RE: *In the Matter of: Electronic Application of Meade County Solar LLC for a Certificate of Construction for an Approximately 40 Megawatt Merchant Electric Solar Generating Facility in Meade County, Kentucky—Case No. 2020-00390*

Dear Ms. Bridwell:

By Order dated December 7, 2021, the Commission directed that Meade County Solar LLC (“Meade Solar”) file revised versions of four leases which were originally produced in response to Siting Board Staff’s Second Request for Information, and which were originally the subject of a Motion for Confidential Treatment. Pursuant to the December 7, 2021 Order, the revised versions were to only contain redactions of “material terms” as defined in the Order. Attached, please find Meade Solar’s revised versions of these leases in compliance with the Order.

In accordance with the provisions of 807 KAR 5:001, Section 13(2), Meade County Solar is filing one copy of the Confidential Information separately under seal with the confidential information highlighted.

This will certify that the electronic filing was transmitted to the Commission for filing on December 20, 2021; that there are currently no parties that the Commission has excused from participation by electronic means in this proceeding; and by virtue of the Commission’s July 22, 2021 Order in Case No. 2020-00085, a copy of the filing in paper medium shall not be required.

Please contact me should you have any questions regarding this filing.

Sincerely,

*Mark David Goss*
