COMMONWEALTH OF KENTUCKY
BEFORE THE KENTUCKY STATE BOARD ON ELECTRIC GENERATION
AND TRANSMISSION SITING

In the Matter of:

Electronic Application of Henderson County Solar LLC for a Certificate of Construction for an approximately 50 Megawatt Merchant Electric Solar Generating Facility in Henderson County, Kentucky Pursuant to KRS 278.700 and 807 KAR 5:110	))))))	Case No. 2020-00391

STATUS REPORT

Henderson County Solar LLC ("Applicant" or "Henderson County Solar"), by and through counsel, hereby provides its three-month Status Report to the Kentucky State Board on Electric Generation and Transmission Siting ("Siting Board" or "Board") in compliance with the April 30, 2026 Order, Appendix Mitigation Measure No. 2 ("Order").

Regarding the requirement for a summary of complaints received about Henderson County Solar's merchant electric generating facility ("Project"), no complaints have been submitted to the Complaint Resolution Program since the most recent status update which was filed on July 30, 2026.

Regarding the requirement for a summary of construction progress, additional crews are working onsite following the receipt of the building permit on September 29, 2026. Civil engineering activities have begun including stormwater BMP material installation, clearing, grading, and road installation. Deliveries of materials are ongoing. Finally, solar foundation installation began as of the last week of October. All permits remain active and are in compliance.

To date, there are no issues to report related to Project financing or compliance with any other mitigation measures for the Project.

Dated this 30th day of October 2026.

Respectfully submitted,

/s/ Gregory T. Dutton
