Re: *In the Matter of: The Electronic Application of Henderson County Solar LLC for a Certificate to Construct an Approximately 50 Megawatt Merchant Solar Electric Generating Facility in Henderson County, Kentucky pursuant To KRS 278.700, et seq., and 807 KAR 5:110----Case No. 2020-00391*

Amended and Restated Notice of Intent to File Application for a Siting Board Construction Certificate

Dear Siting Board Members:

On December 3, 2020 Henderson County Solar LLC (“Henderson Solar”) filed an initial Notice of Intent to file an application for a Siting Board Construction Certificate with the Public Service Commission no later than May 31, 2021, and Notice of Election to Use Electronic Filing Procedures in accordance with 807 KAR 5:001, Section 8. This filing resulted in the assignment of Case No. 2020-00391.

Subsequently, on December 7, 2020 Henderson Solar filed a more formal Notice of Intent pursuant to 807 KAR 5:110, Section 2. This Notice also stated that the application for Construction Certificate would be filed no later than May 31, 2021.

Because Henderson Solar has determined that the application for a Siting Board Certificate will be filed after May 31, 2021 it hereby submits this Amended and Restated Notice of Intent to file an application for a Siting Board Construction Certificate for an approximately 50 Megawatt solar facility (“Henderson Solar Project”), no later than June 30, 2021.

The information required by 807 KAR 5:110, Section 2, follows:

- (a) The name, address and telephone number of the person who intends to file the application:

Henderson County Solar LLC  
Three Radnor Corporate Center  
Suite 300  
100 Matsonford Road  
Radnor, Pennsylvania 19087  
Telephone: (866) 946-3123  
Attention: Chris Killenberg, Regional Development Director  
Community Energy Solar, LLC  
Email: [chris.killenberg@communityenergyinc.com](mailto:chris.killenberg@communityenergyinc.com)  
Personal Cellular Telephone: (919) 360-9792

- (b) A brief description of the proposed construction that will be subject of the application:

The Henderson Solar Project will be constructed on approximately 541 acres located in Henderson County, Kentucky, near the City of Henderson. It will be capable of generating approximately 50 MWs of electricity from a solar array that will include approximately 130,000 photovoltaic solar panels, associated racking, 72 inverters and a project substation transformer that will interconnect to an existing 69kV substation owned by Henderson Municipal Power & Light, and located at 2230 U.S. Highway 60W, Henderson, Kentucky 42420.

- (c) A description of the location of the proposed construction:

The Henderson Solar Project is located in Henderson County, Kentucky, southwest of the City of Henderson, Kentucky. The street address for the Henderson Solar Project is 6298 Highway 425, Henderson, Kentucky 42420, and its coordinates are: 37°47'16.20"N latitude, and 87°37'46.35"W longitude. With the exception of the point of interconnection to Henderson Municipal Power & Light, no portion of the Henderson Solar Project is located within the boundaries of any municipality.

- (d) The address of the planning and zoning commission with jurisdiction over the site of the proposed construction:

The address of the Henderson City-County Planning Commission is 20 North Main Street, Henderson, Kentucky 42420.

- (e) A description of the setback requirements of the planning and zoning commission with jurisdiction over the site of the proposed construction:

The Henderson City-County Planning Commission has adopted a setback requirement for commercial solar electric generating facilities within its boundaries, which states as follows:

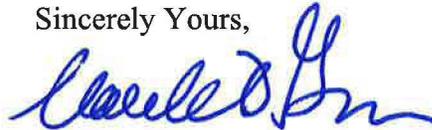

“Setback requirements for Level 3 SES shall be as follows:  
(1) All equipment shall be at least twenty-five (25) feet from the perimeter property lines of the project area; (2) No interior property line setbacks shall be required if the project spans multiple contiguous properties; (3) All equipment shall be located at least one hundred (100) feet from any residential structure, and; the maximum height of any individual component will be 25 feet measured from the local ground level of the component.”

(f) A statement as to if a deviation from the statutory setback requirements will be requested in the application:

The applicable setback requirements for the Henderson Solar Project, as set forth above, are less stringent than the setback requirement set forth in KRS 278.704(2). Therefore, it is not anticipated at this time that a deviation will be requested as part of the application.

Should the Siting Board have any questions or desire further information about this Amended and Restated Notice of Intent to File Application for a Siting Board Construction Certificate, please feel free to contact me.

Sincerely Yours,

Mark David Goss
