000 MMBtu/day. With this same pipeline, LG&E also has another contract for pipeline capacity through 2026 for 60,000 MMBtu/day during both the winter and summer seasons. LG&E has a single contract with a second pipeline with a total capacity of 20,000 MMBtu/day during both the winter and summer seasons that expires in 2023.

LG&E expects to purchase natural gas supplies for its gas distribution operations from onshore producing regions in South Texas, East Texas, North Louisiana and Arkansas, as well as gas originating in the Marcellus and Utica production areas.

*(PPL, LKE, LG&E and KU)*

### Transmission

LG&E and KU contract with the Tennessee Valley Authority to act as their transmission reliability coordinator and contract with TranServ International, Inc. to act as their independent transmission organization.

### Rates

LG&E is subject to the jurisdiction of the KPSC and the FERC, and KU is subject to the jurisdiction of the KPSC, the FERC and the VSCC. LG&E and KU operate under a FERC-approved open access transmission tariff.

LG&E's and KU's Kentucky base rates are calculated based on a return on capitalization (common equity, long-term debt and short-term debt) including adjustments for certain net investments and costs recovered separately through other means. As such, LG&E and KU generally earn a return on regulatory assets in Kentucky.

KU's Virginia base rates are calculated based on a return on rate base (net utility plant plus working capital less accumulated deferred income taxes and miscellaneous deductions). As all regulatory assets and liabilities, except the levelized fuel factor and regulatory assets or liabilities recorded for pension and postretirement benefits and AROs related to certain CCR impoundments, are excluded from the return on rate base utilized in the calculation of Virginia base rates, no return is earned on the related assets.

KU's rates to municipal customers for wholesale power requirements are calculated based on annual updates to a formula rate that utilizes a return on rate base (net utility plant plus working capital less accumulated deferred income taxes and miscellaneous deductions). As all regulatory assets and liabilities are excluded from the return on rate base utilized in the development of municipal rates, no return is earned on the related assets. In April 2014, certain municipalities submitted notices of termination to cease taking power under the wholesale requirements contracts. KU's service to eight municipalities terminated effective April 30, 2019. KU continues to provide service to two municipalities.

See "Financial and Operational Developments" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" and Note 7 to the Financial Statements for additional information on current rate proceedings and rate mechanisms.

### **Pennsylvania Regulated Segment (PPL)**

*The Pennsylvania Regulated segment consists of PPL Electric, a regulated public utility engaged in the distribution and transmission of electricity.*

*(PPL and PPL Electric)*

PPL Electric delivers electricity to approximately 1.4 million customers in a 10,000-square mile territory in 29 counties within eastern and central Pennsylvania. PPL Electric also provides electricity to retail customers in this territory as a PLR under the Customer Choice Act. See Note 3 to the Financial Statements for revenue information.

### Franchise, Licenses and Other Regulations

PPL Electric is authorized to provide electric public utility service throughout its service area as a result of grants by the Commonwealth of Pennsylvania in corporate charters to PPL Electric and companies which it has succeeded, and as a result of certification by the PUC. PPL Electric is granted the right to enter the streets and highways by the Commonwealth subject to

certain conditions. In general, such conditions have been met by ordinance, resolution, permit, acquiescence or other action by an appropriate local political subdivision or agency of the Commonwealth.

### Competition

Pursuant to authorizations from the Commonwealth of Pennsylvania and the PUC, PPL Electric operates a regulated distribution monopoly in its service area. Accordingly, PPL Electric does not face competition in its electricity distribution business. Pursuant to the Customer Choice Act, generation of electricity is a competitive business in Pennsylvania, and PPL Electric does not own or operate any generation facilities.

The PPL Electric transmission business, operating under a FERC-approved PJM Open Access Transmission Tariff, is subject to competition pursuant to FERC Order 1000 from entities that are not incumbent PJM transmission owners with respect to the construction and ownership of transmission facilities within PJM.

### Rates and Regulation

#### *Transmission*

PPL Electric's transmission facilities are within PJM, which operates the electricity transmission network and electric energy market in the Mid-Atlantic and Midwest regions of the U.S.

PJM serves as a FERC-approved Regional Transmission Operator (RTO) to promote greater participation and competition in the region it serves. In addition to operating the electricity transmission network, PJM also administers regional markets for energy, capacity and ancillary services. A primary objective of any RTO is to separate the operation of, and access to, the transmission grid from market participants that buy or sell electricity in the same markets. Electric utilities continue to own the transmission assets and to receive their share of transmission revenues, but the RTO directs the control and operation of the transmission facilities. Certain types of transmission investments are subject to competitive processes outlined in the PJM tariff.

As a transmission owner, PPL Electric's transmission revenues are recovered through PJM and billed in accordance with a FERC-approved Open Access Transmission Tariff that allows recovery of incurred transmission costs, a return on transmission-related plant and an automatic annual update based on a formula-based rate recovery mechanism. Under this formula, rates are put into effect in June of each year based upon prior year actual expenditures and current year forecasted capital additions. Rates are then adjusted the following year to reflect actual annual expenses and capital additions, as reported in PPL Electric's annual FERC Form 1, filed under the FERC's Uniform System of Accounts. Any difference between the revenue requirement in effect for the prior year and actual expenditures incurred for that year is recorded as a regulatory asset or regulatory liability. Any change in the prior year PPL zonal peak load billing factor applied on January 1 of each year will result in an increase or decrease in revenue until the next annual rate update is effective on June 1 of that same year.

As a PLR, PPL Electric also purchases transmission services from PJM. See "PLR" below.

See Note 7 to the Financial Statements for additional information on rate mechanisms.

#### *Distribution*

PPL Electric's distribution base rates are calculated based on a return on rate base (net utility plant plus a cash working capital allowance less plant-related deferred taxes and other miscellaneous additions and deductions). All regulatory assets and liabilities are excluded from the return on rate base. Therefore, no return is earned on the related assets unless specifically provided for by the PUC. Currently, PPL Electric's Smart Meter rider and the DSIC are the only riders authorized to earn a return. Certain operating expenses are also included in PPL Electric's distribution base rates including wages and benefits, other operation and maintenance expenses, depreciation and taxes.

Pennsylvania's Alternative Energy Portfolio Standard (AEPS) requires electricity distribution companies and electricity generation suppliers to obtain from alternative energy resources a portion of the electricity sold to retail customers in Pennsylvania. Under the default service procurement plans approved by the PUC, PPL Electric purchases all of the alternative energy generation supply it needs to comply with the AEPS.

Act 129 created an energy efficiency and conservation program, a demand side management program, smart metering technology requirements, new PLR generation supply procurement rules, remedies for market misconduct and changes to the existing AEPS.

Act 11 authorizes the PUC to approve two specific ratemaking mechanisms: the use of a fully projected future test year in base rate proceedings and, subject to certain conditions, the use of a DSIC. Such alternative ratemaking procedures and mechanisms provide opportunity for accelerated cost-recovery and, therefore, are important to PPL Electric as it is in a period of significant capital investment to maintain and enhance the reliability of its delivery system, including the replacement of aging assets. PPL Electric utilized the fully projected future test year mechanism in its 2015 base rate proceeding. PPL has had the ability to utilize the DSIC recovery mechanism since July 2013.

See "Financial and Operational Developments" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" and Note 7 to the Financial Statements for additional information on legislative and regulatory matters.

#### *PLR*

The Customer Choice Act requires electric distribution companies, including PPL Electric, or an alternative supplier approved by the PUC, to act as a PLR of electricity supply for customers who do not choose to shop for supply with a competitive supplier and provides that electricity supply costs will be recovered by the PLR pursuant to PUC regulations. In 2019, the following average percentages of PPL Electric's customer load were provided by competitive suppliers: 43% of residential, 82% of small commercial and industrial and 96% of large commercial and industrial customers. The PUC continues to favor expanding the competitive market for electricity.

PPL Electric's cost of electricity generation is based on a competitive solicitation process. The PUC approved PPL Electric's default service plan for the period June 2015 through May 2017, which included four solicitations for electricity supply held semiannually in April and October. The PUC approved PPL Electric's default service plan for the period June 2017 through May 2021, which includes a total of eight solicitations for electricity supply held semiannually in April and October. Pursuant to the plans, PPL Electric contracts for all of the electricity supply for residential customers and commercial and industrial customers who elect to take that service from PPL Electric. These solicitations include a mix of 6- and 12-month fixed-price load-following contracts for residential and small commercial and industrial customers, and 12-month real-time pricing contracts for large commercial and industrial customers to fulfill PPL Electric's obligation to provide customer electricity supply as a PLR.

Numerous alternative suppliers have offered to provide generation supply in PPL Electric's service area. As the cost of generation supply is a pass-through cost for PPL Electric, its financial results are not impacted if its customers purchase electricity supply from these alternative suppliers.

#### **Corporate and Other (PPL)**

PPL Services provides PPL subsidiaries with administrative, management and support services. The costs of these services are charged directly to the respective recipients for the services provided or indirectly charged to applicable recipients based on an average of the recipients' relative invested capital, operation and maintenance expenses and number of employees or a ratio of overall direct and indirect costs.

PPL Capital Funding, PPL's financing subsidiary, provides financing for the operations of PPL and certain subsidiaries. PPL's growth in rate-regulated businesses provides the organization with an enhanced corporate level financing alternative, through PPL Capital Funding, that enables PPL to cost effectively support targeted credit profiles across all of PPL's rated companies. As a result, PPL plans to utilize PPL Capital Funding as a source of capital in future financings, in addition to continued direct financing by the operating companies.

Unlike PPL Services, PPL Capital Funding's costs are not generally charged to PPL subsidiaries. Costs are charged directly to PPL. However, PPL Capital Funding participated significantly in the financing for the acquisitions of LKE and WPD Midlands and certain associated financing costs were allocated to the Kentucky Regulated and U.K. Regulated segments. The associated financing costs, as well as the financing costs associated with prior issuances of certain other PPL Capital Funding securities, have been assigned to the appropriate segments for purposes of PPL management's assessment of segment performance. The financing costs associated primarily with PPL Capital Funding's securities issuances beginning in 2013, with certain exceptions, have not been directly assigned or allocated to any segment.

During the second quarter of 2018, PPL completed the acquisition of all the outstanding membership interests of Safari Energy, a privately held provider of solar energy solutions for commercial customers in the U.S. The acquisition is not material to PPL and the financial results of Safari Energy are reported within Corporate and Other.

## ENVIRONMENTAL MATTERS

*(All Registrants)*

The Registrants are subject to certain existing and developing federal, regional, state and local laws and regulations with respect to air and water quality, land use and other environmental matters. The EPA has issued numerous environmental regulations relating to air, water and waste that directly affect the electric power industry. Due to these environmental issues, it may be necessary for the Registrants to modify or cease certain operations or operation of certain facilities to comply with statutes, regulations and other requirements of regulatory bodies or courts. In addition, legal challenges to new environmental permits or rules add uncertainty to estimating future costs of complying with such permits and rules.

See "Legal Matters" in Note 13 to the Financial Statements for a discussion of environmental commitments and contingencies. See "Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash - Capital Expenditures" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" for information on projected environmental capital expenditures for 2020 through 2024.

LG&E and KU are entitled to recover, through the ECR mechanism, certain costs of complying with the Clean Air Act, as amended, and other federal, state and local environmental requirements applicable to coal combustion wastes and by-products from coal-fired generating facilities upon KPSC review. Costs not covered by the ECR mechanism for LG&E and KU and all such costs for PPL Electric are subject to rate recovery at the discretion of the companies' respective state regulatory authorities, or the FERC, if applicable. WPD's distribution businesses are subject to certain statutory and regulatory environmental requirements. It may be necessary for WPD to incur significant compliance costs, which may be recoverable through rates subject to Ofgem approval. Because neither WPD nor PPL Electric own any generating plants, their exposure to related environmental compliance costs is reduced. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future proceedings before regulatory authorities.

### Air

*(PPL, LKE, LG&E and KU)*

#### NAAQS

The Clean Air Act has a significant impact on the operation of fossil fuel generation plants. The Clean Air Act requires the EPA periodically to establish and review National Ambient Air Quality Standards, known as NAAQS, for six pollutants: carbon monoxide, lead, nitrogen dioxide, ozone (contributed to by nitrogen oxide emissions), particulate matter and sulfur dioxide. The EPA is scheduled to evaluate the current NAAQS for particulate matter in 2020. PPL, LKE, LG&E, and KU are unable to predict the outcome of future evaluations by the EPA and the states with respect to the NAAQS for particulate matter.

Applicable regulations require each state to identify areas within its boundaries that fail to meet the NAAQS, (known as nonattainment areas), and develop a state implementation plan to achieve and maintain compliance. In addition, for attainment of ozone and fine particulates standards, certain states, including Kentucky, are subject to a regional EPA program known as the Cross-State Air Pollution Rule (CSAPR). In January 2018, the EPA designated Jefferson County, Kentucky (Louisville) as being in nonattainment with the existing 2015 ozone standard. In December 2018, the EPA finalized the CSAPR "Close-Out Rule," determining that the existing CSAPR "Update Rule" for the 2008 ozone NAAQS fully addresses applicable states' interstate pollution transport obligations. Various states and others challenged the rule in the U.S. Court of Appeals for the D.C. Circuit (D.C. Circuit). In September 2019, the D.C. Circuit granted these petitions and remanded a portion of the CSAPR Update Rule to the EPA. Compliance with the NAAQS and related requirements may require installation of additional pollution controls, the costs of which PPL, LKE, LG&E and KU believe are subject to rate recovery.

States that are found to contribute significantly to another state's nonattainment with ozone standards are required to establish "good neighbor" state implementation plans. In October 2019, New York and other interested parties filed a petition for review in the D.C. Circuit of Appeals challenging the EPA's determination that no additional reductions beyond existing and planned controls are necessary to prevent significant interstate impacts. In 2018 and 2019, the EPA denied petitions filed by Maryland, Delaware, and New York alleging that states including Kentucky contribute to nonattainment in the petitioning states.

## *Climate Change*

There is continuing world-wide attention focused on issues related to climate change. In 2015, 195 nations, including the U.S., signed the Paris Agreement on Climate, establishing non-binding targets to reduce GHG emissions from both developed and developing nations. In 2017, the President announced a U.S. withdrawal from the Paris Agreement, which withdrawal would not be complete until November 2020. The President also issued an Executive Order directing rescission of certain guidance, directives, and prior Presidential actions regarding climate change. At present, there are ongoing efforts by various U.S. federal, state, and local governments to assess potential changes to legislation, rules, policies, directives, and other requirements applicable to greenhouse gas emissions. PPL, LKE, LG&E and KU cannot predict the outcome of such assessments.

The U.K. has enacted binding carbon reduction requirements that are applicable to WPD. Under the U.K. law, WPD must purchase carbon allowances to offset emissions associated with WPD's operations. The cost of these allowances is not significant and is included in WPD's current operating expenses.

## *The EPA's Affordable Clean Energy Rule*

In July 2019, the EPA repealed the Clean Power Plan and finalized the Affordable Clean Energy (ACE) Rule which gives states broad latitude to establish emission guidelines providing for plant-specific efficiency upgrades or "heat-rate improvements" to reduce GHG emissions per unit of electricity generated. States are generally allowed three years to submit plans establishing standards of performance, while the EPA anticipates that most facilities will be required to demonstrate compliance within two years of plan approval. The EPA intends to take additional action to finalize new criteria for determining whether efficiency projects will trigger New Source Review and thus be subject to more stringent emission controls. Various entities have filed petitions for review and petitions for reconsideration. PPL, LKE, LG&E, and KU cannot predict the outcome of the pending litigation and regulatory proceedings, but believe that the costs would be subject to rate recovery.

## Water/Waste

*(PPL, LKE, LG&E and KU)*

### *Clean Water Act*

Regulations under the federal Clean Water Act dictate permitting and mitigation requirements for facilities and construction projects that impact "Waters of the United States." Many other requirements relate to power plant operations, including the treatment of pollutants in effluents prior to discharge, the temperature of effluent discharges and the location, design and construction of cooling water intake structures at generating facilities, and standards intended to protect aquatic organisms that become trapped at or pulled through cooling water intake structures at generating facilities. These requirements could impose significant costs for LG&E and KU, which are expected to be subject to rate recovery.

### *Clean Water Act Jurisdiction*

Environmental groups and others have claimed that discharges to groundwater from leaking CCR impoundments at power plants are subject to Clean Water Act permitting. A citizen suit raising such claims has been filed against KU with respect to the E.W. Brown plant, as discussed under "Legal Matters" - "E.W. Brown Environmental Claims" in Note 13 to the Financial Statements. On April 12, 2019, the EPA released regulatory clarification finding that Clean Water Act jurisdiction does not cover such discharges to groundwater. On January 23, 2020, the EPA announced a final rule modifying the jurisdictional scope of the Clean Water Act. The announced rule revises the definition of the "Waters of the United States," including a revision to exclude groundwater from the definition. Additionally, a ruling from the U.S. Supreme Court in a pending case, likely in the first half of 2020, is expected to provide additional clarification on the scope of Clean Water Act jurisdiction. Extending Clean Water Act jurisdiction to discharges to groundwater could potentially subject certain releases from CCR impoundments to additional permitting and remediation requirements, which could impose substantial costs. PPL, LKE, LG&E and KU are unable to predict the outcome or financial impact of current regulatory proceedings and litigation.

### *Seepages and Groundwater Infiltration*

In addition to the actions described above, LG&E and KU have completed, or are completing, assessments of seepages or groundwater infiltration at various facilities and have completed, or are working with agencies to implement, further testing, monitoring or abatement measures, where applicable. Depending on the circumstances in each case, certain costs, which may be subject to rate recovery, could be significant.

## Superfund and Other Remediation

*(All Registrants)*

From time to time, PPL's subsidiaries in the United States undertake testing, monitoring or remedial action in response to spills or other releases at various on-site and off-site locations, negotiate with the EPA and state and local agencies regarding actions necessary to comply with applicable requirements, negotiate with property owners and other third parties alleging impacts from PPL's operations and undertake similar actions necessary to resolve environmental matters that arise in the course of normal operations. Based on analyses to date, resolution of these environmental matters is not expected to have a significant adverse impact on the operations of PPL Electric, LG&E and KU.

Future cleanup or remediation work at sites not yet identified may result in significant additional costs for PPL, PPL Electric, LKE, LG&E and KU. Insurance policies maintained by LKE, LG&E and KU may be available to cover certain of the costs or other obligations related to these matters, but the amount of insurance coverage or reimbursement cannot be estimated or assured.

See "Legal Matters" in Note 13 to the Financial Statements for additional information.

*(All Registrants)*

## **SEASONALITY**

The demand for and market prices of electricity and natural gas are affected by weather. As a result, the Registrants' operating results in the future may fluctuate substantially on a seasonal basis, especially when unpredictable weather conditions make such fluctuations more pronounced. The pattern of this fluctuation may change depending on the type and location of the facilities owned. See "Item 1. Business - Environmental Matters - Air" for additional information regarding climate change.

## **FINANCIAL CONDITION**

See "Financial Condition" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" for this information.

## **CAPITAL EXPENDITURE REQUIREMENTS**

See "Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash - Capital Expenditures" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" for information concerning projected capital expenditure requirements for 2020 through 2024. See "Item 1. Business - Environmental Matters" for additional information concerning the potential impact on capital expenditures from environmental matters.

## **EMPLOYEE RELATIONS**

At December 31, 2019, PPL and its subsidiaries had the following full-time employees and employees represented by labor unions:

	<b>Total Full-Time Employees</b>	<b>Number of Union Employees</b>	<b>Percentage of Total Workforce</b>
PPL	12,280	5,787	47%
PPL Electric	1,562	918	59%
LKE	3,480	786	23%
LG&E	1,039	668	64%
KU	890	118	13%

PPL's domestic workforce has 1,862 employees, or 33%, that are members of labor unions.

WPD has 3,925 employees who are members of labor unions (or 60% of PPL's U.K. workforce). WPD recognizes four unions, the largest of which represent 41% of its union workforce. WPD's Electricity Business Agreement, which covers 3,868 union employees, may be amended by agreement between WPD and the unions and can be terminated with 12 months' notice by either side.

## **CYBERSECURITY MANAGEMENT**

The Registrants and their subsidiaries are subject to risks from cyber-attacks that have the potential to cause significant interruptions to the operation of their businesses. The frequency of these attempted intrusions has increased in recent years and the sources, motivations and techniques of attack continue to evolve and change rapidly. PPL has adopted a variety of measures to monitor and address cyber-related risks. Cybersecurity and the effectiveness of PPL's cybersecurity strategy are regular topics of discussion at Board meetings. PPL's strategy for managing cyber-related risks is risk-based and, where appropriate, integrated within PPL's enterprise risk management processes. PPL's Chief Information Security Officer (CISO), who reports directly to the Chief Executive Officer, leads a dedicated cybersecurity team and is responsible for the design, implementation, and execution of cyber-risk management strategy. Among other things, the CISO and the cybersecurity team actively monitor the Registrants' systems, regularly review policies, compliance, regulations and best practices, perform penetration testing, lead response exercises and internal campaigns, and provide training and communication across the organization to strengthen secure behavior. The cybersecurity team also routinely participates in industry-wide programs to further information sharing, intelligence gathering, and unity of effort in responding to potential or actual attacks. In addition, in 2018, PPL revised and formalized its internal policy and procedures for communicating cybersecurity incidents on an enterprise-wide basis.

In addition to these enterprise-wide initiatives, PPL's Kentucky and Pennsylvania operations are subject to extensive and rigorous mandatory cybersecurity requirements that are developed and enforced by NERC and approved by FERC to protect grid security and reliability. Finally, PPL purchases insurance to protect against a wide range of costs that could be incurred in connection with cyber-related incidents. There can be no assurance, however, that these efforts will be effective to prevent interruption of services or other damage to the Registrants' businesses or operations or that PPL's insurance coverage will cover all costs incurred in connection with any cyber-related incident.

## **AVAILABLE INFORMATION**

PPL's Internet website is [www.pplweb.com](http://www.pplweb.com). Under the Investors heading of that website, PPL provides access to SEC filings of the Registrants (including annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to these reports filed or furnished pursuant to Section 13(d) or 15(d)) free of charge, as soon as reasonably practicable after filing with the SEC. Additionally, the Registrants' filings are available at the SEC's website ([www.sec.gov](http://www.sec.gov)).

## **ITEM 1A. RISK FACTORS**

The Registrants face various risks associated with their businesses. Our businesses, financial condition, cash flows or results of operations could be materially adversely affected by any of these risks. In addition, this report also contains forward-looking and other statements about our businesses that are subject to numerous risks and uncertainties. See "Forward-Looking Information," "Item 1. Business," "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" and Note 13 to the Financial Statements for more information concerning the risks described below and for other risks, uncertainties and factors that could impact our businesses and financial results.

As used in this Item 1A., the terms "we," "our" and "us" generally refer to PPL and its consolidated subsidiaries taken as a whole, or PPL Electric and its consolidated subsidiaries taken as a whole within the Pennsylvania Regulated segment discussion, or LKE and its consolidated subsidiaries taken as a whole within the Kentucky Regulated segment discussion.

### **Order of Subsection Presentation**

- A. Risks Related to Our U.K. Regulated Segment**
- B. Risks Related to Registrant Holding Companies**
- C. Risks Related to Domestic Regulated Utility Operations**
- D. Risks Specific to Kentucky Regulated Segment**
- E. Risks Specific to Pennsylvania Regulated Segment**
- F. Risks Related to All Segments**

(PPL)

#### **A. Risks Related to Our U.K. Regulated Segment**

*Our U.K. distribution business contributes a significant amount of PPL's earnings and exposes us to the following additional risks related to operating outside the U.S., including risks associated with changes in U.K. laws and regulations, taxes, economic conditions and political conditions and policies of the U.K. government and the European Union. These risks may adversely impact the results of operations of our U.K. distribution business or affect our ability to access U.K. revenues for payment of distributions or for other corporate purposes in the U.S.*

- changes in laws or regulations relating to U.K. operations, including rate regulations beginning in April 2023 under RIIO-ED2, operational performance and tax laws and regulations;
- changes in government policies, personnel or approval requirements;
- changes in general economic conditions affecting the U.K.;
- regulatory reviews of tariffs for DNOs;
- changes in labor relations;
- limitations on foreign investment or ownership of projects and returns or distributions to foreign investors;
- limitations on the ability of foreign companies to borrow money from foreign lenders and lack of local capital or loans;
- changes in U.S. tax law applicable to taxation of foreign earnings;
- compliance with U.S. foreign corrupt practices laws; and
- prolonged periods of low inflation or deflation.

*PPL's earnings may be adversely affected by the U.K. withdrawal from the European Union.*

In 2019, approximately 56% of PPL's net income was generated from its U.K. businesses. Significant uncertainty continues to exist concerning the financial, foreign currency exchange rate and other consequences of the U.K. withdrawal from the European Union, including the outcome of negotiations between the U.K. and European Union as to the terms to be negotiated by December 31, 2020 concerning trade, security and certain other matters. PPL cannot predict the impact on PPL's U.K. operations that may be experienced as a result of these negotiations, although such impacts could be material.

*We are subject to foreign currency exchange rate risks because a significant portion of our cash flows and reported earnings are currently generated by our U.K. business operations.*

These risks relate primarily to changes in the relative value of the British pound sterling and the U.S. dollar between the time we initially invest U.S. dollars in our U.K. businesses, and our strategy to hedge against such changes, and the time that cash is repatriated to the U.S. from the U.K., including cash flows from our U.K. businesses that may be distributed to PPL or used for repayments of intercompany loans or other general corporate purposes. In addition, PPL's consolidated reported earnings on a

GAAP basis may be subject to earnings translation risk, which results from the conversion of earnings as reported in our U.K. businesses on a British pound sterling basis to a U.S. dollar basis in accordance with GAAP requirements.

***Our U.K. segment's earnings are subject to variability based on fluctuations in RPI, which is a measure of inflation.***

In RIIO-ED1, WPD's base revenue was established by Ofgem based on 2012/13 prices. Base revenue is subsequently adjusted to reflect any increase or decrease in RPI for each year to determine the amount of revenue WPD can collect in tariffs. The RPI is forecasted annually by HM Treasury and subject to true-up in subsequent years. Consequently, fluctuations between forecasted and actual RPI can result in variances in base revenue. Although WPD also has debt indexed to RPI and certain components of operations and maintenance expense are affected by inflation, these may not offset changes in base revenue and timing of such offsets would likely not be correlated precisely with the calendar year in which the variance in demand revenue was initially incurred. Further, as RAV is indexed to RPI under U.K. rate regulations, a reduction in RPI could adversely affect a borrower's debt-to-RAV ratio, potentially limiting future borrowings at WPD's holding company.

***Our U.K. delivery business is subject to revenue variability based on operational performance.***

Our U.K. delivery businesses operate under an incentive-based regulatory framework. Managing operational risk and delivering agreed-upon performance are critical to the U.K. Regulated segment's financial performance. Disruption to these distribution networks could reduce profitability both directly by incurring costs for network restoration and also through the system of penalties and rewards that Ofgem administers relating to customer service levels.

***Our ability to collect current levels of pension deficit funding for certain WPD pension plans after March 2021 is uncertain.***

WPD recovers approximately 80% of pension deficit funding for certain of WPD's defined benefit pension plans in conjunction with actual costs under the RIIO-ED1 price control. The pension deficit is determined by the pension trustees on a triennial basis in accordance with their funding requirements. Pension deficit funding recovered in revenues was £151 million, £147 million and £142 million in 2019, 2018 and 2017. WPD expects similar amounts to be collected in revenues through March 31, 2021, but cannot predict amounts that will be collected in revenues beyond then as the plans are approaching a fully funded status. The current triennial pension review commenced in March 2019 and is expected to conclude by the end of 2020.

***A failure by any of our U.K. regulated businesses to comply with the terms of a distribution license may lead to the issuance of an enforcement order by Ofgem that could have an adverse impact on PPL.***

Ofgem has powers to levy fines of up to ten percent of revenue for any breach of a distribution license or, in certain circumstances, such as insolvency, the distribution license itself may be revoked. Ofgem also has formal powers to propose modifications to each distribution license and there can be no assurance that a restrictive modification will not be introduced in the future, which could have an adverse effect on the operations and financial condition of the U.K. regulated businesses and PPL.

*(PPL and LKE)*

## **B. Risk Related to Registrant Holding Companies**

***PPL and LKE are holding companies and their cash flows and ability to meet their obligations with respect to indebtedness and under guarantees, and PPL's ability to pay dividends, largely depends on the financial performance of their respective subsidiaries and, as a result, is effectively subordinated to all existing and future liabilities of those subsidiaries.***

PPL and LKE are holding companies and conduct their operations primarily through subsidiaries. Substantially all of the consolidated assets of these Registrants are held by their subsidiaries. Accordingly, these Registrants' cash flows and ability to meet debt and guaranty obligations, as well as PPL's ability to pay dividends, are largely dependent upon the earnings of those subsidiaries and the distribution or other payment of such earnings in the form of dividends, distributions, loans, advances or repayment of loans and advances. The subsidiaries are separate legal entities and have no obligation to pay dividends or distributions to their parents or to make funds available for such a payment. The ability of the Registrants' subsidiaries to pay dividends or distributions in the future will depend on the subsidiaries' future earnings and cash flows and the needs of their businesses, and may be restricted by their obligations to holders of their outstanding debt and other creditors, as well as any contractual or legal restrictions in effect at such time, including the requirements of state corporate law applicable to payment of dividends and distributions, and regulatory requirements, including restrictions on the ability of PPL Electric, LG&E and KU to pay dividends under Section 305(a) of the Federal Power Act.

Because PPL and LKE are holding companies, their debt and guaranty obligations are effectively subordinated to all existing and future liabilities of their subsidiaries. Although certain agreements to which certain subsidiaries are parties limit their ability to incur additional indebtedness, PPL and LKE and their subsidiaries retain the ability to incur substantial additional indebtedness and other liabilities. Therefore, PPL's and LKE's rights and the rights of their creditors, including rights of debt holders, to participate in the assets of any of their subsidiaries, in the event that such a subsidiary is liquidated or reorganized, will be subject to the prior claims of such subsidiary's creditors.

*(PPL Electric, LG&E and KU)*

### **C. Risks Related to Domestic Regulated Utility Operations**

Our domestic regulated utility businesses face many of the same risks, in addition to those risks that are unique to each of the Kentucky Regulated and Pennsylvania Regulated segments. Set forth below are risk factors common to both domestic regulated segments, followed by sections identifying separately the risks specific to each of these segments.

***Our profitability is highly dependent on our ability to recover the costs of providing energy and utility services to our customers and earn an adequate return on our capital investments. Regulators may not approve the rates we request and existing rates may be challenged.***

The rates we charge our utility customers must be approved by one or more federal or state regulatory commissions, including the FERC, KPSC, VSCC and PUC. Although rate regulation is generally premised on the recovery of prudently incurred costs and a reasonable rate of return on invested capital, there can be no assurance that regulatory authorities will consider all of our costs to have been prudently incurred or that the regulatory process by which rates are determined will always result in rates that achieve full or timely recovery of our costs or an adequate return on our capital investments. Federal or state agencies, intervenors and other permitted parties may challenge our current or future rate requests, structures or mechanisms, and ultimately reduce, alter or limit the rates we receive. Although our rates are generally regulated based on an analysis of our costs incurred in a base year or on future projected costs, the rates we are allowed to charge may or may not match our costs at any given time. Our domestic regulated utility businesses are subject to substantial capital expenditure requirements over the next several years, which will likely require rate increase requests to the regulators. If our costs are not adequately recovered through rates, it could have an adverse effect on our business, results of operations, cash flows and financial condition.

***Our domestic utility businesses are subject to significant and complex governmental regulation.***

In addition to regulating the rates we charge, various federal and state regulatory authorities regulate many aspects of our domestic utility operations, including:

- the terms and conditions of our service and operations;
- financial and capital structure matters;
- siting, construction and operation of facilities;
- mandatory reliability and safety standards under the Energy Policy Act of 2005 and other standards of conduct;
- accounting, depreciation and cost allocation methodologies;
- tax matters;
- affiliate transactions;
- acquisition and disposal of utility assets and issuance of securities; and
- various other matters, including energy efficiency.

Such regulations or changes thereto may subject us to higher operating costs or increased capital expenditures and failure to comply could result in sanctions or possible penalties which may not be recoverable from customers.

***Our domestic regulated businesses undertake significant capital projects and these activities are subject to unforeseen costs, delays or failures, as well as risk of inadequate recovery of resulting costs.***

The domestic regulated utility businesses are capital intensive and require significant investments in energy generation (in the case of LG&E and KU) and transmission, distribution and other infrastructure projects, such as projects for environmental compliance and system reliability. The completion of these projects without delays or cost overruns is subject to risks in many areas, including:

- approval, licensing and permitting;
- land acquisition and the availability of suitable land;

- skilled labor or equipment shortages;
- construction problems or delays, including disputes with third-party intervenors;
- increases in commodity prices or labor rates; and
- contractor performance.

Failure to complete our capital projects on schedule or on budget, or at all, could adversely affect our financial performance, operations and future growth if such expenditures are not granted rate recovery by our regulators.

***We are or may be subject to costs of remediation of environmental contamination at facilities owned or operated by our former subsidiaries.***

We may be subject to liability for the costs of environmental remediation of property now or formerly owned by us with respect to substances that we may have generated regardless of whether the liabilities arose before, during or after the time we owned or operated the facilities. We also have current or previous ownership interests in sites associated with the production of manufactured gas for which we may be liable for additional costs related to investigation, remediation and monitoring of these sites. Remediation activities associated with our former manufactured gas plant operations are one source of such costs. Citizen groups or others may bring litigation regarding environmental issues including claims of various types, such as property damage, personal injury and citizen challenges to compliance decisions on the enforcement of environmental requirements, which could subject us to penalties, injunctive relief and the cost of litigation. We cannot predict the amount and timing of all future expenditures (including the potential or magnitude of fines or penalties) related to such environmental matters, although they could be material.

#### **D. Risks Specific to Kentucky Regulated Segment**

*(PPL, LKE, LG&E and KU)*

***We are subject to financial, operational, regulatory and other risks related to requirements, developments and uncertainties in environmental regulation, including those affecting coal-fired generation facilities.***

Extensive federal, state and local environmental laws and regulations are applicable to LG&E's and KU's generation supply, including its air emissions, water discharges (ELGs) and the management of hazardous and solid wastes (CCRs), among other business-related activities, and the costs of compliance or alleged non-compliance cannot be predicted but could be material. In addition, our costs may increase significantly if the requirements or scope of environmental laws, regulations or similar rules are expanded or changed as the environmental standards governing LG&E's and KU's businesses, particularly as applicable to coal-fired generation and related activities, continue to be subject to uncertainties due to rulemaking and other regulatory developments, legislative activities and litigation, administrative or permit challenges. Depending on the extent, frequency and timing of such changes, the companies may face higher risks of unsuccessful implementation of environmental-related business plans, noncompliance with applicable environmental rules, delayed or incomplete rate recovery or increased costs of implementation. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or forfeitures, operational changes, permit limitations or other restrictions. At some of our older generating facilities it may be uneconomic for us to install necessary pollution control equipment, which could cause us to retire those units. Market prices for energy and capacity also affect this cost-effectiveness analysis. Many of these environmental law considerations are also applicable to the operations of our key suppliers or customers, such as coal producers, power producers and industrial power users, and may impact the costs of their products and demand for our services.

*(PPL, LKE and LG&E)*

***We are subject to operational, regulatory and other risks regarding natural gas supply infrastructure.***

A natural gas pipeline explosion or associated incident could have a significant impact on LG&E's natural gas operations or result in significant damages and penalties that could have an adverse impact on LG&E's financial position and results of operations. The Pipeline and Hazardous Materials Safety Administration enforces regulations that govern the design, construction, operation and maintenance of pipeline facilities. Failure to comply with these regulations could result in the assessment of fines or penalties against LG&E. These regulations require, among other things, that pipeline operators engage in a pipeline integrity program. Depending on the results of these integrity tests and other integrity program activities, we could incur significant and unexpected costs to perform remedial activities on our natural gas infrastructure to ensure our continued safe and reliable operation. Recent pipeline incidents in the U.S. have also led to the introduction of proposed rules and possible federal legislative actions which could impose restrictions on LG&E's operations or require more stringent testing to

ensure pipeline integrity. Implementation of these regulations could increase our costs to comply with pipeline integrity and safety regulations.

## **E. Risks Specific to Pennsylvania Regulated Segment**

*(PPL and PPL Electric)*

***We face competition for transmission projects, which could adversely affect our rate base growth.***

FERC Order 1000, issued in July 2011, establishes certain procedural and substantive requirements relating to participation, cost allocation and non-incumbent developer aspects of regional and inter-regional electricity transmission planning activities. The PPL Electric transmission business, operating under a FERC-approved PJM Open Access Transmission Tariff, is subject to competition pursuant to FERC Order 1000 from entities that are not incumbent PJM transmission owners with respect to the construction and ownership of transmission facilities within PJM. Increased competition can result in lower rate base growth.

***We could be subject to higher costs and/or penalties related to Pennsylvania Conservation and Energy Efficiency Programs.***

PPL Electric is subject to Act 129, which contains requirements for energy efficiency and conservation programs and for the use of smart metering technology, imposes PLR electricity supply procurement rules, provides remedies for market misconduct, and made changes to the existing Alternative Energy Portfolio Standard. The law also requires electric utilities to meet specified goals for reduction in customer electricity usage and peak demand. Utilities not meeting these Act 129 requirements are subject to significant penalties that cannot be recovered in rates. Numerous factors outside of our control could prevent compliance with these requirements and result in penalties to us.

## **F. Risks Related to All Segments**

*(All Registrants)*

***The operation of our businesses is subject to cyber-based security and data integrity risks.***

Numerous functions affecting the efficient operation of our businesses are dependent on the secure and reliable storage, processing and communication of electronic data and the use of sophisticated computer hardware and software systems. The operation of our transmission and distribution systems, as well as our generation plants, are all reliant on cyber-based technologies and, therefore, subject to the risk that these systems could be the target of disruptive actions by terrorists or criminals or otherwise be compromised by unintentional events. As a result, operations could be interrupted, property could be damaged and sensitive customer information lost or stolen, causing us to incur significant losses of revenues, other substantial liabilities and damages, costs to replace or repair damaged equipment and damage to our reputation. In addition, under the Energy Policy Act of 2005, users, owners and operators of the bulk power transmission system, including PPL Electric, LG&E and KU, are subject to mandatory reliability standards promulgated by NERC and enforced by FERC. As an operator of natural gas distribution systems, LG&E is also subject to mandatory reliability standards of the U.S. Department of Transportation. Failure to comply with these standards could result in the imposition of fines or civil penalties, and potential exposure to third party claims for alleged violations of the standards.

***We are subject to risks associated with federal and state tax laws and regulations.***

Changes in tax law as well as the inherent difficulty in quantifying potential tax effects of business decisions could negatively impact our results of operations and cash flows. We are required to make judgments in order to estimate our obligations to taxing authorities. These tax obligations include income, property, gross receipts, franchise, sales and use, employment-related and other taxes. We also estimate our ability to utilize deferred tax assets and tax credits. Dependent upon the revenue needs of the jurisdictions in which our businesses operate, various tax and fee increases may be proposed or considered. We cannot predict changes in tax law or regulation or the effect of any such changes on our businesses. Any such changes could increase tax expense and could have a significant negative impact on our results of operations and cash flows. We have completed or made reasonable estimates of the effects of the TCJA reflected in our December 31, 2018 financial statements, and we continue to evaluate the application of the law in calculating income tax expense.

***Increases in electricity prices and/or a weak economy, can lead to changes in legislative and regulatory policy, including the promotion of energy efficiency, conservation and distributed generation or self-generation, which may adversely impact our business.***

Energy consumption is significantly impacted by overall levels of economic activity and costs of energy supplies. Economic downturns or periods of high energy supply costs can lead to changes in or the development of legislative and regulatory policy designed to promote reductions in energy consumption and increased energy efficiency, alternative and renewable energy sources, and distributed or self-generation by customers. This focus on conservation, energy efficiency and self-generation may result in a decline in electricity demand, which could adversely affect our business.

***We could be negatively affected by rising interest rates, downgrades to our credit ratings, adverse credit market conditions or other negative developments in our ability to access capital markets.***

Our businesses are capital-intensive and, in the ordinary course of business, we are reliant upon adequate long-term and short-term financing to fund our significant capital expenditures, debt service and operating needs. As a result, we are sensitive to developments in interest rates, credit rating considerations, insurance, security or collateral requirements, market liquidity and credit availability and refinancing opportunities necessary or advisable to respond to credit market changes. Changes in these conditions could result in increased costs and decreased availability of credit. In addition, certain sources of debt and equity capital have expressed reservations about investing in companies that rely on fossil fuels. If sources of our capital are reduced, capital costs could increase materially.

***A downgrade in our credit ratings could negatively affect our ability to access capital and increase the cost of maintaining our credit facilities and any new debt.***

Credit ratings assigned by Moody's and S&P to our businesses and their financial obligations have a significant impact on the cost of capital incurred by our businesses. A ratings downgrade could increase our short-term borrowing costs and negatively affect our ability to fund liquidity needs and access new long-term debt at acceptable interest rates. See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Liquidity and Capital Resources - Ratings Triggers" for additional information on the financial impact of a downgrade in our credit ratings.

***Our operating revenues could fluctuate on a seasonal basis, especially as a result of extreme weather conditions.***

Our businesses are subject to seasonal demand cycles. For example, in some markets demand for, and market prices of, electricity peak during hot summer months, while in other markets such peaks occur in cold winter months. As a result, our overall operating results may fluctuate substantially on a seasonal basis if weather conditions diverge adversely from seasonal norms.

***Operating expenses could be affected by weather conditions, including storms, as well as by significant man-made or accidental disturbances, including terrorism or natural disasters.***

Weather and other factors can significantly affect our profitability or operations by causing outages, damaging infrastructure and requiring significant repair costs. Storm outages and damage often directly decrease revenues and increase expenses, due to reduced usage and restoration costs.

***Our businesses are subject to physical, market and economic risks relating to potential effects of climate change.***

Climate change may produce changes in weather or other environmental conditions, including temperature or precipitation levels, and thus may impact consumer demand for electricity. In addition, the potential physical effects of climate change, such as increased frequency and severity of storms, floods, and other climatic events, could disrupt our operations and cause us to incur significant costs to prepare for or respond to these effects. These or other meteorological changes could lead to increased operating costs, capital expenses or power purchase costs. Greenhouse gas regulation could increase the cost of electricity, particularly power generated by fossil fuels, and such increases could have a depressive effect on regional economies. Reduced economic and consumer activity in our service areas -- both generally and specific to certain industries and consumers accustomed to previously lower cost power -- could reduce demand for the power we generate, market and deliver. Also, demand for our energy-related services could be similarly lowered by consumers' preferences or market factors favoring energy efficiency, low-carbon power sources or reduced electricity usage.

***We cannot predict the outcome of legal proceedings or investigations related to our businesses in which we are periodically involved. An unfavorable outcome or determination in any of these matters could have a material adverse effect on our financial condition, results of operations or cash flows.***

We are involved in legal proceedings, claims and litigation and periodically are subject to state and federal investigations arising out of our business operations, the most significant of which are summarized in Item 1. Business and "Regulatory

Matters" in Note 7 to the Financial Statements and in "Legal Matters" and "Regulatory Issues" in Note 13 to the Financial Statements. We cannot predict the ultimate outcome of these matters, nor can we reasonably estimate the costs or liabilities that could potentially result from a negative outcome in each case.

***Significant increases in our operation and maintenance expenses, including health care and pension costs, could adversely affect our future earnings and liquidity.***

We continually focus on limiting and reducing our operation and maintenance expenses. However, we expect to continue to face increased cost pressures in our operations. Increased costs of materials and labor may result from general inflation, increased regulatory requirements (especially in respect of environmental regulations), the need for higher-cost expertise in the workforce or other factors. In addition, pursuant to collective bargaining agreements, we are contractually committed to provide specified levels of health care and pension benefits to certain current employees and retirees. These benefits give rise to significant expenses. Due to general inflation with respect to such costs, the aging demographics of our workforce and other factors, we have experienced significant health care cost inflation in recent years, and we expect our health care costs, including prescription drug coverage, to continue to increase despite measures that we have taken and expect to take to require employees and retirees to bear a higher portion of the costs of their health care benefits. In addition, we expect to continue to incur significant costs with respect to the defined benefit pension plans for our employees and retirees. The measurement of our expected future health care and pension obligations, costs and liabilities is highly dependent on a variety of assumptions, most of which relate to factors beyond our control. These assumptions include investment returns, interest rates, health care cost trends, inflation rates, benefit improvements, salary increases and the demographics of plan participants. If our assumptions prove to be inaccurate, our future costs and cash contribution requirements to fund these benefits could increase significantly.

***We may incur liabilities in connection with discontinued operations.***

In connection with various divestitures, and certain other transactions, we have indemnified or guaranteed parties against certain liabilities. These indemnities and guarantees relate, among other things, to liabilities which may arise with respect to the period during which we or our subsidiaries operated a divested business, and to certain ongoing contractual relationships and entitlements with respect to which we or our subsidiaries made commitments in connection with the divestiture. See "Guarantees and Other Assurances" in Note 13 to the Financial Statements.

***We are subject to liability risks relating to our generation, transmission and distribution operations.***

The conduct of our physical and commercial operations subjects us to many risks, including risks of potential physical injury, property damage or other financial liability, caused to or by employees, customers, contractors, vendors, contractual or financial counterparties and other third parties.

***Our facilities may not operate as planned, which may increase our expenses and decrease our revenues and have an adverse effect on our financial performance.***

Operation of power plants, transmission and distribution facilities, information technology systems and other assets and activities subjects us to a variety of risks, including the breakdown or failure of equipment, accidents, security breaches, viruses or outages affecting information technology systems, labor disputes, obsolescence, delivery/transportation problems and disruptions of fuel supply and performance below expected levels. These events may impact our ability to conduct our businesses efficiently and lead to increased costs, expenses or losses. Operation of our delivery systems below our expectations may result in lost revenue and increased expense, including higher maintenance costs, which may not be recoverable from customers. Planned and unplanned outages at our power plants may require us to purchase power at then-current market prices to satisfy our commitments or, in the alternative, pay penalties and damages for failure to satisfy them.

Although we maintain insurance coverage for certain of these risks, we do not carry insurance for all of these risks and no assurance can be given that such insurance coverage will be sufficient to compensate us in the event losses occur.

***We are required to obtain, and to comply with, government permits and approvals.***

We are required to obtain, and to comply with, numerous permits, approvals, licenses and certificates from governmental agencies. The process of obtaining and renewing necessary permits can be lengthy and complex and sometimes result in the establishment of permit conditions that make the project or activity for which a permit was sought unprofitable or otherwise unattractive. In addition, such permits or approvals may be subject to denial, revocation or modification under circumstances. Failure to obtain or comply with the conditions of permits or approvals, or failure to comply with any applicable laws or regulations, may result in delay or temporary suspension of our operations and electricity sales or the curtailment of our power delivery and may subject us to penalties and other sanctions. Although various regulators routinely renew existing licenses, renewal could be denied or jeopardized by various factors, including failure to provide adequate financial assurance for closure; failure to comply with environmental, health and safety laws and regulations or permit conditions; local community, political or other opposition; and executive, legislative or regulatory action.

Our cost or inability to obtain and comply with the permits and approvals required for our operations could have a material adverse effect on our operations and cash flows. In addition, new environmental legislation or regulations, if enacted, or changed interpretations of existing laws may elicit claims that historical routine modification activities at our facilities violated applicable laws and regulations. In addition to the possible imposition of fines in such cases, we may be required to undertake significant capital investments in pollution control technology and obtain additional operating permits or approvals, which could have an adverse impact on our business, results of operations, cash flows and financial condition.

***War, other armed conflicts or terrorist attacks could have a material adverse effect on our business.***

War, terrorist attacks and unrest have caused and may continue to cause instability in the world's financial and commercial markets and have contributed to high levels of volatility in prices for oil and gas. In addition, unrest in the Middle East could lead to acts of terrorism in the United States, the United Kingdom or elsewhere, and acts of terrorism could be directed against companies such as ours. Armed conflicts and terrorism and their effects on us or our markets may significantly affect our business and results of operations in the future. In addition, we may incur increased costs for security, including additional physical plant security and security personnel or additional capability following a terrorist incident.

***We are subject to counterparty performance, credit or other risk in the provision of goods or services to us, which could adversely affect our ability to operate our facilities or conduct business activities.***

We purchase from a variety of suppliers energy, capacity, fuel, natural gas, transmission service and certain commodities used in the physical operation of our businesses, as well as goods or services, including information technology rights and services, used in the administration of our businesses. Delivery of these goods and services is dependent on the continuing operational performance and financial viability of our contractual counterparties and also the markets, infrastructure or third parties they use to provide such goods and services to us. As a result, we are subject to risks of disruptions, curtailments or increased costs in the operation of our businesses if such goods or services are unavailable or become subject to price spikes or if a counterparty fails to perform. Such disruptions could adversely affect our ability to operate our facilities or deliver services and collect revenues, which could result in lower sales and/or higher costs and thereby adversely affect our results of operations. The performance of coal markets and producers may be the subject of increased counterparty risk to LKE, LG&E and KU currently due to weaknesses in such markets and suppliers. The coal industry is subject to increasing competitive pressures from natural gas markets, political pressures and new or more stringent environmental regulation, including regulation of combustion byproducts and water inputs or discharges.

***We are subject to the risk that our workforce and its knowledge base may become depleted in coming years.***

We are experiencing an increase in attrition due primarily to the number of retiring employees, with the risk that critical knowledge will be lost and that it may be difficult to replace departed personnel, and to attract and retain new personnel, with appropriate skills and experience, due to an increase in competition for such workers.

**ITEM 1B. UNRESOLVED STAFF COMMENTS**

**PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

None.

## ITEM 2. PROPERTIES

### U.K. Regulated Segment (PPL)

For a description of WPD's service territory, see "Item 1. Business - General - Segment Information - U.K. Regulated Segment." WPD has electric distribution lines in public streets and highways pursuant to legislation and rights-of-way secured from property owners. At December 31, 2019, WPD's distribution system in the U.K. includes 1,882 substations with a total capacity of 74 million kVA, 55,757 circuit miles of overhead lines and 84,977 underground cable miles.

### Kentucky Regulated Segment (PPL, LKE, LG&E and KU)

LG&E's and KU's properties consist primarily of regulated generation facilities, electricity transmission and distribution assets and natural gas transmission and distribution assets in Kentucky. The capacity of generation units is based on a number of factors, including the operating experience and physical condition of the units, and may be revised periodically to reflect changed circumstances. The electricity generating capacity at December 31, 2019 was:

Primary Fuel/Plant	Total MW Capacity Summer	LKE	LG&E		KU	
		Ownership or Other Interest in MW	% Ownership or Other Interest	Ownership or Other Interest in MW	% Ownership or Other Interest	Ownership or Other Interest in MW
<b>Coal</b>						
Ghent - Units 1- 4	1,919	1,919			100.00	1,919

<b>Total</b>	<u>7,867</u>	<u>7,561</u>		<u>2,786</u>		<u>4,775</u>

- (a) Trimble County Unit 1 and Trimble County Unit 2 are jointly owned with Illinois Municipal Electric Agency and Indiana Municipal Power Agency. Each owner is entitled to its proportionate share of the units' total output and funds its proportionate share of capital, fuel and other operating costs. See Note 12 to the Financial Statements for additional information.
- (b) There is an inlet air cooling system attributable to these units. This inlet air cooling system is not jointly owned; however, it is used to increase production on the units to which it relates, resulting in an additional 12 MW of capacity for LG&E and an additional 86 MW of capacity for KU.
- (c) This unit is a 10 MW facility and achieves such production. The 8 MW solar facility summer capacity rating is reflective of an average expected output across the peak hours during the summer period based on average weather conditions at the solar facility.

For a description of LG&E's and KU's service areas, see "Item 1. Business - General - Segment Information - Kentucky Regulated Segment." At December 31, 2019, LG&E's transmission system included, in the aggregate, 45 substations (31 of which are shared with the distribution system) with a total capacity of 8 million kVA and 669 pole miles of lines. LG&E's distribution system included 96 substations (31 of which are shared with the transmission system) with a total capacity of 5

million kVA, 3,884 circuit miles of overhead lines and 2,660 underground cable miles. KU's transmission system included 141 substations (61 of which are shared with the distribution system) with a total capacity of 14 million kVA and 4,062 pole miles of lines. KU's distribution system included 469 substations (61 of which are shared with the transmission system) with a total capacity of 8 million kVA, 14,020 circuit miles of overhead lines and 2,593 underground cable miles.

LG&E's natural gas transmission system includes 4,384 miles of gas distribution mains and 371 miles of gas transmission mains, consisting of 234 miles of gas transmission pipeline, 117 miles of gas transmission storage lines, 20 miles of gas combustion turbine lines and one mile of gas transmission pipeline in regulator facilities. Five underground natural gas storage fields, with a total working natural gas capacity of approximately 15 Bcf, are used in providing natural gas service to ultimate consumers. KU's service area includes an additional 11 miles of gas transmission pipeline providing gas supply to natural gas combustion turbine electricity generating units.

Substantially all of LG&E's and KU's respective real and tangible personal property located in Kentucky and used or to be used in connection with the generation, transmission and distribution of electricity and, in the case of LG&E, the storage and distribution of natural gas, is subject to the lien of either the LG&E 2010 Mortgage Indenture or the KU 2010 Mortgage Indenture. See Note 8 to the Financial Statements for additional information.

LG&E and KU continuously reexamine development projects based on market conditions and other factors to determine whether to proceed with the projects, sell, cancel or expand them or pursue other options. See Item 1. Business for a discussion related to LG&E's and KU's Solar Share program.

#### Pennsylvania Regulated Segment (PPL and PPL Electric)

For a description of PPL Electric's service area, see "Item 1. Business - General - Segment Information - Pennsylvania Regulated Segment." PPL Electric has electric transmission and distribution lines in public streets and highways pursuant to franchises and rights-of-way secured from property owners. At December 31, 2019, PPL Electric's transmission system includes 51 substations with a total capacity of 31 million kVA and 5,439 circuit miles in service. PPL Electric's distribution system includes 353 substations with a total capacity of 14 million kVA, 36,385 circuit miles of overhead lines and 8,517 underground circuit miles. All of PPL Electric's facilities are located in Pennsylvania. Substantially all of PPL Electric's distribution properties and certain transmission properties are subject to the lien of the PPL Electric 2001 Mortgage Indenture. See Note 8 to the Financial Statements for additional information.

### **ITEM 3. LEGAL PROCEEDINGS**

See Notes 6, 7 and 13 to the Financial Statements for information regarding legal, tax and regulatory matters and proceedings.

### **ITEM 4. MINE SAFETY DISCLOSURES**

Not applicable.

**PART II**

**ITEM 5. MARKET FOR THE REGISTRANT'S COMMON EQUITY,  
RELATED STOCKHOLDER MATTERS AND  
ISSUER PURCHASES OF EQUITY SECURITIES**

See "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations - Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash" for information regarding certain restrictions on the ability to pay dividends for all Registrants.

**PPL Corporation**

Additional information for this item is set forth in the sections entitled "Quarterly Financial and Dividend Data," "Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters" and "Shareowner and Investor Information" of this report. At January 31, 2020, there were 51,702 common stock shareowners of record.

There were no purchases by PPL of its common stock during the fourth quarter of 2019.

**PPL Electric Utilities Corporation**

There is no established public trading market for PPL Electric's common stock, as PPL owns 100% of the outstanding common shares. Dividends paid to PPL on those common shares are determined by PPL Electric's Board of Directors. PPL Electric paid common stock dividends to PPL of \$486 million in 2019 and \$390 million in 2018.

**LG&E and KU Energy LLC**

There is no established public trading market for LKE's membership interests. PPL owns all of LKE's outstanding membership interests. Distributions on the membership interests are paid as determined by LKE's Board of Directors. LKE made cash distributions to PPL of \$308 million in 2019 and \$302 million in 2018.

**Louisville Gas and Electric Company**

There is no established public trading market for LG&E's common stock, as LKE owns 100% of the outstanding common shares. Dividends paid to LKE on those common shares are determined by LG&E's Board of Directors. LG&E paid common stock dividends to LKE of \$182 million in 2019 and \$156 million in 2018.

**Kentucky Utilities Company**

There is no established public trading market for KU's common stock, as LKE owns 100% of the outstanding common shares. Dividends paid to LKE on those common shares are determined by KU's Board of Directors. KU paid common stock dividends to LKE of \$229 million in 2019 and \$246 million in 2018.

## ITEM 6. SELECTED FINANCIAL AND OPERATING DATA

<b>PPL Corporation (a) (b)</b>	<b>2019</b>	<b>2018</b>	<b>2017</b>	<b>2016</b>	<b>2015</b>

(a) The earnings each year were affected by several items that management considers special. See "Results of Operations - Segment Earnings" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" for a description of special items in 2019 and 2018. The earnings for 2015 were also affected by the spinoff of PPL Energy Supply and the sale of the Montana hydroelectric generating facilities.

(b) See "Item 1A. Risk Factors" and Notes 1, 7 and 13 to the Financial Statements for a discussion of uncertainties that could affect PPL's future financial condition.

(c) 2015 through 2017 reflect the retrospective application of new accounting guidance related to the income statement presentation of net periodic benefit costs adopted by PPL in January 2018.

(d) 2015 reflects the impact of the spinoff of PPL Energy Supply and a \$3.2 billion related dividend.

(e) Based on diluted EPS.

(f) 2015 includes an \$879 million loss on the spinoff of PPL Energy Supply, reflecting the difference between PPL's recorded value for the Supply segment and the estimated fair value determined in accordance with GAAP. 2015 also includes five months of Supply segment earnings.

(g) Based on year-end market prices.

**ITEM 6. SELECTED FINANCIAL AND OPERATING DATA**

**PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

Item 6 is omitted as PPL Electric, LKE, LG&E and KU meet the conditions set forth in General Instructions (I)(1)(a) and (b) of Form 10-K.

## **Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations**

*(All Registrants)*

This "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" is separately filed by PPL, PPL Electric, LKE, LG&E and KU. Information contained herein relating to any individual Registrant is filed by such Registrant solely on its own behalf, and no Registrant makes any representation as to information relating to any other Registrant. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrant's related activities and disclosures. Within combined disclosures, amounts are disclosed for individual Registrants when significant.

The following should be read in conjunction with the Registrants' Consolidated Financial Statements and the accompanying Notes. Capitalized terms and abbreviations are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted.

"Management's Discussion and Analysis of Financial Condition and Results of Operations" includes the following information:

- "Overview" provides a description of each Registrant's business strategy and a discussion of important financial and operational developments.
- "Results of Operations" for all Registrants includes a "Statement of Income Analysis," which discusses significant changes in principal line items on the Statements of Income, comparing 2019 with 2018. For PPL, "Results of Operations" also includes "Segment Earnings" and "Adjusted Gross Margins" which provide a detailed analysis of earnings by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins" and provide explanations of the non-GAAP financial measures and a reconciliation of the non-GAAP financial measures to the most comparable GAAP measure. The "2020 Outlook" discussion identifies key factors expected to impact 2020 earnings.
- "Financial Condition - Liquidity and Capital Resources" provides an analysis of the Registrants' liquidity positions and credit profiles. This section also includes a discussion of forecasted sources and uses of cash and rating agency actions.
- "Financial Condition - Risk Management" provides an explanation of the Registrants' risk management programs relating to market and credit risk.
- "Application of Critical Accounting Policies" provides an overview of the accounting policies that are particularly important to the results of operations and financial condition of the Registrants and that require their management to make significant estimates, assumptions and other judgments of inherently uncertain matters.

For comparison of the Registrants' results of operations and cash flows for the years ended December 31, 2018 to December 31, 2017, refer to "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" in the 2018 Form 10-K, filed with the SEC on February 14, 2019.

### **Overview**

For a description of the Registrants and their businesses, see "Item 1. Business."

### **Business Strategy**

*(All Registrants)*

PPL operates seven fully regulated high-performing utilities. These utilities are located in the U.K., Pennsylvania and Kentucky, constructive regulatory jurisdictions with distinct regulatory structures and customer classes. PPL believes this business portfolio positions the company well for continued success and provides earnings and dividend growth potential.

PPL's strategy, and that of the other Registrants, is to deliver best-in-sector operational performance, invest in a sustainable energy future, maintain a strong financial foundation, and engage and develop its people. PPL's business plan is designed to achieve growth by providing efficient, reliable and safe operations and strong customer service, maintaining constructive regulatory relationships and achieving timely recovery of costs. These businesses are expected to achieve strong, long-term

growth in rate base in the U.S. and RAV in the U.K. Rate base growth is being driven by planned significant capital expenditures to maintain existing assets and improve system reliability and, for LKE, LG&E and KU, to comply with federal and state environmental regulations related to coal-fired electricity generation facilities.

For the U.S. businesses, central to PPL's strategy is recovering capital project costs efficiently through various rate-making mechanisms, including periodic base rate case proceedings using forward test years, annual FERC formula rate mechanisms and other regulatory agency-approved recovery mechanisms designed to limit regulatory lag. In Kentucky, the KPSC has adopted a series of regulatory mechanisms (ECR, DSM, GLT, fuel adjustment clause and gas supply clause) and recovery on construction work-in-progress that reduce regulatory lag and provide timely recovery of and return on, as appropriate, prudently incurred costs. In addition, the KPSC requires a utility to obtain a CPCN prior to constructing a facility, unless the construction is an ordinary extension of existing facilities in the usual course of business or does not involve sufficient capital expenditures to materially affect the utility's financial condition. Although such KPSC proceedings do not directly address cost recovery issues, the KPSC, in awarding a CPCN, concludes that the public convenience and necessity require the construction of the facility on the basis that the facility is the lowest reasonable cost alternative to address the need. In Pennsylvania, the FERC transmission formula rate, DSIC mechanism, Smart Meter Rider and other recovery mechanisms are in place to reduce regulatory lag and provide for timely recovery of and a return on, as appropriate, prudently incurred costs.

To manage financing costs and access to credit markets, and to fund capital expenditures, a key objective of the Registrants is to maintain their investment grade credit ratings and adequate liquidity positions. In addition, the Registrants have financial and operational risk management programs that, among other things, are designed to monitor and manage exposure to earnings and cash flow volatility, as applicable, related to changes in interest rates, foreign currency exchange rates and counterparty credit quality. To manage these risks, PPL generally uses contracts such as forwards, options and swaps. See "Financial Condition - Risk Management" below for further information.

Earnings generated by PPL's U.K. subsidiaries are subject to foreign currency translation risk. Because WPD's earnings represent such a significant portion of PPL's consolidated earnings, PPL enters into foreign currency contracts to economically hedge the value of the GBP versus the U.S. dollar. These hedges do not receive hedge accounting treatment under GAAP. See "Financial and Operational Developments - U.K. Membership in European Union" for additional discussion of the U.K. earnings hedging activity.

The U.K. subsidiaries also have currency exposure to the U.S. dollar to the extent of their U.S. dollar denominated debt. To manage these risks, PPL generally uses contracts such as forwards, options and cross-currency swaps that contain characteristics of both interest rate and foreign currency exchange contracts.

As discussed above, a key component of this strategy is to maintain constructive relationships with regulators in all jurisdictions in which the Registrants operate (U.K., U.S. federal and state). This is supported by a strong culture of integrity and delivering on commitments to customers, regulators and shareowners, and a commitment to continue to improve customer service, reliability and operational efficiency.

## **Financial and Operational Developments**

### *U.S. Tax Reform (All Registrants)*

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including interest deductibility and Global Intangible Low-Taxed Income (GILTI). In 2019, final and new proposed regulations were issued relating to the GILTI provisions. PPL has determined that neither the final or new proposed regulations materially change PPL's conclusion that currently no incremental tax arises under these rules. Proposed regulations relating to the limitation on the deductibility of interest expense were issued in November 2018 and such regulations provide detailed rules implementing the broader statutory provisions. These proposed regulations should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in 2020. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

### *U.K. Membership in European Union (PPL)*

Following the June 2016 referendum, on March 29, 2017, the U.K. Government invoked Article 50 (Article 50) of the Lisbon Treaty, formally beginning the two-year period provided by Article 50 for the U.K. to negotiate an agreement specifying the

terms of its withdrawal from the European Union (EU), popularly referred to as Brexit. After repeated extensions, on October 28, 2019, the EU agreed to extend the Article 50 process until January 31, 2020. The U.K. Parliament subsequently approved an early general election for December 12, 2019, which resulted in a substantial Conservative Party Parliamentary majority and subsequent U.K. and EU Parliamentary votes to approve the EU withdrawal agreement negotiated by Prime Minister Boris Johnson.

The U.K. formally left the EU on January 31, 2020 with agreed upon withdrawal terms, entering a transition period that is scheduled to end on December 31, 2020. During the transition period, the U.K. will seek to negotiate a free trade arrangement with the EU and also negotiate new trade terms with countries outside of the EU. Significant uncertainty continues to surround the outcome of the transition period. PPL believes that its greatest risk related to the remaining Brexit uncertainties is an extended period of depressed value of the GBP or the potential further decline in the value of the GBP compared to the U.S. dollar. A decline in the value of the GBP compared to the U.S. dollar will reduce the value of WPD's earnings to PPL.

PPL has executed hedges to mitigate the foreign exchange risk to its U.K. earnings. As of January 31, 2020, PPL's foreign exchange exposure related to budgeted earnings is 90% hedged for 2020 at an average rate of \$1.48 per GBP and 5% hedged for 2021 at an average rate of \$1.33 per GBP.

PPL cannot predict the impact, in either the short-term or long-term, on foreign exchange rates or PPL's financial condition that may be experienced as a result of the actions taken by the U.K. government to withdraw from the EU, although such impacts could be material.

PPL does not expect the financial condition and results of operations of WPD, itself, to change significantly as a result of Brexit. The regulatory environment and operation of WPD's businesses are not expected to change. RIIO-ED1, the current price control, with allowed revenues agreed with Ofgem runs through March 2023. The impact of a slower economy or recession on WPD would be mitigated in part because U.K. regulation provides that any reduction in the volume of electricity delivered will be recovered in allowed revenues in future periods through the K-factor adjustment. See "Item 1. Business - Segment Information - U.K. Regulated Segment" for additional information on the current price control and K-factor adjustment. In addition, an increase in inflation would have a positive effect on revenues and RAV as annual inflation adjustments are applied to both revenues and RAV (and real returns are earned on inflated RAV). This impact, however, would be partially offset by higher operation and maintenance and interest expense on index-linked debt. With respect to access to financing, WPD has substantial borrowing capacity under existing credit facilities and expects to continue to have access to all major financial markets. With respect to access to and cost of equipment and other materials, WPD management continues to review U.K. government issued advice on preparations for Brexit and has taken actions to mitigate potential increasing costs and disruption to its critical sources of supply. Additionally, less than 1% of WPD's employees are non-U.K. EU nationals and no change in their domicile is expected.

### *Regulatory Requirements*

#### *(All Registrants)*

The Registrants cannot predict the impact that future regulatory requirements may have on their financial condition or results of operations.

#### *(PPL, LKE, LG&E and KU)*

The businesses of LKE, LG&E and KU are subject to extensive federal, state and local environmental laws, rules and regulations, including those pertaining to CCRs, GHG, and ELGs. See "Item 1. Business" and Notes 7, 13 and 19 to the Financial Statements for a discussion of these significant environmental matters. These and other environmental requirements led PPL, LKE, LG&E and KU to retire approximately 1,000 MW of coal-fired generating plants in Kentucky since 2015.

#### *TCJA Impact on FERC Rates (All Registrants)*

In November 2019, the FERC published Final Rules providing that public utility transmission providers include mechanisms in their formula rates to deduct excess ADIT from, or add deficient ADIT to, rate base and adjust their income tax allowances by amortized excess or deficient ADIT, and to make a related compliance filing.

In February 2019, PPL Electric filed with the FERC proposed revisions to its transmission formula rate template pursuant to Section 205 of the Federal Power Act and Section 35.13 of the FERC Rules and Regulations. Specifically, PPL Electric proposed to modify its formula rate to permit the return or recovery of excess or deficient ADIT resulting from the TCJA and

permit PPL Electric to prospectively account for the income tax expense associated with the depreciation of the equity component of the AFUDC. In April 2019, the FERC accepted the proposed revisions to the formula rate template, which were effective June 1, 2019, as well as the proposed adjustments to ADIT, effective January 1, 2018.

