Re: *Application of McCracken County Solar LLC for a Certificate of Construction for an Approximately 60-Megawatt Merchant Electric Solar Generating Facility in McCracken County, Kentucky pursuant to KRS 278.700 and 807 KAR 5:110 – Kentucky State Board on Electric Generation and Transmission Siting, Case No. 2020-00392; Public Comment of Kentucky Industrial Utility Customers, Inc.*

Dear Ms. Bridwell:

Kentucky Industrial Utility Customers, Inc. (“KIUC”) submits this public comment in support of the application of McCracken County Solar, LLC (“McCracken County Solar”) for a construction certificate, and respectfully asks that the Kentucky State Board on Electric Generation and Transmission Siting (“Siting Board”) issue a decision approving the application no later than October 31, 2021.

KIUC’s membership includes Domtar Paper Co., LLC and Kimberly-Clark Corporation; some of the largest industrial customers of Big Rivers Electric Corporation (“Big Rivers”). Big Rivers entered into a Power Purchase Agreement (“PPA”) with Meade County Solar to purchase the output of the proposed solar facility. It is KIUC’s understanding that the PPA will provide Big Rivers and its Members with low cost, reliable power.

The Kentucky Public Service Commission (“Commission”) approved the PPA on September 28, 2020 in Case No. 2020-00183. On July 9, 2021 the Siting Board extended the deadline for a decision on the application until November 30, 2021. Section 2.10(c) of the PPA gives McCracken County Solar the right to terminate the PPA if it has not received a construction certificate from the Siting Board by October 31, 2021. Therefore, KIUC respectfully requests that the Siting Board issue a construction certificate to McCracken County Solar on or before October 31, 2021.