In February 2019, in connection with the requirements of the TCJA and Kentucky HB 487, LG&E and KU filed a request with the FERC to amend their transmission formula rates resulting from the laws' reductions to corporate income tax rates. The FERC approved this request effective June 1, 2019. LG&E and KU are currently reviewing the Final Rule and will submit a compliance filing addressing excess ADIT by June 1, 2020. LG&E and KU do not anticipate the impact of the TCJA and Kentucky HB 487 related to their FERC-jurisdictional rates to be significant.

#### *Pennsylvania Alternative Ratemaking (PPL and PPL Electric)*

In June 2018, Governor Tom Wolf signed into law Act 58 of 2018 (codified at 66 Pa. C.S. § 1330) authorizing public utilities to implement alternative rates and rate mechanisms in base rate proceedings before the PUC. The effective date of Act 58 was August 27, 2018. Under the new law, a public utility may file an application to establish alternative rates and rate mechanisms in a base rate proceeding. These alternative rates and rate mechanisms include, but are not limited to, decoupling mechanisms, performance-based rates, formula rates, multi-year rate plans, or a combination of those or other mechanisms.

On April 25, 2019, the PUC issued an Implementation Order adopting its interpretation and implementation of Act 58 and establishing the procedures through which utilities may seek PUC approval of alternative rates and rate mechanisms.

#### *RIIO-2 Framework (PPL)*

In 2018, Ofgem issued its consultation document on the RIIO-2 framework, covering all U.K. gas and electricity transmission and distribution price controls. The current electricity distribution price control, RIIO-ED1, continues through March 31, 2023 and will not be impacted by the RIIO-2 consultation process. Later in 2018, Ofgem published its decision following its RIIO-2 framework consultation after consideration of comments received including those from WPD and PPL.

In August 2019, Ofgem published an open letter seeking views on its proposed sector specific approach on the RIIO-ED2 framework. WPD and PPL provided responses to this open letter. In December 2019, Ofgem published its decision on the RIIO-ED2 framework, thus confirming the following points in its RIIO-2 and RIIO-ED2 framework decision documents:

- RIIO-ED2 will be a five-year price control period, compared to eight years in the current RIIO-ED1 price control.
- CPI or CPIH will be used for inflation measurement in calculating both RAV and allowed returns rather than RPI.
- The baseline allowed return on equity will be set using the same methodology in all RIIO-2 sectors. The new methodology includes; (a) an equity indexation, whereby the allowed return on equity is updated to reflect changes in the risk-free rate, and (b) potentially setting the allowed return 0.5% below the expected return.
- Full debt indexation will be retained.
- The early settlement process (fast tracking) will be removed and replaced with an alternative mechanism to incentivize high-quality, rigorous and ambitious business plans.
- The Totex incentive rate will be based on a confidence level for setting baseline cost allowances.
- A new enhanced engagement model will be introduced requiring distribution companies to set up a customer engagement group to provide Ofgem with a public report of local stakeholders' views on the companies' business plans. Ofgem will also establish an independent RIIO-2 challenge group comprised of consumer experts to provide Ofgem with a public report on companies' business plans.
- There will be no change to the existing depreciation policy of using economic asset lives as the basis for depreciating RAV as part of base revenue calculations. WPD is currently transitioning to 45-year asset lives for new additions in RIIO-ED1 based on Ofgem's extensive review of asset lives in RIIO-ED1.
- A focus of RIIO-2 will be on whole-system outcomes. Ofgem intends network companies and system operators working together to ensure the energy system as a whole is efficient and delivers the best value to consumers. Ofgem is undertaking further work to clarify the definition of whole-system and the appropriate roles of the network companies in supporting this objective. Ofgem is still undecided on how DSO functions are to be treated. Ofgem will include a DSO reopener to reassess progress made in the establishment of DSO activities.

Ofgem will now shift focus to the development of the RIIO-ED2 price control methodology, with the consultation expected to be published by the third quarter of 2020. WPD and PPL continue to be fully engaged in the RIIO-ED2 process. PPL cannot predict the outcome of this process or the long-term impact the final RIIO-ED2 price control will have on its financial condition or results of operations. Any decision for RIIO-ED2 will not be finalized until November 2022. The RIIO-ED2 price control will come into effect on April 1, 2023.

#### *FERC Transmission Rate Filing*

*(PPL, LKE, LG&E and KU)*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application seeks termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky Municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the on-going credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. These rehearing requests are currently pending before FERC. Additionally, certain petitions for review of FERC's orders have been filed by multiple parties, including LG&E and KU, at the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of the proceedings. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(PPL and PPL Electric)*

In April 2019, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement, which includes the impact of the TCJA. The filing established the revenue requirement used to set rates that took effect in June 2019.

#### *Rate Case Proceedings*

*(PPL, LKE, LG&E and KU)*

In September 2018, LG&E and KU filed requests with the KPSC for an increase in annual base electricity rates and gas rates and the elimination of the TCJA bill credit mechanism. In April 2019, the KPSC issued orders eliminating the TCJA bill credit mechanism and increasing annual base electricity and gas rates providing for an annual revenue increase of \$187 million (\$114 million at KU and \$73 million at LG&E), based on a 9.725% return-on-equity. The new base rates and all elements of the orders became effective May 1, 2019. See Note 7 to the Financial Statements for additional information.

*(KU)*

In July 2019, KU filed a request with the VSCC for an increase in annual Virginia base electricity revenues of approximately \$13 million, representing an increase of 18.2%. In January 2020, KU reached a partial settlement agreement including an increase in annual Virginia base electricity revenues of \$9 million effective May 1, 2020, representing an increase of 12.9%. A hearing on the settlement of remaining issues was held in January 2020. A VSCC ruling in the proceeding is expected in April 2020.

#### *Distribution of TCJA Savings*

*(PPL and PPL Electric)*

In November 2019, the PUC approved PPL Electric's October 2019 petition to distribute the \$43 million of TCJA tax savings for the period between January 1, 2018 and June 30, 2018 over the period January 1, 2020 through December 31, 2020.

## Results of Operations

(PPL)

The "Statement of Income Analysis" discussion below describes significant changes in principal line items on PPL's Statements of Income, comparing 2019 with 2018. The "Segment Earnings" and "Adjusted Gross Margins" discussions for PPL provide a review of results by reportable segment. These discussions include non-GAAP financial measures, including "Earnings from Ongoing Operations" and "Adjusted Gross Margins," and provide explanations of the non-GAAP financial measures and a reconciliation of those measures to the most comparable GAAP measure. The "2020 Outlook" discussion identifies key factors expected to impact 2020 earnings.

Tables analyzing changes in amounts between periods within "Statement of Income Analysis," "Segment Earnings" and "Adjusted Gross Margins" are presented on a constant GBP to U.S. dollar exchange rate basis, where applicable, in order to isolate the impact of the change in the exchange rate on the item being explained. Results computed on a constant GBP to U.S. dollar exchange rate basis are calculated by translating current year results at the prior year weighted-average GBP to U.S. dollar exchange rate.

(PPL Electric, LKE, LG&E and KU)

A "Statement of Income Analysis" is presented separately for PPL Electric, LKE, LG&E and KU. The "Statement of Income Analysis" discussion below describes significant changes in principal line items on the Statements of Income, comparing 2019 with 2018. The results of operations section for PPL Electric, LKE, LG&E and KU is presented in a reduced disclosure format in accordance with General Instructions (I)(2)(a) of Form 10-K.

### **PPL: Statement of Income Analysis, Segment Earnings and Adjusted Gross Margins**

#### **Statement of Income Analysis**

Net income for the years ended December 31 includes the following results:

	2019	2018	Change 2019 vs. 2018
Operating Revenues	\$ 7,769	\$ 7,785	\$ (16)
Operating Expenses			
Operation			
Fuel	709	799	(90)
Energy purchases	723	745	(22)
Other operation and maintenance	1,985	1,983	2
Depreciation	1,199	1,094	105
Taxes, other than income	313	312	1
Total Operating Expenses	4,929	4,933	(4)
Other Income (Expense) - net	309	396	(87)
Interest Expense	994	963	31
Income Taxes	409	458	(49)
Net Income	\$ 1,746	\$ 1,827	\$ (81)

## Operating Revenues

The increase (decrease) in operating revenues was due to:

	<b>2019 vs. 2018</b>
Domestic:	
PPL Electric Distribution price (a)	\$ 42
PPL Electric Distribution volume	(8)
PPL Electric PLR	8
PPL Electric Transmission Formula Rate (b)	51
PPL Electric TCJA refund (c)	(12)
LKE Retail rates (d)	123
LKE ECR (e)	60
LKE Volumes (f)	(91)
LKE Municipal supply (g)	(56)
LKE Fuel and other energy prices (h)	(48)
Other	16
<b>Total Domestic</b>	<b>85</b>
U.K.:	
Price	83
Volume	(64)
Foreign currency exchange rates	(116)
Other	(4)
<b>Total U.K.</b>	<b>(101)</b>
<b>Total</b>	<b>\$ (16)</b>

- (a) The increase was primarily due to reconcilable cost recovery mechanisms approved by the PUC.
- (b) The increase was primarily due to \$77 million from returns on additional transmission capital investments partially offset by a \$27 million unfavorable impact of the TCJA, which reduced the new revenue requirement that went into effect June 1, 2018.
- (c) The decrease was due to the estimated income tax savings owed to or already returned to distribution customers related to the reduced U.S federal corporate income taxes as a result of the TCJA. See Note 7 to the Financial Statements for additional information.
- (d) The increase was primarily due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.
- (e) The increase was primarily due to higher returns on additional environmental capital investments and higher recoverable depreciation expense as a result of higher depreciation rates effective May 1, 2019.
- (f) The decrease was primarily due to weather.
- (g) The decrease was primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.
- (h) The decrease was primarily due to lower recoveries of fuel and energy purchases due to lower commodity costs.

## Fuel

Fuel decreased \$90 million in 2019 compared with 2018 at LKE, primarily due to a \$42 million decrease in commodity costs, a \$33 million decrease in volumes driven by weather and a \$20 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

## Energy Purchases

Energy purchases decreased \$22 million in 2019 compared with 2018, primarily due to a \$27 million decrease at LKE (primarily due to a \$14 million decrease in commodity costs and a \$7 million decrease in gas volumes driven by weather in 2019), partially offset by a \$5 million increase at PPL Electric (primarily due to higher PLR volumes of \$33 million, partially offset by lower PLR prices of \$25 million).

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance was due to:

	<u>2019 vs. 2018</u>
Domestic:	
PPL Electric project cancellation costs	\$ (12)
Stock compensation expense	10
Other operation and maintenance of Safari Energy (a)	20
Other	14
U.K.:	
Foreign currency exchange rates	(23)
Third-party engineering	(4)
Other	(3)
Total	<u>\$ 2</u>

(a) The increase is primarily due to 2019 including a full year of other operation and maintenance expense of Safari Energy, which was acquired on June 1, 2018.

## Depreciation

The increase (decrease) in depreciation was due to:

	<u>2019 vs. 2018</u>
Additions to PP&E, net	\$ 66
Foreign currency exchange rates	(13)
Depreciation rates (a)	52
Total	<u>\$ 105</u>

(a) Higher depreciation rates were effective May 1, 2019 at LG&E and KU.

## Other Income (Expense) - net

The increase (decrease) in other income (expense) - net was due to:

	<u>2019 vs. 2018</u>
Economic foreign currency exchange contracts (Note 17)	\$ (164)
Defined benefit plans - non-service credits (Note 11)	59
Charitable contributions	7
Other	11
Total	<u>\$ (87)</u>

## Interest Expense

The increase (decrease) in interest expense was due to:

	<u>2019 vs. 2018</u>
Long-term debt interest	\$ 38
Short-term debt interest	7
Foreign currency exchange rates	(20)
Other	6
Total	<u>\$ 31</u>

## Income Taxes

The increase (decrease) in income taxes was due to:

	<b>2019 vs. 2018</b>
Change in pre-tax income	\$ (24)
Deferred tax impact of Kentucky state tax reform (a)	(9)
Kentucky recycling credit, net of federal income tax expense (b)	(18)
Other	2
<b>Total</b>	<b>\$ (49)</b>

- (a) In 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.
- (b) In 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky.

See Note 6 to the Financial Statements for additional information on income taxes.

## Segment Earnings

PPL's net income by reportable segments were as follows:

	<b>2019</b>	<b>2018</b>	<b>Change 2019 vs. 2018</b>
U.K. Regulated	\$ 977	\$ 1,114	\$ (137)
Kentucky Regulated	436	411	25
Pennsylvania Regulated	458	431	27
Corporate and Other (a)	(125)	(129)	4
<b>Net Income</b>	<b>\$ 1,746</b>	<b>\$ 1,827</b>	<b>\$ (81)</b>

- (a) Primarily represents financing and certain other costs incurred at the corporate level that have not been allocated or assigned to the segments, which are presented to reconcile segment information to PPL's consolidated results.

## Earnings from Ongoing Operations

Management utilizes "Earnings from Ongoing Operations" as a non-GAAP financial measure that should not be considered as an alternative to net income, an indicator of operating performance determined in accordance with GAAP. PPL believes that Earnings from Ongoing Operations is useful and meaningful to investors because it provides management's view of PPL's earnings performance as another criterion in making investment decisions. In addition, PPL's management uses Earnings from Ongoing Operations in measuring achievement of certain corporate performance goals, including targets for certain executive incentive compensation. Other companies may use different measures to present financial performance.

Earnings from Ongoing Operations is adjusted for the impact of special items. Special items are presented in the financial tables on an after-tax basis with the related income taxes on special items separately disclosed. Income taxes on special items, when applicable, are calculated based on the statutory tax rate of the entity where the activity is recorded. Special items may include items such as:

- Unrealized gains or losses on foreign currency economic hedges (as discussed below).
- Gains and losses on sales of assets not in the ordinary course of business.
- Impairment charges.
- Significant workforce reduction and other restructuring effects.
- Acquisition and divestiture-related adjustments.
- Other charges or credits that are, in management's view, non-recurring or otherwise not reflective of the company's ongoing operations.

Unrealized gains or losses on foreign currency economic hedges include the changes in fair value of foreign currency contracts used to hedge GBP-denominated anticipated earnings. The changes in fair value of these contracts are recognized immediately within GAAP earnings. Management believes that excluding these amounts from Earnings from Ongoing Operations until settlement of the contracts provides a better matching of the financial impacts of those contracts with the economic value of

[Table of Contents](#)

PPL's underlying hedged earnings. See Note 17 to the Financial Statements and "Risk Management" below for additional information on foreign currency economic activity.

PPL's Earnings from Ongoing Operations by reportable segment were as follows:

	2019	2018	Change 2019 vs. 2018
U.K. Regulated	\$ 1,032	\$ 968	\$ 64
Kentucky Regulated	436	418	18
Pennsylvania Regulated	458	436	22
Corporate and Other	(120)	(117)	(3)
Earnings from Ongoing Operations	<u>\$ 1,806</u>	<u>\$ 1,705</u>	<u>\$ 101</u>

See "Reconciliation of Earnings from Ongoing Operations" below for a reconciliation of this non-GAAP financial measure to Net Income.

U.K. Regulated Segment

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs, and certain acquisition-related financing costs. The U.K. Regulated segment represents 56% of PPL's Net Income for 2019 and 39% of PPL's assets at December 31, 2019.

Net Income and Earnings from Ongoing Operations include the following results:

	2019	2018	Change 2019 vs. 2018
Operating revenues	\$ 2,167	\$ 2,268	\$ (101)
Other operation and maintenance	510	538	(28)
Depreciation	250	247	3
Taxes, other than income	127	134	(7)
Total operating expenses	<u>887</u>	<u>919</u>	<u>(32)</u>
Other Income (Expense) - net	294	403	(109)
Interest Expense	405	413	(8)
Income Taxes	192	225	(33)
Net Income	977	1,114	(137)
Less: Special Items	(55)	146	(201)
Earnings from Ongoing Operations	<u>\$ 1,032</u>	<u>\$ 968</u>	<u>\$ 64</u>

The following after-tax gains (losses), which management considers special items, impacted the U.K. Regulated segment's results and are excluded from Earnings from Ongoing Operations:

	Income Statement Line Item	2019	2018
Foreign currency economic hedges, net of tax of \$13, (\$39) (a)	Other Income (Expense) - net	\$ (51)	\$ 148
Other, net of tax of \$1, \$0 (b)	Other operation and maintenance	(4)	—
U.S. tax reform (c)	Income Taxes	—	3
Death benefit, net of tax of \$0, \$1 (d)	Other operation and maintenance	—	(5)
Total		<u>\$ (55)</u>	<u>\$ 146</u>

- (a) Unrealized gains (losses) on contracts that economically hedge anticipated GBP-denominated earnings.
- (b) Settlement of a contractual dispute.
- (c) Adjustments to certain provisional amounts recognized in the December 31, 2017 Statement of Income related to the enactment of the TCJA.
- (d) Primarily a payment related to the death of the WPD Chief Executive.

The changes in the components of the U.K. Regulated segment's results between these periods were due to the factors set forth below, which reflect amounts classified as U.K. Adjusted Gross Margins, the items that management considers special and the effects of movements in foreign currency exchange, including the effects of foreign currency hedge contracts, on separate lines and not in their respective Statement of Income line items.

	<b>2019 vs. 2018</b>
U.K.	
U.K. Adjusted Gross Margins	\$ 16
Other operation and maintenance	3
Depreciation	(16)
Other Income (Expense) - net	74
Interest expense	(12)
Income taxes	(15)
U.S.	
Income taxes	6
Other	(4)
Foreign currency exchange, after-tax	12
Earnings from Ongoing Operations	64
Special items, after-tax	(201)
Net Income	<u>\$ (137)</u>

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of U.K. Adjusted Gross Margins.
- Higher other income (expense) - net in 2019 compared with 2018 primarily due to higher pension income.

### Kentucky Regulated Segment

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations of LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment. The Kentucky Regulated segment represents 25% of PPL's Net Income for 2019 and 34% of PPL's assets at December 31, 2019.

Net Income and Earnings from Ongoing Operations include the following results:

	<b>2019</b>	<b>2018</b>	<b>Change 2019 vs. 2018</b>
Operating revenues	\$ 3,206	\$ 3,214	\$ (8)
Fuel	709	799	(90)
Energy purchases	174	201	(27)
Other operation and maintenance	861	848	13
Depreciation	547	475	72
Taxes, other than income	74	70	4
Total operating expenses	<u>2,365</u>	<u>2,393</u>	<u>(28)</u>
Other Income (Expense) - net	(13)	(16)	3
Interest Expense	298	274	24
Income Taxes	94	120	(26)
Net Income	436	411	25
Less: Special Items	—	(7)	7
Earnings from Ongoing Operations	<u>\$ 436</u>	<u>\$ 418</u>	<u>\$ 18</u>

The following after-tax gains (losses), which management considers special items, impacted the Kentucky Regulated segment's results and are excluded from Earnings from Ongoing Operations:

	Income Statement Line Item	<b>2019</b>	<b>2018</b>
U.S. tax reform (a)	Income Taxes	\$ —	\$ 2
Kentucky state tax reform (b)	Income Taxes	—	(9)
Total		<u>\$ —</u>	<u>\$ (7)</u>

(a) Adjustments to certain provisional amounts recognized in the December 31, 2017 Statement of Income related to the enactment of the TCJA.

(b) In 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

[Table of Contents](#)

The changes in the components of the Kentucky Regulated segment's results between these periods were due to the factors set forth below, which reflect amounts classified as Kentucky Adjusted Gross Margins and the items that management considers special on separate lines and not in their respective Statement of Income line item.

	<b>2019 vs. 2018</b>
Kentucky Adjusted Gross Margins	\$ 70
Other operation and maintenance	(19)
Depreciation	(26)
Taxes, other than income	(5)
Other Income (Expense) - net	3
Interest Expense	(24)
Income Taxes	19
Earnings from Ongoing Operations	18
Special Items, after-tax	7
Net Income	\$ 25

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Kentucky Adjusted Gross Margins.
- Higher depreciation expense in 2019 compared with 2018 primarily due to a \$15 million increase related to higher depreciation rates effective May 1, 2019 and an \$11 million increase related to additional assets placed into service, net of retirements.
- Higher interest expense in 2019 compared with 2018 primarily due to increased borrowings and higher interest rates.
- Lower income taxes in 2019 compared with 2018 primarily due to the recording of a deferred income tax benefit related to a Kentucky recycling credit.

**Pennsylvania Regulated Segment**

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment. The Pennsylvania Regulated segment represents 26% of PPL's Net Income for 2019 and 26% of PPL's assets at December 31, 2019.

Net Income and Earnings from Ongoing Operations include the following results:

	<b>2019</b>	<b>2018</b>	<b>Change 2019 vs. 2018</b>
Operating revenues	\$ 2,358	\$ 2,277	\$ 81
Energy purchases	549	544	5
Other operation and maintenance	566	578	(12)
Depreciation	386	352	34
Taxes, other than income	112	109	3
Total operating expenses	1,613	1,583	30
Other Income (Expense) - net	31	32	(1)
Interest Expense	169	159	10
Income Taxes	149	136	13
Net Income	458	431	27
Less: Special Items	—	(5)	5
Earnings from Ongoing Operations	\$ 458	\$ 436	\$ 22

The following after-tax gains (losses), which management considers special items, impacted the Pennsylvania Regulated segment's results and are excluded from Earnings from Ongoing Operations:

[Table of Contents](#)

	Income Statement Line Item	2019	2018
IT transformation, net of tax of \$0, \$2 (a)	Other operation and maintenance	\$ —	\$ (5)
Total		<u>\$ —</u>	<u>\$ (5)</u>

(a) In June 2018, PPL EU Services' IT department announced an internal reorganization, which was substantially completed in the third quarter of 2018. As a result, \$5 million of after-tax costs, which includes separation benefits as well as outside services for strategic consulting to establish the new IT organization, were incurred.

The changes in the components of the Pennsylvania Regulated segment's results between these periods were due to the factors set forth below, which reflect amounts classified as Pennsylvania Adjusted Gross Margins and the items that management considers special on separate lines and not in their respective Statement of Income line items.

	2019 vs. 2018
Pennsylvania Adjusted Gross Margins	\$ 54
Other operation and maintenance	9
Depreciation	(19)
Other Income (Expense) - net	(1)
Interest Expense	(10)
Income Taxes	(11)
Earnings from Ongoing Operations	<u>22</u>
Special Items, after-tax	<u>5</u>
Net Income	<u>\$ 27</u>

- See "Adjusted Gross Margins - Changes in Adjusted Gross Margins" for an explanation of Pennsylvania Adjusted Gross Margins.
- Higher depreciation expense in 2019 compared with 2018 primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure, net of retirements.

Reconciliation of Earnings from Ongoing Operations

The following tables contain after-tax gains (losses), in total, which management considers special items, that are excluded from Earnings from Ongoing Operations and a reconciliation to PPL's "Net Income" for the years ended December 31:

	2019				
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Total
<b>Net Income</b>	\$ 977	\$ 436	\$ 458	\$ (125)	\$ 1,746
Less: Special Items (expense) benefit:					
Foreign currency economic hedges, net of tax of \$13	(51)	—	—	—	(51)
Talen litigation costs, net of tax of \$1 (a)	—	—	—	(5)	(5)
Other, net of tax of \$1	(4)	—	—	—	(4)
<b>Total Special Items</b>	<u>(55)</u>	<u>—</u>	<u>—</u>	<u>(5)</u>	<u>(60)</u>
<b>Earnings from Ongoing Operations</b>	<u>\$ 1,032</u>	<u>\$ 436</u>	<u>\$ 458</u>	<u>\$ (120)</u>	<u>\$ 1,806</u>

	2018				
	U.K. Regulated	KY Regulated	PA Regulated	Corporate and Other	Total
<b>Net Income</b>	\$ 1,114	\$ 411	\$ 431	\$ (129)	\$ 1,827
Less: Special Items (expense) benefit:					
Foreign currency economic hedges, net of tax of (\$39)	148	—	—	—	148
U.S. tax reform (b)	3	2	—	(5)	—
Kentucky state tax reform	—	(9)	—	—	(9)
IT transformation, net of tax of \$2	—	—	(5)	—	(5)
Talen litigation costs, net of tax of \$2 (a)	—	—	—	(7)	(7)
Death benefit, net of tax of \$1	(5)	—	—	—	(5)
<b>Total Special Items</b>	<b>146</b>	<b>(7)</b>	<b>(5)</b>	<b>(12)</b>	<b>122</b>
<b>Earnings from Ongoing Operations</b>	<b>\$ 968</b>	<b>\$ 418</b>	<b>\$ 436</b>	<b>\$ (117)</b>	<b>\$ 1,705</b>

(a) PPL incurred legal expenses related to litigation with its former affiliate, Talen Montana. See Note 13 to the Financial Statements for additional information.

(b) PPL recorded adjustments to certain provisional amounts recognized in the December 31, 2017 Statement of Income relating to the enactment of the TCJA. See Note 6 to the Financial Statements for additional information.

### Adjusted Gross Margins

Management also utilizes the following non-GAAP financial measures as indicators of performance for its businesses.

- "U.K. Adjusted Gross Margins" is a single financial performance measure of the electricity distribution operations of the U.K. Regulated segment. In calculating this measure, direct costs such as connection charges from National Grid, which owns and manages the electricity transmission network in England and Wales, and Ofgem license fees (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues, as they are costs passed through to customers. As a result, this measure represents the net revenues from the delivery of electricity across WPD's distribution network in the U.K. and directly related activities.
- "Kentucky Adjusted Gross Margins" is a single financial performance measure of the electricity generation, transmission and distribution operations of the Kentucky Regulated segment, as well as the Kentucky Regulated segment's distribution and sale of natural gas. In calculating this measure, fuel, energy purchases and certain variable costs of production (recorded in "Other operation and maintenance" on the Statements of Income) are deducted from operating revenues. In addition, certain other expenses, recorded in "Other operation and maintenance", "Depreciation" and "Taxes, other than income" on the Statements of Income, associated with approved cost recovery mechanisms are offset against the recovery of those expenses, which are included in revenues. These mechanisms allow for direct recovery of these expenses and, in some cases, returns on capital investments and performance incentives. As a result, this measure represents the net revenues from electricity and gas operations.
- "Pennsylvania Adjusted Gross Margins" is a single financial performance measure of the electricity transmission and distribution operations of the Pennsylvania Regulated segment. In calculating this measure, utility revenues and expenses associated with approved recovery mechanisms, including energy provided as a PLR, are offset with minimal impact on earnings. Costs associated with these mechanisms are recorded in "Energy purchases," "Other operation and maintenance," (which are primarily Act 129, Storm Damage and Universal Service program costs), "Depreciation" (which is primarily related to the Act 129 Smart Meter program) and "Taxes, other than income," (which is primarily gross receipts tax) on the Statements of Income. This measure represents the net revenues from the Pennsylvania Regulated segment's electricity delivery operations.

These measures are not intended to replace "Operating Income," which is determined in accordance with GAAP, as an indicator of overall operating performance. Other companies may use different measures to analyze and report their results of operations. Management believes these measures provide additional useful criteria to make investment decisions. These performance measures are used, in conjunction with other information, by senior management and PPL's Board of Directors to manage operations and analyze actual results compared with budget.

**Changes in Adjusted Gross Margins**

The following table shows Adjusted Gross Margins by PPL's reportable segments and by component, as applicable, for the year ended December 31 as well as the changes between periods. The factors that gave rise to the changes are described following the table:

	<u>2019</u>	<u>2018</u>	<u>Change</u> <u>2019 vs. 2018</u>
<b>U.K. Regulated</b>			
U.K. Adjusted Gross Margins	\$ 1,998	\$ 2,089	\$ (91)
Impact of changes in foreign currency exchange rates			(107)
U.K. Adjusted Gross Margins excluding impact of foreign currency exchange rates			\$ 16
<b>Kentucky Regulated</b>			
Kentucky Adjusted Gross Margins	\$ 2,111	\$ 2,041	\$ 70
<b>Pennsylvania Regulated</b>			
Pennsylvania Adjusted Gross Margins			
Distribution	\$ 927	\$ 924	\$ 3
Transmission	600	549	51
Total Pennsylvania Adjusted Gross Margins	\$ 1,527	\$ 1,473	\$ 54

***U.K. Adjusted Gross Margins***

U.K. Adjusted Gross Margins, excluding the impact of changes in foreign currency exchange rates, increased in 2019 compared with 2018 primarily due to \$83 million from the April 1, 2018 and 2019 price increases, partially offset by \$64 million of lower volumes.

***Kentucky Adjusted Gross Margins***

Kentucky Adjusted Gross Margins increased in 2019 compared with 2018 primarily due to higher retail rates approved by the KPSC of \$123 million, inclusive of the termination of the TCJA bill credit mechanism, and higher returns on additional environmental capital investments of \$21 million. These increases were partially offset by \$37 million of decreased sales volumes primarily due to weather and a \$32 million decrease due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

***Pennsylvania Adjusted Gross Margins***

**Distribution**

Distribution Adjusted Gross Margins increased in 2019 compared with 2018 primarily due to returns on additional distribution system improvement capital investments of \$10 million and returns on additional Smart Meter capital investments of \$5 million, partially offset by a \$12 million net of gross receipts tax impact of the estimated income tax savings owed to customers as a result of the impact of the U.S. federal corporate income tax rate reduction from 35% to 21% as enacted by the TCJA.

**Transmission**

Transmission Adjusted Gross Margins increased in 2019 compared with 2018 primarily due to an increase of \$77 million from returns on additional transmission capital investments focused on replacing aging infrastructure and improving reliability, partially offset by \$27 million from the impact of the reduced U.S. federal corporate income taxes as a result of the TCJA in the first five months of 2019.

**Reconciliation of Adjusted Gross Margins**

The following tables contain the components from the Statement of Income that are included in the non-GAAP financial measures and a reconciliation to PPL's "Operating Income" for the years ended December 31:

	2019				
	U.K. Adjusted Gross Margins	Kentucky Adjusted Gross Margins	Pennsylvania Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 2,129 (c)	\$ 3,206	\$ 2,358	\$ 76	\$ 7,769
<b>Operating Expenses</b>					
Fuel	—	709	—	—	709
Energy purchases	—	174	549	—	723
Other operation and maintenance	131	92	125	1,637	1,985
Depreciation	—	116	50	1,033	1,199
Taxes, other than income	—	4	107	202	313
Total Operating Expenses	131	1,095	831	2,872	4,929
<b>Total</b>	<b>\$ 1,998</b>	<b>\$ 2,111</b>	<b>\$ 1,527</b>	<b>\$ (2,796)</b>	<b>\$ 2,840</b>
	2018				
	U.K. Adjusted Gross Margins	Kentucky Adjusted Gross Margins	Pennsylvania Adjusted Gross Margins	Other (a)	Operating Income (b)
<b>Operating Revenues</b>	\$ 2,230 (c)	\$ 3,214	\$ 2,277	\$ 64	\$ 7,785
<b>Operating Expenses</b>					
Fuel	—	799	—	—	799
Energy purchases	—	201	544	—	745
Other operation and maintenance	141	98	121	1,623	1,983
Depreciation	—	70	35	989	1,094
Taxes, other than income	—	5	104	203	312
Total Operating Expenses	141	1,173	804	2,815	4,933
<b>Total</b>	<b>\$ 2,089</b>	<b>\$ 2,041</b>	<b>\$ 1,473</b>	<b>\$ (2,751)</b>	<b>\$ 2,852</b>

(a) Represents amounts excluded from Adjusted Gross Margins.

(b) As reported on the Statements of Income.

(c) 2019 and 2018 exclude \$38 million of ancillary revenues.

## 2020 Outlook

### (PPL)

Higher net income is projected in 2020 compared with 2019. The following projections and factors underlying these projections (on an after-tax basis) are provided for PPL's segments and the Corporate and Other category and the related Registrants.

#### (PPL's U.K. Regulated Segment)

Higher net income is projected in 2020 compared with 2019. Excluding 2019 special items, the increase is driven primarily by higher base demand revenues and higher assumed GBP exchange rates, partially offset by lower true-up mechanisms, lower pension income and higher interest expense.

#### (PPL's Kentucky Regulated Segment and LKE)

Higher net income is projected in 2020 compared with 2019, driven primarily by higher retail rates, partially offset by higher depreciation expense and higher income tax expense.

### (LG&E)

Higher net income is projected in 2020 compared with 2019, driven primarily by higher retail rates, partially offset by higher depreciation expense.

(KU)

Net income is projected in 2020 to be comparable with 2019, driven primarily by higher retail rates, offset by higher depreciation expense.

(PPL's Pennsylvania Regulated Segment and PPL Electric)

Higher net income is projected in 2020 compared with 2019, driven primarily by higher returns on transmission investments and lower operation and maintenance expense, partially offset by higher depreciation expense.

(PPL's Corporate and Other Category)

Lower costs are projected in 2020 compared with 2019, driven primarily by lower expenses and other factors.

(All Registrants)

Earnings in future periods are subject to various risks and uncertainties. See "Forward-Looking Information," "Item 1. Business," "Item 1A. Risk Factors," the rest of this Item 7, and Notes 1, 7 and 13 to the Financial Statements (as applicable) for a discussion of the risks, uncertainties and factors that may impact future earnings.

### PPL Electric: Statement of Income Analysis

Net income for the years ended December 31 includes the following results:

	2019	2018	Change 2019 vs. 2018
Operating Revenues	\$ 2,358	\$ 2,277	\$ 81
Operating Expenses			
Operation			
Energy purchases	549	544	5
Other operation and maintenance	566	578	(12)
Depreciation	386	352	34
Taxes, other than income	112	109	3
Total Operating Expenses	1,613	1,583	30
Other Income (Expense) - net	25	23	2
Interest Income from Affiliate	6	8	(2)
Interest Expense	170	159	11
Income Taxes	149	136	13
Net Income	\$ 457	\$ 430	\$ 27

### Operating Revenues

The increase (decrease) in operating revenues was due to:

	2019 vs. 2018
Distribution Price (a)	\$ 42
Distribution volume	(8)
PLR	8
Transmission Formula Rate (b)	51
TCJA Refund (c)	(12)
Total	\$ 81

(a) Distribution price variances were primarily due to reconcilable cost recovery mechanisms approved by the PUC.

(b) Transmission Formula Rate revenues increased primarily due to \$77 million from returns on additional transmission capital investments partially offset by a \$27 million unfavorable impact of the TCJA, which reduced the new revenue requirement that went into effect June 1, 2018.

(c) Represents the estimated income tax savings owed to or already returned to distribution customers related to the reduced U.S federal corporate income taxes as a result of the TCJA. See Note 7 to the Financial Statements for additional information.

## Energy Purchases

Energy purchases increased \$5 million in 2019 compared with 2018. This increase was primarily due to higher PLR volumes of \$33 million, partially offset by lower PLR prices of \$25 million and lower transmission enhancement expenses of \$3 million.

## Other Operation and Maintenance

The increase (decrease) in other operation and maintenance was due to:

	2019 vs. 2018
Project cancellations	\$ (12)
Storm costs	(4)
Bad debts	(3)
Contractor-related expenses	3
Vegetation management	2
Support costs	1
Other	1
Total	<u>\$ (12)</u>

## Depreciation

Depreciation increased by \$34 million in 2019 compared with 2018. This increase was primarily due to additional assets placed into service, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure as well as the roll-out of the Act 129 Smart Meter program, net of retirements.

## Interest Expense

Interest expense increased \$11 million in 2019 compared with 2018, primarily due to the June 2018 issuance of \$400 million of 4.15% First Mortgage Bonds due 2048 and the September 2019 issuance of \$400 million of 3.00% First Mortgage Bonds due 2049.

## Income Taxes

Income taxes increased \$13 million in 2019 compared with 2018. The increase was primarily due to a change in pre-tax income. See Note 6 to the Financial Statements for additional information on income taxes.

## LKE: Statement of Income Analysis

Net income for the years ended December 31 includes the following results:

	2019	2018	Change 2019 vs. 2018
Operating Revenues	\$ 3,206	\$ 3,214	\$ (8)
Operating Expenses			
Operation			
Fuel	709	799	(90)
Energy purchases	174	201	(27)
Other operation and maintenance	861	848	13
Depreciation	547	475	72
Taxes, other than income	74	70	4
Total Operating Expenses	<u>2,365</u>	<u>2,393</u>	<u>(28)</u>
Other Income (Expense) - net	(13)	(16)	3
Interest Expense	226	206	20
Interest Expense with Affiliate	31	25	6
Income Taxes	103	129	(26)
Net Income	<u>\$ 468</u>	<u>\$ 445</u>	<u>\$ 23</u>

## Operating Revenues

The increase (decrease) in operating revenues was due to:

	<b>2019 vs. 2018</b>
Volumes (a)	\$ (91)
Municipal supply (b)	(56)
Fuel and other energy prices (c)	(48)
Retail rates (d)	123
ECR (e)	60
Other	4
<b>Total</b>	<b>\$ (8)</b>

- (a) The decrease was primarily due to weather.  
(b) The decrease was primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.  
(c) The decrease was primarily due to lower recoveries of fuel and energy purchases due to lower commodity costs.  
(d) The increase was primarily due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.  
(e) The increase was primarily due to higher returns on additional environmental capital investments and higher recoverable depreciation expense as a result of higher depreciation rates effective May 1, 2019.

## Fuel

Fuel decreased \$90 million in 2019 compared with 2018, primarily due to a \$42 million decrease in commodity costs, a \$33 million decrease in volumes driven by weather and a \$20 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

## Energy Purchases

Energy purchases decreased \$27 million in 2019 compared with 2018, primarily due to a \$14 million decrease in commodity costs and a \$7 million decrease in gas volumes driven by weather in 2019.

## Depreciation

Depreciation increased \$72 million in 2019 compared with 2018, primarily due to a \$52 million increase related to higher depreciation rates effective May 1, 2019 and a \$15 million increase related to additional assets placed into service, net of retirements.

## Income Taxes

The increase (decrease) in income taxes was due to:

	<b>2019 vs. 2018</b>
Kentucky recycling credit, net of federal income tax expense (a)	\$ (18)
Kentucky state tax reform (b)	(9)
Other	1
<b>Total</b>	<b>\$ (26)</b>

- (a) In 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky.  
(b) In 2018, LKE recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.

See Note 6 to the Financial Statements for additional information on income taxes.

## LG&E: Statement of Income Analysis

Net income for the years ended December 31 includes the following results:

	2019	2018	Change 2019 vs. 2018
<b>Operating Revenues</b>			
Retail and wholesale	\$ 1,473	\$ 1,467	\$ 6
Electric revenue from affiliate	27	29	(2)
<b>Total Operating Revenues</b>	<b>1,500</b>	<b>1,496</b>	<b>4</b>
<b>Operating Expenses</b>			
<b>Operation</b>			
Fuel	289	308	(19)
Energy purchases	154	183	(29)
Energy purchases from affiliates	7	13	(6)
Other operation and maintenance	387	376	11
Depreciation	231	195	36
Taxes, other than income	39	36	3
<b>Total Operating Expenses</b>	<b>1,107</b>	<b>1,111</b>	<b>(4)</b>
Other Income (Expense) - net	(11)	(12)	1
Interest Expense	87	76	11
Income Taxes	63	64	(1)
<b>Net Income</b>	<b>\$ 232</b>	<b>\$ 233</b>	<b>\$ (1)</b>

### Operating Revenues

The increase (decrease) in operating revenues was due to:

	2019 vs. 2018
Retail rates (a)	\$ 46
ECR (b)	26
Volumes (c)	(53)
Fuel and other energy prices (d)	(20)
Other	5
<b>Total</b>	<b>\$ 4</b>

(a) The increase was due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(b) The increase was primarily due to higher returns on additional environmental capital investments and higher recoverable depreciation expense as a result of higher depreciation rates effective May 1, 2019.

(c) The decrease was primarily due to weather.

(d) The decrease was primarily due to lower recoveries of fuel and energy purchases due to lower commodity costs.

### Fuel

Fuel decreased \$19 million in 2019 compared with 2018, primarily due to a \$10 million decrease in commodity costs and a \$10 million decrease in volumes driven by weather.

### Energy Purchases

Energy purchases decreased \$29 million in 2019 compared with 2018, primarily due to a \$14 million decrease in commodity costs and a \$7 million decrease in gas volumes driven by weather in 2019.

### Depreciation

Depreciation increased \$36 million in 2019 compared with 2018, primarily due to a \$26 million increase related to higher depreciation rates effective May 1, 2019 and a \$9 million increase related to additional assets placed into service, net of retirements.

## KU: Statement of Income Analysis

Net income for the years ended December 31 includes the following results:

	2019	2018	Change 2019 vs. 2018
<b>Operating Revenues</b>			
Retail and wholesale	\$ 1,733	\$ 1,747	\$ (14)
Electric revenue from affiliate	7	13	(6)
<b>Total Operating Revenues</b>	<b>1,740</b>	<b>1,760</b>	<b>(20)</b>
<b>Operating Expenses</b>			
<b>Operation</b>			
Fuel	420	491	(71)
Energy purchases	20	18	2
Energy purchases from affiliates	27	29	(2)
Other operation and maintenance	438	441	(3)
Depreciation	315	279	36
Taxes, other than income	35	34	1
<b>Total Operating Expenses</b>	<b>1,255</b>	<b>1,292</b>	<b>(37)</b>
Other Income (Expense) - net	(4)	(6)	2
Interest Expense	109	100	9
Income Taxes	79	76	3
<b>Net Income</b>	<b>\$ 293</b>	<b>\$ 286</b>	<b>\$ 7</b>

### Operating Revenue

The increase (decrease) in operating revenue was due to:

	2019 vs. 2018
Municipal supply (a)	\$ (56)
Volumes (b)	(43)
Fuel and other energy prices (c)	(30)
Retail rates (d)	77
ECR (e)	34
Other	(2)
<b>Total</b>	<b>\$ (20)</b>

(a) The decrease was primarily due to the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

(b) The decrease was primarily due to weather.

(c) The decrease was primarily due to lower recoveries of fuel due to lower commodity costs.

(d) The increase was due to higher base rates, inclusive of the termination of the TCJA bill credit mechanism, effective May 1, 2019.

(e) The increase was primarily due to higher returns on additional environmental capital investments and higher recoverable depreciation expense as a result of higher depreciation rates effective May 1, 2019.

### Fuel

Fuel decreased \$71 million in 2019 compared with 2018, primarily due to a \$32 million decrease in commodity costs, a \$23 million decrease in volumes driven by weather and a \$20 million decrease in volumes driven by the termination of eight supply contracts with Kentucky municipalities on April 30, 2019.

### Depreciation

Depreciation increased \$36 million in 2019 compared with 2018, primarily due to a \$26 million increase related to higher depreciation rates effective May 1, 2019 and a \$6 million increase related to additional assets placed into service, net of retirements.

## Financial Condition

The remainder of this Item 7 in this Form 10-K is presented on a combined basis, providing information, as applicable, for all Registrants.

### Liquidity and Capital Resources

*(All Registrants)*

The Registrants' cash flows from operations and access to cost effective bank and capital markets are subject to risks and uncertainties. See "Item 1A. Risk Factors" for a discussion of risks and uncertainties that could affect the Registrants' cash flows.

The Registrants had the following at:

	<u>PPL (a)</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
<b>December 31, 2019</b>					
Cash and cash equivalents	\$ 815	\$ 262	\$ 27	\$ 15	\$ 12
Short-term debt	1,151	—	388	238	150
Long-term debt due within one year	1,172	—	975	—	500
Notes payable with affiliates		—	150	—	—
<b>December 31, 2018</b>					
Cash and cash equivalents	\$ 621	\$ 267	\$ 24	\$ 10	\$ 14
Short-term debt	1,430	—	514	279	235
Long-term debt due within one year	530	—	530	434	96
Notes payable with affiliates		—	113	—	—

(a) At December 31, 2019, \$155 million of cash and cash equivalents were denominated in GBP. If these amounts would be remitted as dividends, PPL would not anticipate an incremental U.S. tax cost. See Note 6 to the Financial Statements for additional information on undistributed earnings of WPD.

*(All Registrants)*

Net cash provided by (used in) operating, investing and financing activities for the years ended December 31 and the changes between periods were as follows:

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
<b>2019</b>					
Operating activities	\$ 2,427	\$ 913	\$ 938	\$ 492	\$ 553

<b>2018</b>					
Operating activities	\$ 2,821	\$ 978	\$ 915	\$ 443	\$ 581
Investing activities	(3,361)	(1,193)	(1,116)	(554)	(561)
Financing activities	690	433	195	106	(21)
<b>2019 vs. 2018 Change</b>					
Operating activities	\$ (394)	\$ (65)	\$ 23	\$ 49	\$ (28)
Investing activities	281	76	22	72	(49)
Financing activities	146	(234)	(36)	(111)	76

### Operating Activities

The components of the change in cash provided by (used in) operating activities were as follows:

	PPL	PPL Electric	LKE	LG&E	KU
<b>2019 vs. 2018</b>					
<b>Change - Cash Provided (Used):</b>					
Net income	\$ (81)	\$ 27	\$ 23	\$ (1)	\$ 7
Non-cash components	241	(17)	64	33	34
Working capital	(451)	(90)	(181)	(48)	(126)
Defined benefit plan funding	11	7	97	55	51
Other operating activities	(114)	8	20	10	6
Total	<u>\$ (394)</u>	<u>\$ (65)</u>	<u>\$ 23</u>	<u>\$ 49</u>	<u>\$ (28)</u>

*(PPL)*

PPL cash provided by operating activities in 2019 decreased \$394 million compared with 2018.

- Net income decreased \$81 million between periods and included an increase in net non-cash charges of \$241 million. The increase in net non-cash charges was primarily due to an increase in depreciation expense (primarily due to additional assets placed into service, related to the ongoing efforts to ensure reliability of the delivery system and the replacement of aging infrastructure, net of retirements and higher depreciation rates) and unrealized losses on hedging activities partially offset by an increase in the U.K. net periodic defined benefit credits (primarily due to lower levels of unrecognized losses being amortized) and a decrease in deferred income taxes (primarily due to book versus tax plant timing differences).
- The \$451 million decrease in cash from changes in working capital was primarily due to a decrease in accounts payable (primarily due to timing of payments), an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of recovery rate mechanisms), an increase in other current liabilities (primarily due to timing of payments and operating lease liability), an increase in unbilled revenue (primarily due to weather, higher retail rates effective May 1, 2019 and a change in pricing method in the model), an increase in fuel, materials and supplies (primarily due to inventory management) and an increase in other (primarily due to a decrease in taxes payable and a decrease in counter-party collateral partially offset by an increase in customer deposits).
- The \$114 million decrease in cash provided by other operating activities was primarily due to the \$65 million transfer of excess benefit funds, in 2018, related to the favorable private letter ruling received by PPL from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new sub-account within the VEBA, to be used to pay for medical claims of active bargaining unit employees, decrease in non-current regulatory liabilities (due to timing of rate recovery mechanisms) and an increase in other assets (primarily due to settlement of interest rate swaps and purchase of solar panels).

*(PPL Electric)*

PPL Electric's cash provided by operating activities in 2019 decreased \$65 million compared with 2018.

- Net income increased \$27 million between the periods and included a decrease in non-cash components of \$17 million. The decrease in non-cash components was primarily due to a \$35 million decrease in deferred income tax expense (due to book versus tax plant timing differences and Federal net operating losses, partially offset by a book to tax timing difference related to the TCJA regulatory liability) and a \$15 million decrease in Other (primarily due to an increase in AFUDC and a decrease in canceled projects), partially offset by a \$34 million increase in depreciation expense (primarily due to additional assets placed into service, net of retirements, related to the ongoing efforts to ensure the reliability of the delivery system and the replacement of aging infrastructure as well as the roll-out of the Act 129 Smart Meter program).
- The \$90 million decrease in cash from changes in working capital was primarily due to an increase in net regulatory assets and liabilities (due to timing of rate recovery mechanisms), an increase in unbilled revenue (primarily due to a change in pricing method in the model), an increase in other net current assets and current liabilities (primarily due to an increase in 2019 material and supplies) and an increase in accounts receivable (primarily due to timing of receipts).
- The \$8 million increase in cash provided by other operating activities was primarily due to a decrease in non-current regulatory assets (due to timing of rate recovery mechanisms, amortization of storm costs incurred in the prior year and \$22 million of storm costs incurred in 2018), partially offset by a decrease in non-current liabilities (primarily due to a \$41 million TCJA liability in 2018).

*(LKE)*

LKE had a \$23 million increase in cash provided by operating activities in 2019 compared with 2018.

- Net income increased \$23 million between the periods and included an increase in non-cash components of \$64 million. The increase in non-cash components was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), a decrease in accounts payable (primarily due to timing of payments) and an increase in unbilled revenues (primarily due to weather).
- Defined benefit plan funding was \$97 million lower in 2019.
- The increase in cash provided by other operating activities was driven primarily by a decrease in other assets (primarily due to non-current regulatory asset increases as a result of significant storm activity in 2018).

*(LG&E)*

LG&E had a \$49 million increase in cash provided by operating activities in 2019 compared with 2018.

- Net income decreased \$1 million between the periods and included an increase in non-cash components of \$33 million. The increase in non-cash components was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), a decrease in accounts payable (primarily due to timing of payments) and an increase in accounts receivable and unbilled revenues (primarily due to weather).
- Defined benefit plan funding was \$55 million lower in 2019.
- The increase in cash provided by other operating activities was driven primarily by a decrease in other assets (primarily due to non-current regulatory asset increases as a result of significant storm activity in 2018).

*(KU)*

KU had a \$28 million decrease in cash provided by operating activities in 2019 compared with 2018.

- Net income increased \$7 million between the periods and included an increase in non-cash components of \$34 million. The increase in non-cash components was primarily driven by an increase in depreciation expense (primarily due to higher depreciation rates and additional assets placed into service, net of retirements).
- The decrease in cash from changes in working capital was primarily driven by an increase in net regulatory assets and liabilities (primarily due to the impact of the TCJA and timing of rate recovery mechanisms), a decrease in accounts payable (primarily due to timing of payments) and an increase in unbilled revenues (primarily due to weather).
- Defined benefit plan funding was \$51 million lower in 2019.

Investing Activities

*(All Registrants)*

The components of the change in cash provided by (used in) investing activities were as follows:

	PPL	PPL Electric	LKE	LG&E	KU
<b>2019 vs. 2018</b>					
<b>Change - Cash Provided (Used):</b>					
Expenditures for PP&E	\$ 155	\$ 78	\$ 23	\$ 72	\$ (48)
Purchase of investments	10	—	—	—	—
Proceeds from sale of investments	63	—	—	—	—
Other investing activities	53	(2)	(1)	—	(1)
<b>Total</b>	<b>\$ 281</b>	<b>\$ 76</b>	<b>\$ 22</b>	<b>\$ 72</b>	<b>\$ (49)</b>

For PPL, in 2019 compared with 2018, the decrease in expenditures was due to lower project expenditures at WPD, PPL Electric, LKE and LG&E, partially offset by higher project expenditures at KU. The decrease in expenditures at WPD was primarily due to a decrease in expenditures to enhance system reliability and a decrease in foreign currency exchange rates. The decrease in expenditures for PPL Electric was primarily due to timing differences on capital spending projects related to ongoing efforts to improve reliability and replace aging infrastructure. The decrease in expenditures at LKE was primarily due to decreased spending for environmental water projects at LG&E and KU's Trimble County plant, LG&E's Mill Creek plant and KU's Ghent plant, partially offset by spending on various other projects at KU that are not individually significant.

See "Forecasted Uses of Cash" for detail regarding projected capital expenditures for the years 2020 through 2024.

### Financing Activities

*(All Registrants)*

The components of the change in cash provided by (used in) financing activities were as follows:

	PPL	PPL Electric	LKE	LG&E	KU
<b>2019 vs. 2018</b>					
<b>Change - Cash Provided (Used):</b>					
Debt issuance/retirement, net	\$ 383	\$ (105)	\$ 414	\$ 99	\$ 315
Debt issuance/retirement, affiliate		—	(250)	—	—
Stock issuances/redemptions, net	469	—	—	—	—
Dividends	(59)	(96)	—	(26)	17
Capital contributions/distributions, net		(29)	57	(58)	23
Changes in net short-term debt	(641)	—	(396)	(121)	(275)
Note payable with affiliate		—	149	—	—
Other financing activities	(6)	(4)	(10)	(5)	(4)
<b>Total</b>	<b>\$ 146</b>	<b>\$ (234)</b>	<b>\$ (36)</b>	<b>\$ (111)</b>	<b>\$ 76</b>

*(PPL)*

For PPL, in 2019 compared with 2018, cash provided by financing activities increased primarily as a result of an increase in cash required to fund capital and general corporate expenditures to offset a decrease in cash from operations of \$394 million.

*(PPL Electric)*

For PPL Electric, in 2019 compared with 2018, cash provided by financing activities decreased primarily as a result of a decrease in cash required to fund capital and general expenditures.

*(LKE, LG&E and KU)*

For LKE and LG&E, in 2019 compared with 2018, cash provided by financing activities decreased primarily as a result of a decrease in cash required to fund capital and general expenditures. For KU, in 2019 compared with 2018, cash provided by financing activities increased primarily as a result of an increase in cash required to fund capital and general expenditures.

[Table of Contents](#)

(All Registrants)

See "Long-term Debt and Equity Securities" below for additional information on current year activity. See "Forecasted Sources of Cash" for a discussion of the Registrants' plans to issue debt and equity securities, as well as a discussion of credit facility capacity available to the Registrants. Also see "Forecasted Uses of Cash" for a discussion of PPL's plans to pay dividends on common securities in the future, as well as the Registrants' maturities of long-term debt.

### Long-term Debt and Equity Securities

Long-term debt and equity securities activity for 2019 included:

Cash Flow Impact:	Debt		Net Stock
	Issuances (a)	Retirements	Issuances
PPL	\$ 1,465	\$ 300	\$ 1,167
PPL Electric	393	100	
LKE	705	200	
LG&E	399	200	
KU	306	—	

(a) Issuances are net of pricing discounts, where applicable, and exclude the impact of debt issuance costs. Includes debt issuances with affiliates.

See Note 8 to the Financial Statements for additional long-term debt information.

(PPL)

### Equity Securities Activities

#### Equity Forward Contracts

In May 2018, PPL completed a registered underwritten public offering of 55 million shares of its common stock. In conjunction with that offering, the underwriters exercised an option to purchase 8.25 million additional shares of PPL common stock solely to cover over-allotments.

In connection with the registered public offering, PPL entered into forward sale agreements with two counterparties covering the total 63.25 million shares of PPL common stock. Under the forward sale agreements, PPL was obligated to settle these forward sale agreements no later than November 2019. The forward sale agreements were classified as equity transactions.

In September 2018, PPL settled a portion of the initial forward sale agreements by issuing 20 million shares of PPL common stock, resulting in net cash proceeds of \$520 million. In November 2019, PPL settled the remaining 43.25 million shares of PPL common stock, resulting in net cash proceeds of \$1.1 billion. The net proceeds received will be used for general corporate purposes. See Note 5 for information on the forward sale agreements impact on the calculation of diluted EPS.

See Note 8 to the Financial Statements for additional information.

#### ATM Program

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program, including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the twelve months ended December 31, 2019. PPL issued 42 million shares of common stock and received proceeds of \$119 million for the year ended December 31, 2018.

### Forecasted Sources of Cash

(All Registrants)

The Registrants expect to continue to have adequate liquidity available from operating cash flows, cash and cash equivalents, credit facilities and commercial paper issuances. Additionally, subject to market conditions, the Registrants and their

subsidiaries may access the capital markets, and PPL Electric, LG&E and KU anticipate receiving equity contributions from their parent or member in 2020.

*Credit Facilities*

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. Amounts borrowed under these credit facilities are reflected in "Short-term debt" on the Balance Sheets. At December 31, 2019, the total committed borrowing capacity under credit facilities and the borrowings under these facilities were:

*External*

	Committed Capacity	Borrowed	Letters of Credit and Commercial Paper Issued	Unused Capacity
PPL Capital Funding Credit Facilities	\$ 1,550	\$ —	\$ 465	\$ 1,085
PPL Electric Credit Facility	650	—	1	649
LG&E Credit Facilities	500	—	238	262
KU Credit Facilities	400	—	150	250
Total LKE Consolidated	900	—	388	512
Total U.S. Credit Facilities (a) (b)	<u>\$ 3,100</u>	<u>\$ —</u>	<u>\$ 854</u>	<u>\$ 2,246</u>
Total U.K. Credit Facilities (b) (c)	£ 1,055	£ 243	£ —	£ 812

(a) The syndicated credit facilities, KU's letter of credit facility and PPL Capital Funding's bilateral facility, each contain a financial covenant requiring debt to total capitalization not to exceed 70% for PPL Capital Funding, PPL Electric, LKE, LG&E and KU, as calculated in accordance with the facility, and other customary covenants.

The commitments under the domestic credit facilities are provided by a diverse bank group, with no one bank and its affiliates providing an aggregate commitment of more than the following percentages of the total committed capacity: PPL - 8%, PPL Electric - 6%, LKE - 6%, LG&E - 6% and KU - 6%.

(b) Each company pays customary fees under its respective syndicated credit facility. Borrowings generally bear interest at LIBOR-based rates plus an applicable margin.

(c) The facilities contain financial covenants to maintain an interest coverage ratio of not less than 3.0 times consolidated earnings before income taxes, depreciation and amortization and total net debt not in excess of 85% of its RAV, calculated in accordance with the credit facility.

The amounts borrowed at December 31, 2019, include a USD-denominated borrowing of \$200 million and GBP-denominated borrowings of £88 million, which equated to \$113 million. At December 31, 2019, the USD equivalent of unused capacity under the U.K. committed credit facilities was approximately \$1.0 billion.

The commitments under the U.K.'s credit facilities are provided by a diverse bank group with no one bank providing more than 13% of the total committed capacity.

In addition to the financial covenants noted in the table above, the credit agreements governing the above credit facilities contain various other covenants. Failure to comply with the covenants after applicable grace periods could result in acceleration of repayment of borrowings and/or termination of the agreements. The Registrants monitor compliance with the covenants on a regular basis. At December 31, 2019, the Registrants were in compliance with these covenants. At this time, the Registrants believe that these covenants and other borrowing conditions will not limit access to these funding sources.

See Note 8 to the Financial Statements for further discussion of the Registrants' credit facilities.

*Intercompany (LKE, LG&E and KU)*

	Committed Capacity	Borrowed	Non-affiliate Used Capacity	Unused Capacity
LKE Credit Facility	\$ 375	\$ 150	\$ —	\$ 225
LG&E Money Pool (a)	500	—	238	262
KU Money Pool (a)	500	—	150	350

[Table of Contents](#)

(a) LG&E and KU participate in an intercompany agreement whereby LKE, LG&E and/or KU make available funds up to \$500 million at an interest rate based on a market index of commercial paper issues. However, the FERC has authorized a maximum aggregate short-term debt limit for each utility at \$500 million from all covered sources.

See Note 14 to the Financial Statements for further discussion of intercompany credit facilities.

### Commercial Paper (All Registrants)

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs, as necessary. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facilities. The following commercial paper programs were in place at:

	December 31, 2019		
	Capacity	Commercial Paper Issuances	Unused Capacity
PPL Capital Funding	\$ 1,500	\$ 450	\$ 1,050
PPL Electric	650	—	650
LG&E	350	238	112
KU	350	150	200
Total LKE	700	388	312
Total PPL	\$ 2,850	\$ 838	\$ 2,012

### Long-term Debt and Equity Securities

#### (PPL)

PPL and its subsidiaries are authorized to issue, at the discretion of management and subject to market conditions, up to \$7 billion of long-term debt and equity securities, the proceeds of which would be used to fund capital expenditures and for general corporate purposes.

#### (PPL Electric)

PPL Electric is authorized to issue, at the discretion of management and subject to market conditions and regulatory approvals, up to \$700 million of long-term debt securities, the proceeds of which would be used to fund capital expenditures and for general corporate purposes.

#### (LKE, LG&E and KU)

LKE is authorized to issue, at the discretion of management, up to \$800 million of long-term debt with a PPL affiliate, the proceeds of which would be used to repay \$475 million of Senior Unsecured Notes maturing in November 2020 and for general corporate purposes.

LG&E is authorized to issue, at the discretion of management and subject to market conditions and regulatory approvals, up to \$400 million of long-term debt securities, the proceeds of which would be used to repay short-term debt incurred to fund capital expenditures and for general corporate purposes.

KU is authorized to issue, at the discretion of management and subject to market conditions and regulatory approvals, up to \$800 million of long-term debt securities, the proceeds of which would be used to repay \$500 million of First Mortgage Bonds maturing in November 2020, repay short-term debt incurred to fund capital expenditures and for general corporate purposes.

### Contributions from Parent/Member (PPL Electric, LKE, LG&E and KU)

From time to time, LKE's member or the parents of PPL Electric, LG&E and KU make capital contributions to subsidiaries. The proceeds from these contributions are used to fund capital expenditures and for other general corporate purposes and, in the case of LKE, to make contributions to its subsidiaries.

## Forecasted Uses of Cash

(All Registrants)

In addition to expenditures required for normal operating activities, such as purchased power, payroll, fuel and taxes, the Registrants currently expect to incur future cash outflows for capital expenditures, various contractual obligations, payment of dividends on its common stock, distributions by LKE to its member, and possibly the purchase or redemption of a portion of debt securities.

### Capital Expenditures

The table below shows the Registrants' current capital expenditure projections for the years 2020 through 2024. Expenditures for the domestic regulated utilities are expected to be recovered through rates, pending regulatory approval.

	Total	Projected				
		2020 (b)	2021	2022	2023	2024
<b>PPL</b>						
Construction expenditures (a)						
Generating facilities	\$ 763	\$ 148	\$ 222	\$ 106	\$ 121	\$ 166

Total Capital Expenditures	<u>\$ 2,259</u>	<u>\$ 523</u>	<u>\$ 625</u>	<u>\$ 386</u>	<u>\$ 376</u>	<u>\$ 349</u>

(a) Construction expenditures include capitalized interest and AFUDC, which are expected to total approximately \$93 million for PPL and \$77 million for PPL Electric over the five-year period.

[Table of Contents](#)

(b) The 2020 total excludes amounts included in accounts payable as of December 31, 2019.

Capital expenditure plans are revised periodically to reflect changes in operational, market and regulatory conditions. For the years presented, this table includes PPL Electric's asset optimization program to replace aging transmission and distribution assets.

### Contractual Obligations

The Registrants have assumed various financial obligations and commitments in the ordinary course of conducting business. At December 31, 2019, estimated contractual cash obligations were as follows:

	<u>Total</u>	<u>2020</u>	<u>2021-2022</u>	<u>2023-2024</u>	<u>After 2024</u>
<b>PPL</b>					
Long-term Debt (a)	\$ 22,002	\$ 1,169	\$ 2,848	\$ 3,186	\$ 14,799

Other Obligations	146	70	39	9	28
<b>Total Contractual Cash Obligations</b>	<b>\$ 5,559</b>	<b>\$ 1,076</b>	<b>\$ 665</b>	<b>\$ 302</b>	<b>\$ 3,516</b>

- (a) Reflects principal maturities based on stated maturity or earlier put dates. See Note 8 to the Financial Statements for a discussion of variable-rate remarketable bonds issued on behalf of LG&E and KU. The Registrants do not have any significant finance lease obligations.
- (b) Assumes interest payments through stated maturity or earlier put dates. For PPL, LKE, LG&E and KU the payments herein are subject to change, as payments for debt that is or becomes variable-rate debt have been estimated and for PPL, payments denominated in British pounds sterling have been translated to U.S. dollars at a current foreign currency exchange rate.
- (c) See Note 9 to the Financial Statements for additional information.
- (d) The amounts include agreements to purchase goods or services that are enforceable and legally binding and specify all significant terms, including: fixed or minimum quantities to be purchased; fixed, minimum or variable price provisions; and the approximate timing of the transaction. Primarily includes, as applicable, the purchase obligations of electricity, coal, natural gas and limestone, as well as certain construction expenditures, which are also included in the Capital Expenditures table presented above.
- (e) The amounts for PPL include WPD's contractual deficit pension funding requirements arising from actuarial valuations performed in March 2016. The U.K. electricity regulator currently allows a recovery of a substantial portion of the contributions relating to the plan deficit. The amounts also include contributions made or committed to be made in 2020 for PPL's and LKE's U.S. pension plans (for PPL Electric, LG&E and KU includes their share of these amounts). Based on the current funded status of these plans, except for WPD's plans, no cash contributions are required. See Note 11 to the Financial Statements for a discussion of expected contributions.
- (f) Represents contracts to purchase coal, natural gas and natural gas transportation. See Note 13 to the Financial Statements for additional information.
- (g) Represents future minimum payments under OVEC power purchase agreements through June 2040. See Note 13 to the Financial Statements for additional information.
- (h) Represents construction commitments, which are also reflected in the Capital Expenditures table presented above.

#### *Dividends/Distributions*

##### *(PPL)*

PPL views dividends as an integral component of shareowner return and expects to continue to pay dividends in amounts intended to maintain a capitalization structure that supports investment grade credit ratings. In November 2019, PPL declared its quarterly common stock dividend, payable January 2, 2020, at 41.25 cents per share (equivalent to \$1.65 per annum). On February 14, 2020, PPL announced an increase of its quarterly common stock dividend to 41.5 cents per share (equivalent to \$1.66 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

Subject to certain exceptions, PPL may not declare or pay any cash dividend or distribution on its capital stock during any period in which PPL Capital Funding defers interest payments on its 2007 Series A Junior Subordinated Notes due 2067 or 2013 Series B Junior Subordinated Notes due 2073. At December 31, 2019, no interest payments were deferred.

##### *(PPL Electric, LKE, LG&E and KU)*

From time to time, as determined by their respective Board of Directors, the Registrants pay dividends or distributions, as applicable, to their respective shareholders or members. Certain of the credit facilities of PPL Electric, LKE, LG&E and KU include minimum debt covenant ratios that could effectively restrict the payment of dividends or distributions.

##### *(All Registrants)*

See Note 8 to the Financial Statements for these and other restrictions related to distributions on capital interests for the Registrants and their subsidiaries.

*Purchase or Redemption of Debt Securities*

The Registrants will continue to evaluate outstanding debt securities and may decide to purchase or redeem these securities in open market or privately negotiated transactions, in exchange transactions or otherwise, depending upon prevailing market conditions, available cash and other factors, and may be commenced or suspended at any time. The amounts involved may be material.

Rating Agency Actions

Moody's and S&P periodically review the credit ratings of the debt of the Registrants and their subsidiaries. Based on their respective independent reviews, the rating agencies may make certain ratings revisions or ratings affirmations.

A credit rating reflects an assessment by the rating agency of the creditworthiness associated with an issuer and particular securities that it issues. The credit ratings of the Registrants and their subsidiaries are based on information provided by the Registrants and other sources. The ratings of Moody's and S&P are not a recommendation to buy, sell or hold any securities of the Registrants or their subsidiaries. Such ratings may be subject to revisions or withdrawal by the agencies at any time and should be evaluated independently of each other and any other rating that may be assigned to the securities.

The credit ratings of the Registrants and their subsidiaries affect their liquidity, access to capital markets and cost of borrowing under their credit facilities. A downgrade in the Registrants' or their subsidiaries' credit ratings could result in higher borrowing costs and reduced access to capital markets. The Registrants and their subsidiaries have no credit rating triggers that would result in the reduction of access to capital markets or the acceleration of maturity dates of outstanding debt.

The following table sets forth the Registrants' and their subsidiaries' credit ratings for outstanding debt securities or commercial paper programs as of December 31, 2019.

Issuer	Senior Unsecured		Senior Secured		Commercial Paper	
	Moody's	S&P	Moody's	S&P	Moody's	S&P
<b>PPL</b>						
PPL Capital Funding	Baa2	BBB+			P-2	A-2
WPD plc	Baa3	BBB+				
WPD (East Midlands)	Baa1	A-				
WPD (West Midlands)	Baa1	A-				
WPD (South Wales)	Baa1	A-				
WPD (South West)	Baa1	A-				
<b>PPL and PPL Electric</b>						
PPL Electric			A1	A	P-2	A-2
<b>PPL and LKE</b>						
LKE	Baa1	BBB+				
LG&E			A1	A	P-2	A-2
KU			A1	A	P-2	A-2

The rating agencies have taken the following actions related to the Registrants and their subsidiaries.

*(PPL)*

In September 2019, Moody's and S&P assigned ratings of Baa1 and A- to WPD (East Midlands) £250 million of 1.75% Senior Notes due 2031.

*(PPL and PPL Electric)*

In September 2019, Moody's and S&P assigned ratings of A1 and A to PPL Electric's \$400 million 3.00% First Mortgage Bonds due 2049.

## [Table of Contents](#)

### *(PPL, LKE and LG&E)*

In March 2019, Moody's and S&P assigned ratings of A1 and A to LG&E's \$400 million 4.25% First Mortgage Bonds due 2049. The bonds were issued April 1, 2019.

In March 2019, Moody's and S&P assigned ratings of A1 and A to the County of Jefferson, Kentucky's \$128 million 1.85% Pollution Control Revenue Bonds, 2001 Series A, due 2033, previously issued on behalf of LG&E. The bonds were remarketed April 1, 2019.

In May 2019, Moody's assigned a rating of A1, and in June 2019, S&P assigned a rating of A to the County of Jefferson, Kentucky's \$31 million 1.65% Series A Environmental Facilities Revenue Refunding Bonds, due 2033, previously issued on behalf of LG&E. The bonds were remarketed June 1, 2019.

In May 2019, Moody's assigned a rating of A1, and in June 2019, S&P assigned a rating of A to the County of Jefferson, Kentucky's \$35 million 1.65% Series B Environmental Facilities Revenue Refunding Bonds, due 2033, previously issued on behalf of LG&E. The bonds were remarketed June 1, 2019.

In September 2019, Moody's and S&P assigned ratings of A1 and A to the County of Jefferson, Kentucky's \$40 million 1.75% Pollution Control Revenue Bonds, 2005 Series A, due 2035, previously issued on behalf of LG&E. The bonds were remarketed September 17, 2019.

### *(PPL, LKE and KU)*

In March 2019, Moody's assigned a rating of A1 and S&P assigned a rating of A to KU's \$300 million 4.375% First Mortgage Bonds due 2045. The bonds were issued April 1, 2019.

In August 2019, Moody's assigned a rating of A1, and in September 2019, S&P assigned a rating of A to the County of Carroll, Kentucky's \$96 million 1.55% Pollution Control Revenue Refunding Bonds, 2016 Series A (Kentucky Utilities Company Project), due 2042, previously issued on behalf of KU. The bonds were remarketed September 3, 2019.

In August 2019, Moody's assigned a rating of A1, and in September 2019, S&P lowered its rating to A to the following bonds:

- County of Carroll, Kentucky's \$50 million 1.75% Environmental Facilities Revenue Bonds, 2004 Series A due 2034;
- County of Carroll, Kentucky's \$54 million 1.20% Environmental Facilities Revenue Refunding Bonds, 2006 Series B due 2034;
- County of Carroll, Kentucky's \$78 million 1.20% Environmental Facilities Revenue Bonds, 2006 Series B due 2032;
- County of Mercer, Kentucky's \$13 million 1.30% Solid Waste Disposal Facility Revenue Bonds, 2000 Series A due 2023.

The bonds, previously issued on behalf of KU, were remarketed September 3, 2019. S&P and Moody's lowered their ratings as a result of KU's termination of the letters of credit that previously provided credit enhancement for these bonds. See Note 8 to the Financial Statements for additional information.

## Ratings Triggers

### *(PPL)*

As discussed in Note 8 to the Financial Statements, certain of WPD's senior unsecured notes may be put by the holders to the issuer for redemption if the long-term credit ratings assigned to the notes are withdrawn by any of the rating agencies (Moody's or S&P) or reduced to a non-investment grade rating of Ba1 or BB+ or lower in connection with a restructuring event. A restructuring event includes the loss of, or a material adverse change to, the distribution licenses under which WPD (East Midlands), WPD (South West), WPD (South Wales) and WPD (West Midlands) operate and would be a trigger event for each company. These notes totaled £5.4 billion (approximately \$6.9 billion) nominal value at December 31, 2019.

### *(PPL, LKE, LG&E and KU)*

Various derivative and non-derivative contracts, including contracts for the sale and purchase of electricity and fuel, commodity transportation and storage, interest rate and foreign currency instruments (for PPL), contain provisions that require the posting of additional collateral, or permit the counterparty to terminate the contract, if PPL's, LKE's, LG&E's or KU's or their subsidiaries' credit rating, as applicable, were to fall below investment grade. See Note 17 to the Financial Statements for a

discussion of "Credit Risk-Related Contingent Features," including a discussion of the potential additional collateral requirements for PPL, LKE and LG&E for derivative contracts in a net liability position at December 31, 2019.

**Guarantees for Subsidiaries (PPL)**

PPL guarantees certain consolidated affiliate financing arrangements. Some of the guarantees contain financial and other covenants that, if not met, would limit or restrict the consolidated affiliates' access to funds under these financing arrangements, accelerate maturity of such arrangements or limit the consolidated affiliates' ability to enter into certain transactions. At this time, PPL believes that these covenants will not limit access to relevant funding sources. See Note 13 to the Financial Statements for additional information about guarantees.

**Off-Balance Sheet Arrangements (All Registrants)**

The Registrants have entered into certain agreements that may contingently require payment to a guaranteed or indemnified party. See Note 13 to the Financial Statements for a discussion of these agreements.

**Risk Management**

**Market Risk**

(All Registrants)

See Notes 1, 16 and 17 to the Financial Statements for information about the Registrants' risk management objectives, valuation techniques and accounting designations.

The forward-looking information presented below provides estimates of what may occur in the future, assuming certain adverse market conditions and model assumptions. Actual future results may differ materially from those presented. These are not precise indicators of expected future losses, but are rather only indicators of possible losses under normal market conditions at a given confidence level.

**Interest Rate Risk**

The Registrants and their subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. The Registrants and their subsidiaries utilize various financial derivative instruments to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of their debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under the risk management program are designed to balance risk exposure to volatility in interest expense and changes in the fair value of the debt portfolios due to changes in the absolute level of interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

The following interest rate hedges were outstanding at December 31:

	2019				2018			
	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	Maturities Ranging Through	Exposure Hedged	Fair Value, Net - Asset (Liability) (a)	Effect of a 10% Adverse Movement in Rates (b)	
<b>PPL</b>								
Cash flow hedges								
Cross-currency swaps (c)	\$ 702	\$ 156	\$ (71)	2028	\$ 702	\$ 137	\$ (76)

<b>LG&amp;E</b>								
Economic hedges								
Interest rate swaps (d)	147	(22)	(1)	2033	147	(20)	(1)	

[Table of Contents](#)

- (a) Includes accrued interest, if applicable.
- (b) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability. Sensitivities represent a 10% adverse movement in interest rates, except for cross-currency swaps which also includes a 10% adverse movement in foreign currency exchange rates.
- (c) Changes in the fair value of these instruments are recorded in equity and reclassified into earnings in the same period during which the item being hedged affects earnings.
- (d) Realized changes in the fair value of such economic hedges are recoverable through regulated rates and any subsequent changes in the fair value of these derivatives are included in regulatory assets or regulatory liabilities.

The Registrants are exposed to a potential increase in interest expense and to changes in the fair value of their debt portfolios. The estimated impact of a 10% adverse movement in interest rates on interest expense at December 31, 2019 and 2018 was insignificant for PPL, PPL Electric, LKE, LG&E and KU. The estimated impact of a 10% adverse movement in interest rates on the fair value of debt at December 31 is shown below.

	10% Adverse Movement in Rates	
	2019	2018
PPL	\$ 655	\$ 652
PPL Electric	197	188
LKE	198	172
LG&E	84	62
KU	104	92

*Foreign Currency Risk (PPL)*

PPL is exposed to foreign currency risk primarily through investments in and earnings of U.K. affiliates. Under its risk management program, PPL may enter into financial instruments to hedge certain foreign currency exposures, including translation risk of expected earnings, firm commitments, recognized assets or liabilities, anticipated transactions and net investments.

The following foreign currency hedges were outstanding at December 31:

	2019				2018			
	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	Maturities Ranging Through	Exposure Hedged	Fair Value, Net - Asset (Liability)	Effect of a 10% Adverse Movement in Foreign Currency Exchange Rates (a)	
Economic hedges (b)	£ 859	\$ 137	\$ (89)	2020	£ 1,540	\$ 201	\$ (181)	

- (a) Effects of adverse movements decrease assets or increase liabilities, as applicable, which could result in an asset becoming a liability.
- (b) To economically hedge the translation of expected earnings denominated in GBP.

*(All Registrants)*

*Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

*Volumetric Risk*

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 to the Financial Statements for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

#### *Defined Benefit Plans - Equity Securities Price Risk*

See "Application of Critical Accounting Policies - Defined Benefits" for additional information regarding the effect of equity securities price risk on plan assets.

#### Credit Risk

*(All Registrants)*

Credit risk is the risk that the Registrants would incur a loss as a result of nonperformance by counterparties of their contractual obligations. The Registrants maintain credit policies and procedures with respect to counterparty credit (including requirements that counterparties maintain specified credit ratings) and require other assurances in the form of credit support or collateral in certain circumstances in order to limit counterparty credit risk. However, the Registrants, as applicable, have concentrations of suppliers and customers among electric utilities, financial institutions and energy marketing and trading companies. These concentrations may impact the Registrants' overall exposure to credit risk, positively or negatively, as counterparties may be similarly affected by changes in economic, regulatory or other conditions.

*(PPL and PPL Electric)*

In January 2017, the PUC issued a Final Order approving PPL Electric's PLR procurement plan for the period June 2017 through May 2021, which includes a total of eight semi-annual solicitations for electricity supply in April and October. To date, PPL Electric has conducted six of its planned eight competitive solicitations.

Under the standard Supply Master Agreement (the Agreement) for the competitive solicitation process, PPL Electric requires all suppliers to post collateral if their credit exposure exceeds an established credit limit. In the event a supplier defaults on its obligation, PPL Electric would be required to seek replacement power in the market. All incremental costs incurred by PPL Electric would be recoverable from customers in future rates. At December 31, 2019, most of the successful bidders under all of the solicitations had an investment grade credit rating from S&P and were not required to post collateral under the Agreement. A small portion of bidders were required to post an insignificant amount of collateral under the Agreement. There is no instance under the Agreement in which PPL Electric is required to post collateral to its suppliers.

See Note 17 to the Financial Statements for additional information on credit risk.

#### **Foreign Currency Translation** *(PPL)*

The value of the British pound sterling fluctuates in relation to the U.S. dollar. In 2019, changes in this exchange rate resulted in a foreign currency translation gain of \$106 million, which reflected a \$181 million increase to PP&E, \$34 million increase to goodwill and \$12 million decrease to other net liabilities partially offset by a \$121 million increase to long-term debt. In 2018, changes in this exchange rate resulted in a foreign currency translation loss of \$453 million, which reflected a \$754 million decrease to PP&E and \$150 million decrease to goodwill partially offset by a \$445 million decrease to long-term debt and a decrease of \$6 million to other net liabilities. In 2017, changes in this exchange rate resulted in a foreign currency translation gain of \$537 million, which reflected a \$935 million increase to PP&E and \$198 million increase to goodwill partially offset by a \$549 million increase to long-term debt and an increase of \$47 million to other net liabilities.

*(All Registrants)*

#### **Related Party Transactions**

The Registrants are not aware of any material ownership interests or operating responsibility by senior management in outside partnerships, including leasing transactions with variable interest entities, or other entities doing business with the Registrants. See Note 14 to the Financial Statements for additional information on related party transactions for PPL Electric, LKE, LG&E and KU.

## Acquisitions, Development and Divestitures

The Registrants from time to time evaluate opportunities for potential acquisitions, divestitures and development projects. Development projects are reexamined based on market conditions and other factors to determine whether to proceed with, modify or terminate the projects. Any resulting transactions may impact future financial results.

### Capacity Needs (PPL, LKE, LG&E and KU)

As a result of environmental requirements and energy efficiency measures, KU retired two older coal-fired electricity generating units at the E.W. Brown plant in February 2019 with a combined summer rating capacity of 272 MW. Despite the retirement of these units, LG&E and KU maintain sufficient generating capacity to serve their anticipated load.

## Environmental Matters

*(All Registrants)*

Extensive federal, state and local environmental laws and regulations are applicable to PPL's, PPL Electric's, LKE's, LG&E's and KU's air emissions, water discharges and the management of hazardous and solid waste, as well as other aspects of the Registrants' businesses. The costs of compliance or alleged non-compliance cannot be predicted with certainty but could be significant. In addition, costs may increase significantly if the requirements or scope of environmental laws or regulations, or similar rules, are expanded or changed. Costs may take the form of increased capital expenditures or operating and maintenance expenses, monetary fines, penalties or other restrictions. Many of these environmental law considerations are also applicable to the operations of key suppliers, or customers, such as coal producers and industrial power users, and may impact the costs for their products or their demand for the Registrants' services. Increased capital and operating costs are subject to rate recovery. PPL, PPL Electric, LKE, LG&E and KU can provide no assurances as to the ultimate outcome of future environmental or rate proceedings before regulatory authorities.

See "Legal Matters" in Note 13 to the Financial Statements for a discussion of the more significant environmental claims. See "Financial Condition - Liquidity and Capital Resources - Forecasted Uses of Cash - Capital Expenditures" in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations" for information on projected environmental capital expenditures for 2020 through 2024. See Note 19 to the Financial Statements for information related to the impacts of CCRs on AROs.

## Sustainability

Increasing attention has been focused on a broad range of corporate activities under the heading of "sustainability", which has resulted in a significant increase in the number of requests from interested parties for information on sustainability topics. These parties range from investor groups focused on environmental, social, governance and other matters to non-investors concerned with a variety of public policy matters. Often the scope of the information sought is very broad and not necessarily relevant to an issuer's business or industry. As a result, a number of private groups have proposed to standardize the subject matter constituting sustainability, either generally or by industry. Those efforts remain ongoing. In addition, certain of these private groups have advocated that the SEC promulgate regulations requiring specific sustainability reporting under the Securities Exchange Act of 1934, as amended (the "'34 Act"), or that issuers voluntarily include certain sustainability disclosure in their '34 Act reports. To date, no new reporting requirements have been adopted or proposed by the SEC.

As has been PPL's practice, to the extent sustainability issues have or may have a material impact on the Registrants' financial condition or results of operation, PPL discloses such matters in accordance with applicable securities law and SEC regulations. With respect to other sustainability topics that PPL deems relevant to investors but that are not required to be reported under applicable securities law and SEC regulation, PPL will continue each spring to publish its annual sustainability report including tracking reductions related to the company's goal to reduce carbon emissions and post that report on its corporate website at [www.pplweb.com](http://www.pplweb.com) and on [www.pplsustainability.com](http://www.pplsustainability.com). Neither the information in such annual sustainability report nor the information at such websites is incorporated in this Form 10-K by reference, and it should not be considered a part of this Form 10-K. In preparing its sustainability report, PPL is guided by the framework established by the Global Reporting Initiative, which identifies environmental, social, governance and other subject matter categories. PPL also participates in efforts by the Edison Electric Institute to provide the appropriate subset of sustainability information that can be applied consistently across the electric utility industry. Additionally, PPL publicly discloses its corporate political contributions and responds to the CDP climate survey.

## Cybersecurity

See “Cybersecurity Management” in “Item 1. Business” and “Item 1A. Risk factors” for a discussion of cybersecurity risks affecting the Registrants and the related strategies for managing these risks.

## Competition

See "Competition" under each of PPL's reportable segments in "Item 1. Business - General - Segment Information" and "Item 1A. Risk Factors" for a discussion of competitive factors affecting the Registrants.

### New Accounting Guidance

See Notes 1 and 21 to the Financial Statements for a discussion of new accounting guidance adopted and pending adoption.

### Application of Critical Accounting Policies

Financial condition and results of operations are impacted by the methods, assumptions and estimates used in the application of critical accounting policies. The following accounting policies are particularly important to an understanding of the reported financial condition or results of operations and require management to make estimates or other judgments of matters that are inherently uncertain. Changes in the estimates or other judgments included within these accounting policies could result in a significant change to the information presented in the Financial Statements (these accounting policies are also discussed in Note 1 to the Financial Statements). Senior management has reviewed with PPL's Audit Committee these critical accounting policies, the following disclosures regarding their application, and the estimates and assumptions regarding them.

## Defined Benefits

*(All Registrants)*

Certain of the Registrants and/or their subsidiaries sponsor or participate in certain qualified funded and non-qualified unfunded defined benefit pension plans and both funded and unfunded other postretirement benefit plans. See Notes 1, 7 and 11 to the Financial Statements for additional information about the plans and the accounting for defined benefits.

A summary of plan sponsors by Registrant and whether a Registrant or its subsidiaries sponsor (S) or participate in and receives allocations (P) from those plans is shown in the table below.

Plan Sponsor	PPL	PPL Electric	LKE	LG&E	KU
PPL Services	S	P			
WPD (a)	S				
LKE (b)			S	P	P
LG&E (b)				S	

(a) Does not sponsor or participate in other postretirement benefits plans.

(b) The pension plans sponsored by LKE and LG&E were merged effective January 1, 2020 into the LG&E and KU Pension Plan. The merged plan is sponsored by LKE. LG&E and KU participate in this plan.

Management makes certain assumptions regarding the valuation of benefit obligations and the performance of plan assets. As such, annual net periodic defined benefit costs are recorded in current earnings or regulatory assets and liabilities based on estimated results. Any differences between actual and estimated results are recorded in AOCI or, in the case of PPL Electric, LG&E and KU, regulatory assets and liabilities for amounts that are expected to be recovered through regulated customer rates. These amounts in AOCI or regulatory assets and liabilities are amortized to income over future periods. The significant assumptions are:

- Discount Rate - In selecting the discount rates for U.S. defined benefit plans, the plan sponsors start with a cash flow analysis of the expected benefit payment stream for their plans. The plan-specific cash flows are matched against the coupons and expected maturity values of Aa-rated non-callable (or callable with make-whole provisions) bonds that could be purchased for a hypothetical settlement portfolio. The plan sponsors then use the single discount rate derived from matching the discounted benefit payment stream to the market value of the selected bond portfolio.

In selecting the discount rate for its U.K. pension plans, WPD starts with a cash flow analysis of the expected benefit payment stream for its plans. These plan-specific cash flows are matched against a spot-rate yield curve to determine the assumed discount rate. The spot-rate yield curve uses an iBoxx British pounds sterling denominated corporate bond index as its base. From this base, those bonds with the lowest and highest yields are eliminated to develop an appropriate subset of bonds. WPD uses the single weighted-average discount rate derived from the spot rates to discount the benefit obligation. In addition, the spot rates that match the cash flows associated with the service cost and interest cost are used to discount those components of net periodic defined benefit cost.

- **Expected Return on Plan Assets** - The expected long-term rates of return for pension and other postretirement benefits are based on management's projections using a best-estimate of expected returns, volatilities and correlations for each asset class. Each plan's specific current and expected asset allocations are also considered in developing a reasonable return assumption.
- **Rate of Compensation Increase** - Management projects employees' annual pay increases, which are used to project employees' pension benefits at retirement. In selecting a rate of compensation increase, plan sponsors consider past experience, the potential impact of movements in inflation rates and expectations of ongoing compensation practices.

See Note 11 to the Financial Statements for details of the assumptions selected for pension and other postretirement benefits. A variance in the assumptions could significantly impact accrued defined benefit liabilities or assets, reported annual net periodic defined benefit costs and AOCI or regulatory assets and liabilities.

The following tables reflect changes in certain assumptions based on the Registrants' primary defined benefit plans. The inverse of this change would have the opposite impact on accrued defined benefit liabilities or assets, reported annual net periodic defined benefit costs and AOCI or regulatory assets and liabilities. The sensitivities below reflect an evaluation of the change based solely on a change in that assumption.

	<b>Increase (Decrease)</b>
<b>Actuarial assumption</b>	
Discount Rate	(0.25%)

### Income Taxes *(All Registrants)*

Significant management judgment is required in developing the Registrants' provision for income taxes, primarily due to the uncertainty related to tax positions taken or expected to be taken in tax returns, valuation allowances on deferred tax assets, as well as whether the undistributed earnings of WPD are considered indefinitely reinvested.

Additionally, significant management judgment is required to determine the amount of benefit recognized related to an uncertain tax position. On a quarterly basis, uncertain tax positions are reassessed by considering information known as of the reporting date. Based on management's assessment of new information, a tax benefit may subsequently be recognized for a previously unrecognized tax position, a previously recognized tax position may be derecognized, or the benefit of a previously recognized tax position may be remeasured. The amounts ultimately paid upon resolution of issues raised by taxing authorities may differ materially from the amounts accrued and may materially impact the financial statements in the future.

The need for valuation allowances to reduce deferred tax assets also requires significant management judgment. Valuation allowances are initially recorded and reevaluated each reporting period by assessing the likelihood of the ultimate realization of a deferred tax asset. Management considers a number of factors in assessing the realization of a deferred tax asset, including the reversal of temporary differences, future taxable income and ongoing prudent and feasible tax planning strategies. Any tax planning strategy utilized in this assessment must meet the recognition and measurement criteria utilized to account for an uncertain tax position. Management also considers the uncertainty posed by political risk and the effect of this uncertainty on the various factors that management takes into account in evaluating the need for valuation allowances. The amount of deferred tax assets ultimately realized may differ materially from the estimates utilized in the computation of valuation allowances and may materially impact the financial statements in the future.

See Note 6 to the Financial Statements for income tax disclosures, including the impact of the TCJA and management's conclusion that the undistributed earnings of WPD are considered indefinitely reinvested. Based on this conclusion, PPL Global does not record deferred U.S. federal income taxes on WPD's undistributed earnings.

### Regulatory Assets and Liabilities

*(All Registrants)*

PPL Electric, LG&E and KU are subject to cost-based rate regulation. As a result, the effects of regulatory actions are required to be reflected in the financial statements. Assets and liabilities are recorded that result from the regulated ratemaking process that may not be recorded under GAAP for non-regulated entities. Regulatory assets generally represent incurred costs that have been deferred because such costs are probable of future recovery in regulated customer rates. Regulatory liabilities are recognized for amounts expected to be returned through future regulated customer rates. In certain cases, regulatory liabilities are recorded based on an understanding or agreement with the regulator that rates have been set to recover costs that are expected to be incurred in the future, and the regulated entity is accountable for any amounts charged pursuant to such rates and not yet expended for the intended purpose.

Management continually assesses whether the regulatory assets are probable of future recovery by considering factors such as changes in the applicable regulatory and political environments, the ability to recover costs through regulated rates, recent rate orders to the Registrants and other regulated entities, and the status of any pending or potential deregulation legislation. Based

on this continual assessment, management believes the existing regulatory assets are probable of recovery. This assessment reflects the current political and regulatory climate at the state and federal levels and is subject to change in the future. If future recovery of costs ceases to be probable, the regulatory asset would be written-off. Additionally, the regulatory agencies can provide flexibility in the manner and timing of recovery of regulatory assets.

See Note 7 to the Financial Statements for regulatory assets and regulatory liabilities recorded at December 31, 2019 and 2018, as well as additional information on those regulatory assets and liabilities. All regulatory assets are either currently being recovered under specific rate orders, represent amounts that are expected to be recovered in future rates or benefit future periods based upon established regulatory practices.

*(PPL)*

WPD's operations are regulated by Ofgem. Ofgem has adopted a price control regulatory framework focused on outputs and performance in contrast to traditional U.S. utility ratemaking that operates under a cost recovery model. Because the regulatory model is incentive-based, WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP for entities subject to cost-based rate regulation and does not record regulatory assets and liabilities. See "General - Regulation" in Note 1 to the Financial Statements for additional information.

#### **Price Risk Management (PPL)**

See "Financial Condition - Risk Management" above.

#### **Goodwill Impairment (PPL, LKE, LG&E and KU)**

Goodwill is tested for impairment at the reporting unit level. PPL has determined its reporting units to be primarily at the same level as its reportable segments. LKE, LG&E and KU are individually single operating and reportable segments. A goodwill impairment test is performed annually or more frequently if events or changes in circumstances indicate that the carrying amount of the reporting unit may be greater than the reporting unit's fair value. Additionally, goodwill is tested for impairment after a portion of goodwill has been allocated to a business to be disposed of.

PPL, LKE, LG&E and KU may elect either to initially make a qualitative evaluation about the likelihood of an impairment of goodwill or to bypass the qualitative evaluation and test goodwill for impairment using a two-step quantitative test. See "Long-Lived and Intangible Assets - Asset Impairment (Excluding Investments)" in Note 1 to the Financial Statements for further discussion of qualitative and quantitative goodwill impairment tests. See Note 18 to the Financial Statements for information on goodwill balances at December 31, 2019.

PPL elected to perform the two-step quantitative impairment test of goodwill for the U.K. Regulated segment reporting unit in the fourth quarter of 2019. Management used both discounted cash flows and market multiples including implied RAV premiums, which required significant assumptions, to estimate the fair value of the reporting units. Significant assumptions used in the discounted cash flows include discount and growth rates, outcomes of future rate filings, and projected operating and capital cash flows. Projected operating and capital cash flows is based on the Registrants' internal business plan, which assumes the occurrence of certain future events. Significant assumptions used in the market multiples include utility sector market performance and comparable transactions.

Application of an appropriate weighting to both the discounted cash flow and market multiple valuations for the most recent impairment test performed as of October 1, 2019 did not require the second-step assessment and did not result in any impairment.

A high degree of judgment is required to develop estimates related to fair value conclusions. A decrease in the forecasted cash flows of 10%, an increase in the discount rate of 0.25%, or a 10% decrease in the market multiples would not have resulted in an impairment of goodwill for this reporting unit.

PPL (for its Kentucky Regulated segment), and individually, LKE, LG&E and KU elected to perform the qualitative step zero evaluation of goodwill, as of October 1, 2019. Based on these evaluations, management concluded it was not more likely than not that the fair value of these reporting units was less than their carrying values. As such, the two-step quantitative impairment test was not performed.

**Asset Retirement Obligations (PPL, LKE, LG&E and KU)**

ARO liabilities are required to be recognized for legal obligations associated with the retirement of long-lived assets. Initial obligations are measured at estimated fair value. An ARO must be recognized when incurred if the fair value of the ARO can be reasonably estimated. An equivalent amount is recorded as an increase in the value of the capitalized asset and amortized to expense over the asset's useful life.

In determining AROs, management must make significant judgments and estimates to calculate fair value. Fair value is developed using an expected present value technique based on assumptions of market participants that consider estimated retirement costs in current period dollars, inflated to the anticipated retirement date and discounted back to the date the ARO was incurred. Changes in assumptions and estimates included within the calculations of the fair value of AROs could result in significantly different results than those identified and recorded in the financial statements. Estimated ARO costs and settlement dates, which affect the carrying value of the ARO and the related capitalized asset, are reviewed periodically to ensure that any material changes are incorporated into the ARO estimate. Any change to the capitalized asset is generally amortized over the remaining life of the associated long-lived asset.

See "Long-Lived and Intangible Assets - Asset Retirement Obligations" in Note 1, Note 7 and Note 19 to the Financial Statements for additional information on AROs.

At December 31, 2019, the total recorded balances and information on the most significant recorded AROs were as follows.

	Total ARO Recorded	Most Significant AROs		
		Amount Recorded	% of Total	Description
PPL	\$ 282	\$ 181	64	Ponds, landfills and natural gas mains
LKE	215	181	84	Ponds, landfills and natural gas mains
LG&E	73	56	77	Ponds, landfills and natural gas mains
KU	142	125	88	Ponds and landfills

The most significant assumptions surrounding AROs are the forecasted retirement costs (including settlement dates and the timing of cash flows), discount and inflation rates. At December 31, 2019, a 10% increase to retirement cost would increase these ARO liabilities by \$33 million. A 0.25% decrease in the discount rate would increase these ARO liabilities by \$4 million and a 0.25% increase in the inflation rate would increase these ARO liabilities by \$2 million. There would be no significant change to the annual depreciation expense of the ARO asset or the annual accretion expense of the ARO liability as a result of these changes in assumptions.

**Revenue Recognition - Unbilled Revenues (LKE, LG&E and KU)**

Revenues related to the sale of energy are recorded when service is rendered or when energy is delivered to customers. Because customers are billed on cycles which vary based on the timing of actual meter reads taken throughout the month, estimates are recorded for unbilled revenues at the end of each reporting period. For LG&E and KU, such unbilled revenue amounts reflect estimates of deliveries to customers since the date of the last reading of their meters. The unbilled revenue estimates reflect consideration of factors including daily load models, estimated usage for each customer class, the effect of current and different rate schedules, the meter read schedule, the billing schedule, actual weather data, and, where applicable, the impact of weather normalization or other regulatory provisions of rate structures. See "Unbilled revenues" on the Registrants' Balance Sheets for balances at December 31, 2019 and 2018.

**Other Information (All Registrants)**

PPL's Audit Committee has approved the independent auditor to provide audit and audit-related services, tax services and other services permitted by Sarbanes-Oxley and SEC rules. The audit and audit-related services include services in connection with statutory and regulatory filings, reviews of offering documents and registration statements, and internal control reviews.

**ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

**PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

Reference is made to "Risk Management" for the Registrants in "Item 7. Combined Management's Discussion and Analysis of Financial Condition and Results of Operations."

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareowners and the Board of Directors of PPL Corporation

### Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of PPL Corporation and subsidiaries (the "Company") as of December 31, 2019 and 2018, the related consolidated statements of income, comprehensive income, equity, and cash flows, for each of the three years in the period ended December 31, 2019, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2019 and 2018, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2019, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 14, 2020, expressed an unqualified opinion on the Company's internal control over financial reporting.

### Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

### Critical Audit Matters

The critical audit matters communicated below are matters arising from the current-period audit of the financial statements that were communicated or required to be communicated to the audit committee and that (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

### Regulatory Assets and Liabilities - Impact of Rate Regulation on Various Account Balances and Disclosures - Refer to Notes 1 and 7 to the Financial Statements

#### *Critical Audit Matter Description*

As discussed in Note 1 to the financial statements, PPL Corporation owns and operates three cost-based rate-regulated utilities in the United States (U.S.) for which rates are set by the Federal Energy Regulatory Commission (FERC), the Kentucky Public Service Commission (KPSC), the Virginia State Corporation Commission (VSCC) and the Pennsylvania Public Utility Commission (PUC) to enable the regulated utilities to recover the costs of providing electric or gas service, as applicable, and to provide a reasonable return to shareholders. Base rates are generally established based on a future test period. As a result, the financial statements are subject to the accounting for certain types of regulation as prescribed by accounting principles generally accepted in the United States of America and reflect the effects of regulatory actions. Regulatory assets are recognized for the effect of transactions or events where future recovery of underlying costs is probable in regulated customer rates. The effect of such accounting is to defer certain or qualifying costs that would otherwise currently be charged to expense. Regulatory liabilities are recognized for amounts expected to be returned through future regulated customer rates.

The accounting for regulatory assets and regulatory liabilities is based on specific ratemaking decisions or precedent for each transaction or event as prescribed by the FERC, KPSC, VSCC and PUC. The accounting for the economics of rate regulation also impacts other financial statement line items, including regulated utility plant, operating revenues, depreciation, and income taxes and impacts multiple note disclosures. As of December 31, 2019, PPL Corporation had a recorded regulatory assets balance of \$1,559 million and regulatory liabilities balance of \$2,687 million.

PPL Corporation's U.S. regulated utilities' rates are subject to cost-based rate-setting processes and annual earnings oversight. Rates are established based on an analysis of the costs incurred and the regulated utility's capital structure, and must be approved by one or more federal or state regulatory commissions, including the FERC, KPSC, VSCC and PUC. Regulatory decisions can have an impact on the recovery of costs, the rate earned on invested capital, and the timing and amount of assets to be recovered by rates. The FERC, KPSC, VSCC and PUC regulation of rates is premised on the full recovery of prudently incurred costs and an adequate return on capital investments. Decisions to be made by the FERC, KPSC, VSCC and PUC in the future will impact the accounting for regulated operations, including decisions about the amount of allowable costs and return on invested capital included in rates and any refunds that may be required. While PPL Corporation's U.S. utilities have indicated that they expect to recover costs from customers through regulated rates, there is a risk that the FERC, KPSC, VSCC or PUC will not approve full recovery of such costs or approve recovery on a timely basis in future regulatory decisions.

We identified the impact of rate regulation as a critical audit matter due to the significant judgments made by management in continually assessing whether the regulatory assets are probable of future recovery by considering factors, such as changes in the applicable regulatory and political environments, the ability to recover costs through regulated rates, recent rate orders and the status of any pending legislation. Auditing these judgments required specialized knowledge of accounting for rate regulation and the rate-setting process due to its inherent complexities.

#### *How the Critical Audit Matter Was Addressed in the Audit*

Our audit procedures related to the uncertainty of future decisions by the FERC, KPSC, VSCC and PUC included the following, among others:

- We tested the effectiveness of management's internal controls over evaluating the likelihood of recovery in future rates of costs deferred as regulatory assets. We tested the effectiveness of management's controls over the recognition of amounts as regulated utility plant, regulatory assets or liabilities, operating revenues, depreciation, income taxes, and note disclosures and the monitoring and evaluation of regulatory developments that may affect the likelihood of recovering costs in future rates or of a future reduction in rates.
- We obtained and read relevant regulatory orders issued by the FERC, KPSC, VSCC and PUC for PPL Corporation's U.S. regulated utilities to assess the likelihood of recovery in future rates or of a future reduction in rates.
- We inquired of management about regulated utility plant that may be abandoned. We inspected minutes of the board of directors, regulatory orders and other filings with the commission to identify any evidence that may contradict management's assertion regarding probability of an abandonment.
- We evaluated PPL Corporation's disclosures related to the impacts of rate-regulation, including the balances recorded and regulatory developments, in the financial statements.

#### **Goodwill - U.K. Regulated Reporting Unit - Refer to Notes 1 and 18 to the Financial Statements**

##### *Critical Audit Matter Description*

PPL Corporation's balance sheet includes \$3.2 billion of goodwill as of December 31, 2019, of which \$2.5 billion was allocated to the U.K. Regulated reporting unit. The fair value of the U.K. Regulated reporting unit exceeded its carrying value as of the measurement date and, therefore, no impairment was recognized. PPL Corporation elected to perform the two-step quantitative impairment test of goodwill for the U.K. Regulated reporting unit in the fourth quarter of 2019. Management used both discounted cash flows and market multiples, which required significant assumptions, to estimate the fair value of the reporting units. Significant assumptions used in the discounted cash flows included discount and growth rates, and projected operating and capital cash flows. Projected operating and capital cash flows are based on PPL Corporation's internal business plan, which assumes the occurrence of certain events in the future. Significant assumptions used in the market multiples include utility sector market performance and comparable transactions.

We identified goodwill for the U.K. Regulated reporting unit as a critical audit matter because of the significant judgments made by management to estimate the fair value of the U.K. Regulated reporting unit, specifically due to changes in the economy in the U.K. This required a high degree of auditor judgment and an increased extent of effort, including the need to involve our fair value specialists, when performing audit procedures to evaluate the reasonableness of management's estimates and assumptions related to the regulatory asset value premiums (RAV premiums), discount and growth rates, and projected operating and capital cash flows.

*How the Critical Audit Matter Was Addressed in the Audit*

Our audit procedures related to the RAV premiums, discount and growth rates, and projected operating and capital cash flows used by management to estimate the fair value of the U.K. Regulated reporting unit included the following, among others:

- We tested the effectiveness of management's internal controls over their goodwill impairment evaluation, including those over the determination of the fair value of the U.K. Regulated reporting unit, such as controls related to management's RAV premiums estimate, and selection of discount and growth rates and projected operating and capital cash flows.
- We evaluated the reasonableness of management's projected operating and capital cash flows by comparing the forecasts to:
  - Historical operating and capital cash flows.
  - Internal communications to management and the board of directors.
  - Forecasted information included in PPL Corporation's press releases as well as in analyst and industry reports for PPL Corporation.
- We evaluated the impact of changes in management's forecasts from the October 1, 2019 annual measurement date to December 31, 2019.
- With the assistance of our fair value specialists, we evaluated the reasonableness of the (1) valuation methodology, (2) RAV premiums and (3) discount and growth rates by:
  - Testing the source information underlying the determination of the RAV premiums, and discount and growth rates and the mathematical accuracy of the calculation.
  - Developing a range of independent estimates and comparing those to the RAV premiums, and discount and growth rates selected by management.

**Income Taxes - Valuation Allowances - Estimates of future taxable income and management's determination of whether it is more likely than not that deferred tax assets will be realized - Refer to Note 1 and 6 to the Financial Statements**

*Critical Audit Matter Description*

Deferred income taxes reflect the net future tax effects of temporary differences between the carrying amounts of assets and liabilities for accounting purposes and their basis for income tax purposes and the tax effects of net operating losses and tax credit carryforwards. Net deferred tax assets have been recognized based on management's estimates of future taxable income for the U.S. and the U.K. PPL Corporation files tax returns in multiple jurisdictions with complex tax laws and regulations. Valuation allowances have been established for the amount that, more likely than not, will not be realized. PPL Corporation has \$834 million of valuation allowances recorded on \$1,479 million of deferred tax assets related to federal, state and foreign loss and credit carryforwards as of December 31, 2019.

Management considers a number of factors in assessing the realization of a deferred tax asset associated with net operating losses and tax credit carryforwards, including the reversal of temporary differences, future taxable income and ongoing prudent and feasible tax-planning strategies. Management also considers the uncertainty posed by political risk and the effect of this uncertainty on the various factors that management takes into account in evaluating the need for valuation allowances. The amount of deferred tax assets ultimately realized may differ materially from the estimates utilized in the computation of valuation allowances and may materially impact the financial statements in the future.

We identified management's estimation of the valuation allowances associated with loss and credit carryforwards as a critical audit matter because the need for valuation allowances to reduce deferred tax assets requires significant management judgment. This required a high degree of auditor judgment and an increased extent of effort, including the need to involve our income tax specialists, when performing audit procedures to evaluate the reasonableness of management's estimates of future taxable income and the determination of whether it is more likely than not that the deferred tax assets will be realized.

*How the Critical Audit Matter Was Addressed in the Audit*

Our audit procedures related to estimated future taxable income and the determination of whether it is more likely than not that the deferred tax assets will be realized included the following, among others:

- We tested the effectiveness of management's internal controls over the valuation allowance for income taxes, including management's internal controls over the estimates of future taxable income and the determination of whether it is more likely than not that the deferred tax assets will be realized.
- We evaluated the reasonableness of the methods, assumptions, and judgments used by management to determine whether a valuation allowance was necessary.
- With the assistance of our income tax specialists, we evaluated whether the sources of management's estimated taxable income were of the appropriate character and sufficient to utilize the deferred tax assets under the relevant tax laws.
- We evaluated management's ability to accurately estimate taxable income by comparing actual results to management's historical estimates and evaluating whether there have been any changes that would affect management's ability to continue accurately estimating taxable income.
- We tested the reasonableness of management's estimates of future taxable income by comparing the estimates to:
  - Internal budgets.
  - Historical taxable income, as adjusted for nonrecurring items.
  - Internal communications to management and the board of directors.
  - Forecasted information included in PPL Corporation's press releases as well as in analyst and industry reports for PPL Corporation.

Parsippany, New Jersey  
February 14, 2020

We have served as the Company's auditor since 2015.

## **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Shareowners and the Board of Directors of PPL Corporation

### **Opinion on Internal Control over Financial Reporting**

We have audited the internal control over financial reporting of PPL Corporation and subsidiaries (the “Company”) as of December 31, 2019, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2019, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements as of and for the year ended December 31, 2019, of the Company and our report dated February 14, 2020, expressed an unqualified opinion on those financial statements.

### **Basis for Opinion**

The Company’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Report on Internal Control over Financial Reporting at Item 9A. Our responsibility is to express an opinion on the Company’s internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

### **Definition and Limitations of Internal Control over Financial Reporting**

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareowner and the Board of Directors of PPL Electric Utilities Corporation

### Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of PPL Electric Utilities Corporation and subsidiaries (the "Company") as of December 31, 2019 and 2018, the related consolidated statements of income, equity, and cash flows, for each of the three years in the period ended December 31, 2019, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2019 and 2018, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

### Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

**1. Summary of Significant Accounting Policies**

*(All Registrants)*

**General**

Capitalized terms and abbreviations appearing in the combined notes to financial statements are defined in the glossary. Dollars are in millions, except per share data, unless otherwise noted. The specific Registrant to which disclosures are applicable is identified in parenthetical headings in italics above the applicable disclosure or within the applicable disclosure for each Registrants' related activities and disclosures. Within combined disclosures, amounts are disclosed for any Registrant when significant.

**Business and Consolidation**

*(PPL)*

PPL is a utility holding company that, through its regulated subsidiaries, is primarily engaged in: 1) the distribution of electricity in the U.K.; 2) the generation, transmission, distribution and sale of electricity and the distribution and sale of natural gas, primarily in Kentucky; and 3) the transmission, distribution and sale of electricity in Pennsylvania. Headquartered in Allentown, PA, PPL's principal subsidiaries are PPL Global, LKE (including its principal subsidiaries, LG&E and KU) and PPL Electric. PPL's corporate level financing subsidiary is PPL Capital Funding.

## [Table of Contents](#)

WPD, a subsidiary of PPL Global, through indirect, wholly owned subsidiaries, operates distribution networks providing electricity service in the U.K. WPD serves end-users in South Wales and southwest and central England. Its principal subsidiaries are WPD (South Wales), WPD (South West), WPD (East Midlands) and WPD (West Midlands).

PPL consolidates WPD on a one-month lag. Material events, such as debt issuances that occur in the lag period, are recognized in the current period financial statements. Events that are significant but not material are disclosed.

### *(PPL and PPL Electric)*

PPL Electric is a cost-based rate-regulated utility subsidiary of PPL. PPL Electric's principal business is the transmission and distribution of electricity to serve retail customers in its franchised territory in eastern and central Pennsylvania and the regulated supply of electricity to retail customers in that territory as a PLR.

### *(PPL, LKE, LG&E and KU)*

LKE is a utility holding company with cost-based rate-regulated utility operations through its subsidiaries, LG&E and KU. LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity. LG&E also engages in the distribution and sale of natural gas. LG&E and KU maintain their separate identities and serve customers in Kentucky under their respective names. KU also serves customers in Virginia under the Old Dominion Power name.

### *(All Registrants)*

The financial statements of the Registrants include each company's own accounts as well as the accounts of all entities in which the company has a controlling financial interest. Entities for which a controlling financial interest is not demonstrated through voting interests are evaluated based on accounting guidance for Variable Interest Entities (VIEs). The Registrants consolidate a VIE when they are determined to have a controlling interest in the VIE and, as a result, are the primary beneficiary of the entity. The Registrants are not the primary beneficiary in any significant VIEs. Investments in entities in which a company has the ability to exercise significant influence but does not have a controlling financial interest are accounted for under the equity method. All other investments are carried at cost or fair value. All significant intercompany transactions have been eliminated.

The financial statements of PPL, LKE, LG&E and KU include their share of any undivided interests in jointly owned facilities, as well as their share of the related operating costs of those facilities. See Note 12 for additional information.

## Regulation

### *(PPL)*

WPD operates in an incentive-based regulatory structure under distribution licenses granted by Ofgem. Electricity distribution revenues are set by Ofgem for a given time period through price control reviews that are not directly based on cost recovery. The price control formula that governs WPD's allowed revenue is designed to provide economic incentives to minimize operating, capital and financing costs. As a result, WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP and does not record regulatory assets and liabilities.

### *(All Registrants)*

PPL Electric, LG&E and KU are cost-based rate-regulated utilities for which rates are set by regulators to enable PPL Electric, LG&E and KU to recover the costs of providing electric or gas service, as applicable, and to provide a reasonable return to shareholders. Base rates are generally established based on a future test period. As a result, the financial statements are subject to the accounting for certain types of regulation as prescribed by GAAP and reflect the effects of regulatory actions. Regulatory assets are recognized for the effect of transactions or events where future recovery of underlying costs is probable in regulated customer rates. The effect of such accounting is to defer certain or qualifying costs that would otherwise currently be charged to expense. Regulatory liabilities are recognized for amounts expected to be returned through future regulated customer rates. In certain cases, regulatory liabilities are recorded based on an understanding or agreement with the regulator that rates have been set to recover expected future costs, and the regulated entity is accountable for any amounts charged pursuant to such rates and not yet expended for the intended purpose. The accounting for regulatory assets and regulatory liabilities is based on specific ratemaking decisions or precedent for each transaction or event as prescribed by the FERC or the applicable state regulatory commissions. See Note 7 for additional details regarding regulatory matters.

## Accounting Records

The system of accounts for domestic regulated entities is maintained in accordance with the Uniform System of Accounts prescribed by the FERC and adopted by the applicable state regulatory commissions.

## Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## Loss Accruals

Potential losses are accrued when (1) information is available that indicates it is "probable" that a loss has been incurred, given the likelihood of uncertain future events and (2) the amount of loss can be reasonably estimated. Accounting guidance defines "probable" as cases in which "the future event or events are likely to occur." The Registrants continuously assess potential loss contingencies for environmental remediation, litigation claims, regulatory penalties and other events. Loss accruals for environmental remediation are discounted when appropriate.

The accrual of contingencies that might result in gains is not recorded, unless realization is assured.

## **Earnings Per Share (PPL)**

EPS is computed using the two-class method, which is an earnings allocation method for computing EPS that treats a participating security as having rights to earnings that would otherwise have been available to common shareowners. Share-based payment awards that provide recipients a non-forfeitable right to dividends or dividend equivalents are considered participating securities.

## **Price Risk Management**

*(All Registrants)*

Interest rate contracts are used to hedge exposure to changes in the fair value of debt instruments and to hedge exposure to variability in expected cash flows associated with existing floating-rate debt instruments or forecasted fixed-rate issuances of debt. Foreign currency exchange contracts are used to hedge foreign currency exposures, primarily associated with PPL's investments in U.K. subsidiaries. Similar derivatives may receive different accounting treatment, depending on management's intended use and documentation.

Certain contracts may not meet the definition of a derivative because they lack a notional amount or a net settlement provision. In cases where there is no net settlement provision, markets are periodically assessed to determine whether market mechanisms have evolved to facilitate net settlement. Certain derivative contracts may be excluded from the requirements of derivative accounting treatment because NPNS has been elected. These contracts are accounted for using accrual accounting. Contracts that have been classified as derivative contracts are reflected on the balance sheets at fair value. The portion of derivative positions that deliver within a year are included in "Current Assets" and "Current Liabilities," while the portion of derivative positions that deliver beyond a year are recorded in "Other Noncurrent Assets" and "Deferred Credits and Other Noncurrent Liabilities."

Cash inflows and outflows related to derivative instruments are included as a component of operating, investing or financing activities on the Statements of Cash Flows, depending on the classification of the hedged items.

PPL and its subsidiaries have elected not to offset net derivative positions against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

*(PPL)*

Processes exist that allow for subsequent review and validation of contract information as it relates to interest rate and foreign currency derivatives. The accounting department provides the treasury department with guidelines on appropriate accounting

classifications for various contract types and strategies. Examples of accounting guidelines provided to the treasury department staff include, but are not limited to:

- Transactions to lock in an interest rate prior to a debt issuance can be designated as cash flow hedges, to the extent the forecasted debt issuances remain probable of occurring.
- Cross-currency transactions to hedge interest and principal repayments can be designated as cash flow hedges.
- Transactions to hedge fluctuations in the fair value of existing debt can be designated as fair value hedges.
- Transactions to hedge the value of a net investment of foreign operations can be designated as net investment hedges.
- Derivative transactions that do not qualify for cash flow or net investment hedge treatment are marked to fair value through earnings. These transactions generally include foreign currency forwards and options to hedge GBP-denominated earnings translation risk associated with PPL's U.K. subsidiaries that report their financial statements in GBP. As such, these transactions reduce earnings volatility due solely to changes in foreign currency exchange rates.

*(All Registrants)*

- Derivative transactions may be marked to fair value through regulatory assets/liabilities at PPL Electric, LG&E and KU, if approved by the appropriate regulatory body. These transactions generally include the effect of interest rate swaps that are included in customer rates.

*(PPL and PPL Electric)*

To meet its obligation as a PLR to its customers, PPL Electric has entered into certain contracts that meet the definition of a derivative. However, NPNS has been elected for these contracts.

See Notes 16 and 17 for additional information on derivatives.

## **Revenue**

*(All Registrants)*

Operating revenues are primarily recorded based on energy deliveries through the end of each calendar month. Unbilled retail revenues result because customers' bills are rendered throughout the month, rather than bills being rendered at the end of the month. For LKE, LG&E and KU, unbilled revenues for a month are calculated by multiplying an estimate of unbilled kWh by the estimated average cents per kWh. Any difference between estimated and actual revenues is adjusted the following month when the previous unbilled estimate is reversed and actual billings occur. For PPL Electric, unbilled revenues for a month are calculated by multiplying the actual unbilled kWh by an average rate per customer class.

PPL Electric's, LG&E's and KU's base rates are determined based on cost of service. Some regulators have also authorized the use of additional alternative revenue programs, which enable PPL Electric, LG&E and KU to adjust future rates based on past activities or completed events. Revenues from alternative revenue programs are recognized when the specific events permitting future billings have occurred. Revenues from alternative revenue programs are required to be presented separately from revenues from contracts with customers. These amounts are, however, presented as revenues from contracts with customers, with an offsetting adjustment to alternative revenue program revenue, when they are billed to customers in future periods. See Note 3 for additional information.

*(PPL)*

WPD is currently operating under the eight-year price control period of RIIO-ED1, which commenced for electric distribution companies on April 1, 2015. Ofgem has adopted a price control mechanism that establishes the amount of base demand revenue WPD can earn, subject to certain true-ups, and provides for increased or reduced revenues based on incentives or penalties for performance relative to pre-established targets. WPD's allowed revenue primarily includes base demand revenue (adjusted for inflation using RPI), performance incentive revenues/penalties and adjustments for over or under-recovery from prior periods.

## [Table of Contents](#)

As the regulatory model is incentive based rather than a cost recovery model, WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP. Therefore, the accounting treatment of adjustments to base demand revenue and/or allowed revenue is evaluated based on revenue recognition accounting guidance.

Unlike prior price control reviews, base demand revenue under RIIO-ED1 is adjusted during the price control period. The most significant of those adjustments are:

- **Inflation True-Up** - The base demand revenue for the RIIO-ED1 period was set based on 2012/13 prices. Therefore, an inflation factor as determined by forecasted RPI, provided by HM Treasury, is applied to base demand revenue. Forecasted RPI is trued up to actuals and affects future base demand revenue two regulatory years later. This revenue change is called the "TRU" adjustment.
- **Annual Iteration Process (AIP)** - The RIIO-ED1 price control period also includes an AIP. This allows future base demand revenues agreed with Ofgem as part of the price control review, to be updated during the price control period for financial adjustments including tax, pensions, cost of debt, legacy price control adjustments from preceding price control periods and adjustments relating to actual and allowed total expenditure, together with the Totex Incentive Mechanism (TIM). Under the TIM, WPD's DNOs are able to retain 70% of any amounts not spent against the RIIO-ED1 plan and bear 70% of any over-spends. The AIP calculates an incremental change to base demand revenue, known as the "MOD" adjustment.

As both MOD and TRU are changes to future base demand revenues as determined by Ofgem, these adjustments are recognized as a component of revenues in future years in which service is provided and revenues are collected or returned to customers.

In addition to base demand revenue, certain other items are added or subtracted to arrive at allowed revenue. The most significant of these are:

- **Incentives** - Ofgem has established incentives to provide opportunities for DNO's to enhance overall returns by improving network efficiency, reliability and customer service. These incentives can result in an increase or reduction in revenues based on incentives or penalties for actual performance against pre-established targets based on past performance. The annual incentives and penalties are reflected in customers' rates on a two-year lag from the time they are earned and/or assessed. Incentive revenues and penalties are included in revenues when they are billed to customers.
- **Correction Factor** - During the current price control period, WPD sets its tariffs to recover allowed revenue. However, in any fiscal period, WPD's revenue could be negatively affected if its tariffs and the volume delivered do not fully recover the revenue allowed for a particular period. Conversely, WPD could also over-recover revenue. Over and under-recoveries are subtracted from or added to allowed revenue in future years when billed to customers, known as the "Correction Factor" or "K-factor." Over and under-recovered amounts arising for the period are refunded/recovered on a two year lag.

## **Accounts Receivable**

*(All Registrants)*

Accounts receivable are reported on the Balance Sheets at the gross outstanding amount adjusted for an allowance for doubtful accounts.

### Allowance for Doubtful Accounts

Accounts receivable collectibility is evaluated using a combination of factors, including past due status based on contractual terms, trends in write-offs and the age of the receivable. Specific events, such as bankruptcies, are also considered when applicable. Adjustments to the allowance for doubtful accounts are made when necessary based on the results of analysis, the aging of receivables and historical and industry trends.

Accounts receivable are written off in the period in which the receivable is deemed uncollectible.

The changes in the allowance for doubtful accounts were:

(a) Primarily related to uncollectible accounts written off.

**Cash**

*(All Registrants)*

**Cash Equivalents**

All highly liquid investments with original maturities of three months or less are considered to be cash equivalents.

*(PPL and PPL Electric)*

**Restricted Cash and Cash Equivalents**

Bank deposits and other cash equivalents that are restricted by agreement or that have been clearly designated for a specific purpose are classified as restricted cash and cash equivalents. On the Balance Sheets, the current portion of restricted cash and cash equivalents is included in "Other current assets," while the noncurrent portion is included in "Other noncurrent assets."

***Reconciliation of Cash, Cash Equivalents and Restricted Cash***

The following provides a reconciliation of Cash, Cash Equivalents and Restricted Cash reported within the Balance Sheets that sum to the total of the same amounts shown on the Statements of Cash Flows:

	PPL		PPL Electric	
	December 31, 2019	December 31, 2018	December 31, 2019	December 31, 2018
Cash and cash equivalents	\$ 815	\$ 621	\$ 262	\$ 267
Restricted cash - current	3	3	2	2
Restricted cash - noncurrent (a)	18	19	—	—
Total Cash, Cash Equivalents and Restricted Cash	<u>\$ 836</u>	<u>\$ 643</u>	<u>\$ 264</u>	<u>\$ 269</u>

(a) Primarily consists of funds received by WPD, which are to be spent on approved initiatives to support a low carbon environment.

(All Registrants)

## Fair Value Measurements

The Registrants value certain financial and nonfinancial assets and liabilities at fair value. Generally, the most significant fair value measurements relate to price risk management assets and liabilities, investments in securities in defined benefit plans, and cash and cash equivalents. PPL and its subsidiaries use, as appropriate, a market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models) and/or a cost approach (generally, replacement cost) to measure the fair value of an asset or liability. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as applicable, certain risks such as nonperformance risk, which includes credit risk.

The Registrants classify fair value measurements within one of three levels in the fair value hierarchy. The level assigned to a fair value measurement is based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are as follows:

- **Level 1** - quoted prices (unadjusted) in active markets for identical assets or liabilities that are accessible at the measurement date. Active markets are those in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- **Level 2** - inputs other than quoted prices included within Level 1 that are either directly or indirectly observable for substantially the full term of the asset or liability.
- **Level 3** - unobservable inputs that management believes are predicated on the assumptions market participants would use to measure the asset or liability at fair value.

Assessing the significance of a particular input requires judgment that considers factors specific to the asset or liability. As such, the Registrants' assessment of the significance of a particular input may affect how the assets and liabilities are classified within the fair value hierarchy.

## Investments

(All Registrants)

Generally, the original maturity date of an investment and management's intent and ability to sell an investment prior to its original maturity determine the classification of investments as either short-term or long-term. Investments that would otherwise be classified as short-term, but are restricted as to withdrawal or use for other than current operations or are clearly designated for expenditure in the acquisition or construction of noncurrent assets or for the liquidation of long-term debts, are classified as long-term.

### Short-term Investments

Short-term investments generally include certain deposits as well as securities that are considered highly liquid or provide for periodic reset of interest rates. Investments with original maturities greater than three months and less than a year, as well as investments with original maturities of greater than a year that management has the ability and intent to sell within a year, are included in "Other current assets" on the Balance Sheets.

## Long-Lived and Intangible Assets

### Property, Plant and Equipment

(All Registrants)

PP&E is recorded at original cost, unless impaired. PP&E acquired in business combinations is recorded at fair value at the time of acquisition. If impaired, the asset is written down to fair value at that time, which becomes the new cost basis of the asset. Original cost for constructed assets includes material, labor, contractor costs, certain overheads and financing costs, where applicable. Included in PP&E are capitalized costs of software projects that were developed or obtained for internal use. The cost of repairs and minor replacements are charged to expense as incurred. The Registrants record costs associated with planned major maintenance projects in the period in which work is performed and costs are incurred.

AFUDC is capitalized at PPL Electric as part of the construction costs for cost-based rate-regulated projects for which a return on such costs is recovered after the project is placed in service. The debt component of AFUDC is credited to "Interest Expense" and the equity component is credited to "Other Income (Expense) - net" on the Statements of Income. LG&E and KU generally do not record AFUDC as a return is provided on construction work in progress.

(PPL)

PPL capitalizes interest costs as part of construction costs. Capitalized interest, including the debt component of AFUDC for PPL, was \$10 million in 2019, \$15 million in 2018 and \$11 million 2017.

### Depreciation

(All Registrants)

Depreciation is recorded over the estimated useful lives of property using various methods including the straight-line, composite and group methods. When a component of PP&E that was depreciated under the composite or group method is retired, the original cost is charged to accumulated depreciation. When all or a significant portion of an operating unit that was depreciated under the composite or group method is retired or sold, the property and the related accumulated depreciation account is reduced and any gain or loss is included in income, unless otherwise required by regulators. LG&E and KU accrue costs of removal net of estimated salvage value through depreciation, which is included in the calculation of customer rates over the assets' depreciable lives in accordance with regulatory practices. Cost of removal amounts accrued through depreciation rates are accumulated as a regulatory liability until the removal costs are incurred. For LKE, LG&E and KU, all ARO depreciation expenses are reclassified to a regulatory asset. See "Asset Retirement Obligations" below and Note 7 for additional information. PPL Electric records net costs of removal when incurred as a regulatory asset. The regulatory asset is subsequently amortized through depreciation over a five-year period, which is recoverable in customer rates in accordance with regulatory practices.

Following are the weighted-average annual rates of depreciation, for regulated utility plant, for the years ended December 31:

	2019	2018	2017
PPL	2.84%	2.77%	2.65%
PPL Electric	3.05%	3.01%	2.86%
LKE	3.96%	3.69%	3.64%
LG&E	3.87%	3.63%	3.63%
KU	4.02%	3.74%	3.66%

(All Registrants)

### Goodwill and Other Intangible Assets

Goodwill represents the excess of the purchase price paid over the fair value of the identifiable net assets acquired in a business combination.

Other acquired intangible assets are initially measured based on their fair value. Intangibles that have finite useful lives are amortized over their useful lives based upon the pattern in which the economic benefits of the intangible assets are consumed

or otherwise used. Costs incurred to obtain an initial license and renew or extend terms of licenses are capitalized as intangible assets.

When determining the useful life of an intangible asset, including intangible assets that are renewed or extended, PPL and its subsidiaries consider:

- the expected use of the asset;
- the expected useful life of other assets to which the useful life of the intangible asset may relate;
- legal, regulatory, or contractual provisions that may limit the useful life;
- the company's historical experience as evidence of its ability to support renewal or extension;
- the effects of obsolescence, demand, competition, and other economic factors; and,
- the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

#### Asset Impairment (Excluding Investments)

The Registrants review long-lived assets that are subject to depreciation or amortization, including finite-lived intangibles, for impairment when events or circumstances indicate carrying amounts may not be recoverable.

A long-lived asset classified as held and used is impaired when the carrying amount of the asset exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. If impaired, the asset's carrying value is written down to its fair value.

A long-lived asset classified as held for sale is impaired when the carrying amount of the asset (disposal group) exceeds its fair value less cost to sell. If impaired, the asset's (disposal group's) carrying value is written down to its fair value less cost to sell.

PPL, LKE, LG&E and KU review goodwill for impairment at the reporting unit level annually or more frequently when events or circumstances indicate that the carrying amount of a reporting unit may be greater than the unit's fair value. Additionally, goodwill must be tested for impairment in circumstances when a portion of goodwill has been allocated to a business to be disposed. PPL's, LKE's, LG&E's and KU's reporting units are primarily at the operating segment level.

PPL, LKE, LG&E and KU may elect either to initially make a qualitative evaluation about the likelihood of an impairment of goodwill or to bypass the qualitative evaluation and test goodwill for impairment using a two-step quantitative test. If the qualitative evaluation (referred to as "step zero") is elected and the assessment results in a determination that it is not more likely than not that the fair value of a reporting unit is less than the carrying amount, the two-step quantitative impairment test is not necessary. However, the quantitative impairment test is required if management concludes it is more likely than not that the fair value of a reporting unit is less than the carrying amount based on the step zero assessment.

If the carrying amount of the reporting unit, including goodwill, exceeds its fair value, the implied fair value of goodwill must be calculated in the same manner as goodwill in a business combination. The fair value of a reporting unit is allocated to all assets and liabilities of that unit as if the reporting unit had been acquired in a business combination. The excess of the fair value of the reporting unit over the amounts assigned to its assets and liabilities is the implied fair value of goodwill. If the implied fair value of goodwill is less than the carrying amount, goodwill is written down to its implied fair value.

PPL elected to bypass the qualitative step zero evaluation of goodwill and quantitatively tested the goodwill at its WPD reporting unit while LKE, LG&E and KU qualitatively tested the goodwill of its reporting units for impairment as of the fourth quarter of 2019. No impairment was recognized.

*(PPL, LKE, LG&E and KU)*

#### Asset Retirement Obligations

PPL and its subsidiaries record liabilities to reflect various legal obligations associated with the retirement of long-lived assets. Initially, this obligation is measured at fair value and offset with an increase in the value of the capitalized asset, which is depreciated over the asset's useful life. Until the obligation is settled, the liability is increased through the recognition of accretion expense classified within "Other operation and maintenance" on the Statements of Income to reflect changes in the obligation due to the passage of time. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

Estimated ARO costs and settlement dates, which affect the carrying value of the ARO and the related capitalized asset, are reviewed periodically to ensure that any material changes are incorporated into the latest estimate of the ARO. Any change to the capitalized asset, positive or negative, is generally amortized over the remaining life of the associated long-lived asset. See Note 7 and Note 19 for additional information on AROs.

## **Compensation and Benefits**

### Defined Benefits *(All Registrants)*

Certain PPL subsidiaries sponsor various defined benefit pension and other postretirement plans. An asset or liability is recorded to recognize the funded status of all defined benefit plans with an offsetting entry to AOCI or, for LG&E, KU and PPL Electric, to regulatory assets or liabilities. Consequently, the funded status of all defined benefit plans is fully recognized on the Balance Sheets.

The expected return on plan assets is determined based on a market-related value of plan assets, which is calculated by rolling forward the prior year market-related value with contributions, disbursements and long-term expected return on investments. One-fifth of the difference between the actual value and the expected value is added (or subtracted if negative) to the expected value to determine the new market-related value.

PPL uses an accelerated amortization method for the recognition of gains and losses for its defined benefit pension plans. Under the accelerated method, actuarial gains and losses in excess of 30% of the plan's projected benefit obligation are amortized on a straight-line basis over one-half of the required amortization period. Actuarial gains and losses in excess of 10% of the greater of the plan's projected benefit obligation or the market-related value of plan assets and less than 30% of the plan's projected benefit obligation are amortized on a straight-line basis over the full required amortization period.

See Note 7 for a discussion of the regulatory treatment of defined benefit costs and Note 11 for a discussion of defined benefits.

### Stock-Based Compensation *(PPL, PPL Electric and LKE)*

PPL has several stock-based compensation plans for purposes of granting stock options, restricted stock, restricted stock units and performance units to certain employees as well as stock units and restricted stock units to directors. PPL grants most stock-based awards in the first quarter of each year. PPL and its subsidiaries recognize compensation expense for stock-based awards based on the fair value method. Forfeitures of awards are recognized when they occur. See Note 10 for a discussion of stock-based compensation. All awards are recorded as equity or a liability on the Balance Sheets. Stock-based compensation is primarily included in "Other operation and maintenance" on the Statements of Income. Stock-based compensation expense for PPL Electric and LKE includes an allocation of PPL Services' expense.

## **Taxes**

### Income Taxes

*(All Registrants)*

PPL and its domestic subsidiaries file a consolidated U.S. federal income tax return.

Significant management judgment is required in developing the Registrants' provision for income taxes, primarily due to the uncertainty related to tax positions taken or expected to be taken in tax returns, valuation allowances on deferred tax assets and whether the undistributed earnings of WPD are considered indefinitely reinvested.

The Registrants use a two-step process to evaluate tax positions. The first step requires an entity to determine whether, based on the technical merits supporting a particular tax position, it is more likely than not (greater than a 50% chance) that the tax position will be sustained. This determination assumes that the relevant taxing authority will examine the tax position and is aware of all the relevant facts surrounding the tax position. The second step requires an entity to recognize in the financial statements the benefit of a tax position that meets the more-likely-than-not recognition criterion. The benefit recognized is measured at the largest amount of benefit that has a likelihood of realization, upon settlement, that exceeds 50%. Unrecognized tax benefits are classified as current to the extent management expects to settle an uncertain tax position by payment or receipt of cash within one year of the reporting date. The amounts ultimately paid upon resolution of issues raised by taxing authorities

[Table of Contents](#)

may differ materially from the amounts accrued and may materially impact the financial statements of the Registrants in future periods. At December 31, 2019, no significant changes in unrecognized tax benefits are projected over the next 12 months.

Deferred income taxes reflect the net future tax effects of temporary differences between the carrying amounts of assets and liabilities for accounting purposes and their basis for income tax purposes, as well as the tax effects of net operating losses and tax credit carryforwards.

The Registrants record valuation allowances to reduce deferred income tax assets to the amounts that are more likely than not to be realized. The need for valuation allowances requires significant management judgment. If the Registrants determine that they are able to realize deferred tax assets in the future in excess of recorded net deferred tax assets, adjustments to the valuation allowances increase income by reducing tax expense in the period that such determination is made. Likewise, if the Registrants determine that they are not able to realize all or part of net deferred tax assets in the future, adjustments to the valuation allowances would decrease income by increasing tax expense in the period that such determination is made. The amount of deferred tax assets ultimately realized may differ materially from the estimates utilized in the computation of valuation allowances and may materially impact the financial statements in the future.

The Registrants defer investment tax credits when the credits are generated and amortize the deferred amounts over the average lives of the related assets.

The Registrants recognize tax-related interest and penalties in "Income Taxes" on their Statements of Income.

The Registrants use the portfolio approach method of accounting for deferred taxes related to pre-tax OCI transactions. The portfolio approach involves a strict period-by-period cumulative incremental allocation of income taxes to the change in income and losses reflected in OCI. Under this approach, the net cumulative tax effect is ignored. The net change in unrealized gains and losses recorded in AOCI under this approach would be eliminated only on the date the entire balance is sold or otherwise disposed of.

See Note 6 for additional discussion regarding income taxes, including the impact of the TCJA and management's conclusion that the undistributed earnings of WPD are considered indefinitely reinvested.

The provision for PPL's, PPL Electric's, LKE's, LG&E's and KU's deferred income taxes for regulatory assets and liabilities is based upon the ratemaking principles reflected in rates established by the regulators. The difference in the provision for deferred income taxes for regulatory assets and liabilities and the amount that otherwise would be recorded under GAAP is deferred and included on the Balance Sheets in noncurrent "Regulatory assets" or "Regulatory liabilities."

*(PPL Electric, LKE, LG&E and KU)*

The income tax provision for PPL Electric, LG&E and KU is calculated in accordance with an intercompany tax sharing agreement, which provides that taxable income be calculated as if PPL Electric, LG&E, KU and any domestic subsidiaries each filed a separate return. Tax benefits are not shared between companies. The entity that generates a tax benefit is the entity that is entitled to the tax benefit. The effect of PPL filing a consolidated tax return is taken into account in the settlement of current taxes and the recognition of deferred taxes.

At December 31, the following intercompany tax receivables (payables) were recorded:

	2019	2018
PPL Electric	\$ 3	\$ 19
LKE	(8)	(16)
LG&E	(4)	—
KU	(6)	(5)

#### Taxes, Other Than Income *(All Registrants)*

The Registrants present sales taxes in "Other current liabilities" and PPL presents value-added taxes in "Taxes" on the Balance Sheets. These taxes are not reflected on the Statements of Income. See Note 6 for details on taxes included in "Taxes, other than income" on the Statements of Income.

**Other***(All Registrants)***Leases**

The Registrants evaluate whether arrangements entered into contain leases for accounting purposes. See Note 9 for additional information.

**Fuel, Materials and Supplies**

Fuel, natural gas stored underground and materials and supplies are valued using the average cost method. Fuel costs for electricity generation are charged to expense as used. For LG&E, natural gas supply costs are charged to expense as delivered to the distribution system. See Note 7 for further discussion of the fuel adjustment clauses and gas supply clause.

*(PPL, LKE, LG&E and KU)*

"Fuel, materials and supplies" on the Balance Sheets consisted of the following at December 31:

	PPL		LKE		LG&E		KU	
	2019	2018	2019	2018	2019	2018	2019	2018
Fuel	\$ 106	\$ 98	\$ 106	\$ 98	\$ 43	\$ 42	\$ 63	\$ 56
Natural gas stored underground	35	41	35	41	35	41	—	—
Materials and supplies	191	164	109	109	44	44	65	65
Total	<u>\$ 332</u>	<u>\$ 303</u>	<u>\$ 250</u>	<u>\$ 248</u>	<u>\$ 122</u>	<u>\$ 127</u>	<u>\$ 128</u>	<u>\$ 121</u>

**Guarantees** *(All Registrants)*

Generally, the initial measurement of a guarantee liability is the fair value of the guarantee at its inception. However, there are certain guarantees excluded from the scope of accounting guidance and other guarantees that are not subject to the initial recognition and measurement provisions of accounting guidance that only require disclosure. See Note 13 for further discussion of recorded and unrecorded guarantees.

**Treasury Stock** *(PPL)*

PPL restores all shares of common stock acquired to authorized but unissued shares of common stock upon acquisition.

**Foreign Currency Translation and Transactions** *(PPL)*

WPD's functional currency is the GBP, which is the local currency in the U.K. As such, assets and liabilities are translated to U.S. dollars at the exchange rates on the date of consolidation and related revenues and expenses are generally translated at average exchange rates prevailing during the period included in PPL's results of operations. Adjustments resulting from foreign currency translation are recorded in AOCI.

Gains or losses relating to foreign currency transactions are recognized in "Other Income (Expense) - net" on the Statements of Income. See Note 15 for additional information.

**New Accounting Guidance Adopted** *(All Registrants)***Accounting for Leases**

Effective January 1, 2019, the Registrants adopted accounting guidance that requires lessees to recognize a right-of-use asset and lease liability for leases, unless determined to meet the definition of a short-term lease. For income statement purposes, the FASB retained a dual model for lessees, requiring leases to be classified as either operating or finance. Operating leases result in straight-line expense recognition. Currently, all Registrant leases are operating leases.

Lessor accounting under the new guidance is similar to the current model, but updated to align with certain changes to the lessee model and current revenue recognition guidance. Lessors classify leases as operating, direct financing, or sales-type.

In adopting this new guidance, the Registrants elected to use the following practical expedients:

- The Registrants did not re-assess the lease classifications or initial direct costs of existing leases. The Registrants also did not re-assess existing contracts for leases or lease classification.
- The Registrants did not evaluate land easements that were not previously accounted for as leases under the new guidance. New land easements are evaluated under the new guidance beginning January 1, 2019.

See Note 9 for the required disclosures resulting from the adoption of the new guidance.

(PPL, LKE, LG&E & KU)

The following table shows the amounts recorded on the Balance Sheets as of January 1, 2019 as a result of the adoption of the new lease guidance using a modified retrospective transition method with transition applied as of the beginning of the period of adoption:

	<u>PPL</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Right-of-Use Asset (a)	\$ 81	\$ 56	\$ 23	\$ 31
Lease Liability - Current (b)	23	18	9	9
Lease Liability - Noncurrent (c)	67	46	18	26

(a) Right-of-Use Assets are recorded in "Other noncurrent assets" on the Balance Sheets.

(b) Current lease liabilities are recorded in "Other current liabilities" on the Balance Sheets.

(c) Noncurrent lease liabilities are recorded in "Other deferred credits and noncurrent liabilities" on the Balance Sheets.

### Improvements to Accounting for Hedging Activities

Effective January 1, 2019, the Registrants adopted accounting guidance, using a modified retrospective approach, which reduces complexity when applying hedge accounting as well as improves the transparency of an entity's risk management activities. This guidance eliminates the separate measurement and reporting of hedge ineffectiveness for cash flow and net investment hedges and provides for the ability to perform subsequent qualitative effectiveness assessments. The guidance also allows entities to apply the short-cut method to partial-term fair value hedges of interest rate risk as well as expands the ability to apply the critical terms match method to cash flow hedges of groups of forecasted transactions.

See Note 17 for the additional disclosures of the income statement impacts of hedging activities required from the adoption of this guidance. Disclosures related to ineffectiveness are no longer required. Other impacts of adopting this guidance were not material.

## **2. Segment and Related Information**

(PPL)

PPL is organized into three segments: U.K. Regulated, Kentucky Regulated and Pennsylvania Regulated. PPL's segments are segmented by geographic location.

The U.K. Regulated segment consists of PPL Global, which primarily includes WPD's regulated electricity distribution operations, the results of hedging the translation of WPD's earnings from GBP into U.S. dollars, and certain costs, such as U.S. income taxes, administrative costs, and certain acquisition-related financing costs.

The Kentucky Regulated segment consists primarily of LKE's regulated electricity generation, transmission and distribution operations of LG&E and KU, as well as LG&E's regulated distribution and sale of natural gas. In addition, certain acquisition-related financing costs are allocated to the Kentucky Regulated segment.

The Pennsylvania Regulated segment includes the regulated electricity transmission and distribution operations of PPL Electric. In addition, certain costs are allocated to the Pennsylvania Regulated segment.

"Corporate and Other" primarily includes financing costs incurred at the corporate level that have not been allocated or assigned to the segments, certain other unallocated costs, as well as the financial results of Safari Energy, which is presented to reconcile segment information to PPL's consolidated results.

[Table of Contents](#)

	As of December 31,	
	2019	2018
<b>Total Assets</b>		
U.K. Regulated (a)	\$ 17,622	\$ 16,700
Kentucky Regulated	15,597	15,078
Pennsylvania Regulated	11,918	11,257
Corporate and Other (b)	543	361
<b>Total</b>	<b>\$ 45,680</b>	<b>\$ 43,396</b>

- (a) Includes \$13.2 billion and \$12.4 billion of net PP&E as of December 31, 2019 and December 31, 2018. WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP.  
(b) Primarily consists of unallocated items, including cash, PP&E, goodwill, the elimination of inter-segment transactions as well as the assets of Safari Energy.

Geographic data for the years ended December 31 are as follows:

	2019	2018	2017
<b>Revenues from external customers</b>			
U.K.	\$ 2,167	\$ 2,268	\$ 2,091
U.S.	5,602	5,517	5,356
<b>Total</b>	<b>\$ 7,769</b>	<b>\$ 7,785</b>	<b>\$ 7,447</b>

	As of December 31,	
	2019	2018
<b>Long-Lived Assets</b>		
U.K.	\$ 13,618	\$ 12,791
U.S.	23,607	22,384
<b>Total</b>	<b>\$ 37,225</b>	<b>\$ 35,175</b>

*(PPL Electric, LKE, LG&E and KU)*

PPL Electric has two operating segments that are aggregated into a single reportable segment. LKE, LG&E and KU are individually single operating and reportable segments.

### **3. Revenue from Contracts with Customers**

*(All Registrants)*

The following is a description of the principal activities from which the Registrants and PPL's segments generate their revenues.

*(PPL)*

#### U.K. Regulated Segment Revenue

The U.K. Regulated Segment generates revenues from contracts with customers primarily from WPD's DUoS operations.

DUoS revenues result from WPD charging licensed third-party energy suppliers for their use of WPD's distribution systems to deliver energy to their customers. WPD satisfies its performance obligation and DUoS revenue is recognized over-time as electricity is delivered. The amount of revenue recognized is based on actual and forecasted volumes of electricity delivered during the period multiplied by a per-unit energy tariff, plus fixed charges. This method of recognition fairly presents WPD's transfer of electric service to the customer as the calculation is based on volumes, and the tariff rate is set by WPD using a methodology prescribed by Ofgem. Customers are billed monthly and outstanding amounts are typically due within 14 days of the invoice date.

DUoS customers are "at will" customers of WPD with no term contract and no minimum purchase commitment. Performance obligations are limited to the service requested and received to date. Accordingly, there is no unsatisfied performance obligation associated with WPD's DUoS contracts.

*(PPL and PPL Electric)*

#### Pennsylvania Regulated Segment Revenue

The Pennsylvania Regulated Segment generates substantially all of its revenues from contracts with customers from PPL Electric's tariff-based distribution and transmission of electricity.

##### *Distribution Revenue*

PPL Electric provides distribution services to residential, commercial, industrial, municipal and governmental end users of energy. PPL Electric satisfies its performance obligation to its distribution customers and revenue is recognized over-time as electricity is delivered and simultaneously consumed by the customer. The amount of revenue recognized is the volume of electricity delivered during the period multiplied by a per-unit of energy tariff, plus a monthly fixed charge. This method of recognition fairly presents PPL Electric's transfer of electric service to the customer as the calculation is based on actual volumes, and the per-unit of energy tariff rate and the monthly fixed charge are set by the PUC. Customers are typically billed monthly and outstanding amounts are normally due within 21 days of the date of the bill.

Distribution customers are "at will" customers of PPL Electric with no term contract and no minimum purchase commitment. Performance obligations are limited to the service requested and received to date. Accordingly, there is no unsatisfied performance obligation associated with PPL Electric's retail account contracts.

##### *Transmission Revenue*

PPL Electric generates transmission revenues from a FERC-approved PJM Open Access Transmission Tariff. An annual revenue requirement for PPL Electric to provide transmission services is calculated using a formula-based rate. This revenue requirement is converted into a daily rate (dollars per day). PPL Electric satisfies its performance obligation to provide transmission services and revenue is recognized over-time as transmission services are provided and consumed. This method of

recognition fairly presents PPL Electric's transfer of transmission services as the daily rate is set by a FERC approved formula-based rate. PJM remits payment on a weekly basis.

PPL Electric's agreement to provide transmission services contains no minimum purchase commitment. The performance obligation is limited to the service requested and received to date. Accordingly, PPL Electric has no unsatisfied performance obligations.

*(PPL, LKE, LG&E and KU)*

**Kentucky Regulated Segment Revenue**

The Kentucky Regulated Segment generates substantially all of its revenues from contracts with customers from LG&E's and KU's regulated tariff-based sales of electricity and LG&E's regulated tariff-based sales of natural gas.

LG&E and KU are engaged in the generation, transmission, distribution and sale of electricity in Kentucky and, in KU's case, Virginia. LG&E also engages in the distribution and sale of natural gas in Kentucky. Revenue from these activities is generated from tariffs approved by applicable regulatory authorities including the FERC, KPSC and VSCC. LG&E and KU satisfy their performance obligations upon LG&E's and KU's delivery of electricity and LG&E's delivery of natural gas to customers. This revenue is recognized over-time as the customer simultaneously receives and consumes the benefits provided by LG&E and KU. The amount of revenue recognized is the billed volume of electricity or natural gas delivered multiplied by a tariff rate per-unit of energy, plus any applicable fixed charges or additional regulatory mechanisms. Customers are billed monthly and outstanding amounts are typically due within 22 days of the date of the bill. Additionally, unbilled revenues are recognized as a result of customers' bills rendered throughout the month, rather than bills being rendered at the end of the month. Unbilled revenues for a month are calculated by multiplying an estimate of unbilled kWh or Mcf delivered but not yet billed by the estimated average cents per kWh or Mcf. Any difference between estimated and actual revenues is adjusted the following month when the previous unbilled estimate is reversed and actual billings occur. This method of recognition fairly presents LG&E's and KU's transfer of electricity and LG&E's transfer of natural gas to the customer as the amount recognized is based on actual and estimated volumes delivered and the tariff rate per-unit of energy and any applicable fixed charges or regulatory mechanisms as set by the respective regulatory body.

LG&E's and KU's customers generally have no minimum purchase commitment. Performance obligations are limited to the service requested and received to date. Accordingly, there is no unsatisfied performance obligation associated with these customers.

*(All Registrants)*

The following table reconciles "Operating Revenues" included in each Registrant's Statement of Income with revenues generated from contracts with customers for the years ended December 31:

	<b>2019</b>				
	<b>PPL</b>	<b>PPL Electric</b>	<b>LKE</b>	<b>LG&amp;E</b>	<b>KU</b>
Operating Revenues (a)	\$ 7,769	\$ 2,358	\$ 3,206	\$ 1,500	\$ 1,740
Revenues derived from:					
Alternative revenue programs (b)	(30)	(6)	(24)	(10)	(14)
Other (c)	(38)	(10)	(21)	(9)	(12)
Revenues from Contracts with Customers	<u>\$ 7,701</u>	<u>\$ 2,342</u>	<u>\$ 3,161</u>	<u>\$ 1,481</u>	<u>\$ 1,714</u>
	<b>2018</b>				
	<b>PPL</b>	<b>PPL Electric</b>	<b>LKE</b>	<b>LG&amp;E</b>	<b>KU</b>
Operating Revenues (a)	\$ 7,785	\$ 2,277	\$ 3,214	\$ 1,496	\$ 1,760
Revenues derived from:					
Alternative revenue programs (b)	32	(6)	38	12	26
Other (c)	(38)	(12)	(17)	(5)	(12)
Revenues from Contracts with Customers	<u>\$ 7,779</u>	<u>\$ 2,259</u>	<u>\$ 3,235</u>	<u>\$ 1,503</u>	<u>\$ 1,774</u>

[Table of Contents](#)

- (a) For the years ended December 31, 2019 and 2018, PPL includes \$2.2 billion and \$2.3 billion of revenues from external customers reported by the U.K. Regulated segment. PPL Electric and LKE represent revenues from external customers reported by the Pennsylvania Regulated and Kentucky Regulated segments. See Note 2 for additional information.
- (b) Alternative revenue programs include the transmission formula rate for PPL Electric, the ECR and DSM programs for LG&E and KU, the GLT program for LG&E, and the generation formula rate for KU. This line item shows the over/under collection of these rate mechanisms with over-collections of revenue shown as positive amounts in the table above and under-collections shown as negative amounts.
- (c) Represents additional revenues outside the scope of revenues from contracts with customers such as leases and other miscellaneous revenues.

The following table shows revenues from contracts with customers disaggregated by customer class for the years ended December 31:

	2019				
	PPL (d)	PPL Electric (d)	LKE	LG&E	KU
Licensed energy suppliers (a)	\$ 2,032	\$ —	\$ —	\$ —	\$ —
Residential	2,610	1,288	1,322	668	654
Commercial	1,257	349	908	466	442
Industrial	621	59	562	180	382
Other (b)	495	52	277	121	156
Wholesale - municipal	43	—	43	—	43
Wholesale - other (c)	49	—	49	46	37
Transmission	594	594	—	—	—
Revenues from Contracts with Customers	\$ 7,701	\$ 2,342	\$ 3,161	\$ 1,481	\$ 1,714

	2018				
	PPL	PPL Electric	LKE	LG&E	KU
Licensed energy suppliers (a)	\$ 2,127	\$ —	\$ —	\$ —	\$ —
Residential	2,704	1,379	1,325	666	659
Commercial	1,233	368	865	455	410
Industrial	624	54	570	180	390
Other (b)	489	53	278	129	149
Wholesale - municipal	118	—	118	—	118
Wholesale - other (c)	79	—	79	73	48
Transmission	405	405	—	—	—
Revenues from Contracts with Customers	\$ 7,779	\$ 2,259	\$ 3,235	\$ 1,503	\$ 1,774

- (a) Represents customers of WPD.
- (b) Primarily includes revenues from pole attachments, street lighting, other public authorities and other non-core businesses.
- (c) Includes wholesale power and transmission revenues. LG&E and KU amounts include intercompany power sales and transmission revenues, which are eliminated upon consolidation at LKE.
- (d) In 2019, management deemed it appropriate to present the revenue offset associated with network integration transmission service (NITS) as distribution revenue rather than transmission revenue.

As discussed in Note 2, PPL's segments are segmented by geographic location. Revenues from external customers for each segment/geographic location are reconciled to revenues from contracts with customers in the table above. For PPL Electric, revenues from contracts with customers are further disaggregated by distribution and transmission, which were \$1.7 billion and \$594 million for the year ended December 31, 2019 and \$1.9 billion and \$405 million for the year ended December 31, 2018.

Contract receivables from customers are primarily included in "Accounts receivable - Customer" and "Unbilled revenues" on the Balance Sheets. For PPL Electric, the "Accounts receivable - Customer" balance includes purchased receivables from alternative electricity suppliers. See Note 7 for additional information regarding the purchase of receivables program.

[Table of Contents](#)

The following table shows the accounts receivable balances from contracts with customers that were impaired for the year ended December 31:

	2019	2018
PPL	\$ 27	\$ 34
PPL Electric	21	24
LKE	6	9
LG&E	2	4
KU	4	5

The following table shows the balances and certain activity of contract liabilities resulting from contracts with customers:

	PPL	PPL Electric	LKE	LG&E	KU
Contract liabilities as of December 31, 2019	\$ 44	\$ 21	\$ 9	\$ 5	\$ 4
Contract liabilities as of December 31, 2018	42	23	9	5	4
Revenue recognized during the year ended December 31, 2019 that was included in the contract liability balance at December 31, 2018	32	11	9	5	4
Contract liabilities as of December 31, 2018	\$ 42	\$ 23	\$ 9	\$ 5	\$ 4
Contract liabilities as of December 31, 2017	29	19	8	4	4
Revenue recognized during the year ended December 31, 2018 that was included in the contract liability balance at December 31, 2017	21	8	8	4	4

Contract liabilities result from recording contractual billings in advance for customer attachments to the Registrants' infrastructure and payments received in excess of revenues earned to date. Advanced billings for customer attachments are recognized as revenue ratably over the billing period. Payments received in excess of revenues earned to date are recognized as revenue as services are delivered in subsequent periods.

At December 31, 2019, PPL had \$36 million of performance obligations attributable to Corporate and Other that have not been satisfied. Of this amount, PPL expects to recognize approximately \$32 million within the next 12 months.

#### 4. Preferred Securities

*(PPL)*

PPL is authorized to issue up to 10 million shares of preferred stock. No PPL preferred stock was issued or outstanding in 2019, 2018 or 2017.

*(PPL Electric)*

PPL Electric is authorized to issue up to 20,629,936 shares of preferred stock. No PPL Electric preferred stock was issued or outstanding in 2019, 2018 or 2017.

*(LG&E)*

LG&E is authorized to issue up to 1,720,000 shares of preferred stock at a \$25 par value and 6,750,000 shares of preferred stock without par value. LG&E had no preferred stock issued or outstanding in 2019, 2018 or 2017.

*(KU)*

KU is authorized to issue up to 5,300,000 shares of preferred stock and 2,000,000 shares of preference stock without par value. KU had no preferred or preference stock issued or outstanding in 2019, 2018 or 2017.

## 5. Earnings Per Share

(PPL)

Basic EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding during the applicable period. Diluted EPS is computed by dividing income available to PPL common shareowners by the weighted-average number of common shares outstanding, increased by incremental shares that would be outstanding if potentially dilutive non-participating securities were converted to common shares as calculated using the Treasury Stock Method. Incremental non-participating securities that have a dilutive impact are detailed in the table below. In 2019 and 2018, these securities also included the PPL common stock forward sale agreements. See Note 8 for additional information on these agreements which were partially settled in 2018 with the remaining shares settled in 2019. The forward sale agreements were dilutive under the Treasury Stock Method to the extent the average stock price of PPL's common shares exceeded the forward sale price prescribed in the agreements.

Reconciliations of the amounts of income and shares of PPL common stock (in thousands) for the periods ended December 31, used in the EPS calculation are:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
<b>Income (Numerator)</b>			
Net income	\$ 1,746	\$ 1,827	\$ 1,128
Less amounts allocated to participating securities	1	2	2
Net income available to PPL common shareowners - Basic and Diluted	<u>\$ 1,745</u>	<u>\$ 1,825</u>	<u>\$ 1,126</u>
<b>Shares of Common Stock (Denominator)</b>			
Weighted-average shares - Basic EPS	728,512	704,439	685,240
Add incremental non-participating securities:			
Share-based payment awards (a)	1,101	445	2,094
Forward sale agreements	7,141	3,735	—
Weighted-average shares - Diluted EPS	<u>736,754</u>	<u>708,619</u>	<u>687,334</u>
<b>Basic EPS</b>			
Net Income available to PPL common shareowners	<u>\$ 2.39</u>	<u>\$ 2.59</u>	<u>\$ 1.64</u>
<b>Diluted EPS</b>			
Net Income available to PPL common shareowners	<u>\$ 2.37</u>	<u>\$ 2.58</u>	<u>\$ 1.64</u>

(a) The Treasury Stock Method was applied to non-participating share-based payment awards.

For the year ended December 31, PPL issued common stock related to stock-based compensation plans and DRIP as follows (in thousands):

	<u>2019</u>
Stock-based compensation plans (a)	1,936
DRIP	1,725

(a) Includes stock options exercised, vesting of performance units, vesting of restricted stock and restricted stock units and conversion of stock units granted to directors.

See Note 8 for additional information on common stock issued under ATM Program and settlement of a portion of the PPL common stock forward sales agreements.

For the years ended December 31, the following shares (in thousands) were excluded from the computations of diluted EPS because the effect would have been antidilutive:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Stock options	—	172	696
Performance units	5	—	—
Restricted stock units	3	11	—

## 6. Income and Other Taxes

(PPL)

"Income Before Income Taxes" included the following:

	2019	2018	2017
Domestic income	\$ 964	\$ 1,127	\$ 874
Foreign income	1,191	1,158	1,038
Total	<u>\$ 2,155</u>	<u>\$ 2,285</u>	<u>\$ 1,912</u>

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for accounting purposes and their basis for income tax purposes and the tax effects of net operating loss and tax credit carryforwards. The provision for PPL's deferred income taxes for regulated assets and liabilities is based upon the ratemaking principles of the applicable jurisdiction. See Notes 1 and 7 for additional information.

Net deferred tax assets have been recognized based on management's estimates of future taxable income for the U.S. and the U.K.

Significant components of PPL's deferred income tax assets and liabilities were as follows:

	2019	2018
<b>Deferred Tax Assets</b>		
Deferred investment tax credits	\$ 31	\$ 31
Regulatory liabilities	75	87
Income taxes due to customer	462	479
Accrued pension and postretirement costs	211	277
Federal loss carryforwards	324	325
State loss carryforwards	432	419
Federal and state tax credit carryforwards	402	392
Foreign capital loss carryforwards	320	313
Foreign - other	8	10
Contributions in aid of construction	112	139
Domestic - other	99	88
Valuation allowances	(834)	(808)
Total deferred tax assets	<u>1,642</u>	<u>1,752</u>
<b>Deferred Tax Liabilities</b>		
Domestic plant - net	3,546	3,359
Regulatory assets	262	314
Foreign plant - net	765	724
Foreign - pensions	72	83
Domestic - other	61	40
Total deferred tax liabilities	<u>4,706</u>	<u>4,520</u>
Net deferred tax liability	<u>\$ 3,064</u>	<u>\$ 2,768</u>

State deferred taxes are determined by entity and by jurisdiction. As a result, \$24 million and \$28 million of net deferred tax assets are shown as "Other noncurrent assets" on the Balance Sheets for 2019 and 2018.

At December 31, 2019, PPL had the following loss and tax credit carryforwards, related deferred tax assets and valuation allowances recorded against the deferred tax assets:

	Gross	Deferred Tax Asset	Valuation Allowance	Expiration
<b>Loss carryforwards</b>				
Federal net operating losses	\$ 1,499	\$ 315	\$ —	2032-2037
Federal charitable contributions	42	9	—	2020-2024
State net operating losses	5,879	432	(393)	2021-2039
State charitable contributions	1	—	—	2020-2024
Foreign net operating losses	3	—	—	Indefinite
Foreign capital losses	1,880	320	(320)	Indefinite
Federal - Other	7	1	—	Indefinite
<b>Credit carryforwards</b>				
Federal investment tax credit		133	—	2025-2039
Federal alternative minimum tax credit (a)		8	—	Indefinite
Federal foreign tax credits (b)		218	(113)	2024-2027
Federal - other		24	(6)	2020-2039
State Recycling Credit		18	—	2028
State - other		1	—	Indefinite

- (a) The TCJA repealed the corporate alternative minimum tax (AMT) for tax years beginning after December 31, 2017. The existing indefinite carryforward period for AMT credits was retained.  
(b) Includes \$62 million of foreign tax credits carried forward from 2016 and \$156 million of additional foreign tax credits from 2017 related to the taxable deemed dividend associated with the TCJA.

Valuation allowances have been established for the amount that, more likely than not, will not be realized. The changes in deferred tax valuation allowances were as follows:

	Balance at Beginning of Period	Additions			Deductions	Balance at End of Period
		Charged to Income	Charged to Other Accounts			
2019	\$ 808	\$ 31	\$ —	\$ 5	\$ 834	
2018	838	26	—	56 (a)	808	
2017	593	256 (b)	—	11	838	

- (a) Decrease in the valuation allowance of approximately \$35 million due to the change in the total foreign tax credits available after finalization of the deemed dividend calculation required by the TCJA in 2017. In addition, the deferred tax assets and corresponding valuation allowances were reduced in 2018 by approximately \$19 million due to the effect of foreign currency exchange rates.  
(b) Increase in valuation allowance of approximately \$145 million related to expected future utilization of both 2017 foreign tax credits and pre-2017 foreign tax credits carried forward. For additional information, see the "Reconciliation of Income Tax Expense" and associated notes below.

In addition, the reduction of the U.S. federal corporate income tax rate enacted by the TCJA in 2017 resulted in a \$62 million increase in federal deferred tax assets and a corresponding valuation allowance related to the federal tax benefits of state net operating losses.

PPL Global does not record U.S. income taxes on the unremitted earnings of WPD, as management has determined that such earnings are indefinitely reinvested. Current year distributions from WPD to the U.S. are sourced from a portion of the current year's earnings of the WPD group. There have been no material changes to the facts underlying PPL's assertion that historically reinvested earnings of WPD as well as some portion of current year earnings will continue to be indefinitely reinvested. WPD's long-term working capital forecasts and capital expenditure projections for the foreseeable future require reinvestment of WPD's undistributed earnings. Additionally, U.S. long-term working capital forecasts and capital expenditure projections for the foreseeable future do not require or contemplate annual distributions from WPD in excess of some portion of WPD's future annual earnings. The cumulative undistributed earnings are included in "Earnings reinvested" on the Balance Sheets. The amount considered indefinitely reinvested at December 31, 2019 was \$7.5 billion. The foregoing is not impacted by U.S. tax reform and the associated conversion from a worldwide to a participation exemption system. It is not practicable to estimate the amount of additional taxes that could be payable on these foreign earnings in the event of repatriation to the U.S.

Details of the components of income tax expense, a reconciliation of federal income taxes derived from statutory tax rates applied to "Income Before Income Taxes" to income taxes for reporting purposes, and details of "Taxes, other than income" were as follows:

[Table of Contents](#)

	2019	2018	2017
<b>Income Tax Expense (Benefit)</b>			
Current - Federal	\$ (10)	\$ (19)	\$ 6
Current - State	19	17	25

Total income tax expense (benefit) - Foreign	214	211	178
Total income tax expense (benefit)	\$ 409	\$ 458	\$ 784

- (a) Due to the enactment of the TCJA, PPL recorded the following in 2017:
- \$220 million of deferred income tax expense related to the impact of the U.S. federal corporate income tax rate reduction from 35% to 21% on deferred tax assets and liabilities;
  - \$162 million of deferred tax expense related to the utilization of current year losses resulting from the taxable deemed dividend; partially offset by, \$60 million of deferred tax benefits related to the \$205 million of 2017 foreign tax credits partially offset by \$145 million of valuation allowances.

In the table above, the following income tax expense (benefit) are excluded from income taxes:

	2019	2018	2017
Other comprehensive income	\$ (93)	\$ (6)	\$ (34)
Valuation allowance on state deferred taxes recorded to other comprehensive income	—	—	(1)

Other	6	8	(8)
Total increase (decrease)	(44)	(22)	115
Total income tax expense (benefit)	\$ 409	\$ 458	\$ 784
<b>Effective income tax rate</b>	19.0%	20.0%	41.0%

(a) The U.S. federal corporate tax rate was reduced from 35% to 21%, as enacted by the TCJA, effective January 1, 2018.

(b) In 2017, PPL recorded an increase in valuation allowances of \$23 million primarily related to foreign tax credits recorded in 2016. The future utilization of these credits is expected to be lower as a result of the TCJA.

[Table of Contents](#)

In 2019, 2018 and 2017, PPL recorded deferred income tax expense of \$25 million, \$24 million and \$16 million for valuation allowances primarily related to increased Pennsylvania net operating loss carryforwards expected to be unutilized.

- (c) The reduction in the U.S. federal corporate income tax rate from 35% to 21% significantly reduced the difference between the U.K. and U.S. income tax rates in 2019 and 2018 compared with 2017.
- (d) In 2017, PPL recorded a federal income tax benefit of \$35 million primarily attributable to U.K. pension contributions.

In 2017, PPL recorded deferred income tax expense of \$83 million primarily related to enactment of the TCJA. The enacted tax law included a conversion from a worldwide tax system to a territorial tax system, effective January 1, 2018. In the transition to the territorial regime, a one-time transition tax was imposed on PPL's unrepatriated accumulated foreign earnings in 2017. These earnings were treated as a taxable deemed dividend to PPL of approximately \$462 million, including \$205 million of foreign tax credits. As the PPL consolidated U.S. group had a taxable loss for 2017, inclusive of the taxable deemed dividend, these credits were recorded as a deferred tax asset. However, it is expected that under the TCJA, only \$83 million of the \$205 million of foreign tax credits will be realized in the carry forward period. Accordingly, a valuation allowance on the current year foreign tax credits in the amount of \$122 million has been recorded to reflect the reduction in the future utilization of the credits. The foreign tax credits associated with the deemed repatriation result in a gross carryforward and corresponding deferred tax asset of \$205 million offset by a valuation allowance of \$122 million.

- (e) The U.K. Finance Act 2016, enacted in September 2016, reduced the U.K. statutory income tax rate effective April 1, 2020 to 17%. As a result, PPL reduced its net deferred tax liabilities each year as it revalued its balances at the 17% tax rate.
- (f) In 2019 and 2018, PPL recorded lower income tax expense for the amortization of excess deferred income taxes that primarily resulted from the U.S. federal corporate income tax rate reduction from 35% to 21% enacted by the TCJA. This amortization represents each year's refund amount, prior to a tax gross-up, to be paid to customers for previously collected deferred taxes at higher income tax rates.
- (g) In 2017, PPL recorded deferred income tax expense related to the U.S. federal corporate income tax rate reduction from 35% to 21% enacted by the TCJA. In 2018, PPL recorded deferred income tax expense, primarily associated with LKE's non-regulated entities, due to the Kentucky corporate income tax rate reduction from 6% to 5%, as enacted by HB 487, effective January 1, 2018.
- (h) In 2019, LKE recorded a deferred income tax benefit associated with two projects placed into service that prepare a generation waste material for reuse and, as a result, qualify for a Kentucky recycling credit. The applicable credit provides tax benefits for a portion of the equipment costs for major recycling projects in Kentucky, with the benefit recognized during the period in which the assets are placed into service.
- (i) In 2018, PPL filed its consolidated federal income tax return, which included updates to the TCJA provisional amounts recorded in 2017. The adjustments to the various provisional amounts that are considered complete as of the filed tax return resulted in an immaterial impact to income tax expense and are discussed in the TCJA section below.

	2019	2018	2017
<b>Taxes, other than income</b>			
State gross receipts	\$ 107	\$ 103	\$ 102
State capital stock	—	—	(6)

*(PPL Electric)*

The provision for PPL Electric's deferred income taxes for regulated assets and liabilities is based upon the ratemaking principles reflected in rates established by the PUC and the FERC. The difference in the provision for deferred income taxes for regulated assets and liabilities and the amount that otherwise would be recorded under GAAP is deferred and included in "Regulatory assets" or "Regulatory liabilities" on the Balance Sheets.

Significant components of PPL Electric's deferred income tax assets and liabilities were as follows:

	2019	2018
<b>Deferred Tax Assets</b>		
Accrued pension and postretirement costs	\$ 81	\$ 110
Contributions in aid of construction	88	118
Regulatory liabilities	31	35
Income taxes due to customers	170	181
State loss carryforwards	6	14
Federal loss carryforwards	78	79
Other	23	25
<b>Total deferred tax assets</b>	<b>477</b>	<b>562</b>

	2019	2018
<b>Deferred Tax Liabilities</b>

Regulatory assets	139	176
Other	24	25
Total deferred tax liabilities	1,924	1,882
Net deferred tax liability	\$ 1,447	\$ 1,320

PPL Electric expects to have adequate levels of taxable income to realize its recorded deferred income tax assets.

At December 31, 2019, PPL Electric had the following loss carryforwards and related deferred tax assets:

	Gross	Deferred Tax Asset	Expiration
<b>Loss carryforwards</b>			
Federal net operating losses	\$ 363	\$ 76	2032-2037
Federal charitable contributions	9	2	2020-2024
State net operating losses	81	6	2031-2032

Credit carryforwards were insignificant at December 31, 2019.

Details of the components of income tax expense, a reconciliation of federal income taxes derived from statutory tax rates applied to "Income Before Income Taxes" to income taxes for reporting purposes, and details of "Taxes, other than income" were as follows:

	2019	2018	2017
<b>Income Tax Expense (Benefit)</b>			
Current - Federal	\$ 44	\$ 2	\$ (65)

### Unrecognized Tax Benefits (All Registrants)

PPL or its subsidiaries file tax returns in four major tax jurisdictions. The income tax provisions for PPL Electric, LG&E and KU are calculated in accordance with an intercompany tax sharing agreement, which provides that taxable income be calculated as if each domestic subsidiary filed a separate consolidated return. PPL Electric or its subsidiaries indirectly or directly file tax returns in two major tax jurisdictions, and LKE, LG&E and KU or their subsidiaries indirectly or directly file tax returns in two major tax jurisdictions. With few exceptions, at December 31, 2019, these jurisdictions, as well as the tax years that are no longer subject to examination, were as follows.

	PPL	PPL Electric	LKE	LG&E	KU
U.S. (federal)	2015 and prior				
Pennsylvania (state) (a)	2015 and prior	2015 and prior			
Kentucky (state)	2014 and prior		2014 and prior	2014 and prior	2014 and prior
U.K. (foreign)	2015 and prior				

(a) Tax year 2013 is still subject to examination.

### Tax Cuts and Jobs Act (TCJA)

On December 22, 2017, President Trump signed into law the TCJA. Substantially all of the provisions of the TCJA were effective for taxable years beginning after December 31, 2017. The TCJA included significant changes to the taxation of corporations, including provisions specifically applicable to regulated public utilities. The more significant changes that impact the Registrants were:

- The reduction in the U.S. federal corporate income tax rate from a top marginal rate of 35% to a flat rate of 21%, effective January 1, 2018;
- The exclusion from U.S. federal taxable income of dividends from foreign subsidiaries and the associated "transition tax;"
- Limitations on the tax deductibility of interest expense, with an exception to these limitations for regulated public utilities;
- Full current year expensing of capital expenditures with an exception for regulated public utilities that qualify for the exception to the interest expense limitation; and
- The continuation of certain rate normalization requirements for accelerated depreciation benefits. For non-regulated businesses, the TCJA generally provides for full expensing of property acquired after September 27, 2017.

[Table of Contents](#)

Under GAAP, the tax effect of changes in tax laws must be recognized in the period in which the law is enacted, or December 2017 for the TCJA. The changes enacted by the TCJA were recorded as an adjustment to the Registrants' deferred tax provisions, and were reflected in "Income Taxes" on the Statement of Income for the year ended December 31, 2017 as follows:

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Income tax expense (benefit)	\$ 321	\$ (13)	\$ 112	\$ —	\$ —

The components of these adjustments are discussed below:

#### Reduction of U.S. Federal Corporate Income Tax Rate

GAAP requires deferred tax assets and liabilities to be measured at the enacted tax rate expected to apply when temporary differences are to be realized or settled. Thus, at the date of enactment, the Registrants' deferred taxes were remeasured based upon the U.S. federal corporate income tax rate of 21%. For PPL's regulated entities, the changes in deferred taxes were, in large part, recorded as an offset to either a regulatory asset or regulatory liability and will be reflected in future rates charged to customers. The tax rate reduction impacts on non-regulated deferred tax assets and liabilities were recorded as an adjustment to the Registrants' deferred tax provisions, and were reflected in "Income Taxes" on the Statement of Income for the year ended December 31, 2017 as follows:

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Income tax expense (benefit)	\$ 220	\$ (13)	\$ 112	\$ —	\$ —

As indicated in Note 1 - "Summary of Significant Accounting Policies - Income Taxes", PPL's U.S. regulated operations' accounting for income taxes are impacted by rate regulation. Therefore, reductions in accumulated deferred income tax balances due to the reduction in the U.S. federal corporate income tax rate to 21% under the provisions of the TCJA resulted in amounts previously collected from utility customers for these deferred taxes to be refundable to such customers over a period of time. The TCJA included provisions that stipulate how these excess deferred taxes are to be passed back to customers for certain accelerated tax depreciation benefits. Refunds of other deferred taxes either have been or will be determined by the Registrants' regulators. The Balance Sheets at December 31, 2017 reflected the increase to the Registrants' net regulatory liabilities as a result of the TCJA as follows:

	<u>PPL</u>	<u>PPL Electric</u>	<u>LKE</u>	<u>LG&amp;E</u>	<u>KU</u>
Net Increase in Regulatory Liabilities	\$ 2,185	\$ 1,019	\$ 1,166	\$ 532	\$ 634

#### Transition Tax

The TCJA included a conversion from a worldwide tax system to a territorial tax system, effective January 1, 2018. In the transition to the territorial regime, a one-time transition tax was imposed on PPL's unrepatriated accumulated foreign earnings in 2017. These earnings were treated as a taxable deemed dividend to PPL of approximately \$462 million for purposes of the 2017 tax provision. As the PPL consolidated U.S. group had a taxable loss for 2017, inclusive of the taxable deemed dividend, the foreign tax credits associated with the deemed dividend were recorded as a deferred tax asset. However, it is expected that under the TCJA, the current and prior year foreign tax credit carryforwards will not be fully realizable.

As a result, the net deferred income tax expense impact of the deemed repatriation was \$101 million and was recorded in "Income Taxes" on the PPL Statement of Income for the year ended December 31, 2017 and "Deferred tax liabilities" on the PPL Balance Sheet at December 31, 2017.

#### 2018 Impacts of TCJA

The Registrants recognized certain provisional amounts relating to the impact of the enactment of the TCJA in their December 31, 2017 financial statements, in accordance with SEC guidance. Included in those provisional amounts were estimates of tax depreciation, deductible executive compensation, accumulated foreign earnings, foreign tax credits, and deemed dividends from foreign subsidiaries, all of which were based on the interpretation and application of various provisions of the TCJA.

In the third quarter of 2018, PPL filed its consolidated federal income tax return, which was prepared using guidance issued by the U.S. Treasury Department and the IRS since the filing of each Registrant's 2017 Form 10-K. Accordingly, the Registrants updated the following provisional amounts and now consider them to be complete: (1) the amount of the deemed dividend and associated foreign tax credits relating to the transition tax imposed on accumulated foreign earnings as of December 31, 2017;

[Table of Contents](#)

(2) the amount of accelerated 100% "bonus" depreciation PPL was eligible to claim in its 2017 federal income tax return; and (3) the related impacts on PPL's 2017 consolidated federal net operating loss to be carried forward to future periods. In addition, the Registrants recorded the tax impact of the U.S. federal corporate income tax rate reduction from 35% to 21% on the changes to deferred tax assets and liabilities resulting from the completed provisional amounts. The completed provisional amounts related to the tax rate reduction had an insignificant impact on the net regulatory liabilities of PPL's U.S. regulated operations. In the fourth quarter of 2018, PPL completed its analysis of the deductibility of executive compensation awarded as of November 2, 2017 and concluded that no material change to the provisional amounts was required. The final amounts reported in PPL's 2017 federal income tax return, provisional amounts for the year ended December 31, 2017, the related measurement period adjustments, and the resulting tax impact for the year ended December 31, 2018 were as follows:

	Taxable Income (Loss) (a)		
	Adjustments per 2017 Tax Return	Adjustments per 2017 Tax Provision	2018 Adjustments
<b><u>PPL</u></b>			
Deemed Dividend	\$ 397	\$ 462	\$ (65)
Bonus Depreciation (b)	(67)	—	(67)
Consolidated Federal Net Operating Loss due to the TCJA (c)	(330)	(462)	132
Total	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>
<b><u>PPL Electric</u></b>			
Bonus Depreciation (b)	\$ (39)	\$ —	\$ (39)
Consolidated Federal Net Operating Loss reallocated due to the TCJA (c)	(68)	(105)	37
Total	<u>\$ (107)</u>	<u>\$ (105)</u>	<u>\$ (2)</u>
<b><u>LKE</u></b>			
Bonus Depreciation (b)	\$ (28)	\$ —	\$ (28)
Consolidated Federal Net Operating Loss reallocated due to the TCJA (c)	(32)	(45)	13
Total	<u>\$ (60)</u>	<u>\$ (45)</u>	<u>\$ (15)</u>
<b><u>LG&amp;E</u></b>			
Bonus Depreciation (b)	\$ (17)	\$ —	\$ (17)
Consolidated Federal Net Operating Loss reallocated due to the TCJA (c)	17	—	17
Total	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>
<b><u>KU</u></b>			
Bonus Depreciation (b)	\$ (11)	\$ —	\$ (11)
Consolidated Federal Net Operating Loss reallocated due to the TCJA (c)	11	—	11
Total	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>

- (a) The above table reflects, for each item, the amount subject to change as a result of the TCJA and does not reflect the total amount of each item included in the return and the provision.
- (b) The TCJA increased the bonus depreciation percentage from 50% to 100% for qualified property acquired and placed in service after September 27, 2017 and before January 1, 2018. Increases in tax depreciation reduce the Registrants' taxes payable and increase net deferred tax liabilities with no impact to "Income Taxes" on the Statements of Income.
- (c) An increase in the consolidated federal net operating loss reduces net deferred tax liabilities with the opposite effect if there is a decrease in the consolidated federal net operating loss. These increases or decreases have no impact to "Income Taxes" on the Statements of Income.

	Income Tax Expense (Benefit)		
	Adjustments per 2017 Tax Return	Adjustments per 2017 Tax Provision	2018 Adjustments
<b>PPL</b>			
Deemed Dividend	\$ 139	\$ 161	\$ (22)
Foreign Tax Credits	(157)	(205)	48
Valuation of Foreign Tax Credit Carryforward	110	145	(35)
Reduction in U.S. federal income tax rate	229	220	9
Total	\$ 321	\$ 321	\$ —

<b>PPL Electric</b>			
Reduction in U.S. federal income tax rate	\$ (13)	\$ (13)	\$ —

<b>LKE</b>			
Reduction in U.S. federal income tax rate	\$ 110	\$ 112	\$ (2)

The Registrants' accounting related to the effects of the TCJA on financial results for the period ended December 31, 2017 was complete as of December 31, 2018 with respect to all provisional amounts.

2019 TCJA Regulatory Update

The IRS issued proposed regulations for certain provisions of the TCJA in 2018, including interest deductibility and Global Intangible Low-Taxed Income (GILTI). In 2019, final and new proposed regulations were issued relating to the GILTI provisions. PPL has determined that neither the final or new proposed regulations materially change PPL's conclusion that currently no incremental tax arises under these rules. Proposed regulations relating to the limitation on the deductibility of interest expense were issued in November 2018 and such regulations provide detailed rules implementing the broader statutory provisions. These proposed regulations should not apply to the Registrants until the year in which the regulations are issued in final form, which is expected to be in 2020. It is uncertain what form the final regulations will take and, therefore, the Registrants cannot predict what impact the final regulations will have on the tax deductibility of interest expense. However, if the proposed regulations were issued as final in their current form, the Registrants could have a limitation on a portion of their interest expense deduction for tax purposes and such limitation could be significant. PPL expressed its views on these proposed regulations in a comment letter addressed to the IRS on February 26, 2019.

**Other**

*Kentucky State Tax Reform (All Registrants)*

HB 487, which became law on April 27, 2018, provides for significant changes to the Kentucky tax code including (1) adopting mandatory combined reporting for corporate members of unitary business groups for taxable years beginning on or after January 1, 2019 (members of a unitary business group may make an eight-year binding election to file consolidated corporate income tax returns with all members of their federal affiliated group) and (2) a reduction in the Kentucky corporate income tax rate from 6% to 5% for taxable years beginning after December 31, 2017. PPL is evaluating the impact, if any, of unitary or elective consolidated income tax reporting on all its Registrants. LKE recognized a deferred tax charge of \$9 million in 2018 primarily associated with the remeasurement of non-regulated accumulated deferred income tax balances.

As indicated in Note 1, LG&E's and KU's accounting for income taxes is impacted by rate regulation. Therefore, reductions in regulated accumulated deferred income tax balances due to the reduction in the Kentucky corporate income tax rate to 5% under the provisions of HB 487 will result in amounts previously collected from utility customers for these deferred taxes to be refundable to such customers in future periods. In 2018, LG&E and KU recorded the impact of the reduced tax rate, related to the remeasurement of deferred income taxes, as an increase in regulatory liabilities of \$16 million and \$19 million. In 2019, LG&E and KU began returning state excess deferred income taxes to customers in conjunction with the 2018 Kentucky base rate case. See Note 7 for additional information related to the rate case proceedings.

## 7. Utility Rate Regulation

### Regulatory Assets and Liabilities

*(All Registrants)*

PPL, PPL Electric, LKE, LG&E and KU reflect the effects of regulatory actions in the financial statements for their cost-based rate-regulated utility operations. Regulatory assets and liabilities are classified as current if, upon initial recognition, the entire amount related to an item will be recovered or refunded within a year of the balance sheet date.

*(PPL)*

WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP and does not record regulatory assets and liabilities. See Note 1 for additional information.

*(PPL, LKE, LG&E and KU)*

LG&E is subject to the jurisdiction of the KPSC and FERC, and KU is subject to the jurisdiction of the KPSC, FERC and VSCC.

LG&E's and KU's Kentucky base rates are calculated based on a return on capitalization (common equity, long-term debt and short-term debt) including adjustments for certain net investments and costs recovered separately through other means. As such, LG&E and KU generally earn a return on regulatory assets.

*(PPL, LKE and KU)*

KU's Virginia base rates are calculated based on a return on rate base (net utility plant plus working capital less accumulated deferred income taxes and miscellaneous deductions). As all regulatory assets and liabilities, except for regulatory assets and liabilities related to the levelized fuel factor, pension and postretirement benefits, and AROs related to certain CCR impoundments, are excluded from the return on rate base utilized in the calculation of Virginia base rates, no return is earned on the related assets.

KU's rates to municipal customers for wholesale power requirements are calculated based on annual updates to a formula rate that utilizes a return on rate base (net utility plant plus working capital less accumulated deferred income taxes and miscellaneous deductions). As all regulatory assets and liabilities are excluded from the return on rate base utilized in the development of municipal rates, no return is earned on the related assets.

*(PPL and PPL Electric)*

PPL Electric's distribution base rates are calculated based on recovery of costs as well as a return on distribution rate base (net utility plant plus a working capital allowance less plant-related deferred taxes and other miscellaneous additions and deductions). PPL Electric's transmission revenues are billed in accordance with a FERC tariff that allows for recovery of transmission costs incurred, a return on transmission-related rate base (net utility plant plus a working capital allowance less plant-related deferred taxes and other miscellaneous additions and deductions) and an automatic annual update. See "Transmission Formula Rate" below for additional information on this tariff. All regulatory assets and liabilities are excluded from distribution and transmission return on investment calculations; therefore, generally no return is earned on PPL Electric's regulatory assets.

*(All Registrants)*

The following table provides information about the regulatory assets and liabilities of cost-based rate-regulated utility operations at December 31:

(a) For PPL, these amounts are included in "Other current assets" on the Balance Sheets.

Following is an overview of selected regulatory assets and liabilities detailed in the preceding tables. Specific developments with respect to certain of these regulatory assets and liabilities are discussed in "Regulatory Matters."

**Defined Benefit Plans**

(All Registrants)

Defined benefit plan regulatory assets and liabilities represent prior service cost and net actuarial gains and losses that will be recovered in defined benefit plans expense through future base rates based upon established regulatory practices and, generally, are amortized over the average remaining service lives of plan participants. These regulatory assets and liabilities are adjusted at least annually or whenever the funded status of defined benefit plans is remeasured.

(PPL, LKE, LG&E and KU)

As a result of the 2014 Kentucky rate case settlement that became effective July 1, 2015, the difference between pension cost calculated in accordance with LG&E's and KU's pension accounting policy and pension cost calculated using a 15-year amortization period for actuarial gains and losses is recorded as a regulatory asset. As of December 31, 2019, the balances were \$51 million for PPL and LKE, \$29 million for LG&E and \$22 million for KU. As of December 31, 2018, the balances were \$45 million for PPL and LKE, \$25 million for LG&E and \$20 million for KU.

*(All Registrants)*

### Storm Costs

PPL Electric, LG&E and KU have the ability to request from the PUC, KPSC and VSCC, as applicable, the authority to treat expenses related to specific extraordinary storms as a regulatory asset and defer such costs for regulatory accounting and reporting purposes. Once such authority is granted, LG&E and KU can request recovery of those expenses in a base rate case and begin amortizing the costs when recovery starts. PPL Electric can recover qualifying expenses caused by major storm events, as defined in its retail tariff, over three years through the Storm Damage Expense Rider commencing in the application year after the storm occurred. PPL Electric's regulatory assets for storm costs are being amortized through various dates ending in 2021. LG&E's and KU's regulatory assets for storm costs are being amortized through various dates ending in 2029.

### Unamortized Loss on Debt

Unamortized loss on reacquired debt represents losses on long-term debt reacquired or redeemed that have been deferred and will be amortized and recovered over either the original life of the extinguished debt or the life of the replacement debt (in the case of refinancing). Such costs are being amortized through 2029 for PPL Electric, through 2042 for KU, and through 2044 for LG&E.

### Accumulated Cost of Removal of Utility Plant

LG&E and KU charge costs of removal through depreciation expense with an offsetting credit to a regulatory liability. The regulatory liability is relieved as costs are incurred.

PPL Electric does not accrue for costs of removal. When costs of removal are incurred, PPL Electric records the costs as a regulatory asset. Such deferral is included in rates and amortized over the subsequent five-year period.

### TCJA Customer Refund

As a result of the reduced U.S. federal corporate income tax rate as enacted by the TCJA, the regulators of PPL Electric, LG&E and KU have ruled that these tax benefits should be refunded to customers. In some instances, timing differences occur between the recognition of these tax benefits and the refund of the benefit to the customers which create a regulatory asset or liability.

LG&E and KU distributed these tax savings for Kentucky customers through the TCJA bill credit prior to incorporating them into base rates effective May 1, 2019. See "Regulatory Matters" for additional information. The remaining liability represents TCJA savings to be distributed to Virginia customers in 2020.

PPL Electric's current liability relates to two time periods. The liability of \$16 million related to the period of July 1, 2018 through December 31, 2019 will be credited back to distribution customers through a negative surcharge. The liability of \$43 million related to the period of January 1, 2018 through June 30, 2018 will be credited back to customers over the period of January 1, 2020 through December 31, 2020 utilizing the same negative surcharge mechanism referred to above, as approved by the PUC in November 2019.

### Net Deferred Taxes

Regulatory liabilities associated with net deferred taxes represent the future revenue impact from the adjustment of deferred income taxes required primarily for excess deferred taxes and unamortized investment tax credits, largely a result of the TCJA enacted in 2017. See Note 6 for additional information on the TCJA.

*(PPL and PPL Electric)*

### Generation Supply Charge (GSC)

The GSC is a cost recovery mechanism that permits PPL Electric to recover costs incurred to provide generation supply to PLR customers who receive basic generation supply service. The recovery includes charges for generation supply, as well as administration of the acquisition process. In addition, the GSC contains a reconciliation mechanism whereby any over- or

under-recovery from prior quarters is refunded to, or recovered from, customers through the adjustment factor determined for the subsequent rate filing period.

#### Transmission Service Charge (TSC)

PPL Electric is charged by PJM for transmission service-related costs applicable to its PLR customers. PPL Electric passes these costs on to customers, who receive basic generation supply service through the PUC-approved TSC cost recovery mechanism. The TSC contains a reconciliation mechanism whereby any over- or under-recovery from customers is either refunded to, or recovered from, customers through the adjustment factor determined for the subsequent year.

#### Transmission Formula Rate

PPL Electric's transmission revenues are billed in accordance with a FERC-approved Open Access Transmission Tariff that utilizes a formula-based rate recovery mechanism. Under this formula, rates are put into effect in June of each year based upon prior year actual expenditures and current year forecasted capital additions. Rates are then adjusted the following year to reflect actual annual expenses and capital additions, as reported in PPL Electric's annual FERC Form 1, filed under the FERC's Uniform System of Accounts. Any difference between the revenue requirement in effect for the prior year and actual expenditures incurred for that year is recorded as a regulatory asset or regulatory liability.

#### Storm Damage Expense Rider (SDER)

The SDER is a reconcilable automatic adjustment clause under which PPL Electric annually will compare actual storm costs to storm costs allowed in base rates and refund or recover any differences from customers. In the 2015 rate case settlement approved by the PUC in November 2015, it was determined that reportable storm damage expenses to be recovered annually through base rates will be set at \$20 million. The SDER will recover from or refund to customers, as appropriate, only applicable expenses from reportable storms that are greater than or less than \$20 million recovered annually through base rates. Storm costs incurred in PPL Electric's territory from a March 2018 storm are being amortized through 2021.

#### Act 129 Compliance Rider

In compliance with Pennsylvania's Act 129 of 2008 and implementing regulations, PPL Electric is currently in Phase III of the energy efficiency and conservation plan which was approved in June 2016. Phase III allows PPL Electric to recover the maximum \$313 million over the five-year period, June 1, 2016 through May 31, 2021. The plan includes programs intended to reduce electricity consumption. The recoverable costs include direct and indirect charges, including design and development costs, general and administrative costs and applicable state evaluator costs. The rates are applied to customers who receive distribution service through the Act 129 Compliance Rider. The actual Phase III program costs are reconcilable after each 12 month period, and any over- or under-recovery from customers will be refunded or recovered over the next rate filing period.

#### Smart Meter Rider (SMR)

Act 129 requires each electric distribution company (EDC) with more than 100,000 customers to have a PUC approved Smart Meter Technology Procurement and Installation Plan (SMP). As of December 31, 2019, PPL Electric replaced substantially all of its old meters with meters that meet the Act 129 requirements under its SMP. In accordance with Act 129, EDCs are able to recover the costs and earn a return on capital of providing smart metering technology. PPL Electric uses the SMR to recover the costs to implement its SMP. The SMR is a reconciliation mechanism whereby any over- or under-recovery from prior years is refunded to, or recovered from, customers through the adjustment factor determined for the subsequent quarters.

#### Universal Service Rider (USR)

The USR provides for recovery of costs associated with universal service programs, OnTrack and Winter Relief Assistance Program (WRAP), provided by PPL Electric to residential customers. OnTrack is a special payment program for low-income households and WRAP provides low-income customers a means to reduce electric bills through energy saving methods. The USR rate is applied to residential customers who receive distribution service. The actual program costs are reconcilable, and any over- or under-recovery from customers will be refunded or recovered annually in the subsequent year.

*(PPL, LKE, LG&E and KU)*

### Environmental Cost Recovery

Kentucky law permits LG&E and KU to recover the costs, including a return of operating expenses and a return of and on capital invested, of complying with the Clean Air Act and those federal, state or local environmental requirements, which apply to coal combustion wastes and by-products from coal-fired electricity generating facilities. The KPSC requires reviews of the past operations of the environmental surcharge for six-month and two-year billing periods to evaluate the related charges, credits and rates of return, as well as to provide for the roll-in of ECR amounts to base rates each two-year period. The KPSC has authorized a return on equity of 9.725% for all existing approved ECR plans and projects. The ECR regulatory asset or liability represents the amount that has been under- or over-recovered due to timing or adjustments to the mechanism and is typically recovered or refunded within 12 months.

### Fuel Adjustment Clauses

LG&E's and KU's retail electric rates contain a fuel adjustment clause, whereby variances in the cost of fuel to generate electricity, including transportation costs, from the costs embedded in base rates are adjusted in LG&E's and KU's rates. The KPSC requires public hearings at six-month intervals to examine past fuel adjustments and at two-year intervals to review past operations of the fuel adjustment clause and, to the extent appropriate, reestablish the fuel charge included in base rates. The regulatory assets or liabilities represent the amounts that have been under- or over-recovered due to timing or adjustments to the mechanism and are typically recovered within 12 months. LG&E's fuel adjustment clause asset is included within other current regulatory assets above.

KU also employs a levelized fuel factor mechanism for Virginia customers using an average fuel cost factor based primarily on projected fuel costs. The Virginia levelized fuel factor allows fuel recovery based on projected fuel costs for the coming year plus an adjustment for any under- or over-recovery of fuel expenses from the prior year. The regulatory assets or liabilities represent the amounts that have been under- or over-recovered due to timing or adjustments to the mechanism and are typically recovered or refunded within 12 months.

### AROs

As discussed in Note 1, for LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. ARO regulatory assets associated with certain CCR projects are amortized to expense in accordance with regulatory approvals. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

### Power Purchase Agreement - OVEC

As a result of purchase accounting associated with PPL's acquisition of LKE, the fair values of the OVEC power purchase agreement were recorded on the balance sheets of LKE, LG&E and KU with offsets to regulatory liabilities. The regulatory liabilities are being amortized using the units-of-production method until March 2026, the expiration date of the agreement at the date of the acquisition. LG&E's and KU's customer rates continue to reflect the original contracts. See Notes 13 and 18 for additional discussion of the power purchase agreement.

### Interest Rate Swaps

LG&E's unrealized gains and losses are recorded as regulatory assets or regulatory liabilities until they are realized as interest expense. Interest expense from existing swaps is realized and recovered over the terms of the associated debt, which matures through 2033.

### Terminated Interest Rate Swaps

Net realized gains and losses on all interest rate swaps are probable of recovery through regulated rates. As such, any gains and losses on these derivatives are included in regulatory assets or liabilities and are primarily recognized in "Interest Expense" on the Statements of Income over the life of the associated debt.

## Plant Outage Costs

Since July 1, 2017, plant outage costs in Kentucky have been normalized for ratemaking purposes based on an average level of expenses. Plant outage expenses that are greater or less than the average are collected from or returned to customers, through future base rates. Effective May 1, 2019 plant outage costs are normalized based on a five-year average of historical expenses with over or under recoveries collected or returned over an eight-year period.

*(PPL, LKE and LG&E)*

## Gas Supply Clause

LG&E's natural gas rates contain a gas supply clause, whereby the expected cost of natural gas supply and variances between actual and expected costs from prior periods are adjusted quarterly in LG&E's rates, subject to approval by the KPSC. The gas supply clause also includes a separate natural gas procurement incentive mechanism, which allows LG&E's rates to be adjusted annually to share savings between the actual cost of gas purchases and market indices, with the shareholders and the customers during each performance-based rate year (12 months ending October 31). The regulatory assets or liabilities represent the total amounts that have been under- or over-recovered due to timing or adjustments to the mechanisms and are typically recovered or refunded within 18 months.

*(PPL, LKE and KU)*

## Generation Formula Rate

KU provides wholesale requirements service to its municipal customers and bills for this service pursuant to a FERC approved generation formula rate. Under this formula, rates are put into effect each July utilizing a return on rate base calculation and actual expenses from the preceding year. The regulatory asset or liability represents the difference between the revenue requirement in effect for the current year and actual expenditures incurred for the current year.

## **Regulatory Matters**

*(PPL, LKE, LG&E and KU)*

## Kentucky Activities

### *Rate Case Proceedings*

In September 2018, LG&E and KU filed requests with the KPSC for an increase in annual base electricity rates of approximately \$112 million at KU and increases in annual base electricity and gas rates of approximately \$35 million and \$25 million at LG&E. LG&E's and KU's applications also sought to include changes associated with the TCJA and state tax reform in the calculation of the proposed base rates and to terminate the TCJA bill credit mechanism when new base rates would go into effect. The elimination of the TCJA bill credit mechanism will result in an estimated annual electricity revenue increase of approximately \$58 million at KU and increases in electricity and gas revenues of approximately \$40 million and \$12 million at LG&E. The applications were based on a forecasted test year of May 1, 2019 through April 30, 2020 with a requested return-on-equity of 10.42%.

In March 2019, LG&E and KU, along with substantially all intervening parties to the proceeding, filed stipulation and recommendation agreements (stipulations) with the KPSC resolving all material issues with the parties. In addition to terminating the TCJA bill credit mechanism, the proposed stipulations provided for increases in annual revenue requirements associated with base electricity rates of approximately \$58 million at KU and increases in annual base electricity and gas rates of approximately \$4 million and \$20 million at LG&E, based on a 9.725% return-on-equity.

On April 30, 2019, the KPSC issued orders ruling on open issues and approving the proposed stipulations filed in March 2019. The orders provide for increases in the revenue requirements associated with base electricity rates of \$56 million at KU and increases associated with base electricity and gas rates of \$2 million and \$19 million at LG&E. With the termination of the TCJA bill credit mechanism, this represents annual revenue increases of \$187 million (\$114 million at KU and \$73 million at LG&E). The new base rates and all elements of the orders became effective on May 1, 2019.

*(PPL and PPL Electric)*

## Pennsylvania Activities

### *Distribution of TCJA Savings*

In November 2019, the PUC approved PPL Electric's October 2019 petition to distribute the \$43 million of TCJA tax savings for the period between January 1, 2018 and June 30, 2018 over the period January 1, 2020 through December 31, 2020.

## Federal Matters

### *FERC Transmission Formula Rate*

In April 2019, PPL Electric filed its annual transmission formula rate update with the FERC, reflecting a revised revenue requirement, which includes the impact of the TCJA. The filing established the revenue requirement used to set rates that took effect in June 2019.

*(PPL, LKE, LG&E and KU)*

### *FERC Transmission Rate Filing*

In 2018, LG&E and KU applied to the FERC requesting elimination of certain on-going credits to a sub-set of transmission customers relating to the 1998 merger of LG&E's and KU's parent entities and the 2006 withdrawal of LG&E and KU from the Midcontinent Independent System Operator, Inc. (MISO), a regional transmission operator and energy market. The application seeks termination of LG&E's and KU's commitment to provide certain Kentucky municipalities mitigation for certain horizontal market power concerns arising out of the 1998 LG&E and KU merger and 2006 MISO withdrawal. The amounts at issue are generally waivers or credits granted to a limited number of Kentucky Municipalities for either certain LG&E and KU or MISO transmission charges incurred for transmission service received. Due to the development of robust, accessible energy markets over time, LG&E and KU believe the mitigation commitments are no longer relevant or appropriate. In March 2019, the FERC granted LG&E's and KU's request to remove the on-going credits, conditioned upon the implementation by LG&E and KU of a transition mechanism for certain existing power supply arrangements, subject to FERC review and approval. In July 2019, LG&E and KU proposed their transition mechanism to the FERC and in September 2019, the FERC rejected the proposed transition mechanism and issued a separate order providing clarifications of certain aspects of the March order. In October 2019, LG&E and KU filed requests for rehearing and clarification on the two September orders. These rehearing requests are currently pending before FERC. Additionally, certain petitions for review of FERC's orders have been filed by multiple parties, including LG&E and KU, at the D.C. Circuit Court of Appeals. LG&E and KU cannot predict the outcome of the proceedings. LG&E and KU currently receive recovery of waivers and credits provided through other rate mechanisms.

*(All Registrants)*

### *TCJA Impact on FERC Rates*

In November 2019, the FERC published Final Rules providing that public utility transmission providers include mechanisms in their formula rates to deduct excess ADIT from, or add deficient ADIT to, rate base and adjust their income tax allowances by amortized excess or deficient ADIT, and to make a related compliance filing.

In February 2019, PPL Electric filed with the FERC proposed revisions to its transmission formula rate template pursuant to Section 205 of the Federal Power Act and Section 35.13 of the FERC Rules and Regulations. Specifically, PPL Electric proposed to modify its formula rate to permit the return or recovery of excess or deficient ADIT resulting from the TCJA and permit PPL Electric to prospectively account for the income tax expense associated with the depreciation of the equity component of the AFUDC. In April 2019, the FERC accepted the proposed revisions to the formula rate template, which were effective June 1, 2019, as well as the proposed adjustments to ADIT, effective January 1, 2018.

In February 2019, in connection with the requirements of the TCJA and Kentucky HB 487, LG&E and KU filed a request with the FERC to amend their transmission formula rates resulting from the laws' reductions to corporate income tax rates. The FERC approved this request effective June 1, 2019. LG&E and KU are currently reviewing the Final Rule and will submit a compliance filing addressing excess ADIT by June 1, 2020. LG&E and KU do not anticipate the impact of the TCJA and Kentucky HB 487 related to their FERC-jurisdictional rates to be significant.

**Other**

**Purchase of Receivables Program**

*(PPL and PPL Electric)*

In accordance with a PUC-approved purchase of accounts receivable program, PPL Electric purchases certain accounts receivable from alternative electricity suppliers at a discount, which reflects a provision for uncollectible accounts. The alternative electricity suppliers have no continuing involvement or interest in the purchased accounts receivable. Accounts receivable that are acquired are initially recorded at fair value on the date of acquisition. During 2019, 2018 and 2017, PPL Electric purchased \$1.2 billion, \$1.3 billion and \$1.3 billion of accounts receivable from alternative suppliers.

**8. Financing Activities**

**Credit Arrangements and Short-term Debt**

*(All Registrants)*

The Registrants maintain credit facilities to enhance liquidity, provide credit support and provide a backstop to commercial paper programs. For reporting purposes, on a consolidated basis, the credit facilities and commercial paper programs of PPL Electric, LKE, LG&E and KU also apply to PPL and the credit facilities and commercial paper programs of LG&E and KU also apply to LKE. The amounts borrowed below are recorded as "Short-term debt" on the Balance Sheets except for borrowings under LG&E's Term Loan Facility which are recorded as "Long-term debt due within one year" on the December 31, 2018 Balance Sheet. The following credit facilities were in place at:

- (a) The facilities contain financial covenants to maintain an interest coverage ratio of not less than 3.0 times consolidated earnings before income taxes, depreciation and amortization and total net debt not in excess of 85% of its RAV, calculated in accordance with the credit facility.
- (b) The WPD plc amounts borrowed at December 31, 2019 and 2018 included USD-denominated borrowings of \$200 million for both periods, which bore interest at 2.52% and 3.17%. The WPD (South West) amount borrowed at December 31, 2019 was a GBP-denominated borrowing, which equated to \$51 million and bore interest at 1.09%. The WPD (East Midlands) amount borrowed at December 31, 2018 was a GBP-denominated borrowing which equated to \$48 million and bore interest at 1.12%. The WPD (West Midlands) amount borrowed at December 31, 2019 was a GBP-denominated borrowing, which equated to \$62 million and bore interest at 1.11%. At December 31, 2019, the unused capacity under the U.K. credit facilities was approximately \$1.2 billion.
- (c) Each company pays customary fees under its respective facility and borrowings generally bear interest at LIBOR-based rates plus an applicable margin.
- (d) The facilities contain a financial covenant requiring debt to total capitalization not to exceed 70% for PPL Capital Funding, PPL Electric, LG&E and KU, as calculated in accordance with the facilities and other customary covenants. Additionally, subject to certain conditions, PPL Capital Funding may request that the capacity of its bilateral credit facility expiring in March 2020 be increased by up to \$30 million and PPL Capital Funding, PPL Electric, LG&E and KU may each request up to a \$250 million increase in its syndicated credit facility's capacity.
- (e) LG&E entered into a \$200 million term loan credit agreement in October 2017. All borrowings were repaid and the facility expired in 2019. The outstanding borrowings at December 31, 2018 bore interest at an average rate of 2.97%.
- (f) KU's letter of credit facility was terminated in September 2019 in connection with the bond remarketings discussed below.

PPL, PPL Electric, LG&E and KU maintain commercial paper programs to provide an additional financing source to fund short-term liquidity needs. Commercial paper issuances, included in "Short-term debt" on the Balance Sheets, are supported by the respective Registrant's credit facilities. The following commercial paper programs were in place at:

	December 31, 2019				December 31, 2018	
	Weighted - Average Interest Rate	Capacity	Commercial Paper Issuances	Unused Capacity	Weighted - Average Interest Rate	Commercial Paper Issuances
PPL Capital Funding	2.13%	\$ 1,500	\$ 450	\$ 1,050	2.82%	\$ 669
PPL Electric		650	—	650		—
LG&E	2.07%	350	238	112	2.94%	279

(a) Includes PPL Electric's senior secured and first mortgage bonds that are secured by the lien of PPL Electric's 2001 Mortgage Indenture, which covers substantially all of PPL Electric's tangible distribution properties and certain of its tangible transmission properties located in Pennsylvania, subject to certain exceptions and exclusions. The carrying value of PPL Electric's property, plant and equipment was approximately \$10.1 billion and \$9.4 billion at December 31, 2019 and 2018.

Includes LG&E's first mortgage bonds that are secured by the lien of the LG&E 2010 Mortgage Indenture which creates a lien, subject to certain exceptions and exclusions, on substantially all of LG&E's real and tangible personal property located in Kentucky and used or to be used in connection with the generation, transmission and distribution of electricity and the storage and distribution of natural gas. The aggregate carrying value of the property subject to the lien was \$5.3 billion and \$5.1 billion at December 31, 2019 and 2018.

Includes KU's first mortgage bonds that are secured by the lien of the KU 2010 Mortgage Indenture which creates a lien, subject to certain exceptions and exclusions, on substantially all of KU's real and tangible personal property located in Kentucky and used or to be used in connection with the generation, transmission and distribution of electricity. The aggregate carrying value of the property subject to the lien was \$6.6 billion and \$6.3 billion at December 31, 2019 and 2018.

- (b) Includes PPL Electric's series of senior secured bonds that secure its obligations to make payments with respect to each series of Pollution Control Bonds that were issued by the LCIDA and the PEDFA on behalf of PPL Electric. These senior secured bonds were issued in the same principal amount, contain payment and redemption provisions that correspond to and bear the same interest rate as such Pollution Control Bonds. These senior secured bonds were issued under PPL Electric's 2001 Mortgage Indenture and are secured as noted in (a) above. This amount includes \$224 million of which PPL Electric is allowed to convert the interest rate mode on the bonds from time to time to a commercial paper rate, daily rate, weekly rate, or term rate of at least one year and \$90 million that may be redeemed, in whole or in part, at par beginning in October 2020, and are subject to mandatory redemption upon determination that the interest rate on the bonds would be included in the holders' gross income for federal tax purposes.
- (c) Includes LG&E's and KU's series of first mortgage bonds that were issued to the respective trustees of tax-exempt revenue bonds to secure its respective obligations to make payments with respect to each series of bonds. The first mortgage bonds were issued in the same principal amounts, contain payment and redemption provisions that correspond to and bear the same interest rate as such tax-exempt revenue bonds. These first mortgage bonds were issued under the LG&E 2010 Mortgage Indenture and the KU 2010 Mortgage Indenture and are secured as noted in (a) above. The related tax-exempt revenue bonds were issued by various governmental entities, principally counties in Kentucky, on behalf of LG&E and KU. The related revenue bond documents allow LG&E and KU to convert the interest rate mode on the bonds from time to time to a commercial paper rate, daily rate, weekly rate, term rate of at least one year or, in some cases, an auction rate or a LIBOR index rate.

At December 31, 2019, the aggregate tax-exempt revenue bonds issued on behalf of LG&E and KU that were in a term rate mode totaled \$700 million for LKE, comprised of \$392 million and \$308 million for LG&E and KU respectively. At December 31, 2019, the aggregate tax-exempt revenue bonds issued on behalf of LG&E and KU that were in a variable rate mode totaled \$181 million for LKE, comprised of \$148 million and \$33 million for LG&E and KU respectively. These variable rate tax-exempt revenue bonds are subject to tender for purchase by LG&E and KU at the option of the holder and to mandatory tender for purchase by LG&E and KU upon the occurrence of certain events.

- (d) Includes £225 million (\$291 million at December 31, 2019) of notes that may be redeemed, in total but not in part, on December 21, 2026, at the greater of the principal value or a value determined by reference to the gross redemption yield on a nominated U.K. Government bond.
- (e) The principal amount of the notes issued by WPD (South West), WPD (East Midlands) and WPD (South Wales) is adjusted based on changes in a specified index, as detailed in the terms of the related indentures. The adjustment to the principal amounts from 2018 to 2019 was an increase of

[Table of Contents](#)

approximately £20 million (\$26 million) resulting from inflation. In addition, this amount includes £327 million (\$423 million at December 31, 2019) of notes issued by WPD (South West) that may be redeemed, in total by series, on December 1, 2026, at the greater of the adjusted principal value and a make-whole value determined by reference to the gross real yield on a nominated U.K. government bond.

- (f) Includes £5.7 billion (\$7.4 billion at December 31, 2019) of notes that may be put by the holders to the issuer for redemption if the long-term credit ratings assigned to the notes are withdrawn by any of the rating agencies (Moody's or S&P) or reduced to a non-investment grade rating of Ba1 or BB+ or lower in connection with a restructuring event, which includes the loss of, or a material adverse change to, the distribution licenses under which the issuer operates.
- (g) The table reflects principal maturities only, based on stated maturities or earlier put dates, and the weighted-average rates as of December 31, 2019.

None of the outstanding debt securities noted above have sinking fund requirements. The aggregate maturities of long-term debt, based on stated maturities or earlier put dates, for the periods 2020 through 2024 and thereafter are as follows:

	PPL	PPL Electric	LKE	LG&E	KU
2020	\$ 1,169	\$ —	\$ 975	\$ —	\$ 500
2021	1,574	400	674	292	132
2022	1,274	474	—	—	—
2023	2,254	90	13	—	13
2024	932	—	—	—	—
Thereafter	14,799	3,075	4,379	1,732	1,997
Total	<u>\$ 22,002</u>	<u>\$ 4,039</u>	<u>\$ 6,041</u>	<u>\$ 2,024</u>	<u>\$ 2,642</u>

*(PPL)*

In June 2019, WPD plc executed and drew £50 million under a 5-year term loan facility due 2024 at a rate of 2.189%, to be reset quarterly as detailed in the terms of the facility. The borrowing equated to \$63 million at the time of drawdown, net of fees. The proceeds were used for general corporate purposes.

In September 2019, WPD (East Midlands) issued £250 million of 1.75% Senior Notes due 2031. WPD (East Midlands) received proceeds of £245 million, which equated to \$301 million at the time of issuance, net of fees and a discount. The proceeds were used to repay short-term debt and for general corporate purposes.

*(PPL and PPL Electric)*

In September 2019, PPL Electric issued \$400 million of 3.00% First Mortgage Bonds due 2049. PPL Electric received proceeds of \$390 million, net of a discount and underwriting fees, which were used to repay short-term debt and for general corporate purposes.

In December 2019, PPL Electric redeemed all of the outstanding \$100 million aggregate principal amount of its Senior Secured Bonds, 5.15% Series due 2020.

*(PPL, LKE and LG&E)*

In April 2019, LG&E issued \$400 million of 4.25% First Mortgage Bonds due 2049. LG&E received proceeds of \$396 million, net of discounts and underwriting fees, which were used to repay commercial paper and LG&E's term loan.

In April 2019, the County of Jefferson, Kentucky remarketed \$128 million of Pollution Control Revenue Bonds, 2001 Series A due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.85% through their mandatory purchase date of April 1, 2021.

In June 2019, the Louisville/Jefferson County Metro Government of Kentucky remarketed \$31 million of Environmental Facilities Revenue Refunding Bonds, 2007 Series A due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.65% through their mandatory purchase date of June 1, 2021.

In June 2019, the Louisville/Jefferson County Metro Government of Kentucky remarketed \$35 million of Environmental Facilities Revenue Refunding Bonds, 2007 Series B due 2033 previously issued on behalf of LG&E. The bonds were remarketed at a long-term rate and will bear interest at 1.65% through their mandatory purchase date of June 1, 2021.

In June 2019, LG&E issued a notice to bondholders of its intention to convert the \$40 million Louisville/Jefferson County Metro Government of Kentucky Pollution Control Revenue Bonds, 2005 Series A to a weekly interest rate, as permitted under the loan documents. The conversion was completed on August 1, 2019. In connection with the conversion, LG&E purchased

## [Table of Contents](#)

these bonds from the remarketing agent and held them until September 17, 2019, at which time LG&E remarketed the bonds at a long-term rate that will bear interest at 1.75% through their mandatory purchase date of July 1, 2026.

*(PPL, LKE and KU)*

In April 2019, KU reopened its 4.375% First Mortgage Bonds due 2045 and issued an additional \$300 million of this series. KU received proceeds of \$303 million, including premiums and underwriting fees, which were used to repay commercial paper and for other general corporate purposes.

In September 2019, the County of Carroll, Kentucky remarketed \$50 million of Environmental Facilities Revenue Bonds, 2004 Series A due 2034 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.75% through their mandatory purchase date of September 1, 2026.

In September 2019, the County of Carroll, Kentucky remarketed \$96 million of Pollution Control Revenue Bonds, 2016 Series A due 2042 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.55% through their mandatory purchase date of September 1, 2026.

In September 2019, the County of Carroll, Kentucky remarketed \$54 million of Environmental Facilities Revenue Bonds, 2006 Series B due 2034 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.20% through their mandatory purchase date of June 1, 2021.

In September 2019, the County of Carroll, Kentucky remarketed \$78 million of Environmental Facilities Revenue Bonds, 2008 Series A due 2032 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.20% through their mandatory purchase date of June 1, 2021.

In September 2019, the County of Mercer, Kentucky remarketed \$13 million of Solid Waste Disposal Facility Revenue Bonds, 2000 Series A due 2023 previously issued on behalf of KU. The bonds were remarketed at a long-term rate and will bear interest at 1.30% through their maturity date of May 1, 2023.

See Note 14 for additional information related to intercompany borrowings.

### **Legal Separateness** *(All Registrants)*

The subsidiaries of PPL are separate legal entities. PPL's subsidiaries are not liable for the debts of PPL. Accordingly, creditors of PPL may not satisfy their debts from the assets of PPL's subsidiaries absent a specific contractual undertaking by a subsidiary to pay PPL's creditors or as required by applicable law or regulation. Similarly, PPL is not liable for the debts of its subsidiaries, nor are its subsidiaries liable for the debts of one another. Accordingly, creditors of PPL's subsidiaries may not satisfy their debts from the assets of PPL or its other subsidiaries absent a specific contractual undertaking by PPL or its other subsidiaries to pay the creditors or as required by applicable law or regulation.

Similarly, the subsidiaries of PPL Electric and LKE are each separate legal entities. These subsidiaries are not liable for the debts of PPL Electric and LKE. Accordingly, creditors of PPL Electric and LKE may not satisfy their debts from the assets of their subsidiaries absent a specific contractual undertaking by a subsidiary to pay the creditors or as required by applicable law or regulation. Similarly, PPL Electric and LKE are not liable for the debts of their subsidiaries, nor are their subsidiaries liable for the debts of one another. Accordingly, creditors of these subsidiaries may not satisfy their debts from the assets of PPL Electric and LKE (or their other subsidiaries) absent a specific contractual undertaking by that parent or other subsidiary to pay such creditors or as required by applicable law or regulation.

*(PPL)*

### **Equity Securities**

#### Equity Forward Contracts

In May 2018, PPL completed a registered underwritten public offering of 55 million shares of its common stock. In conjunction with that offering, the underwriters exercised an option to purchase 8.25 million additional shares of PPL common stock solely to cover over-allotments.

In connection with the registered public offering, PPL entered into forward sale agreements with two counterparties covering the total 63.25 million shares of PPL common stock. Under the forward sale agreements, PPL was obligated to settle these forward sale agreements no later than November 2019. The forward sale agreements were classified as equity transactions.

In September 2018, PPL settled a portion of the initial forward sale agreements by issuing 20 million shares of PPL common stock, resulting in net cash proceeds of \$520 million. In November 2019, PPL settled the remaining 43.25 million shares of PPL common stock, resulting in net cash proceeds of \$1.1 billion. The net proceeds received will be used for general corporate purposes. See Note 5 for information on the forward sale agreements impact on the calculation of diluted EPS.

### ATM Program

In February 2018, PPL entered into an equity distribution agreement, pursuant to which PPL may sell, from time to time, up to an aggregate of \$1.0 billion of its common stock through an at-the-market offering program, including a forward sales component. The compensation paid to the selling agents by PPL may be up to 2% of the gross offering proceeds of the shares. There were no issuances under the ATM program for the twelve months ended December 31, 2019. PPL issued 42 million shares of common stock and received proceeds of \$119 million for the year ended December 31, 2018.

### **Distributions and Related Restrictions**

In November 2019, PPL declared its quarterly common stock dividend, payable January 2, 2020, at 41.25 cents per share (equivalent to \$1.65 per annum). On February 14, 2020, PPL announced an increase of its quarterly common stock dividend to 41.5 cents per share (equivalent to \$1.66 per annum). Future dividends, declared at the discretion of the Board of Directors, will depend upon future earnings, cash flows, financial and legal requirements and other factors.

Neither PPL Capital Funding nor PPL may declare or pay any cash dividend or distribution on its capital stock during any period in which PPL Capital Funding defers interest payments on its 2007 Series A Junior Subordinated Notes due 2067 or 2013 Series B Junior Subordinated Notes due 2073. At December 31, 2019, no interest payments were deferred.

WPD subsidiaries have financing arrangements that limit their ability to pay dividends. However, PPL does not, at this time, expect that any of such limitations would significantly impact PPL's ability to meet its cash obligations.

*(All Registrants)*

PPL relies on dividends or loans from its subsidiaries to fund PPL's dividends to its common shareholders. The net assets of certain PPL subsidiaries are subject to legal restrictions. LKE primarily relies on dividends from its subsidiaries to fund its distributions to PPL. LG&E, KU and PPL Electric are subject to Section 305(a) of the Federal Power Act, which makes it unlawful for a public utility to make or pay a dividend from any funds "properly included in capital account." The meaning of this limitation has never been clarified under the Federal Power Act. LG&E, KU and PPL Electric believe, however, that this statutory restriction, as applied to their circumstances, would not be construed or applied by the FERC to prohibit the payment from retained earnings of dividends that are not excessive and are for lawful and legitimate business purposes. In February 2012, LG&E and KU petitioned the FERC requesting authorization to pay dividends in the future based on retained earnings balances calculated without giving effect to the impact of purchase accounting adjustments for PPL's 2010 acquisition of LKE. In May 2012, the FERC approved the petitions with the further condition that each utility may not pay dividends if such payment would cause its adjusted equity ratio to fall below 30% of total capitalization. Accordingly, at December 31, 2019, net assets of \$3 billion (\$1.3 billion for LG&E and \$1.7 billion for KU) were restricted for purposes of paying dividends to LKE, and net assets of \$3.3 billion (\$1.5 billion for LG&E and \$1.8 billion for KU) were available for payment of dividends to LKE. LG&E and KU believe they will not be required to change their current dividend practices as a result of the foregoing requirement. In addition, under Virginia law, KU is prohibited from making loans to affiliates without the prior approval of the VSCC. There are no comparable statutes under Kentucky law applicable to LG&E and KU, or under Pennsylvania law applicable to PPL Electric. However, orders from the KPSC require LG&E and KU to obtain prior consent or approval before lending amounts to PPL.

### **9. Leases**

*(All Registrants)*

The Registrants determine whether contractual arrangements contain a lease by evaluating whether those arrangements either implicitly or explicitly identify an asset, whether the Registrants have the right to obtain substantially all of the economic benefits from use of the asset throughout the term of the arrangement, and whether the Registrants have the right to direct the

use of the asset. Renewal options are included in the lease term if it is reasonably certain the Registrants will exercise those options. Periods for which the Registrants are reasonably certain not to exercise termination options are also included in the lease term. The Registrants have certain agreements with lease and non-lease components, such as office space leases, which are generally accounted for separately.

LKE, LG&E and KU have entered into various operating leases primarily for office space, vehicles and railcars. The leases generally have fixed payments with expiration dates ranging from 2020 to 2025, some of which have options to extend the leases from one year to ten years and some have options to terminate at LKE's, LG&E's and KU's discretion. For leases that existed as of December 31, 2018, payments associated with renewal options are not included in the measurement of the lease liability and right-of-use (ROU) asset.

PPL has also entered into various operating leases primarily for office space, land easements, telecom assets and warehouse space. These leases generally have fixed payments with expiration dates ranging from 2020 through 2029, except for the land agreements which extend through 2116.

PPL Electric also has operating leases which do not have a significant impact to its operations.

### Short-term Leases

Short-term leases are leases with a term that is 12 months or less and do not include a purchase option or option to extend the initial term of the lease to greater than 12 months that the Registrants are reasonably certain to exercise. The Registrants have made an accounting policy election to not recognize the ROU asset and the lease liability arising from leases classified as short-term. Expenses related to short-term leases are included in the tables below.

### Discount Rate

The discount rate for a lease is the rate implicit in the lease unless that rate cannot be readily determined. In that case, the Registrants are required to use their incremental borrowing rate, which is the rate the Registrants would have to pay to borrow, on a collateralized basis over a similar term, an amount equal to the lease payments in a similar economic environment.

The Registrants receive secured borrowing rates from financial institutions based on their applicable credit profiles. The Registrants use the secured rate which corresponds with the term of the applicable lease.

### Practical Expedients

See Note 1 for information on the adoption of the new lease guidance as well as the practical expedients the Registrants have elected as part of the transition.

*(PPL, LKE, LG&E and KU)*

### Lessee Transactions

The following table provides the components of lease cost for the Registrants' operating leases for the year ended December 31, 2019.

	PPL	LKE	LG&E	KU
Lease cost:				
Operating lease cost	\$ 33	\$ 25	\$ 12	\$ 13
Short-term lease cost	7	2	1	1
Total lease cost	<u>\$ 40</u>	<u>\$ 27</u>	<u>\$ 13</u>	<u>\$ 14</u>

The following table provides other key information related to the Registrants' operating leases at December 31, 2019.

	PPL	LKE	LG&E	KU
Cash paid for amounts included in the measurement of lease liabilities:				
Operating cash flows from operating leases	\$ 29	\$ 21	\$ 9	\$ 11
Right-of-use asset obtained in exchange for new operating lease liabilities	46	16	5	11

[Table of Contents](#)

The following table provides the total future minimum rental payments for operating leases, as well as a reconciliation of these undiscounted cash flows to the lease liabilities recognized on the Balance Sheets as of December 31, 2019.

	PPL	LKE	LG&E	KU
2020	\$ 29	\$ 18	\$ 7	\$ 11
2021	22	13	5	8
2022	17	9	4	5
2023	15	7	3	4
2024	12	6	2	4
Thereafter	27	8	3	4
<b>Total</b>	<b>\$ 122</b>	<b>\$ 61</b>	<b>\$ 24</b>	<b>\$ 36</b>
Weighted-average discount rate	3.48%	3.96%	3.89%	4.01%
Weighted-average remaining lease term (in years)	8	5	5	5
Current lease liabilities (a)	\$ 26	\$ 16	\$ 6	\$ 10
Non-current lease liabilities (a)	78	39	15	23
Right-of-use assets (b)	96	47	18	28

(a) Current lease liabilities are included in "Other Current Liabilities" on the Balance Sheets. Non-current lease liabilities are included in "Other deferred credits and noncurrent liabilities" on the Balance Sheets. The difference between the total future minimum lease payments and the recorded lease liabilities is due to the impact of discounting.

(b) Right-of-use assets are included in "Other noncurrent assets" on the Balance Sheets.

At December 31, 2018, the total future minimum rental payments for all operating leases were estimated to be:

	PPL	LKE	LG&E	KU
2019	\$ 26	\$ 20	\$ 10	\$ 10
2020	21	15	6	9
2021	15	11	4	7
2022	13	7	3	4
2023	8	6	3	3
Thereafter	33	11	4	6
<b>Total</b>	<b>\$ 116</b>	<b>\$ 70</b>	<b>\$ 30</b>	<b>\$ 39</b>

### Lessor Transactions

Third parties lease land from LKE, LG&E and KU at certain generation plants to produce refined coal used to generate electricity. The leases are operating leases and expire in 2021. Payments are allocated among lease and non-lease components as stated in the agreements. Lease payments are fixed or are determined based on the amount of refined coal used in electricity generation at the facility. Payments received are primarily recorded as a regulatory liability and are amortized in accordance with regulatory approvals.

WPD leases property and telecom assets to third parties, which generally expire through 2029. These leases are operating leases. Generally, lease payments are fixed and include only a lease component.

At December 31, 2019, PPL, LKE, LG&E and KU expect to receive the following fixed lease payments over the remaining term of their operating lease agreements:

	PPL	LKE	LG&E	KU
2020	\$ 13	\$ 7	\$ —	\$ 7
2021	11	5	—	5
2022	5	—	—	—
2023	5	1	—	—
2024	3	—	—	—
Thereafter	12	—	—	—
Total	\$ 49	\$ 13	\$ —	\$ 12
Lease income recognized for the twelve months ended December 31, 2019	\$ 21	\$ 13	\$ 5	\$ 8

## 10. Stock-Based Compensation

(PPL, PPL Electric and LKE)

Under the ICP, SIP and the ICPKE (together, the Plans), restricted shares of PPL common stock, restricted stock units, performance units and stock options may be granted to officers and other key employees of PPL, PPL Electric, LKE and other affiliated companies. Awards under the Plans are made by the Compensation, Governance and Nominating Committee (CGNC) of the PPL Board of Directors, in the case of the ICP and SIP, and by the PPL Corporate Leadership Council (CLC), in the case of the ICPKE.

The following table details the award limits under each of the Plans.

Plan	Total Plan Award Limit (Shares)	Annual Grant Limit Total As % of Outstanding PPL Common Stock On First Day of Each Calendar Year	Annual Grant Limit Options (Shares)	Annual Grant Limit For Individual Participants - Performance Based Awards	
				For awards denominated in shares (Shares)	For awards denominated in cash (in dollars)
SIP	15,000,000		2,000,000	750,000	\$ 15,000,000
ICPKE	14,199,796	2%	3,000,000		

Any portion of these awards that has not been granted may be carried over and used in any subsequent year. If any award lapses, the rights of the participant terminate, or, with respect to certain awards, is forfeited, and the shares of PPL common stock underlying such an award are again available for grant. Shares delivered under the Plans may be in the form of authorized and unissued PPL common stock, common stock held in treasury by PPL or PPL common stock purchased on the open market (including private purchases) in accordance with applicable securities laws.

### Restricted Stock Units

Restricted stock units represent the right to receive shares of PPL common stock in the future, generally three years after the date of grant, in an amount based on the fair value of PPL common stock on the date of grant.

Under the SIP, each restricted stock unit entitles the grant recipient to accrue additional restricted stock units equal to the amount of quarterly dividends paid on PPL stock. These additional restricted stock units are deferred and payable in shares of PPL common stock at the end of the restriction period. Dividend equivalents on restricted stock unit awards granted under the ICPKE are currently paid in cash when dividends are declared by PPL.

The fair value of restricted stock units granted is recognized on a straight-line basis over the restriction period or through the date at which the employee reaches retirement eligibility. The fair value of restricted stock units granted to retirement-eligible employees is recognized as compensation expense immediately upon the date of grant. Recipients of restricted stock units granted under the ICPKE may also be granted the right to receive dividend equivalents through the end of the restriction period or until the award is forfeited. Restricted stock units are subject to forfeiture or accelerated payout under the plan provisions for termination, retirement, disability and death of employees. Restrictions lapse on restricted stock units fully, in certain situations, as defined by each of the Plans.

The weighted-average grant date fair value of restricted stock units granted was:

[Table of Contents](#)

	2019	2018	2017
PPL	\$ 31.95	\$ 30.58	\$ 35.30
PPL Electric	32.33	30.00	35.45
LKE	30.65	30.98	35.25

Restricted stock unit activity for 2019 was:

	Restricted Shares/Units	Weighted- Average Grant Date Fair Value Per Share
<b>PPL</b>		
Nonvested, beginning of period	1,098,203	\$ 33.45
Granted	479,428	31.95
Vested	(429,258)	33.64
Forfeited	(10,688)	31.53
Nonvested, end of period	<u>1,137,685</u>	32.76
<b>PPL Electric</b>		
Nonvested, beginning of period	187,337	\$ 33.09
Transfer between registrants	(3,305)	33.06
Granted	112,138	32.33
Vested	(59,661)	33.77
Forfeited	(6,649)	31.01
Nonvested, end of period	<u>229,860</u>	32.61
<b>LKE</b>		
Nonvested, beginning of period	133,030	\$ 33.45
Granted	76,256	30.65
Vested	(42,841)	33.75
Nonvested, end of period	<u>166,445</u>	32.09

Substantially all restricted stock unit awards are expected to vest.

The total fair value of restricted stock units vesting for the years ended December 31 was:

	2019	2018	2017
PPL	\$ 13	\$ 16	\$ 20
PPL Electric	2	2	3
LKE	1	5	4

**Performance Units - Total Shareowner Return**

Performance units based on relative Total Shareowner Return (TSR) are intended to encourage and reward future corporate performance. Performance units represent a target number of shares (Target Award) of PPL's common stock that the recipient would receive upon PPL's attainment of the applicable performance goal. Performance is determined based on TSR during a three-year performance period. At the end of the period, payout is determined by comparing PPL's performance to the TSR of the companies included in the Philadelphia Stock Exchange Utility Index. Awards are payable on a graduated basis based on thresholds that measure PPL's performance relative to peers that comprise the applicable index on which each year's awards are measured. Awards can be paid up to 200% of the Target Award or forfeited with no payout if performance is below a minimum established performance threshold. Dividends payable during the performance cycle accumulate and are converted into additional performance units and are payable in shares of PPL common stock upon completion of the performance period based on the CGNC's determination of achievement of the performance goals. Under the plan provisions, TSR performance units are subject to forfeiture upon termination of employment other than retirement, one year or more from commencement of the performance period, disability or death of an employee.

The fair value of TSR performance units granted to retirement-eligible employees is recognized as compensation expense on a straight-line basis over a one-year period, the minimum vesting period required for an employee to be entitled to payout of the

[Table of Contents](#)

awards with no proration. For employees who are not retirement-eligible, compensation expense is recognized over the shorter of the three-year performance period or the period until the employee is retirement-eligible, with a minimum vesting and recognition period of one-year. If an employee retires before the one-year vesting period, the performance units are forfeited. Performance units vest on a pro rata basis, in certain situations, as defined by each of the Plans.

The fair value of each performance unit granted was estimated using a Monte Carlo pricing model that considers stock beta, a risk-free interest rate, expected stock volatility and expected life. The stock beta was calculated comparing the risk of the individual securities to the average risk of the companies in the index group. The risk-free interest rate reflects the yield on a U.S. Treasury bond commensurate with the expected life of the performance unit. Volatility over the expected term of the performance unit is calculated using daily stock price observations for PPL and all companies in the index group and is evaluated with consideration given to prior periods that may need to be excluded based on events not likely to recur that had impacted PPL and the companies in the index group. PPL uses a mix of historic and implied volatility to value awards.

The weighted-average assumptions used in the model were:

	2019	2018	2017
Expected stock volatility	17.57%	17.60%	17.40%
Expected life	3 years	3 years	3 years

The weighted-average grant date fair value of TSR performance units granted was:

	2019	2018	2017
PPL	\$ 35.83	\$ 38.26	\$ 38.38
PPL Electric	35.68	38.37	38.37
LKE	35.93	38.32	38.24

TSR performance unit activity for 2019 was:

	TSR Performance Units	Weighted-Average Grant Date Fair Value Per Share
<b><u>PPL</u></b>		
Nonvested, beginning of period	840,124	\$ 37.89
Granted	250,734	35.83
Forfeited (a)	(351,466)	37.24
Nonvested, end of period	<u>739,392</u>	37.50
<b><u>PPL Electric</u></b>		
Nonvested, beginning of period	67,863	\$ 37.86
Granted	24,158	35.68
Forfeited (a)	(25,222)	36.92
Nonvested, end of period	<u>66,799</u>	37.43
<b><u>LKE</u></b>		
Nonvested, beginning of period	148,996	\$ 37.81
Granted	39,453	35.93
Forfeited (a)	(57,916)	37.02
Nonvested, end of period	<u>130,533</u>	37.60

(a) Primarily related to the forfeiture of 2016 performance units as performance during the period was below the minimum established performance threshold, which resulted in no payout.

There were no TSR performance units vesting for the year ended December 31, 2019 and the total fair value of TSR performance units vesting for the year ended December 31, 2018 and 2017 was \$3 million and \$8 million for PPL and insignificant for PPL Electric and LKE.

## Performance Units - Return on Equity

Beginning in 2017, PPL changed its executive compensation mix to add performance units based on achievement of a corporate Return on Equity (ROE). ROE performance units are intended to further align compensation with the company's strategy and reward for future corporate performance.

Payout of these performance units will be based on the calculated average of the annual corporate ROE for each year of the three-year performance period for PPL Corporation. ROE performance units represent a target number of shares (Target Award) of PPL's common stock that the recipient would receive upon PPL's attainment of the applicable ROE performance goal. ROE performance units can be paid up to 200% of the Target Award or forfeited with no payout if performance is below a minimum established performance threshold. Dividends payable during the performance cycle accumulate and are converted into additional performance units and are payable in shares of PPL common stock upon completion of the performance period based on the CGNC's determination of achievement of the performance goals. Under the plan provisions, these performance units are subject to forfeiture upon termination of employment other than retirement, disability or death of an employee.

The fair value of each ROE performance unit is based on the closing price of PPL Common Stock on the date of grant. The fair value of ROE performance units is recognized on a straight-line basis over the service period or through the date at which the employee reaches retirement eligibility. The fair value awards granted to retirement-eligible employees is recognized as compensation expense immediately upon the date of grant. As these awards are based on performance conditions, the level of attainment is monitored each reporting period and compensation expense is adjusted based on the expected attainment level.

The weighted-average grant date fair value of ROE performance units granted was:

	2019	2018	2017
PPL	\$ 30.89	\$ 32.21	\$ 32.42
PPL Electric	30.76	32.32	34.41
LKE	30.99	32.28	34.29

ROE performance unit activity for 2019 was:

	ROE Performance Unit	Weighted-Average Grant Date Fair Value Per Share
<b><u>PPL</u></b>		
Nonvested, beginning of period	328,958	\$ 32.86
Granted	241,807	30.89
Nonvested, end of period	<u>570,765</u>	32.02
<b><u>PPL Electric</u></b>		
Nonvested, beginning of period	25,960	\$ 32.96
Granted	23,234	30.76
Nonvested, end of period	<u>49,194</u>	31.92
<b><u>LKE</u></b>		
Nonvested, beginning of period	69,620	\$ 32.87
Granted	38,185	30.99
Nonvested, end of period	<u>107,805</u>	32.20

## Stock Options

PPL's CGNC eliminated the use of stock options due to changes in its long-term incentive mix beginning in January 2014.

Under the Plans, stock options had been granted with an option exercise price per share not less than the fair value of PPL's common stock on the date of grant. Options outstanding at December 31, 2019, are fully vested. All options expire no later than 10 years from the grant date. The options become exercisable immediately in certain situations, as defined by each of the Plans.

Stock option activity for 2019 was:

	Number of Options	Weighted Average Exercise Price Per Share	Weighted- Average Remaining Contractual Term (years)	Aggregate Total Intrinsic Value
<b>PPL</b>				
Outstanding at beginning of period	2,914,525	\$ 26.26		
Exercised	(1,578,554)	26.31		
Forfeited	(5,028)	28.77		
Outstanding and exercisable at end of period	<u>1,330,943</u>	26.20	2.5	\$ 13

For 2019, 2018 and 2017, PPL received \$53 million, \$5 million and \$19 million in cash from stock options exercised. The total intrinsic value of stock options exercised for 2019 was \$11 million, insignificant in 2018 and \$8 million for 2017. The related income tax benefits realized were not significant.

### Compensation Expense

Compensation expense for restricted stock, restricted stock units, performance units and stock options accounted for as equity awards, which for PPL Electric and LKE includes an allocation of PPL Services' expense, was:

	2019	2018	2017
PPL	\$ 35	\$ 25	\$ 32
PPL Electric	12	10	18
LKE	9	8	8

The income tax benefit related to above compensation expense was as follows:

	2019	2018	2017
PPL	\$ 10	\$ 10	\$ 13
PPL Electric	3	3	8
LKE	2	2	3

At December 31, 2019, unrecognized compensation expense related to nonvested stock awards was:

	Unrecognized Compensation Expense	Weighted- Average Period for Recognition
PPL	\$ 14	1.9
PPL Electric	3	2.2
LKE	1	1.5

## 11. Retirement and Postemployment Benefits

*(All Registrants)*

### Defined Benefits

Certain employees of PPL's domestic subsidiaries are eligible for pension benefits under non-contributory defined benefit pension plans with benefits based on length of service and final average pay, as defined by the plans. Effective January 1, 2012, PPL's primary defined benefit pension plan was closed to all newly hired salaried employees. Effective July 1, 2014, PPL's primary defined benefit pension plan was closed to all newly hired bargaining unit employees. Newly hired employees are eligible to participate in the PPL Retirement Savings Plan, a 401(k) savings plan with enhanced employer contributions.

The defined benefit pension plans of LKE and its subsidiaries were closed to new salaried and bargaining unit employees hired after December 31, 2005. Employees hired after December 31, 2005 receive additional company contributions above the standard matching contributions to their savings plans. The pension plans sponsored by LKE and LG&E were merged effective January 1, 2020 into the LG&E and KU Pension Plan. The merged plan is sponsored by LKE. LG&E and KU participate in this plan.

Effective April 1, 2010, the principal defined benefit pension plan applicable to WPD (South West) and WPD (South Wales) was closed to most new employees, except for those meeting specific grandfathered participation rights. WPD Midlands' defined benefit plan had been closed to new members, except for those meeting specific grandfathered participation rights, prior to acquisition. New employees not eligible to participate in the plans are offered benefits under a defined contribution plan.

PPL and certain of its subsidiaries also provide supplemental retirement benefits to executives and other key management employees through unfunded nonqualified retirement plans.

Certain employees of PPL's domestic subsidiaries are eligible for certain health care and life insurance benefits upon retirement through contributory plans. Effective January 1, 2014, the PPL Postretirement Medical Plan was closed to all newly hired salaried employees. Effective July 1, 2014, the PPL Postretirement Medical Plan was closed to all newly hired bargaining unit employees. Postretirement health benefits may be paid from 401(h) accounts established as part of the PPL Retirement Plan and the LG&E and KU Pension Plan within the PPL Services Corporation Master Trust, funded VEBA trusts and company funds. WPD does not sponsor any postretirement benefit plans other than pensions.

(PPL)

The following table provides the components of net periodic defined benefit costs (credits) for PPL's domestic (U.S.) and WPD's (U.K.) pension and other postretirement benefit plans for the years ended December 31.

	Pension Benefits						Other Postretirement Benefits		
	U.S.			U.K.					
	2019	2018	2017	2019	2018	2017	2019	2018	2017
<b>Net periodic defined benefit costs (credits):</b>

**Other Changes in Plan Assets and Benefit Obligations Recognized in OCI and Regulatory Assets/Liabilities - Gross:**

Net (gain) loss	\$ (37)	\$ 40	\$ 30	\$ (14)	\$ 1	\$ (14)
Prior service cost	2	—	7	—	—	8
Amortization of:						
Prior service credit	(8)	(9)	(8)	(1)	(1)	(1)
Actuarial gain (loss)	(22)	(35)	(32)	1	—	—
Total recognized in OCI and regulatory assets/liabilities	<u>(65)</u>	<u>(4)</u>	<u>(3)</u>	<u>(14)</u>	<u>—</u>	<u>(7)</u>
Total recognized in net periodic defined benefit costs, OCI and regulatory assets/liabilities	<u>\$ (48)</u>	<u>\$ 26</u>	<u>\$ 36</u>	<u>\$ (10)</u>	<u>\$ 4</u>	<u>\$ —</u>

(a) As a result of the 2014 Kentucky rate case settlement that became effective July 1, 2015, the difference between actuarial (gain)/loss calculated in accordance with LKE's pension accounting policy and actuarial (gain)/loss calculated using a 15 year amortization period was \$5 million in 2019 and \$11 million in 2018 and 2017.

(b) Due to the amount of lump sum payment distributions from the LG&E qualified pension plan, settlement charges of \$5 million in 2019, \$6 million in 2018 and \$5 million in 2017 were incurred. In accordance with existing regulatory accounting treatment, LG&E has maintained the settlement charge in regulatory assets. The amount will be amortized in accordance with existing regulatory practice.

For LKE's pension and other postretirement benefits, the amounts recognized in OCI and regulatory assets/liabilities for the years ended December 31 were as follows:

	Pension Benefits			Other Postretirement Benefits		
	2019	2018	2017	2019	2018	2017
OCI	\$ 13	\$ (25)	\$ 33	\$ (7)	\$ 4	\$ (2)
Regulatory assets/liabilities	(78)	21	(36)	(7)	(4)	(5)
Total recognized in OCI and regulatory assets/liabilities	<u>\$ (65)</u>	<u>\$ (4)</u>	<u>\$ (3)</u>	<u>\$ (14)</u>	<u>\$ —</u>	<u>\$ (7)</u>

*(LG&E)*

The following table provides the components of net periodic defined benefit costs for LG&E's pension benefit plan for the years ended December 31.

	Pension Benefits		
	2019	2018	2017
<b>Net periodic defined benefit costs (credits):</b>			
Service cost	\$ 1	\$ 1	\$ 1
Interest cost	11	12	13
Expected return on plan assets	(21)	(22)	(22)
Amortization of:			
Prior service cost	5	5	5
Actuarial loss (a)	9	7	9
Net periodic defined benefit costs (b)	<u>\$ 5</u>	<u>\$ 3</u>	<u>\$ 6</u>
<b>Other Changes in Plan Assets and Benefit Obligations Recognized in Regulatory Assets - Gross:</b>			
Net (gain) loss	\$ (19)	\$ 22	\$ (9)
Prior service cost	—	—	7
Amortization of:			
Prior service credit	(5)	(5)	(5)
Actuarial gain	(9)	(7)	(9)
Total recognized in regulatory assets/liabilities	<u>(33)</u>	<u>10</u>	<u>(16)</u>
Total recognized in net periodic defined benefit costs and regulatory assets	<u>\$ (28)</u>	<u>\$ 13</u>	<u>\$ (10)</u>

- (a) As a result of the 2014 Kentucky rate case settlement that became effective July 1, 2015, the difference between actuarial (gain)/loss calculated in accordance with LG&E's pension accounting policy and actuarial (gain)/loss calculated using a 15 year amortization period was \$3 million in 2019, \$2 million in 2018 and \$7 million in 2017.
- (b) Due to the amount of lump sum payment distributions from the LG&E qualified pension plan, settlement charges of \$5 million in 2019, \$6 million in 2018 and \$5 million in 2017 were incurred. In accordance with existing regulatory accounting treatment, LG&E has maintained the settlement charge in regulatory assets. The amount will be amortized in accordance with existing regulatory practice.

(All Registrants)

The following net periodic defined benefit costs (credits) were charged to expense or regulatory assets, excluding amounts charged to construction and other non-expense accounts. The U.K. pension benefits apply to PPL only.

	Pension Benefits								
	U.S.			U.K.			Other Postretirement Benefits		
	2019	2018	2017	2019	2018	2017	2019	2018	2017
PPL	\$ 18	\$ 40	\$ 59	\$ (287)	\$ (226)	\$ (151)	\$ 8	\$ 2	\$ 5
PPL Electric (a)	(4)	4	12				4	(1)	—
LKE (b)	12	21	28				2	3	5
LG&E (b)	3	4	8				2	2	3
KU (a) (b)	(1)	2	4				—	1	1

- (a) PPL Electric and KU do not directly sponsor any defined benefit plans. PPL Electric and KU were allocated these costs of defined benefit plans sponsored by PPL Services (for PPL Electric) and by LKE (for KU), based on their participation in those plans, which management believes are reasonable. KU is also allocated costs of defined benefit plans from LKS for defined benefit plans sponsored by LKE. See Note 14 for additional information on costs allocated to KU from LKS.
- (b) As a result of the 2014 Kentucky rate case settlement that became effective July 1, 2015, the difference between net periodic defined benefit costs calculated in accordance with LKE's, LG&E's and KU's pension accounting policy and the net periodic defined benefit costs calculated using a 15 year amortization period for gains and losses is recorded as a regulatory asset. Of the costs charged to Other operation and maintenance, Other Income (Expense) - net or regulatory assets, excluding amounts charged to construction and other non-expense accounts, \$2 million for LG&E and \$1 million for KU were recorded as regulatory assets in 2019, \$3 million for LG&E and \$2 million for KU were recorded as regulatory assets in 2018 and \$4 million for LG&E and \$2 million for KU were recorded as regulatory assets in 2017.

In the table above, LG&E amounts include costs for the specific plans it sponsors and the following allocated costs of defined benefit plans sponsored by LKE. LG&E is also allocated costs of defined benefit plans from LKS for defined benefit plans sponsored by LKE. See Note 14 for additional information on costs allocated to LG&E from LKS. These allocations are based on LG&E's participation in those plans, which management believes are reasonable:

	Pension Benefits			Other Postretirement Benefits		
	2019	2018	2017	2019	2018	2017
LG&E Non-Union Only	\$ —	\$ 2	\$ 5	\$ 2	\$ 2	\$ 3

*(PPL, LKE and LG&E)*

PPL, LKE and LG&E use the base mortality tables issued by the Society of Actuaries in October 2014 (RP-2014 base tables with collar and factor adjustments, where applicable) for all U.S. defined benefit pension and other postretirement benefit plans. In 2017, PPL, LKE and LG&E updated to the MP-2017 mortality improvement scale from 2006 on a generational basis and continued to use this improvement scale in 2019.

The following weighted-average assumptions were used in the valuation of the benefit obligations at December 31. The U.K. pension benefits apply to PPL only.

	Pension Benefits				Other Postretirement Benefits	
	U.S.		U.K.		2019	2018
	2019	2018	2019	2018		
<b>PPL</b>						
Discount rate	3.64%	4.35%	1.94%	2.98%	3.60%	4.31%
Rate of compensation increase	3.79%	3.79%	3.25%	3.50%	3.76%	3.76%
<b>LKE</b>						
Discount rate	3.62%	4.35%			3.59%	4.32%
Rate of compensation increase	3.50%	3.50%			3.50%	3.50%
<b>LG&amp;E</b>						
Discount rate	3.60%	4.33%				

The following weighted-average assumptions were used to determine the net periodic defined benefit costs for the years ended December 31. The U.K. pension benefits apply to PPL only.

	Pension Benefits						Other Postretirement Benefits		
	U.S.			U.K.			2019	2018	2017
	2019	2018	2017	2019	2018	2017			
<b>PPL</b>									
Discount rate service cost	4.35%	3.70%	4.21%	3.12%	2.73%	2.99%	4.31%	3.64%	4.11%
Discount rate interest cost	4.35%	3.70%	4.21%	2.62%	2.31%	2.41%	4.31%	3.64%	4.11%
Rate of compensation increase	3.79%	3.78%	3.95%	3.50%	3.50%	3.50%	3.76%	3.75%	3.92%
Expected return on plan assets	7.25%	7.25%	7.00%	7.21%	7.23%	7.22%	6.46%	6.40%	6.21%
<b>LKE</b>									
Discount rate	4.35%	3.69%	4.19%				4.32%	3.65%	4.12%
Rate of compensation increase	3.50%	3.50%	3.50%				3.50%	3.50%	3.50%
Expected return on plan assets (a)	7.25%	7.25%	7.00%				7.00%	7.15%	6.82%
<b>LG&amp;E</b>									
Discount rate	4.33%	3.65%	4.13%						
Expected return on plan assets (a)	7.25%	7.25%	7.00%						

(a) The expected long-term rates of return for pension and other postretirement benefits are based on management's projections using a best-estimate of expected returns, volatilities and correlations for each asset class. Each plan's specific current and expected asset allocations are also considered in developing a reasonable return assumption.

(PPL and LKE)

The following table provides the assumed health care cost trend rates for the years ended December 31:

	2019	2018	2017
<b>PPL and LKE</b>			
Health care cost trend rate assumed for next year			
– obligations	6.6%	6.6%	6.6%
– cost	6.6%	6.6%	7.0%
Rate to which the cost trend rate is assumed to decline (the ultimate trend rate)			
– obligations	5.0%	5.0%	5.0%
– cost	5.0%	5.0%	5.0%
Year that the rate reaches the ultimate trend rate			
– obligations	2024	2023	2022
– cost	2023	2022	2022

(PPL)

The funded status of PPL's plans at December 31 was as follows:

	Pension Benefits				Other Postretirement Benefits	
	U.S.		U.K.		2019	2018
	2019	2018	2019	2018		
<b>Change in Benefit Obligation</b>

Plan assets at fair value, end of period	3,585	3,109	8,945	7,801	340	301
Funded Status, end of period	\$ (561)	\$ (774)	\$ 430	\$ 526	\$ (217)	\$ (237)
<b>Amounts recognized in the Balance Sheets consist of:</b>						
Noncurrent asset	\$ 24	\$ —	\$ 440	\$ 535	\$ 11	\$ 2
Current liability	(8)	(13)	(1)	(1)	(2)	(3)
Noncurrent liability	(577)	(761)	(9)	(8)	(226)	(236)
Net amount recognized, end of period	\$ (561)	\$ (774)	\$ 430	\$ 526	\$ (217)	\$ (237)

	Pension Benefits				Other Postretirement Benefits	
	U.S.		U.K.		2019	2018
	2019	2018	2019	2018		
<b>Amounts recognized in AOCI and regulatory assets/liabilities (pre-tax) consist of:</b>						
Prior service cost (credit)	\$ 34	\$ 40	\$ 11	\$ 12	\$ 10	\$ 10
Net actuarial (gain) loss	1,029	1,207	3,435	2,806	6	24
<b>Total (b)</b>	<b>\$ 1,063</b>	<b>\$ 1,247</b>	<b>\$ 3,446</b>	<b>\$ 2,818</b>	<b>\$ 16</b>	<b>\$ 34</b>
<b>Total accumulated benefit obligation for defined benefit pension plans</b>	<b>\$ 3,910</b>	<b>\$ 3,668</b>	<b>\$ 7,821</b>	<b>\$ 6,689</b>		

- (a) In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees.
- (b) WPD is not subject to accounting for the effects of certain types of regulation as prescribed by GAAP and as a result, does not record regulatory assets/liabilities.

For PPL's U.S. pension and other postretirement benefit plans, the amounts recognized in AOCI and regulatory assets/liabilities at December 31 were as follows:

	U.S. Pension Benefits		Other Postretirement Benefits	
	2019	2018	2019	2018
AOCI	\$ 352	\$ 370	\$ 13	\$ 21
Regulatory assets/liabilities	711	877	3	13
<b>Total</b>	<b>\$ 1,063</b>	<b>\$ 1,247</b>	<b>\$ 16</b>	<b>\$ 34</b>

The actuarial (gain) loss for all pension plans in 2019 and 2018 was primarily related to a change in the discount rate used to measure the benefit obligations of those plans.

The following tables provide information on pension plans where the projected benefit obligation (PBO) or accumulated benefit obligation (ABO) exceed the fair value of plan assets:

	U.S.		U.K.	
	PBO in excess of plan assets		PBO in excess of plan assets	
	2019	2018	2019	2018
Projected benefit obligation	\$ 3,861	\$ 3,883	\$ 10	\$ 9
Fair value of plan assets	3,275	3,109	—	—
	U.S.		U.K.	
	ABO in excess of plan assets		ABO in excess of plan assets	
	2019	2018	2019	2018
Accumulated benefit obligation	\$ 3,624	\$ 3,668	\$ 10	\$ 9
Fair value of plan assets	3,275	3,109	—	—

(LKE)

The funded status of LKE's plans at December 31 was as follows:

	Pension Benefits		Other Postretirement Benefits	
	2019	2018	2019	2018
<b>Change in Benefit Obligation</b>				
Benefit Obligation, beginning of period	\$ 1,580	\$ 1,771	\$ 205	\$ 223
Service cost	22	25	4	4

Gross benefits paid (a)	(36)	(30)
Benefit Obligation, end of period	286	285
<b>Change in Plan Assets</b>		
Plan assets at fair value, beginning of period	281	325
Actual return on plan assets	64	(24)
Employer contributions	1	10
Gross benefits paid	(36)	(30)
Plan assets at fair value, end of period	310	281
Funded Status, end of period	\$ 24	\$ (4)
<b>Amounts recognized in the Balance Sheets consist of:</b>		
Noncurrent asset (liability)	\$ 24	\$ (4)
Net amount recognized, end of period	\$ 24	\$ (4)
<b>Amounts recognized in regulatory assets (pre-tax) consist of:</b>		
Prior service cost	\$ 17	\$ 22
Net actuarial loss	79	107
Total	\$ 96	\$ 129
<b>Total accumulated benefit obligation for defined benefit pension plan</b>	<b>\$ 286</b>	<b>\$ 285</b>

(a) Gross benefits paid by the plan include lump-sum cash payments made to participants during 2019 and 2018 of \$21 million and \$16 million.

LG&E's pension plan had plan assets in excess of projected and accumulated benefit obligations at December 31, 2019. LG&E's pension plan had projected and accumulated benefit obligations in excess of plan assets at December 31, 2018.

In addition to the plan it sponsors, LG&E is allocated a portion of the funded status and costs of certain defined benefit plans sponsored by LKE. LG&E is also allocated costs of defined benefit plans from LKS for defined benefit plans sponsored by LKE. See Note 14 for additional information on costs allocated to LG&E from LKS. These allocations are based on LG&E's participation in those plans, which management believes are reasonable. The actuarially determined obligations of current active employees and retired employees are used as a basis to allocate total plan activity, including active and retiree costs and obligations. Allocations to LG&E resulted in (assets)/liabilities at December 31 as follows:

	2019	2018
Pension	\$ (7)	\$ 7
Other postretirement benefits	63	65

*(PPL Electric)*

Although PPL Electric does not directly sponsor any defined benefit plans, it is allocated a portion of the funded status and costs of plans sponsored by PPL Services based on its participation in those plans, which management believes are reasonable. The actuarially determined obligations of current active employees and retirees are used as a basis to allocate total plan activity, including active and retiree costs and obligations. Allocations to PPL Electric resulted in liabilities at December 31 as follows:

	2019	2018
Pension	\$ 179	\$ 285
Other postretirement benefits	122	120

*(KU)*

Although KU does not directly sponsor any defined benefit plans, it is allocated a portion of the funded status and costs of plans sponsored by LKE. KU is also allocated costs of defined benefit plans from LKS for defined benefit plans sponsored by LKE. See Note 14 for additional information on costs allocated to KU from LKS. These allocations are based on KU's participation in those plans, which management believes are reasonable. The actuarially determined obligations of current active employees and retired employees of KU are used as a basis to allocate total plan activity, including active and retiree costs and obligations. Allocations to KU resulted in (assets)/liabilities at December 31 as follows.

	2019	2018
Pension	\$ (31)	\$ 1
Other postretirement benefits	16	25

**Plan Assets - U.S. Pension Plans**

*(PPL, LKE and LG&E)*

PPL's primary legacy pension plan and the pension plans sponsored by LKE and LG&E are invested in the PPL Services Corporation Master Trust (the Master Trust) that also includes 401(h) accounts that are restricted for certain other postretirement benefit obligations of PPL and LKE. The investment strategy for the Master Trust is to achieve a risk-adjusted return on a mix of assets that, in combination with PPL's funding policy, will ensure that sufficient assets are available to provide long-term growth and liquidity for benefit payments, while also managing the duration of the assets to complement the duration of the liabilities. The Master Trust benefits from a wide diversification of asset types, investment fund strategies and external investment fund managers, and therefore has no significant concentration of risk.

The investment policy of the Master Trust outlines investment objectives and defines the responsibilities of the EBPB, external investment managers, investment advisor and trustee and custodian. The investment policy is reviewed annually by PPL's Board of Directors.

The EBPB created a risk management framework around the trust assets and pension liabilities. This framework considers the trust assets as being composed of three sub-portfolios: growth, immunizing and liquidity portfolios. The growth portfolio is comprised of investments that generate a return at a reasonable risk, including equity securities, certain debt securities and alternative investments. The immunizing portfolio consists of debt securities, generally with long durations, and derivative positions. The immunizing portfolio is designed to offset a portion of the change in the pension liabilities due to changes in interest rates. The liquidity portfolio consists primarily of cash and cash equivalents.

Target allocation ranges have been developed for each portfolio based on input from external consultants with a goal of limiting funded status volatility. The EBPB monitors the investments in each portfolio, and seeks to obtain a target portfolio that emphasizes reduction of risk of loss from market volatility. In pursuing that goal, the EBPB establishes revised guidelines from time to time. EBPB investment guidelines as of the end of 2019 are presented below.

[Table of Contents](#)

The asset allocation for the trust and the target allocation by portfolio at December 31 are as follows:

	Percentage of trust assets		2019
	2019 (a)	2018 (a)	Target Asset Allocation (a)
<b>Growth Portfolio</b>	57%	55%	55%
Equity securities	34%	30%	
Debt securities (b)	14%	15%	
Alternative investments	9%	10%	
<b>Immunizing Portfolio</b>	42%	43%	43%
Debt securities (b)	35%	39%	
Derivatives	7%	4%	
<b>Liquidity Portfolio</b>	1%	2%	2%
<b>Total</b>	<b>100%</b>	<b>100%</b>	<b>100%</b>

(a) Allocations exclude consideration of a group annuity contract held by the LG&E and KU Retirement Plan.

(b) Includes commingled debt funds, which PPL treats as debt securities for asset allocation purposes.

*(LKE)*

LKE has pension plans, including LG&E's plan, whose assets are invested solely in the Master Trust, which is fully disclosed below. The fair value of these plans' assets of \$1.5 billion and \$1.3 billion at December 31, 2019 and 2018 represents an interest of approximately 41% and 42% in the Master Trust.

*(LG&E)*

LG&E has a pension plan whose assets are invested solely in the Master Trust, which is fully disclosed below. The fair value of this plan's assets of \$310 million and \$281 million at December 31, 2019 and 2018 represents an interest of approximately 9% in the Master Trust.

*(PPL, LKE and LG&E)*

The fair value of net assets in the Master Trust by asset class and level within the fair value hierarchy was:

- (a) In accordance with accounting guidance certain investments that are measured at fair value using the net asset value per share (NAV), or its equivalent, practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.
- (b) Receivables and payables, net represents amounts for investments sold/purchased but not yet settled along with interest and dividends earned but not yet received.

A reconciliation of the Master Trust assets classified as Level 3 at December 31, 2019 is as follows:

	Corporate debt	Insurance contracts	Total
Balance at beginning of period	\$ 25	\$ 21	\$ 46
Actual return on plan assets			
Relating to assets still held at the reporting date	(1)	4	3
Relating to assets sold during the period	3	—	3
Purchases, sales and settlements	(7)	(21)	(28)
Balance at end of period	\$ 20	\$ 4	\$ 24

A reconciliation of the Master Trust assets classified as Level 3 at December 31, 2018 is as follows:

	Corporate debt	Insurance contracts	Total
Balance at beginning of period	\$ 13	\$ 24	\$ 37
Actual return on plan assets			
Relating to assets still held at the reporting date	(2)	1	(1)
Relating to assets sold during the period	3	—	3
Purchases, sales and settlements	11	(4)	7
Balance at end of period	\$ 25	\$ 21	\$ 46

The fair value measurements of cash and cash equivalents are based on the amounts on deposit.

The market approach is used to measure fair value of equity securities. The fair value measurements of equity securities (excluding commingled funds), which are generally classified as Level 1, are based on quoted prices in active markets. These securities represent actively and passively managed investments that are managed against various equity indices.

Investments in commingled equity and debt funds are categorized as equity securities. Investments in commingled equity funds include funds that invest in U.S. and international equity securities. Investments in commingled debt funds include funds that invest in a diversified portfolio of emerging market debt obligations, as well as funds that invest in investment grade long-duration fixed-income securities.

The fair value measurements of debt securities are generally based on evaluations that reflect observable market information, such as actual trade information for identical securities or for similar securities, adjusted for observable differences. The fair value of debt securities is generally measured using a market approach, including the use of pricing models, which incorporate observable inputs. Common inputs include benchmark yields, relevant trade data, broker/dealer bid/ask prices, benchmark securities and credit valuation adjustments. When necessary, the fair value of debt securities is measured using the income approach, which incorporates similar observable inputs as well as payment data, future predicted cash flows, collateral performance and new issue data. For the Master Trust, these securities represent investments in securities issued by U.S. Treasury and U.S. government sponsored agencies; investments securitized by residential mortgages, auto loans, credit cards

and other pooled loans; investments in investment grade and non-investment grade bonds issued by U.S. companies across several industries; investments in debt securities issued by foreign governments and corporations.

Investments in real estate represent an investment in a partnership whose purpose is to manage investments in core U.S. real estate properties diversified geographically and across major property types (e.g., office, industrial, retail, etc.). The strategy is focused on properties with high occupancy rates with quality tenants. This results in a focus on high income and stable cash flows with appreciation being a secondary factor. Core real estate generally has a lower degree of leverage when compared with more speculative real estate investing strategies. The partnership has limitations on the amounts that may be redeemed based on available cash to fund redemptions. Additionally, the general partner may decline to accept redemptions when necessary to avoid adverse consequences for the partnership, including legal and tax implications, among others. The fair value of the investment is based upon a partnership unit value.

Investments in private equity represent interests in partnerships in multiple early-stage venture capital funds and private equity fund of funds that use a number of diverse investment strategies. The partnerships have limited lives of at least 10 years, after which liquidating distributions will be received. Prior to the end of each partnership's life, the investment cannot be redeemed with the partnership; however, the interest may be sold to other parties, subject to the general partner's approval. The Master Trust has unfunded commitments of \$63 million that may be required during the lives of the partnerships. Fair value is based on an ownership interest in partners' capital to which a proportionate share of net assets is attributed.

Investments in hedge funds represent investments in a fund of hedge funds. Hedge funds seek a return utilizing a number of diverse investment strategies. The strategies, when combined aim to reduce volatility and risk while attempting to deliver positive returns under most market conditions. Major investment strategies for the fund of hedge funds include long/short equity, tactical trading, event driven, and relative value. Shares may be redeemed with 45 days prior written notice. The fund is subject to short term lockups and other restrictions. The fair value for the fund has been estimated using the net asset value per share.

The fair value measurements of derivative instruments utilize various inputs that include quoted prices for similar contracts or market-corroborated inputs. In certain instances, these instruments may be valued using models, including standard option valuation models and standard industry models. These securities primarily represent investments in treasury futures, total return swaps, interest rate swaps and swaptions (the option to enter into an interest rate swap), which are valued based on quoted prices, changes in the value of the underlying exposure or on the swap details, such as swap curves, notional amount, index and term of index, reset frequency, volatility and payer/receiver credit ratings.

In 2018, insurance contracts, classified as Level 3, represent an investment in an immediate participation guaranteed group annuity contract. The fair value is based on contract value, which represents cost plus interest income less distributions for benefit payments and administrative expenses. In 2019, obligations underlying the guaranteed group annuity contract were assumed by the insurance company, with a residual amount remaining in the general account of the insurer that will be paid into the master trust or distributed to participants.

#### **Plan Assets - U.S. Other Postretirement Benefit Plans**

The investment strategy with respect to other postretirement benefit obligations is to fund VEBA trusts and/or 401(h) accounts with voluntary contributions and to invest in a tax efficient manner. Excluding the 401(h) accounts included in the Master Trust, other postretirement benefit plans are invested in a mix of assets for long-term growth with an objective of earning returns that provide liquidity as required for benefit payments. These plans benefit from diversification of asset types, investment fund strategies and investment fund managers and, therefore, have no significant concentration of risk. Equity securities include investments in domestic large-cap commingled funds. Ownership interests in commingled funds that invest entirely in debt securities are classified as equity securities, but treated as debt securities for asset allocation and target allocation purposes. Ownership interests in money market funds are treated as cash and cash equivalents for asset allocation and target allocation purposes. The asset allocation for the PPL VEBA trusts, excluding LKE, and the target allocation, by asset class, at December 31 are detailed below.

Asset Class	Percentage of plan assets		Target Asset Allocation
	2019	2018	2019
U.S. Equity securities	45%	40%	45%
Debt securities (a)	52%	56%	50%
Cash and cash equivalents (b)	3%	4%	5%
Total	100%	100%	100%

(a) Includes commingled debt funds and debt securities.

(b) Includes money market funds.

LKE's other postretirement benefit plan is invested primarily in a 401(h) account, as disclosed in the PPL Services Corporation Master Trust, with insignificant amounts invested in money market funds within VEBA trusts for liquidity.

The fair value of assets in the U.S. other postretirement benefit plans by asset class and level within the fair value hierarchy was:

	December 31, 2019				December 31, 2018			
	Total	Fair Value Measurement Using			Total	Fair Value Measurement Using		
		Level 1	Level 2	Level 3		Level 1	Level 2	Level 3
Money market funds	\$ 6	\$ 6	\$ —	\$ —	\$ 6	\$ 6	\$ —	\$ —
U.S. Equity securities:								
Large-cap equity fund measure at NAV (a)	89	—	—	—	69	—	—	—
Commingled debt fund measured at NAV (a)	68	—	—	—	68	—	—	—
Debt securities:								
Corporate bonds	35	—	35	—	28	—	28	—
Total VEBA trust assets, at fair value	198	\$ 6	\$ 35	\$ —	171	\$ 6	\$ 28	\$ —
Receivables and payables, net (b)	—				1			
401(h) account assets	142				129			
Total other postretirement benefit plan assets	\$ 340				\$ 301			

(a) In accordance with accounting guidance certain investments that are measured at fair value using the net asset value per share (NAV), or its equivalent, practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

(b) Receivables and payables represent amounts for investments sold/purchased but not yet settled along with interest and dividends earned but not yet received.

Investments in money market funds represent investments in funds that invest primarily in a diversified portfolio of investment grade money market instruments, including, but not limited to, commercial paper, notes, repurchase agreements and other evidences of indebtedness with a maturity not exceeding 13 months from the date of purchase. The primary objective of the fund is a level of current income consistent with stability of principal and liquidity. Redemptions can be made daily on this fund.

Investments in large-cap equity securities represent investments in a passively managed equity index fund that invests in securities and a combination of other collective funds. Fair value measurements are not obtained from a quoted price in an active market but are based on firm quotes of net asset values per share as provided by the trustee of the fund. Redemptions can be made daily on this fund.

Investments in commingled debt securities represent investments in a fund that invests in a diversified portfolio of investment grade long-duration fixed income securities. Redemptions can be made daily on these funds.

Investments in corporate bonds represent investment in a diversified portfolio of investment grade long-duration fixed income securities. The fair value of debt securities are generally based on evaluations that reflect observable market information, such as actual trade information for identical securities or for similar securities, adjusted for observable differences.

### Plan Assets - U.K. Pension Plans (PPL)

The overall investment strategy of WPD's pension plans is developed by each plan's independent trustees in its Statement of Investment Principles in compliance with the U.K. Pensions Act of 1995 and other U.K. legislation. The trustees' primary focus

[Table of Contents](#)

is to ensure that assets are sufficient to meet members' benefits as they fall due with a longer term objective to reduce investment risk. The investment strategy is intended to maximize investment returns while not incurring excessive volatility in the funding position. WPD's plans are invested in a wide diversification of asset types, fund strategies and fund managers; and therefore, have no significant concentration of risk. Commingled funds that consist entirely of debt securities are traded as equity units, but treated by WPD as debt securities for asset allocation and target allocation purposes. These include investments in U.K. corporate bonds and U.K. gilts.

The asset allocation and target allocation at December 31 of WPD's pension plans are detailed below.

Asset Class	Percentage of plan assets		Target Asset
			Allocation
	2019	2018	2019
Cash and cash equivalents	2%	2%	—%
Equity securities			
U.K.	—%	—%	2%

Other	2,584	—	—	—	2,437	—	—	—
Debt Securities:								
U.K. corporate bonds	5	—	5	—	4	—	4	—
U.K. gilts	3,819	—	3,819	—	2,933	—	2,933	—
Alternative investments:								
Real estate measured at NAV (a)	519	—	—	—	485	—	—	—
Fair value - U.K. pension plans	8,982	\$ 154	\$ 3,824	\$ —	7,772	\$ 147	\$ 2,937	\$ —
Receivables and payables, net (b)	(37)				29			
Total U.K. pension assets	\$ 8,945				\$ 7,801			

(a) In accordance with accounting guidance certain investments that are measured at fair value using the net asset value per share (NAV), or its equivalent, practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

(b) Receivables and payables, net represents amounts for investments sold/purchased but not yet settled along with interest and dividends earned but not yet received.

Except for investments in real estate, the fair value measurements of WPD's pension plan assets are based on the same inputs and measurement techniques used to measure the U.S. pension plan assets described above.

Investments in equity securities represent actively and passively managed funds that are measured against various equity indices.

Other comprises a range of investment strategies, which invest in a variety of assets including equities, bonds, currencies, real estate and forestry held in unitized funds, which are considered in the Global Tactical Asset Allocation target.

U.K. corporate bonds include investment grade corporate bonds of companies from diversified U.K. industries.

U.K. gilts include gilts, index-linked gilts and swaps intended to track a portion of the plans' liabilities.

Investments in real estate represent holdings in a U.K. unitized fund that owns and manages U.K. industrial and commercial real estate with a strategy of earning current rental income and achieving capital growth. The fair value measurement of the fund is based upon a net asset value per share, which is based on the value of underlying properties that are independently appraised in accordance with Royal Institution of Chartered Surveyors valuation standards at least annually with quarterly valuation updates based on recent sales of similar properties, leasing levels, property operations and/or market conditions. The fund may be subject to redemption restrictions in the unlikely event of a large forced sale in order to ensure other unit holders are not disadvantaged.

**Expected Cash Flows - U.S. Defined Benefit Plans (PPL)**

While PPL's U.S. defined benefit pension plans have the option to utilize available prior year credit balances to meet current and future contribution requirements, PPL contributed \$52 million to its U.S. pension plans in January 2020. No additional contributions are expected in 2020.

PPL sponsors various non-qualified supplemental pension plans for which no assets are segregated from corporate assets. PPL expects to make approximately \$9 million of benefit payments under these plans in 2020.

PPL is not required to make contributions to its other postretirement benefit plans but has historically funded these plans in amounts equal to the postretirement benefit costs recognized. Continuation of this past practice would cause PPL to contribute \$14 million to its other postretirement benefit plans in 2020.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid by the plans and the following federal subsidy payments are expected to be received by PPL.

	Pension	Other Postretirement	
		Benefit Payment	Expected Federal Subsidy
2020	\$ 271	\$ 50	\$ 1
2021	267	48	1
2022	266	47	—
2023	264	46	—
2024	265	44	—
2025-2029	1,278	200	1

*(LKE)*

Effective January 1, 2020, the LKE and LG&E defined benefit pension plans were merged into a combined defined benefit pension plan. The following disclosures relate to the new combined LKE plan.

While LKE's defined benefit pension plan has the option to utilize available prior year credit balances to meet current and future contribution requirements, LKE contributed \$22 million to its pension plan in January 2020. No additional contributions are expected in 2020.

LKE sponsors various non-qualified supplemental pension plans for which no assets are segregated from corporate assets. LKE expects to make \$5 million of benefit payments under these plans in 2020.

[Table of Contents](#)

LKE is not required to make contributions to its other postretirement benefit plan but has historically funded this plan in amounts equal to the postretirement benefit costs recognized. Continuation of this past practice would cause LKE to contribute a projected \$14 million to its other postretirement benefit plan in 2020.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid by the plans and the following federal subsidy payments are expected to be received by LKE.

	Pension	Other Postretirement	
		Benefit Payment	Expected Federal Subsidy
2020	\$ 114	\$ 14	\$ 1
2021	115	15	—
2022	115	15	—
2023	113	15	—
2024	115	15	—
2025-2029	545	72	1

**Expected Cash Flows - U.K. Pension Plans (PPL)**

The pension plans of WPD are subject to formal actuarial valuations every three years, which are used to determine funding requirements. Contribution requirements were evaluated in accordance with the valuation performed as of March 31, 2016. WPD expects to make contributions of approximately \$273 million in 2020. WPD is currently permitted to recover in current revenues approximately 78% of its pension funding requirements for its primary pension plans.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid by the plans.

	Pension
2020	\$ 353
2021	351
2022	356
2023	359
2024	364
2025-2029	1,826

**Savings Plans (All Registrants)**

Substantially all employees of PPL's subsidiaries are eligible to participate in deferred savings plans (401(k)s). Employer contributions to the plans were:

	2019	2018	2017
PPL	\$ 42	\$ 40	\$ 36
PPL Electric	6	6	6
LKE	21	20	18
LG&E	6	6	5
KU	5	5	4

**12. Jointly Owned Facilities**

(PPL, LKE, LG&E and KU)

At December 31, 2019 and 2018, the Balance Sheets reflect the owned interests in the generating plants listed below.

	Ownership Interest	Electric Plant	Accumulated Depreciation	Construction Work in Progress
<b>PPL and LKE</b>				
<b>December 31, 2019</b>				
Trimble County Unit 1	75.00%	\$ 440	\$ 54	\$ 2

Each subsidiary owning these interests provides its own funding for its share of the facility. Each receives a portion of the total output of the generating plants equal to its percentage ownership. The share of fuel and other operating costs associated with the plants is included in the corresponding operating expenses on the Statements of Income.

### 13. Commitments and Contingencies

#### Energy Purchase Commitments (PPL, LKE, LG&E and KU)

LG&E and KU enter into purchase contracts to supply the coal and natural gas requirements for generation facilities and LG&E's retail natural gas supply operations. These contracts include the following commitments:

Contract Type	Maximum Maturity Date
Natural Gas Fuel	2022
Natural Gas Retail Supply	2021
Coal	2024
Coal Transportation and Fleeting Services	2027
Natural Gas Transportation	2026

LG&E and KU have a power purchase agreement with OVEC expiring in June 2040. See footnote (f) to the table in "Guarantees and Other Assurances" below for information on the OVEC power purchase contract, including recent developments in credit or debt conditions relating to OVEC. Future obligations for power purchases from OVEC are demand payments, comprised of debt-service payments and contractually-required reimbursements of plant operating, maintenance and other expenses, and are projected as follows:

	LG&E	KU	Total
2020	\$ 21	\$ 10	\$ 31
2021	21	10	31
2022	21	10	31
2023	21	10	31
2024	22	9	31
Thereafter	276	123	399
Total	<u>\$ 382</u>	<u>\$ 172</u>	<u>\$ 554</u>

LG&E and KU had total energy purchases under the OVEC power purchase agreement for the years ended December 31 as follows:

	2019	2018	2017
LG&E	\$ 15	\$ 14	\$ 14
KU	7	6	6
Total	<u>\$ 22</u>	<u>\$ 20</u>	<u>\$ 20</u>

#### Legal Matters

*(All Registrants)*

PPL and its subsidiaries are involved in legal proceedings, claims and litigation in the ordinary course of business. PPL and its subsidiaries cannot predict the outcome of such matters, or whether such matters may result in material liabilities, unless otherwise noted.

#### Talen Litigation (PPL)

##### *Background*

In September 2013, one of PPL's former subsidiaries, PPL Montana entered into an agreement to sell its hydroelectric generating facilities. In June 2014, PPL and PPL Energy Supply, the parent company of PPL Montana, entered into various definitive agreements with affiliates of Riverstone to spin off PPL Energy Supply and ultimately combine it with Riverstone's competitive power generation businesses to form a stand-alone company named Talen Energy. In November 2014, after executing the spinoff agreements but prior to the closing of the spinoff transaction, PPL Montana closed the sale of its hydroelectric generating facilities. Subsequently, on June 1, 2015, the spinoff of PPL Energy Supply was completed. Following the spinoff transaction, PPL had no continuing ownership interest in or control of PPL Energy Supply. In connection with the spinoff transaction, PPL Montana became Talen Montana, LLC (Talen Montana), a subsidiary of Talen Energy. Talen Energy

Marketing also became a subsidiary of Talen Energy as a result of the June 2015 spinoff of PPL Energy Supply. Talen Energy has owned and operated both Talen Montana and Talen Energy Marketing since the spinoff. At the time of the spinoff, affiliates of Riverstone acquired a 35% ownership interest in Talen Energy. Riverstone subsequently acquired the remaining interests in Talen Energy in a take private transaction in December 2016.

*Talen Montana, LLC v. PPL Corporation et al.*

On October 29, 2018, Talen Montana filed a complaint against PPL and certain of its affiliates and current and former officers and directors in the First Judicial District of the State of Montana, Lewis & Clark County (Talen Direct Action). Talen Montana alleges that in November 2014, PPL and certain officers and directors improperly distributed to PPL's subsidiaries \$733 million of the proceeds from the sale of Talen Montana's (then PPL Montana's) hydroelectric generating facilities, rendering PPL Montana insolvent. The complaint includes claims for, among other things, breach of fiduciary duty; aiding and abetting breach of fiduciary duty; breach of an LLC agreement; breach of the implied duty of good faith and fair dealing; tortious interference; negligent misrepresentation; and constructive fraud. Talen Montana is seeking unspecified damages, including punitive damages, and other relief. In December 2018, PPL moved to dismiss the Talen Direct Action for lack of jurisdiction and, in the alternative, to dismiss because Delaware is the appropriate forum to decide this case. In January 2019, Talen Montana dismissed without prejudice all current and former PPL Corporation directors from the case. The parties engaged in limited jurisdictional discovery, and the Court heard oral argument regarding the PPL parties' motion to dismiss on August 22, 2019. On December 4, 2019, the Court granted PPL's motion to dismiss and on December 26, 2019, a judgment dismissing all claims against all defendants with prejudice was signed by the Court.

*Talen Montana Retirement Plan and Talen Energy Marketing, LLC, Individually and on Behalf of All Others Similarly Situated v. PPL Corporation et al.*

Also on October 29, 2018, Talen Montana Retirement Plan and Talen Energy Marketing filed a putative class action complaint on behalf of current and contingent creditors of Talen Montana who allegedly suffered harm or allegedly will suffer reasonably foreseeable harm as a result of the November 2014 distribution. The action was filed in the Sixteenth Judicial District of the State of Montana, Rosebud County, against PPL and certain of its affiliates and current and former officers and directors (Talen Putative Class Action). The plaintiffs assert claims for, among other things, fraudulent transfer, both actual and constructive; recovery against subsequent transferees; civil conspiracy; aiding and abetting tortious conduct; and unjust enrichment. They are seeking avoidance of the purportedly fraudulent transfer, unspecified damages, including punitive damages, the imposition of a constructive trust, and other relief. In December 2018, PPL removed the Talen Putative Class Action from the Sixteenth Judicial District of the State of Montana to the United States District Court for the District of Montana, Billings Division (MT Federal Court). In January 2019, the plaintiffs moved to remand the Talen Putative Class Action back to state court, and dismissed without prejudice all current and former PPL Corporation directors from the case. In September 2019, the MT Federal Court granted plaintiffs' motion to remand the case back to state court, and the PPL defendants promptly petitioned the Ninth Circuit Court of Appeals to grant an appeal of the remand decision. On November 21, 2019, the Ninth Circuit Court of Appeals denied that request and on December 30, 2019, Talen Montana Retirement Plan filed a Second Amended Complaint in the Sixteenth Judicial District of the State of Montana, Rosebud County, which removed Talen Energy Marketing, LLC as a plaintiff. On January 31, 2020, PPL defendants filed a motion to dismiss the Second Amended Complaint.

*PPL Corporation et al. vs. Riverstone Holdings LLC, Talen Energy Corporation et al.*

On November 30, 2018, PPL, certain PPL affiliates, and certain current and former officers and directors (PPL plaintiffs) filed a complaint in the Court of Chancery of the State of Delaware seeking various forms of relief against Riverstone, Talen Energy and certain of their affiliates (Delaware Action). In the complaint, the PPL plaintiffs ask the Delaware Court of Chancery for declaratory and injunctive relief. This includes a declaratory judgment that, under the separation agreement governing the spinoff of PPL Energy Supply, all related claims that arise must be heard in Delaware; that the statute of limitations in Delaware and the spinoff agreement bar these claims at this point; that PPL is not liable for the claims in either the Talen Direct Action or the Talen Putative Class Action as PPL Montana was solvent at all relevant times; and that the separation agreement requires that Talen Energy indemnify PPL for all losses arising from the debts of Talen Montana, among other things. PPL's complaint also seeks damages against Riverstone for interfering with the separation agreement and against Riverstone affiliates for breach of the implied covenant of good faith and fair dealing. The complaint was subsequently amended on January 11, 2019 and March 20, 2019, including to add claims related to indemnification with respect to the Talen Direct Action and the Talen Putative Class Action (together, the Montana Actions), request a declaration that the Montana Actions are time-barred under the spinoff agreements, and allege additional facts to support the tortious interference claim. In April 2019, the defendants filed motions to dismiss the amended complaint. In July 2019, the Court heard oral arguments from the parties regarding the motions to dismiss. On October 23, 2019, the Delaware Court of Chancery returned its opinion on the defendants' motions to dismiss sustaining all of the PPL plaintiffs' claims except for the claim for breach of implied covenant of good faith

and fair dealing. Discovery is underway, however, on January 30, 2020, the defendants filed new motions to dismiss five of the remaining eight claims in the amended complaint; the PPL plaintiffs are preparing their response. A tentative trial date has been scheduled for June 2021.

With respect to each of the Talen-related matters described above, PPL believes that the 2014 distribution of proceeds was made in compliance with all applicable laws and that PPL Montana was solvent at all relevant times. Additionally, the agreements entered into in connection with the spinoff, which PPL and affiliates of Talen Energy and Riverstone negotiated and executed prior to the 2014 distribution, directly address the treatment of the proceeds from the sale of PPL Montana's hydroelectric generating facilities; in those agreements, Talen Energy and Riverstone definitively agreed that PPL was entitled to retain the proceeds.

PPL believes that it has meritorious defenses to the claims made in the Talen Putative Class Action and intends to continue to vigorously defend against this action. The Talen Putative Class Action and the Delaware Action are both in early stages of litigation; at this time, PPL cannot predict the outcome of these matters or estimate the range of possible losses, if any, that PPL might incur as a result of the claims, although they could be material.

*(PPL, LKE and LG&E)*

#### Cane Run Environmental Claims

In December 2013, six residents, on behalf of themselves and others similarly situated, filed a class action complaint against LG&E and PPL in the U.S. District Court for the Western District of Kentucky (U.S. District Court) alleging violations of the Clean Air Act, RCRA, and common law claims of nuisance, trespass and negligence. In July 2014, the U.S. District Court dismissed the RCRA claims and all but one Clean Air Act claim, but declined to dismiss the common law tort claims. In February 2017, the U.S. District Court dismissed PPL as a defendant and dismissed the final federal claim against LG&E, and in April 2017, issued an Order declining to exercise supplemental jurisdiction on the state law claims dismissing the case in its entirety. In June 2017, the plaintiffs filed a class action complaint in Jefferson County, Kentucky Circuit Court, against LG&E alleging state law nuisance, negligence and trespass tort claims. The plaintiffs seek compensatory and punitive damages for alleged property damage due to purported plant emissions on behalf of a class of residents within one to three miles of the plant. On January 8, 2020, the Jefferson Circuit Court issued an order denying the plaintiffs' request for class certification. On January 14, 2020, the plaintiffs filed a notice of appeal in the Kentucky Court of Appeals. PPL, LKE and LG&E cannot predict the outcome of this matter and an estimate or range of possible losses cannot be determined.

*(PPL, LKE and KU)*

#### E.W. Brown Environmental Claims

In July 2017, the Kentucky Waterways Alliance and the Sierra Club filed a citizen suit complaint against KU in the U.S. District Court for the Eastern District of Kentucky (U.S. District Court) alleging discharges at the E.W. Brown plant in violation of the Clean Water Act and the plant's water discharge permit and alleging contamination that may present an imminent and substantial endangerment in violation of the RCRA. The plaintiffs' suit relates to prior notices of intent to file a citizen suit submitted in October and November 2015 and October 2016. These plaintiffs sought injunctive relief ordering KU to take all actions necessary to comply with the Clean Water Act and RCRA, including ceasing the discharges in question, abating effects associated with prior discharges and eliminating the alleged imminent and substantial endangerment. These plaintiffs also sought assessment of civil penalties and an award of litigation costs and attorney fees. In December 2017, the U.S. District Court issued an Order dismissing the Clean Water Act and RCRA complaints against KU in their entirety. In January 2018, the plaintiffs appealed the dismissal Order to the U.S. Court of Appeals for the Sixth Circuit. In September 2018, the U.S. Court of Appeals for the Sixth Circuit issued its ruling affirming the lower court's decision to dismiss the Clean Water Act claims but reversing its dismissal of the RCRA claims against KU and remanding the latter to the U.S. District Court. In October 2018, KU filed a petition for rehearing to the U.S. Court of Appeals for the Sixth Circuit regarding the RCRA claims. In November 2018, the U.S. Court of Appeals for the Sixth Circuit denied KU's petition for rehearing regarding the RCRA claims. In January 2019, KU filed an answer to plaintiffs' complaint in the U.S. District Court. A trial has been scheduled to begin on October 5, 2020. PPL, LKE and KU cannot predict the outcome of these matters and an estimate or range of possible losses cannot be determined.

KU is undertaking extensive remedial measures at the E.W. Brown plant including closure of the former ash pond, implementation of a groundwater remedial action plan and performance of a corrective action plan including aquatic study of adjacent surface waters and risk assessment. The aquatic study and risk assessment are being undertaken pursuant to a 2017

agreed Order with the Kentucky Energy and Environment Cabinet (KEEC). KU conducted sampling of Herrington Lake in 2017 and 2018. In June 2019, KU submitted to the KEEC the required aquatic study and risk assessment, conducted by an independent third-party consultant, finding that discharges from the E.W. Brown plant have not had any significant impact on Herrington Lake and that the water in the lake is safe for recreational use and meets safe drinking water standards. However, until the KEEC assesses the study and issues any regulatory determinations, PPL, LKE and KU are unable to determine whether additional remedial measures will be required at the E.W. Brown plant.

## Air

### *Sulfuric Acid Mist Emissions (PPL, LKE and LG&E)*

In June 2016, the EPA issued a notice of violation under the Clean Air Act alleging that LG&E violated applicable rules relating to sulfuric acid mist emissions at its Mill Creek plant. The notice alleges failure to install proper controls, failure to operate the facility consistent with good air pollution control practice, and causing emissions exceeding applicable requirements or constituting a nuisance or endangerment. LG&E believes it has complied with applicable regulations during the relevant time period. Discussions between the EPA and LG&E are ongoing. The parties have entered into a tolling agreement with respect to this matter through July 31, 2020. The parties are conducting initial negotiations regarding potential settlement of the matter. PPL, LKE and LG&E are unable to predict the outcome of this matter or the potential impact on operations of the Mill Creek plant, including increased capital or operating costs, and potential civil penalties or remedial measures, if any.

## Water/Waste

### *(PPL, LKE, LG&E and KU)*

### *ELGs*

In 2015, the EPA finalized ELGs for wastewater discharge permits for new and existing steam electricity generating facilities. These guidelines require deployment of additional control technologies providing physical, chemical and biological treatment and mandate operational changes including "no discharge" requirements for certain wastewaters. The implementation date for individual generating stations was to be determined by the states on a case-by-case basis according to criteria provided by the EPA. Legal challenges to the final rule were consolidated before the U.S. Court of Appeals for the Fifth Circuit. In April 2017, the EPA announced that it would grant petitions for reconsideration of the rule. In September 2017, the EPA issued a proposed rule to postpone the compliance date for certain requirements. The EPA expects to complete its reconsideration of best available technology standards by the fall of 2020. Upon completion of the ongoing regulatory proceedings, the rule will be implemented by the states in the course of their normal permitting activities. LG&E and KU are developing compliance strategies and schedules. PPL, LKE, LG&E and KU are unable to predict the outcome of the EPA's pending reconsideration of the rule or fully estimate compliance costs or timing. Additionally, certain aspects of these compliance plans and estimates relate to developments in state water quality standards, which are separate from the ELG rule or its implementation. Costs to comply with ELGs or other discharge limits are expected to be significant. Certain costs are included in the Registrants' capital plans and are subject to rate recovery.

### *CCRs*

In 2015, the EPA issued a final rule governing management of CCRs which include fly ash, bottom ash and sulfur dioxide scrubber wastes. The CCR Rule imposes extensive new requirements for certain CCR impoundments and landfills, including public notifications, location restrictions, design and operating standards, groundwater monitoring and corrective action requirements, and closure and post-closure care requirements, and specifies restrictions relating to the beneficial use of CCRs. Legal challenges to the final rule are pending before the D.C. Circuit Court of Appeals. In July 2018, the EPA issued a final rule extending the deadline for closure of certain impoundments and adopting other substantive changes. In August 2018, the D.C. Circuit Court of Appeals vacated and remanded portions of the CCR Rule. In December 2019, the EPA addressed the deficiencies identified by the court and proposed amendments to change the closure deadline to August 31, 2020, but allow certain extensions. EPA has announced that additional amendments to the rule are planned. PPL, LKE, LG&E and KU are unable to predict the outcome of the ongoing litigation and rulemaking or potential impacts on current LG&E and KU compliance plans. The Registrants are currently finalizing closure plans and schedules.

In January 2017, Kentucky issued a new state rule relating to CCR management, effective May 2017, aimed at reflecting the requirements of the federal CCR rule. As a result of a subsequent legal challenge, in January 2018, the Franklin County, Kentucky Circuit Court issued an opinion invalidating certain procedural elements of the rule. LG&E and KU presently operate their facilities under continuing permits authorized under the former program and do not currently anticipate material impacts

as a result of the judicial ruling. The Kentucky Energy and Environmental Cabinet has announced it intends to propose new state rules aimed at addressing procedural deficiencies identified by the court and providing the regulatory framework necessary for operation of the state program in lieu of the federal CCR Rule. Associated costs are expected to be subject to rate recovery.

LG&E and KU received KPSC approval for a compliance plan providing for the closure of impoundments at the Mill Creek, Trimble County, E.W. Brown, and Ghent stations, and construction of process water management facilities at those plants. In addition to the foregoing measures required for compliance with the federal CCR rule, KU also received KPSC approval for its plans to close impoundments at the retired Green River, Pineville and Tyrone plants to comply with applicable state law. Since 2017, LG&E and KU have commenced closure of many of the subject impoundments and have completed closure of some of their smaller impoundments. LG&E and KU expect to commence closure of the remaining impoundments no later than August 2020. LG&E and KU generally expect to complete impoundment closures within five years of commencement, although a longer period may be required to complete closure of some facilities. Associated costs are expected to be subject to rate recovery.

In connection with the final CCR rule, LG&E and KU recorded adjustments to existing AROs beginning in 2015, and continue to record adjustments as required. See Note 19 for additional information. Further changes to AROs, current capital plans or operating costs may be required as estimates are refined based on closure developments, groundwater monitoring results, and regulatory or legal proceedings. Costs relating to this rule are subject to rate recovery.

*(All Registrants)*

### Superfund and Other Remediation

PPL Electric, LG&E and KU are potentially responsible for investigating and remediating contamination under the federal Superfund program and similar state programs. Actions are under way at certain sites including former coal gas manufacturing plants in Pennsylvania and Kentucky previously owned or operated by, or currently owned by predecessors or affiliates of, PPL Electric, LG&E and KU. PPL Electric is potentially responsible for a share of clean-up costs at certain sites including the Columbia Gas Plant site and the Brodhead site. Cleanup actions have been or are being undertaken at all of these sites, the costs of which have not been and are not expected to be significant to PPL Electric.

As of December 31, 2019 and December 31, 2018, PPL Electric had a recorded liability of \$10 million and \$11 million representing its best estimate of the probable loss incurred to remediate the sites identified above. Depending on the outcome of investigations at identified sites where investigations have not begun or been completed, or developments at sites for which information is incomplete, additional costs of remediation could be incurred. PPL Electric, LG&E and KU lack sufficient information about such additional sites to estimate any potential liability or range of reasonably possible losses, if any, related to these sites. Such costs, however, are not expected to be significant.

The EPA is evaluating the risks associated with polycyclic aromatic hydrocarbons and naphthalene, chemical by-products of coal gas manufacturing. As a result, individual states may establish stricter standards for water quality and soil cleanup, that could require several PPL subsidiaries to take more extensive assessment and remedial actions at former coal gas manufacturing plants. PPL, PPL Electric, LKE, LG&E and KU cannot estimate a range of possible losses, if any, related to these matters.

### **Regulatory Issues**

See Note 7 for information on regulatory matters related to utility rate regulation.

### Electricity - Reliability Standards

The NERC is responsible for establishing and enforcing mandatory reliability standards (Reliability Standards) regarding the bulk electric system in North America. The FERC oversees this process and independently enforces the Reliability Standards.

The Reliability Standards have the force and effect of law and apply to certain users of the bulk electric system, including electric utility companies, generators and marketers. Under the Federal Power Act, the FERC may assess civil penalties for certain violations.

PPL Electric, LG&E and KU monitor their compliance with the Reliability Standards and self-report or self-log potential violations of applicable reliability requirements whenever identified, and submit accompanying mitigation plans, as required.

The resolution of a small number of potential violations is pending. Penalties incurred to date have not been significant. Any Regional Reliability Entity (including RFC or SERC) determination concerning the resolution of violations of the Reliability Standards remains subject to the approval of the NERC and the FERC.

In the course of implementing their programs to ensure compliance with the Reliability Standards by those PPL affiliates subject to the standards, certain other instances of potential non-compliance may be identified from time to time. The Registrants cannot predict the outcome of these matters, and an estimate or range of possible losses cannot be determined.

**Other**

**Guarantees and Other Assurances**

*(All Registrants)*

In the normal course of business, the Registrants enter into agreements that provide financial performance assurance to third parties on behalf of certain subsidiaries. Such agreements include, for example, guarantees, stand-by letters of credit issued by financial institutions and surety bonds issued by insurance companies. These agreements are entered into primarily to support or enhance the creditworthiness attributed to a subsidiary on a stand-alone basis or to facilitate the commercial activities in which these subsidiaries engage.

*(PPL)*

PPL fully and unconditionally guarantees all of the debt securities of PPL Capital Funding.

*(All Registrants)*

The table below details guarantees provided as of December 31, 2019. "Exposure" represents the estimated maximum potential amount of future payments that could be required to be made under the guarantee. The probability of expected payment/performance under each of these guarantees is remote except for "WPD guarantee of pension and other obligations of unconsolidated entities," for which PPL has a total recorded liability of \$5 million at December 31, 2019 and \$6 million at December 31, 2018. For reporting purposes, on a consolidated basis, all guarantees of PPL Electric, LKE, LG&E and KU also apply to PPL, and all guarantees of LG&E and KU also apply to LKE.

	<u>Exposure at December 31, 2019</u>	<u>Expiration Date</u>
<b><u>PPL</u></b>		
Indemnifications related to the WPD Midlands acquisition		(a)
WPD indemnifications for entities in liquidation and sales of assets	\$ 10	(b) 2021
WPD guarantee of pension and other obligations of unconsolidated entities	83	(c)
<b><u>PPL Electric</u></b>		
Guarantee of inventory value	26	(d) 2020
<b><u>LKE</u></b>		
Indemnification of lease termination and other divestitures	200	(e) 2021
<b><u>LG&amp;E and KU</u></b>		
LG&E and KU obligation of shortfall related to OVEC		(f)

(a) Indemnifications related to certain liabilities, including a specific unresolved tax issue and those relating to properties and assets owned by the seller that were transferred to WPD Midlands in connection with the acquisition. A cross indemnity has been received from the seller on the tax issue. The maximum exposure and expiration of these indemnifications cannot be estimated because the maximum potential liability is not capped and the expiration date is not specified in the transaction documents.

(b) Indemnification to the liquidators and certain others for existing liabilities or expenses or liabilities arising during the liquidation process. The indemnifications are limited to distributions made from the subsidiary to its parent either prior or subsequent to liquidation or are not explicitly stated in the agreements. The indemnifications generally expire two to seven years subsequent to the date of dissolution of the entities. The exposure noted only includes those cases where the agreements provide for specific limits.

In connection with their sales of various businesses, WPD and its affiliates have provided the purchasers with indemnifications that are standard for such transactions, including indemnifications for certain pre-existing liabilities and environmental and tax matters or have agreed to continue their obligations under existing third-party guarantees, either for a set period of time following the transactions or upon the condition that the purchasers make reasonable efforts to terminate the guarantees. Additionally, WPD and its affiliates remain secondarily responsible for lease payments under certain leases that they have assigned to third parties.

(c) Relates to certain obligations of discontinued or modified electric associations that were guaranteed at the time of privatization by the participating members. Costs are allocated to the members and can be reallocated if an existing member becomes insolvent. At December 31, 2019, WPD has recorded

an estimated discounted liability for which the expected payment/performance is probable. Neither the expiration date nor the maximum amount of potential payments for certain obligations is explicitly stated in the related agreements, and as a result, the exposure has been estimated.

- (d) A third party logistics firm provides inventory procurement and fulfillment services. The logistics firm currently has title to the inventory, however, upon termination of the contracts, PPL Electric has guaranteed to purchase any remaining inventory that has not been used or sold. In December 2019, PPL Electric declared its intent to terminate the firm's inventory procurement and fulfillment services effective March 2020. This guarantee has an estimated exposure of \$26 million, which PPL Electric will assume subsequent to the termination date. In accordance with the agreement termination terms, PPL Electric has an obligation to purchase any remaining inventory within 90 days from termination date.
- (e) LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million, exclusive of certain items such as government fines and penalties that may exceed the maximum. Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.
- (f) Pursuant to the OVEC power purchase contract, LG&E and KU are obligated to pay for their share of OVEC's excess debt service, post-retirement and decommissioning costs, as well as any shortfall from amounts included within a demand charge designed and expected to cover these costs over the term of the contract. LKE's proportionate share of OVEC's outstanding debt was \$110 million at December 31, 2019, consisting of LG&E's share of \$76 million and KU's share of \$34 million. The maximum exposure and the expiration date of these potential obligations are not presently determinable. See "Energy Purchase Commitments" above for additional information on the OVEC power purchase contract.

In March 2018, a sponsor with a 4.85% pro-rata share of OVEC obligations filed for bankruptcy under Chapter 11 and, in August 2018, received a rejection order for the OVEC power purchase contract in the bankruptcy proceeding. In October 2019, the bankruptcy court issued an order confirming the sponsor's proposed reorganization plan. OVEC and other entities are challenging the contract rejection, the bankruptcy plan confirmation and potential FERC approval of the plan in various forums, and, in December 2019, an appellate court remanded the contract rejection issue for further proceedings. The plan's effective date remains subject to certain conditions precedent, including FERC regulatory approval, and relevant aspects of the contract rejection and the plan subject to on-going appellate, bankruptcy and regulatory proceedings. OVEC and certain of its sponsors, including LG&E and KU, are analyzing certain potential additional credit support actions to preserve OVEC's access to credit markets or mitigate risks or adverse impacts relating thereto, including increased interest costs, establishing or continuing debt reserve accounts or other changes involving OVEC's existing short and long-term debt. The ultimate outcome of these matters, including the sponsor bankruptcy and related appellate or regulatory proceedings, OVEC structural or financial steps relating thereto and any other potential impact on LG&E's and KU's obligations relating to OVEC under the power purchase contract cannot be predicted.

The Registrants provide other miscellaneous guarantees through contracts entered into in the normal course of business. These guarantees are primarily in the form of indemnification or warranties related to services or equipment and vary in duration. The amounts of these guarantees often are not explicitly stated, and the overall maximum amount of the obligation under such guarantees cannot be reasonably estimated. Historically, no significant payments have been made with respect to these types of guarantees and the probability of payment/performance under these guarantees is remote.

PPL, on behalf of itself and certain of its subsidiaries, maintains insurance that covers liability assumed under contract for bodily injury and property damage. The coverage provides maximum aggregate coverage of \$225 million. This insurance may be applicable to obligations under certain of these contractual arrangements.

## 14. Related Party Transactions

### Wholesale Sales and Purchases (*LG&E and KU*)

LG&E and KU jointly dispatch their generation units with the lowest cost generation used to serve their retail customers. When LG&E has excess generation capacity after serving its own retail customers and its generation cost is lower than that of KU, KU purchases electricity from LG&E and vice versa. These transactions are reflected in the Statements of Income as "Electric revenue from affiliate" and "Energy purchases from affiliate" and are recorded at a price equal to the seller's fuel cost plus any split savings. Savings realized from such intercompany transactions are shared equally between both companies. The volume of energy each company has to sell to the other is dependent on its retail customers' needs and its available generation.

### Support Costs (*PPL Electric, LKE, LG&E and KU*)

PPL Services, PPL EU Services and LKS provide PPL, PPL Electric and LKE, their respective subsidiaries, including LG&E and KU, and each other with administrative, management and support services. For all services companies, the costs of directly assignable and attributable services are charged to the respective recipients as direct support costs. General costs that cannot be directly attributed to a specific entity are allocated and charged to the respective recipients as indirect support costs. PPL Services and PPL EU Services use a three-factor methodology that includes the applicable recipients' invested capital, operation and maintenance expenses and number of employees to allocate indirect costs. PPL Services may also use a ratio of overall direct and indirect costs or a weighted average cost ratio. LKS bases its indirect allocations on the subsidiaries' number of employees, total assets, revenues, number of customers and/or other statistical information. PPL Services, PPL EU Services and LKS charged the following amounts for the years ended December 31, including amounts applied to accounts that are

further distributed between capital and expense on the books of the recipients, based on methods that are believed to be reasonable.

	2019	2018	2017
PPL Electric from PPL Services	\$ 59	\$ 59	\$ 182
LKE from PPL Services	28	26	20
PPL Electric from PPL EU Services	152	148	64
LG&E from LKS	160	151	169
KU from LKS	178	169	190

In addition to the charges for services noted above, LKS makes payments on behalf of LG&E and KU for fuel purchases and other costs for products or services provided by third parties. LG&E and KU also provide services to each other and to LKS. Billings between LG&E and KU relate to labor and overheads associated with union and hourly employees performing work for the other company, charges related to jointly-owned generating units and other miscellaneous charges. Tax settlements between LKE and LG&E and KU are reimbursed through LKS.

## Intercompany Borrowings

### *(PPL Electric)*

PPL Energy Funding maintains a \$650 million revolving line of credit with a PPL Electric subsidiary. No balance was outstanding at December 31, 2019 and 2018. The interest rates on borrowings are equal to one-month LIBOR plus a spread. Interest income is reflected in "Interest Income from Affiliate" on the Income Statements.

### *(LKE)*

LKE maintains a \$375 million revolving line of credit with a PPL Energy Funding subsidiary whereby LKE can borrow funds on a short-term basis at market-based rates. The interest rates on borrowings are equal to one-month LIBOR plus a spread. At December 31, 2019 and 2018, \$150 million and \$113 million were outstanding and reflected in "Notes payable with affiliates" on the Balance Sheets. The interest rate on the outstanding borrowings at December 31, 2019 and 2018 were 3.20% and 3.85%. Interest expense on the revolving line of credit was not significant for 2019, 2018 or 2017.

LKE maintains an agreement with a PPL affiliate that has a \$300 million borrowing limit whereby LKE can loan funds on a short-term basis at market-based rates. No balance was outstanding at December 31, 2019 and 2018. The interest rate on the loan based on the PPL affiliates credit rating is currently equal to one-month LIBOR plus a spread.

LKE maintains ten-year notes of \$400 million and \$250 million with a PPL affiliate with interest rates of 3.5% and 4%. At December 31, 2019 and 2018, the notes were reflected in "Long-term debt to affiliate" on the Balance Sheets. Interest expense on the \$400 million note was \$14 million for 2019, 2018 and 2017. Interest Expense on the \$250 million note was \$10 million for 2019 and \$7 million for 2018.

### *(LG&E)*

LG&E participates in an intercompany money pool agreement whereby LKE and/or KU make available to LG&E funds up to \$500 million at an interest rate based on a market index of commercial paper issues. No balances were outstanding at December 31, 2019 and 2018.

### *(KU)*

KU participates in an intercompany money pool agreement whereby LKE and/or LG&E make available to KU funds up to \$500 million at an interest rate based on a market index of commercial paper issues. No balances were outstanding at December 31, 2019 and 2018.

## **VEBA Funds Receivable** *(PPL Electric)*

In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA, to be used to pay medical claims of active bargaining unit employees. Based on PPL Electric's participation in PPL's Other Postretirement Benefit plan, PPL Electric was allocated a portion of the excess funds from PPL Services. These funds have been recorded as an intercompany receivable on

the Balance Sheets. The receivable balance decreases as PPL Electric pays incurred medical claims and is reimbursed by PPL Services. The intercompany receivable balance associated with these funds was \$32 million as of December 31, 2019, of which \$10 million was reflected in "Accounts receivable from affiliates" and \$22 million was reflected in "Other noncurrent assets" on the Balance Sheets.

**Other (PPL Electric, LKE, LG&E and KU)**

See Note 1 for discussions regarding the intercompany tax sharing agreement (for PPL Electric, LKE, LG&E and KU) and intercompany allocations of stock-based compensation expense (for PPL Electric and LKE). For PPL Electric, LG&E and KU, see Note 11 for discussions regarding intercompany allocations associated with defined benefits.

**15. Other Income (Expense) - net**

*(PPL)*

The components of "Other Income (Expense) - net" for the years ended December 31, were:

	2019	2018	2017
Other Income			
Economic foreign currency exchange contracts (Note 17)	\$ (14)	\$ 150	\$ (261)
Defined benefit plans - non-service credits (Note 11)	316	257	167
Interest income	16	6	2

Other Expense			
Charitable contributions	3	3	2
Miscellaneous	1	1	3
Total Other Expense	<u>4</u>	<u>4</u>	<u>5</u>
Other Income (Expense) - net	<u>\$ 25</u>	<u>\$ 23</u>	<u>\$ 12</u>

**16. Fair Value Measurements**

*(All Registrants)*

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). A market approach (generally, data from market transactions), an income approach (generally, present value techniques and option-pricing models), and/or a cost approach (generally, replacement cost) are used to measure the fair value of an asset or liability, as appropriate. These valuation approaches incorporate inputs such as observable, independent market data and/or unobservable data that management believes are predicated on the assumptions market participants would use to price an asset or liability. These inputs may incorporate, as

applicable, certain risks such as nonperformance risk, which includes credit risk. The fair value of a group of financial assets and liabilities is measured on a net basis. See Note 1 for information on the levels in the fair value hierarchy.

## Recurring Fair Value Measurements

The assets and liabilities measured at fair value were:

	December 31, 2019				December 31, 2018			
	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3

- (a) Current portion is included in "Other current assets" and long-term portion is included in "Other noncurrent assets" on the Balance Sheets.
- (b) In accordance with accounting guidance, certain investments that are measured at fair value using net asset value per share (NAV), or its equivalent, have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.
- (c) Current portion is included in "Price risk management assets" and "Other current liabilities" and noncurrent portion is included in "Price risk management assets" and "Other deferred credits and noncurrent liabilities" on the Balance Sheets.

### Special Use Funds

#### (PPL)

The special use funds are investments restricted for paying active union employee medical costs. In May 2018, PPL received a favorable private letter ruling from the IRS permitting a transfer of excess funds from the PPL Bargaining Unit Retiree Health Plan VEBA to a new subaccount within the VEBA to be used to pay medical claims of active bargaining unit employees. In 2019, the funds are invested primarily in commingled debt and equity funds measured at NAV. The funds are classified as investments in equity securities. Changes in the fair value of the funds are recorded to the Statement of Income. In 2018, the funds were invested in money market funds.

#### Price Risk Management Assets/Liabilities - Interest Rate Swaps/Foreign Currency Contracts/Cross-Currency Swaps (PPL, LKE, LG&E and KU)

To manage interest rate risk, PPL, LKE, LG&E and KU use interest rate contracts such as forward-starting swaps, floating-to-fixed swaps and fixed-to-floating swaps. To manage foreign currency exchange risk, PPL uses foreign currency contracts such as forwards, options, and cross-currency swaps that contain characteristics of both interest rate and foreign currency contracts. An income approach is used to measure the fair value of these contracts, utilizing readily observable inputs, such as forward interest rates (e.g., LIBOR and government security rates) and forward foreign currency exchange rates (e.g., GBP), as well as inputs that may not be observable, such as credit valuation adjustments. In certain cases, market information cannot practicably be obtained to value credit risk and therefore internal models are relied upon. These models use projected probabilities of default and estimated recovery rates based on historical observances. When the credit valuation adjustment is significant to the overall valuation, the contracts are classified as Level 3.

#### Financial Instruments Not Recorded at Fair Value (All Registrants)

The carrying amounts of long-term debt on the Balance Sheets and their estimated fair values are set forth below. Long-term debt is classified as Level 2. The effect of third-party credit enhancements is not included in the fair value measurement.

	December 31, 2019		December 31, 2018	
	Carrying Amount (a)	Fair Value	Carrying Amount (a)	Fair Value
PPL	\$ 21,893	\$ 25,481	\$ 20,599	\$ 22,939
PPL Electric	3,985	4,589	3,694	3,901
LKE	6,002	6,766	5,502	5,768
LG&E	2,005	2,278	1,809	1,874
KU	2,623	3,003	2,321	2,451

- (a) Amounts are net of debt issuance costs.

The carrying amounts of other current financial instruments (except for long-term debt due within one year) approximate their fair values because of their short-term nature.

## 17. Derivative Instruments and Hedging Activities

### Risk Management Objectives

*(All Registrants)*

PPL has a risk management policy approved by the Board of Directors to manage market risk associated with commodities, interest rates on debt issuances and foreign exchange (including price, liquidity and volumetric risk) and credit risk (including non-performance risk and payment default risk). The Risk Management Committee, comprised of senior management and chaired by the Senior Director-Risk Management, oversees the risk management function. Key risk control activities designed to ensure compliance with the risk policy and detailed programs include, but are not limited to, credit review and approval, validation of transactions, verification of risk and transaction limits, value-at-risk analyses (VaR, a statistical model that attempts to estimate the value of potential loss over a given holding period under normal market conditions at a given confidence level) and the coordination and reporting of the Enterprise Risk Management program.

### Market Risk

Market risk includes the potential loss that may be incurred as a result of price changes associated with a particular financial or commodity instrument as well as market liquidity and volumetric risks. Forward contracts, futures contracts, options, swaps and structured transactions are utilized as part of risk management strategies to minimize unanticipated fluctuations in earnings caused by changes in commodity prices, interest rates and foreign currency exchange rates. Many of these contracts meet the definition of a derivative. All derivatives are recognized on the Balance Sheets at their fair value, unless NPNS is elected.

The following summarizes the market risks that affect PPL and its subsidiaries.

#### *Interest Rate Risk*

- PPL and its subsidiaries are exposed to interest rate risk associated with forecasted fixed-rate and existing floating-rate debt issuances. PPL and WPD hold over-the-counter cross currency swaps to limit exposure to market fluctuations on interest and principal payments from changes in foreign currency exchange rates and interest rates. PPL, LKE and LG&E utilize over-the-counter interest rate swaps to limit exposure to market fluctuations on floating-rate debt. PPL, LKE, LG&E and KU utilize forward starting interest rate swaps to hedge changes in benchmark interest rates, when appropriate, in connection with future debt issuances.
- PPL and its subsidiaries are exposed to interest rate risk associated with debt securities and derivatives held by defined benefit plans. This risk is significantly mitigated to the extent that the plans are sponsored at, or sponsored on behalf of, the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.

#### *Foreign Currency Risk (PPL)*

- PPL is exposed to foreign currency exchange risk primarily associated with its investments in and earnings of U.K. affiliates.

*(All Registrants)*

#### *Commodity Price Risk*

PPL is exposed to commodity price risk through its domestic subsidiaries as described below.

- PPL Electric is required to purchase electricity to fulfill its obligation as a PLR. Potential commodity price risk is insignificant and mitigated through its PUC-approved cost recovery mechanism and full-requirement supply agreements to serve its PLR customers which transfer the risk to energy suppliers.
- LG&E's and KU's rates include certain mechanisms for fuel, fuel-related expenses and energy purchases. In addition, LG&E's rates include a mechanism for natural gas supply expenses. These mechanisms generally provide for timely recovery of market price fluctuations associated with these expenses.

#### *Volumetric Risk*

Volumetric risk is the risk related to the changes in volume of retail sales due to weather, economic conditions or other factors. PPL is exposed to volumetric risk through its subsidiaries as described below.

- WPD is exposed to volumetric risk which is significantly mitigated as a result of the method of regulation in the U.K. Under the RIIO-ED1 price control regulations, recovery of such exposure occurs on a two year lag. See Note 1 for additional information on revenue recognition under RIIO-ED1.
- PPL Electric, LG&E and KU are exposed to volumetric risk on retail sales, mainly due to weather and other economic conditions for which there is limited mitigation between rate cases.

#### *Equity Securities Price Risk*

- PPL and its subsidiaries are exposed to equity securities price risk associated with the fair value of the defined benefit plans' assets. This risk is significantly mitigated at the regulated domestic utilities and for certain plans at WPD due to the recovery methods in place.
- PPL is exposed to equity securities price risk from future stock sales and/or purchases.

#### **Credit Risk**

Credit risk is the potential loss that may be incurred due to a counterparty's non-performance.

PPL is exposed to credit risk from "in-the-money" transactions with counterparties, as well as additional credit risk through certain of its subsidiaries, as discussed below.

In the event a supplier of PPL Electric, LG&E or KU defaults on its obligation, those Registrants would be required to seek replacement power or replacement fuel in the market. In general, subject to regulatory review or other processes, appropriate incremental costs incurred by these entities would be recoverable from customers through applicable rate mechanisms, thereby mitigating the financial risk for these entities.

PPL and its subsidiaries have credit policies in place to manage credit risk, including the use of an established credit approval process, daily monitoring of counterparty positions and the use of master netting agreements or provisions. These agreements generally include credit mitigation provisions, such as margin, prepayment or collateral requirements. PPL and its subsidiaries may request additional credit assurance, in certain circumstances, in the event that the counterparties' credit ratings fall below investment grade, their tangible net worth falls below specified percentages or their exposures exceed an established credit limit.

#### **Master Netting Arrangements** (*PPL, LKE, LG&E and KU*)

Net derivative positions on the balance sheets are not offset against the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) under master netting arrangements.

PPL had a \$14 million and \$40 million obligation to return cash collateral under master netting arrangements at December 31, 2019 and 2018.

PPL had no obligation to post cash collateral under master netting arrangements at December 31, 2019 and 2018.

LKE, LG&E and KU had no obligation to return cash collateral under master netting arrangements at December 31, 2019 and 2018.

LKE, LG&E and KU had no cash collateral posted under master netting arrangements at December 31, 2019 and 2018.

See "Offsetting Derivative Instruments" below for a summary of derivative positions presented in the balance sheets where a right of setoff exists under these arrangements.

#### **Interest Rate Risk**

*(All Registrants)*

PPL and its subsidiaries issue debt to finance their operations, which exposes them to interest rate risk. A variety of financial derivative instruments are utilized to adjust the mix of fixed and floating interest rates in their debt portfolios, adjust the duration of the debt portfolios and lock in benchmark interest rates in anticipation of future financing, when appropriate. Risk limits under PPL's risk management program are designed to balance risk exposure to volatility in interest expense and changes

in the fair value of the debt portfolio due to changes in benchmark interest rates. In addition, the interest rate risk of certain subsidiaries is potentially mitigated as a result of the existing regulatory framework or the timing of rate cases.

#### Cash Flow Hedges (PPL)

Interest rate risks include exposure to adverse interest rate movements for outstanding variable rate debt and for future anticipated financings. Financial interest rate swap contracts that qualify as cash flow hedges may be entered into to hedge floating interest rate risk associated with both existing and anticipated debt issuances. PPL had no such contracts at December 31, 2019.

At December 31, 2019, PPL held an aggregate notional value in cross-currency interest rate swap contracts of \$702 million that range in maturity from 2021 through 2028 to hedge the interest payments and principal of WPD's U.S. dollar-denominated senior notes.

Cash flow hedges are discontinued if it is no longer probable that the original forecasted transaction will occur by the end of the originally specified time period and any amounts previously recorded in AOCI are reclassified into earnings once it is determined that the hedged transaction is not probable of occurring.

For 2019 and 2018, PPL had no cash flow hedges reclassified into earnings associated with discontinued cash flow hedges and had an insignificant amount of cash flow hedges reclassified into earnings associated with discontinued cash flow hedges in 2017.

At December 31, 2019, the amount of accumulated net unrecognized after-tax gains (losses) on qualifying derivatives expected to be reclassified into earnings during the next 12 months is insignificant. Amounts are reclassified as the hedged interest expense is recorded.

#### Economic Activity (PPL, LKE and LG&E)

LG&E enters into interest rate swap contracts that economically hedge interest payments on variable rate debt. Because realized gains and losses from the swaps, including terminated swap contracts, are recoverable through regulated rates, any subsequent changes in fair value of these derivatives are included in regulatory assets or liabilities until they are realized as interest expense. Realized gains and losses are recognized in "Interest Expense" on the Statements of Income at the time the underlying hedged interest expense is recorded. At December 31, 2019, LG&E held contracts with a notional amount of \$147 million that range in maturity through 2033.

#### **Foreign Currency Risk**

*(PPL)*

PPL is exposed to foreign currency risk, primarily through investments in and earnings of U.K. affiliates. PPL has adopted a foreign currency risk management program designed to hedge certain foreign currency exposures, including firm commitments, recognized assets or liabilities, anticipated transactions and net investments. In addition, PPL enters into financial instruments to protect against foreign currency translation risk of expected GBP earnings.

#### Net Investment Hedges

PPL enters into foreign currency contracts on behalf of a subsidiary to protect the value of a portion of its net investment in WPD. There were no contracts outstanding at December 31, 2019.

At December 31, 2019 and 2018, PPL had \$32 million and \$31 million of accumulated net investment hedge after tax gains (losses) that were included in the foreign currency translation adjustment component of AOCI.

#### Economic Activity

PPL enters into foreign currency contracts on behalf of a subsidiary to economically hedge GBP-denominated anticipated earnings. At December 31, 2019, the total exposure hedged by PPL was approximately £859 million (approximately \$1.3 billion based on contracted rates). These contracts have termination dates ranging from January 2020 through December 2020.

## Accounting and Reporting

(All Registrants)

All derivative instruments are recorded at fair value on the Balance Sheet as an asset or liability unless NPNS is elected. NPNS contracts for PPL and PPL Electric include certain full-requirement purchase contracts and other physical purchase contracts. Changes in the fair value of derivatives not designated as NPNS are recognized in earnings unless specific hedge accounting criteria are met and designated as such, except for the changes in fair values of LG&E's interest rate swaps that are recognized as regulatory assets or regulatory liabilities. See Note 7 for amounts recorded in regulatory assets and regulatory liabilities at December 31, 2019 and 2018.

See Note 1 for additional information on accounting policies related to derivative instruments.

(PPL)

The following table presents the fair value and location of derivative instruments recorded on the Balance Sheets:

	December 31, 2019				December 31, 2018			
	Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments		Derivatives designated as hedging instruments		Derivatives not designated as hedging instruments	
	Assets	Liabilities	Assets	Liabilities	Assets	Liabilities	Assets	Liabilities
Current:

Derivative Instruments	Location of Gain (Loss)	2019	2018	2017
Interest rate swaps	Regulatory assets - noncurrent	\$ (1)	\$ 6	\$ 5

(PPL, LKE, LG&E and KU)

### Offsetting Derivative Instruments

PPL, LKE, LG&E and KU or certain of their subsidiaries have master netting arrangements in place and also enter into agreements pursuant to which they purchase or sell certain energy and other products. Under the agreements, upon termination of the agreement as a result of a default or other termination event, the non-defaulting party typically would have a right to set off amounts owed under the agreement against any other obligations arising between the two parties (whether under the agreement or not), whether matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation.

PPL, LKE, LG&E and KU have elected not to offset derivative assets and liabilities and not to offset net derivative positions against the right to reclaim cash collateral pledged (an asset) or the obligation to return cash collateral received (a liability) under derivatives agreements. The table below summarizes the derivative positions presented in the balance sheets where a right of setoff exists under these arrangements and related cash collateral received or pledged.

	Assets				Liabilities			
	Gross	Eligible for Offset		Net	Gross	Eligible for Offset		Net
		Derivative Instruments	Cash Collateral Received			Derivative Instruments	Cash Collateral Pledged	
<b>December 31, 2019</b>								
<b>Treasury Derivatives</b>

LKE	—	—	—	—	20	—	—	20
LG&E	—	—	—	—	20	—	—	20

### Credit Risk-Related Contingent Features

Certain derivative contracts contain credit risk-related contingent features which, when in a net liability position, would permit the counterparties to require the transfer of additional collateral upon a decrease in the credit ratings of PPL, LKE, LG&E and KU or certain of their subsidiaries. Most of these features would require the transfer of additional collateral or permit the counterparty to terminate the contract if the applicable credit rating were to fall below investment grade. Some of these features also would allow the counterparty to require additional collateral upon each downgrade in credit rating at levels that remain above investment grade. In either case, if the applicable credit rating were to fall below investment grade, and assuming no assignment to an investment grade affiliate were allowed, most of these credit contingent features require either immediate payment of the net liability as a termination payment or immediate and ongoing full collateralization on derivative instruments in net liability positions.

Additionally, certain derivative contracts contain credit risk-related contingent features that require adequate assurance of performance be provided if the other party has reasonable concerns regarding the performance of PPL's, LKE's, LG&E's and KU's obligations under the contracts. A counterparty demanding adequate assurance could require a transfer of additional collateral or other security, including letters of credit, cash and guarantees from a creditworthy entity. This would typically involve negotiations among the parties. However, amounts disclosed below represent assumed immediate payment or immediate and ongoing full collateralization for derivative instruments in net liability positions with "adequate assurance" features.

(PPL, LKE and LG&E)

At December 31, 2019, derivative contracts in a net liability position that contain credit risk-related contingent features, collateral posted on those positions and the related effect of a decrease in credit ratings below investment grade are summarized as follows:

	PPL	LKE	LG&E
Aggregate fair value of derivative instruments in a net liability position with credit risk-related contingent features	\$ 3	\$ 3	\$ 3
Aggregate fair value of collateral posted on these derivative instruments	—	—	—
Aggregate fair value of additional collateral requirements in the event of a credit downgrade below investment grade (a)	3	3	3

(a) Includes the effect of net receivables and payables already recorded on the Balance Sheet.

### 18. Goodwill and Other Intangible Assets

#### Goodwill

(PPL)

The changes in the carrying amount of goodwill by segment were:

	U.K. Regulated		Kentucky Regulated		Corporate and Other		Total	
	2019	2018	2019	2018	2019	2018	2019	2018
Balance at beginning of period (a)	\$ 2,447	\$ 2,596	\$ 662	\$ 662	\$ 53	\$ —	\$ 3,162	\$ 3,258
Effect of foreign currency exchange rates	34	(149)	—	—	—	—	34	(149)
Goodwill recognized during the period (b)	—	—	—	—	—	53	—	53
Other	2	—	—	—	—	—	2	—
Balance at end of period (a)	<u>\$ 2,483</u>	<u>\$ 2,447</u>	<u>\$ 662</u>	<u>\$ 662</u>	<u>\$ 53</u>	<u>\$ 53</u>	<u>\$ 3,198</u>	<u>\$ 3,162</u>

- (a) There were no accumulated impairment losses related to goodwill.  
(b) Recognized as a result of the acquisition of Safari Energy.

## Other Intangible Assets

(PPL)

The gross carrying amount and the accumulated amortization of other intangible assets were:

	December 31, 2019		December 31, 2018	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
<b>Subject to amortization:</b>				
Contracts (a)	\$ 136	\$ 84	\$ 137	\$ 75
Land rights and easements	440	135	418	128
Licenses and other	22	3	21	1
<b>Total subject to amortization</b>	<u>598</u>	<u>222</u>	<u>576</u>	<u>204</u>
<b>Not subject to amortization due to indefinite life:</b>				
Land rights and easements	361	—	339	—
Other	6	—	6	—
<b>Total not subject to amortization due to indefinite life</b>	<u>367</u>	<u>—</u>	<u>345</u>	<u>—</u>
<b>Total</b>	<u>\$ 965</u>	<u>\$ 222</u>	<u>\$ 921</u>	<u>\$ 204</u>

- (a) Gross carrying amount in 2019 and 2018 includes the fair value at the acquisition date of the OVEC power purchase contract with terms favorable to market recognized as a result of the 2010 acquisition of LKE by PPL.

Current intangible assets are included in "Other current assets" and long-term intangible assets are included in "Other intangibles" on the Balance Sheets.

Amortization expense was as follows:

	2019	2018	2017
Intangible assets with no regulatory offset	\$ 9	\$ 7	\$ 6
Intangible assets with regulatory offset	9	8	9
<b>Total</b>	<u>\$ 18</u>	<u>\$ 15</u>	<u>\$ 15</u>

Amortization expense for each of the next five years is estimated to be:

	2020	2021	2022	2023	2024
Intangible assets with no regulatory offset	\$ 9	\$ 9	\$ 9	\$ 9	\$ 9
Intangible assets with regulatory offset	8	8	8	8	8
<b>Total</b>	<u>\$ 17</u>				

(PPL Electric)

The gross carrying amount and the accumulated amortization of other intangible assets were:

	December 31, 2019		December 31, 2018	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
<b>Subject to amortization:</b>				
Land rights and easements	\$ 370	\$ 125	\$ 363	\$ 121
Licenses and other	3	1	2	1
<b>Total subject to amortization</b>	<b>373</b>	<b>126</b>	<b>365</b>	<b>122</b>
<b>Not subject to amortization due to indefinite life:</b>				
Land rights and easements	17	—	17	—
<b>Total</b>	<b>\$ 390</b>	<b>\$ 126</b>	<b>\$ 382</b>	<b>\$ 122</b>

Intangible assets are shown as "Intangibles" on the Balance Sheets.

Amortization expense was insignificant in 2019, 2018 and 2017 and is expected to be insignificant in future years.

(LKE)

The gross carrying amount and the accumulated amortization of other intangible assets were:

	December 31, 2019		December 31, 2018	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
<b>Subject to amortization:</b>				
Land rights and easements	\$ 22	\$ 4	\$ 21	\$ 3
OVEC power purchase agreement (a)	125	74	126	66
<b>Total subject to amortization</b>	<b>\$ 147</b>	<b>\$ 78</b>	<b>\$ 147</b>	<b>\$ 69</b>

(a) Gross carrying amount represents the fair value at the acquisition date of the OVEC power purchase contract recognized as a result of the 2010 acquisition by PPL. An offsetting regulatory liability was recorded related to this contract, which is being amortized over the same period as the intangible asset, eliminating any income statement impact. See Note 7 for additional information.

Long-term intangible assets are presented as "Other intangibles" on the Balance Sheets.

Amortization expense was as follows:

	2019	2018	2017
Intangible assets with regulatory offset	\$ 9	\$ 8	\$ 9

Amortization expense for each of the next five years is estimated to be:

	2020	2021	2022	2023	2024
Intangible assets with regulatory offset	\$ 8	\$ 8	\$ 8	\$ 8	\$ 8

(LG&E)

The gross carrying amount and the accumulated amortization of other intangible assets were:

	December 31, 2019		December 31, 2018	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
<b>Subject to amortization:</b>				
Land rights and easements	\$ 7	\$ 1	\$ 7	\$ 1
OVEC power purchase agreement (a)	86	51	87	46
<b>Total subject to amortization</b>	<b>\$ 93</b>	<b>\$ 52</b>	<b>\$ 94</b>	<b>\$ 47</b>

(a) Gross carrying amount represents the fair value at the acquisition date of the OVEC power purchase contract recognized as a result of the 2010 acquisition by PPL. An offsetting regulatory liability was recorded related to this contract, which is being amortized over the same period as the intangible asset, eliminating any income statement impact. See Note 7 for additional information.

Long-term intangible assets are presented as "Other intangibles" on the Balance Sheets.

Amortization expense was as follows:

	2019	2018	2017
Intangible assets with regulatory offset	\$ 6	\$ 6	\$ 6

Amortization expense for each of the next five years is estimated to be:

	2020	2021	2022	2023	2024
Intangible assets with regulatory offset	\$ 6	\$ 6	\$ 6	\$ 6	\$ 6

(KU)

The gross carrying amount and the accumulated amortization of other intangible assets were:

	December 31, 2019		December 31, 2018	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
<b>Subject to amortization:</b>				
Land rights and easements	\$ 15	\$ 3	\$ 14	\$ 2
OVEC power purchase agreement (a)	39	23	39	20
<b>Total subject to amortization</b>	<b>\$ 54</b>	<b>\$ 26</b>	<b>\$ 53</b>	<b>\$ 22</b>

(a) Gross carrying amount represents the fair value at the acquisition date of the OVEC power purchase contract recognized as a result of the 2010 acquisition by PPL. An offsetting regulatory liability was recorded related to this contract, which is being amortized over the same period as the intangible asset, eliminating any income statement impact. See Note 7 for additional information.

Long-term intangible assets are presented as "Other intangibles" on the Balance Sheets.

Amortization expense was as follows:

	2019	2018	2017
Intangible assets with regulatory offset	\$ 3	\$ 2	\$ 3

Amortization expense for each of the next five years is estimated to be:

	2020	2021	2022	2023	2024
Intangible assets with regulatory offset	\$ 2	\$ 2	\$ 2	\$ 2	\$ 2

## 19. Asset Retirement Obligations

(PPL)

WPD has recorded conditional AROs required by U.K. law related to treated wood poles, gas-filled switchgear and fluid-filled cables.

(PPL and PPL Electric)

PPL Electric has identified legal retirement obligations for the retirement of certain transmission assets that could not be reasonably estimated due to indeterminable settlement dates. These assets are located on rights-of-way that allow the grantor to require PPL Electric to relocate or remove the assets. Since this option is at the discretion of the grantor of the right-of-way, PPL Electric is unable to determine when these events may occur.

(PPL, LKE, LG&E and KU)

PPL's LKE's, LG&E's and KU's ARO liabilities are primarily related to CCR closure costs. See Note 13 for information on the CCR rule. LG&E also has AROs related to natural gas mains and wells. LG&E's and KU's transmission and distribution lines largely operate under perpetual property easement agreements, which do not generally require restoration upon removal of the property. Therefore, no material AROs are recorded for transmission and distribution assets. For LKE, LG&E and KU, all ARO accretion and depreciation expenses are reclassified as a regulatory asset. For other AROs, at the time of retirement, the related ARO regulatory asset is offset against the associated cost of removal regulatory liability, PP&E and ARO liability.

The changes in the carrying amounts of AROs were as follows:

	PPL		LKE		LG&E		KU	
	2019	2018	2019	2018	2019	2018	2019	2018
ARO at beginning of period	\$ 347	\$ 397	\$ 296	\$ 356	\$ 103	\$ 121	\$ 193	\$ 235
Accretion	19	20	17	18	6	6	11	12
Obligations incurred	—	8	—	8	—	—	—	8
Changes in estimated timing or cost	12	(3)	(2)	(14)	(2)	(2)	—	(12)
Effect of foreign currency exchange rates	—	(3)	—	—	—	—	—	—
Obligations settled	(96)	(72)	(96)	(72)	(34)	(22)	(62)	(50)
ARO at end of period	<u>\$ 282</u>	<u>\$ 347</u>	<u>\$ 215</u>	<u>\$ 296</u>	<u>\$ 73</u>	<u>\$ 103</u>	<u>\$ 142</u>	<u>\$ 193</u>

## 20. Accumulated Other Comprehensive Income (Loss)

(PPL and LKE)

The after-tax changes in AOCI by component for the years ended December 31 were as follows:

	Foreign currency translation adjustments	Unrealized gains (losses) on qualifying derivatives	Equity investees' AOCI	Defined benefit plans		Total
				Prior service costs	Actuarial gain (loss)	
<b>PPL</b>						
<b>December 31, 2016</b>	\$ (1,627)	\$ (7)	\$ (1)	\$ (8)	\$ (2,135)	\$ (3,778)

[Table of Contents](#)

The following table presents PPL's gains (losses) and related income taxes for reclassifications from AOCI for the years ended December 31, 2019, 2018 and 2017. LKE amounts are insignificant for the years ended December 31, 2019, 2018 and 2017. The defined benefit plan components of AOCI are not reflected in their entirety in the statement of income; rather, they are included in the computation of net periodic defined benefit costs (credits) and subject to capitalization. See Note 11 for additional information.

## 21. New Accounting Guidance Pending Adoption

(All Registrants)

### Accounting for Financial Instrument Credit Losses

In June 2016, the FASB issued accounting guidance that requires the use of a current expected credit loss (CECL) model for the measurement of credit losses on financial instruments within the scope of this guidance, which includes accounts receivable. The CECL model requires an entity to measure credit losses using historical information, current information and reasonable and supportable forecasts of future events, rather than the incurred loss impairment model required under current GAAP.

The Registrants adopted the guidance using a modified retrospective through a cumulative-effect adjustment to retained earnings on January 1, 2020. The adoption of this guidance did not have a significant impact on the Registrants.

### Accounting for Implementation Costs in a Cloud Computing Service Arrangement

In August 2018, the FASB issued accounting guidance that requires a customer in a cloud computing hosting arrangement that is a service contract to capitalize implementation costs consistent with internal-use software guidance for non-service arrangements. Prior guidance had not addressed these implementation costs. The guidance requires these capitalized implementation costs to be amortized over the term of the hosting arrangement to the statement of income line item where the service arrangement costs are recorded. The guidance also prescribes the financial statement classification of the capitalized implementation costs and cash flows associated with the arrangement. Additional quantitative and qualitative disclosures are also required.

The Registrants adopted this guidance prospectively effective January 1, 2020. The adoption of this guidance did not have a significant impact on the Registrants.

Simplifying the Test for Goodwill Impairment (PPL, LKE, LG&E and KU)

In January 2017, the FASB issued accounting guidance that simplifies the test for goodwill impairment by eliminating the second step of the quantitative test. The second step of the quantitative test requires a calculation of the implied fair value of goodwill, which is determined in the same manner as the amount of goodwill in a business combination. Under this new guidance, an entity will now compare the estimated fair value of a reporting unit with its carrying value and recognize an impairment charge for the amount the carrying amount exceeds the fair value of the reporting unit.

The Registrants adopted this guidance on January 1, 2020. The adoption of this guidance did not have a significant impact on the Registrants.

*The accompanying Notes to Condensed Unconsolidated Financial Statements are an integral part of the financial statements.*

## **Schedule I - LG&E and KU Energy LLC**

### **Notes to Condensed Unconsolidated Financial Statements**

#### **1. Basis of Presentation**

LG&E and KU Energy LLC (LKE) is a holding company and conducts substantially all of its business operations through its subsidiaries. Substantially all of its consolidated assets are held by such subsidiaries. LKE uses the equity method to account for its investments in entities in which it has a controlling financial interest. LKE's cash flow and its ability to meet its obligations are largely dependent upon the earnings of these subsidiaries and the distribution or other payment of such earnings to it in the form of dividends or repayment of loans and advances from the subsidiaries. These condensed financial statements and related footnotes have been prepared in accordance with Reg. §210.12-04 of Regulation S-X. These statements should be read in conjunction with the consolidated financial statements and notes thereto of LKE.

LKE indirectly or directly owns all of the ownership interests of its significant subsidiaries. LKE relies primarily on dividends from its subsidiaries to fund LKE's distributions to its member and to meet its other cash requirements. See Note 8 to LKE's consolidated financial statements for discussions related to restricted net assets of its subsidiaries for the purposes of transferring funds to LKE in the form of distributions, loans or advances.

#### **2. Commitments and Contingencies**

See Note 13 to LKE's consolidated financial statements for commitments and contingencies of its subsidiaries.

##### Guarantees

LKE provides certain indemnifications covering the due and punctual payment, performance and discharge by each party of its respective obligations. The most comprehensive of these guarantees is the LKE guarantee covering operational, regulatory and environmental commitments and indemnifications made by WKE under a 2009 Transaction Termination Agreement. This guarantee has a term of 12 years ending July 2021, and a maximum exposure of \$200 million, exclusive of certain items such as government fines and penalties that may exceed the maximum.

Additionally, LKE has indemnified various third parties related to historical obligations for other divested subsidiaries and affiliates. The indemnifications vary by entity and the maximum exposures range from being capped at the sale price to no specified maximum. LKE could be required to perform on these indemnifications in the event of covered losses or liabilities being claimed by an indemnified party. LKE cannot predict the ultimate outcomes of the various indemnification scenarios, but does not expect such outcomes to result in significant losses above the amounts recorded.

#### **3. Long-Term Debt**

See Note 8 to LKE's consolidated financial statements for the terms of LKE's outstanding senior unsecured notes outstanding. Of the total outstanding, \$475 million matures in 2020 and \$250 million matures in 2021. These maturities are based on stated maturities. Also see Note 8 to LKE's consolidated financial statements for the terms of LKE's \$650 million in notes payable to a PPL affiliate. These notes range in maturity through 2028.

**QUARTERLY FINANCIAL AND DIVIDEND DATA (Unaudited)****PPL Corporation and Subsidiaries***(Millions of Dollars, except per share data)*

	For the Quarters Ended (a)			
	March 31	June 30	Sept. 30	Dec. 31
<b>2019</b>				
Operating revenues	\$ 2,079	\$ 1,803	\$ 1,933	\$ 1,954
Operating income	781	640	726	693
Net income	466	441	475	364
Net income available to PPL common shareowners: (b)				
Basic EPS	0.65	0.61	0.66	0.49
Diluted EPS	0.64	0.60	0.65	0.48
<b>2018</b>				
Operating revenues	\$ 2,126	\$ 1,848	\$ 1,872	\$ 1,939
Operating income	851	658	686	657
Net income	452	515	445	415
Net income available to PPL common shareowners: (b)				
Basic EPS	0.65	0.74	0.63	0.57
Diluted EPS	0.65	0.73	0.62	0.57

(a) Quarterly results can vary depending on, among other things, weather. Accordingly, comparisons among quarters of a year may not be indicative of overall trends and changes in operations.

(b) The sum of the quarterly amounts may not equal annual earnings per share due to changes in the number of common shares outstanding during the year or rounding.

**QUARTERLY FINANCIAL DATA (Unaudited)**  
**PPL Electric Utilities Corporation and Subsidiaries***(Millions of Dollars)*

	For the Quarters Ended (a)			
	March 31	June 30	Sept. 30	Dec. 31
<b>2019</b>				
Operating revenues	\$ 645	\$ 521	\$ 590	\$ 602
Operating income	198	161	193	193
Net income	121	94	118	124
<b>2018</b>				
Operating revenues	\$ 639	\$ 517	\$ 548	\$ 573
Operating income	228	133	178	155
Net income	148	75	111	96

(a) PPL Electric's business is seasonal in nature, with peak sales periods generally occurring in the winter and summer months. Accordingly, comparisons among quarters of a year may not be indicative of overall trends and changes in operations.

**ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS  
ON ACCOUNTING AND FINANCIAL DISCLOSURE**

**PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

None.

**ITEM 9A. CONTROLS AND PROCEDURES**

(a) Evaluation of disclosure controls and procedures.

**PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

The Registrants' principal executive officers and principal financial officers, based on their evaluation of the Registrants' disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Securities Exchange Act of 1934) have concluded that, as of December 31, 2019, the Registrants' disclosure controls and procedures are effective to ensure that material information relating to the Registrants and their consolidated subsidiaries is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, particularly during the period for which this annual report has been prepared. The aforementioned principal officers have concluded that the disclosure controls and procedures are also effective to ensure that information required to be disclosed in reports filed under the Exchange Act is accumulated and communicated to management, including the principal executive officers and principal financial officers, to allow for timely decisions regarding required disclosure.

(b) Changes in internal control over financial reporting.

**PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company, and Kentucky Utilities Company**

The Registrants' principal executive officers and principal financial officers have concluded that there were no changes in the Registrants' internal control over financial reporting during the Registrants' fourth fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrants' internal control over financial reporting.

**Management's Report on Internal Control over Financial Reporting**

**PPL Corporation**

PPL's management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f) or 15d-15(f). PPL's internal control over financial reporting is a process designed to provide reasonable assurance to PPL's management and Board of Directors regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in "Internal Control - Integrated Framework" (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on our evaluation under the framework in "Internal Control - Integrated Framework" (2013), our management concluded that our internal control over financial reporting was effective December 31, 2019. The effectiveness of our internal control over financial reporting has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report contained on page 81.

**PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

Management of PPL's non-accelerated filer companies, PPL Electric, LKE, LG&E and KU, are responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f) or 15d-15(f). Each of the aforementioned companies' internal control over financial reporting is a process

designed to provide reasonable assurance to management and Board of Directors of these companies regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements.

Under the supervision and with the participation of our management, including the principal executive officers and principal financial officers of the companies listed above, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in "Internal Control - Integrated Framework" (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on our evaluation under the framework in "Internal Control - Integrated Framework" (2013), management of these companies concluded that our internal control over financial reporting was effective as of December 31, 2019. This annual report does not include an attestation report of Deloitte & Touche LLP, the companies' independent registered public accounting firm regarding internal control over financial reporting for these non-accelerated filer companies. The effectiveness of internal control over financial reporting for the aforementioned companies was not subject to attestation by the companies' registered public accounting firm pursuant to rules of the Securities and Exchange Commission that permit these companies to provide only management's report in this annual report.

#### **ITEM 9B. OTHER INFORMATION**

#### **PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

None.

### **PART III**

#### **ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE**

#### **PPL Corporation**

Additional information for this item will be set forth in the sections entitled "Nominees for Directors" and "Board Committees - Board Committee Membership" in PPL's 2020 Notice of Annual Meeting and Proxy Statement, which will be filed with the SEC not later than 120 days after December 31, 2019, and which information is incorporated herein by reference. There have been no changes to the procedures by which shareowners may recommend nominees to PPL's board of directors since the filing with the SEC of PPL's 2019 Notice of Annual Meeting and Proxy Statement.

PPL has adopted a code of ethics entitled "Standards of Integrity" that applies to all directors, managers, trustees, officers (including the principal executive officers, principal financial officers and principal accounting officers (each, a "principal officer")), employees and agents of PPL and PPL's subsidiaries for which it has operating control (PPL Electric, LKE, LG&E and KU). The "Standards of Integrity" are posted on PPL's Internet website: [www.pplweb.com/Standards-of-Integrity](http://www.pplweb.com/Standards-of-Integrity). A description of any amendment to the "Standards of Integrity" (other than a technical, administrative or other non-substantive amendment) will be posted on PPL's Internet website within four business days following the date of the amendment. In addition, if a waiver constituting a material departure from a provision of the "Standards of Integrity" is granted to one of the principal officers, a description of the nature of the waiver, the name of the person to whom the waiver was granted and the date of the waiver will be posted on PPL's Internet website within four business days following the date of the waiver.

PPL also has adopted its "Guidelines for Corporate Governance," which address, among other things, director qualification standards and director and board committee responsibilities. These guidelines, and the charters of each of the committees of PPL's board of directors, are posted on PPL's Internet website: [www.pplweb.com/Guidelines](http://www.pplweb.com/Guidelines) and [www.pplweb.com/board-committees](http://www.pplweb.com/board-committees).

#### **PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

Item 10 is omitted as PPL Electric, LKE, LG&E and KU meet the conditions set forth in General Instruction (I)(1)(a) and (b) of Form 10-K.

**EXECUTIVE OFFICERS OF THE REGISTRANTS**

Officers of the Registrants are elected annually by their Boards of Directors to serve at the pleasure of the respective Boards. There are no family relationships among any of the executive officers, nor is there any arrangement or understanding between any executive officer and any other person pursuant to which the officer was selected.

There have been no events under any bankruptcy act, no criminal proceedings and no judgments or injunctions material to the evaluation of the ability and integrity of any executive officer during the past five years.

Listed below are the executive officers at December 31, 2019.

**PPL Corporation**

Name	Age	Positions Held During the Past Five Years	Dates
William H. Spence	62	Chairman and Chief Executive Officer	July 2019 - present
		Chairman, President and Chief Executive Officer	April 2012 - June 2019

Tadd J. Henninger	44	Vice President-Finance and Treasurer	July 2019 - present
		Vice President and Treasurer	January 2018 - July 2019
		Assistant Treasurer	December 2015 - December 2017
		Director-Corporate Finance	October 2013 - November 2015

(a) Designated an executive officer of PPL by virtue of their respective positions at a PPL subsidiary.

**ITEM 11. EXECUTIVE COMPENSATION**

**PPL Corporation**

Information for this item will be set forth in the sections entitled "Compensation of Directors," "The Board's Role in Risk Oversight" and "Executive Compensation" in PPL's 2020 Notice of Annual Meeting and Proxy Statement, which will be filed with the SEC not later than 120 days after December 31, 2019, and which information is incorporated herein by reference.

**PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

Item 11 is omitted as PPL Electric, LKE, LG&E and KU meet the conditions set forth in General Instructions (I)(1)(a) and (b) of Form 10-K.

**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT  
AND RELATED STOCKHOLDER MATTERS**

**PPL Corporation**

Information for this item will be set forth in the section entitled "Stock Ownership" in PPL's 2020 Notice of Annual Meeting and Proxy Statement, which will be filed with the SEC not later than 120 days after December 31, 2019, and which information is incorporated herein by reference. In addition, provided below in tabular format is information as of December 31, 2019, with respect to compensation plans (including individual compensation arrangements) under which equity securities of PPL are authorized for issuance.

**Equity Compensation Plan Information**

	Number of securities to be issued upon exercise of outstanding options, warrants and rights (3)	Weighted-average exercise price of outstanding options, warrants and rights (3)	Number of securities remaining available for future issuance under equity compensation plans (4)
Equity compensation plans approved by security holders (1)	56,185 – ICP 102,049 – SIP <u>1,172,709</u> – ICPKE 1,330,943 – Total	\$ 24.37 – ICP \$ 26.59 – SIP \$ 26.25 – ICPKE \$ 26.20 – Combined	1,541,819 – DDCP 10,590,858 – SIP <u>1,742,904</u> – ICPKE 13,875,581 – Total
Equity compensation plans not approved by security holders (2)			

- (1) Includes (a) the ICP, under which stock options, restricted stock, restricted stock units, performance units, dividend equivalents and other stock-based awards were awarded to executive officers of PPL and no awards remain for issuance under this plan; (b) the ICPKE, under which stock options, restricted stock, restricted stock units, performance units, dividend equivalents and other stock-based awards may be awarded to non-executive key employees of PPL and its subsidiaries; (c) the PPL 2012 SIP approved by shareowners in 2012 under which stock options, restricted stock, restricted stock units, performance units, dividend equivalents and other stock-based awards may be awarded to executive officers of PPL and its subsidiaries; and (d) the DDCP, under which stock units may be awarded to directors of PPL. See Note 10 to the Financial Statements for additional information.
- (2) All of PPL's current compensation plans under which equity securities of PPL are authorized for issuance have been approved by PPL's shareowners.
- (3) Relates to common stock issuable upon the exercise of stock options awarded under the ICP, SIP and ICPKE as of December 31, 2019. In addition, as of December 31, 2019, the following other securities had been awarded and are outstanding under the ICP, SIP, ICPKE and DDCP: 369,827 restricted stock units, 524,632 TSR performance awards and 392,509 ROE performance awards under the SIP; 767,858 restricted stock units 214,759 TSR performance awards and 178,257 ROE performance awards under the ICPKE; and 563,356 stock units under the DDCP.

- (4) Based upon the following aggregate award limitations under the ICP, SIP, ICPKE and DDCP: (a) under the ICP, 15,769,431 awards (i.e., 5% of the total PPL common stock outstanding as of April 23, 1999) granted after April 23, 1999; (b) under the SIP, 15,000,000 awards; (c) under the ICPKE, 16,573,608 awards (i.e., 5% of the total PPL common stock outstanding as of January 1, 2003) granted after April 25, 2003, reduced by outstanding awards for which common stock was not yet issued as of such date of 2,373,812 resulting in a limit of 14,199,796; and (d) under the DDCP, the number of stock units available for issuance was reduced to 2,000,000 stock units in March 2012. In addition, each of the ICP and ICPKE includes an annual award limitation of 2% of total PPL common stock outstanding as of January 1 of each year.

**PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

Item 12 is omitted as PPL Electric, LKE, LG&E and KU meet the conditions set forth in General Instructions (I)(1)(a) and (b) of Form 10-K.

**ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE**

**PPL Corporation**

Information for this item will be set forth in the sections entitled "Transactions with Related Persons" and "Independence of Directors" in PPL's 2020 Notice of Annual Meeting and Proxy Statement, which will be filed with the SEC not later than 120 days after December 31, 2019, and is incorporated herein by reference.

**PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

Item 13 is omitted as PPL Electric, LKE, LG&E and KU meet the conditions set forth in General Instructions (I)(1)(a) and (b) of Form 10-K.

**ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES**

**PPL Corporation**

Information for this item will be set forth in the section entitled "Fees to Independent Auditor for 2019 and 2018" in PPL's 2020 Notice of Annual Meeting and Proxy Statement, which will be filed with the SEC not later than 120 days after December 31, 2019, and which information is incorporated herein by reference.

**PPL Electric Utilities Corporation**

For the fiscal years ended 2019 and 2018, Deloitte & Touche LLP (Deloitte) served as PPL Electric's independent auditor. The following table presents an allocation of fees billed, including expenses, by the independent auditor to PPL Electric, for professional services rendered for the audits of PPL Electric's annual financial statements and for fees billed for other services rendered by Deloitte.

	2019	2018
	(in thousands)	
Audit fees (a)	\$ 1,308	\$ 1,093
Audit-related fees (b)	16	28
Taxes (c)	—	15

- (a) Includes estimated fees for audit of annual financial statements and review of financial statements included in PPL Electric's Quarterly Reports on Form 10-Q and for services in connection with statutory and regulatory filings or engagements, including comfort letters and consents for financings and filings made with the SEC.
- (b) Fees for agreed-upon procedures related to annual EPA filings.
- (c) Fees for services related to Puerto Rico hurricane recovery efforts.

**LG&E and KU Energy LLC**

For the fiscal years ended 2019 and 2018, Deloitte served as LKE's independent auditor. The following table presents an allocation of fees billed, including expenses, by the independent auditor to LKE, for professional services rendered for the audits of LKE's annual financial statements and for fees billed for other services rendered by Deloitte.

	2019	2018
	(in thousands)	
Audit fees (a)	\$ 1,973	\$ 1,761
Audit-related fees (b)	—	18

- (a) Includes estimated fees for audit of annual financial statements and review of financial statements included in LKE's Quarterly Reports on Form 10-Q and for services in connection with statutory and regulatory filings or engagements, including comfort letters and consents for financings and filings made with the SEC.
- (b) Includes fees for agreed-upon procedures related to Kentucky Energy and Environment Cabinet forms.

**Louisville Gas and Electric Company**

For the fiscal years ended 2019 and 2018, Deloitte served as LG&E's independent auditor. The following table presents an allocation of fees billed, including expenses, by the independent auditor to LG&E, for professional services rendered for the audits of LG&E's annual financial statements and for fees billed for other services rendered by Deloitte.

	2019		2018
	(in thousands)		
Audit fees (a)	\$	935	\$ 870
Audit-related fees (b)		—	9

(a) Includes estimated fees for audit of annual financial statements and review of financial statements included in LG&E's Quarterly Reports on Form 10-Q and for services in connection with statutory and regulatory filings or engagements, including comfort letters and consents for financings and filings made with the SEC.

(b) Includes fees for agreed-upon procedures related to Kentucky Energy and Environment Cabinet forms.

**Kentucky Utilities Company**

For the fiscal years ended 2019 and 2018, Deloitte served as KU's independent auditor. The following table presents an allocation of fees billed, including expenses, by the independent auditor to KU, for professional services rendered for the audits of KU's annual financial statements and for fees billed for other services rendered by Deloitte.

	2019		2018
	(in thousands)		
Audit fees (a)	\$	1,021	\$ 875
Audit-related fees (b)		—	9

(a) Includes estimated fees for audit of annual financial statements and review of financial statements included in KU's Quarterly Reports on Form 10-Q and for services in connection with statutory and regulatory filings or engagements, including comfort letters and consents for financings and filings made with the SEC.

(b) Includes fees for agreed-upon procedures related to Kentucky Energy and Environment Cabinet forms.

**PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

**Approval of Fees.** The Audit Committee of PPL has procedures for pre-approving audit and non-audit services to be provided by the independent auditor. These procedures are designed to ensure the continued independence of the independent auditor. More specifically, the use of the independent auditor to perform either audit or non-audit services is prohibited unless specifically approved in advance by the Audit Committee of PPL. As a result of this approval process, the Audit Committee of PPL has pre-approved specific categories of services and authorization levels. All services outside of the specified categories and all amounts exceeding the authorization levels are approved by the Chair of the Audit Committee of PPL, who serves as the Committee designee to review and approve audit and non-audit related services during the year. A listing of the approved audit and non-audit services is reviewed with the full Audit Committee of PPL no later than its next meeting.

The Audit Committee of PPL approved 100% of the 2019 and 2018 services provided by Deloitte.

**PART IV**

**ITEM 15. EXHIBITS, FINANCIAL STATEMENT SCHEDULES**

**PPL Corporation, PPL Electric Utilities Corporation, LG&E and KU Energy LLC, Louisville Gas and Electric Company and Kentucky Utilities Company**

(a) The following documents are filed as part of this report:

1. Financial Statements - Refer to the "Table of Contents" for an index of the financial statements included in this report.
2. Supplementary Data and Supplemental Financial Statement Schedule - included in response to Item 8.

Schedule I - LG&E and KU Energy LLC Condensed Unconsolidated Financial Statements.

All other schedules are omitted because of the absence of the conditions under which they are required or because the required information is included in the financial statements or notes thereto.

3. Exhibits

See Exhibit Index immediately following the signature pages.

## **SHAREOWNER AND INVESTOR INFORMATION**

**Annual Meeting:** The 2020 annual meeting of shareowners of PPL will be held on Wednesday, May 13, 2020, at the PPL Center, 701 Hamilton St., Allentown, PA 18101.

**Proxy Statement Material:** A proxy statement and notice of PPL's annual meeting will be provided to all shareowners who are holders of record as of February 28, 2020. The latest proxy statement can be accessed at [www.pplweb.com/PPLCorpProxy](http://www.pplweb.com/PPLCorpProxy).

**PPL Annual Report:** The report will be published in the beginning of April and will be provided to all shareowners who are holders of record as of February 28, 2020. The latest annual report can be accessed at [www.pplweb.com/PPLCorpProxy](http://www.pplweb.com/PPLCorpProxy).

**Dividends:** Subject to the declaration of dividends on PPL common stock by the PPL Board of Directors or its Executive Committee, dividends are paid on the first business day of April, July, October and January. The 2020 record dates for dividends are expected to be March 10, June 10, September 10 and December 10.

**PPL's Website ([www.pplweb.com](http://www.pplweb.com)):** Shareowners can access PPL publications such as annual and quarterly reports to the Securities and Exchange Commission (SEC Forms 10-K and 10-Q), other PPL filings, corporate governance materials, news releases, stock quotes and historical performance. Visitors to our website can subscribe to receive automated email alerts for SEC filings, earnings releases, daily stock prices or other financial news.

Financial reports which are available at [www.pplweb.com](http://www.pplweb.com) will be mailed without charge upon request.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934**

PPL Corporation's common stock, par value \$0.1 per share (the "Common Stock"), is registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

***PPL Corporation Common Stock***

The description below is a summary of certain provisions of PPL Corporation's capital stock, including the Common Stock. The Pennsylvania Business Corporation Law, or BCL, and the Amended and Restated Articles of Incorporation (the "Articles") and bylaws of PPL Corporation (the "Bylaws") determine the rights and privileges of holders of PPL Corporation's capital stock. We encourage you to read such documents, which have been filed with the SEC, and the Pennsylvania law for more information regarding such capital stock, and any statement made herein with reference to the Articles, the Bylaws or the BCL is qualified in its entirety by such reference.

Defined terms used in this summary description of the Common Stock shall apply only to this summary description and the Common Stock.

**Authorized Capital**

The authorized capital stock of PPL Corporation consists of 1,560,000,000 shares of Common Stock, par value \$.01 per share, and 10,000,000 shares of preferred stock, par value \$.01 per share.

**Common Stock**

*Dividends.*

Dividends on the Common Stock will be paid if, when and as determined by the Board of Directors of PPL Corporation (the "Board") out of funds legally available for this purpose. The rate and timing of any such future dividends will depend upon the future earnings, financial condition, cash flows, financial and legal requirements of PPL Corporation and its subsidiaries and upon other relevant factors.

As a practical matter, the ability of PPL Corporation to pay dividends will be governed by the ability of PPL Corporation's operating subsidiaries to pay dividends to PPL Corporation. The subsidiaries have no obligation to pay dividends or distributions to PPL Corporation or to make funds available for such a payment. The subsidiaries' ability to pay dividends to PPL Corporation will be subject to the prior rights of the holders of such subsidiaries' outstanding debt and preferred securities, the availability of earnings and the needs of their businesses and may be restricted by their obligations to holders of their outstanding debt and other creditors, as well as any contractual or legal restrictions in effect at such time, including the requirements of state corporate law applicable to dividends and distributions and regulatory requirements, including restrictions on the ability of the utility subsidiaries to pay dividends under Section 305(a) of the Federal Power Act.

Neither PPL Corporation nor PPL Capital Funding may declare or pay any cash dividend or distribution on its capital stock during any period in which PPL Capital Funding defers interest payments on the 2007 Notes or the 2013 Notes. At December 31, 2019, no interest payments had been deferred on the 2007 Notes or the 2013 Notes.

*Voting Rights.*

*General.* Holders of Common Stock are entitled to one vote for each share held by them on matters presented to shareowners. Except as otherwise provided in the BCL, or the Articles or Bylaws, whenever any corporate action is to be taken by vote of PPL Corporation's shareowners, it shall be authorized upon receiving the affirmative vote of a majority of the votes cast by all shareowners entitled to vote thereon and, if any shareowners are entitled to vote thereon as a class, upon receiving the affirmative vote of a majority of the votes cast by the shareowners entitled to vote as a class. Certain provisions of Pennsylvania law would require a supermajority vote of the holders of Common Stock or a majority vote of disinterested directors to approve certain business combinations and other major transactions involving PPL Corporation.

*Election of Directors.* Pursuant to PPL Corporation's Articles, the holders of Common Stock will not have cumulative voting rights in the election of directors. The Articles provide that in uncontested elections of directors each share of a class or group of classes entitled to vote in an election of directors shall be entitled to vote for or against each candidate for election by the class or group, and that to be elected, a candidate for election to the Board must

receive the affirmative vote of a majority of the votes cast with respect to the election of that candidate. In contested elections, the candidates receiving the highest number of votes from each class or group of classes entitled to elect directors separately, up to the number of directors to be elected by the class or group of classes, shall be elected. The Bylaws provide that each director shall be elected for a one-year term and shall hold office until the next annual meeting and until a successor has been selected and qualified or until his or her earlier death, resignation or removal, and that no director may be removed except for cause.

*Advance Notice of Shareowner Nominations for Director.*

Owners of Common Stock have the right to make nominations for the election of directors provided that they satisfy the requirements specified in the Bylaws. A shareowner must follow the advance notice procedures set out in the Bylaws or, if the shareowner is seeking to call a special meeting of shareowners, the procedures in the Bylaws described under "Shareowners' Right to Call a Special Meeting." For notice to be timely, the shareowner must have given notice to PPL Corporation's secretary of its intent to make such nominations no later than, with respect to an election to be held at an annual meeting, 75 days in advance of such meeting (with a shorter period provided in the event less than 85 days' notice of the annual meeting is given to shareowners) and, with respect to an election at a special meeting, the close of business on the earlier of the seventh day after the day on which notice of such meeting is first given to shareowners or the fourth day prior to the meeting.

PPL Corporation's Bylaws provide that any such notice must include, among other specified requirements, (a) the name and address of the shareowner who intends to make the nomination and of the person or persons to be nominated, (b) a representation that the shareowner is a holder of record of stock of PPL Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (c) such other information regarding each nominee proposed by such shareowner as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had proxies been solicited with respect to such nominee by the management or Board of PPL Corporation, (d) the consent of each nominee to serve as a director of PPL Corporation if so elected, (e) the class, series and number of shares of PPL Corporation that are owned, directly or indirectly, beneficially and of record by the nominating shareowner, any of its affiliates and/or any others acting in concert with any of the foregoing (collectively, the "Proponent Person"), any option, warrant or Derivative Instrument (as defined in the Bylaws) with respect to any shares of PPL Corporation directly or indirectly owned beneficially by the Proponent Person, any short interest (as defined in the Bylaws) in any security of PPL Corporation held by the Proponent Person and (f) such other information as is specified in the Bylaws or as PPL Corporation may reasonably require.

*Advance Notice of Shareowner Proposals of Other Business.*

Except as provided with respect to nominations of directors, under the Bylaws shareowners have the right to bring business to be transacted before an annual meeting only if the shareowners satisfy the requirements specified in the Bylaws. In order to bring business properly before an annual meeting, a shareowner must be the shareowner of record on the date of giving notice provided for in the Bylaws and on the record date for the determination of shareowners entitled to vote at such annual meeting, and must comply with the notice provisions set out in the Bylaws. For notice to be timely, it must be delivered to the secretary of PPL Corporation not later than 75 days in advance of the date of such meeting (with a shorter period provided in the event less than 85 days' notice of the annual meeting is given to shareowners).

PPL Corporation's Bylaws provide that any such notice must include, among other specified requirements, (a) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business, (b) the name and record address of the shareowner proposing such business, (c) the class, series and number of shares of PPL Corporation's stock beneficially owned by the shareowner, (d) a description of all arrangements or understandings between such shareowner and any other person or persons (including their names) in connection with the proposal of such business by such shareowner in such business, (e) all other information which would be required to be included in a proxy statement or other filing required to be filed with the Securities and Exchange Commission if, with respect to any such item of business, such shareowner were a participant in a solicitation subject to Regulation 14A under the Exchange Act and (f) a representation that such shareowner intends to appear in person or by proxy at the annual meeting to bring such business before the meeting. Except as provided with respect to nominations of directors, no business shall be conducted at any meeting of shareowners except in accordance with the procedures described above. The presiding officer of a meeting may, if the facts warrant, determine and declare to the meeting that business was not properly brought before the meeting in accordance with the provisions of the Bylaws and any decision by such presiding officer made in good faith shall be conclusive and binding upon all shareowners for any purpose.

*Proxy Access.*

Pursuant to the Bylaws, a shareowner, or a group of up to 25 shareowners, owning 3% or more of PPL Corporation's outstanding Common Stock continuously for at least three years, have the right, subject to certain

exceptions specified in the Bylaws, to nominate, and include in PPL Corporation's proxy materials, directors constituting up to the greater of (a) 20% of the Board and (b) two directors, provided that the shareowner and the nominee satisfies the requirements specified in the Bylaws. For purposes of calculating the required shares, "ownership" shall be deemed, generally, to consist of and include only those shares comprising such person's "net long position," which is determined (a) in accordance with Rule 14e-4 under the Exchange Act or (b) if not covered by Rule 14e-4, the net long position shall be reduced by any shares of Common Stock subject to any "put equivalent position" as defined in Rule 16a-1(h) under the Exchange Act. The determination of the extent of "ownership" of shares for purposes of proxy access shall be made by the Board, which determination shall be conclusive and binding on PPL Corporation, its shareowners and all other parties.

To nominate a person for election and require PPL Corporation to include such nominee in its proxy materials, PPL Corporation must generally receive notice of proxy access nominations by shareowners not less than 120 nor more than 150 days prior to the first anniversary of the date on which PPL Corporation's definitive proxy statement was released to shareowners in connection with the prior year's annual meeting. Notice of proxy access nominations must include, or be accompanied by, among other specified requirements, (a) all of the information required with respect to nominations of directors referred to under "Advance Notice of Shareowner Nominations for Director" above, (b) requisite evidence that the nominating shareowner owns, and has continued to own for the preceding three years, the requisite number of shares required in order to make such a nomination and of the proposed nominees and (c) certain other information concerning, and representations and agreements of, the shareowner and the nominee. If any nominating shareowner or group has failed to comply with the provisions of the Bylaws, the Board or the chair of the meeting shall declare invalid the nominations made by such shareowner or group, and such nominations shall be disregarded.

#### *Shareowners' Right to Call a Special Meeting.*

PPL Corporation's Articles and Bylaws provide that shareowners have the right, subject to certain exceptions specified in its Bylaws, to call special meetings provided that the shareowners satisfy the requirements specified in the Bylaws. At any time, a special meeting of shareowners may be called by shareowners having a combined interest in at least 25% of the votes that all voting shareowners, voting as a single class, are entitled to cast at a particular special meeting, measured by such shareowners' net long beneficial ownership. "Net long beneficial ownership" means those shares of Common Stock of PPL Corporation as to which the requesting shareowner possesses (a) the sole power to vote or direct the voting, (b) the sole economic incidents of ownership (including the sole right to profits and the sole risk of loss) and (c) the sole power to dispose of or direct disposition; provided that the number of shares calculated in accordance with the preceding clauses (a), (b) and (c) shall not include any securities that, directly or indirectly, underlie any "derivative security" (as such term is defined in Rule 16a-1(c) under the Exchange Act) that constitutes a "call equivalent position" (as such term is defined in Rule 16a-1(b) under the Exchange Act) and that is, directly or indirectly, held or maintained by a requesting shareowner with respect to any shares of any class or series of shares of PPL Corporation.

PPL Corporation's Bylaws provide the procedures to be followed by shareowners to call a special meeting and require the requesting shareowner to deliver a written petition to the secretary of PPL Corporation that must include, among other specified requirements, (a) a brief description of the business to be conducted at the special meeting, (b) the names of any director nominees, (c) evidence of the class and number of shares of capital stock of PPL Corporation held of record and/or beneficially owned by each requesting shareowner, (d) a description of any agreement, arrangement or understanding (including without limitation, regardless of the form of settlement, any derivatives, long or short positions, profit interests, forwards, futures, swaps, options, warrants, convertible securities, stock appreciation or similar rights, hedging transactions and borrowed or loaned shares), the effect or intent of which is to create or mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of, the voting securities of PPL Corporation owned by any requesting shareowner that will be a "participant in a solicitation" (as such term is defined in Schedule 14A to Regulation 14A under the Exchange Act) with respect to the requested special meeting, (e) a representation that the requesting shareowner intends to appear in person or by proxy at the requested special meeting to bring the business specified in the special meeting request before the special meeting and (f) such other information as is specified in the Bylaws or as PPL Corporation may reasonably require. The Board shall determine in good faith whether the requirements set forth in the Bylaws have been satisfied.

The secretary of PPL Corporation shall set the record date for the special meeting not more than 90 days following the receipt of a special meeting request that complies with the Bylaws. A special meeting requested by a shareowner shall not be held under certain circumstances, including, among other circumstances, where the special meeting request relates to an item of business that is not a proper subject for shareowner action under applicable law or the special meeting request is received during the period that is 90 days prior to the first anniversary of the date of the immediately preceding annual meeting of shareowners and ending on the date of the next annual meeting of shareowners.

#### *Liquidation Rights.*

After satisfaction of the preferential liquidation rights of any preferred stock, the holders of Common Stock are entitled to receive any further dividends and shares upon liquidation, dissolution, winding up or distribution.

#### *Preemptive and Other Rights.*

The holders of Common Stock do not have preemptive rights as to additional issues of Common Stock or conversion rights.

#### *Other Matters.*

The shares of Common Stock are not subject to redemption or to any further calls or assessments and are not entitled to the benefit of any sinking fund provisions.

### **Preferred Stock**

PPL Corporation's Board is authorized, without further shareowner action, to authorize the issuance of preferred stock from time to time in one or more classes or series, and to fix, at the time of issuance, the distinctive designations, terms, relative rights, privileges, qualifications, limitations, options, conversion rights, preferences and voting powers, and such prohibitions, restrictions and qualifications of voting or other rights and powers except as they are fixed and determined in the Articles. No shares of preferred stock have been issued.

### **Possible Anti-Takeover Effects of the Articles and Bylaws**

Certain provisions of the Articles and Bylaws, including provisions requiring advance notice for shareowner nominations for directors or for bringing business before an annual meeting, the absence of cumulative voting in the election of directors and the ability of the Board to create and establish series of preferred stock and the terms thereof, could have the effect of discouraging unilateral tender offers or other attempts to take over and acquire the business of PPL Corporation. These provisions may limit the ability of individuals to bring matters before shareowner meetings, change the composition of the Board and pursue a merger, takeover, business combination or tender offer involving PPL Corporation, and, accordingly, under certain circumstances, could encourage a potentially interested purchaser to negotiate with the Board rather than pursue a non-negotiated takeover attempt, including one which shareowners might favor, and could reduce the market value of the Common Stock.

In addition to provisions in the Articles and Bylaws, the requirements of applicable law, including Pennsylvania corporation and utility regulatory laws, could make it difficult for a purchaser to acquire PPL Corporation.

### **Listing**

The outstanding shares of Common Stock are listed on the New York Stock Exchange.

### **Transfer Agents and Registrars**

The Transfer Agent and Registrar for the Common Stock is Equiniti Trust Company.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934**

PPL Capital Funding, Inc.'s Junior Subordinated Notes 2007 Series A due 2067, which are guaranteed as to payment of principal, interest and any premium by PPL Corporation (the "2007 Notes"), are registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

***PPL Capital Funding Junior Subordinated Notes 2007 Series A due 2067***

The following summary description sets forth certain terms and provisions of the 2007 Notes. Because this description is a summary, it does not describe every aspect of the 2007 Notes or the Subordinated Indenture under which the 2007 Notes were issued, as described below. The Subordinated Indenture and Supplemental Indenture No. 1 thereto relating to the 2007 Notes was filed by PPL Corporation as an exhibit to its Current Report on Form 8-K filed on March 20, 2007. The Subordinated Indenture and its associated documents contain the full legal text of the matters described in this section. This summary is subject to and qualified in its entirety by reference to all of the provisions of the 2007 Notes and the Subordinated Indenture, including definitions of certain terms used in the Subordinated Indenture. The Subordinated Indenture has been qualified under the Trust Indenture Act, and reference is made to the Trust Indenture Act for provisions that apply to the 2007 Notes.

Certain terms used below and not otherwise defined herein shall have the meaning assigned to such terms in the Subordinated Indenture. Defined terms used in this summary description of the 2007 Notes shall apply only to this summary description and the 2007 Notes.

**General**

PPL Capital Funding issued the 2007 Notes as a series of debt securities under a Subordinated Indenture, dated as of March 1, 2007 (as such indenture has been and may be amended and supplemented from time to time, the "Subordinated Indenture"), among PPL Capital Funding, PPL Corporation and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee (the "Trustee"). The Subordinated Indenture does not limit the amount of securities that may be issued thereunder. The 2007 Notes and all other debt securities issued under the Subordinated Indenture are collectively referred to herein as the "Subordinated Indenture Securities."

The 2007 Notes are unsecured, subordinated obligations of PPL Capital Funding that rank junior to all of PPL Capital Funding's Senior Indebtedness (as defined below). The 2007 Notes are fully and unconditionally guaranteed by PPL Corporation as to payment of principal, interest and any premium pursuant to subordinated guarantees of PPL Corporation (the "Subordinated Guarantees") that rank junior to all of PPL Corporation's Senior Indebtedness. See "— Subordination" below. As used in this description of the 2007 Notes, the terms "we," "our," and "us" may, depending on the context, refer to PPL Capital Funding or to PPL Capital Funding together with PPL Corporation.

The 2007 Notes were issued in fully registered form only, without coupons. The 2007 Notes were initially represented by one or more fully registered global securities (the "Global Securities") deposited with the Trustee, as custodian for The Depository Trust Company ("DTC"), as depository, and registered in the name of DTC or DTC's nominee. A beneficial interest in a Global Security will be shown on, and transfers or exchanges thereof will be effected only through, records maintained by DTC and its participants, as described below under "— Book-Entry Only Issuance — The Depository Trust Company." The authorized denominations of the 2007 Notes is \$1,000 and any larger amount that is an integral multiple of \$1,000. Except in limited circumstances described below, the 2007 Notes are not exchangeable for 2007 Notes in definitive certificated form.

The 2007 Notes were initially issued in one series in the principal amount of \$500,000,000. PPL Capital Funding may, without the consent of the holders of the 2007 Notes, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms as the 2007 Notes. Any such additional notes may, together with the 2007 Notes, constitute a single series of securities under the Subordinated Indenture. The 2007 Notes and any additional notes of the same series having the same terms as the 2007 Notes subsequently issued under the Subordinated Indenture may be treated as a single class for all purposes under the Subordinated Indenture, including, without limitation, voting waivers and amendments.

**Maturity**

Unless an earlier redemption has occurred, the entire principal amount of the 2007 Notes will mature and become due and payable, together with any accrued and unpaid interest, on March 30, 2067 (the "stated maturity date").

## Interest

*Fixed Rate Period.* Upon issuance and prior to March 30, 2017, the 2007 Notes bore interest at a Fixed Rate of 6.70% per year.

*Floating Rate Period.* From March 30, 2017 to maturity (the "Floating Rate Period"), the 2007 Notes have borne, and will bear, interest at the Three-Month LIBOR Rate plus 266.5 basis points (2.665%), reset quarterly. Subject to PPL Capital Funding's right to defer interest payments as described below, during the Floating Rate Period interest is payable quarterly in arrears on March 30, June 30, September 30 and December 30 of each year (each, an "interest payment date" and also a "LIBOR Rate Reset Date"), beginning June 30, 2017. The LIBOR Rate Reset Dates are March 30, June 30, September 30 and December 30 of each year, commencing March 30, 2017. During the Floating Rate Period, the interest rate in effect on any LIBOR Rate Reset Date will be the applicable rate as reset on that date and the interest rate applicable to any other day will be the interest rate as reset on the immediately preceding LIBOR Rate Reset Date. If interest payments are deferred or otherwise not paid during the Floating Rate Period, they will accrue and compound until paid at the prevailing floating rate, to the extent permitted by law. The amount of interest payable for any quarterly interest period during the Floating Rate Period will be computed by multiplying the floating rate for that quarterly interest period by a fraction, the numerator of which will be the actual number of days elapsed during that quarterly interest period (determined by including the first day of the interest period and excluding the last day), and the denominator of which will be 360, and by multiplying the result by the aggregate principal amount of the 2007 Notes.

*General.* In this description of the 2007 Notes the term "interest" includes semi-annual interest payments during the Fixed Rate Period described above, quarterly interest payments during the Floating Rate Period, and applicable interest on interest payments accrued but not paid on the applicable interest payment date.

During the Floating Rate Period, if any interest payment date, other than a redemption date or the maturity date of the 2007 Notes, falls on a day that is not a business day, the interest payment date will be postponed to the next day that is a business day, except that if that business day is in the next succeeding calendar month, the interest payment date will be the immediately preceding business day. Also, if a redemption date or the maturity date of the 2007 Notes falls on a day that is not a business day, the payment of interest and principal will be made on the next succeeding business day, and no interest on such payment will accrue for the period from and after the redemption date or the maturity, if applicable.

During the Floating Rate Period, if any LIBOR Rate Reset Date falls on a day that is not a LIBOR Business Day, the LIBOR Rate Reset Date will be postponed to the next day that is a LIBOR Business Day, except that if that LIBOR Business Day is in the next succeeding calendar month, the LIBOR Rate Reset Date will be the immediately preceding LIBOR Business Day.

*Determining the Floating Rate.* The "Three-Month LIBOR Rate" for each interest period commencing on a LIBOR Rate Reset Date means the rate (expressed as a percentage per annum) for deposits in U.S. dollars for a three-month period commencing on the first day of that interest period and ending on the next interest payment date (the "relevant period") that appears on Reuters LIBOR01 Page as of 11:00 a.m. (London time) on the LIBOR Interest Determination Date for that interest period. If such rate does not appear on the Reuters LIBOR01 Page as of 11:00 a.m. (London Time) on the LIBOR Interest Determination Date for that interest period, the LIBOR rate will be determined on the basis of the rates at which deposits in U.S. dollars for the relevant period and in a principal amount of not less than \$1,000,000 are offered to prime banks in the London interbank market by four major banks in the London interbank market, which may include affiliates of one or more of the underwriters, selected by the calculation agent (after consultation with us), at approximately 11:00 a.m., London time on the LIBOR Interest Determination Date for that interest period. The calculation agent will request the principal London office of each such bank to provide a quotation of its rate. If at least two such quotations are provided, the Three-Month LIBOR Rate with respect to that interest period will be the arithmetic mean (rounded upward if necessary to the nearest whole multiple of 0.00001%) of such quotations. If fewer than two quotations are provided, the Three-Month LIBOR Rate with respect to that interest period will be the arithmetic mean (rounded upward if necessary to the nearest whole multiple of 0.00001%) of the rates quoted by three major banks in New York City, which may include affiliates of one or more of the underwriters, selected by the calculation agent (after consultation with us), at approximately 11:00 a.m., New York City time, on the first day of that interest period for loans in U.S. dollars to leading European banks for the relevant period and in a principal amount of not less than \$1,000,000. However, if fewer than three banks selected by the calculation agent to provide quotations are quoting as described above, the Three-Month LIBOR Rate for that interest period will be the same as the Three-Month LIBOR Rate as determined for the previous interest period or, in the case of the interest period beginning on March 30, 2017, the interest rate on the 2007 Notes will be 8.015%. The establishment of the Three-Month LIBOR Rate for each three-month interest period beginning on or after March 30, 2017 by the calculation agent shall (in the absence of manifest error) be final and binding.

*“Business day”* means any day, other than a Saturday or Sunday, that is not a day on which banking institutions or trust companies are generally authorized or required by law, regulation or executive order to close in The City of New York or other city in which any paying agent for the 2007 Notes is located.

*“Calculation agent”* means The Bank of New York Mellon, or other firm appointed by PPL Capital Funding to act as calculation agent for the 2007 Notes.

*“LIBOR Interest Determination Date”* means the second LIBOR Business Day preceding each LIBOR Rate Reset Date.

*“LIBOR Business Day”* means any business day on which dealings in deposits in U.S. Dollars are transacted in the London Inter-Bank Market.

*“Reuters page”* means the display on Reuters Money 3000 Service, or any successor service, on the Reuters LIBOR01 Page or any replacement page or pages on that service.

*“Reuters LIBOR01 Page”* means the display designated on page LIBOR01 on Reuters page (or such other page as may replace the LIBOR01 page on such service or such other service as may be nominated by the British Bankers’ Association for the purpose of displaying London interbank offered rates for U.S. Dollar deposits).

### **Option to Defer Interest Payments**

PPL Capital Funding may defer interest payments on the 2007 Notes, from time to time, for one or more periods (each, an “Optional Deferral Period”) of up to 10 consecutive years per Optional Deferral Period. However, a deferral of interest payments cannot extend beyond the maturity date of the 2007 Notes. During an Optional Deferral Period, interest will continue to accrue on the 2007 Notes, compounded semi-annually or quarterly, as the case may be, and deferred interest payments will accrue additional interest at a rate equal to the interest rate then applicable to the 2007 Notes, to the extent permitted by applicable law. No interest will be due and payable on the 2007 Notes until the end of the Optional Deferral Period except upon a redemption of the 2007 Notes during the deferral period.

PPL Capital Funding may pay at any time all or any portion of the interest accrued to that point during an Optional Deferral Period. At the end of the Optional Deferral Period or on any redemption date, PPL Capital Funding will be obligated to pay all accrued and unpaid interest.

Once all accrued and unpaid interest on the 2007 Notes has been paid, PPL Capital Funding again can defer interest payments on the 2007 Notes as described above, provided that an Optional Deferral Period cannot extend beyond the maturity date of the 2007 Notes.

If PPL Capital Funding defers interest for a period of 10 consecutive years from the commencement of an Optional Deferral Period, PPL Capital Funding will be required to pay all accrued and unpaid interest at the conclusion of the 10-year period, and to the extent it does not do so, PPL Corporation will be required to make guarantee payments in accordance with the Subordinated Guarantees with respect thereto. If PPL Capital Funding fails to pay in full all accrued and unpaid interest at the conclusion of the 10-year period, such failure continues for 30 days and PPL Corporation fails to make guarantee payments with respect thereto, an event of default that gives rise to acceleration of principal and interest on the 2007 Notes will occur under the Subordinated Indenture. See “— Events of Default” and “— Remedies” herein.

During any interest deferral period, neither PPL Corporation nor PPL Capital Funding may:

- declare or pay any dividend or distribution on its capital stock, other than dividends paid in shares of its capital stock;
- redeem, purchase, acquire or make a liquidation payment with respect to any of its capital stock;
- pay any principal, interest or premium on, or repay, repurchase or redeem any debt securities that are equal or junior in right of payment with the 2007 Notes or the Subordinated Guarantees, as the case may be; or
- make any payments with respect to any guarantee of debt securities by PPL Corporation if such guarantee is equal or junior in right of payment to the 2007 Notes or the Subordinated Guarantees, as the case may be;

#### ***other than***

- purchases, redemptions or other acquisitions of its capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;
- any payment, repayment, redemption, purchase, acquisition or declaration of a dividend as a result of a

reclassification of its capital stock or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock;

- the purchase of fractional interests in shares of its capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of stock purchase contracts;
- dividends or distributions paid or made in its capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts outstanding on the date that the payment of interest is deferred;
- redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;
- payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or guarantees of the foregoing, in each case that rank equal in right of payment to the 2007 Notes, so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full.

## **Payment**

So long as the 2007 Notes are registered in the name of DTC, as depository for the 2007 Notes as described below under “Book-Entry Only Issuance — The Depository Trust Company,” payments on the 2007 Notes will be made as described therein.

So long as the 2007 Notes remain in book-entry only form, the record date for each interest payment date will be the close of business on the business day immediately preceding the applicable interest payment date. If the 2007 Notes do not remain in book-entry only form, the record date for each interest payment date will be the close of business on the fifteenth calendar day immediately preceding the applicable interest payment date. If PPL Capital Funding defaults in paying interest on a 2007 Note, PPL Capital Funding will pay such interest either:

- on a special record date between 10 and 15 days before the payment; or
- in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the 2007 Notes may be listed for trading.

We will pay principal of and any interest and premium on the 2007 Notes at maturity upon presentation of the 2007 Notes at the office of The Bank of New York Mellon in New York, New York, as our paying agent. In our discretion, we may change the place of payment on the 2007 Notes, and we may remove any paying agent and may appoint one or more additional paying agents (including us or any of our affiliates).

## **Form; Transfers; Exchanges**

So long as the 2007 Notes are registered in the name of DTC, as depository for the 2007 Notes as described below under “Book-Entry Only Issuance — The Depository Trust Company,” transfers and exchanges of beneficial interests in the 2007 Notes will be made as described therein. In the event that the book-entry only system is discontinued, and the 2007 Notes are issued in certificated form, holders of 2007 Notes may exchange or transfer 2007 Notes at the office of the Trustee. The Trustee acts as our agent for registering 2007 Notes in the names of holders and transferring debt securities. We may appoint another agent or act as our own agent for this purpose. The entity performing the role of maintaining the list of registered holders is called the “security registrar.” It will also perform transfers. In our discretion, we may change the place for registration of transfer of the 2007 Notes and may remove and/or appoint one or more additional security registrars (including us or any of our affiliates).

There will be no service charge for any transfer or exchange of the 2007 Notes, but the holders of 2007 Notes may be required to pay a sum sufficient to cover any tax or other governmental charge payable in connection therewith. We may restrict the transfer or exchange of (1) 2007 Notes during a period of 15 days prior to giving any notice of redemption or (2) any 2007 Note selected for redemption in whole or in part, except the unredeemed portion of any 2007 Note being redeemed in part.

## **Subordination**

### ***Subordination of the 2007 Notes***

The 2007 Notes are subordinate and junior in right of payment to all Senior Indebtedness (as defined below) of PPL Capital Funding. No payment of the principal (including redemption payments) of, or interest or premium, if any, on the 2007 Notes may be made by PPL Capital Funding until all holders of Senior Indebtedness of PPL Capital Funding have been paid, if any of the following occurs:

- certain events of bankruptcy, insolvency or reorganization of PPL Capital Funding;
- any Senior Indebtedness of PPL Capital Funding is not paid when due (after the expiration of any applicable grace period) and that default continues without cure or waiver; or
- any other default has occurred and continues without cure or waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of PPL Capital Funding are permitted to accelerate the maturity of such Senior Indebtedness.

### ***Subordinated Guarantees***

PPL Corporation fully and unconditionally guarantees the payment of principal of and any interest and premium on the 2007 Notes, when due and payable (and subject to PPL Capital Funding's right to defer interest payments as described above), whether at the stated maturity date, by declaration of acceleration, call for redemption or otherwise, in accordance with the terms of the 2007 Notes and the Subordinated Indenture. The Subordinated Guarantees will remain in effect until the entire principal of and interest and premium, if any, on the 2007 Notes has been paid in full or otherwise discharged in accordance with the provisions of the Subordinated Indenture.

The Subordinated Guarantees are subordinate and junior in right of payment to all Senior Indebtedness of PPL Corporation. No payment of the principal (including redemption payments) of, or interest or premium on, the 2007 Notes may be made by PPL Corporation under the Subordinated Guarantees until all holders of Senior Indebtedness of PPL Corporation have been paid, if any of the following occurs:

- certain events of bankruptcy, insolvency or reorganization of PPL Corporation;
- any Senior Indebtedness of PPL Corporation is not paid when due (after the expiration of any applicable grace period) and that default continues without cure or waiver; or
- any other default has occurred and continues without cure or waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of PPL Corporation are permitted to accelerate the maturity of such Senior Indebtedness.

Upon any distribution of assets of PPL Capital Funding or PPL Corporation, as the case may be, to its creditors in connection with any insolvency, bankruptcy or similar proceeding, all principal of, and premium, if any, and interest due or to become due on all of its Senior Indebtedness must be paid in full before the holders of the 2007 Notes are entitled to receive or retain any payment from such distribution.

Senior Indebtedness, when used with respect to PPL Capital Funding or PPL Corporation, is defined in the Subordinated Indenture to include all obligations of PPL Capital Funding or PPL Corporation, as the case may be, whether existing presently or in the future, to pay principal, interest, premium, penalties, fees and any other payment in respect of any of the following:

- indebtedness for borrowed money, including, without limitation, such obligations as are evidenced by credit agreements, notes, debentures, bonds and similar instruments;
- our obligations under synthetic leases, finance leases and capitalized leases;
- our obligations for reimbursement under letters of credit, banker's acceptances, security purchase facilities or similar facilities issued for our account;
- any of our other obligations with respect to derivative contracts, including commodity contracts, interest rate, commodity and currency swap agreements, forward contracts and other similar agreements or arrangements; and
- all obligations of others of the kinds described in the preceding categories which we have assumed or guaranteed;

### ***other than***

- trade obligations incurred in the ordinary course of business, or
- any such obligation or guarantee that expressly provides that it is not senior to or equal in right of payment to the 2007 Notes or the Subordinated Guarantees, as the case may be.

The Subordinated Indenture does not limit the aggregate amount of Senior Indebtedness that may be issued. As of December 31, 2019, PPL Capital Funding had approximately \$3.6 billion principal amount of indebtedness for borrowed money constituting its Senior Indebtedness, and PPL Corporation had approximately \$3.6 billion principal amount (on an unconsolidated basis) of obligations constituting its Senior Indebtedness (including guarantees of indebtedness of PPL Capital Funding and certain of PPL Corporation's other subsidiaries).

Pursuant to the subordination provisions of the Subordinated Indenture, any payment or distribution, whether in cash, securities or other property, which would otherwise (but for the subordination provisions) be payable or deliverable in respect of the 2007 Notes by PPL Capital Funding or PPL Corporation will instead be paid or delivered directly to the holders of such Senior Indebtedness of PPL Capital Funding or PPL Corporation (or their respective representative or trustee), as the case may be, in accordance with the priorities then existing among such holders until all such Senior Indebtedness has been paid in full before any payment or distribution is made to the holders of 2007 Notes. In the event that, notwithstanding such subordination provisions, any payment or distribution of assets of any kind or character is made on the 2007 Notes by PPL Capital Funding or PPL Corporation before all such Senior Indebtedness is paid in full, the Trustee or the holders of 2007 Notes receiving such payment will be required to pay over such payment or distribution to the holders of such Senior Indebtedness.

The Subordinated Indenture provides that Senior Indebtedness will not be deemed to have been paid in full unless the holders thereof, as applicable, shall have received cash (or securities or other property satisfactory to such holders) in full payment of such Senior Indebtedness then outstanding. Upon the payment in full of all such Senior Indebtedness, the holders of the 2007 Notes shall be subrogated to all the rights of any holders of such Senior Indebtedness to receive any further payments or distributions of cash, property or securities of PPL Capital Funding or PPL Corporation, as applicable, applicable to such Senior Indebtedness until the 2007 Notes shall have been paid in full, and such payments or distributions of cash, property or securities received by the holders of the 2007 Notes, by reason of such subrogation, which otherwise would be paid or distributed to the holders of such Senior Indebtedness, shall, as between PPL Capital Funding or PPL Corporation, as applicable, and its creditors other than the holders of Senior Indebtedness, on the one hand, and the holders of the 2007 Notes on the other, be deemed to be a payment on account of such Senior Indebtedness, and not on account of the 2007 Notes or the Subordinated Guarantees, as the case may be.

The Subordinated Indenture provides that no present or future holder of any Senior Indebtedness of PPL Capital Funding or PPL Corporation, as the case may be, will be prejudiced in the right to enforce subordination of the indebtedness under the Subordinated Indenture by any act or failure to act on the part of PPL Capital Funding or PPL Corporation, as applicable.

## **Redemption**

PPL Capital Funding may redeem the 2007 Notes, in whole or in part on one or more occasions, at 100% of their principal amount plus any accrued and unpaid interest thereon to, but not including, the redemption date.

The 2007 Notes are not subject to a sinking fund or other mandatory redemption and are not repayable at the option of the holder prior to the stated maturity date.

The 2007 Notes will be redeemable upon notice by mail between 30 and 60 days prior to the redemption date. If less than all of the 2007 Notes of any series or any tranche thereof are to be redeemed, the Trustee will select the 2007 Notes to be redeemed. In the absence of any provision for selection, the Trustee will choose a method of random selection as it deems fair and appropriate.

The 2007 Notes will cease to bear interest on the redemption date and the redemption price and any accrued interest on each 2007 Note will be paid upon the surrender of such Note for redemption. If only part of a 2007 Note is redeemed, the Trustee will deliver a new Note of the same series for the remaining portion without charge.

PPL Capital Funding may make any redemption at its option conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If the paying agent has not received such money by the date fixed for redemption, we will not be required to redeem such 2007 Notes.

## **Events of Default**

An "Event of Default" with respect to the 2007 Notes will occur if

- we do not pay any interest on any 2007 Note within 30 days of the due date; provided that a valid extension or deferral of the interest period as described above under "Option to Defer Interest Payments" will not constitute an Event of Default;
- we do not pay principal or premium on any 2007 Note on its due date;

- the Subordinated Guarantees of the 2007 Notes cease to be effective (except in accordance with their terms), are found in any judicial proceeding to be unenforceable or invalid, or are denied or disaffirmed (except in accordance with their terms);
- PPL Corporation or PPL Capital Funding file for bankruptcy or certain other similar events in bankruptcy, insolvency, receivership or reorganization occur.

No Event of Default with respect to the 2007 Notes necessarily constitutes an Event of Default with respect to the Subordinated Indenture Securities of any other series issued under the Subordinated Indenture.

## **Remedies**

### ***Acceleration***

*Any One Series.* If an Event of Default occurs and is continuing with respect to any one series of Subordinated Indenture Securities, then either the Trustee or the holders of 25% in principal amount of the outstanding Subordinated Indenture Securities of such series may declare the principal amount of all of the Subordinated Indenture Securities of such series to be due and payable immediately.

*More Than One Series.* If an Event of Default occurs and is continuing with respect to more than one series of Subordinated Indenture Securities, then either the Trustee or the holders of 25% of the aggregate principal amount of the outstanding Subordinated Indenture Securities of all such series, considered as one class, may make such declaration of acceleration. Thus, if there is more than one series affected, the action by the holders of 25% of the aggregate principal amount of the outstanding Subordinated Indenture Securities of any particular series will not, in itself, be sufficient to make a declaration of acceleration.

### ***Rescission of Acceleration***

After the declaration of acceleration has been made and before the Trustee has obtained a judgment or decree for payment of the money due, such declaration and its consequences will be rescinded and annulled, if

(1) we pay or deposit with the Trustee a sum sufficient to pay

- all overdue interest;
- the principal of and any premium which have become due otherwise than by such declaration of acceleration and interest thereon;
- interest on overdue interest to the extent lawful; and
- all amounts due to the Trustee under the Subordinated Indenture; and

(2) all Events of Default, other than the nonpayment of the principal which has become due solely by such declaration of acceleration, have been cured or waived as provided in the Subordinated Indenture. For more information as to waiver of defaults, see “— Waiver of Default and of Compliance” below.

### ***Control by Holders; Limitations***

Subject to the Subordinated Indenture, if an Event of Default (or certain other defaults as discussed below), with respect to the Subordinated Indenture Securities of any one series occurs and is continuing, the holders of a majority in principal amount of the outstanding Subordinated Indenture Securities of that series will have the right to

- direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or
- exercise any trust or power conferred on the Trustee with respect to the Subordinated Indenture Securities of such series.

If an Event of Default (or certain other defaults as discussed below) is continuing with respect to more than one series of Subordinated Indenture Securities, the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all such series, considered as one class, will have the right to make such direction, and not the holders of the Subordinated Indenture Securities of any one of such series.

These rights of holders to make direction are subject to the following limitations:

- the holders' directions may not conflict with any law or the Subordinated Indenture; and
- the holders' directions may not involve the Trustee in personal liability where the Trustee believes indemnity is not adequate.

The Trustee may also take any other action it deems proper which is consistent with the holders' direction. With respect to Events of Default and other defaults in the performance of, or breach of, covenants in the Subordinated Indenture that do not constitute Events of Default, if any such Event of Default or other default occurs and is continuing after any applicable notice and/or cure period, then the Trustee may in its discretion (and subject to the rights of the holders to control remedies as described above and certain other conditions specified in the Subordinated Indenture) bring such judicial proceedings as the Trustee shall deem appropriate or proper.

The Subordinated Indenture provides that no holder of any Subordinated Indenture Security will have any right to institute any proceeding, judicial or otherwise, with respect to the Subordinated Indenture for the appointment of a receiver or for any other remedy thereunder unless

- that holder has previously given the Trustee written notice of a continuing Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period);
- the holders of 25% in aggregate principal amount of the outstanding Subordinated Indenture Securities of all affected series, considered as one class, have made written request to the Trustee to institute proceedings in respect of that Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period) and have offered the Trustee reasonable indemnity against costs and liabilities incurred in complying with such request; and
- for 60 days after receipt of such notice, the Trustee has failed to institute any such proceeding and no direction inconsistent with such request has been given to the Trustee during such 60-day period by the holders of a majority in aggregate principal amount of outstanding Subordinated Indenture Securities of all affected series, considered as one class.

Furthermore, no holder will be entitled to institute any such action if and to the extent that such action would disturb or prejudice the rights of other holders.

However, each holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right.

#### **Notice of Default**

The Trustee is required to give the holders of the 2007 Notes notice of any default under the Subordinated Indenture to the extent required by the Trust Indenture Act, unless such default has been cured or waived; provided, however, that in the case of a default in the performance of, or breach of, any covenant or warranty in the Subordinated Indenture (after any applicable notice and/or cure period) that does not result in an Event of Default, no such notice shall be given until at least 90 days after the occurrence thereof. The Trust Indenture Act currently permits the Trustee to withhold notices of default (except for certain payment defaults) if the Trustee in good faith determines the withholding of such notice to be in the interests of the holders.

PPL Capital Funding and PPL Corporation have agreed to furnish the Trustee with an annual statement as to their compliance with the conditions and covenants in the Subordinated Indenture.

#### **Waiver of Default and of Compliance**

The holders of a majority in aggregate principal amount of the outstanding 2007 Notes may waive, on behalf of the holders of all outstanding 2007 Notes, any past default under the Subordinated Indenture, except a default in the payment of principal, premium or interest, or with respect to compliance with certain provisions of the Subordinated Indenture that cannot be amended without the consent of the holder of each outstanding Subordinated Indenture Security.

Compliance with certain covenants in the Subordinated Indenture or otherwise provided with respect to Subordinated Indenture Securities may be waived by the holders of a majority in aggregate principal amount of the affected Subordinated Indenture Securities, considered as one class.

#### **Consolidation, Merger and Conveyance of Assets as an Entirety; No Financial Covenants**

Subject to the provisions described in the next paragraph, each of PPL Capital Funding and PPL Corporation has agreed in the Subordinated Indenture to preserve its corporate existence.

PPL Capital Funding and PPL Corporation have each also agreed not to consolidate with or merge into any other entity or convey, transfer or lease our properties and assets substantially as an entirety to any entity unless:

- the entity formed by such consolidation or into which PPL Capital Funding or PPL Corporation, as the case may be, is merged or the entity which acquires or which leases its property and assets substantially as an entirety is a corporation or limited liability company organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and expressly assumes, by supplemental

indenture, the due and punctual payment of the principal, premium and interest on all the outstanding 2007 Notes and the performance of all of its covenants under the Subordinated Indenture, and

- immediately after giving effect to such transactions, no Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period), and no event which after notice or lapse of time or both would become an Event of Default (or such other default), will have occurred and be continuing.

The Subordinated Indenture does not prevent or restrict:

- any consolidation or merger after the consummation of which PPL Capital Funding or PPL Corporation would be the surviving or resulting entity;
- any consolidation of PPL Capital Funding with PPL Corporation or any other entity all of the outstanding voting securities of which are owned, directly or indirectly, by PPL Corporation; or any merger of any such entity into any other of such entities; or any conveyance or other transfer, or lease, or properties by any thereof to any other thereof;
- any conveyance or other transfer, or lease, of any part of the properties of PPL Capital Funding or PPL Corporation which does not constitute the entirety, or substantially the entirety, thereof; or
- the approval by PPL Capital Funding or PPL Corporation of, or the consent by PPL Capital Funding or PPL Corporation to, any consolidation or merger to which any direct or indirect subsidiary or affiliate of PPL Capital Funding or PPL Corporation, as the case requires, may be a party or any conveyance, transfer or lease by any such subsidiary or affiliate of any of its assets.

### **Modification of Subordinated Indenture**

*Without Holder Consent.* Without the consent of any holders of Subordinated Indenture Securities, PPL Capital Funding, PPL Corporation and the Trustee may enter into one or more supplemental indentures for any of the following purposes:

- to evidence the succession of another entity to PPL Capital Funding or PPL Corporation;
- to add one or more covenants or other provisions for the benefit of the holders of all or any series or tranche of Subordinated Indenture Securities, or to surrender any right or power conferred upon PPL Corporation or PPL Capital Funding;
- to add any additional Events of Default for all or any series of Subordinated Indenture Securities;
- to change or eliminate any provision of the Subordinated Indenture or to add any new provision to the Subordinated Indenture that does not adversely affect the interests of the holders;
- to provide security for the Subordinated Indenture Securities of any series;
- to establish the form or terms of Subordinated Indenture Securities of any series or tranche as permitted by the Subordinated Indenture;
- to provide for the issuance of bearer securities;
- to evidence and provide for the acceptance of appointment of a separate or successor Trustee;
- to provide for the procedures required to permit the utilization of a noncertificated system of registration for any series or tranche of Indenture Securities;
- to change any place or places where
  - we may pay principal, premium and interest,
  - Subordinated Indenture Securities may be surrendered for transfer or exchange, and
  - notices and demands to or upon PPL Capital Funding or PPL Corporation may be served; or
- to cure any ambiguity, defect or inconsistency or to make any other changes that do not adversely affect the interests of the holders in any material respect;

*provided, that, we will not enter into any supplemental indenture with the Trustee to add any additional Event of Default with respect to the 2007 Notes without the consent of the holders of at least a majority in aggregate principal amount of*

outstanding 2007 Notes.

If the Trust Indenture Act is amended after the date of the Subordinated Indenture so as to require changes to the Subordinated Indenture or so as to permit changes to, or the elimination of, provisions which, at the date of the Subordinated Indenture or at any time thereafter, were required by the Trust Indenture Act to be contained in the Subordinated Indenture, the Subordinated Indenture will be deemed to have been amended so as to conform to such amendment or to effect such changes or elimination, and PPL Capital Funding, PPL Corporation and the Trustee may, without the consent of any holders, enter into one or more supplemental indentures to effect or evidence such amendment.

*With Holder Consent.* Except as provided above, the consent of the holders of at least a majority in aggregate principal amount of the Subordinated Indenture Securities of all outstanding series, considered as one class, is generally required for the purpose of adding to, changing or eliminating any of the provisions of the Subordinated Indenture pursuant to a supplemental indenture. However, if less than all of the series of outstanding Subordinated Indenture Securities are directly affected by a proposed supplemental indenture, then such proposal only requires the consent of the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all directly affected series, considered as one class. Moreover, if the Indenture Securities of any series have been issued in more than one tranche and if the proposed supplemental indenture directly affects the rights of the holders of Subordinated Indenture Securities of one or more, but less than all, of such tranches, then such proposal only requires the consent of the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all directly affected tranches, considered as one class.

However, no amendment or modification may, without the consent of the holder of each outstanding Subordinated Indenture Security directly affected thereby,

- change the stated maturity date of the principal or interest on any Subordinated Indenture Security (other than pursuant to the terms thereof and, in the case of the 2007 Notes, as described above under “Option to Defer Interest Payments”), or reduce the principal amount, interest or premium payable or change the currency in which any Subordinated Indenture Security is payable, or impair the right to bring suit to enforce any payment;
- reduce the percentages of holders whose consent is required for any supplemental indenture or waiver or reduce the requirements for quorum and voting under the Subordinated Indenture; or
- modify certain of the provisions in the Subordinated Indenture relating to supplemental indentures and waivers of certain covenants and past defaults.

A supplemental indenture which changes or eliminates any provision of the Subordinated Indenture expressly included solely for the benefit of holders of Subordinated Indenture Securities of one or more particular series or tranches will be deemed not to affect the rights under the Subordinated Indenture of the holders of Subordinated Indenture Securities of any other series or tranche.

We will be entitled to set any day as a record date for the purpose of determining the holders of outstanding Subordinated Indenture Securities of any series entitled to give or take any demand, direction, consent or other action under the Subordinated Indenture, in the manner and subject to the limitations provided in the Subordinated Indenture. In certain circumstances, the Trustee also will be entitled to set a record date for action by holders. If such a record date is set for any action to be taken by holders of particular Subordinated Indenture Securities, such action may be taken only by persons who are holders of such Subordinated Indenture Securities at the close of business on the record date.

The Subordinated Indenture provides that certain Subordinated Indenture Securities, including those for which payment or redemption money has been deposited or set aside in trust as described under “Satisfaction and Discharge” below, will not be deemed to be “outstanding” in determining whether the holders of the requisite principal amount of the outstanding Subordinated Indenture Securities have given or taken any demand, direction, consent or other action under the Subordinated Indenture as of any date, or are present at a meeting of holders for quorum purposes.

### **Satisfaction and Discharge**

Any Subordinated Indenture Securities or any portion will be deemed to have been paid for purposes of the Subordinated Indenture, and at PPL Capital Funding’s election, the entire indebtedness of PPL Capital Funding and PPL Corporation will be satisfied and discharged, if there shall have been irrevocably deposited with the Trustee or any paying agent (other than PPL Capital Funding or PPL Corporation), in trust:

- money sufficient,

- in the case of a deposit made prior to the maturity of such Subordinated Indenture Securities, non-redeemable Government Obligations (as defined in the Subordinated Indenture) sufficient, or
- a combination of items listed in the preceding two bullet points, which in total are sufficient,

to pay when due the principal of, and any premium, and interest due and to become due on such Subordinated Indenture Securities or portions thereof on and prior to the maturity thereof.

The Subordinated Indenture will be deemed satisfied and discharged when no Subordinated Indenture Securities remain outstanding and when we have paid all other sums payable by us under the Subordinated Indenture.

All moneys we pay to the Trustee or any paying agent on Subordinated Indenture Securities which remain unclaimed at the end of two years after payments have become due will be paid to or upon the order of PPL Capital Funding. Thereafter, the holder of such Subordinated Indenture Security may look only to us for payment.

### **Agreement by Holders to Certain Tax Treatment**

Each holder of the 2007 Notes will, by accepting the 2007 Notes or a beneficial interest therein, be deemed to have agreed that the holder intends that the 2007 Notes constitute debt and will treat the 2007 Notes as debt for United States federal, state and local tax purposes.

### **Resignation and Removal of the Trustee; Deemed Resignation**

The Trustee may resign at any time by giving written notice to us.

The Trustee may also be removed by act of the holders of a majority in principal amount of the then outstanding Subordinated Indenture Securities of any series.

No resignation or removal of the Trustee and no appointment of a successor trustee will become effective until the acceptance of appointment by a successor trustee in accordance with the requirements of the Subordinated Indenture.

Under certain circumstances, we may appoint a successor trustee and if the successor accepts, the Trustee will be deemed to have resigned.

### **Notices**

Notices to holders of debt securities will be given by mail to the addresses of the holders as they may appear in the security register.

### **Title**

PPL Capital Funding, PPL Corporation, the Trustee, and any agent of PPL Capital Funding, PPL Corporation or the Trustee, will treat the person or entity in whose name Subordinated Indenture Securities are registered as the absolute owner of those Subordinated Indenture Securities (whether or not the Subordinated Indenture Securities may be overdue) for the purpose of making payments and for all other purposes irrespective of notice to the contrary.

### **Governing Law**

The Subordinated Indenture and the Subordinated Indenture Securities provide that they are governed by and construed in accordance with the laws of the State of New York, except to the extent the Trust Indenture Act shall be applicable.

### **Regarding the Trustee**

The Trustee under the Subordinated Indenture is The Bank of New York Mellon (“BNY”). In addition to acting as Trustee, BNY also maintains various banking and trust relationships with PPL Capital Funding and PPL Corporation and some of their affiliates.

### **Book-Entry Only Issuance — The Depository Trust Company**

DTC acts as the initial securities depository for the 2007 Notes. The 2007 Notes were issued in fully registered form and are evidenced by one or more global 2007 Notes registered in the name of DTC’s nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The global 2007 Notes were deposited with the Trustee as custodian for DTC.

DTC is a New York limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered

pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities for its participants ("Direct Participants") and also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The rules that apply to DTC and those using its system are on file with the SEC.

Purchases of the 2007 Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2007 Notes on DTC's records. The ownership interest of each actual purchaser ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases, but Beneficial Owners should receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which they purchased 2007 Notes. Transfers of ownership interests on the 2007 Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2007 Notes, except in the event that use of the book-entry system for the 2007 Notes is discontinued.

To facilitate subsequent transfers, all 2007 Notes deposited by Direct Participants with DTC are registered in the name of DTC's nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. DTC's records reflect only the identity of the Participants to whose accounts the 2007 Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Notices will be sent to DTC.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the 2007 Notes unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the voting or consenting rights of Cede & Co. to those Direct Participants to whose accounts the 2007 Notes are credited on the record date. PPL Capital Funding believes that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the 2007 Notes.

Payments of principal, interest and premium on the 2007 Notes will be made to Cede & Co. (or such other nominee of DTC). DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices and will be the responsibility of each Participant and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of the price, principal and interest to Cede & Co. (or other such nominee of DTC) is our responsibility. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

A beneficial owner will not be entitled to receive physical delivery of the 2007 Notes. Accordingly, each Beneficial Owner must rely on the procedures of DTC to exercise any rights under the 2007 Notes.

DTC may discontinue providing its services as securities depository with respect to the 2007 Notes at any time by giving us or the Trustee reasonable notice. In the event no successor securities depository is obtained, certificates for the 2007 Notes will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we do not take any responsibility for the accuracy of this information.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934**

PPL Capital Funding, Inc.'s Junior Subordinated Notes 2013 Series B due 2073, which are guaranteed as to payment of principal, interest and any premium by PPL Corporation (the "2013 Notes"), are registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

***PPL Capital Funding Junior Subordinated Notes 2013 Series B due 2073***

The following summary description sets forth certain terms and provisions of the 2013 Notes. Because this description is a summary, it does not describe every aspect of the 2013 Notes or the Subordinated Indenture under which the 2013 Notes were issued, as described below. The Subordinated Indenture was filed by PPL Corporation as an exhibit to its Current Report on Form 8-K filed on March 20, 2007 and the Supplemental Indenture No. 4 thereto relating to the 2013 Notes was filed as an exhibit to its Current Report on Form 8-K dated March 15, 2013. The Subordinated Indenture and its associated documents contain the full legal text of the matters described in this section. This summary is subject to and qualified in its entirety by reference to all of the provisions of the 2013 Notes and the Subordinated Indenture, including definitions of certain terms used in the Subordinated Indenture. The Subordinated Indenture has been qualified under the Trust Indenture Act, and reference is made to the Trust Indenture Act for provisions that apply to the 2013 Notes.

Certain terms used below and not otherwise defined herein shall have the meaning assigned to such terms in the Subordinated Indenture. Defined terms used in this summary description of the 2013 Notes shall apply only to this summary description and the 2013 Notes.

**General**

PPL Capital Funding issued the 2013 Notes as a series of debt securities under the Subordinated Indenture, dated as of March 1, 2007 (as such indenture may be amended and supplemented from time to time, the "Subordinated Indenture"), among PPL Capital Funding, PPL Corporation and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee (the "Trustee"). The Subordinated Indenture does not limit the amount of securities that may be issued thereunder. The 2013 Notes and all other debt securities issued under the Subordinated Indenture are collectively referred to herein as the "Subordinated Indenture Securities."

The 2013 Notes are unsecured, subordinated obligations of PPL Capital Funding that rank junior to all of PPL Capital Funding's Senior Indebtedness (as defined below). The 2013 Notes are fully and unconditionally guaranteed by PPL Corporation as to payment of principal, interest and any premium pursuant to the subordinated guarantees of PPL Corporation (the "Subordinated Guarantees") that rank junior to all of PPL Corporation's Senior Indebtedness. See "— Subordination" below.

The 2013 Notes were issued in fully registered form only, without coupons. The 2013 Notes were initially represented by one or more fully registered global securities (the "Global Securities") deposited with the Trustee, as custodian for The Depository Trust Company ("DTC"), as depository, and registered in the name of DTC or DTC's nominee. A beneficial interest in a Global Security will be shown on, and transfers or exchanges thereof will be effected only through, records maintained by DTC and its participants, as described below under "Book-Entry Only Issuance— DTC." The authorized denominations of the 2013 Notes is \$25 and integral multiples of \$25 in excess thereof. Except in limited circumstances described below, the 2013 Notes are not exchangeable for 2013 Notes in definitive certificated form.

The 2013 Notes were initially issued in one series in the aggregate principal amount of \$450,000,000. PPL Capital Funding may, without the consent of the holders of the 2013 Notes, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms as the 2013 Notes offered hereby (other than differences in the price to public and interest accrued prior to the issue date of such additional notes); *provided* that if any such additional notes are not fungible with the 2013 Notes initially offered hereby for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. Any such additional notes may, together with the 2013 Notes, constitute a single series of securities under the Subordinated Indenture. The 2013 Notes and any additional notes of the same series having the same terms as the 2013 Notes offered hereby subsequently issued under the Subordinated Indenture may be treated as a single class for all purposes under the Subordinated Indenture, including, without limitation, voting, waivers and amendments.

**Maturity**

Unless an earlier redemption has occurred, the entire principal amount of the 2013 Notes will mature and become due and payable, together with any accrued and unpaid interest, on April 30, 2073.

## **Interest and Payment**

PPL Capital Funding will pay interest quarterly on the 2013 Notes at the rate of 5.90% per year. PPL Capital Funding will pay interest on the 2013 Notes on January 30, April 30, July 30 and October 30 of each year, each such date referred to as an “*interest payment date*,” until maturity or earlier redemption. The regular record date for interest payable on any interest payment date on the 2013 Notes shall be the close of business (1) on the business day immediately preceding such interest payment date so long as all of the 2013 Notes remain in book-entry only form, or (2) on the 15th calendar day immediately preceding each interest payment date if any of the 2013 Notes do not remain in book-entry only form. See “—Book-Entry Only Issuance.” Interest on the 2013 Notes will accrue from, and including, the first date of original issuance to, but excluding, the first interest payment date. Thereafter, interest on each 2013 Note will accrue from, and including, the last interest payment date to which PPL Capital Funding has paid, or duly provided for the payment of, interest on that Note to, but excluding, the next succeeding interest payment date. No interest will accrue on a 2013 Note for the day that the 2013 Note matures. The amount of interest payable for any full quarterly period will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period shorter than a full quarterly period for which interest is computed will be computed on the basis of the actual number of days in the period using 30-day calendar months. If any date on which interest, principal or premium is payable on the 2013 Notes falls on a day that is not a business day, then payment of the interest, principal or premium payable on that date will be made on the next succeeding day which is a business day, and no interest or payment will be paid in respect of the delay. A “business day” is any day that is not a Saturday, a Sunday, or a day on which banking institutions or trust companies in New York City are generally authorized or required by law or executive order to remain closed.

In this description of the 2013 Notes the term “interest” includes quarterly interest payments and applicable interest on interest payments accrued but not paid on the applicable interest payment date.

## **Redemption**

PPL Capital Funding may redeem the 2013 Notes at its option, in whole at any time or in part from time to time at a redemption price equal to 100% of the principal amount of the 2013 Notes being redeemed plus accrued and unpaid interest to, but excluding, the redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of Notes to be redeemed at such holder’s registered address. If less than all of the 2013 Notes of any series or any tranche thereof are to be redeemed, the Trustee will select the 2013 Notes to be redeemed. In the absence of any provision for selection, the Trustee will choose a method of random selection as it deems fair and appropriate. PPL Capital Funding will pay the redemption price and any accrued interest once holders surrender the 2013 Note for redemption. If only part of a 2013 Note is redeemed, the Trustee will deliver to the holders a new Note of the same series for the remaining portion without charge.

PPL Capital Funding may make any redemption at its option conditional upon the receipt by the paying agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If the paying agent has not received such money by the date fixed for redemption, PPL Capital Funding will not be required to redeem such Notes.

The 2013 Notes will not be entitled to the benefit of a sinking fund or be subject to redemption at the option of the holder.

## **Option to Defer Interest Payments**

So long as there is no event of default under the Subordinated Indenture, PPL Capital Funding may defer interest payments on the 2013 Notes, from time to time, for one or more periods (each, an “Optional Deferral Period,” which will be deemed to begin on the most recent interest payment date on which interest on the 2013 Notes was paid) of up to 10 consecutive years per Optional Deferral Period. However, a deferral of interest payments cannot extend beyond the maturity date of the 2013 Notes. During an Optional Deferral Period, interest will continue to accrue on the 2013 Notes, and deferred interest payments will accrue additional interest at a rate equal to the interest rate on the 2013 Notes, compounded on each interest payment date, to the extent permitted by applicable law. No interest will be due and payable on the 2013 Notes until the end of the Optional Deferral Period except upon a redemption of the 2013 Notes during the deferral period.

PPL Capital Funding may pay at any time all or any portion of the interest accrued to that point during an Optional Deferral Period. At the end of the Optional Deferral Period or on any redemption date, PPL Capital Funding will be obligated to pay all accrued and unpaid interest.

Once all accrued and unpaid interest on the 2013 Notes has been paid, PPL Capital Funding again can defer interest payments on the 2013 Notes as described above, provided that an Optional Deferral Period cannot extend beyond the maturity date of the 2013 Notes.

If PPL Capital Funding defers interest for a period of 10 consecutive years from the commencement of an Optional Deferral Period, such deferred interest will become due on the interest payment date falling on the tenth anniversary of the commencement of such Optional Deferral Period. PPL Capital Funding will be required to pay all accrued and unpaid interest on such interest payment date, and to the extent it does not do so, PPL Corporation will be required to make guarantee payments in accordance with the Subordinated Guarantees. If PPL Capital Funding and PPL Corporation fail to pay in full all accrued and unpaid interest within 30 days of such interest payment date, an event of default that permits acceleration of principal and interest on the 2013 Notes will occur under the Subordinated Indenture. See “—Events of Default.”

During any period in which PPL Capital Funding defers interest payments on the 2013 Notes, neither PPL Corporation nor PPL Capital Funding may:

- declare or pay any dividend or distribution on any of their respective capital stock, other than dividends paid in shares of their respective capital stock;
- redeem, purchase, acquire or make a liquidation payment with respect to any of PPL Corporation’s or PPL Capital Funding’s capital stock;
- pay any principal, interest or premium on, or repay, repurchase or redeem any of PPL Corporation’s or PPL Capital Funding’s debt securities that are equal or junior in right of payment with the 2013 Notes or the Subordinated Guarantees, as the case may be; or
- make any payments with respect to any PPL Corporation or PPL Capital Funding guarantee of debt securities if such guarantee is equal or junior in right of payment to the 2013 Notes or the Subordinated Guarantees, as the case may be (other than payments under the Subordinated Guarantees),

***other than***

- purchases, redemptions or other acquisitions of PPL Corporation’s or PPL Capital Funding’s capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;
- any payment, repayment, redemption, purchase, acquisition or declaration of a dividend as a result of a reclassification of PPL Corporation’s or PPL Capital Funding’s capital stock or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock or any class or series of its indebtedness for any class or series of its capital stock;
- the purchase of fractional interests in shares of PPL Corporation’s or PPL Capital Funding’s capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of contracts entered into by PPL Corporation to sell shares of its capital stock (“stock purchase contracts”);
- dividends or distributions paid or made in PPL Corporation’s or PPL Capital Funding’s capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts;
- redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;
- payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or guarantees of the foregoing, in each case that rank equal in right of payment to the 2013 Notes or the Subordinated Guarantees, so long as the amounts paid, the amounts set aside at such time for payment of such securities and guarantees on the immediately following regularly scheduled interest payment dates therefor and the amounts paid or set aside at such time for payment on the 2013 Notes on the immediately following interest payment date for the 2013 Notes, are in the same proportion to the full payment to which each series of such securities and guarantees (including the 2013 Notes) is then, or on such immediately following regularly scheduled interest payment dates will be, entitled if paid in full;
- dividends or distributions by PPL Capital Funding on its capital stock to the extent owned by PPL

Corporation; and

- redemptions, purchases, acquisitions or liquidation payments by PPL Capital Funding with respect to its capital stock to the extent owned by PPL Corporation.

## **Subordination**

### ***Subordination of the 2013 Notes***

The 2013 Notes are subordinate and junior in right of payment to all Senior Indebtedness of PPL Capital Funding. No payment of the principal (including redemption payments) of, or interest or premium, if any, on the 2013 Notes may be made by PPL Capital Funding until all holders of Senior Indebtedness of PPL Capital Funding have been paid, if any of the following occurs:

- certain events of bankruptcy, insolvency or reorganization of PPL Capital Funding;
- any Senior Indebtedness of PPL Capital Funding is not paid when due (after the expiration of any applicable grace period) and that default continues without cure or waiver; or
- any other default has occurred and continues without cure or waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of PPL Capital Funding are permitted to accelerate the maturity of such Senior Indebtedness.

### ***Subordinated Guarantees***

PPL Corporation fully and unconditionally guarantees the payment of principal of and any interest and premium on the 2013 Notes, when due and payable (and subject to PPL Capital Funding's right to defer interest payments as described above), whether at the stated maturity date, by declaration of acceleration, call for redemption or otherwise, in accordance with the terms of the 2013 Notes and the Subordinated Indenture. The Subordinated Guarantees will remain in effect until the entire principal of and interest and premium, if any, on the 2013 Notes has been paid in full or otherwise discharged in accordance with the provisions of the Subordinated Indenture.

The Subordinated Guarantees are subordinate and junior in right of payment to all Senior Indebtedness of PPL Corporation. No payment of the principal (including redemption payments) of, or interest or premium on, the 2013 Notes may be made by PPL Corporation under the Subordinated Guarantees until all holders of Senior Indebtedness of PPL Corporation have been paid, if any of the following occurs:

- certain events of bankruptcy, insolvency or reorganization of PPL Corporation;
- any Senior Indebtedness of PPL Corporation is not paid when due (after the expiration of any applicable grace period) and that default continues without cure or waiver; or
- any other default has occurred and continues without cure or waiver (after the expiration of any applicable grace period) pursuant to which the holders of Senior Indebtedness of PPL Corporation are permitted to accelerate the maturity of such Senior Indebtedness.

Upon any distribution of assets of PPL Capital Funding or PPL Corporation, as the case may be, to its creditors in connection with any insolvency, bankruptcy or similar proceeding, all principal of, and premium, if any, and interest due or to become due on all of its Senior Indebtedness must be paid in full before the holders of the 2013 Notes are entitled to receive or retain any payment from such distribution.

"Senior Indebtedness," when used with respect to PPL Capital Funding or PPL Corporation, is defined in the Subordinated Indenture to include all of PPL Capital Funding's or PPL Corporation's obligations, as the case may be, whether presently existing or from time to time hereafter incurred, created, assumed or existing, to pay principal, interest, premium, penalties, fees and any other payment in respect of any of the following:

- indebtedness for borrowed money, including, without limitation, such obligations as are evidenced by credit agreements, notes, debentures, bonds and similar instruments;
- PPL Capital Funding's or PPL Corporation's obligations under synthetic leases, finance leases and capitalized leases;
- PPL Capital Funding's or PPL Corporation's obligations for reimbursement under letters of credit, banker's acceptances, security purchase facilities or similar facilities issued for PPL Capital Funding's or PPL Corporation's account;
- any of PPL Capital Funding's or PPL Corporation's other obligations with respect to derivative contracts, including commodity contracts, interest rate, commodity and currency swap agreements, forward contracts

and other similar agreements or arrangements; and

- all obligations of others of the kinds described in the preceding categories which PPL Capital Funding or PPL Corporation has assumed or guaranteed,

***other than***

- trade obligations incurred in the ordinary course of business, or
- any such obligation or guarantee that expressly provides that it is not senior to or is equal in right of payment to the 2013 Notes or the Subordinated Guarantees, as the case may be (including PPL Capital Funding's 2007 Series A Junior Subordinated Notes due 2067, and PPL Corporation's respective Subordinated Guarantees thereof).

The Subordinated Indenture does not limit the aggregate amount of Senior Indebtedness that may be issued. As of December 31, 2019, PPL Capital Funding had approximately \$3.6 billion principal amount of indebtedness for borrowed money constituting its Senior Indebtedness, and PPL Corporation had approximately \$3.6 billion principal amount (on an unconsolidated basis) of obligations constituting its Senior Indebtedness (including guarantees of indebtedness of PPL Capital Funding and certain of PPL Corporation's other subsidiaries).

Pursuant to the subordination provisions of the Subordinated Indenture, any payment or distribution, whether in cash, securities or other property, which would otherwise (but for the subordination provisions) be payable or deliverable in respect of the 2013 Notes by PPL Capital Funding or PPL Corporation will instead be paid or delivered directly to the holders of such Senior Indebtedness of PPL Capital Funding or PPL Corporation (or their respective representative or Trustee), as the case may be, in accordance with the priorities then existing among such holders until all such Senior Indebtedness has been paid in full before any payment or distribution is made to the holders of Notes. In the event that, notwithstanding such subordination provisions, any payment or distribution of assets of any kind or character is made on the 2013 Notes by PPL Capital Funding or PPL Corporation before all such Senior Indebtedness is paid in full, the Trustee or the holders of Notes receiving such payment will be required to pay over such payment or distribution to the holders of such Senior Indebtedness.

The Subordinated Indenture provides that Senior Indebtedness will not be deemed to have been paid in full unless the holders thereof, as applicable, shall have received cash (or securities or other property satisfactory to such holders) in full payment of such Senior Indebtedness then outstanding. Upon the payment in full of all such Senior Indebtedness, the holders of the 2013 Notes shall be subrogated to all the rights of any holders of such Senior Indebtedness to receive any further payments or distributions of cash, property or securities of PPL Capital Funding or PPL Corporation, as applicable, applicable to such Senior Indebtedness until the 2013 Notes shall have been paid in full, and such payments or distributions of cash, property or securities received by the holders of the 2013 Notes, by reason of such subrogation, which otherwise would be paid or distributed to the holders of such Senior Indebtedness, shall, as between PPL Capital Funding or PPL Corporation, as applicable, and its creditors other than the holders of Senior Indebtedness, on the one hand, and the holders of the 2013 Notes, on the other, be deemed to be a payment on account of such Senior Indebtedness, and not on account of the 2013 Notes or the Subordinated Guarantees, as the case may be.

The Subordinated Indenture provides that no present or future holder of any Senior Indebtedness of PPL Capital Funding or PPL Corporation, as the case may be, will be prejudiced in the right to enforce subordination of the indebtedness under the Subordinated Indenture by any act or failure to act on the part of PPL Capital Funding or PPL Corporation, as applicable.

**Events of Default**

Each of the following constitutes an "Event of Default" under the Subordinated Indenture with respect to the 2013 Notes:

- default in the payment of any interest on any 2013 Note within 30 days following the due date; provided that failure to pay interest during an Optional Deferral Period will not constitute an Event of Default;
- default in the payment of the principal or premium on any 2013 Note on its due date;
- PPL Corporation's Subordinated Guarantees of the 2013 Notes cease to be effective (except in accordance with their terms), are found in any judicial proceeding to be unenforceable or invalid, or are denied or disaffirmed (except in accordance with their terms); or
- PPL Corporation or PPL Capital Funding files for bankruptcy or certain other similar events in bankruptcy, insolvency, receivership or reorganization occur.

No Event of Default with respect to the 2013 Notes necessarily constitutes an Event of Default with respect to the Subordinated Indenture Securities of any other series issued under the Subordinated Indenture.

**Acceleration. Any One Series.** If an Event of Default occurs and is continuing with respect to any one series of Subordinated Indenture Securities, then either the Trustee or the holders of 25% in principal amount of the outstanding Subordinated Indenture Securities of such series may declare the principal amount of all of the Subordinated Indenture Securities of such series immediately to be due and payable.

**More Than One Series.** If an Event of Default occurs and is continuing with respect to more than one series of Subordinated Indenture Securities, then either the Trustee or the holders of 25% of the aggregate principal amount of the outstanding Subordinated Indenture Securities of all such series, considered as one class, may make such declaration of acceleration. Thus, if there is more than one series affected, the action by the holders of 25% of the aggregate principal amount of the outstanding Subordinated Indenture Securities of any particular series will not, in itself, be sufficient to make a declaration of acceleration.

**Rescission of Acceleration.** After a declaration of acceleration has been made and before the Trustee has obtained a judgment or decree for payment of the money due, such declaration and its consequences will be rescinded and annulled, if:

(1) PPL Corporation or PPL Capital Funding pays or deposits with the Trustee a sum sufficient to pay:

- all overdue interest;
- the principal of and any premium which have become due otherwise than by such declaration of acceleration and interest thereon;
- interest on overdue interest to the extent lawful; and
- all amounts due to the Trustee under the Subordinated Indenture; and

(2) all Events of Default, other than the nonpayment of the principal which has become due solely by such declaration of acceleration, have been cured or waived as provided in the Subordinated Indenture. For more information as to waiver of defaults, see “—Waiver of Default and of Compliance.”

**Control by Holders; Limitations.** Subject to the Subordinated Indenture, if an Event of Default (or certain other defaults as discussed below), with respect to the Subordinated Indenture Securities of any one series occurs and is continuing, the holders of a majority in principal amount of the outstanding Subordinated Indenture Securities of that series will have the right to:

- direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or
- exercise any trust or power conferred on the Trustee with respect to the Subordinated Indenture Securities of such series.

If an Event of Default (or certain other defaults as discussed below) is continuing with respect to more than one series of Subordinated Indenture Securities, the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all such series, considered as one class, will have the right to make such direction, and not the holders of the Subordinated Indenture Securities of any one of such series.

These rights of holders to make direction are subject to the following limitations:

- the holders' directions may not conflict with any law or the Subordinated Indenture; and
- the holders' directions may not involve the Trustee in personal liability where the Trustee believes indemnity is not adequate.

The Trustee may also take any other action it deems proper which is consistent with the holders' direction. With respect to Events of Default and other defaults in the performance of, or breach of, covenants in the Subordinated Indenture that do not constitute Events of Default, if any such Event of Default or other default occurs and is continuing after any applicable notice and/or cure period, then the Trustee may in its discretion (and subject to the rights of the holders to control remedies as described above and certain other conditions specified in the Subordinated Indenture) bring such judicial proceedings as the Trustee shall deem appropriate or proper.

The Subordinated Indenture provides that no holder of any Subordinated Indenture Security will have any right to institute any proceeding, judicial or otherwise, with respect to the Subordinated Indenture for the appointment of a receiver or for any other remedy thereunder unless:

- that holder has previously given the Trustee written notice of a continuing Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period);

- the holders of 25% in aggregate principal amount of the outstanding Subordinated Indenture Securities of all affected series, considered as one class, have made written request to the Trustee to institute proceedings in respect of that Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period);
- such holder or holders shall have offered the Trustee reasonable indemnity against costs and liabilities incurred in complying with such request;
- for 60 days after receipt of such notice, the Trustee has failed to institute any such proceeding; and
- no direction inconsistent with such request has been given to the Trustee during such 60-day period by the holders of a majority in aggregate principal amount of outstanding Subordinated Indenture Securities of all affected series, considered as one class.

Furthermore, no holder will be entitled to institute any such action if and to the extent that such action would disturb or prejudice the rights of other holders.

However, each holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right.

### **Notice of Default**

The Trustee is required to give the holders of the 2013 Notes notice of any default under the Subordinated Indenture to the extent required by the Trust Indenture Act, unless such default has been cured or waived; provided, however, that in the case of a default in the performance of, or breach of, any covenant or warranty in the Subordinated Indenture (after any applicable notice and/or cure period) that does not result in an Event of Default, no such notice shall be given until at least 90 days after the occurrence thereof. The Trust Indenture Act currently permits the Trustee to withhold notices of default (except for certain payment defaults) if the Trustee in good faith determines the withholding of such notice to be in the interests of the holders.

PPL Capital Funding and PPL Corporation have agreed to furnish the Trustee with an annual statement as to their compliance with the conditions and covenants in the Subordinated Indenture.

### **Waiver of Default and of Compliance**

The holders of a majority in aggregate principal amount of the outstanding Notes may waive, on behalf of the holders of all outstanding Notes, any past default under the Subordinated Indenture, except a default in the payment of principal, premium or interest, or with respect to compliance with certain provisions of the Subordinated Indenture that cannot be amended without the consent of the holder of each outstanding Subordinated Indenture Security.

Compliance with certain covenants in the Subordinated Indenture or otherwise provided with respect to Subordinated Indenture Securities may be waived by the holders of a majority in aggregate principal amount of the affected Subordinated Indenture Securities, considered as one class.

### **Consolidation, Merger and Conveyance of Assets as an Entirety; No Financial Covenants**

Subject to the provisions described in the next paragraph, each of PPL Capital Funding and PPL Corporation has agreed in the Subordinated Indenture to preserve its corporate existence.

PPL Capital Funding and PPL Corporation have each also agreed not to consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity unless:

- the entity formed by such consolidation or into which PPL Capital Funding or PPL Corporation, as the case may be, is merged or the entity which acquires or which leases its property and assets substantially as an entirety is a corporation or limited liability company organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and expressly assumes, by supplemental indenture, the due and punctual payment of the principal, premium and interest on all the outstanding Notes and the performance of all of its covenants under the Subordinated Indenture, and
- immediately after giving effect to such transactions, no Event of Default (or other default under the Subordinated Indenture after any applicable notice and/or cure period), and no event which after notice or lapse of time or both would become an Event of Default (or such other default), will have occurred and be continuing.

The Subordinated Indenture does not prevent or restrict:

- any consolidation or merger after the consummation of which PPL Capital Funding or PPL Corporation would be the surviving or resulting entity;

- any consolidation of PPL Capital Funding with PPL Corporation or any other entity all of the outstanding voting securities of which are owned, directly or indirectly, by PPL Corporation; or any merger of any such entity into any other of such entities; or any conveyance or other transfer, or lease, or properties by any thereof to any other thereof;
- any conveyance or other transfer, or lease, of any part of the properties of PPL Capital Funding or PPL Corporation which does not constitute the entirety, or substantially the entirety, thereof; or
- the approval by PPL Capital Funding or PPL Corporation of, or the consent by PPL Capital Funding or PPL Corporation to, any consolidation or merger to which any direct or indirect subsidiary or affiliate of PPL Capital Funding or PPL Corporation, as the case requires, may be a party or any conveyance, transfer or lease by any such subsidiary or affiliate of any of its assets.

### **Modification of Subordinated Indenture**

*Without Holder Consent.* Without the consent of any holders of Subordinated Indenture Securities, PPL Capital Funding, PPL Corporation and the Trustee may enter into one or more supplemental indentures for any of the following purposes:

- to evidence the succession of another entity to PPL Capital Funding or PPL Corporation;
- to add one or more covenants or other provisions for the benefit of the holders of all or any series or tranche of Subordinated Indenture Securities, or to surrender any right or power conferred upon PPL Capital Funding or PPL Corporation;
- to add any additional Events of Default for all or any series of Subordinated Indenture Securities;
- to change or eliminate any provision of the Subordinated Indenture or to add any new provision to the Subordinated Indenture that does not adversely affect the interests of the holders;
- to provide security for the Subordinated Indenture Securities of any series;
- to establish the form or terms of Subordinated Indenture Securities of any series or tranche as permitted by the Subordinated Indenture;
- to provide for the issuance of bearer securities;
- to evidence and provide for the acceptance of appointment of a separate or successor Trustee;
- to provide for the procedures required to permit the utilization of a noncertificated system of registration for any series or tranche of Indenture Securities;
- to change any place or places where:
  - principal, premium and interest may be payable,
  - Subordinated Indenture Securities may be surrendered for transfer or exchange, and
  - notices and demands to or upon PPL Capital Funding or PPL Corporation may be served; or
- to cure any ambiguity, defect or inconsistency or to make any other changes that do not adversely affect the interests of the holders in any material respect;

*provided* that PPL Capital Funding and PPL Corporation will not enter into any supplemental indenture with the Trustee to add any additional Event of Default with respect to the 2013 Notes without the consent of the holders of at least a majority in aggregate principal amount of outstanding Notes.

If the Trust Indenture Act is amended so as to require changes to the Subordinated Indenture or so as to permit changes to, or the elimination of, provisions which, at the date of the Subordinated Indenture or at any time thereafter, were required by the Trust Indenture Act to be contained in the Subordinated Indenture, the Subordinated Indenture will be deemed to have been amended so as to conform to such amendment or to effect such changes or elimination, and PPL Capital Funding, PPL Corporation and the Trustee may, without the consent of any holders, enter into one or more supplemental indentures to effect or evidence such amendment.

*With Holder Consent.* Except as provided above, the consent of the holders of at least a majority in aggregate principal amount of the Subordinated Indenture Securities of all outstanding series, considered as one class, is generally required for the purpose of adding to, changing or eliminating any of the provisions of the Subordinated

Indenture pursuant to a supplemental indenture. However, if less than all of the series of outstanding Subordinated Indenture Securities are directly affected by a proposed supplemental indenture, then such proposal only requires the consent of the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all directly affected series, considered as one class. Moreover, if the Indenture Securities of any series have been issued in more than one tranche and if the proposed supplemental indenture directly affects the rights of the holders of Subordinated Indenture Securities of one or more, but less than all, of such tranches, then such proposal only requires the consent of the holders of a majority in aggregate principal amount of the outstanding Subordinated Indenture Securities of all directly affected tranches, considered as one class.

However, no amendment or modification may, without the consent of the holder of each outstanding Subordinated Indenture Security directly affected thereby,

- change the stated maturity date of the principal or interest on any Subordinated Indenture Security (other than pursuant to the terms thereof and, in the case of the 2013 Notes, as described above under “Option to Defer Interest Payments”), or reduce the principal amount, interest or premium payable or change the currency in which any Subordinated Indenture Security is payable, or impair the right to bring suit to enforce any payment;
- reduce the percentages of holders whose consent is required for any supplemental indenture or waiver or reduce the requirements for quorum and voting under the Subordinated Indenture; or
- modify certain of the provisions in the Subordinated Indenture relating to supplemental indentures and waivers of certain covenants and past defaults.

A supplemental indenture which changes or eliminates any provision of the Subordinated Indenture expressly included solely for the benefit of holders of Subordinated Indenture Securities of one or more particular series or tranches will be deemed not to affect the rights under the Subordinated Indenture of the holders of Subordinated Indenture Securities of any other series or tranche.

PPL Capital Funding will be entitled to set any day as a record date for the purpose of determining the holders of outstanding Subordinated Indenture Securities of any series entitled to give or take any demand, direction, consent or other action under the Subordinated Indenture, in the manner and subject to the limitations provided in the Subordinated Indenture. In certain circumstances, the Trustee also will be entitled to set a record date for action by holders. If such a record date is set for any action to be taken by holders of particular Subordinated Indenture Securities, such action may be taken only by persons who are holders of such Subordinated Indenture Securities at the close of business on the record date.

The Subordinated Indenture provides that certain Subordinated Indenture Securities, including those for which payment or redemption money has been deposited or set aside in trust as described under “Satisfaction and Discharge” below, will not be deemed to be “outstanding” in determining whether the holders of the requisite principal amount of the outstanding Subordinated Indenture Securities have given or taken any demand, direction, consent or other action under the Subordinated Indenture as of any date, or are present at a meeting of holders for quorum purposes.

### **Satisfaction and Discharge**

Any Subordinated Indenture Securities or any portion will be deemed to have been paid for purposes of the Subordinated Indenture, and at PPL Capital Funding’s election, the entire indebtedness of PPL Capital Funding and PPL Corporation will be satisfied and discharged, if there shall have been irrevocably deposited with the Trustee or any paying agent (other than PPL Capital Funding or PPL Corporation), in trust:

- money sufficient,
- in the case of a deposit made prior to the maturity of such Subordinated Indenture Securities, nonredeemable Government Obligations (as defined in the Subordinated Indenture) sufficient, or
- a combination of items listed in the preceding two bullet points, which in total are sufficient,

to pay when due the principal of, and any premium, and interest due and to become due on such Subordinated Indenture Securities or portions thereof on and prior to the maturity thereof.

The Subordinated Indenture will be deemed satisfied and discharged when no Subordinated Indenture Securities remain outstanding and when all other sums payable by PPL Capital Funding or PPL Corporation have been paid under the Subordinated Indenture.

All moneys deposited with the Trustee or any paying agent, or then held by PPL Capital Funding, in trust for the payment of principal, premium or interest on Subordinated Indenture Securities which remain unclaimed at the end of

two years after payments have become due will be paid to or upon the order of PPL Capital Funding. Thereafter, the holder of such Subordinated Indenture Security may look only to PPL Capital Funding and PPL Corporation for payment.

### **Agreement by Holders to Certain Tax Treatment**

Each holder of the 2013 Notes will, by accepting the 2013 Notes or a beneficial interest therein, be deemed to have agreed that the holder intends that the 2013 Notes constitute debt and will treat the 2013 Notes as debt for United States federal, state and local tax purposes.

### **Resignation and Removal of the Trustee; Deemed Resignation**

The Trustee may resign at any time by giving written notice to PPL Capital Funding and PPL Corporation.

The Trustee may also be removed by act of the holders of a majority in principal amount of the then outstanding Subordinated Indenture Securities of any series.

No resignation or removal of the Trustee and no appointment of a successor Trustee will become effective until the acceptance of appointment by a successor Trustee in accordance with the requirements of the Subordinated Indenture.

Under certain circumstances, PPL Capital Funding may appoint a successor Trustee and if the successor accepts, the Trustee will be deemed to have resigned.

### **Notices**

Notices to holders of the 2013 Notes will be given by mail to the addresses of the holders as they may appear in the security register.

### **Title**

PPL Capital Funding, PPL Corporation, the Trustee, and any agent of PPL Capital Funding, PPL Corporation or the Trustee, will treat the person or entity in whose name Notes are registered as the absolute owner of those Notes (whether or not the 2013 Notes may be overdue) for the purpose of making payments and for all other purposes irrespective of notice to the contrary.

### **Governing Law**

The Subordinated Indenture and the 2013 Notes provide that they are governed by and construed in accordance with the laws of the State of New York, except to the extent the Trust Indenture Act shall be applicable.

### **Regarding the Trustee**

The Trustee is The Bank of New York Mellon ("BNYM"). In addition to acting as Trustee, BNYM also maintains various banking and trust relationships with PPL Capital Funding and PPL Corporation and some of their affiliates.

### **Book-Entry Only Issuance**

The 2013 Notes settled through DTC. The 2013 Notes are represented by one or more global certificates and registered in the name of Cede & Co., DTC's nominee. Upon the initial issuance of the 2013 Notes, DTC or its nominee initially credited, on its book-entry registration and transfer system, the principal amount of the 2013 Notes represented by such global securities to the accounts of institutions that have an account with DTC or its participants. The accounts so credited were designated by the underwriters. Ownership of beneficial interests in the global securities is limited to participants or persons that may hold interests through participants. The global certificates were deposited with the Trustee as custodian for DTC.

Investors may hold interests in a global security through DTC, Clearstream Banking, société anonyme ("Clearstream"), or Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), directly if they are participants in such systems, or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositaries, which in turn will hold such interests in customers' securities accounts in the depositaries' names on DTC's books.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in certificated form. These laws may impair the ability to transfer beneficial interests in the 2013 Notes so long as the 2013 Notes are represented by global security certificates.

*DTC.* DTC is a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under Section 17A of the Exchange Act. DTC holds securities for its participants. DTC also

facilitates the post-trade settlement of securities transactions among its participants through electronic computerized book-entry transfers and pledges in the participants' accounts. This eliminates the need for physical movement of securities certificates. The participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly. The rules that apply to DTC and those using its system are on file with the SEC.

Purchases of the 2013 Notes within the DTC system must be made through participants, who will receive a credit for the 2013 Notes on DTC's records. The beneficial ownership interest of each purchaser will be recorded on the appropriate participant's records. Beneficial owners will not receive written confirmation from DTC of their purchases, but beneficial owners should receive written confirmations of the transactions, as well as periodic statements of their holdings, from the participants through whom they purchased Notes. Transfers of ownership in the 2013 Notes are to be accomplished by entries made on the books of the participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates for their Notes, except if use of the book-entry system for the 2013 Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by participants with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of the 2013 Notes with DTC and their registration in the name of Cede & Co. effects no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the 2013 Notes. DTC's records reflect only the identity of the participants to whose accounts such Notes are credited. These participants may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to participants, and by participants to beneficial owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of Notes may wish to take certain steps to augment transmission to them of notices of significant events with respect to the 2013 Notes, such as redemptions, tenders, defaults and proposed amendments to the Subordinated Indenture. Beneficial owners of the 2013 Notes may wish to ascertain that the nominee holding the 2013 Notes has agreed to obtain and transmit notices to the beneficial owners.

Redemption notices will be sent to Cede & Co., as registered holder of the 2013 Notes. If less than all of the 2013 Notes are being redeemed, DTC's practice is to determine by lot the amount of Notes of each participant to be redeemed.

Neither DTC nor Cede & Co. will itself consent or vote with respect to Notes, unless authorized by a participant in accordance with DTC's procedures. Under its usual procedures, DTC would mail an omnibus proxy to PPL Capital Funding as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those participants to whose accounts the 2013 Notes are credited on the record date. PPL Capital Funding and PPL Corporation believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the 2013 Notes.

Payments of redemption proceeds, principal of, and interest on the 2013 Notes will be made to Cede & Co., or such other nominee as may be requested by DTC. DTC's practice is to credit participants' accounts upon DTC's receipt of funds and corresponding detail information from PPL Capital Funding or its agent, on the payment date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices. Payments will be the responsibility of participants and not of DTC, the Trustee, PPL Capital Funding or PPL Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest to Cede & Co. (or such other nominee as may be requested by DTC) is the responsibility of PPL Capital Funding. Disbursement of payments to participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of participants.

Except as provided in the prospectus supplement relating to the 2013 Notes, a beneficial owner will not be entitled to receive physical delivery of the 2013 Notes. Accordingly, each beneficial owner must rely on the procedures of DTC to exercise any rights under the 2013 Notes.

DTC may discontinue providing its services as securities depository with respect to the 2013 Notes at any time by giving reasonable notice to PPL Capital Funding. In the event no successor securities depository is obtained, certificates for the 2013 Notes will be printed and delivered. PPL Capital Funding and PPL Corporation may decide to replace DTC or any successor depository. Additionally, subject to the procedures of DTC, PPL Capital Funding and PPL Corporation may decide to discontinue use of the system of book-entry transfers through DTC (or a successor

depository) with respect to some or all of the 2013 Notes. In that event, certificates for such Notes will be printed and delivered. If certificates for Notes are printed and delivered,

- the 2013 Notes will be issued in fully registered form without coupons;
- a holder of certificated Notes would be able to exchange those Notes, without charge, for an equal aggregate principal amount of Notes of the same series, having the same issue date and with identical terms and provisions; and
- a holder of certificated Notes would be able to transfer those Notes without cost to another holder, other than for applicable stamp taxes or other governmental charges.

However, PPL Capital Funding shall not be required to make transfers or exchanges of certificated Notes for a period of 15 days next preceding any notice identifying Notes to be redeemed, and PPL Capital Funding shall not be required to make transfers or exchanges of any certificated Notes designated in whole or in part for redemption, except the unredeemed portion of any 2013 Note being redeemed in part.

*Clearstream.* Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (“Clearstream Participants”) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector, also known as *Commission de Surveillance du Secteur Financier*. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the 2013 Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with Clearstream’s rules and procedures, to the extent received by DTC for Clearstream.

*Euroclear.* Euroclear was created in 1968 to hold securities for participants of Euroclear (“Euroclear Participants”) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (“Euroclear Operator”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly. Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the terms and conditions governing use of Euroclear and the related operating procedures of Euroclear, and applicable Belgian law, which are referred to collectively as the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no records of or relationship with persons holding through Euroclear Participants.

Investors that acquire, hold and transfer interests in the 2013 Notes by book-entry through accounts with Euroclear or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities.

*Global Clearance and Settlement Procedures.* Initial settlement for the 2013 Notes was made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC’s rules and will be settled in immediately available funds using DTC’s same-day funds settlement system. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable.

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC's rules; however, such cross-market transactions will require delivery of instructions to Clearstream and Euroclear, as applicable, by the counterparty in such system in accordance with its rules and procedures and within its established deadlines, in European time.

Because of time-zone differences, credits of the 2013 Notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the 2013 Notes settled during such processing will be reported to the relevant Clearstream Participant or Euroclear Participants on such following business day. Cash received in Clearstream or Euroclear as a result of sales of the 2013 Notes by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the interests in the global 2013 Notes certificates among participants of DTC, Clearstream and Euroclear, DTC, Clearstream and Euroclear are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time. Neither PPL Corporation nor PPL Capital Funding will have any responsibility for the performance by DTC, Clearstream and Euroclear or their direct participants or indirect participants under the rules and procedures governing DTC, Clearstream or Euroclear, as the case may be.

The information in this section concerning DTC, DTC's book-entry system, Clearstream, Clearstream's book-entry system, Euroclear and Euroclear's book-entry system has been obtained from sources that PPL Capital Funding and PPL Corporation believe to be reliable. Neither PPL Capital Funding nor PPL Corporation take any responsibility for the accuracy of this information.

**DESCRIPTION OF THE REGISTRANT'S SECURITIES  
REGISTERED PURSUANT TO SECTION 12 OF THE  
SECURITIES EXCHANGE ACT OF 1934**

PPL Electric Utilities Corporation's common stock (the "Common Stock") is registered under Section 12 of the Securities Exchange Act of 1934, as amended.

**Common Stock**

The following description of PPL Electric Utilities Corporation's common stock and the related provisions of its Amended and Restated Articles of Incorporation and Bylaws are summaries and are qualified by reference to its Amended and Restated Articles of Incorporation and Bylaws, which have been previously filed with the Securities and Exchange Commission ("SEC") and incorporated by reference as exhibits to this registration statement, as well as to applicable Pennsylvania law.

*General.* PPL Electric Utilities Corporation (the "Company") is authorized to issue up to 190,629,936 shares, of which 170,000,000 shares are shares of Common Stock, without nominal or par value (the "Common Stock"). PPL Corporation, the Company's parent, owns and holds all 170,000,000 shares of the Company's outstanding Common Stock. The Board of Directors has the full authority permitted by law to divide the authorized and unissued shares into classes or series, or both, and to determine for any such class or series its designation and the number of shares of the class or series and the voting rights, preferences, limitations and special rights, if any, of the shares of the class or series. There are no shares of preferred stock outstanding.

*Dividends.* Subject to the restrictions referred to below and to the preferential rights of any preferred stock, dividends on the Common Stock will be paid if, when and as determined by the board of directors of the Company out of funds legally available for this purpose. The Company is subject to Section 305(a) of the Federal Power Act, which makes it unlawful for a public utility to make or pay a dividend from any funds "properly included in capital account." The meaning of this limitation has not been clarified under the Federal Power Act. The Company believes, however, that this statutory restriction, as applied to its circumstances, would not be construed or applied by the Federal Energy Regulatory Commission to prohibit the payment from retained earnings of dividends that are not excessive and are for lawful and legitimate business purposes.

*Voting Rights.* Holders of the Company's Common Stock are entitled to one vote per share on all matters presented to shareholders. Except as otherwise provided in the Articles of Incorporation, Bylaws or the Pennsylvania Business Corporation Law, whenever any corporate action is to be taken by vote of the shareholders, it shall be authorized upon receiving the affirmative vote of a majority of the votes cast by all shareholders entitled to vote thereon and, if any shareholders are entitled to vote thereon as a class, upon receiving the affirmative vote of a majority of the votes cast by the shareholders entitled to vote as a class.

In the election of directors, each shareholder entitled to vote shall have the right to multiply the number of votes to which he may be entitled by the total number of directors to be elected in the same election by the holders of the class of shares of which his shares are a part, and he may cast the whole number of such votes for one candidate or he may distribute them among any two or more candidates. The Company's Bylaws provide that the number of directors shall be fixed from time to time by resolution of the board of directors. Each director holds office until the expiration of the term for which he or she was selected and until a successor shall have been elected and qualified or until his or her earlier death, resignation or removal. Any director may be removed from office by vote of shareholders only upon the affirmative vote of the shareholders entitled to cast at least two-thirds of the votes which all shareholders would be entitled to cast at any annual election of directors and upon any additional vote of shareholders that may be required by law.

The Company's Bylaws also provide for certain notice requirements for shareholder nominations and proposals at annual and special meetings.

*Liquidation Rights.* After satisfaction of the preferential liquidation rights of any preferred stock, the holders of Common Stock are entitled to receive all further dividends and shares upon liquidation, dissolution, winding up or distribution.

*Preemptive and Other Rights.* The holders of Common Stock do not have preemptive rights as to additional issues of Common Stock or conversion rights. The shares of Common Stock are not subject to redemption or to any further calls or assessments and are not entitled to the benefit of any sinking fund provisions.

**THIS AMENDED AND RESTATED TRUST DEED** is made on 12 August 2019

**BETWEEN:**

- (1) **WESTERN POWER DISTRIBUTION (EAST MIDLANDS) PLC, WESTERN POWER DISTRIBUTION (SOUTH WALES) PLC, WESTERN POWER DISTRIBUTION (SOUTH WEST) PLC and WESTERN POWER DISTRIBUTION (WEST MIDLANDS) PLC** (each an “**Issuer**” and together the “**Issuers**”); and
- (2) **HSBC CORPORATE TRUSTEE COMPANY (UK) LIMITED** (the “**Note Trustee**”, which expression, where the context so admits, includes any other trustee or the trustees for the time being of this Trust Deed).

**WHEREAS:**

- (A) The Issuers have established a note programme pursuant to which the Issuers propose to issue from time to time euro medium term notes in an aggregate nominal amount outstanding at any one time not exceeding the Programme Limit in accordance with the Dealer Agreement (the “**Programme**”). Notes issued by each Issuer are obligations solely of that Issuer (the “**Relevant Issuer**”) and are without any recourse whatsoever to any other Issuer.
- (B) The Issuers have made applications to the United Kingdom Financial Conduct Authority (the “**FCA**”) for Notes issued under the Programme to be admitted to listing on the Official List of the FCA and to trading on the Regulated Market of the London Stock Exchange plc. The Regulated Market of the London Stock Exchange plc is a regulated market for the purposes of Directive 2014/65/EU on markets in financial instruments, as amended or superseded (“**MIFID**”). The Notes may be admitted to trading on other regulated markets (as defined in MIFID). Notes may also be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or that they will be admitted to listing, trading and/or quotation on such unregulated markets as may be agreed with the Relevant Issuer (“**Exempt Notes**”).
- (C) In connection with the Programme, the Issuers have prepared a prospectus dated 12 August 2019. The Prospectus has been approved by the FCA as competent authority under Regulation (EU) 2017/1129, as amended or superseded (the “**Prospectus Regulation**”). The FCA has neither approved nor reviewed the information contained in the Prospectus in connection with the Exempt Notes.
- (D) Notice of the aggregate nominal amount of the Notes, interest (if any) payable in respect of the Notes, and the issue price of the Notes and certain other information which is applicable to each Tranche (as defined below) of the Notes will (other than in the case of Exempt Notes) be set out in a separate document containing the final terms for that Tranche (the “**Final Terms**”). In the case of Exempt Notes, notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of the Notes, and the issue price of the Notes and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the “**Pricing Supplement**”).
- (E) In connection with the Programme, Western Power Distribution (South Wales) plc, Western Power Distribution (South West) plc, Western Power Distribution (East Midlands) plc and Western Power Distribution (West Midlands) plc and the Note Trustee entered into an amended and restated trust deed dated 14 August 2018 (the “**Original Trust Deed**”). The Issuers and the Note Trustee wish to amend and restate the Original Trust Deed.

- (F) The Original Trust Deed shall be amended and restated on the terms of this Trust Deed. Except as provided below, any Notes issued on or after the date of this Trust Deed shall be issued pursuant to this Trust Deed. This does not affect any Notes issued prior to the date of this Trust Deed or any Notes issued on or after the date of this Trust Deed so as to be consolidated and form a single Series issued prior to the date of this Trust Deed. Subject to such amendment and restatement, the Original Trust Deed shall continue in full force and effect. The Original Trust Deed as amended by this Amended and Restated Trust Deed is referred to herein as the “**Trust Deed**”.
- (G) The Note Trustee has agreed to act as trustee of this Trust Deed on the following terms and conditions.

**THIS DEED WITNESSES AND IT IS DECLARED** as follows:

## **1. INTERPRETATION**

### **1.1 Definitions**

In this Trust Deed:

“**Agency Agreement**” means the amended and restated agency agreement relating to the Programme dated 10 September 2013 between the Issuers, the Note Trustee, the Issuing and Paying Agent and the other agents mentioned in it.

“**Agents**” means the Issuing and Paying Agent, the Paying Agents, the Calculation Agent, the Registrar, the Transfer Agents or any of them.

“**Applicable Law**” means any law or regulation including, but not limited to (a) any statute or regulation, (b) any rule or practice of any authority by which the Relevant Issuer is bound or with which it is accustomed to comply, (c) any agreement between any authorities and (d) any customary agreement between any authority and any party.

“**Bearer Note**” means a Note that is in bearer form, and includes any replacement Bearer Note issued pursuant to the Conditions and any temporary Global Note or permanent Global Note.

“**Calculation Agent**” means, in relation to the Notes of any Series, the person named as such in the Conditions or any Successor Calculation Agent.

“**Certificate**” means a registered certificate representing one or more Registered Notes of the same Series and, save as provided in the Conditions, comprising the entire holding by a Noteholder of his Registered Notes of that Series and, save in the case of Global Certificates, being substantially in the form set out in Schedule 3.

“**CGN**” means a temporary Global Note in the form set out in Part 1 of Schedule 1 (*Form of CGN Temporary Global Note*) or a permanent Global Note in the form set out in Part 2 of Schedule 1 (*Form of CGN Permanent Global Note*).

“**Clearstream, Luxembourg**” means Clearstream Banking S.A.

“**Common Safekeeper**” means, in relation to a Series where the relevant Global Note is a NGN or the relevant Global Certificate is held under the NSS, the common safekeeper for Euroclear and Clearstream, Luxembourg appointed in respect of such Notes.

“**Conditions**” means in respect of the Notes of each Series, the terms and conditions applicable thereto which shall be substantially in the form set out in Schedule 4 (*Terms and Conditions of the Notes*) or in such other form as may be agreed between the Relevant Issuer, the Issuing and

Paying Agent, the Note Trustee and the Relevant Dealer as modified, with respect to any Notes represented by a Global Certificate or a Global Note, by the provisions of such Global Certificate or Global Note, and shall incorporate any additional provisions forming part of such terms and conditions set out in Part A of the Final Terms relating to the Notes of that Series and shall be endorsed on the Definitive Notes and any reference to a particularly numbered Condition shall be construed accordingly.

“**Contractual Currency**” means, in relation to any payment obligation of any Note, the currency in which that payment obligation is expressed and, in relation to Clause 11 (*Provisions supplemental to the Trustee Act 1925 and the Trustee Act 2000*), pounds sterling or such other currency as may be agreed between the Relevant Issuer and the Note Trustee from time to time.

“**Coupons**” means the bearer coupons relating to interest bearing Bearer Notes or, as the context may require, a specific number of them and includes any replacement Coupons issued pursuant to the Conditions.

“**Dealer Agreement**” means the amended and restated Dealer Agreement relating to the Programme dated 12 August 2019 between the Issuers, NatWest Markets Plc and the other dealers and arrangers named in it.

“**Definitive Note**” means a Bearer Note in definitive form having, where appropriate, Coupons and/or a Talon attached on issue and, unless the context requires otherwise, means a Certificate (other than a Global Certificate) and includes any replacement Note or Certificate issued pursuant to the Conditions.

“**Euroclear**” means Euroclear Bank SA/NV.

“**Eurosystem-eligible NGN**” means a NGN which is intended to be held in a manner which would allow Eurosystem eligibility, as stated in the applicable Final Terms.

“**Event of Default**” means an event described in Condition 12 (*Events of Default*) of the Conditions that, if so required by that Condition, has been certified by the Note Trustee to be, in its opinion, materially prejudicial to the interests of the Noteholders.

“**Extraordinary Resolution**” has the meaning set out in Schedule 7 (*Provisions for Meetings of Noteholders*).

“**Final Terms**” means, in relation to a Tranche, the Final Terms issued specifying the relevant issue details of such Tranche, substantially in the form of Schedule C (*Form of Final Terms*) to the Dealer Agreement.

“**FSMA**” means the Financial Services and Markets Act 2000.

“**Global Certificate**” means a Certificate substantially in the form set out in Part 5 of Schedule 1 (*Form of Global Certificate*) representing Registered Notes of one or more Tranches of the same Series.

“**Global Note**” means a temporary Global Note and/or, as the context may require, a permanent Global Note, a CGN and/or a NGN, as the context may require.

“**holder**” in relation to a Note, Coupon or Talon, and “**Couponholder**” and “**Noteholder**” have the meanings given to them in the Conditions.

“**Issuing and Paying Agent**” means the person named as such in the Conditions or any Successor Issuing and Paying Agent in each case at its specified office.

“**Liabilities**” means in respect of any person, any losses, damages, costs, charges, awards, claims, demands, expenses, judgments, actions, proceedings, or other liabilities whatsoever including legal fees and Taxes and penalties incurred by that person (but, for the avoidance of doubt, in each case, excluding tax on net income, profits or gains), together with any irrecoverable VAT charged or chargeable in respect of any sums referred to in this definition.

“**Market**” means the regulated market of the London Stock Exchange.

“**Moody’s**” means Moody’s Investors Service Limited or any of its subsidiaries and their successors.

“**NGN**” or “**New Global Note**” means a temporary Global Note in the form set out in Part 3 of Schedule 1 (*Form of NGN Temporary Global Note*) or a permanent Global Note in the form set out in Part 4 of Schedule 1 (*Form of NGN Permanent Global Note*).

“**NSS**” means the new safekeeping structure which applies to Registered Notes held in global form by a Common Safekeeper for Euroclear and Clearstream, Luxembourg and which is required for such Registered Notes to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations.

“**Non-eligible NGN**” means a NGN which is not intended to be held in a manner which would allow Eurosystem eligibility, as stated in the applicable Final Terms.

“**Notes**” means the euro medium term notes to be issued by the Issuers pursuant to the Dealer Agreement, constituted by this Trust Deed and for the time being outstanding or, as the context may require, a specific number of them and, in respect of an Issuer shall only refer to the Notes issued by it.

“**outstanding**” means, in relation to the Notes, all the Notes issued except (a) those that have been redeemed in accordance with this Trust Deed, (b) those that have been redeemed in accordance with the Conditions, (c) those in respect of which the date for redemption has occurred and the redemption moneys (including all interest accrued on such Notes to the date for such redemption and any interest payable after such date) have been duly paid to the Note Trustee or to the Issuing and Paying Agent as provided in Clause 2 (*Issue of Notes and Covenant to pay*) and in the manner provided in the Agency Agreement and remain available for payment against presentation and surrender of Notes, Certificates and/or Coupons, as the case may be in accordance with the Conditions, (d) those that have become void or in respect of which claims have become prescribed, (e) those that have been purchased and cancelled as provided in the Conditions and notice of the cancellation of which has been given to the Note Trustee, (f) those mutilated or defaced Bearer Notes that have been surrendered or cancelled in exchange for replacement Bearer Notes, (g) (for the purpose only of determining how many Notes are outstanding and without prejudice to their status for any other purpose) those Bearer Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Notes have been issued, (h) any temporary Global Note to the extent that it shall have been exchanged for a permanent Global Note and any Global Note to the extent that it shall have been exchanged for one or more Definitive Notes, in either case pursuant to its provisions provided that for the purposes of (1) ascertaining the right to attend and vote at any meeting of the Noteholders, (2) the determination of how many Notes are outstanding for the purposes of Conditions 12 (*Events of Default*) and 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*) Schedule 7 (*Provisions for Meetings of Noteholders*), (3) the exercise of any discretion, power or authority that the Note Trustee is required, expressly or impliedly, to exercise in or by reference to the interests of the Noteholders and (4) the certification (where relevant) by the Note Trustee as to whether an Event of Default is in its opinion materially prejudicial to the interests of the Noteholders, those Notes that are beneficially held by or on behalf of the Relevant Issuer and

not cancelled shall (unless no longer so held) be deemed not to remain outstanding. Save for the purposes of the proviso herein, in the case of each NGN, the Note Trustee shall rely on the records of Euroclear and Clearstream, Luxembourg in relation to any determination of the nominal amount outstanding of each NGN.

“**Offering Circular**” means the offering circular relating to the Notes (which term shall include those documents incorporated by reference into it in accordance with its terms and save as provided therein) as from time to time amended, supplemented or replaced and, in relation to each Tranche, the applicable Pricing Supplement.

“**Paying Agents**” means the persons (including the Issuing and Paying Agent) referred to as such in the Conditions or any Successor Paying Agents in each case at their respective specified offices.

“**permanent Global Note**” means a Global Note representing Bearer Notes of one or more Tranches of the same Series, either on issue or upon exchange of a temporary Global Note, or part of it, and which shall be substantially in the form set out in Part 2 (*Form of CGN Temporary Global Note*) or Part 4 (*Form of CGN Temporary Global Note*) of Schedule 1, as the case may be.

“**Pricing Supplement**” means, in relation to any Tranche of Exempt Notes, the pricing supplement issued specifying the relevant issue details of such Tranche, substantially in the form of Schedule D (*Form of Pricing Supplement*) to the Dealer Agreement.

“**Procedures Memorandum**” means administrative procedures and guidelines relating to the settlement of issues of Notes as shall be agreed upon from time to time by the Issuers, the Note Trustee, the Permanent Dealers (as defined in the Dealer Agreement) and the Issuing and Paying Agent and which, at the date of this Trust Deed, are set out in Schedule A (*Procedures Memorandum*) to the Dealer Agreement.

“**Programme Limit**” means the maximum aggregate nominal amount of Notes that may be issued and outstanding at any time under the Programme, as such limit may be increased pursuant to the Dealer Agreement.

“**Put Event**” has the meaning given to it in Condition 6 (*Redemption, Purchase and Options*).

“**Put Option**” has the meaning given to it in Condition 6 (*Redemption, Purchase and Options*).

“**Redemption Amount**” means the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, all as defined in the Conditions.

“**Register**” means the register maintained by the Registrar at its specified office.

“**Registered Note**” means a Note in registered form.

“**Registrar**” means the person named as such in the Conditions or any Successor Registrar in each case at its specified office.

“**S&P**” means Standard & Poor’s Credit Market Services Europe Limited or any of its subsidiaries and their successors.

“**Series**” means a series of Notes comprising one or more Tranches, whether or not issued on the same date, that (except in respect of the first payment of interest and their issue price) have identical terms on issue and are expressed to have the same series number.

“**specified office**” means, in relation to a Paying Agent, the Registrar or a Transfer Agent the office identified with its name at the end of the Conditions or any other office approved by the Note Trustee and notified to Noteholders pursuant to Clause 9(n) (*Change in Agents*).

“**Successor**” means, in relation to an Agent such other or further person as may from time to time be appointed by the Issuers as such Agent with the written approval of, and on terms approved in writing by, the Note Trustee and notice of whose appointment is given to Noteholders pursuant to Clause 9(n) (*Change in Agents*).

“**Talons**” mean talons for further Coupons or, as the context may require, a specific number of them and includes any replacement Talons issued pursuant to the Conditions.

“**TARGET System**” means the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET2) System or any successor thereto.

“**Tax**” shall be construed so as to include any present or future tax, levy, impost, duty, charge, fee, deduction or withholding of any nature whatsoever (including any penalty or interest payable in connection with any failure to pay or any delay in paying any of the same, but excluding taxes on net income, profits or gains) imposed or levied by or on behalf of any Tax Authority in the jurisdiction of the Relevant Issuer and **Taxes** shall be construed accordingly.

“**Tax Authority**” means any government, state or municipality or any local, state, federal or other authority, body or official anywhere in the world exercising a fiscal, revenue, customs or excise function (including, without limitation, Her Majesty’s Revenue and Customs).

“**temporary Global Note**” means a Global Note representing Bearer Notes of one or more Tranches of the same Series on issue and which shall be substantially in the form set out in Part 1 of Schedule 1 (*Form of CGN Temporary Global Note*) or Part 3 of Schedule 1 (*Form of NGN Temporary Global Note*), as the case may be.

“**Tranche**” means, in relation to a Series, those Notes of that Series that are issued on the same date at the same issue price and in respect of which the first payment of interest is identical.

“**Transfer Agents**” means the persons (including the Registrar) referred to as such in the Conditions or any Successor Transfer Agents in each case at their specified offices.

“**trust corporation**” means a trust corporation (as defined in the Law of Property Act 1925) or a corporation entitled to act as a trustee pursuant to applicable foreign legislation relating to trustees.

“**VAT**” means value added tax provided for in the VAT Legislation and any other tax of a similar fiscal nature whether imposed in the United Kingdom (instead of or in addition to value added tax) or elsewhere.

“**VAT Legislation**” means the Value Added Tax Act 1994.

## 1.2 Construction of Certain References

References to:

- (a) the records of Euroclear and Clearstream, Luxembourg shall be to the records that each of Euroclear and Clearstream, Luxembourg holds for its customers which reflect the amount of such customers’ interests in the Notes;

- (b) costs, charges, remuneration or expenses include any value added, turnover or similar tax charged in respect thereof; and
- (c) an action, remedy or method of judicial proceedings for the enforcement of creditors' rights include references to the action, remedy or method of judicial proceedings in jurisdictions other than England as shall most nearly approximate thereto.

### 1.3 Headings

Headings shall be ignored in construing this Trust Deed.

### 1.4 Offering Circular and Pricing Supplement

In this Trust Deed, all references to "**Final Terms**" shall be deemed to include references to "**Pricing Supplement**", and all references to "**Prospectus**" in this Agreement shall be deemed to include references to the "**Offering Circular**", unless the context requires otherwise.

### 1.6 Legislation

Any reference in this Trust Deed to any legislation (whether primary legislation or regulations or other subsidiary legislation made pursuant to primary legislation) shall be construed as a reference to such legislation as the same may have been, or may from time to time be, amended or re-enacted.

### 1.7 Contracts

References in this Trust Deed to this Trust Deed or any other document are to this Trust Deed or those documents as amended, supplemented or replaced from time to time in relation to the Programme and include any document that amends, supplements or replaces them.

### 1.8 Schedules

The Schedules are part of this Trust Deed and have effect accordingly.

### 1.9 Alternative Clearing System

References in this Trust Deed to Euroclear and/or Clearstream, Luxembourg shall, wherever the context so permits, be deemed to include reference to any additional or alternative clearing system approved by the Issuers, the Note Trustee and the Issuing and Paying Agent. In the case of NGNs or Global Certificates held under the NSS, such alternative clearing system must also be authorised to hold such Notes as eligible collateral for Eurosystem monetary policy and intra-day credit operations.

### 1.10 Contracts (Rights of Third Parties) Act 1999

A person who is not a party to this Trust Deed has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Trust Deed except and to the extent (if any) that this Trust Deed expressly provides for such Act to apply to any of its terms.

### 1.11 Final Terms

In the event of any inconsistency between the Trust Deed and the Final Terms, the Final Terms shall prevail.

### 1.12 Regulated markets

Any reference in this Trust Deed to a regulated market shall be construed as a reference to a regulated market within the meaning given in MIFID.

### 1.13 Amendment and Restatement

The Original Trust Deed shall be amended and restated on the terms of this Trust Deed. Except as provided below, any Notes issued on or after the date of this Trust Deed shall be issued pursuant to this Trust Deed. This does not affect any Notes issued prior to the date of this Trust Deed or any Notes issued on or after the date of this Trust Deed so as to be consolidated and form a single series with Notes issued prior to the date of this Trust Deed. Subject to such amendment and restatement, the Original Trust Deed shall continue in full force and effect.

## 2. ISSUE OF NOTES AND COVENANT TO PAY

### 2.1 Issue of Notes

Each Issuer may from time to time issue Notes in Tranches of one or more Series on a continuous basis with no minimum issue size in an aggregate nominal amount of up to the Programme Limit in accordance with the Dealer Agreement. Before issuing any Tranche, the Relevant Issuer shall give written notice or procure that it is given to the Note Trustee of the proposed issue of such Tranche, specifying the details to be included in the relevant Final Terms. Upon the issue by the Relevant Issuer of any Notes expressed to be constituted by this Trust Deed, such Notes shall forthwith be constituted by this Trust Deed without any further formality and irrespective of whether or not the issue of such debt securities contravenes any covenant or other restriction in this Trust Deed or the Programme Limit.

### 2.2 Separate Series

The Notes of each Series shall form a separate series of Notes and accordingly, unless the Note Trustee in its absolute discretion shall otherwise determine, the provisions of this Trust Deed shall apply *mutatis mutandis* separately and independently to the Notes of each Series and in such Clauses and Schedule the expressions “**Noteholders**”, “**Certificates**”, “**Coupons**”, “**Couponholders**” and “**Talons**”, together with all other terms that relate to Notes or their Conditions, shall be construed as referring to those of the particular Series in question and not of all Series unless expressly so provided, so that each Series shall be constituted by a separate trust pursuant to Subclause 2.3 (*Covenant to Pay*) and that, unless expressly provided, events affecting one Series shall not affect any other. Each Issuer shall be at liberty from time to time (but subject always to the provisions of this Trust Deed) without the consent of the Noteholders or Couponholders to create and issue further Notes (whether in bearer or registered form) having terms and conditions the same as the Notes of any Tranche (or the same in all respects save for the Issue Date, Interest Commencement Date (as defined in the Conditions) and Issue Price (as defined in the Conditions)) and so that the same shall be consolidated and form a single Series with the outstanding Notes of a particular Tranche.

### 2.3 Covenant to Pay

Each Relevant Issuer covenants with the Note Trustee that it, in relation to itself only, shall on any date when any Notes become due to be redeemed, in whole or in part, or any principal of the Notes of any Series or any of them becomes due to be repaid in accordance with the Conditions, unconditionally pay to or to the order of the Note Trustee in the Contractual Currency, in the case of any Contractual Currency other than euro, in the principal financial centre for the Contractual Currency and in the case of euro, in a city in which banks have access to the TARGET System, in same day funds the Redemption Amount of the Notes becoming due for redemption on that date together with any applicable premium and shall (subject to the Conditions and except

in the case of Zero Coupon Notes) until such payment (both before and after judgment) unconditionally so pay to or to the order of the Note Trustee interest in respect of the nominal amount of the Notes outstanding as set out in the Conditions (subject to Subclause 2.6 (*Rate of interest After a Default*)) provided that (1) subject to the provisions of Clause 2.5 (*Payment after a Default*) payment of any sum due in respect of the Notes or any of them made to the Issuing and Paying Agent, or as the case may be, the Registrar as provided in the Agency Agreement shall, to that extent, satisfy such obligation except to the extent that there is failure in its subsequent payment to the relevant Noteholders or Couponholders (as the case may be) under the Conditions, (2) a payment made after the due date or as a result of the Note becoming repayable following an Event of Default shall be deemed to have been made when the full amount due has been received by the Issuing and Paying Agent or the Note Trustee and notice to that effect has been given to the Noteholders (if required under Clause 9(1) (*Notice of Late Payment*)), except to the extent that there is failure in its subsequent payment to the relevant Noteholders or Couponholders (as the case may be) under the Conditions; and (3) in any case where payment of the whole or any part of the principal amount due in respect of any Note is improperly withheld or refused upon due presentation of the relevant Note or (if so provided for in the Conditions) interest shall accrue on the whole or such part of such principal amount from the date of such withholding or refusal until the date either on which such principal amount due is paid to the relevant Noteholders or, if earlier, the seventh day after which notice is given to the relevant Noteholders in accordance with the Conditions that the full amount payable in respect of the said principal amount is available for collection by the relevant Noteholders provided that on further due presentation of the relevant Note or (if so provided for in the Conditions) the relevant Note Certificate such payment is in fact made. This covenant shall only have effect each time Notes are issued and outstanding, when the Note Trustee shall hold the benefit of this covenant and the covenant in Clause 8 (*Covenant to comply with the Trust Deed*) on trust for the Noteholders and Couponholders of the relevant Series.

#### 2.4 Discharge

Subject to Subclause 2.5 (*Payment after a Default*), any payment to be made in respect of the Notes or the Coupons by the Relevant Issuer or the Note Trustee may be made as provided in the Conditions and any payment so made shall (subject to Subclause 2.5 (*Payment after a Default*)) to that extent be a good discharge to the Relevant Issuer or the Note Trustee, as the case may be (including, in the case of Notes represented by a NGN whether or not the corresponding entries have been made in the records of Euroclear and Clearstream, Luxembourg), except to the extent that there is failure in its subsequent payment to the relevant Noteholders or Couponholders under the Conditions.

#### 2.5 Payment after a Default

At any time after an Event of Default has occurred in relation to a particular Series the Note Trustee may:

- (a) by notice in writing to the Relevant Issuer, the Paying Agents and the other Agents, require the Paying Agents and the other Agents, or any of them until notified by the Note Trustee to the contrary, so far as permitted by Applicable Law:
  - (i) to act thereafter until otherwise instructed by the Note Trustee as Agents of the Note Trustee under this Trust Deed and the Notes of such Series on the terms of the Agency Agreement (with consequential amendments as necessary and except that the Note Trustee's liability for the indemnification, remuneration and expenses of the Paying Agents and the Transfer Agents shall be limited to the amounts for the time being held by the Note Trustee in respect of such Series on the terms of this Trust Deed and available for that purpose) and thereafter to

hold all Notes, Certificates, Coupons and Talons of such Series and all moneys, documents and records held by them in respect of Notes, Certificates, Coupons and Talons of such Series on behalf of or to the order of the Note Trustee; and/or

(ii) to deliver all Notes, Certificates, Coupons and Talons of such Series and all moneys, documents and records held by them in respect of the Notes, Certificates, Coupons and Talons of such Series to the Note Trustee or as the Note Trustee directs in such notice provided that, such notice shall be deemed not to apply to any document or record which the relevant Agent is obliged not to release by any law or regulation; and

(b) by notice in writing to the Relevant Issuer require the Relevant Issuer to make all subsequent payments in respect of the Notes, Coupons and Talons of such Series to or to the order of the Note Trustee and not to the Issuing and Paying Agent with effect from the issue of any such notice to the Relevant Issuer; and from then until such notice is withdrawn, proviso (1) to Clause 2.3 (*Covenant to Pay*) above shall cease to have effect.

## 2.6 Rate of interest After a Default

If the Notes bear interest at a floating or other variable rate and they become immediately due and repayable under the Conditions, the rate and/or amount of interest payable in respect of them shall continue to be calculated by the Calculation Agent at such interest as if they had not become due and repayable in accordance with the Conditions (with consequential amendments as necessary) except that the rates of interest need not be published unless the Note Trustee otherwise requires. The first period in respect of which interest shall be so calculable shall commence on the expiry of the Interest Period during which the Notes become so due and repayable.

## 3. FORM OF THE NOTES
